Pantages—Vaudeville. Capitol—Bachone. Dominion—Evening of Women. Columbia—Hound of the Baskervilles. Royal—Sea of Fantasy. Playhouse—Hottenot.

FIRST VISIT BY U.S. PRESIDENT TO CANADA TO-DAY

RUHR BORDER OPENED AND MANY GERMANS TRANSACT BUSINESS

French Authorities Allow Dealings Between Occupied and Unoccupied German Territory; French and Belgians in Agreement on Reply to British Reparations Note.

Dusseldorf, July 26.—The frontier separating the Ruhr Valley from the rest of Germany was opened at midnight. No official reports as to the resumption of traffic had been received at French headquarters here up to noon, but unofficial news was to the effect that thousands of Germans were passing in and out of the occupied region, making haste to transact urgent business.

Berlin, July 26.—It was reported from Dortmund, in the Ruhr, today that the blockade of the occupied area had been raised, dating from last night. No confirmation from authoritative sources was available.

SAYS ENGLAND HEARS LITTLE ABOUT CANADA

Dominion Lacks Advertising, Says David S. Spencer, Back From World Tour

Victoria Business Man Circles Globe, Visiting Many Foreign Countries

After a five-month tour which took him around the world, David S. Spencer, well known Victoria business man, returned to the city yesterday afternoon, convinced that Canada, in her efforts to secure immigration from Europe must adopt much more vigorous measures if she is to succeed in increasing her population.

"You scarcely ever hear of Canada in the 'Old Country,'" Mr. Spencer told The Times after he had returned to his desk in the Spencer department store today. "On the other hand, Australia is being talked about in all quarters as a result of the Australian immigration. The Australian authorities appear to be conducting a most vigorous campaign for immigration and are achieving real results. At the Australian offices in London not only are attractive pictures of Australia on view, but they are running continual motion picture films showing the resources and business possibilities of their country."

"As for Canada, one may read a few lines in the paper occasionally about something that has happened in this country but that is about all. Leaving here February 22 Mr. Spencer, accompanied by his brother, T. A. Spencer, of Vancouver, crossed the Pacific to Japan, went on to China, visiting a number of leading Chinese cities, and then up to Calcutta, traveled for a time in India, reached Italy by way of the Suez, touched France and then spent some time in England before coming back to Canada."

Bandits Hurt Trade Mr. Spencer said today that he had found business active in Japan owing to the present price of silk. Conditions in China, however, were more discouraging, he stated. "While the most serious of the recent bandit outrages had not occurred when we passed through China the work of the roving bands of robbers already was being felt," Mr. Spencer declared. "These bandits continually terrorize the interior traders, who are afraid to send their goods out to the cities on the coast, and the traders on the coast similarly are afraid to risk supplies in shipment to the interior. All this is very serious for trade, which is suffering as a result and, of course, the country is still hopelessly split into north and south, with rival governments in power in each."

CHANGES IN BRITISH COMMONS GALLERIES ARE PROPOSED

London, July 26.—The report of the committee headed by Rt. Hon. J. R. Clynes which was appointed to consider the question of furnishing accommodation in the House of Commons for visiting parliamentarians, High Commissioners and others has been laid on the table of the House. In the opinion of the committee, a place in the members' gallery on the Opposition side should be reserved as a Dominion gallery and the diplomatic gallery should be extended.

REWARD UP FOR CAPTURE OF BANDITS

Ontario Government May Add to Bankers' Association's \$10,000

Police Search for Six Toronto Thugs Still Unsuccessful

Toronto, July 26.—Local and Provincial Police admit that at present they are baffled in the pursuit of the six bandits who early Tuesday morning held up messengers of several Toronto banks and escaped with a sum of money estimated at between \$84,000 and \$130,000 after seriously wounding three of the messengers in a sensational gun battle. The police are without any clue to the identity of the gunmen. The authorities are not ignoring the reports of suspicious characters from various parts of the province. In almost every instance where strong belief was expressed of the bandits having been seen investigation was made, but without any tangible result.

Further Steps. Major-General Victor Williams, Commissioner of Provincial Police, conferred with Attorney-General Nickle today on further steps of the provincial authorities for the apprehension of the bandits. Although no definite statement could be ascertained, it is believed the Attorney-General's Department will offer a reward for the capture of the bandits in addition to the reward of \$10,000 already announced by the Canadian Bankers' Association.

Messengers Protected. Strong protection was again afforded the bank messengers to the clearing house today and police officers patrolled the route from the bank offices to the clearing house. Hospital officials state that the condition of the three messengers who were seriously wounded in the fight with the bandits is improving and that they will recover.

IRISH SOLDIERS SEIZED AND FREED

Ulster Special Constables Handed Men Over to Free State Authorities

Belfast, July 26.—Free State soldier cyclists were seized by Ulster special constables yesterday. They allegedly refused to halt when challenged in crossing the Fermanagh-Cavan border. The special constables fired on the Southerners, who dismounted and attempted to reply, but the Ulster men rushed in and captured them. The three prisoners were released and conveyed to the border, where they were handed over to the Free State authorities.

SEAPLANE BUILT IN MONTREAL

First of Kind Constructed in Canada

Will Leave Rockliffe Field Within Week for Winnipeg

Ottawa, July 26.—An amphibian type of flying machine launched yesterday at Montreal reached the Government aerodrome at Rockliffe field at noon today, and will leave for Winnipeg within a week to take the place of the machine destroyed here two weeks ago. This is the first machine of the kind ever built in Canada.

It was made by the Vickers Company, of Montreal, and is the third of an order of eight planned by the Dominion Government. One flew to Winnipeg. Two weeks ago the first two machines, which were built in England, were delivered. One was destroyed when it crashed as it was leaving the Rockliffe Field for Winnipeg. The other machine made the flight successfully.

BOMB WAS SET OFF AT AN IRISH POLICE BARRACKS

Belfast, July 26.—Civic guard police at Ballistra, County Donegal, had a miraculous escape from death today when a bomb which had been placed on the window sill of the barracks exploded, wrecking the building and damaging a house opposite.

WILL NOT RESIGN.

London, July 26.—(Canadian Press Cable)—Official denial is made of a rumor which has been prevalent here lately that the Duke of Devonshire wishes to resign from the Colonial Secretaryship.

COAL AGAIN WON IN CAPE BRETON

No Order Yet for Withdrawal of Troops

Hon. E. M. Macdonald to Address North Sydney Meeting

Sydney, N. S., July 28.—Military officers in command of the troops now in Cape Breton declared to the Canadian Press this morning they had no information, official or otherwise, of the impending removal of the soldiers from the strike area.

Colonel E. W. Macdonald, commander of the Provincial Police, said he was reducing his force about thirty per cent, but added that the remainder would continue to remain in Cape Breton for at least a week, or possibly two weeks.

Ten collieries are working in the South Breton coalfields, so officials of the Dominion Coal Company stated today, and conditions are gradually returning to normal.

At Sydney Mines the collieries are still idle and it is not likely work will be resumed until next week.

Not Withdrawing. Halifax, July 26.—Major-General Thacker, officer commanding Military District No. 6, which includes Cape Breton Island, said this morning that while there had been a movement of troops, they were still in Cape Breton. General Thacker said none had been moved out, and he was in a position to say when evacuation of the former strike area would commence.

Challenge Accepted. North Sydney, N. S., July 26.—Hon. E. M. Macdonald, M.P. for Pictou, and Assistant Commissioner Cuddihy, who has accepted the challenge of Right Hon. Arthur Meighan, who, on Monday night during a discussion of the strike, had challenged the Minister of Defence to appear on a public platform in North Sydney, Mr. Macdonald will speak in North Sydney on Saturday night.

NEW GOVERNOR OF BOMBAY NAMED

Announced in London Leslie Wilson Will Succeed Sir G. A. Lloyd

London, July 26.—(Canadian Press Cable)—It is officially announced that Leslie Wilson, Conservative member for South Portsmouth and Parliamentary Secretary of the Treasury, has been appointed Governor of Bombay in succession to Sir G. A. Lloyd, whose term will expire next December. Col. Wilson was Parliamentary Secretary to the Treasury in both the Lloyd George Coalition and the Bonar Law Government. He also served as Chief Conservative Whip since 1921.

Commander Eyres-Monsell, now Parliamentary and Financial Secretary to the Admiralty, succeeds Colonel Wilson in the Treasury Department and Major A. B. Boyd-Carpenter becomes Financial Secretary to the Admiralty.

STATEMENTS ARE DEBATED

British Postmaster-General Condemns Leaflet Issued By Department

Pamphlet Praised Work of the Minister

London, July 26.—(Canadian Press Cable)—Considerable interest has been aroused by the repudiation yesterday by the Postmaster-General, Sir Laming Worthington-Evans, of the flamboyant leaflet issued by the press by an official in his own department in praise of the Postmaster-General. The repudiation was made with expressions of genuine disgust.

The Manchester Guardian, commenting on it, says it hopes this may be "one of the last lingering graces of the repulsive propagandism which gained a deplorable vogue during the war and was at first used for the supposed good of the country but soon became a means of the personal advantage of the members of the Government themselves."

Wave of Economy. The truth seems to be that a wave of economy has now pretty well submerged the Government propagandist schemes. The Minister of Labour was the first to go and the last was the Minister of Health, while such publicity work as still is done is performed by one clerk in his spare time without extra pay.

The Foreign Office maintains an official especially to meet Foreign newspaper representatives. War Office and Colonial Office press callers are looked after jointly by another man. The India Office, Postoffice and Air Ministry have a small bureau. The Home Secretary's office declined to have a publicity representative even when one was offered it.

Photographed During Vacation Trip to Alaska: President Harding

RUSSO-JAPANESE CONFERENCE HELD

Joffe-Kawakami Conversations Expected to End Soon

Resumption of Relations Purpose of Discussion

Tokyo, July 26.—Early conclusion of the Russo-Japanese parleys intended to pave the way for a resumption of relations between the two nations was foreshadowed today. The delegates, who for a few weeks have been discussing the massacre of Japanese at Nikolaievsk in 1920 and the Soviet offer of an apology without an indemnity, are expected at the next and subsequent meetings to take up all points in dispute and thereafter draw up memoranda of the conversations. Thus far the conversations have been merely an exchange of opinions, nothing concrete having been accomplished.

A. A. Joffe is representing the Soviet Government, and Toshihiko Kawakami is the Japanese representative.

FALSE REPORTS ON NEGOTIATIONS

Rumors in Lausanne About U. S.-Turkish Conference

Statement About Import Charges Is Denied

Lausanne, July 26.—Irresponsible information concerning the negotiations between the United States and Turkey is in circulation in Lausanne. This is due partly to idle speculation and also to the persistence of a story that the Americans are trying to force upon the Turks all kinds of special privileges, which the Allied delegations after eight months of negotiation were unable to obtain.

One assertion was that the Americans were demanding exemption of import charges on all necessities for use by American educational and charitable institutions in Turkey. The American spokesman said the and had decided to accept the same treatment for American institutions as Turkey accords to European organizations located in Turkey.

BOY IS KILLED IN FIREWORKS EXPLOSION

Philadelphia, July 26.—One unidentified boy was killed and four youths were slightly injured today in an explosion in a shack connected with the United States Fireworks Manufacturing Company at Cardington, Pa. The property loss was small.

DR. E. Y. MULLINS HEAD BAPTIST WORLD ALLIANCE

Stockholm, July 26.—Dr. E. Y. Mullins, of Louisville, Ky., was unanimously elected today president of the Baptist World Alliance by the third congress of the Alliance, in session here.

PRESIDENT HARDING IS ENTHUSIASTICALLY GREETED IN VANCOUVER

Thousands Flock From All Parts of British Columbia to Meet Chief Executive of United States; Parade and Address in Stanley Park By Mr. Harding and Luncheon Features of Visit.

Vancouver, July 26.—President and Mrs. Harding disembarked from the United States naval transport Henderson and put foot on Canadian soil here at 11 a.m. today.

The arrival of the Chief Executive of the United States was made the occasion of a military display exceeding anything previously seen on his Alaskan trip. As the Henderson steamed through the Narrows into Burrard Inlet shortly before ten o'clock she was given a salute by the British light cruiser Curlew and the Canadian destroyer Patrician. When the President stepped down the gangplank he was greeted with another salute, fired by the 68th Battery of the 15th Brigade, Canadian Field Artillery, and taken up by the Curlew.

The President was received by a combined guard of honor from the Curlew and the Patrician, another guard with King's and regimental colors, two military bands and a detail of the Royal Canadian Mounted Police. Formal welcome was extended at the pier by officials of the Dominion, the Province of British Columbia and the city of Vancouver. A brief response, Mr. Harding, with Mrs. Harding and other members of the party, was escorted to automobiles transferred to a United States city and to Stanley Park, where the President delivered the principal address of his visit.

(The full text of President Harding's address in Stanley Park will be found on Page 2.)

The parade was even more resplendent as a military spectacle than had been the reception at the pier. In the forefront marched a United States navy band and the Henderson's company of marines, invited by the Canadian Government to participate in the procession.

Returning from Stanley Park, the President was the luncheon guest of the Government of B. C. and the City Council of Vancouver. The remainder of the day's program provided for the longed-for international golf match between the President and Hon. J. H. King, a dinner tendered by the Government of Canada, a reception and barge party at 9.30 p.m. for the voyage to Seattle.

THE LUNCHEON

More than 600 attended the luncheon. Seventy-one persons were seated at the head table, in the following order:

Mayor Charles E. Tidball, presiding; President Harding on his right and Mrs. Harding on his left; Hon. the Lieutenant-Governor of British Columbia was seated beside Mrs. Harding and Mrs. Nichol was seated on the right of President Harding.

Guests on the right: Mrs. Tidball, Hon. Herbert Hoover, Mrs. Nicholson, Mrs. J. H. King, Hon. Hewitt Bostock, Mrs. MacLean, Hon. Walter Work, Hon. C. W. Stewart, Mrs. Manson, Hon. G. B. Christian, Jr., Hon. E. J. Crowe, Mrs. Sawyer, Lieut. Oland, of H.M.C.S. Patrician, Admiral H. Rodman, United States Navy; Mrs. Crowe, Hon. F. H. Gillette, Hon. T. D. Pattullo, Governor William Strydom, W. W. Foster, Col. W. Greeley, Hon. William Sloan, Mrs. Bowser, D. C. Coleman, Hon. W. H. Sutherland, Major O. M. Ballinger, United States Army; Hon. J. M. Ross, C.M.G., D.S.O.; Commissioner Wroughton, R.C.M.P.; Alderman Owen, Mrs. Tracey, Alderman Albion, Mrs. Crane, Alderman F. H. Gibbins, Mrs. Shelly and Rev. E. D. McLean.

Guests on the left: Hon. J. H. King, Mrs. Hoover, Premier John Oliver, Mrs. Work, Hon. J. B. MacLean, Mrs. Rodman, Hon. A. M. Manson, Mrs. Malcolm Jennings, Capt. L. S. Holbrook, H.M.S. Curlew; Mrs. Bostock, Hon. Henry C. Wallace, Mrs. Kingcombe, Gen. C. E. Sawyer, United States Army; Mrs. Pattullo, Col. E. J. Chambers, Mrs. Stevens, Malcolm Jennings, Mrs. Sutherland, Lieut.-Commander C. T. Board, Capt. Rip Van Winkle. "May you all live long and prosper."

A GOOD NEIGHBOR Referring to the fact that he was with the single exception of his immediate predecessor, the first President in office to set foot on politically-foreign soil, the President stated that such an inhibition, which had developed into a tradition, may have been desirable in the early days.

(Concluded on page 12.)

TEN DIVISIONS IN BRITISH HOUSE IN TWO HOURS

London, July 26.—(Canadian Press Cable).—Parliament is hurrying to clear up the session's work in view of the adjournment next week. There were ten divisions last night in two hours due to labor challenges. In connection with the estimates introduced yesterday for the Colonial Office and the Post Office Department £2,000,000 was voted without debate.

(Concluded on page 12.)

known as "Dad" on western exhibition circuits and to hockey fans of St. Paul, died here last night after thirty-six hours' illness with ulcerated stomach. Mr. McIntosh was here for the Saskatoon Exhibition when he fell ill.

SAYS READJUSTMENT NEEDED IN U. S.

Minnesota Farmer-Labor Senator-Elect Fears Overturn. St. Paul, Minn., July 25.—Revolution—political, industrial or even a resort to arms—faces the United States "if conditions confronting the laboring man and the farmer are not changed," in the opinion of Magnus Johnson, recently elected Senator from Minnesota on the Farmer-Labor ticket.

SHINGOLEN advertisement with an illustration of a shingled roof. Text: 'Preserves the Shingles and Gives Your Roof a Brilliant Color. Finish your shingled roof with Shingolen, because this superior product will save you many dollars—your roof won't need redoing for years. It's light oils penetrate to the heart of the shingles—it's heavy oils dry hard and tough, holding it's brilliant colors fast. SHINGOLEN keeps each shingle flat and preserves it's efficiency from the destructive forces of the elements. Paint Supply Co. 720 Yates Street. Phone 1286'

Full Text of President Harding's Speech at Stanley Park, Vancouver, This Afternoon

Vancouver, July 25.—Addressing the great gathering in Stanley Park here this afternoon, Hon. Warren G. Harding, President of the United States, spoke in full as follows: "Citizens of Canada: "I may as well confess to you at the outset a certain perplexity as to how I should address you. The truth of the matter is that this is the first time I have ever spoken as President in any country other than my own. Indeed, so far as I can recall, I am, with the single exception of my immediate predecessor, the first President in office even to set foot on politically-foreign soil.

FRIENDSHIP VALUED. "But exceptions are required to prove rules. And Canada is an exception, a most notable exception, from every viewpoint of the United States. You are not only our neighbor, but a very good neighbor, and we rejoice in your advancement and admire your independence, no less sincerely than we value your friendship.

LOOK TO FUTURE. "Not that we would reproach them for resentment of envy, which after all is but a manifestation of human nature. Rather should we sympathize with their seeming inability to break the shackles of age-long methods and rejoice in our relative freedom from the stultifying effect of Old World customs and practices. Our natural advantages are manifold and obvious. We are not puffed by the habits of a thousand years. We live in the power and glory of youth. Others derive justifiable satisfaction from contemplation of their resplendent past. We have relatively only our present to regard, and that, with eager eyes fixed chiefly upon our future.

DEFEND LIBERTY. "Therein lies our best estate. We profit both mentally and materially from the fact that we have no 'dependent' provinces, no 'lost' provinces to regain, no new territory to covet, no ancient grudges to gnaw sternly at the heart of our national consciousness. Not only are we happily exempt from these handicaps of vengeance and prejudice, but we are animated correspondingly and most happily by our better knowledge, derived from the study of the blessings of liberty. These advantages we may not appreciate to the full at all times, but we know that we possess them, and that they are radiant when, if ever, we shall fall to cherish and defend them against any conceivable assault from without or within our borders.

NO FORTIFICATIONS. "What an object lesson of peace is shown to-day by our two countries! To all the world, no grim-faced fortifications mark our frontiers, no huge battlements patrol our dividing waters, no stealthy spies lurk in the shadows of our hamlets. Only a scrap of paper, recording hardly more than a simple understanding, safeguards lives and property on the Great Lakes, and only humble mile-posts mark the invisible boundary line for thousands of miles through farm and forest.

NO QUOTA FOR CANADA. "An interesting and significant symptom of our growing mutuality appears in the fact that the voluntary 'age of consent' to which I have referred is wholly free from restrictions. Our national and industrial exigencies have made it necessary for us, greatly to our regret, to fix limits to immigration from foreign countries. But there is no quota for Canada. We gladly welcome all of your sturdy, steady stock who care to come, as a strengthening ingredient and influence. We none the less bid Godspeed and happy days to the thousands of our own folk who are swarming constantly over your land and participating in its remarkable development.

PARALLEL PATHS. "No, let us go our own ways along parallel roads, you helping us and we helping you. So long as each country maintains its independence, and both recognize the interdependence, those paths can not fail to be highways of progress and prosperity. Nationality continues to be a supreme factor in modern existence. Make no mistake about that. But the day of the Chinese wall, inclosing a hermit nation, has passed forever. Even though space itself were not in process of annihilation by aeroplane, submarine, wireless, and broadcasting, our very proximity enjoins that most effective co-operation which comes from close and friendly hands in true faith and good fellowship.

CAPITAL SENT TO CANADA. "A further evidence of our increasing interdependence appears in the shifting of capital. Since the armistice I am informed, approximately \$2,500,000,000 has found its way from the United States into Canada for investment. That is a huge sum of money, and I have no doubt it is employed safely for us and helpfully for you. Most gratifying to you, moreover, should be the circumstance that one-half of that great sum has gone for purchase of our state and municipal bonds—a tribute, indeed, to the scrupulous maintenance of your credit, to a degree equalled only by your Mother Country across the sea and your sister country across the hardly visible border.

PEACE ALWAYS KEPT. "But not so here! A hundred years of tranquil relationships throughout vicissitudes which elsewhere would have provoked armed conflict rather than arbitration, affords, truly, declared James Bryce, 'the finest example ever seen in history of an undefeated frontier, whose very absence of armaments itself helped to prevent hostile demonstrations'; thus proving beyond question that 'peace can always be kept, whatever the grounds of controversy between peoples that wish to keep it.'

VOT'S DAT?—Yah, I am a German police hound. My name is Otto. I just arrive on the Minnekahda. I am worth \$1,000. Yah, I travel by dis basket. Now, raus mit'em!

To Seek Renewal of Castle Lease

Craigdarroch Castle will again house the Victoria College students if negotiations with the owners should prove successful, the City School-Board decided at the meeting yesterday. Chairman George Jay and Trustee J. L. Beckwith were chosen to take up the matter with the Bank of Montreal, from whom the property is leased. The present lease expires in September, and a lease for another three years will probably be sought.

PRESIDENT HARDING IS ENTHUSIASTICALLY GREETED IN VANCOUVER. (Continued from page 1.) "In her early history British Columbia was thrown into close intimacy with her neighboring States by the mountain walls which shut off both from the world and from the East, and whilst those rocky barriers have now been pierced by railroads and highways, the sympathy engendered in the time of common isolation still survives and grows stronger with the passing years.

MAKES A FIGHT. New York, July 25.—Cleared by Judge McIntyre of indictments charging forgery and authorship of scores of "pistol pen" letters, George Maxwell, music publisher, announced he knew the author of the letters, a woman, and declared he had just begun to fight against the authors of the charges.

FULLEST INQUIRY BEFORE WAR MOVES. Sydney Sun Interprets Australian Premier's Speech on Empire Policy. Deals with Canada and Pacific Defence. London, July 25.—(Canadian Press Cable)—The London Daily Telegraph's Sydney correspondent quotes The Sydney Sun as commenting as follows on Premier Bruce's speech recently in which he demanded for Australia a greater part in framing the foreign policy of the Empire:

GENERAL ELECTION IN P. E. I. TO-DAY. People of Canada's Smallest Province Mark Ballots. Charlottetown, P. E. I., July 25.—With the people of Prince Edward Island going to the polls to-day to elect their Legislature for the next term, both the Liberal and Conservative parties are predicting victory, but have made no statements, as the women's vote, which is being polled for the first time in a provincial election, has brought an uncertain element into the situation.

LITTLE HOPE FOR BANDIT'S VICTIM. Bookkeeper Shot on Pacific Highway Not Expected to Recover. Everett, July 25.—Finley McFee, of Hamilton, who with his wife, was wounded by a bandit on the Pacific Highway fifteen miles north of here, reported to have died at an Arlington hospital late yesterday. He is still alive, but his condition is grave, and little hope is held out for his recovery. Mrs. McFee is recovering. Bandit chief as to the identity of the bandits still are lacking. All those thus far followed have failed to yield results.

AFTER 25 YEARS—The old clock in Independence Hall Tower, Philadelphia, has stopped for the first time since 1898 and these men are trying to fix it, while throngs of astonished Philadelphians look on.

DR. F. G. BANTING WAS HONORED

Discoverer of Insulin Addressed British Medical Association

London, July 25.—(Canadian Press Cable)—Dr. F. G. Banting, of the University of Toronto, the discoverer of insulin, was given a most cordial reception yesterday by the British Medical Association at Portsmouth, before which body he described his great discovery. In carefully-voiced scientific language, he told of his experiments and struggles and ultimate success. Dr. Banting did not go further than to admit that insulin was still in its 'experimental stage, but he claimed that in proper doses it reduced the sugar in the blood to a normal or subnormal degree. Sir Thomas Horder, Assistant Physician to St. Bartholomew's Hospital, took the opportunity of warning the public against expecting too much from the new treatment. He made it clear that his warning was not intended in the least to lessen the credit due Dr. Banting, who, it was recognized, had been extremely modest in setting forth the merits of his discovery.

NEW YORK CURB MARKET MEMBER EXPELLED TO-DAY

New York, July 25.—The board of governors of the New York Curb Exchange to-day announced the expulsion of Adam Schneider, of the firm of A. L. Schneider & Company, for violation of the Exchange legislation.

ELSIE FERGUSON IS GIVEN DIVORCE

Paris, July 25.—Elsie Ferguson, American actress, was granted a divorce to-day from Thomas Benedict Clarke, whom she married in New York in June, 1916. The grounds were extreme indifference, desertion and failure to provide.

To Restore The Apparently Drowned

With the advent of the Summer season, and indulgence in aquatic sports, to save the toll which the water annually takes from careless or exhausted persons in the water, The Times publishes some directions for the restoration of the apparently drowned. Those selected are those laid down by the St. John Ambulance Association, Canadian headquarters, Ottawa, and known as the Schafer method, are as follows: 1.—When the body is recovered from the water do not attempt to loosen or remove clothing, but immediately proceed to perform Professor Schafer's method of artificial respiration.

Lighten Your Burdens

Lighten your burdens to feather weight and make your whole life fuller and brighter. Let us show you the miracles of advertising. A small, prosperous business is a great thing. It's pretty fine to go along with enough and some to spare. It's a comfortable feeling. BUT. You never can tell exactly when a "live" competitor will jump in and make things fly. Jump in now and make things fly yourself. Keep yourself so well advertised that even the most ambitious will hesitate a long time before trying to put one over on you. A big, growing business that everybody KNOWS is a great thing. The miracle of it thrills you from head to toe. Advertising performs the miracle of making a business GROW. ### BOURGEOIS DEFENDS LEAGUE OF NATIONS

French Leader Answers All Criticism of Expenditures

Paris, July 26.—The recent attacks on the League of Nations have moved Leon Bourgeois to write a two-column letter in defence to the Temps, which is among the newspapers that have printed the criticisms.

M. Bourgeois summarizes the attacks as directed mainly against the expenses of the League which have been declared excessive, and the cost of its secretariat. He says the finances of the League are controlled in such a way that the secretariat cannot exercise any action in determining expenses. He points out that the salaries were not fixed by the League itself, but by the Peace Conference under Lloyd George, Wilson, Clemenceau and Orlando.

He denies the charge that the League seeks to play the role of a super-state, such a thing being materially impossible under the system of organization, he says.

Ottawa, July 26.—The vacancy on the railway commission caused by the death of Dr. J. G. Rutherford will go inevitably to a western man, the Ottawa Citizen says.

### EMPIRE WIRELESS PLAN OUTLINED

British Government and Marconi Company Will Co-operate

London, July 26.—(Canadian Press Cable)—When introducing the Post Office bill, which was passed by the House, Sir Laming Worthington-Evans, Postmaster-General, stated that the principal terms of the agreement with the Marconi Company for an Empire wireless service were as follows:

The Marconi Company at the outset will provide two stations, and the Government one, apart from the existing stations at Leaford and Carnarvon. The revenue from the stations will be pooled and divided between the company and the Government proportionately and power stations will be contributed by each. Government operators will work the whole service, and a proportionate part of the cost will be charged against the company. The rates, when possible, will be lower than cable rates.

**Extension Plans.**

Under the agreement the Government is empowered to admit other parties to the pool if satisfied they are able to provide an equally efficient station, and to license other parties to conduct wireless services and admit them to the pool. The Government is also empowered to expropriate at the end of the first decade or subsequently.

Sir Laming Worthington-Evans reported that the Postoffice Commercial results for 1922-23 had turned out better than was expected. The actual surplus on the year was £5,500,000.

### LLOYD GEORGE HAS SHARP WORDS FOR POINCARÉ

Bristol, Eng., July 26.—Former Premier Lloyd George made a fierce attack on M. Poincaré, the French Premier, in a speech here yesterday. He objected to M. Poincaré's habit of making speeches on Sunday, which, he pointed out, was a day consecrated to good-will and hardly a day to "unweave the cylinders of carefully-distilled hatred, ill-will, suspicion and anger among the nations."

Referring to past negotiations, Mr. Lloyd George said: "I did not fall out with M. Poincaré, but it was very difficult. Mr. Bonar Law also found it quite impossible to work with him."

The ex-premier accused M. Poincaré of "wickedly distorting" his speeches, and expressed the hope that the British efforts toward peace would not be converted into "more fuel for further devastating and scorching of war which burns up the peace, prosperity, progress and happiness of mankind."

### LIGHTNING CAUSED LOSS OF \$6,000 IN SASKATCHEWAN

Regina, July 26.—Simultaneously striking four houses, burning a windmill and a small dwelling, a bolt of lightning last night set fire to buildings on the dairy farm of George Zaitz, twenty miles east of this city, and caused a loss of \$6,000.

Following a day of intense heat, the Regina and Moose Jaw Districts were swept by a severe storm last night. Forty miles north of Regina, at Regina Beach, a cottage was struck by lightning, but the occupants escaped injury.

### JACK PICKFORD TO GIVE EVIDENCE

Los Angeles, July 26.—Jack Pickford, motion picture actor, brother of Mary Pickford, has been subpoenaed by the federal grand jury now sitting to be investigating charges of violation of the Volstead Act against Dave Lerner, J. G. Irving and others arrested last March. It was stated by federal officials today that Pickford at the time asked permission to go before the grand jury to explain the matter, federal officers announced, but was not allowed to do so. Permission to make a statement to prohibition agents also was denied him.

### MARK TWAIN HOME BURNED

Redding Conn. July 25.—Storm-field, the home of Samuel L. Clemens (Mark Twain) in the closing years of his life, a picturesque villa on a ridge in this town was burned yesterday. It was unoccupied for many years after Mr. Clemens's death and was bought last December by Mrs. Margaret E. Givens of New York.

The home was built to carry out the ideas and wishes of Mr. Clemens and with the other buildings comprised a country estate. The place was originally valued at \$175,000.

### TO RELIEVE PAIN AND BACKACHE

Women May Depend upon Lydia E. Pinkham's Vegetable Compound

Minneapolis, Minn.—"I had heard so much about Lydia E. Pinkham's Vegetable Compound that when I realized I needed to take something to relieve my pains and backache, and to help build me up I began to take that. I had been sick off and on for years and barely weighed a hundred pounds, but now I have had such good results that I am recommending the Vegetable Compound to every one."—Mrs. J. J. BEBER, 3939 18th Ave. South, Minneapolis, Minn.

**Finds a True Friend**

"Every woman who values her health should be proud to have a true friend like the Vegetable Compound," says Mrs. W. E. Shaw, 3227 Walnut Street, Chicago, Illinois. "I had female weakness so badly that I could not stand on my feet. Half of my time was spent in bed and I had pains in my back which were unbearable. I tried everything I could think of to help myself, and when a friend recommended Lydia E. Pinkham's Vegetable Compound I began taking it at once. I recommend it without hesitation."

### CANADA EXPORTING MORE AUTOMOBILES

50,462 Passenger Cars and 5,715 Trucks Shipped Out in a Year

Ottawa, July 26.—(Canadian Press)—Important increases in the export of Canadian-built automobiles are shown by figures issued by the Dominion Bureau of Statistics. During June last, 4,639 passenger cars were exported with a value of \$2,171,357, as against 2,287, valued at \$1,238,340, in June, 1922. During June last the largest purchaser was Australia, which took 1,548. New Zealand came next with a purchase of 980. British South Africa took 641, the United Kingdom 465 and India 288. The remainder went to forty-two different countries.

During the year ended June 30 passenger automobiles were exported to the number of 50,462, as against 19,845 the year before.

Freight automobiles exported in June last numbered 1,120, valued at \$293,557, as against 170, valued at \$74,947, in June, 1922. During the twelve months ended with June, the total exported was 5,715, as against 1,671 during the previous twelve months.

The value of exports of automobile parts during June was \$421,552, as against \$109,877 in June a year ago, while for the year ended with June, the total was \$2,123,875, as against \$1,256,867 the year before.

Exports of bicycles also showed a large increase.

### BIGAMIST JAILED IN AUSTRALIA

Sydney, Australia, July 26.—Charged with bigamously marrying another woman while his first wife, who had spent some years in a mental hospital, was still alive, Wesley Greville, a Sydney shirt manufacturer, deposed he had never been married to the woman who said she was his legal wife and said he had been confused with another man of the same name.

Greville said he did not even know the woman, but she declared she had lived with him for seventeen years and that he had gone through a form of marriage with a young girl while she was in the mental sanitarium. He visited her there and, securing her marriage certificate from her, tore it up.

The jury did not believe the accused man's story and found him guilty. He escaped with a nominal sentence. The judge said it seemed impossible that the woman did not know her own husband even after seventeen years.

### MANITOBA FARMS GROW IN NUMBER

In 1921 There Were 53,252 Occupied Farms

Ottawa, July 26.—(Canadian Press)—Manitoba had 53,252 occupied farms of one acre or over in 1921, an increase of 894 over 44,328 in 1911, according to a bulletin issued by the Dominion Bureau of Statistics in connection with the 1921 decennial census. Manitoba occupied farms in 1901 numbered 32,252. Farm acreage in the province in 1921 showed an increase of 19.3 per cent, during the last decade, the figures being 14,600,958 acres in 1921 and 12,250,223 in 1911, while in 1901 the acreage was 8,842,347. The average size of Manitoba farms in 1921 was 274.2 acres, this not showing any material difference during the two decades under review.

The value of all farm property throughout the province in 1921 was \$65,560,961, as against \$46,243,581 ten years before, an increase of 41.7 per cent.

### BUTTER EXPORTS GREATLY INCREASE

22,569,033 Pounds Shipped From Canada in Year Ended June 30

Ottawa, July 26.—A remarkable increase in the quantity of butter exported during the last twelve months as compared with the previous twelve months is shown by a report of the Dominion Bureau of Statistics. Cheese exports showed a slight decrease.

Butter exported last June was 298,123 pounds, valued at \$119,232, compared with 232,330 pounds, valued at \$78,909 in June, 1922. Last month's largest customer was Japan, which country took 88,892 pounds.

Butter exports for the year ended June 30 were 22,569,033 pounds, compared with 8,096,775 pounds of previous year. Exports of Canadian cheese in June were 64,786 hundred-weight, valued at \$1,137,650, while in June, 1922, they were 70,930 hundred-weight, valued at \$1,087,327.

Cheese exported during the twelve months ended June 30, was 1,129,835 hundred-weight, compared with 1,242,235 hundred-weight during the previous twelve months.

### THREE MEN WERE SHARKS' VICTIMS

Sydney, Australia, July 25.—Fishing off the Bellambi reef on the coast of New South Wales, four fishermen in a small craft were attacked by a shoal of voracious sharks. Savage with hunger, the man-eaters encircled the boat, lashed at it repeatedly and finally knocked a hole in it. Three men fell overboard in an instant, and the fourth just managed to cling to the gunwale.

One man started to swim, but was speedily dragged under. The others sank quickly, and the sharks got them. Only by balancing on the seat of the boat, which, although level with the waves did not sink, was the survivor, who had managed to right it, able to keep afloat until a passing steamer rescued him.

### MEMBER OF FRENCH CHAMBER MISSING

Paris, July 26.—Dr. Georges Levy, Communist member of the Chamber of Deputies representing one of the constituencies of the city of Lyons, has strangely disappeared, says The Matin. He was returning from Moscow and on July 17 appeared at the entrance of the Kehl Bridge, opposite Strasbourg, one end of which is without French control. He was without papers of any sort, his clothing was covered with dust and his shoes indicated he had been tramping a long distance.

When the sentinel challenged the strange figure he replied: "I am Dr. Georges Levy, Deputy from Lyons." He was admitted but disappeared.

### Schooner Towed to Port

Gloucester, Mass., July 25.—The fishing schooner Columbia has been towed into St. Pierre, Miquelon, by the French steam trawler La Champlain, which rammed the schooner off Sable Island, according to word received here. The message said her bowsprit was broken and her rigging carried away.

### YEAST FOR FLESH IRON FOR BLOOD

New Combination Builds Strength in Ten Days

You need to enrich the blood with iron at the same time you use yeast to put on flesh. So scientists have perfected a new combination, Ironized Yeast, that beats anything you ever saw or put into your stomach. It goes into your blood, and stays there, strengthening it into a new, rich, healthy condition.

In as short a time as ten days, and in many cases even more quickly than that, Ironized Yeast starts increasing and sets in appetite, while the yeast question is amazing health-building power. The iron strengthens and re-builds firm, solid flesh and correcting constitutional difficulties.

Believe it or not, that brewer's yeast is the richest source of vitamins known. So thousands of pale, sick and underweight people are gaining health and strength through Ironized Yeast, which is a combination of iron and other valuable tonic ingredients, with yeast imported from Bass' Ale Brewery, England, and especially concentrated under the process recommended by Dr. A. S. Seldoff, of the Hygienic Laboratory of the U. S. Public Health Service.

Get Ironized Yeast from your druggist today. It is convenient and pleasant to take, being in handy tablet form. The ten-day treatment costs only \$1.00. It is guaranteed to give satisfactory results or your money will be cheerfully refunded.

### MARRIAGE WITH ASIATICS DEFENDED IN AUSTRALIA

Special to The Times.

Sydney, Australia, July 25.—Because he suggested in a public lecture that marriage between Asiatics and Europeans were not a failure and did not tend to degeneracy, Professor Griffith Taylor, of Sydney University, is in hot water with Australians. They believe he is undermining the "White Australia" policy.

The professor says Mongolians are of the same race as Europeans and that it is, ethnologically speaking, all nonsense to suggest that the offspring are inferior in any way. Even aboriginal and Chinese who married in Australia, he says, show mentality and character equal to ordinary white children.

### HEMORRHOIDS

Do not suffer another day with itching, bleeding, or protruding Piles or Hemorrhoids. No surgical operation required. Dr. Chase's Ointment will relieve you at once and afford lasting benefit. Go a box; all dealers, or Edman, Bates & Co., Limited, Toronto. Sample box free. (Adv.)

# Union Non-Detonating Gasoline

Gasolines explode in two ways. One kind explodes with an instantaneous crash—*detonates*. It deals a sledge hammer blow upon the piston head, depending upon the single impulse for the complete stroke. Because of its tendency to explode prematurely, it limits compression. It often causes "knocking" which you notice on the hills.

The quick, crashing blows, repeated, increase vibration, increasing wear and tear.

**Steady, Sustained Power**

The other kind of explosion—the kind that Union Gasoline delivers—is progressive and prolonged. For Union is *non-detonating* gasoline.

The piston receives a strong, steady, sustained *thrust* throughout the entire stroke. It pushes through.

Higher compression is permitted, because compression is limited by the tendency of a gasoline to *detonate*, as all authorities know.

Thus increased power and efficiency result.

**Note the "Lift" on Hills**

You'll find a new "lift" on hills with no "knocking." The car is being pulled up by strong, sustained impulses. There's new speed on the level, too, and more rush in the getaway.

Increased fuel economy follows this increased all-round efficiency.

And the decreased vibration saves much wear and tear.

These are features to look for when you use Union Non-Detonating Gasoline.

Union Gasoline is the product of progressive refining methods. The latest methods for its improvement are constantly searched for by able chemists and engineers, equipped with every accepted facility for studying refining processes.

Union Oil Company of Canada Ltd.

THE PRESIDENT'S VISIT.

This is a red letter day for Canada and a day of great moment for British Columbia. For the first time a President of the United States is on Canadian soil. The personal and friendly desire of Warren Gamaliel Harding has been permitted to take the place of constitutional custom.

It will be safe to say that to-day's history-making event will send a thrill of pleasure and satisfaction through every part of the British Empire. It can be taken as an exceedingly gratifying sequel to numerous friendly gestures which President Harding has made towards this country in particular and to the Commonwealth in general.

Neither President Harding nor a single Canadian would suggest that the event in which the whole of this country is intensely interested to-day is necessary to demonstrate to the world at large the friendly relations which exist between Canada and the United States and between our neighbor and the whole of the British Commonwealth.

Although President Harding has created a precedent in coming to Canada while in office, an interesting development in international relationships upon which posterity will be able to reflect with pleasure, grateful people of many nations will always associate the name of the twenty-ninth chief executive of the United States with the calling of a Conference at which the more formidable powers of the world agreed to send a large number of battleships to the scrap heap.

When President Harding leaves Canadian waters this evening we shall hope that he will take with him pleasant recollections of his first visit to this country. He may rest assured that we on this side of the border shall regard it as the complete demolition of an ancient custom that was only partially challenged when the late Theodore Roosevelt went to the Panama Canal zone and more definitely disturbed when former President Wilson attended the Peace Conference in Europe.

PASSING MANITOBA'S LIQUOR LAW.

Manitoba's Legislature should have very little difficulty in getting through the business upon which it has just commenced at a special session. The electorate of that Province voted upon a liquor bill which the Government promised to enact if a majority were recorded in its favor.

of liquor control in Manitoba with considerable interest. Twelve months from now it should be possible to discover whether the Prairie Province has profited by our experience.

MR. McKENNA'S FUTURE.

Although Mr. Reginald McKenna has made no announcement to the effect that he has abandoned his old Party his acceptance of the portfolio of Chancellor of the Exchequer in the Baldwin Ministry would imply complete divorce from his former affiliations.

LEGISLATION WITHOUT FORCE.

Nothing seems to remain for the Government of this Province to do but to furnish its own authority to discover just what the electorate of British Columbia desires in respect of the importation of liquor.

NOTE AND COMMENT

Premier Braeken says that the liquor question in Manitoba will be kept as far away as possible from politics. Unfortunately the two have a miserable knack of rubbing shoulders rather frequently whether Governments like it or not.

Mr. Lloyd George and Premier Poincare seem to be getting quite a lot of "kick" out of their long range duel. If the ex-Prime Minister of Britain had taken M. Poincare out for a game of golf both of them might now have been playing to Briand's handicap.

Senator Hiram Johnson has returned from Europe and he is convinced that there is no good in the League of Nations or in the International Court. But President Harding is advertising the wares of one league of nations whose understanding and unfortified dividing line are an example of what can be accomplished by mutual trust.

Eamonn de Valera says that if the Free State elections are unfettered and the Republicans gain a majority their policy will be to govern the country on Sinn Fein lines as in 1919 by refusing to co-operate with Great Britain in any way.

Is not the leader of British Columbia's Third Party drawing the long bow when he says that people in Vancouver are buying their liquor from the bootleggers because they can get the stuff a dollar a bottle cheaper than they can get it at the Government's stores?

The Ladies' Auxiliary of the Ancient Order of Hibernians passed a resolution at the closing sessions of the organization's gathering at Montreal the other day urging the Government of the United States to investigate their charge that 2,000 women are being detained in the jails in Ireland under the most insanitary and cruel conditions.

OUR CONTEMPORARIES

GIVE THE BOYS A CHANCE. St. John's Telegram:—There has been a good deal of criticism of the probation system as applied to convictions in the courts, but the record of the Toronto police court since last November, when 230 out of 237 probationers have remained straight, is weighty evidence in its support.

HARD NUT TO CRACK. Toronto Globe:—The rivalry in battleships has been transferred to submarines. It is a result the Washington conference invited when it rejected the British proposal to abolish the submarine, a weapon which any unscrupulous power may turn to barbaric uses.

OREGON JOURNAL GUIDES TOURISTS TO VICTORIA

The Most Beautiful Spot in North America Motorists Are Told

"If you miss this trip you will be missing a beautiful scenery the like of which cannot be found anywhere else in North America."

To realize Victoria you must take all the time you desire to spend in Bournemouth, Torquay, the Isle of Wight, the Happy Valley at Hongkong, the Doon, Sorrento and Camps Bay, and reminiscences of the Thousand Islands, an arrange the whole round the Bay of Naples with some Himalayas for the background—this is what the famous Rudyard Kipling wrote when he saw Victoria, the capital city of British Columbia.

The wonderful scenic beauty which lured the Hudson's Bay traders long ago, the shelter of the pleasant harbors which offered them safe anchorage for their ships, are as attractive to-day to the traveler and homemaker. For Nature has been more than kind to Victoria. She has made her the most beautiful city in America and given her splendid wharf and dock facilities, which make her one of the finest ports on the Pacific.

"As the steamer which bears the voyager from the mainland to the island city nears the dock, it will be noticed that the green lawns slope down to the very edge of the water, the unsightly confusion, the unseemly noise, attendant upon the going and coming of boats in less happily situated centres, is quite missing here.

Close by Brentwood is "Benvenuto," the lovely Summer home of Mr. and Mrs. Butchart, with its famous garden. This delightful place, through the generous hospitality of the owners, is thrown open to the public practically all the year round and many thousands avail themselves of this privilege.

Ten years ago what is now a spot as lovely as an Arabian Night's dream, was as desolate and uninhabited as could be found within the limits of the island. But man's ingenuity, aided and abetted by the regenerating forces of nature, succeeded in making a paradise of the desert.

DR. PLASKETT TO SPEAK. Dr. J. S. Plaskett, Director of the Astrophysical Observatory at Sanich Hill, will be heard in an address before Summer school students at the High School auditorium on Friday at 8.30 p.m.

TO NEED DEMANDS OF BEACH PARTIES

Improvements at Cadboro and Cordova Bays Are Decided Upon

Better facilities to accommodate the increasing numbers of picnickers flocking to Cadboro Bay and Cordova Bay beaches will be made, the Joint Victoria and Saanich Parks and Beach committee has decided. Picnickers who have scrambled down the banks to Cadboro Bay will be pleased to learn that the committee has decided to erect some new steps leading to the beach at Uplands end.

The nearest approach to the beach for the parties who take the trip by street car or connect with the trolley meeting the street cars running in that direction. Band concerts during the Summer are also planned to add to the enjoyment of the picnickers.

Kirk's Advice is to Buy Coal Now. Coal bought at this season of the year is much superior to that bought later on—due to the extra care we are able to take in preparing same.

Kirk Coal Co., Ltd. 1212 Broad St. Phone 139. What mistake in taste is this man making in his dress? The answer will be found among to-day's want ads.

STATE CONTROL OF FRENCH MERCHANT MARINE A LOSS. London, July 25.—State control of merchant shipping in France has resulted in a big loss, according to a report in The Morning Post, which was drawn up by M. Leboucq of Paris, and is authoritative. The report discloses the fact that during the war and since the war state control of merchant shipping resulted in a net loss to the taxpayers of at least 1,806,000,000 francs.

BLUNDERS. What mistake in taste is this man making in his dress? The answer will be found among to-day's want ads.

TO TAKE GOSPEL TO THE BEACHES. Metropolitan Young People's Society to Initiate Novel Services Here.

Following the practice which has been adopted in many of the resorts of the continent, the Metropolitan Young People's Society proposes to initiate a series of services at Cordova Bay Beach on Sunday afternoons during the month of August.

Volunteer transportation was pointed out as a vital factor, however, and a number offered their automobiles for service on this occasion. A large contingent of cars will be necessary, and members of the church and any others interested who will use their autos are asked to call up 5925R or 4583L without delay and state the number they can carry in addition to their own party.

# IN WOMAN'S DOMAIN

## MRS. HARDING SAYS WOMEN TALKATIVE AT RECEPTIONS

Wife of U. S. President Proud of Husband's Journalistic Calling

While the eyes of Vancouver's male population will to-day be centered upon the President of the United States, the women will doubtless devote their chief attention to Mrs. Harding, the chaine of White House and "the first lady of the land." Royal princesses, women of excited rank from Britain and other European countries, have visited British Columbia, but the present occasion marks the first on which the wife of the ruling President of the United States has visited this Coast.

**Was Bells of Ohio.**  
When she married Warren Harding, the young country doctor, still with his way to make in the world, against the decided wishes of her family, she was toasted as the belle of Marion, Ohio, that was in 1891. In the year of grace 1923, as the wife of the President of the United States, Mrs. Harding is still a beautiful woman. It is of interest that the President and Mrs. Harding celebrated their thirty-second wedding anniversary at Ketchikan, Alaska, on July 26.

Full of the joy of living herself, Mrs. Harding likes to see those about her happy and contented. She is as ready to chat with a poverty-stricken woman, as she is to talk with the richest in the land. She is a student of humanity, too. The other day she was chatting of her experience on their present tour of the United States and was talking of the psychology of crowds as she looked from the deck of the Henderson over the heads of the motley assembly crowding the main street of Ketchikan.

**Women Talkative.**  
"It is a terrible confession for a woman," she said, "but our experience is that at a reception, when everyone wants to shake hands, we can pass from 1,500 to 2,000 men in an hour—but never more than 1,000 women. The reason?—well, most of one of them has a little speech prepared to make to the President. Then they come across someone with gold brooch on their uniform, and they get hopefully flustered and forget everything they meant to say. But they won't just pass along—they want to say their little speech, and mean to do it. I tell Warren he ought to help them out, but I'll admit that's not so easy for a man."

Mrs. Harding prides herself on her newspaper calling as a newspaperman. She often tells of her early struggles and their dreams of what the front page of their "sheet" was to look like "when their ship came home."  
"I married a poor publisher," she says, "and I've lived so long in a newspaper atmosphere that I've got the news sense strongly developed. I can see news, feel it, yes, and smell it," she declared.

## MOVIE DIRECTOR WEDS WELL-KNOWN ACTRESS

Los Angeles, July 26.—James Kirkwood, motion picture actor and director, and Lida Lee, screen actress, were married here yesterday and later at a reception announced the fact. In obtaining the license, the bride revealed her "true name" to be Augusta Appel and gave her age as 18. The groom gave his age as 40. This is the third time Kirkwood has been married. Before going into pictures five years ago, Miss Lee was known as "Cuddles" Edwards in vaudeville.

**Victoria Review Met.**—The regular bi-monthly meeting of Victoria Review, No. 1, W. E. A., was held in the Knights of Columbus Hall Tuesday evening with Lieut.-Commander Mrs. Morley in the chair. Miss Rose Miller, Deputy Supreme Commander, was the guest of honor, and Mrs. Ebor, Sr., Commander of Queen Alexandra, No. 17, Mrs. Laing, Junior Commander of No. 11 and several members of Queen Alexandra Review, and Mrs. Stevens, Commander of Royal Review, No. 18, were welcomed. Several old members were present last night, and Mrs. McGilligan, charter member of Victoria Review, No. 1, addressed the meeting. Mrs. Morley was elected Commander, and Mrs. Laing, Lieut.-Commander. Miss Miller gave a very interesting address during the meeting. Refreshments were served, and a social hour spent. Plans were made to hold a "Penny Social" in August.

## Safe instant relief from CORNS

During the torrid days of Summer, there is no comfort so indispensable as the great, cool blocks of ice in our refrigerators, from which we draw refreshing drinks, cool garnishes for our tables, and by which we keep our foods fresh and our butter firm. The care, preservation and service of ice forms one of the greatest problems in Summer; for ice is not inexpensive, and it must be ordered wisely and used with discretion. To begin with, it is never economical to buy a great quantity of ice. One large chunk keeps far longer than two blocks half the size. If your refrigerator will hold 100 pounds, it is best to get that amount. Seventy-five pounds will keep well fifty pounds less well, and the small twenty-five pound piece melts away in a very short time. Ice for table service must be broken into different sized pieces. A good way to break it evenly is to make or buy a bag of heavy leather. Inside

# SOCIETY REPERTORY

Mr. R. L. Waugh, of Medicine Hat, is staying at the Empress Hotel.

Mr. Bert Mantrap, steamboat inspector, has proceeded to Francois Lake where he will inspect the Provincial Government's ferry boat. He will return to Vancouver from Burns Lake by way of Jasper Park on route home here.

## PRETTY WEDDING AT METCHOSIN

Mr. Silburn Weds Miss Arden at St. Mary's

Special to The Times.  
Metchosin, July 26.—A very pretty wedding was solemnized at St. Mary's Church, Metchosin, on Wednesday afternoon when Elizabeth, eldest daughter of Mr. and Mrs. W. Arden, and George Silburn, of Victoria, were united in marriage by the Rev. F. Comley, vicar of the parish. The bride wore a pretty white silk dress with the conventional wreath and veil, and carried a bouquet of roses and maidenhair fern, and was given away by her father. The bridesmaids were charmingly attired in pink, with hats to match. Miss Ivy Cook, in pink crêpe de Chine and Miss Emma Arden, sister of the bride, in soft volle, each carried a bouquet of sweet peas and ferns. R. A. Scutell acted as best man. Many friends of the bride, who is a Metchosin girl and was educated at the Metchosin school, attended the ceremony, which was presided over by the reception given by the bride's mother at her home, Metchosin. The happy couple left later for Victoria, where they will make their home.

J. J. Dillon, of Metchosin, had the misfortune to meet with an accident during logging operations at H. C. Heigensen's camp on Wednesday afternoon. A double cable left for Victoria, where they will make their home.

Visitors' day at the Girl Guide camp at Sooke, where the Metchosin, James Bay and Second Victoria (Lady Douglas) Guides are encamped, was greatly enjoyed by both Guides and visitors.

Several car loads went from Metchosin to meet with a warm welcome and reception from the officers in charge of the camp.

An extremely enjoyable day was spent in inspecting the tents and equipment, witnessing the bathing of the whole camp, accompanied under proper supervision, and luncheon cooked by the Guides, and witnessing sports and drill.

George Houston, the newly married couple left Saturday morning by auto for Spokane and Victoria, where they will spend a few days before proceeding South to Los Angeles, where they will make their home.

Mrs. M. C. Cockshott, of Los Angeles, and her baby son, are guests for a few weeks of Mr. and Mrs. Charles Hildreth, Monterey Avenue.

Cadet F. T. McIntosh, of the Royal Military College, Kingston, son of Judge and Mrs. Charles McIntosh, returned from military camp at Sars Tuesday evening. He will spend the remainder of his vacation in this city and at the family's Summer home near Mill Bay.

Mr. and Mrs. T. L. Hughes, with their little daughter Hilda, left on Monday night's boat for Vancouver, en route for Chilliwack, where they will reside in future. Mr. Hughes has recently been appointed clerk and collector of the Sumas Dyking District, with headquarters at Chilliwack.

Members of Court Triumph A.O.F. paid a surprise visit on Tuesday evening to the home of Mrs. Yarwood, Lee Avenue, during which Mrs. Curtis, on behalf of the gathering presented Mrs. Yarwood with a fountain pen as a token of appreciation and affection. Music, cards and fortune telling helped the evening to pass all too quickly. Mrs. Love rendered solos with Miss Sanders at the piano. Dainty refreshments were served by the hostess.

A miscellaneous shower was held on Wednesday evening at the home of Miss Lily Dawe, Oswego Street, in honor of Miss Stella Gosse, whose marriage will take place next month. The rooms were beautifully decorated with Shasta daisies and Canterbury bells. The gifts were concealed under a parasol with streamers of pink and mauve ribbons. Those present were the Misses Katie Borman, Pearl Matthews, Gladys Rideout, Annie and May Parsons, Flossie Pike, Bertha Efford (Vancouver), Hazel Brown and Gertrude Gosse.

## SUCCESSFUL FETE.

St. Columba Church, Strawberry Vale, held a most successful garden fete yesterday, over 150 persons attending. Mrs. Gann, convened the affair, and was ably assisted by Mrs. Raper, Misses Walker and Frampton, as well as Mesdames Townsend, Holmes and Eganant. The pupils of Mrs. NAMMIB of Victoria, gave a very successful impromptu recital during the evening. Rev. W. Nixon expressed himself as well satisfied with the results of the fete, and thanked all those who were in any way connected with the affair for their kind assistance.

Friday and Saturday and Saturday Matinee. National Vaudeville Artists Road Show

AMUSEMENTS TO-DAY

Playhouse—"Hottentot." Capitol—"Backbone." Dominion—"Enemies of Women." Columbia—"The Hound of the Baskervilles." Royal—"Scars of Jealousy." Pantages—Vaudeville.

Herbert Leslie, whose presence in the play as a servant was much appreciated inasmuch that his earnest devotion to the portraying of his part added to the fun of the evening.

Everyone acquainted with big productions both motion picture and play will remember the "Hottentot." So successful was the stage production of this story that the motion picture world decided to use it.

Peggy Dundas this week will be seen in different and more delightful attire than ever. Her riding habit is adorable while her charming personality, and clear and finished tone of voice makes her a popular member of the company aside from the fact that she has already many admirers amongst the theatre goers.

Will Marshal Returns. Another pleasing feature last night was the reappearance of Will Marshal on the stage. All local people know Mr. Marshal and will appreciate his decision in entering this profession again.

Miss Belle Eilers secured a role fitted to her ability, while George Durham, who came with the company when it made its first appearance here, needless to say, has a prominent part. Bruce Bredin portrays the character of an anxious admirer of the heroine. His acting was much admired by the patrons.

CAPITOL

"Backbone"

From Clarence Buddington Keland's Famous Saturday Evening Post Story

Capital News and Comedy Percy Burraston On the Capitol Concert Organ

CAPITOL

Patrons of the Capitol Theatre have the opportunity of seeing an extraordinary picture, "Backbone," the first of the 1923 big specials of the Distinctive Pictures Corporation, distributed through Goldwyn.

"Backbone" tells a powerful story of a romance which endures through many generations, and is played by a cast remarkable for versatility and experience.

Alfred Lunt takes the male lead. Lunt is hailed as the new, outstanding figure of the screen. This is his first appearance in a film, but it is said by those who have seen the picture that he photographs perfectly. When it is recalled that Lunt has established a reputation on Broadway as being the handsomest and one of the most able young actors of the present day the treat in store for patrons of the Capitol Theatre is apparent.

In addition to Lunt there is the "prize" of millions—Edith Roberts—more beautiful than ever in her dual role of the ancient and modern girl. This part gives her the chance to act as she has never acted before. Supporting Lunt and Miss Roberts is a remarkable cast, including William B. Mack, Marion Abbott, James D. Doyle, Hugh Huntly, George MacQuarrie and others.

The story of "Backbone" is the fulfillment in the Twentieth Century of a romance which was shattered in France generations ago. But it is not brought to a happy ending until all sort of mystery and intrigue have been solved and thwarted.

Edward Sloman directed the picture. Clarence Buddington Keland wrote "Backbone" for the Saturday Evening Post.

"SCARS OF JEALOUSY" IS NOW SHOWING AT THE ROYAL

Picturesque Drama of the Hills Portrayed on Screen

Thomas H. Ince spared no expense when he made "Scars of Jealousy." The prologue to this gigantic spectacle drama of the old and new South alone cost \$20,000, and more than a thousand actors appear in the stupendous throne-room scene at the court of Louis XV.

The set which shows the court of the King of France is an exact reproduction of the throne-room in the Palace of Versailles.

France in the days of the profligate reign of King Louis XV, when the students in the Latin quarter of Paris were lighting the fires of revolution, is revived for lovers of history in the opening scenes of "Scars of Jealousy."

The production is one of the most elaborate ever screened, and no expense was spared in preparing many of the scenes, which were obtained only after the greatest difficulty. Himself a student of history, Ince supervised the filming of the picture with a punctilious regard for historical accuracy and detail seldom achieved in a motion picture.

So faithfully have the characters in the picture been portrayed in the setting and costume of the closing decades of the 17th, so realistically have the scenes been drawn of the court of Louis in the regal pomp and splendor of courtier days, that one perceives in the picture the spirit which animated Carlyle when he wrote his "History of the French Revolution."

It was to Carlyle's great work that Ince turned after he had decided to film "Scars of Jealousy." It had been many years since he had read the famous Englishman's crowning historical work, but by knew that there he would find a great word painting of the events which he was to interpret for lovers of worthwhile motion pictures. "Scars of Jealousy" is showing at the Royal again to-day.

Chorus Wins Applause at Pantages

It is not often that the ensemble ladies of even the most pretentious act enter the applause column in a vaudeville show, but the exception is found this week at the Pantages Theatre, where Mr. Romeo's (otherwise Robert Jewett) dancing dolls are being vociferously acclaimed for their graceful and marvellously executed ballet numbers.

FAMOUS DETECTIVE STORY ON SCREEN

"Hound of the Baskervilles" Now at Columbia

Mystery thick enough to cleave with a knife enshrouds the story of "The Hound of the Baskervilles," perhaps the greatest of all the Sherlock Holmes tales that have thrilled the reading public of the world for years. "The Hound of the Baskervilles" has been vividly pictured and released by the Film Booking Offices of America.

"The Hound of the Baskervilles" was written years ago by Sir Arthur Conan Doyle and it carries the resourceful Sherlock through a series of adventures that would make the hair of the average man stand on end and remain in an upright position for some time.

In the picturization are presented the never-failing Sherlock, hunting down the doers of evil; the flaming hound from which the story derives its name; the devoted Watson whose sleuthing forms an outstanding feature of the story and all the other old favorites with which Sir Arthur has entertained millions for years with his novels.

"SPICE OF 1922" WILL BE FEATURE AT ROYAL MONDAY

Costumes which range from Eve's simplicity to the latest Paris frocks will be seen in the sensational Winter Garden production, "Spice of 1922" at the Royal Theatre, one night only, Monday, July 30. Some highly spectacular effects are obtained in both scenery and costumes and the whole production is chock full of novelty and cleverness. It is one of the largest companies on tour this

Fine Thoroughbreds Await Barrier Flip

Two Hundred and Fifty Ponies Quartered at Willows Are Enjoying Sea Bathing and Will Be In Great Shape For Opening Races on Saturday; Fields Should Be Best That Have Raced Here

Two hundred and fifty thoroughbreds are now quartered at the Willows track awaiting the opening of the seven-day race meet on Saturday afternoon.

Many horsemen are at the track for the first time and they are greatly pleased with the conditions there.

Owing to the close proximity of the Willows beach the thoroughbreds are given a dip every morning. This is the only place outside of the Atlantic coast of the United States where horses can be dipped in safety.

Refreshes Horses. The salt water is very refreshing to the horses and is very beneficial to cuts and bruises, which frequently bother the ponies about the legs.

Among the many famous horses at the track is Dr. Corbett, Mr. Hollenbeck's famous sprinter, who performed here two years ago.

Mrs. Criqui Bosses Hubby Even in Ring

When Eugene Criqui, featherweight champion of the world, enters the ring to-night to meet Johnny Dundee, he will have as his chief second his own beloved wife.

Criqui Defending Title Against Dundee To-night

New York, July 26.—Eugene Criqui, French holder of the world's featherweight boxing crown, and Johnny Dundee, his Italian-American challenger, were pronounced to-day to be ready and fit for their match to-night at the Polo grounds.

Both boxers were well under the 126 pound limit to-day. Dundee scaling 124 1/2 after a light workout and Criqui weighing 1/2 pound less.

Boxing followers anticipate to-night one of the keenest title fights of a season that already has witnessed a half dozen championship contests.

Dundee has been a slight favorite among the experts but the Frenchman, who demonstrated his speed and punching ability in knocking out Johnny Kilbane and annexing the title nearly two months ago, has many ardent backers.

The advance sale reached \$100,000 yesterday, according to promoters, who announced they expected to exceed \$150,000 by to-night.

Arrangements have been made to handle a crowd of 65,000.

Both Criqui and Dundee are expected to be ready and fit for their match to-night at the Polo grounds.

Both Criqui and Dundee are expected to be ready and fit for their match to-night at the Polo grounds.

Yankees Gain Another Game On Cleveland

Dugan's Hit Beat Athletics; Ruth Passed Three Times; Pirates Move Up

New York, July 26.—The Yankees put still another step between themselves and Cleveland, their nearest rivals, when Dugan's hit in the ninth inning in Philadelphia yesterday drove in the winning run and the game ended 5-4.

The Cincinnati Reds lost their game to the Brooklyn Robins, 6-3, and the Pirates, who defeated Boston twice, joined them in second place.

The Browns and the Indians took a run apiece in the fifth and sixth innings and then neither scored until St. Louis, with two out, succeeded in getting a run in the eleventh, winning 3-0.

FISH ARE RUNNING GOOD AT BRENTWOOD AGAIN; FINE CATCHES

Fishing at Brentwood has been so good the last few days that Alderman Andros took the trouble to telephone The Times this morning to let them in on a good thing.

Many other fishermen had good luck. Mr. Denny was using a No. 6 Superior Spoon.

TWO VICTORIANS ARE BEATEN ON MAINLAND

Gordon and Cabeldu Defeated in B. C. Tennis Match; Miss Leeming Wins

Vancouver, July 26.—Choice for premier honors in the men's singles of the British Columbia Mainland tennis championships, began to narrow down to Irving Weinstein, of Vancouver, and G. H. Peers, of Vancouver, when yesterday's fourth round was finished.

Marion, of Seattle, had little difficulty in disposing of Cabeldu, of Victoria, 6-1, 6-1, in a cross-court driving being a feature of the match.

Women's Singles, fourth round—Miss Fraser beat Miss Klopfer, 6-2, 6-0; Miss M. Leeming beat Mrs. Lull, 6-1, 6-3.

Canadian and Jap Davis Cup Teams to Meet This Afternoon

Montreal, July 26.—Fine cool weather was forecast to-day for the first day of the Japanese-Canadian Davis Cup matches.

Fencing Team Wins

Birmingham, July 26.—The United States fencers defeated the Canadian team yesterday in a single match, advanced its aggregate score to thirty-four bouts to fourteen over North England swordsmen by winning the contest by a score of five and a half, and also the sabre contest by thirteen bouts to three.

Single Men Score Win Over Benedicts

An exciting game was played at the Central Park yesterday afternoon between the married and single men of Spencer's.

Jack's Share May Be Cold Half Million

Dempsey Sure of a Plum in Fight With Firpo, Who May Get \$100,000

New York, July 26.—Jack Dempsey, world's heavyweight champion, and Luis Angel Firpo, his challenger from the Argentine, have been matched for a title bout, probably in September, at a site within or close to New York.

Promoter Tex Rickard, of this city, announced late yesterday that articles had been signed by Firpo and Jack Kearns, the champion's manager, but he declared the date and place were still a matter of uncertainty.

ALL IN READINESS FOR COLONIST RACE

Entry List Has Grown to Forty-Six; Number of Fast Vancouverites Entered

Every detail has been worked out and arrangements have been made for the Colonial Bicycle Road Race which is to be held to-morrow night and not to-night as previously stated.

Five mail entries were received yesterday from Vancouver, which brings the total number of entrants up to forty-six.

Arrangements have been completed for an official of the race to look after the starting and finishing of the race.

At the conclusion of the race the officials will gather at the Y. M. C. A. to check up the times and decide on the winner.

SWEETSER AND EVANS PLAYING NICE GOLF IN WESTERN AMATEUR

Cleveland, July 26.—Two fast eighteen-hole rounds the contestants yesterday reduced the contestants in the Western amateur golf championship to eighteen players, including "Chick" Evans, of Chicago, defending champion, who will meet Fred Lamprecht, of Cleveland, in the third round, and Jesse Sweetser, of New York, national amateur champion, who will cross clubs with Dexter Cummings, of Chicago.

Three extra hole matches featured yesterday's play, Cummings winning at twenty holes from Harold White, of Chicago, while in the afternoon Clarence Wolf required twenty holes to down John G. Anderson, of New York, and Joe Wells, of East Liverpool, Ohio, took nineteen holes to eliminate Eddie Heid, of St. Louis, transmississippi champion.

Evans played the single of the thirty-two men who started. He breezed out in thirty-four, two under par, doing perfectly. In the remaining five holes he needed to defeat James War, of Kansas, five and four, in the afternoon Evans defeated Ellsworth Augustus, the phenomenal driver of Cleveland, six and five.

Helen Willis Beat Another Net Star

Rye, N. Y., July 25.—Miss Helen Willis, of Berkeley, Cal., took another step forward in the New York State women's tennis championship yesterday at the Westchester Biltmore Country Club, eliminating Mrs. Edvard Raymond, of Hartsdale, N. Y., in the fourth round, 6-1, 6-1, and entering the semi-finals.

American Golfers Have Poor Success on British Links Only One Amateur and Two Pros Have Gained Titles

The attempt of the Americans to storm the dizzy heights of British golf and revise the history of the royal and ancient game for 1923 followed calmly and rather unexpectedly in the footsteps of their predecessors.

The pick of the champions of the United States, amateurs and professionals alike, dropped by the wayside, some pushing the English to the limit while others of uncanny skill failed even to qualify for the Anglo crown.

Only once in the course of the British amateur event has America scored. And that was in the past forgotten history of 1904, when Walter J. Travis pleasantly surprised America's linksmen. Ten Yankee title holders have gone down to defeat since then.

And Same at Troon! The professional field has been more fortunate than the amateur, having carried the bloom's mug away on two distinct occasions.

At a meeting held last night at the Y. M. C. A. of the executive of the Commercial Baseball League it was decided to extend the league until August 10, which will give every team a chance to hook up with the three other nine, four times during the season.

Walter J. Travis is the only American to ever score in the British Amateur title event.

**NEWS IN BRIEF**

The ex-service patients, inmates of the local hospitals, were visited by the anti-slavery committee of the local command of the Grand Army of United Veterans yesterday afternoon. The visitors found the patients cheerful and the doctors well satisfied with the progress made.

Speeches by Hon. S. F. Tolmie, M. P., W. J. Bowser, K. C., and R. W. Mathias, president of the Provincial Liberal Conservative Association of Vancouver will be made at the Liberal-Conservative picnic to be held August 8 on the Willows Beach, Oak Bay. Reports of sub-committees were presented at a meeting held last night. Sports will be held from 2 o'clock to 6 o'clock followed by a supper after which the speeches will be heard.

A report as received at the meeting of the City School Board last evening from the Buildings and Grounds Committee, covering work which is to be done during the Summer months, a plumbing contract for work at the Boys' Central School was let to the lowest tender, Dominion Plumbing Company, for the sum of \$118. The tender for work on the new toilet at North Ward School was let to Mr. Drysdale for \$83.05.

M. B. Jackson K. C., chairman of the Game Board, who has returned from making a tour of the forty square miles set aside as a reservation for the elk herds north of Cowichan Lake reports the location ideal for the purpose of protecting game. The Vancouver Island elk are among the few herds still in existence, and it may be necessary to make extensions to the reservation properly to protect them. There are about three hundred head at the reservation.

R. Fullerton paid a graceful compliment to the disabled veterans who are at present undergoing treatment in the local hospitals when he extended to them an invitation to be present at the picnic meeting to be held at Willows Beach on Monday afternoon next. The complimentary admission cards will be distributed by Secretary A. C. Howard of the Grand Army of United Veterans, who asks that all inmates of the hospitals who are able to avail themselves of Mr. Fullerton's kindness send their names in to him at the headquarters of the Grand Army as soon as possible.

**SOCIAL AND PERSONAL**

On Saturday Mr. Harry Charlesworth, Mr. G. A. Ferguson and Miss M. McKillop are leaving as delegates from British Columbia to attend the annual meeting of the Canadian Teachers' Federation to be held in Montreal.

Mr. Walton Gilbert, of Pasadena, Cal., son of Mr. Justin Gilbert, of Victoria, has recently graduated in mechanical science at the Southern California Institute of Technology, and has accepted a position with a big engineering firm in Mexico. Mr. Walton Gilbert, who passed his boyhood in Victoria and received his early education here, served with much distinction overseas in the Flying Corps. He renewed his acquaintance with many old friends when he spent the long vacation here last Summer.

**OBEYED ORDERS.**

Murphy, a new cavalry recruit, was given one of the worst horses in the troop.

"Remember," said the sergeant, "no one is allowed to dismount without orders."

Murphy was no sooner in the saddle than the horse kicked and Murphy went over its head.

"Murphy," yelled the sergeant, when he discovered him lying breathless on the ground, "you dismounted!"

"I did."

"Did you have orders?"

"I did."

"From headquarters?"

"No, sir; from headquarters."

**PLEA FOR HONOR IN BUSINESS WORLD**

**Frank Sehl Addresses Rotarians, and Urges Nobler Sentiments**

Frank J. Sehl, of the local Rotary Club, spoke to-day to the luncheon gathering of members at the Chamber of Commerce rooms on the subject of "The Rogues' Gallery in Business," and pointed out to the assembly that it was the duty of every man in the professional world to watch his own actions that they should be kept clean and incorruptible in every way.

The things which the so-called rogues was guilty of might be any or all of the following, as stated Mr. Sehl, "inefficiency, waste, lack of concern for modern methods, lack of co-operation or misunderstanding with employers or employees." Rotary International, the speaker stated, was endeavoring to bring notice to this state of affairs in the business world, and was endeavoring to remedy it, calling to the notice of its members the fact that it might be one of them who was an offender. The speaker urged that every man recognized opportunity in standing for clean business principles among the British speaking people of the world.

"If any man would be a ruler among men, let him be a servant to all," so quoted Mr. Sehl in driving home his arguments of his address. That local Rotarians were in agreement with his opinions and those of the Rotary International was evinced by the vociferous applause which greeted the speaker at the conclusion of the address.

**Forthcoming Picnic.**

The members were reminded of the Rotary picnic, to be held at Rotary Point, Esquimalt, August 15. Every member was cordially invited to bring his family or his friends, provided he paid a nominal fee towards the expense account which would be incurred through the activities of the body socially on this occasion.

**DINNER IN HONOR OF DELEGATES**

Premier King Host to Empire Forestry Men in Ottawa

Ottawa, July 26.—(Canadian Press)—A dinner in honor of Lord Lovat and other delegates attending the British Empire Forestry Conference was given by Premier King at his residence, Laurier House, last night. The guests included the following members of the conference: Lord Lovat, chairman of the conference; Sir James Calder, Lieut.-Colonel G. L. Courthope, M.P., chairman of the British Empire Forestry Association; Owen Jones, chairman of the forest commission of Victoria, Australia; Professor R. S. Truap, of Oxford University; Captain McIntosh, Director of State Forests, New Zealand; C. E. Legat, Chief Conservator of Forests, South Africa; G. C. Trevor, Official Conservator of Forests, United Provinces of India; A. C. Forbes, Forestry Branch, Dublin; Major R. D. Furdess, Colonial Office, London, and E. H. Finlayson, Acting Director of Forestry for Canada.

At the session of the convention yesterday afternoon Lord Lovat, the chairman, said:—one-third of the forests of the world were in the British Empire. The timber resources of the Empire were better known now than ever before, but a great deal had yet to be learned about the annual destruction of forests through consumption, pests and fire.

**Beautyies of Goldstream to Be Viewed by Picnickers at Liberal Gathering Saturday**

papers presented at the convention will be placed in the Dominion archives for future reference.

Besides Lord Lovat addresses were given by representatives of nearly every British possession in the world, including the United Kingdom, India, Canada, New Zealand, Australia, South Africa, Ireland, The Colonial Office, South Africa, East Africa, Malay States, Ceylon and British Guinea.

**PROSPERTY WILL BE MORE GENERAL IN CANADA SOON**

Sun Life Officials Find Business Improving

A party of officials of the Sun Life Assurance Company of Canada has arrived in this city to spend a few days. All express themselves as satisfied that business conditions this year in Canada are about to show a satisfactory improvement.

**ROTARY PLANNING DRIVE FOR CLINIC**

Tubercular Sufferers Will Be Aided by Local Body's Efforts

At the luncheon of the Rotary Club to-day arrangements for the drive for funds for the Tubercular Clinic in this city were discussed. Many suggestions were put forward by the members of the organization, and many of them received the support of the entire membership. It was agreed that the first thing to do in connection with this drive, was to advertise the project and endeavor to arouse public sympathy and support, and it is to this end that the club members will work in the near future and for some time to come.

Probable course of action which will be taken by the club, and which were suggested to-day were such as a tag day, collection boxes to be placed in business houses where the greatest number of persons congregate, concerts, and other entertainments, and literary advertisement in the motion picture houses and through the press. All these suggestions were believed to be very feasible.

**OBITUARY RECORD**

Mrs. Helen Maude Farrell, widow of the late S. W. Farrell, of Winnipeg, died last evening at the home of her daughter, Mrs. F. W. Hartley, 2416 Monterey Avenue. The late Mrs. Farrell was born in Kingston, Ontario, seventy-four years ago. The funeral will be held privately to-morrow from the residence, and interment will be made in Ross Bay Cemetery.

The death occurred at St. Joseph's Hospital last evening of Mrs. Louisa Owens, widow of William Owens, of 1021 North Park Street. Mrs. Owens was only admitted to hospital on July 19, passing away after a brief illness. The remains are resting at the B. C. Funeral Chapel and funeral arrangements will be announced later.

Service was held yesterday afternoon at the Thomson Funeral Home, 1625 Quadra Street, at 2:30 o'clock for the late George Henry Burgess, infant son of Mr. and Mrs. George Burgess, of 1011 Deal Street, who passed away at St. Joseph's Hospital on Friday morning. Rev. John Robinson, B.A., of the Fairfield Methodist Church, conducted the service. The little casket was hidden beneath a profusion of beautiful floral designs. The remains were laid to rest in Ross Bay Cemetery.

A Hebrew and an Irishman were talking in separate taxis some distance apart. The Irishman got a bite, and was so nervous that he fell out of his taxi.

He sank twice, and as he came up the second time the Hebrew rowed over and called out:

"Mister, can I have your boat if you don't come up again?"

**PROSPERTY WILL BE MORE GENERAL IN CANADA SOON**

Sun Life Officials Find Business Improving

A party of officials of the Sun Life Assurance Company of Canada has arrived in this city to spend a few days. All express themselves as satisfied that business conditions this year in Canada are about to show a satisfactory improvement.

The party of visitors is composed of James W. Simpson, Superintendent of Agencies in Canada and the United States; W. S. Penny, Inspector of Agencies, both of Montreal; and Provincial Manager W. H. Hamilton, of Vancouver. The former officials have come to Victoria after a trip across Canada and visits to every important business center in the largest life office incorporated in the British Empire.

Premiums Paid Well.

Mr. Simpson stated to The Times this morning that business in the East of Canada was very good and that, in his own line of work, premiums were being better paid than they have been previous for some years. This should be a good basis by which to judge, he believes.

Another feature of the coming better conditions in Canada is the fact that mechanics who have gone across the border to work for higher wages are now filtering back again, and taking their old positions. The East, said Mr. Simpson, is looking to the West for aid in the new year, for the crops in the prairie provinces and in British Columbia are very promising and are the best in many years.

**PHOTOGRAPHERS SEEK QUARTERS FOR CONVENTION**

City Asked to Make Automobile Building at Willows Presentable

Between four and five hundred photographers will be in Victoria from August 28 to August 31, the finance committee of the City Council is notified in a letter under consideration to-day requesting that the Council foot the bill to put the automobile building at the Willows in presentable shape for the visiting camera men to use as a convention hall. Most of the photographers, it is anticipated, will be here with some of the latest in cameras loaded with films and plates and eager to take away souvenir photographs of their visit to Victoria.

The main business of the Finance Committee meeting is consideration of the annual statement prepared by the auditor's department. The statement for 1922 will be before the committee for consideration as a guide to the committee in mapping out a financial course.

A soldier was before the medical board. A pompous doctor was asking him a long string of questions to determine his mental condition, and the soldier was getting disgusted.

"Quick," shouted the doctor, "tell me this: How many legs has a lobster?"

The soldier looked at him crushingly, then—

"For the love of Mike," he said, "is that all you've got to worry about?"

Teacher—"What is the principal product of Cuba?"

Teacher—"Why, don't you know where the sugar you use comes from?"

Little Girl—"Yes, ma'am. We borrow it from the woman next door."

**ATOM IS VISIBLE TO NAKED EYE**

Smallest Imaginable Particles of Matter Can Now Be Seen and Photographed

An atom is the smallest imaginable particle of matter. But this description is very indefinite and leaves too much to the imagination, and for years past scientists have been trying to find out what the atom really is, how small it actually is, and whether it can actually be seen.

Everything in the world is made up of atoms held together in different degrees of intensity. In a piece of iron, for instance, the atoms are not so closely held together as in a piece of lead. But despite the fact that every single substance and material in this tremendous complex old world is made up of atoms, science has found that there are less than one hundred different kinds of atoms. For all we know, the atom that nature used to make gold may be the very same atom that goes to make up some of the food we eat.

To Sir William Crookes belongs the honor of showing how atoms can actually be seen. With the discovery of radium, scientists found that when an atom of radium disintegrates it gives off a lighter atom called an alpha ray. By placing a tiny speck of radium on a cardboard disk painted with phosphorescent zinc sulphide, it is possible to see the alpha rays emitted from radium. When they strike the zinc sulphide, these rays light up like little stars and are plainly visible to the naked eye in the dark.

It is only the atoms of radium that are visible. The reason for this is that everything else in the world is made of stable atoms, but those in radioactive substances disintegrate, and in doing so they emit other atoms at tremendous speed.

Due to the peculiar construction of the radium atoms, they are of great use in treating certain diseases, and the great radium industry has sprung up. Now is considered a good time to purchase radium while its price remains at \$70,000 per gram. Experts are daily finding additional uses for it, and they will ultimately learn how to thoroughly harness the tremendously powerful rays that are emitted from a tiny speck of this substance.

In France it can now be used to color glass in such a way as to secure the effect of a beautiful ruby or other precious stone. In Germany it is being used to bring out the effects of the dyes in that industry, and as radium is identical with electricity there is no reason why it should not work for us on a far wider scale.

The richest radium deposits in the world are in the Belgian Congo. Here the ore was so rich that when its discovery was announced the price of radium dropped overnight. The American radium plants are now virtually shut down, but the Congo product is being marketed in America by the Radium Company of Colorado, which has secured extensive areas of land there.

FAMOUS  
**OUTLINE OF HISTORY**  
*The Romance of Mother Earth*

## The Catastrophe of 1914

The World Greets Wilson.

We have dealt with the social and economic disorder of the European communities, and the rapid return of the "class war" to the foreground of attention, before giving any account of the work of world settlement that centered on the peace conference at Paris, because the crowded and pre-occupied state of every one concerned with private problems of income, prices, employment and the like goes far to explain the faded atmosphere in which that conference addressed itself to the vast task before it.

### Wilson Dominant.

The story of the conference turns very largely upon the return of one particular man, one of those men whom accident or personal quality picks out as a type to lighten the task of the historian. This history found it very helpful at times to focus our attention upon some individual. Buddha, Alexander the Great, Yuan Chwang, the Emperor Frederick II, Charles V, and Napoleon I, for example, and to let him by reflection illuminate the period in which he lived.

The conclusion of the great war can be seen most easily as the rise of the American President, President Wilson, to predominant importance in the world's hopes and attention, and his failure to justify that pre-eminence.

President Wilson (born 1856) had previously been a prominent student and teacher of history, constitutional law, and the political sciences generally. He had held various professorial chairs, and had been president of Princeton University (New Jersey).

There is a long list of books to his credit, and they show a mind rather exclusively directed to American history and American politics. He was essentially the new thing in history, neglect of and rather ignorant of the older things out of which his new world had arisen.

In 1913 he became the Democratic presidential candidate, and as a consequence of a violent quarrel between ex-President Roosevelt and President Taft, which split the dominant Republican party, he became President of the United States.

The events of August, 1914, seem to have taken President Wilson, like the rest of his fellow-countrymen, by surprise. We find him cabling an offer of his services as a mediator on August 2. Then, for a time, he and America watched the conflict.

### America Surprised.

At first neither the American people nor their President seem to have had a very clear or profound understanding of that long-gathered catastrophe.

Their tradition for a century had been to disregard the problems of the old world, and it was not to be lightly changed.

The imperialistic arrogance of the German court and the stupid inclination toward melodramatic "fightfulness" of their invasion of Belgium, their cruelties there, their use of poison gas, and the nuisance of their submarine campaign, created a deepening hostility to Germany in the United States as the war proceeded; but the tradition of political abstinence and the deep-seated persuasion that America possessed a political morality altogether superior to Eu-

ropian conflicts restrained the President from active intervention.

He adopted a lofty tone. He professed to be unable to judge the causes and justice of the great war. It was largely his high pacific attitude that secured his reelection as President for a second term.

German Folly.

But the world is not to be mended by merely regarding evidences with an expression of rather undiscriminating disapproval. By the end of 1918 the Germans had been encouraged to believe that under no circumstances whatever would the United States fight, and in 1917 they began their unrestricted submarine warfare and the sinking of American ships without notice.

President Wilson and the American people were dragged into the war by this supreme folly. And also they were dragged into a reluctant attempt to define the relations to old world politics in some other terms than those of mere aloofness.

Their thoughts and temper changed very rapidly. They came into the war side by side with the allies. They came into the war, in the name of their own modern civilization, to punish and end an intolerable political and military situation.

Slow and belated judgments are sometimes the best judgments. In a series of "notes," too long and various for detailed treatment—in this Outline, thinking aloud, as it were, in the hearing of all mankind, President Wilson sought to state the essential differences of the American State from the Great Powers of the old world. We have been at some pains in this history to make plain the development of these differences.

He unfolded a conception of international relationships that came like a gospel, like the hope of a better world, of the whole eastern hemisphere. Secret agreements were to cease, "nations" were to determine their own destinies, militarist aggression was to cease, the seas were to be free to all mankind.

These commonplaces of American thought, these secret desires of every sane man came like a great light upon the darkness of anger and conflict in Europe. At last, men felt, the ranks of diplomacy were broken, the veils of great power were rent in twain. Here with authority, with the strength of a powerful new nation behind it, was the desire of the common man throughout the world, plainly stated.

Manifestly there was needed some overriding instrument of government to establish world law and maintain these broad and liberal generalizations upon human intercourse.

# A Pre-Inventory Clearance of Suits At Half Price

## Women's Strap Pumps and Oxfords—\$2.95

Regular Values to \$8.00

—Lower Main Floor

## HARD PIMPLES DISFIGURED FACE

Very Sore, Itched and Burned, Could Not Sleep, Cuticura Heals.

"My face became affected with large, hard, red pimples that were very sore. They scalded, oozed and itched and burned so that I could not sleep. My face was awfully disfigured for the time being. I read an advertisement for Cuticura Soap and Ointment and sent for a free sample. My face began to feel better so I purchased more, and when I had used four cakes of Soap and one and one-half boxes of Ointment I was healed." (Signed) Miss Lillian E. Leduc, Quebec, Va.

Cuticura Soap, Ointment and Talcum are all you need for every-day toilet and nursery purposes.

# THE TIMES DAILY PICTURE PAGE

**REMEMBER AS YOU SPEND.**—Feminine figures representing North and South America have been placed on Monroe Doctrine Centennial half-dollars, coined by the U. S. mint in commemoration of the Centennial and Motion Picture Industrial Exposition in Los Angeles. Photo shows enlargement of the coin design at base of Monroe Statue, unveiled on opening day of the exposition.

**ENJOYING AN HISTORIC OCCASION.**—On the left are shown Premier G. Howard Ferguson, of Ontario, and Mrs. Ferguson, at Government House, Toronto, immediately after the swearing in of the new cabinet. On the right Mrs. Ferguson is receiving from Lieutenant-Governor Cockshutt the gold fountain pen used by her husband and other members of the new cabinet in attaching their signature to the oaths of office.

**SIR GEORGE PERLEY**, former Canadian High Commissioner in London, has returned to this country.

**MR. JUSTICE BRODEUR** is mentioned as the probable successor to Sir Charles Fitzpatrick, as Lieutenant-Governor of Quebec.

**ONTARIO'S NEW PRIME MINISTER TAKES OATH OF OFFICE.**—Hon. G. H. Ferguson (seated) signing the oaths of office at Government House, Toronto; Col. Harry Cockshutt, Lieutenant-Governor, and Col. Alexander Fraser, A. D. C. to the Lieutenant-Governor.

**IN THE GRAND PRIX.**—This car looks like a submarine tractor, but it finished ahead of all other French cars in the Grand Prix race in France. However, Seagrave (inset), an Englishman, finished first in a British car, covering 121 kilometers an hour for a distance of 799 kilometers.

**SIR ADAM BECK**, chairman of the Ontario Hydro-Electric Power Commission, photographed arriving at Queen's Park, Toronto, to attend the first cabinet meeting of the Ferguson Government.

**LEGIONAIRES ACTIVE BALLOONISTS.**—The American Legion promises to take a leading part in balloon activities of the future. The legion entry in the recent Indianapolis race (shown here) did not meet with much success. It was crushed flat at an altitude of 20,000 feet by converging storms as they passed over Frankfort Springs, near Pittsburg. Captain Charles E. McCullough (left) of Baltimore and Lieutenant Carlton F. Bond (right) narrowly escaped death. They threw everything overboard. The balloon landed in the branches of a tree.

**WIVES OF TWO ONTARIO CABINET MINISTERS.**—Mrs. Forbes Godfrey (left), and Mrs. W. H. Price, whose husbands are respectively Minister of Health and Provincial Treasurer, in the Ontario Government.

**THERE IS GLORY IN DEFEAT, TOO!**—When Tommy Gibbons returned to his home town, St. Paul, after standing Jack the Giant Killer Dempsey off for fifteen rounds, at Shelby, an enormous crowd greeted him at the railroad station. Tommy was presented with flowers and speeches. Did he like it? Take a look at the smile in the photo of him, inset.

## SCHOOL DAYS BY DWIG

**AT CAPITAL.**—Miss Patricia Herron, who will be presented to Washington society this Fall by her aunt, Mrs. Wm. H. Taft, wife of the chief justice.

**EXALTED RULER.**—James G. MacFarland, Watertown, S. D., is the grand exalted ruler of the Benevolent and Protective Order of Elks. He was chosen by acclamation in convention at Atlantic City, succeeding J. E. Masters. MacFarland is an attorney and has been prominent in Elk circles for some years.

**WHY WILD WAVES ARE WILD.**—Lapping waters of Santa Monica, Calif., beaches are having a gay time these days watching pretty bathers "roll the dice." Lest Neptune be deprived of some fun, the girls make certain the "bones" are big enough to see at a distance. It's the newest beach diversion. Winner buys "hot dogs" for the crowd.

**P. WRIGHT, Esq.,** President.  
 128 Hastings Street, East, Vancouver, B. C.

## NEWS AND NOTES FROM THE MINES

**Sullivan Concentrator.**  
 The Sullivan concentrator, which is being constructed at Kimberley by the Consolidated Mining & Smelting Company, is rapidly nearing completion, stated A. G. Langley, District Mining Engineer, who was in Nelson Saturday, after a visit to the East Kootenay district. Mr. Langley stated that the plant embodies the most modern metallurgical practice and that it is a credit to the engineers and metallurgical staff of the company. The plant, he pointed out, is really of great national importance, because its operation will have the effect of largely increasing the output of lead and zinc in Canada.

Mining activities in the Windermere district, said Mr. Langley, promise a good season. The Paradise mine has a good showing of ore and will resume shipments shortly. A slight delay was caused by the condition of the mountain roads, resulting from the wet weather. Work has started, or is about to be started, at a number of properties in this district, chiefly at Boulder Creek, Horse Thief Creek and Number Three Creek.

**Hazelton Properties Examined.**  
 Several mining properties in the Hazelton district were examined recently by D. J. Williams, who has

been visiting in New Hazelton as the guest of W. S. Harris, as The Interior News. Mr. Williams is very well known in the Hazelton district, as he was manager of the Roebuck mine until it closed down. Since leaving there a few years ago, Mr. Williams has been actively engaged in mining and has spent considerable time in Alaska, where he developed a gold quartz property at Chicago Island, which is producing steadily.

Mr. Williams is now scouting for mineral properties for New York Canada, and with this end in view looked over the American Boy, Sunrise and Silver Cup properties on Nine-mile Mountain, and the Silver Standard Mine, near Hazelton. His experiences with Alaskan conditions and climate Mr. Williams is a great booster for the interior district. W. S. Harris accompanied him on his examinations. Mr. Williams returned to Smithers at the end of the week, but expects to make another trip to Hazelton, and was reticent as to what he saw on the trip.

**Gold Output.**  
 During the calendar year 1922 Canada produced 3,263,354 fine ounces of gold, valued at \$26,116,850, an increase of 36 per cent. over that of the previous year, according to a report issued yesterday by the Dominion bureau of statistics. Last year's production has only been exceeded once, that being in 1920, when 3,350,057 ounces, valued at \$27,908,153 was produced. In this production, Ontario was, of course, the leader, as will be shown in the following figures for the various provinces:

Nova Scotia, 1,042 ounces, valued at \$21,540; Ontario, 1,000,340 ounces, valued at \$20,678,582; Manitoba, 156 ounces, valued at \$3,225; British Columbia, 297,370 ounces, valued at \$4,268,718; Yukon, 54,456 ounces, valued at \$1,125,705.

The following are the values reported by the shippers as the total payments received for gold and silver contained in products shipped: Gold ores and concentrates, shippers, 74,624 tons, valued at \$4,879,042; bullion shipped from auriferous quartz mines, \$21,257,307, which included \$269,256 exports paid, bullion shipped by placer operators, \$1,488,785.

## FOR THE CHILDREN

### The Sandman Story For To-night

**OLD MISER WATER RAT—Part I.**

Old miser Water Rat did not want Mrs. Field Mouse's home, but he knew she was a poor widow woman with a large family, and so he took advantage of the poor trembling creature and told her the meadow home was his.

"Now I don't want to turn you out, said he. 'I am very soft hearted, Madam, and I can't bear to see you in such a state of distress. You may stay here as long as you like, but I shall expect more rent. Of course, you know this fine comfortable home is worth much more rent than I am charging, but I am so soft hearted I cannot find it in my nature to charge more than five grains until your children are larger.'

"But I haven't a grain of corn in the house," sobbed poor little Mrs. Mouse. "With all the mouths I have to feed I don't get a grain a day hardly for myself. Or, hear, what shall I do?"

"You surely know where there is a plenty," said old Miser Rat. "You run along now and get the five grains of corn and I will come back this afternoon and collect it."

"But, Mr. Rat, it is very dangerous for me to go hunting at this time of the day. All the farmer's men are in the fields and I might get killed, and then what would become of my poor babies?" And here Mrs. Field Mouse put her gingham apron over her face and sobbed aloud.

"Yes, yes to be sure," said the old miser. "I suppose so. I suppose so."

He really did not know what he meant by this, but he had to say something though he had no intention of giving up the five grains of corn. "It might be a little risky, Mrs. Mouse," he said, "yes, yes, but let me see if that is not better than being without a home."

"Your fine plump family out in the meadows running about would be in great danger, Mrs. Mouse. There is Mr. Fox for one who dearly loves plump mice, and even Madam Puss sets into the meadow sometimes."

"I will give the five grains; you shall have them, Mr. Rat," said poor Mrs. Mouse.

"Now I am sure, Madam, that you

are honest to a grain of corn," went on old Miser Rat, "and would not cheat me out of my rent, so I am going to be very generous with you. 'Because you did not know this place belonged to me, I am not going to charge you any back rent, but we will begin it right now. You pay me five grains of corn and a week from to-day I will call again for my rent."

"Now your children are nearly big enough to work for their own living and as soon as they are I shall expect more rent. Of course, you know this fine comfortable home is worth much more rent than I am charging, but I am so soft hearted I cannot find it in my nature to charge more than five grains until your children are larger."

"But I haven't a grain of corn in the house," sobbed poor little Mrs. Mouse. "With all the mouths I have to feed I don't get a grain a day hardly for myself. Or, hear, what shall I do?"

"You surely know where there is a plenty," said old Miser Rat. "You run along now and get the five grains of corn and I will come back this afternoon and collect it."

"But, Mr. Rat, it is very dangerous for me to go hunting at this time of the day. All the farmer's men are in the fields and I might get killed, and then what would become of my poor babies?" And here Mrs. Field Mouse put her gingham apron over her face and sobbed aloud.

"Yes, yes to be sure," said the old miser. "I suppose so. I suppose so."

He really did not know what he meant by this, but he had to say something though he had no intention of giving up the five grains of corn. "It might be a little risky, Mrs. Mouse," he said, "yes, yes, but let me see if that is not better than being without a home."

"Your fine plump family out in the meadows running about would be in great danger, Mrs. Mouse. There is Mr. Fox for one who dearly loves plump mice, and even Madam Puss sets into the meadow sometimes."

"I will give the five grains; you shall have them, Mr. Rat," said poor Mrs. Mouse.

"Now I am sure, Madam, that you

## BREAKS LEG IN FALL.

Working on the new building in course of construction at the northeast corner of Yates and Douglas Streets for the Bank of Nova Scotia, A. Manson, 740 Johnson Street, fell a considerable distance, and sustained a broken leg. The victim of the accident was moved to St. Joseph's Hospital last once in Cameron & Caldwell's ambulance, where his injuries were attended. Mr. Manson is an employee of Hodgson & King, the contractors.

## NOBODY'S MAN

"You see, Tallente," he said, "I have never been a practical politician. I dare say that accounts for my rather peculiar position to-day. I have evolved a whole series of social laws by which I maintain that the people should be governed, and those laws have been accepted wherever socialism flourishes. I am a poor devil, some years of my earlier life I elaborate, some years of study before I set pen to paper, some years of my later life to place before the world, and there my task practically ended. There is nothing fresh to say about these great human problems. They are there for any man to whom daylight comes, to see. They are all inevitably bound up with the future of our race, but there is no need to dig further. My work is done."

"How can you say that," Tallente argued, "when day by day your power in the country grows, when everything points to you as the next Premier?"

"Precisely," Dartrey replied quietly. "That is why I am here. The head of the Democratic Party has a right to the management of this country, but you know, at this point I have a very sad confession to make. I am the worst politician who ever sat in the House of Commons, a poor debater, a worse strategist. Again, Tallente, that is why you and I at this moment walk together through your beautiful grounds and watch the rim of that yellow moon. It is yourself we want."

Tallente felt the thrill of the moment, felt the sincerity of Andrew Tallente, because it seemed to him that there was no place for you amongst the prophets of democracy. It was you yourself, in a moment of passion, perhaps, who said that democracy, as typified in existing political parties, was soulless. You were right. Hasn't Mr. Dartyrey just told you so and doesn't he make our task the clearer? It brings before us those wonderful days written about in the Old Testament—the people must be led into the light."

Her voice had become almost part of the music of the evening. She was looking up at him, her beautiful eyes aglow, Dartyrey, a yard or two off, his thoughtful face paler than ever in the faint light, was listening with joyous approval. In the background, Miller, his hands in his pockets, was

## HOME BREW RULING.

Muskogee, Mich., July 26.—If you live in Muskogee County and operate a still in the house your wife is equally guilty with you in violating the liquor law, Judge Vanderworp decided in circuit court yesterday.

"No married man can break the law in his own home unless his wife consents," he said.

## A CONFESSION.

A nervous woman went to have her throat examined by a specialist, who, while adjusting the laryngoscope, remarked: "You'd be surprised to see if that is not better than being without a home."

"Your fine plump family out in the meadows running about would be in great danger, Mrs. Mouse. There is Mr. Fox for one who dearly loves plump mice, and even Madam Puss sets into the meadow sometimes."

"I will give the five grains; you shall have them, Mr. Rat," said poor Mrs. Mouse.

"Now I am sure, Madam, that you

ONE KILLED, 18 INJURED IN TUBE WRECK.—Above, a general view of the wreck at Harrison, N. J., where two Hudson tube trains sideswiped each other as they passed. One passenger was killed and eighteen injured. Below, wrecking crew at work. Note how near wreck was to edge of elevated structure, several miles from tunnel entrance.

**PERFECT PEACH JAM**  
 Can be made

Easily, quickly and economically by following the Certo recipe given below. Try it and you will agree it is the most delicious jam you ever tasted. Only one minute's boiling is required—thus saving the color, flavor and aroma of ripe fruit and making one-half more than the old, uncertain method.

CERTO never fails because it is the actual "jelly" property of fruit concentrated. Certo is not a gelatine and contains no preservative. With Certo you can make jam or jelly with any fruit or fruit juice any time.

**CERTO**

**Peach Jam**  
 Peel, remove pits and crush about 1 lb. of ripe peaches. Measure 4 level cups (1 lb.) crushed fruit into large kettle. Add 7/8 level cups (3/4 lb.) sugar and mix well. Use hottest fire and stir constantly before and while boiling. Boil hard for 1 minute. Remove from fire and stir in 1 bottle (certain cup) Certo. Skim and pour quickly.

Certo is sold by all grocers with Recipe Book wrapped around every bottle. Try it with Peach Jam and other fruits.

### MUNICIPALITIES MEETING IN AUGUST

It is decided that the convention of the Union of British Columbia Municipalities, to be held this year at Prince Rupert, will be set for August 22-24.

The majority of the replies so far received by Secretary A. Wells Gray favor the week of August 20, and in that case the annual meeting of the Good Roads League will be held on the date of the evening for the steamer trip that evening for the North. The Good Roads League delegates will not go to the convention city, as has been the case every year since 1916, but will hold the session in Vancouver.

The date approved was accepted by the majority of prospective li-p-country delegates, owing to the fact that they plan to come down to the coast for the Vancouver Exhibition in the week of August 13. Three alternative sets of dates had been submitted, the earliest ones having the greatest favor. For several years now the tendency has been to make the convention earlier in the Fall, owing to a desire to intervene between the grain harvest and the picking seasons. The later dates also clashed with the Fall exhibitions throughout the Province, at which functions municipal officials were expected to attend.

The effect of splitting the Good Roads meeting from the U. B. C. M. will be to reduce substantially the attendance at both gatherings, it is thought.

To save time the executive and resolutions committee will hold their sessions on the steamer northbound. The sessions will begin at 2 p. m. August 22.

### ARION CLUB ELECTS OFFICERS

#### Few Changes in Personnel of Management

Officers of the Arion Club elected last evening were:

Honorary president, E. A. Williams; honorary conductor, E. Howard Russell (re-elected); honorary assistant conductor, Herbert Kent (re-elected); honorary secretary, Charles Conyers (re-elected); honorary financial secretary, F. M. Russell (re-elected); honorary treasurer, H. W. Wilder (re-elected); honorary librarian, A. J. Mortimer (re-elected); honorary assistant librarian, E. A. Greenwood; honorary auditor, D. D. Muir.

The management committee consists of the above named and the following: W. H. Jacques, J. A. Birnie and E. Clark. The committee was selected as follows: E. H. Russell (chairman), Herbert Kent, F. Sehl and F. F. Fatt.

The meeting was held at the Summer home of Mr. Sehl at Prospect Lake, about 40 persons attending.

It was decided to give an open air concert on Tuesday for the funds of the Tubercular Ward of the Jubilee Hospital, in front of the Parliament Buildings.

### THOUSANDS FLOCK TO CITY BEACHES

Perfect Summer weather is now sending thousands of Victorians to the beach, especially to the Gorge and to the beaches. Members of each of the three clubs along the Gorge banks turn out in good numbers, while the public swimming place, "the Free," "Bradley's," "E. C. Electric park and other swimming resorts are scenes of activity. With the water at an ideal temperature for bathing, the swimmers are able to enjoy themselves to the full and appreciate the wonderful facilities Victoria offers for lovers of the health-giving outdoor life.

The Tourist Camp.

Visitors to the tourist camp are loud in their praise of the delights of a Victoria Summer. Many of the visitors from Oregon, Washington, and California now staying at Curtis Point, enjoyed a swim in the club tank yesterday, and while naturally loyal to their own towns, freely admitted that they seldom had visited a place where the swimming was so ideal. While some of the swimming resorts are more pretentious, few, they stated, had such an impressive scenic setting and frequently even in California the water was far too cold to spend a whole afternoon bathing as they could do in Victoria.

The city is undoubtedly gaining a lot of "boost" from the camp. "We had been carefully drilled to expect," said one tourist from California, "to pay an average of 40 per cent. higher for anything we bought in Canada. In Victoria we find many things are cheaper, including the essentials of milk, bread, and butter, and while a few things are higher, on the whole the prices are about even."

Mr. Ede told of encouragement from business men of Victoria, and the dependence of this support on the assurance that the farmers would supply the venture with fruit.

Only Best Fruit Wanted.

A discussion took place between H. E. Tanner and Mr. Ede as to the quality and quantity of fruit desired by the company, which brought out the fact that only firm number one canning fruit could be considered, and also agreement that this year's work was little more than laying the foundation for the future, which Mr. Ede considered might expand to a million dollar turnover.

Stating Oregon growers had no market for many thousands tons of fruit offered at 3 1/2 cents per pound, Mr. Tanner asked, "Is it worth our while to go into this business in face of such a world market competition?"

"If the Oregon growers cannot market their 3 1/2 cent per pound product on the British market, how can we succeed with a six cent berry. Had we not better reduce the acreage to a point that will give the growers a profit?"

George Rogers asked: "Are the Oregon growers willing to accept a 3 1/2 cent price?" and was told "They have taken as low as 1 1/2 cents."

Boom Prices Misfortune.

Last year's Island loganberry price of twenty cents per pound was described by Mr. Tanner as "the greatest misfortune that has ever happened to the growers," a sentiment heartily endorsed by Mr. Ede.

Better Pack Wins.

W. Dale Johnson, sales manager for the Laurel Canners, Ltd., declared Oregon was not successful in the British market because of adherence to the ordinary government standard syrup of 50 per cent. sugar. Experiments by Mr. Ede had proven a seventy per cent. syrup necessary

### ISLAND TIMBER SHIPMENTS GROW

There is considerable improvement in the shipments of lumber from Vancouver Island into the Middle Western States, according to Frank W. Parker, of the Chicago & North-Western Railway, who has been a periodical visitor to the city for the past twenty years.

Mr. Parker told The Times at the Dominion Hotel yesterday afternoon that there had been remarkable improvement in the shipments from mills served by the Canadian National Railway's system on the Island and every prospect of expansion, as the territory served by the Chicago & Northwestern Railway could absorb a very large increase in soft woods.

With the inauguration on Monday of the 70-hour run from Seattle to Chicago, it will be possible to cross the continent from Seattle to New York in four days, or possibly 90 hours, Mr. Parker remarked.

ALASKA'S "WHITE HOUSE"—Here in the seat of Alaska's government—the territorial governor's mansion at Juneau. Inset is Governor Scott C. Bone, who has been Harding's host.

### Congratulations on Completion of Highway

Lieutenant-Governor Nichol and J. Murray Gibson, director of publicity for the Canadian Pacific Railway, exchange congratulations on the completion of the Banff-Windermere Highway. The picture was taken at Mr. Gibson's lodge at Invermere and shows in the background, Arthur Stringer, well known novelist, Leroy Miller, Associate Editor of Life, and (with the glasses) Jack Lait, short story writer.

### LOGAN GROWERS IN SAANICH HEAR CANNERY OFFER

Become Stockholders and Secure Share of Export Trade Is Proposal

Over fifty loganberry growing members of the Saanich Fruitgrowers' Association last night, at the Keating Temperance Hall, under the chairmanship of President Capt. J. G. C. Wood, considered a proposition by the Laurel Canners Ltd., for handling a portion of the logan crop. The association will be asked to consider the proposal at a special meeting.

W. J. C. Ede, of the Laurel Canners Co., explained the proposal as involving subscription for preferred stock by the growers selling berries. Each seller would be required to take up a \$50 share in the company, pay \$20 cash, and apply the value of berries sold towards the remaining \$30. Prices paid would range from 4 to 6 cents per pound. Of sums accruing to the growers, 10 per cent would be paid to the company in payment of common stock.

Present Situation.

Mr. Ede pointed out that, with the small plant hitherto operated, the Laurel Canners Ltd. had been turning up \$250 daily, with an output of but 1,300 cans of half a ton of fruit per day. The new equipment now arrived will permit of immediate expansion to a ton and a half daily, and next year, when in full operation, would absorb many tons of berries daily.

Mr. Ede told of encouragement from business men of Victoria, and the dependence of this support on the assurance that the farmers would supply the venture with fruit.

Only Best Fruit Wanted.

A discussion took place between H. E. Tanner and Mr. Ede as to the quality and quantity of fruit desired by the company, which brought out the fact that only firm number one canning fruit could be considered, and also agreement that this year's work was little more than laying the foundation for the future, which Mr. Ede considered might expand to a million dollar turnover.

### MANY MOTORISTS FLOCK TO ISLAND

#### Large Number Attracted to Curtis Point Auto Camp

It is the undeniable right and privilege of the tourist in this country to appear on all occasions in the most informal and unattractive of garb either for the purpose of drawing attention to the fact that he or she is a stranger and should be treated with respect, or that he or she is here in the capacity of a critic, having travelled far, seen much and found little or very great interest anywhere. All types may be found at the Curtis Point motor camp.

Some tourists seem to have a perpetual challenge in their faces, and often on their lips, and they seem to be saying, "There is nothing like the Grand Canon," or "This can't beat Long Beach." Of course, there are exceptions to this general rule. Some of the tourists here admire the most common beauties of the land where-in they travel. This latter type usually travels in a small Ford car, and with high camp equipment and pasted from windshield to tail light with posters advertising rival tourist cities all over the continent. The former type usually tours about in a closed car.

At Victoria's automobile camp in every walk and station of life. For every class of person staying there there is a type of car. There are old and shabby Fords, dust-covered and dented; there are enormous multi-colored roadsters with the most modern camp equipment attached to the running board; there are trucks piled high with every description of baggage, and in the front seat of which husband and wife sit stolidly, while the children are tucked away out of sight with the rest of the luggage, and there are big closed cars, too, some of them a little dusty

### TO MEET TO-NIGHT

The regular meeting of the Ladies' Auxiliary to St. Andrew's and Canadian Society will be held to-night at 8 o'clock. A large attendance is requested. The business will be the installation of officers. An ice cream social will be on after the meeting to which the brothers and friends are invited.

### Freckle-Face

Sun and Wind Bring Out Ugly Spots. How to Remove Easily.

Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable concern that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of Othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case. Be sure to ask the druggist for the double strength Othine as this strength is sold under guarantee of money back if it fails to remove freckles.

(Adv.)

### Improved Corn Flakes

Post Toasties are very different in texture and flavor from other corn flakes. Crisper and more full bodied, they give greater satisfaction in eating. Toasted by the exclusive Post Toastie process their flavor is deliciously unique.

Look for the "bubbles" on the flakes. They are a sure guide to Post Toasties—the improved corn flakes. 2 packages for 25c.
