DUPONT WORKS GUARDED

From the Baltimore Sun: New York-An aerial patrolling system involving the expenditure 34 million dollars for equipment and on annual upkeep cost of W million, has been announced by Pierre Du Pont, of Wilmington, Del., for the protection of the E. I Du Pont de Nemours & Co.'s paints, according to the divestment Bulietin, issued by John J. Parker, a New York specialist in airplaine stocks It is to be in operation within

thirty days. The station, which will vie with the Curtiss Training field at Newport News, will be in charge of Harry N. Atwood, aviator, and now head of the Atwood Aeronautic Company of Williamsport, Pa. Orders were placed recently with the Curtiss Air Plane Company of Buffalo for \$100,000 worth of machines, and the Thomas-Morse Company also received an order for \$50,000 worth of equipment.

In addition to protecting the powder works from aerial attacks. the Du Pont system will serve as a training school for aviators. It is contemplated to train at least one hundred men a year, free of any charge, for government service in emergencies.
