Lieutenant C. W. CLAMPITT took off from Agama Field, Guam on 6 June 1945 at 0706 King in a photo Liberator for a photo recommissance of Truk. He arrived over the stell at 1130 King and obtained vertical coverage of North Moen sirfield from 14,400 ft. Gloud cover prevented vertical coverage but oblique photographs were taken of Paras, Eten and South Moen sirfields. A four engine semplane believed to be an Haily was seen flying at low altitude and heading south from Truk lagoon. No antimiroraft fire was encountered. Lieut, GLAMPITT landed at Guam at 1500 King.
