TWENTY-NINE PROBABLY LOST

SAILORS DROWNED IN RIVER AT NEW YORK

Whaleboat Capsizes While on Way Back to Battleship New Hampshire

(Times Leased Wire.) New York, Oct. 3.—Owing to a strong ebb tide prevailing in the North river divers searching for 29 members of the crew of the battleship New Hampshire were unable to find any of the men who went to their deaths when a whale boat loaded with sailors overturned Saturday night on their way back to the warship. The divers expressed fear that the wind and tide had carried the bodies seaward and that it would be several days at least before any were recovered.

Small boats from the warships grappled all night in the choppy waters of the river but failed to find any trace of the missing men.

A board of inquiry investigating the accident resumed its session today. It is reported that no matter the decision of the board Ensign G. D. Chevalier, commanding the New Hampshire's launch, that caused the disaster must face court-martial.

It is believed that when the launch started for the battleship the whale boat's rudder was not thrown over far enough and the result was that the launch pulled the craft sideways, capsizing it.

Officers of the squadron are unanimous in the opinion that the whaleboat was not overloaded.

The New Hampshire, with her sister ships of the Atlantic fleet, is anchored in the Hudson, off the upper part of the city, having arrived at New York last week after target practice off Hampton Roads.

The first body recovered to-day was that of Joseph Budley, a coal passer. Officers of the squadron denied to-day that 29 bodies had been recovered.

DEPLETING FISHERIES OF EASTERN CANADA

Fishermen Blamed for State of Affairs Because They Catch Immature Fish

St. John, Oct. 3.—The gravest fears are expressed by prominent fish dealers that the fishing industry in the vicinity of this port and in the Bay of Fundy waters in general is on the verge of ruin.

"There is no doubt that the whole industry is being depleted," said one man. "All kinds of fish are very scarce and prices are higher than ever before. It is felt that the fishermen are themselves largely to blame, and they are charged with catching the smaller fish to make up for the scarcity of larger ones. The fish wardens are to take the matter up. All along the New Brunswick coast fish are very scarce, codfish and herring being total failures. The fishermen say that the bad weather and scarcity of bait has been responsible for their failure."

DREDGE RAISED AT PORT ARTHUR

It is Believed Bodies of Two Men Are in Cabin of the Craft

(Special to the Times.) Fort William, Ont., Oct. 3.—The dredge belonging to the Great Lakes Dredging Company which sank outside of Port Arthur last fall, resulting in the drowning of five men, was brought to the company's plant here on Saturday, having been first towed along the bottom of the lake to Port Arthur, and then raised by the floating dry dock, Coroner Laurie and Jury Foreman E. Hunt were present, as it is thought the bodies of two of those drowned may be in the cabin, and to ascertain the cause of the accident. Examination was impossible owing to the coating of mud on the hull, and another examination will be held when this is removed.

FIRE AT AMHERST

Amherst, N. S., Oct. 3.—Fire broke out at 1 a.m. on Sunday in the Green block, destroying the interior and stock. D. H. Ferguson purchased the building some years since for \$14,000, and his dry goods stock was valued between \$15,000 and \$20,000. Total insurance about \$20,000. A. J. Crease, druggist, carried a \$10,000 stock, and his loss is between \$6,000 and \$7,000.

CONTRACTOR KILLED

Butte, Mont., Oct. 2.—Charles Lane, a prominent contractor and former building inspector of Butte, was instantly killed when his automobile overturned near Eight-Mile House, near Anaconda.

EXPLOSION KILLS THREE

Philadelphia, Pa., Oct. 3.—Three men were killed and a number injured in an explosion at the Richmond gas works of the United Gas Improvement Company.

CLOSE OF THE ANNUAL FAIR

JUBILEE EXHIBITION TERMINATED SATURDAY

Attendance on Whole Unsatisfactory—Horse Show Proved a Great Attraction

SECRETARY TALKS OF FALL FAIR

George Sangster, secretary of the B. C. Agricultural Association, said this morning: "It is impossible at present to state whether or not there will be any deficit in connection with the fall fair held last week. From the point of attendance, the exhibition cannot be described as a success, as not more than 25,000 people were present during the five days. The fair was poorly patronized. Every person who paid fifty cents for admission received in return entertainment and amusement amounting to three dollars. I regret that the directors who labored so hard to prepare an exhibition, which would prove of credit to the city of Victoria, have been disappointed."

Saturday brought to a close the Jubilee Exhibition of the B. C. Agricultural Association. Owing to the inclement weather the attendance was very small, the returns for the day not surpassing 4,000. The programme which had been outlined for the day was not interfered with, although the rain proved very disagreeable.

The stock parade opened the programme, after which the High School and University School cadet corps and the Royal Canadian Mounted Police grounds. They assembled outside the main gates and marched to the grand stand. As they paraded through the grounds, with the bugle band giving the various calls, the boys presented an inspiring sight and everyone commented in favorable terms on the smartness of the turn out. In front of the grand stand they were inspected by Lieut.-Col. Currie and Lieut.-Col. Hall. They were put through infantry engineering and other tests for the purpose of deciding on the best corps in this city. The competition between the High School and University School troops was very keen.

The following report on the Cadet and Scout competitions has been handed in for publication by the judges, who consisted of Lt.-Col. A. W. Currie and his three senior officers:

"Two companies of Cadets were entered from the University and High Schools and marks were awarded under three heads: (1) cleanliness and steadiness on parade; (2) manual exercise and physical drill; (3) company drill and march past. Of these the University obtained 37, 27, 25, totalling 89, and High School 30, 22, 25, totalling 77. Against this the former lost 11 points on absenteeism, still leaving them one point to the good, and they undoubtedly deserved the first place, which is awarded them. Both corps lacked a proper uniformity in the color of boots worn.

"The judging of the Scouts was a more difficult matter as the nature of their organization precludes the possibility of comparison in the finer points of a military corps, but without giving all the details of marks awarded it was shown that E troop, under Scoutmaster Canon C. E. Cooper headed the list in cleanliness, smartness, and in having a full muster, in addition to their really excellent horse bands, which has sprung into existence in barely three months."

The afternoon programme of the horse show was the best of the week, all of the events having special interest attached to them. The equines exhibited were the pick of those entered in the show, and Dr. Greenish had to spend so much time in deciding the winners that the list of events was not finished in the allotted time. Vancouver exhibitors carried off the majority of the honors. The results were as follows:

Riding competition for ladies who have never before competed for a prize. First prize, cup—1, Miss C. Davis, Victoria; 2, Miss Miller.

Tally-ho, best four horses, 15.2 and over, to be shown to a brake or other appropriate vehicle, horses 75 per cent. appointments 25 per cent. First prize, \$25; second, \$15; third, ribbon—1, Victoria Transfer, driven by J. Cates; 2, Victoria Transfer, driven by J. Fair.

High steppers, horse 15.2 and over, to be shown to an appropriate vehicle. First prize, \$20; second, \$10; third, ribbon—1, T. J. Smith, Vancouver; 2, D. C. McGregor, Vancouver; 3, S. L. Howe, Vancouver; 4, Riverside Farm, Renton.

Best exhibition of four-in-hand driving. First prize, \$50; second, \$25—1, T. Hazeldine, Victoria; 2, J. Cates, Victoria; 3, D. Fair, Victoria.

Track horses, trotters, three years and under, record will be considered, to be shown to a sulky. First prize, \$15; second, \$10; third, ribbon—1, Black Boss, exhibited by A. E. Wade, Victoria; 2, Bonny, exhibited by Remple & Taylor; 3, Star Patch, exhibited by J. J. Fisher, Victoria.

Hunters, horses, (middle weight), up to carrying 175 lbs. and when shown must carry not less than this weight. Conformation and quality to count 50 per cent. performance over fences 50 per cent. First prize, \$25; second, \$15; third, ribbon—1, (Concluded on page 11.)

"IN THE HEAVENS ABOVE AND ON THE EARTH BENEATH."

TARIFF REFORM MAKES HEADWAY

INTERVIEW WITH BRITISH UNIONIST

Declares Workmen Who Visit Germany Return to England Strong Reformers

(Special to the Times.)

Montreal, Oct. 3.—"Tariff reform is making great progress," said Sir Joseph Lawrence in an interview here. Sir Joseph Lawrence's name is a household word among the fighting Unionists and Tariff Reformers of Great Britain. He is on the executive committee of the National Union of Conservative associations and of the Tariff Reform League, and in the latter organization he is a member of the inner committee of management.

"At the election of 1906 the Conservative party was badly beaten," he said. "It had no definite policy and it had to meet a great wave of dissatisfaction. The defeat was due to the cry about Chinese laborers with which the Liberals frightened the laboring people of England. Then we began to pull ourselves together, and last election we pulled down their great lead so that the entire Liberal coalition—Liberals, Radicals, Socialists and Irish Nationalists—polls only four, and a half per cent. more votes than we did. Every one of our votes, remember, was pledged for tariff reform, for they were cast for candidates who were pledged for tariff reform. The Tariff Reform League has been sending parties of workmen over to Germany. We have sent about five hundred of them. They are sent over to see for themselves and to come back and tell what they see. They do not make a joint report, but each man reports for himself. So far nearly all of them, ninety-nine and a half per cent. of them, have come back tariff reformers."

SOCIALIST LEADER WITHDRAWS FROM PARTY

Declines to Make Known Report on Technical Education Until Presented to Government

(Special to the Times.)

Toronto, Oct. 3.—James Simpson, chairman of the board of education, a member of the commission on technical and industrial education and up till Friday one of the foremost leaders of the Socialist party, has resigned from the latter body. The rupture is over the refusal of Simpson to make known the nature of his report on technical education to the Socialists before submitting it to the government.

STORM STRIKES MONTREAL

TWO KILLED AND NUMBER INJURED

Horse and Rig Blown Into Harbor—Property in the City Damaged

(Special to the Times.)

Montreal, Oct. 3.—A storm of cyclonic dimensions struck the city late on Saturday afternoon, over an inch of rain falling in 15 minutes. Rain, lightning and wind, which reached a velocity of sixty miles an hour, compelled a complete cessation of business, car, telephone and telegraph services.

Two laborers, Jas. Turner and Thos. Reddick were on a scaffolding erecting a stone crusher at Outremont quarry, when the scaffold was blown down. Turner being instantly killed, while Reddick succumbed on Sunday.

A horse and rig were blown into the harbor, fences and trees were blown down, several roofs demolished and numbers of windows blown in, with numerous minor injuries to persons.

BIG STORE FOR TORONTO.

(Special to the Times.) Toronto, Oct. 3.—A Toronto man recently returned from an extended trip abroad who is in a position to know states positively, that the purchaser of the property at Carlton and Yonge streets, now under construction, a great department store, modelled after the magnificent structure in London, while a palatial hotel will go up in conjunction with it.

DRUNK ON DUTY.

Winnipeg, Oct. 3.—John W. Elger, a motorman on the street railway, pleaded guilty in the police court Saturday to a charge of being drunk while on duty, and was fined \$5 and costs or two months' imprisonment for the offence. The maximum punishment for the offence is \$50 fine or two years in jail. John Creelick, who has a record as a crook, pleaded guilty to charges of shoplifting and was sent to the penitentiary for three years.

TROLLEY CAR WRECKED.

Winnipeg, Oct. 3.—A Canadian Northern switch engine ran down a St. Boniface street car in Norwood and upset it. The rear trucks of the trolley car were torn off, and as it was crowded with passengers great excitement was caused. Dr. A. Meindels, of Winnipeg, cut his hand by jumping through a broken window. The other passengers escaped injury.

PUBLISHER DEAD.

New York, Oct. 3.—Joseph A. Harper, son of one of the founders of Harper & Brothers, is dead at his home at Inglewood, N. Y., of heart disease. He was 73 years old. For many years he was a partner in the Harper firm, but eighteen years ago he withdrew and retired from active business.

SEVENTY-TWO MINERS KILLED

ONLY FOUR BODIES HAVE BEEN RECOVERED

Poisonous Gases Which Fill Mine Make Work of Rescue Impossible

(Times Leased Wire.)

Monterey, Mex., Oct. 3.—A report to-day from the coal mine at Palo, where an explosion occurred Friday night, places the loss of life at 72 men, mostly Mexicans and Japanese. Only two bodies have been recovered thus far, poisonous gases making rescue work almost impossible.

The force of the explosion blew down all the timbers in the stop from the sixth lift to the surface. It blew out the mouth of the stop, lifting twenty feet of surface and closing the mine. The fan but was also blown down but the fan and engine were not injured. Entrance was made to the mine through the second opening, but all the ventilating currents being destroyed, it was impossible to penetrate into the mine far enough to reach any of the miners.

This mine was the largest producer of the Coahuila Coal Company and has been shipping about 18,000 tons of coal a month for years.

The cause of the explosion has not yet been determined, but indications are that it was caused by miners smuggling in some common dynamite instead of using the safety powder furnished by the company.

WILL SELL WRECKED CRUISER.

Tokio, Oct. 3.—Sir Alfred L. Winston, commander-in-chief of the British Eastern fleet, has ordered the cruiser Bedford to be sold at auction on Oct. 16th. The Bedford was wrecked off Quelparte Island, in the Yellow Sea, on August 1st. Eighteen of the cruiser's men lost their lives.

SHOOT HERSELF ON FIANCE'S GRAVE

Suicide Follows Death of Aviator Who Was Injured During Flight

(Times Leased Wire.)

Paris, Oct. 3.—As a tragic sequel to the death of Edmund Poillot, the French aviator, his fiancée, who had shown almost uncontrollable grief, went to his grave yesterday and fired a bullet into her heart.

Poillot was killed September 25 while making a flight with a passenger. While at a height of 90 feet a wing collapsed and the machine fell backward. Poillot's spine was broken.

SEARCHING RUINS FOR VICTIMS OF EXPLOSION

Remains of Number of Employees of Los Angeles Times Have Been Recovered—Committee of Citizens Probe Wrecking of Building

(Times Leased Wire.) Los Angeles, Oct. 3.—With five wicker baskets, each containing a pitiful little heap of baked bones and ashes, standing on the slabs at the city morgue, scores of laborers working under the direction of the street department, are endeavoring to-day to raise a twisted mass of steel girders in one corner of the wrecked Times building, beneath which the remains of at least seven of the men who went to their death when the building was dynamited, early Sunday morning, have been located.

The bodies were found at daybreak to-day at the foot of an elevator shaft leading into the composing room. Above them is packed tons of debris held up by warped metal beams weighing thousands of pounds. Their recovery could not begin until derricks to move the heavy mass had been rigged.

Four bodies were recovered yesterday. They were taken to the morgue where the withered torso of the man who is believed to have been J. Wesley Reaves, a private secretary to Manager Harry Chandler of the Times, already lay.

With one exception identification of the remains is impossible. The face of one man, however, strangely preserved its human contour. Employees of the Times believe it to be that of Harry L. Crane, assistant telegraph editor.

Near Crane's body was another buried beyond any attempt at recognition. It is believed to be that of L. Sawyer, telegraph operator. Sawyer was seated with Crane at a desk in the telegraph room when the explosion occurred.

Operator's Story. Operator McWatty is believed to be the only man in the telegraph room who escaped. After the explosion he, with Sawyer and Crane, rushed for an elevator. McWatty evidently not realizing the danger, insisted on returning for his coat, which hung above his desk.

Sawyer tried to keep me from going back," McWatty said to-day, "but I guess I was so stunned by the explosion that I did not know what I was doing. By the time I got my coat, the elevator shaft was burning so fiercely I could not escape that way. I climbed through a rear window and found my way that way to the street."

Crane and Sawyer are believed to have been in the shaft when that section of the building crumpled. The bodies believed to have been theirs were found on the spot where McWatty advised the workers to dig.

The other two bodies recovered are believed to be those of Carl Saldaña, a linotype operator, and Howard Courday, a machinist's assistant.

The body believed to have been Courday's was the last unearthed. Satisfactory identification was impossible. Courday's aged father, who had been inside the police lines all night waiting for news of his son, refused to accept the partial identification by Times employees. A watch, the metal case warped and twisted, was found baked into the remains. This watch was identified as Courday's. The man's father declared, however, that Howard had left his watch at home when he went to work Friday night.

A silken American flag is floating at half-mast to-day over the smoking ruins, and over 300 men are searching the mass with careful picks and shovels.

Under the direction of Fire Chief Ely, the national emblem was nailed to the warped flagstaff that still points at a crazy angle from the shell of the Times tower.

As the flag lifted from the staff, every laborer in the gray pit that had been a death kiln for a score of men, and every one of the thousands who strained at the police lines, took off their hats and stood aghast while the two firemen who had raised their ladder from the top of the smoke blackened wall to the flagstaff descended.

Coroner in Charge. In a row inside the police lines four black ambulances stand waiting for the burdens they undoubtedly will have to carry to the morgue. Coroner Hartwell to-day assumed personal charge of the men detailed to the wreck.

Dozens of friends and relatives of the lost men are being cared for at the central police station, less than a square distant. Many of them refused to go home during the night, waiting silently for news that the bodies of their loved ones had been found.

General Harrison Gray Otis visited the ruins late last evening for a second time. Surrounded by a guard of plain clothes men, he watched the laborers who sweated in the pit beneath the glare of hundreds of incandescent lamps over the ruins. His entire anxiety seems to be for his employees who had lost their lives at their posts of duty.

Investigating Clues. The committee of citizens appointed by Mayor Alexander to administer the \$25,000 fund voted by the city council to probe the dynamiting, already is in possession of clues which may lead to the apprehension of the guilty persons.

Attorney Early Rogers, who had an active part in the defence in the recent trials of Patrick Calhoun in San Francisco, is a member of the committee. With two detectives, committee employees, Rogers to-day is en route to San Francisco to investigate one of the clues in the committee's possession.

Before leaving Rogers refused to state the nature of the information he has secured, but it is generally believed here that he will probe further into the reported purchasing from the Giant Powder Company of San Francisco of a large amount of high explosive by men who gave the names of A. J. Bryson and William Morris.

The dynamite found under the home of F. J. Zeelandalar bore the stamp of the Giant Company, and further bore the date on which men giving the above names—priced—the powder, ostensibly to blow out stumps on a ranch near Auburn.

The Merchants and Manufacturers' Association of which Zeelandalar is secretary, called a mass meeting of the citizens for to-day. The association is planning a campaign for private subscriptions to increase the reward offered for the apprehension of the guilty parties. Several business men have promised varying amounts to the fund. Zeelandalar said before the meeting to-day that an effort will be made to increase the reward offered to \$100,000.

Mayor Alexander increased the city's offer \$10,000. The state building trades council has offered \$7,500, and a local association has increased the total amount by \$1,000.

It was announced that General Otis would attend the mass meeting and probably would speak.

(Concluded on page 14.)

AUTOMOBILE RACE MAY BE PROHIBITED

Authorities Likely to Withdraw Permit for Contest at Mineola, L. I.

(Times Leased Wire.)

Mineola, L. I., Oct. 3.—Owing to the fatalities attending the Vanderbilt cup race Saturday, it is believed here today that the Nassau county supervisors will not permit the running of the Grand Prix race which was planned on an even greater scale than the Vanderbilt races. The supervisors will probably withdraw the permit recently issued allowing the automobile racers to use the county roads on October 15 at a meeting here to-day.

It was reported this afternoon that all those now in hospitals with injuries sustained during the race on Saturday probably will recover. Harold Stone's leg has been put in a plaster cast and he will be moved soon, as possible, probably late to-day.

BELLBOY STOLE COUNTESS'S JEWELS

Admits Stealing From Room in Winnipeg Hotel—Is Also Wanted at Hartford

(Special to the Times.)

Winnipeg, Oct. 3.—Wm. Gardner, 19, bell boy of the Alexandra hotel, has admitted the theft of the Countess of Antrim's jewels. He stated he had no trouble, but simply walked into the Countess' room and carried them off. He professes amusement at the Pinkerton operations, giving the credit of his capture entirely to the city police. He says the Pinkertons, after examining him and other servants, warned them not to give any information to the regular police. Gardner, despite his youth, has a bad record, and waiving extradition was sent via the Soo line in charge of two officers to Hartford to answer a charge of theft. Jewels from a Hartford robbery having been found in his possession. It was the discovery of these jewels which finally caused him to admit the crime and show where other jewels were hidden.

INVESTIGATION CLOSED.

(Special to the Times.)

Prince Albert, Oct. 3.—At the conclusion of the cross-examination of Chief of Police McEwen, counsel for and against him addressed the police commission with respect to charges against that official. Reporters were then ordered out of the room and the committee proceeded to deliberate as to the report on the matter. It is expected that this report will be presented to the council this evening.

CRUISER'S NEW RECORD.

London, Oct. 3.—A new record has been established by one of the British second class cruisers. In her steam trials she made 25.8, which is a record, excepting for torpedo boats.

OBITUARY RECORD

Yesterday afternoon at 2.30 o'clock the funeral of the late Alec, the infant son of Mr. and Mrs. J. L. Grimison, took place from the family residence, 202 Russell street. Interment was made in Ross Bay cemetery. Mr. and Mrs. Peter Fredericks, 1041 Queen's avenue, mourn the loss of their infant daughter, whose death occurred yesterday at the family residence. The funeral has been arranged to take place to-morrow morning at 10 o'clock from the home of the deceased.

The death occurred yesterday at her residence, 221 Princess avenue, of Mrs. McDonald. An inquest is to be held at 11 o'clock to-morrow morning. There passed away this morning at the Royal Jubilee hospital Edith White, the infant daughter of Mr. and Mrs. C. H. White, Alder street, after a short illness. The funeral will take place on Wednesday afternoon at 2.30 o'clock from the Victoria Undertaking Parlors. Rev. A. Henderson will officiate and the remains interred in Ross Bay cemetery.

Robert Mellis passed peacefully away at his son's residence, 113 Ladysmith street, Sunday morning, after a lingering illness. The deceased, who was 62 years of age, was born in Forres, Murrayshire, Scotland, and came to Vancouver and Victoria from Montreal about eight years ago. He leaves to mourn his loss one daughter, residing in Vancouver; a son in Peterboro, Ont., and James M. Mellis, of this city, to all of whom much sympathy is extended. The deceased gentleman was a member of the Masonic Order. Interment will take place in Vancouver.

The remains of the late Maurice Evans Jones were laid to rest in Ross Bay cemetery yesterday afternoon in the presence of a large number of sympathizing friends. The funeral took place from the B. C. Funeral Company's parlors at 2.30 o'clock. Services were conducted by Rev. T. E. Holling. The employees of P. Burns & Co. attended in a body. The pallbearers were as follows: J. S. Gusty, A. W. Brookman, H. Knabe, W. Stones, B. Bestwick and W. Hicks.

MAY DIE FROM INJURIES. Bellingham, Wash., Oct. 3.—Tom Hurley, motorman on the new electric line running to Chilliwack, was probably fatally burned this morning when a gasolene torch exploded. The car was running down a steep grade at the time of the accident and despite the terrible agony inflicted by the flames scuttling about his feet and legs, Hurley stuck to his post until he reached the foot of the grade. He was 39 years of age and unmarried. His former home was at Toronto.

NOTICE TO MARINERS. The Marine and Fisheries Department of Canada propose establishing the red lights at the south end of Lacombe street, city of Vancouver, to mark the north side of the entrance to False Creek. The lights are to be six feet apart, and 40 feet above the high water mark and visible at a distance of six miles. The illuminant is electricity and the lights will be placed in operation on the 1st November, 1910.

Mr. Stub (a pet) The trouble with you, Maria, is that you don't appreciate your good husband. When you thought about entering matrimony you should have selected the biggest blockhead in the county. Mrs. Stub (sweety) I tried awfully hard, John, Exchange.

MORE DYNAMITE IS DISCOVERED FOUND IN VACANT HOUSE AT LOS ANGELES

Plants of Several Industrial Concerns Are Now Guarded by Police. (Times Leased Wire.) Los Angeles, Cal., Oct. 3.—A dozen detectives were assigned to-day by Chief of Police Galloway to investigate the discovery of four sticks of dynamite and a box of fuming nitrate caps in a vacant house on Aliso street, near the plant of the Los Angeles Gas Company. The explosive was discovered by E. D. Morrow, a watchman for the gas company. The dynamite was wrapped in a soiled newspaper bearing the date of August 30, 1908. The officers are working on the theory that the stuff was stored in the house to be used to dynamite the gas plant or the Miller brewery, which is less than a block distant. The dynamite was taken to the Central station, where it is held pending developments. Police are guarding the homes of General Harrison Gray Otis, proprietor and general manager, and of Harry Chandler, assistant general manager of the Times. Guards also are watching over the plants of several industrial concerns which recently have been involved in strikes.

Rewards totalling \$85,000 will be paid to the person who brings about the arrest and conviction of the person or persons responsible for the explosion and fire that destroyed the building of the Los Angeles Times on Saturday morning, causing the loss of at least a score of lives. Mayor Alexander to-day named the five daily newspapers of Los Angeles and four banks as a committee to collect funds for the widows and fatherless children of the men who lost their lives in the disaster. Many of these are said to be in straitened circumstances. Efforts will be made to raise at least \$20,000 for distribution.

Another body, the eighth recovered, was taken from the wreckage at noon. San Francisco, Cal., Oct. 3.—The local police now working on clues believed by the authorities to lead to the possible discovery of persons who dynamited the Los Angeles Times. The local department has received no communication since the disaster at Los Angeles. The police consequently have made no investigation of the reported sale of dynamite to three men, here on September 2, said to have been identified by the Giant Powder Company officials as the same as that found under the home of F. J. Zeelandalar in Los Angeles.

COMPROMISE REJECTED.

(Special to the Times) Manchester, Oct. 3.—The Federation of Master Cotton Spinners to-day refused to entertain the revised terms of a compromise proposition suggested by George Ranken Askwith, controller general of the commercial labor and statistical department of the board of trade, and accepted by the operatives. Accordingly the lock-out of 130,000 men continues. Much disappointment is felt as the indications last night were that Mr. Askwith had found a way out of the situation.

BANK CASE.

(Special to the Times) Brockville, Oct. 3.—On Saturday a second charge was preferred against Cughan by Inspector Fitzgibbon of falsifying the statement of the Athens Bank. He was committed for trial on the first charge, theft, and remained on the second. For the time being, the case is adjourned, but he will doubtless be held to give evidence against Cughan.

BASEBALL CHAMPIONSHIP.

Cincinnati, O., Oct. 3.—The National baseball commission to-day announced that the world's series will start in Philadelphia October 17. The first two games will be played in Philadelphia October 17 and 18. The third and fourth games of the series will be played in Chicago October 20 and 21. The fifth game will be played in Philadelphia October 22. The sixth game, if it is necessary, will be played in Chicago, and the seventh game, if the series goes that far, will be played in some city to be decided later. The first two games of the series were decided by the toss of a coin.

SLACK WATER—Active Pass, B. C.

Table with columns: Date, H.W., Slack, L.W., Slack. Data for October 1910.

BRAKEMAN KILLED. Weyburn, Sask., Oct. 3.—Oliver C. Matheson is dead and Geo. Briscoe seriously injured by the blowing off of a locomotive cylinder head on Saturday afternoon. Both were brakemen working in the yards near the engine of the Travel train.

Fashion Interest Centres at Campbell's

A visit to our premises to-morrow, or any day, will give you as much information about the new and exclusive Fall and Winter fashions as you could gain from a trip to Fifth Avenue, London or Paris, for what is shown in the most exclusive shops of these three great fashion centres is shown at "Campbell's."

As mentioned in our advertisement of Saturday, each day is bringing us new arrivals in COATS, SUITS AND DRESSES. We wish it were possible to adequately describe our new arrivals in print, but we cannot—instead, we most sincerely ask you to visit us and see for yourselves the beautiful models that are so charmingly exclusive.

Every Suit Here Is Perfect in Its Way

Take the least expensive suit in the house, examine it carefully, and you will find it has been skilfully designed, the material is excellent, it is well lined, not a detail has been slighted. It is just as perfect in its way as the most elaborate costume designed for more ceremonious occasions. There has been a definite style idea carried out in the fashioning of every suit.

Afternoon and Evening Dresses

Newness is the keynote of our exquisitely beautiful assortment of Dresses for Autumn and Winter Wear, developed in a variety of charming materials and styles in which you may discover numerous modifications and adaptations of "the much talked of" Hobbled Gown, which has usurped more than its portion of the envy and admiration of fashion's devotees during the past few weeks.

Our Mantle Department is an Exposition in Itself.

FOOTBALL FATALITY.

Carlisle, Kans., Oct. 2.—Melville Waters, 17 years old, a junior in Carlisle High school, was kicked in the head Saturday in a football game and died an hour later.

THOUSAND MILE AEROPLANE RACE

Nearly Dozen Aviators Will Take Part in Chicago to New York Flight

Chicago, Oct. 2.—A year's remarkable progress in aviation was indicated in Chicago Saturday when entrants in the \$30,000 New York-Chicago air race gave exhibitions at Hawthorne track. The race to New York will start next Saturday. Nine aviators are entered. Under the direction of the Chicago Evening Post, which, with the New York Times, is promoting the Chicago-New York flight, all this week will be devoted by the entrants to practice flights. The 1,000 mile flight to New York, which must be accomplished in 155 hours elapsed time, stops unlimited, will be the greatest endurance test of modern flyers.

The entrants, with the make and capacity of their machines are:

- Eugene Ely—Curtiss biplane, 35 horse power.
- Charles Willard—Curtiss biplane, 40 horse power.
- J. A. D. McCurdy—Curtiss biplane, 35 horse power.
- August Post—Curtiss biplane, 35 horse power.
- James Radley—Bleriot monoplane, 50 horse power.
- Charles K. Hamilton—Dietz biplane, 115 horse power.
- Thomas S. Baldwin—Curtiss biplane, 35 horse power.
- Todd Schriever—Dietz biplane, 60 horse power.
- J. C. Mags—Curtiss biplane, 35 horse power.

There is a possibility of the entry of a Wright biplane to be guided by Walter Brookings, who won the Chicago Record-Herald prize of \$10,000 for a continuous flight to Springfield, Ill., from Chicago, Thursday, a distance of 187 miles. James Radley, the English air pilot, expects to use a Bleriot monoplane with a fifty-horse power engine, if it can reach here in time. Otherwise he will use a Curtiss biplane with a heavier engine.

BURNED TO DEATH.

Minot, N. D., Oct. 2.—Elwin, the three-year-old son of A. C. Johnson, Republican candidate for governor, was burned to death on Saturday afternoon at his father's house here. He was playing in a toy house, which was ignited from the fire place.

REPUBLICAN PARTY PROGRESSIVE, SAYS TAFT

President Gives All Factions Credit for Share in Assisting to Pass Legislation

New York, Oct. 2.—President Taft delivered what will probably be his only speech of the present campaign at the banquet of the National Republican League at the Hotel Astor Saturday. The president's speech was marked by an unusually conciliatory tone towards the "insurgent wing" of the party. He gave "all factions of the party" due credit for their share in helping to put through congress the legislative programme which the president took occasion to outline in some detail. The president declared that the record of the last eighteen months was an earnest of the desire of the party to fulfill its platform promises and obligations, and he promised that if the Republican majority in congress should be continued at the coming elections, the work thus far left undone would be brought to completion. Upon the whole Republican party the president bestowed the title of "Progressive." Then he undertook to define just what is meant by "progressive."

"A party of true progressives, not a party of radicalism," he declared amid cheers. "It is not a party of ultra-conservatism," he added, and again was cheered. "A progressive Republican," the president went on, "is one who recognizes existing and concrete evils and who is in favor of practical and definite steps to eradicate them."

Twice President Taft mentioned Colonel Roosevelt by name in connection with the campaign against corporation abuse and a third time in reference when he referred to the New York situation.

ACCUSED OF MURDER.

Vancouver, Oct. 2.—Alphonse Richer has been brought down from the north by Special Constable Crippen of Prince Rupert. Richer is charged with the murder of Joseph Beaudoin in a shack in which they were living, near the northern city. It is alleged that the two men had a quarrel and that Richer shot Beaudoin with a 22-calibre rifle. Richer does not deny that they had a quarrel, but says that the shooting occurred some time afterwards, when he was handling the rifle and it accidentally discharged. The bullet struck Beaudoin in the abdomen and glancing upward touched the heart. Beaudoin died about fifteen minutes afterwards. After the shooting Richer ran at once for a doctor, but when he arrived Beaudoin was dead. Richer will be held in the provincial goal for trial at the assizes here.

IN SICKNESS

BARKLEY SOUND RAILWAY.

The people of Victoria, in their innocence, simplicity, and credulity, were under the impression that the contract with the Canadian Northern Railway Company had been "signed, sealed and delivered" (not for the first time).

But we all seem to have been laboring under a misapprehension. The work is not yet begun on the Barkley Sound Railway. The Premier has said through his organs on several occasions that definite announcements in regard to the intentions of the company would be made upon certain dates.

such horrible destruction must to-day, if he is not a complete lunatic, curse himself that ever he was born to wreak such horrible destruction to human life. He must further see that the cause he sought to further has received a wound from which it will not recover for years.

Victorians are all interested in the aerial work of Douglas McCurdy, son of one of our prominent citizens. A few days ago he tried to fly at Philadelphia during a strong wind, but when about 800 feet from the ground the motor stopped and at the same moment the wind caught the machine and nearly turned it over.

OUR FISHERIES.

A dispatch from St. John, New Brunswick, intimates that the fisheries of the East Coast, particularly of the Bay of Fundy, are being depleted, and that the fishermen themselves are largely responsible for the condition of affairs.

THE LOS ANGELES CRIME.

It is unfortunate for the Labor Unions that just at a time when the fight between them and the Los Angeles Times was at its height some fanatic should have hit upon the horrible expedient of using dynamite to wreck the building from which the paper was published.

Another of the old-timers of this province passed away on Saturday evening at the family residence, Glenford Avenue, Lake district, in the person of William Henry Williams. Deceased had been ailing for some time, and death was not wholly unexpected.

He was a public-minded man and assisted greatly in the development of this island. Not only was he well known in this city but throughout this province among the pioneers.

COURT ROOMS ARE TOO CHILY FOR SITTINGS

County Court trials have to be put over to next week. October term of County court opened this morning before Judge Lammman. Owing to the Arctic temperature prevailing in the law courts, consequent on delay in overhauling the furnaces.

WORSWICK DIRECTOR THRASHES TWO MEN

Half of the Worswick Company's office staff and the whole of its manual labor staff appeared in the police court this morning in a prosecution launched by John Ferguson, a Socialist leader and day laborer, against Harry Worswick, one of the directors of the company, who was charged with assault.

CHARGE OF ASSAULT DISMISSED IN POLICE COURT—RAID ON CHINESE GAMBLING JOINT

Half of the Worswick Company's office staff and the whole of its manual labor staff appeared in the police court this morning in a prosecution launched by John Ferguson, a Socialist leader and day laborer, against Harry Worswick, one of the directors of the company, who was charged with assault.

PERSONAL

J. B. Chantrell, Spokane, Wash., is visiting his cousin, H. J. Martin, 130 Government street. Mrs. G. T. Boulding, 704 Richmond Avenue, will receive to-morrow and on the first Tuesday in each month thereafter.

ANOTHER PIONEER CROSSES THE DIVIDE

Death of W. H. Williams, Who Came to Victoria in Year 1855

Another of the old-timers of this province passed away on Saturday evening at the family residence, Glenford Avenue, Lake district, in the person of William Henry Williams. Deceased had been ailing for some time, and death was not wholly unexpected.

He was a public-minded man and assisted greatly in the development of this island. Not only was he well known in this city but throughout this province among the pioneers.

October, the Month of Serious Buying, is Here. We Are Ready With Supplies For Every Want

Ladies' Gowns For Every Occasion

Outside the grace imparted by the cling skirt lines, there is a charm about the Winter Gowns that lies in the artistic blending of colors and mysterious veiled effects.

Charming Distinction of Spencer Millinery

Our Millinery Department is a section which you cannot overlook. The showing is characteristic of our styles. The great diversity of shapes as well as the wide choice of materials for the hat itself, and in the trimmings, permits of broader scope for distinctive style than ever before.

Ladies' Waists at \$2.50, \$5.75 and \$12.50

HAND-EMBROIDERED WAIST, of white Irish linen. This style is made with box pleat effect down centre, buttoned through with large pearl buttons.

TAILORED STYLE WAIST—of extra heavy quality shot silk. Is made with box pleat down centre, buttoning beneath. With the extra wide Gibson pleat extending over the shoulder and down back.

WAIST of Persian Silk. The front of this attractive waist is designed with shaped panel, which extends around the back, and is trimmed with self-colored silk, soutache braid and silk buttons.

Ladies' Flannelette Drawers, 25c to 65c

These are specially good value. Made of a fine quality flannelette, in white, pink, grey and stripe. Some are trimmed very daintily at bottom with embroidery, in blue and pink. Prices range from 65c to 25c.

Flannelette Under-skirts, 65c to \$1.25

Just the kind needed for present use. They are extra full, in plain white flannelette, pink, grey and stripe. These are a very special line. Prices range from \$1.25 to 65c.

Flannelette Night-gowns at 75c

At 75c we offer splendid value in White Flannelette Night Gowns. These are finished with four small tucks each side of yoke. Neck is trimmed with embroidery. Monday.. 75c

Children's and Girls' Blue Serge Sailor Dresses Just in

No doubt the little one needs a warm dress for Winter wear. A large shipment has just been unpacked. These are made of an extra good quality blue serge, with sailor collar trimmed with white braid. Suitable for children between the ages of 3 and 16. Priced at \$1.50

No Better Time to Choose Dress Goods Than Now

Now is the time to choose your materials for your Fall Suit, when every line is complete and goods nice and fresh. This season our Dress Department excels over any previous showing.

EXCLUSIVE DRESS PATTERNS—NO TWO ALIKE

These are in the very latest trend effect, 8 yards. Per pattern: \$20.00 to \$8.00. EXCLUSIVE PRESS PATTERNS, in crepe effect, rich color, 8 yards. Per pattern \$25.00.

WOOL HOPSACK

This favorite cloth is greatly in demand, in all wanted shades, 54 inch. \$1.75. AIRDALE CHEVIOT—This cloth we predict will take the lead. Comes in all shades; 54 inch. Price \$1.50.

The New 1910 Mufflers

A Muffler for those who want all wool. This line is a good weight, all wool, is a neat pattern, and interwoven with silk. One that will wash well and last long. While this special lot lasts \$1.00.

—A competitive examination will be held at Victoria and other centres on Wednesday, November 3, for twenty executive cadets, and ten engineer cadets for the Canadian navy. Applications from intending candidates must be filed with the Civil Service Commission at Ottawa on or before October 15 without fail.

—The Forestry commission is sitting daily for consideration of its final report, which will be presented to the government during the current month. Progress is also being made by the commission consisting of Charles Wilson, K. C., A. P. Luxton, K. C., and Osborne Plunkett engaged in the revision of the provincial statutes. This commission has promised to have its work completed and its report in readiness prior to the opening of the next session of the assembly.

—W. H. Painter, C. P. R. architect, interviewed previous to his departure for Vancouver, after paying a brief visit to Victoria, said: "The new addition to the Empress is being built at a much faster rate than the original structure. It should be completed in a month's time, and from what I can learn the management will experience no difficulty in filling it. I cannot say yet whether a similar wing will be built at the southern end of the hotel. Sir Thomas Shaughnessy will decide that matter when he arrives here this month."

—His Honor Lieutenant-Governor Paterson, with Premier McBride, Hon. Price Ellison and Lawrence Macrae went to the mainland yesterday to be present at the formal inauguration of the Chilliwack electric line from New Westminster. The premier will visit New Westminster to take part in the opening of the provincial exhibition to-morrow and return to the capital on Wednesday.

Opposite Spencer's, 1110 Government Street.

Our Exhibit a Phenomenal Success Every Piano Sold

That the public readily realized the superiority of Gerhard Heintzman Pianos and Behning Players has been fully demonstrated at this exhibit. Every instrument has been sold and orders for many more booked, which is indeed gratifying.

OUR FREE MUSICAL RECITAL TOOK THE PUBLIC BY STORM

And we venture to say that never in the history of Victoria has the public enjoyed such a treat. To say the least, the whole exhibit is a marvellous affair and portrays the very latest ideas in the piano manufacturers' art.

The Gerhard Heintzman Pianos Are the Premier Pianos of Canada and will always remain so.

515 GOVERNMENT STREET, Phone 1008.

—At the regular meeting of the Natural History Society to be held this evening in the rooms at the Carnegie Library, a paper illustrated with lantern slides, will be given on "Skeena River."

—The Young Ladies' Club of the Metropolitan Methodist church will hold a social meeting at the home of Mrs. David Spencer, Moss street, Wednesday evening next, at 8 o'clock. All the young ladies of the club are cordially invited to attend.

—The Odd Fellows of this city have acquired 125 feet fronting on View street, next to the site of the Phillips Bros' stone yard, and will immediately erect a first class hall and building for school purposes.

—The different local ladies' organizations which catered at the fair all did a thriving business, and gratefully acknowledge the many donations which friends so generously sent them from time to time. They also express their gratitude to friends outside their societies who assisted in serving and for other assistance.

—His Honor Lieutenant-Governor Paterson, with Premier McBride, Hon. Price Ellison and Lawrence Macrae went to the mainland yesterday to be present at the formal inauguration of the Chilliwack electric line from New Westminster. The premier will visit New Westminster to take part in the opening of the provincial exhibition to-morrow and return to the capital on Wednesday.

MEETING SUMMONED TO CONSIDER RELIEF

Victorians to Be Asked to Aid in Work of Helping Sufferers at Campbellton

A meeting, with Mrs. J. S. Day as convener, will be held to-morrow at 11 a.m. in the upstairs committee room of the city hall, for the purpose of consulting as to ways and means for sending immediate aid to the sufferers from the disastrous fire at Campbellton, New Brunswick, who are now about to face the severity of an eastern winter with insufficient clothing and no adequate accommodation. What is most needed by the sufferers is money to be used in erecting houses, but those who cannot give that will doubtless be quick to respond with warm clothing which the Dominion Express Company have kindly agreed to transmit free of charge. It is urgently hoped that the meeting to-morrow will be largely attended.

Readers of the Times will remember a letter recently published in these columns by F. L. Clarke, secretary of the Canadian Club, explaining the situation fully.

A STRIKING CONTRAST

Some eastern papers have been commenting strongly upon the action of a prominent stock life insurance company in voting a bonus of half a million dollars to their stockholders, every dollar of which came from the earnings of the policy-holder's money.

In striking contrast to this, The Mutual Life of Canada last year earned over half a million dollars in profits, every dollar of which goes to the policy-holders, who alone receive all profits.

The insuring public are becoming more and more alive to the importance of investing their money in a company which has no interest to consider or care for except that of its policy-holders—a company in which the policy-holders own everything, control everything and get everything; such a company is The Mutual Life of Canada, one of the oldest and strongest companies, and the only company of its kind in Canada. R. L. Drury, local manager; F. M. McGregor, special agent; offices, 918 Government street.

—The new train service to Cameron Lake on the Alberni branch of the E. & N. railway will be inaugurated on Tuesday of next week.

—Sir Thomas Shaughnessy, president; William Whyte, second vice-president; R. B. Angus, director, and a party of C. P. R. officials will arrive in Victoria on or about the 18th inst. in the course of an inspection trip over the Canadian Pacific system. Sir Thomas and the party, travelling with him will leave Montreal for the West on Wednesday next.

—The Royal Commission on Technical Education which will visit Victoria on December 10 next will on leaving here go down to California, visiting the Leland Stanford University, Berkeley, and institutions at Los Angeles. The return to Ottawa will be made by St. Louis, where the State University, of which Dr. Ross, of Nova Scotia, is principal, will be visited.

—Commencing to-night and running five nights the Huran L. Blyden company will be seen in a comedy "Facing the Music." This will be the last opportunity of seeing this company for some time as they are booked into Nanaimo for three weeks. "Facing the Music" is considered to be the best bill in this company's repertoire.

—A union meeting of the members of the Tabernacle, Emmanuel and First Baptist congregations, will be held on Thursday evening in the Emmanuel church, corner of Gladstone avenue and Fernwood road. The meeting will be addressed by the Rev. Dr. W. T. Stackhouse who is well and favorably known throughout the Dominion for his long and faithful ministry and activity in missionary work. Dr. Stackhouse has accepted a secretarial position on the Laymen's Missionary Board of the United States and is visiting the different cities of the West and conducting farewell meetings.

JEWISH NEW YEAR COMMENCES TO-NIGHT

Order of Services to Be Observed in Temple Emanuel in This City

At sunset this evening the Jewish people all over the world will usher in the new year and begin to count 5,671. This is in accordance with the traditional reckoning as maintained by the people, whom even the Mohammedan designated as "The People of the Book." Jewish tradition has preserved this mode of reckoning its years and the religious New Year begins with the first day of the seventh month called Tishri. The economic conditions which prevailed in Judea are undoubtedly responsible for this method. For the present this mode of computing the years has only a religious significance, as all holy days are observed in accordance with the lunar method of reckoning.

There are many symbolical customs observed in connection with the solemn exercises of the day which remind the Jew of the present of the ancient forms practiced by his early ancestors when they were a nation by themselves. These traditional sentiments are embodied in the synagogue liturgy adopted for the reading of the day.

The Jewish people of this city will begin to observe the day at sundown and the services will be started by congregation, Temple Emanuel at 7:30 o'clock sharp. Rev. Joseph Zeisler, rabbi officiating, preaching the sermon, taking for his subject "Reflections and Resolutions" from the text, Deut. xxx:15.

The service to-morrow morning will begin at 9:30, when Rabbi Zeisler will preach on "Perfection" from Genesis xvii:1.

What is known to those of the Jewish faith as "Sabbath Teshuvah" will be celebrated on Friday evening at 7:30, when a "mother's service" will be held, the rabbi preaching on "How to Live in the Camp," from Deut. xxiii:10.

Kippur, or "day of atonement," will be observed on Wednesday evening, October 12, at 7 o'clock, the rabbi preaching on "The True Israelite a Soldier," 1 Kings xviii:21.

On the morning of October 12, commencing at 9:30 o'clock and continuing until sundown services will be held. A memorial service will be held at 11 o'clock and this will be followed by "Mussaph," reading of Psalms; "Mincha," by Dr. S. M. Hartman, and "Neriah" at 5 p. m.

PROVINCIAL GIFT TO H. M. C. CRUISER RAINBOW

Handsome Piece of Plate is Ordered on Behalf of British Columbia Government

Presented by the province of British Columbia to H. M. C. S. Rainbow in welcome recognition of this being the first vessel of the Canadian navy to be stationed on the Pacific coast of the Dominion, and with the loyal hope and belief that the Rainbow and her successors may fulfil their part in uniting and strengthening the naval defences of the Empire.

The above is the inscription which is to appear on the piece of plate which is to be presented by the government of British Columbia to H. M. C. S. Rainbow on her arrival here early in November.

Hon. J. H. Turner, agent-general for British Columbia, has advised the premier that a beautiful design for the plate has been completed by the London Goldsmiths' & Silversmiths' Co., Limited, the principal workers in such forms of art at the world's metropolis, which when an order has been placed. The design has been submitted to and heartily approved by Admiral Kingsmill, and provides for a very handsome vase centrepiece, the handles formed respectively of the wappit and the big horn sheep of British Columbia, emblems of a national character being at the base.

VICTORIA'S LEADING COFFEE EXTRACT AND BAKING POWDER MANUFACTURING FIRM

The factory of the W. A. Jameson Coffee Company, importers and roasters, is situated on the corner of Langley and Broughton streets. It has 5,000 square feet of floor space.

They have two coffee roasters with a capacity of turning out 700 pounds of roasted coffee an hour. These machines are of the latest and most improved type. Their grinding machines have a capacity of 1,000 pounds an hour.

In the coffee department, besides the roasters and grinders, they also have a large mixer capable of mixing, thoroughly and accurately, 200 pounds of coffee at a time.

Their baking powder mixing machine is the best obtainable and has a capacity of 30 pounds per minute. Of their "Feather-light" brand of baking powder they sold over 20 tons last year, sending some of it as far East as Winnipeg.

Their spice department is very large, and they carry a full line of the best spices. These spices, which are packed in 2 oz., 4 oz., 8 oz. and 1 lb. cans, under "Victoria Brand" label, are too well known to need much comment.

This firm also puts up flavoring essences, baking soda and cream of tartar. Besides all the lines they manufacture, they carry a full line of tea. They have had as many as 500 cases of tea in their warehouse at one time, and their last single shipment was 60 tons.

They have just received a full carload of coffee, 25,000 lbs. (74 tons). In passing, it may be remarked that the Canadian Pacific Railway Company brought this coffee through from the Eastern seaboard to Victoria in the remarkably quick time of 14 days.

The W. A. Jameson Coffee Company is a firm that deserves the hearty support of all Victorians. All of their interests are in Victoria, and their products are equal to any manufactured.

—The provincial government, through Hon. Thomas Taylor, minister of public works, has promised its sympathetic consideration of a programme of roads and trails which the Vancouver Island Development League has suggested should be constructed on the island. On Saturday a deputation of the league, consisting of W. Coburn, of Nanaimo, the president; J. J. Shallock, president of the Victoria branch; A. E. Todd, and E. McGaffey, secretary, waited on Mr. Taylor, who stated that he would have government surveyors estimate the cost and feasibility of the various works proposed.

FREE FIGHT AT LACROSSE GAME

WESTMINSTER BEAT THE EASTERNERS

Penalties Totalled Two Hours and Ten Minutes—Royals Get Six Goals to Two

Vancouver, Oct. 2.—A free fight and general rough play marked the game played by the New Westminster twelve and Nationals yesterday afternoon at Recreation park when the champions emerged victorious from the scrappy encounter by a score of 6 goals to 2.

Taken on the whole, the exhibition was one of the worst ever presented and provided a spectacle of rough play rarely, if ever, equalled in these parts. While there was dazzling pieces of fine team work at times, the men appeared to consider that playing the man was as equally good as playing the ball.

If there are many more games similar to that of yesterday it will unquestionably sound the death knell of lacrosse, for its patrons, who number among Canada's best, are supporters of clean, fair play. To say the least, it was disgraceful and did not reflect to the credit of either team.

Deliberate slashing was indulged in, and it was no uncommon sight to see men bowled over and struggling and hitting one another on the ground. People went to a lacrosse match but they saw more of a slugging game than they saw of lacrosse.

game. Lavolette's pugilistic display cost him twenty minutes on the penalty bench and Hughie Gifford and Dr. Lachapelle, who also figured prominently in the melee, got a similar period of compulsory rest.

Towards the end of the last quarter, Duckett, who was marking W. Turnbull rather closely, checked with splendid precision, but in robbing the Royal City man of the ball, was brought heavily to earth. Duckett made sure of his man and hooked Turnbull with his lacrosse stick, the result being that another scrap took place. Going for one another like tigers and hanging on to each other's garments, they looked an exceptionally wild pair.

It seems impossible for the sportsmen of this city and neighborhood to assimilate properly the game regulations for the year 1910. Which is perhaps not to be wondered at considering the complexity of the laws.

minutes, and Gagnon, 10 minutes. New Westminster—H. Gifford, 20 minutes and Tommy Gifford for the rest of the game, which was about 50 minutes.

Deliberate slashing was indulged in, and it was no uncommon sight to see men bowled over and struggling and hitting one another on the ground. People went to a lacrosse match but they saw more of a slugging game than they saw of lacrosse.

SECOND WIN TO VICTORIA WEST

JAMES BAY TAKES TWO POINTS FROM GARRISON

Three Teams Run for Third Place—Two More Drawn Games in Second Division League

the cellar position on the league. The goal kickers for Victoria West were Bailey, Yuson, Sherritt and Wright, the first named scoring twice.

Baraca, Esquimalt, 0; Beacon Hill, 1; Garrison, 1; North Ward, 1; Fifth Regiment, 2; Victoria West, 3; Oak Bay, 1.

Victoria West, last year's champions, and James Bay, which shows a much improved team over last year, are the only unbeaten elevens in the soccer league, each having won two matches.

At Oak Bay, on Saturday the J. B. A. A., in scoring 2 to 1, just about recorded the superiority of the winning team over the soldiers.

At Oak Bay, on Saturday the J. B. A. A., in scoring 2 to 1, just about recorded the superiority of the winning team over the soldiers. The Bays were smarter and in better condition. Their combination was more regular and their passing more nearly perfect.

What Other People Think

CORRECT, OF COURSE!

To the Editor:—Yesterday a stranger here, in speaking to me of the frequent scalping raids upon the Times by a local morning paper, and the comparative merits of the Victoria daily papers, abruptly asked me, "Which is the best?"

BUT THEY ARE HONORABLE MEN.

To the Editor:—An honorable man is a man of his word. No honorable man would willingly break his word, and therefore the man who willingly keeps his word, especially if it is easy to keep, is not an honorable man. He is a man deficient in principle.

REFLEX. To the Editor:—This city has been jockeyed out of its rights as capital of the province in several matters of the first importance, without any apparent effort in its defence by the four men, indisputably lacking in principle, from the citizens elected to protect their interests, and the question is: "To what extent has their indisputable want of principle been responsible for it?"

CONSERVATIVE.

A CONDUCTOR'S VIEWS.

To the Editor:—May I, through the medium of your esteemed journal, offer a reply to the letter published in your issue of Sept. 29th, headed "A Street Car Incident," and signed by "Visitor?"

CONDUCTOR.

KIDNEYS ACT FINE AFTER A FEW DOSES

Most Severe Backache, Bladder and Urinary Misery Vanishes

The real treachery and danger in kidney trouble is because the first symptoms are always seen in other parts of the body before anything wrong is noticed with the kidneys themselves.

BUYING RIGHT PLUS Newspaper Advertising Builds Business

The business that does not advertise, like the sail boat without any wind, will never break any speed record. Rusty Mike's Diary.

The Antediluvian Doubter. AROUND every city and town there is at least one business oracle, who will smoke tobacco, spit, and tell you that advertising does not pay.

The Women's Trade. The women folks have learned to watch the papers. Funny magazines, lecturers, would-be humorists, have belittled the woman in her effort to make the weekly allowance go as far as it will.

The Right Medium. THERE is a time, certainly, when a man must decide for himself whether he is merely a sheep following a bell, or keeping to a well defined, successful business career.

A Lesson in Proportion. The merchant who sells an article at a profit of 10c and sells twenty of them makes more money than the merchant who sells four articles at a profit of 25c.

IN VIEW of these facts, which are very apparent, what argument can be made in favor of any advertising medium that it even distantly competes with the daily newspaper?

Advertise in the Daily Times. The Principal Victoria Paper. Shiloh's Cure.

OIL TO REPLACE COAL ON C. P. R. EXPERIMENTS TO BE MADE DURING WINTER

Princess May Will Be Converted—Change to Include Coast and Ocean Fleets

That oil will shortly replace British Columbia coal as the fuel employed in the steamships of the C. P. R. coastwise fleet, and probably in the company's trans-Pacific liners and western division locomotives, is now almost certain, in view of the fact that the C. P. R. will this winter conduct a series of experiments with liquid fuel.

MARINE NOTES

The steamer Tees sailed on Saturday night for the West Coast with a large cargo, 20 first-class and a large number of second-class passengers.
