NEW YORK, August 26, 1869.

The Money Market throughout the month—since July 26th—remained abundantly supplied and easy for call-loans on prime stock collaterals at 6 per cent, and on mixed at 7, with exceptional transactions at 5@6 per cent respectively. As, owing to the increased facilities for transmitting orders by telegraph, the demand for speculative purposes from stock-brokers has been greatly in excess of what it used to be formerly at this season of the year, when most of the operators are out of town; as, furthermore, the demand for currency from the Southwest for moving the grain and cotton crops began to set in within the last three weeks, that undisturbed monetary ease must chiefly be attributed to the U. S. Treasury adding again, in August, about ten millions of currency to the floating capital in our money market, by purchasing two millions of 5.20s for the Sinking Fund, and eight millions to be held subject to the future action of Congress, against selling two millions of gold. Great apprehension is felt in commercial and financial circles as to the future action of the Secretary of the U. S. Treasury, inasmuch as from fifty to sixty millions will be shortly called for upon this market by the South and West in the usual routine of business; which might be again used by "bear combinations in stocks and gold," to produce a most extreme monetary stringency, unless the Secretary continue these bond purchases. But judging from his previous policy, which did not fail to relieve our money market, whilst also bringing down the gold premium by enhancing the valuation of our bonds at home and abroad; and taking at the same time into consideration, that the more faithful collection of taxes and greater economy in expenditures, as inaugurated by the present administration, will again leave some fifteen or twenty millions of "surplus" currency—above what will be required to meet current expenses—at the disposal of the Secretary in September, it is reasonable to assume, that he will rather increase, than diminish his bond purchases for the government.

Transactions in commercial paper were made during the month at from 8 to 12 per cent for prime double names, but lenders show little disposition to discount "long paper." This is owing less to some more or less important failures of merchants, which occurred lately, than to a general belief prevailing amongst our money-lenders, that something will turn up shortly—*i. e.*—a "panic in stocks," or an extreme money stringency, whereby they might "turn their funds" more advantageously to themselves. They, therefore, rather lend at 5 per cent "on call" to reckless gamblers in stocks and gold, than accommodate at 8@10 per cent "on time," industrious business men in the legitimate trades. *U tempora, O mores!*

Foreign Exchange has lately become weaker and lower, and is to-day dull on the basis of sterling, 60 days', commercial, 108½@109½; prime bankers', 109½@109½; short sight, 109½@110½.

Gold fluctuated between 137 and 135½ from July 27th to August 9th, then declined steadily until touching 131¼ on the 24th, when it was "taken in hand by a powerful bull-clique and worked up" to 134, from which figure it again declined to 132½, and is, at the time of our writing, selling at 133.

For to-day's Stock quotations in the various branches of the New York Stock Exchange, see page 27.

AN OLD SWINDLING GAME.

The Treasury officials have been in receipt of numerous letters from parties who have been swindled by a concern in this city; which sends out circulars offering to send \$100 in counterfeit fractional currency for twenty dollars in national bank notes. The last dodge of the swindlers is to send a genuine fifty or twenty-five cent note as a specimen. If any one bites at the bait and remits twenty dollars it is so much made by the swindlers, and the victim never more hears of them. The Treasury Department, however, can do nothing in the premises, and people who make such investments do so at their own risk, as the affair is managed in such a way that the principals can never be caught actually disposing of the counterfeits.

The following circulars will explain their mode of doing business.

"Dear Sir: We desire to inform you that we have on hand about \$350,000 in \$1, \$2, \$5, \$10 and \$20 United States notes. They are exact facsimiles of the genuine, printed on first-class bank-note paper, on both sides, are correctly numbered, and are so exceedingly well executed in every respect that the best experts in New York cannot detect them. We got a friend to send one of our \$10 bills to Washington, a short time ago, to see if it could be detected. It was detected, but only after a severe and protracted investigation. Still, they will pass anywhere, are just as good as the \$20s or \$5s. You need never fear detection as long as you keep your mouth shut, for we send out no bills which are not as good as those of the government. We want three good, trustworthy men, who know how to manage a good thing. Keep everything to yourself, and let no one into the secret, no matter how reliable they may be. Under no circumstances mention our names to any one, however well you may know the person, for we want men of our own selection only. We have them put up in packages of \$200 each. We will sell you \$200 of any denomination for \$20; \$400 for \$35; \$1,000 for \$80. If you desire to feel your way a little, before investing heavily, we will send you \$200 on receipt of \$5, and you may pay the balance on your arrival here, or send it by express within fifteen days, though you can well afford to remit it within two hours. Always send money by express or registered letter. We will do the same. Then nothing will be lost in the mails, and everything will work harmoniously between us. If you prefer, we will send it by express, C. O. D., packed in such a way as not to excite the suspicion that it is money. Depend upon it, we are in earnest in this matter, and, if you take hold in a proper manner, you can make \$5,000 before November. We have taken every precaution in the execution of these notes to render the shover as safe as if he were handling good money, for better executed bills were never issued in the world. In case you should be indiscreet enough to let it be known to any one, don't mention where it came from. We have the reputation in New York of being men of good standing, and, therefore, we will never be suspected of dealing in counterfeit money. If you could manage to come on we could talk freely about the matter and make arrangements for a big business. If you come on, show this note to the man at the desk, and he will introduce you. Don't mention anything about counterfeit money, as he will pretend not to understand you. He will know what's up. We again enjoin upon you the importance of keeping this matter secret. State what denominations you wish, how much, and either destroy this or send it back. Address plainly,

DAILEY & Co.,
208 Broadway, N. Y."

CHICAGO, Ills.

"My Dear Sir: We have a large stock of exact copies of the genuine United States Treasury notes and fractional currency on hand (executed by the most skilled men in the art outside the State Prison), which we desire to dispose of on the following terms, viz.:

Packages representing \$100, in various denominations; price, \$10.
 Packages representing \$250, in various denominations; price, \$20.
 Packages representing \$500, in various denominations; price, \$30.
 Packages representing \$1,000, in various denominations; price \$50.
 Packages representing \$2,000, in various denominations; price, \$80.

And so on for every package thereafter. If you order a \$50 package, we will sell to no one else in your town, thereby giving you exclusive right to dispose of it, or appoint agents to do so. For a county right you must order an \$80 package. In order to induce you to assist us in disposing of these notes, we propose to send you a package on receipt of one-half the price we charge above, you paying us the balance (one-half) as soon after you have received the package as possible. We trust only partly to your honesty to do this, at the same time thinking

that as you will consider it to your interest to deal with us further, you will comply with our request. If you are afraid to send money by mail to us, we will send you the package by express, C. O. D. (collect on delivery), one-half the price we charge for a package, you sending us the balance (one-half) as soon after the same is received as possible. However, it is preferable to have the money sent by mail, as it saves both you and us the express charges. Suit yourself. Should you desire to avail yourself of this opportunity, you must do so at once, and address in confidence,

G. CHANDLER & Co.

P. S.—If you do not wish to order in as large quantities as above, we will, on receipt of one dollar, forward you samples of the fractional currency; and on receipt of two dollars we will send you samples of the Treasury notes; or, on receipt of two dollars and fifty cents, we will send you samples of both, so that you can see for yourself before ordering a package. Do not delay, but send immediately, and forward the money by letter for samples.

Address all letters and orders to G. Chandler & Co., No. 87 South Clark st., Chicago, Ills."

It would be a satisfaction to have the parties who issue these circulars arrested and punished; but as prevention is better than cure, it may be still more satisfactory for the public to read these warnings in time, or wake up some morning and find themselves swindled.

The following notice has been issued by the Treasury Department.

TREASURER'S OFFICE,

Washington, Aug. 12, 1869.

This office will receive at the expense of the department, from any officer of the government, private party or corporation, any of the currency described below:

United States notes of the denomination of ten dollars, and of the denomination of fifty dollars, United States, known as the 'convertible issue,' authorized under act of February 25 and July 11, 1862, and all notes which are mutilated or in any way unfit for circulation, provided such remittances are made in amounts of \$500 or more, or exceeding \$1,000 or a multiple thereof by more than \$500, by Adams' Express, or by any express which that company has made such arrangements. The above restriction is made necessary by the terms of the contract with the Adams Express Company. Assistant Treasurers and United States depositories are requested to select from the currency which they have on hand such as is defined above, and forward it to me in accordance with the above condition, charging the amount of such remittance to me in account as a transfer of funds, unless they desire a return as specified by law for remittance made in compliance with this circular.

I will, if so requested, return my check on New York, Boston, Philadelphia, New Orleans or San Francisco, or will send other currency free of charge by express, whenever there is on hand in this office currency of the description desired in return.

F. E. SPINNER, Treasurer.

A NEW AND MOST DANGEROUS TEN DOLLAR COUNTEREIT GREENBACK has made its appearance lately, and caused a great deal of excitement at the United States Treasury. Specimens are being sent to the Treasurer's office daily, from various quarters, and in such numbers as to show that they have been extensively circulated. They are made by means of impressions procured from plates in the possession of the Bank Note companies. When the first series was received by General Spinner, he, on examination, came to the conclusion that they had been put out as a blind for future operations. Although very skillfully executed, they presented some defects which experienced persons could readily detect. (See description under "New Counterfeits.") But two specimens received by the Treasury on the 4th inst., bear witness that they are new issues; for all these defects have been removed, and the general appearance of the notes is so exactly like the genuine, as to almost defy detection by professional experts. Considerable amounts have been captured in New York in the hands of persons engaged in circulating them, but the plates have not yet been discovered.

A counterfeit coupon for three dollars, purporting to belong to a one hundred dollar 5.20 bond, has been received at the Treasury Department, which had been sent from Germany to New York, cashed here and forwarded to Washington for collection. The counterfeit is a lithograph, and when compared with the genuine coupon it could be easily detected by the most inexperienced persons; as the execution is rough and inartistic, the paper thin and common, and a trifle shorter than the genuine coupon. It assumes to belong to the 5.20s of 1862, fourth series, and bore the stamp of some German house on the back, but too indistinctly to be deciphered fully.

STOCK BROKERS AND BANKERS.

Commissioner Delano has made the following decision:—A person whose business it is to negotiate purchases or sales of stock is a banker within the meaning of paragraph one of section seventy-nine of the act of the 30th of June, 1864, as amended, if he has a place of business where he receives from others the stocks whose sale he negotiates or where money is advanced or loaned on stocks."

THE NEW TREASURY NOTES.—The following is a description of the new one and two dollar United States Treasury notes, to be put in circulation about the 1st of September:

The new one dollar notes will have a vignette of Washington and a representation of the discovery of America by Columbus on the face, instead of the vignette of Chief Justice Chase, as on those now in use.

The new two dollar notes will have a vignette of Jefferson and a view of the Capital, instead of the vignette of Franklin on the present ones. The plates for these notes have already been engraved at the Treasury Department.

The backs of the "ones" will be printed by the National Bank Note Company of New York, and those of the "twos" by the American Company of the same city.

The designs for the new fives, tens, twenties and other denominations, have not yet been determined upon.

The amount of \$10 Greenbacks in circulation is nearly \$33,000,000, of which, in response to the circular of the Secretary of the Treasury recalling it, some \$25,000 has already been forwarded from this city. Of the \$50 Greenback issue, there is only about \$17,000,000.

NEW COUNTERFEITS.

Every counterfeit that has ever been made has one or more mistakes in it. Our aim is to show what that mistake is.

THIRD NAT. BANK, Chicago, Ills.

2.10s raised from 1s. On right end die X is inserted instead of 1; on the border of the bill are figures 10 instead of 1.

5s, GREENBACKS.

The green ornamental engraving, lengthwise of the bill, in the counterfeit, is of a paler color than in the genuine, and has a brighter look than the dark green of the original. Seen under the microscope the engraving is coarse, but to the naked eye the bills have a very good appearance.

10s GREENBACKS.

The engraving is coarse. The vignette of Lincoln is a very indifferent engraving, and the scroll work around the medallion is poorly imitated. Letter C, twenty-third series.

10s, GREENBACKS.

An excellent imitation of the genuine. Note the following discrepancies. In the genuine, the shading around the 10 in the medallion appears like a fine net work, and runs close up to the figures. In the counterfeit, the shading is "plicked up," and becomes coarser as it reaches the figures, forming a light streak or circular haze. Another test is on the figure 10 within the light circle. The genuine has three and one-third dots on the left on the fig. 10, while the counterfeit has but three. Thus:

GENUINE. COUNTERFEIT.

But the surest test is under the left wing of the eagle. The genuine has FOUR DISTINCT ROWS OF FEATHERS under the wing, while in the counterfeit the rows of feathers are undefined. One issue of this counterfeit is of the new series, letter D, No. 53; another is letter D, with a small 5 under the D, No. 23. These counterfeit are the best we have ever seen.

Newer issues have appeared lately, in which the defects above referred to have been corrected. We would advise our patrons to refuse all tens, greenbacks, unless they know the parties from whom they receive them.

20s, GREENBACKS.

A dangerous counterfeit. Green ink a good color, but the paper too yellow. Principal defect is the die. No clear and distinct lines around the 20. Looks more like a collection of several spots. Female well done, but the face rather coarser than the genuine.

50s, GREENBACKS.

Imitation. Observe the figures 50 on back of the bill around the margin. The 5 in the imitation runs into the 0 on the lower left corner, and reads 550 instead of 50. The buttons on Hamilton's vest which are very distinct in genuine are scarcely discernable in the counterfeit. Genuine has FIVE white in the counterfeit you can hardly see FOUR. The note is dated March 10th, 1863. We would advise our patrons to scrutinize carefully all \$50 Treasury Notes, unless they know the parties from whom they receive them.

AUBURN CITY NAT. BANK, N. Y.

50s, imitation, are in circulation.

JEWETT CITY NAT. BANK, Conn.

2s and 5s, imitation, are in circulation.

Wyoming Co. Nat. Bank, Warsaw, N. Y.

5s raised to 100s. The bank issues no notes above 20s. Easily detected by the 100s in the upper corners on the face of the note. The alterations are made by removing the color and printing in its place. The ONE HUNDRED DOLLARS after "will pay on demand," are unusually well put in. The green ink on the back is of a yellowish tinge.

National Bank of R. I., Newport, R. I.

2s, imitation. Likely to deceive.

FRAUDULENT BANKS.

Lynn Park National Bank, N. Y. (No such bank.)

2s. Very well done.

Nat. Union Bank of Linderpark, N. Y.

2s, (NO SUCH BANK) well calculated to deceive.

National Bank of Idaho Territory.

10s. Well done.

National Bank of the State "IN" N. Y.

THE NEWSPAPER ROOM.

GEO. P. ROWELL & CO'S Advertising Agency, No. 40 Park Row, N. Y.

FOR \$100 PER LINE we will insert an advertisement in one thousand Newspapers, on month. The list include single papers of over 100,000 Circulation weekly, more than 100 Daily Papers, in which the advertiser obtains 24 insertions to the month, and the LEADING PAPERS IN MORE THAN 500 DIFFERENT TOWNS AND CITIES. COMPLETE FILES CAN BE EXAMINED AT OUR OFFICE. Send Stamp for our Circular. Address GEO. P. ROWELL & CO., Advertising Agents, New York.

Every Newspaper upon our Lists may be found on File at our office, and the Files are kept complete for Three Months to give ample time for examination by Advertisers.

Each Newspaper is examined daily by competent persons, and every insertion of each advertisement checked upon books kept for the purpose. If any omissions occur, the publishers are duly notified and required to make the full number of insertions good.

Our arrangements for the careful and methodical transaction of our business are most complete, and advertisers could afford to pay an increased price to secure our services were it necessary, but such is not the case, as our commissions are paid by Publishers, and the rates at which we contract are lower than could be obtained from the offices of the newspapers direct.

We receive advertisements for all Newspapers throughout the Country at Publishers' Rates; and with many of the Leading Papers we have Special Contracts whereby advantages are secured for our customers.

Estimates, showing the cost of advertising in any list of papers, furnished on application.

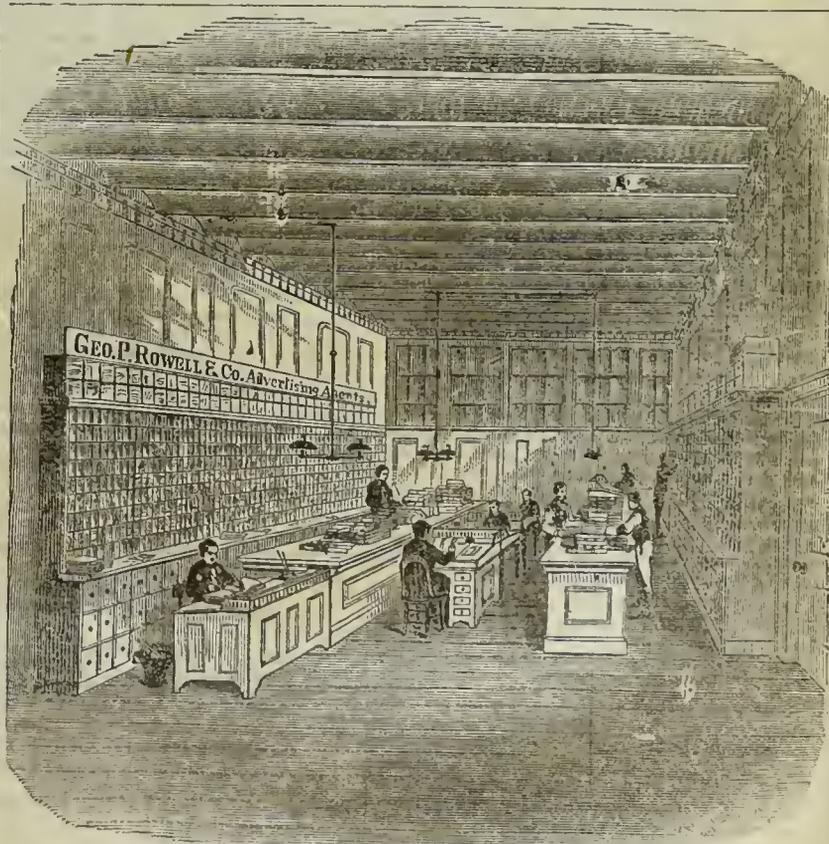

We receive the largest Newspaper Mail that comes to New York City.

We—ourselves—BELIEVE in Advertising; we cannot recall the name of any business firm which is at the present time so extensively advertised as our own.

We know by experience WHERE and how to Advertise.

The amount of Advertising sent from our house, in a single year, exceeds, by many thousand dollars, that emanating from any similar establishment in the world.

Advertisers will readily see the advantages we possess for transacting their business.

COUNTERFEIT GREENBACKS.

1s, (1st kind) can be readily detected by the inferior style of the engraving, particularly the head of Chase. The mouth is crooked, the eye imperfect, and the hair on the top of the head resembles side hair brushed over to cover baldness. The back is of a lighter green than the genuine.

1s, (2d kind) the general appearance is very coarse and may readily be detected; green ink is very pale. On the imitation there is a BLACK STRIP below the red figures on the upper part of the bill; none in gen.

2s, imit., well executed. Coat of Hamilton badly done. The shirt bosom of Hamilton is very dark and uneven, but in the genuine white and plain. The shading of the words "UNITED STATES" light and broken.

5s, 10s, gen. nine notes without the red seal, and others reported without the usual number being printed upon them.

5s, imit., words "United States" heavily shaded. Gen. are clear, lightly shaded and plain. The words "Patented 8th June, 1867," under the words N. York are not on the counterfeit bill. All the counterfeits are letter A, and are $\frac{1}{4}$ inch shorter than the genuine.

On the new series of letter "A," around the figure of Liberty on left end is a plain "back line." On the counterfeits, this line along the bottom of the figure runs towards the right of the note forming two distinct lines on gen. only one. But this

may be a counterfeiter's dodge to have it described and alter it afterwards.

5s, imit., this bill is well calculated to deceive, and the only difference we can detect is in the die on the right end enclosing the figure 5. The genuine has three black circles enclosing the 5. The imit. has only two, and on lower right end figure 8, and on left end series 90.

10s, Paper very light, and the green ink of a lighter shade. Dated March 10th, 1862.

10s alt'd from 1s, portrait of Chase on left.

10s imit. There are 16 small Xs on upper right margin, and only 15 on the genuine. The words "Printed by the National Bk Note Co." on lower left margin extends over 9 of the Xs on imit. and 8 on the genuine.

10s, imit., has 14 small x's on upper right margin—16 on left. The gen. has 15 x's each side of engravers name. Portrait of Pres. Lincoln is very coarse and pale looking; imit. are dated Washington, March 10, 1862, letter C.

20s, very close imit. of gen., the engraving is good, in the center figure the foot of the female can scarcely be seen. On the left end bottom are the words "Payable at the Treasury of the U. S. at New York." The A's in payable are too small and uneven. The letter "m" in the word "The" is not crossed in the centre. The imprint is defective; the green ink is of too light a color.

50s, alt'd from 2s, portrait of Hamilton on left centre. The vignettes of the two-dollar and fifty-dollar Treasury note are the same. Ingenious persons are counterfeiting the body of the fifties and using the vignettes of the twos, producing a note that deceives experts.

50s, imit. observe the figures 50 on back of the bill around the margin, the 5 in the imit. runs into the 0, gen. does not. The word "FIFTY" around the above 50 can scarcely be read. Words "LEGAL TENDER" is very much blurred. Letter C dated March 8, '63. On the left lower corner the No. 550 instead of 50 enclosed in one circle.

50s, imit., observe the head of Hamilton, upon the face of the note, which represents the line of the waistcoat crossing the white collar at the neck. The acute angle formed by the shape of the collar, so far as it is shown, is perfect in the counterfeit note; but in the genuine the lines of the flesh were drawn by the engraver across the point of the collar at its junction with the waistcoat, for the purpose of relieving the angle of the sharpness it would otherwise have exhibited. This difference is not readily observed unless the notes are perfectly clean. The other discrepancy is in the shape of the ornaments in the border on each end of the face of the bills, and in the whole border on the back. The figures "50" are engraved on a green ground, of which the rim, in the genuine bill, is in octagonal form, rather well defined, though the angles are not sharp. The eight sides of what at first view appeared to be circles, may be easily discerned. In the counterfeit bill the border ornaments, containing the "50" are octagonal in only a very slight degree, and seem to be perfect circles. The general appearance of the counterfeit gives an indication of its true character.

100s, imit. the red figures are much larger than the figures of any Treasury Notes, the wings of the eagle are very coarse—the double rule running from it is heavier, and the curve twice as large, while there is a diagonal shading at the joint of the imprint with the rule, which does not appear on the genuine. On the right end of the back of the bill, the 100 in the circles are inverted, thus, 001. In the genuine this inversion is on the left end. The imprint, American Bank Note Co., is very uneven, and too large.

100s, imit., (2d kind) of the notes issued under the act of February, 1862, well executed. The spurious note is smaller, and the coloring on the back is paler than on the genuine bill. The words "one hundred dollars" on the right hand side of the counterfeit are smaller than on the genuine note.

100s, imit., (3d kind) the note is smaller than the genuine, the spread eagle is very coarse, and the shading of UNITED STATES is badly done. The bill is calculated to deceive.

COUNTERFEIT COUPONS.

The following are the words on the coupons: "Acts of July 17 and August 5, 1861. The United States of America will pay to bearer fifteen dollars for six months' interest due 1st January, 1867, upon bond No. 785, for \$500. L. E. Chittenden, Register United States Treasury."

FIVE CENT COIN COUNTERFEITS

Are in circulation. They may be distinguished from the genuine by the softness of the metal

COUNTERFEIT FRACTIONAL CURRENCY. Old Issue.

50s, imit., the portraits of Washington differs one from another; in the genuine they are all alike; the green color looks light and pale.

25s, imit., well executed. Look out.

2d Issue.

10s, imitation. All gen. on the top has the word "Depositaries," the imitation reads "Depositories."

50s, imit., have a pale slate color. The small barrels on lower right corner are very indistinct. The gen. have six barrels perfectly clear and plain. Three on lower row, two on next, and one on top. The counterfeit barrels are black, and gen. are white.

50s raised from 5s.

3d Issue.

50s, imit.; two kinds of the new long 50 cent currency. The imitation of one kind has DESIGNATED on upper right corner instead of DESIGNATED. The second kind has designated correctly spelt, but on the little American Shield, under the Eagle, there is a black line drawn across the upright bars of the Shield. Not so on the genuine.

25s, imit., are very pale and coarse. The letter C in cents on left end is smaller than the other letters, and too far off.

New Issue.

25, imitation. Above the words "Treasury Department," on the bottom of the hill in the genuine there is a fine normal line—the counterfeiter have a straight line.

Notice the shading of the "25" on the back of the note. The genuine is dark, while the counterfeit's is very pale, and very little darker than the other green. The word "of" on the face of the genuine appears thus—"of"—on the counterfeit "of."

25s, imit., well executed, but may be detected by the absence of a period (.) after the word Treasurer under Spinner's name; the work is better than any we have previously seen and liable to deceive unless carefully examined.

25s, well executed; head of Chittenden; where it reads "Furnished only by the Assistant Treasurers" the Assistant is spelt "Assistata." In the genuine the shading of the letter "E" in "Five" is unbroken, while the counterfeit has a little notch in it.

50s, well executed. The engraving on the face of the note is excellent. The adverse is slightly blurred. The notes are an eighth of an inch narrower than the genuine.

50s, the "y" in "Colby's" name crosses a line of the coat in the genuine, but not in the counterfeit.

50s, the line of stars on counterfeit between the figures "50" at the top and bottom of the back of the note have white centres, while the entire stars on genuine are in green. The reading in black on the genuine note clear and distinct, while on the counterfeit the bronze is printed on the black, the words "FIFTY CENTS" being almost obliterated.

50s, well done. The last "e" in the signature of F. E. Spinner is omitted in some, and the (.) after print, on one end, and the d. after March 30.

50s. New and dangerous counterfeits of the last issue of the fifty cent fractional currency notes, which bear upon their face the head of Treasurer Spinner, have been detected by the Treasury Department. It can be detected by the absence of a period (.) after the word print on the right end, and also under the letter "d" in "March 30," on the left end. The paper is thicker than that of the genuine notes, and the general appearance is calculated to deceive unless closely inspected.

COUNTERFEIT 7.30 BONDS.

The seal is slightly larger than the genuine; the red ink with which it is stamped is a shade lighter, and the points projecting from the seal are blurred and a little longer than the genuine. The imprint at the bottom of the face of the bond is set different in the margin, there being more space given it than in the genuine. The borders of the coupon which are attached to the counterfeit bonds are larger, while the red figures are finer than in the genuine. The borders of the ornamental title work are blurred and somewhat indifferently executed. The figures denoting the bond are slightly uneven, while the blue ink in which they are printed is a duller blue and lacks the metallic glossy appearance of the genuine.

First, Chestnut st. Par C. H. Clark, Pres. M. McMichael, jr., Cash. 10s. limit. This is a dangerous counterfeit. The shading under "Philadelphia" being very black and continuous. Notice the absence of shading on the words "will pay" and "to bearer," and by the word "currency" on upper right corner of the bill being spelled "currency."	Second, Frankfort st. Par N. Hillies, Pres. J. S. Brown, Cash.
Third, 1428 Market st. Par D. R. Paul, Pres. R. Glendinning, Cash. 10s. limit. Very dangerous and likely to deceive good judges. MORE THAN 500,000 PERSONS
 Bear testimony to the Wonderful Curative Effects of

Dr. Joseph Walker's

"The Life of all Flesh is the Blood thereof." Purify the Blood and the health of the whole system will follow. It is a Gentle Purgative as well as a Tonic.

These Bitters are not a gilled pill, to delight the eye or please the fancy, but a medical preparation, composed of the best vegetable ingredients known.

CALIFORNIA

Vinegar Bitters,

Manufactured from the native Herbs and Roots of California.

The Great Blood Purifier.

FOR INFLAMMATORY AND CHRONIC RHEUMATISM AND GOUT, DYSPEPSIA or INDIGESTION, BILIOUS, REMITTENT and INTERMITTENT FEVERS, DISEASES OF THE BLOOD, LIVER, KIDNEYS and BLADDER, these BITTERS have been most successful. SUCH DISEASES are caused by VITIATED BLOOD, which is generally produced by derangement of the DIGESTIVE ORGANS.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood healthy, and all will be well.
