

CHALMERS STREET.

BROAD STREET.

PLAN of a very valuable lot of land and the buildings thereon, extending from Broad to Chalmers Streets, and measuring from street to street 289 feet, 3 inches, by 101 feet wide on each street, belonging to the Estate of ARCHIBALD MCKINSIE. Surveyed and subdivided by request of W. M. MUCKENFUSS, Esq., Referee, into lots numbered 1, 2, 3, 4, 5, 6, and having such shape and dimensions as shown in the above plat by lines bounded and colored yellow.

LOUIS J. BARBOT, City Engineer.

Charleston, So. Ca., January, 1874.

Scale, 20 feet per inch.

WALKER, EVANS & COGSWELL, PRINTERS.

NOTES.

- Lots Nos. 1 and 2**, on the North side of Broad Street, offer very desirable locations for Lawyers' Offices, No 1 having a one-story building upon it, now used as an office.
- Lot No. 3**, with the buildings upon it and large yard which it contains, will make a very desirable private residence, particularly on account of its situation on the North side of Broad Street.
- Lot No. 4**, with its substantial brick three-story building and three-story brick range, 170 feet long, containing large kitchens, with bakery, laundry, servants' rooms, and a very large number of sleeping apartments, offers a great and advantageous arrangement for a first-class hotel or boarding house.
- Lot No. 5**, with the building upon it, offers a very desirable location for an Office or Shop.
- Lot No. 6** contains a three-story and substantial, well-finished brick building, formerly used as the U. S. Court House. This building has many large rooms, a fine hall, piazzas, pantry and good yard attached. It would be very suitable for a Society Hall and residence, or a boarding house.
