TUBEROS BEGONIA.

TERMS: Statement of account will be rendered on the first of each month when all bills without regard to date of purchase are due, unless otherwise arranged for.

DISCOUNTS: On all Florists' Supplies we allow 5 per cent. discount from Catalogue price when cash accompanies the order. 3 per cent. allowed when bills are paid within ten days from date of purchase. For discounts on Wire Designs see Wire Design page. No discount allowed on Plants or Cut Flowers.

We wish to call the attention of our customers to our very low prices on Wire Designs. 5 per cent. discount from our list prices will bring the cost of Designs as low as 20 per cent. from the list of any other Chicago House. Though our prices are lower, it will be found that there is no change in the quality of the goods. They remain first class.

Acme Hose Couplers are still in good demand, and they deserve to be—they have come to stay.

Our strains of Flower Seeds for Florists are all right. Our stock of Florists' Supplies is large and include nearly everything in demand. Our Cut Flower Department renovated, reorganized, and in better shape than ever before to attend to your wants in that line.

HUNT'S FLORISTS' FLOWER SEED LIST.

In no branch of the Florists' Supply trade is greater care essential to success than in the department of

FLOWER SEEDS FOR FLORISTS.

We have ever been on the watch for the newest and the best strains of all that properly come under this head, and that our labors are meeting with success, as evidenced by numerous unsolicited testimonials and continued patronage, we feel confident. The old saying: "Be sure you're right, then go ahead," will apply to every Florist when making up his seed order. Trade Packets contain four to six times more seed than ordinary packages. Florist customers who do not state in their orders whether Trade or Retail packets are desired, will invariably receive Trade Packets.

No. 4.

No. 1--For new hose. Goes on end that attaches to faucet and ground connection used with No. 3, and is used with No. 2) for connecting two lengths of hose.

No. 2--For new hose. Used on nozzle end with No. 4 nozzle tip, and for connecting two lengths of hose.

No. 3--For new and old hose. Goes on faucet, where it can be left permanently; also on end of ground pipe. Nos. 1 and 4 are used with it, and on old style coupling, taking the place of No. 2.

No. 4--For old hose, used in connection with old style couplings already fitted. Also on nozzles used with No. 2 or 3.

Can be applied without tools of any kind. The teeth engage in the openings at end and wind the brass strip with a powerful leverage. By pressing down the ears the lever is locked.

St. Louis, Mo. Our foreman reports that **Acme Hose Couplers** is the best thing in the market and would not do without them.

JORDAN FLORAL CO.

LA FAYETTE, IND. Only after having given the **Acme Hose Couplers** a trial can one understand its usefulness to the florist or any one having hose to connect or disconnect.

We have had them for some time and can fully recommend them as all that is claimed for them.

WHOLESALE CUT FLOWERS.

This department of our business is fully equipped in every way for the prompt filling of orders. Whenever flowers are to be had in Chicago we can supply them, as we make it a point never to let an order go unfilled when it is possible to obtain the flowers wanted. Any seeming neglect or carelessness towards our customers in this department, we wish reported at once. We stand ever ready to receive suggestions or explain matters in so far as we can.

Growers at any time having surplus stock are requested to write us. It may be we can help dispose of it.

The attention of Cut Flower buyers is called to our **Telegraph Code**, printed elsewhere in this Catalogue.

INSECTICIDES.

"LITTLES" ANTIPEST.

This preparation is a sure destroyer of the *Scale*, *Wooley Aphis* and *Insect Pests* of any and all descriptions. It may be freely used in the conservatory, garden and greenhouse, in the orchard or vineyard. It is non poisonous and harmless to vegetation when diluted and used according to directions. It mixes instantly with cold water in any proportion. It is *safe, sure and cheap*.

No fruit grower or florist should be without it.

THERMOMETERS.

Wood Case (Cut A), these are made in black, red, yellow and natural wood, finely polished with nickel mountings, just the thing for your office or store. Guaranteed accurate.

8 inches, 20c.; per doz., \$2.00.

Tin Case, these are made of tin, heavily enameled in black and are very serviceable for the green-house. 8 inches, 15c.; per doz., \$1.50.

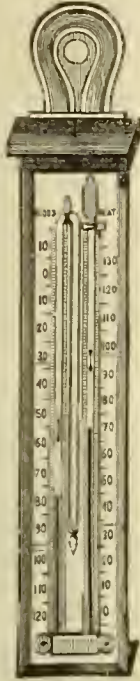

Maximum and Minimum Thermometers (Cut B), these are made of boxwood, set in a japanned case. They are self-registering—that is, they register the greatest and least amount of heat—and thus are especially adapted for places where a nearly uniform temperature *must* be maintained. No green-house should be without one for every morning you can tell just how low the temperature has been and just how high. They are not only very nicely finished, but are extremely useful as well. *A Magnet with each instrument.*

THE UNIVERSAL LAWN KEEPER.

Its use accomplishes more in one hour in keeping lawns free from weeds, than can be accomplished in a day by any other means. Made of one piece of Steel (casting) heavily tinned. When using hold the blade in a perpendicular position. Push it down beside the root, turn it half way around and withdraw

when the blade will contain the root with all its fibrous shoots, as shown in cut. Never sharpen any part but the end. Each, 30c.

THE CHAMPION WEEDING HOOK. The best and cheapest.

Made of one piece of best malleable iron, heavily tinned. No wooden handle to get loose after being

wet. Always clean. Fits the hand. Indestructible. 10c.; by mail.
