AUGUST RÖLKER & SONS'

111

TRADE LIST

OF

SEEDS, SPRING BULBS

AND

HORTICULTURAL SUNDRIES

NEW YORK

ESTABLISHED 1835

HOW TO REMIT.

Buy at your bank a draft on New York, and have it drawn direct to the order of AUGUST RÖLKER & SONS, or buy a Post Office Money Order or Express Money Order.

Cash must never travel in an unregistered letter. When remitting postage stamps, place each layer between waxed tissue paper, to prevent the backs from sticking together or to the letter.

No charge is made for packing and shipping, except on freight orders below \$5 in value, when we charge 50 cents for cartage.

Prices are subject to change without notice. This list cancels all former quotations.

TERMS.

Net Cash in Thirty Days from date of shipment, to approved accounts, payable in New York funds. Accounts not settled by the end of the month in which they fall due are subject to our sight draft, without further notice, adding 25 cents for exchange on New York.

Ten per cent. Discount to the Trade on all orders above One Dollar accompanied by cash; the same discount on approved accounts paid within ten days from date of invoice, except where prices are marked Net. Remittances are first applied to overdue accounts before being entitled to the cash discount.

All C. O. D. shipments are net, no discount allowed, and we shall send no C. O. D. shipments unless a sufficient cash deposit accompanies the order to cover express charges both ways. All unknown correspondents must furnish satisfactory references, or send cash with each order.

Postage will be charged at the rate of one cent for every two ounces. Buyers assume mail risk, but are advised to instruct us to register packages, at an extra cost of eight cents per package, which enables the tracing if lost. Our responsibility ends with the mailing of the package.

No warranty, express or implied, in any respect, is assumed by us, and we will not be held in any way responsible for the crop. Purchasers not agreeing to accept seeds with this understanding must return them at once, as the failure of seeds to germinate may result from causes that the utmost care of the most experienced growers cannot control. All our seeds, however, have been carefully grown and selected.

Prices are subject to change without notice.

 This List Cancels all Former Quotations.

Address always

AUGUST RÖLKER & SONS,

62 DEY STREET, NEW YORK.

GENERAL LIST OF FLOWER SEEDS BY WEIGHT.

To avoid delay, we request you to write your name very plainly, and always, no matter how often you write us, to give your Post Office, County, State and Street in full.

We invariably charge postage extra, one cent per two ounces, or 8 cents per pound, and 8 cents per package for registering. Buyers assume mailing risks; express is the safer way to send goods. Special prepaid rates on seeds and bulbs are the same as mail rates, *limiting only the cost of any single package to 10 cents.*

We charge less than one-quarter ounce of any variety at packet rates, less than one-quarter pound at ounce rates, except when otherwise stated.

No seed sold by weight for less than 10 cents. Each item will be invoiced in round amounts of fives and tens, not in fractions thereof.

Our trade packets contain liberal quantities. Half trade packets we do not put up.

EXPLANATION OF ABBREVIATIONS.

a.—annual. h.—hardy. b.—biennial. t.—tender.
 h.h.—half hardy. g.—greenhouse. p.—perennial.

We are Selling Agents for the **NEW CARNATION**

The "Marquis."

Originated by L. E. MARQUISEE, Syracuse, N. Y.

Ready for distribution by March 1st, 1900.

Strong Rooted Cuttings at \$10 per 100; \$75 per 1000.

The flowers are perfect in form, of a rich soft pink color, measuring about $3\frac{1}{4}$ to 4 inches across, of exquisite fragrance, well set on stems 2 to 3 feet long. It is a clean grower, making no grass, every growth produces a flower. Its color will harmonize with more colors than any other Carnation. A most prolific bloomer of vigorous habit, and as a cut flower of most excellent keeping qualities.
