## THIRD LIBERTY LOAN CAMPAIGN IN NARBERTH

A team is being organized in Narberth by Hon. Fletcher W. Stites and others to co-operate with the Main Line drive for the sale of bonds of the third issue, Liberty Loan, which will begin on Saturday, April 6. Every Main Line town is expected to do its utmost to make this loan a success. The citizens of Narberth are requested, so far as possible, to make their subscriptions through the Narberth committee. In the past Narberth has done its full share. For the honor of the town, and for the good of the noble cause in which we are engaged, for the safety and honor of our women and children, and the preservation of our homes from the designs of a cruel and ruthless enemy, let us put every dollar we can spare into this loan. Remember, it is an investment that will not only yield a good material return, but will hearten and encourage our noble boys at the front, who are willing to lay down their lives for us.

### CLEAN UP THE UNTIDY SPOTS OF NARBERTH

It would be well for Narberth to emulate the example set by one of the Philadelphia newspapers and have photographs taken of all unsightly spots in the borough, reproducing them in Our Town; this method might inspire the owners of these places to clean up and thereby improve the general appearance of Narberth. Criticisms of this method are solicited.

Are you helping to bring up Narberth's quota of War Saving Stamps?

### THE HOME GUARD SMOKER

A Melange of Speeches, Songs, Cornet Solos, Mystic Magic and Jazz Band—Sergeant Brown Explodes a Bomb

The smoker given last Thursday evening by the Home Guard was a typical entertainment. Hundreds of such have been held throughout the land. A pleasant social gathering, characterized by good-nature and more or less tinged with mutual admiration.

There was Dan McGarrigan's justly celebrated jazz band. Every member of this dispenser of acutely syncopated harmony was on his toes. A whirling dervish had nothing on the leader, who, while he led the most amazing "rags," whirled with such velocity that his coat-tails expanded like the governor of a stationary engine running wild. He became invisible, in fact, nothing but a blur, like a huge humming top, from the centre of which issued the wild wails of his robbing, throbbing fiddle. Spurred on by this, the pianist whirled on his stool, always pouncing on the keys at the right instant during his revolutions. The little man in the tin-shop, otherwise the trap drummer, surrounded by a dozen or more weird mechanisms, kept hands, feet, elbows busy with jazzy syncopations on drums, triangles, cow bells et cetera. Through it all percolated the mournful wails of the melancholy saxophone and the brazen clangor of the cornet.

Then there were solos. Mr. Sebastian Rudolph's suave and mellow tenor voice was heard in two appropriate songs, most artistically sung, while Bugler Fred C. Patten aroused great enthusiasm by his cornet solos. The silvery tones of his cornet had scarcely died away when the leader of the jazz band played "Mother Machree" and another equally beautiful solo, with much artistic feeling, demonstrating that his talents were not exclusively devoted to popular "rags." Interspersed with these were songs and choruses by the audience, including such popular favorites as "Over There," "They Go Simply Wild Over Me," "Where Do We Go from Here," "Grasshopper Song" and the like. Then there was a magician, who caused much mirth by the way he extracted coins from the ears and noses of the audience and passed them with ease through the various portions of his

### WOMEN'S COMMUNITY CLUB OF NARBERTH TO BOOST LOAN

The members of the above organization will lend every endeavor to make a good showing for Narberth in the next Liberty Loan drive.

Captains will be appointed and every other women's organization in Narberth will be called upon and asked to lend their aid in making it a success.

Mrs. C. P. Fowler, who is president of the Women's Community Club, has been appointed director of the Women's Liberty Loan for Narberth.

Plans are being laid for a house-to-house canvass as the main feature of this campaign in an effort to reach every home.

The school will also co-operate with the Women's Committee, and the Women's Committee will also assist in any way possible the Men's Committee, of which Mr. Fletcher W. Stites is chairman, so that no channel will be neglected through which subscriptions may come.

As this is the first time Narberth has been represented in this above capacity, it is urged that every one in Narberth anticipating the purchase of bonds will do so through their home committee.

### LIQUOR LICENSE GRANTED TO 209

No Contests of Any Kind—One Permit Less in County

License Court for 1918, which was opened Monday at Norristown, was ended Tuesday about five minutes after the opening of court, when Judges Swartz and Miller handed down grants for the 209 applicants, one less grant than last year.

Without a contest of any kind this year, the county loses one license, from the total of last year. Frank C. Mooney having failed to apply for a renewal of the Franconia Hotel.

No application was made either for the relicensing of the Veranda House, Norristown, which has been bought by the Y. M. C. A. for a building site. This loss, however, was balanced by the gain of a new license, one for the Palm Hotel.

Last year there were 214 applications, of which four were refused, leaving a total of 210 licensed places for the year.

The story of the rise and fall in the number of licensed places in Montgomery county is interesting and is told in the following table of figures culled from the records extending over a century and a half:

1758	20
1786	72
1883	246
1910	240
1911	234
1912	235
1913	232
1914	220
1915	211
1916	212
1917	210
1918	209

The high water mark for licenses was in 1883, and by 1910 the total had been diminished by only 6. It was about then that a wave of "reform" began to spread over the country which manifested itself in determined and organized efforts to have licenses whose owners were violating the law revoked. This movement extended until this year and succeeded during the seven-year period in wiping out 24 licensed places.

The movement was abandoned this year, because the foes of King Alcohol hope to effect on a more wholesale scale by new law what they tried to effect in retail by the existing law.

### BAPTIST USHERS TO ATTEMPT UNIQUE CELEBRATION

Hoover Dinner Instead of Banquet—Red Cross to Benefit

The Ushers' Association of the Baptist Church on account of war conditions will this year do without their annual banquet, and instead, on Thursday evening, April 18, at 6.30, give a "Hoover dinner," serving only those things approved by Food Administrator Hoover.

Either Lieutenant J. D. Nowson or Lieutenant J. P. Skidmore, the former of the Royal Field Artillery of Great Britain, and the latter of the First Canadian Expeditionary Force, will speak. Definite announcement later; either one has a very important message. The meeting will also be addressed by Hon. Fletcher W. Stites, member of State Assembly and candidate for the National House. Good music. A fine patriotic meeting for all Narberth folks, whether Baptists or not. Tickets will soon be on sale. The entire net proceeds to go for benefit of local Red Cross.

### CORD WOOD PRICES

Fuel Commissioner Will Prosecute Dealers Gouging the Public

Fuel Commissioner Harry B. Tyson stated last Tuesday morning that two men in the vicinity of Norristown were charging \$16 to \$18 a cord for wood. He stated that this price was much in excess of the price fixed by the Government, which was \$9 a cord.

"I have the authority and I will see that these men are prosecuted if they continue to gouge the public," said Mr. Tyson. While the Government has announced that \$9 would be a fair price for a cord of wood, the dealers would be justified in asking about \$11 a cord under the circumstances. That would include hauling and cutting."

### GOVERNOR NAMES ARBOR DAYS

Friday, April 12, and Friday, April 26, have been designated by Governor Brumbaugh as the spring arbor days for Pennsylvania. In his proclamation he makes appeal for the planting of fruit and nut trees as well as advancement of general reforestation.

### Y. M. C. A. Directors Meet

The regular monthly meeting of the Board of Directors of the Narberth Y. M. C. A. was held Monday evening, April 1, 1918, with Vice President Loos in the chair.

A report was received from the Ladies' Auxiliary regarding the recent birthday party, which was very gratifying and much appreciated.

The Membership Committee reported a net loss for the month of five owing to twenty-one expirations occurring at that time. Our new general secretary, Mr. Henry M. R. Bowen, has assumed the office and will be very glad to meet our membership. Make yourself acquainted and give him a welcome hand.

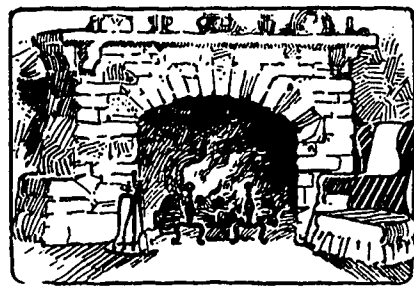

The following monthly report was received from Mr. Nyce, previous to his departure:

"The month has passed very quietly in association affairs. The membership drive has slowed down, and apparently ceased, and the membership remained nearly stationary. The coming of fine weather has reduced attendance and patronage of the game room. An average of sixty have been present on the twenty-six days the rooms have been open. These averages never take into account attendance at the meetings of the Red Cross, Community Club, Ladies' Auxiliary, Community Bible Class.

"The order maintained has been about as good as could be expected from boys in the present state of their development. An effort has been made to secure rigid compliance with all rules, and the secretary has no complaint to make. He desires to say in this connection that the boys of Narberth, with but very few exceptions, have proved themselves to be just plain American boys, fun loving and high spirited, but controllable and capable of development along any right line, and the friendship they have shown him he has appreciated very much.

"The secretary now relinquishing the office desires also to thank the directors for their uniform kindness and helpful co-operation, and to assure them that the four months he has spent in their service will always be looked upon as a bright spot in his experience. He leaves with the heartiest of good wishes for the future prosperity of the institution and the success of Mr. Bowen, the incoming secretary."

A letter from Mr. Henry K. Boyer, Federal Food Administrator for Montgomery County, announces that he has removed his office to 320 De Kalb street, Norristown, second floor. Bell phone 191. This is the office to where all flour reports should be sent immediately. Have you made your report?

**EDITORIAL**

Oh! that we had a thousand Sergeant Browns to awaken us to a realization of the perils of the hour.

Turn a deaf ear to the cheerful optimist, who sees the end of the war in a few months, and relaxes all efforts to help win it.

There is no Federal legislation regulating the playing of the national anthem, but some States have statutes forbidding playing it as a part of a medley.

Although bakers who use less than three barrels of flour and meal a month are not required to secure Food Administration licenses, a recent rule gives them the right to come under license.

The "service flag" is not official, but its general use is encouraged by the Government. It has been patented by private parties. The matter of having an official service flag not so controlled is under consideration by Congress.

Already the home gardens are being prepared. The outlook is fine for a large crop of vegetables to help out the short food supply. Every pound of food raised helps the good cause along and helps us feed the starving people abroad.

Inquiries are being made as to a flower show this season. We have no doubt that our amateur lovers of flowers will not neglect this delightful custom and hope that the show of 1918 will surpass all those of former years. Prepare your gardens with this in view.

George B. Mellett, of the Federal Land Bank of Baltimore, is appraising the farms of the twenty-eight applicants for loans in the newly organized

Montgomery County Farm Loan Association. Many of the applicants have made plans, if their applications are accepted, to considerably increased production on their farms.

Sales of War Savings stamps have run as high as \$3,000,000 a day. This amount provides the Treasury with about one-tenth of the entire amount now being expended by the nation for the war. While \$3,000,000 is only 3 cents a day for every man, woman and child in the country, the entire cost of the war is but 30 cents per capita a day.

March made its exit in a very lamb-like manner, and we can now with some confidence bid farewell to one of the longest and most trying winters ever experienced in this latitude. Experience is a good teacher and we have no doubt that all provident citizens who are able to do so will order their supply of coal for next season now.

Over \$41,000 in 5-cent Smileage coupons has come in from the big camps to headquarters at the Commission on Training Camp Activities in Washington. These coupons represent admissions to the theatrical events at the camps. Soldiers from the smaller towns received their books early, because of the prompt response of these places when Smileage books were placed on sale and in many cases have used them up.

Montgomery County will have at least three State tractors to help increase its food production. Farmers in the vicinity of Oaks, Collegeville and Colmar have subscribed enough acres to warrant a tractor in each of these communities. J. Edgar Brown, a representative of the State Department of Agriculture, has interviewed the farmers in these communities who made application and forwarded their contracts to Secretary of Agriculture Patton, and ordered the tractors delivered at once.

Mr. Brown, who has been working from the Farm Bureau Office of Norristown, states that 120 acres of plowing is a minimum amount that must be subscribed in a community to make a State tractor possible. He further states that a number of applicants from sections in the county outside of the above communities have come, but are difficult to handle until enough for 120 acres of plowing comes from near one point. The subscribers will have the first service, and if more spring work is possible, they will be glad to plow additional acres. Some disking and harrowing will also be done, but the plan is to do the plowing first, since in most cases there are teams to prepare the plowed ground for planting.

Sandusky tractors will be sent to Bucks, Delaware and Montgomery Counties. Two operators will be employed for each tractor, so that it can be operated from daylight until dark, or, if necessary, lights will be used to run them during the night.

To the Editor of Our Town:

In last week's paper in Cub's column a short article with regard to the untidy appearance of "one spot on Haverford avenue, not far from Y. M. C. A." This spot, needless to mention the name of the owner, is indeed a disgrace to any town! Many people have complained about it, and people visiting here at that! I think, and I am sure every one in Narberth thinks the same, that this corner should be attended to, for the betterment of our borough.

Interested!

**CUB'S WEEKLY LETTER**

To the Editor of Our Town:

Among Narberth's numerous claims to distinction is that of sheltering the world's most absent-minded man. The fellow that went home and put his clothes to bed and hung himself on a hook in the wardrobe had nothing on Walter Odiorne.

Walt was out in that poor tired looking Ford of his the other night, and feeling flush, decided to stop at Davis' and buy a 5-cent cigar. He would have enjoyed a real cigar better, but being aware that anything over a 5-center would be out of place in a Ford, he acted accordingly, at least he intended to, but—well, here's where the tragedy comes in. The so-called cigar absorbed all his attention, as well it might, considering—and the poor jit was left out in the cold, literally and figuratively speaking, and Walter walked home without giving it a thought. Can you beat that? The next evening he went to his garage and found no Ford. Wonder if he expected it to go home of its own accord? Anyway, he made a fuss, accused a lot of people of stealing the thing (just think of stealing a Ford) and raised—well, an awful racket. As a matter of fact, our alert, eagle-eyed police force, Ben Hill, had arrested the machine the night before and, not knowing who the owner was, put it in the pound. That's where Walter found it finally. You or I, Mr. Editor, would have been glad to let well enough alone and give thanks for our good fortune, but Walter actually has an affection for the thing and took it home.

Frank Zentmayer says: "There are a lot of poor prunes hanging on most family trees."

Did you notice the cartoon in Thursday's Ledger showing a lot of Narberthians dashing for the 8.13 which was just moving out of the station? There were Bill Bailey and Councilman Wentz tearing down Essex avenue and right after them came a well-known young lady who lives on that thoroughfare. At the station was the so-called life guard who was trying to prevent the Swamp Hollow crowd from jumping on the rear platform of the moving train. Ed Griswold was making a flying wedge through the guard and wore an anxious look, as though he really needed that train in order to punch the time clock before the boss got to the office. One of the crowd (looks like Carl) had tripped over his long fur overcoat and Lieutenant Dold was frantically making a rush over the former's prostrate body. The most reprehensible 8.13 offender in town wasn't pictured at all—Sebastian, you know. But that only shows the poor service we get from those second-rate city papers.

Those electricians start very quickly and it won't do to take the same chance as Principal Melchior took the other day. He was on the platform delivering one of his well-known brief homilies to a friend when the train pulled in and he was still at it when the cars began to move out. Our good old schoolmaster has long legs and he didn't get left, nor was he injured, thank goodness, but we do not all have the advantage of being built according to similar extended perpendicular architectural lines and most any one of us would have come a cropper had he essayed the same stunt.

The writer of the article below the cartoon says that we eat our breakfasts on the way to the station, but he flatters us when he says that eighteen hastily improvised ham and egg sandwiches went sailing by the firehouse Monday morning in the hands of their respective owners who were chasing after the express. As though there were eighteen people in Narberth who could afford ham and eggs these days.

So Fred Walzer is going to start a team in opposition to the derelicts. He says he'll do in the future as he has done in the past, but I hope he doesn't mean that, judging by the way last year's team fivered out about July 4.

Local historians tell us that in the old, old days Narberth's sidewalks were made of wood. In those times the town was infested with rats which made their nests under the wooden walks. The old pioneers, especially those with sporting proclivities, were wont to sit on their porches with rifle in hand and watch for the rats. One

Main Line Federation Secretary Opens Office Hours in Narberth

Mrs. Cloud, acting secretary of the Main Line Federation of Churches, who is taking Miss Scott's place, will have office hours in the Y. M. C. A. on Mondays from 3 to 4 P. M.

Remember, the service of the federation is open to everybody needing help. Mrs. Cloud will gladly advise on all matters pertaining to social service.

Narberth is particularly fortunate in having the federation send their secretary to Narberth once a week. Let us convince the committee that their move was worth while.

Watch for further announcements.

**War Savings Stamps PLUS BOY SCOUTS**

Postmaster Haws and Scoutmaster Emmet have perfected a plan which will give every Narberthite the opportunity to purchase any number of W. S. S. at the home door, through our Narberth Boy Scouts, thereby not only making a good investment and aiding the Government, but enabling our own Boy Scouts to compete for a medal offered by the National Council of the Boy Scouts of America.

You give your order for W. S. S. on a "red post card" blank furnished by the Scout who calls and you pay no money until the stamps are delivered to you in good condition and in the quantity you order.

Read what the Secretary of the Treasury of the United States writes, then save and await the call of the Boy Scout assigned to the district in which you live.

"To the Boy Scouts of America: "Your splendid work in the Liberty Loan campaigns proved that the Government can count on you and your organization. Knowing that you are always ready to serve your country, and realizing how widely War-Savings Stamps may be sold through your efforts, I take pleasure in presenting you another opportunity.

"The 'Red Postcard plan,' prepared by your Chief Scout Executive, presents a simple way to make your patriotism count. I am confident that the 'Red Postcards' returned to me at the end of the year will show how splendidly the Boy Scouts of America have contributed to the victory that will be ours.

**W. G. McAdoo,**  
"Secretary of the Treasury."

Woman Suffrage party will be held on Friday, April 12, at the home of Mrs. W. J. Mulholland, 102 Chestnut avenue. Any one interested in suffrage is cordially invited to be present.

Subscriptions for "The Woman Citizen" are far from reaching the 100 mark. For \$1 a year you receive this paper weekly which is filled with interesting and instructive reading on all subjects in which women are interested. Send your subscription to Mrs. Charles W. Young, Box 20, Narberth, Pa.

Do you want to enlist in the Cavalry, Infantry, Field Artillery, Coast Artillery, Quartermaster's Corps (for cooks and bakers), Signal Corps (for radio and telegraph operators), or the Medical Department of the Regular Army? See Postmaster Haws, who is an assistant recruiting officer.

**PLANT A FLOWERING TREE**

And help to make our town the most attractive village in the Philadelphia Suburban District

The double flowering peach is the quickest growing flowering tree and the most showy. Plant the tree where it can be seen from the street. I offer them at cost to help introduce the plan. 25 CENTS EACH, FIVE TREES FOR \$1.00.

The Japanese flowering cherry is, on the whole, a finer tree, but not so strikingly showy, nor as fast growing. \$1.00 EACH OR SIX FOR \$5.00.

Place a quarter or a dollar in an envelope with your name and address, state what you want and we will do the rest. These trees are being offered at less than cost. If you want any, please take advantage of the offer at once.

On Sunday morning, April 14, we are to have the opportunity of hearing one of the most thrilling messages of modern times. Rev. Y. H. Shahbaz, of Urmia, Persia, will tell of his experience in being held captive by the Turks. The story he tells of Turkish atrocities in Armenia and Persia, one of the most horrible in history, is from personal knowledge. During six months of his captivity his son and hundreds of converts were massacred by the Turks and Kurds. Do not fail to hear this wonderful story.

The services last Sunday were very largely attended. Three times the church building was filled for service. The quartette in the evening, and the double quartette in the morning, rendered service of unusual merit.

A very warm welcome awaits all who are not regularly attending divine service elsewhere to worship with us.

## SCHOOL NOTES

Last Monday was tree-planting day for the children. Experience has shown that it is unwise to always wait for official Arbor Day.

Mr. Wohlert, of the Narberth Garden Nurseries, kindly donated twenty-five flowering and fifteen shade trees. All of these were prime stock. His generosity is greatly appreciated by the students and the Board of Education.

Our friend the Cub cannot take the credit for having allowed Addie an opportunity of philanthropy. We know Cub will say, "My article made him come across," but not so. Our principal has a letter on file dated nearly a year ago in which Mr. Wohlert offered these trees. They were not planted then because the school grounds were being regraded. Cub, that's the time Addie put one over on you! We understand the board has been offered an additional number of fine trees. Perhaps this is in response to your suggestions.

The Easter exercises were conducted on Thursday morning, after which the school adjourned for a brief Easter vacation. School reopened on Monday.

Commencement week will begin June 16 with the baccalaureate exercises, and closes with commencement on Friday, June 21.

9.45—Sunday school. Men's Bible Class in the auditorium, led by Hon. F. W. Stites.

11.00 — Morning worship. Sacrament of the Lord's Supper. Sermon by pastor, "What is Consecration?" After the morning service the Women's Bible Class meets, led by Mrs. McCracken.

7.00—Epworth League. An interesting and helpful service for young people.

7.45—Evening service. Pastor will preach on "Have You Lost Your Soul?" The choir will sing at the morning and evening services with Professional and Recessional.

This Friday, April 5, at 8.15 P. M., an entertainment by home talent will be given for the benefit of the Ladies' Aid Society. Tickets, 25 cents.

On Wednesday, April 3, 8 P. M., the pastor will begin a series of talks at the prayer meetings on the topics, "What Did Jesus Teach?" The pastor had used these in conducting his large class of students at the University of Pennsylvania. These discussions are of vital importance. You are welcome.

responding to the call to make the entire Narberth School an auxiliary to the Junior Red Cross. A definite organization has been formed consisting of faculty officers and committees and student officers and committee chairmen. The plan of work will be discussed in a following issue. All money and material contributed will be under the strict supervision of this organization. Parents can feel assured that there will be no haphazard work done.

The faculty had the pleasure of the presence of Mr. McCarter and Mr. Ridge at their faculty meeting on Tuesday. Mr. McCarter addressed them informally, including a report of his attendance at the Atlantic City convention. After that Mr. Ridge enjoyed the pleasure of informing the teachers they had all been recommended for re-election and that in view of their service and abnormal times, they were to receive a well-deserved increase in salary.

"Every High School boy a Scout." is this week's slogan.

Almost without exception the High School pupils have enrolled in one or more of the committees for Junior Red Cross work. Committee No. 1, the Boys' Collecting Committee, is now at work soliciting stamped magazines, which they in person will deliver at the postoffice, old magazines from which the Art Committee prepares stories for hospital beds, leave overs of yarn for the elementary pupils to knit into squares, old woolen clothing for shoddy, or if good enough, for distribution through relief committees.

Citizens are liberally responding and appreciate the careful organization of this work under the leadership of Miss Sailor, faculty chairman of this committee.

The "mew time" did not affect punctuality on Monday morning. Tardiness is practically nil. The pupils appreciate the privilege they will have of one hour more of daylight after the close of school, for many of them have expressed the desire to do garden work.

Persons having an over-supply of early cabbage, cauliflower, tomato and other plants, can encourage boys and girls by notifying Mr. Melchior, who will see that worthy pupils call for them.

Although the school will not officially conduct school gardens it will cooperate with the Community Garden Club in every way possible. The school will gladly give scientific information on gardening, and whenever possible will assist in planting. Many disappointments result from an improperly prepared seed bed and planting at a wrong depth, wrong time, too crowded, and with soil too heavy. Mr. Melchior has started a series of five-minute object lessons in growing crops. The first showed strikingly parsnips grown respectively over long manure, in shallow soil, in deep, stony soil, in deep fine soil.

Watch for announcement of the exhibition to be given by the physical culture department.

#### THE FIRESIDE

(Continued from First Page) nue, has been visiting Private William Dennison, at his home in Bridgeton, N. J.

Mr. and Mrs. William S. McDowell, of Montgomery avenue, spent the Easter holidays at their cottage in Ocean City, N. J.

The Easter music will be repeated at All Saints' Episcopal Church next Sunday morning. You are specially invited to be present.

Men and young men of Narberth are invited to come to the fire house on Thursday evenings at 8.15 and drill with the Home Guards.

Mr. and Mrs. Carroll Downes, of 315 Woodside avenue, are entertaining Mrs. Albert Downes and Miss Salome Downes, of Dover, Delaware.

Remember when you buy a Liberty Bond you are giving nothing, merely loaning your money to your Government at a substantial interest.

William H. Durbin, our all around athlete, bade his friends in Narberth good-bye on Sunday, being scheduled to leave for "over there" very soon.

## RECEPTION TENDERED NEW METHODIST PASTOR

On Monday evening, April 1, there was a reception tendered the Rev. and Mrs. Frank M. Gray by the members and friends of the Methodist Church. A very enjoyable program had been arranged by the trustees and with Mr. Kreamer, the president of that body, acting as master of ceremonies, there is little room for doubt as to the suitable introduction given the various speakers.

A hearty and well seasoned welcome, taken from the shelf of experience in Methodism, was given by the Rev. H. M. Chalfant on behalf of the church.

This was followed by a royal welcome and offer of co-operation by the Rev. Van Ness, of the Presbyterian Church, on behalf of the churches of the community and the ministerial union.

It was fitting that at this period in the program Mrs. Ward, on behalf of the ladies of the church, presented Mrs. Gray with a beautiful bouquet of red carnations as an expression of the devotion to and the kindly fellowship with her which it is hoped the future holds in store.

The congregation then arose and welcomed the new pastor and his wife in an inspiring outburst of "Welcome" song.

As a fitting close to this part of the program, the pastor, in responding to the various forms of welcome, made some extemporaneous state-

ments which surely more than adequately pictured the ideal relationship of pastor to congregation and vice versa, and this picture, if properly reproduced and hung upon the hearts of each and every one, cannot help but bring about the character of Christian fellowship and co-operation which makes Satan number the days of his existence in any righteous community.

Everybody having by this time emptied themselves in an attempt to heartily welcome the pastor and his good wife, all present retired to the Sunday school room where delicious refreshments were served by the ladies, while being favored with vocal and instrumental selections by Mrs. Foote, Mrs. Taylor and the Misses Chalfante and Cole.

The story of this wonderful evening would hardly be complete with reference to the awarding of impressive prizes to Mrs. Dr. Hartley and Mr. Foote by Mr. Chalfant as a reward for the expression of their thoughts as to the outcome of the Suffrage amendment.

If you were not present you missed an opportunity not to be regained in hearing the new pastor's own lips his heartfelt expressions of the place he hopes to share in your life, home and community during his stay in Narberth, but attendance at some future service will give him an opportunity to exercise that ever present smile and Methodist grip which no less adequately convince one of his desire to be of service.

### THE FIRESIDE

(Continued from Third Page)

Merion avenues, is confined to his home with measles. William is taking a chance at everything that comes along this winter.

Mr. and Mrs. A. Lincoln Jacoby and Miss Florence Jacoby have returned to their home on Iona avenue after having spent the winter in apartments in West Philadelphia.

Mr. and Mrs. Thellwell R. Coggeshall, 217 Forrest avenue, announce the engagement of their daughter, Mrs. Julia C. Schermerhorn, to Mr. Perry L. Weddell, of Philadelphia.

Sales of Thrift Stamps and War Savings Stamps at the Narberth Post-office last week amounted to over \$1500. The Boy Scouts were on the job. This was the "banner" week.

After the straight-from-the-shoulder talk by Sergeant Brown at the fire house last Thursday evening, there should be a substantial increase in the membership of the Home Guard.

The Garden Nurseries has received an order from Mrs. Frank O. Lowden, Executive Mansion, Springfield, Illinois, for a quantity of the famous Narberth Japan rose flowering cherry trees.

Rev. R. F. Cowley, who left for Florida in February on account of his health, has been spending the month of March in Southern California. His return to Narberth is looked for about the first of May.

Now that spring is here make an extra effort to give more time to the Red Cross work. You know now the Americans are taking such an active part in this big fight, there will be more calls for surgical bandages, etc. So do your part.

The profound sympathy of the community is extended to Mr. and Mrs. Edwin C. Hunter, of Merion avenue, upon the very sad affliction which has befallen their home in the death on Sunday morning of their little son, Edwin C. Hunter, Jr.

### Don't Miss It!

Of course you are going to the reconstruction bazaar at the Masonic Hall in Ardmore on April 5 and 6. Be sure and see the exhibit of the Main Line Federation of Churches. It is "Reconstruction at Home."

The "ever green" class of '18 is about to present to you its latest accomplishment in the form of its class play, "Mrs. Haywood's Help" is the title, and it will be given Friday, April

12, in the school assembly at 8.15 P. M. The admission will be thirty-five cents to all. Don't forget the time and place. You can't afford to miss anything produced in the Narberth school.

On and after April 1, 1918, parcels for members and individuals connected with the American Expeditionary Forces in Europe shall not be accepted for mailing or dispatched unless they contain such articles only as are being sent at the written request of the addressee, approved by his regimental or higher commander or an executive officer of the organization with which he is connected.

Mrs. Charles W. Young, of Fairview avenue, recently presented all of the scholars of the school in that district with a Thrift card, having a 25-cent Thrift Stamp attached thereto. By doing this Mrs. Young has given the youngsters of the community a splendid incentive for saving. It will not only benefit each individual, but in the aggregate will be quite a help in providing Uncle Sam's boys with the things they need.

Have you sent in your flour report to the county food administrator? The report blanks are printed only in the newspapers. The papers have printed these blanks as a patriotic duty and the people must fill them in and send them to the administrator under penalty of having their homes searched.

The object of the blank is to ascertain if any one is hoarding wheat flour. Hoarding is prohibited under a very severe penalty.

Make your report even though you have no flour in your home.

On Friday at 10 P. M. an alarm of fire was received by the Narberth Fire Company from the Belmont Kennels, on Montgomery avenue near Narberth avenue. The company was quick to respond and in less than five minutes it had the fire under control. The way the men of the company was very gratifying, as there was no delay in confining the blaze to the roof of the stable where the blaze originated. If the fire had not been held under control the other two stables, less than ten feet away, would have caught fire. Although the Cynwyd and Ardmore companies arrived late, they gave considerable assistance to our local boys.

### THE HOME GUARD SMOKER

(Continued from First Page)

an orator, but his rude eloquence electrified the audience and made them feel a bit ashamed at the little boy had done.

Sergeant Brown drew a vivid and startling picture of the war "over there," and of the cruelties and abominations he had personally witnessed. But for the British fleet, said he, we would now be suffering as the outraged people of Belgium, France, Serbia and all other countries devastated by the Huns are suffering. And the danger is not over yet. He said he was not talking to babes and sucklings or Sunday school teachers, expressing himself in the plainest and most direct Anglo-Saxon. Graphic pictures were drawn of going over the top, which he did not think was much of a stunt. He had been eight times in the hospital and for forty days at a stretch up to his waist in water in the trenches, and "I'm not an angel yet." He told how the "d—d Germaus" tied old men, women and children together on long ropes, to protect them against Allied fire, on their retreats. He told why the town of Loos had not been taken by the British. The Huns have filled it up with old men and children, so that the Allies dare not bombard it, and it is too strongly fortified to be taken by infantry assault. In the city of Armentieres, with a population of 10,000, every woman had been assaulted. He had frequently met children of from 4 to 10 years of age, wandering about, separated from parents and not knowing where to go. All these things may yet happen to us. In the strongest terms he demanded that we should wake up to the reality of this war and really get busy. His talk made a deep impression which will doubtless be reflected by liberal subscriptions to the new Liberty Loan, and by greatly increased membership in the Home Guard.

Mr. Stites closed the meeting with one of his usual forceful and eloquent appeals for a successful and patriotic endeavor by all citizens.

## OFFICIAL HOUSEHOLDER'S FLOUR REPORT

WRITE CAREFULLY

No householder is permitted to purchase over 49 pounds of wheat flour nor to have more than 30 days' supply. Every householder must report immediately (on this form) to their County Food Administrator. Make report of all wheat flour on hand whether it is excess or not and urge on your neighbors the importance and necessity of making this report promptly.

Number in household.....adults.....children under 12.  
Wheat flour on hand (all flour containing any wheat).....lbs.  
Thirty days' requirements (when used with substitutes according to 50-50 agreement).....lbs.  
I agree to hold myself subject to the order of the United States Food Administration.

Name .....

Postoffice .....

Street and No. or R. F. D. ....

Maximum penalty for hoarding is \$5,000.00 fine and two years' imprisonment. These blanks will not be distributed. You must fill in your own blank and mail or deliver it to your County Food Administrator. An immediate report will avoid possibility of search and prosecution.

The above department should be of the greatest use to the community, the list contains the name of every professional man, tradesman, mechanic, shopkeeper, etc., who does or can in any way serve his fellow-townsmen, and who is progressive enough to add name to list of Register.

As it is difficult for those contributing their time and efforts to the production of "Our Town" to personally either know or interview all such, it would be most helpful if those not now found in the printed list would send in a memo of their names, address, phone numbers and businesses or professions for listing. This will cost as follows: 10 cents each issue for 2 lines; 5 cents for each additional line.
