PRIZE-WINNERS of the FLEISCHMANN Yeast for Health CONTEST

The Fleischmann Health Contest closed August 15. So tremendous was the response that the judges have been busy ever since—reading, comparing, deciding. Here, finally, are the 153 prize-winners—selected after careful consideration of thousands and thousands of reports.

health and joy in life—it has been exceedingly difficult to narrow down the selection to 153.

Our sincerest thanks to each and every one who took part. So excellent were hundreds of reports which must go unrecognized that we regret there weren't prizes for all; but we want the authors to know that none will go unappreciated. And, as dozens of people put it, "whether I get a prize in this contest or not, Fleischmann's Yeast has given me the biggest prize already—the prize of perfect health!" DEFENDS LOYALTY OF FRENCH CANADIANS

Writer Takes Exception to Articles in London Paper

London, Oct. 2 (Canadian Press Cable)—A Canadian writing to The Observer takes strong exception to allegations made in recent articles in the Observer by a special correspondent of that paper to the effect that nearly all French-Canadians other than British stock, are wedded to the creed of nationalist association as against imperialism.

Ask Governments to Take Place at Other Creditors

Winnipeg, Oct. 2.—Governments having funds in the Home Bank and now in the position of preferred creditors will be urged by the local Depositors' Association to forego their claim. It was stated here today that the province of Ontario is a creditor of the bank to the extent of \$1,000,000 and Winnipeg depositors feel the Government can well afford to take its place as an ordinary creditor, when so many depositors lost all they had in the world.

PICKS LLOYD GEORGE AS GREATEST LEADER

London, Oct. 2 (Canadian Press Cable)—In the course of an article in The Pall Mall Gazette, J. H. Hogge, labor member of parliament for East Edinburgh, declares that, despite all attempts to shoulder Lloyd George into the cold, the fact remains that he is still the most interesting figure in public life.

"Mr. Asquith, whose leadership Lloyd George acknowledges," writes Mr. Hogge, "is unfortunately, an old man, and public opinion is concerned with his successor. Viscount Grey is ruled out for the same reason that excluded Curzon when Honor Law resigned. Sir John Simon lacks the qualities of leadership. Ramsay MacDonald is untried, and he leads a party that is definitely associated with Socialism. There is no public man in sight who can contest with Lloyd George in the ability to lead. He, therefore, either comes back or the Labor party goes forward."

LIVESTOCK LOST IN BLAZE

Brandon, Man., Oct. 2.—Three stables, a granary, ten horses, a Shetland pony, and a valuable bull as well as 1,000 bushels of oats, a quantity of feed and hay and an oat straw stack, were destroyed by fire Saturday night when a blaze broke out on the farm of A. E. Barry, Berford district. The cause of the fire is unknown.

WILL SOON SET DATE FOR B.C. RATE CASE

Ottawa, Oct. 2.—Hon. F. B. Carvell, chairman of the Railway Commission, is expected back in the city to-day and it is probable that a date will soon be set for the hearing of the British Columbia case in regard to an export rate on wheat.

This is one of the matters involved in the appeal of the Pacific Province to the Privy Council, and is the only point on which a decision has so far been given by that body. The Privy Council referred this question to the Railway Commission for hearing. It does not appear probable that the Railway Commission will be able to take up this matter in the immediate future.

A hearing on the application of the express companies for their rates opened on Wednesday and it is expected to take some time. It is possible that the express case may be held for the hearing of the British Columbia case on the ground that the latter matter is urgent, but this probability is not rated very high at present.

WAR VETERAN KILLED STEALING TRAIN RIDE

Centuria, Wash., Oct. 2.—Forest Garshausky, American and Canadian veteran of the World War, was killed near Winlock yesterday morning, when he was thrown from the top of a moving train. He was supposed to be heading his way to Portland. The body is held at Winlock. In his clothing were found discharge papers from both the American and Canadian armies.

BLAMES DISASTER TO GEOLOGICAL CHANGES

Leland Prof. Says Equally Serious Disturbances May be Expected

Mountain Ranges Gradually Moving, He Says

Washington, Oct. 2.—Vast geological changes in which the Andean mountains are being pushed slowly eastward and the California coast ranges forced northward, are in progress, in the opinion of Dr. Bailey Willis, professor emeritus of geology of Leland Stanford University. The eastern part of Japan, he said, is probably moving westward.

Dr. Willis has just returned from South America where he was sent by the Carnegie Institute of Washington to study the earthquakes which rocked Chile a year ago. The changes in the earth's surface, he said, are resulting from irresistible pressure exerted from within the earth beneath the Pacific deep, which offsets an explanation of recent disastrous tremors.

Geological Changes Both the Chilean earthquake and the Japanese catastrophe, Dr. Willis believes, were due to the process of geological changes, and equally serious seismic disturbances may be expected for generations to come. Although scientists have known, he declares, that the California ranges are marching northward, it took the Chilean earthquake to prove that the Andes are shifting steadily eastward. The movement in each case is away from the ocean.

Elastic Rebound Dr. Willis said his studies in Chile had confirmed the theory of elastic rebound as a prime condition of earthquake vibrations, explaining his belief that the rock might be considered to be 1,000 miles long, 600 miles wide and 10 miles thick. This pile might be pushed eastward by the changes within the earth, but when it moved just so far, the pressure would become too intense and the whole mass would snap back, with a resulting earthquake.

COMMUNIST PLOT TO BREAK FRENCH ARMY

Tell Members to Prepare For Call to Red Standard

Paris, Oct. 2.—French police are actively engaged, it became known yesterday in running down a communist plot to create defections in the army. The extremist leaders are using the pretext that the French forces in the Ruhr and Rhineland are likely to be called to suppress disturbances and uprisings of either a communistic or nationalistic order. A notice notifying the rank and file of the communist party that "violent action is imminent" and that the members must hold themselves ready to respond at any moment to a call to the communist standard was found on persons recently arrested.

KING OF GYPSIES RENOUNCES THRONE ON CORONATION EVE

Los Angeles, Oct. 2.—Steven Yovanovich, King of the Yovanovich tribe of Gypsies, renounced his throne yesterday a few minutes before the time set for his coronation. He announced his conversion to the Christian religion.

CALIFORNIA CHURCHES OPPOSE "BETLESS" MEET

Los Angeles, Oct. 2.—More than 500 church members, representing five religious organizations of Culver City, a suburb, filed a protest with their city council against the granting of a permit recently to the Southern California Jockey Club to hold "betless" horse racing on a track now under construction there. The churchmen objected, they said, because the "gangs that promote and manage modern racing" would be a detriment to the city.

WAR MEMORIAL TO MANITOBA LAWYERS

Winnipeg, Oct. 2.—A memorial erected in the Law Courts Building to the memory of members of the Manitoba Law Society who served during the war, will be unveiled on October 15 by Baron Byng, Governor-General of Canada, it was announced here yesterday.

OIL DRILLING STARTS HOT WATER GEYSER

Lake View, Ore., Oct. 2.—A geyser which spouts hot water at intervals of six minutes has been active two miles north of here since last Friday. Oil drilling operations started it. Hot water was encountered at a depth of fifty-five feet. When the drill hole removed the spouting began, huddling boiling water forty feet into the air. The temperature of the water as it comes from the ground is 210 degrees Fahrenheit. The location of the new geyser is near a hot spring.

AMERICAN INTERESTS WILL BE RESPECTED

London, Oct. 2.—A Reuter's dispatch from Moscow quotes Minister of War Trotsky as saying in reply to a question: "As long as private property exists in America, American interests in Russia will be respected and all arrangements entered into with the Soviets will be kept."

PIONEER DIES AT RUPERT

CAR JUMPS FERRY; TWO HARVESTERS DIE Golden, Sask., Oct. 1.—Two harvesters from Ontario, Peter Rogers and Charles Tucker, were drowned yesterday when a car in which they were riding with a third man went over the end of the Lemford ferry into the South Saskatchewan river.

"I Can Now Do My Work Without Feeling Tired" Mrs. A. Moffat, Roxton Falls, Que., writes: "I suffered from a run-down system and nervous debility. I could not sleep or rest at night, and felt so weak I could not walk any distance. I took several tonics, but they only helped me while I was taking them. Mother advised me to take Dr. Chase's Nerve Food, and I felt great benefit from the first box, and continued taking several boxes. Today I feel like a new woman, and am able to do my work without that dreadful tired feeling."

READ THESE EXTRACTS FROM PRIZE-WINNING REPORTS:

"Constipation had become chronic," writes Mrs. Allan Ramsey. "As quickly as my system got accustomed to one remedy, I'd have to hunt a successor because it ceased to work." Then she started eating Fleischmann's Yeast. "In two months my internal economy was operating like a well-oiled motor. Today my complexion is clear, I no longer catch cold at the slightest provocation, and I have none of the old-time drowsy dullness that accompanies constipation."

"The age of miracles is still here," asserts a New England lawyer, Willey H. Clark. "Inside of a fortnight after beginning the Yeast treatment, I noticed a distinct improvement in my health; in a month I was a 'come-back'—literally a new man. Within a year I had regained the lost twenty pounds; my nerves steadied; my appetite returned. I am today in the pink of condition, and a convert for life to Fleischmann's Yeast."

"When I began eating Fleischmann's Yeast," says a western lumberman, Wesley Ray, "I weighed 135 pounds. Now I weigh 183. But it isn't the added weight I want to tell you about—it's the different feeling. Before I began Yeast I felt like I imagine an old broken-down draft horse feels. Now I feel like a 2-year old colt."

"Years of strong medicines had not only deprived me of health, but had ruined my taste," writes Mrs. B. M. Moore, a former trained nurse. "I first tried Fleischmann's Yeast in a glass of milk, then I took three cakes a day, and soon realized I had never been sick—I had been starved. Fleischmann's Yeast changed my life. Now I weigh 123 and still gaining. Husband has a 'new wife' and the children a happy, patient mother."

Capitals Determined To Win Back Mann Cup

Team Will Work Out Two Nights This Week at Y.M.C.A. and Will Be In Good Shape to Repell Invasion of New Westminster on Saturday; Royals Have Not Recovered From Defeat and Mainland Scribes Poke Fun At Victoria Team

Interest in lacrosse has been suddenly revived by the surprise packet which the Capitals handed New Westminster on Saturday afternoon. The prospects of the return to Victoria of the Mann Cup, the valuable gold cup which denotes the world's amateur lacrosse championship, has got the fans in a fine state of mind and they are looking forward to the second game of the series on Saturday next with a relish that augurs well for a record attendance.

Carpenter Wants to Meet McTigue to Regain Title

Columbus, Ga., Oct. 2.—Georges Carpenter, of France, last night cabled a challenge to Mike McTigue, light heavyweight champion of the world, for a bout to be fought in America in the near future, according to an announcement here last night by Joe Jacobs, McTigue's manager. Acceptance of the challenge was withheld pending the outcome of the McTigue-Stribling fight to be held here Thursday.

Big League Teams Near the End of Their Schedules

Only Three Games Played Yesterday and But Four Are on Card For To-day

New York, Oct. 2.—The 1923 baseball season almost passed out yesterday. Only three games were played and only four are scheduled for to-day.

VARSITIES WANT SERIES

Winnipeg, Oct. 2.—A proposal for the playing of a rugby series between Western Universities has been made by the University of Saskatchewan, and the present outlook is that the proposal will be accepted by the University of Manitoba.

Squabble Arises Over Selecting Papyrus' Rival

One Faction Wants Zev and Another That My Own Run in Big Race

Washington, Oct. 2.—Trainer Sam Hildreth came forward yesterday with a compromise proposal to race Zev, Harry E. Sinclair's three-year-old, against My Own, Admiral Grayson's winner of the elimination sweepstakes at a mile and an eighth, to determine which horse should run the international mile and a half race with Papyrus, the English champion.

Has a Good Argument

After a telephone conversation with Mr. Belmont, Admiral Grayson sent the chairman of the jockey club the following telegram: "On September 15, after My Own won the elimination race at Belmont Park, I telegraphed to Mr. Zev against him for a mile and a half at any time, at any place, and for a purse or without one; the winner to meet Papyrus in the international cup.

Unusual Controversy

No recent controversy in the sport of horse racing has commanded so much attention as the one between My Own and Zev. The Atlantic has looked forward to it with great expectations. The jockey club arranged an elimination sweepstakes race at Belmont Park, September 15, to develop an American contestant. All horses carrying the same weight were eligible to meet Papyrus.

Is a Strong Favorite

As a result of her fine playing yesterday Mrs. Philbrick is a strong favorite for the title, which last year was won by Mrs. Paterson. She became the possessor of the beautiful silver mesh bag presented by Mrs. Jack Rithet through winning the qualifying round yesterday.

Oak Bay Golfer Wins Qualifying Round of Ladies' City Championship With Score of 83, Five Strokes Better Than Her Nearest Competitors; Players With Scores of 103 and Better Qualified

Under ideal weather conditions the qualifying round of the ladies' city golf championship was played yesterday at the Victoria Golf Club and Mrs. Philbrick, of the Oak Bay Club, was returned the medalist with a splendid card of 83.

Harry Hodges, With Net Score of 58, is Winner at Colwood

Under the capable and enthusiastic guidance of Captain James M. Wood the Colwood Golf and Country Club has embarked upon a number of interesting competitions for the late fall and winter golfing season. For the month of September an eclectic competition, on one-third handicap, was played and terminated on Sunday last. Fourteen turned in cards, and H. P. Hodges, with a gross score of 62 and a net of 58, headed the list.

B. RADFORD WINNER OF CADDIES' TOURNAMENT

D. Radford, with a score of 94 for eighteen holes, won the first caddies' tournament held at the Colwood Golf and Country Club on September 28. The play was exceedingly close, and some very good golf was seen among the youngsters, and many promising young players are among the caddies. The results were as follows: D. Radford 94, F. Clunk 95, G. Wearing 110, N. Radford 119, J. Burridge 123, and D. Smith 125.

Huggins Confident His Team Will Win Series

Yankees Are Now Playing As Team and Not As Set of Individual Stars As Witnessed in Past Two World's Series; Diminutive Leader Proves That He Has Ability As This Is Third Year He Has Brought Yankees Through to Pennant

New York, Oct. 2.—Miller Huggins, diminutive manager of the New York Yankees, will lead his men this season in their third successive attempt to win the world baseball championship. Though his personality has been overshadowed by the aggregation of Yankee stars, regarded as one of the greatest in diamond history, Huggins has earned a large share of the credit attached to the achievement of capturing three straight American League pennants.

In 1921 and again in 1922, when his club won pennants but lost in the world's series to the New York Giants, Huggins was made the target of criticism by many baseball experts. They said Huggins was not strict enough with his men, that he could not rule them and that they did as they pleased.

John McGraw, of the Giants, and Connie Mack, of the Athletics, each have won three world's series, more than any other manager. McGraw won with the Giants against Mack's Athletics in 1905 and in 1921 and 1922. The Giant leader triumphed over Huggins' Yankees, Mack's Athletics won the series of 1910 from Frank Chance and the Chicago Cubs, and in 1911 defeated McGraw's Giants.

Winning and losing managers and clubs since 1901, with the victors' names first in each case: 1905—McGraw, New York Nationals, and Mack, Philadelphia Americans; 1906—Jones, Chicago Americans, and Chance, Chicago Nationals; 1907—Chance, Chicago National, and Jennings, Detroit Americans; 1908—Chance, Chicago National, and Jennings, Detroit Americans; 1910—Clayton, Pittsburgh Nationals, and Jennings, Detroit Americans; 1911—Mack, Philadelphia Americans, and Chance, Chicago Nationals; 1912—Mack, Philadelphia Americans, and McGraw, New York Nationals; 1913—Stahl, Boston Americans, and McGraw, New York Nationals; 1914—Stahl, Boston Americans, and McGraw, New York Nationals; 1915—Carrigan, Boston Americans, and Moran, Philadelphia Nationals; 1916—Carrigan, Boston Americans, and Robinson, Brooklyn Americans; 1917—Rowland, Chicago Americans, and McGraw, New York Nationals; 1918—Barrow, Boston Americans, and Mitchell, Chicago Nationals; 1919—Moran, Cincinnati Nationals, and Gleason, Chicago Americans; 1920—Spaeker, Cleveland Americans, and Robinson, Brooklyn Nationals; 1921—McGraw, New York Nationals, and Huggins, New York Americans; 1922—McGraw, New York Nationals, and Huggins, New York Americans.

CLOSER UNION OF CANADIAN CHURCH. URGED BY BISHOPS

Churchmen From East Tell of Works Accomplished

Speaking of church problems as they most vitally affect Canada, the Bishop of Montreal, the Right Rev. John C. Farthing and the Bishop of Huron, the Right Rev. David Williams, addressed a large gathering last night in St. John's school room.

HAVE DARK HAIR AND LOOK YOUNG

Nobody Can Tell When You Darken Gray, Faded Hair With Sage Tea

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

East and West of Canada becoming more closely united in their work for the betterment of the nation as a whole, and the world in general. The Bishop pointed out the necessity of driving from the church all feelings of partisanship and sectionalism. "Sectionalism and class feeling must be abolished," the speaker emphatically declared.

"What we need in political life in Canada is men working for the country as a whole, and not for the classes alone. The prosperity of the whole means the prosperity of the individual, and upon this prosperity depends the upbuilding of the nation. We now need a clearer and greater vision in our politics, commerce and religious work."

In spite of the faults of the Church of England, the British nation has had its character moulded by the Church, even to such an extent that the Englishman's word was considered as good as his bond, said the Bishop.

"Canada's work was to mould the character of the nation. "We've had some serious problems in the East which must be faced," the speaker continued, "but we will continue to endeavor to help the growing and pioneering territory of the West, as England helped us many years ago. In this we are only repaying what is a debt of honor."

BACK FROM TOUR OF OKANAGAN

H. T. Ravenhill Finds Both Transprovincial Road Routes Have Defects

"I have seen most beautiful scenery on my cycling tour, but the scenery along Sooke Harbor is as good as anywhere," said H. T. Ravenhill to The Times yesterday on his return.

He stated that two subjects engaged the attention of the people of the Okanagan while he was there on a tour which took him along the Yale road from New Westminster to Hope, thence by rail across the mountains, and by road through Princeton, Penticton, Kelowna, to Salmon Arm, and back through Falkland and Kamloops and Ashcroft. He returned from Spence's Bridge to Mission by rail and thence wheeled into Vancouver.

The two subjects were the trans-provincial highway and the fruit crop. On the former controversial subject Mr. Ravenhill has not made up his mind, except that he is convinced the alternatives will both entail a heavy expense. He finds opinion absolutely united in the Similkameen at South Okanagan in favor of Hope-Princeton, and in the North Okanagan the view is equally strongly shown for the Fraser Canyon route.

Speaking of the fruit industry Mr. Ravenhill said that it was the general opinion that unless the apple growers got a fair price for their produce this year, they would be forced out of business. Last year was a very bad one for the community. "One has an idea," he said, "of the extent of the business in meeting the motor lorries on the roads moving boxes for packing purposes. One lone packinghouse manager in Penticton alone told me the firm spent \$160,000 a year in supplies, almost all in Vancouver. I believe the total supplies must run into several million dollars a year."

PLAN TO CHECK ROYALTY LEAK

M. B. Jackson, K.C., Chairman of the Game Conservation Board, returned to Victoria Saturday afternoon well satisfied with the Board's recent meeting with northern fur traders and trappers in Prince George.

Plans for preventing leakages in the collection of fur royalties are under consideration by the Game Board, now Mr. Jackson said. He added that he counted upon the cooperation of a reasonable attitude towards the problems of the Board.

Mr. Jackson plans to bring into effect a system of fur royalties uniform with the systems of other provinces, thus aiding collection and preventing leakages. Over-trapping and depletion of game will be prevented by new legislation which will provide for the registration of trap lines, Mr. Jackson intimated.

Yellow Cab

Drivers naturally courteous

It is no effort for YELLOW CAB drivers to be courteous. This answers the question why our men are universally so polite and considerate.

Men reflect the character of the organization they work for. This business is founded on the basis of sincerity and consideration for those we serve.

Courtesy in the YELLOW CAB family is an inbred instinct. We have carefully and deliberately chosen courteous employees. Rules demanding courtesy are invoked but rarely, for YELLOW CAB men prefer the happier mode of business intercourse.

Our men are cheerful and contented, for they make a substantial livelihood. Contentment smooths the path of courtesy and stimulates willing, efficient service.

But occasionally we are compelled to deal with the exceptional case. Rudeness and incivility on the part of one man hurts the entire organization—his fellows more than anyone else.

We sincerely believe that such a man does not now survive on our roster of drivers. If we are mistaken you will confer a favor on that group of conscientious workers who serve you unfailingly day by day, by writing us a letter.

At Eighty-Five Years of Age Sees First Picture Show

Quessel, B. C., Oct. 2.—Paddy Hodnatt has seen his first picture show. The sturdy old miner, who had not been out of Barkerville for twenty-nine years, came to Quessel on Tuesday with Mr. and Mrs. Elmer E. Armstrong in their automobile and was persuaded to stay over a day while a special show was put on for his benefit, by A. J. Elliott.

Hudson's Bay Company

INCORPORATED 2ND MAY, 1870

THE TIMES DAILY PICTURE PAGE

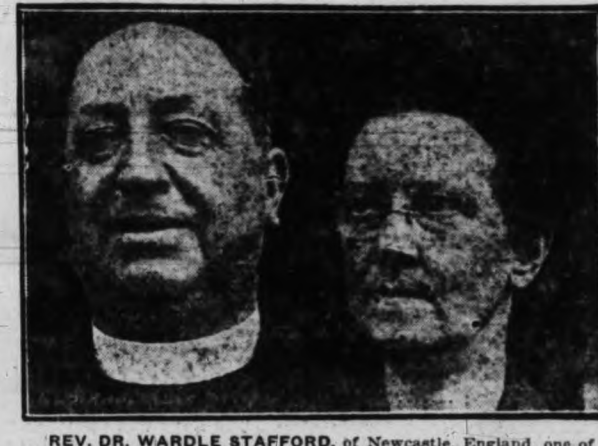

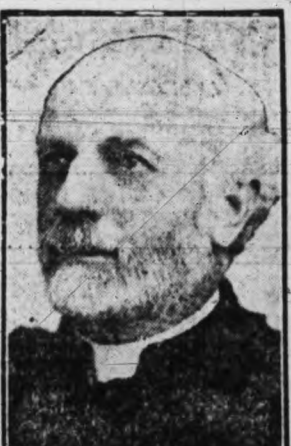

SOME OF LORD RENFREW'S ALBERTA POSSESSIONS.—Top left—A fine new barn which has just been erected on the Prince's ranch near High River. Top right—One of the prizes of the E. P. ranch; Climsland Broadhouse, a shorthorn bull from the Prince's farm in England. Bottom—Some of the purebred Hampshire sheep which have just arrived from England.

ARCTIC SCENERY FROM THE AIR.—Queen Mountain, in the centre of King Jacob's Land, photographed from the aeroplane of the Hammer-Juiker aerial expedition, aiding the Amundsen polar expedition. Inset shows the airplane base at Green Harbor, Spitzbergen. Flights of 700 miles were made, proving the ease of a polar flight.

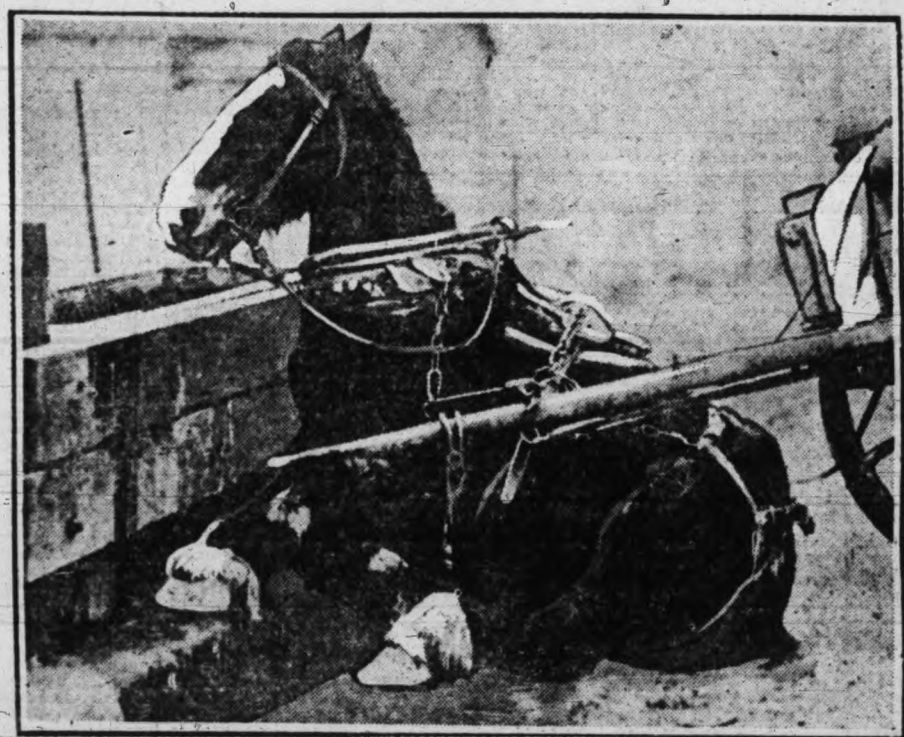

THE RUHR AND THE THREAT OF PARTITION.—Germany has been obsessed by the fear that the Rhineland would secede if she did not surrender on the reparations question and by the fear that Bavaria would secede if she did surrender. Berlin has now called off passive resistance to France's control of the Ruhr industrial district (shown on the map) and is worried by reports that Bavarians, headed by Ludendorff, will march on the capital. The shaded area on the map indicates the territory occupied by the allied powers, including the Rhine bridgeheads and the Saar district. The British occupy the Cologne area. The Americans were at Coblenz but withdrew. The boundaries of Bavaria are outlined.

REV. DR. SALEM BLAND, well-known Methodist professor, preacher, author and lecturer, is said to have drawn fire as a result of alleged unorthodox views on the old testament expressed during lectures at the Methodist Episcopal Church training school held at Lake Junaluska, N.C.

REV. DR. WARDLE STAFFORD, of Newcastle, England, one of the best-known of British divines, has accepted a Toronto pulpit. He is shown above with Mrs. Stafford.

THE LIFE OF RILEY.—Having quenched his thirst, old Dobbin sits down to rest a bit before going on with his load. Cast no aspersions on his good name. 'Twas only water in the trough, as anyone in Sydney, Australia, where this happened, will tell you.

SCHOOL DAYS By DWIG

JUDGE EMILY MURPHY of Edmonton, better known as "Jancy Canuck," who has been visiting Victoria, will probably be a Canadian delegate to the world conference on narcotics, called by the League of Nations.

MARRYING INTO ENGLISH NOBILITY.—The four daughters of Mr. and Mrs. G. W. Cook, of Montreal. They are, left to right, Miss Audrey Cook, Miss Sarah Cook, whose marriage to the Earl of Haddington will shortly take place; Miss Dorothy Cook and the Countess of Minto who was married in Montreal last year.

REACHES CENTURY MARK.—Mrs. Mary Caruthers, of Guelph, Ontario, celebrated her hundredth birthday last week. She enjoys the best of health.

POLICE PROTECTION FOR BANK MESSENGERS.—As an outcome of the sensational hold-up and robbery of Toronto bank messengers on July 24, and that of a branch of the Bank of Nova Scotia last week, extra police protection is now being given to guard the daily transfers of huge sums of cash. Picture shows (at left) lineup of officers outside the clearing house on Wellington Street at the right, constables riding on the running board of a motor car returning from the clearing house. These scenes are repeated daily.

STEADY TONE ON NEW YORK MARKET

(By Burdick Bros. Ltd.) New York, N.Y., Oct. 2.—Although the market could hardly be said to have displayed any definite trend in the day's turnover, still it was evident that a very steady tone was maintained throughout the day and that a rather substantial class of buying seemed to be in evidence on any of the small reactions.

NEW CANTALOUPE BELT OPENED UP BY IRRIGATION

The Provincial Government's big Osoyoos irrigation scheme is opening up a new cantaloupe belt in the Southern Okanagan country, according to reports received at the Land's Department here. Over two thousand cases of cantaloupes have been shipped from Oliver, the centre of the newly-irrigated lands, Hon. T. D. Pattullo, Minister of Lands, was

informed to-day. These cantaloupes were produced on land which is being made fertile by the Government's irrigation scheme.

Settlers in the irrigated area believe that the cantaloupe business can produce cantaloupes in this region much earlier than they did this year. The country around Oliver is so warm that cantaloupes, sweet potatoes, peaches and tomatoes flourish there. The soil is extremely fertile when irrigated.

EGG LAYING CONTEST

Santa Cruz, Calif., Oct. 2.—Ten pullets owned by L. A. Thornhill, of Santa Cruz, won first place in the fourth egg laying contest which closed yesterday. The contest was held under the auspices of the state farm bureau and the State College of Agriculture. The ten hens laid 2,816 eggs.

SAANICH HEALTH CENTRE PROPOSES TO WIDEN WORK

Great Expansion Seen in Operations of Model Rural Centre

The Saanich Memorial Health Centre, built in grateful remembrance of those men and women who died in the service of their country, was completed in July, 1921.

The staff in residence are the superintendent, school, district and house nurses, the janitor and housekeeper. In addition, students come for field experience from the University and the Provincial Board of Health. They each spend two weeks at the centre.

Well-baby clinic. Three each month. 348 babies registered to date.

School work. Individual class room inspection once each month, except cases of communicable disease, when the nurse makes a daily examination of the pupils until the danger of communication is passed. The teachers are instructed in observing signs and symptoms and reporting to the health centre.

Pupils are weighed every month and measured once in the school year, subsequent months the children are encouraged to weigh themselves and record the result under the supervision of the nurse. Charts are placed in every class room for this purpose.

After each inspection the nurse gives a health talk to the class upon such matters as personal cleanliness, care of the teeth, etc. The talks are made suitable to the grade. Roll of honor being given each year to pupils who observe health rules.

Little mothers' league classes are for girls between the ages of ten and fourteen years. A definite course in infant hygiene, which includes the proper dressing and feeding of the babe, with practice on a baby doll. The classes cover a period of twelve weeks with examination badge and certificate issued by the Provincial Board of Health.

Dental work. The dentist works at the centre three hours, from 2 p.m. to 5 p.m. In this way twenty-five pupils approximately have dental care weekly.

Tonsil clinic. The last Friday of each month, at least five tonsil operations are done. The children are put to bed and cared for, and remain from six to thirty-six hours, until quite recovered.

Tuberculosis chest clinic. Once each month all suspects are encouraged to attend and supervision is maintained at intervals by visiting the homes, or arrangements are made for transfer to sanatorium.

Social service work is an important part of the programme as there is no organization in Saanich for this purpose.

All babies born in Saanich are followed up. All through the pre-natal and post-natal supervision is maintained.

Home nursing and hygiene. Lectures are conducted through all the Fall and Winter months, the classes covering a period of twelve weeks, with examination and certificate issued by the Provincial Board of Health.

Addresses on various phases of public health nursing, child welfare, etc., are given as part of every month's programme. Health-centre activities are shown on colored slides.

The district work includes maternity work and all nursing which is not communicable. A certain amount of education work and distribution of health literature. This service is heavy, owing to night calls.

At the health centre six beds are utilized for a certain type of patient, such as malnutrition, tonsillotomy cases, etc.

Extension of work is proposed to include pre-natal and eye and ear clinics, this latter being a vital necessity for the school children. The difficulty which presents itself,

very real one, is the limited staff and transportation facilities, which cannot meet further needs if a proper public health nursing programme is to be carried out.

The work has increased with surprising rapidity during the past year, as the following figures will show, which includes individual attention to cases, nursing, school, welfare, etc. Year ending December 1922, 13,053. Half-year ending June 1923, 12,989.

DISCUSS POLICY OF ADMISSIONS

Should City Allow Non-Residents at Aged Men's Home?

The City Council last evening was faced with a problem which has arisen from time to time in connection with the administration of the Aged Men's Home.

It was that of the policy of admitting men who are not residents of the city at the present time, but who have a little money, would prefer to come here instead of the Aged Men's Home at Kamloops operated by the Province. It is not the case of adding to the cost of maintenance, because in each case guarantees were forthcoming that the cost of maintenance would be provided.

The specific cases mentioned in the report of the Aged Men's Home were those of a veteran in the Yukon, formerly a resident of Victoria, who was guaranteed by Gold Commissioner of the Yukon, and a case from Saanich guaranteed by the municipality.

Alderman Woodward advised the council to accept such cases under guarantee, either for admission to the home or for the boarding house where some available, and placement on the ground that the home at the Willows was only three-quarters occupied at the present time, and it was just as well to secure guaranteed cases to fill it, as overhead charges would not vary.

The council decided to separate the motions approving the project as it related to the former Victoria resident, but the recommendation of the Saanich resident was not adopted.

Purchase of Bonds

On the recommendation of the finance committee the council decided upon the following purchases of debentures of various investments: From R. P. Clark & Co., £1,000 City of Victoria 4 per cent. debentures, due January 21, 1927, at \$8 and accrued interest, for \$11,000; From Hart & Todd, \$15,000 Province of Alberta guaranteeing A.G.W. Railway 2 per cent. debentures, due January 1, 1926, for the price of \$1,950, yielding approximately 5.59 per cent.

For Private Bill

The council decided to pilot the private bill through the Legislature, the council appointed City Solicitor Pringle as Parliamentary Agent. He was also asked to act with the purchasing agent in printing copies of the private bill in accordance with usual practice.

Household List

The formal appointment of Assistant City Clerk Frank Hunter as registrar of the household list was made.

Church Tax Case

In order to reach a compromise with regard to the James Bay church tax case, City Solicitor Pringle suggested a committee, confer with the church trustees. The council accepted the plan, and left the matter in the hands of the finance committee for attention.

PREMIER TO OPEN SHOW WEDNESDAY

Saanichton Exhibition to be Larger Than Last Fall

Everything is in shape for the opening of the North and South Saanich Agricultural Society's fifth exhibition at Saanichton on Wednesday afternoon, by Premier Oliver. The Premier will be accompanied by Hon. F. A. Pauline, M.P.P. The principal attraction will be the sports programme for pupils attending the schools of Saanich and North Saanich, a number of attractive trophies have been offered for schools as well as individual competition.

The catering will be in the hands of the Women's Institutes of South and West Saanich.

In addition to the usual classes health centre exhibits, and the Indian department will go to swell the total of the display. The committee this year is laying particular emphasis on the honey display, great interest having been stimulated in beekeeping in North Saanich. E. M. Straight, superintendent of the Experimental Station, will act as judge of this section.

Judging of the interior exhibits began at noon Tuesday, the full panel of judges being as follows: W. H. Robertson, Provincial Horticulturist; G. A. Robinson; field crops and honey, E. M. Straight, Dominion Experimental Station; horses and swine, James Turner, of Sidney Island; cattle, W. M. Fleming, of Duncan; poultry, H. Reid; domestic science, Mrs. Agnes M. Carter; baking, J. Bennett; flowers and plants, G. A. Robinson; ladies' work, Miss Reid; school work, Miss Scanlan of the Normal School, and Miss Noonan, of the Sproul-Shaw School; manual training, L. A. Campbell, and for the painting Mrs. W. J. Jewell has been asked to judge.

CALGARY FOLLOWS B.C. LEAD ON FOOTBALL COUPONS

Calgary, Oct. 2.—Following action taken by the Vancouver city police several days ago against the B.C. Veterans Weekly, and The Sportsman, weekly papers which feature a football competition, summons against the Calgary agents of these papers, Harry Smith and Seth E. Campbell, were also summoned. They will appear in the local police court Thursday morning on charges of running football contests.

WILLOWS PARK QUESTION DEFERRED

Council, However, Hears From Motorcycle Club on Issue

Attempt to Remove Residential Bathhouses From Inner Harbor

No action with regard to the lease of the Willows Park to the B.C. Agricultural Association was taken by the City Council last evening. Three of the aldermen were absent from the meeting, and the conflicting parties showed no disposition to renew the arguments of Monday and Friday in last week.

The general question did not come up on the agenda paper, following the debate in Public Works Committee. The subject, however, was aroused in a communication from the Victoria Motorcycle Club, which declared that the B.C. Agricultural Association had not aided the club in using the oval for motor racing, on the ground that it was unsafe.

This is nonsense, as horse racing is just as dangerous, asserted the letter, which declared that the club was not aided in its applications by the association.

Alderman Sangster at once said the first paragraph was incorrect, dealing with the alleged attitude of the Agricultural Association.

The question was not further debated, the letter being tabled until the lease was taken up again.

City Automobile Camp

The question of the sanitation of automobile tourist camps was the subject of a communication to the council by the Victoria and Island Publicity Bureau, forwarding a letter from Dr. H. E. Young, Secretary of the Provincial Board of Health. Special attention in Dr. Young's letter was made to the typhoid outbreak at Everett recently. That city is on the Pacific Highway, with its tourist automobile camp widely used by motorists. Under the circumstances Dr. Young recommended the council to watch the local situation at the camp carefully, to avoid trouble in 1924 from typhoid.

The health committee will be asked to report.

Bellevalle Street Lots

The condition of the city lots on Bellevalle Street, west of Oswego Street, drew attention to the attention of the medical health officer, Dr. Price pointed out that the Indians had frequently camped on the property, and the objection also arose that it was used by persons having boat houses utilized for residences abutting on the property. The doctor said there was a disputed jurisdiction about the boat houses with the Harbor-master, and he therefore recommended action in conjunction with the Dominion authorities to remove the obstructions from the harbor, and to prohibit the use of landings from city property.

Alderman Gillespie believed it would be better to clear some other place for the Indians en route to the hop fields.

Alderman Woodward supported the statements of the doctor, mentioning that when the site was cleared up, and the boat houses removed, it might be possible to make some arrangement with the James Bay Athletic Association for a site upon which to move the club house.

The suggestion of the medical health officer will be adopted.

Printing Tenders

Tenders for printing the "municipal voters' lists" were accepted at \$2.50 per page from the Victoria Printing and Publishing Co. for 250 copies. Other bidders were the Diggon Printing Co. at \$2.50 per page, and the Cusack Co. at \$2.50 per page.

Lighting Station

The council awarded a contract to H. Cooley & Son for re-roofing the west office wing of the electric light station, Telegraph Street.

WOMAN SUFFERED FOR MONTHS

Weak and Nervous. Made Well by Lydia E. Pinkham's Vegetable Compound

Webbwood, Ont.—"I was in a very weak and run-down nervous condition, always tired from the time I got up until I went to bed. Sleep did not come at all. My sister recommended Lydia E. Pinkham's Vegetable Compound to me and others told me about it, but it was from my sister's advice that I took it. It did not take long until I felt stronger, headaches left me and my appetite came back to me. I am a farmer's wife and have many things to do outside the house, such as milking, looking after the poultry, and other chores. I heartily recommend the Vegetable Compound to all who have the same trouble I had, for it is a fine medicine for women."—Mrs. LOUISE F. ELSASSER, Hillcrest Farm, Webbwood, Ont.

Another Nervous Woman Finds Relief

Fort Huron, Mich.—"I suffered for two years with pains in my side, and if I worked very much I was nervous and just as tired in the morning as when I went to bed. I was sleepy all the day and didn't feel like doing anything, and was so nervous I would bite my finger nails. One of my friends told me about Lydia E. Pinkham's Vegetable Compound, and it helped me so much that I soon felt fine."—Mrs. CHARLES BEALER, 601-14th St., Fort Huron, Mich.

Women who suffer from any feminine ailment should try Lydia E. Pinkham's Vegetable Compound.

BUSINESSMEN TO START NEW WAR ON "P.P." TAX

To Ask Legislature to Abolish Levy; Bad For Business, They Say

Mainland business interests, led by the Vancouver Board of Trade, are laying plans for a vigorous fight against the personal property tax. Their campaign will be opened in earnest when the Provincial Legislature meets at the end of this month.

"The personal property tax violates every principle of taxation," J. E. Thomson, President of the Vancouver Board of Trade, declared in announcing plans for a fight against the levy. The board is now making preparations to join with other bodies in preparation of a case against the tax for presentation to the Legislature. A committee will be appointed, and

The matter will be gone into thoroughly, he said.

The tax, Mr. Thomson said, was particularly unfair to the small merchant, who everywhere throughout the Province, for several years, had been having a pretty hard time in making ends meet. Under the law, as at present administered, the Government had the right to go in, and if the officials found even that the man was actually losing money, the tax could be levied on the stock in trade. The man might be able to show that he had very little equity in the goods in his place of business, but it made no difference, the tax would be levied on the actual inventory of the goods in stock.

Walter Ing, secretary of the Retail Merchants' Association, also spoke strongly against the measure. It was, he said, almost a death blow to the investment of capital in new provincial enterprises. There were few businesses that made any money in the first year or two of their establishment. That was the period of building up, and few men cared to take the chance of investment when they were certain that the product of that investment would be subject to the iniquitous personal property tax. "Ability to pay," he said, "ought to be the principle on which taxation was based," and he suggested that if necessary to meet the need for provincial revenue the income tax could be increased. No man who was making a fair income would, or at least should, object to paying his share of taxes.
