Hearne's Bronchitis Cure.

These who have taken this medicine are amazed at its splendid healing power. Sufferers from Bronchitis, Cough, Croup, Asthma, Hoarseness, Difficulty of Breathing, Pain or Soreness in the chest, experience delightful and rapid relief, and to those who are subject to Colds on the Chest it is invaluable, as it effects a complete cure. It is most comforting in allaying irritation in the Throat and giving Strength to the Voice, and it readily allows a Cough or Asthma to become chronic nor Consumption to develop. Cough suppression is not known when "Cough" has on their first appearance, been properly treated with this medicine. No house should be without it, as taken at the first onset a dose or two is generally sufficient and a complete cure is certain.
