

What! You Haven't Seen
Narberth Play?

OUR TOWN

Are You Posted on the Tax
Question?

VOLUME I. NUMBER 43

NARBERTH, PA., THURSDAY, AUGUST 5, 1915

PRICE TWO CENTS

SEE NARBERTH FIRST— AND SEE IT RIGHT NOW.

Our home town has never looked brighter and more up-to-date than it does right now.

The new bank, the Narberth branch of the Merion Title & Trust Company, in the Arcade Building opened on Monday.

C. P. Cook has had the painters busy on his Haverford avenue properties, between Forrest and Narberth avenues.

A new sign proclaims the fact that Ye Village Blacksmith is on hand at the old stand, and Howard's Pharmacy sparkles like a veritable diamond.

And all over town the lawns and gardens are at their very best. The frequent rains and the abundance of sunshine have crowned with brilliant success the industrious gardening of our fellow citizens.

From any angle the town looks good. Stroll around the borough a bit next Sunday and look things over.

Room for some improvements? Certainly there is—for a town is human just the same as people. But, you know, "there's so much good," etc.

A first rate "Year Round Home Town," and it never looked better than at does right now.

SEVEN MORE CHANCES TO SEE THE CHAMPIONS.

Narberth has seven more games to play this season. Five will be played on our home grounds, and two at Paoli.

This coming Saturday we play Gulph Mills; August 14, Dun & Co.; August 21, Gulf Mills; August 28, Paoli, (away); September 4, Overbrook; September 6, Labor Day, A. M., Wayne; P. M., Paoli (away).

If you haven't been out to see the local team it is not too late to atone for your sins of omission. They're putting up a great game. Come next Saturday.

HIGH PRAISE FOR NARBROOK'S ADVISORY ARCHITECT.

Because of our interest in "Narbrook," all of us, we believe, will be interested in the highly complimentary reference made by the Public Ledger the other day to D. Knickerbacker Boyd, advisory architect to The Civic Association in the development of our new model community and residence development. It follows:

The illustrations are of houses by D. Knickerbacker Boyd, who has been with other Philadelphia architects among those foremost in recognizing the importance of the adequate and appropriate setting of the houses for which the suburbs of this city are justly renowned. They show two houses, entirely different, yet both indigenous to the soil of Pennsylvania, having the same antecedents, the ever-popular "Colonial" type of architecture.

The one is a development of the informal type, and all of the planting and flowers follow the same informal lines. Notice the relation of the sundial to the flowers, the irregular lines of planting and the excellent use of flowering plants. In spite of its informality, there is no loss of dignity to the house, which is the decided gainer, because of the juxtaposition of lawn, paths, flowers, etc. Sundials are, of course, of practical value, but their chief charm, when not forming the end of a vista in a formal garden, is in accenting the naturalness of the floral display by placing in conjunction with it something so obviously introduced by the hand of man.

The other house shows a treatment of the balanced type of Colonial house. It has just the right amount of shrubbery and lawn, with the path in the right place when the entrance drive is at the side. From the latter there is a stepping stone path to the front entrance. The main porch is for privacy, at the end separate from the entrance porch. All around this porch, in connection with the evergreens and other planting, there is a private hedge. There is a growing tendency to introduce hedges around modern porches, which in the best practice are, of course, of concrete or other lasting material set close to the ground. A hedge forms the necessary

(Continued on Second Page)

HOW DOES NARBERTH COMPARE WITH THIS MODEL TOWN?

(Every citizen of Narberth, particularly those who are fortunate enough to be parents, should read carefully this exceedingly interesting article by Charles Moreau Harger—a Kansan newspaper editor, and published in The New York Independent.—Editor's Note.)

The small town is coming into its own. Public welfare work, so long a factor in the development of cities and conducted with elaborate machinery, is being simplified and adapted to the needs of the conditions of the smaller community.

The forward-looking men and women are giving their time and money to betterment of conditions for the young. They have already gone far in materials things. Pavements, electric lights, telephones in practically every home, water works, parks are common possessions. Fountains play, "white ways" are the fashion—it is as if the communities had enjoyed a haircut and a shave, not to mention a bath and message.

But the real renovation has come in the community life; the other is merely a corollary. What is remarking the western town especially is the growth of direct interest in the social life and the broadening field devoted to education. This latter is exemplified in the school curriculum. To the usual college preparatory course offered a few years ago has been added a whole group of vocational teachings. Manual training, normal training, agricultural instruction and commercial education have become the usual range of a high school. The direct effect has been to increase the attendance in the high schools over 100 per cent. in the past five years. This has called for new high school buildings commensurate with the increased needs and the communities have generally been liberal in their construction. These fully equipped buildings have become community centers in a large sense and are working wonders in giving a finer tone to the town life.

Along with this has come unselfish welfare work which has interested good men and women. Radiating from the clubs and churches and schools have gone influences helpful to the boys and girls in marked degree. In Kansas, for instance, is a keen rivalry as to which city shall

be the model town of the State. This has been spurred by an offer of a cash prize of \$1000 by former Governor W. R. Stubbs to the community that averages highest in the desirable things of community life. A second prize of \$500 is offered by C. F. Horner, of Kansas City.

What would you consider a model town? How would you judge communities to determine which should receive such a prize? The following is the basis of scoring the dozen cities selected after much correspondence in recital of their claims to the extension department of the University of Kansas under which the contest is conducted.

HOW DOES YOUR TOWN RANK IN THESE THINGS?

1. Opportunity for play and athletics.
2. School work, including particularly industrial training.
3. Social and recreational activities.
4. Physical and moral safeguards.
5. Activities of child fostering clubs and societies.
6. Attendance at Sunday school and kindred organizations.

Included in play and athletics are supervision of playgrounds at school and during vacation, public playgrounds, summer camps, excursions general average of the town as regards playing at home. Many western towns now employ an athletic manager for the high school, retaining him for the entire year and putting him in charge of the playgrounds in summer.

Industrial training in the grades and high school count heavily in the scoring. Summer vacation work, such as gardening, school gardening, employment for older children during vacation and interest in some form of outdoor activity are essential.

Literary societies, Boy Scouts Camp Fire Girls, Y. M. C. A. and Y. W. C. A., will be advantages; a high school fraternity will count against any town. Moving picture inspection, regulation of pool halls, skating rinks and similar places, observance of the State Board of Health rules and enforcement of the law against selling tobacco to minors come under this schedule. Parent-teachers' associations, civic leagues that work along child welfare lines, young people's so-

cities and the W. C. T. U., together with religious activities, count in a town's favor. The town that makes a perfect score on all these things ought to be a good place in which to live. The street and alley activities of city youth ought to be curbed and the little folks have a good chance to grow up clean and earnest. This is the ambition of the welfare workers of the West, and their work is already telling in making better towns and in regulating the lives of the young.

It is easy to start organizations—the task that tests men and women is the keeping alive of the welfare spirit. Because the West has come to this new problem in the management of its cities with an open mind, because there are no established traditions to hamper, it ought to go far in its plans for betterment. To a degree it is over-organized through the ambition to form a new movement for every fancied need. In many towns this has been realized and the consolidation of many organizations into one with departments is serving to bring greater efficiency. Too many officers, too many meetings, too many sets of resolutions weaken the energies.

No lack of generosity exists in financial matters. Subscription papers for band concerts for "boosting" a convention, for helping the county fair, for good roads, for locating a college or helping one struggling for existence, for dozens of other purposes meet with ready response. It is not unusual for a moderate-sized city to raise from \$5000 to \$10,000 in a year for various purposes of this nature, all intended to help the community. To be sure, business advantage is usually at the bottom of the generous response to the solicitors' plea, but welfare movements meet with almost equal liberality.

In other words, the Middle West is entering on a new era, one in which the betterment of human existence is taking the place of mere material profit. The boys and girls are looked upon as the chief assets of the community and efforts to secure for them the best there is in life is taking the place of financial scheming. The town is becoming an experiment station for working out plans for happier and cleaner living.

NEW MAIN LINE CIVIC ASSOCIATION.

Narberth folks will be interested in a new civic organization formed by residents of Delaware and Chester counties living along the Main Line between Radnor and Paoli. It is called the "Neighborhood League."

The purpose of the league, as given in the application for the charter is for the betterment of the social and moral conditions of the community. Twenty-one directors will manage the organization, the terms of seven of the directors expiring each year.

Those whose terms expire in November, 1915, are Dr. Thomas G. Aiken, of Berwyn; John P. Croasdale, of Daylesford; Louis Jaquette Palmer, of St. David's; Mrs. Clarence Toland, of Wayne; Joseph W. Sharp, Jr., of Berwyn; Charles S. Walton, of St. David's, and C. C. Wilson, of Paoli. Those whose terms expire in November, 1916, are Miss H. Velma Turner and H. P. Connor, of St. David's; Richard Haughton, of Paoli; Dr. G. L. S. Jameson, of St. David's; J. Packard Laird, of Devon; Mrs. W. P. Morris, of Berwyn, and Walter Peirson, of Radnor. Those whose terms expire in 1917 are Edward F. Bracken, of Paoli; E. Lewis Burnham and William H. Doyle, of Berwyn; A. J. County and Dr. Marianna Taylor, of St. David's; C. W. Wagar, of Paoli, and Miss Mary L. Walsh, of Wayne.

CHARLEY SAYS:

"What's the use of riding five days and nights to get out there to the Expositions, when a fellow can spend all that time at Atlantic City, and any way, one ocean's the same as another, except in the geographies."

SCHEDULE OF GAMES.

Gulph Mills at Narberth.
Dun & Co. at Wayne.
Overbrook at Paoli.

NARBERTH DROPS A GAME FOR A CHANGE

Constable Walzer's proteges went down to defeat at the hands of Pat O'Brien's colts at Overbrook last Saturday by the score of 10-4. The main reason was the erratic support given Bob Gilmore and the inability of the Narberth boys to hit in the pinches.

Narberth started off well in the first inning when Humphreys, who was leading, doubled, and stole third. But the next three batters could not connect safely.

Overbrook scored two runs in the second inning on a base on balls to Hare, who was scored on Packey's two-base hit in the dumping grounds. Packey scored afterwards on Harry Simpson's error on Higgins' grounder.

This ended the scoring until the fifth inning, when Narberth tied it up on a base on balls to Harry Simpson, who was advanced to second on Bob Gilmore's single. Our old friend "Nig" Koons, of the University of Pennsylvania fame, scored both runners on his triple to the wilderness in right field. "Nig" was out trying to stretch his hit into a home run. Had he not fallen when nearing third base he would have scored with ease.

In the sixth inning Overbrook scored four runs on three hits, Gilmore's wild pitch and Harry Simpson's error.

Bob Gilmore was forced to retire in the seventh inning on account of the

(Continued on Third Page)

"THE COOLEST PLACE IN TOWN."

There are usually several places advertised, as the coolest place in town. We take this opportunity of saying that the men's game room of the Y. M. C. A. is the coolest place in town.

If you are the least bit in doubt regarding this statement "Just drop in." Come in on the hottest day or evening and you can fully enjoy a game of "pocket billiards" with your friend. Come in and be convinced.

"Showers."

No, we are not attempting to be a weather prophet. When we say "showers," we mean "shower baths." As you come from the hot, sultry city in the afternoon, have you ever thought what a difference a nice refreshing shower would make?

Just drop in, on your way home and try it—if you don't feel from 50 to 100 per cent. better, you had better see the doctor. After playing tennis or base ball, a shower will put vim, vigor, vitality and vivacity into you.

Boys' Camp.

The last of Narberth's twenty-one boys—Carl Metzgar and James Morgan, left Monday for a two week's stay at Camp Tohickon. Narberth is represented at the camp now by Francis Wipf and Berkley Lough.

A camp club has been organized that will continue the camp interest throughout the winter. Plans will also be made for our Boys' Camp next summer.

UNCLAIMED LETTERS.

Letters addressed to the following named persons remain unclaimed in the Narberth post office:

Mrs. F. D. Watson, Ethel Simon Mr. John Cocker, Miss Sarah Charter, Miss Carrie Freeman.

Edward S. Haws, P. M.

NEWS FOR NARBERTH FROM PADUCAH, KENTUCKY.

Here's a news item, clipped from a Philadelphia paper, about a civic achievement in the home town of Irvin Cobb and his equally famous Judge Billy Priest, that we believe will be of interest to our Narberth citizens:

10,000 Build Highway.

Paducah, Ky., July 29.—Approximately 10,000 business men, laborers and farmers to-day voluntarily began the construction of a modern highway between Paducah and Memphis, Tenn., a distance of 150 miles.

A year or so ago the citizens of two Middle Western States—including the Governors—took off their coats and rolled up their sleeves and actually built a fine roadway.

More recently a group of Italian citizens of Bristol, right here in our own state, built for themselves and the whole town, an opera house.

The possibilities of civic co-operation are limitless.

What Paducah, Ky., and the two Western States and Bristol did, Narberth can do. Think it over!

NO SUNDAY BASE BALL FOR NARBERTH.

Last week it was advertised that Narberth would play at Garrett Hill on Sunday.

Manager Walzer was questioned on this point and immediately denied the rumor. He said that Narberth has not played a Sunday game and does not intend to. Furthermore, he said that, to his knowledge, not an individual player of the Narberth team had played a Sunday game.

It has been frequently reported of late that Narberth would play Sunday base ball at several different places, the persons evidently advertising in this untruthful way to capitalize the popularity of the Narberth champs as a drawing card.

NARBERTH TRUNKS TELL OF A BUSY VACATION SEASON.

The Narberth express man was a busy fellow last week and early this week helping our residents get started on their vacations. In one day over 120 trunks left Narberth by express, while Cynwyd sent about 100, and Merion—that is to say, Merion-on-the-Main-Line—sent about 60.

There were, of course, many additional trunks shipped on tickets. All of which means that Narberth is being well represented at mountain, shore and country resorts these August days.

POOR UMPIRING KILLING IN- TEREST IN MAIN LINE LEAGUE GAMES.

The umpiring exhibited at the contests between Main Line League games this year has been growing poorer and poorer as the season has advanced until now it is endangering the interest of players and fans alike.

The game at Overbrook last Saturday was about as poorly umpired as a game could be, from the viewpoints of winner and loser.

It must take the heart out of a pitcher to throw ball after ball that has a sharp "break" and not be credited with one strike in ten even when the ball finally "cuts the plate in two." It must kill respect for the "ump" when he calls a ball that "goes to the clouds" a strike.

This kind of thing was the rule last week at Overbrook, and, although, never quite so bad before, has been very general the entire season. Field decisions were questionable, as well.

We need some new material on the arbitrating staff—we need it now, before every one gets disgusted and quits following what would be real base ball if rightly umpired.

SOLD CIGARETTES TO MINORS

Two Bryn Mawr shopkeepers were taken before Magistrates at Bryn Mawr and Ardmore, by Policemen Reichner and Mullen, of the Lower Merion police force, yesterday, charged with selling cigarettes to minors. The alleged offenders were given a reprimand and let off with paying the costs.

EDITORIAL NOTES

"THE LAST CALL"

OUR TOWN will gladly print any news item about any subject that is of interest to Narberth folks, but in order to meet the printing schedule, all "copy" manuscripts—must reach the editors by 6 P. M. Monday each week.

MR. CANFEL AND TAXES.

Concerning taxation, there always have been, and doubtless always will be, wide differences of opinion. In another column, Mr. Frank Canfel presents views much at variance with those of Mr. Loos, as expressed in our issue of July 29. He shows quite clearly that if assessments were raised from an average of a 50 per cent. valuation to an 85 per cent. valuation, and if the rate of taxation were reduced from 2.10 per cent. to 1.5 per cent., there would be an absolute increase in the taxes of any given property of about 25 1-2 per cent.

On referring to the article by Mr. Loos, we find that he did not advocate an increase of assessments to 85 per cent., and a reduction of rate to 1 1-2 per cent., but merely used these figures as an illustration of the possibilities under a revision. He refers to the desirability of bringing up the assessment to "something near its real value, and to reduce the rate," and to the fact that in the past, assessments have not been equitable.

Our opinion, as expressed editorially in Our Town of July 22, is that "the need for an increased revenue has been apparent for some time," the matter having been the subject of frequent and serious discussions in councils. We think all will agree on one proposition, namely, that the assessments should be equitable. There has been considerable complaint in the past that properties of equal value have been unequally assessed. The first step, therefore, is to secure as nearly as possible, equality in this respect. If some properties are assessed at 75 per cent. of their value, and others at only 50 per cent., there is serious ground for complaint, and this condition should be remedied at once.

If all properties are brought up to the higher level, whatever that may be, there will be some increase of revenue, but we doubt whether that reform alone would be sufficient. The next step therefore is to ascertain what must be done in addition, to supply the needed funds.

Mr. Canfel very justly says: "A heavy tax rate will surely drive home-seekers to other localities." An obvious remedy would be to raise the assessment to a reasonable percentage of real value, and lower the rate. We do not advocate 85 per cent. nor 75 per cent., but suggest that just enough of an increase be made in assessments that would, at a somewhat lower rate than the present rate of 2.10, provide the additional revenue

needed to carry on the work of the borough.

In our opinion, the details of such a readjustment of assessment and rate may safely be left to our assessor, council and an advisory committee of citizens. There is surely no desire to impose any hardship on any citizen in this movement to provide needed funds for carrying on the business of the borough, but we must be prepared for some increase over the amount at present raised by taxation. Meanwhile, the columns of Our Town are open for a free and fair discussion of the subject.

OVERBROOK IN BASE BALL.

Last Saturday the Overbrook Base Ball team repeated the unsportsman-like tactics that marked Narberth's last previous visit to Overbrook's grounds. Almost every team in the league has experienced similar treatment.

Manager O'Brien has won for himself the title of "The McGraw of the Main Line League."

Some of his players have no respect for rules and the performances of Levan last Saturday, as on at least one previous occasion, would win for him immediate expulsion if he was playing professional ball.

It is the ambition of most suburban league teams to reflect credit upon the community which they represent. The Overbrook team falls far short of this ideal.

If it is practicable, the team should be expelled from the league and another admitted to its place. If it is not practicable to do this, 1915 should be the first and last season for Mr. O'Brien's kind of base ball in the Main Line League.

WHAT "GIRARD" THINKS OF NARBERTH'S PLAN TO FIX WYNNE-WOOD ROAD.

The following appeared in "Girard's" column, on the editorial page of the "Public Ledger" of date July 30:

"Pushes forward that hoary conundrum: Who shall pay for the roads? Persons who use them or owners through whose properties the roads pass?"

"The almost universal rule holds to the latter proposition. A builds and keeps in repair the highway passing A's property, but B may use that road at will. However, A may also use the roads built by B, C, D and the whole alphabet.

"I suppose that since its neighbor, Merion, is dickering for a new name, Narberth doesn't wish to be a back number, and so comes to the front with a new road plan. The "once over," as the police reporters put it, will convince anybody that Narberth's chief pike deserves no encomiums. To correct that fault will cost \$2500, and the plan is for Narberth to pay \$1000 and the Automobile Club of Philadelphia to pay the other \$1500.

"You see this puts road building up to the fellow who uses the road, and the auto folks burn up Narberth's boulevards as they do all the others. But I hear some club members objecting, on the ground that it sets an evil precedent.

"That's what it does, and some day Philadelphia may get up enough spunk to charge those who convert the finest street in America into a rent-free garage."

Get acquainted with your neighbor—you may like him.

THEY FOLLOW NARBERTH.

Editors of Our Town: Orders have been issued by the Commissioners of Lower Merion Township that all placards and signs must come down from the telephone and electric light poles throughout the whole township. This includes, Ardmore and Bryn Mawr. In many cases, quite large and expensive business signs have been attached to the poles.

This action is complimentary to Narberth.

E. S. Haws.

July 28, 1915.

WE RECEIVE OUR PAY.

Editors of Our Town: Permit me to tell you that I think Our Town is filling a very important place and doing a splendid work for our town. The immense amount of labor which you and your associates put in this work is recognized and surely appreciated.

John Van Ness.

QUESTIONS NEW TAX PROJECT.

To the Editors of Our Town:

The article of Mr. Loos in Our Town last week advocating the 85 per cent. assessment on the valuation of property and a \$1.50 tax rate may meet with the approval of the majority of the citizens of the borough, but it will be a hardship on the smaller property owners. For instance:

A \$4000 house at the 85 per cent. valuation (and you may rest assured it will be given the limit) would bring the assessment up to \$3400. At the proposed tax rate the result would be:

\$3400 at \$1.50 rate.....\$51.00
County tax, 2 mills..... 6.80

Total \$57.80
Under the present plan of 50 per cent. of its valuation:

\$2000 at \$2.10 rate.....\$42.00
County tax, 2 mills..... 4.00

Total \$46.00

Now, an increase of \$11.80 is an infinitesimal amount to a man of Mr. Loos' financial standing, but does he take into consideration that the majority of taxpayers probably have heavy mortgage interest, water rent, fire insurance, life insurance, car fare and other necessary expenses (and some probably small salaries), and that an increase of even such a small amount may prove a severe drain on their resources? And besides, when the school loan (so strenuously fought for and defeated twice the past two years) comes up again and should it be passed, together with the placing of the \$30,000 street loan carried two years ago, will it not make the taxes so prohibitive as to frighten investors from locating in Narberth? A heavy tax rate will surely drive home-seekers to other localities.

Another thing should be objected to and that is: If the assessments should be increased to 85 per cent. the county would be benefited by additional revenue. The assessment in this borough is nearly \$1,900,000. Raise the assessment to the 85 per cent. proposition, and it would amount to \$3,230,000. At the 2-mill rate the borough would have to pay the county \$6460 a year taxes. Notwithstanding Mr. Loos' plausible contention of taxes coming indirectly back to the borough, can he show how the town will be benefited to the amount of \$6460?

In his communication Mr. Loos, who is one of the borough's prominent citizens, merely substantiates the statement made by an obscure and unknown taxpayer two years ago, who claimed that there was a non-equitable assessment, and warned the taxpayers of an increase in taxes. Strange to say his prognostication is an assured fact. First, the increase has arrived, and, second, revision is about to become due. Let us have a new assessment and there will be quite sufficient income to meet current expenses. If not, rather put an extra mill or two on the school taxes than pay the county any additional income.

Frank Canfel.

THE CREED OF CITIZENSHIP.

I believe in the city in which I live, its geographical location, growth, industry and possibilities, in the soundness and wisdom of its government, and the heartfelt interest in the welfare of the city by its officials, and when I see anything going wrong, I will try and think of some way of bettering the matter, and offer my suggestions to the party interested, in place of taking out my little hammer and knocking.

I believe if we all pull together as one large family, each trying to help the weaker ones and encourage the strong ones, it will have a tendency to promote the welfare of all; that all people delight to live in an atmosphere of kindness and brotherly love, and that the knocker and the grump is different from me only inasmuch as he has not given the matter due thought and consideration, and it is my duty to help dispel his delusions by finding out what he wants (provided he knows) and trying to remedy the matter, knowing he has the same right to live and express his opinions that I have.

I believe that if I was the Mayor, and had the honor of serving the people, that I would always prefer having any member of my "community family" coming to me with his complaints and suggestions for improvements, rather than going to his brothers and raking me over the coals, deservedly or undeservedly.

I believe that I am not a freak, and that the majority of mankind think similarly to myself; therefore, I am going to be the first to smile and

do the best I can to boost the good old town that supports me, and in which I live by choice, knowing that if I do not like this city, its ways and its people, that I have the right to leave it and go to some other city that I will like.

I believe that the cities or the people who are 100 per cent. perfect are hard to find and few and far between, and should we happen to find them, our own weak little minds could not recognize their perfection. The only citizen that ever lived who rated 100 per cent. perfection was crucified by the fault-finding public, because they could not realize or appreciate His efforts to serve humanity.

I believe that the future welfare of this city depends on the coming generations and the training we give them.

I believe that taxation is necessary for the welfare of the community and feel it a privilege to be a property-owner, thereby contributing funds to pay the Police Department and other departments of service their salaries for protecting my life and property, and I think it my duty to speak favorably on this subject to my friends and associates, thereby inducing them to become burden-bearing citizens of our great commonwealth.

I. H. Sayman.

HIGH PRAISE FOR NARBERTH'S ADVISORY ARCHITECT.

(Continued from First Page)

barrier between the porch and the lawn except on the garden side, where it is well omitted and brings the verdure right up to the porch. At the same time it eliminates, in the modern tendency toward practicability and efficiency, the wood rail and balusters, the chief function of which heretofore has been to require constant painting and eventual replacing.

This interesting article also says:

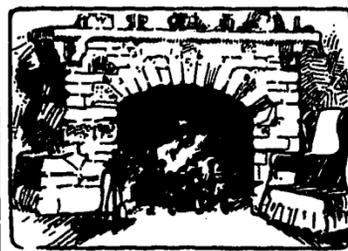

The important subject of giving a house its proper setting is one that is all too frequently overlooked. Consideration should be given to this important matter at the very beginning, when the architect, as he should be, is consulted about the various possibilities of the ground about to be purchased, and its advantages and disadvantages compared with other properties under consideration. No matter how well designed or how well built a house is, it does not show to its best advantage unless it fits in with its surroundings, which can always be enhanced by the proper amount of planting, correctly as well as practically disposed.

Here the architect's services should not be dispensed with, as is so often the case, simply because the contract for the house itself has been completed. Having assisted the owner in the selection of a site, and having planned and studied the house from its inception in co-operation with the owner, whose wishes and requirements have, of course, been carefully weighed, it should be his province to work with the owner in arranging for the judicious touch of green here, or of planting there, to obtain the final result which has been visualized in his mind. Indiscriminate planting must be carefully avoided, it must be studied, taking into consideration the nature of the ground, the type and orientation of the house, and the requirements of entrance and necessities of service, etc. Practicability and convenience, as well as beauty, are important factors in the finished work.

Be sure to have your architect, with all of these requirements in mind, either work out the planting, walks, drives, etc., on paper for your approval or else in the case of smaller houses have him go with you to select the trees, shrubbery and other planting and supervise the placing of same. In the larger work this will, of course, be done in co-operation with not only the architect, but a landscape architect.

The Neighborhood Club, of Swarthmore, will be the host to many children and mothers of Philadelphia, on Wednesday, who will be taken to Swarthmore by the Children's Country Week Association.

Harry Francis, of Ardmore, and William A. Maxwell, of Bryn Mawr have been appointed assistant real estate assessors to aid in making the triennial assessment in Lower Merion township. Both men will assist Albert Lee, Lower Merion's real estate assessor.

THE FIRESIDE

By Lady Narberth

Dr. O. J. Snyder is attending the national convention of The American Osteopathic Association at Portland, Oregon.

Fred L. Rose and family are spending August at Ocean City.

Miss Barbara Shand, of North Narberth avenue, is spending the month of August in the Catskill Mountains.

W. H. Cohic and family have returned from Seaside Park where they spent the last two weeks.

"Bill" Durbin, now one of the "stars" of the Cape May constellation, came up from the shore for the week-end.

Misses Caroline and Jane Super, of Montgomery avenue, have taken a cottage at Ocean City for the remainder of the season.

Miss Ruth Ely Haws is spending two weeks on the farm of Hon. H. G. McGowan, in the Hay Creek Valley, Berks County. Mr. McGowan is one of the leading agriculturists of the State. Peach growing is one of his specialties.

Secretary O. L. Hampton, of the Y. M. C. A., and Mrs. Hampton, left on Saturday on a vacation trip. They will divide their time between Ocean Grove, N. J., and Honeybrook, Pa.

William and Harry Simpson spent the week-end at Ocean City.

Mrs. Taylor, mother of Mrs. F. L. Padgett, Jr., of Essex avenue, has returned from a three months' trip through the Middle West.

George W. Braden, of Narberth, and physical director of the Philadelphia Central Y. M. C. A., has gone to Silver Bay, on Lake George, N. Y., where he is in charge of the big Y. M. C. A. summer camp.

Mr. and Mrs. J. C. Simpson returned to their Essex avenue home this week from an extended tour of the West. They visited both the big California Expositions, Yellowstone Park, the Great Lakes and Niagara Falls.

Miss Isabella Sayres, of Detroit, Mich., is visiting her uncle, Edward S. Haws, of Dudley avenue.

Mr. and Mrs. G. Hamilton Colket and Mrs. Colket's father, Richard C. Kerens, former Ambassador to Austria, have closed their home, Anthwyn road and Montgomery avenue, Anthwyn Farms, and are at Hot Springs, Va., where they went by motor.

Mrs. James R. Cole and daughter Helen have returned from a visit to relatives in Maryland. Mrs. Cole is now entertaining her niece, Miss Jeannette Russell.

Narberth is certainly well represented at Ocean City as well as at the other resorts along the Atlantic.

Mr. and Mrs. William R. D. Hall, of Dudley avenue, will spend this month at Avalon.

Mr. and Mrs. James Wilson and family, of South Narberth avenue, are now at Eagle's Mere. They will spend the early fall in Cape May.

Some more of Narberth's young ladies are spending their vacation at Ocean City. Miss Mildred S. Smith left Monday for a two weeks' stay. Miss Jennie Laird left Tuesday for her vacation, and on Wednesday the Misses Virginia Downes and Mildred Harris left for this popular seashore resort.

Last Saturday evening Mr. Earl Dickie was given a surprise party by Earl and Mildred Smith which was most extensively enjoyed by all those present. The guests included the Misses Marion and Dorothy Brill, Mil-

News of the Churches

UNION TWILIGHT SERVICES.

Corner Windsor and Forrest Avenues.
6.30—Next Sunday evening.
Speaker, Rev. George G. Craft.
Special music.
Everyone welcome.

UNION PRAYER MEETINGS.

The schedule of Union Prayer Meetings to be held Wednesday evenings throughout the summer follows:

Date	Place	Leader
Aug. 4	Bap.	Meth.
Aug. 11	Pres.	Bap.
Aug. 18	Meth.	Pres.
Aug. 25	Bap.	Meth.
Sept. 1	Pres.	Bap.

METHODIST EPISCOPAL CHURCH.

"The Little Church on the Hill."

Rev. C. G. Koppel, Pastor.

August 8:
9.45—Sunday School. Bible study classes for men and women.
11.00—Public worship. Sermon by the pastor.
6.00—Union Twilight service, corner Windsor and Forrest avenues. Speaker, Rev. George G. Craft.
Wednesday, August 4—Union prayer service in the Baptist Church.

THE PRESBYTERIAN CHURCH.

Rev. John Van Ness, Minister.

Sunday, August 8, 1915:
10 A. M.—Bible School. All departments. The attendance is keeping up remarkably well during these summer days.
11 A. M.—Public worship. The sermon will be delivered by Rev. Z. M. Gibson, Ph. D., pastor of Roxboro Presbyterian Church of Philadelphia. Dr. Gibson has preached very acceptably for us for several summers past.
6 P. M.—Union Twilight meeting. Union Prayer meeting Wednesday evening. See additional notice above.

ST. MARGARET'S CHURCH.

Early Mass on Sunday from April 1st to October 31st at 6.30 A. M. From November 1st to March 31st at 7 A. M. Late Mass, 9.30 A. M. throughout the year. Masses on holidays, 6.30 and 8.30 A. M. Weekdays at 8. Evening devotions and other services at regular times.

MERION MEETING HOUSE.

Montgomery Avenue and Meeting House Lane.
Merion Meeting House is opened for worship every First-day at 10.30 A. M. Visitors are cordially welcome.

LADY NARBERTH.

(Continued from Second Page)
dred Smith, Marguerite Mueller, Lillian Compton, Flora Compton, Bertha Redifer and Helen Graves, and the Messrs. Irwin Ward, Vernon Fleck, Newton Compton, Robert Mueller, Earl Dickie and Earl F. Smith.

Next Sunday the Y. M. C. A. Glee Club will sing at the Union Twilight services.

The Messrs. Lawrence Davis, Irwin McKinney, Alan Rose and Edward Anderson are also at Ocean City for a stay of two weeks.

Last Sunday on account of the rain the services were held in Elm Hall and were attended by a large congregation. The special music was by a quartet composed of Mrs. Chas. R. Jones, Miss Marion Brill, Mr. W. W. Dennis and Mr. Earl F. Smith.

COMRADES

Little comrade, when you smile
All my troubles you beguile;
After all the day's vexation
Evening brings full compensation,
Little comrade, when you smile.

Little comrade, when you smile
Life is really worth the while;
All my doubts and fears you banish,
All my worries quickly vanish,
Little comrade, when you smile.
G. A. Damon in the Detroit Times

NARBERTH DROPS A GAME FOR A CHANGE.

(Continued from First Page)
excessive heat. Captain Fleck came to the rescue, and held Overbrook safe in this inning, but in the eighth inning with some more bad umpiring Overbrook scored four more runs on three hits, mingled with an error by Manager Walzer, who was playing short, and a base on balls by Pitcher Fleck.

Narberth looked dangerous in the ninth inning when they scored two runs—Kirk's base on balls, Walzer's single, a second base on balls to Harry Simpson, and Walter Humphries' third hit of the day, which was a double. Walter was out himself when he was caught off second.

PICK UPS.

Overbrook ground is composed of a "wilderness-dumping ground—a forest in center field—and a farm, which looks like a plowed potato field." Chickens occasionally stroll on the infield during the game, searching for the appetizing potato bug.

Our old friend Walter Humphries had Packey's number on Saturday. Walter had three hits.

We were minus the services of the "Veteran," Flick Stites, Eugene Davis, our first baseman; Bill Simpson, our infielder; Tip Turner, our famous shortstop, and George Fleck, one of our string of catchers. Do you wonder we lost?

Umpire Cooper had only one eye Saturday, and he should have had a monicle for that one. In fact he was blind in one eye and couldn't see out of the other.

Vernon Fleck certainly had some smoke Saturday.

Next Saturday Narberth plays the "New Year's Shooters," Gulph Mills on Narberth's grounds.

Durbin and McKenty scored a total of three runs and four hits for Cape May in Saturday's game with Logan Square. Neither player had an error and Durbin had four assists and one put out.

ELMWOOD TEAM WINS ONE AND LOSES ANOTHER.

Early in the season the Elmwood team defeated the Frank Toomey team, but last Saturday the visitors from Philadelphia "came back" and defeated our Narberth boys by a score of 5 to 2.

The heat was too much for Cummer. He managed to finish the game but the hot weather prevented him from doing his best work. In fact, even "Ludy" was under the influence of Old Sol, as his five trips to the plate were strikeouts, whereas he had five hits the previous Saturday. The score:

Win From Scott A. A.

The game with the Scott A. A. was quite a picnic for the Elmwood boys. Jeffries had the visitors feeding from his palms. In fact he retired late in the game to let another pitcher perform. The local boys were particularly pleased to have Fleck with them. He certainly handled "Jeff" in fine shape. The score:

LADY ZOMBRO LOWERS HER MARK AT BELMONT TRACK.

Four trotters and one pacer made breeders' records Saturday at the Belmont Driving Park before a good crowd of racegoers. The Lady Zombro, a 4-year-old, by Zombro, lowered her mark by 31-2 seconds, trotting a mile in 2.11-4. Joe Serrill was the driver.

Gillespie went against the time of 2.23 1-4 pacing, and turned the mile course in 2.14-4. Sam Watts, from the great General Watts family, trotted in 2.27-1-2.

Summary:
To beat 2.14 3-4, trotting:
The Lady Zombro, b. f., by Zombro, dam A Leading Lady (Serrill).. 1 Time, 2.11-4.
To beat 2.23 1-4, pacing.
Gillespie, s. g., by Austin, dam ELight (J. Serrill)..... 1 Time, 2.14-4.
To beat 2.30 3-4, trotting:
Colorado B., b. s., by Colorado E., dam Bisa (A. B. Cox)..... 1 Time, 2.25-1-2.
To beat 2.30 1-4, trotting:
Sam Watts, b. g., by General Watts, dam Bird Eliza (A. B. Cox).. 1 Time, 2.27-1-2.
To beat 2.30 3-4, trotting:
Aldew, b. s., by Ad Dew (Serrill).. 1 Time, 2.29-1-4.

Philadelphia expended \$28,778.28 on the trip of the Liberty Bell to the Panama-Pacific Exposition at San Francisco. This includes the railway charges for the Liberty Bell "special" to the Pacific slope and the train which brought the councilmanic escort back to this city.
