## BRITAIN CALLS COUNCIL OF EUROPEAN NATIONS HOPING TO PREVENT WAR

### SOLDIERS FIRE ON CROWD DUBLIN NOW IN FERMENT

**Four Killed and Forty in Hospital as Result of Outbreak in Irish Capital Between Troops and People**

Dublin, July 27.—The city of Dublin and the greater part of Catholic Ireland was in a state of the greatest excitement to-day over the conflict yesterday between the regular troops of the British army and the Irish Nationalists, which resulted in the killing of four persons and the wounding of many others, forty of whom are in hospitals in a serious condition.

Dawn came before the police succeeded in dispersing the crowds marching through the streets singing patriotic songs and looking for soldiers of the second battalion of the King's Own Scottish Borderers, on whom to inflict vengeance for the fatal events of yesterday when the Borderers were ordered out to prevent the landing of arms and ammunition for the Irish Nationalist volunteers.

The crowd, finding that the soldiers had been ordered to remain in barracks, attacked the royal barracks, where the Borderers are stationed, and clamored for the soldiers to come out. Finally the mob knocked out a gate of the barracks and fired several shots, on which bugles were sounded, the police came on the scene and the crowd was dispersed.

The Nationalist leaders took the most serious view of the affair and will demand reparation from the government.

The landing of arms yesterday for the Nationalists was carried out in a more daring manner than similar feats achieved by the Ulster Unionist volunteers, as it was effected in daylight. The yacht on which the arms and munitions were brought ashore had previously landed two hundred rifles, 125,000 rounds of ammunition at isolated points along the coast, and those had been distributed by motor cars among the Nationalist volunteers.

Yesterday's attempt was undertaken to show that the Nationalists could do what the Ulster Unionists had done. At Howth, 2,500 rifles and 160,000 rounds of ammunition were landed under the eyes of the police, telegraph wires having been cut to prevent communication with Dublin. Automobiles carried 1,500 rifles and all the ammunition and a body of Nationalist volunteers then started for Dublin with 1,000 rifles, but no ammunition.

The police sent to intercept the volunteers cheered the gun-runners, and everything seemed to be going smoothly until the battalion of Scottish Borderers arrived and demanded that the arms be surrendered.

The Nationalist volunteers refused to give up the rifles, and the soldiers charged with fixed bayonets, wounding a number of the volunteers. While the leaders of the volunteers and the regiment officers were parleying the rank and file of the volunteers scattered and got away with the rifles. The news quickly reached Dublin and a mob gathered to meet the soldiers on their return. Volleys of stones were thrown and twenty of the soldiers were ordered to fire. The Nationalist volunteers took no part in the street fighting.

A great crowd soon collected and followed the troops, jeering them and cheering for John Redmond, the Nationalist leader, and home rule. Finally the mob began throwing bottles and stones and several soldiers were injured. The battalion then replied to the attack of the mob with a scattered fusillade. In an instant the streets were covered with wounded, while terrified men, women and children ran in all directions.

After the troops had fired into the crowd the angry populace in a spirit of revenge attacked individually soldiers and beat them brutally. Members of the Scottish Borderers who were riding bicycles along the quays were pulled from their machines and beaten, and the bicycles were thrown into the river.

The lord mayor has issued a strong letter of protest, in which he declares that the troops were ordered out without permission having been asked of the lord mayor of the city, and he demands that the responsibility shall be fixed for calling out the soldiers and for supplying them with ball cartridges.

A number of policemen are under arrest for refusing to obey orders to seize the Nationalist rifles.

London, July 27.—Premier Asquith, who heard of the fighting in Dublin proceeded to London from his country home by motor car, and arrived here early to-day. As the premier is also secretary for war, he immediately took charge of affairs at the war office.

Information as to the "shocking occurrence in Dublin yesterday," as John E. Redmond, the Irish Nationalist leader, put it, was demanded immediately after the opening of the House of Commons to-day. Mr. Redmond, was so dissatisfied with the meagre information given him that he moved the adjournment of the house in order to debate the matter.

Augustine Birrell, chief secretary for Ireland, threw the blame for yesterday's conflict between the troops and the public on the assistant police commissioner who, he said, had requisitioned the military entirely on his own responsibility. The official consequently had been suspended while an inquiry was made.

The Nationalist members shouted: "He ought to be hanged."

The matter will be debated to-night in the house.

### MISSES ELLIOT ARE HURT IN AUTOMOBILE ACCIDENT YESTERDAY

Duncan, B. C., July 27.—Two persons were hurt, one seriously, when an automobile owned by R. T. Elliott, K. C., of Victoria, struck the southern end of the bridge over the Cowichan river on Sunday morning. The injured are: Miss Ruth Elliott, concussion of the brain and severe bruises; Miss Grace Elliott, painful, but not serious bruises.

Miss Ruth Elliott is lying at the Duncan hospital in a critical condition. Miss Grace Elliott was able to proceed home to Victoria shortly after the accident.

In the car when the accident occurred were Mr. Elliott, his two daughters and the chauffeur. Mr. Elliott and the chauffeur escaped injury. The car sideslipped on the sandy approach and crashed into the southern end of the left side of the bridge. The collision jolted the Misses Elliott out of the car and over the rail of the bridge. They fell twenty feet below on the rocks forming the banks of the stream at the point. Miss Ruth Elliott landed on her head and was severely cut.

### BELGIUM GIVES ORDER RAISING ACTIVE FORCE

Brussels, July 27.—Partial mobilization of the Belgian army was ordered to-day, raising the total of the active force to 100,000 men.

The international socialist bureau has telegraphed to its members to meet on Wednesday, when a general strike, as a preventative of a European war probably will be discussed.

### PLANS OF PRESIDENT OF FRANCE ALTERED

Copenhagen, July 27.—Raymond Poincaré, president of France, cancelled to-day his intended visit to Copenhagen. Owing to the critical European situation, M. Poincaré has decided to proceed direct to Dunkirk, where he is due to arrive Wednesday morning.

### TRIXIE FRIGANZA IS ASKING FOR DIVORCE

Chicago, July 27.—Sult for divorce was filed to-day by Mrs. Trixie Goettler, known on the stage as Trixie Friganza, against Charles A. Goettler, charging cruelty and non-support. She alleges that he refused to work and that she has been compelled to work every day for her own support and to contribute toward his. She asserts she has been forced to pay large sums of money in settlement of debts contracted by him.

### REPORT OF OUTBREAK NEAR TEMES-KUBIN

Vienna, July 27.—Reports from Hungary state that Serbian troops on board a steamer on the Danube, near Temes-Kubin, have fired on some Austrian troops. The Austrians returned the fire and an engagement of some importance ensued. It is considered probable that this is another version of yesterday's encounter.

### SIR EDWARD GREY IN ROLE ONCE MORE OF EUROPEAN PEACEMAKER

### German Emperor Who Makes Hurried Visit to Poincaré in Interests of Peace

### Kaiser Meets Poincaré at Stockholm in Hope of Preventing Outbreak of Nations

London, July 27.—The Morning Post's St. Petersburg correspondent says he hears that Emperor William paid a secret visit to Stockholm, where he had an interview with President Poincaré of France, in connection with Austro-Serbian crisis. The correspondent adds that it is known that Emperor William desires peace, and that weighty results from the interview are expected. The general belief in St. Petersburg is that the influence of the powers will bring about a peaceful solution of the crisis.

The Times, in an editorial, says it considers, in view of the moderation of Serbia's reply the way to a peaceful settlement ought to stand open. The correspondent at St. Petersburg of the Times says: "Russian diplomacy has noted certain indications of unwillingness on the part of all the powers, including Austria, to go to war if it can possibly be avoided."

### UNITED STATES NOT MIXED IN EUROPEAN POLITICAL AFFAIRS

Washington, July 27.—President Wilson said to-day in answer to inquiries whether the United States would try to bring about peace in Europe, that he had not considered the subject, but traditional policy of the United States was not to mix in European affairs.

### GREECE WOULD SEND 100,000 TROOPS TO FIGHT WITH SERBIA

Constantinople, July 27.—The Greek minister here to-day declared that in the event of war between Austria, Hungary and Serbia, Greece would be compelled to dispatch 100,000 troops to the assistance of Serbia.

Germany, Italy and France Asked to Discuss Mediation on Sir Edward Grey's Invitation—Serbia Asks Consideration From Austria-Hungary But Is Well Prepared for Hostilities If Austria Wants to Fight—War Almost Inevitable, Russian View

### AUSTRIA SAYS SERBIA IGNORED HER DEMANDS

Reply Filled With Spirit of Dishonesty and Has Many Reservations

Vienna, July 27.—A communication issued by the Austro-Hungarian foreign office to-day sets forth the Austrian view of the Serbian reply to Austria's note demanding the cessation of the Pan-Serbian agitation and the punishment of those concerned in the assassination at Sarajevo of Archduke Francis Ferdinand and his wife. The communication also gives the reasons for Austria's dissatisfaction with Serbia's reply. It follows: "The object of the Serbian note is to create the false impression that the Serbian government is prepared in great measure to comply with our demands."

"As a matter of fact, however, Serbia's note is filled with the spirit of dishonesty, which clearly lets it be seen that the Serbian government is not seriously determined to put an end to the culpable tolerance it hitherto has extended to intrigues against the Austro-Hungarian monarchy."

"The Serbian note contains such far-reaching reservations and limitations not only regarding the general principles of our action, but also in regard to the individual claims we have put forward, that the concessions actually made by Serbia become insignificant."

"In particular our demands for the participation of the Austro-Hungarian authorities in investigations to detect accomplices in the conspiracy on Serbian territory has been rejected, while our request that measures be taken against that section of the Serbian press hostile to Austria-Hungary has been declined and our wish that the Serbian government take the necessary measures to prevent the dissolved Austro-Hungarian associations continuing their activity under another name and under another form, has not been considered."

"Since the claims in the Austro-Hungarian note of July 23, regard being paid to the attitude hitherto adopted by Serbia, representing the minimum of what is necessary for the establishment of permanent peace with the southeastern monarchy, the Serbian answer must be regarded as unsatisfactory."

"That the Serbian government is conscious that its note is not acceptable to us is proved by the circumstances that it proposes at the end, not to submit the dispute to arbitration—an invitation which is thrown into its proper light by the fact that three hours before handing in the note, a few minutes before the expiration of the time limit, the mobilization of the Serbians took place."

It was pointed out here to-day that Austria-Hungary being a signatory to the second Hague convention, would be obliged formally to declare war but as Serbia did not sign that convention, such a declaration might, perhaps, be regarded as unnecessary in this instance.

ROME, July 27.—The Italian government to-day informed Sir Edward Grey that it accepted his invitation to take part in a mediation conference.

### Russian Army Is Mobilizing British Fleet on War Footing

British Foreign Minister Says Failure of Peace Overtures Will Result in Greatest Catastrophe Which Can Befall Concert of Europe With Consequences Incalculable

London, July 27.—It was reported to-day that Sir Edward Grey, British foreign secretary, had made successful representations to Germany, Italy and France for a conference between the representatives of those countries in England on the Austro-Serbian situation, with a view to co-operate in mediation.

Sir Edward Grey invited the governments of Austria-Hungary, Serbia and Russia to suspend operations pending the result of the proposed conference, which would be held in London. His suggestion was that the French, German and Italian ambassadors in London should confer with him in the endeavor to find a means of solving the present difficulties. Until late this afternoon he had not yet received complete replies to his proposal.

Waiting Full Reply From Germany. Sir Edward Grey, in announcing in the House of Commons the steps to be taken to bring about mediation in the Austro-Serbian controversy, said: "I understand that the German government is favorable to mediation in principle, as between Russia and Austria, but to our particular proposal to apply that principle by means of a conference, the German government has not yet replied."

Sir Edward concluded by expressing the opinion that the failure of the efforts to bring about a settlement would lead to the greatest catastrophe which could befall the concert of Europe and its consequences would be incalculable.

Serbian Ambassador States Nation's Case. At the Serbian legation in London the view was held that some improvement had taken place in the situation, and this was attributed to the influence exercised by Russia. Alex Georgevitch, the first secretary, said: "We have complied with everything that does not impair our sovereign rights. We hope that Austria-Hungary, in the interests of peace, will recognize that consideration is due to an independent state and so avert war. If, however, Austria wants war, she will have seen that we are prepared to act in the interests of the dignity of our state."

British Fleet is Kept on War Footing. The fact that Austrian ambassadors abroad were willing to discuss the controversial points with foreign governments, and especially with Russia, led to the belief that an outlet for the deadlock would be found.

The British admiralty issued orders last night keeping the British fleet on a war footing. The leave which is generally granted to the crews after the annual mobilization of the fleet for exercises has been cancelled. The vessels began coaling yesterday with the expectation that they would be ordered to the North Sea, which would be England's danger point in the event of a European outbreak.

Washington, July 27.—The gravity of the European situation was reflected in an official dispatch from St. Petersburg to-day saying the Russian minister of war had said he considered war between Russia and Austria almost inevitable.

Russian Army to Be Mobilized. This statement was made after the Russian ministry had issued an official declaration that Russia was greatly disturbed and could not remain indifferent in the crisis that had arisen between Serbia and Austria-Hungary. The order for the complete mobilization of the Russian army was confirmed.

### BETTER FEELING IS NOTICEABLE TO-DAY AT ST. PETERSBURG

St. Petersburg, July 27.—In spite of the general unfavorable symptoms in the situation between Austria-Hungary and Serbia and of the effect produced by the arrest in Hungary of General Rademir Putnik, chief of the Serbian general staff, a better feeling was noticeable here to-day as the result of yesterday's diplomatic conversations.

### BERLIN PUBLIC IS NOT EXCITED OVER POSSIBLE CONFLICT

Berlin, July 27.—The military element in Germany calmly awaits the outcome of the international crisis. It is stated that no orders have been issued to the army in this connection and that the customary furloughs to a proportion of the soldiers in order that they might help in the field work at their homes during the harvest have not been interrupted.

The general public in Berlin takes the situation calmly as time passes without the dreaded catastrophe of armed conflict, and on reports of the proposed mediation of the powers between Austria-Hungary and Serbia.

**FOUR FATALITIES IN WEEK END AT TORONTO**

Man Arrested in Connection With Death of Newsboy Killed on Street

Toronto, July 27.—Four fatalities marked the close of last week in Toronto. Samuel Brook, a newsboy, 167 Huron street, was killed early on Saturday evening by an automobile driven by Abraham Orpan, Jr., 174 Carlton street. He was crossing the road opposite the Westminster apartments on Jarvis street, when a woman called to him, and he started to cross the street and was struck. Orpan was arrested, but later was released on \$5,000 bail.

William Allison, 153 Jones avenue, while suffering from stomach trouble, asked his wife for some medicine. She directed him where to find the bottle, but by mistake he swallowed some carbolic acid, and died in a short time.

An unknown woman while crossing Queen street yesterday evening was struck by a westbound car and died an hour later in the hospital.

While bathing at Kew beach yesterday, Arthur Clayton, 20 Macleom avenue, collapsed in three feet of water and was dead when pulled out.

**FIRST CEREMONY OF 100 YEARS OF PEACE**

Sulgrave, Eng., July 27.—The first formal ceremony in honor of the 100 years of peace between the English-speaking races occurred here Saturday when Sulgrave manor, the home of the family of George Washington, purchased for \$42,500, subscribed in Great Britain, was handed over to members of the centenary committee as a gift to the American people.

**KIKUYU CONTROVERSY TEMPORARILY SILENT**

Consultive Body to Report to the Archbishop Who Will Later Give Judgment.

London, July 27.—The heresy case of some months ago, known as the "Kikuyu controversy," is to be revived at the meeting here of the central consultive body of the Anglican church. It was to this body that the Archbishop of Canterbury referred the charges brought by the Bishop of Zanzibar against the missionary bishops of Uganda and Mombasa, Africa, for administering communion to nonconformists.

The controversy is largely one of church discipline, but involves the serious question of high and low church. The low churchmen defend the African bishops in holding service with and giving communion to members of the Presbyterian, Methodist and other nonconformist sects, since they look forward to amalgamating with these bodies. But the high church party says that such communion is impossible because of differences in doctrine and therefore stands in the way of a union of the Church of England with the Greek and Roman Catholics in a single Christian church.

The consultive body will place its findings with the archbishop, as primate of England, who will pronounce judgment later.

**WOLFE MEMORIAL CHURCH PLANS ARE ENCOURAGED**

Bishop of Willemsden at Head of English Committee; Duke of Connaught Aids Movement.

Quebec, July 27.—Canon Scott's project for the erection of a memorial church in honor of General Wolfe has received the encouragement of the Duke of Connaught, who approves of it as a most inspiring theme, and promises to give it every support.

Canon Scott says that under the new auspices he and those who are with him in the movement are now going ahead in real earnest.

An organization committee will be formed in Canada. In England one already is being formed, headed by the Bishop of Willemsden.

**MONEY MORE ACTIVE SAYS TRADE REPORT**

Further Gradual Improvement Apparent With Favorable Influences Predominating

New York, July 25.—Bradstreet's weekly review says: Trade reports prevent mixed aspects without, however, detracting from optimistic sentiment as to fall business. Industrial employment has improved, collections appear to be better, money is more active, the general feeling is that the worst has been seen in the lumber industry: wool is active, rail-ways in the southwest are carrying an enlarged traffic and some western sections and lines denote sustained improvement. With all the general tenor of reports, reflects either mid-summer quiet or a continuance of small lot buying at frequent intervals, exceptions to this characterization being provided by the northwest. Moreover, highly keyed anticipations as to crops still to be harvested are being shaded, chiefly because of reports of black rust in the maturing spring crop and lack of moisture for corn.

Business failures for the week ending July 23 were reported as 262 against 254 last year; wheat exports, United States and Canada, 7,739,795 bushels, against 3,522,901 last year.

Dun's Review says: Further gradual improvement in the business situation is apparent at a time when a pause in mercantile and industrial activity is customary. Considerable irregularity still characterizes reports from the leading centres, yet favorable influences predominate. While complaints are heard of damage to grain and cotton crops another prosperous year on the farms is virtually assured. Enhancement of values in iron and steel is a reflex of better conditions in that trade.

In copper quietness is pronounced and a easier trend is manifest. A waiting attitude on the part of the dry goods merchants is noted. There has been active trading in men's wearing apparel, yet no business is below that of a year ago. Leather shows improvement. Interest in monetary affairs has centred chiefly on development in foreign exchange, which has advanced sharply. Existing conditions are abnormal, inasmuch as it is logical to expect a declining tendency in exchange at this season of the year.

Complete official foreign commerce returns from June indicate that the balance of trade is still against this country. On the other hand this nation's credit position abroad is likely to be strengthened in the future by a heavy outgo of grain.

Commercial failures were 352 against 298 last year.

**CARBAJAL NAMES MEN TO CONSULT CARRANZA**

Judge Allende and General Villar Leave Mexico City for Saltillo Conference

Mexico City, July 27.—President Carbaljal has delegated General Luro Villar, chief of the supreme tribunals of military and justice, and Judge David Gutierrez Allende, of the supreme court, as the Mexican government's representatives to the Saltillo peace conference. They leave for Saltillo to-day. Official and diplomatic circles consider the delegates named well fitted for their task.

General Villar is expected to be especially acceptable to the constitutionalists, as he possesses a clean military record. He commanded the troops at the national palace when it was attacked by General Bernardo Reyes and Felix Diaz, and was severely wounded during the fighting. He has not been active in politics during the Huerta regime.

Judge Allende has taken no part in politics recently, and is not connected with any political party. He will represent the civil government at the peace conference, while General Villar will represent the army.

**FREEDOM LEAGUE WILL ASK TITLES FOR WOMEN**

London, July 27.—The Women's Freedom league has prepared a list of distinguished women to back up its petition to the king to reward with titles the many noble and public spirited women who render invaluable imperial and social service throughout the dominions.

Men have so far been the only ones to receive titles in the distribution of honors on the king's birthday. The Women's Freedom league, however, thinks complimentary letters should be placed against the names of the following:

Imperial services: Lady Lugard (Flora Shaw, Miss Merial Talbot (Victoria league), Lady Henry Somerset, Mrs. Annie Besant, Miss Haldane (army work), Miss Agnes Weggon (nursing work).

Social service: Miss Margaret Macmillan (school clinic work), Councillor Margaret Ashton, Mrs. Bramwell Booth, Lady Frances Balfour, Mrs. Sidney Webb, Miss Eva Gore Booth, Miss Esther Roper, Miss Mary MacArthur, Mrs. Creighton, Mrs. Barnett.

Writers: Flora Annie Steel, Olive Schreiner, Alice Meynell, Lady Grey.

Art: Ellen Terry, Lena Ashwell, Miss Horniman, Madame Clara Butt, Dr. Ethel Smyth, Lucy Kemp Welch.

Science: Mrs. Hertha Ayrton, Lady Huggins, Dr. Annie Porter, Mrs. Gordon Ogilvie, Dr. Scharlieb, Dr. Garrett Anderson.

Education: Emily Davies, Francis Dove, Isabella Cleghorn, Miss Jones, Louisa Lumsden, Sophie Bryant.

Distinguished service: Mrs. St. Clair Stobart (ambulance and military service), Miss Violet Markham, (publicist and philanthropist), Miss Edith Durham (war correspondent), Lady Abercromby (politician), Maude Royden (speaker and writer).

Matrons of hospitals: Miss McIntosh (St. Bartholomew's), Miss Lloyd Still (St. Thomas's), Miss Louise Victoria Haughton (Gug's), Miss E. C. E. Luckes (London), Miss E. McCall Anderson (St. George's), Miss Young (Westminster), Miss M. McEvoy (anti-vivisection), Miss A. M. Bird (Great Northern central), Miss I. C. Bennett (Metropolitan), Miss B. Sherratt (cancer), Miss Garrett (Lock hospital).

**ATLANTIC FLIGHT PUT BACK UNTIL OCTOBER**

Hammondsport, N. Y., July 27.—Lieut. J. C. Porte will not attempt to fly across the Atlantic until October 1. This decision was reached as a result of a conference between Glenn H. Curtiss, Lieut. Porte, Will Gasse, the personal representative of Rodman Wanamaker.

Mr. Curtiss said that while it was possible to reassemble the machine and rush it to New York in time for the steamer sailing for Newfoundland on August 1, it was advisable to take time to rebuild the machine properly and to make changes suggested by the experiments of the past month.

**MINISTER OF INTERIOR UNDERGOES OPERATION**

Rochester, Minn., July 27.—Hon. Dr. Roche, minister of interior of Canada, underwent a serious operation at St. Mary's hospital Saturday. Dr. Roche is resting nicely and surgeons declare the operation has been successful, although it will be a number of days before the patient is out of danger. Miss May Roche, a daughter, is with him.

**WIFE CHARGED NEGLECT GOT DIVORCE SECRETLY**

New York, July 27.—James Oppenheim, author and short story writer, has been divorced secretly by Mrs. Lucy S. Eckel Oppenheim.

It was learned yesterday that as Oppenheim's successful stories and novels brought increased demands from publishers, his work began to intrude on his domestic life, until finally Mrs. Oppenheim decided she was one of the neglected women of whom her husband wrote in "Idle Wives," and the couple parted.

**OPIUM IS SEIZED BY TACOMA CUSTOMS MEN**

Tacoma, Wash., July 27.—Twelve half-pound tins of opium, each valued at \$42, were found yesterday in a bag in the kitchen of a local Chinese restaurant when a raid was made by police and customs officers.

Don Sing, the proprietor, was arrested, and is held to the action of the federal court. Customs officers believe the drug was brought in on an Oriental liner now in port, being passed from the steamship to men in a rowing boat at night.

Do not have evil-doers for friends—take as your friends the best of men.—Buddha.

**IRRIGATION FARMS IN ALBERTA PROGRESSIVE**

Scientific Application of Water Shown Beneficial in Contrast to Others

Bassano, Alberta, July 27.—In the eastern section of the C. P. R. irrigation project here irrigation this year is being tested to the full. In the spring some twenty-five families from Colorado were brought in by the C. P. R. and settled on ready-made farms. To-day the result can be seen. Side by side are farms with crops of from fifty to sixty bushels to the acre, and others with practically nothing, and in the fields where big crops prevail here and there is a patch stunted and dead. The scientific application of water has made the difference. Of the twenty or thirty families every one is satisfied, and affirm that next year bumper crops will be the rule, no matter what the weather conditions. The Bassano board of trade to-day visited the colony, and splendid crops were seen on the farms where the water had been intelligently used. Splendid stands of wheat, oats, barley, alfalfa, sorghum, milo maize, speltz, peas and corn were found on the farms of several of the settlers.

Calgary, Alta., July 27.—The local board of control of the International Irrigation Congress which meets in Calgary, October 5 to 9 this year, is made up of some sixty of the most prominent men in every walk of life the province of Alberta. J. S. Dennis, assistant to the president of the Canadian Pacific railway, is chairman of the board, and with him are associated agriculturists, financiers, professional men, engineers, bankers, capitalists and men of public affairs. The transportation committee is hopeful that satisfactory arrangements will be reached for liberal convention rates from points in the United States. Montana irrigators will charter a special train of their own to attend the congress.

**BANCROFT LOSES NINE BUILDINGS IN FLAMES**

Havoc in Business District of Ontario Town Results From Bakery Fire.

Bancroft, Ont., July 27.—A destructive fire, fanned by a strong wind, played havoc with the business section of Bancroft last night. Nine buildings, including the hotel and postoffice, were destroyed, and a loss approximating \$75,000 was entailed, with insurance of about \$50,000.

Shortly after 6 o'clock fire broke out in Willing's bakery. Before the volunteer fire brigade could be brought to the scene, the bakery was demolished and the flames were spreading down Bridge street. Soon the inhabitants of the district were fighting the flames, but with little success. Salvage operations were commenced and much property was saved.

The fire was controlled by the fire-fighters within two hours of its commencement without any casualties, although the guests at the hotel had narrow escapes, a number of them being at dinner when the fire broke out.

**RIFLE MATCHES CLOSE KNIGHT IS CHAMPION**

Vancouver, B. C., July 26.—The forty-first annual prize meeting of the B. C. Rifle association closed Saturday afternoon with the president's team match and the final stage of the lieutenant-governor match.

The president's match was fired at 500 and 900 yards, ten shots at each range. The 19th Regiment won the cup with fifteen points above the 6th Regiment, D. C. O. R., their nearest rivals.

In the lieutenant-governor's match, the provincial championship, at 500, 500 and 1,000 yards, seven shots at each range. Lieut. Knight won by four points.

**SENATOR M'MILLAN DEAD AFTER SHORT ILLNESS**

Alexandria, Ont., July 27.—Hon. Donald McMillan, senator of the Dominion of Canada, died here last night after a short illness. He was 80 years of age. Deceased was of Scottish ancestry, and born in the township of Lochiel, Glengarry county, on March 5, 1835. He graduated as M. D. from Victoria university, Toronto, in 1865. He was called to the senate by Lord Lansdowne, in 1884. He was a Conservative in politics.

**To Banish Wrinkles and Freshen Up Quickly**

After a strenuous day outdoors, when winds, heat and exhaustion have combined to take away one's freshness and caused the skin to wrinkle and sag—or after a tedious or fretful day indoors—one often has urgent need for some quick rejuvenator. Maybe there's a fancy party on for the evening, or some other social event. How in the world can one make herself presentable, looking as she does? It's quite easy.

Just get an ounce of powdered saxolite and a half pint witch hazel at the nearest drug store, mix the two and bathe the face in the solution for two or three minutes. Then look into your mirror and behold the wonderful transformation. Wrinkles have vanished, loose, tired muscles have been rested and "firmed up," marks of fatigue have flown, and you look so much brighter and younger you can hardly believe your eyes. No one need hesitate to try this, the witch hazel and saxolite being so perfectly harmless.

Like Oil to Machinery — So is Humber brew, Bavaria's finest, to the tired body, on draught at The Kaiserhof.

Angus Campbell & Co., Ltd.—"The Fashion Centre"—1008-1010 Government Street

# Autumn Fashion Interest Centres at Campbells'

WITH the daily arrival of the new Autumn Suit and Coat models fashion interest is centred at "Campbells'." Owing to the remodeling of our Mantle Rooms, we are unable to show the new garments to their full advantage, but a room has been set aside for their individual inspection.

**EVERY SUIT AND COAT IS PERFECT**

Take the least expensive garment in the house, examine it carefully, and you will find it has been skilfully designed, the material is excellent, it is well lined, not a detail has been slighted.

Every Suit and Coat is a model of aristocratic exclusiveness and representative of the value which "Campbells'" alone can offer to the women of Victoria.

A very pleasing feature of the Autumn Suits are Roman stripes, which are used in combination with plain materials; and in some instances the entire underskirt is of Roman stripe effect. The Coats to the Suits show quite a new departure. There's the Cossack style, the Coat in tunic effect, the Cape Coat.

In the new Street Coats much might be said here if space permitted. Many of them are very suitable for immediate wear during the cool evenings, especially when motoring or boating. The Cape Coat seems to be the favorite although the new Military Cape Coat is every bit as smart. Endeavor to see these to-morrow if possible.

**NEW ARRIVAL OF DRESSES**

In this express shipment are a number of very pretty One-Piece Dresses. Some with tunic of cloth and underskirt of Roman striped silk, others in the cape style with underskirt also of Roman striped silk.

**AS TO PRICES**

|   |         |
|---|---------|
| Suits at \$25 to .....  | \$75.00 |

**SHOOTING AT BISLEY FOR LAST WINNINGS**

Canadians Gain Many Places in Prize List; Calgary Rifle-men Prominent

Bisley Camp, July 27.—The ranges are silent to-day, and the camp pretty well deserted save for those who are sweeping up the remnants of the prize lists. The service rifle championship aggregate was won by Dr. Kelly, of North London, who wins the challenge cup and the championship gold jewel. The championship silver jewel for second place went to Sergt. Fitz, 5th Highlanders, Light Infantry, Pte. Fulton, Queen's Westminster was third, Sergt. Martin, Calgary, tenth, and Color-Sergt. Stoddart Hamilton, forty-ninth, each winning a championship bronze jewel.

The grand aggregate for the highest aggregate in the King's prize first stage, St. George's first stage, Alexandra Daily Graphic, Daily Telegraph, and Graphic, was also won by Dr. Kelly of North London. He won the challenge trophy N. R. A. gold cross and \$50. Pte. Gibson, 6th Warwick was second, winning the N. R. A. silver cross and \$25. McAllister, Australia, was third, Color Sergt. Stoddart, Hamilton, fifth, Sergt. Armstrong, Halifax, twenty-first, and Corporal Bea, Montreal, twenty-third, each winning an N. R. A. bronze cross and \$25. Sergt. Bullock, Toronto, was thirty-second, Sergt. Martin, Calgary, thirty-eighth, Gr. Noble, Montreal, forty-first, Pte. Enslie, Toronto, fifty-fifth, Lieut. McLean, Hopewell, seventy-third, Lieut. Brooks, Okanagan Landing, eighty-eighth, and Q.-M.-S. McInnes, Edmonton, ninety-seventh. Each win \$10.

In the all-comers aggregate the following Canadians won special prizes: Pte. Falconer, Alma, sixty-seventh, Cadet Harris, Kingston, seventy-third, and Staff Sergt. Laman, Halifax, eighty-sixth, each \$5.

The broad arrow rapid firing competition, eight shots, 200 yards, was won by McAllum, Eighth Argyles, Sergt. Martin, Calgary, was twentieth, and won \$5. In the Queen's cup Sergt. Martin, Calgary, was second, and won \$25.

**FOUR KINDS OF WEEVIL DISCOVERED IN CORN**

Seattle, July 27.—Four different species of weevil were found Saturday in imported Manchurian corn by Professor Trevor Kincaid, the entomologist, who has traveled much in Asia studying insects. One of the weevils was entirely new to Kincaid, who thinks all

# An Interrupted Wooing

**ADVERTISING** is like a lover courting a maid; it seeks to establish between two parties a bond of complete and permanent relationship.

Just as a lover would imperil his suit were he to suspend his wooing for three months, so does the manufacturer lose—perhaps forever—much of what he has gained at great cost when he interrupts his wooing of the favor of the public.

The manufacturer who suspends his advertising for the hot weather months is extravagant in the extreme

A suspension of summer advertising is much the same as giving a sales staff a three months' vacation, and leaving their customers to write in for what they may need, or to give their orders to competitors who have not relaxed their selling efforts.

Advertising is a sales agent whose work is real, positive, and perceivable though its influence and results in any given month may not be immediately calculable. Its worth is seen when sales are summarized and compared.

You can obtain helpful advice on advertising free of cost and without obligation by consulting the Business Department of the Times.

**TRADE WITH AUSTRALIA SMALLER DURING 1913**

Eight Hundred Motor Cars Sent From St. John to Dominions South of Equator.

Ottawa, July 27.—According to the report of the Canadian trade commissioner at Melbourne, official figures show that the Canadian Australian trade fell off last year about \$20,000. There was a slight increase of Canadian imports of Australian goods, the total import being \$850,000. Canadian exports to Australia, on the other hand were \$694,826, which is a falling off of \$55,000.

A ship from St. John, N. B., to Melbourne, carried 402 motor cars for Australia and New Zealand. Another vessel carried 426 motor cars.

ON THE VERGE OF THE PRECIPICE.

The dogs of war again are straining at the leash. Europe is trembling on an abyss from which her statesmen well may recoil with horror.

Austria's ultimatum to Serbia is brutally provocative, as it was intended to be. It is not dictated solely by the desire for vengeance.

Austria-Hungary comprises many nationalities and includes millions whose sympathies are strongly disposed towards the Balkan league.

The main source of danger in the present parlous situation is the readiness of the chief militarist nations of Europe for war.

mostly which make the crisis so profoundly disturbing. Great Britain is concerned in this imbroglio only to the extent of maintaining the balance of power.

NAVY QUESTION.

Recent events on this coast have opened the eyes of some Conservatives who supported Premier Borden's negative attitude on the naval question.

"While the World was in cordial approval of Premier Borden's proposal to make an immediate gift of dreadnoughts to the mother country as an earnest of Canada's loyalty to the empire it has always held and still holds that we should build up the nucleus of a Dominion navy.

INVITING COMPARISONS.

"Possibly if a few leading Liberals were imported into the province there might be a chance of reclamation. The Conservative party in this province has never been obliged to indulge in personal comment.

This fine-cut, polished gem of rhetoric, which dropped from Sir Richard at Ganges Harbor on Saturday, is deserving of a few lines of comment.

The party, however, which has most persistently and successfully boasted of its imperialism and loyalty is the party which has signally failed on every occasion which has presented itself to give expression to its supposed principles.

EVERYTHING THAT BEARS THE FAINTEST RESEMBLANCE TO A SCRUPLE.

Sir Richard's next suggestion is no less striking. He advises the Liberals to propound "wholesome" policies and choose "honorable" leaders.

The Premier's profession of a desire to see a strong opposition in the House is mere hypocrisy. He would rather see the bubonic plague in the Legislature than a formidable opposition.

CASE OF PREMIER FLEMMING.

The investigation into the manner in which Premier Fleming of the Conservative government of New Brunswick has administered the affairs of that province is not finished yet.

WORDS AND DEEDS.

The party, however, which has most persistently and successfully boasted of its imperialism and loyalty is the party which has signally failed on every occasion which has presented itself to give expression to its supposed principles.

FOR LONG LIFE.

Niagara Falls, N. Y., Gazette. What is needed for a greater longevity is not so much more science, as a better spirit of philosophy.

A Toronto contemporary says "wheat is ever so much lower than a year ago and bread is higher. Why this difference?" Better ask this question of the dusty millers who a few years ago fought so hard against reciprocity.

"Jingle Pot" advertisement for Kirk & Co. The ideal fuel for every use, furnace, heater or range. It is so good that our customers were satisfied to pay an extra 50c per ton for it last winter.

and bread is higher. Why this difference? Better ask this question of the dusty millers who a few years ago fought so hard against reciprocity.

# SCOUTS GO INTO CAMP

Troop 5 in Excellent Quarters at Trotter's Farm, Albert Head; Visitors' Day Next Week.

On Saturday last about sixteen members of Troop 5, Boy Scouts, went into camp at Trotter's farm, Albert Head, the party leaving the city by bus and motor car kindly lent for the occasion by Mr. Lee. At Trotter's Farm the boys were received by four or five members of the troop who had preceded them a few days previously and, under W. Cunningham's direction, had prepared the camp for their coming.

The site of the camp is ideal, and the boys have already started upon their fortnight's outing under most favoring circumstances. Capt. Rogers and his son called on Saturday, and extended an invitation to Scoutmaster Johns and the lads in his charge to visit the quarries to-morrow afternoon and see some blasting operations in the rocks, the former making a brief inspection of the Scouts and their camp and expressing his pleasure at the excellence of the arrangements. Yesterday evening Rev. Mr. Nunn, rector of Methosin, visited the camp and conducted services. Next Sunday afternoon, at 3 o'clock, he will hold a special afternoon service to which all friends of the Scouts are invited. Last night, Mr. Ward, secretary of the association, and Scoutmaster Welborne, visited the camp and spent the night as the guests of the Scouts, who are looking forward with keen anticipation to the garden fête to be held at the home of Mrs. Fisher on Wednesday afternoon, and to which they have been invited as special guests. Later in the day Troop 7 will visit the camp and will be guests for the night before going into camp next Saturday at Goldstream. Thursday, August 6, will be visitors' day at the camp, when it is hoped that friends of the boys and those interested in the scout movement generally will avail themselves of the opportunity to visit the camp, which is undoubtedly one of the best which has been organized here.

Put Up Pickles Now.—Six-gallon covered crocks, nice and smooth and clean, \$2.10; 5 gallon, \$1.75; 4 gallon, \$1.40; 3 gallon, \$1.05; 2 gallon, 70c; 1 gallon, 55c. R. A. Brown & Co., 1302 Douglas street.

Compliments Flying Daily.—On the Business Men's Lunch at The Kaiserhof.

The Summer Price at the Crystal theatre is only 5 cents. Good pictures, good music. Amateurs on Wednesday eve.

Phoenix Beer, \$1.50 per doz. qts.

For a Weak Chest or hacking cough, take Humber's brew, at The Kaiserhof.

Presentation From Pupils.—J. R. Gale, retiring principal of Lamson Street school, Esquimalt, was presented by the pupils of that institution with a handsome leather writing case on the eve of his departure for the east.

Building at Oak Bay.—A fine residence is being built for Roderick D. Finlayson on Beach Drive, Oak Bay, which when completed will have cost \$20,000. The plans were prepared by Samuel MacIure and the work is being carried out by W. F. Drysdale.

Embark This Afternoon.—The medical examinations of all those naval volunteers going to Behring sea on H. M. C. S. Rainbow who had not previously been examined was held this morning, and the detachment report- ing with kits complete at 4 o'clock for embarkation. The field gun crew parades at 7 o'clock to-night and the full company at 8.

Court of Revision.—For the purpose of hearing complaints against the assessment or the accuracy of the frontage measurements, or any other complaints which the persons interested may desire to make and which is by law cognizable by the court, a court of revision will be held this evening at 8 p. m. at the council chamber, Oak Bay.

Lumber Sold.—Terry & Hall have purchased 947,000 feet of standing timber at Drury inlet of which all but 80,000 feet is cedar, the remainder being hemlock. The price was \$1.35 per thousand for the cedar and 50 cents for the hemlock. J. Scott, of Humphrey channel, purchased 200,000 feet of cedar and 220,000 feet of hemlock at Lund for which he paid \$1 a thousand for the cedar and 30 cents for the hemlock.

Romano Theatre.—As a special feature this week the Romano theatre will run, starting to-day, a series of local films by the Capital Film Co. These consist of scenes around Victoria on Dominion Day including views of the Scotch picnic, the big blast in the harbor, and scenes of the recent disturbance in Vancouver with the Komagata Maru. These pictures form an extra attraction to the ordinary bill of fare, which is in itself extra good this week.

Open-Air Meeting.—The Baptist Young People's Union of Emmanuel church, will hold their fortnightly open-air meeting this evening at Beacon Hill beach, 8 o'clock sharp. Rev. Mr. Kingsley, missionary, has kindly consented to address the meeting. Refreshments will be served at the home of Mrs. Wooding, Point street. A good programme has also been arranged, and a good time is assured to all who come.

Gordon Head Fruitgrowers.—A meeting of the Gordon Head fruitgrowers will be held at the Gordon Head hall on Wednesday, July 29, at 8 p. m. Topics: Distribution of the 1915 Strawberry Crop; Improvement of the Present Shipping Crate, and other matters of importance to be taken up at the Dominion fruit conference. The speakers will be R. M. Winslow, B. S. A., provincial horticulturist, and representatives of the Saanich branch of the British Columbia Fruitgrowers' association.

Vancouver Lawyers Play Ball.—A number of Vancouver lawyers returning from a fraternal gathering with the members of the Seattle bar stayed in Victoria yesterday and described to their friends a baseball game in which the Seattle attorneys defeated the Vancouverites by a score of 8 to 7. Judge Schultz was an effective pitcher for the Vancouver team, but when J. Watson, the catcher, split his mouth on a picket fence while chasing after a foul ball, the substitute loaned by Seattle proved inadequate to the emergency.

Fruit Condemned.—No less than 3676 boxes of fruit from the United States have been condemned and returned by the local fruit inspectors in Vancouver during last week has been caused by the outbreak of infection in the orchards of California and Washington. The condemned list shows that 889 boxes of apples, 1492 boxes of pears and 1295 boxes of peaches have been returned as infected. As pointed out in the market news, the rejection of these large quantities of imported fruit has had an upward tendency on prices.

## TWENTY-FIVE YEARS AGO TO-DAY

Victoria Times, July 27, 1889.

The United States fishery steamer Albatross arrived from the north last night with Senator Down, and the Senate committee on Indian affairs on board. The party has been investigating the condition of the Indians in Alaska. This morning they came ashore, and had a look round the city.

Advertisement.—Tenders will be received at the city clerk's office up to Wednesday, July 31 at 4 p. m. for the construction of an addition to the city hall.

Advertisement, Royal Hospital Site.—Tenders will be received by J. Stuart Yates, Hon. Secretary, up to noon on August 1 for the purchase of lots 24, 25, 26 and 27, Spring Ridge, in the city of Victoria, being the Royal Hospital site.

Persons who have scarcely realized that this is an unusually early season will be impressed with the fact when it is learned that the farmers of Cedar Hill have finished harvesting, and will commence threshing next week.

Charge Withdrawn.—The charge of theft of money laid against R. White was this morning withdrawn by City Prosecutor Harrison, owing to the non-appearance of the complainant, Claude J. Brown.

Salmon Running in Inlet.—The salmon run has begun again in Saanich inlet, and the guests at Brentwood hotel had some lively sport yesterday. Several fine fish were captured and as the fish are growing more numerous every day the sport will improve.

Off to Australia.—A well known passenger on the R. M. S. Niagara when she leaves here will be Dr. George Creelman, president of the Guelph Agricultural college. He will pay a call at the provincial department of agriculture before sailing.

Returns From Tour.—George Brown, the well known mining man, is back in Victoria after a tour of portions of Alberta and British Columbia. He was in Edmonton and Calgary, and found the latter city still under the influence of the oil excitement. He came back by way of the Kootenays. He finds business conditions universally quiet throughout the west.

Pouring Retaining Walls.—Luney Brothers, the excavation contractors on the Hudson's Bay Company store, have gone off the job and the B. C. construction company is finishing a deep excavation in the southeast corner. About 100 men were at work this morning, and the pouring of the retaining walls commenced on the Fisgard street side. This work will last about three days.

Back in the Tolls.—Herbert Hounslow was allowed to go free on Friday morning, when he was charged with being a vagrant and sleeping in a hayshed in Beacon Hill park. He had work to go to and this was what induced the magistrate to let him go. Apparently when he got paid on Saturday he applied some of the money to buying liquor, and taking too much of it he was picked up by the police. This morning he went to jail for ten days in default of paying a fine. He is an interdict and gave the name of a man whom he says gave him the liquor.

Weather Fair.—The weather conditions all over the province are more uniformly fair than at any other time during the month. Even Prince Rupert, which for weeks past has been experiencing rain, has had a temporary reaction, and although cloudy, there is no actual rain. In the interior the weather is much warmer, the thermometer ranging between 85 and 90, while on the prairies the heat wave is so intense that it is almost unwelcome to the farmers owing to the drought with which it is accompanied. Victoria and the surrounding district enjoyed perfect weather for the weekend, the maximum temperature registered at Gonzales hill yesterday being 64. Salt Spring, Pender and others of the Gulf islands enjoyed light showers with consequently cooler temperatures.

Canadian Club Busy.—Frank J. Schl, secretary of the Canadian club, is circulating the members of that body in regard to a number of matters this week. He is desirous of obtaining a list of the names of all members attending the annual convention of the Association of Canadian clubs at Vancouver beginning to-day week. It is necessary to know in advance how many are going in order that the committee of arrangements may be advised. The announcement of the date of the luncheon to H. R. H. the Duke of Connaught is also given. The luncheon will be held at 1 o'clock, August 21, the day after the governor-general's arrival. Invitations have also been extended to Sir Robert Borden and Sir Wilfrid Laurier to address luncheons on the occasion of their respective visits here.

Charge is Withdrawn.—Fred Forest was on the information of Harry Hockhicks, arrested by Detectives Edens and Heather yesterday on a charge of obtaining \$10 from the complainant with intent to defraud. Hockhicks' story made it plain that the case is one for the civil courts, if there is anything in it, and it was withdrawn before he had got far with his tale of giving ten dollars to the defendant.

Vagrants Ordered Out.—J. S. Kelly, a colored man, and Mrs. Ellis Kelly, white, were arrested as vagrants last night by Detectives Turner and Siciliano. They are old offenders with records in the States. This morning they were remanded on their own recognizances, and this afternoon detectives saw to it that they left on the Seattle boat. To-morrow, in due course, warrants will be asked for and granted for them, which will be executed if they are ever injudicious enough to enter Canada again.

Teachers' Dance.—A very jolly gathering of the past week was that which met on Friday evening at the Gorge pavilion, when a large number of the teachers who are taking the summer course at the High school, together with those who are attending the cadet instructors' camp at Macaulay Point, spent a social evening, passing the time away most pleasantly with dancing. Miss Thain's orchestra provided the music, and during the evening refreshments were served, the party dispersing about 1 o'clock in order to catch the last car for the city. To-morrow afternoon the S. S. Princess Royal, which has been specially chartered for the occasion, will take a large party of the teachers on a picnic to Ganges Harbor.

# Do Not Be Content With Less Than Canada's Best

Canada's best piano is the Gerhard Heintzman. The same sincerity in every stage of manufacture marks the Gerhard Heintzman instrument you buy to-day as marked those that came from the hand of the young master-builder, in the late sixties. Gerhard Heintzman, still ambitious, oversees the construction of every piano that bears his name.

# The Gerhard Heintzman Piano

Has kept pace with the best of the new ideas; the action is the same superb action, with modern refinements, that won first place for this Piano in the beginning. The tone is rich, sweet, pure and lasting.

When you think of buying a piano think of Gerhard Heintzman and his life work. The Gerhard Heintzman Piano is the piano you will admire above all others. The price is less than that asked for many inferior makes.

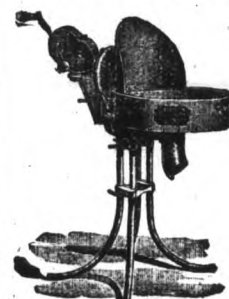

WE ARE SOLE AGENTS

## FOOLS ENUMERATED

Rev. J. B. Warnicker Preaches to Large Congregation at First Baptist Church.

Rev. J. B. Warnicker last evening preached the fifth of his special series of sermons, the subject of the address being "Seven fools, of whom you are one." The text announced was from Proverbs 12, v. 15: "The way of a fool is right in his own eyes."

The speaker classified the seven fools as follows: (1) The ambitious fool, who used his money not as a means but as an end, and placed money, honor and fame before friendship, love, home, culture and philanthropy. Such a man came, at the end, to discontent. Money, fame and honor were only temporary satisfactions; what was needed was a rich soul—something which would not pass with the passing of the flesh. (2) The procrastinating fool, who was always going to do something, but, at the age of 60, never realized his dreams. (3) The atheistic fool. It was more reasonable to suppose that matter was the product of mind than that mind was the product of matter, and that the wonderful order of nature was due to the action of the supreme mind rather than to chance. The atheist, said Mr. Warnicker, had had his day, and most of the great thinkers of modern times were not atheists, but believers in a supreme being.

The materialistic fool was another of the types, and might be defined as the man who found no other places to put his goods than in his barn. God had said: "This night shall thy soul be required of thee." There were other things to think of beside this world's goods. The man described by Kipling in "The Vampire" was a very commonly found type of fool—the fool who went the pace and forgot, in pursuit of wine, women and song, that "there is a way that seemed good to a man, but the end thereof is death." The ignorant fool, who mistook stubbornness for backbone, and the optimistic fool, who like the man described by Christ, who built his house on sand, were the two remaining special varieties of fool whose existence was a menace to society. The best remedy for foolishness was to build on the eternal rock, which was impregnable and sure.

Next Sunday evening Mr. Warnicker will speak on "Can the disease of the body be cured by mental suggestion, Christian science, and so-called Divine healing and faith cure methods?"

Call of Fire.—The fire department was called yesterday to a grass fire at Beacon Hill park, near the flagpole.

Primrose Lodge.—The regular meeting of the Daughters and Maids of England Benevolent society, Primrose lodge 32, will be held in the Knights of Pythias hall, North Park street, to-morrow evening at 8 p. m. All members are requested to attend.

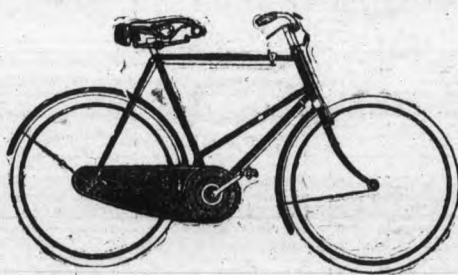

Hospital Board.—At the next meeting of the Hospital board, on Wednesday, which has been called principally on account of the desire to open tenders for supplies, it is expected there will be a report on the tenders for cut stone for the new building, as the bids will be in to the building committee to-morrow evening.

Beacon Hill Crowded.—Yesterday afternoon saw probably the largest gathering of the season at Beacon Hill park, when the 85th Fusiliers' band under the able leadership of Reginald G. Rowland gave a varied programme. The musicians more than excelled themselves in the several popular selections and brilliant overtures.

Worthy of mention was the song, "Tost's Good-bye," played as a cornet solo by Musician North, the soloist being well supported by the fine accompaniment of the band. On Wednesday evening at 7 this band will be heard at Central park.

"If you get it at PLIMLEY's it's all right."

## Shipping News from Day to Day

### AWA MARU LOGGING A RECORD PASSAGE

#### Nippon Liner Will Dock Tomorrow Morning; Less Than 14 Days From Orient

Establishing a new record for the Nippon Yusen Kaisha, the steamship Awa Maru, Capt. F. Hori, will arrive at William Head to-morrow morning from Hongkong and Yokohama. The black-stacker is making the 4,200 miles run from the Japanese port to Victoria in less than 14 days, which is a splendid performance for a vessel of the Awa's type. She is averaging a good 12 knots an hour. The Nippon liners usually reach William Head on Wednesdays, and sometimes it is Thursday before they warp alongside the outer docks. The Awa Maru has a valuable silk cargo on board which the officials are anxious to have the best possible despatch. At Seattle the silk will be rushed through to New York on a special train.

The Awa Maru sailed from Yokohama on July 15 with a full list of saloon passengers and a heavy cargo of general merchandise. On Friday night the steamship was picked up by wireless and last night the coast stations were again in touch with her. Capt. Hori, who is on his first trip here following Capt. Tominga, said that the vessel would be in port to-morrow morning, providing the weather off the entrance to the Strait does not get thick, in which event the time of his arrival would be affected.

#### Will Be Rushed Here.

Capt. James Mosher, superintendent of the Victoria and Vancouver Stevedoring company, will put several gangs of longshoremen on the Awa to get the signal "all clear." The steamship has about 300 tons of general merchandise for Victoria, and this will be rushed out of the ship so that she will be able to get away from here and call at Port Townsend to secure her United States pratique before sundown to-morrow evening.

It is reported that the silk cargo stored in the Awa's strong room is worth nearly \$1,500,000. This is the largest shipment the Nippon line has placed its hands on for a long time. The Nippon people are anxious to land their silk in New York ahead of the shipment coming in the following day on the Empress of Russia.

### GRAY BRINGS WHALE OIL

The tender Gray, Capt. Shadforth, came into port yesterday from the coast whaling stations, and after discharging 500 barrels of oil left last night for another trip to the stations.

### LUMBER RATES ARE LOWEST FOR YEARS

#### Schooner Carrying Cargoes for \$3 a Thousand; Many Vessels Are Idle

Seattle, July 27.—Lumber is carried from Portland, the Columbia river, Grays harbor and Puget sound to San Francisco at \$3 a thousand feet, the lowest rate for a number of years. To San Pedro and other California ports it is being transported by some of the coasters at \$3.50 a thousand. The operators of some of the craft are receiving a little higher figure, but on the whole the rates are held to be about as low as they can go and permit a profit to those engaged in the business.

Several of the owners have tied up their vessels rather than accept the prevailing rates. Two lumber schooners are out of commission on the lower Columbia, and it is reported a rather pretentious fleet is idle in Oakland creek. Among them are sailing vessels which formerly plied regularly in the lumber trade out of Pacific Northwest ports.

Relief is expected. But shippers believe that about every coastwise carrier will be in demand before a great while and the tonnage rates will advance. In support of this view it is pointed out that the largest grain crop in the history of the Inland Empire is beginning to arrive at tidewater. Many of the steam schooners are expected to find profitable employment in taking wheat to California.

With a big portion of the fleet diverted to the grain trade it is thought the remainder of the vessels will be in demand for taking care of the lumber shipments. For the last month the coasters have had to depend largely on lumber for their cargo, but with the new grain crop coming in it is said the situation will present an entirely different aspect. The traffic is expected to be sufficiently heavy to keep all of the craft in regular service. Much more lumber, it is said, will be needed for the construction of buildings on the exposition grounds at San Francisco. In the six months preceding the big show, it is predicted the lumber shipments will be unusually large.

A few of the largest of the coastwise vessels will be placed in commission between here and the Atlantic seaboard as soon as the canal has been thrown open, which is another thing expected to prove of material assistance in the matter of creating new business for the fleet.

### MONTEAGLE FINISHES FAST INWARD VOYAGE

#### C. P. R. Liner Picks Up One Day Coming From Yokohama; Has Fine Weather

Completing a smart passage of 12 days from Yokohama the R. M. S. Monteaule, Capt. L. D. Douglas, arrived at the outer docks yesterday morning at 10 o'clock, and remained in port for three hours discharging 300 tons of Oriental merchandise. Owing to a delay suffered at Yokohama through the enforcement of a new set of quarantine regulations, the Monteaule was two days late in departing, but the weather on the Pacific was so favorable that she was able to regain 24 hours. The steamship logged one of the smartest passages she has ever made across the pond.

Capt. Douglas reports light southwest breezes prevailing during the voyage, but the sea never became rough. Capt. Douglas has completed his first round-trip as master of a trans-Pacific liner flying the flag of the C. P. R. Owing to the indisposition of Capt. R. L. Davidson, the regular skipper of the Monteaule, Capt. Douglas, formerly chief officer of the Empress of Russia, was ordered to take the steamship out from Vancouver last trip. For some months Capt. Davidson has been sick,

### RECORD-HOLDER IS TEARING ACROSS THE PACIFIC

S. S. EMPRESS OF RUSSIA.

having contracted an Oriental illness when in Hongkong some time back. He is recovering, however, and may possibly take out his ship this trip.

Stowaways Discovered. Just before the Monteaule reached Victoria three Japanese stowaways were discovered in the bunkers of the ship. It is evident that they had friends in the crew, as they were not hungry and looked fit. The stowaways will be deported on the Monteaule when she sails, and upon their arrival in Japan will be prosecuted.

As a rule the C. P. R. liners do not discharge any cargo at Victoria, being in a hurry to get through to Vancouver to put off their valuable silk cargoes. The Monteaule, however, remained here yesterday for three hours, and unloaded 200 tons of cargo, which included a heavy shipment of onions. The Monteaule brought in a good list of saloon passengers, but her stowage complement was light. Four saloon and 12 Orientals disembarked at this port. Among the passengers who arrived were: Rev. W. G. Davidson, an Anglican minister who has been at Allahabad, India, for five years; Dr. W. E. Smith, a missionary from Yuan Hsian, Szechuan province, China; R. R. Stewart and C. A. Stewart, of the Gordon Memorial, Rawalpindi, Punjab, India; Miss S. L. Lanneau, a missionary from Shu Chow; Miss Annabel Swann, who has been in Japan spreading the gospel; Master J. L. Anderson, Master C. Anderson, E. C. M. Borden, W. H. Brum, Miss E. Dove, H. L. Ellis, F. Gasse, Eng. Com. H. W. Harris, R.N., Mrs. Harris, Misses Harris, Miss Anna C. Hartshorne, Miss Anna Hartshorne, C. E. Henningsen, Miss Hikano, Harold Holgate, Mrs. Holgate, Miss Ruth Holgate, Miss Doreen Holgate, Master Ralph Holgate, Master Ray Holgate, N. McD. Hawie, H. Keilman, A. E. Lewis, Mrs. W. A. Mitchell, A. H. Oliver, G. Robertson, Mrs. Robertson, D. B. Tinker, Mrs. E. J. Zeitz.

### GOVERNOR TAKING MANY VICTORIANS ROUND SOUND

This afternoon at 3 o'clock the Pacific coast steamship Governor, Capt. Thomas, arrived in port from San Francisco and other California ports with a large list of passengers and a heavy cargo. A number of the travellers disembarked at Victoria, and she discharged 50 tons of fruit and vegetables here. A number of round-the-sound passengers embarked here for the five-day cruise, including the following: Mrs. Alice Stewart, Mrs. E. Walker, Mrs. J. W. Featherstone, Edith Featherstone, Dorothy Featherstone, Harold Featherstone, Phyllis Featherstone, Marion Egerton, Ruth Egerton, A. Sibby, Mrs. W. Betrie, Mr. and Mrs. W. W. Brown, Mrs. M. E. Gordon and Doris Gordon.

### RUSSIA MAY HANG UP NEW PACIFIC RECORD

#### Expect Empress at William Head Thursday Morning; Five Days Late Leaving

Although Capt. W. Davidson, master of the Inboard C. P. R. liner Empress of Russia, has not flashed a wireless message to the local agents informing them of the time he expects to make Victoria from the Orient, it is expected that she will show up off William Head at daylight on Thursday morning. The white liner was 1,500 miles from this port at 8 o'clock last night, and shipping men do not expect to see the leviathan at her berth on Wednesday evening as was thought probable before she came within touch of the coast wireless stations.

If the Empress of Russia encounters the same weather as the Monteaule reported upon her arrival yesterday, she will be greatly favored in an attempt to smash her own record for the passage from Yokohama to Victoria. The Empress departed from the Japanese five days behind her schedule, through the interference of the quarantine officials at Yokohama, who refused to let the captain enter the Russia until she had been out from Hongkong a certain number of days. The present record for crossing the pond is 8 days 18 hours and 31 minutes, and was made by the Russia on her last inward voyage. The engineers of the great flyer stated on their arrival here that they still had a little up their sleeve, and as the ship carries a valuable silk shipment, it is expected that all steam will be used in getting the Russia into port as early as possible.

### RAINBOW IS IN FINE SHAPE FOR HER TRIP

#### Cruiser Floated Out of Dock To-day; Off for Behring Sea Thursday

After having her hull scraped and painted, H. M. C. S. Rainbow, Commander Hose, was floated out of the Esquimalt drydock this afternoon and proceeded to a buoy in the stream to finish her outfitting for the Behring Sea cruise. The latest advices from the navy yard state that the cruiser will take her departure from Esquimalt on Thursday morning and be absent about six weeks. The Rainbow is in splendid shape for her long cruise.

To take part in the trip on the Rainbow, 25 members of the Vancouver contingent Royal Naval Volunteer Reserve, under command of Acting-Lieutenant F. G. T. Lucas, arrived this afternoon at 3 o'clock on board the steamer Princess Charlotte. The company at once proceeded to the navy yard, and embarked on the Rainbow. When the cruiser sails for the Behring Sea she will carry about 250 men all told. This number will include 25 members of the local corps of the Royal Naval Volunteer Reserve. Is Spic and Span. The Rainbow has been in drydock for several days, and the bluejackets have been kept busy scraping the copper sheathing below the waterline, and slapping on a new coat of war paint to the sides and upperworks. Her engines have been thoroughly overhauled and are capable of driving the cruiser at a good 19 knots. From Esquimalt the Rainbow will proceed direct to Behring Sea, and she should pass into that great body of water a few days out from this port.

**PASTOR PREACHES**

**FAREWELL SERMON**

Rev. Frank W. Pratt Gives Valedictory Address; New Incumbent Here September

Rev. Frank W. Pratt, pastor of the Unitarian church, preached his last sermon before leaving Victoria yesterday afternoon. Choosing as his text: "If thou knewest the gift of God," from the words of Jesus to the woman of Samaria, Mr. Pratt emphasized throughout his talk the importance and significance of the smallest action in life.

The woman's unconsciousness of the greatness of the meeting, he said, illustrated the failure of humanity to see the largeness and importance of the experience of life which take place in the midst of common everyday scenes—at the well, by the roadside, in the everyday conversations. One of the interesting things about life was the manner in which great things were clothed in everyday garments. God always sent His greatest gifts without heralds, and with no formal introductions. The great gift of life itself was too often regarded as commonplace, and yet this supreme gift had in it power for the greatest inspiration.

Could anything better awaken man's sense of opportunity, asked the speaker, than the gift of a day? Sometimes people said that they wished they had more time to devote to religion. It was true that one should allow time for quiet and meditation and communion. But the truest pathway to religious life was to be found in an everyday busy life, where, in the daily experience and daily duties, religion's truest interpretation and expression were seen. As man took the daily occupations and turned them into loyal service in harmony with his truest ideals then religion became a daily experience, and man learned for the first time what real co-operation with the spirit of God meant. It was this glorification of the commonplace which was one of the highest expressions of the religious life.

A large congregation was present to hear Mr. Pratt's farewell sermon, the members of the Unitarian society being united in the belief that the retiring pastor had accomplished much in binding together the congregation and in building up the church. Regret at his leaving is general in the church. Mr. Pratt made his departure yesterday afternoon for Calgary, en route for Meadville, where he will join Mrs. Pratt before proceeding on his way to Norfolk, Virginia, the new charge which he will fill as missionary for the American Unitarian association.

The announcement was made yesterday that the Unitarian church here would be closed until the third Sunday

in September, when Rev. Mr. Speight, of London, England, will take charge.

**WILL SHOW WHAT MONEY IS AVAILABLE.**

Return by Comptroller on Civic Finances; Conference To-day

Among the reports which will be before the city council this evening will be a statement on the city's finances in the form of a return by the comptroller on the amounts by which some of the appropriations have been exceeded, and others that are within the limits. This return was requested by Ald. Fullerton on Friday in the hope that some funds would be found to provide for the small matters which require money, but for which no provision exists in the estimates.

Beyond the formal passage of a resolution fixing the date on August 13 for the vote on the by-laws, there will not be much business taken up. It will probably be necessary to adjourn till Friday or Saturday for the purpose of passing a formal resolution with regard to the acceptance of Ald. Cuthbert's resignation. Ald. Porter is to be named as acting mayor.

City Clerk Dowler will prepare the address to T. R. H. the Duke and Duchess of Cornwall, as he did on the last occasion in which the governor-general visited this city.

Much importance among to-day's municipal proceedings is attached to the conference with regard to the B. C. Electric railway's application for the widening of the Johnson street bridge roadway by another five feet for the purpose of handling freight traffic. Chief Engineer G. R. C. Conway arrived in the city to-day, and conferred with Local Manager Goward this morning prior to the meeting which followed the session of the finance committee this afternoon. It is assumed now that it will be a considerable time before the by-law is in such a shape as to enable the council to submit it to the public. All hope of an early start on the bridge has practically been abandoned, at any rate until the various parties to the agreement have shown a disposition to accept the city's terms.

The only street work of importance to come under review will be the final procedure with regard to the paving of Oak Bay avenue, a matter which has hung fire for some time because the owners were not united on the principle of the improvement, or the method in which it was to be effected.

**FIRE CHIEFS' CONVENTION**  
Full Programme of Meeting in Victoria During First Week of September.

Chief Davis has received the programme of the meeting of the Pacific Coast Fire Chiefs' association, which will be held here in the first week of September. Chief Eley, of Los Angeles, will preside over the sessions, which will be held at the council chamber on three days of the stay here. The accompanying is the full programme:

Tuesday, September 1.  
10 a. m.—Opening of first session with addresses by Mayor Stewart, Ald. W. F. Fullerton and others at city hall.  
2 p. m.—Second business session.  
8 p. m.—Third business session.  
8 p. m.—Theatre party for the ladies.  
Wednesday, September 2.  
9:30 a. m.—Fourth business session.  
2 p. m.—Fifth business session, and at it close the members will make their inspection of the exhibits.  
3 p. m.—Ladies leave the slip opposite the Empress hotel precisely on this hour, taking the ladies to an afternoon tea at Gorge park.  
7 p. m.—Sixth business session.  
9 p. m.—Illuminated car ride about the city.  
Thursday, September 3.  
10 a. m.—Automobile drive over the scenic Malahat road to Shawnigan lake, dinner there and return to city at 5:30 p. m.  
9 p. m.—Banquet, Empress hotel, to which the ladies are requested to attend.

Friday, September 4.  
9:30 a. m.—Seventh business session.  
2:30 p. m.—Parade and exhibition of the Victoria fire department.  
3:50 p. m.—Automobile drive for the ladies and afternoon tea at the residence of Chief Davis.  
7:30 p. m.—Eighth business session, and farewell until 1915.

**TO MAKE APPOINTMENTS**  
Three Vacancies in High School Staff—General Syllabus on Continuation Schools Expected.

There will be a meeting of the committee of the city school board tomorrow to deal with the applications for three positions in the High school, to meet the situation which has arisen from the anticipated great increase in the attendance next term. Instructors in English, Latin and mathematics will be appointed from among the numerous list of applicants.

It is expected that the department of education will issue a proposed syllabus to the boards in the province which have inaugurated the night school system, suggesting what course shall be followed in the coming term. It is known that the department has the matter under consideration, and that it proposes to issue some general directions to boards. When the city board commenced its course last October the syllabus was presented to the department and approved. While it is admitted that the curriculum last term was largely an experiment, the experience then gained will be of considerable value when the board comes to arrange its programme next fall. Inspector Paul expects to see the continuation classes more extensively patronized next term.

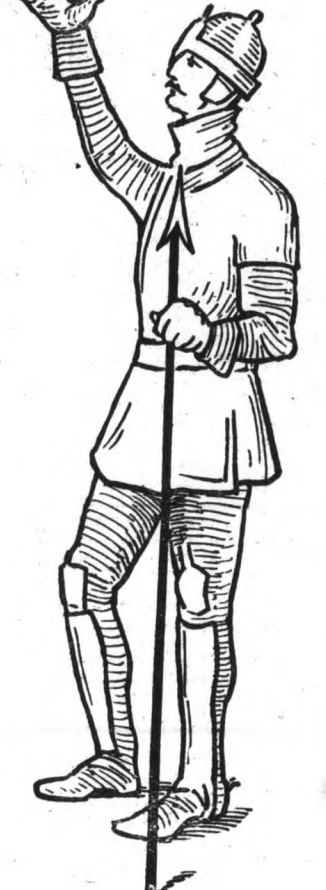

**CLOSED!**

Finch & Finch Big Ready-to-Wear Store Closed Tuesday and Wednesday Getting Ready for a Mammoth Sale—Entire Stock to Be Sold in 30 Days

**REORGANIZATION SALE**

**Entire \$100,000 STOCK FORCED OUT**

The reorganization compels an absolute disposal of all present stocks. Great changes are in preparation here, and the new organization demands complete new stocks—consequently every dollars worth of this \$100,000 high-grade merchandise must be sold. The orders have been issued, SELL EVERYTHING, and Thursday we commence a sale of such scope and importance as to stir the whole city to a fever heat of buying excitement.

**The Big Rush Commences Thursday at 9 a. m.**

|   |   |
|---|---|
| <p><b>Entire Stock Reduced</b></p> <p>Our aim and determination is to close out every dollar's worth of stock now on hand. The reorganization of this business will mean a better and even greater store than in the past. Many changes in preparation—changes that can only be made by a speedy disposal of all present stocks. Losses are inevitable—but we know we will be more than compensated by the changes to be made which will insure to the people of Victoria the most complete Ready-to-Wear Emporium in the whole Pacific Northwest. It will be to your interest to come, and come every day, to receive the full benefit of this sale event.</p> | <p><b>Genuine Sale Prices</b></p> <p>Bargains extraordinary from every standpoint will be the rule each day at this mammoth sale. To-morrow and Wednesday we will be closed marking down prices and arranging the stock for peremptory disposal. Not a single article or garment has been reserved, for the orders are to make a clean sweep of all stocks now on our shelves, racks and counters. Remember that not nearly all the good items will get into the papers, nor are the windows half large enough to hold even the better attractions. You must see for yourself to realize the real importance of this sale and the unheard-of savings.</p> |
|---|---|

**Closing Out the Entire Stock**

This is your opportunity to get the best and pay the least. Be here Thursday, opening day, at 9 sharp and get first pick of the bargains. Don't miss it.

|   |   |   |
|---|---|---|
| <p><b>WATCH FOR OUR BIG AD IN TOMORROW'S PAPERS</b></p> | <p><b>FINCH &amp; FINCH</b></p> <p>717 and 719 Yates Street</p> | <p><b>WANTED 25 EXTRA SALES LADIES. APPLY AT ONCE</b></p> |
|---|---|---|

## VICTORIA TENNIS TOURNAMENT OPENS SCHWENGBERS EN ROUTE TO COAST

### Local Racquet Wielders Make Brilliant Showing at Main- land Tourney; Draw for This Afternoon

With over one hundred individual tennis players entered for the different events, Victoria's annual tennis tournament opened this morning on the Fort street courts. The draw for the opening day is a heavy one, but the courts will be in use for every minute of the time because of the large number of players who have entered. All of the Vancouver and California cracks are here for the tourney, while Bernard Schwengers has left the east for Victoria and is expected to arrive to-morrow to take part in the feature events.

Play is progressing in the men's singles, ladies' singles, men's doubles and mixed doubles to-day, the draw for this afternoon being:

1. H. V. Johns vs. R. Stone.
  2. Stevens and Mrs. W. Langley vs. G. P. Osler and Miss Idiens.
  3. P. W. Keefe vs. B. Von Alvensleben.
  4. D. M. Grant vs. A. C. Eddy.
  5. D. M. Macpherson vs. F. Parsons.
  6. A. H. McCallum and Miss Little vs. Rowcroft and Mrs. Colbourne.
  7. E. T. Cardinal and Miss Little vs. Foulkes vs. T. J. Mackinnon and D. Manley.
  8. R. J. Beatty vs. J. Walker.
- 6 o'clock.
1. McSwain vs. L. G. Plumley.
  2. P. D. Patten and Miss McLeilan vs. P. W. Keefe and Miss Ross.
  3. L. A. Gurney vs. C. Mackenzie.
  4. C. Schwengers and Mrs. Rickaby vs. W. E. Corfield and Miss G. Landes.
  5. E. T. Cardinal and Mrs. Lyall vs. C. H. Pitts and Miss Jones.
  6. J. A. B. Hoyle vs. H. Fry.
  7. Mr. and Mrs. Garrett vs. E. D. Taylor and Miss Schmitz.
  8. W. S. Taylor vs. R. Ford.
  9. F. Fort vs. A. N. Other.

**Vancouver Results.**  
Victoria; second, B. Rhodes, Vancouver.  
Men's doubles—First, W. A. McBurney and S. L. Russell, Seattle; second, A. S. Milne and B. Rhodes, Vancouver.  
Open events (championship of the mainland of British Columbia):

Men's singles—First, H. Breck, California; second, H. G. Garrett, Victoria.  
Ladies' singles—First, Miss Lawson, Victoria; second, Mrs. Cane, Victoria.  
Men's doubles—First, B. Rhodes and H. Johns, California; second, Captain Folkes, Victoria, and H. Breck, California.

Ladies' doubles—First, Miss Lawson and Miss McDermott, Victoria; second, Mrs. Langley and Miss Pooley, Victoria.

Mixed doubles—First, B. Rhodes and Miss McDermott, Vancouver; second, E. J. H. Cardinal and Mrs. Lyall, Vancouver.

Veterans—First, E. N. Malby.  
Boys under 21—First, R. H. Creery, Vancouver; second, W. E. Corfield, Cowichan.

Boys under 17—First, S. Foulkes, Victoria; second, W. J. Peers, Vancouver.

Boston, July 27.—A fierce fight in the eastern doubles between the old championship team, H. H. Hackett and F. E. Alexander, and W. J. Clothier and G. P. Gardner, Jr., was the feature of the tournament play at Longwood Saturday. Five hard sets were necessary before the superior team play of Hackett and Alexander overcame the greater individual brilliancy of the Philadelphia-Boston pair. The winners will play the Californians, Fottrell and Murray, in the semifinals.

Tacoma will be invaded by a veritable tennis horde August 3, scheduled as the opening day of the northwest championship tourney to be held on the courts of the Tacoma Tennis club. A small army of players is planning to make the trip from Seattle and the Tacoma management has received entries from Spokane, Portland, Everett, Vancouver, B. C.; Victoria, B. C., and California.

The twenty-fourth annual state championship tennis tournament will be staged by the Seattle Tennis club on its Summit avenue courts, beginning the 10th of August. The matches are sanctioned and held under the auspices of the United States National Lawn Tennis association. Entries must be made in writing to Mr. Force, at 1212 Hoge building, before 5 p.m. August 7. Matches will be played at 10 a.m. and 2 p.m. each day until play is completed.

### BAKER AND COBB NOW TIED FOR BATTING LEAD

Chicago, July 27.—"Home Run" Baker, of Philadelphia, has pounded his way into a tie for the leading leadership of the American league. According to averages published here Baker and Cobb, of Detroit, are setting the pace at a rate of .342. In the first ten also are Jackson, Cleveland, .329; E. Collins, Philadelphia, .327; Crawford, Detroit, .323; C. Walker, St. Louis, .322; Kirke, Cleveland, .320; Pournier, Chicago, .319; Speaker, Boston, .308; A. Williams, Washington, .298.

**Phillies Best Sluggers.**  
Philadelphia with .283 and Washington with .275 lead in club batting. Eddie Collins has tied Maisel, of New York, in stolen bases with 32. In games won and lost the best regular pitchers appear to be Leonard, Boston, with 13 and 3; Bender, Philadelphia, 8 and 2; and Plank, Philadelphia, 10 and 3.

Grant of New York, tops the National league race with .342. Next comes Becker, Philadelphia, .334; Dalton, Brooklyn, .327; Byrnes, Philadelphia, .315; Meyers, New York, .310; Wingo, St. Louis, .305; Phelan, Chicago, .304; G. Burns, New York, .302; Hummel, Brooklyn, .302; Archer, Chicago, .302; E. Burns, Philadelphia, .302. Herzog Chief Pitcher.

Brooklyn is ahead in club batting with .266 and New York next with .265. Herzog, Cincinnati, leads in stolen bases with 35. Mathewson, New

York, with 17 and 4; Vaughan, Chicago, with 11 and 4, and Donk, St. Louis, with 9 and 4, hold pitching honors.

Kauff, Indianapolis, leads the Federals with .333 in batting and 41 stolen bases.  
Indianapolis with .288 and Baltimore with .277 lead the clubs. Pitching leadership is held by Kaiserlin, Indianapolis, with 9 wins and 2 defeats; Ford, Buffalo, with 12 and 5, and Seaton, Brooklyn, with 16 and 7.

### VANCOUVER WINS.

Portland, Ore., July 27.—Excellent team work, combined with the individual play of Captain Chaplin and one or two others, helped the Vancouver, B. C., poloists to put over a brilliant victory on the Waverley grounds, with the Portland Blues losing, and they won by 9-4. Another game will be played to-day.

### OLD COUNTRY CRICKET.

London, July 27.—Middlesex was beaten for the first time this season by Kent at Maidstone by an innings and 45 runs. Brilliant bowling by the Kent stars caused the downfall of the leaders in the county championship, Blythe taking seven wickets for 26 runs and Wooley (F. E.) seven for 54 runs.

You Will Need No Doctor if you stock your home with Humber. Ask for it at The Hudson's Bay Store.

### REMARKED ON THE SIDE

#### Germans Hardly Have a Chance Against Australians.

Nothing more than the decisive victory of the Australian tennis pair, Messrs. Brooks and Wilding, over the best that Canada can produce, Bernie Schwengers and Bobbie Powell, is needed to convince one that the Antipodean team is a wonderful aggregation. Even though Doust and Dunlop will not be used in the cup games, the work of Wilding and Brooks stand out above all others in the crucial tennis series. Great Britain weakened her chances with the retirement of Roper Barrett from the team. Germany has several excellent players, including the brilliant Frotzheim, but they are up against the tremendous task of defeating a pair of racquet experts who are credited with being among the four greatest living exponents of the game. Australia, according to the form shown in the preliminary round, should defeat the German pair just as easily as they did the Canucks. Not only that, but they should walk off with the trophy in a manner that will leave no room for argument as to which is the best team.

#### Smaller Leagues Feeling the Pinch.

After carrying the Portland club around, the Northwestern league completed one of the best deals of its career when it placed the club in Ballard. The league is a great deal more fortunate than are some of the smaller leagues in the east. Only recently the New England, Tri-State, K. I. T., South Michigan and Central leagues have shown signs of having their bearings burned out. The K. I. T. dropped two towns because the managements were unable to guarantee salaries. The Springfield club of the Central league has sought the protection of a receiver. One club in the New England outfit has gone bankrupt. The South Michigan league has lost Toledo, the management there tiring of pouring money into a bottomless pit.

#### Fighting For a Draw.

No wonder Uncle Sam is all wrought up over the development and arrangement of his tennis team and over the speed of his defending yacht. If all international events staged to date are included in the count, England leads us by four points to two. Her victories include the relay race, golf, polo and the lightweight championship. America's two victories are court tennis and rowing. So America needs both the tennis and yachting trophies to break even on the year with a percentage of .500. One more victory will set up the glory for England, or for the British empire, by the margin of five to three.

### BRAY WINS GAME

#### WITH LONG DRIVE

All-Star Commercial Team Defeat Nanaimo; Other Amateur Games

Ray Bray's circuit clout with Brown on second base won an exciting game for the All-Star commercial league nine at Nanaimo yesterday by the score of 4-3. Townsley was in the box for the winners, and pitched a tight ball with the exception of the seventh, when he weakened and two runners crossed the plate, putting the Coal City tossers in the lead, 3-2. With but one inning to go it looked like a sure victory for the Miners, McGregor, the first man up in the ninth, grounded out, Fred Brown dropped a clean double in

left and Ray Bray batted the ball out of the yard.  
This was the third defeat of the season for Nanaimo, they having twelve victories to their credit. A record crowd for the season turned out to witness the game, the grand stand, bleachers and side lines being lined with people. Allie McGregor was fed a fast one in the first inning which he poled over the fence for the first run. Until the fatal ninth Miller, for the Miners, was in rare form, not only being stung with base hits, but breezed almost a dozen batters. Ledingham was the star in the field for the Commercial.

A return game will be played in the near future between the same clubs. The Commercialists lined up as follows: Catcher, Robertson (Bapcos); pitcher, Townsley (Allied Printers); first base, Bray (Bapcos); second base, Petticrew (Outlaws); third base, Milne (Bapcos); short stop, Brown (manager); left field, Ledingham (Allied Printers); centre, Burns (Bapcos); right field, McGregor (Allied Printers); utility, Kerr (Bapcos).  
Score—  
Victoria All-Stars ..... 4 6 1  
Nanaimo ..... 3 4 2

The Nippon nine turned the tables on the C. P. R. crew yesterday morning at the Royal Athletic park, winning by the score of 12-4. T. Nagano was in grand form, holding the struggling C. P. R.'s to five hits, while Zarelli, who opposed him, pitched good ball although erratic at times. His team mates made 13 errors and lost him the game. Nagano struck out 15 batsmen, issued one base on balls and hit two batters. Zarelli fanned twelve, allowed six base on balls and hit three batters. The feature of the game was Rivercombe's home run.

The Burnside baseball club would like to arrange a game with the fast Dentist nine. Should the Dentists accept they will notify W. Richardson, Maywood post office, name, date and place.  
**M'GRAW PURCHASES CHEROKEE TWIRLER**  
Bloomington, Ill., July 27.—Jim Blue-jacket, a Cherokee Indian, pitcher of the Bloomington Three-I league team, who won his twelfth straight game on

Friday, was sold to the New York Giants to report August 27. Charlie Jackson, left-fielder, was also sold to the Giants to report next season, and Pitcher Fred Marks was sold to the Cleveland Americans to report on August 15.

Hughey Jennings, who manages the team that owns the player that soaked the butcher, will be dreaming pennant dreams again if Smithson, a southpaw pitcher whom he recently secured, performs as well for the Tigers as he did in the minors.  
Jennings got Smithson for \$2,750 from the Clinton, Ill., team in the Central association. Smithson won six out of the ten games, in which he participated, losing three of the four because of miserable support. He secured the title, "Strike Out" King, because he struck out 98 batters in the ten games—an average of nearly ten men to a game.

### VICTORIA CREWS.

Victoria's crews for the Shawnigan Lake regatta on August 8 have been announced as follows:  
"OO" cup—R. Travis (stroke), K.

Raymur, H. Bendroit and O. Summers.  
Walbank cup—A. R. Morton (stroke), R. Columbine, T. O'Meara and H. S. Flett.  
The "OO" cup is at present held by the Shawnigan Lake club and the Walbank cup by the Victoria A.A.A.  
In connection with this regatta the Victoria A.A.A. will run off its monthly club races, crews for which will be named on Tuesday evening.

### WILDING WINS THREE SETS FROM SCHWENGBERS

Chicago, July 25.—Wilding again outplayed Schwengers to-day. In the first set, winning 7-5. Schwengers displayed much more brilliancy than he had in previous exhibitions, but the New Zealander had the better of most of the exchanges.  
Wilding took the second set 6-3, despite some desperate rallies by the Canadian. Only one of the games, the last one, went to deuce.  
By six games to one, Wilding took the third set and with it the match.

## AFTER SITE FOR MILE RACE TRACK CAMERON SAYS POLICE INTERFERED

### H. Hoffmaster Willing to Build Circuit Here; Offer to Rent Willows for Motor Events

That a new track for horse racing and auto racing will be built in Victoria immediately, is the assertion of Harry Hoffmaster, of Vancouver, one of the biggest auto dealers on the coast, who is now in the capital looking for a suitable site for a mile circuit. Mr. Hoffmaster witnessed Saturday's races at the Willows and is confident that Victorians would support a track upon which the greatest drivers of the present day could be seen in action. Mr. Hoffmaster will remain in the city for a few days and expects to start work upon the track just as soon as he can locate a suitable site.

Cameron, promoter of Saturday's races, to the Times this morning. Mr. Cameron went on to say that the police had no right to interfere with Saturday's races as the track was leased to the promoters for the day. Mr. Cameron's understanding with the Agricultural association was for motor races, and he contends that he was living up to his agreement.

One of the few grand circuit drivers on the Pacific coast, Trainer Foster, who is handling H. M. Fullerton's string at the Willows did not object to the motor racing, according to Mr. Cameron. Mr. Foster, instead, pointed out that the most powerful machines were raced at Minoru track, Vancouver, the Meadows and Madison tracks, in Seattle; at Portland, Winnipeg, Regina and Calgary, without causing any harm to the track.

## OAK BAY TWELVE IN CITY SERIES

### Sensational Win at Sidney in Overtime; Nationals Still Lead Big Four Teams

Oak Bay are now strong favorites for the City league championship as a result of their sensational win on Saturday over the Sidney twelve at the Saanich capital, 2 to 1, the final score coming after twenty minutes of overtime play. The win gives the Oaks a clear lead for the title, while the Sidney and Victoria West teams have lost two games apiece. Saturday's game was one of the hardest fought lacrosse battles of the year, the clubs checking close and earning many a penalty in their efforts to pull out winners.

Both clubs displayed a lot of clever passing and ball handling on the home, but it was Oak Bay's superior defence tactics that enabled them to register their second straight win. The Oaks held their covers like leeches and they fielded superbly. Sidney refused to let their men stray, but they did not possess the same speed nor stick-handling ability of the winners. The goal-keeping of Simpson saved the Saanich team time and again, while Medridge in the Oak Bay nets was also in grand form. McDougall, who has been playing at Winnipeg, trotted out on the home field for the Sidney club and figured largely in their game fight against the champions.

Williams scored both goals for the Oak Bay team, showing a nice shot and ability to take punishment. Clyde Macdonald and White were also conspicuous, while Martin and Braden held up their end of the work on the defence. The Humber boys and Pottinger were the pick of the Sidney club. The teams and summary follow:

**Sidney.** Goal—Oak Bay. Simpson. Point—E. Macdonald. Munroe. Cover—W. Weaver. Baynes. 1st Defence—W. Braden. Pottinger. 2nd Defence—W. Martin. McKay. 3rd Defence—Redgrave. Snyder. Centre—White. P. Humber. 3rd Home—J. Baker. McDougall. 2nd Home—C. Taylor. Coffee. 1st Home—Williams. S. Humber. Outside—C. Macdonald. Bedford. Inside—W. Mitchell.

Penalties—1st quarter: J. Baker, Snyder and E. Macdonald, all five minutes. 2nd quarter: Braden, Bedford and Martin, all five minutes. 3rd quarter: S. Humber, P. Humber and Weaver, all five minutes. 4th quarter: Snyder, five minutes. Overtime: Braden and Baynes, ten minutes.

**Summary.** First quarter—1, Oak Bay, Williams, 10 min. Second quarter—No score. Third quarter—2, Sidney, Coffee, 15 min. Fourth quarter—No score. Overtime—2, Oak Bay, Williams, 19 min. 30 sec.

Manager Pottinger, of the Victoria representative twelve, states that he will give Simpson, the Sidney goal tend, a chance to show what he can do against the Vancouver Athletic club twelve in their game at Oak Bay next Saturday. McDougall and White may also be given an opportunity to make good with the senior twelve.

Nationals continued their winning streak at the expense of the Tecumseh club at Montreal Saturday, winning 18 to 7. Nationals have averaged over 15 goals a match so far this season, winning all their games. Toronto's de-

## VICTORIA'S ERRORS LOST SUNDAY GAME

### Smith Given Poor Support; Ballard Takes Series; Sunday's Results

Seattle, July 27.—Ballard hit Smith hard to-day and had little difficulty winning from Victoria, 7 to 2. Ballard played well, but a poor support from his team mates. S. r. r. A. B. R. H. P. O. A. E. Ballard, 4 2 1 1 3 0 0 0 Coltrin, s. f. 3 1 1 2 0 0 0 Miligan, c. f. 3 1 1 2 0 0 0 Melchior, r. f. 4 2 1 1 0 0 0 Lewis, l. f. 3 1 2 2 0 0 0 Gulgn, l. f. 4 1 2 1 4 0 0 McKune, 2. b. 4 0 1 3 3 0 0 Williams, 1. b. 4 0 1 14 0 0 0 Haworth, c. 4 0 0 3 1 0 0 Leonard, p. 2 2 7 9 27 15 0

Score by innings: Ballard 0 0 6 4 0 0 0 3 0 0 7 Victoria 2 1 2 0 0 0 0 0 0 0 0 0 Three-base hits—Gulgn, Kelly. Two-base hits—McKune, Melchior, Nye. Sacrifice hit—Miligan. Stolen bases—Melchior, (2), McKune, Williams. (2). Left on bases—Ballard, 4; Victoria, 5. Hit by pitched ball—Leonard by Smith. Struck out—By Leonard, 3; by Smith, 2. Bases on balls—Off Leonard, 1. **SUNDAY'S GAMES.** Coast League. Venice, 5-3; Oakland, 2; The Walla Walla, 6-1; Los Angeles, 0-0; Portland, 7-1; San Francisco, 2-6. National League. No games Sunday. American League. Philadelphia, 8; Detroit, 6. New York, 13; Chicago, 0-7. Boston, 4; Cleveland, 1; Washington, 2-1; St. Louis, 0-4. Federal League. Kansas City, 9; Indianapolis, 5. International League. Providence, 5-1; Montreal, 1-2.

Seattle are making desperate efforts to strengthen their club for the final brush to the pennant with the Vancouver and Spokane clubs. The Giants have released Mills and Mills, while others are also slated to go. Dugdale has signed up a couple of youngsters in Shelley, the Walla Walla catcher and Vedovell, a young twirler, from the bushes. Three others are reported to be signed up by the Giants. The teams was badly trimmed at Tacoma and the regulars have slumped sadly in their hitting.

Another change has been made in the Victoria schedule at Tacoma and these clubs will play two games at Mount Vernon, Wash., on Aug. 7 and 8. Contracts were signed with Joseph J. McGinnity, manager of the Tacoma Tigers, and with J. Kingham, owner of the Victoria Bees, to play a game, beginning at 3 o'clock, Friday afternoon, August 7, and another at 1 o'clock, Saturday afternoon, August 8, at the Mount Vernon baseball field. The game will be one of the regular series and will count for the pennant.

In response to the telegram of President Kingham, of the Victoria club, who protested against the umpiring in Ballard, President Jones last night wired that he had secured a new man, an ex-American League arbitrator, to work in the league. He did not state whether or not any of the present staff would be released.

## INTERNATIONAL RACE

R. P. RITHET TROPHY.

Murphy's crew carried off the honors in Saturday's race for the R. P. Rithet cup. This event, which was conducted under the auspices of the International Croquet association, proved plenty of sport and had it not been for a collision between Empress Office and Empress Grill crews, one of the latter might have carried off the honors. Starter Newton got the boats away to a good start at 3.30. Mr. Chatterton presented the Rithet trophy to the winners, the individual prizes being presented by Mrs. H. B. Jackson.

The names of the competitors with their colors follow: Murphy's, red—Carrol, Redfern, Murphy; Empress Bar, lavender—Middleton, Joulden, Hartley; Kaiserhof, blue—Kelway, Fleming, Wellman; Empress Dining Room, green—Paulding, Schmidt, Grange; Empress Office, yellow—Fletcher, Blakely, Taylor; Empress Grill, white—Doyle, Mynott, Cervi.

## LAWN BOWLERS WERE BUSY AT BEACON HILL

In the Shortt, Hill & Duncan cup at the Victoria Lawn Bowling greens on Saturday afternoon Eward defeated McLean 16 to 15; Stevenson defeated Yates by 19 to 16. Dunn defeated Yates.

In the Clayton Cup competition, Peter Turner defeated Langley 22 to 12.

In the McKenzie Cup doubles competition George Mowat and Warnicker defeated John A. Turner and W. G. Lumley. Dowswell and Melville play Greenhill and Webster in this competition, and the winners play Mowat and Warnicker for the right to meet Mr. Yates and Sturgess for the handsome McKenzie cup.

The Clayton Cup competition is nearing the finish only two more games being left to be played in this competition. In the semi-final G. M. Stevenson plays Peter Turner and the winner of this game will play C. Marshall for possession of the cup.

A special match game was played on Saturday between a rink skipped by F. Robertson, and one skipped by P. Turner in which the former were successful after a splendidly contested game by 20 to 16. The rinks were composed of the following players: M. Wood, H. Webster, G. M. Stevenson, F. Robertson (Skip), 20; P. Dunn, C. Nettle, G. V. J. Greenhill, P. Turner (Skip) 16.

## TC-DAY IN PUGILISTIC ANNALS

1859—Frankie Conley, one-time promising contender for the bantamweight and featherweight crowns, born in Kenosha, Wis. Conley's real name is Francesco Conte, and he is of Italian descent. In his early battles in 1906 and 1907 he triumphed over Gene McGovern, Chuck Larsen, Jack Nolan and other fairly good boys, and met his first defeat when he tackled Ad Wolgast. In 1910 he fought his first long-distance bout with Monte Attell at Vernon, Cal., and won by a knockout in the forty-second round. He then fought Owen Moran and Danny Webster, holding his own against the clever British lads, and defeated Joe Mandot at New Orleans. After a draw with Abe Attell, the Italian challenged Johnny Coulton to do battle for the bantamweight championship. After 20 rounds at New Orleans, Coulton was declared the victor. That was the beginning of Conley's downfall. A little later he was defeated by Joe Coster, lost to Johnny Kibane in 20 rounds at Vernon, and was knocked out by Joe Rivers in the eleventh round. In 1912 Coulton gave Conley another chance, and again defeated him, Johnny Dundee and Jack White next knocked him out, and ended Conley's championship aspirations.

1891—Ted Pritchard defeated Jim Smith in three rounds at London.

## EXCITING FINISH TO MOTOR SPORTS

### Police Tried to Stop Auto Races at Willows on Saturday; Real Speed Shown

For those who are fond of excitement, there was sport in plenty at the Willows on Saturday. The motorcycle and motor car races provided any amount of thrills, while the efforts of the blue coats to prevent the auto drivers from driving on to the race track and to compete in the advertised events, also added a little spice to the entertainment.

Secretary Sangster states that police court prosecutions will follow, and it is likely that the participants in the motor car events, also the promoters of the meet, will be halled into court for an alleged infraction of the rules of the Willows track. The management of the races claim that they paid \$100 for the use of the track on Saturday, and they also state that Secretary Sangster could have noticed in the advertisements that motor cars would be raced. A fair crowd witnessed the sport, which passed off without the slightest hitch or accident to mar the afternoon's programme.

A. Ross, of Vancouver, astride an Excelsior twin, captured the feature races of the day in finished style, the mainland rider showing remarkable ability to keep the turns, and he covered the five and ten-mile events in the fastest times that have ever been hung up on the Willows track. W. Craig, also of Vancouver, rode a couple of powerful Stutz cars and two motorcycles ridden by Ross and Market. The bikes won on each occasion, but the Stutz reeled off the miles in remarkable time considering the half-mile circuit and the fact that the track was un-banked. The light motor car races also proved exciting, Casey in a Ford winning the first, while Palmer in a Buick won the 15-mile free-for-all. "Red" Lustig, in his Hudson car, drove in fine style, but was handicapped because his car was not working at top speed.

The feature of the day was the match races between Toots Cameron in his powerful Stutz car and two motorcycles ridden by Ross and Market. The bikes won on each occasion, but the Stutz reeled off the miles in remarkable time considering the half-mile circuit and the fact that the track was un-banked. The light motor car races also proved exciting, Casey in a Ford winning the first, while Palmer in a Buick won the 15-mile free-for-all. "Red" Lustig, in his Hudson car, drove in fine style, but was handicapped because his car was not working at top speed.

The results. Five-mile (open novice) motorcycle—1, A. Miller; 2, J. Market; 3, B. Tubman. Time, 7.05. Fifteen-mile (open) motor car—1,

Cameron's fastest time for the mile was 1.16. Officials. Judges—J. W. Lamont, H. Hanover, H. Amos. Starters—H. M. Pashley, A. S. MacDonald. Time-keepers—W. J. Shortt, J. W. Duncan.

## PADDLING RACES AT GORGE ON SATURDAY

Members of the Y. M. C. A. summer camp at the Gorge enjoyed a splendid outing at the Gorge on Saturday afternoon when they held their annual outing. Together with their friends, to the number of forty, they paddled to the Basin, and a number of sports were held, the races resulting as follows: Mixed doubles, K. Henniger and Miss Hatt. Mens' doubles, K. Henniger and A. Wills. Potato race, A. Pascoe and Miss McMillan. In the evening supper was served and a programme of songs offered, after which lanterns were decked out to the Gorge by a launch. Stanley Young, manager of the Y. M. C. A. camp, was in charge of affairs.

# Play P. A. right across the boards!

You lay an odds-on bet that Prince Albert is the best pipe and cigarette smoke any man ever put a match to. You'll cash in before you clean out your first tidy red tin.

Here's tobacco that's got real red-blooded man punch, but it can't bite your tongue and it can't parch your throat. That's thrown into the discard by a patented process owned exclusively by the manufacturers. You stick a pin here—no other tobacco can be like Prince Albert; nor has P. A. any "near" relatives! Follow the thought?

Just put it right up to yourself for a test-out. Try a tin of Prince Albert and get tipped off from the home plate as to how close to case cards this talk is.

You get wise to that P. A. flavor and fragrance. Because it's just one of those little things in life that smooth out ruffles and wrinkles in the day's work and send you along right cheerful like.

Prince Albert is the largest seller in the United States. It is now being imported into Canada by wholesale dealers and is sold by all of the leading retail dealers. In one eight-pound tidy red tin.

**Special Offerings Will Mark Final Week of Great July Sale**

To-morrow we enter upon the last week of one of the most successful sales events we have ever held. Those who have patronized us have received without exception, unusual values. The selling this week will outdo any that has gone before. Just one week remains in which we must clear out the seasonable lines now in stock.

**OUT-SIZE DRESSES** in messaline silk, in shades of navy, black and taupe. We have these dresses in sizes to 48. They are made with a wide vest effect in the bodice, merging into an overskirt, and have frilling of contrasting shades at neck, waist and on sleeves. There is also a line of similar dresses cut with a double coat effect, in soft taffeta. Both of these lines are specially good values, the dresses being beautifully cut and fitted, and handsomely finished.

Specially Priced at \$20.00 and \$27.50 respectively

**USEFUL WASH DRESSES**, in figured muslin and striped effect; sizes to 40. These are made with a long tunic effect, and we have them in black and white.

Regular \$9.50 for \$6.50

**UNUSUALLY SMART CLOAK**, just received from New York. This is a remarkably smart model, combining correct style with facility in hiding outlines. Made in tan taffeta with a wide soft silk collar of mauve and long wide black revers, wide border of Cluny lace right down front of coat and around bottom; fastened with frog of self material.

Regular \$50.00 for \$22.50

**HANDSOME IMPORTED COAT**, very smart for evening wear or for afternoon teas; white chiffon velvet brocaded in leaf design, three-quarter length, lined with soft white silk.

Regular \$45.00 for \$15.00

**ACCESSORIES ARE IMPORTANT TO-DAY**

Clinging Sashes, Wide Girdles and Tailored Belts Give Correct Summer Note

**RIBBONS USED FREELY TO ADD COLOR TOUCHES**

**Dress Combining Two Colors of Fabrics is Now in High Favor**

New York, July 24.—It has been many a long day since accessories have played a more important role in the up-to-date wardrobe than they do in the present season. Separate collars are a necessity, whether made of organdy, sheer linen, embroidery, net, pique or doubled linen. Dame Fashion decrees that they should be worn on coat, suit and dress; improving each, for what is daintier than a bit of fresh white at the neck of a colored blouse, or more softening to the severity of a tailored coat collar?

These collars are often embroidered and sometimes are made of embroidery flouncing cut to form a vestee front. When they are made of sheer mater-

**The Advantages of Our Well Equipped Factory**

As mentioned in our ad. of the 23rd and 24th, few people realize what a splendid up-to-date factory we have for the execution of individual fancies in the jewellery line.

Our **BROAD STREET WINDOW** will, for a day or two, follow the course of a piece of fine jewellery from MILLION TO COMPLETION.

Employing none but skilled workmen enables us to produce the most delicate specimens of jewellery manufacture which otherwise would require to be sent away. Apart from the service our factory can render you, a considerable saving is effected as well.

**FIRST THINGS**

The first paid message over a trans-Atlantic cable was dispatched forty-eight years ago to-day, July 27, 1866.

The sender was J. S. Donnelly, a merchant of St. John's, Newfoundland, who had to pay \$100 for a message of only twenty words. A few years ago Mr. Donnelly sent the first paid message by the new "cable letter" service, for which he was asked to pay only \$1.50. The first telegraphic messages sent across the Atlantic were exchanged in 1858 between Queen Victoria and President Buchanan. This line soon went out of commission, through faulty insulation, and it was not until July 27, 1866, that the first successful commercial line established its Atlantic terminus in Newfoundland. A message was sent to Lord Stanley, and the queen dispatched a message to the president which ran as follows: "From the Queen, Osborne, to the President of the United States: The Queen congratulates the President on the successful completion of an undertaking which she hopes may serve as an additional bond of union between the United States and England."

Following closely after the sashes, but used more for severe frocks, are the vest-belts. These are made with vest-like tabs in front and tiny watch-pocket on either side, usually stitched in approved tailor fashion. Made of cloth to match the dress, or in contrasting colors, these are distinctly up-

The Cut of This Costume is Accentuated by Its Development in Plain and Fancy Crepe.

laid, such as lawn, organdy, Swiss or handkerchief linen, the edges are pleated or hemmed and hemstitched. Plique collars are also pleated edged and are usually doubled, as are the heavier linen collars.

With the return of the 1880 styles—the basque and bustle—has come the latter's satellite, the sash. Sashes of ribbon, silk, and even of the same fabric as the dress are a most important and charming addition to dresses of mull or organdy, silk or serge.

Handsome broad ribbons are to be had in any number of designs suitable for different kinds of costumes. Louis XV. designs in dainty colors, banded on either edge with a satin stripe or corresponding color or of black, will give the simplest dress of lawn or Swiss an air of dainty charm, while a richly striped or figured ribbon swirled loosely around and securely tacked to a foundation skirt, having a black chiffon tunic or overskirt draped over it, is a method of obtaining variety which famous French dressmakers are using.

The Mexican designs which are following closely in the wake of the Mexican Revolution bid fair to be most popular in the fall. Queer stilted designs of birds, weird reptiles and cabalistic geometrical figures, in brilliant, but crude combinations of color, appear on ribbons whose trimming possibilities cannot be ignored. A girle made of nine-inch ribbon crushed around the waist, closing with a snap-bow fastened at the back or front will give to a dress of dark blue, brown or black what the bright yellow of the oriole gives to the bird's plumage.

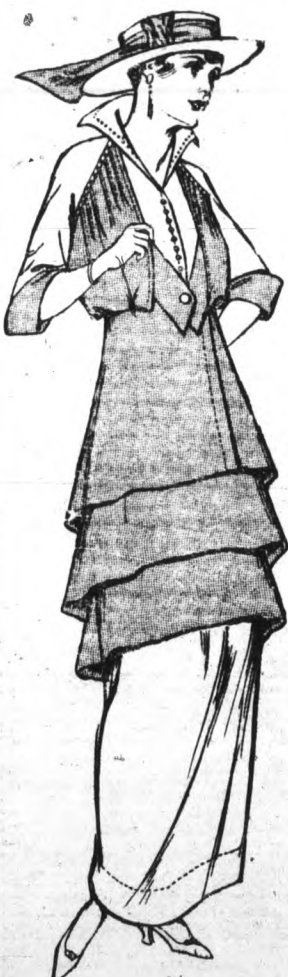

Among the attractive summer fabrics are the yolk-like crepe which has a ratine or boucle stripe. This is especially pretty in white and most effective in combination with a plain white crepe,

to-date, while made in white pique these belts are extremely popular.

Other accessories which are certainly practical in giving an old skirt a modern look are the tunics of silk, pleated, gathered, or plain, which are made to be worn over any skirt. These are usually of black or blue silk and often of plaid or striped silk. One pleated tunic is rather short, with the belt about two inches from the top, allowing the upper pleats to flare out around the waist. Another is accordion pleated and cut in deep points. A third type is a tunic of net edged with a box-pleated ruche, which is especially pretty worn over a light-colored dress.

In high favor is the dress combining two colors or fabrics. It is much more popular than the dress of one color or material; therefore in the illustrations I have shown two distinct types, both suitable to either development.

The first shows a dress of coarse green linen and white linen lawn. The front and back of the waist are of green linen and are attached to the

Coarse Green Linen and White Linen Lawn Make This Frock of Dainty Freshness

white linen sleeves by a narrow banding of embroidery. The collar and vestee are of white linen, hemstitched. Stylish little tabs of green fasten in front, giving a waist-coat effect. Triple founness of green linen are placed over an underskirt of white linen. Although the combination of heavy and sheer material seems almost incongruous, the effect is distinctly smart.

Among the attractive summer fabrics are the yolk-like crepe which has a ratine or boucle stripe. This is especially pretty in white and most effective in combination with a plain white crepe,

as shown in the illustration. This costume has several marked characteristics; one is the method of making the sleeves and yoke of the waist of plain crepe, while the bib-like front and back are of the striped fabric. The U-shaped yoke, which reminds one of a new and pleasing variation from the V neck which had a long monopoly. It is less trying to the average woman than any other neckline. The long tunic holds undiminished sway, but in this skirt a variation is shown in that the striped tunic is attached to a yoke of plain crepe. The lower skirt is also of crepe. Crepe covered buttons fasten the dress from the neck to the bottom of the tunic.

This model is full of possibilities for the woman who is either making up new frocks or remodeling her old gowns to suit the present mode.

The proper use of buttons, beading, tunics, sashes, belts and the proper combination of materials are the true keynote to bear in mind when selecting either your gowns, their trimmings, or the accessories to be worn with them.

**PITHY PARAGRAPHS**

The proprietor of a menagerie issued a placard offering £20 to anyone who would enter the cage of the lion. Towards the end of the performance a rustic walked up to the lion-tamer and said: "Sir, I have come to earn the £20." The audience was horrified. The trainer replied with a derisive sneer: "So you want to go into the lion's cage?" "Of course," said the rustic. "Come on, then. I will open the trap door for you, and you can step in." "But," said the countryman, "the beast must come out first; you know the paper only gets £20."

A pretty governess was remonstrating with her young hopeful, aged eight, on the ground of his incorrigible laziness, endeavoring to improve him with the seriousness of his offence. "You must remember also, Harry," she continued, "that you've got to work while you are young if you want to be a successful man when you grow up. Look at your father, for instance,

Why do you think he stays late in his office three or four hours every week?" Harry looked up suddenly. "D'you know, Miss Jones?" he exclaimed. "Of course I do," she replied. "Well," he muttered, as he drove his hands deeper into his pockets, "you keep it to yourself. If mother got to know there'd be a nice old row."

It was a cold, dark night, but Sandy and William were happy, because there sat between them the most charming young lady in the town. It was a spirited horse they had hired, and the trap bowed merrily along moor and dell. William had the reins, and, as he could dimly perceive that his side of the lady's muff was unoccupied, he slipped his own disengaged hand into it, and—well, two hands were very soon tenderly pressing each other. And so the happy moments flew, and the drive home came almost to an end. "When you gentlemen have done with my muff," said the young lady presently, "I trust you will not fear to tell me, as my hands are becoming quite numb with the cold." William and Sandy are now sworn enemies.

Trade was bad, very bad, and Mr. Buggins, the chief grocer of the district, found his takings becoming smaller every day. All his old customers seemed to be leaving the neighborhood, and no new ones arriving. Even old Mrs. Robinson, whom the firm of Buggins had supplied with the necessities of life for many years, had not been near the shop for weeks. One morning, however, she again entered the door, and Mr. Buggins, delighted, hastened to attend to her in person. "And what can I get for you to-day?" he inquired. "A ha'pennyworth o' soap," came the reply. Mr. Buggins' face was wonderfully expressive of outrage feelings, so was his answer: "A ha'pennyworth of soap?" he retorted. "I supposed you'll be washing the canary this afternoon!"

Mr. H. G. Wells tells a story of a deaf old fisherman who was out rowing in his boat one day when a motor-boat near him sprang a leak and almost immediately sank. To the great indignation of the unfortunate occupants of the motor-boat the old man took not the slightest notice of their

plight, but calmly rowed along, puffing serenely at his clay pipe. They shouted, but he was too deaf to hear. Finally, they managed to swim to his boat and scramble on board. It seemed absurd to see them, and was still more taken aback when one of them yelled indignantly at him: "Confound you. Why didn't you lend us a hand? Didn't you see we were sinking?" "Lor' bless yer," he gasped in reply, "I saw yer right enough, but I thought you was one o' them new fangled submariners."

Two gentlemen were discussing the eloquence of an M. P. "You ought to hear him," said one. "I did hear him," replied the other. "I listened to him speak for two hours." "What was he talking about?" "I don't know; he didn't say."

Australians are proud of being Australians, but they are prouder of all that they are children of the British race.—Sir George Reid.

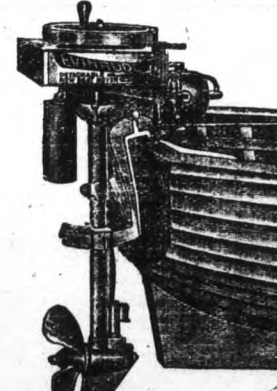

**Extract From "BRITISH MEDICAL JOURNAL" March 23, 1907.**

**"A Most Valuable Food"**

At a time when the preparation of artificial foodstuffs is receiving more attention than ever before, and when new forms of easily assimilable fat to take the place of cod-liver oil are being frequently brought to the notice of the medical profession, it is desirable that some of the older forms of administering natural fats should not be lost sight of. Among natural fats, butter easily takes first place for nutritive value, and when combined with a suitable soluble carbohydrate, a most valuable food is produced.

The BUTTER SCOTCH which Messrs. Callard & Bowser (Duke's Road, Buxton Road, W. C.) have prepared for fifty years is such an article, which has the great advantage of being palatable, so palatable in fact, that children are more likely to need sweetening from excess than any persuading to take it. This BUTTER SCOTCH is stated to contain 11.7 per cent. of fat and 7.3 per cent. of sugar, and the results of an analysis which we have made recently of a specimen substantially confirm these figures. Further chemical examination of the fat extracted showed it to be genuine butter fat. This confection can therefore be recommended, not only as a harmless sweetener, but also as a very useful addition to the diet in suitable cases.

Rossiter, of New York, are among the guests at the Empress hotel. S. M. Boardman, of San Francisco, registered at the Empress hotel yesterday with Mrs. Boardman. R. E. Braden and Mrs. Braden, of Tacoma, are among this morning's arrivals at the Empress hotel. Henry B. Hicks, of Cranbrook, arrived in the capital this morning and registered at the Empress hotel. Mrs. Alice A. Davis and Miss L. F. Davis, of Sanford, Man., are guests at the Empress hotel while in the city. J. W. Gowl and Mrs. Gowl, of Nanaimo, and Miss Burnett, of Toronto, are among the visitors at the Dominion hotel. Mr. and Mrs. George R. Raymond, of Victoria, were visitors at Brentwood hotel yesterday with a party of friends. G. K. Burnett and A. H. Ferguson, of New Westminster, arrived in the city this morning and registered at the Dominion hotel. J. A. Wright and Mrs. Wright, of Montreal, who are spending the vacation on the coast, were guests at Brentwood hotel last week. Mr. and Mrs. Wm. Marchant, of "Angleby" Fort street, are spending a few days at their summer cottage, "Leighwoods," Brentwood Bay. Dr. Donald, Mrs. and Miss Donald have returned from their trip to the O.I. Country, and for the present are staying at the James Bay hotel. Judge Myers and Mrs. Myers, of Winnipeg, who are spending the summer on the coast, are staying at Brentwood hotel for a few days. T. Dare Stevens, Thos. Pattison, A. and P. Fleming, A. E. Warborne, J. Barker, J. Jones, W. Wood are Vancouver visitors who have arrived at the James Bay hotel. Rev. and Mrs. A. O'Donnell, of Edmonton, B. C., and Miss Margaret Wood, of Portage la Prairie, Man., returned home yesterday after spending a week with Mr. and Mrs. J. B. Langford, 1946 St. Ann street, Oak Bay.

Mrs. J. F. Settle, with her niece and nephew, Miss Helen and Master Wallace Smith, of Seattle, also her niece, Miss Charlotte Lee, of San Diego, Cal., are on a visit to Mr. F. L. Smith, 631 McPherson avenue. Major Carey, who has been for two years attached to the staff at Work Point barracks, is spending a few days at Brentwood hotel. Mrs. Carey and his three children before departing for England to resume his duties in the British army. Among this morning's Vancouver arrivals at the Empress hotel were C. G. Conway, R. H. Simmons, Howard D. Baird, W. A. Lawson, A. J. Forsyth, Mrs. F. Buscombe, Miss Marjorie Buscombe, Master Eric Buscombe, J. S. M. Litanus and Fred A. Richardson. Among those noticed at the weekly flannel dance at Brentwood hotel Saturday night were Mrs. Poukes, the Misses Poukes, Miss M. B. Boggs, Miss Holmes of Calgary, Miss Isabel Montelth, A. G. Bolton, Herbert S. Beckford and others. The weather was cooler than last week and the dancing proved more enjoyable under those conditions. Many of the friends of the happy couple witnessed the celebration of the nuptials of Daisy, second daughter of H. J. Fox Rose, of Chesham, England, and Edgar Thurlow, eldest son of E. C. P. Hodgkinson, of Hounslow, England, who were married at Christ church cathedral, Venerable Archdeacon Scriven performing the rite. The bride wore a very becoming gown of ivory crepe de chine, with a finely-embroidered veil, and was attended by little May Clegg, her five-year-old bridesmaid, who wore a dainty pink frock. The best man was S. Hodgkinson, the bride's brother. After the ceremony a reception was held at "Heston," Gorge road, where numerous friends gathered to express their good wishes to the newly-married pair before they departed on their honeymoon trip. Among the handsome wedding presents received by Mr. and Mrs. Hodgkinson was a beautiful set presented by Wm. Young and the members of the provincial water rights department, this comprising a salad bowl, a chafing dish, and a butter knife. The bridegroom's gift to the bride was a gold Albert chain; to the small bridesmaid he gave a gold locket and chain. On their return from their honeymoon they will take up their home in Victoria.

THE LONDON DIRECTORY (Published Annually) enables traders throughout the World to communicate direct with English MANUFACTURERS AND DEALERS in each class of goods. Besides being a complete commercial guide to London and its suburbs the Directory contains lists of EXPORT MERCHANTS with the goods they ship, and the Colonial and Foreign Markets they supply. STEAMSHIP LINES arranged under the Ports to which they sail, and indicating the approximate sailings. UNEXPECTED WIN OF GARRISON SATURDAY

The uncertainties of cricket were clearly demonstrated on Saturday, when the Garrison beat Cowichan by 31 runs, scoring 181, of which Askey contributed 62. He gave several chances in his score, which included ten fours and one five. Sergt. Wyndham added 32, while Capt. Pooley reached 28, these totals being the principal ones of the innings contributed by the Garrison, who batted first at Work Point barracks on Saturday. The visitors' bowling was not up to the standard of that against the Victoria eleven on their last visit to Victoria, but still it came as a distinct surprise that the Garrison could get rid of the visitors for 150. Right at the start of the Cowichan innings, Garrison had a serious setback in the injury to Kelly, one of their chief bowlers, who was hit in the face with a batted ball off Murphy. He was kept out of the game for some time, during which Wyndham bowled, and Hayward fielded as substitute. The innings of Murphy and McAdam promised to see the runs knocked off with comfort, but the partnership was broken prematurely, and the fall of the visitors failed to wag, Garrison largely a deserved victory, thanks largely to good bowling. The scores follow: Col. Sergt. Askey, c Charters, b Cray, 62; R. W. M. Robson, c Hayward, b Brooke-Smith, 30; W. H. M. Robson, c and b Orr, 26; H. Kelly, b Cray, 25; W. H. M. Robson, c and b Orr, 26; Sgt. H. Wyndham, c Hayward, b Brooke-Smith, 32; Capt. Martin, b Robson, 1; Sgt. J. H. Macdonald, not out, 22; Extras, 11; Total, 181. Cowichan: H. R. Orr, J. V. Murphy, E. C. Brooke-Smith, W. A. McAdam, W. C. Cray, H. B. Hayward, E. J. Maguire, R. E. Barkley, H. Charters, Capt. Watson, E. W. Carr Hilton, Total 150.

Victoria v. Oak Bay. Oak Bay made an unusually good showing against Victoria, and were only beaten by 50 runs at the Hospital grounds on Saturday. The home team batted first, and ran up to 224 without difficulty, then declaring their innings with the full expectation of a comfortable win. Heben and L. York made the considerable totals of 43 and 64 respectively, but Martin, the other principal Victoria batsman, was disposed of cheaply. Goward was third highest scorer, carrying his bat out at 33. Oak Bay ran to over a century without a wicket falling, Shakespeare and Yeoman forming the partnership, but none of the other men with the exception of Westwood, who made 20, added greatly to the total. The score: F. Lewin, b Freeman, 12; H. A. Ismay, b Childs, 10; E. H. Holton, b Childs, 10; A. F. Mitchell, c Hughes, b Childs, 12; A. Martin, b Westwood, 18; H. Gilchrist, b McAdam, 28; L. S. V. York, not out, 64; G. L. Wright, b Freeman, 15; G. S. W. Westwood, b Goward, 20; H. A. Goward, not out, 33; Extras, 11; Total, 224. Oak Bay: H. A. Yeoman, b Goward, 20; E. Shakespeare, c Martin, b Wright, 49; D. M. Grant, b Goward, 12; G. Westwood, c Goward, b York, 20; G. D. Ryves, c Martin, b York, 4; J. H. Hughes, c Wright, b York, 2; J. M. Childs, b York, 2; E. H. Holton, not out, 39; M. Hallward, b Goward, 10; C. Schwengers, c Goward, b York, 9; Extras, 11; Total, 174. L. York took 5 for 36 and Goward 3 for 29, and Tracey 0 for 29.

The University Incoignito won from the Albion by 37 runs, scoring 139, at Mount Talmie. At the opening of the Incoignito innings it looked anybody's game, but Bennett saved the situation. The scores follow: Albion: E. R. Williams, lbw, b Radford, 19; H. A. Ismay, b Bennett, 21; E. V. Ismay, c Hodson, b Radford, 12; D. M. Grant, b Radford, 12; D. Litton, b Radford, 16; A. J. Cantwell, c A. F. Hudson, b Bennett, 10; H. C. Smith, c Wenman, b Radford, 0; R. Parsons, c Arthur, b Bennett, 10; E. Hudson, c Harvey, b Clapperton, 12; H. Arthur, c Grant, b Clapperton, 11; W. Wardle, c Harvey, b E. Ismay, 15; R. Hodson, not out, 8; A. G. Tracey, b Williams, 9; Extras, 9; Total, 139. E. Ismay took 3 for 37, Williams 4 for 33, Clapperton 2 for 25, and H. Ismay 1 for 10.

There had been friction between the choir and minister for some time past, but so far the singers had more than held their own. However, one Sunday morning the minister, after listening to the singing of the usual anthem announced in a loud, clear voice, "My text this morning will be, 'Now, when the uproar had ceased.' For a moment the members of the choir looked crestfallen. They felt that the parson had scored for once. Then in the softest of whispers they decided to make a slight alteration in the musical programme, and when the sermon concluded the organ pealed forth and the choir triumphantly sang, "Now it is high time to wake from sleep."

VICTORIA ELEVEN HAVE CLEAR LEAD

It is now practically assured, that the Victoria Cricket club will be the first holders of the Templeman cup. At a meeting of the local cricketers on Friday night it was decided to give the trophy to the winners of "A" division, and the Victoria eleven now has a three-game lead over the Upland eleven. The defeat of the Cowichan team by the Garrison Cricket club just about put that club out of the running for the Island championship. The standing of the league to date is as follows: "A" Division: Victoria, P. W. L. D. P.C. 28; Cowichan, 10 7 3 0 70; University Incoignito, 8 4 2 1 64; Albion, 7 5 0 0 60; Nanaimo, 7 4 4 0 60; Garrison, 8 2 6 0 25; Oak Bay, 8 0 8 0 0. \*One game played.

"B" Division: Civil Service, P. W. L. D. P.C. 109; Oak Bay, 7 7 0 0 109; Victoria, 6 3 3 0 50; Men's Own, 8 4 4 0 50; Restover, 5 5 0 0 20; Albion, 8 1 7 0 13.

University Incoignito defeated the Albion in a low-scoring game at the Mount Talmie grounds on Saturday, the final score being 139 to 102. The batters were unable to get set, with the result that the bowlers dismissed them for rather poor scores. V. R. Bennett, of the Incoignito eleven, registered a brilliant 55, while Radford took 7 wickets for 27 runs. Navy was responsible for the first defeat suffered by the Civil Service eleven on the 'antennae grounds, the Tars winning by 27 runs. The losing club had to play one man short, and that handicapped them somewhat, though the loss of this game does not affect their standing at the top of B division. Darke and Catterall were the top scorers.

The bowling of the Lea brothers proved too big an obstacle for the Albion batsmen, and the latter were beaten by twenty runs, the final scores being 140 to 120. Wilson and Ashby starred for the Albions, while Mearns, Clark and Cotton batted well for the winners. Civic Service cricketers won from the Civic Service baseball team, in an interesting game of cricket at the Heywood Ave. grounds on Saturday. The ball players could not get accustomed to the bowling and fell easy victims, the cricketers winning by eight wickets.

CORDOVA BAY MEET WAS HUGE SUCCESS Lengthy Programme Carried Out in Splendid Manner; Complete Results The keenest of competition featured Saturday's regatta at Cordova Bay, when an extended programme of rowing, paddling and swimming races was offered by the regatta committee. G. Muir carried off the swimming championship of Cordova Bay, while C. Macklin, a youngster, made a clean sweep of the diving events. There were a large number of entries for each event, and the races were of the best. The prizes were presented at the close of the regatta by Mrs. Wollaston. The executive committee was composed of H. J. Dunn, chairman; L. P. Macrae, secretary; D. V. Y. Stevens, A. Dunn and J. S. Dee. The regatta day committee was composed of H. J. Dunn, jr., deputy marshal; Mr. Wollaston, umpire; Messrs. Martineau and H. J. Collins, judges. The starters for the various events were: Messrs. Toms, C. Little, D. W. Pounard, S. J. Clark. The recorders were: R. Dunn, Jr., G. Johns and A. Dunn. The prizes were presented at the close by Mrs. P. Wollaston. The results of the contests were: Flat bottom boats, boys 12 and under, 100 yards; 1, Edgar Wade. Flat bottom boats, men's singles, 200 yards; 1, Spencer Dee. Clinker built boats, men's singles, 200 yards; 1, S. Clarke. Girls' tub race, 15 and under, 15 yards; 1, Laura Macklin; 2, D. Macklin. Clinker built boats, singles, boys 12 and under; 1, H. Dee; 2, H. Cuthbert. Swimming, boys 12 and under, 100 yards; 1, L. Macklin; 2, M. Russell. Flat bottom boats, men's doubles, 200 yards; 1, Messrs. S. Sargison and Minkler. Boy's tub race, 15 years and under, 15 yards; 1, H. Dee; 2, W. McMartin. Flat bottom boats, ladies' doubles, 200 yards; 1, Marjorie Dunn and Nellie Wheeler; 2, Mrs. Smith and Mrs. Maynard. Swimming, boys 10 and under; 1, J. Dunn. Canoe race, ladies' doubles, 200 yards; 1, Marjorie Dunn and Nellie Wheeler; 2, Mrs. Smith and Mrs. Maynard. Swimming, boys 12 and under, 100 yards; 1, McCallough; 2, H. Cuthbert. Launch handicap; 1, Capt. Clarke; 2, Capt. Beauchamp Tye. Swimming, girls 15 and under, 50 yards; 1, L. Macklin; 2, Miss M. Russell. Clinker built boats, ladies' doubles, 200 yards; 1, Miss Flemming and Miss Toms. Swimming, boys 15 years and under, 25 yards; 1, Merton; 2, C. Macklin. Canoe race, men's doubles, 200 yards

COWICHAN FAILS TO PASS HOME TEAM'S TOTAL; OAK BAY MAKES GOOD SHOWING

The uncertainties of cricket were clearly demonstrated on Saturday, when the Garrison beat Cowichan by 31 runs, scoring 181, of which Askey contributed 62. He gave several chances in his score, which included ten fours and one five. Sergt. Wyndham added 32, while Capt. Pooley reached 28, these totals being the principal ones of the innings contributed by the Garrison, who batted first at Work Point barracks on Saturday. The visitors' bowling was not up to the standard of that against the Victoria eleven on their last visit to Victoria, but still it came as a distinct surprise that the Garrison could get rid of the visitors for 150. Right at the start of the Cowichan innings, Garrison had a serious setback in the injury to Kelly, one of their chief bowlers, who was hit in the face with a batted ball off Murphy. He was kept out of the game for some time, during which Wyndham bowled, and Hayward fielded as substitute. The innings of Murphy and McAdam promised to see the runs knocked off with comfort, but the partnership was broken prematurely, and the fall of the visitors failed to wag, Garrison largely a deserved victory, thanks largely to good bowling. The scores follow: Col. Sergt. Askey, c Charters, b Cray, 62; R. W. M. Robson, c Hayward, b Brooke-Smith, 30; W. H. M. Robson, c and b Orr, 26; H. Kelly, b Cray, 25; W. H. M. Robson, c and b Orr, 26; Sgt. H. Wyndham, c Hayward, b Brooke-Smith, 32; Capt. Martin, b Robson, 1; Sgt. J. H. Macdonald, not out, 22; Extras, 11; Total, 181. Cowichan: H. R. Orr, J. V. Murphy, E. C. Brooke-Smith, W. A. McAdam, W. C. Cray, H. B. Hayward, E. J. Maguire, R. E. Barkley, H. Charters, Capt. Watson, E. W. Carr Hilton, Total 150.

Victoria v. Oak Bay. Oak Bay made an unusually good showing against Victoria, and were only beaten by 50 runs at the Hospital grounds on Saturday. The home team batted first, and ran up to 224 without difficulty, then declaring their innings with the full expectation of a comfortable win. Heben and L. York made the considerable totals of 43 and 64 respectively, but Martin, the other principal Victoria batsman, was disposed of cheaply. Goward was third highest scorer, carrying his bat out at 33. Oak Bay ran to over a century without a wicket falling, Shakespeare and Yeoman forming the partnership, but none of the other men with the exception of Westwood, who made 20, added greatly to the total. Johns. Swimming, ladies, 50 yards; 1, Mrs. J. D. Mackay; 2, Miss Terry. Swimming, boys 18 years and under, 50 yards; 1, C. French; 2, E. Russell. Diving, girls 15 years and under; 1, Miss L. Macklin. Swimming, men's open, 100 yards; 1, G. Muir; 2, C. Brown; 3, C. French. Diving, boys 15 years and under; 1, C. Macklin. Diving, men's open; 1, C. Macklin; 2, D. N. Stevens. Mr. Macrae arranged the regatta in the hope that it would be adopted as an annual event, and, judging by its success, his desire will be realized. When the mind becomes peevish and querulous it receives an impression and is wounded by the least occurrence.—Plutarch. The Home Rule movement cannot be claimed as one that has always relied solely on persuasion. The true reply to violence is reasonableness.—Mr. E. V. Arnold. Unsupported by content on one hand, and by health on the other, they fallst an unwieldy and bloated fragment to the ground.—Cotton. You are only living half a life if you only dare follow a thought half-way.—Voltaire.

WATERWORKS' PROGRESS Three Compressors Will Be at Work Next Week Along the Grade; Record Day's Work on Concrete Pipe. So much progress has been made with the preparation of the trench for the steel pressure pipe for Sooke waterworks that three compressors will be at work this week, an electric one at Humpback reservoir, and two gasoline compressors at various points along the route. It is intended to open another camp at Colwood shortly, so that the trench may be under way right through from Burnside road, where pipe is being laid by the contractors, to the reservoir. Much better progress will be made on the concrete flow line from Sooke lake as soon as the siphon across Sooke river has been finished, as it has involved considerable transportation of material under difficulties which will now be obviated. On Thursday a record of 730 feet was laid at the two points from which the Pacific Lock Joint company is laying concrete pipe. In order to relieve the pressure on the storage accommodation at the yards at Cooper's cove, where more pipe was maturing than could be laid, the company proposes to put on two shifts of men, and thereby facilitate the laying of pipe, and the provision of space in the yards as pipe is manufactured. The percentage of breakages has been large, and this has been a handicap to the company. You are only living half a life if you only dare follow a thought half-way.—Voltaire.

**DURABLE**--Fire grates are three-sided; last three times as long. Shaped in the

## UNREST IN INDIA WILL BE ACCENTUATED

Passengers From Northern India Foresee Trouble From Komagata Maru Incident

That the Sikhs are watching the effect of the attempt to secure admission into Canada with great interest is the opinion of two lecturers in the Gordon Memorial College at Rawal Pindi, the great military station on the northwest frontier of India, who arrived on the Montecage yesterday from the Orient. They were R. R. Stewart and C. A. Stewart, two cousins, one of whom has been in the country for the past three years, and the other for about one year.

Being situated in the Punjab, the home country of the Sikhs, and having many followers of Guru Nanak as students of the college, the lecturers are in a special position to know something of the sentiment of the race to immigration.

"The experiment of the Komagata Maru is being eagerly watched in India," they stated, "and exaggerated accounts have appeared in the vernacular press of the immigration officials' actions in connection with East Indian immigration into Canada. It is some two months since we left the Punjab, still at that time the progress of the vessel was being watched closely. It is surprising to anyone new to India to learn how closely affairs receive attention, and news runs like wildfire from bazaar to bazaar, so that by now the whole province will be excited by the events which have happened here.

"We try to explain to the Sikhs that conditions are different in Canada, and that each self-governing part of the empire has its own administration, responsible to its own citizens, and that the British element in India is drawn from a different class of people from those who emigrate to the British dominions overseas. They use the argument of Ulster, and question why should not agitation be carried on in India when it is permitted by a number of the leading British statesmen, and directly encouraged by some along the lines of civil war?"

pose in a different position in society from that which they held before emigration. They have scattered widely throughout the Strait Settlements, and the treaty ports of China as police and watchmen, and from these migratory types the Komagata Maru passengers were recruited."

Both agreed that developments may be expected in northern India as soon as the information about the Komagata Maru has penetrated the bazaars and the villages, doubtless in an exaggerated form.

An Anglican clergyman, Rev. W. G. Davidson, of Allahabad, who also arrived on the Canadian Pacific steamer, states that the immigration of East Indians to Canada is greatly to be deplored, and he hopes to see the barrier against their admission made rigid, as it will be impossible, in his opinion, for any assimilation ever to take place. He agrees that the Sikhs are a different class from the natives of the lower provinces, particularly the Bengalis, who go chiefly to South Africa and warmer countries. Yet their friends and training are such as to keep them apart from the white population of Canada.

Mr. Davidson expressed the opinion that the recent attempt to import immigrants wholesale was more in the nature of a test than of a genuine desire to bring the people into the country as settlers, and that therefore its denouement will be used as a handle in the ceaseless agitation against the British rule in India. He foresees trouble as a result, in the same way as Messrs. Stewart, as a result of the outcome, and says the lot of the British official never easy in India, will be harder as a result of the self-protective measures adopted by the British dominions.

Sir Squire Bancroft, who celebrated his seventy-third birthday recently, tells a story of an actor friend of his who went into a shop in the Strand to buy some underclothing. The shopman produced two different kinds, one of which was brown in color and the other light grey. The actor said he would take the light grey kind. "If I were you, sir," observed the shopman, "I should have the brown." "Why?" asked the actor, "are they of a better quality?" "No, sir, they are both equally good so far as that goes," replied the shopman, "but the light grey would have to be washed sometimes, whereas the brown—" And he paused significantly.

The syndicalist and the suffragettes are types of retarded development. They have been left behind in the march of civilization.—Mr. Philip Snowden.

Play is of the utmost importance in the development of the blind child. If there is no desire for play there is very little energy available for work.—Lady Campbell.

## ITINERARY ARRANGED FOR NEW COMMISSION

Exact Scope of Inquiry for Redistribution Probe is Outlined

The scope of inquiry of the commission on redistribution, to which Hon. Mr. Justice Morrison and Hon. Mr. Justice Macdonald were recently appointed, authorized them (1) to inquire into the suitability or otherwise of the provisions of the Constitution act dealing with the creation and the establishment of provincial electoral districts and defining the boundaries thereof; (2) the best method of subdividing the province into new electoral districts, and defining the boundaries of new districts, having regard to area, population, natural resources, industrial development, community of interest, and existing conditions; (3) the classification of electoral districts for purposes of representation; (4) the representation in the legislative assembly to be allowed to each electoral district.

The commission left yesterday for the Cariboo district, and is to hold its first meeting in Kamloops next Friday. This will be followed by meetings in other towns throughout the district. At the end of the trip through the interior the commission will return to Vancouver for a few days, after which it will leave for Tete Jaune Cache and Fort George, by way of Edmonton, following the line of the G. T. P. through the northern interior and Skeena river towns and settlements to Prince Rupert. After the northern trip is ended the commission will then visit Vancouver Island. It is expected that the work of the commission will occupy two months.

The unprecedented development that has taken place in the north, consequent on the building of the Grand Trunk, renders it necessary that very great attention be given to the question of the boundary lines of the northern constituencies.

It is the intention of the commission to make it as easy as possible for all interested parties to give evidence before it. Organizations may be represented by counsel if they desire, but any individual voter who cares to appear in person and tender evidence that will help the commission will be given a cordial hearing. In order to accommodate the general public and to help all parties to be present, the commission will, as far as possible, hold its sessions in the evenings, and do its traveling during the daytime.

After visiting the Cariboo district and holding a public sitting in Kamloops, the commission will then proceed eastward along the main line to north-east Kootenay and from Golden down to Windermere valley to Cranbrook, holding meetings in east Kootenay; thence westward to Nelson and into the Boundary district on to the Similkameen and Okanagan districts.

Public sittings (subject to change) so far arranged, are as follows: Revelstoke, Saturday, August 1; Cranbrook, August 3; Fernie, August 4; Nelson, August 5. Other meetings will be announced later, and the commission state they will at all times be pleased to receive representations upon the points covered by the commission.

A novel feature of ships which are being built at Birkenhead for the National Steam Navigation company of Greece is a little church which has been fitted on board each vessel.

It is vain to be always looking towards the future, and never acting towards it.—Boyes.

**PROVINCIAL POLICE**

Several Promotions Made in Service; Detective Branch Organized With Vancouver Headquarters.

The detective department of the provincial police force provided for at the recent session is now a reality. The attorney-general has named Chief Constable James E. Green, of the Vancouver detachment of provincial police, as chief detective, and Constable Archibald McDonald as his assistant, with their headquarters at Vancouver.

To meet the police requirements which will follow on the extension shortly of railway construction into the Peace River country, that part of the province has been created a police district, and a chief constable will be appointed, who will have his headquarters at Fort St. John. Constable Thomas A. Mansell, now stationed at Gauger Harbor, will be moved to Hudson's Hope and Constable G. J. Duncan, who is now in the district, will be stationed at Pouce Coupe.

Several promotions are made on the appointment of Chief Constable Owen, Prince Rupert, as assistant inspector of provincial police and licensed premises, and his removal to Vancouver. Chief Constable E. Gammon, Hazelton, is being moved to Prince Rupert; he will be succeeded at that old Skeena river town by Chief Constable Alex. C. Minty, now at Fernie, and Constable Welby, now stationed in southeast Kootenay, is to go to Fernie as acting chief constable.

Chief Constable Burr, who has been for a considerable time at Ashcroft, is being superannuated, and will be succeeded by Chief Constable Cameron, of Golden, while Constable Sutherland, New Denver, is transferred to Golden as chief constable. Chief Constable Betts, Tete Jaune Cache, has resigned, and Harry Taylor, senior constable at that station, has been promoted to the vacancy.

The two ladies were evidently mother and daughter, and after lunching comfortably with the aid of a vacuum flask, the younger was reading a novel, whilst the elder gazed pensively at the green and pleasant hill-country through which the express was running. She found happy inspiration in the loveliness of nature, for, looking up with an animated glance, she observed earnestly: "The men had better start on the dining-room—that will be best. And where is that tin of floor-polish? We shall want it. There's quite a new tin somewhere." Clearly the holiday was over.

Nature has many ways of warning man of danger. The sense of taste and smell both serve for your protection.

That skunky taste denotes decay and is often found in beer from light bottles.

Why take the risk? The Brown Bottle protects Schlitz purity from the brewery to your glass.

See that Crown is branded "Schlitz."

Hudson's Bay Co., Distributors, Victoria, B. C.

# Schlitz

The Beer That Made Milwaukee Famous.

## The Governor Says—

"Cut out tea and coffee, my boy. They contain an irritant—caffeine—and you can't have a fluttery heart or sour stomach or a grouchy headache and do big business."

It's a mighty good plan, if tea or coffee puts you "off color," to quit it, and for a delicious table beverage, use

# POSTUM

The pure cereal food-drink. There is no caffeine nor other harmful substance in Postum.

"There's a Reason"

In either form—Regular Postum, which must be boiled, (15c and 25c packages) or Instant Postum, made instantly in the cup with hot water (30c and 50c tins)—Postum is good in any business.

CANADIAN POSTUM CEREAL CO., LTD., WINDSOR, ONT.

# SUCHARD'S COCOA

Your children need a hot drink of some kind. Don't give them tea or coffee. These are bad enough for "grown-ups", but far worse for children.

Suchard's Oocoo is good for them—better than any other drink you can give them. Made with half water and half milk it is a perfect food, more nourishing and more digestible than clear milk, as well as less expensive.

Give them Suchard's Cocoa for breakfast and supper—see how they like it—and watch them grow healthy on it.

KELLY, DOUGLAS & CO., LIMITED, VANCOUVER.

**MERCHANTS THE WANT ADS UTILIZE** in securing store helps—because that is "THE BUSINESS WAY"

**COMMENCE TEACHING OF CONFUCIANISM**

Visiting Missionary States That Propaganda for Ancient Philosophy Has Begun

To set up a missionary school for teaching the secularism — for Confucianism is not a faith — of the great Chinese philosopher to native Christians is one of the strange results of the desire to establish the doctrines of Confucius as the state religion of the Chinese republic, according to Dr. W. E. Smith, a Methodist missionary at Yuan Hsian, in the western province of Szechuan, China, who arrived on the Montezuma yesterday from the Orient. Dr. Smith says that shortly before he left his mission, teachers of Confucianism had set up a centre at that city.

He was not prepared to say what effect the revival of the teaching of Confucianism would have on Christianity in that province, or on China generally. "On the whole," he said, "the effect of the revolution has been to open China to a new avenue of thought. There is a general desire for knowledge of Occidental things, and I have been consulted freely by people on political matters in the last three years. After 18 years in the country I am satisfied that the measure of the awakening of China is not appreciated fully by western countries yet."

"People have shown a great interest in the ethics of republicanism, and have often asked me whether we believe the Chinese republic can live. The term is largely after all a misnomer. There have been repeated insurrections, and one occurred in the province of Szechuan last year. The people who opposed the new government took the view that Yuan Shih Kai is acting in contravention of the constitution. The leader did not openly avow association with Dr. Sun Yat Sen, but no doubt he was acting in concert with him. He is, however, believed to have escaped on his collapse."

Dr. Smith indicated that like most of the missions in the interior of China, medical work is carried on, for which there is a great field.

Dr. Smith is a college friend of Dr. S. S. Osterhout, of the B. C. Methodist conference, who is related by marriage to Victorians, and who himself also went to China some years ago. The visitor showed considerable interest in the Oriental home maintained here, and in the Chinese Methodist mission.

I would like to see a regulation made that no child under 16 should go to the cinematograph show more than a strictly limited number of times.

Bishop of Wakefield.

Phoenix Stout, \$1.50 per doz. qts.

**LETTER BOX**

Letters for publication in Daily Times must be received at the Times Office not later than the day before the day of publication. When received later they will be held over until the following day.

While unobjectionable anonymous communications will be published, the name and address of every writer of such letters must be given to the editor.

**BORDEN'S NAVY—CAUSE AND EFFECT.**

To the Editor:—Small causes sometimes lead to great results. "For the want of the nail the shoe was lost, for the want of the shoe the horse was lost, for the want of the horse the soldier was lost, for the want of the soldier the battle was lost, etc.

And the small matter of Austria declaring war on Serbia may entail the chasing of the Borden ministry across the line into "The States," and thence into Mexico—to them great matter.

Austria attacks Serbia and Russia comes to Serbia's help. Germany hastens to the assistance of Austria. France marches to the aid of Russia. Italy, as one of the triple alliance, has to join forces with Austria and Germany. Britain, as a party to the triple entente, is obliged to take sides with Russia and France. And Canada is then, de facto, at war also.

British Columbia is remote and defenceless. With the hope of drawing part of the British fleet away from Europe a few warships of the triple alliance are detached to seize Victoria and Vancouver, with a naval defensive strength that is barely sufficient to repel an invasion of a few hundred unarmed "Hindoos. In the Titanic struggle in Europe Britain can spare neither soldier nor seaman. And Victoria and Vancouver fall into the hands of the enemy.

Public opinion is excited to phrenzy against the Borden ministry. Laurier's policy did not go far enough for them, but, tied in a knot by their Quebec nationalist entanglements, they had held on to their offices and salaries, doing nothing until the advent of the vigilantes set them in motion southwards.

And if the Borden ministry escape some such fate as this it will be a case of good luck and poor guidance.

S. G. FETHERSTON, Cedar Vale, July 27.

**ENTRANCE EXAMINATIONS.**

To the Editor: The minister of education wrote on September 11, 1913, that the governor-general's bronze medals were given to the town which shows the best result in the entrance examinations. Please publish the following facts: Of the 79 pupils who tried these examinations at Nanaimo in 1914 only 32 passed and the best got 666 marks, yet Nanaimo got a medal. Of the 14 who tried at the city of Duncan, 12 passed and five of these each got more than 666 marks, but no medal. Of the 19 who tried at the city of Enderby, 13

passed and five of these also got more than 666 marks, but no medal.

Of the 10 who tried at Fernie, all passed and the best pupil got 744 marks, but no medal. Of the 173 who tried at South Vancouver, 145 passed, and 28 of these got more than 666 marks, but no medal. There are 54 districts whose head pupil got more than 666 marks, and in the province there are 467 pupils who got more than 666 marks.

This proves, first, that rural districts are absolutely excluded. It also proves that the minister of education has peculiar ideas about best results.

The fact is that mere numbers secure a medal for any city, and best results have nothing to do with it.

J. N. MUIR, July 25, 1914.

**THE PRINTERS' COMBINE**

To the Editor:—The Victoria city council have by resolution awarded a contract for printing to a firm running what is known to the trade as a bedroom printing office.

It is not my intention of entering into a discussion of the merits or otherwise of work produced under fair or unfair conditions. This is better left to the trades and labor council, who are better qualified to press the question home than the writer.

I wish to call attention to the remarks of one of the aldermen, who suggested that if all bids for printing were identical, as had been the case in the past, the contract be awarded some outside firm.

I maintain, Mr. Editor, that this attitude is sound. No one will quarrel with the alderman if this course is adopted.

But why single out the printers? Why not deal with all contracts in the same way and save the city money by obtaining, if necessary, supplies for public institutions from the competitive centres of the east? While on the job, the alderman might induce the interests with which he is identified to withdraw from the British Columbia Salmon Packers' Association until this body undergoes the same change of heart; for, forsooth, is this not a combination to put up the price of their commodity and incidentally afford the swarming hordes of Orientals in this province employment?

Alderman Todd, I feel sure, will give this representation his weighty consideration, for he is troubled sore in conscience. I feel sure, Mr. Editor, he will not only withdraw from the combine but also see to it that the people of British Columbia obtain their salmon at the same price it is sold at in England.

CONSUMER.

A wedding breakfast was given by a substantial farmer blessed with five daughters, the eldest being the bride, when a neighbor, a young farmer, who was honored with an invitation, thinking no doubt he ought to say something smart and complimentary upon the event, addressing the bridegroom, said: "Well, you have got the pick of the batch!" The countenances of the four unmarried ones, as may be imagined, were a study.

**Confidence Rules the World**

of business. Every mercantile venture must stand or fall upon its own merit. Even a sale of clothing cannot be successful unless the people have confidence in the merchant and the merchandise. Were it not for the fact that the men of Victoria have implicit confidence in the "quality" of clothing handled at Allen and Co.'s "Fit-Reform" clothes shop, it would be impossible to sell such immense quantities of clothing as have been sold during this great cash-raising sale. The Fit-Reform clothes shop has been in business for fifteen years; a good reputation has always been considered far above mere money. Quality is the mighty slogan at the Fit-Reform. Shoddy clothing has never been handled at Allen & Co.'s store and never will be. We still have over 900 fine suits to be sold at "No Profit" prices. If a saving of \$5.00 to \$15.00 on a good suit of clothes interests you, YOU ARE THE MAN we want to see. To-morrow morning we place at your disposal over 250 new Fall and Winter Suits. These are recent shipments and should not be sold at cut prices, but we want "quick" cash, \$19.85 secures one of these latest "Fit-Reform" Suits worth \$25.00, \$28.00 and \$30.00. Great values are going at \$15.85, \$12.85 and some as low as \$10.00. For \$3.95 you can buy a fine pair of Pants worth \$5.50, \$6.00 and \$6.50. \$2.95 for Pants that were \$4.50 and \$5.00. 95c for a fine Umbrella worth \$1.50. We are positive that our sale prices are the very lowest ever quoted in Victoria on good clothes. Every suit in the house has been reduced. You have nothing to gain by waiting, as the sale will continue a short time only. Do it now at the "Fit-Reform" clothes shop, Allen & Co., corner Yates and Broad Streets, where the Big Sale is in progress.

**A MONEY-SAVING OPPORTUNITY**

## HUMAN PROCESSION

Although Booth Tarkington, the Hoosier novelist, will celebrate his forty-fifth year to-day with all the money at his command that any reasonable author should desire, he had a long and difficult climb to his present position among the foremost novelists of America. Mr. Tarkington himself is responsible for the statement that the financial rewards of the first five years of his literary endeavors amounted to just \$22.50, or a little over four dollars per year. He refused to be discouraged, however, and now his income from serial rights and book royalties puts him up near the head of the street called easy.

Mr. Tarkington was born on July 29, 1869, in Indianapolis, the son of the Hon. John S. Tarkington. He was christened Newton Booth, but dropped his first name upon beginning his literary career. Booth was the son of a literary family. His father, a graduate of Princeton university in 1832, his earliest ambition was to become an illustrator, but after thirty-one of his pen drawings had been rejected, with only one acceptance, and that one bringing him only a few dollars, he decided that as an illustrator he was a failure, and turned his pen to words instead of pictures. He wrote short stories, articles, plays, poetry and essays, but for five years practically all of them were rejected, and the one or two acceptances barely paid his paper and ink bill, with nothing left over for postage.

When it came, arrived with great suddenness. In 1899 he wrote "The Gentleman from Indiana." As a serial in a popular magazine it was the literary hit of the season, and when brought out in book form was numbered among the best sellers. The following year Mr. Tarkington again hit the bulls' eye with "Monsieur Beaucaire." This was followed by "The Two Vanverles," "Cherry," "In the Arena," "The Conquest of Canaan," "The Beautiful Lady," "His Own People," "Beasley's Christmas Party," "The 'Lirt,'" and other novels, all of them successful.

Mr. Tarkington's finished work has an easy, graceful, flowing style that would seem to have issued from the author's brain without travail or effort, but this is far from being the case. A friend of the Indiana novelist recently said:

"If the reader only knew the degree of labor required in turning out those perfectly formed phrases he would not think the writing of novels an easy, pleasant task, and it is not, at least so far as Booth Tarkington is concerned. Mr. Tarkington, for all his easy, flowing style, is a most painstaking workman. Each phrase, almost each word, is turned out with the greatest care, thought and deliberation. He revises over and over again, never permitting a single word to pass unchallenged."

Mr. Tarkington has himself been the victim of a blasted romance. His first marriage ended in a domestic tragedy and the divorce courts. Mrs. Tarkington No. 1 was the daughter of an Indianapolis banker. She secured a decree and the custody of their daughter in 1911, and in a little less than a year the novelist remarried, taking as his second bride Mrs. Temple Robinson, the divorced wife of Temple Robinson, an English writer.

Why should the reward of certain industrial and manufacturing efforts be so vastly greater than that granted to the head of other professions, who can bring to the service of the public capacities and efforts of a far higher grade and value?—Lord Eversley.

If statesmen and journalists would stand aside and leave Anglo-German relations to business men, friendship and hearty co-operation between the two nations would be assured.—Sir Algernon Firth.

### CORPORATION OF THE DISTRICT OF OAK BAY

BY-LAW NO. 174  
A By-Law to Raise the Sum of \$11,000.00 for the Purchase of Property for Municipal Purposes.

WHEREAS, the Municipal Council of the Corporation of the District of Oak Bay has determined to purchase for the purposes of the said Corporation the following lands situate in the Municipality of the District of Oak Bay, and being parts of Section Sixty-nine (69) Victoria District, in the Province of British Columbia, to-wit:

(a) Lot Ten (10), Block Four (4), according to plan number 298 deposited in the Land Registry Office at the City of Victoria;

(b) That part of Section Sixty-nine (69) Victoria District, containing twenty-one hundredths (20/100ths) of an acre, conveyed by Joseph Despard Pemberton to Robert Morrison by Indenture dated the 7th day of April, 1908, and registered in Absolute Fees Book, Volume 25, Folio 124, number 1706 C in the Land Registry Office at the City of Victoria;

(c) That part of Section Sixty-nine (69) Victoria District, containing one acre conveyed by Joseph Despard Pemberton to Robert Morrison by Indenture dated the 7th day of December, 1906, registered in Absolute Fees Book, Volume 25, Folio 124, number 1488 C in the Land Registry Office at the City of Victoria;

(d) Lot Fifty-eight (58) according to Map 243 deposited in the Land Registry Office at the City of Victoria;

AND WHEREAS, the amount of the debt which is intended to be created is the sum of Eleven Thousand Dollars (\$11,000.00);

AND WHEREAS, the said debt is to be created for the purpose of purchasing the heretofore mentioned lands;

AND WHEREAS, the total amount required to be raised annually by rate for paying the debt which will be created hereunder and the interest thereon is Eight Hundred and Thirty-six Dollars and Twenty-two Cents (\$836.22);

AND WHEREAS, the amount of the whole rated land improvements or real property of the Municipality of the District of Oak Bay according to the last Assessment, to-wit: the Assessment Roll for the year 1914, is Seven Million, Nine Hundred and Thirty-eight Thousand Dollars (\$7,938,000.00);

AND WHEREAS, this By-law shall not be altered or repealed except with the consent of the Lieutenant-Governor-in-Council;

BE IT THEREFORE ENACTED BY THE Municipal Council of the Corporation of the District of Oak Bay as follows:—

1. It shall be lawful for the Reeve of the Corporation of the District of Oak Bay to borrow upon the credit of the said Corporation by way of the Debentures hereinafter mentioned from any person or persons, or body or bodies corporate, who may be willing to advance the sum of the sum of Twenty-four Thousand Dollars (\$24,000.00), either in currency or sterling money, at the rate of 4 1/2 per cent. per annum, to be repaid, and to cause all such sums so raised or received to be paid into the hands of the Treasurer of the said Corporation for the purpose and with the object hereinafter recited.

2. It shall be lawful for the said Reeve to cause any number of Debentures to be made, executed and issued for such sums, not exceeding, however, the sum of Eleven Thousand Dollars (\$11,000.00), either in currency or sterling money, at the rate of 4 1/2 per cent. per annum, to be repaid, and to cause all such sums so raised or received to be paid into the hands of the Treasurer of the said Corporation for the purpose and with the object hereinafter recited.

3. The said Debentures shall bear date the 31st day of August, One Thousand and Ninety-four, and shall be payable in thirty (30) years from the said date at such place either in the Dominion of Canada, Great Britain or the United States of America, as may be designated thereon, and shall have attached to them coupons for the payment of interest, and the signature to the interest coupon may be either written, stamped, printed, lithographed or engraved.

4. The said Debentures shall bear interest at the rate of Five and one-half per centum per annum from the date thereof, which interest shall be payable half-yearly on the 28th day of February and the 28th day of August, at such place either in the Dominion of Canada, Great Britain or the United States of America, as may be designated thereon, or coupons.

5. It shall be lawful for the Reeve of the said Corporation to dispose of the said Debentures at a rate below par and to authorize the Treasurer of the Corporation to pay out of the sum so raised by the sale of the said Debentures all expenses connected with the preparation and engraving or lithographing of the said Debentures and coupons, or any discount or commission or other charges incidental to the sale of the said Debentures.

6. For the purpose of the payment of the interest on the said Debentures during their currency there shall be raised annually the sum of Six Hundred and Five Dollars (\$605.00) and for the purpose of creating a sinking fund for the payment of the debt at maturity there shall be raised annually the sum of Two Hundred and Thirty-one Dollars and Twenty-two Cents (\$231.22).

7. The said sums of \$605.00 and \$231.22 shall be raised in each year by a rate sufficient therefor on all rateable land in the Municipality of the District of Oak Bay.

### CORPORATION OF THE DISTRICT OF OAK BAY

BY-LAW NO. 175  
A By-Law to Raise the Sum of \$24,000.00 for the Construction of Buildings for Municipal Purposes.

WHEREAS, the Municipal Council of the Corporation of the District of Oak Bay has determined to construct the following buildings within the Municipality of the District of Oak Bay for Municipal purposes, to-wit:

Shop, Store and Pound;

AND WHEREAS, the amount of the debt which is intended to be created for the purpose of constructing the heretofore mentioned buildings is the sum of Twenty-four Thousand Dollars (\$24,000.00);

AND WHEREAS, the total amount required to be raised annually by rate for paying the debt which will be created hereunder and the interest thereon is One Thousand, Eight Hundred and Twenty-four Dollars and Forty-six cents (\$1,824.46);

AND WHEREAS, the amount of the whole rated land improvements or real property of the Municipality of the District of Oak Bay according to the last Assessment, to-wit: the Assessment Roll for the year 1914, is Seven Million, Nine Hundred and Thirty-eight Thousand Dollars (\$7,938,000.00);

AND WHEREAS, this By-law shall not be altered or repealed except with the consent of the Lieutenant-Governor-in-Council;

BE IT THEREFORE ENACTED BY THE Municipal Council of the Corporation of the District of Oak Bay as follows:—

1. It shall be lawful for the Reeve of the Corporation of the District of Oak Bay to borrow upon the credit of the Corporation by way of the Debentures hereinafter mentioned from any person or persons, or body or bodies corporate, who may be willing to advance the same as a loan, a sum of money not exceeding, however, the sum of Twenty-four Thousand Dollars (\$24,000.00), either in currency or sterling money, at the rate of 4 1/2 per cent. per annum, to be repaid, and to cause all such sums so raised or received to be paid into the hands of the Treasurer of the said Corporation for the purpose and with the object hereinafter recited.

2. It shall be lawful for the said Reeve to cause any number of Debentures to be made, executed and issued for such sums, not exceeding, however, the sum of Twenty-four Thousand Dollars (\$24,000.00), either in currency or sterling money, at the rate of 4 1/2 per cent. per annum, to be repaid, and to cause all such sums so raised or received to be paid into the hands of the Treasurer of the said Corporation for the purpose and with the object hereinafter recited.

3. The said Debentures shall bear date the 31st day of August, One Thousand and Ninety-four, and shall be payable in thirty (30) years from the said date, at such place either in the Dominion of Canada, Great Britain or the United States of America, as may be designated thereon, and shall have attached to them coupons for the payment of interest, and the signature to the interest coupon may be either written, stamped, printed, lithographed or engraved.

4. The said Debentures shall bear interest at the rate of Five and one-half per centum per annum from the date thereof, which interest shall be payable half-yearly on the 28th day of February and the 28th day of August, at such place either in the Dominion of Canada, Great Britain or the United States of America, as may be designated thereon, or coupons.

5. It shall be lawful for the Reeve of the said Corporation to dispose of the said Debentures at a rate below par and to authorize the Treasurer of the Corporation to pay out of the sum so raised by the sale of the said Debentures all expenses connected with the preparation and engraving or lithographing of the said Debentures and coupons, or any discount or commission or other charges incidental to the sale of the said Debentures.

6. For the purpose of the payment of the interest on the said Debentures during their currency there shall be raised annually the sum of One Thousand, Eight Hundred and Twenty-four Dollars and Forty-six cents (\$1,824.46) and for the purpose of creating a sinking fund for the payment of the debt at maturity there shall be raised annually the sum of Five Hundred and Four Dollars, forty-six cents (\$504.46).

7. The said sums of One Thousand, Eight Hundred and Twenty-four Dollars, forty-six cents (\$1,824.46) and Five Hundred and Four Dollars, forty-six cents (\$504.46) shall be raised in each year by a rate sufficient therefor on all rateable land in the Municipality of the District of Oak Bay.

8. This By-law shall before the final passing thereof receive the assent of the electors of the said Corporation in the manner provided for in the Municipal Act, and shall take effect on the 15th day of August, 1914.

9. This By-law may be cited as the "General Debt By-law No. 6."

TAKE NOTICE that the above is a true copy of the proposed By-law, upon which the vote of the Municipality will be taken at the Schoolhouse, Oak Bay Avenue, on Saturday, August 1st, 1914, from 9 a. m. to 7 p. m.

F. W. CLAYTON, C. M. C.

The highest or any tender not necessarily accepted.

W. B. MONTEITH, Liquidator.

IN THE ESTATE OF JANE NOBLE, DECEASED.

All persons having claims against the above named deceased are required to send particulars thereof duly verified to the undersigned, on or before August 1st, 1914, after which date the Executors will proceed to distribute the assets of the deceased among the persons entitled thereto, having regard only to the claims of which they shall then have had notice.

Dated at Victoria, B. C., this 27th day of June, 1914.

E. J. Wootton, Bank of Montreal Chambers, Bastion Street, Victoria, B. C., Solicitor for the Executors.

### CORPORATION OF THE DISTRICT OF OAK BAY

BY-LAW NO. 176  
Authorizing the Selling of Water to the Municipality of Saanich.

The Municipal Council of the Corporation of the District of Oak Bay HEREBY ENACTS as follows:—

(1) The Municipal Council of the said Corporation shall be at liberty at any time and from time to time, with the consent of the Corporation of the City of Victoria or the Water Commissioner thereof, and during such time or times as the said Corporation of the City of Victoria or the Water Commissioner thereof may determine, to sell water to the Municipality of Saanich for the supplying of water to any specified area within the Municipality of Saanich upon such terms and conditions as may be agreed upon by the Municipal Council of the Corporation of the District of Oak Bay, and the Corporation of the District of Saanich.

(2) This By-Law shall not come into effect until it has received the assent of not less than three-fifths of the number of the Electors of the Corporation of the District of Oak Bay, who shall vote upon such By-Law in the manner provided for by the Municipal Act.

(3) This By-Law may be cited as the "Saanich Water By-Law, 1914."

TAKE NOTICE that the above is a true copy of the proposed By-Law upon which the vote of the Municipality will be taken at the Schoolhouse, Oak Bay Avenue, on Saturday, August 1st, 1914, from 9 a. m. to 7 p. m.

F. W. CLAYTON, C. M. C.

### IN THE SUPREME COURT OF BRITISH COLUMBIA.

In the Matter of the Estate of Henry Wain, of North Saanich District, in the Province of British Columbia, Deceased.

NOTICE is hereby given that all persons indebted to the above named estate are required to pay the amount of their indebtedness forthwith to the undersigned, and all persons having claims against the said estate are required to send particulars of their said claims, duly verified, to the undersigned, on or before August 1st, 1914, after which time the undersigned will proceed to distribute the assets of the deceased, having regard only to the claims of which they shall then have had notice.

Dated July 14, 1914.

WILLIAM THOMAS WAIN, Executor of Above Named Estate. Address, care of Alex. Maclean, 410 1/2 Ilben-Tone Building, Victoria, B. C., Solicitor for Estate.

### CORPORATION OF THE TOWNSHIP OF ESQUIMALT

TENDER FOR SEWERS

Tenders will be received at the Municipal Hall, Esquimalt, addressed to the Clerk of the Municipal Council, up to 5 p. m. on July 31, 1914, for the construction of approximately 4,100 lin. ft. of vitrified pipe sewers, being Section E of the proposed sewer system.

Envelopes containing tenders must be plainly marked on the outside as to contents.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied.

Information for bidders, plans and profiles, specifications and forms of tender are on view and obtainable at the office of H. Topp, Municipal Engineer, 31 Pemberton Block, Fort Street, Victoria.

Each tender must be accompanied by a certified cheque or a chartered bank payable to the order of the Corporation of the Township of Esquimalt, equal to five per centum of the amount of the tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so.

The Corporation does not bind itself to accept the lowest or any tender.

H. TOPP, Municipal Engineer.

To the Educator as reader QUALITY OF GOODS is of first importance—price-concessions secondary.

## SCRAP BOOK

World's Greatest Bank Passes Its 210th Milestone To-day.

Employees of the Bank of England will enjoy a holiday to-day, for this is the 210th birthday of the world's greatest banking institution. "The Old Lady of Threadneedle Street," as the famous old bank is properly called, was projected by William Paterson and was incorporated July 27, 1694. It was constituted as a joint stock association, with a capital of \$5,000,000. In return for the loan of its entire capital to the government, it received the right to issue notes, and a monopoly of corporate banking in England. It was not until early in the nineteenth century that this monopoly was broken down. In its early days the Bank of England was a servant to the government; and in a lesser or greater degree it has enjoyed this character through all the stages of its subsequent history. At first the charter of the bank was for eleven years only; but in consequence of the great services of the institution to the government, its charter has been at various times renewed. Everyone knows that the Bank of England possesses many privileges, such as issuing bank notes and acting as the agent of the government in the matter of the national debt. But few are aware that it has the power of selling beer without a license. This privilege was allowed the bank by charter of incorporation under the great seal, dated July 27, 1694, and the bank, if it liked, could open a public house in Threadneedle street, or could send its drays around and deliver its beer. What a safe Bank of England beer would have with the chief cashier's signature on the label of each bottle as guarantee.

## NORTH SAANICH GLAMORGAN FARM

Comprising 121 acres, all excellent land, and in splendid state of cultivation. 7-room log house, in good condition; stable for 20 head of cattle; good outhouses and running springs. Price per acre, \$330, 1/4 cash, balance arranged to suit.

## THIS IS QUITE THE CHEAPEST BUY IN THE DISTRICT.

Mr. Tarkington's finished work has an easy, graceful, flowing style that would seem to have issued from the author's brain without travail or effort, but this is far from being the case. A friend of the Indiana novelist recently said:

"If the reader only knew the degree of labor required in turning out those perfectly formed phrases he would not think the writing of novels an easy, pleasant task, and it is not, at least so far as Booth Tarkington is concerned. Mr. Tarkington, for all his easy, flowing style, is a most painstaking workman. Each phrase, almost each word, is turned out with the greatest care, thought and deliberation. He revises over and over again, never permitting a single word to pass unchallenged."

Mr. Tarkington has himself been the victim of a blasted romance. His first marriage ended in a domestic tragedy and the divorce courts. Mrs. Tarkington No. 1 was the daughter of an Indianapolis banker. She secured a decree and the custody of their daughter in 1911, and in a little less than a year the novelist remarried, taking as his second bride Mrs. Temple Robinson, the divorced wife of Temple Robinson, an English writer.

Why should the reward of certain industrial and manufacturing efforts be so vastly greater than that granted to the head of other professions, who can bring to the service of the public capacities and efforts of a far higher grade and value?—Lord Eversley.

If statesmen and journalists would stand aside and leave Anglo-German relations to business men, friendship and hearty co-operation between the two nations would be assured.—Sir Algernon Firth.

### LOCAL NEWS

**Remanded for Sentence.**—Frederick Hosking was arrested yesterday by Detectives Turner and Stellanio on a charge of vagrancy. This morning he told the magistrate that he had been working recently and was trying to get more work, but was not at present in employment. He was remanded until to-morrow.

**Visitor is Sought.**—J. S. Ketcham, a visitor to the city from Saskatoon, is sought for business purposes by a home correspondent, and as his address here is not known a wire was sent to the chief of police, asking him to notify Mr. Ketcham.

**Building on Burnt Area.**—The workmen putting in the foundations for the Hayward building on the Government and Fort street frontages of the burnt area this morning began work clearing out the Government street side of the site. On the Fort street side work on the concrete foundations is far advanced.

**Trees Come Down.**—One of the few reminders of the time when Douglas street, from Fort street to Humboldt street, was a residential district has disappeared in the past few days. The three trees which stood in front of the Y. W. C. A. building, formerly occupied by the Union club, have been cut down. The three in front of St. Andrew's church still stand, although two of them are dead.

**Only One Tender.**—Only one tender was received up to 3 o'clock this afternoon to supply the 1,200 feet of hose required by the Esquimalt township for its two volunteer fire brigades. The tenders close at 5 o'clock and will be opened at this evening's council meeting. There does not promise to be much business for the council to transact and the meeting will likely be a short one.

**Waterfront Cottage.** furnished, bath, hot and cold water, splendid view. Apply 1228 Montrose avenue. Phone 3236L. J29

sought for business purposes by a home correspondent, and as his address here is not known a wire was sent to the chief of police, asking him to notify Mr. Ketcham.

**Building on Burnt Area.**—The workmen putting in the foundations for the Hayward building on the Government and Fort street frontages of the burnt area this morning began work clearing out the Government street side of the site. On the Fort street side work on the concrete foundations is far advanced.

**Trees Come Down.**—One of the few reminders of the time when Douglas street, from Fort street to Humboldt street, was a residential district has disappeared in the past few days. The three trees which stood in front of the Y. W. C. A. building, formerly occupied by the Union club, have been cut down. The three in front of St. Andrew's church still stand, although two of them are dead.

**Only One Tender.**—Only one tender was received up to 3 o'clock this afternoon to supply the 1,200 feet of hose required by the Esquimalt township for its two volunteer fire brigades. The tenders close at 5 o'clock and will be opened at this evening's council meeting. There does not promise to be much business for the council to transact and the meeting will likely be a short one.

### OBITUARY RECORD

The death occurred in Calgary on July 25, after a lingering illness, of Mrs. Deane, the wife of Capt. R. B. Deane, of the R. N. W. M. police. Mrs. Deane was better known in Victoria as Miss Denney, and was for some years on the nursing staff of the Jubilee hospital. She had many friends here who will regret to hear of her death.

A very large number of the late William Jensen's friends attended his obsequies to-day, the services at the family residence, 136 Medina street, being conducted by Rev. J. H. S. Sweet. Numerous beautiful floral wreaths, crosses, and pillows were sent by friends, and the services were very dignified and impressive. The following acted as pallbearers: Messrs. H. Wilders, W. H. Porter, L. Marks, T. Whitwell, G. W. Nicholson, J. Evans, F. Ellis and W. Allen.

The funeral of Florence May Osborne, infant daughter of Mr. and Mrs. Samuel Osborne, whose death occurred on July 25, took place this afternoon at 2:30 o'clock from her parents' residence, 248 Green street. There were many of the friends present, and many beautiful flowers covered the little casket. Funeral arrangements in the hands of Sands Funeral Furnishing Co., 1515 Quadra street.

The death occurred yesterday morning at the Royal Jubilee hospital of William Benbow, a native of Salop, England, and for the past 20 months a resident of this city. The deceased, who was 69 years of age, came here from Hamilton, Ont., and since coming to Victoria to live he has made his home with his daughter, Mrs. Arthur Dark of Garden City. The funeral will take place on Wednesday at 2 p.m. from the Sands Funeral Furnishing Co.'s parlor.

The funeral of the late Mary Ann Brakes took place this afternoon from the Victoria undertaking parlors, Rev. Gilbert Cook officiating. There were many of the deceased's friends present, and numerous beautiful flowers covered the casket. The following acted as pallbearers: Messrs. John McKay, Samuel Shore, D. D. Ferris and W. Archer.

The funeral of the late Jesse Triggs took place on Saturday afternoon at 2:30 from the Hanna-Thomson parlors, Rev. Dr. Scott officiating, and the burial service being conducted by members of Triump Lodge, No. 16 (Esquimalt), I.O.G.T., to which the deceased belonged. Bro. W. Waugh, G. S.J.W., officiated as C.T.; Bro. G. J. Cook, D.S.J.W., as P.C.T.; and Bro. Rev. T. W. Gladstone as chaplain. Bro. G. Linge acted as marshal. The following acted as pallbearers: G. Linge (C.T.), W. Waugh (G.S.J.W.), George J. Cook (P.C.T.), M. Smallwood, R. Folland and J. Lowrie. The late Mr. Triggs originally belonged to London Eng., but for some time had lived in Texas and Lower California. He is survived by his wife and two children as well as a brother. It was since coming to Victoria about two and a half years ago that he became a member of the I.O.G.T., and later, of the adult Bible class at Esquimalt, both of which were largely represented at the funeral.

**BORN**  
To the wife of Geo. S. Brown, 1323 Moss street, on 26th, a son (stillborn).

**DIED**  
JONES—On the 25th inst., at his son's residence, Woodley road, Mt. Tolmie, Samuel Foulkes Jones, aged 88 years, a native of Wales.

The funeral will take place at St. Luke's church, Cedar Hill, on Tuesday, the 28th inst., at 3 a. m.

## LIEUT.-COL. CURRIE RE-ELECTED PRESIDENT

Is Well Pleased With Character of Shooting and Victoria Men's Showing

Lieut.-Col. A. W. Currie, who was re-elected president of the B. C. Rifle association at the annual meeting on Saturday night following the conclusion of the annual rifle meet, expressed himself to-day as being well pleased with the character of the shooting done.

"There are few meets in the world where 97's would be counted out in matches for 106, and where 46's were counted in 50 point contests, as was repeatedly the case at Vancouver," he stated. "The affair was a decided success from the Victoria standpoint, too. Victoria men and the men of the 104th of New Westminster carried off the bulk of the prizes. The entry was the largest ever, and the event was carried off with more smoothness than ever before. At least there was no kicking, as has previously been the case. Owing to the failure to complete the new ranges our intended improvements in the programme could not be carried out, but the old one worked very successfully.

"Victoria won six places on the team for Ottawa. Of the 15 millitamen four were Victorians, and both civilians were picked from this city. Captain Gollop and George Grassby are the civilians, and the millitamen are Lieut. Richardson and Serjt. Pascock, of the 50th; Serjt.-Major Doyle, of the 5th, and Serjt. Read, of the R. C. G. A., at work point.

"I was over Saturday and saw the president's match shot off. Both were won by the 104th of New Westminster. The events were keenly contested and the shooting of the tyros from the 88th and the 50th. Nearly all broke their tyro standing by winning a \$3 prize. The 88th tyros won the aggregate."

At the annual meeting Saturday Miss Dorothy McTavish and Lieut.-Colonel Currie were made life members. Miss McTavish presents annually the Dorothy medal, the most coveted trophy of the meet.

Competitors returning report that the experience with the mark seven shell was satisfactory, although some of the men complain of erratic movement of the bullets at intervals. The association was better catered for this time than in past years. The promise was again extended to Victoria to hold the meeting here when the range on the Saanich peninsula is completed.

All three local regiments plan to send teams of six men each to Ottawa, and both the 5th and 50th have asked the city council for \$200 each towards allying the expenses.

**Men's Singles Championship.**  
H. Brock beat G. M. Lindsay, 6-0, 6-1.  
H. Hudson beat A. E. McCallum, 6-2, 6-2.  
H. G. Garrett beat W. Meyerstein, 6-1, 6-2.  
Rowcroft beat R. Berrill, 6-0, 6-1.  
W. Van Tookia beat G. B. Kitta, 4-6, 6-1, 6-3.  
E. McCallum beat D. B. Manley, 6-0, 6-1.  
S. G. Wheatley beat W. S. Terry, 6-1, 6-1.  
C. D. Studman beat E. Elkington, 6-1, 6-3.  
Miss M. Rickaby beat Miss Ross, 6-4, 9-11, 6-3.

**Mixed Doubles.**  
E. McCallum and Miss M. Pitts beat J. Walker and Miss G. Pitts, 6-0, 6-1.  
Play in the lawn tennis championship was continued this afternoon at 2 o'clock, the following results being announced up to the time of going to press:  
Capt. Foulkes beat S. Stevens, 6-2, 6-0.  
H. A. Dennis and R. B. Palten beat R. Berrill and G. Smith, 6-2, 6-4.  
Harrison and Mrs. Cane beat A. Hudson and Miss Pegg, 6-3, 6-2.  
Dennis and Payton beat Berrill and Smith, 6-2, 6-4.

**Parade at Belfast.** Belfast, Ireland, July 27.—A parade of two full regiments of Ulster volunteers, numbering several thousand men, was held here last night. All the men carried rifles, and the equipment included several machine guns, which were strongly guarded. The marchers traversed several of the principal streets of the city, and their demonstration, the boldest exhibition of Orange strength attempted to date, in the home rule struggle, aroused great enthusiasm.

Referring to Ireland and the failure of the recent conference of party leaders held at Buckingham palace, in a speech at Stoyning last night, Francis Acland, under-secretary for foreign affairs, said: "There is much cause for regret, but much for hope. The conference has broken up, but something has been gained in their being heard as representatives of the great parties. At the table the members of the conference learned to respect each other's point of view.

"We Liberals will not betray the trust which the Irish people have placed in us. Our motto must be 'Trust the Liberal leaders.'"

**DR. ROCHE'S CONDITION CONTINUES FAVORABLE**  
Rochester, Minn., July 27.—The condition of Hon. Dr. Roche, Canadian minister of the interior, continues favorable and hopes are expressed that the patient will fully recover from the surgical ordeal fully restored to normal health. Dr. Roche is still in a critical condition, but with no unfavorable turn the indications are much in his favor.

**AGED ENGINEER DIES WHEN DRIVING TRAIN**  
Sterling, Ill., July 27.—Lou M. Van Vlack, of Chicago, engineer on the Overland, Limited, of the Chicago & Northwestern line was found dead as his train sped through here to-day, his hand gripping the throttle. Physicians said the engineer had been dead half an hour. He was 60 years old.

**RECOMMENDS TAKING VOTE.**  
Denver, Colo., July 27.—The special committee appointed to consider the subject of amalgamation of the Western Federation of Miners with the United Mine Workers of America made a report to-day to the annual convention of the Western Federation favoring the project. The report embodies a resolution for a referendum vote of the membership of the federation. Action by the convention was postponed.

**SKIRMISHING CONTINUES.**  
Vera Cruz, July 27.—Reports from various points along the railroad from Vera Cruz to Mexico City indicate that the constitutionalists are not ready to cease fighting. A skirmish occurred at Soledad, where a small federal garrison made a successful resistance.

**CAILLAUX PRESENTS DOCUMENTS TO COURT**  
Wishes to Show Connection Between Figaro and Hungarian Government.  
Paris, July 27.—As soon as Judge Louis Albani and his three associates had taken their seats on the bench this morning in the trial of Mme. Caillaux, Joseph Caillaux demanded to be heard. He said: "The Figaro, having accused me to-day of suborning witnesses I should like to submit to the court some authentic papers concerning the late Gaston Calmette's relations with the Hungarian government. I have hesitated to use them, but I have decided to do so in view of the Figaro's attitude. I desire also to read the late M. Calmette's will."

After reading the will, he said: "I merely inform the jury that I place at the disposal of the court authentic documents signed by Gaston Calmette, stipulating in the clearest possible fashion the conditions under which the Figaro would work in the interests of the Hungarian government. Every Frenchman will realize to-day what would have been the direct result of this work. The documents are of unimpeachable authenticity. They were given me by Count Karolyi, chief of the Hungarian radical party."

**WANTS AREA CUT**  
Price Asked for Songhees Terminal Land Belt by Railway to Be Excessive.  
R. Marpole, vice-president of the Esquimalt & Nanaimo railway, is in the city to-day on business believed to be in connection with the taking up of the land apportioned to the C. P. R. on the Songhees Terminal site.

Asked whether it was true that the C. P. R. wished to take only 15 acres because the government was asking excessive price, Mr. Marpole said that as the question was not yet settled, he must leave the issuing of any public statement to the Hon. Thomas Taylor. Mr. Taylor is out of town at present and will be gone for three weeks, so it is unlikely that there will be any change in the situation for some time.

It is understood that the price asked for 30 acres assigned to the C. P. R. was felt by the railway to be excessive and that the railway is asking to have its area reduced to 15 acres in order to cut the price in half.

Mr. Marpole was unable to make an announcement respecting the opening of the Courtenay extension because of the failure of the government engineer to appear and make his inspection.

**Building Permit.**—A building permit has been issued to J. Dennis for a

F. W. STEVENSON & CO. STOCK AND BOND BROKERS. 103-106 Pemberton Building. Cor. Fort and Broad Streets. FUNDS INVESTED FOR CLIENTS. Orders Executed on all Exchanges on Commission. Private Wires to Vancouver, Winnipeg, Toronto, Montreal.

COMPETITION FOR DESIGNS. The Victoria and Island Development Association offers three premiums—1st \$50.00, 2nd \$20.00 and 3rd \$10.00—for design of a showcard with calendar feature attached, 18 in. x 14 in., containing reading matter. Also two premiums, one of \$25.00, first prize, and one of \$15.00, second prize, for designs of front and back cover of a booklet, 8 in. x 4 1/2 in.

THE CITY MARKET

Many changes, of no great moment, however, have taken place in the market list this week. Raspberries and loganberries are off the list, and cherries are only quoted retail per crate. Cultivated blackberries are quoted on the wholesale market at \$2.25 and to replace the natives are Valencia at \$2.75 and 33. Plums, peaches and pears are gradually attaining rock-bottom prices.

Table of market prices for various goods including Corn, Wheat, Flour, and other commodities. Columns include item names and prices per unit.

Market Sentiment Underwent Strain

Panicky Conditions of Affairs Ended When Shorts Covered. Local List Showed Only Meagre Interest for Session.

After a long delay, owing to the need for the taking of evidence on commission in Spokane, the preliminary hearing of the charge of retaining stolen property, laid against Albert E. Palmer, was begun before Magistrate Jay this morning.

Monarch was freely bid at \$9 a share to-day. Calgary advised that shares of this stock sold to \$13.00 there on good indications of getting off very shortly. Athabasca lagged considerably on want of fresh buying initiative.

EVIDENCE IS HEARD ABOUT OLD ROBBERY

Story of Five Valuable Rings Lost in Theatre and Not Heard of for Over Year.

After a long delay, owing to the need for the taking of evidence on commission in Spokane, the preliminary hearing of the charge of retaining stolen property, laid against Albert E. Palmer, was begun before Magistrate Jay this morning.

Palmer is accused of purchasing and retaining two valuable rings belonging to Mrs. Gertrude McAdam, knowing at the time that they were hers, and that they had been stolen by one John Fenner. Mrs. McAdam lost five rings in the Empress theatre in May, 1913, and advertised them in the city papers. A few weeks ago she received a communication from a man named Sage, who wrote from Spokane, offering to give information concerning their whereabouts for a large reward.

OBSTRUCTING POLICE IS THE CHARGE LAID

Promoter of Motor Races Alleged to Have Interfered With Oak Bay Chief.

Arising out of the motor races at the Willows on Saturday a charge of obstructing the police in the execution of their duty has been laid against Ewan J. Cameron by Chief Syme, of the Oak Bay police force, and this will be heard by the police magistrate on Friday afternoon.

The promoters of the races claim that they had a permit from the B. C. Agricultural association to hold races with cycles and cars, but it was not so understood by the officers of the association, and when it became apparent that motor-car races were to form part of the programme, it is stated George Sangster notified the promoters that this was exceeding their permit, and ordered Chief Syme to prevent any motor-cars going on the track.

NO DATE FIXED YET

Nanaimo Wishes to Join Excursion to Courtenay; Reports Being Prepared for Commission.

No word has been received from the government engineer who is to inspect the Courtenay extension of the E. & N. railway, and it is feared that at tomorrow's meeting of the board of trade council no steps can be taken towards arranging for the excursion over the new line. The date of the opening of the line cannot be given until the engineer reports.

A communication has been received from the Nanaimo board of trade to the effect that it wishes to co-operate in the excursion. The Nanaimo board also has committees gathering material for a report to be presented to the commission on the resources of the Empire when it sits in Victoria this fall. The committees of the Victoria board all met last week and conferred upon the report which will be given here regarding the resources of the island.

DEED OF INSANE CHINESE

Stabs Companion Viciously Three Times, Inflicting Serious Wounds on Him.

Fong Fung presented every appearance of being out of his mind when he was called in police court to-day to answer a charge of making an assault upon Ah Hing. It was useless reading the charge to him in his condition, and he was remanded until to-morrow in order to have a medical examination made of him.

Fong and Hing were fellow-employees in the same restaurant at 615 Fisgard street. About half-past eight o'clock on Saturday evening they were together and both at the same task, cooking, when screams attracted the other employees in front. They rushed to the kitchen to find Hing lying in a chair bleeding from several wounds, and Fong brandishing a long knife with an edge like a razor, muttering to himself and crying.

In response to a call, Detectives Turner, Edens and Siciliano, Constable Shawyer and Driver Walton arrived on the scene in the patrol, and while Edens and Siciliano took charge of Fong and disarmed him, the others gave first aid to Hing, who would have bled to death in a few minutes if it had not been for their prompt aid. He was taken to the Jubilee hospital in a very low state, but to-day he is better.

Three wounds were inflicted by the insane man. One severed an artery in the right wrist, another cut the right shoulder down to the bone, and there is a very deep cut in the groin, which is the most serious of all. So far as the other Chinese about the place know, there was no quarrel between the men, and during the evening they had apparently been working together amicably. They say, however, that Fong had been acting queerly of late, though he had never shown any inclination to violence.

WAR NEWS INFLUENTIAL STRENGTHENING WHEAT

(By F. W. Stevenson & Co.) Chicago, July 27.—There was a big wheat trade for the day, following good advance on the opening. A choppy market was apparent at times in view of the war news. Possibility of a clash among the big powers of Europe growing out of the dispute between Austria and Serbia has thrown a new light on the wheat trade of the world. Had the large short interests in this trade not been well eliminated last week the action of the market might have been greatly intensified. Black rust reports were numerous enough but received less attention for the day. Nearly all the leading crop experts, including Mr. Giles Snow and Le Count were confirming safety for a large part of the spring wheat crop because it is ten days earlier than in 1904.

WHEAT RISES AND THEN GOES BACK AT WINNIPEG

Winnipeg, July 27.—Excessively hot weather over the week-end and Live-Stock market being unusually strong on the political situation caused a sharp rise in wheat prices this morning. Opening figures were 10c to 2c higher for wheat, 1c to 1c for oats, and 1/2c to 3/4c for flax. There was heavy trading developed and a set-back occurred on wheat and flax, while oats held fairly steady.

The weather map all over the west shows around 90 to 95 maximum temperatures, excepting in Alberta, and is considered unfavorable. There were no rains recorded. Later news came in that the situation was clearer in Europe and prices dropped to around normal. Wheat closed 1/2c lower to 1c higher; oats 1/2c lower to 1c higher; and flax 1/2c to 3/4c higher. The cash demand was good for Nos. 1 and 2 northern wheat, and all offerings were bought up. Oats and flax were quiet, there being few offerings. Cash grains closed 1/2 to 1/4 lower. Inspections Saturday numbered 20 cars as against 16 last year and in sight were 148 Deliveries through the clearing house were: Wheat, 116,000 bushels; oats, 29,000 bushels; flax, 25,000 bushels.

Table of New York Cure prices for various commodities. Columns include item names and prices.

NEWS BRINGS SLUMP IN TORONTO STOCK MARKET

Toronto, July 27.—Panic in the Stock exchanges in the capitals of Europe and New York over the imminence of war was followed on the Toronto stock exchange this morning by the greatest excitement. All the stocks took a big tumble. C. P. R. was sold last Friday at 12 1/2 and offered to-day at 11 1/2. Canadian Pacific was sold at 11 1/2 and offered to-day at 10 1/2. Toronto Ralls sold to-day at 11 1/2 as compared with 12 1/2 on Friday, and General Electric went from 9 1/2 to 9 to-day.

Winnipeg, July 27.—Excessively hot weather over the week-end and Live-Stock market being unusually strong on the political situation caused a sharp rise in wheat prices this morning. Opening figures were 10c to 2c higher for wheat, 1c to 1c for oats, and 1/2c to 3/4c for flax. There was heavy trading developed and a set-back occurred on wheat and flax, while oats held fairly steady.

The weather map all over the west shows around 90 to 95 maximum temperatures, excepting in Alberta, and is considered unfavorable. There were no rains recorded. Later news came in that the situation was clearer in Europe and prices dropped to around normal. Wheat closed 1/2c lower to 1c higher; oats 1/2c lower to 1c higher; and flax 1/2c to 3/4c higher. The cash demand was good for Nos. 1 and 2 northern wheat, and all offerings were bought up. Oats and flax were quiet, there being few offerings. Cash grains closed 1/2 to 1/4 lower. Inspections Saturday numbered 20 cars as against 16 last year and in sight were 148 Deliveries through the clearing house were: Wheat, 116,000 bushels; oats, 29,000 bushels; flax, 25,000 bushels.

SANDERSON'S Scotch Mountain Dew POSITIVELY THE FINEST WHISKY IMPORTED

Something doing at Hardy Bay! Yes, and NOW is the time to get in on what is coming. HAVE YOU EVER STUDIED HARDY BAY? Have you ever studied Hardy Bay sufficiently to form an opinion as to its wonderful strategic location? Only a few people have, and if you take the trouble to look up the records, you will find that almost every one of those is a property owner at Hardy Bay now. Hardy Bay is going to be an important place. The property there that can be bought now for a mere song will help to make the millionaires of to-morrow. Hardy Bay is not going to develop with a boom and a bang. It will come gradually and quietly. If you have any money to invest, you owe it to yourself to investigate now. Do not let the fact that little has been said in high places about Hardy Bay deceive you. Much has been said in private that has not yet been made public. Look for important railroad announcements that will send Hardy Bay property soaring. Hardy Bay, on the northeast end of Vancouver Island, is HUNDREDS OF MILES CLOSER to Alaska and the Orient than either Vancouver or Victoria. It has a harbor second to none on the Pacific Coast for size, ease of entrance, depth, safety and convenience. A vessel leaving Hardy Bay reaches open sea one hour after departure, and can strike out full speed upon its course. To-day four large steamship companies are operating regular lines of steamers to Hardy Bay—the Grand Trunk Pacific, the Canadian Pacific, the Union Steamship Co., and the Northern Steamship Co. Besides these, Hardy Bay is a port of call for numberless steamers going to Alaska and Prince Rupert as well as hundreds of fishing and sailing vessels. Don't hold back any longer. Get complete information to-day. Write or call on me at once. I am offering some exceptionally good buys in 50 ft. lots, with lanes; every lot a good building lot. Prices from \$100 to \$1,000 per lot, on terms as low as \$25 cash and \$10 monthly. CALL OR WRITE, USING THE COUPON, TO-DAY

**Hardware at Factory Prices**

Without question this is the greatest Hardware event in years—a sale never equalled on the Pacific coast.

A \$90,000.00 stock (cause of sale), including stock of the Island Hardware, with whom we recently amalgamated, going for \$60,000.00, or less than cost.

We're not ashamed to say we need the money, as the amalgamation, coupled with quiet times, has abnormally increased our stocks and consequently our creditors; hence this strenuous method of reduction.

- Refrigerators, 20 per cent. off
- Hammocks, 1/4 off.
- Lawn Mowers, 20 per cent. off
- Garden Tools, 20 per cent. off
- Screen Doors, 1/4 off.
- Any Razor in stock, \$1.00. (Value to \$2.50.)
- Clearing Mamsay's Paints, Oils and Varnishes, at cost.
- 75c Lock Sets for 50c.
- Stoves and Ranges, 15 per cent. off.
- White and Grey Enamelware, Tinware and Aluminumware, at factory prices.
- Big Cut in all lines of Tools too numerous to mention.
- Woodware, Washday Supplies, Kitchen Utensils, heavily reduced.
- In fact everything from our immense stock at similar reductions.

Phone 1646 1411 Douglas St.

the city for the present temporary supply. It seems probable that the rate-payers will be called upon to make the selection between the present water company and a municipality with whose interests it must be closely interwoven, and strict business, represented by a purchase from a water company. As a member of the council expressed it on Saturday: "Are we justified in asking the people of Saanich to pay the extra cost of water in order to cover the mistakes of Victoria over the Sooke waterworks? The original cost of the scheme has been doubled on experience, and we have no assurance that it will not require another by-law to finish the scheme."  
 The municipality at the present time is not using more than 600,000 gallons a day, but the proposed water area would double the consumption per day, and with the opportunities for irrigation which would be afforded with an increased supply, it will not be long before the municipality can absorb two million gallons a day. As the district is compelled to buy water in bulk, being unable without fresh legislation to break into the exclusive privileges of the city to all sources within 20 miles of Victoria, a customer to this extent is not to be ignored.  
 The municipal council is confident that it can make a start with the scheme by November, and has author-

ized invitations to bid on necessary material, the intention being to follow the city's practice of ordering pipe for the distributing system from the old country, bringing it out by water round the Horn. Of course pending that being done, some pipe will have to be bought locally. The urgency of the inauguration of the scheme is shown in the necessity for fire protection, as the city will be in a position by the end of next month to undertake a fire protection service for the suburban section of the municipality.

**WEATHER BULLETIN.**

Daily Report Furnished by the Victoria Meteorological Department.

Victoria, July 27.—5 a.m.—The barometer remains high along the coast and is rising over this province. These conditions will cause fine warmer weather. Fine hot weather continues in the prairie provinces.

Two gentlemen who had decided to settle a quarrel on the field of honor betook themselves, with their seconds, to a quiet country spot, where they would be free from reporters, photographers and spectators, and where the only witnesses would be some cows peacefully grazing in the field. While the necessary preliminaries were being carried out the farmer on whose land they were rushed up. "Excuse me, gentlemen," he said, "but is it a sword or pistol duel?" "Sword. But what difference can that make to you?" "Well, you see, if it was with pistols I'd want to take the cows in first."

**Things You Get for Nothing, Are Usually Worth About as Much**

**Good Values for Good Money in Every Department**

Our 10 per cent discount is solid saving for you. Easy terms can be arranged.

**It is True Economy**

To buy the best carpet or floor covering you can afford, as it is difficult to take care of what is under everyone's feet, especially in those rooms in daily use. We have a range of rugs of exceptional beauty and quality our position in the buying market makes it possible to offer at very advantageous prices.

**We Make a Point**

Of making and fitting up our window shades better than anyone else, being fitted to the windows with screws, there is no danger of their falling down; new colors and cloths. Estimates given free.
