IRRIGATION MEN TO MEET IN VERNON

Western Irrigation Association Convention in July

Vernon, B. C., June 27.—(Canadian Press)—The arrangements for the Fifteenth Annual Convention of the Western Irrigation Association, which will be held here July 27, 28, 29 and 30, are now well advanced. A large number of delegates from the prairie provinces and British Columbia will attend.

A feature of the convention will be a visit to the celebrated Coldstream Ranch, which lies a few miles from the city of Vernon. This is one of the oldest and largest ranches in the Okanagan Valley, and it was there about thirty years ago that the great fruit-growing possibilities of the Okanagan were first demonstrated. Many of the trees planted at that time are still bearing fruit.

A programme of addresses has been drawn up, and among the speakers will be: Hon. S. F. Tolmie, Canadian Minister of Agriculture; Hon. T. D. Pattullo, Minister of Lands of British Columbia; Hon. Duncan Marshall, Minister of Agriculture of Alberta; Dr. John A. Widstoe, president of the University of Utah and one of the foremost authorities on practical irrigation farming in the United States; Dr. F. A. Wyatt, professor of soils at the University of Alberta; L. C. Charlesworth, chairman of the Alberta Irrigation Council; R. H. Holmer, superintendent of the Dominion Experimental Farm at Summerland, B. C.; and A. S. Dawson, chief engineer of the Canadian Pacific Railway's Irrigation Systems.

Important Question.

Subjects of the greatest importance to irrigations will be discussed, including "Excessive Irrigation and its Dangers," which will be the subject of Dr. Widstoe's address. Dr. Widstoe says this is a matter to which considerable attention has been paid in Utah during the last few years, and it is one of the most important questions in irrigation practice.

"The Action of Water Upon Soils" will be dealt with by Dr. Wyatt. "The Producing of Fair Forage Crops on the Irrigated Farm" will be discussed by W. F. Laidman, of Vernon, and A. Griffin, of Brooks, will discuss irrigation district problems, a subject of the utmost interest to irrigators in Western Canada.

TREASURE IN NORTHERN CANADA

Calgary, June 27.—The far north country contains a wealth of precious metals and commercial minerals and it only needs sufficient prospecting and vehicular communication to bring them out to the world," stated D. A. Lyon, a prospector of long experience who has returned from the north. He was 400 miles east of Fort Norman when Indians brought him word that oil had been discovered at that place, and he was one of the first to get a filing in those fields. Mr. Lyon has been prospecting in the Copper Mine River district, which he declares is a very promising copper district.

Until better transportation facilities are available, Mr. Lyon states gold and silver mining is the only development that will pay.

This prospector will go back for a four months' tour of the Great Slave country, which he believes is rich in gold and copper. On his way north he will also investigate prospects in the Peace River country.

HOSPITAL WORKERS TO HOLD MEETING

Vancouver, June 27.—Ninety provincial hospital workers will be represented at the fourth annual meeting of the British Columbia Hospital Association at Kamloops, July 6, 7 and 8. Dr. H. C. Wrinch of Hazelton will preside. Dr. M. T. McEachern, of the Vancouver General Hospital, is secretary.

AEROPLANE'S LOAD WAS TOO HEAVY

London, June 27.—Owing to the excessive weight of three fat persons among the passengers an air express, leaving out from London air station to travel to Paris ascended so slowly that after it had risen about 100 feet the pilot decided that his flyer was too heavy for the 230-mile journey and returned to the aerodrome. A second aeroplane was then run out from the sheds and some of the passengers from the first were transferred to it, and both machines flew off in company to Paris.

WOMAN KILLED IN AUTO SMASH

Calgary, June 27.—Mrs. J. McDonald, Calgary, was almost instantly killed; Miss Boyer, of Lethbridge, was seriously injured, and Robert Ware, driver and A. Pinklestein, both of Calgary, were badly shaken up as a result of an automobile smash on the road leading to the Banff Springs Hotel at Banff. The car threw a tire, causing it to skid and crash into a telephone pole. The pole was broken off and the automobile turned a somersault. Mrs. McDonald died on the way to the hospital.

CRUSHED TO DEATH.

Vancouver, June 27.—W. H. A. Nesbitt, aged thirty-eight, an accountant, was crushed to death in an elevator shaft in the Standard Bank Building here Saturday evening. As far as can be learned he slipped between the elevator and the shaft just as the car started to move.

Mr. Nesbitt was an Anglo-Indian, educated at Oxford, and had lived here ten years.

MAN DROWNED.

Fernie, B. C., June 27.—John Horn Hewitt, of Fernie Annex, was drowned at Lizard Creek, two miles south of Fernie, yesterday, while fishing. He leaves a widow and two children.

CHARGE OF MURDER IN SASKATCHEWAN

Man Stated to Have Killed Father-in-Law

Saskatoon, June 27.—Isiah Mitchell, aged forty, will stand trial at the next criminal assizes on a charge of having murdered his father-in-law, Dan Armstrong, fifty-five, a farmer of Paradise Hill, Saskatchewan.

Mitchell's preliminary hearing, held in the town hall at Fort Pitt Saturday afternoon, drew a huge crowd from all parts of the surrounding country. The case has proved the biggest sensation the district has had in years. The young man's confession, which was made to the police on his arrest in Regina, was not placed in evidence, but testimony produced by the crown was sufficient in the eyes of the court to warrant a committal for trial.

One witness said he had seen a loaded revolver protruding from Mitchell's pocket immediately before the shooting. Another witness declared the accused had remarked to him: "I should have clubbed him to death a year ago," and friends and neighbors of the murdered man spoke of the enmity they alleged kindled in Mitchell's heart when his wife left him and the children were placed in the care of the grandparents. Mr. and Mrs. Armstrong declared the accused had been drinking and very drunk on the night of the murder.

The defence will invoke an unwritten law, arguing that there was strong provocation owing to the estrangement between Mitchell and his family, for which Armstrong is alleged to have been responsible.

MURDER LIST IN IRELAND GROWS

Auxiliary Cadet Inspector Shot in Dublin

Dublin, June 27.—Auxiliary Cadet Inspector God, stationed at North Wall, was shot dead, and Section Leader White of the auxiliaries, quartered at North Wall, was seriously wounded last night. The shooting occurred while the men were dining with their wives in a hotel in Dublin.

On Saturday night a number of men called at the home of Charles Trainor outside the town of Monaghan and informed his wife that he was being fined for a traffic offence. She paid the fine. The men returned two hours later, took Trainor out and shot him dead. They attached a label bearing the word "spy" to the body.

Houses Burned.

Cork, June 27.—Armed men on Saturday burned a number of houses in the Innishannon district of Cork, among them the homes of Brig.-Gen. Caulfield, Col. Godfrey and Michael Denneher.

WOOLLEN CO. ASSIGNS BUT RETAIL BUSINESS HERE NOT AFFECTED

Montreal, June 25.—With liabilities estimated at about three-quarters of a million to a million dollars, owed in various parts of Canada, L. A. Gareau, doing business as the English and Scottish Woollen Company, has made assignment to Gordon W. Scott, authorized trustee under the Bankruptcy Act.

The organization has thirty-seven stores operating in Canada.

The Victoria retail branch of the English and Scottish Woollen Co. has received instructions to carry on as usual. It was explained that the store-to-day as the assignment affects the wholesale end of the business and not directly the retail.

FARMERS AIDED IN MANITOBA

Winnipeg, June 27.—The province of Manitoba has loaned farmers more than \$4,150,000 for agricultural purposes during 1921, according to figures obtained at the Parliament Buildings. The loans made were: Purchase of seed grain, under the Seed Grain Act, \$1,900,000; rural credits loans, \$2,400,000; farm lands, \$750,000.

The Farm Loan Board at the present time has applications before it for loans amounting to another \$750,000.

The provincial savings bank, operated by the Government, is advancing several hundred thousand dollars for the rural credits and farm loans.

DOCTOR SURPRISED AT IMPROVEMENT

Told Patient to Keep on Taking Tanlac; Tingley Suffered for Eight Years

"Although I am sixty-four years of age I do not feel a day over fifty, and when it comes to work I am as good a man as I was thirty years ago," said John M. Tingley, Hopewell, Albert Co., N. B., who visited his sister at 671 5th Avenue, East, Vancouver, B. C.

"However, things were entirely different with me before I began taking Tanlac, which, by the way, is as well known in New Brunswick as it is here in Vancouver. For eight years I had stomach trouble in its very worst form, and I searched high and low for something to help me, but had not success until I tried Tanlac, and that suited my case exactly. I used to suffer from heartburn, gas on the stomach, smothering spells and palpitations. Many a time out in the field I would be taken with one of these weak spells, and would have to lie down right where I was. Finally I got so weak and despondent that life was almost unbearable to me. I am just like a new man to-day, thanks to Tanlac. After I had been taking this medicine a while my old doctor met me and was very much surprised at my improvement, and when I told him it was Tanlac he said I had evidently found what I needed to keep right on taking it, and that is what I did. It's a fact I eat better, sleep sounder and work harder than I have in years and feel fine all the time. I am glad to go on record as saying that Tanlac is a blessing to people who have stomach trouble."

Tanlac is sold in Victoria by D. E. Campbell and other drug stores. (Advt.)

HEMP WAS TESTED AT WINNIPEG

Can Be Successfully Grown in Canada

Winnipeg, June 27.—A hemp "breaking" demonstration here has proved conclusively that hemp can be successfully grown in Canada and that a machine has been found capable of converting the hemp stalks into marketable hemp fibres, which can be manufactured into practically anything from the coarsest rope to the finest linen used in making household requirements. The demonstration was conducted by Col. William Grassie, D.S.O., president of the Canada Fibre Product Company, Limited, and was witnessed by 100 persons, including agriculturists, experts and prominent business men.

The hemp stalks used were grown at the Manitoba Agriculture College and lay under the snow all winter. The seed was secured from Kentucky and cost \$15 a bushel. Under normal conditions hemp stalks will grow to a height of fifteen feet and when cut and dried will yield between four and five tons to the acre. Such farmers in the province as are growing hemp for experimental purposes this year are being paid \$15 a ton for their product.

Kill Weeds.

"Hemp is the greatest weed killer among growing plants, and will undoubtedly appeal to farmers of Western Canada," Col. Grassie said. "The use of a three year crop rotation will do away with the necessity of Summer fallowing. When all other grasses and grains are killed by frost in early Spring or Summer the hemp grows on." Col. Grassie stated.

The skin of the stalk is what is used for hemp fibre. The wood in the centre, following the separation process, is broken into small pieces and as a by-product finds a ready sale for purposes of making paper pulp. The machine used to separate the fibre from the wood is an intricate affair, operating on a similar style to a grain separator.

Col. Grassie stated it was the intention of his company to establish plants in various parts of the country which would manufacture the new material into the finished product and thus furnish more employment for the workers as well as build up an industry that would do away with the necessity of importing hundreds of thousands of dollars' worth of fibre products.

CASE DECIDED FOR TENANT

Winnipeg, June 27.—A case of wide interest to tenants in apartment blocks was decided here when a tenant brought suit against the owner of a local apartment block for failure of the janitor to provide sufficient steam heat. The plaintiff claimed that his lease entitled him to enough heat to keep his suite at a comfortable temperature. Evidence showed that the janitor was negligent on numerous occasions in this respect, one night the temperature dropping to 45 degrees.

A verdict for the plaintiff of \$450 damages and costs was returned, the jury contending that the defendant was liable because he did not personally see that the janitor kept the suite at a proper temperature.

THE OLIVE BRANCH.

If the self-styled "President" of the so-called "Irish Republic" will consent to meet the British Prime Minister and the Premier of Ulster on the distinct understanding that such a conference would not countenance the subject of secession it may still be possible to bring peace to the Irish people and to dispose of one of the most troublesome problems which has baffled British statesmen for more than a century.

Mr. Lloyd George has followed a bold course. He had no valid alternative after the sentiments expressed in the King's speech to the Parliament of the North. That tremendously significant event at Belfast was his opportunity and he has evidently taken it without loss of time. But he has gone a great deal further than he went on a previous occasion when he announced his willingness to meet one or more responsible leaders of the Sinn Fein movement. His formal invitation has no conditions. He does not even stipulate the retention of the British connection as the basis of such a conference. At the same time it follows that the Sinn Fein leaders will recognize the futility of attending the gathering on any other understanding. None the less it is undoubtedly more acceptable to de Valera and his associates in its new form. If it does nothing else it proves to the rest of the world that the British Government is ready to go to the limit in an effort to bring peace to Ireland.

Following closely upon the Government's decision to institute a more intensive type of military control in the South and West of Ireland the invitation of the Prime Minister should suggest to de Valera and his associates that a real opportunity to reach a peaceable understanding has arrived. Failure to accept would involve the carrying out of a programme that would complete the disaster to Ireland which years of terrorism have prepared for the final debacle. It should be patent to the most ardent "republican" that there is no hope of Irish independence. It should be equally obvious that those people who have sympathized with the Irish cause in many parts of the world have no wish to be indefinitely associated with a campaign of murder or pillage.

While it may be too much to hope that peace is in sight it goes without saying that the action of the British Prime Minister is the most sensational development which has taken place in connection with Irish affairs since the rebellion in 1916. It is the more important at this time by reason of the fact that it follows the inaugural proceedings of the first Irish Parliament to be set up under the provisions of the Home Rule Act. Such a conference is not a necessary prelude to the institution of a Southern Legislature. It is only necessary in view of Sinn Fein's definite rejection of conciliation by means of self-government as imposed by the measure under which Ulster has acquired its authority.

Should de Valera insist upon the personal attendance of those individuals who have been responsible for much of the terrorism to which Ireland has been subjected the British Government may hesitate. The spectacle of a British Prime Minister conferring with those whom his colleagues have regarded as murderers may not appeal to popular imagination or lend weight to agreements reached. At the same time if Mr. Lloyd George

has made up his mind to go to almost any extent to settle this question once and for all he may have to create precedents. The gap is a wide one and original methods will be necessary to find the solution to bridge it. Republican sentiment demands a free and independent Ireland. The British Government is determined that such is impossible. Here are the difficulties illustrated.

The greatest promise contained in the Prime Minister's invitation lies in the prospect of a personal discussion between the three principal actors in the Irish drama. If such a gathering shall be brought about, and if the British Government shall go to the fullest extent of its powers in the way of concessions—short of releasing Ireland from the Empire—there will be very little complaint from the people. Half the world is utterly sick of the Irish question and the British Empire as a whole would heave a sigh of relief if it could be filed out of the way.

COMPERS AGAIN.

Judged by its decision to permit such a level headed official as Samuel Gompers to remain its chief executive the American Federation of Labor is no nearer selling itself to extremism than is the Trades and Labor Congress of Great Britain. When it reaches a crisis the cause of Labor may rely upon the good sense of the average workman. He is not a revolutionary any more than he is a maudlin sentimentalist. For the most part he recognizes that the individual who loses most through a period of industrial strife and national uncertainty is himself. But as long as he refuses the doctrines of false prophets and agrees to leave his interests in the hands of such men as Samuel Gompers and James Henry Thomas and Tom Moore he will gain more than he will lose.

SHOULD BE USEFUL.

If Mr. Lloyd George should decide to invite the Dominion Premier to take part in a conference upon the Irish question they would doubtless accept. They have taken no part in the issue for the reason that they regard it as a matter for the Parliament and Government of Great Britain to deal with and settle. At the same time it goes without saying that their attendance at a gathering at which de Valera and Sir James Craig were present would enable them to present their points of view upon self-government if such should be advisable or necessary. Their observations would not be lost on de Valera. He might get a few pointers on the pleasant relations which exist between the Motherland and the other nations within the Empire.

DIVERSIONS NECESSARY.

According to the Bolshevik Minister of War the navies of Great Britain and the United States will meet on the high seas in about three years from now in order to settle a question which shall have arisen in respect of maritime prowess and maritime strength. The imaginative Trotsky does not go into details. He was speaking before the Third Internationale when he made his sensational announcement. As an example of Bolshevik humor the prediction is not bad. As a confession that even the Third Internationale requires a change from that narrative of continuous "victory" over capitalism it is illuminating.

INTERESTING AND FITTING

It is interesting and fitting that it should fall to the portion of Yarrows to share in the building of component parts of the drydock whose promised construction seven years ago very largely influenced Sir Alfred Yarrow to establish a Pacific Coast branch of his great Scottish enterprise at Esquimaux. It is the more interesting and fitting that Sir Alfred's visit to British Columbia at this time should synchronize with the actual fulfillment of the original intention and the participation of his own firm into the bargain. Victoria's interest in the improvement itself is an important one and such subsidiary contracts as may enlarge the activities of local enterprise and utilize local labor are highly desirable.

THAT LUMBER TARIFF.

Representative Young from North Dakota is of the opinion that if the United States Government insists on placing a tariff upon lumber imported from this country it will be cutting off its nose to spite its face. He warned Congress that "we shall be very shortsighted indeed if we overlook our splendid export trade to Canada. We sell more manufactured stuff to Canada than to any other foreign country. It is bound to prove an injurious factor in securing Canadian business if Canadians continue to find it necessary to pay in settlement for American goods \$111 for every \$100 money draft sent to our country." He recognizes the fact that the shutting out of something like sixty million dollars' worth of lumber will not help the exchange situation. It would merely provide Canadians with another argument in favor of reducing their demand for goods made in the United States. This is the point that Representative Young makes when he asks that Canadian trade be not jeopardized "by the foolish policy of a tariff on lumber." He might have suggested that British Columbia would be tempted to place an embargo on the export of logs from this Province.

NOTE AND COMMENT

One of the surprises of the Imperial Conference is the strange silence of Mr. Winston Churchill. Is he merely getting his wind up? Lord Northcliffe would be quite annoyed if Mr. Lloyd George succeeded in bringing about a solution of the Irish question.

When the coal strike in Great Britain is settled it ought to be possible to look forward to a fairly lengthy period of industrial peace. During the last three months the miners must have "blown in" all their wartime "advantages."

Mr. Samuel Gompers has very pointed views on William Randolph Hearst and his conception of citizenship. He says of the newspaper magnate: "He is a traitor to America, to the cause of freedom, an enemy of Labor and of Ireland." Otherwise he might pass as a fairly decent sort of a chap.

HOROSCOPE
 MONDAY, JUNE 27, 1921.
 (Copyright, 1921, by The McClure Newspaper Syndicate.)

Astrologers read this as a doubtful day. Although Venus and Mercury are in benefic aspect, Saturn and Neptune are adverse.
 It should be a fortunate rule for theaters and all places where persons assemble for the lighter forms of amusement.
 The rule is most auspicious for advertising, and both newspapers and magazines should profit.
 The stars seem to prestage a tendency more and more marked for national movements that will more closely unite special interests of the people.
 This should be a lucky day for actors and actresses to sign contracts, for engagements to perform to-day are believed to assure increase of fame.
 Saturn is in a sinister place for real estate interests in certain cities, which may suffer from declining values owing to unforeseen circumstances.
 The West may feel stress in some lines of business during the Summer and there may be sudden strikes in Chicago, Detroit and other large cities.
 Travel on the high seas may be subject to new perils at this time.
 Neptune exercises to-day an influence that is not conducive to common sense, and for of intoxication, pleads when suffer from declining values owing to unforeseen circumstances.
 Persons whose birthdate it is should keep business affairs well in hand. The domestic outlook is most favorable.
 Children born on this day will be intelligent, industrious and much respected, in all probability. These subjects of Cancer may not be lucky in business.

GOVERNMENT LIQUOR ACT OPERATING WITH HEAVY SENTENCES

Two more victims are added to those who have transgressed the provision of the new Government Liquor Act, bringing the total up to four who have been dealt with here under this particular section.
 Alexander Monson, charged with being unlawfully in a public place while in a state of intoxication, pleaded guilty, and was fined \$50 with the option of one month in jail. As no money was forthcoming Monson elected to try the option. On examination later he stated he had purchased the liquor from the lower Yates Street Government Vendor's Store on a permit, getting two dozen bottles of beer. The beer, he stated, was responsible for his condition, when found by the police.
 Percy Long, charged with a similar offence, pleaded not guilty, stating that he was not drunk, but taking two or three drinks was unfortunately

HEAR ENGLISH SKYLARKS.
 J. G. Thomson, publicity commissioner, reports that visitors here have been surprised and pleased to note the presence at Gordon Head of the English skylark. These birds were brought out in the year 1912 by the Natural History Society. In connection with the Greek play beginning here to-night, Mr. Thomson communicated with the C. P. R. with the idea of getting their co-operation in bringing people here to witness the pastoral play. With the idea of getting passengers from the Orient to stop off at Victoria, the Association has also arranged with the C. P. R. for the distribution of literature on the C. O. REDUCTION OF RAILROAD WAGES IN THE STATES
 Chicago, June 27. — The United States Railroad Labor Board to-day tendered its wage reduction order, effective July 1, to practically every large railroad in the country. No change from the average twelve-per-cent reduction granted 164 carriers on June 1 was made by to-day's decision. The new order affects 216 roads.

BODY FOUND AFTER LONG IMMERSION

Body of Late Alfred Prudum Discovered on Beach
 After being nearly five weeks in the water the body of Alfred Prudum was discovered yesterday evening at 5 o'clock by Mr. Merryweather, 1147 Fort Street, cast up on the beach at the foot of Cook Street. The body was fully dressed with the exception of the hat, and was decomposed slightly from the long immersion. Some money and papers were also found on the body, including receipts from the Loyal Order of Moose, aiding the identification.
 The late Mr. Prudum came to Victoria some months ago from Calgary. Little or nothing was known of the man at the time of his disappearance and his identity was only suspected from the recognition of his hat which floated ashore.
 The circumstances surrounding the drowning were peculiar. On the morning of May 21 a pedestrian at Horse Shoe Bay saw a man standing on the rocks at the water's edge. He was standing quietly, apparently gazing out to sea. The watcher removed his glance for a moment and when he next looked that way the unknown person had disappeared from the rock, while 100 yards out to sea a man was struggling in the water. The man in the water cried for help, but before he was reached could get down to the shore, the stranger had sunk for the last time.
 After finding the body yesterday Mr. Merryweather notified the city police, and Constable Ireland had the body removed to the Thomson Undertaking Home. The inquest will be held by Coroner E. C. Hart, at the Thomson undertaking premises at 11 o'clock to-morrow morning. The

DESERTER CAUGHT IN DARING ESCAPE

Eludes Prison Guard and Jumps From Deck of Princess Victoria
 While the Princess Victoria was clearing the harbor here for Vancouver on Saturday afternoon, and was abeam of Work Island, C. Waller, a man under sentence for desertion from the Canadian Navy, and then on his way to Okalla under a prison guard jumped overboard in a daring attempt at escape. Eluding his guards Waller reached the rail of the steamer and jumped far out, swimming, strongly when he struck the water.
 He covered the distance between the ship and Work Island in a short time. The steamer was brought to, and a boat lowered. The fugitive, after a few minutes was rounded up, in a semi-exhausted condition, and taken back to the ship, which continued her voyage. A late telegram from Vancouver on Saturday night stated Waller was little the worse for his daring attempt.
 The circumstances surrounding the case are a little pathetic. Waller joined the Canadian Navy at Halifax. In some manner not explained he was under the impression that his ship the H. M. C. S. Aurora, would

Do This Tonight
 Watch the quick effects—see the change in a week
 Present this coupon to your dealer. He will give you a delightful ten-day test of a new teeth-cleaning method which millions are employing.
 Watch the effects, quick, pleasant and conspicuous. Watch the new luster that comes. In ten days let your mirror tell you the way to pretty teeth.
 Leading dentists everywhere advise this method now. You will see and feel the reasons when you make this test.
 Now you can fight it
 Dental science, after long research, has found ways to fight that film. Able authorities have proved them effective. Now leading dentists everywhere advise their daily use.
 The methods are embodied in Pepsodent, the new-day, scientific tooth paste. Millions of people now use it, and the use is fast spreading the world over.
 That is the dentifrice we urge you to try. Your druggist has a free tube for you. Enjoy its effects for ten days, then judge them for yourself.
 Also starch and acids
 Modern diet makes other things essential. And those essentials are embodied in this scientific tooth paste.
 Each use of Pepsodent multiplies the salivary flow. That is Nature's great tooth-protecting agent. It multiplies the starch digestant in the saliva. That is there to digest starch deposits which may otherwise form acids.
 It multiplies the alkalinity of the saliva. That is Nature's agent for neutralizing acids which attack the teeth.
 Watch teeth whiten
 The results of Pepsodent are quickly seen and felt. No user can long doubt them. A book we send explains the reasons for them. A very short test will convince you that this new way is essential.
 Present the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear. Watch the other good effects.
 Then you will see and feel and know that Pepsodent is necessary. You will realize that old methods were not right. And this discovery may bring life-long benefits both to you and yours. Present this coupon to your dealer this week. Cut it out now.

Social Personal

On Saturday evening at First Presbyterian Church a pretty wedding took place when the Rev. Dr. Campbell celebrated the marriage of Mr. William George McKee, barrister and solicitor, of Port Antonio, and Miss Hazel Frame of Cumberland. The bride looked very charming in a light blue silk gown with picture hat to match. She was given in marriage by her mother, who was becomingly gowned in black silk. Mr. and Mrs. McKee are spending their honeymoon in this city, being guests at the Empress Hotel. They will make their home at Port Antonio.

Mrs. T. R. McInnes, widow of the late Lieut.-Governor McInnes, is at present in New Westminster, visiting Mrs. Mary McInnes, 527 Carnarvon Street, and their remaining acquaintances. It is some time since Mrs. McInnes resided in New Westminster, but is always glad to come back to the Royal City, and in spite of her 72 years she does not let a small thing like steep grades of city streets interfere with her round of calls. For many years she has been travelling extensively.

Mr. and Mrs. Leslie Grossmith, who have been making an extensive tour throughout British Columbia, Saskatchewan, Alberta and Manitoba, are now in the city, guests at the Empress Hotel, where they will remain until they take up their permanent residence in Victoria. The many friends of Mr. Grossmith in this city will be interested to learn that he has been appointed conductor of the orchestra at the new Capitol Theatre on Yates Street.

On Thursday afternoon at "Broadalbane," 1185 Fort Street, the Rev. Dr. Campbell officiated at the marriage of Mr. Clarence Earl Ruppel and Miss Vivian Gwendolyn Stocker. The bridegroom was accompanied as best man by Mr. Olin B. Hawkins, and the bride was attended as bridesmaid by Miss Beatrice Edith Williams, sister of Seattle. They left by the evening boat for the Sound City, where Mr. and Mrs. Ruppel will make their home.

Mrs. Bogart, Miss Eleanor and Miss Rachel Bogart, of Medicine Hat; P. H. Mulwood and T. E. Mason, of St. Paul, Minn.; E. Gardner, Smith, of Inverfall, Alberta; Mr. and Mrs. W. E. Hurbutt, Miss F. Barron, Miss G. A. Hughbanks and C. W. Ireland, of Seattle; Mr. and Mrs. A. Cramons, of Galt, Ont.; and W. A. Tier, of Saskatoon, Sask., are registered at the Strathcona Hotel.

Miss A. E. Jamieson, W. C. Drake, G. M. Jones, Mr. and Mrs. A. T. G. Farquhar and Miss Farquhar, J. A. Cowi, W. H. Mason, Mr. and Mrs. J. Moore and J. K. Henry, of Vancouver; J. Hewitt, of East Sooke; E. G. Daniels and family, of Nelson; Mrs. Farber, of Campbell Lake; Mrs. E. M. Roberts, of Chemainus; H. H. Piper, of Nanaimo, and P. Maillet, of Brentwood, are guests at the Strathcona Hotel.

Mrs. Alfred Watt, M. B. E., who is attending the sessions of the Federated Women's Institutes of Canada at Edmonds, is the guest of the Lieut.-Governor and Mrs. Dr. and Mrs. Proctor and their four children arrived in the city on Saturday en route to their summer cottage at Finchy Bay, where they will spend the remainder of the Summer months.

After a visit of several weeks in Alberta, Mr. A. Finlayson has returned to the city and reports the crop conditions as very favorable in the section of country he visited.

Capt. and Mrs. Wentworth Wood of Kamloops, nee Kate Wheatley, of Victoria, are receiving congratulations upon the birth of a daughter on June 21.

Mr. and Mrs. Chas. Buscombe, of Vancouver, have been the guests of Mr. and Mrs. Rolands in this city for the past few days.

Miss Isabel S. MacInnes, of Vancouver, is staying at the Empress Hotel.

Dr. and Mrs. A. S. Yorrell, of Regina, are staying at the Empress Hotel.

Mr. J. T. Robertson, of Montreal, is registered at the Empress Hotel.

Through the kindness of R. P. Dutchart, the members of the Victoria Photographic Society visited the gardens at Tod Inlet on Saturday last, and a very interesting and instructive time was spent. The party arrived at the gardens shortly after two o'clock. A general survey of the grounds was made and likely spots picked out for photographic studies. After tea serious business was the order and earnestly pursued. About all nooks and corners. Between thirty and forty exposures were made and the results of these will be shown at the next monthly meeting. Owing to the first Monday of July being July 4 the usual monthly meeting will be held on the Monday following, July 31, in the Cedar Room, Parliament Buildings, at 8 p.m. The special subject will be a talk by Mr. Maynard on "Photography in Old Victoria," illustrated by slides.

The subject for the July circulating portfolio is "Instantaneous." The next "camera hunt" will be held on Wednesday, June 29, meeting at the top of Lampong Street, at 8 p.m. The subject will be "Women and the Empire," illustrated by slides. The speaker at the meeting of the Women's Canadian Club to be held in the Empress Hotel to-morrow afternoon at 8 o'clock, her subject will be "Women and the Empire." Mrs. Archie Willis, the well-known contralto, will be the soloist.

FOR CHILDREN THE SANDMAN STORY FOR TO-NIGHT

MR. POSSUM TELLS A STORY Part II. I was just right about what I thought for "oh, oh," went the axes against that tree, and every time they hit it I felt just as if they gave me a whack on my head.

There was no use running, for Mr. Dog was hopping about as if his feet were treading on needles and all ready to chase me or pounce upon me any second.

Mr. Man he hunts among the branches and finds me. I am just as quiet as if I had been shot. There he is, he said, "I found I did hit him after all, and his tail must have held him in the tree."

Mr. Dog he barks and pleads to be let go, but Mr. Man says no, he must go away, because he wants to save my skin to make himself a cap.

Of course, I do not feel very happy, when I hear that, but I am very thankful he keeps Mr. Dog away.

Mr. Man gets me out of the branches and leaves and pops me in to a bag and throws me over his back and they all walk off. But Mr. Dog he can't keep still. He jumps and barks all the way home.

I can hear the opening snarl and heard Mr. Man say when at last he stopped: "I will put him in the barn and get up early and attend to him."

When he opened the barn door you should have heard the way Mr. Dog took on. You see he was pretty sure I was playing possum. I could tell that from the way he looked.

But Mr. Man did not understand him and he told him to be quiet and he said: "Don't you worry, boy, we have him safe. His is a dead possum, not a live one. You go to bed."

I was pretty glad to hear that, because I began to have a little hope. But when Mr. Man opened that barn door and throws that bag with me in it, on the floor, for some seconds I am not sure what is happening to me. I expect some of you to say: "But I get all over it and then I know I must act quickly if I was to get away."

I found that the bag was not evented and out I crept and looked around.

It was easier than I could have imagined. I myself for those was a loose board at the back of the barn, and it did not take me a jiffy to crawl out.

I wish I could have seen Mr. Man and Mr. Dog when they found you were gone the next morning," said Mr. Fox.

"Well I never was sorry I was not there the next morning to see how they looked," said Mr. Possum, "but I think how Mr. Man held Mr. Dog back when he wanted to shake me. And I am very comfortable when I think I am wearing my fur coat instead of Mr. Man having it to make into a cap for himself."

STRAWBERRY FESTIVAL TO RAISE CHURCH FUND The initial effort made by the residents of Gordon Head to raise funds for the erection of a place of worship in the district will take the form of a strawberry festival to be held at Cormorant Point on Wednesday afternoon and evening, June 29. For over a year past the Rev. David Ely, minister of the church, to further the cause of the Forward Movement, has been conducting services in the district and his enthusiasm has inspired the residents to initiate steps in building a church, and it is hoped that generous support will be forthcoming at Wednesday's festival.

During the afternoon an orchestra will furnish music and in the evening the Salvation Army band will give the following programme: March—"Crusader"—Capt. Coles Selection—"Wondrous River" Selection—"Comrades in Arms" Selection—"American Boy" Selection—"Bandmaster Broughton Selection—"Festive Strains" Selection—"Major Hawkes March—"Bridgwater"—Capt. Kitching Selection—"Heavenly Treasure"—Major Hawkes Selection—"Songs of Scotland"—Major Goldsmith Selection—"From Great Masters"—No. 1. Beethoven, No. 3. Mozart, No. 3. Meyerbeer, No. 4. Mendelssohn. Selection—"Eventide"—Major Hawkes God Save the King.

WEDDING OF OFFICER OF NAVAL COLLEGE

Miss Winnifred Wolfenden and Engineer Lieut.-Comdr. Napier Hemy

Unusual interest attached to the marriage which took place quietly on Saturday, June 25, of Engineer Lieut.-Comdr. Hubert John Napier-Hemy, of the Royal Naval College of Canada, son of Chas. Napier-Hemy, R. A. of Falmouth, England, and Winnifred Kate, eldest daughter of Mr. and Mrs. Arthur R. Wolfenden, of 22 Head Street, Esquimalt. The ceremony took place at the home of the bride's parents, the house being beautifully decorated with roses, dolphins and lupins for the occasion.

The bride, who was given in marriage by her father, made a picture of girlish loveliness in her wedding gown of white satin charmeuse. Sleeves of Limerick lace relieved the simplicity of the bodice and fell in a soft cascade at the side of the skirt. The hair under a bandeau of orange blossoms and fell in soft folds below the hem of the gown, forming a beautiful plait. The one bridesmaid, Miss Beatrice Wolfenden, was daintily gowned in rose-figured nylon with rose silk sash and hat of the nylon. She carried a bouquet of roses, the bridal bouquet being a shower of white sweet peas and carnations. The little flower girl, Miss Mary Nunn, wore a pretty white embroidered frock embellished with pink ribbons. Mr. Bertram D. Robinson supported the bridegroom.

After the ceremony the bridal party repaired to the lawn in the lovely old garden, where an alfresco reception was held. Commander Napier-Hemy, who was in full dress uniform, and his bride took up their stand beneath a canopy of flags against tall standards of white Gagerbury bells, which formed a charming background. Mrs. Wolfenden, who was smartly attired in a suit of white tricot with black hat, assisted in receiving the guests.

The wedding breakfast was served buffet fashion from an open marquee erected in the garden, while a nearby table, prettily arranged with white roses and carnations, held the threer-tier wedding cake which was especially made for the occasion by Mrs. Wolfenden, the bride's grandmother, and cut by the bride with her husband's sword in time-honored fashion.

Later the bride and groom left by motor for a honeymoon which will be spent on a trip up the island, when after a visit to this city, they will go through to Jasper Park, and from thence across the continent to Halifax, where they will make their future home.

GARDEN PARTY AT LADY M'BRIDE'S AN ENJOYABLE SUCCESS

The lovely old garden at the home of Lady McBride made a delightful setting for the garden party held on Saturday under the auspices of St. Andrew's Presbyterian Church. Mrs. W. J. Bowser formally opened the fête at 3 o'clock in the presence of a large number of guests.

Tea, strawberries and ice cream were served under the direction of Mrs. Dorrell and Miss Leitch, assisted by the Misses Dorothy and Mabel Head, Edna Dorrell, Connie Scott, Kitty and Frances Jaffray, Helen Starr, Zella Ormond, Kathleen Roberts, Jessie Gordon, Jean Burridge, Kathleen and Beth Simpson and Jean McCrea.

The prettily decorated stalls made a charming picture and were in charge of the following ladies: Mrs. Jackson, Mrs. Walter Scott, Mrs. Head and Miss Mabel Irving, Catherine Macfarlane, the flower girl; Mrs. Ernest Miller, assisted by the Misses Helen Miller, Gladys Irving, Gertrude Scott and Mary Clay, the candy stall; the Misses Helen Gray, Catherine Jackson and Jean McLaren, the butterfies; and Miss Sheila McBride, who provided for the bran tub, and Mrs. A. A. Meharey, Mrs. A. McLean, Mrs. E. Smith and Mrs. R. L. Phillips were at the gates.

The ladies in charge of the affair wish to express their sincere thanks to Lady McBride and to all who assisted in making the affair such a success.

WHAT'S IN A NAME?

Facts About Your Name; Its History, Its Meaning; What It Signifies; Your Lucky Day and Lucky Jewel. By Mildred Marshall. (Copyright, 1921, by The Wheeler Syndicate, Inc.)

MADGE. The numerous names which come from the Persian word for pearl, Murvard (child of light), include the very charming Madge. It made its first appearance as Marguerite and named the virgin martyr who became a saint before the fifth century, the recipient of the allegory of feminine innocence and faith, overcoming the dragon. Though the legend was Greek, it did not flourish in the Eastern Church, but Cremona laid claim to the name originally, and Hungary, in its first Christian era, adopted the name.

Certainly enough it reached Scotland almost at once, and from there it went to Norway with the daughter of Alexander III., whose bridal gift she was. Sir Patrick Spens. It readily came back from Scandinavia with her child, the Maid of Norway, but the Maid died on the voyage and her name reached England through France and Germany.

There were many English forms of this "pearl-name" Marguerite was the general favorite, though Margery ran at a close second. It is from the latter that "Margery" Margery was the general favorite, though Margery ran at a close second. It is from the latter that "Margery" Margery was the general favorite, though Margery ran at a close second.

The Apologia.
The purpose and motif of the play are described in the following apology, spoken by Mrs. Bellby:
"Good people, inhabitants of this beautiful island of the Pacific:
Since this is the first time that a pastoral play has been given on this island, I wish to enlist your sympathy and crave your help. Your sympathy with the things we can do, your help for the things we cannot.
The things we can do are these. We can feast your eyes with color and beauty, we can give you darkness and sweet movement, and you can give us a setting of a King's garden. In our play there is a prison, too. But we cannot give you darkness and terror. These you must imagine. In Shakespeare's day, two men stood for a Sovereign's throne. Surely it shall not be said that your happy islanders have less imagination than your ancestors.
In our play there is a stormy sea. We cannot bring the sea among the rocks, but again you behold it in your mind's eye. And our actors are so skilful, that you will find this no tedious task.
Is this a Greek play? Yes, and no. It is a play of Greece, but such as might have been played in Sicily among the flowers, to the pipes of Pan. We are no less bold than Shakespeare who introduced English faeries and weavers into Athens. It is itself. We may well do this here in the shadow of the Olympians yonder.
Pray applaud with all your hearts, for applause is the very breath of life to actors, but do not request them to do twice what they have exquisitely done once, for all of you—no doubt many—who have spoken from a tub in the park, will know that it is harder to speak or sing in the open air than in a room.
We wish to save their voices, that they may give equal pleasure to another audience, so to-night there can be no encore.
And thus I leave you to your enjoyment."
Committee in Charge.
The committees in charge of the production are as follows:
Reception Committee—Mrs. Beaven and Mrs. Adams Beck.
Costumes—Mrs. MacHaffie.

GREAT PASTORAL PLAY WILL OPEN HERE TO-NIGHT

Cast of 100 to Produce Greek Spectacle in Sylvan Setting

A FEAST OF COLOR, MUSIC AND DANCING

In the perfect setting of Gonzales Gardens on Rockland Avenue, and with a cast of more than a hundred people, "Danae," or "The Birth of Perseus," will be produced to-night. The first pastoral play staged in Victoria should be the most elaborate and beautiful production attempted here. It will be a feast of color and form, with youth and beauty, grace and sweet movement and heavenly harmony for months of rehearsal, exquisite music and charming dancing will put the play quite beyond comparison with any performance in the past.

"Danae," although not actually a Greek play is a play of Greece. That is, it does not conform to the Greekunities which dominate the works of the old Greek poets, but its characters are the gods and goddesses who, in ancient times, dwelt on the great mountain Olympus out of the sight of mortals. The words of the play, which was written by Mrs. L. A. Griffin Brownlee, of Esquimalt, are in English, but the setting, the costumes and the music, common to nearly all Greek productions, give the whole the proper Hellenic atmosphere.

In producing the play Major Bullock-Webster has been particularly successful in this direction. Under his coaching the acting of the principal roles has reached a standard far higher than that of most amateur performances. The Greek dancing, the music, the singing, the beautiful girls who form the background for the play, all are delightful. But the Major has done more. He has succeeded in imbuing the whole with a certain classic spirit with which he transports his audience back through the centuries to the days of Homer. The play, in fact, is in a world far removed to that of to-day. It is the world that Aeschylus depicted, the world of the Odyssey.

Splendid Cast.
Of the work of the individual actors the public can judge for itself. It is sufficient to say here that the cast includes the foremost artists in the city. Such names as Miss Eva Hart, Mrs. C. E. Wilson, Miss Hickman, Mrs. Bellby, R. B. McKenzie and Major F. Drake, all of whom are in leading parts, surely are sufficient to insure the success of any production. Besides these there is a large number of important parts and a huge chorus. In fact, no less than 125 people appear upon the sylvan stage in the course of the production.

The Cast.
The cast in full follows:
Gods, Goddesses, Mortals
Danae—Miss Hickman.
Hestia—Miss Eva Hart.

NEWS IN BRIEF
Moose to Dance—Moose of Victoria are now planning their grand Summer scamp. The affair will be held on July 7 in the Knights of Columbus Hall, Fort Street. Admission to the dance is to be by invitation, which can be obtained from the officers.

Sir James Douglas.—In publishing the list of successful scholars promoted from senior second reader to third reader in connection with Sir James Douglas School there was some confusion in names published in Saturday's Times owing to a typographical error, whereby it was not made plain that Arlie Stevenson and Jack Woodley were among the successful pupils.

Greenhouse Fire.—Fire yesterday did some damage to the boiler house of the Ross Bay Greenhouses, belonging to A. J. Woodward, at Fairfield and Road and St. Charles Street. The blaze broke out about 9:30 o'clock and fed rapidly on sawdust in some of the houses. The fire department by rapid and efficient response confined the blaze to the boiler house and got Sirs control in short order. The fire was a dangerous one, and spreading either way would have set alight valuable property. A huge crowd gathered to witness the blaze, which was spectacular. Motors lined the streets for several blocks, but the conflagration was practically over in ten or fifteen minutes.

Hold Memorial Service.—A memorial service was held yesterday at 3 p. m. by the Princess Patricia Lodge of the Order of the Ladies' Auxiliary of the Royal Society, of St. George, in their rooms at 1330 Government Street. The Rev. S. Cook officiated delivering a splendid address. Mrs. Lough, president of the ladies' auxiliary of the Royal Society, of St. George, added an able address to the proceedings. During the service a wreath of red and white roses, with a broken circle of evergreens rested on the altar, the wreath being afterwards placed on the grave of the late Sister E. Mills, a former member of the organization, in the Ross Bay Cemetery. Six officers of the lodge visited the graveside.

Entertain Artists.—Mr. and Mrs. Eric Brown, of the Canadian National Gallery, were tendered a hearty welcome by the combined societies of the Provincial Arts and Industrial Institute and the Island Arts and Crafts Club on Saturday last. Mr. Brown is the director of the National Gallery and made a plea for the support of Canadian art in his many phrases. Mrs. Brown gave an interesting address on the value of co-operation in this connection. The hosts of the occasion endorsed the following resolution, which was carried unanimously: "That it is desirable that a site be acquired and a building erected in the city of Victoria as a permanent public art gallery, and that the necessary action to carry this into effect be taken forthwith."

Gifts to Home.—The manager of the Home for Aged and Infirm Men's Home acknowledges with thanks the following donations to date: Mrs. Gillespie, London Weekly Times; Mrs. Short, Old Country papers; Mrs. Homer Dixon, Illustrated London News and Tatler; Mrs. W. Purvesell, magazines and papers; Miss C. Blake, magazines; Mr. Gunn, Illustrated London News; Mr. Trickett, magazines; Mr. Heuse, Saturday Evening Post; Mr. Felton, Christian Science Monitor; Mr. Craig, magazines; Mr. Dubois, Literary Digest; Commander H. E. Holmes and officers, H. M. C. Dockyard, Esquimalt, Flowers; B. C. Government Picture Service, per Dr. Baker, films; Canadian Universal Film Corporation, films; Times, two copies daily; Coloplast, 1 copy daily, and Farmers' Magazine.

Memorial Service.—A very impressive memorial service was held yesterday afternoon in the Knights of Columbus Hall by the Daughters of St. George, Lodge No. 83, in memory of their departed sisters. Mrs. H. Harris, the president, was in the chair. Sisters Levy, Masses and Armstrong took part in the ceremony of laying the wreath on the altar. Sisters Cochenour and Gaiger singing the solo, "Face to Face" Sister Gough presiding at the piano. The Rev. F. A. P. Chadwick gave an impressive address, taking for his subject, "Phil-

anthropy, Charity and Mercy" after which a number of Sisters took flowers to the cemetery, placing them on the graves of departed sisters. Several members of the Sons of St. George were in attendance at the memorial service.

A. O. F. Election of Officers.—The election of officers of Court Maple Leaf will take place at their quarterly meeting this evening, at which time the district officers will be present and a social held afterwards. All Foresters are invited to be present.

Mrs. Pankhurst to Speak.—Under the auspices of the Island Council for Social Hygiene, Mrs. Emmeline Pankhurst will speak at the Wilkin-son Road Methodist Church on July 4 at 8 o'clock. The meeting will be under the auspices of the Strawberry Vale Women's Institutes, and members of the neighboring institutes, as well as the general public, are cordially invited to attend. The Rev. Mr. Hardy will be in the chair.

EXAMINE PAPERS OF 4,000 PUPILS
Forty-seven Educational Experts Start on Big Job To-day
Forty-seven school inspectors, Normal School men and educational experts under S. J. Willis, Provincial Superintendent of Education, and J. D. Gillis, assistant superintendent, started work at the Parliament Buildings to-day to mark the examination papers of 2,500 High School entrance pupils and 1,500 junior and senior matriculants from all parts of British Columbia. The work on the High School papers will be completed and the results announced by July 18 and on the entrance examinations on July 25, it was announced to-day.

Besides the pupils who wrote on the High School entrance examinations, about 3,000 have been promoted to the High School on day recommendation of the principals and teachers of the public schools. In the cities and the larger schools up to 40 per cent of the pupils are now promoted to the High School on the recommendation of the teachers and without examination. Those who are not promoted can take the examination if they want to. In schools under seven divisions all pupils are required to write on the examinations.

Big Increase This Year.
This year's examiners have the task of correcting the largest number of papers that have been sent into the Department of Education since the present dual system of promotion and examination went into force. Offices in the Education Department were piled high with sealed bundles of papers from every part of the Province when the examiners started work this morning and began opening the bundles. Examiners are supposed to handle sixty papers a day. Some fast men, however, run up to 100 a day.

Last year 2,089 High School entrance pupils wrote on the examinations and 1,333 High School juniors. This year the increase in the number of pupils taking the examinations is well up to the maximum the Department estimated. Based on the averages over a term of years, the Department expects a natural annual increase of 10 to 20 per cent in the number of pupils taking the examinations. During the last two years however, there has been a large increase in the school population of the Province.

Teaching More Alluring.
Of 400 high school candidates, some 15 have written on the examinations for technical certificates, 50 for junior and senior matriculation papers which will grant the successful ones admission to the University of British Columbia or the Normal Schools.

A large proportion of the High School pupils who wrote are seeking third class teaching certificates. They will go to Normal School if they pass before they are turned out by fully qualified teachers. There is an increase in the number of pupils planning to go in for teaching. This is attributed to the increasing number and the advantages of the teaching profession which are increased in proportion as the commercial field temporarily offers fewer opportunities.

Drill Medal Contest at St. George's School
On Thursday evening the annual competition for the drill medal took place at St. George's School, The Laurels, Rockland Avenue. The girls who are eligible for this competition are those who have 90 per cent of marks throughout the school year, which means a very high standard of work and discipline. The girls, Captain Ian St. Clair and Major Aitkin, arrived at 7:30 and the work began at once with parade inspection, the line being drawn up on the tennis court before a number of interested spectators. The winner of the medal presented this year by Mrs. Schofield, was Flora Musgrave, twenty points out of 25, possible twenty-four, with Mary Campbell one point behind.

The Junior S. G. S. brooch, presented by Mrs. Anderson, was won by Clara Vincent, nineteen points, but as she won the brooch last year, it goes to Doreen Elford, eighteen points. Captain St. Clair then addressed a few words to the girls, congratulating them on their excellent discipline under the leadership of Miss Wright, and the rest of the staff. He reminded them that the building up of character was the chief aim of education, and that the training they were receiving in their physical work was invaluable towards this end. Major Aitkin then spoke a few words of praise and sound advice, after which a vote of thanks to the judges was proposed by Miss Wright, and seconded by Roberta Thurston, and three hearty cheers and a tiger given, Cheers for Miss Wright, followed by the National Anthem, brought a pleasant evening to a close.

On Friday morning the school drill display was given on the wooden tennis court. The work was excellent, the exercises being carried out with precision even by the smallest pupils. On Friday evening the pupils of Miss Heming and Miss Walker gave an interesting piano recital at which Miss Eileen Morton delighted her old school with several charming songs. The evening closed in the usual manner at St. George's with dancing until eleven o'clock.
The annual prize distribution is in progress this afternoon.

HAPPY VALLEY SCHOOL
The closing exercises of the Happy Valley School took place at Luxton on Thursday, when the pupils presented a pleasing programme consisting of songs, recitations and readings.
Diplomas for punctuality, efficiency and regular attendance were presented to Gladys Dallamore, Clarence Rhode and F. Weber. This was followed by the presentation of a dainty photo frame and a bouquet of flowers to the teacher, Miss Dorothy S. Harris, as a token of regard from her pupils.
The trustees of the school expressed their regret at the loss of Miss Harris's services, who has resigned her position as teacher to take up other duties, and their regret was endorsed by all the visitors present. The proceedings closed by the singing of the National Anthem.
The following day, Friday, the children, parents and friends of the school held their annual picnic at Metchemin Beach, when a gathering of about sixty were present and very enjoyable time was spent. Motor cars left Luxton at 9 o'clock, returning about five o'clock. Many thanks are tendered to those who kindly lent cars for transportation and to all those who assisted in making the day a very happy one for the children, who thoroughly enjoyed the outing.

Fighters Will Split Half Million Dollars

Rickard Makes Announcement of Size of Purse, Which is Greatest in History—Effort to Stop Bout—Both Fighters About Ready

New York, June 27.—Jack Dempsey will receive a sum of \$500,000 and Georges Carpentier \$250,000, regardless of the outcome of the championship fight at Jersey City on Saturday.

This became known to-day with the announcement that Rickard, the promoter, had exercised his contract privilege of recalling the previous arrangement whereby Dempsey was to receive thirty-six per cent.

Greatest Purse in History. This purse of half a million dollars is by far the greatest in ring history. The highest previous record was the \$127,000 guarantee for the Dempsey-Willard match at Toledo in 1919.

Rickard to-day made public his card of six bouts of eight rounds each as a preliminary to the championship encounter. These bouts are: Billy Miske vs. Jack Renault; Gene Tunney vs. Soldier Jones; Babe Herman vs. Joe Egan; Frankie Burns; Dick Griffin vs. Midget Smith and Jackie Curcin vs. Belmont or Willie Spencer.

Wants to Stop Fight. At Atlantic City, N. J., June 27.—Clinton N. Howard, secretary of the International Reform Bureau, left here today for Camden, where he said he would appear before Vice-Chancellor Teebing to seek an injunction to prevent the Dempsey-Carpentier fight at Jersey City on July 2.

Carpentier is Determined. Manhattan, June 27.—Georges Carpentier will go into the ring at Jersey City next Saturday with only one thing in mind—an invincible determination to wrest the world's championship from Jack Dempsey. This was the assertion yesterday by Vice-Chancellor Teebing, chief trainer.

There will be no snap for Jack Dempsey, Wilson said. "He will have to be more than a great fighter to beat Georges. Never before in his fighting career has Carpentier displayed such determination as he does to-day. When he talks of the fight he grits his teeth and clenches his fists and remarks: 'He shall not beat me. Something tells me I can defeat him, and I shall do it.' His hardest blows will not find me, and those that he lands I know that I can stand."

The challenger's programme yesterday consisted of two hours' running, skipping and shadow boxing in the morning and a long cross-country walk in the afternoon.

Dempsey is Already. Atlantic City, N. J., June 27.—Jack Dempsey to-day is the wire edge of his training for the defence of his title against Georges Carpentier at Jersey City, July 2. The champion said his hard work with a 45-minute workout in his open air arena yesterday afternoon.

Today he is resting and will begin his tapering off process Tuesday. The programme mapped out for the titleholder leading up to the day of the contest calls for the last public boxing on Wednesday. He probably will not work with heavyweight sparring partners in his final two days of boxing, but will face smaller and lighter opponents to increase his speed and sharpen his judgment of distance. He will also cut down his road work to one walk, with an occasional sprint to sharpen his wind.

Fight at 192 Pounds. Dempsey balanced the scales at exactly 194 pounds before he climbed into the ring. He plans to take off three or four pounds in the two final workouts, but Manager Kearney said he may go into the ring around the 192-pound mark, instead of 190 pounds as had been expected.

Despite overcast skies and a threatening continuation of rain, a crowd of about 2,500 persons sat on the rain-soaked pine seats of the arena to see the champion maul four sparring partners in seven rounds yesterday.

BULLETINS FROM FIGHTERS' CAMP

Dempsey is Nervous. Atlantic City, N. J., June 27.—Jack Dempsey until he enters the ring next Saturday to defend his title against Georges Carpentier. Members of the champion's camp are well satisfied with his condition. Dempsey is beginning to show signs of nervousness and irritability, which indicates, his handlers say, that he is rapidly rounding into perfect fighting condition.

Carpentier Let Loose. Manhattan, N. Y., June 27.—Training at the camp of Georges Carpentier took on a mysterious aspect again this morning. Soon after Georges came in from the woods the police guards were thrown about camp and things began to hum behind the bars.

Manager Descamps as usual refused to tell what was happening. He said, however, that Carpentier was working hard and had been let loose.

LEMORNA LEADS FIELD HOME IN GRAND PRIX

Paris, June 27.—The Grand Prix de Paris, one mile, which was won by Lemorna, was held at the Grand Prix de Paris on Sunday. Lemorna, who was co-trainer by J. Watson's chestnut colt, Lemorna, was second and Harcourt third. The purse was valued at 400,000 francs, the largest stake ever put up on a French race course.

The victory of Lemorna was the third time in succession that an English horse won the Grand Prix in Paris. President Millerand and the Japanese crown-prince witnessed the race.

HUMORIST, WINNER OF DERBY, IS DEAD

London, June 27.—Humorist, J. P. Joe's race horse, which won the Epsom Derby on June 1, was found dead in his stable at Wantage, yesterday, according to The Daily Mail. Death was due to natural causes, but a horse broke a blood vessel, it is said.

SALMONBELLES CAN WIN WHEN THEY WANT

New Westminster, June 27.—Vancouver also ran in lacrosse here Saturday, the Royals breaking up the existing tie with a nine to four victory, which could have been increased to double the amount had the Salmonbelle home felt like it. It was one of the most uninteresting games of the present season, and the only bright light on the horizon was the announcement made by Harry Pickering, prior to the game, that the netballers in the open air arena yesterday afternoon.

Today he is resting and will begin his tapering off process Tuesday. The programme mapped out for the titleholder leading up to the day of the contest calls for the last public boxing on Wednesday. He probably will not work with heavyweight sparring partners in his final two days of boxing, but will face smaller and lighter opponents to increase his speed and sharpen his judgment of distance.

Immense Arena Is Ready For Battle of Century

Seventy Thousand Spectators Will Find Seating Accommodation at Dempsey-Carpentier Fight—Greatest Arena in History

New York, June 27.—The greatest arena yet built in the world to accommodate approximately 70,000 spectators when Champion Jack Dempsey meets Georges Carpentier in Jersey City July 2. Since April 23, more than 400 workmen have been distributed over all sections of the huge octagonal saucer, which grew daily under the direction of hamers until to-day, when their labor was completed.

The arena is the largest ever built in the world, and it is a masterpiece of engineering. It is a masterpiece of engineering. It is a masterpiece of engineering. It is a masterpiece of engineering. It is a masterpiece of engineering.

Ring Battles of Champion Dempsey and Challenger Georges Carpentier

This is One of a Series of Articles Dealing with the Careers of These Two Athletes Who Now Command the Attention of Sportsmen the World Over.

No. 7. Jack Dempsey and Jess Willard met for the world's heavyweight championship at Toledo, O., July 1919. The day was blistering hot. Thermometers at the ringside registered as high as 130 degrees. The arena, constructed to seat 75,000 persons, contained only a few hundred more than 19,000. The gate receipts, however, insured the financial success of the project.

There was a marked contrast in the demeanor of the boxers as they entered the ring. Jess Willard, the champion, was almost arrogantly confident. He approached the ring with a sure stride, climbed through the ropes and gazed calmly out on the crowd with the suggestion of a confident smile playing around his mouth.

Dempsey's manner was more serious. A scowl, which visitors at his Atlantic City training camp have seen this summer while he has boxed, was intensified as he heard the instructions of Referee Ollie Fecord. The casual observer would have said he was doubtful of his ability to defeat this huge opponent.

With the opening round, doubt as to Dempsey's confidence vanished. He rushed Willard, plying him with rights and lefts, first to the jaw, then to the body.

After forty-five seconds of action a right to the body and a left to the jaw brought Willard to the canvas. For the remainder of the round, the champion displayed courage seldom equalled in the squared circle. Seven times during the round Willard was either knocked down or sent helpless to the ropes. He was prone when the gong sounded for the close of the round. In the clinch, the gong was not heard and it was believed for a moment that Willard had been knocked out. Dempsey even started to leave the ring, believing that he was the victor. There has been

BALL PLAYERS ARE ON TRIAL TO-DAY

Chicago, June 27.—Ten of the eighteen defendants in the baseball trial which opened here to-day, put in an appearance. The suspended White Sox players, Felsch, Cicotte, Williams, Jackson, Gaddis, Weaver and Riebers, were on hand when the case was called. Fred McMullin, the other indicted player, is on the Pacific coast, and his attorney stated that he would appear whenever the court ordered him to. He is not under bond.

WITH TENNIS PLAYERS

With a score of twenty points to five the Crusaders defeated the Centennial team at the Wesley courts on Saturday. Much enthusiasm was displayed by the spectators. Jim Buckett gave a good exhibition of tennis, playing his first game with the disadvantage of the sun in his eyes.

The Centennial team is showing good form in the B section of the Sunday School League, being tie for first place with the James Bay Methodist team. The results of the play were as follows:

Men's Singles—J. Buckett, Crusaders, won from N. Redman, Centennial, 1-6, 6-2, 6-2.

Men's Doubles—N. Redman and L. Cox, Centennial, won from J. C. Dowds and E. Cull, Crusaders, 6-2, 6-2.

Centennial won by default the Ladies' Singles and Doubles and the Mixed Doubles.

Cedar Hill won by an odd match from the Fowl Bay tennis players at the former's court on Saturday afternoon.

The results were as follows, with the Cedar Hill players mentioned first:

Men's Singles—Rev. W. Carroll lost to P. McQuade, 4-8.

Ladies' Doubles—Misses M. and L. McMerran won from Miss Ward and Miss Dover, 5-8, Misses Millar and Whitacker lost to Mrs. Armstrong and Miss Teague, 0-6.

Men's Doubles—Harold Featherstone and Parker won from Harling and Teague, 6-1, C. King and Cowley won from Calderwood and Calderwood, 6-1, G. Petch and James lost to Armstrong and McQuade, 4-6.

Mixed Doubles—Miss M. McMerran and King won from Miss Dover and Teague, 6-5, Miss L. McMerran and Featherstone won from Mrs. Ward and Harling, 6-1, Miss Millar and Parker won from Mrs. Armstrong and Calderwood, 6-1, Miss Whitacker and Cowley lost to Miss

VICTORIA UPSET BY FIVE C'S BOWLERS

Former Undeatable Leaders of Cricket League Now in Tie With Victors

At last the mighty have fallen. The strong Victoria Club which has been going along nicely chalking up nothing but wins, came a cropper on Saturday afternoon when they met the Five C's for the second time this season in the Victoria Cricket League. In the first game Victoria was acclaimed victors but in the second meeting the Five C's left no doubt as to which club was the superior and gave the league leaders a nice licking.

There was considerable speculation on the outcome of this match and Victoria was expected to win. Five C's however, had two bowlers, Wilkinson and Laurence, who were in splendid form and they took nine wickets for a total of 98 runs. Victoria made 12 runs off Winsloe which with extra of four brought the total up to 114.

KNIGHTS' DEFEAT OF ELKS SURPRISE

New Team Makes Going Hot For Other Amateur Leagues; Yarrows Win

There promises to be plenty of good baseball played in the Amateur League this season. The once much-despised tail-enders, the Knights of Columbus, have re-organized and can now field a team which is equal in ability to any other aggregation in the league. This makes a well-balanced four-team league. All teams are full of youngsters who are capable of playing hard and no doubt there will be a lot of changes in the league standing before the season is over.

The Knights scored their second win on Saturday afternoon at the Stadium, defeating the haughty Elks, who have been leading the league all season. The Elks now find themselves in a tie with Yarrows and they will require a very formidable team if they wish to keep at the top of the heap.

The Knights used big Jim Givens on the mound and he showed a lot of stuff. The Elks only collected seven hits, which were responsible for two runs. The Knights were in great hitting form and gathered three bingles, which were good enough for nine runs.

Weekly Review of Big Leagues

New York, June 27.—The major league pennant races continue at their slow pace with a mild threat by the New York Nationals to overtake Pittsburgh, while the rivals of the Cleveland Americans are falling back slightly. The Pirates have won only 13 of their last 23 games and the Indians 11 out of 21. An increase in effectiveness is being displayed by the pitchers of both leagues, especially in the American, in which 24 of the 28 victorious pitchers last week started and finished their games. In the National League the ratio was 19 out of 24.

Pittsburgh has not been hitting as hard as New York, but the Pirates' pitchers are doing better work than the Giant boxmen. The Pirates went on a hitting rampage yesterday at the expense of Alexander, of Chicago. Boston hesitated in its chase after New York, but will have another opportunity to pull the Giants back in a four-game series this week. St. Louis has recovered from its slump. The Cardinals took three games out of five from the Pittsburgh leaders and defeated Cincinnati yesterday. Brooklyn and Chicago played well last week, but received setbacks yesterday, losing to Boston and Pittsburgh respectively. Cincinnati fell to sixth place yesterday. For the third time through only victory, Cleveland is stronger.

Cleveland is playing a stronger game than in recent weeks when it was able to break even. The old first division teams lost ground last week. Despite heavy hitting, New York failed because of poor pitching and fielding in the early week. The Yankee twirlers are showing improvement, however.

Washington received an unpleasant surprise in Philadelphia, the Athletics outplaying the Senators in the eighth game. Boston, after holding New York even in six games, fell victim to the Athletics in three straight contests. Detroit and St. Louis had a reversal of form from their poor work of the previous week. The Browns pounded the Cleveland pitchers Saturday, but the Indians turned the tables yesterday with a 10 to 4 victory. Chicago had a losing week but fought well in all of its contests.

LINKING UP OF CANADA AND INDIES

London, June 27.—(Canadian Associated Press)—"The more the West Indies are linked up with Canada the more certain the future will be," said Rt. Hon. Winston Churchill, Secretary of States for the Colonies, at a banquet tendered the Prince of Wales by the West Indies Committee on Saturday.

Mr. Churchill pointed out that the Empire conference that Canada really was not complete commercially or geographically unless associated with the tropical West Indies, and he was confident that the more these two great portions of the British Empire were interested in each other the greater the benefits would be for both.

The problem of communication between Canada and the West Indies could not be left where it was at present, said the Secretary, and he was ready to make the strongest representation to the British Cabinet on that subject and hoped soon to make a definite announcement.

TWO BOYS KILLED.
Toronto, June 27.—Bert Morris seventeen, and Clayton Groh, thirteen, were struck by lightning and instantly killed here yesterday. A companion, Louis Mackenzie, sixteen, was badly burned about the body and legs.

"Policyholders Month"

The Canada Life Man

1. He points the way to success for the young man.

Our Mission

Each year the Canada Life sets aside a Special Month for calling upon Policyholders where that is possible.

The present month may bring the Canada Life Man to you, but the large number to be seen may make this impossible in your case.

To keep the home together; to afford means to bring up the children and give them a chance in life; to clear off a mortgage or other obligation; to protect personal and business interests generally—that is the great need which it is our mission to fill.

Finding this need all around him, the Canada Life man tries to fit the plan of insurance to the individual need, just as the experienced lawyer is expected to give the best advice to his client or the physician the best course of treatment to his patient. His sympathy and advice are indeed very important factors in his success.

Our Representatives are trained for special service.

For Instance

You may not be fully informed as to what your life insurance will do for your home, or your personal and business interests.

Your Canada Life policies may require to be altered to suit new conditions.

You may wish to arrange to have your life insurance paid as a monthly income, or you may require new policies adjusted to your partnership or business interests.

Group insurance on your employees should perhaps be engaging your attention.

All these subjects are part of the special training with which the Canada Life man is furnished for your benefit.

A Suggestion

Why not, without the slightest obligation, consult our nearest representative, or write to the Home Office of this old, tried Company, which has abundant evidence of success, is experienced in life insurance, pays large dividends to policyholders, and safely and sanely manages the business entrusted to it by the public?

NORMA TALMADGE
IN "PASSION FLOWER"

Royal Has Big Dramatic Entertainment This Week

Norma Talmadge justly deserves to be classed as one of America's greatest actresses of either stage or screen. This is the conclusion of the writer after viewing "The Passion Flower," which opened an engagement at the Royal Victoria theatre this afternoon. The charming little artist, who long ago won popularity by her extraordinary emotional powers, exhibits a depth of feeling and a versatility in "The Passion Flower" that marks her as one of the few really great actresses of the silent drama. And her screen version of Jacinto Benevente's play, in which Nance O'Neil starred on Broadway, compares most favorably with the stage drama. In it Norma Talmadge

is seen as "Acacia," the daughter, whereas on the stage Nance O'Neil enacted the part of "Raimunda," the mother.

"The Passion Flower" is undoubtedly one of the finest works of Benevente, greatest living dramatist of Spain, and the interpretation which has been given to it by Miss Talmadge should be a source of joy to him. It is an absorbing tale of Spanish peasant life, a story of love, tragedy, jealousy and hatred, that turns into love again. Courtesan Fofie is seen in the role of Esteban, Acacia's step-father; Eulalie Jensen is Raimunda, and Harrison Ford is Norbert, the poet, in love with Acacia. Natalie Talmadge also has a part.

The production, which is released by Associated First National Pictures, Inc., is like a breath from old Spain. Under the skillful direction of Herbert Brenon a most colorful and fascinating photodrama has been

DOUBLE BILL AT

DOMINION THEATRE

Fatty Arbuckle in "The Traveling Salesman"

To go to a motion picture studio on a sight-seeing tour and to leave it with a contract to appear as lead- ing woman in a picture production about to begin, was the unusual ex- perience recently of Betty Ross Clark, leading woman for Roscoe (Fatty) Arbuckle in his new Para- mount picture, "The Traveling Salesman," which will be shown at the Dominion Theatre this week. It happened that Mr. Arbuckle was in need of a charming leading wo- man when Miss Clark was introduced to him by a friend. He was struck by her appearance and asked her if she would be his leading woman in the picture. Although she was not looking for screen honors at the time, she finally consented and re- ported for duty the next day. Miss Ross is a capable actress who ap- peared on the stage in "Fair and Warmer" with considerable success. In the new Arbuckle comedy Miss Clark plays the role of Beth Elliott, a girl whose property in the little town of Grand River is saved by Mr. Arbuckle as the jovial traveling salesman, from two scheming scoundrels, and who then breaks the proverbial rule and falls in love with a fat man, for the traveling sales- man is physically a heavyweight.

The play was written by James Forbes, Joseph Hensberry and Walter Woods wrote the scenario. In the cast are Frank Hol- land, Wilton Taylor, Lucille Ward, Jim Blackwell, Richard Wayne, and others.

To see what sort of creature in- habit the bottom of the ocean Sir Ernest Shackleton's men dredged de- beneath the ice in "The Bottom of the World," the Robertson-Cole mo- tion picture of the expedition telling of the trip through South Polar Seas. Raising the nets is an interesting scene in this picture, which is the first of this series to be shown at the Dominion, this week.

POWERFUL DRAMA

OCCUPIES VARIETY

"A Child For Sale" Is Story of Gripping Pathos

"A Child for Sale" a powerful drama setting forth the evils of pro- fiteering, will be the attraction at the Variety Theatre this week.

The story deals with the trials and tribulations for the most part, of Charles Stoddard, a poor artist living with his wife and two children in Greenwich village. As a result of his extreme poverty, his wife dies, leav- ing him to fight alone that battle of existence for the remaining family trio, but the prevailing conditions of the day drive him to sell one of his children for \$1,000, to a rich child- less woman in order to provide the necessities of life for his other child. When his son returns and learns of the sale of his little sister, the heart- broken father realizes his terrible error. He returns the money to the woman and gets his baby back.

Through the illness of one of his children, he becomes acquainted with Dr. Gardner, his wife Ruth, the wife's wealthy parents and Dr. Gardner's nurse, Catherine Bell. William Har- rison is the artist's landlord, whose life he saves after a series of very interesting situations.

Finally it develops that the land- lord's wife is the mother of the poor artist whom she has not seen since her former divorced husband carried off their son when he was one year old and took him to England where he lived most of his life.

Mrs. Harrison tells the story to her daughter, the doctor's wife, and, to- gether, they arrange to make life more comfortable for the poverty- stricken artist and his children.

This is done, with the result that several dramatic problems are cre- ated, not the least of which is the doctor's suspicion that his wife has become unduly fond of the artist. In the end, the matter is straight- ened out by a confession, to the sat- isfaction of all concerned, including those who witness the picture.

REPEAT "HELLO, BILL" AT PRINCESS TO-NIGHT

Will Be Followed by "The Time, Place and the Girl"

"Hello, Bill," met with such a suc- cess at the Princess last week that it will be repeated by request to-day and Tuesday. "The Time, Place and the Girl" will open Wednesday night, and is another musical comedy, and it is too well known to require much

boosting. The beautiful songs which belong to the play will be carefully prepared for the occasion. Special costumes will be made for the charming chorus, and from every angle "The Time, Place and the Girl" will be made a complete and artistic production. Miss Page, as a trained nurse, will be seen in a part which suits her well, and also will sing some beautiful songs. James Coots and Miss Berkeley will play opposite each other and sing several solos, as well as a duet, which is a popular song, "Apple Blossom Time." Lee Jaxon, as a nifty little guy, is sure to make a hit. At the first night performance of "The Time, Place and the Girl" the usual \$5 cash prize will be given the one guessing nearest the correct number of words spoken by James Coots in "Hello, Bill." First of the New Series of Sir Ernest Shackleton's Expedition Pictures—This Series Will Be Shown Weekly Until Completed

The BOTTOM OF THE WORLD

Sir Ernest Shackleton's Thrilling Attempt to Cross the South Pole

Facing death in the perilous ice floes of the Antarctic, the famous Shackleton exploring expedition has returned to you a complete pictorial record of the hardships and dangers encountered during the historic journey.

More thrilling than the most modern of serials, containing more interest and suspense than the greatest of dramatic productions and more beautiful than the most picturesque of scenic, "The Bottom of the World," has a greater appeal than anything you have ever seen before.

To miss it would be to sacrifice knowledge which you could not obtain through a score of volumes in book form, entertainment that you could get through a dozen dramatic productions and thrills that could be enjoyed only by actual participation in the danger and hardships undergone by the members of the famous expedition.

"CIVIC SUICIDE" To the Editor—Since the completion of our very excellent paved streets, sidewalks, and tree-lined boulevards, very little has been done to increase the attractiveness of Victoria.

We have, of course, a great number of very excellent moving picture houses, which pay a large sum per annum to the United States for the rent of films.

But what has been done to provide attractions that the majority of tourists demand. The answer is: "Nothing."

In the first place, we require a large salt water swimming bath, in which the water should be heated to about 80 degrees Fahrenheit, and in which we require a large building well provided with palms, ferns and flowering shrubs, in which bands and concerts could be held daily.

We require a well-paid city orchestra, which would give its entire time to furnishing first class music.

Next, we require an aquarium, in which both marine and freshwater fish could be displayed.

Again, we require that some attention should be paid to our public parks, especially that at Beacon Hill, where a clean, dry pathway should extend from the Outer Wharf to Clover Point.

Again, we want the rifle range removed to the new site that has been provided for it.

And we want a number of "kiosks" along the sea-front and numerous benches, so that persons may sit and admire the beautiful scenery.

We want hundreds of trees transplanted from Beacon Hill nurseries, where they are absolutely useless, to places that could be pointed out, where they would be both ornamental and useful.

Also, a few flower beds could be added with advantage to the general attractiveness.

As noted in a recent letter received from Los Angeles, California, there are several large swimming baths in that city, in some of which children are taught to swim under proper direction.

As we all know, many lives are lost every year, because the victims have not been taught to swim. And it will be conceded that it is quite as important to provide facilities for learning to swim as it is to learn geography or history. Swimming is

WOULD MAKE PARK BIG TRACTION

Chamber of Commerce Committee Outlines Scheme for Mount Douglas

Recommendations for the opening up of Mount Douglas Park on a large scale are set forth in one of the big traction features of the Chamber of Commerce to-day by the committee which managed the picnic with such success last Wednesday.

With the approval of the directors, the following suggestions will be forwarded to the Victoria-Island Parks and Beaches Committee, under whose control the Mount Douglas Park comes:

1. That the short trail to the summit from the highest point at the "Big Maple," to which motor cars may be driven, should be improved. This trail is at present very precipitous, and is more fatiguing to negotiate even though a car may be driven much nearer the summit than from the other side and the trail itself is less than a third as long as the Merriman Trail. This trail were improved and placed in certain points of the ascent to the summit would be made much easier, and could be accomplished in a very much shorter time.

2. That the road from the summit to Mount Douglas is in many ways unique and discloses a wonderful panoramic view of the vicinities surrounding the city, the Gordon Head Fruit farm, and the route of the proposed Memorial Avenue. On a clear day, especially after the mists close down at 6 o'clock an exceptionally clear view may be had of the Sound and the American shore, even so far as Port Townsend, which was clearly visible on Wednesday. Mount Douglas is also one of the few points in the surrounding country from which both Mount Baker and Mount Rainier may be seen the same time, as was the case on Wednesday, when both were clearly visible.

3. Your committee strongly recommends that increased publicity be given to the park, with a view to its natural scenic attractions and of the wonderful view from the summit, illustrated and descriptive matter including panoramic views from the park, and the route of the proposed Memorial Avenue, and tourist sight seeing arrangements be made with the Phoenix Islander.

4. Direction signs indicating the entrance to the trails from the roadways, and the intersection points along the trails would greatly add to the pleasure of walking through the park.

5. There is ample parking space for cars in the park for ordinary occasions, and very little work would make excellent parking space for at least 50 additional cars in the Old Gravel and this your committee recommends.

6. If the park is to be extensively used, or even used at all, as a tourist camping ground, motorists, adequately equipped for the purpose, and directing motorists to the grounds should be erected at the entrance to the park at the top of the hill, as at present the summit is reached by the most travelled motor routes.

7. Your committee further suggests that publicity be given to the park as an automobile route, and that the route of the mountain, and your committee is of the opinion that the conversion of this trail, or the opening up of another road as a motor route, would greatly add to the attractiveness of the park, and to the number of people who would visit the summit thereby automatically increasing the revenue to the city and the whole surrounding country.

8. Your committee has discussed and suggested to suggest the possibility that if the above recommendations were carried out it might not be a difficult matter to sufficiently increase the revenue to the city, and individuals to take over the proposition on a long lease, to establish amusements and entertainment features in the park, which would convert it into a centre of attraction for visitors which would make it one of the most attractive and famous spots of interest on the Pacific Coast.

JIM RILEY GOES UP TO AMERICAN LEAGUE

Vancouver, June 27.—From the sands of the beach, and then right up into the big leagues—all within three months. That is the record-breaking feat credited to Jim Riley, home-run king of the Pacific International League and Seattle hockey star, who sailed to the St. Louis Americans for \$5,000 and confirmed to-day by President Bob Brown of the Vancouver club.

The good-natured Irish lad, who has thrilled thousands of coast hockey fans during the past few years with his sensational playing, and who this season broke into organized baseball for the first time and developed into a star, is making his farewell appearance before local fans to-day. To-night he will board the rattler to make his debut in the big show.

The Vancouver club will not be disappointed to see him go, for he has been a big asset to the team.

Langley in former days and had not proved a success. Detectives were then obtained who cost large sums of money and got no results. Cases would drag on for weeks with remands in the courts, and all the time the hotel and expense bills of the imported detectives had to be paid.

The new plan, announced Friday night, is the continuation of the purpose of detecting offenders—and they would not be known to the public. Already one of the new agents has appeared as a witness in the police court, in connection with another case, and Chief Fry expressed himself as willing to try the scheme of the Dominion to-morrow evening to attend the annual convention of Canadian Police Chiefs, to be held at the Windsor Hotel on July 4 and 5 respectively.

TWENTY-ONE CARS HAVE BEEN SHIPPED

Local Strawberry Growers Benefit by Mainland Shortage

Last year the total number of cars shipped to the mainland was twenty-two this season although shipments only commenced on June 16, no less than twenty-one cars have been forwarded, each containing from 500 to 600 crates of fruit.

It is most satisfactory to note that in spite of the fact that the delay of the picking of fruit for shipment, and would affect the quality if proper supervision was not given. No complaints have been received from the district strawberry growers, and the quality of the fruit sent is such as will have the best possible effect on the future trade of the district, and its reputation as a strawberry growing centre, and consequently retention of the present preferential market and the opening up of new ones, all adding to the prosperity of Victoria and district.

Good berries forwarded. Expert Pickers Few. Owing to the increased area and the excellent soil, but considerable difficulty is found in obtaining pickers, and expert pickers are comparatively few. The fact that the district strawberry growers are unable to put on the market fruit of such quality is greatly due, and freely acknowledged by the growers themselves to the enterprise of both the growers and the packers, who have for some time been sending out their horticultural agents into the strawberry districts to give practical demonstrations to the growers of the best system of growing the fruit, and recently the picking, packing and selection of same and the preparation and packing of the cars for long distance carriage.

Messrs. Robertson, Provincial Horticulturist; E. W. White, his assistant, and F. Bain, a special expert in this branch of the service, have been over from the mainland, have been actively and continuously engaged in giving these demonstrations.

This good work has been helped forward by the district inspector and two temporary Dominion Government inspectors, and in the field by personal instruction by the district inspectors. The approval or rejection of packed cases for shipment or local consumption has been effectively carried out, all of which has and will have a most important effect on the future trade of the strawberry districts.

DESCRIBES TRIP TO PORT RENFREW

First-hand information regarding the proposed improvement of the road between Victoria and Port Renfrew was given by Alderman A. E. Todd to the directors of the Chamber of Commerce to-day.

After giving the directors an interesting picture of the obstacles that would have to be overcome in building the link necessary to connect Victoria with Port Renfrew by road, Alderman Todd moved the following resolution which was seconded by Capt. George McGregor:

(1) That the Minister of Public Works be requested to have the Colebrook Hill, on the road between Osoyoos and Sherringham Points, improved, so that the grades will be less dangerous.

WANT DEMURRAGE CHARGES REDUCED

Abnormal War Charges Still Preval, Manufacturers Say

The Canadian Manufacturers' Association of Canada seeks the support of public bodies in inducing the Board of Railway Commissioners to put demurrage rates back to pre-war figures, and in this connection C. W. P. Schwengers to-day submitted to the Board of Railway Commissioners, all things considered, the most desirable.

The Association has had many complaints regarding the demurrage rates and the normal rate of 10¢ per car per day prescribed. Now that there is a surplus of cars, it is felt that shippers should not be penalized to the extent of 10¢ per car per day.

The question has been before the Railway Board on various occasions but the applications have been dismissed. It is claimed by directors of the Association that the order was originally made by Sir Henry Drayton owing to abnormal war conditions.

The Association has had many complaints regarding the demurrage rates and the normal rate of 10¢ per car per day prescribed. Now that there is a surplus of cars, it is felt that shippers should not be penalized to the extent of 10¢ per car per day.

MAYOR PORTER FAILS TO FIND A BETTER CITY THAN VICTORIA

Civic Heads Tells Gyro Club of Impressions Gained on Recent Visit to East

"We have nothing to be ashamed of in our city. During my travels across the continent, I have come to the conclusion that we have a climate second to none, a system of main-taining our streets and boulevards that rivals anything in Canada, we have a sewerage system as good as any and our water system is better than any other I visited. As far as scenery goes, there is not a place in Canada that equals this city and the neighboring districts. We want a great deal more boosting here and a little less kicking and Victoria will earn her rightful name as the city good enough for folks to live in it should be good enough to boast."

NEW CONFERENCE ON PROBLEM OF IRELAND

(Continued from page 1.) willingness to concede, within the limits of an autonomous Ireland. Such a settlement, however, this authority pointed out, would involve abandonment of the demand for complete independence and might for that reason be repudiated by the extremists.

Belfast, June 27.—In a message from Paris, where he is acting for the "Republican" interests, Sean O'Connell, a member of the group of men who call themselves the "Irish Republican Parliament," says: "Mr. Lloyd George's invitation to explore the possibilities of a settlement, if independence is not excluded, will undoubtedly receive the earnest consideration of President de Valera and the Irish Cabinet."

Dublin, June 27.—In view of the peace letter of Mr. Lloyd George to the Dublin public, it was surprising to find that notices had been posted throughout the city by the Auxiliary Police addressed to the members of the "Irish Republican Army" urging them to follow the advice of their leaders. The notices quoted extracts from statements by Cardinal Logue and Bishop Cohan of Cork and also extracts from the Antoinch official organ of the "Irish Republican Army," and the members of that "army" were asked to choose between these sentiments.

RETAILERS OBJECT TO LEGISLATION

Point to Flaws in Food and Drugs Act; Enter Protest

Claiming that there are flaws in the Food and Drugs Act which work hardship on retailers, Percy Abell, chairman of the Retail Committee of the Chamber of Commerce, laid the following resolution, adopted by the committee, before the directors of the Chamber to-day:

Whereas the Food and Drugs Act of 1920 holds the retailer responsible for the content of goods, over which he has absolutely no control, and whereas the manufacturer or producer of such goods is in a position to "blame" the "contents" before the retailer and should be held responsible for same,

And that recommendation be made that samples be taken at the source of production or manufacture, or at the point of importation.

And that copies of this resolution be sent to various Boards of Trade and Chambers of Commerce in Canada asking their support and co-operation.

And be it further resolved that the committee previously appointed for the purpose request permission of the board of directors to present a copy of this resolution to the board at their meeting on June 27.

THE TEA KETTLE

For Visiting Marshal. Tentative suggestions for the programme in connection with the visit here of Marshal Joffre, of France, on September 2, on the occasion of the opening of the Peace Arch spanning the Pacific Highway at Blaine to commemorate over 100 years of peace between Canada and the United States, were outlined at to-day's meeting of the Chamber of Commerce directors, on Alderman Todd's suggestion.

PAPERS APPROVE NEW IRISH MOVE

(Continued from page 1.) extent De Valera is in the hands of the irreconcilables.

The Daily Chronicle says: "There is nothing that could offend wounded Irish susceptibilities in this generous wholehearted appeal. It speaks in the real spirit of the real Lloyd George, expressed at precisely the moment when it was most fitting it should be expressed."

PREMIER MEIGHEN FIGURE IN LONDON

such a condition present itself, a largely unproduced, produced threatening the peace of the world. Undoubtedly in the event of war between Japan and the United States, China would almost inevitably be drawn in on the side of the United States, a step which would ablige Great Britain to come into war against China.

Whether these views are sufficiently weighty to sway the British cabinet, remains to be seen. They will be presented with force by Premier Meighen and Premier Smits, but while there are reasons for stating at least an influential section of it, holds similar opinions, there is no doubt that the cause of the alliance has many powerful friends.

British statesmen, for their part, have contrived in their speeches to disguise what they feel. It is believed that the press within the last few days somehow leave the impression that whereas a week ago sentiment was running strongly against renewal of the treaty, something has happened to bring the alliance new friends. The London Times, however, continues to print Washington dispatches emphasizing the opposition to renewal of the treaty would produce in the United States and suggests editorially that the alliance be allowed to stand over pending the calling of a conference between the Pacific powers.

So far as Premier Meighen is concerned, his position has not changed. Since the beginning of the conference he has had no opportunity in preaching friendship and co-operation with the United States as a cardinal need of the Empire's foreign policy. In none of his utterances has he been more eloquent than on Friday night, when, addressing the Empire Parliamentary Association, he declared significantly and amidst cheers that hardly any price was too great to pay to bring the United States within the League of Nations.

Consideration of the alliance, to come before the conference, either this afternoon or to-morrow morning, will bring Premier Meighen to his first big effort since the session began. The British press, which is unanimous in regarding him as the dark horse of the conference, is evincing the greatest interest in the attitude he will take. Meanwhile, Premier Meighen, although up to his ears in the international matter, is keeping one eye open for the result of the by-election in far away Medicine Hat, Alberta.

INVESTIGATION OFF.

The investigation into charges made by J. E. Paine against the City Detective Department has been called off, it was announced to-day, Commissioner Hall having received a copy of a sworn statement by Paine to the effect that he did not wish to proceed.
