-COMMERCE - JAPAN Editorial describes closer economic relationship between occupied China and Japan. Full details. KTH 5 F 44 1:7 Item 1387 R3969.

-COMMERCE - ORGANIZATION On the occasion of the cancellation of the rice-transportation-restrictions, the Chinese editor of the Japanese Army newspaper Tairiku Shimpu criticizes the whole present commodity-control-system in China. Its sudden introduction causes not only an insufficient distribution of goods, but also paved the way for the selling of rice by racketeers at exorbitant prices on the black market. The distribution of commodities should be effected by the Government and not by merchants, as it is done at present, although this may prove not practicable under the prevailing conditions in China. The newspaper expresses its fear that the Government will not be able to avoid renewed speculation and hoarding. Additional details. NA 31 My 44 5-3. It was decided to establish a chapter of the Commercial Control Society in Kwangtung province. Additional details. CSJ 30 Mr 44 2:6 Item 1414 R4263.
