OF COMMINIOR OF THE CONTROL OF THE C

open port. Why should they not consider the possibility of city control of the harbor railway? A mass of information had been secured by the city solicitor about union terminals and belt lines, and turned over to the premier. Mr. McBride on his recent eastern trip had paid a special visit to Buffalo, where the state managed the union freight and passenger terminal.

Alderman H. M. Fullerton believed the promoters were men of substance who should be encouraged, and was glad to learn the mayor recognized the provincial government was doing something for the city. He, however, was not going to allow the city solicitor or any official to dictate the policy of the council—they, were there to give advice on departmental subjects. The council existed to decide policy.

The mayor refused to permit an alderman to discuss an official in his absence.

Alderman Moresby observed that it

League baseball club, was sentinary, but not fatally injured, in an automo-bile accident last night near Goulds-boro, Pa., in the Pocono mountains, eighteen miles southeast of Scranton.

He was unconscious for hours. Rev. Peter F. Lynett of Matam Rev. Peter F. Lynett of Matamoras, Pa., who was in the machine with Mr. and Mrs. David Holden of Matamoras, Pa., also was badly hurt. Lynett had both his legs broken and his left arm was fractured. The Holdens, who had but a few hours before been married by Father Lynett, were slightly injured.

It was about 11.30 o'clock when the auction will close to-day. Many buyers are holding off, expecting that a drop in

ng help, managed to haul the wrecked obile from the injured men

SUFFOCATED IN WELL -

Rugg, aged 26, lately from England, was suffocated late yesterday at the bottom of a well he was sinking on the old Degrow farm, seven miles southeast of here.

Montreal, Dec. 2.—Though having passed a fairly easy night, Rev. Canon Eliegood was not improved this morning. His whalisy, though great, has been so weakened that his condition is critical.

onths term would be the best for Nex, th men, and Alderman Gleason 271.

negative.

TRAMWAY MATTERS.

To the Editor: -In reference to you accusing Alderman Humber of removing material to his brickyard belonging to the city, and though the name was not mentioned the alderman later admitted he was the man referred to so that further secrecy is unnecessary, and also that the alderman wished to fight a man on the street, and he would bring witnesses to prove the statements made in the communication.

To the Editor:—In reference to severally support the incompany, I best to state that on the following morning the executive of the union, entirely voluntarily, called upon the management and stated in very distinct terms that they disapproved of what was said in your editorial and, on behalf of the union, they gave me the enclosed letter. This, I feel sure, will refute the statements made in the cell-torial much better than anything I can have the letter read, and a resolution say, and I shall be much obliged if you Yours truly,

A. T. GOWARD, Local Manager

A. T. Goward, Esq., Local Manager Messrs. B. C. Electric Railway Co.

Dear Sir:—I have to inform you on behalf of Capital Division 109 of the Amalgamated Association of Street and

reservoir and built a fence round his reservoir and built a fence round his residence. The man referred to was a dismissed city official. Everything he had taken away had been paid for at a regular charge per yard. When the elections came he was quite prepared to defend his character.

Mayor Morley denied that he knew of the existence of the letter before Thursday.

He had learnt since the letter had

Thursday.

He had learnt since the letter had been shown to Alderman Humber by a city official before reaching the council.

Alderman H. M. Fullerton said the mayor had advised several times this year to hold back communications, and it would have been better in the city's interests to have done the same with this one. He believed these accusations were absolutely unfounded and untrue, and it was a shame to allow the council chamber to be used to slar.

have accelerated, apparently is creating some concern amongst the rank and file of the supporters of the "solid seven" in this province. An attempt was made at the late Conservative convention, held at New Westminster, to allay this growing discontent except all classes of consumers.

Signed on behalf of the Executive

(Sgd.) JOHN T. WOOD, President. Victoria, B. C., 2nd Dec., 1911.

SUGGESTS INCONSISTENCY.

Editor Times:—The growing ad-cance in the west of all food products which the late election only appears to

have accelerated, apparently is creat

tent amongst all classes of consumers by asking the Dominion government to appoint a royal commission to inquire into the high cost of living through-out the Dominion. And as a further proof of their great desire to turnish the consumer with cheaper food they also passed a resolution requesting th ment to raise the duty on Amer can fruit to the same level as charge Canadian fruit entering the United States. Surely in the face of such convincing evidence, no one could have the hardihood to doubt the sincerity of these well-meaning delegates. It must indeed be good news to all house

wives. They should all acclaim with a loud voice, Great is McBride of the Conservative Junta! YOURS FOR A SQUARE DEAL

Order of Owls.

Order of Owls.

In referring to the Order of Owls, of which there is established in this city a subordinate nest, designated by the name "Victoria Nest, 1383, Order of Owls," the organization is worthy of consideration from several stand-noints. It embodies the idea of representative form of government, but it does not invite chaos or confusion. It's plan-of operation may thus briefly be set forth, Membership is of four degrees. Those who enter do so by becoming enrolled and initiated into one of the subordinate lodges and thus take ordinate lodges and thus take

tailed or collected in connection with advancement in this order, after the first has been taken, and advancement is carned by doing ufselfish and benenis work for and otherwise advancing the purposes and interests of the order.

The Order of Owls is but six years old, has approximately \$90,000 members in 1,620 lodges, and is establishing new lodges at the rate of about one per day. The home nest of headquarters of this lodge is in South Bend, Indiana, and is supported by a per capital tax of but 40 cents per year (the lowest of any fraternal order). No salaries are drawn by any officer of the home, nest, and the surplus derived from the per capita tax, after paying the running expenses, is used for appropriations for pensions paid monthly to assist in the supperse of the widows and orphans of deceased members. The home nest have also established orphan homes, and will gare for the little of the public as well as to the examination of the public as well as to the examination of the public as well as to the examination of the public as well as to the examination of the public as well as to the examination of the public as well as to the supreme body of the Order of Owls, which was established last winter, is now in a flourishing condition, and although in its infancy, has a membership of nearly 200, and bids fair to become one of the strongest fraternal organizations in the city.

The Owls help the needy, visit and the kind of the content that dead and take of which several candidates will be discussed as well as the close of which several candidates will be discussed as well as the close of which several candidates will be discussed as well as the close of which several candidates will be discussed as well as the election of which several candidates will be discussed as well as the election of which several candidates will be discussed as well as the close of which several candidates will be discussed as well as the close of which several candidates will be discussed as well as the close of which several candid

in the world will be designated in history the era of industrial and commercial strife. Signs are not wanting that armed warfare, whether by land or sea, is dreaded by all the great powers. The humane instincts of the race have been sufficiently developed to enable the civilized nations to see that there is scarcely anything worth the while of brutal and bloody conflict. Though the savage instinct is still manifest in outbreaks of temper and quarrelsome haste to approach the border line of threat and menace, deliberate judgment, has of late most frequently decided that it must be a serious casus belli that will justify an outbreak of hostilities.

Perhaps industrial and commercial warfare will exact a tale of victims equal to the older forms of combat. Competition may result in economic his political record; to acknowledge the protection of the public. The deadly in the long run and to as many tion of sound commercial and political this Toronto case has been speedy process of e that phase of experience in the evolu-tion of the race is to be mitigated it must be by the adoption of wise maintaining the solidarity of the Emp prove "wanton driving," enough evieconomic international relations and the civilized nations must arrive at contingency that can be foreseen in obtained in many cases to warrant commercial entente cordiale as sincere commercial entente cordiale as sincere overesus Dominions while they main-weigh carefully the comparative dis-

ference when the relations of the dif-Mother of them all were under con- Saxon peoples perpetuated. We are of Mother of them all were under consideration. No one can reasonably dissideration. MONDAY

MONDAY

See the View street windows for this line. There are many styles to choose from and splendid quality is well combined with an exceptionally low price. There is a size and a style in this lot to please any woman in town. Some are strictly plain tailored, while others are in a diversity of tucked styles, mostly with detachable laundered collars and laundered link cuffs, but a few are handsomely trimmed. Inspect the goods. They tell their own story.

### A Special in Furs, Muffs and Stole Sets at \$5.00 To-Nihgt at 7.30

These are made of Brown Bearskin, well lined and finished The Muffs are large and the Stoles have a wide collar, and extend down to the waist. This is an unusually low price for a fur set, but it offers many women an opportunity to se cure a useful set at a saving. Special to-night at 7.30, per

### Hats and Caps for Baby at 25c

There are Hoods, Caps and Tams to choose from, in a variety of styles; some made of bearskin trimmed with ribbons and feathers, and some made of wool neatly crocheted. Not one of these are worth less than 50c, and many are worth much 

### Women's Coats at \$7.75 To-Day--Regular Values from \$15 to \$25

There are just 75 of these coats, made of good Tweeds and Venetian cloths, in a variety of styles and all sizes. The colors include many grey mixtures, light and dark blues, greens and browns, and in the diversity of styles—all the season's most popular styles are well represented. We consider that these are even better values than you could geasonably expect to procupe at a Spencer Sale, and we are doubtful whether such rare values will again be offered this season. Remember that there are 

### Men's and Boys' Furnishing Low Prices Prevail To-Day

BOYS' SWEATERS-These are a specially good line, made of a mixture of wool and cotton, just enough cotton to make them wear twice as long as they would without it, and prevent them shrinking. They have fancy stripe roll collars and may be had in colors navy, grey and red. , Sizes to fit 

MEN'S IMPORTED SOX-These are pure black worsted sox. are a little heavier than usual for winter wear. A card of mending wool with every pair. Come in sizes from 91/2 to 11

striped and natural colored garments, sanitary wool, fleece lined, will not irritate a sensitive skin, and are rare value

### Some Excellent Values in Suit Cases To-Day

TAN LEATHERETTE SUIT CASES-These are extra deep and are fitted with strong lock and side clasps, reinforced leather corners and straps inside. Size 24 inches, each \$2.65

TAN LEATHERETTE SUIT CASES, of a superior quality and fitted with outside and inside straps, strong locks and side clasps. Although the price is a little higher than some that we are now selling, the quality more than balances the difference and we consider that better values would be hard ting and are a very serviceable case. They are neatly lined with watered moire and are fitted with an inside pocket. The size is the useful 24-inch and they are extra good value

### CIVIC RECEPTION TO MISS CAMERON

TALENTED LECTURER WILL BE HONORED

In Her Home City at an Early Date-Recognition of Her Work

At the city council last evening Mayor Morley suggested a civic reception to Miss Agnes Deans.Cameron, as a native daughter who had just returned from the Old Country, whom they all recognized as standing very prominently in the English-speaking they all recognized as statistically prominently in the English-speaking world for all that was best in Canada, and who perhaps was better known for her work as author and lecturer than any other man or woman in Canada and washawk citizen. and had done much in the above Country, where she seemed more appreciated than in her own city here. He believed it was time they should recognize her worth and ability. (Hear, hear.) They might give a reception at the Y. M. C. A. or the Alexandra Chib, and he would like a committee to arrange a suitable date with Miss Cameron.

Ald. Langley supported the m ecognizing that Miss Cameron had one much in the way of publicity for trilish Columbia, and had done it in Aldermen H. M. Fullerton, Peden a

given up active participation in active sports. In his vounger days he was and, with a number of others, among sports. In his vounger days he was and, with a number of others, among sports. In his vounger days he was and, with a number of others, among the heart of ability. He was a splendld rifte shot and in 1888 was like the present Judge Gailliner and produced in the present Judge Gailliner and produced in the sport of the about at Ottawa, and some years reviews to the 90th lacrosse glub. Bill Clarke was a member of the Port Garry's, Winnipeg's first lacrosse when in 1884 he went with the Ball games in vound the same than a weeden man. He fell all over himself, and would miss the puck on a pass, by several feet. The rubber would flash by like a streak of lightening, bound against the wall and beat him, again as when Clarke and he got acquainted in a way which did not allow of the matches with a team from the Main as which did not allow of the matches with a team from the Main as which did not allow of the and six or seven other Britishs, cover all right, but not without from the Hain as were the natives at this feat, that they ran the northerners and the produced with moment, and his head allower himself and the other sank against a team from Chicago, which had to come and play at Stanford College ice hockey, from a their own games and the produced with the same thing happened. When the present Judge and the Renfrew team, of which he was a member, played two exhibition games with the Wanderers in New York. It was the first time he and three othres of the Renfrew men had ever skated on artificial ice, and to use his own words he was of no more use than a wooden man. He fell all over himself, and would miss the puck on a pass, by several fect. The rubber would flash by like a streak of lightening, bound against the wall and beat him again coming back. And three of his team mates were in the same trouble as himself. The Wanderers, on the other hand, were all experienced artificial ice mates were in the same trouble as himself. The Wanderers, on the other hand, were all experienced artificial ice skaters, and the result was that they piled up a score of 14 to 5 on their opponents. However, the score on the following night, 5 to 3 for the Wanderers, shows how quickly the skaters can adapt themselves to the changed conditions.

ent point in its favor, however, is the fact that the centre of the play is al-ways under the eyes of all the spec-tators.

son in vaudeville. Chief is one of the best live-bird shots in the country and an extendely good target shot. He has planned to shoot some big matches WITH RENFREW this season, but the theatrical engage-ments prevent.

A Christmas Pleasure That's Mutual

The GILLETTE Salety Razor is a gift that pleases much at first, and more every day. It is as handsome as a piece of jewelry—and even better than it looks. Daily, for a lifetime, it will transform shaving from an irksome task into a pleasant incident in the

When you give him a GILLETTE for Christmas you do much more than add to a man's daily comfort. Your pleasure lies in encouraging in him those sterling habits of self-reliance, self-respect and economy of time, of which the morning CILLETTE shave is a symbol.

Keenest, quickest, most convenient, and the only adjustable razor, the GILLETTE is a

The Columbia Athletic Club of Van The Country is working hard to get the Can-adian Rugby game going in Vancouver and hopes to have a new league form-ed next season. Between twenty and thirty members are practicing steadily.

The topic of conversation amongst the fight fans just at present centres on the question, "How long would Welsh have lasted against Wolgast If the latter had been in the ring on Thursday

# STANFORD FIFTEEN

It is Believed Victoria Will Bring Cooper-Keith Cup Holders North

Ottawa, Ont., Dec. 2.—A hitch that may result in the abandonment of all the plans formed to date has occurred in connection with the organization of the Ottawa branch of the Interprovincial Amateur Hockey Union. There was a meeting this afternoon for the purpose of combining the Ottawa College, Renfrew, Stewarton, National and New Edinburgh teams as the Ottawa section, but at the eleventh hour the Ottawa University club refused to play in the event of Renfrew being admitted.

Of Abe Attell in their recent go, the featherweight champion has decided the Vancouver Rugby Union held last the Vancouver Rugby Union held last the Vancouver Rugby Union held last the Vancouver and play a series of three matches during the Christmas holidays. Local enthusiasts would have preferred a championship to take a chance on him.

The new stadium for the Olympic toria for the right to play for the international title, the locals recognize the capitals as the present champions of British Columbia and as beginning the Vancouver Rugby Union held last the Vancouver Rugby Union held last the Vancouver and play a series of three matches during the Vancouver and play a series of three matches during the Christmas holidays. Local enthusiasts would have preferred a championship to games next year is now so far advanced that it is certain that it will be Christmas holidays. Local enthusiasms would have preferred a championship series with the University of California, holders of the Cooper Keith cup, but as Vancouver omitted to challenge Victoria for the right to play for the international title, the locals recognize the capitals as the present champions of British Columbia and as having the steph to challenge the Berkeley fiftern. ight to challenge the Berkeley fifte

It is proposed to play the matches here on Christmas Day, Thursday, De-cember 28, and New Year's Day. It is altogether likely that Victoria will bring California north, playing a series in Victoria, while the Stantard

# next. Renfrew's acquisition was looking of the dupon as a boom to the league and they would have made it a very interesting series. Without Renfrew the league would confine interest to Ottawa and be far less exciting. Everything looked rosy previous to to-day's meeting, but the unexpected stand of the College and National clubs has left it in a very unsettled state. WORKING WITH N. L. U.

Vancouver and New Westminster May Take Up Arms Against Big Four

Montreal, Dec. 2.-The Herald has inside information to the effect that an side information to the effect that an agreement is proposed between the British Columbia Lacrosse League, composed of Vancouver and New Westminster, and the National Lacrosse Union.

This agreement will be used possibly as a weapon against the newly organized four-club pro league, the Dominton Lacrosse Union.

minion government.

Real estate men figure the price of

minion government.

Real estate men figure the price of the complete property would be about \$450,000 and intimate that for a sale to parties that would desire to acquire it, the price would be one that would have to meet the owners' estimate, as to acquire such a large parcel of property on a back street would be a matter in which 'the, purchaser would have to agree on the terms the vendors stated. While the rumors have been flying about for some time the whole transaction would depend upon the Ottawa authorities making provision in the estimates for a new post office.

Investors lately have had the choice between the capital city subdivisions and those outside the city in various parts of the province, but the demand has principally been for close in lots and homes. Agents speak of a healthy improvement in this class of business. A steady increase in inquirtes has been noticeable in most of the offices shrough the week, while at Oak Bay the stability of real estate has been attested by inquiry through two weeks of buyers who desire to pay cash. These are mostly prairie people seeking residences and lots on which to build.

The development in house building has had a consequent effect—on the lumber mills and the Canadian Puget. Sound mill has found it necessary to use all the space afforded in its yards for the purpose of meeting the output. For this purpose the company is about to remove its offices from the present location to the corner at Discovery and store streets, which was acquired by the firm about eight months ago, and

RETURNS SHOW FALLING OFF IN IMMIGRATION

Canada is Now Attracting Large Number of New Settlers

New York, Dec. 2.-Francis Sherood, in discussing the ebb and flow of immigration in the Review of Reiews for December, says that little attention has been given to the facthat in the course of the year which is just closing a marked change occur-red in the movement to this country, Between January 1 and September 20. Between January I and september yet 1911. Mr. Sherwood says, 460,670 per-sons landed on our shores from the third-class cabins of the trans-Atlan-tic liners. This is a failing off of 278,424, or 28.81 per cent. in comparison with

ast year.

Mr. Sherwood says: "The immigra-ion to Canada for the first nine nonths of this year, in contrast to that

politics. (Laughter We all know well." Sir Edward

KUBELIK THE MASTER.

Enthralled Large Audience at Vietoria Theatre Last Night.

Maetro Jan Kubelik, monarch of all he surveys in the realm of the violin, last night took into willing captivity a large audience at the Victoria theatre and held it there until the final renthralling strains from his royal instrument had died away.

Kubelik in many respects is the greatest living master of the violin, Although still in early manhood it can safely be said that years ago he was regarded in the very front rank of the select virtuous who went about thrilling the music lovers of the world. Experience and maturity have strengthened his personality, deepened his temperament and possibly improved his exquisite art, but it is in many comparisons or indulge in any mental saides when Kubelik is wielding the possibly more last of our relations is with the United States of America, you will realize how wonderfully the work of an Ambassador has been performed by Mr. Expec. The imanner in which work and the state of the process of the world of an Ambassador has been performed by Mr. Expec. The imanner in which work and the policital life in this country to the Labertal Mather Mr. Bryce was when he was in policital life in this country to the Labertal Mather Mr. Bryce when he was in policital life in this country to the Labertal Mather Mr. Bryce when he was in policital life in this country to the Labertal Mather Mr. Bryce was when he was in policital life in this country to the Labertal Mather Mr. Bryce was when he was in policital life in this country to the Labertal Mather Mr. Bryce was when he was in policital life in this country to the Labertal Mather Mr. Bryce was when he was in policital life in this country to the Labertal Mather Mr. Bryce when he was in policital life in this country to the Labertal Mather Mr. Bryce when he was in policital life in this country to the Labertal Mather Mr. Bryce when he was in policital life in this country to the Labertal Mather Mr. Bryce when to have any special reason for taking lader.

red his temperament and possibly improved his exquisite art, but its indeed difficult for anyone to make any comparisons or indulge in any mental asides when Kubelik is wielding the low. The 'master admits of no competition. The audience belongs to aim as he wills and none ever entered thraildom with so much 'indisguised pleasure as those enraptured listeners at the Victoria last night, and the Victoria last night, and the Victoria last night could not as stribe a Kubelik performance. Wordshave not been formed to convey a true impression of the character of the music he can extract from the strings of his beloved "Strad." His programmes are always selected with a view to the highest variation of artistic perfection. It is difficult to differentiate between the pleces. The audience last night could not and loudy encored every one.

The Ladies Musical Society are to be congratulated upon their enterprise in bringing to Victoria this great master of a master instrument.

FRAUDULENT REGISTRATION.

Los Angeles, Cal., Dec. 2.—Between 199 and 159 persons, both men and women, for whom warrants have been issued, are expected to be arrested in tennection with the alleged fraudulent registration for the city election next truesday. For several days an investigation of alleged 'filegal registration has been conducted by the police and other persons interested in the election and a large number of citations were issued for persons who could not them in the registration blanks, and the warrants were issued in anticipation of their fallure to appear before the election board.

Kerosene was introduced for lighting in 183.

Power his honor said that from the evidence he believed the safe was not as ered by Arbitrary Clause in Agreement of Sale

Agreement of Sale

The reserved judgment by Judge Lampman in the action brought by the Norris Safe & Lock Company, Seattle and Vancouver, to recover \$109.70 from Currie & Power, real estate agents, an amount alleged to be due on account dence he believed the safe was not as represented. The deed while In fact they were not, and it was doubtful if the safe delivered by the safe company was a freproof article. The agent of the company in selling the safe agreed to deliver a Hall fireproof safe, and it was on this representation that the sale was made. The safe was not as represented. The defendants thought they were buying a Hall safe while In fact they were not, and it was doubtful if the safe delivered by the safe company was a freproof article. The agent of the company in selling the safe agreed to deliver a Hall fireproof safe, and it was on this representation that the safe was not as represented. The defendants thought they were buying a Hall safe while In fact they were not, and it was doubtful if the safe delivered by the safe company was a freproof article. The agent of the company in selling the safe agreed to deliver a Hall fireproof safe, and it was on this representation that the sale was made. The safe was not as

of purchase of one of the company's safes from the plaintiff, was issued once given could not be countermanded, who alleged that the safe purchased which precluded the safe purchased which precluded the defing to specifications and representations made by the company's salesman to the purchasers.

In upholding the defence of Currie & In upholding the defendants were entitled to rescind. titled to rescind."

Frank Higgins appeared for the de-endants and H. B. Robertson for the plaintiff company.

EXCITEMENT OF MOVING PIC

Moving pictures now share with Robmson Crusoe the odium of luring youth into evil ways. There is strong probability that both of these forms of entertainment are guilty of the charge brought against them, but in their defence it must be admitted that part of the notoriety thus conferred upon them would probably be extended by a careful investigation to some of the literary and mechanical masterpieces of other ages. Has any Greek antiquarian ever looked into the statistics of crime during the height of the popularity of the dramas dealing with the Orestes story? Has any tabulation ever been made of the relative amount of vituperation just preceding and just following. made of the relative amount of vituperation just preceding and just following
the writing of the Inferno: Indeed, if a
one were to be quite thoroughgoins, l
could he free Milton and Cotton Mather
and John Knox from the indictment of
corrupting the manners of their respective times by their unbridled
tongues? How many learned sermons
must be suppressed if we are to come
down upon all incitements to recklessness of utterance? It is not likely that
Defoe is a worse sinner in inducing Defoe is a worse sinner in inducing boys to run away to sea than Marco boys to run away to sea than starce Pollo was in enticing older men to leave their families for a search even more vain. The security of the past is due in no small part to the lack of socie-ties for the prevention of this or that. with the resulting accumulation of demning figures.—Montreal Herald.

# **Prices Advancing**

There are eleven lots left in Cranmore Place, North Hampshire Road, between Bowker avenue and Cranmore road, These are all held at prices considerably lower than surrounding property. TO PROTECT OURSELVES WE HAVE DECIDED TO ADVANCE ALL LOTS ONE HUNDRED DOL-LARS EACH AFTER SATURDAY, DECEMBER 9TH

The present prices are

Lots 1 and 2, on Bowker avenue, each	2920
Lot 3, on Hampshire Road	800
Lot 9, on Hampshire Road	3900
Lots 13 and 14, on Cranmore Road, each	,000
Lot 16, on Cranmore Road	\$950
Lot 17, on Cranmore Road	pour
Lot 28. Bowker Avenue	8950
Lot 29 Bowker Avenue	\$900
Lot 30 Bowker Avenue	5850

There is sea view from several of the lots, and all are the sea and almost adjoining the new cricket and tennis grounds. The street car is a little over a block away and willsoon pass the property.

Work is about to commence on the Uplands Farm and these lots are in the direct line of the improvements which will carry prices away up. This is the last opportunity to obtain carry prices away up. This is the last opportunity to obtain lots at speculative prices in this district. In the very near future they will be worth double what we are selling them at today. Remember that there are only eleven lots left and the prices advance Saturday. Dec. 9.

Mrs. Day, addressing the gathering of new members prior to the opening of the club, drew the attention of the ladies to the club motto, "Sympathy and Service," saying that in this would

ladies to the crub motto, symany, and Service," saying that in this would be found the essence of the purpose of the society, which if correctly followed would bring about a spirit of mutual tolerance among the members, and tolerance among the members, and would make them keen to minister the comfort and happiness of the oth

ers.

The new club, consisting of a suite of six rooms, looked very gay and hospitable with the dainty tables set out with tempting refreehments which were dispensed among the guests. There are reading and writing rooms, tea-rooms, a committee room, kitchen and cloak room, where the members may find rest and recreation from 10 a. m. to 10 p. m.

### The Evening Chit-Chat

By Ruth Cameron

"All things are engaged in writing teir history. The rolling rock leaves ts scratches on the mountain; the iver, its channel in the soil; the animal, its bones in the stratum; the fern and leaf, their modest epi-taph in the coal. The falling drop

makes its sculp-ture in the sand or the stone. Not a footstep into the snow or along the ground but prints more or less last more or less lastmemory of his fellows, and in his own

nanners and face."

—Ralph Waldo Emerson "The day will come," I once heard a sychologist prophecy, "when we shall e able to read each other's minds." "Well, I devoutly hope not," prompt-

spoke.

And the rest of the group echoed the wish in varying forms, but with unvaried fervor.

This unwillingness that our fellow men should be able to see into our hearts seems to be universal. I don't wonder. I share it just as you do. But I do, wonder if most of us realize to be a large an extent others can see the

I do wonder it most of us realize to how large an extent others can see the inside of our hearts.

I was talking with a big business man the other day, a man who owes such of his success to his ability to understand human nature. "Do y know," he said. "I believe that ever body wears a label and somebody reading it all the time."

There are no such things as secret

# THE GREAT COQUITLAM TERMINALS

# Eyes of Continent Now on Coquitlam

Railway Company Already Starts to Work---Big Demand for Lots-Five Banks to Locate Here-Stupendous Advertising Campaign Inaugurated

and the question of the ratification of ity of Coquitlam and the Canadian Pacific Company has received the alof the Municipality: finally read and passed by the Municipal Council and sent on to the Lieutenant Governor for sent on to the Lieutenant Governor for its legal ratification by the Provincial Government. Saturday last will be a great day in the history of Coquitlam, for on that day the citizens made history, shaping the future to their own benefit by passing the Bylaw. Increased population is bound to pour into the district and in time close settlement will come, linking it up with both Vancouver and New Westminster,

The period of waiting is at last over and the question of the ratification of the agreement between the Municipality of Coquitiam and the Canadian Pacific Company has received the almost unanimous assent of the electors of the Municipality: finally read and the Municipality finally read and the Company. Who will have to be closed in order to give the Railway closed in order to give the Railway Company uninterrupted possession of the large tract of land which they purchased some months ago and upon which they have already spent about a million dollars. Surveyors are now on the ground, platting out the new road locations and the contractor is shipping in tools and materials for the commercement of the work and camps are being prepared and as soon as weathe conditions are more favorable. about ilt of the acceptance of this two hundred men will be set to work on the roadmaking.

### Construction Has Already Started

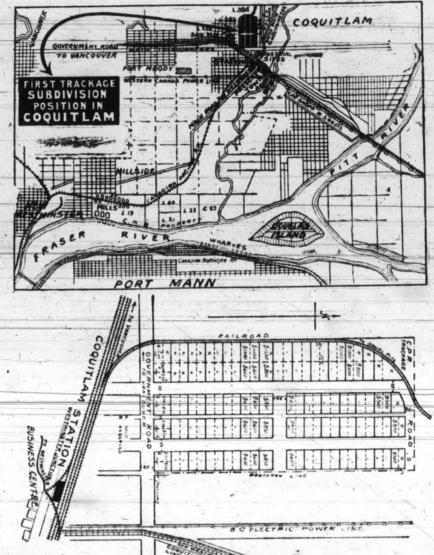

Read the following statement by General Superintendent F. F. Busteed, of the C. P. R., Pacific Division, outlin-ing work, which appeared in the Van-couver Province of November 21st:

"The emphatic endorsement of the "The emphatic endorsement of the agreement clears the decks for our work at Coquitlam. We are now free to proceed with the spending of the lummediate appropriation which we bound ourselves to make if the by-law were approved. We have already let a contract for street diversions, and are about to let a contract for the clearing of that portion of the terminal property of that portion of the terminal property which requires clearing. We have, therefore, commenced work even bewhich requires clearing. We I therefore, commenced work even ore the thirty-day limit of the agree-

"The company is in great need of a new terminus, and it is in our own interest to push the work with all possible speed. In addition to building the diverted roads and streets, we shall as soon as possible build a number of side-tracks, a large engine-house and certain other buildings, and conceally prepage the way for further generally prepare the way for further immense construction work."

Work will be rapidly pushed to com-pletion and Coquitiam will be the scene of immense activity at once.

Coquitlam is without doubt the greatest investment opportunity ever offered the investment public, but it is the men who get in now and secure the close-in locations that will make the big profits.

THE UPLANDS LIMITED 202 Times Building. Victoria, B. C.

The leading world's violinist, Herr which was the most exhausting period Kubelik, arrived on the afternoon boat yesterday from Scattle, having played worn out at its conclusion. He says that at the end of the present lengage ment have a will certainly visit his home in

westerday from Seattle, having played most recently in Portland, and registered with his party at the Empress hotel, for the engagement in the evening here.

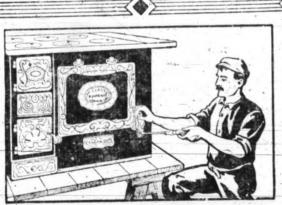

The distinguished violinist, who is in excellent health and spirits, at the outset of a chat with a Times representative yesterday afternoon said he was pleased to return to Victoria because while it was six years since he played in this city, he was detained here four years ago when a steamer on which he was to sail to Australla was held up, and he spent three very pleasant days in the city. He was glad to come back also because he knew something of the reparation of the rity for its culture. The marvelous record of the great instrumentalist since he first appeared in public at Ruda Pesth, after a wonderful experience as a boy violinist, does not seem to have spoiled his frankness, and he thiks at reces about the second of the great this art as could be wished. With Kubelik one feels in the atmosphere of

ANNA BUCKLEY'S CANINE WOND ERS AT THE EMPRESS THEATRE NEXT WEEK

music, and it radiates from him at every movement, but it is the cheerful sentiment which makes the world better for its presence.

He says that the strain of travelling, this being his fourth American four has led to the desire to devote himself to composition and concert work, and for this reason the present is announced as his farewell tour. However, as he contemplates another concert tour, in Europe, and possibly after that will go to South America, the great violinist has by no means concluded his appearances to an ensure that will go to South America, the great violinist has by no means concluded his appearances to an ensure the sentence of the finest of the was able to give as real pleasure to those who had no musical knowledge age to the most cultured for they enjoyed the concerts just as much, if he judged their faces aright.

The "Three Twins."

Three Twins."

"Three Twins" is a welcome visitor, season after season, because it is a funny play that will amuse all ages and classes of theatre-geers. With a plot that would sound ordinary in the telling, it holds the attention of everyone until the rinish. Critics realize that the play is simply what the public want now a days—a light entertainment that amuses. This year the managehow-a-days—a light entertainment that amuses. This year the management have outdone all their previous efforts in the way of mounting the play, both in the way of scenery and electrical effects, and the costumes are electrical effects, and the costumes are the best that have ever been prepare for this production. The "Three Twins will be given on Tuesday evening next in the Victoria theatre. Mark Hambourg.

Mark Hambours.

Mark Hambours, the great planist, will appear here on December 6. A very good impression of Mr. Hambourg's playing was published a, little while ago by one of the best critics in Europe, who said: "Of the different kinds of planists, we have in Mark Hambourg a very happy blending of the emotional and the intellectual types, the former predominating in a sufficient degree to impart to his playing an atmosphere which glows with ing an atmosphere which glows with warmth and vitality."

Grand Opera Company.

means an insufficiency of that power."

Dr. Albert J. Atkins, the eminent California scientist, is still at work proving that every principle in what we call our electrical science is merely borrowed from the human body. We propel railroad trains and automobiles by means of electricity and think it wonderful, but the human dynamo has always known how to propel itself and with skill and almost absolute safety in either walking or running, and now Dr. Atkins shows us that the millionaire in his automobile and the hobo on foot are alike carried forward by electrical force.

"With a man's stomach as the only electrical to the body warmth."

"With a man's stomach as the only electrical to the body warmth."

"With a man's stomach as the only electrical to the body warmth."

The experiment was made in the presence of a number of medical men and scientists of national

It demonstrates that the human body is an elec-

The experiment consisted in the swallowing of platinum electrodes, so that they touched the is of the living stomach. By means of copper wires the electrodes were

connected with a telephone and a microphone, a sensitive instrument which greatly intensifies sound "There was absolutely no mechanical or chemical battery in the circuit, yet the moment the electrodes were swallowed sufficiently to touch the walls of the stomach, human electricity flowed over the wires, rendering audible sounds. The electric charge measured from seven to eight milli-volts on a western galvono-meter."

### Finds Cure for Appendicitis

Dr. Harvey Archibald, of New York city, has discovered that appendicitis yields to the action of electricity pretty nearly as mists are dissipated by the sun. When a case of appendicitis comes into Dr. Archibald's office, the physician trains the powerfully penetrating electric ray upon the sore spot. Right away the swelling goes down and the excruciating pain stops short. And after five or six days, Dr. Archibaid says, the cure is always complete.

### **Electricity the Basis of Human** Vitality

Professor Jacques Loeb, after 10 years' research and experiment, made this statement:
"A part of the chemical energy of foodstuffs is transformed into electrical energy, which in turn gives energy to the muscles and organs of the body. Electricity, and not heat, is the life of the body. These discoveries are going to upset the theories of medicine as administered by the physicians of to-day, as it is settled that electricity is the basis of human vitality."

theories of medicine as administered by the physicians of to-day, as it is settled that electricity is the basis of human vitality."

The new cure is nothing more or less than the process of bombarding the congestion about the applience on you can feel all the nerves giving new life to the body. I am only sorry I did not purchase one long before now as I believe I would have saved me scores of dollars I have spent for drugs. Hoping this letter gives you such satisfaction as Electro-Vigor has given me. I am, and find that it does not get the praise that it should.

Vistoric 2 of the simple reason that the cause of the congestion has been removed—and that's the end of the appendicitis. the appendicitis.

### Keeps Old Age at Bay

"No matter how old a man may be nor how young in years, whenever his arteries begin to harden, to resist the increased pressure of the blood, then he actually is old. Then the electric treatment must be applied, and after a few times nature takes up the

work and carries it on, and the patient gets young again or at least he is able to resist the encroachments of old age.

"By electric sfimulus the system is energized, the blood made to circulate equally, the digestion aided, the waste products stimulated, the repair tissues are assisted and the normal working of the bodily func-tions restored."

### **Electricity Will Supercede Drugs**

We maintain that electricity is the power which runs the human body the force that keeps the heart going, the blood circulating and the various organs performing their functions like so many ma-We claim that electricity works the miracle

chines. We claim that electricity works the miracle of digestion and assimilation and converts the food into blood and bone, tissue and muscle and supplies the brain with power to think.

We have had our theories confirmed by the world's most learned scientists and to-day the use of electricity as a curative agent is spreading to every corner. civilized world.

of the civilized world.

While others were speculating and arguing over the merits of electric treatment, we have gone ahead achieving results, and we can point with pride to men and women in all the walks of life who regained their health and strength through the use of our

Electro-Vigor.

Before we talk further regarding the use of our appliances you must understand that the human body is an electric organism, deriving its motive power from the digestion of food in the stomach. This electric force generated in the stomach is taken up by the nerves and conveyed to the different organs

That the human body is electrical is no longer a mere theory among scientists and up-to-date physicians. It is generally conceded to be an absolute fact.

Professor Edgar L. Larkin, discussing the new physiology, writes as follows:

"A man, brain and body, is a battery, and nerves correspond to wires. It is now certain that transmission of sensation over them is electric. Neves have been cut and a gaivanometer inserted. The needle moved, proving that nerve power is electric. Neves have been cut and a gaivanometer inserted. The needle moved, proving that nerve power is electric. The human system is an electro-chemic battery and the life principle is electrical. The electric age is here. Drugs are hard hit on all sides, and an intelligence of the lost force, want, and the life principle is electrical. The electric age is shere. Drugs are hard hit on all sides, and an intelligence of the lost force by dosing the stomach with poisonous drugs, which only help to drain away the vitality that you have. When every organ of the body has all the movie of electricity in the body and the word disease means an insufficiency of that power.

In Albert I. Atkins the ambient California said.

to propel itself and wan strength of proper itself and wan safety in either walking or running. and now lor, safety in either walking or running. and now lor, at a time, its iouca, at a time. Its iouca, at a time, its iouca, at a time. Its iouca, at a time, its iouca, at a time, its iouca, at a time. Its iouca, at a time, its io all stomach, kidney, liver or bowel disorders.

### The Product of Experience

We have devoted years to the perfection of our appliance. We have removed defects as fast as they appeared in actual use, and have supplied new features from time to time, so that Electro-Vigor is in class by itself.

-Electro-Vigor makes its own power, therefore it Electro-Vigor makes its own power, therefore it requires no charging. It is equipped with special dry cells, which are longer lived, smaller and more powerful than any other dry battery. The current can be regulated to any degree of strength by the pressure of a finger upon the regulator arm.

Compared with Electro-Vigor, all other electric body appliances are products of the blacksmith's hammer.

It is not upon this point, however, that our suc

It is not upon this point, however, that our success has been founded. Our immense business is due to our knowledge of the effect of electricity upon the allments to be treated and the best way to obtain this effect.

We study the case of every sufferer who comes to us and explains how the application of our appliance may be suited to the demands of each particular case. When you consider that electricity is life to the organs into which Electro-Vigor sends it, you can see how we get our results. Our success is due to the cures effected by our appliance. If it did not cure, our business would have died out long ago.

When we say that Electro-Vigor cures, we don't ask you to accept our word alone as evidence. We

ask you to accept our word alone as evidence. We can refer you to people who got back their health through the use of our appliance, and they will tell what it did for them.

### **Electricity is Nature's Medicine**

Professor Andrew MacConnell, president of the So-lety of Universal Science, in a recent easay, made

ciety of Universal Science, in a recent essay, made this statement:

"The only difference between a well man and an invalid is that the invalid is not producing enough electric power to run the functions of his body and keep the vital organs up to the necessities of life. "With some 200 scientific experiments from re-cognized scientists it has been conclusively proved that the life power is a destrictive that were cognized scientists it has been conclusively proved that this fife power is electricity; that by understanding the laws governing the production and control of electricity in life, any human can cure himself in a few weeks, can increase his working capacity, can increase his vitality to the point of having an overflow of harpiness and joy, and also that any person feeble from age, may in the same way rein-vigorate himself.

oint where he does not proenough to keep his vital etricity in a man of 70 make the same power the same amount of elecricity in a man of 30. This oves the prolonging of life ns scientific matter of keep-ing the production of elecricity up to the normal needs of the body."

Restoring the Buoyancy Youth by Electricity

### The Danger in Drugs

here s with poisonous dope, but the pain will return as soon as the stupor passes off. You can force a weak organ to act by giving it a powerful stimulant, but you can't restore its natural strength that way, and it will be weaker than ever when the drug stops

That is why temporary relief is dangerous. Drugs do not remove the cause of disease, and every minter they give relief the disease is getting a firmer hold upon your system. As long as the cause remains the trouble stays there, and the only way to get rid of it is to assist nature. Nature wants strength, vitality, power to fight disease and drive it out; not vitality, power to fight disease poisons which only make it wors

Electricity is nature's medicine, and the proper use

of it will restore you to perfect health.

Disease always results when you break nature's laws. If you continually overwork the stomach you will have stomach trouble. If you abuse any organ of your body you must suffer for it afterward. Then the realcause of disease is due to the weakness of inactivity of some part of the body machinery. The reason any organ breaks down or fails to work pro-perly is because it has not enough vitality to with-stand the strain when it is overtaxed. This vitality is nothing more than electricity—the motive power of the human body. Now, to cure the disease, you must new the vitality or electricity of the part that uses the trouble. When this is done the disease exist, for the ca

### **Electricity for Weak Nerves**

A great many people suffer from aliments caused by weak, impoverished nerves, and try to cure these troubles by dosing their stomachs with drugs. It is

Drugs are poisons, and poisons wreck the nerves.

Human Electricity.

and vitality in every weakened organ and drives out pains and aches.

If there was any nourishment in drugs, they might o some good, but you know there is not. Drugs are rugs, stimulants, narcotics, antidotes, poisons, not food, Electricity is nerce food—nerve life. It soaks into the nerves, and is taken up by them just as a spongo absorbs water. It nourishes and vitalizes the farts which drugs cannot reach.

Every dose of drugs that you put into your stom-ach, weakens your nerves. Every time you kill a pain or an ache, by stupefying the nerves with poisonous drugs, you are hurting them and anyone

poisonous drugs, you are hurting them and anyone can see that in time by steady dosing, your nervous system will be completely broken down.

You know that rheumatism is caused by uric acid in the blood. There's only one thing on earth that can get at this uric acid and drive it out of your system—that's electricity. It soaks into every yein and tissue of the body and drives the poisonous matter through the circulation, back to the kidneys, which filter the blood of all impurities.

Our Electro-Viver has cured some of the worst.

Our Electro-Vigor has cured some of the worst cases of rheumatism after drugs and other methods had falled. When electricity goes into the body rheumatism must go out.

rheumatism must go out.

No pain can exist in a body charged with electric life. You can have no charged with electric life. You can have no rheumatism, no weakness, no inactive parts, because the life generated by this grand force gives health and strength to every organ.

### Men Made Young at Sixty

There is no excuse for men being old at 60, complaining about pains in the back, stiffness in the
shoulders and legs, that "tired feeling," nervousness,
indigestion, constipation and failure of virality. Nature started you with a constitution that ought to
have held good until you are 80, and you ought to
feel like a man now. But you have overdone some
things and wasted your vitality. You still have the
constitution, but lack the force. That is electricity.
Electro-Vigor will restore it.

Look at the men who have used Electro-Vigor and

Many people believe that when a drug gives relief it is doing good. That's a big mistake. Drugs can only give temporary relief, and it is always at the expense of the nerves and vital organs.

If you have a pain or an aliment of any kind, you don't want to fool yourself into the belief that you are getting well when you are not. That's all you do when you dose yourself with drugs.

Constitution, but near the constitution, but near the felectro-Vigor and constitution, but near the felectro-Vigor and you will see men of force, men of power and constitution, but near the felectro-Vigor and you will see men of force, men of power and constitution, but near the felectro-Vigor and you will see men of force, men of power and constitution, but near the felectro-Vigor and you will see men of force, men of power and constitution, but near the felectro-Vigor and you will see men of force, men of power and constitution, but near the felectro-Vigor and you will see men of force, men of power and constitution, but near the felectro-Vigor and you will see men of force, men of power and constitution, but near the felectro-Vigor and you will see men of force, men of power and constitution, but near the felectro-Vigor and you will see men of force, men of power and constitution, but near the felectro-Vigor will restore it.

Look at the men, who have used Electro-Vigor and you will see men of force, men of power and constitution, but near the felectro-Vigor and you will see men of force, men who respect themselves and are respected and admired by their fellow men.

Wouldn't you like to be the man you were a few years ago; to have the same ambitious spirit, the strength and you like to be free from using and aches, we will be a few powers and you will see men of force, men of power and you will see men of force, men of power and you will see men of force, men of power and you will see men of force, men who respect themselves and are respected to you will see men of force, men of power and you will see men of force, men of power an Wouldn't you like to be free from pains and aches, and to feel that you are the equal in strength of any man of your age? You.can be.

All that you lack is vitality—new life. You are like an engine without steam—you haven't the mo-tive power to keep the machinery of your body working properly. Anything that will restore your will make a new man of you. Drugs have been tried and have failed. You know that Electro-Vigor will not fail; it is electricity, and "electricity is life." That is what you require, and the proper use of this grand appliance will give you health and

### Women Saved from Dangerous Operation

A large percentage of women's allments are so per-A large percentage of women's aliments are so per-plexing that operations are often recommended by-physicians. Such operations are not only dangerous, but they sometimes cause serious complications. Thousands of women are uselessly butchered who could be cured by Electro-Vigor in the privacy of

In most cases all such women need is new strength, more vitality and nerve force. When the organs of the body are denied the vitality necessary to perform their proper functions, inactivity and disease result. Electro-Vigor senews the activity of the weak organs and builds up vitality and strength where it is needed by infusing the body with a glowing current of electric life.

### Why Electro-Vigor Cures

A party asked the other day why it is that faradic batteries and static machines do not give such re-

sults as Electro-Vigor.

That's because you can't stand the frestment for more than a few minutes at a time. A nervous person can't endure it that long on account of the shock. When a man tries that method and finds it does not help him, he naturally concludes that electricity Drugs are poisons, and poisons wreck the nerves.

If you are weak, run down, nervous and unambitious; if you suffer frequent headaches and have spells of despondency, it means that your nerves are starving for new energy, electricity. That's all they need, and nothing else will restore them.

Electro-Vigor saturates the nerves and vitals with electric life while you sleep. It builds up strength:

Now, our system is different. Electro-Vigor sends

the current into the body for six or eight hours every day or night, usually while the patient sleeps.

day or night, usually while the patient sleeps.

The delicate nerves are not jarred or shocked by this current, as it goes into them like a drizzling rain staturates a newly ploughed field. They absorb it, drink it in, and as it is their very life, they grow strong with it.

Poor digestion, inactive liver, constipation, sluggish heart, slow thinking, dormant energy and laziness are all due to lack of electricity. Understand that electricity is the motive power of the human machine, the power that keeps the organs active, and you will see what we mean. In such cases you will see how Electro-Vigor will put energy into the body. It renews the electric life of the nerves, and transforms the sluggard into a bundle of vigorous energy. Because you have experimented with faradic batteries and belts, or taken electric treatment from

Because you have experimented with faradic batterles and belts, or taken electric treatment from physicians without being cured, is no reason why our methods should prove a failure. The doctor's battery can only be applied for a few minutes at a time, and that is not enough to effect a cure. Besides, that method is inconvenient and expensive. Electro-Vigor can be used all day or all night without interwith your work or rest. It takes up none

### Prejudice Against Advertised **Treatments**

There is a whole lot of prejudice against advertised remedies, due no doubt to the large number of quacks and schemers that have folsted worthless treatments on the public during the last few years.

on the public during the last few years.

If it were not for this prejudice we would not be able to handle all the business that would come to us. The many fake electric belts and so-called "viatilizers" advertised by charlatans have made many people skeptical; but we know that we have a good thing and we'll hammer away until everybody knows

Any organ of the tody, any part that lacks the necessary citality to do its work as nature intended, can be restored by this electric treatment.

It gives atrength; it makes the blood rich and warm; it vitalizes the nerves and puts vim into the brain and museles; it just makes a good man out of a bad one he every way.

had one in every way. Electro-Vigor cures rheumatism in its worst forms. It cures pains and aches, weak-nerves, general de-bility and any other trouble which can be cured by restoring the life force.

No matter where you live, you can use Electro-Vigor as successfully as if you could come here to

(Continued from page 1.)

allding the afternoon preceding the

ended to kill anybody," declared At-orney Darrow. "But I'm not excusing im on that ground. If a man while

several prominent labor leaders a week ago, urging them to come here for a conference.

Asked as to when the compromise was settled upon by which both the McNamaras were to plead as they did. Attidrney Fredericks declared that "it never was settled, it happened," "Frankly, I didn't know that it was really going to happen till the last minute, although I had every reason to expect it." he declaired. He continued by stating that strong-pressure was brought to bear upon the defence in the last 24 hours before the confession. He said the prosecution gave them the ultimatum that both must plead guilty. The brothers had a pretty good idea of some of the things known about them and this may have perhaps helped along the revelation. For a long-time it had been apparent to those who have studied the case that James B. cared little for his own life and gladly would have gone to his death if by such action he could have cleared his brother.

That the sentences will be a compromise is generally admitted.

The confessions were received with much interest in labor circles here and the Central Labor Council of Los Angeles in its relation to the McNamara case stood on its fundamental principles in all the cases where the rights of citizens are involved. It is against lawlessness and disorder of any kind and stands for the uplift of society. When the McNamaras were arrested and illegally deported from Indianapolis to Los Angeles, organized labor betieved that it was in violation of the law, and under the circumstances a fair and impartial trial was impossible. On the theory of the insuppossible, on the theory of the in-minute, attending the confession of the law, and under the circumstances a fair and impartial trial was impossible. On the theory of the in-minute, the confession of the law, and under the circumstances a fair and impartial trial was impossible. # THE GOVERNMENT

Premier Asquith Replies to Delegation Demanding Baliot for Women

"The attitude of the government re mains unchanged on the question of woman suffrage. If a majority of the House of Commons can be persuaded to agree to woman suffrage the governent will accept the decision."

The above was, in essence, the reply of Mr. Asquith to an influential depu-tation which waited upon him recently

tation which waited upon him recently on the question of woman suffrage.

There was when the deputation arrived great animation in the neighborhood of Downing street, the police being in strong force. About a dozen societies were represented in the deputation, which included the Countess of Schorne. Lady Constance Lytton, Mrs. Pankhurst, Mrs. Despard and Mrs. Lawrence. The prime minister was accompanied by Mr. Lloyd George, and the chief government whip, and Mrs.

Indianapolis and that the McNamaras may be called to testify was one of the reports early to-day.

Fatigued and worn, his face deeply winkled and pale, Clarence S. Darrow veteran of many legal battles in which labor had been involved, arose to-day a disheartwised man. He read the comment of Tompkins was on Thurs of labor leaders throughout the country on the pleus of gulty entered yesterday both James B. and John J. McNamara. He declared that this was not the time to make explanations, that the sentence on both prisoners had not yet been fixed, but that labor leaders would understand in due course that the sentence on both prisoners had not yet been fixed, but that labor leaders would understand in due course that the sentence on both prisoners had not yet been fixed, but that labor leaders would understand in due course that the procedure yesterday was the only solution of a vexatious problem that had worried him for several months.

"I cannot valk about it." Darrow de-

for women on precisely the same terms as men, and that the government should stake its existence upon the bill Lady Selborne followed.

Mr. Asquith, replying to the deputation, said it was impossible to listen to such speeches as had been delivered without realizing the intensity of the feeling of the speakers.

It seemed that the announcement be made recently with regard to manhood suffrage had given the impression that it constituted a change of policy.

Nothing could be further from the truth. He had realized for a long time that woman suffrage, from the partial mentary point of view, was on a standpeint entirely its own. He himself had never been able to persuade himself that it would be for the good of the state. Some of his colleagues held similar views, but the great majority favored woman suffrage.

Precisely this condition of affairs,

id the premier, existed in the party said the premier, existed in the party opposite. They were just as divided as the ministerial party. He felt it was a great hardship for the promoters of woman suffrage that a majority could be obtained in the House of Commons, but neither party could take up out neither party could take up sation of official sponser for the re.

measure.
But the advocates of woman suffrage had the remedy in their own hands. The government adhered to its piedge to give facilities for the conciliation bill, or the House of Commons could so amend the reform bill as to extend the franchise to women. It was for the women themselves to persuade the manner of commons in the House of Commons in the ority in the House of Commons in the jority in the House of Commons it de-next session to pass into law the prin-ciple they desired, and he gave an as-surance on behalf of the government that they would accept the position. The prime minister's statement had a

# WILL NOT DREDGE

**NEW GOVERNMENT** 

**REVERSES POLICY** 

Public Nuisance Will Not Be Abated After Absolute Promise

. The Dominion government has reversed its policy in connection with the dredging of Rock Bay, within the old trestle bridge, which is urgent on account of the sewer outfall there creating a public nuisance.

The late government was prevailed on to do the work, and undertook carry it through earlier in the year delayed to take action till the fall

### A MARTYR TO INDIGESTION

**Cured** by MOTHER SEIGEL'S SYRUP.

"I have been a martyr to indigestion," says Mrs. Ross, who is now cured, and enjoying good health, thanks to the curative power of Mother Seige's Syrup. In her recent letter, Mrs. Hannah Ross, In her recent letter, Mrs. Hannah Ross, of Culloden, Queens Co., Prince Edward Isle, says.—'I suffered most severe pains after eating, with headache and eleeplessness. I was often seized with giddiness and had severe pains in my back. After food there was a windy fulness in my stomach and I felt like vomiting, but could not. This went on four some time and I tried many remedies, but they did me no good.'

There are hundreds o. medicines which you may take for indigestion, but if

There are hundreds on medicines which you may take for indigestion, but if you are wise, you will take the one remedy which has been more successful than all others in curing this complaint. Mrs. Ross tells you, from experience, what that medicine is. "My case seemed hopeless," she says, "until one day I was persuaded to try Mother Seigel's Syrup. I persevered with the Syrup, and to-day I am a cured woman."
Troubles always come to people who do

Syrup. I persevered with the Syrup, and to-day I am a cured woman."

Troubles always come to people who do not digest their food! When you do not digest it, the food in your stomach turns sour, and gives off gases which poison your blood, and impure blood affects every part of your body. You may have pains in the stomach, head aches, biliousness, constipation, low spirits and morbid ideas; and you are not likely to sleep well at night!

But if you want to digest food, and thus clear away or prevent all such troubles, you must restore your stomach and liver to working order. This you will do, quickly and surely, if you take Mother Seigel's Syrup. This world famed remedy, made of curative extracts of roots, barks and leaves, tones up the stomach and stimulates the liver in a marvellous way. Try it yourself.

action of the department was a com-plete reversal of policy.

Ald. H. M. Fullerton asked if there was no means of entering an action against the government to abate the

It was decided to draw the atten-tion of Premier McBride to the matter, tion of Premier McBride to the matter, it being suggested somewing sarcastically that his influence might be brought to bear on the federal government to help the scheme through, and also to bring the matter stain to the attention of the provincial medical health officer, as his department was the first to complain of the ruisance.

FINED FOR CRUELTY.

Vancouver, Dec. 1 .- J. Anderson and W. Kaufman, employed in Mr. Cot-J. W. Kautman, employed in Mr. Cotton's camp at Shaughnessy Heights,
were fined by Magistrate South for
cruelty to animals they were driving.
The photographs exhibited in court
showed these to be a mule and a horse,
both suffering from large sores. Kaufman, who is the stable boss, was fined

# ESTATE EXCHANGE

**NOW INCORPORATED** UNDER COMPANIES ACT.

Objects of the Organization of Local Realty Men Lately Completed

The real estate exchange of which on account of the offensive smell being injurious to the dredging staff and when the city pressed for action two months ago, the department of public works replied that the expense involved would not be justified by the results to be achieved.

The city was not astisfied and re-

pense involved would not be justified by the results to be achieved.

The city was not satisfied, and replied that the government was pledged to set the bay in order, as being tidal waters within the harbor limits.

Now has come a letter saying the department will not take action, and observing it is a matter for the city and provincial government. The letter read to the council at its meeting yesterday concluded: "The department does not, therefore, propose to do anything in the matter."

It appeared from the discussion that the correspondence had been sent on to the city member, G. H. Barnard, M. P. and also to Hon. Martin Surrell.

Mayor Morley observed that the harbor was absolutely in the control of the Dominion government, and the action of the department was a comtion in the trade; to acquire, preserve and disseminate useful information con and disseminate useful information con-nected with the trade throughout all markets; to decrease the local risks at-tendant upon the business, and gener-ally to promote the trade of the city of Victoria and the neighborhood, increase its amount, and augment the facilities with which it may be conducted.

with which it may be conducted.

the current into the body for six or eight hours every day or night, usually while the patient sleeps.

The delicate nerves are not jarred or shocked by his current, as it goes into them like a drizzling rain laturates a newly ploughed field. They absorb it, rink it in, and as it is their very life, they grow

drink it in, and as it is their very life, they grow strong with it.

Poor digestion, inactive liver, constipation, sluggish heart, slow thinking, dormant energy and laziness are all due to lack of electricity. Understand that electricity is the moffive power of the human machine, the power that keeps the organs active, and you will see what we mean. In such cases you will see how Electro-Vigor will put energy into the body. It renews the electric life of the nerves, and transforms the sluggard into a bundle of vigorous energy. Because you have experimented with faradic batteries and belts, or taken electric treatment from physicians without being cured, is no reason why our methods should prove a failure. The doctor's battery can only be applied for a few minutes at a time, and that is not enough to effect a cure. Besides, that method is inconvenient and expensive. Electro-Vigor can be used all day or all night without interfering with your work or rest. It takes up none of your time.

### Prejudice Against Advertisea **Treatments**

There is a whole lot of prejudice against advertised remedies, due no doubt to the large number of quacks and schemers that have foisted worthless treatments on the public during the last few years.

on the public during the last few years.

If it were not for this prejudice we would not be able to handle all the business that would come to us. The many fake electric belts and so-called "vitalizers" advertised by charlatans have made many people skeptical; but we know that we have a good thing and we'll hammer away until everybody knows it.

Any organ of the body, any part that lacks the necessary citality to do its work as nature intended, can be restored by this electric treatment.

It gives strength; it makes the blood rich and warm; it vitalizes the nerves and puts vim into the brain and muscles; it just makes a good man out of a

brain and muscles, it just makes a good and the bad one in every way.

Electro-Vigor cures rheumatism in its worst forms. It cures paims and aches, weak nerves, general debility and any other trouble which can be cured by restoring the life force.

No matter where you live, you can use Electro-Vigor as successfully as if you could come here to

building the afternoon preceding the

building the afternoon preceding the explosion.

"I tell you James B. never really intended to kill anybody," declared Attorney Darrow. "But I'm not excusing him on that ground. If a man while committing burgiary merely overturns, a lamp and that burns a building and its occupants, he's responsible for all of it."

It was a happy coterie of ten mencomprising eight sworn jurors and two talesmen, passed for cause—who spent to-day at their homes, relieved from serving on the McNamara Jury. Two of the jurors saw freedom for the first time in six weeks.

Asked as to when the compromise was settled upon by which both the McNamaras were to plead as they did. Attorney Fredericks declared that "it never was settled, it happened." "Frankly, I didn't know that it was really going to happen till the last minute, although I had every reason to expect it," he declared. He continued by stating that strong pressure was brought to bear upon the defence in the last 24 hours before the confession. He said the prosecution gave them the ultimatum that both must plead guilty. The brothers had a pretty good idea of some of the things known about them and this may have perhaps helped along the revelation. For a long time it had been apparent to those who have studied the case that James B. cared little for his own life and gladly would have gone to his death, if by such action he confessions were received—with the confession of promise is generally admitted.

The confessions of the first time of a continued have gone to his death if by such action he confessions were received—with the confession of promise is generally admitted.

The confessions of the first time of a continued have gone to his death if by such action he confessions were received—with the confession of promise is generally admitted.

The confessions of the first time of a continued of the prosecution gave them the confession of james and this would be sufficient vindication for the instruction of the trial, it was not done, though the defence in the board one.

The br

McNamara brothers about pleading, but only in the last few days did the thing come to a climax."

McNamara case stood on its fundamental principles in all the cases where the lights of citizens are involved. It is in all the cases where the lights of citizens are involved. It is in a significant in the light of cases and disorder of any cind and stands for the uplift of society. When the McNamaras were arrested and illegally deported from Interested and illegall the law, and under the circum-inces a fair and impartial trial was possible. On the theory of the la-cence of all, until proved guilty, it me to the aid of the acceled with to the aid of the accused with loral and financial help. Upon the dilt of an accused person being established the Central Labor Council Insists upon a rigid enforcement of the law."

The McNamaras passed the night with a heavy guard at their cell doors. This statement was made to-day by Wilter Prove chief counsel for the National New York, Dec. 2.—"The fight has just begun. ### THE GOVERNMENT AND WOMEN'S VOTE

Premier Asquith Replies to Delegation Demanding Ballot for Women

"The attitude of the government reains unchanged on the question of woman suffrage. If a majority of the House of Commons can be persuaded to agree to woman suffrage the govern;

ment will accept the decision."

The above was, in essence, the reply of Mr. Asquith to an influential deputation which waited upon him recently on the question of woman suffrage.

There was when the deputation arrived great animation in the neighborhood of Downing street, the police being in strong force. About a dozen societies were represented in the deputation, which included the Countess of Selborne, Lady Constance Lytton, Mrs. Pankhurst, Mrs. Despard and Mrs. Lawrence. The prime minister was accompanied by Mr. Lloyd George and the chief government whip, and Mrs. Asquith and Mrs. and Miss Lloyd George were also present.

suffrage had given the impression that it constituted a change of policy.

Nothing could be further from the truth. He had realized for a long time that woman suffrage, from the parliamentary point of view, was on a standinever been able to see his way to support woman suffrage, because he had never been able to persuade himself that it would be for the good of the state. Some of his colleagues held similar views, but the great majority favored woman suffrage.

Precisely this condition of affairs, treatments, price etc., will be sent absolutely free and postpaid in plain sealed package, to anyone asking for it and mentioning this paper. Correspondence sacredly confidential. Write to-day. The Samaria Remedy Co. Dept. 75, 49 Colborne street. Toronto; also for yates and Douglas Sts., Victoria, B.C. aid the premier, existed in the party nid the premier, existed in the party possite. They were just as divided as the ministerial party. He felt it as a great hardship for the promoters f woman suffrage that a majority ould be obtained in the House of Commons, but neither party could take up sition of official sponser for the

he position of official sponser for the neasure.

But the advocates of woman suffrage had the remedy in their own hands. The government adhered to its pledge to give facilities for the conciliation to give facilities for the conclusions bill, or the House of Commons could so amend the reform bill as to extend the franchise to women. It was for the women themselves to persuade the ma-jority in the House of Commons in the next session to pass into law the prinnext session to pass into law the prin-ciple they desired, and he gave an as-surance on behalf of the government that they would accept the position. The prime minister's statement had a mixed reception.

Lady Selborne followed.

Mr. Asquith, replying to the deputation, said it was impossible to listen to such speeches as had been delivered without realizing the intensity of the cleing of the speakers.

It seemed that the announcement he

It seemed that the announcement he made recently with regard to manhood suffrage had given the impression that t constituted a change of policy.

### PASTOR RUSSELL'S SERMONS

Brooklyn, Nov. 27.—Pastor Russell's fternoon text was, "The harvest is ast, the summer is ended, and we are

should misunderstand his prospective rist to heathen lands to imply any ex-pectation on his part that the heathen must be converted before this Age will and. That the conversion of the heathen is a human impossibility is shown by the government statistics—the numbers of heathen having doubled during the entury.

What he does expect is that, as there are a few of God's "very elect" in all denominations of Christendom now to be garnered, so also there are a few saintly ones amongst the heathen who have accepted Christ—Including some of the missionaries. The harvest must cover as wide an area as did the sowing of the Gospeh, seed.

The text points out a lesson. Not all who have professed to be followers of Christ will be amongst the blessed ones.

who have professed to be followers of Christ will be amongst the blessed ones of the harvest and be transported by the "First Ressurrection" to glory, so the profession of the more cited in corroboration of this are: "Many shall say unto Me in that day, Lord, Lord, have we not taught many and in Thy name cast out devits, and done many wonderful works?" Many who thus hope will be disappointed—will be shut out of the Kingdom class.

devits, and done many wonderful works?" Many who thus hope will be disappointed—will be shut out of the Kingdom class.

"The pastor said, pictures the consecrated saints of God in this harvest time as virgins. But some were wise and some foolish. The masses of mankind—yea, the masses of mankind—yea, the masses of Christendom, are omitted from this parabolic picture. Only the wise, the faithful, "more than conquerors," will have the honor of entering into the wedding with the Bridegroom and becoming "the Bride, the Lamb's Wife." Then the door will be shut. No more will ever be added to the Bride company—the number of the elect will have been completed.

The parable shows that later on the foolish virgins pass through tribulation and obtain the oil and the light which they should have had before. But it will then be too late to be of the Bride company. They will knock saying, "Lord, Lord open unto us," but the Bridegroom will declare, I do not recognize you as members of My Bride.

The Scriptures show us that these foolish virgins," passing through a personality of Lord P

recognize you as members of My Bride.

The Scriptures show us that these "foolish virgins," passing through a great-time of tribulation will be called to the marriage supper of the Lamband be present before the great King as the virgins, the Bride's companions and subordinate helpers.—Psalm xiv., 13.15.

One lesson, said the pastor, is that it is not sufficient that we say, "Lord, Lord"—that we publicly proclaim ourselves Christians—nor is it sufficient that we be engaged in good works.

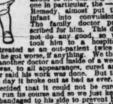

The Labor party thereupon took office with a strong working majority. The ways of the American decision.

LABOR PROBLEMS

industries Threaten to Pass Into Hands of the Blacks

Through Labor Legislation

This is the year of disappointing cen

sus returns. South Africa is not only disappointed at the statistics produced by her census takers—she is alarmed in England, too, the South African

figures have been much discussed, an no one seems able to derive much

no one seems able to derive much satisfaction from them, no matter how ingeniously he calculates, for these figures show that the white race is not increasing in South Africa as rapidly as the blacks, As one writer says, it is not a question whether Boer or Briton is to rule South Africa. It is a question whether both are not to be

ruled by the black. Certainly the black

ruled by the black. Certainly the blacks are increasing, and a survey of conditions inspires the belief that they will still more rapidly increase in the future, since their chances are constantly improving through the growth of civilized ideas in the matter of bygiene.

The case of the white man is not hop

whether both are not to 1

wiring. Burlapped walls, etc. The lot has a frontage of 70 ft., and is 200 feet deep, level, with no rock. Chicken houses at Commands fine view of Mount Baker and Olympics

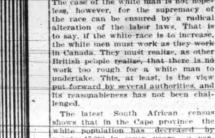

Terms can be arranged to suit.

### **Quarter Acre**

On Car Line \$1,250

\$300 cash, balance 6, 12, 18 and 24 months at 7 per cent.

Level, grassy lot; no rock. This property is in one of the very best residential districts of Victoria. This is the remaining part of the half acre advertised here yesterday. The other part was sold. Snap this up to-day.

ws that in the Cape province the white population has decreased by nearly 17,000 in seven years, a percentage decrease of 5.28, while the native population has increased by nearly 55,000. In 1804 the white population of the Cape formed 24,06 per cent, of the total population, but tolay it forms only 22.75 per cent. Comparing the census returns of 1904 Comparing the census returns of 1994 with those of 1911, it is shown that throughout United South Africa, the white, population increased by only 161,000, while the black population increased by 621,000 in the Union to-day here are only 51,000 male whites mor han there were in 1904, but there are 236,000 more males in the native and 35,000 more males in the native and volored population. When it is remem-pered that the Cape province was set-led more than two centuries ago, and hat the figures do not relate to Basutoland, Bechuanaland or Rhodesia,

a Canadian will admit that stract attention from its po a farming, stock-raising and mar ring country, but for these advantages of south and been generally realized. The readvantages of South Africa have been generally realized. The race that is seeking to colonize South Africa is the same race that colonized Canada and the United States and Australia. The great difference is that while the settlers of this continent hewed out the civilization for themselves, the whites in South Africa are endeavoring to have the blacks do the work for them. Black labor is chean. work for them. Black labor is cheap abor and it is inefficient labor. The ounted on. The black wants the work then he wishes to retire to the inter-

or and get a wife or two to labor for him for the rest of his days.

This fact was recognized by the first
Dutch governor of the Cape of Good
Hope, and he then proposed the introduction of Chinese labor. Now that
the Chinese have been sent away the
cry again goes up for black labor or
for yellow labor from India. As a
writer in the London Mail says, "What writer in the London Mail says, what would happen in Lancashire if the mill owners brought in a few hundred thousand Chinese or Hindus to work the looms?". This, however, has been. South Africa's policy for years as re-gards labor. Color is the most desirable qualification for the laborer, It is claimed by the employers of labor in South Africa that white labor is too expensive, it is at least efficient, honest and intelligent. Its supply can be counted on. In England there are enough men lying on the verge of abject poverty to do all the work that is done in South Africa or that will be done there the next 20 years.

done there the next 20 years.

In the Southern States, when there was an abundance of cheap black labor, the country made no such progress as it made after the war had made the black labor more expensive, or as it has been making in the past five years in which white labor has been more largely used A1 personal largely used A2 personal largely sive, or as it has been making in the past five years in which white labor has been more largely used. At present, the Pass Law, the Workmen's Compensation Act, and the very system of taxation in South Africa set a premium on black labor. It is recommended that this effort to discriminate against the white should be abandoned, and that a vigorous policy of white immigration should be adopted. Otherwise the industries of the country will pass wholly into the hands of the blacks, their numerical preponderance will increase and in the end South Africa will be classed with Trindad and Jampica instead of with Canada and Australia

# SIX FURNACES

Granby Smelter Getting Ready to Resume Operations as Soon as Possible

Grand Forks, Dec. 1.-With the set tlement of the coal, strike in the Crow's Nest Pass district and the reern to work of the miners comes the announcement that the Grandby smelter will resume operations about De-cember 20, operating six of their bat-tery of eight-furnaces from the start This announcement was made by Geo Wooster, treasurer and director of Granby company, when in this

We have received official notice from the Crow's Nest-Pass Coal Company," said Mr. Wooster, "that they will be able to commence shipments of coke from their Fernie ovens to us in twenty days from November 18, which means December 8 or 9. It will which means December 8 or 9. It will be about a week before the coke commences to arrive at the smelter in this city, and when we have a sufficient stock on hand to warrant us commencing operations, which I expect apply for an extension of time on lines under construction at the next blow in six furnaces."

well be about December 20, we shall blow in six furnaces."

A shipment of some twenty cars of coke, which were on hand at the time of the shutdown af Fernle, are now on the way to Granby, and with the commencement of shipments of new coke from the ovens the Granby will be receiving between 390 and 500 tons per receiving between 390 and 500 tons per receiving between 390 and 500 tons per receiving between 25 in order to have a sufficient quantity of ore at the reduction works in this city when the coke supply warrants the managers blow-supply wa tion works in this city when the coke supply warrants the managers blowing in. As a considerable quantity of ore is at present in the bunkers, it is anticipated that with the mines working one week previous to the smelter, there will be no difficulty in this regard.

### KAMLOOPS LIBRARY.

Kamloops, Dec. 1.—At the annual meeting of the Kamloops library and reading room, a report of the year's work was read by the hon. secretary and unanimously adopted. The treasurer presented the balance sheet, showing a balance on hand of \$56.13, which was also adopted. The election of officers resulted: Prosident, J. T. Robinson: vice-president, F. C. Thrupp: secretary, A. A. Taylor: treasurer, Rev. H. S. Akehurt. committee, Mesdames Akehurst, Edmonds, Harper, Richardson, Syme and Thrupp: Messrs. Gillman, Goudle, Howell, Lawrence, Matthews, Pragnell Thrupp; Messrs. Gillman, Goudie, Howell, Lawrence, Matthews, Pragnell and Skey.

### SWEDISH SUFFRAGETTES.

Women seem to have played a considerable part in the recent elections in Sweden. They have not the vote of course, like the women of Norway, but they have been carrying on an active campaign for the suffrage for several years, and they seem at last to have made, an impression on the governing powers, for the Conservatives, against whom, they threw all their energies, have been beaten. To assist their allies, the Liberais and Sould Democrats, the Suffragettes established a committee in every constituency, and held 217 meetings during the election. One of their leaders made 35 speeches, but their campaign was not marked by any outbreaks of violence against their apponents or the government. The Swedish Suffragettes seem to have campaigned in the lines of peaceful persuasion from the first, And perhaps but, is why the mere man in Sweden acms to have istened to them. ems to have istened to them,

# **GOOD BUYING ON**

Position Materially Strengthened--Political Atmosphere Seems Clearer

New York, Dec. 2.—There was decidedly better feeling in the stock market to-day, and good buying was roted in all the spence. It was not easy at first to determine to what the resings in sentional could be assigned, excepting perhaps less fears of rabbility in the forthcoming President's message to Congress. The political atmosphere seems clearer, which rounts for much under present conditions. Northern Pacific increased an Comming for October, and rumors that the Wabash subes were about to have their affrairs.

New York, ec. 2.—The statement of clearing house banks for the week (five days) shews that the banks hold \$1.17.90 reserve in excess of legal, requirements. This is a decrease of \$5.209.55 in the proportionate cash reserve, as compared with la week.

Clearing house members, average loans decrease, \$15.59.00; specie decrease, \$11.50.00; legal tenders decrease, \$67.00, deposits decrease, \$25,341.000; reserve decrease, \$2.309.50.

### FINANCIAL NOTES

Northern Pacific earnings for October how an increase of \$532,900. how an increase of \$52,900.

Stocks of provisions in Chicago December 1, as officially reported, showed an Januar increase of 1 68,000 pounds in total stocks of all meats last month.

### FOREST FIRE LOSSES

New York, Dec. 2—There was not much change from yesterday's prices in cotton to-day. Pollowing the cables, traders expected a higher opening. The foreign market was evidently more impressed with the bullish week-end statisties than were leaders on this side. After the break of pesterday it was not easy for prices to continue any substantial downward trend, and much of the future tendency of the market will depend on increased and added spinners' takings.

The Millionaire Maker A Wonderful Investment

Opportunity

In uniformity of success and permanency of results as In uniformity of success and permanents of california well as immensity of profits, the oil industry of California is so marvellous that it staggers the imagination. The discovery of gold in California and Klondike electrified the civilized world, but neither California nor the Klondike gold, nor both combined, can equal the millions that have been, are being and will be made in California oil.

THERE NEVER HAS BEEN a large body of oil bearing THERE NEVER HAS BEEN a large look of on local masshale drilled in the state of California without producing oil in profitable quantities. Out of 152 wells drilled in Coalinga in the year 1908 EVERY WELL was profitable. Out of 327 wells drilled in the Kern River field in the same year 321 were successful. In the year 1910 over 90 wells out of every 100 drilled in the whole state were a success.

In view of these facts do you think that any group of successful business men, and practical oil men as well, all of whom have given the matter personal attention and special investigation, would choose with every care and after taking the best expert advice, a section of land for the production of oil without having a good chance of success?

"Such a thing is impossible," you say, and I heartily agree Mr. A. L. Darrow is president of the Fort Sutter National. Bank of Sacramento and an oil man of large experience. In a personal letter to myself he says:

Referring to your enquiry in regard to the proposed drilling site of the Blue Bear Oil Co. in San Luis Obispo County, California, would state that I have been on the property and nowhere have I seen better indications of oil in an undeveloped field than may be found in that district.

"The reports of the U. S. Geological Survey confirms my own belief that there is a large body of oil in that region, and in view of the fact that the shale of the canyons is saturated with oil and because of the formation in that section I have the state of the canyon of the canyon in the convergence of the formation in that section I have the state of the canyon of t

with oil and occause of the torination in that severally invested in the project. It is my conviction that an unusually large body of high-grade oil will be found at a depth of from 2000 to 3000 feet."

Mr. R. W. Nuttall is an English geologist of wide experience in California, having reported at different times within the past 20 years on all the fields, and it is his proud boast that he way we expressed an opinion regarding oil forma-

that he never yet expressed an opinion regarding oil forn tions that has not been confirmed by actual operations. tions that has not been confirmed by actual operations. In a personal letter to myself he says:

"The conditions to be found in Lopez Canyon Territory, especially the portion of it selected by me for the Blue Bear Oil Co., not only shows the presence of high-grade oil in the permeated shales, but CONFORM TO EVERY OTHER CONDITION THAT WOULD INDICATE AN OIL TROUGH

OF GREAT MAGNITUDE." OF GREAT MAGNITUDE."

When these and other men of standing express such pronunced opinions, and when I confirm their words by going on the ground and finding conditions exactly as they describe, and more especially when I find them giving practical proof of their confidence by investing money in the Company, I am sure that there is a first-class prospect of success.

Now I want you to invest some of your money in this wonderful money maker, known as California Oil. I have invested and cordially recommend you to do the same. I am confident it will be a GREAT SUCCESS, and when we are successful the reward will be fabulous. A flowing oil well is an embarrassment of riches.

If you would like to hear more about it, drop me a post card and I will call on you and explain fully how you may, on a very small investment secure returns that will assound

### RESCUE FLEET NOW HEADING UP SOUND

WEATHER CLEARS AND SHIPS ARE ON SEARCH

Expect to Locate Tees Late Today-Nanoose Has Large Amount of Provisons

DISPATCHES FROM THE RESCUE

At 41:39 o'clock this morning Este At 41:39 o'clock this morning Este-van flashed the following message to Victoria: "Tug William Jolliffe and teamer Salvor now entering Kyuque, Sound, Jolliffe alongside buoy with Salvor four miles eastern. Jolliffe shistling for her."

Two hours later the following wire Two hours later the following wire-ses was picked up from Estevau. William Jolliffe and Salvor entered ound by lower entrance at 11:30 m., revenue cutter Tahoma five miles m main lower entrance at 1:29 p. eport-weather cicar."

Following the lifting of the heav Following the lifting of the heavy mists that have bung over the m-trance to Kyuquot Sound since the res-cue fleet arrived last Wednesday night the three vessels which have beer waiting outside are now conducting a P. R. steamer Tees, Capt. Gillam, position of which cannot be learned. Steamers Experience Difficulty in Locating Wharves at

When Estevan reported at 1:30 this faternoon her-operator stated that the steamer's intended to flash messages in about two hours. Everyone is now anxiously awaiting the news as with Ellevyn Benton and Henry Freeman, charged yesterday in the provincial police court with burglary at Shawnigan Lake, were committed for trial. They had reserved their defence and the hearing was a preliminary one-before the magistrate.

OOO

Fractured Phumbing By-law Suspended sentence was ordered against David Spencer, Ltd., in the police court this morning on a charge of an infraction of the plumbing by-law, The accused firm had completed plumbing on their store premises with an unlicensed plumber. A charge was brought and the accused then had the work done over again. The magistrate heid the cost would be punishment for the infraction and that the necessity of paying H. A. Maclean, K.C. for his and the condition of the punishment for the infraction and that the necessity of paying H. A. Maclean, K.C. for his and the accused of the condition and that the necessity of paying H. A. Maclean, K.C. for his and the condition of the punishment for the life the cost would be punishment for the life the life the life the life that the faternoon her-yose as withing the news as with an about two hour

were stowed aboard the ship. It is not known in what condition the passengers are in and the C. P. R. offthat that station had picked up distress calls from the Tees, the pressure of anxiety felt for the steamer was relieved and now everyone is patiently waiting the outcome of the rescue work all three of the vessels now proceeding up the Sound are equipped with wireless and they will notify Estevan as soon as any sign of the Tees is seen. Shipping men to-day were inclined to believe that the steamer which had been erected for the atruck a rock in the Sound and after floating off had been beached and was now simply waiting for the rescue feet.

Fisheries department, returned to port from Kyuquot. Attempts were made by the local officials to get into communication with the vessel and have her dispatched to the scene of the wreck, but as she is not equipped with wireless it was impossible to locate the ship. Capt. Barnes says that while at Clayoquot on Wednesday he was informed that the Tess was sending out distress signals and later that the William Jolliffe had picked up the disabled yessel and was bringing her south to Victoria. He naturally believed that the danger was over and had be been aware of the real facts of the case he would have gone to render assistance.

Everything that can be done by the Marine and Fisheries department has been carried out by Capt. Robertson.

Before the wireless was received from Estevant last night he telegraphed to need a consideration. Box 43, Times. 40 COOK STREET, FAIRFIELD—Lot fox 12, 100, terms.
