Yanaizu Arsenal

18 woodworking machines (EX) were at Yanaizu Arsenal before end of war. Used for making wooden crates for machine guns. Included in original inventory + not numbered EX →

First instructions: machines for woodworking should not be put in first inv. → Nagoya. Included in first inv. in this case. Aichi pref. no work for woodwork included in first inv. Immediately before evaluation, applied to base work. put on EX status - approval of Sifu M.G.

Asano at plant since end of war. At first, Yanaizu under control of Jap. Army. Asano in charge of machines liaison between this factory & the Nagoya office.

Terashima Kyusaku in charge of whole factory. Terashima in charge from 8/45 until 31/12/45. At 1/1/46 Asano took charge of whole factory under former Min.

Between 8/45 and 2/46 machine tools + other equipment was moved out.

after 1/1/46 Hibi Hideo, Sifu rep. of Fin. Min. ordered Asano to continue moving machine tools out. Original order to move tools out had been given to

Hachiman by Fujiwaki — Fujiwaki head of
 Arms Proposal Section of Seifu Ken. Asano believes
 order givers of Fujiwaki. Asano saw Fujiwaki at
 plant. at that time tools being moved out. Fujiwaki
 also saw tools being moved out. Generally, tools
 moved out during morning of truck. (Trucks from several
 diff companies - also benches + railroad.) Asano never
 saw any document ordering the removal of the tools.
 Squad supposed to have seen order (NAGAI, GINROKU - present
 at plant.) Five guards then working still here - saw
 tools being moved out:

KUNIEDA	KICHITARO	KobAYASHI	ZENJI
OGAWA	TAKAO	TAKEICHI	MASHNOBU
MIYABAYASHI	TERUO		

1514-50

In Dec 1946 about ~~20,000~~^{206,065} tools returned to Yamaguchi
 order supposed to be from GHQ. Got permission from
 CMG to bring back in. Tools bought from warehouses
 belonging to govt railway in Seifu. Asano rec'd no
 document. Document presented to Fin^{mid.} branch in Seifu.
 That time YAMADA YOKICHI (now Seifu head of internal
 revenue office Hachiman).

No idea how many tools taken out. Asano
 believes 206,065 about right - but micrometers, & some
 other few items never returned.
