AFFIDAVIT IN SUPPORT OF A CRIMINAL COMPLAINT

I, David Holt, being duly sworn under oath, do hereby depose and state:

INTRODUCTION

1. I am a Special Agent with the Federal Bureau of Investigation (“FBI”) and have been so employed since August 2008. I am presently assigned to the Washington Field Office where I am responsible for investigations of foreign influence operations and other national security matters with a cyber nexus. I have also conducted national security investigations of foreign intelligence services and the targeting of critical U.S. infrastructure. As a Special Agent, I have received specialized training and instruction in the field of national security investigations and am authorized to investigate violation of laws of the United States and to execute warrants issued under the authority of the United States.

2. I am submitting this affidavit in support of a criminal complaint and arrest warrant charging the defendant, ELENA ALEKSEEVNA KHUSYAYNOVA, with Conspiracy to defraud the United States, in violation of Title 18, United States Code, Section 371.

3. The statements contained in this Affidavit are based on my experience and background as a criminal investigator, on information provided to me by other members of the

FBI and other law enforcement officers, court records and documents, business records, interviews, publicly available information, and my review of physical and documentary evidence. I have personally participated in the investigation of the offense set forth below and, as a result of my participation and review of evidence gathered in the case, I am familiar with the facts and circumstances of this investigation. Since this Affidavit is being submitted for the limited purpose of supporting a criminal complaint, I have not included every fact resulting from the investigation. I have set forth only the facts that I believe are necessary to establish probable cause to believe the above-named defendant has violated Title 18, United States Code, Section 371, as set forth herein.

RELEVANT STATUTES AND BACKGROUND

4. Title 18, United States Code, Section 371, makes it a federal crime if “two or more persons conspire . . . to defraud the United States, or any agency thereof in any manner or for any purpose, and one or more of such persons do any act to effect the object of the conspiracy.”

5. The United States of America, through its departments and agencies, regulates the activities of foreign individuals and entities in and affecting the United States in order to prevent, disclose, and counteract improper foreign influence on U.S. elections and on the U.S. political system. U.S. law bans foreign nationals from making certain expenditures or providing things of value for the purpose of influencing federal elections. U.S. law also bars agents of any foreign entity from engaging in political activities within the United States without first registering with the Attorney General. Various federal agencies, including the U.S. Department of Justice and the Federal Election Commission, are charged with enforcing these laws.

6. The U.S. Department of Justice administers the Foreign Agent Registration Act (“FARA”), Title 22, United States Code, Section 611 *et seq.* FARA establishes a registration, reporting, and disclosure regime for agents of foreign principals (which includes foreign non-government individuals and entities) so that the U.S. government and the people of the United States are informed of the source of information and the identity of persons attempting to influence U.S. public opinion, policy, and law. FARA requires, among other things, that persons subject to its requirements submit periodic registration statements containing truthful information about their activities and the income earned from them. Disclosure of the required information allows the federal government and the American people to evaluate the statements and activities of such persons in light of their function as foreign agents.

7. The Federal Election Commission is a federal agency that administers the Federal Election Campaign Act (“FECA”). Among other things, FECA prohibits foreign nationals from making “a contribution or donation of money or other thing of value, or to make an express or implied promise to make a contribution or donation, in connection with a Federal, State, or local election.” 52 U.S.C. § 30121(a)(1)(A). FECA also requires that individuals or entities who make certain independent expenditures in federal elections report those expenditures to the Federal Election Commission. The reporting requirements permit the Federal Election Commission to fulfill its statutory duties of providing the American public with accurate data about the financial activities of individuals and entities supporting federal candidates, and enforcing FECA’s limits and prohibitions, including the ban on foreign expenditures.

STATEMENT OF PROBABLE CAUSE

I. Project Lakhta and Efforts to Interfere with U.S. Political System

8. Since at least 2014, known and unknown individuals, operating as part of a broader Russian effort known as “Project Lakhta,” have engaged in political and electoral interference operations targeting populations within the Russian Federation and in various other countries, including, but not limited to, the United States, members of the European Union, and Ukraine. Since at least May 2014, Project Lakhta’s stated goal in the United States was to spread distrust towards candidates for political office and the political system in general.

9. Beginning in or around mid-2014 and continuing to the present, Project Lakhta obscured its conduct by operating through a number of Russian entities, including Internet Research Agency LLC (“IRA”), Internet Research LLC, MediaSintez LLC, GlavSet LLC, MixInfo LLC, Azimut LLC, NovInfo LLC, Nevskiy News LLC (a/k/a “NevNov”), Economy Today LLC, National News LLC, Federal News Agency LLC (a/k/a “FAN”), and International News Agency LLC (a/k/a “MAN”). These entities employed hundreds of individuals in support of Project Lakhta’s operations with an annual global budget of millions of U.S. dollars. Only some of Project Lakhta’s activities were directed at the United States.

10. Concord Management and Consulting LLC and Concord Catering (collectively “Concord”) are related Russian entities with various Russian government contracts. Concord was the primary source of funding for Project Lakhta operations. Concord controlled funding, recommended personnel, and oversaw Project Lakhta activities through reporting and interaction with the management of the various Project Lakhta entities.

11. Yevgeniy Viktorovich Prigozhin is a Russian oligarch who is closely identified with Russian President Vladimir Putin. Prigozhin began his career in the food and restaurant

business and is sometimes referred to as “Putin’s Chef.” Prigozhin controls Concord, which has been paid by the Russian government to feed school children and the military. Concord and Prigozhin spent significant funds to further the Project Lakhta operations.

12. On February 16, 2018, a grand jury in the District of Columbia returned an indictment charging thirteen Russian nationals and three Russian companies, including Prigozhin, the IRA, and Concord, with committing federal crimes while seeking to interfere with U.S. elections and political processes, including the 2016 presidential election. Indictment, *United States v. Internet Research Agency, et al.*, 1:18-CR-32 (DLF) (D.D.C. Feb. 16, 2018). Based on my training and experience, the factual allegations in that indictment provide further probable cause to believe that the above-named defendant has violated Title 18, United States Code, Section 371. That indictment is attached hereto and incorporated by reference.

II. ELENA ALEKSEEVNA KHUSYAYNOVA

13. Defendant ELENA ALEKSEEVNA KHUSYAYNOVA is a resident of St. Petersburg, Russia. Since at least 2014, the defendant has been employed by various entities within Project Lakhta, including the IRA, GlavSet, and the Federal News Agency. Since approximately April 2014, she has acted as the Chief Accountant in Project Lakhta’s finance department. As detailed further herein, KHUSYAYNOVA oversaw all aspects of Project Lakhta financing. She managed the budgeting and payment of expenses associated with social media operations, web content, advertising campaigns, infrastructure, salaries, travel, office rent, furniture, and supplies, and the registration of legal entities used to further Project Lakhta activities.

14. There is probable cause to believe that, from at least 2014 to the present, KHUSYAYNOVA conspired with persons known and unknown to defraud the United States by

impairing, obstructing, and defeating the lawful functions of the U.S. Department of Justice and Federal Election Commission in administering federal requirements for disclosure of foreign involvement in certain domestic activities, in violation of Title 18, United States Code, Section 371. Among the persons with whom KHUSYAYNOVA conspired are known and unknown employees and associates of Concord and Project Lakhta entities. The Conspiracy had as its objects impairing, obstructing, and defeating the lawful governmental functions of the United States by dishonest means in order to enable Project Lakhta actors to interfere with U.S. political and electoral processes, including the 2018 U.S. elections.

III. Manner and Means of the Conspiracy

15. The Conspiracy has a strategic goal, which continues to this day, to sow division and discord in the U.S. political system, including by creating social and political polarization, undermining faith in democratic institutions, and influencing U.S. elections, including the upcoming 2018 midterm election. The Conspiracy has sought to conduct what it called internally “information warfare against the United States of America”¹ through fictitious U.S. personas on social media platforms and other Internet-based media.

16. Members of the Conspiracy, posing as U.S. persons, operated fictitious social media personas, pages, and groups designed to attract U.S. audiences and to address divisive U.S. political and social issues or advocate for the election or electoral defeat of particular candidates. These personas, groups, and pages falsely claimed to be controlled by U.S. activists when, in fact, they were controlled by members of the Conspiracy. Over time, these accounts

¹ Throughout this affidavit, statements by members of the Conspiracy are translated or quoted exactly as they appear in the source text, including any spelling, grammatical, or factual errors.

became the Conspiracy's primary means to reach significant numbers of Americans for purposes of interfering with the U.S. political system.

17. Members of the Conspiracy made various expenditures to carry out those activities, including buying social media analytics products and services, as well as advertisements on social media, in some instances through third-party intermediaries. Members of the Conspiracy also staged and promoted political rallies inside the United States, and while posing as U.S. grassroots entities and U.S. persons, and without revealing their Russian identities and Project Lakhta affiliation, promoted or disparaged candidates and campaigns and organized rallies and counter-protests around particular socially divisive issues.

A. KHUSYAYNOVA's Role in Project Lakhta

18. To effectively manage such a large-scale operation, the Conspiracy was headed by a management group and organized into departments, including a design and graphics department, an analysts department, a search-engine optimization ("SEO") department, an information-technology ("IT") department, and a finance department.

19. Between April 2014 and the present, KHUSYAYNOVA, as the Chief Accountant in Project Lakhta's finance department, managed the financing of substantially all aspects of Project operations, which included media and influence activities directed at the United States, the European Union, and Ukraine, as well as the Russian Federation. In that role, she oversaw the budgets of various Project Lakhta entities, including the IRA, MediaSintez LLC, GlavSet LLC, MixInfo LLC, Azimut LLC, NovInfo LLC, Nevskiy News LLC, Economy Today LLC, National News LLC, Federal News Agency LLC, and International News Agency LLC. KHUSYAYNOVA participated in the preparation and submission of hundreds of financial vouchers, budgets, and payment requests for the various Project Lakhta entities, often putting all

company names on the same paperwork and identifying them as part of Project Lakhta.

KHUSYAYNOVA maintained Project Lakhta monthly budgets and submitted associated requests for funds to the central finance offices of Concord, which were responsible for disbursing money to Project Lakhta entities.

20. To conceal the nature of Project Lakhta activities, since at least January 2016 the Conspiracy labeled the funds paid by Concord to Project Lakhta as payments related to software support and development. Moreover, since at least January 2016, Concord distributed funds to Project Lakhta through approximately fourteen bank accounts held in the names of Concord affiliates, including Glavnaya Liniya LLC, Merkurii LLC, Obshchepit LLC, Potentsial LLC, RSP LLC, ASP LLC, MTTs LLC, Kompleksservis LLC, SPb Kulinariya LLC, Almira LLC, Pishchevik LLC, Galant LLC, Rayteks LLC, and Standart LLC. The Conspiracy described payments from these Concord entities to Project Lakhta as being in furtherance of a series of vague contracts that obscured or falsely stated the true intended use of the funds. At various times, such payments were described as being for “providing services to collect and process materials,” “providing services in developing an exporting module for results,” and “providing services for developing a statistical processing module” (preliminary translation of Russian text).

21. At the same time, KHUSYAYNOVA kept detailed financial documents that tracked itemized Project Lakhta expenses, including efforts to promote the illegal objects of the Conspiracy in the United States. For example, the financial documents included itemized budgets that included IT expenses, social media marketing expenses, and expenses for activities in the United States and the European Union, including expenditures for activists and advertisements on social media platforms. KHUSYAYNOVA also issued and kept track of requests to Concord for funds to cover those expenses. Between at least January 2016 and July

2018, these documents were updated and provided to Concord on approximately a monthly basis. The following illustrative examples demonstrate KHUSYAYNOVA's meticulous record-keeping and management of Project Lakhta funds:

- a. In or around January 2017, KHUSYAYNOVA compiled and submitted to Concord a planned itemized budget for February 2017 for Project Lakhta totaling approximately 60 million Russian rubles (approximately \$1 million U.S. dollars).² This budget also contained a backward-looking accounting of actual expenses for calendar year 2016, which totaled approximately 720 million Russian rubles (approximately \$12 million U.S. dollars). In addition to administrative expenses, such as office rent, utility payments, and garbage disposal, the budget identified IT expenses, such as "registration of domain names" and the purchase of "proxy servers;" and social media marketing expenses, such as expenses for "purchasing posts for social networks," "[a]dvertisement on Facebook," "[a]dvertisement on VKontakte," "[a]dvertisement on Instagram," "[p]romoting news postings on social networks," and social media optimization software (such as Twidium and Novapress) (preliminary translation of Russian text). The budgets also contained a section on "USA, EU" activities, which included itemized expenditures for "Instagram," "Facebook advertisement," and "Activists" (preliminary translation of Russian text). Moreover, the budgets identified expenditures for "bloggers" and "developing accounts" on Twitter, and for the development and promotion of online videos (preliminary translation of Russian text).

² For the purpose of this affidavit, the approximate U.S. dollar values are based on an approximate currency conversion rate of 60 Russian rubles to 1 U.S. dollar.

- b. To cover the February 2017 expenses, KHUSYAYNOVA requested funds from Concord in two parts. KHUSYAYNOVA requested approximately 25 million Russian rubles on or about February 16, 2017, and approximately 35 million Russian rubles on March 6, 2017.
- c. In or around January 2018, KHUSYAYNOVA compiled and submitted to Concord a planned itemized budget for February 2018 totaling approximately 100 million Russian rubles (approximately \$1.7 million U.S. dollars). This budget also contained a backward-looking accounting of actual expenses for calendar year 2017, which totaled approximately 733 million Russian rubles (approximately \$12.2 million U.S. dollars). The budget contained, among other things, all of the categories of itemized expenditures identified in subparagraph a, above.
- d. To cover substantial portions of the February 2018 expenses, KHUSYAYNOVA requested funds from Concord in at least six parts. KHUSYAYNOVA requested approximately 20 million Russian rubles on or about February 7, 2018, approximately 10 million Russian rubles on or about February 7, 2018, approximately 15 million Russian rubles on or about February 16, 2018, approximately 3 million Russian rubles on or about February 21, 2018, approximately 5 million Russian rubles on or about February 28, 2018, and approximately 31 million Russian rubles on or about March 6, 2018.
- e. In or around March 2018, KHUSYAYNOVA compiled and submitted to Concord a monthly budget for April 2018 for Project Lakhta that exceeded 107 million

Russian rubles (over \$1.75 million U.S. dollars). The budget contained, among other things, all of the itemized expenditures identified in subparagraph a, above.

- f. To cover substantial portions of the April 2018 expenses, KHUSYAYNOVA requested funds from Concord in at least two parts. KHUSYAYNOVA requested approximately 32 million Russian rubles on or about April 6, 2018, and approximately 21 million Russian rubles on or about May 8, 2018.
- g. In or around April 2018, KHUSYAYNOVA compiled and submitted to Concord a monthly budget for May 2018 for Project Lakhta that exceeded 111 million Russian rubles (over \$1.86 million U.S. dollars). The budget contained, among other things, all of the categories of itemized expenditures identified in subparagraph a, above.
- h. To cover substantial portions of the May 2018 expenses, she requested funds from Concord in at least three parts. She requested approximately 5 million Russian rubles on or about May 8, 2018, approximately 31 million Russian rubles on or about May 10, 2018, and approximately 35 million Russian rubles on or about June 9, 2018.
- i. On or about June 1, 2018, KHUSYAYNOVA compiled and submitted to Concord a monthly budget for June 2018 for Project Lakhta that exceeded 114 million Russian rubles (over \$1.9 million U.S. dollars). The budget contained, among other things, all of the categories of itemized expenditures identified in subparagraph a, above.
- j. To cover substantial portions of the June 2018 expenses, KHUSYAYNOVA requested funds from Concord in three parts. KHUSYAYNOVA requested

approximately 29 million Russian rubles on or about June 1, 2018, approximately 29 million Russian rubles on or about June 4, 2018, and approximately 36 million Russian rubles on July 10, 2018.

22. Between in or around January 2016 and in or around June 2018, Project Lakhta's proposed operating budget totaled more than 2 billion Russian rubles (over \$35 million U.S. dollars). Just between in or around January 2018 and in or around June 2018, Project Lakhta's proposed operating budget totaled more than 650 million Russian rubles (over \$10 million U.S. dollars).

23. KHUSYAYNOVA also monitored the Project Lakhta budget to ensure that expected payments from Concord were received. For example, on or about November 15, 2017, KHUSYAYNOVA contacted Concord to inform them that she had not received a payment from Almira LLC for certain Project Lakhta companies, and that she was urgently waiting for the payment. Similarly, on or about April 11, 2018, KHUSYAYNOVA confirmed to Concord that she had received payment for a portion of the March 2018 budget for Project Lakhta but was waiting for the remaining payment. On or about April 12, 2018, a Concord employee informed KHUSYAYNOVA that the remaining payment would be forthcoming.

24. Starting at least in or around 2015, the Conspiracy began to purchase advertisements on online social media sites to promote events and social media groups it controlled. These expenditures were included in the budgets that KHUSYAYNOVA submitted to Concord. For example, between approximately January 2018 and June 2018, KHUSYAYNOVA compiled and submitted to Concord expenditures of over 3.7 million Russian rubles (over \$60,000 U.S. dollars) for advertisements on Facebook and over 385,000 Russian rubles (over \$6,000 U.S. dollars) for advertisements on Instagram. Over that same timeframe,

the budget also included expenditures of over 1,100,000 Russian rubles (over \$18,000 U.S. dollars) for “bloggers” and “[d]eveloping accounts” on Twitter (preliminary translation of Russian text). Additionally, the budget included expenditures for “[r]enting software for social networks,” including payments for services to manage Twitter posts and generate additional followers (preliminary translation of Russian text).

B. Targeted Messaging to Sow Social and Political Discord

25. Between in or around December 2016 and in or around May 2018, as part of the Conspiracy’s effort to sow discord in the U.S. political system, members of the Conspiracy used social media and other internet platforms to inflame passions on a wide variety of topics, including immigration, gun control and the Second Amendment, the Confederate flag, race relations, LGBT issues, the Women’s March, and the NFL national anthem debate. Members of the Conspiracy took advantage of specific events in the United States to anchor their themes, including the shootings of church members in Charleston, South Carolina, and concert attendees in Las Vegas, Nevada; the Charlottesville “Unite the Right” rally and associated violence; police shootings of African-American men; as well as the personnel and policy decisions of the current U.S. administration.

26. Members of the Conspiracy were directed to create “political intensity through supporting radical groups, users dissatisfied with [the] social and economic situation and oppositional social movements.” The Conspiracy also sought, in the words of one member of the Conspiracy, to “effectively aggravate the conflict between minorities and the rest of the population.”

27. The Conspirators’ activities did not exclusively adopt one ideological viewpoint; they wrote on topics from varied and sometimes opposing perspectives. Members of the

Conspiracy also developed strategies and guidance to target audiences with conservative and liberal viewpoints, as well as particular social groups. For example, a member of the Conspiracy advised in or around October 2017 that “if you write posts in a liberal group, . . . you must not use Breitbart titles. On the contrary, if you write posts in a conservative group, do not use Washington Post or BuzzFeed’s titles.” Using the example of individuals of color who are also members of the lesbian, gay, bisexual, and transgender (“LGBT”) community, the member of the Conspiracy offered the following guidance on how to target the group:

Colored LGBT are less sophisticated than white; therefore, complicated phrases and messages do not work. Be careful dealing with racial content. Just like ordinary Blacks, Latinos, and Native Americans, colored LGBT people are very sensitive towards *#whiteprivilege* and they react to posts and pictures that favor white people. . . . Unlike with conservatives, infographics works well among LGBT and their liberal allies, and it does work very well. However, the content must be simple to understand consisting of short text in large font and a colorful picture. (Preliminary translation of Russian text.)

Members of the Conspiracy also sought to target the timing of their posts to attract the widest possible viewership. The same member of the Conspiracy referenced above offered the following guidance on how to overcome the time difference between Russia and the United States:

Posting can be problematic due to time difference, but if you make your re-posts in the morning St. Petersburg time, it works well with liberals – LGBT groups are often active at night. Also, the conservative can view your re-post when they wake up in the morning if you post it before you leave in the evening St. Petersburg time. (Preliminary translation of Russian text.)

28. Members of the Conspiracy also developed detailed analysis of timely news articles and guidance for how to describe the articles in social media posts in order to promote the objectives of the Conspiracy. For example, in or around early August 2017, one or more members of the Conspiracy working under the guise of the Facebook group “Secured Borders”

analyzed a large quantity of U.S. news articles, summarized the substance of the articles, and outlined ways for the conspiracy to promote them. Specifically, one or more members of the Conspiracy described each article and categorized its theme, provided a strategic response with a particular focus on how to target U.S. audiences, and then noted approval to use the strategic response. The strategic response was referred to as “Tasking Specifics,” which appeared to include an assignment to certain members of the Conspiracy to disseminate the message on social media platforms.

- a. Citing an online news article titled “McCain Says Thinking a Wall Will Stop Illegal Immigration is ‘Crazy,’” from on or about August 5, 2017, a member of the Conspiracy directed that the article be messaged in the following way:

Brand McCain as an old geezer who has lost it and who long ago belonged in a home for the elderly. Emphasize that John McCain’s pathological hatred towards Donald Trump and towards all his initiatives crosses all reasonable borders and limits. State that dishonorable scoundrels, such as McCain, immediately aim to destroy all the conservative voters’ hopes as soon as Trump tries to fulfill his election promises and tries to protect the American interests. (Preliminary translation of Russian text.)

- b. Citing an online news article titled “Paul Ryan Opposes Trump’s Immigration Cuts, Wants Struggling American Workers to Stay Poor,” from on or about August 5, 2017, a member of the Conspiracy directed that the article be messaged in the following way:

Brand Paul Ryan a complete and absolute nobody incapable of any decisiveness. Emphasize that while serving as Speaker, this two-faced loudmouth has not accomplished anything good for America or for American citizens. State that the only way to get rid of Ryan from Congress, provided he wins in the 2018 primaries, is to vote in favor of Randy Brice, an American veteran and an iron worker and a Democrat. (Preliminary translation of Russian text.)

- c. Citing an online news article titled “11 California Counties Might have More Registered Voters Than Eligible,” from on or about August 6, 2017, a member of the Conspiracy directed that the article be messaged in the following way:

In the California voter registration rolls, there are more registrants than there are residents. This is the time for American conservatives to sound the alarm before the elections turn the Constitution into a mockery and a celebration of lawlessness. Emphasize that previous falsifications during the U.S. elections used to be perceived as a myth; today they became a reality with a threatening force and are perceived accordingly. Emphasize that all illegal voters must be kept away from the ballot boxes at distances “beyond artillery firing range.” There is an urgent need to introduce voter IDs for all the states, above all in the blue (liberal and undecided) states. Remind that the majority of the “blue states” have no VOTER IDs, which suggests that large-scale falsifications are bound to be happening there. State in the end that the Democrats in the coming election will surely attempt to falsify the results. (Preliminary translation of Russian text.)

- d. Citing an online news article titled “Savage: Civil War if Trump Taken Down,” from on or about August 6, 2017, a member of the Conspiracy directed that the article be messaged in the following way:

Forcefully support Michael Savage’s point of view with competence and honesty. Savage made it clear that any attempt to remove Trump is a direct path to a civil war in the United States. Name those who oppose the president and those who impede his efforts to implement his pre-election promises. Focus on the fact that the Anti-Trump Republicans: a) drag their feet with regard to financing the construction of the border wall; b) are not lowering taxes; c) slander Trump and harm his reputation (bring up McCain); d) do not want to cancel Obamacare; e) are not in a hurry to adopt laws that oppose the refugees coming from Middle Eastern countries entering this country. Summarize that in case Republicans will not stop acting as traitors, they will bring upon themselves forces of civil retribution during the 2018 elections. (Preliminary translation of Russian text.)

- e. Citing an online news article titled “Trump: No Welfare To Migrants For Grants For First 5 Years” from on or about August 6, 2017, a member of the Conspiracy directed that the article be messaged in the following way:

Fully support Donald Trump and express the hope that this time around Congress will be forced to act as the president says it should. Emphasize that if Congress continues to act like the Colonial British government did before the War of Independence, this will call for another revolution. Summarize that Trump once again proved that he stands for protecting the interests of the United States of America. (Preliminary translation of Russian text.)

- f. Citing an online news article titled “The 8 Dirtiest Scandals of Robert Mueller No One Is Talking About,” from on or about August 7, 2017, a member of the Conspiracy directed that the article be messaged in the following way:

Special prosecutor Mueller is a puppet of the establishment. List scandals that took place when Mueller headed the FBI. Direct attention to the listed examples. State the following: It is a fact that the Special Prosecutor who leads the investigation against Trump represents the establishment: a politician with proven connections to the U.S. Democratic Party who says things that should either remove him from his position or disband the entire investigation commission. Summarize with a statement that Mueller is a very dependent and highly politicized figure; therefore, there will be no honest and open results from the investigation. Emphasize that the work of this commission is damaging to the country and is aimed to declare impeachment of Trump. Emphasize that it cannot be allowed, no matter what. (Preliminary translation of Russian text.)

- g. Citing an online news article titled “CNN’s Pro-Jeb! Republican: Trump White House Like a ‘Brothel,’” from on or about August 7, 2017, a member of the Conspiracy directed that the article be messaged in the following way:

CNN commentator “RINO” likened the Trump administration to a “brothel.” Mass News Media Criticism! Accuse CNN of yet another lie. State that during past elections, namely, this mainstream media, which supported Hillary Clinton’s candidacy

for U. S. President almost 100%, disseminated fake news, insulting statements, and lies about Donald Trump and his supporters. This continues now. This is precisely why such news sources as the New York Times, Washington Post, CNN, CBS, Time, and Huffington Post must not be taken seriously, for they are the main propaganda channels that are screwing with the heads of American citizens. Remind readers that each of the above-mentioned media resources supported Hillary Clinton and received funds from her election fund. They produced fake social study research results at polls predicting a Clinton win with a 10-15% lead over Trump and tried hard to insult and discredit Trump. Summarize with a statement that CNN long ago lost its reputation as a trusted source and that its reputation is still declining. (Preliminary translation of Russian text.)

- h. Citing an online news article titled “Pro-Amnesty Sen. Marco Rubio: Trump’s Immigration Bill Will Not Pass the Senate,” from on or about August 7, 2017, a member of the Conspiracy directed that the article be messaged in the following way:

VERY IMPORTANT! We expose Marco Rubio as a fake conservative who is a traitor to Republican values and who in his soul despises the American Constitution and civil liberties. Remind that Rubio is the protégé of the preposterous Jeb Bush, who is a disgrace to the conservative movement. State that victims of violence committed by illegals and the relatives of the victims hate Marco Rubio completely and wholeheartedly. In other words, Rubio is a liberal who penetrated the Republican Party for the purpose undermining it from the inside. Summarize in a statement that voting for Rubio during the Senate elections is practically the same as voting for Hillary Clinton. (Preliminary translation of Russian text.)

- i. Citing an online news article titled “Sanctuary City Objects to Arrest of Accused Illegal Alien Child Molester,” from on or about August 7, 2017, a member of the Conspiracy directed that the article be messaged in the following way:

Characterize the position of Californian sanctuary cities along with the position of the entire California administration as absolutely and completely treacherous and disgusting. Stress that protecting an illegal rapist who raped an American child is the peak of

wickedness and hypocrisy. Summarize in a statement that “sanctuary city” politicians should surrender their American citizenship, for they behave as true enemies of the United States of America. (Preliminary translation of Russian text.)

- j. Citing an online news article titled “Maryland City Mulling Over Idea to Let Illegal Immigrants Vote” from on or about August 7, 2017, a member of the Conspiracy directed that the article be messaged in the following way:

Stress that the leadership in sanctuary cities has lost all connection with reality and is trying to provide criminals who illegally crossed the U.S. borders with voting rights that are available only to the citizens of the United States. Summarize in a statement that the leaders of sanctuary cities are people without conscience and without any respect for the American Constitution. (Preliminary translation of Russian text.)

Remind that McConnell is a friend of Joe Biden, who has no political principles. Emphasize that boycotting the conservative agenda is the most inadequate and treacherous behavior possible in the given situation. Summarize in a statement that people did not vote for the Republicans in 2014 and in 2016 so that today they would do the same things that Democrats usually busy themselves with. C. Use of Specific U.S. Fake Personas

29. Since at least in or around 2015, the Conspiracy used social media platforms to create thousands of social media and email accounts that appeared to be operated by U.S. persons and used them to create and amplify divisive social and political content targeting a U.S.

audience. These accounts were also used to advocate for the election or electoral defeat of particular candidates in the 2016 and 2018 U.S. elections, to post derogatory information about a number of candidates, and, on occasion, to promote political donations against particular candidates.
