

PLAN
OF THE
ISLAND OF
FERNAND DE NORONHA,
 from A FRENCH SURVEY,
 Compared with the Survey made by THE COLCHESTER man of war,
 in 1760.
 Communicated by M. Norris of Liverpool.
 LONDON.
 Published by LAURIE & WHITTLE, 53 Fleet Street,
 17 May 1794.

N. The Soundings from Wooding Island to the Turks Cap and those to the Southward of the Main Island have been taken by the Colchester. The Figures shew the Depth of water in Fathoms, and the Dotted Line round the Anchors in the Road, the space of Clean Ground.

The Rocky Patch
 on which the Sea
 always breaks,
 when on these Rocks the Pyramid
 is shut in by the Highest Hill.

Taken by Don Juan de Ulloa, at 5th May 1745.

Appearance of Fernand de Noronha, at Two Leagues distance.

Appearance of Fernand de Noronha, distant Three Leagues.

Appearance of Fernand de Noronha, distant Four Leagues.

Appearance of Fernand de Noronha, as per Bearings, when at Anchor in the Road, in 23 Fathoms, Five Saad.

Appearance of Fernand de Noronha, distant Three Quarters of a League.

Minutes of Latitude or Nautic Miles.

32 West Longitude from London
