Contribution Dinner

The members of the committee of the Carmel Methodist Church which had in charge Monday's dinner at the Carmel Hotel are much gratified by the liberal response of the public.

Almost the entire amount taken in was clear gain, as nearly everything needed for the affair was donated by the following business concerns and individuals: Walter Hansen, Mrs. J. E. Beck, Carmel Candy Store, Lee Daingerfield, Leidig Bros., Yamamoto Bros., Carmel Bakery, the "Pine Cone," I. B. Waterbury, Carmel Development Co., Ladies' Aid, Fred Leidig, L. S. Slevin, W. T. Dummage.

Hillside reading circle will give a Dickens party, probably early in May. It will be under the auspices of the literary section of the Arts and Crafts club and will be open to members. This early notice is given that characters and costumes may be selected.

We Must Have It

As the summer approaches, the need for adequate protection from fire grows more imperative. Only the pressing need for additional fire-fighting apparatus and an alarm signal prompts the repeated and persistent publication of an article on this subject.

What must non-residents think of an intelligent, property-owning community like Carmel which has failed for several months to respond to a legitimate appeal for one hundred dollars to be used for self-protection? Thanks are all very well, but they will not purchase a new hose for the chemical engine.

Think this thing over, and convince yourself that it is your duty to give a small sum toward this necessary object.

The following have responded:

A. H. Roseboom	\$2.50
Andrew Stewart	1.00
C. O. Gould	10.00
Mrs. L. C. Horn	1.00
L. H. Rask	1.00
I. B. Waterbury	1.00
Barton D. Slegman	1.00
Pon Sing	1.50
Mrs. M. J. Thomas	2.50
Miss Stella Guichard	1.00

District Attorney Walter E. Norris was a Carmel visitor last week. He came over from Salinas to look into some local legal matters.

Assessment Schedule

County Assessor George S. Gould Jr. has prepared a list of rates for various kinds of property, to be used by his deputies who will assess the real and personal property subject to taxation, the work upon which has commenced.

Stock cattle	20
Yearlings	15
Dairy cows, first grade	40

Methods of beautifying our school grounds by scientific planting of trees and shrubbery was dealt with in Prof. O. J. Kern's address at the Methodist church last Thursday.

Road Plans Adopted

At its recent meeting, the Supervisors adopted plans of Surveyor H. F. Cozzens for the oil macadamizing of the Carmel-Monterey road to Hutton's, a six-mile stretch, and the sixteen miles of four-foot trail from Post's and Slate's.

Three claims of A. M. Allen, aggregating \$916.03, and the claim of D. M. Tomasini for \$145, were ordered paid from the current expense fund.

ITEMS OF INTEREST.

wild-flowers of Monterey county, painted by Miss J. M. Culbertson and Miss Ida A. Johnson, which were at the exposition, have been loaned to the Oakland Museum at the request of curator Robert B. Harshe.

The pupils of Mrs. C. L. Carrington gave a delightful home recital on Monday afternoon.

Two Interesting Extracts From Colton's Diary

Colton in his diary writes of the assistance the native Californians rendered to sailors who had deserted their boats in Monterey bay. The reason assigned for assisting these runaways gives a sidelight on the character of the Californians. The entry is for April 16, 1847.

"Six of the crew of the Columbus ran away from one of her boats this morning. They cleared the town in a few minutes and plunged into a forest that shadows a deep gorge. The officer of the boat came with a request that I have them caught and brought back. My constables were both absent and so I ordered three Californians who were well mounted to go in pursuit.

"The native people are always inclined to aid a sailor in his attempt to escape; they seem to think he is a man running away from oppression or wrong. When in nine cases out of ten he is running upon some sudden impulse and continues the race because he begun it.

"In this instance an order was given and it was obeyed; the sailors were promptly apprehended and brought back. But had I offered a reward of \$50 each for them and left the Californians to pursue or not, as they preferred, not one of them would have been apprehended.

"I have never known a Californian to molest a runaway sailor or soldier to secure the reward offered. He will obey my order to arrest him, and he would do the same if ordered to arrest his own brother, but he will not do it to secure any

Under date of November 12, 1847, Colton makes note of the winter feed scarcity in the early days.

"Captain Oglesby arrived today from Sonoma with thirty mounted riflemen and sixty horses and joined Colonel Fremont's encampment.

"Captain Hastings is expected in every day from San Jose with sixty men, well mounted, and twice that number of horses.

"Every rider here, destined on an arduous expedition, must have one or two spare horses, especially at this season of the year, when no feed can be procured except the slender grasses which have sprung up in the recent showers and which contain very little sustenance.

"It is easier to procure provender for a thousand horses on a march

And yet the table lands here are covered throughout the summer with wild oats. But where are the reapers? On horseback, galloping about and carousing at this rancho and that. Their sickles are the rein; their sheaves a pack of cards; their flails a guitar."

pecuniary consideration.

"He seems to look upon it as a breach of national hospitality. Were the devil himself to call for a night's lodging, the Californian would hardly find it in his heart to bolt the door. He would think they could manage against his horn and hoof and tail in some way."

CLUB NOTES

At the Young Men's Club meeting, South America as a country of possibilities for the young man, was discussed, and it was decided to take up the study of that very interesting country. Once a month there will be a social evening with games and music.

The Boy's Club at their regular meeting elected the following officers to serve three months: President, Harry Gates; Vice president, Franklin Murphy; Secretary-Treasurer, David Machado.

No Refund From the Water Company

The correspondence here published will interest a number of residents who have made inquiry.

C. S. Olmstead, Supt. Monterey Co. Water Works.

Dear Sir: A number of property owners and residents of Carmel, consumers of water supplied by your concern, have inquired at the Pine Cone office to learn if they are or are not entitled to a refund on water bills paid from October 8, 1914, the date of the making of the new rates by the Railroad Commission, to February 14, this year, the date upon which the rate was put into effect by your company. Can you furnish some information on this subject? Respectfully

W. L. Overstreet

Pacific Grove, Mar. 10, 1916
Mr. W. L. Overstreet,

Editor Carmel Pine Cone,
Dear Sir: Your letter of March 8, advising that several property-owners and residents of Carmel had called upon you to ascertain if they were or were not entitled to a refund on their water bills paid from October 8, 1914, received.

On the 27 of October, 1914, the Railroad Commission of the State of California issued the following order:

"It is hereby ordered, that the effective date of said order, made October 8, 1914, be, and the same is hereby extended for the period of the pendency of these applications for rehearing."

The effect of this order was that the water rates fixed by the Railroad Commission on October 8, to go into effect October 29, 1914, would not be effective until further notice from the Railroad Commission.

From the above order you will see that there is no rebate due any of the water consumers of the Monterey County Water Works.

Trusting this explanation is clear to you, I beg to remain

Yours very truly

C. S. Olmstead,
Superintendent

J. N. Miller, J. S. Cooling, Findlay, Ohio; Mr. and Mrs. M. Ballin, Mrs. E. Willock, Mr. and Mrs. Ralph Merritt, Berkeley; F. G. Holden, San Francisco.

Banish the Knocker.

The most disagreeable person one can come in contact with is the town fault-finder. Be the weather that of a beautiful Spring day, when the "knocker" steps up, begins his tirade against things as they are, the sunshine will be worth living. A local crusade against "knocking" should be organized, and the campaign should be carried on until this foe of contentment is forever silenced.

Making Progress

The principal of a high school in a New England city was rummaging in a garret of the school, and found some examination papers that had lain under a deepening cover of dust for fifty years. With the papers were the answers and markings. The questions were given to pupils in the same grade as those who answered them half a century ago, and the result was that the pupils of today did better by thirty per cent than their ancestors.

Your Paper

A prosperous newspaper makes good returns to the section it serves. Yet the average small-town journal has to finance itself while the subscriber takes his own time to remit, and the merchant is trying to convince himself that his monthly advertising bill is merely a contribution—a dole as it were—and really does not do him any good. Meantime paper and power must be paid for, and rent and taxes come in their usual course. I thank you.

News items, personals, social notes. Bring or send them to the Pine Cone office.

Those who witnessed "The Fairy Shoemaker" and "King Persifer's Crown," both staged by Mrs. C. L. Carrington, last year, will be delighted at the opportunity to see and hear again one of this talented lady's productions.

On Friday evening (St. Patrick's Day), at the Manzanita Theatre, there will be presented a delightful programme of music and play. Nearly all those who took part in the two former performances will be seen in this affair. Much time has been devoted to rehearsal. A banner crowd should be on hand. Following is the programme:

Notice to TAXPAYERS

All taxpayers are required by the constitution to make and deliver to the Assessor a statement, under oath, setting forth specifically ALL the real, personal, or other class of property, owned by such persons, or in their possession, or under their control, as the same stands of record at 12 o'clock Meridian on the first Monday of March.

The Political Code provides, that all property must be assessed at its "full cash value," and defines "full cash value" as being "the amount at which the property would be taken in payment of a just debt from a solvent debtor."

Unsecured Personal Property
The taxes on all unsecured personal property are due and payable and must be paid at the time the assessment is made.

Exemptions
Any person or association, claiming any property to be exempt from taxation, MUST make the claim and affidavit, for such exemption, every year, in the manner provided by law. This applies to the \$100 allowed on personal property of householders; the \$1000 allowed soldiers, sailors, marines, etc., and property used solely and exclusively for religious worship.

Assessments
Any information desired relating to assessments will be gladly furnished on application, and all objections should be made before the Board of Equalization adjourns, instead of waiting until it is time to pay taxes.

Remember, that if you fail to make a statement you fail to comply with the law and you lay yourself liable to arbitrary assessment, which is expensive to yourself and causes much trouble to others.

Monday's Election

For an unimportant, off-season election the voters of Carmel turned out fairly well on Monday.

Out of an approximate registration to date of 275, electors to the number 122 took the trouble to go to the polls.

For the third time, Philip Wilson has been elected to the position of Assessor of the Carmel Sanitary District, on this occasion winning by a substantial majority over his two opponents.

As there had been no preliminary announcements of candidacies for the two memberships on the Sanitary Board, quite a number of citizens received complimentary and "josh" votes for these positions. When the votes were counted, it was found that Miss Mary E. Mower and Walter M. Basham had the largest number of supporters.

On the retirement of A. P. P. Fraser and R. B. Cherington, on the first Thursday of next month, the Carmel Sanitary Board will be composed of the following: Mrs. C. B. Silva, Miss M. E. Mower, H. P. Larouette, M. J. Murphy, and W. M. Basham.

Roberts on the Job

At the recent congress of the Inland Waterways Association of California, held at San Francisco, a resolution offered by our Supervisor, Dr. J. L. D. Roberts, was adopted, as follows:

"That this Association approve the plans for improvement of the Salinas river and tributaries, together with the improvement of the harbor of Monterey, which have been approved by the proper Federal and State officials, and for which portions of the appropriations have already been made, and ask the continuation of the work through the co-operation of the State and nation."

A Real Estate Deal

Cone Editor-Sir:

While out walking, a few days hence, with Mr. Mushimuro and myself, we arrive at Hon. Frank Devdort who are making slight gesticulation with arms, etc., while calling attention of stylish gent to fine qualities connected with lot property which he narrate are creamery of Carmel-by-the-Seas. It are also well to observe, he say, while measuring by feetstep, that those beauteous tree lading with cones, pine-borers, etc., by tape-measurement, are nearly completely on said lot—hence may be obviously evident included in price purchase without extra expenses. At which retort, stylisher gent are seen to be extracting roll of money papers from somewhere, in order to secure possession before somebody did likewise.

Trusting you will do the same,

Leidig Night

Eight of 'em—count 'em—eight. There was Mrs. Elizabeth, Mrs. Bob, Mrs. Fred, Mrs. Ben, and Bob, Fred, Ben and Lawrence.

The above-named, with about thirty invited guests, helped to make Leidig Night at the Carmel Hotel a success, last Thursday.

It came about like this. The birthday anniversaries of Clara and Bob occur about the same time, so Mrs. Bob conceived the idea of giving them a surprise party. Everybody first gathered at the Hicks home, and from there proceeded to the House of Bob, where were the two victims, who surely got the surprise of their young lives.

After congratulations had been said the whole bunch moved again, this time to the Carmel Hotel dining-room.

The features of the evening were the prize-winning card players, the impromptu German band—principally Decker and kitchen utensils—the serpentine and other dances, and last though not least, the swell and abundant eats.
