## CONGREGATIONAL CHURCH.

### Council Installs Rev. Geo. E. Atkinson Pastor.

On Tuesday of this week there was in the Congregational church a religious service, the only one of its kind ever held in Campbell. Although it had in its various exercises much that will be found in all religious services, yet, as a whole, it was distinctively Congregational.

Pastor Atkinson has been with the Congregational church of this place for over a year. When he came it was simply on an engagement for one year. This gave ample opportunity for the church and minister to become well acquainted and to prove their fitness for hearty co-operation. Before the year passed all concerned were well satisfied with the relationship and desired to have it placed on a more permanent basis. So the church, after carefully canvassing the matter, voted to extend to Mr. Atkinson a call to become their permanent pastor, and to be installed.

For this purpose a council was called and all the neighboring Congregational churches from Santa Cruz to San Mateo, and also several individuals for personal reasons were invited to attend to examine Mr. Atkinson, and if all should be found satisfactory to proceed with the installation. Mr. Atkinson, at the morning session, presented a paper of rare ability and interest in which he stated his position as a christian and a minister—as to his conviction of the great truths

of God, as to his manner and method of working and as to his relations to individuals, to his church and to the other churches. The paper Mr. Atkinson read is too long to interest in this connection, but it could be obtained if it should be found to be desirable. It must be enough here to state that one of the visiting ministers, whose relations to the churches call for frequent attendance on and participation in such gatherings, said that he had not had the pleasure of listening to so satisfactory a presentation of a pastor's beliefs, convictions and relationships for a long time. The council evidently had a similar opinion for they gave a most hearty and unanimous vote of approval.

The afternoon session was given to the special service of installation. The sermon was by Rev. W. T. Patchell, pastor of the Congregational church of San Jose. The great truths of the reality of the Holy Spirit's presence, communion with and guidance of God's believing and obedient children were presented in beautiful language, to which, however, the hearer was not tempted to stop to admire because of the profound interest of the speaker in the reality and importance of the truths he was presenting.

Following the sermon came the installing prayer, in which the council and church were led by the pastor's father, Rev. W. H. Atkinson, of San Rafael.

The right hand of fellowship was given by Rev. Chas. C. Kirtland, pastor of the Redwood City church, who was a fellow student of Mr. Atkinson in the Pacific Theological Seminary in 1895-6, and the fellowship to which Mr. Kirtland, on be-

half of the council and of all the churches welcomed Mr. Atkinson, was the fellowship of service.

The charge to the pastor was given by Rev. C. W. Merrill, of Saratoga, a near neighbor, and the charge to the church, as was most suitable, was given by Dr. Wm. Windsor, the former pastor—the only pastor this church has ever had in all its history.

In this Dr. Windsor said: "Be as loyal and loving to the new pastor as you always were to the old one; as appreciative of effort and as patient in your indulgence with the new pastor as you ever were with me. In forty-six years of pastoral life nowhere has it fallen to my lot to labor with a more responsive people than constitute the membership of this church and the congregation who join us in our Sabbath worship. The kindness and sweetness of our years of fellowship can never be forgotten."

The specifications in Dr. Windsor's charge to the people were, most briefly expressed: Support your pastor well; give him salary sufficient, and always remember to pray for him; be sure to come to church meaning to be profited, and when you hear, listen for your own good and not for your neighbor's. Don't expect too much of your pastor. He is human. When you're sick or need a visit, let him know and don't complain because he doesn't know instinctively. And lastly, studiously avoid friction.

Such a gathering for such an important transaction, of great interest to all the churches in close fellowship, shows the value of installation service and will prove of great worth to this community

and especially to the Congregational church of Campbell.

PATRONIZE OUR ADVERTISERS.

THE Douglas shoe man, a democrat, was elected governor of Massachusetts by a good majority while the rest of the republican ticket was elected by upwards of 100,000 majority. Who says advertising does not pay?

It seems almost incredible that any laboring man or small property owner should oppose incorporation. The increase in taxes would be so small in comparison to the benefits that one is surprised to hear of any opposition.

WITH new subdivisions of tracts into lots going on the market, at reasonable prices and on easy terms, and with the coming of the electric car line we may expect to see Campbell forge ahead rapidly. We believe at the present prices of land there is no better place to invest a little money to advantage than right here in Campbell. Incorporation is the next important step for the town.

IN making way for public advance many present improvements must be made to conform to the new order of things, and many pet things or theories will no doubt vanish before the inevitable onward march. In this steady growth of Campbell many new conditions will arise that must and will be met as any business problem is met. Our people should stand together for advancement even if it does not come just the way we would like to have it come.

WHILE our people are greatly disappointed at what is considered a high rate for travel on the new Interurban road, yet we understand that there will be a reduction as soon as proper tickets are printed and other adjustments made. Surely our people should receive as low or lower rate than Saratoga, which is many miles further from San Jose. That is the only thing our people have reason to complain of, and no doubt that will soon be adjusted satisfactorily.

THE opening up of more tracts of land to settlement is the logical outcome of the coming of the electric cars. And our people should not be slow in taking advantage of the opportunities offered to procure homes of their own when such homes can now be secured on easy terms. A people who own their own homes are an independent people. What makes Massachusetts a thrifty state is the fact that its people own their own homes and thereby become substantial residents who manifest interest in their town.

REV. LYMAN ABBOTT, in his "Impressions of a Careless Traveler," published in the Outlook, says in discussing the future of California, "America has now two front doors, it faces westward as well as eastward. Sooner or later its Pacific trade will overtake, if it does not surpass in importance, its Atlantic trade; sooner or later California will equal in her commercial and industrial importance, as she already equals in her still undeveloped wealth, the combined states of New York, New Jersey and Pennsylvania. This is with me more than an impression; it is a clear, definite and positive conviction."

### WHY MOUNTAIN VIEW FAVORED INCORPORATION.

The Mountain View Board of Trade, composed of a majority of the business men of our town, has expressed itself strongly in favor of incorporation. Why has it expressed itself in favor of incorporation? Because it has made a careful study of the subject and has found that incorporation would be beneficial. Now let us ask you a good, straight, plain question? Have you investigated the matter carefully, or have you made up your mind to vote against it from information gathered from

prejudiced sources, or from those who are opposed to it? In order that you may not be left in ignorance of the facts we propose to meet the arguments made against it and show by common sense arguments how perfectly absurd are some of the statements made.

First—Perhaps you have been told that you would be obliged to lay stone sidewalks in front of your property in the near future. This is not so and the statement is almost too ridiculous to need a reply, but as some property owners evidently believe it, we brand this as misstatement No. 1. It would be years before stone sidewalks would have to be laid in other than the business section. For further evidence look at your surrounding towns of Santa Clara, Palo Alto, Los Gatos, San Mateo and others.—they have not been obliged to do so—then why should we?

Second—You may have been told that sewers would be built within a few months at a great expense to your property. This is misstatement No. 2. Sewers will eventually be built but it cannot all be done in a moment, and before a dollar could be assessed or expended for this purpose a special election must be held and then only upon a two-thirds majority can bonds be issued.

Third—You may have been told that your taxes would be raised to a very high figure. This is misstatement No. 3. The law provides that a town tax cannot be made to exceed 75 cents on the \$100 valuation, which means that your taxes could not be raised more than 35 cents per \$100, higher than they now are. Stop just a moment and think how this would affect you. If you are assessed now for \$500 your increase at the most would be only \$1.75 per year. If you are assessed now for \$1,000 your increase at the most would be only \$3.50 per year.

Fourth—You may have been told that the trustees could raise taxes as high as they saw fit. This is absolutely false and is misstatement No. 4. The trustees have no power to levy taxes for sidewalks, sewers, water or any other special purpose without first putting it to a vote of the people, who must carry it by a two to one vote.

An intelligent voter will, before making up his mind, investigate the matter thoroughly and when irresponsible statements are made to him by those against incorporation, will demand proof of such statements. To the small property owner incorporation would be of immense benefit, for it means that property values would improve and taxes remain reasonable. Now to the other side of the question:

What will incorporation do for the town?

It will clean the town from slaughter houses.

It will keep all our roads sprinkled instead of only a few blocks.

It will allow us to spend our money in improving our streets.

It will cause the road work and street sprinkling to be done by workingmen who live within the limits of our town, and not by outsiders.

It will put nearly \$3,000 per year in the pockets of the workingman and the merchant. It will bring new capital into the town and better the condition of every citizen in it.

### Williams Wins.

After two years' litigation over the  
contested office of recorder, by C. R. Wil-  
liams against Thomas Treanor, the su-  
preme court has upheld Judge Rhode's  
decision and declared Mr. Williams legal-  
ly elected. This will, no doubt, settle the  
dispute finally and place Mr. Williams in  
permanent possession of the office.

The retirement of Mr. Treanor will be  
a matter of sincere regret to the patrons  
of the recorder's office. He has not only  
proven himself a careful, painstaking of-  
ficial but he has made a noticeable and  
great improvement in the recorder's of-  
fice. As is well known, Mr. Treanor  
found the books and records of the office  
in rather a demoralized condition, as left  
by his predecessor, who it seems had con-  
ducted the affairs of the office carelessly  
for some time before the expiration of his  
term. Mr. Treanor has straightened out  
all tangles and now has the office in tip  
top condition, so say those who have ex-  
tensive business transactions with the re-  
corder's office.

The retirement of Mr. Treanor will  
cause universal regret regardless of party.  
His unflinching courtesy as well as that of  
his deputies has won for him a warm  
place in the estimation of Santa Clara  
county people who regret his retirement  
no matter how worthy and able his suc-  
cessor may prove to be.—*Santa Clara*  
*Journal*.

We understand on pretty good author-  
ity that Treanor is to appeal the case to  
the United States supreme court, in which  
case two years will elapse before a deci-  
sion is rendered. Another election will be  
at hand and Mr. Treanor will have served  
his full four years, but the question is,  
will Williams draw his salary for the four  
years if the highest court should decide  
in his favor, after Treanor had done all  
the work.

### Hawaiian Delegate Prefers Teddy.

Here is a good one from a St. Louis  
paper at the time of the national democ-  
ratic convention: He was a delegate  
from Hawaii. The delegation is under  
Hearst instructions as a sort of annex to  
California. This particular delegate was  
commissioned to represent the territory  
in the conference of the anti-Parker forces  
at the Lindell Hotel. The meeting con-  
vened in the Wisconsin headquarters.  
The first thing was to call the roll of  
states and territories. Some of the dele-  
gates made two-minute talks as the roll  
call proceeded, and when Hawaii was  
reached way down near the bottom, the  
Hawaiian delegate felt that he must say  
something besides simply answering  
"Here."

He arose and the meeting gave ear to  
the swarth-hued descendant of the Kana-  
kas. "Gentlemen," he said, "I come to  
your gathering as a representative of the  
territory of Hawaii." His English was a  
trifle uncertain, and there was a de-  
cided accent, but still it was plain enough  
in its peculiar way.

"I feel that I am hardly the person to  
represent my delegation," he continued,  
"for the reason that I am not as well  
versed on your political situation as are  
some of my colleagues. However, I un-  
derstand that one of your great contests  
for the presidential office is being deter-  
mined. There are a number of candi-  
dates, and you are about to decide be-  
tween them. I am not personally famil-  
iar with all of the candidates or their re-  
cords, but I do know Mr. Roosevelt is a  
most estimable gentleman and I believe  
that you should nominate him. Hawaii  
will stand by Mr. Roosevelt and—"

The delegate was interrupted at this  
point. He looked around and, seeing  
that his remarks was causing a commo-  
tion, gracefully bowed and sat down.  
For a minute the meeting didn't know  
whether to be serious or not. A storm  
of disapproval was rising when some one  
laughed. That settled it. Everybody  
laughed.

"Proceed with the roll call," then stern-  
ly announced the chairman, and the inci-  
dent was closed.

### Is Forging Right Along.

The Campbell Short Line of the Interurban railroad will be open as far as Campbell on Thanksgiving day—next Thursday.

On this day trains will run every half hour, so that people who wish to accept invitations to Thanksgiving dinners from their Campbell friends can do so without fear of keeping the dinner waiting by any delay in getting there.

The regular short line train service on all days save Saturdays, Sundays and holidays will be hourly, the short line car leaving the San Jose depot on the hour. The short line begins at San Carlos street and Bird avenue, but the car leaves the San Jose depot as stated above.

On Saturdays, Sundays and holidays there will be a half-hourly service on the short line. On the main line, via Saratoga, the service will remain as it is at present for some time, the car leaving as usual, half-past the hour.

The Campbell line will be in full operation to the Los Gatos bridge by the middle of December. This bridge is to be constructed in conjunction with the county, and will require further time to complete.

Extensive building improvements are being planned at the Interurban work yards and offices on San Carlos street near the narrow-gauge track. The buildings will include a new car shed, constructed of galvanized iron, two hundred by eighty feet in dimension, that will hold twenty-four cars; a brick storeroom, thirty by eighty feet; an oilroom, also of brick; additions and new fittings to the old machine shop, other improvements, all to be completed right away.

The extensive work on Market street now in course of construction will be finished in the near future.

Besides these important improvements mentioned, plans are being matured for the early construction of the company's San Jose and Palo Alto line.

Other extensions are being considered, and without doubt the energetic and progressive Interurban people will soon be prepared to give railway accommodation to many parts of the county that are now without it. This system is becoming recognized as the greatest friend of the country district. With rural free postal delivery, the country telephone and the Interurban car service, the rural dweller has all the advantages of the city at his doorstep and is saved the disadvantages of town.

Then, welcome the advance of progress when it comes by way of the Interurban cars.—*San Jose Ledger.*

Charles M. Shortridge, state senator from this district, announces that he will try to secure the republican nomination for governor two years hence. In his announcement he grills Abe Ruef in the usual Shortridgesque manner and claims that his candidacy is a foregone conclusion. He says: "I accept the responsibility; Abraham Ruef shall not make the next United States senator; he shall not make the next mayor of San Francisco; he shall not make, or own, or run, or control one hair in the head of the next governor of California." Our Charley is a perennial source of surprises.—*Palo Alto.*

### Interurban Time Table.

The San Jose, Los Gatos Interurban Railway company will commence to operate their short line as far as Campbell on Thanksgiving day, Nov. 24th.

On Saturday, Sunday and legal holidays cars will leave terminals, San Jose depot and Campbell, every thirty minutes; other days until further notice cars leave San Jose every hour and Campbell thirty minutes past the hour.

First car leaves San Jose depot, 6 a. m.; Campbell, 6:30 a. m. Last car leaves San Jose depot, 11 p. m.; Campbell, 11:30 p. m.

### INTERURBAN CARS.

#### The Service to San Jose from Campbell Begins.

This Thanksgiving day will mark a new epoch in the history of Campbell. The new Interurban electric cars started on the new service to Campbell, and considering that it was not generally known the traffic was very satisfactory, we should judge. The cars ran every half hour and many of our citizens took advantage of the opportunity to go to San Jose, Saratoga and Los Gatos, while many San Joseans were inspecting our town.

No doubt from now on we will see many strangers on our streets, who otherwise would never see the town but for the new service.

To say that the company have given us a good, up-to-date road is putting it mildly. Of course it will take a little time to get it in good running shape, but the details will soon be perfected.

There is considerable complaint, however, about having that new long switch placed on Railroad avenue, a street that is already very narrow. The company, no doubt, have their reasons, but it spoils that thoroughfare for travel to the depot.

On the other hand a corporation like this one, spending \$100,000 on a twelve mile short line, has shown great faith in the earning capacity of the road in expending that amount of money and the company has rights and we believe this company aims to do whatever is best for our people. It takes time, and let no one unjustly criticize until both sides of the question are heard. The time-table for the new service will be found elsewhere in this issue.

#### Appreciation Shown.

The employes of the Luehning packing house surprised Dan Evans and Mrs. Minnie Lewis this week by presenting them with appropriate Thanksgiving gifts. Mrs. Lewis, who is the forelady in charge of about seventy-five in the woman's department, was given a beautiful Morris chair. Dan was presented with a fine silver-mounted toilet set, showing their appreciation of him as manager.

#### Not A Sick Day Since.

"I was taken severely sick with kidney trouble. I tried all sorts of medicines, none of which relieved me. One day I saw an ad. of your Electric Bitters and determined to try that. After taking a few doses I felt relieved, and soon thereafter was entirely cured, and have not seen a sick day since. Neighbors of mine have been cured of rheumatism, neuralgia, liver and kidney troubles and general debility." This is what B. F. Bass, of Fremont, N. C., writes. Only 50c, at P. F. Farrington's, druggist.

#### Disasterous Wrecks.

Carelessness is responsible for many a railway wreck and the same causes are making human wrecks of sufferers from throat and lung troubles. But since the advent of Dr. King's New Discovery for consumption, coughs and colds, even the worst cases can be cured, and hopeless resignation is no longer necessary. Mrs. Lois Cragg of Dorchester, Mass., is one of many whose life was saved by Dr. King's New Discovery. This great remedy is guaranteed for all throat and lung diseases by P. F. Farrington, druggist. Price, 50c and \$1. Trial bottles free.

The magic lantern entertainment at Campbell hall Tuesday evening drew a large crowd.

Our former postmistress, Mrs. L. Weitzenberg, was here Monday, renewing old acquaintances.

The W. C. T. U. will meet at the residence of Dr. Cooper on Wednesday, Nov. 30th, at 3 o'clock.

The first installment of taxes are delinquent after next Monday. You will save money by paying by that time.

The socialists will meet on the second and fourth Monday evenings of each month at Campbell Hall. Everybody invited.

The public has a short memory; that's the reason a business to continue profitable must be advertised continuously.—*Hollister Bee.*

J. H. Campbell is moving his large barn to another part of the tract, the present location being right in the middle of the new Rincon avenue.

Gates closed, sir; next Salt River Excursion starts on November 9th, 1906. No

return checks given. No stop-overs. No back talk. No sympathy. No wonder. November!—*Mountain View Register.*

Chas. Herrmann was here this week surveying a road through the Curtis tract and Prof. H. C. Tillman was here Wednesday surveying the Stratton fifteen acre tract into lots.

The annual Thanksgiving day service will be held this year in the M. E. church, Rev. G. E. Atkinson preaching the sermon. There will be special music. The hour of the service is 10:30 a. m.

By the decisive vote of nine hundred and fifty-two for, and one hundred and seventy-seven against, San Benito county last week decided to abolish its present high school and establish in its stead a county institution.—*Gilroy Telegram.*

Flower Cotillion will be given Nov. 30 at I. O. O. F. hall, Campbell. Favors given to all. Two prizes given the belle and swell of the evening. Pictures of your future wife and husband, 10c each; also reading your palm. Admission, cents, 50c. Mrs. L. B. McCalla, San Jose.

Mrs. Weitzenberg and Mr. A. E. Rodman accompanied Miss Georgie B. Bollinger from San Francisco, where Miss Bollinger has been in the hospital for the past month. The lady has lived in this vicinity since childhood and has many friends here who will learn of her long illness with regret.

Services as usual next Sunday, morning and evening, at the Congregational church. In the morning the pastor will

give the last of a series of three special morning addresses. In the evening there will be a union temperance service. Rev. Mr. Jenness will deliver the address. A most cordial invitation is extended to all. The C. E. meeting will be the monthly missionary consecration service.

The electric lights went out Tuesday evening about 6:30 and for about thirty minutes tallow candles, lanterns, lamps, and any old thing that would serve as a light, were in demand—*Haywards Review.*

That's a co-incident; same thing happened in Los Gatos.—*Mail.*

That thing has happened many times in Campbell to the great annoyance of our people. It generally happens either during church time Sunday evenings or during a lecture.

In opening Rincon avenue it was necessary to take off 26 feet from the south side of the grammar school lot for the street, Mr. Curtis giving in exchange a like amount on the east. It necessitates the digging up of the large pepper trees, which seems a shame, but why could not they be transplanted? We do not know whether it is feasible or not but an effort should be made to save those trees for the children.

The board of regents of the University of California ordered the purchase of two tracts of land adjoining the Lick Observatory reservation, to round out that plat, which is at present in irregular shape. The tracts in question, one of 80 and one of 160 acres, are less than a mile from the observatory and a project is on foot to erect a saloon upon one of them, which the regents are very anxious to defeat. Both tracts are to be purchased for \$1,450.—*Gilroy Telegram.*

The Orchard Irrigating company is this week running its pipe line through the park. After the pipe is in place the park committee will put a narrow street with walks through the park and will arrange some settees for those desiring to wait for the cars or enjoy a bask in the sunshine. The street will be curbed, graveled and placed in splendid shape, while the sidewalks will also be made convenient for travel to and from the depot. This will add materially to looks and convenience of that section.

The Edwin Richardson ranch on the summit in this county and located near the headwaters of Deer creek, was recently sold to Rev. Geo. M. Beatty of Los Gatos and his brother, John Beatty, recently of East Liverpool, Ohio. The latter has arrived from the east and has already moved onto the Richardson place and will farm the same. Mr. Richardson reserved about six acres of the old place adjoining his brother's ranch, which latter lies mostly in Santa Clara county.—*Boulder Creek Echo.* Rev. Geo. Beatty was Campbell's first preacher.

The Proper Thing to Do.

It is now certain that the constitutional amendment, providing for three courts of appeal, was carried at the recent election. The judges for these courts will be appointed by Gov. Pardee, but thereafter the judges will be elected directly by the people. Inasmuch as the governor will appoint one or more of these judges from the democratic party, why shouldn't all hands—republicans and democrats—join in and petition Gov. Pardee to appoint

from the democratic side that sterling jurist, Hon. M. T. Dooling, superior judge of San Benito county, who was recently defeated for the supreme bench. Can a better selection be made? We think not. If the press of this section and the people who know and admire this eminent lawyer, would take this matter up and present their claims to the governor we feel certain that the appointment would be made.—Watsonville *Pajaronian*.
