MCDC Program

What we know, what we do?

Supports

We put out a call to detect our community's interest in the MCDC Ambassadors Program. Our call quickly found a response and support notifications were made to the grant page by our community members.

Endorsements [değiştir | kaynağı değiştir]

An endorsement from community members (especially from outside your community) will be part of the considerations when reviewing your application. Community members are encouraged to endorse your project request here!

-  **Şiddetle destek** I have been working on the translation of MC, MCDC and other related pages from English to Turkish on Meta-Wiki for a while, independently of this project. There is a serious lack of feedback from Turkish-speaking communities regarding these and similar global issues. In order to eliminate this deficiency, it is necessary to inform the community on relevant issues. For this reason, I believe that it is very necessary to provide effective translation support in order to provide information at the best level. In this respect, I think that this project will mark a very important point for our community and will help to find a solution. For these reasons, I **strongly support** the project. I also declare that I am ready to do my best to help responsible users. Thank you, --[Justinianus](#) ^{I talk} 19:45, 11 September 2023 (UTC)
-  **Destek** Not bad, acceptable. [En Merker](#)

CEE Meeting'23

We came together at the CEE Meeting 2023 Conference in Tbilisi and talked about details such as how we will start working after the conference and what we will do in general terms.

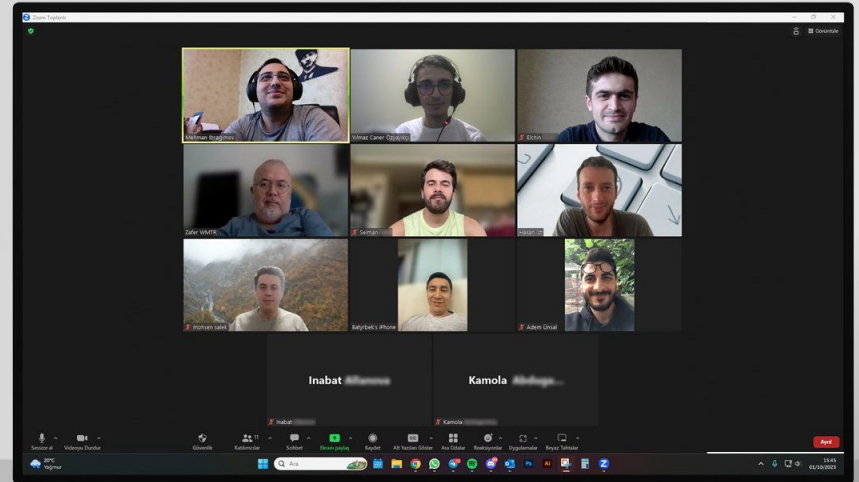

Online Meeting

We held our online meeting, which we notified community members via Telegram and mail list, on October 1, 2023.

At the meeting with participants from a total of 8 countries, the titles "Global Council" and "Hubs" were explained in Turkish, English and Russian.

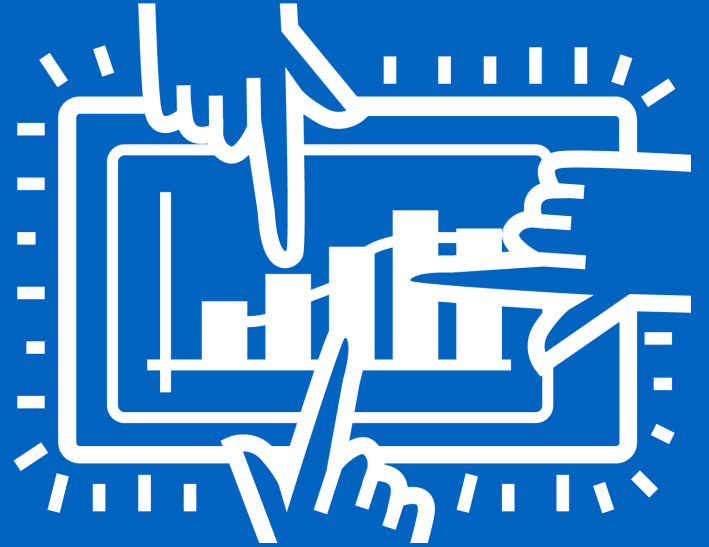

Turkic Wikimedians Movement Charter Ambassadors Program

After the Online Meeting

In order to get more detailed opinions of the participants and members who could not join us that day for various reasons and to use them in statistics and reporting, we created a form with questions suggested by Ambassador Programs.

Our data collection process is currently ongoing.
