PARTE OFICIAL.

El dia 11 del corriente se dió parte A la camara de diputados por el gobierno de la Union, que el gobernador de Durango con la milicia civica (cuyo número no sabemos cual será) se habia instrutado lisvándose consigo el dinero que habia en cajas, que segun parece es una suma considerable.

NOTICIAS DEL PORTAL. de 8. Luis, anunciando que el Sr. Mardez, inspector general de aquella milicia, Fejecutivo de la Union. Añádese, que el 8. Klorriaga, gobernador de Durango, se ·la venia à reunir con un número considerable de miticia civica. Esperamos que esto sea falso, para que no padenca la tranquilidad pública, que felizmente gozamos.

Tambien se asegura: que el Sr. Guerrero, con toda su incapacidad fisica y moval, se ha marchado de Tixtia àcia Valladolide el registro Oficial nos dirá lo que hubiere en éste, sia emb ego de que en un decir. Igualmente quinieramos saber si Bar suen. STEPER CLOVER. ol Sr. Santa Anna se halla aun en Manga de Clavo, pues sobre este particular tambien corren noticias muy contradictorias.

Mejico, 17 de marzo. Parece que el Sr. secretario de relaciomes teme una nueva invasion españolas pero nosotros podemos asegurará S. E que por cartas que hemos recibido de Europa, no habia ninguna espedicion contra Méxien. Es verdad que los gaditanos habien ofrecido à S. M. católica poner à su disposicion mil hombres para reconquistar & Mexico; pero jqué cabe en el sentido comun creer que esta fuerur es suficiente para el indicado proyecto? Mas se dirá tel vez que los aparatos indican que hay Intenciones de especticionar contra la republica; pero nosotros preguntamos: ¿Cuándo, ó en que en ca no las ha habidor ¿Qué ine levanta hama que se acuesta, no piensa mas que en reconquistar?

Nosotros pensamos al contrario del Sr. preferm de reignieurs: creeuws que la guerra civiles mas temible que una invasion; y cuande remes que solo se trata de persecuciones y medidas anti-constituciopales, ne podemos menos que preveer un comulo de mates, curo fie no puede fijarue; y à pesar de que S. E. dice que el gobier no nada teme de los revoltosos (así llama i los que defienden la soborania de los estados) nosotros le aconsejamos que tenga mas prudencia, porque aqui no se trata de haser la guerra à un solo hombre, como se le hiso al general Salta-Anna, sino à cas- reform, in a very temperate, and, there- exerted at Havre, as in the British ports. El Sr. Mangino en aquel docu mente no ha habiado de bandirlos del Norte: sa nota corre impresa en todos los periódicos, y este documento deshace aquella equivocacion, que no queremos suponer maliciosa.
