THE UNITED STATES NAVAL ACADEMY

HISTORICAL SKETCH

The United States Naval Academy is an institution of higher education conducted by the Navy Department for the purpose of preparing young men to enter the lowest commissioned ranks of the Navy and Marine Corps. It was founded as the Naval School in 1845 by the Honorable George Bancroft, historian, educator, and Secretary of the Navy, to improve the then unsatisfactory methods of instructing midshipmen. It was located at Annapolis, Md., on the site occupied by Fort Severn, which was given up for the purpose by the War Department. At first the course was 5 years, of which only the first and last were spent at the school, the intervening 3 years being spent on board ships on active service. It was reorganized in 1850-51 as the United States Naval Academy, with a course of study of 4 consecutive years. A summer practice cruise replaced the omitted sea service, and gave better opportunities for intensive training. During the Civil War the Academy was moved to Newport, R. I., but was brought back to Annapolis in 1865, where it has since remained. In the following years great improvements were effected in the organization and curriculum. From 1873 to 1912 the academic course was 6 years, the last 2 of which were spent at sea. In 1912 the course was fixed at 4 years, the 2 years at sea being omitted. During the Civil, Spanish-American, and World Wars, the course was shortened to provide more officers for the fleets. During the World Wars large classes of reserve officers and reserve midshipmen were trained at the academy.

The students undergoing the course at the Naval Academy have been called in turn, acting midshipmen, midshipmen, cadet midshipmen and cadet engineers, naval cadets, and since the act of Congress approved July 1, 1902, midshipmen. A midshipman is an officer in a qualified sense. He is appointed a midshipman in the Navy, not merely at the Naval Academy, is subject to the orders and regulations of the Navy Department, but does not now participate in the benefits of retirement or longevity. He may be ordered to sea duty although this is not customary except on practice cruises. He ranks after a commissioned warrant officer, and ahead of a warrant officer. Upon graduation he may be commissioned an ensign in the line of the Navy, or a staff corps, or as a second lieutenant in the Marine Corps.

Under the Superintendent, the Academy is organized into the following departments: The executive department headed by the commandant of midshipmen who is charged with interior discipline, drills, and tactical instruction; and the academic departments of seamanship and navigation, ordnance and gunnery, marine engineering, aviation, mathematics, electrical engineering, English, history, and government, foreign languages, hygiene, and physical training. At present about 19 per cent of the academic work is devoted to the so-called "cultural" subjects, about 51 per cent to the professional subjects and about 30 per cent to the semiprofessional subjects. Throughout the course there are many practical exercises and drills in the professional departments of seamanship and navigation and ordnance and gunnery which are not reflected in the above.

Beginning in the year 1899, following an appropriation of \$10,000,000 by Congress for the purpose, the Naval Academy was almost completely rebuilt in the Italian Renaissance style after the designs of the architect, Mr. Ernest Flagg, of New York. The grounds of the Academy proper now comprise 232³/₁₀ acres along the west bank of the Severn River, on which are 217 major buildings, representing an investment of about \$35,000,000.

In addition, 101 temporary units have been erected at a total cost of \$650,000 to alleviate the housing shortage due to the war.

An act of Congress approved on May 25, 1933, authorized the Superintendent to confer the degree of bachelor of science upon all graduates from and after the date of the accrediting of the Academy by the Association of American Universities. That association placed the Naval Academy on its approved list on October 25, 1930, and graduates commencing with the class of 1931 became eligible for the degree. By virtue of an act of Congress approved July 8, 1937, the Superintendent is now authorized to confer the degree upon all living graduates.

The total number of graduates of the United States Naval Academy, including the class of 1947, which graduated in 1946, is 19,380.

The administration of the Naval Academy is under the Bureau of Naval Personnel, Navy Department, Washington, D. C. Entrance requirements are fully set forth in the pamphlet Regulations Governing the Admission of Candidates Into the United States Naval Academy as Midshipmen and Sample Examination Questions, copies of which may be obtained by application to the Bureau of Naval Personnel. A description of the course of instruction is contained in the pamphlet Catalog of Course of Instruction at the United States Naval Academy, Annapolis, Md., copies of which may be had by applying to the Academy.

- G* Admitted in accordance with the law which authorizes five appointments by the Vice President of the United States from the United States at large. Entered by—
- (1) Regular examination.
 - (2) Certificate—substantiating examination method.
 - (3) College certificate method, without mental examination.

¹For the class which entered the Naval Academy in 1946 some exceptions were made to the requirement that all candidates for appointment under the Navy and Naval Reserve quotas take the regular examination on a competitive basis. Actually some of those admitted qualified by the certificate-substantiating and college certificate methods. This step was taken in an effort to fill vacancies and the enlisted candidates so admitted were judged competitively with one another.

- H* Admitted in accordance with the provisions of the law which allows one midshipman from Puerto Rico, who must be a native of that island. The appointment is made by the President on the recommendation of the Governor of Puerto Rico. Entered by—
- (1) Regular examination.
 - (2) Certificate—substantiating examination method.
 - (3) College certificate method, without mental examination.
- I* Admitted in accordance with the provisions of the law which allows five midshipmen from Puerto Rico appointed on the nomination of the Resident Commissioner. Entered by—
- (1) Regular examination.
 - (2) Certificate—substantiating examination method.
 - (3) College certificate method, without mental examination.
- J* The law authorizes four Filipinos, one for each class, designated by the President of the Commonwealth of the Philippine Islands to receive instruction at the Naval Academy. These midshipmen will not, however, be entitled to appointment in any commissioned office in the United States Navy by reason of their graduation from the Naval Academy. Entered by—
- (1) Regular examination.
 - (2) Certificate—substantiating examination method.
 - (3) College certificate method, without mental examination.
- K* Admitted under congressional appointment.² Entered by—
- (1) Regular examination.
 - (2) Certificate—substantiating examination method.
 - (3) College certificate method, without mental examination.
- L* Admitted in accordance with the provisions of the law which allows one midshipman from among the sons of civilians residing in the Canal Zone and the sons of civilian employees of the United States Government and the Panama Railroad Co. residing in the Republic of Panama, whose appointment shall be made by the Secretary of the Navy on the recommendation of the Governor of the Panama Canal. Entered by—
- (1) Regular examination.
 - (2) Certificate—substantiating examination method.
 - (3) College certificate method, without mental examination.
- M* Admitted under provisions act of Congress approved July 14, 1941, which provides that the Secretary of the Navy is authorized to permit, upon designation of the President of the United States, not exceeding twenty persons at a time from the American Republics (other than the United States), and not more than three from any such Republics to receive instruction at the Naval Academy at the same time. Such persons will not be entitled to appointment to any office or position in the United States Navy by reason of their graduation from the Naval Academy. Entered by—
- (1) Regular examination.
 - (2) Certificate—substantiating examination method.
 - (3) College certificate method, without mental examination.
- N* Admitted under provisions act of Congress approved November 24, 1945, which authorizes the President of the United States to appoint the sons of persons who have been or shall hereafter be awarded a Medal of Honor in the name of Congress for acts performed while in any of the armed forces of the United States. Entered by—
- (1) Regular examination.
 - (2) Certificate—substantiating examination method.
 - (3) College certificate method, without mental examination.

²The law allows five midshipmen for the District of Columbia and for each Senator, Representative, and Delegate in Congress.
