CHART OF OTARU SHINBUN
ORGANIZATION
(July, 1937---Dec. 1941)

Director Association

The so-called Otaru Shinbun Company was carried out^{ever} since its^{first} edition by the Otaru Shinbun joint stock Company. In October, 1937, in order to adjust financial difficulties of its business situations, there was established the Otaru Shinbun Management Joint stock Company as the second company which executed properly its adjustment project. There seems to appear no change externally but the Otaru Shinbun Company was^{internally} carried out by the Two^{internally} companies, the Otaru Shinbun joint stock company and the Otaru Shinbun Management joint stock Company.

Consequently there were written in the list of important members official of both companies the names of the above members of the Otaru Shinbun Company.
