VOL. 51

VICTORIA, B. C., SATURDAY, JULY 14, 1917

NO. 11

RUSSIANS CONTINUING DRIVE; TAKE VILLAGE SOUTHWEST OF KALUSZ

Novica Captured by Brusiloff's Troops; Military Situation at Present Matter of Encouragement for Allies

London, July 14.—While all the news items reaching here from that quarter indicate that the political turmoil in Germany is reaching a point at which an upset appears inevitable, the military side of the present situation also bears an aspect most encouraging to the great group of nations allied against the Central Powers, this generally being taken into consideration by the most astute observers in dealing with the situation at Berlin and Vienna.

The Russian revolutionary armies in Galicia still are sweeping forward. Apparently there is little to stop them pouring through the breach in the enemy line in Eastern Galicia opened by General Korniloff. They are pushing on north of the Dniester and west of the Lomnica and generally proving victors in the fighting going on along a fifty-mile front.

The latest official news to reach here from Petrograd is that the village of Novica, southwest of Kalusz, is in the hands of the Russian forces. On the front in France and Belgium a waiting policy is being pursued by Field-Marshal Haig on the British part of the line and General Petain on the French section. There has been only local fighting by the two groups of armies.

Novica Taken.
Petrograd, July 14.—Russian troops have occupied the village of Novica, southwest of Kalusz in Eastern Galicia, the War Office announced to-day.

Russia's Aim.
London, July 14.—A dispatch to the Daily News from its Petrograd correspondent, says the Russians bitterly resent the misunderstanding with which their offensive is being clouded in certain circles in the West. It is being made under circumstances of extraordinary difficulty, the message continues. There are daily reports of hunger riots in different parts of the country and of internal struggles of the parties, and even of huge sections of the population, which threaten disaster to Russia. The dispatch says that the offensive is being made, not because Russia hopes for or desires the crushing of Germany, but because she believes that by an offensive she alone can persuade the other Allies and compel the Germans to agree to a general peace on honorable terms. The willful misunderstanding of this has an immediate reflection on her by giving the enemies of the offensive in Russia ground for telling the Russian people they are fighting in vain, the message says.

WILHELM CONSIDERS DRASTIC MEASURES
Latest is He is Siding With Prussian People Against Junkers

Berlin, July 14.—If the Prussian Diet, whose present complexion is of a Conservative hue, should fail to meet the conditions set forth in Kaiser Wilhelm's decree for electoral reform, it is not unlikely drastic measures will be adopted to overcome the obstructionists.

A significant feature of the Kaiser's edict is the specific stipulation that the reform measure must be forthcoming in time for the next election. Introduction of equal, direct and secret suffrage, in Prussia will put an end to plural voting as well as to an electoral franchise based on taxation.

It is a foregone conclusion that the reactionary old guard will make a stubborn fight on the measure, but its champions confidently predict victory in the struggle, wherein the monarch and the people are pitted against the junkers and big industry.

Central Point.
Amsterdam, July 14.—Count Michael Karolyi, leader of the Hungarian Independent Party, speaking in the House of Deputies, says a telegram from Budapest, declared:

The central point of the present German crisis is the question of peace. Everyone in Germany wants peace, but it is not enough merely to desire it. The nation must negotiate for it. Count Czernin (Austro-Hungarian Foreign Minister) has not confined himself to mere words, but has openly declared that we are ready for peace without annexations. One of the pre-requisite conditions of peace is the democratization of every country.

Baron Julius Breck said:
"There is no war policy to-day, but only a peace policy. The peace must be honorable, guaranteeing Hungary's frontiers—and her political independence."

Responsibility of Governments Object, Says Lloyd George

London, July 14.—"There can be no lasting peace until the responsibility of governments to their peoples is clearly established from one end of Europe to the other," declared Mr. Lloyd George, to-day in a telegram to the Russian Premier, Prince Lvoff.

Coming at a time when the German Empire is in the throes of a political struggle to achieve some measure of reform in its government, Mr. Lloyd George's message is strikingly suggestive. The Prime Minister thus vigorously backs up all the former declarations that democracy of all peoples is one of the basic principles for which the Allies are fighting.

BERLIN SUPPRESSES THE LOKAL ANZEIGER

Discussed German Situation Frankly; Naumann Comes Down From Perch

Amsterdam, July 14.—The Berlin Lokal-Anzeiger was suppressed by the German Government to-day, presumably because of the frankness of its discussion of the peace and parliamentary situation in its recent issues. In a bitter attack on the Austrian interference in Germany's internal fight, the Lokal-Anzeiger charged that an unnamed Vienna statesman had telegraphed the German Government that removal of Chancellor von Bethmann-Hollweg would be dangerous. The Vienna message mentioned is supposed to be Count Czernin, Minister of Foreign Affairs. The attack probably is the reason why the Lokal-Anzeiger was ordered suppressed to-day.

Heretofore the Lokal-Anzeiger has been classified as an independent but semi-Government organ, many of its leading articles being regarded as inspired. Quotations which have been permitted to pass by the German censors have not indicated nearly as frankly a policy of discussion and criticism of the German parliamentary situation by the newspaper as the assaults which several other German publications have made.

Naumann Writes.
London, July 14.—A dispatch to The Chronicle from Amsterdam says that Dr. Friedrich Naumann, a German Imperialist and author of the book "Central Europe," has issued an interesting comment on the situation. He declares:

"The hard logic of facts regarding the war situation has driven political parties to a position where they must declare whether they will work toward peace or let things continue on the present lines in the hope that prolongation of the war will bring substantial advantages. By a majority of opinion we Germans would for ourselves and our Allies miss the historical opportunity if we did not declare emphatically we are ready to consider peace without a decrease of territorial possessions and without conquests—in other words, adopt the Austro-Hungarian-Russian formula. That is a hard blow for many Germans, for it means the destruction of many hopes. There will be opposition and anger, but this is a situation in which cold reason is more important than the eager desires of the heart."

Naumann admits that a parliamentary Government is necessary when such a policy is adopted by the Socialists and great middle parties. "All pettiness must now disappear," he concludes. "We must desire nothing but union for preservation of the people and the Fatherland."

Demanding Jenesu Succeed Bratiano as Roumanian Premier

Jassy, Roumania, July 6.—(Delayed.)—A Cabinet crisis is confronting the Roumanian Government. Four Conservative Ministers have demanded that Premier Bratiano resign and that Take Jenesu, Minister without portfolio, be appointed to succeed him.

BUT FOUR FRENCH VESSELS WERE SUNK WEEK ENDED 8TH

Paris, July 13.—Three French merchantmen of more than 1,500 tons and one under that size were sunk in the week ended July 8 by mines or submarines, the Admiralty announces. In May French aeroplanes attacked fourteen submarines and discovered three mine fields.

AMERICAN GOVERNMENT NOW HAS POSSESSION OF DEADLY INVENTION

Pittsburgh, July 14.—The Westinghouse interests here are seeking 1,000 men who are willing to sign an agreement to enter a new plant to be built for the manufacture of war munitions by a secret process and remain imprisoned for ten months, all-communication with the outside to be shut off. Men who have been approached were told that the plant will manufacture a powerful implement of war and that the secret must be guarded until the Government sees fit to make the details public. Only those workmen and officials who will be engaged in the production of the new weapon will know its character and the details of manufacture. Recreation and entertainment of every possible sort will be furnished the isolated employees. Pay double what they now get is guaranteed and bonuses will be paid for high production. Only picked men whose Americanism is unquestioned and whose skill in their respective vocations is of the highest will be employed.

Officials of the Westinghouse interests refuse to talk. An artisan of high standing who was approached by the Westinghouse interests said he had received an intimation that the new plant would turn out in large quantities, one of the late inventions of Thomas A. Edison.

FRANCE CELEBRATES NATIONAL HOLIDAY

On Great Anniversary Admiral Lacaze Points to Germany's Failure

Paris, July 14.—Paris wept and cheered the sight of battle-torn flags carried through its streets to-day in celebration of its national fete commemorating the fall of the Bastille.

Among the heroes in the review of troops was Sergeant L. E. Lehmann, of Los Angeles. After fighting in the war of 1870, he went to the United States, but although 64 years old, he returned to France in 1914 and has fought for the past three years.

Germany's Failure.
Paris, July 14.—"The Germans have abandoned hope of obtaining victory by arms," said Admiral Lacaze, the French Minister of Marine, to a representative of the Associated Press to-day. "As a last resort they tried their submarine warfare, proclaiming that in four to six weeks we should be on our knees."

"As a matter of fact we are bringing 4,000,000 tons weekly into the country. Every month increases our certainty of being able to repair our losses. The shipbuilding already under way, and effect of which naturally will be felt only after a certain time, is great enough to replace the highest average of destruction the enemy submarines are likely to reach."

In Washington, Washington, July 14.—Sixteen suffragists of the Women's Party attempting to stage a picketing demonstration at the White House gates to-day in celebration of the anniversary of the fall of the Bastille were promptly arrested and taken to jail.

AEROPLANE FACTORY COSTING A MILLION IN STATES SHORTLY

Washington, July 14.—A million-dollar aeroplane factory will be built by the Navy Department, Secretary Daniels announced to-day. It probably will be located near Detroit or in some other "so-called automobile district." Aerial experts are now abroad studying foreign aircraft types which are to be built here.

A GLYCERINE PROCESS

Washington, July 14.—Discovery in the internal revenue division laboratory of a process for manufacturing glycerine from sugar was announced to-day by the Treasury Department.

EXPECTED FURTHER INVESTIGATION WILL BE URGED IN PARLIAMENT AS RESULT OF O'CONNOR'S REVELATIONS

Ottawa, July 14.—The report of Commissioner O'Connor on the cold storage plants of the Dominion continues to be one of the chief sources of discussion in the corridors of Parliament. That portion of the report dealing with the high margins upon bacon, especially that of the William Davies Company, of which Sir Joseph Flavelle, chairman of the Imperial Munitions Board, is head, has come in for some pretty strong comment. Indignant protests have reached the Government from both Flavelle's company and the Matthews, Blackwell Company. Both of them declare that the figures are "grossly misstated," but do not point out clearly in what respect they err. Mr. O'Connor, who is an expert accountant, has taken the cost of bacon delivered at abattoirs and the cost at which it was sold, and he has found that whereas the margin between them secured by Flavelle's company in 1915 was 3.75 cents per pound, it was increased to 5.05 cents in 1917. The onus would appear to be on the protesting company to justify this increase by facts and figures instead of by generalities such as its head has so far confined himself to.

The percentage question asked by Mr. O'Connor is why if a margin of 3.75 cents was sufficient in 1915 it was not sufficient in 1917.

Sir Joseph Flavelle, in a wire sent to the Government, characterizes the statements in the report as "grossly untrue" both in the mass and in detail. The evidence, he says, "is a curious admixture of ignorance and malice. He regrets the attack particularly on 'public grounds.' 'Bitterness and anger,' he says, 'are being stirred up against public men, against labor and capital, and corporations which in many cases have no better support than flimsy impudence.' Sir Joseph continues, his contradiction of figures to a recommendation to persevere the balance sheets of the company provided for the Finance Department.

The Matthews, Blackwell Company is quite as violent in its denial of the statements and quite as vague in its reasons for denial. It says the figures are grossly wrong and misleading, and that their publication will do "serious injury to the bacon industry in lessening the production of hogs and creating a prejudice in the public mind which is unwarranted."

Seen last night, Mr. O'Connor said: "Anything I have to say is in my report."

Only Eleven Lost Lives When British Transport Was Sunk

London, July 14.—The British transport Armadale was sunk by a submarine on June 27 and eleven lives were lost, it was announced to-day in the following official report:

"The British transport, Armadale, with a small number of troops on board, was torpedoed and sunk by an enemy submarine in the Atlantic on June 27. Six soldiers, one passenger and four of the crew are missing and it is presumed were drowned."

CATCHING VAGRANT I. W. W.'S AND JAILING THEM IN WASHINGTON

Seattle, July 14.—Forty-seven men and boys have been taken from freight trains in this county by soldiers and deputies in the past three days and lodged in the county jail. A majority of the prisoners were bound for Eastern Washington. Three transcontinental roads cross the mountains through this county. Thirty-five of the prisoners have been charged with misdemeanors. I. W. W. cards are said to have been found on a majority of the persons arrested.

AN I. W. W. FAILURE AT ABERDEEN, WASH.

Aberdeen, Wash., July 14.—No lumber mill or logging camp here has been affected so far by the strike call issued last night by the I. W. W. All the mills are running and there is no sign of a strike.

CASE OF COCCHI

Rome, July 14.—The Ministry of Foreign Affairs yesterday notified the American Embassy that it was impossible to extradite Alfredo Cocchi, the slayer of Ruth Cruger in New York, without violating the fundamental law of the country.

PEACE CLAMOR IS GROWING IN ENEMY LANDS; REICHSTAG HAS THE BIT IN ITS TEETH

Some Footstuffs Cheaper in London; U Boats Failing

London, July 14.—Recent anti-submarine developments are decidedly encouraging. Certain areas immediately around the British coast are growing clear.

London is feeling the immediate result in the cheapening of certain foodstuffs, notably some canned goods. The fish markets also give the same evidence. Some wholesale firms which held back stocks are now marketing them, evidently believing prices have reached their maximum.

Reported Bethmann-Hollweg's Resignation Accepted; Prussian War Minister Has Resigned; War Credit Held Up

London, July 14.—Germany's serious internal crisis overshadowed the present and pending military operations in the news to-day. The reports from Berlin show that the Reichstag has gone on strike against the Crown and the military party, apparently in the interest of a parliamentary system of government. There is even a rumor, although entirely unconfirmed and little credited, that Kaiser Wilhelm has abdicated in favor of his sixth and favorite son, Prince Joachim.

News came to-day that Lieut.-Gen. von Stein, the Prussian War Minister, had resigned, and a dispatch from Copenhagen stated that the Taegliche Rundschau reported that the resignation of Bethmann-Hollweg, the Imperial Chancellor of Germany, had been accepted.

GERMAN CENSOR HAS HIS LITTLE JOKE

Lets by Dispatch Giving Typically Prussian Argument About War's End

Berlin, July 14.—The Centre party's demands as to Germany's peace terms are finding support in the Reichstag because it is felt that adoption of these suggestions by the Government would be an effective answer to the Entente's claims that Germany must be crushed to achieve its democratization. It is held that if the Government would approve the Centre party's policy that act would show Germany's democracy at the present time. For this reason the situation in the Reichstag to-day is regarded as having an important bearing on the end of the war.

Reports of the resignation of Chancellor von Bethmann-Hollweg arose through the fact that prior to the meeting of the Crown Council he, with all the other Prussian Ministers, tendered his resignation to the Kaiser. The Cabinet officers desired that the Kaiser be not hampered in dealing with the situation.

If the Chancellor yields to the demands in the Reichstag for parliamentary reform, there is no reason why he should resign. The Centre party's peace resolution is finding majority support, although most of the Liberals oppose it.

Yesterday there were repeated conferences between the Kaiser, the Crown Council, the Chancellor and the Crown Prince, with their confidential advisers.

Not at Meetings.
Amsterdam, July 14.—Carl Helfferich, Secretary of State for the Interior, and Dr. von Trott zu Zolt, Minister of Instruction, both of the Prussian Ministry, are not attending meetings of that Cabinet, according to Berlin dispatches quoting The Tageblatt. The newspaper therefore "considers reports of their resignations as definitely proved."

There was direct conflict in Berlin advices to-day as to the date of the next session of the Reichstag. One dispatch asserted a meeting would be held to-day. Others declared the sittings had been indefinitely postponed because the majority had merely adopted blocking tactics, preventing all business. The main committee's sittings already have been postponed, according to belief here. Such a situation in the Reichstag imperils the much-desired credit vote urged by the Government.

The Berliner Tageblatt to-day suggests that the Government intends to create a parliamentary council of state consisting of 15 members of the Reichstag. It would represent the Reichstag in all discussions as to governmental policies and aid in reaching decisions on them, eventually replacing the Federal Council. The newspaper adds that this replacement in the scheme probably would be postponed until the end of the war.

The Vorwaerts ridicules the proposal as "fit to inspire the comic newspapers."

CZECH LEADERS IN HUNGARY SET FREE

London, July 14.—Dr. Carl Kramarz and Dr. Aloystus Raschin, the Czech party leaders in the Hungarian Parliament, who were recently granted amnesty while serving sentences for treason, have been released, according to Vienna advices. The Emperor's amnesty, it is announced, also has been extended to the accomplices of the two men.

Reported Bethmann-Hollweg's Resignation Accepted; Prussian War Minister Has Resigned; War Credit Held Up

London, July 14.—Germany's serious internal crisis overshadowed the present and pending military operations in the news to-day. The reports from Berlin show that the Reichstag has gone on strike against the Crown and the military party, apparently in the interest of a parliamentary system of government. There is even a rumor, although entirely unconfirmed and little credited, that Kaiser Wilhelm has abdicated in favor of his sixth and favorite son, Prince Joachim.

News came to-day that Lieut.-Gen. von Stein, the Prussian War Minister, had resigned, and a dispatch from Copenhagen stated that the Taegliche Rundschau reported that the resignation of Bethmann-Hollweg, the Imperial Chancellor of Germany, had been accepted.

The peace clamor is growing both in Germany and Austria-Hungary. Part of the trouble between the Reichstag and the governing class is over the Government's persistent refusal to state Germany's peace terms on the basis of non-annexation demanded by what now comprises a majority bloc in the Reichstag. The war credit bill is being held up by this majority until the political crisis is settled. But more serious yet is the decision of the members not even to meet meanwhile for discussion in regular session or in committee.

Apparently the Crown Prince is waging a fight for control on behalf of the military interests. Chancellor von Bethmann-Hollweg is under fire from the Crown Prince and his supporters, the Chancellor seemingly being too liberally inclined to suit the heir to the throne.

Hollweg Has Fallen.
Copenhagen, July 14.—The Wolf News Bureau of Germany circulates, without accepting any responsibility for it, a statement by the Taegliche Rundschau that the resignation of Dr. von Bethmann-Hollweg, the Imperial Chancellor, has been accepted.

Basel, July 14.—A Berlin dispatch from the semi-official Wolff Bureau at Berlin says the retirement of Dr. von Bethmann-Hollweg, the German Imperial Chancellor, is considered certain.

Stein Resigns.
Berne, July 14.—An official telegram from Berlin says that Lieut.-General von Stein, the Prussian Minister of War, has resigned.

Hindenburg There.
London, July 14.—A dispatch to The Exchange Telegraph from Copenhagen says it is officially reported from Berlin that Field-Marshal von Hindenburg, chief of the general staff, and General Ludendorff, who had been summoned to Berlin by the Kaiser, arrived in the capital yesterday morning. The Tageblatt learns they had a long conference with the Crown Prince and later were received by the Kaiser.

Is Said Unions Are Voting on Proposal of Strike in Canada

Winnipeg, July 14.—It is reported that all the labor unions in Winnipeg, along with those throughout Canada, are taking a vote on the question of calling a general strike if conscription is adopted by Parliament.

The Calgary union of machinists has voted 64 to 15 in favor of a general strike if conscription is put into effect. The bricklayers, masons, blacksmiths and several other unions in Calgary have voted and the result corresponds with that of the machinists' union. Many of the men say, however, that if the Government conscripts wealth before it conscripts men they may rescind their vote and accept conscription.

CONSTITUTIONAL GUARANTEES LIFTED IN PORTUGAL TO-DAY

Lisbon, July 14.—The constitutional guarantees were suspended throughout Portugal to-day. The country is quiet. The Government's action in thus practically instituting martial law was the subject of prolonged parliamentary discussion to-day.

INCREASED SALARIES FOR POSTAL CLERKS

Winnipeg, July 14.—It is officially announced that the increase of salaries demanded by the Dominion postal clerks is practically assured and supplementary estimates to be submitted to the House of Commons during the present session will make provision for this, according to a telegram received last night. This averts a strike.

Pure and Healthy Summer Drinks. Grape Juice 50¢ and 25¢. Lime Juice 50¢ and 25¢. Campbell's. Corner of Fort and Douglas Phone 138.

Johnson's Carbon Remover. REMOVES CARBON. Jameson, Rolfe and Willis. Cor. Courtney and Gordon Sts. Phone 2246.

LARGEST COAL MINES IN SASKATCHEWAN ARE NOT PRODUCING. Winnipeg, July 14.—All of the large coal mines in southeastern Saskatchewan, three at Estevan, and one at Souris, with a joint output of 150,000 tons of low grade lignite coal, have shut down, all the men, numbering about 300 in each mine, having thrown down their picks and shovels after their demands for a twenty per cent. increase in pay were refused.

Why Pay for Fancy Packages? "B & K" (Extra Cream) Rolled Oats. The Brackman-Ker Milling Company, Limited.

One Firm: \$5,000,000 Profit on Bacon Alone. All That Seems to Be Left for the Consumer IS THE TALE. DIFFERENT WITH COPAS & YOUNG. You Get the MOST POSSIBLE FOOD FOR THE LEAST POSSIBLE MONEY. INDEPENDENT CREAMERY BUTTER, the best Butter made. 2 pounds for 85c. WAGSTAFFE'S PURE JAM, Raspberry, Strawberry or Black Currant. 4-lb. tin 65c. CROSSE & BLACKWELL'S RASPBERRY JAM 1-lb. tin 20c. KELLOGG'S CORN FLAKES, per pkt. 10c.

IMPORTANT POSITIONS TAKEN BY RUSSIANS

Villages in Galicia Taken; Advance on Front of Nearly Fifty Miles

Petrograd, July 14.—On a front of nearly fifty miles, from Halicz to the foothills of the Carpathians, Russian forces advanced westward across the Lomnica River and northward across the Dniester, capturing several villages and important enemy positions, according to an official report issued here last evening, the text of which follows:

In the region of Vladimir Volynski, southeast of Kishin, enemy detachments, under cover of artillery fire, attacked our positions and entered our trenches, but were expelled by reserves which came forward, immediately restoring the situation. The engagements on the Lomnica River (northwest of the river and captured heights on the line of the River Dniester-Bukowice-Budimist. After a stubborn battle the enemy was driven back from the heights to the northeast of Elyusa. We occupied the villages of Stuplanika and Poporko. In the region of Kalusa a Bohemian regiment by means of a daring cavalry attack captured four heavy guns. Wounded—Pte. R. J. Higgins, Halifax; Lieut. C. B. Rawlings, London, Ont.; Lieut. N. F. Macdonald, Brantford; Lieut. C. W. Dickard, Saskatoon, N.B.; Pte. E. K. Hunter, Blairmore, Alta.; Pte. M. G. Barrett, Wales; Pte. A. Dykes, Scotland; Pte. T. B. Scott, England; Pte. R. Kettle, Scotland; Pte. J. Dye, Scotland; Pte. L. Maclean, Minnesota, Man.; Pte. D. McKenzie, Scotland; Pte. H. Hamelin, Quebec; Sergt. J. Reile, Scotland; Pte. A. Parker, Montreal; Pte. E. Kent, Montreal; Cpl. A. Cowan, Scotland; Pte. J. Sykler, London, Ont.; Pte. J. Matthews, Washington, D.C.; Pte. E. Holman, Eastport, Maine; Pte. G. Slessor, Winnipeg; Pte. G. Irvine, Orkney Islands; Pte. W. Vincent, Worcester, Mass.; Pte. C. E. Reid, Kelowna; Pte. F. Meadley, Fort. Morgan, N.S.; Pte. E. Eager, Cardinal, Ont.; Pte. H. McNutt, Wallace, Highlands, N.S.; Pte. A. Neel, England; Pte. B. Taylor, Winnipeg; Pte. N. Alabau, Japan; Pte. G. Basmanov, Denmark; Pte. J. Buasito, Fredericton, N.B.; Pte. H. Heather, Toronto; Pte. R. Keir, Scotland; Pte. J. Baker, Orillia, Ont.; Pte. J. Langley, England; Pte. W. MacKenzie, England; Pte. A. Bannell, Bowmanville, Ont.; Pte. R. Carden, England; Pte. J. V. Grenfell, 2621 Belmont Avenue, Victoria; Pte. W. Slater, England; Pte. T. Clarkson, Dovercourt, N.S.; Pte. H. E. Reynolds, Shelburne, N.S.; Pte. J. J. Jones, Wales; Pte. S. McCoy, Joggins Mines, N.S.; Pte. F. Tufts, Halifax; Pte. H. Wood, Peterboro, Ont.; Pte. J. Hewich, Russia; Pte. R. J. O'Neill, Ireland; Pte. C. Cass, Regina; Pte. J. Hirtle, Lunenburg, N.S.; Pte. R. Murphy, Halifax; Pte. D. Hamer, Halifax; Pte. A. Marlice, Antigonish, N.S.

EXTRA SESSION OF CONGRESS OF CUBA

Havana, Cuba, July 14.—President Menocal has suspended the constitutional Government and called for an extra session of Congress.

CASUALTIES AMONG CANADIAN SOLDIERS

Ottawa, July 14.—The following casualties have been announced:

Infantry. Killed in action—Cpl. G. Rogers, Ireland; Pte. H. Newhouse, Hartford, Ont.; Pte. W. H. Watts, Toronto; Pte. L. Prince, Montreal; Pte. T. J. Butchart, Mississauga, Ont.; Pte. C. Stokes, Claremont, Ont.; Pte. V. Wood, 420 Vancouver Street, Victoria; Sergt. C. Dayton, Winnipeg; Pte. A. Jamieson, Sweeney, N.B.; Sergt. H. Keith, Winnipeg; Pte. C. Jennings, Tilsonburg, Ont.; Pte. A. Wright, Bagot, Man.; Pte. W. Phillips, Hastings, Ont.; Pte. R. Smart, Scotland; Pte. T. Kustion, East Bay, Man.; Pte. G. Sussans, Scotland; Pte. J. Paterson, Scotland. Previously reported missing: now killed in action—Pte. C. S. Watt, Toronto; Pte. G. Bradley, Stratford, Ont.; Pte. G. Edgington, Star City, Sask.; Pte. F. Sheriff, Manor, Sask.; Pte. R. Lanna, Toronto; Pte. E. Banks, Toronto; Pte. J. McCaffrey, Windsor, Ont. Previously reported killed in action; now unofficially reported prisoner of war—Sergt. W. Laurence, Bowman, Man. Died—Pte. C. Caplin, St. John, N.B.; Pte. W. Thomas, St. John, N.B. Reported prisoners—Pte. G. Gardner, Clarendon, Alta.; Pte. P. Osh, Montreal; Pte. H. C. Croft, Calgary; Pte. A. Young, Scotland; Sergt. E. Ruppenthal, Ireland. Reported missing—Pte. D. Ope, Scotland; Pte. H. Hunt, Scotland; Pte. A. Bass, Douglastown, N.B. Previously reported wounded; now not wounded—Pte. E. Parker, Quebec. Wounded—Pte. R. J. Higgins, Halifax; Lieut. C. B. Rawlings, London, Ont.; Lieut. N. F. Macdonald, Brantford; Lieut. C. W. Dickard, Saskatoon, N.B.; Pte. E. K. Hunter, Blairmore, Alta.; Pte. M. G. Barrett, Wales; Pte. A. Dykes, Scotland; Pte. T. B. Scott, England; Pte. R. Kettle, Scotland; Pte. J. Dye, Scotland; Pte. L. Maclean, Minnesota, Man.; Pte. D. McKenzie, Scotland; Pte. H. Hamelin, Quebec; Sergt. J. Reile, Scotland; Pte. A. Parker, Montreal; Pte. E. Kent, Montreal; Cpl. A. Cowan, Scotland; Pte. J. Sykler, London, Ont.; Pte. J. Matthews, Washington, D.C.; Pte. E. Holman, Eastport, Maine; Pte. G. Slessor, Winnipeg; Pte. G. Irvine, Orkney Islands; Pte. W. Vincent, Worcester, Mass.; Pte. C. E. Reid, Kelowna; Pte. F. Meadley, Fort. Morgan, N.S.; Pte. E. O'Neill, Ireland; Pte. C. Cass, Regina; Pte. J. Hirtle, Lunenburg, N.S.; Pte. R. Murphy, Halifax; Pte. D. Hamer, Halifax; Pte. A. Marlice, Antigonish, N.S.

GERMANS BEATEN IN AIR FIGHTING

British Victors in Sharpest Fighting Since 1914; French Also Won

London, July 14.—British airmen have been victorious in the most severe aerial fighting since the beginning of the war. On the front in France on Thursday fourteen German aeroplanes were brought down and eighteen were driven down out of control as a result of aerial engagements, and one was shot down by anti-aircraft fire, according to an official report from British headquarters in France last night. Nine British machines were reported to have been lost. The text of the report follows:

Enemy detachments which endeavored to approach our lines early this morning west of Quent were dispersed and driven off by our fire. On Wednesday night bombing operations against enemy stations, shelters and aerodromes were carried out with success. All our machines returned. Yesterday there was increasing aerial activity on both sides from dawn to late at night. The fighting, which resulted greatly in our favor, was the most severe since the commencement of the war. Continuous engagements occurred between large formations, consisting in some cases of as many as thirty machines. As a result of these encounters fourteen German aeroplanes were brought down, three falling in our lines. Eighteen other hostile machines were driven down out of control, and in addition one enemy machine was shot down by a direct hit from our anti-aircraft guns. While our scout machines were engaged in fighting, other British aeroplanes took many photographs. Bombing of enemy aerodromes, dumps and railway stations was continued, a large number of bombs being dropped with good results. "Nine of our machines are missing." Naval Planes. British airmen in the naval air service on Thursday night made bombing raids on German aerodromes and other military objects in Western Belgium and returned safely to their base, according to an announcement issued by the Admiralty last evening, the text of which follows: "The naval air service carried out bombing raids last night on the following military objectives: "Aertrycke aerodrome, Heutvelde, Nieuwmuister aerodrome, Ghistel aerodrome, the railway junction north of Thourout station, the Bruges docks and the canal bank and the dumps at the railway junction south of Ostend harbor. The visibility was generally poor and correct observation of the results difficult." French Report. Paris, July 14.—The following official report issued last night: "Rather violent, artillery fighting took place southeast of St. Quentin and south of Pargny-Elain, especially in the direction of La Royere farm. Both sides were active in the Argonne and on both banks of the Meuse today. The Germans violently bombarded Rheims, 1,600 shells falling in the city. "On July 9-10 ten German aeroplanes were brought down on our front, and eight enemy machines fell within the German lines, seriously damaged." A Belgian communication issued last night said: "Last night the enemy violently bombarded the region of Steenstraete and shelled our communications heavily. During the day there was the usual artillery activity. A few shells fell in the region of Westmont." German Statement. Berlin, July 14.—An official statement issued last evening said: "In numerous aerial engagements the enemy lost 17 aeroplanes. Two others were brought down by anti-aircraft fire."

THINK IT OVER! In war time, when coal is both scarce and expensive, don't you think it would be wise to choose the coal that has time and again been commended for its economical, good burning qualities? Think it over. We want to sell you that kind of coal. J. E. PAINTER & SON. Phone 536. 617 Cormorant St.

INVESTIGATION OF RAIDS ON LONDON

London, July 14.—Mr. Lloyd George and Lieut.-Gen. Smuts will undertake an investigation of the German air raids over London. Mr. Lloyd George yesterday gave this assurance to a deputation that called on him in reference to the defence measures taken to protect London from attacks from the air. He held the Cabinet had decided that he and Gen. Smuts should personally take charge of the investigation.

WILLIAM Q. ARNOLD'S DEATH ACCIDENTAL

Vancouver, July 14.—The coroner's jury empaneled yesterday by Coroner Jeffs to investigate the death of William Q. Arnold in the automobile accident early Wednesday morning on Granville Street decided that the evidence was not conclusive enough to warrant a finding that the late Mr. Arnold had come to his death by other than an accidental cause.

NINETY-SEVEN OF CREW OF VANGUARD DID NOT LOSE LIVES

London, July 14.—The Admiralty issued the following announcement last night: "The M. S. Vanguard, Capt. James D. Dick, blew up while at anchor on the night of July 9 as the result of an internal explosion. "The ship sank immediately, and there were only three survivors among those on board at the time of the explosion—one officer and two men. This officer has since died. Twenty-four officers and 71 men were not on board at the time of the explosion, thus bringing the total number of survivors to 74. "A full inquiry has been ordered."

REMOVE THE DUTIES, SAYS SENATOR GILLMOR

Ottawa, July 14.—In the Senate yesterday Senator Gillmor, New Brunswick, called the attention of the Government to the request of Food Controller Hanna that Canadians should eat a third less wheat, beef and bacon, so that a greater quantity of these articles would be available for export, and that more food of a perishable nature should be consumed in Canada to save the Government would make it easier for the people if it would remove the tax on foodstuffs entering the country from the United States. The Government could charge to the account of the troops at the front any loss of revenue that would result from the removal of duty on food entering Canada. Senator Landry said the proposal involved a change in the policy of the

CONSCRIPTION BILL THROUGH COMMITTEE OF OTTAWA COMMONS

Ottawa, July 14.—The preamble of the Military Service Bill was adopted in committee of the House at 5.30 last night. All the clauses of the bill had previously been passed. The bill was not reported, however, because Hon. Frank Oliver, on behalf of Sir Wilfrid Laurier, who was not present, asked that it remain in committee until today in order that the members might have an opportunity of seeing the amended parts in printed form. Consideration of the clauses was concluded after the afternoon session, but a short debate occurred on the preamble. Several amendments were adopted during the afternoon, including one to bring the measure into force as soon as it receives the sanction of the Governor-General. It is provided, however, the penalty clauses are not to become effective until the first class is called.

AMERICAN MEAT IS CHEAPER IN LONDON THAN IN THE STATES

Washington, July 13.—Food prices in a leading London hotel were read to the House yesterday by Representative Madden, of Illinois, to show that steaks and other things imported from the United States are selling there for about one-third less than in the United States.

NEW TREATMENT THAT KNOCKS RHEUMATISM

Up in Syracuse, N. Y., a treatment for rheumatism has been found that hundreds of users say is a wonder, reporting cases that seem little short of miraculous. Just a few treatments even in the very worst cases seem to accomplish wonders even after other remedies have failed entirely. It seems to neutralize the uric acid and lime salt deposits in the blood, driving all the poisonous clogging waste from the system. Soreness, pain, stiffness, swelling just seem to melt away and vanish. The treatment first introduced by Mr. Delano is so good that its owner wants everybody who suffers from rheumatism who has a friend so afflicted, to get a free 50c. package from him to prove just what it will do in every case before a penny is spent. Mr. Delano says: "To prove that the Delano treatment will positively overcome rheumatism, no matter how severe, stubborn or long standing the case, and even after all other treatments have failed, I will, if you have never previously used the treatment, send you a full size 50c. package free if you will just cut out this notice and send it with your name and address with 50c. to help pay postage and distribution expense to me personally." P. H. Delano, 277 Wood Bluff, Syracuse, N. Y. I can send only one Free Package to an address.

GOVERNMENT AND ANY REPLY TO IT SHOULD BE WELL CONSIDERED.

Sir James Lougheed stated he would call the attention of the Government to the question.

BERLIN GOVERNMENT EXPRESSES REGRET TO NORWAY: A BOMB PLOT

London, July 14.—A Copenhagen dispatch to The Exchange Telegraph says it is reported officially at Christiania that the German Government has expressed regret to Norway for the acts of Germans in connection with the bomb plot recently discovered.

AMERICAN TROOPS IN FRANCE PREPARE FOR FRONT LINE

Paris, July 14.—The vanguard of the American troops sent on Thursday from the seaport town where they have been encamped, arrived at their permanent camp to-day.

ITALY HAS MILLION FOR ANOTHER FRONT

New York, July 14.—"Italy," says a Washington dispatch to The New York World, "has 1,000,000 soldiers, trained and equipped, prepared to fight on any front except in the Austro-Italian theatre of war, where there is no place for them, the lines being filled and there being an excess of reserves."

MANITOBA'S RECRUITING.

Winnipeg, July 14.—Up to June 30 Military District No. 10 (Manitoba) recruited 80,948 men, according to the official figures announced at military headquarters.

STATEMENT MADE BY SIR JOSEPH ELVELLE

Head of William Davies Company Sends Telegram to Borden

July 13, 1917. "Sir Robert Borden, Prime Minister, Ottawa.

"The statements given to the press by the Department of Labor and which appear in the papers covering the business of the William Davies Company are grossly and untruthfully distorted in the mass and in detail. They evidence a curious admixture of ignorance and malice. I deeply regret the injustice of this attack. I regret it, naturally, on personal grounds, but even more on public grounds."

TO BUILDERS

SEPARATE SEALED TENDERS will be received up to Monday, July 16, at 4 p. m., for the construction of a brick building, with a concrete foundation, as follows:

1. For the whole building as per plans and specifications. 2. All the work from the floor down, including the cement floor, drains, steps to blacksmith shop, piers, excavation and filling, as per specifications.

LIBERTY BONDS ON NEW YORK EXCHANGE

New York, July 14.—Further selling of Liberty Loan Bonds on the stock exchange to-day brought their price down to a new low record. Lots of \$200, \$300 and \$400 sold at 99 25-50ths, a depreciation on a \$100 bond of fifty cents.

ALASKA STRIKE.

Washington, July 14.—The miners who participated in the Kennecott copper strike in Alaska, in progress several days, have yielded to Secretary Wilson's request that they resume work pending the arrival of Department mediators, according to a message received at the Department of Labor.

Do Your Ears Ring With Head Noises?

Tells Simple, Harmless Way to Overcome This Trouble at Home and Improve Hearing 100 Per Cent. in Many Instances

Thousands of people are constantly troubled with buzzing, ringing, rumbling or hissing noises in their head and ears. They are hard of hearing and fear the day when partial or total deafness may be their lot.

SEVEN YEARS TORTURE

Nothing Helped Him Until He Took "FRUIT-A-TIVES"

ALBERT VARNER

Buckingham, Que., May 3rd, 1915. For seven years I suffered terribly from severe headaches and indigestion. I had belching gas from the stomach, bitter stuff would come up into my mouth after eating, while at times I had nausea and vomiting, and had chronic constipation. I went to several doctors and wrote to a specialist in Boston but without benefit. I tried many remedies but nothing did me good. Finally a friend advised "Fruit-a-tives". I took this grand fruit medicine and it made me well. I am grateful to "Fruit-a-tives," and to everyone who has miserable health with constipation and indigestion and bad stomach. I say take "Fruit-a-tives" and you will get well."

ALBERT VARNER. 50c a box, 3 for \$2.50. trial size 75c. At dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

I.W.W.'S TAKEN TO CAMP AT COLUMBUS

Washington Government is Caring for Strikers Deported From Arizona

Columbus, N. M., July 14.—Closely guarded by United States cavalry troops from Douglas, a special freight train carrying the deported I. W. W. strikers and others from Hermans, N. M., arrived here at 7:15 to-day, and the occupants were delivered to Colonel H. G. Sichel, camp commander here. The camp will be placed in a detention camp here pending further instructions from the Federal Government.

ORDERLY ENTRAINMENT.

Hermans, N. M., July 14.—Colonel James J. Hornbrook, with a command of 192 officers and men, arrived here at 5 o'clock this morning on a special train to take the 1,200 Bisbee exiles to Columbus, N. M. The work of loading the striking copper miners on to the train was begun immediately.

ALASKA STRIKE.

Washington, July 14.—The miners who participated in the Kennecott copper strike in Alaska, in progress several days, have yielded to Secretary Wilson's request that they resume work pending the arrival of Department mediators, according to a message received at the Department of Labor.

FRANCE.

This is the fete day of glorious France. It is the anniversary of the storming of the Bastille, that formidable, gloomy pile which typified the remorseless tyranny and repression of Bourbonism.

GETTING HOTTER.

The German political pot is boiling more turbulently than ever. The Reichstag is undoubtedly on strike and refuses to vote further war credits until parliamentary reforms have been granted, thereby exercising the only prerogative by which it can make trouble.

THE MEAT COMBINE.

Sir Joseph Flavelle, President of the William Davies' Company, Ltd., has telegraphed to every newspaper in Canada a copy of a statement made by him to Sir Robert Borden in reply to the report of the Cost-of-Living Commissioner on the profits reaped by his firm in bacon last year.

NO TROUBLE EXPECTED

S. D. Brooks, of Powell River, Talks in Seattle of Labor Conditions. Neither British Columbia nor any other part of Canada is threatened with industrial or agricultural troubles by the Industrial Workers of the World, and possibility of disorder from this source is so remote as to be scarcely worthy of any attention at all.

Men Looking for Bargains in Suits

Should Investigate This Special Offer at \$13.75. It's an offering made up of various smart models selected from our higher priced range. In fact there are Suits that were formerly as high as \$22.50.

BOYS' KNITTED BOY TIES. Ready made for use; big variety of designs and colors. Regular 25c grade. Clearing Monday, 6 for \$2.50. Selling, Main Floor.

much of her territory, with an enormous debt, her spirit is as resolute and cheerful under sacrifice and suffering as it was two years ago. She is sure now of the future. To her side all the great democracies of the earth have rallied their colossal resources.

THEME OF THE FUTURE.

The compulsory military service law has passed the committee stage. The public will now await an announcement on the conscription of excess profits. Unless provision is made for this it will be hard to make any form of conscription acceptable to the public.

TECHNICAL TRAINING.

The discussion of technical education initiated at the Board of Trade meeting yesterday by Mr. Shallcross was timely and should be profitable. The subject is of vital importance to this Province, for it requires no special far-sight to perceive that unless adequate attention is given to it in connection with our educational system, our younger generation will have to face the world under a severe handicap.

QUALIFICATIONS OF THE SCHOOL TRUSTEE

J. L. Beckwith Gives Poser to Expert in Technical Education; Diplomatic Answer

Some little diversion was created at the quarterly meeting of the Victoria Board of Trade yesterday afternoon when J. L. Beckwith, on the conclusion of J. B. Kyle's address, asked the speaker if he considered that members of school boards should possess any particular qualification to equip them for a position of such responsibility. Diplomacy, however, immediately bristled out over Mr. Kyle as he smilingly replied that in Germany—and he again felt bound to refer to the Fatherland—the burgo-master was required to undergo and pass a strict test before he was allowed to take his office. Mr. Beckwith contended that a school trustee should be possessed of some knowledge of educational matters.

Arising out of the general discussion introduced by Mr. Shallcross, the existing methods of examination were deliberated upon. Deamont Boggs could see a great economy easily effected by the elimination of the costly examination process from public to High School. Judgment of the year's work by the competent head of the school should, in his opinion, be adequate. Expense avoided here could well go for the furtherance of technical education.

Education Not Cramping.

With this argument George McGregor was heartily in accord; what was required was education not cramping. Many bright pupils, whose average ability for the twelve months was high, through various causes were not capable of the concentration process required to be accomplished in a comparatively few hours. An examination technically was often the cause of loss to the state of a boy or girl of promise. That was to say, the good work assimilated in twelve months was not likely to be pursued and added to with the same vigor, on the knowledge of a disqualification, which might easily be brought about by nerves, due to no other cause than unwholesome and ill-advised cramming.

The time for the city councils to dictate to the school boards was past, in J. L. Beckwith's opinion. The tension between the two bodies here in the past had been most unfortunate, he said. One unhappy feature was the tendency to overcrowd classes beyond the capacity of any teacher to handle with prospect of success.

Efficiency Not Extravagance.

Again Mr. McGregor believed the citizens were always prepared to pay for good education, but they would not countenance extravagance or inefficiency. It was all right for the boys and girls whose parents could afford to give them the higher education, but it was a different matter when the boy or girl arrived at a stage when they were faced with the problem of what to do.

He believed that in Victoria existed the finest types of boyhood and girlhood, and they should be provided with every facility to qualify for the big posts.

Adopted Report.—At the quarterly meeting of the Victoria Board of Trade, held yesterday afternoon, the report of the special committee with regard to the question of pilotage consolidation was unanimously adopted without discussion. The matter was approved by the Council on Thursday, the terms of the report recommending to the Board the adoption of the proposal made by the Vancouver Board of Trade.

POOR ATTENDANCE

Heat, Sunshine, or Lack of Interest Made for Small Meeting of Board Yesterday; President's Remarks.

The small attendance at the quarterly meeting of the Victoria Board of Trade yesterday afternoon was the subject of comment by President Foran. He told some fifteen or sixteen members present that the gathering was a contrast to the last council meeting, when no less than twenty-two members of business were dealt with by fifteen councilmen in attendance. It was a matter of serious concern to him that such an important meeting as that of yesterday-afternoon should be attended by so small a number of members.

The subjects advertised on the notice sent out by the secretary were, he declared, sufficiently worthy of the attendance of the members. If the Board was to fulfill its useful purpose it would be necessary at all times to have the hearty co-operation and active assistance of its membership. The discussion on the subject of technical and vocational education, enhanced in its usefulness by the attendance of Messrs. Gibson and Kyle from the education department, was in his opinion a topic that should have appealed to many more members than those who were present.

THIEF GETS AWAY

Cash Registry of Victoria City Dairy Raided Last Night by Unknown Culprit.

A thief, whose identity and whereabouts are not yet known to the police, last evening raided the cash registry of the Victoria-City Dairy Company at 1113 Fort Street, according to a report handed to the department this morning.

The culprit gained admittance evidently by a back passage. He made his way through the length of the building until he found the register which he carried out to a vacant lot on Meares Street. In this position, hidden from the view of any passers-by, he broke open the till and carried off the contents, amounting to about \$25 in cash.

On reaching the dairy this morning the employees noticed that the register was gone. The police were immediately informed and a search was commenced, that resulted in finding the empty cash box but not the thief.

DESERTER RELEASED

J. Babington Hayes is Permitted by Magistrate Jay to Return to Army.

J. Babington Hayes was this morning released from serving the remaining two months of a six months sentence given by Magistrate Jay on March 14, on a charge of desertion.

Hayes was a member of the 143rd B. C. Rantams at the time he deserted. He was arrested following the departure of the unit and sentenced to six months in jail, four of which have already been served.

The order by virtue of which Magistrate Jay released him was passed by the Privy Council in November, 1916, and provides that such action may be taken in case of a deserter who promises to return to his unit and to obey in every detail its regulation orders.

Flags Fly Together.—P. McQuade & Sons have received an order for a Union Jack that is being shipped to Seelye Woolley today, where it will fly over the City Hall alongside the Stars and Stripes. The flag, supplied by the local firm is fifteen feet in length.

Motor Boat Races.—The drawing for the motor boat working model, presented to the Red Cross by the captain of the C. P. R.'s S. S. Montague, took place at the Temple Building yesterday at 3 o'clock. No. 951 was declared the winner, being held by Edward Skelton. The sum of \$44.70 was realized for the Red Cross as the result of the raffle.

Favorite Songs

At all times you can rely on our great stock of Sheet Music to furnish the songs you desire. Mr. J. Deane Wells, who is in charge of this department, will be glad to meet you and play over any of the standard or popular numbers you have a desire to hear. Perhaps you would care to hear some of the standard pieces noted below:

The Star	Rogers
Spirit Flower	Lipton
Mattinata	Tosti
Valley of Laughter	Sanderson
Wake Up!	Phillips
Nuthin'	Carpenter
When You Come Home	Squire
Love's Garden of Roses	Wood
Elizabethian Lyrics	Quilter
Songs of Sorrow	Quilter

These are but a few random selections from our stock of several thousand good songs.

2. Country Dance, featuring Miss Molly Hibben as "Mary" and Miss Fay as "Jack" Children
3. Song, "When the Dream is Thine," by Guy D'Hardelot Mrs. L. C. U. Smith
4. Russian Dance Miss K. Wooliam Palmer (accompanied by Oliver R. Stout)
5. Patriotic Song Miss Dooley
6. Toe Dance, "To a Rose" Miss Molly Hibben
7. Song, "May Day," by Walthew Miss Eva Hart
8. Egyptian Dance Mrs. Nora Newton
9. Comic Song Mr. Dooley
10. Toe Dance, "A Little White Flower" Miss K. Wooliam Palmer
11. Song, "The Voice of Home," by Lane Wilson Miss Eva Hart
12. Greek Dance Drama, "The Bacchante" Miss Barbara Fay

Doors open at 7.30, commence at 8

Miss Fay is taking the "Death Dance" from the opera Orpheus. Returned Soldiers will act as Ushers.

GOD SAVE THE KING

Tickets are now on sale until the 18th, at Hibben's Book Store and Fletcher Bros' Music Store. On the 16th they will be on sale at the Princess Theatre.

Lantern used for colored lights will be operated and supplied by Mr. Maynard, Thain's Orchestra.

AT THE THEATRES

PANTAGES THEATRE.

A splendid programme of vaudeville will be offered at the Pantages Theatre for the coming week commencing with the matinee next Monday afternoon. It will consist of some very fine novelties and amusing features.

"Miss Hamlet," a musical comedy travesty, will be the headline feature of the new bill; it is a travesty on the famous classic and is exceedingly funny; to make it more hilarious and more palatable for vaudeville the producer has added a chorus of pretty girls who sing and dance during the action of the playlet. There is a strong cast headed by Pauline Barr, who handles the different parts in great style.

talent. She is ably supported by Harry Manners and Jay Collins. Howard, Kibel and Herbert will offer a unique combination of laugh-producing material. These three boys have an offering that is replete with comedy patter and good songs. Nash and Nash will offer a repertoire of the latest popular selections. Swain's cats and rats will present something unusual in the animal line. It is a distinct novelty with many strong points to recommend it.

The last instalment of the Canadian war film, Canada's Fighting Forces, will add a climax of interest to the series. The work of the Army Medical Corps will figure conspicuously in these pictures and many of the auxiliary institutions of this branch of the service, such as the teaching of convalescents in the mechanical arts, will be covered in detail. The animated portrait views of individuals and groups continue to be of absorbing interest on account of the appearance in them of many local boys.

Social & Personal

Mr. and Mrs. Oliver Brown, of Victoria, are cruising among the Gulf Islands.

Mrs. G. F. Munroe, of Winnipeg, is visiting in the city, a guest of her sister, Mrs. Frank Calvert, Wilnot Place.

Miss Dea, Ontario, returned to her home yesterday morning after visiting her aunt, Mrs. William Hart, Nanaimo.

Mr. Neary, of the Canadian Bank of Commerce staff, Comox, was in Victoria this week enjoying part of his holidays.

Mr. and Mrs. E. A. Brown, of Landton, W. Va., are visiting Mr. and Mrs. James Knight, Newcastle Townsite, Nanaimo.

T. C. Cummins, of the staff of the Royal Bank, is in Nelson on a short visit with his people there before going overseas with the engineers, which he recently joined.

Pupils of the British Columbia Academy of Music, Cook Street, will give the programme at the Red Cross concert, which is to be held in Sidney on Tuesday, July 24.

Mrs. George Stairs Brown (nee Miss Ella Jewett) will hold her post-nuptial reception at her home, "Apple-earth," 2159 Saratoga Avenue, on Wednesday next from 2 to 5, and from 8 to 10.

Dr. and Mrs. A. R. Winram, of Winnipeg, have been visiting for a few days in Banff on their way to the Coast, and expect to be in Victoria and Vancouver for about a month before returning home.

Mrs. F. J. Proctor, of Vancouver, who has just returned from Southern California, is visiting for the remainder of the summer with Mrs. A. P. Proctor at her summer cottage on Vancouver Island.

A number of girl friends of Mrs. W. R. Manson, Nanaimo, gave her a linen shower Thursday evening. A pleasant social time was spent and, during the evening Mrs. Manson was the recipient of many beautiful and useful articles of linen.

Mr. and Mrs. R. Paul and Mr. and Mrs. C. Kelsmith, of Col. Bank, Montana, at the completion of a two weeks' visit with relatives in Nanaimo, returned home yesterday. The visitors were guests of William Paul, Brechin.

Major Bunbury, in charge of the officers' training school, Work Point Barracks, returned a few days ago from a week's holiday spent at Mr. Bridgeman's ranch on South Salt Spring Island. Mrs. Bunbury accompanied her husband on the holiday-outing.

Dr. Margaret McKellar, a Presbyterian medical missionary in India, has been granted permission by the Mission Board to enter the service of the British War Office, being the first woman doctor in the service of the Canadian Presbyterian Church to be called to this work. She is a graduate of Queen's University, and has been engaged in missionary work in India for twenty-seven years.

The National Institute for the Blind, St. Dunstan's, London, has benefited to the extent of \$4,129.50 by the recent tag day held in Vancouver, June 16, for the blind. Mrs. Jonathan Rogers organized the tag, and the proceeds were transferred as soon as possible from the Royal Bank to the London County and Westminster Bank, Ltd., notification of receipt by the latter having just come to hand this week.

G. H. Balfour, one of the directors of the Union Bank of Canada; J. W. Hamilton, assistant general manager, accompanied by Mrs. Hamilton, and F. W. Ashe, general manager of the Union Bank of Canada in London, England, arrived on the afternoon boat from Vancouver to-day, and are to be visitors in the city until Monday. The party is registered at the Empress Hotel. It is six years since Mr. Ashe previously paid a visit to the Pacific Coast.

Mrs. Inkster and her two children and Miss Inkster, a niece of Rev. J. G. Inkster, have removed to Duncan for the rest of July and August. Mr. Inkster will remain in the city, with the exception of one or two days in the early part of each week, during the summer, on the second and third Sundays in August he will occupy the pulpit of the First Presbyterian Church, Portland, Ore., when Dr. Wilson, of Vancouver, will preach in the First Presbyterian Church here.

The marriage took place last Monday morning at the Presbyterian Church, Comox, of Miss Anna Fayman and Mr. Don Ray Dawson, both well-known people of the district. The bride wore a smart travelling dress of navy blue and was attended as bridesmaid by her sister, Miss Janet Hayman. The best man was Mr. Milton Campbell. Mr. and Mrs. Dawson visited Victoria in their honeymoon tour and on their return to the Comox district will take up their home at Camp Two of the Comox Logging Company.

Mrs. A. R. Spaulding, of South Pentleton, entertained the returned soldiers at the Resthaven Convalescent Hospital this week. The party left Resthaven by the launch "Uvalde," Capt. W. D. Byers, at 1.30 p.m., reaching Pender Island at 3 o'clock, where a big concourse of the island residents met them and took them in hand. An appetizing spread of strawberries and cream, cake and tea, were shortly the main subject, and a very enjoyable afternoon concluded with the return trip back to Sidney, which was reached at

Sayward Building 1211 Douglas Street

about 7.30. Sisters Kennedy and Stirling accompanied the party. The Bishop of Columbia expects to leave early in August for the Atlantic seaboard to visit his old home in Fredericton. He will be absent from the Diocese of Columbia for some weeks, as he is due to attend the semi-annual committee meetings of the General Synod of Canada and a meeting of the House of Bishops of the Church in Canada, which is to be held in Ottawa on September 23, and will not return to Victoria until these are over. There is to be a meeting of the Prayer Book Revision committee on September 13, in Ottawa, also, and he will be present at this. It is interesting to recall in this connection that the Bishop has just completed a series of four very able lectures on the subject of Prayer Book Revision before the Anglican Summer School classes.

Latent love of astronomy was discovered in not a few of the fifty B. C. University girls who early last evening arrived in two big tally-hos at the Dominion Observatory, Little Saanich Mountain. The party went out at the invitation of Dr. Plaskett, Dominion Astronomer, who is now in residence there. The girls, who have been picking strawberries in the Gordon Head district for the past three weeks, hastened off to the fields and hurried through tea yesterday so that when the big conveyances drew up at Mrs. McNaughton's gate at Tyndal Avenue at 5 o'clock they were ready to embark. The long drive through the provided the conveyances.

PIES FOR PICNICS

Come here for them and we promise you something quite different from the ordinary picnic fare. Prices are low, too, considering the quality we give you.

ANGLICAN SCHOOL

CLOSED LAST NIGHT

Dr. Gowen Completed Series of Lectures on Book of Revelation

The Anglican Summer School, which began its sessions last Monday evening, came to an end last evening with Dr. Gowen's fourth lecture on the Book of Revelation, followed by an informal social gathering at St. George's School.

Dr. Gowen dealt in his last discourse with the last section of the Book. People often regretted the apparently accidental way in which the Books of the Bible were arranged, he stated. On the other hand he considered it providential that the Book of Revelation had been put at the end as a climax. It had often been noted how great a difference existed between the Book of Genesis at the beginning and the Book of Revelation at the end, when, as a matter of fact, there was a good deal of similarity. Genesis described creation, it brought out the idea of man trying to realize a state of society, but still only a society of the animal world; the man gradually rising to a sense of individualism; then the battle of alternatives, the "vis inertia" typified by the serpent, or the far-away voice of the beckoning spirit calling for obedience and progress onward and upward.

Way of Discipline. The first effort that man made in response to the call was almost inevitably failure. The old Paradise had to be left and the way of discipline entered. The New Paradise was not, as Milton said, a Paradise to be regained but a Paradise to be attained. Revelation afforded the picture of the firm and sure society of this New Paradise.

Dr. Gowen went more into detail in his analysis of the last two chapters of Revelation, Chapters 21 and 22. The "New Jerusalem," the holy city, was the ideal, the real church. People were still looking for Christ to come to end the old limitations just as the early apostles looked for His return after His resurrection. The lesson of the Apocalypse was that the world was to realize the Kingdom of God by inward devotion to the person of the King.

Training School. That a training school for missionaries be placed on the Pacific Coast by the united action of the Episcopal Church in the United States and the Church of England in Canada was the substance of a resolution put before the gathering before it adjourned. It had the unanimous endorsement of the Summer School, the motion having been called forth by the fact that there were present at the sessions representatives of seven dioceses: Columbia, New Westminster, Toronto, Nagpur (India), Olympia, Kootenay and Yukon. The Bishop of Columbia was asked to present the resolution to the Mission Board which meets in Ottawa in September of this year.

A very hearty vote of thanks was passed to the committee on arrangements: Revs. F. A. P. Chadwick, Archibald, Robt. Connell and C. R. Litter (registrar), Miss Turner, Messdames Yates, Norris and Vincent, and Miss Owen.

PREPARE THE BOY FOR HIS POSITION IN LIFE'S BUSINESS

British Columbians Must Take Posts of Responsibility in the Province

TECHNICAL EDUCATION TO SOLVE DIFFICULTY

With the idea of giving first hand information on the subject of technical education, both from the commercial and the agricultural points of view, J. B. Kyle, Organizer of Technical Education in British Columbia, and John W. Gibson, Director of Elementary Agricultural Education for the Provincial Government, were in attendance at the quarterly meeting of the Victoria Board of Trade held yesterday afternoon.

Both these gentlemen dealt exhaustively with the work now being carried out throughout the province and told of the extensions possible in the various fields of new enterprise. The two officials were agreed that a body of such influence as possessed by the Board of Trade could do much to stimulate interest in the most fruitful sources and at the same time keep a hand on the pulse of existing systems for the purpose of ensuring the fullest possible benefits.

Not Contemplating Expense.

The subject was introduced by J. J. Shallcross, whose general line of argument was fully treated in these columns yesterday. The resolution submitted by him contained the suggestion that the Government be asked to appoint a commission to take in hand a thorough investigation of the existing conditions. The expense of a commission and the belief that sufficient material had already been collected by the Dominion Royal Commission were the determining factors in the change made to the resolution quoted in yesterday's issue of the Times.

Mr. Shallcross explained, however, that he was not contemplating any expensive procedure or even a preliminary commission, his intention being to secure proper and effective action on such a vital matter. His sentiments were generally concurred in, the question of expense being the only hesitating factor regarding Mr. Shallcross's suggested reforms.

Resolution Passed.

The resolution was amended, unanimously passed, and a copy of its terms will be sent at once to the Premier and the Hon. Dr. J. D. MacLean, Minister of Education. It reads as follows: "That in the opinion of this Board such changes should be made in the educational system of British Columbia as will provide additional facilities for vocational training and technical classes, and that the Provincial Government be requested to give the question their early consideration."

Expert's Remarks.

The most alarming feature, with which the educational authorities were confronted at the present time, said Mr. Kyle, was the appalling leakage of good material on arrival at the age of 14. There were many pupils who left the High School at the intermediate stage, and that was when they should be caught, for at no better time were they capable of being moulded to the best advantage.

He was somewhat dubious as to the success of the voluntary system of technical education. Edinburgh was the most successful point in the Old Land in the matter of technical education under the plan, but even there it was found desirable to revert to compulsion. Both Boston and New York had patterned their system on that of Edinburgh. While somewhat loathes to point to Germany as a source of example, the Fatherland had led the way in educational matters with the object of securing the maximum of efficiency. The courts were even resorted to to enforce the German method.

There should be nothing taken away from the school curriculum, but he was decidedly in favor of the addition of a technical course. On the subject of providing equipment for technical education he stated that 75 per cent. of the cost is borne by the Government, while two-fifths of the grant for a teacher, also came from the Government coffers. These facilities were available for the city of Victoria; they had not been called into service, and Vancouver was leaving this city behind in this regard.

The great need to-day, he declared, was the institution of a pre-vocational class in the British Columbia schools. Manual work in the vocational sense would equip the youth for his battle in the game of life. It was here more especially that the Board of Trade could exert its energies in favor of such preparatory schemes. He saw no particular object in regarding French as the commercial language of British Columbia, much better would it be to substitute it by Russian, Spanish or Japanese—and this should be suggested to the School Board. There were, he said, many educational inducements being offered by the Provincial Government, but advantage of them had not been fully taken.

Up to Federal Authorities.

Mr. Kyle summed up the situation in the most convincing manner when he alluded to facts which had come under his own observation. He referred in particular to Trail, with the large agricultural industry there, calling for a number of men specially qualified in scientific branches; it was a deplorable admission to have to make that practically all the responsible posts were held either by men from the east, the Old Country, or from the United States. Looking for the native British Colum-

bian, was like a search for the proverbial needle in the proverbial bundle of hay. Mr. Kyle regretted that the recommendations of the Dominion Royal Commission for the allocation of money for the furtherance of technical education had not been complied with, and that was a matter that the Board of Trade should prosecute with vigor.

High School Agriculture.

From the point of view of Agricultural Technical Education Mr. Gibson was glad to inform the Board, that commencing with the Fall term, an agricultural course would be introduced into the Victoria High School syllabus, replacing one language. This would be a thoroughly practical course under the charge of a competent instructor. He explained that competent teachers were difficult to get, but fortune had accompanied his endeavors with regard to Victoria, and the instructor engaged was one of high repute in his calling and a graduate of Guelph Agricultural College. He outlined the activities of his particular department and indicated that there would be continued development throughout the province in the matter of agricultural education.

Useful Data.

On the general question of government action as suggested in the original motion, H. C. Hall, M. P., P., observed that the Minister of Education was taking special account of the commission now working in England. Every phase of the educational question as demanded by the present and future ages was being dealt with by that body, and Dr. MacLean was hopeful of being able to obtain a copy of that report on its issuance. In possession of that, Mr. Hall could say that the matter would have the Minister's attention.

George Bell, M. P., also declared that the public had had its fill of commissions, especially on the iniquitous system of thirty dollars a day and expenses (a member of the Board murmured "Indian Commission"). The taxpayer was already burdened to excess. The school houses throughout the province were not paid for, but many of them were not paid for, while the bonded indebtedness of many municipalities "if closed put" would show a staggering difference between actual and "fictitious" values.

OAK BAY AVENUE OWNERS SATISFIED

Liberal Offer is Made by Council to Owners on Thoroughfare

"The proposal now before the property owners is a most liberal one," said Percy Wollaston in Civic Streets Committee yesterday. With the single exception of one non-resident property owner, who left the meeting before the vote was taken, all attending supported the proposal to accept the city's settlement with regard to Oak Bay Avenue, as already published. Fourteen voted for the motion, one abstaining, of those attending from 75 persons to whom notices had been sent as interested parties in the local improvement by-law.

Under the scheme the city will pay the cost of the work such as paving, which was not of a permanent character, and shoulder a portion of the fixed charges, leaving the property owners to pay for the sidewalks and similar permanent works. The city will place a tar macadam surface on the portion of the road not affected by the B. C. Electric car tracks and guarantee to keep the road in shape for ten years, the first assessment on the owners to be made in May, 1918.

In addition to Mr. Wollaston, who recognized it as a fair and honorable settlement, W. H. Bone, R. W. Perry and others, voiced satisfaction with the prospect of a settlement. Mr. Bone considered it a much better offer than was debated 12 months ago, while Mr. Perry showed that on a basis of 36 per cent. front foot held by frontagers the scheme would benefit the owners to the extent of 42 per cent. front foot on the assessment advertised to be levied on December 12, 1911. On 129 feet of frontage he would now pay \$720, as against \$960 under the old proposal, and also have the road put in condition.

E. H. Anderson favored a further postponement for another year, and sharply criticized the scheme to leave the B. C. Electric Railway tracks alone, but finding no support, he left the chamber.

Major Walsh also gave his endorsement to the scheme, as did Walter J. Dandridge, who stated that his business had suffered badly by the condition of the road. The constant alteration of the B. C. Electric tracks, said Mr. Dandridge, dislodged stones which damaged his windows.

One speaker put it tersely that unless the city acts "there will be an accident someday which will stir up the city."

The proposal was fully explained by members of the council and city officials.

Alderman Walker, as a property owner on the avenue, advocated acceptance of the terms projected.

The terms will require ratification by the council, which will certainly be given, and legislation to confirm, the promise being given that the work would be put in hand this fall, as soon as a special act has been adopted by the Legislature.

To keep your oil lamps clean and non-smoking, after you have filled the lamp with paraffin, take a cloth dipped in kerosene and thoroughly rub the reservoir with it, and you will find that it will prevent the lamp from smoking.

LETTER BOX

Letters addressed to the Editor and intended for publication must be short and legibly written. The longer an article the shorter its chance of insertion. SAANICH BY-LAWS.

To the Editor:—Was it not Councillor Carey who busied himself with cutting off the fire protection Saanich had for the city for \$1,500 a year? Then when Mr. Carey is unfortunate enough to have a fire at his own place he agitates fire protection for Saanich at a starting cost of \$5,000. Fine business policy truly. Mr. Carey is a very strenuous orator, but whether his wisdom is commensurate with his vehemence might be questioned.

It is doubtful if Saanich Council under Reeve Borden is increasing its reputation for business ability by introducing money by-laws in this year of strife.

B. P. D. SMITH.
Maywood, July 11.

ATTRACTIONS AT BEACHES.

To the Editor:—Having seen two or three letters about our beaches I thought I would like to say a few words on the subject. In England they have everything at the beaches to give the people a good time. I have not been over for ten years now, but when I was there I had a good time at all beaches. They had donkeys or asses on which they charge a half-penny to ride about 100 yards; this was the child's delight; coconut shies and pierris after the style of the Smart Set at the George; Punch and Judy shows and other things too numerous to mention, and all did was to pass around the hat; yes, and it paid them to. What is to stop Victoria from having a bunch of donkeys, etc., and make the beaches more attractive for all, and then we would be able to say that Victoria is more like England. We do not only want to make Victoria a tourist resort, but a place fit to reside in at all times.

"LONDONER."
July 12.

THE PLUMBERS' UNION.

To the Editor:—In the Daily Times of Monday, the 7th inst., there appeared a letter under the caption: "Interests of Labor," and signed "Hearts of Oak." As the letter deals personally with two members of the Plumbers' Union who are our delegates to the Trades and Labor Council, the Plumbers' Union at our regular meeting held Tuesday, July 10, 1917, passed a vote of confidence in its delegates and instructed me to write you to that effect. Regarding the general sense of the letter the body treated it as a joke. Bro. Fox who just appointed financial secretary received the fabulous stipend of \$10 a month, and at his own request this was reduced to the sum of \$1.30 a month, which is exactly his share to the organization. I remember in regard to Bro. John Day the amount of persuasion required to convince him his place was in the ranks of organized labor some five or six years ago.

In closing I might state that if our Friend with the King of the Forest section of his anatomy thinks that the general membership of our union is satisfied to go hungry as he states they do and pay two men a fat stipend for our doing so, he evidently has more wood in his system than the amount required to compose a hero.

GEORGE LIDSTER,
Recording Secretary.
A. MILLIGAN,
President.
July 12.

SAANICH BY-LAWS.

To the Editor:—May I claim your generosity for a little space in your valuable paper to vent an opinion on municipal matters pertaining to Saanich.

Last year's taxes were 10 mills net; this year's taxes are about 12 mills net, and now it proposes to add some more mills for Ward VII. roads and another for a fire service. Reeve Borden last January was very emphatic in his election address in stating that this year's Reeve and Council would have to go very slow and be most economical in the administration of the affairs of the district and keep down the expenses. Has he done it? Is there any more danger of your house burning down this year than last year? Don't increase the taxes till the war is over anyway.

Regarding that phony by-law for Ward VII. roads, when Councillor Digson was asked on Monday evening's meeting what roads were likely to be fixed, he replied that would be at the discretion of the Council. Yes, and we have a fairly good idea where those roads are and so has Councillor Digson.

Last spring the residents of Sims Avenue petitioned for their street to be put into decent shape, and that they were willing to pay for it, but I am afraid Councillor Digson went into a Rip Van Winkle sleep, because the clerk replied that he would place the matter before the Council (the clerk mark you, not the council), and since then we have not heard any more. But he is awake now, and with the help of his colleague, the member for Ward II, has drafted a number of by-laws which, to say the least, will cost anything from \$400 or \$500 to put before the public, and I cannot see that they are likely to pass.

Councillor Digson should have held at least a couple of meetings before he got out those by-laws and got the feeling of the district, and then acted accordingly, but no, he spends money lavishly first and then asks the people if they will vote for it.

I hope the citizens in the two wards, and Ward VII. particularly, will give this matter their most earnest thought and vote no.
ERNEST ORR.
July 12.

Record Demand... Record Output

There is right now a tremendous demand for Dunlop Tires—"Traction," "Special," "Plain"—and this makes our record output merely the incentive to greater efforts.

Here, then, we have in a nutshell the attitude of Canadian auto owners. Despite their being besieged on every side with higher charges for merchandise in general, these motorists see plainly that, High Cost of Living or Low Cost of Living, they cannot afford to forsake Dunlop Quality at a just price merely to try and better Dunlop prices with the attendant risk of uncertain quality.

SINGLE TAX.
To the Editor:—I am authorized by my executive council to reply to Bishop Macdonald's strictures on single tax. Single tax does not involve gross wrong against religion; neither does it fail to take account of God:
(a) It has been officially declared to contain nothing contrary to Catholic teaching. This declaration was made after the most careful and critical investigation by a committee of professors of the Catholic University of Washington acting on instructions from Archbishop Satolli, the Pope's special representative. Bishop Macdonald's denunciation of single tax as "iniquitous" was made after carefully refraining from investigation.
(b) Henry George was a devout believer in God and the Christian faith. He declared that "our postulates are the primary perceptions of human reason, the fundamental teaching of the Christian faith. We earnestly seek the judgment of religion." Again, "This world is the creation of God. Men are the equal creatures of His bounty, the equal subjects of His provident care."
(c) The Henry George Association of British Columbia has carefully refrained from taking part in the church exemption controversy, neither is it seized with the responsibility of administering the laws of British Columbia.
I submit therefore that the Bishop's untrite accusations have done great wrong to (1) himself, (2) his church, (3) an entire body of Christian reformers.
Neither does single tax involve great wrong against distributive justice:
(a) Economists are agreed that ground rent is a social product, created and maintained by the collective efforts of each member of the community. When therefore ground rent is collected by the community in lieu of taxation, the just contribution of such is secured. See Adam Smith, John Stuart Mill, Herbert Spencer, Ricardo, Thomas Shearman and many others.
(b) The Bishop's charge that single tax bears heavily on the poor is the antithesis of the charge generally made. Single taxers are often supposed to urge the enrichment of the poor at the expense of the wealthy. Neither accusation is correct. Single tax teaches that poverty and all other economic ills are caused by contraction of natural or divine law by man-made enactments. Divine beneficence will flow freely to all mankind with the removal of these obstructions. The most pernicious of these obstructions is the privilege given to the few to monopolize those natural resources intended by the All Father for the use of all. Single taxers claim that by harmonizing laws to divine law poverty will be completely exterminated.
(c) Single tax most assuredly does take account of what the Bishop crudely calls unearned increment and decrement. If he does not know that, I assert with all respect that he knows nothing about single tax. Single tax is levied on actual values, rising as they rise and falling as they fall. If the taxes have not fallen with falling values on the Bishop's church he must blame the pernicious system of artificially hoarding which places fixed charges against uncertain future values. Both national and municipal debts are commended by all single taxers.
(d) It is true that single tax challenges the sacredness of private property in land values, and seeks to overthrow any system of land tenure which gives to the few the God-given bounty of all. In so doing they are supported by:
1. Divines, Roman Catholic and Protestant.
2. The Bible.
3. Great thinkers and economists.
(e) Single tax teaches that privilege and not revenue should be made the basis for collecting public revenues. The mass

COMPANY RESENTS CHARGE OF NEGLIGENCE

N. Y. K. Issues Statement in Defence of Master and Officers of Miyazaki Maru

An official statement has been issued by the Nippon Yusen Kaisha in refutation of charges advanced against the captain and chief engineer of the company's liner Miyazaki Maru, recently sunk by a German submarine. It is said to have been alleged that the Miyazaki Maru, though possessing a maximum speed of 14 knots an hour, was running at the rate of only 9 knots an hour when sunk by the submarine. A further charge is that the vessel was burning an inferior kind of coal. The company's statement says that all coal used on the company's liners is bought direct from the coal companies, the steamer using at being simply instructed to store the allotted quantity bought for its use at specified ports. Neither the captain nor chief engineer has any authority to purchase coal for the steamer at any price, on his own initiative.

The first calling port for outward trips to Europe is Moji or Nagasaki, in the case of Japanese coal, while other coals are taken on at Durban, Cape Town and finally at Dakar. On the return voyage the liner must lower grade at Middlesbrough, because now-adays smokeless coal cannot be secured at Cardiff. This rule applies not only to N. Y. K. liners, but to all steamers engaged in the European service.

With regard to speed the company's statement declares that all the company's liners are required to steam at full speed in waters where the submarine peril is imminent, and it is therefore absolutely untrue that the Miyazaki Maru slowed down at the time of the disaster.

The Miyazaki Maru was the first of the Nippon Yusen Kaisha liners to be armed for defensive purposes. The second to be thus armed was the liner Saseki Maru, formerly of the trans-Pacific fleet, which a short time ago accounted for a German submarine during an encounter in the English Channel.

GENERAL GOETHALS NOW IN FULL CHARGE OF SHIP PROGRAMME

Washington, July 14.—Major-Gen. Goethals' manager of the Shipping Board's emergency fleet corporation, took full charge of the Government's shipbuilding campaign yesterday, and made sweeping plans for the great merchant fleet, with which the United States proposed to defeat the German submarine campaign.

The most important steps contemplated by Gen. Goethals are these:

Immediate construction of two Government-owned shipbuilding plants for building and fabricating steel ships of 2,500,000 tonnage.

Commencing of 1,500,000 tons of shipping now building for private account in American yards.

A request for another great appropriation for building ships.

NEW LINE PROPOSED TO SOUTH AMERICA

A new line of steamers from Philadelphia and New York to west coast ports of South America is the plan of a group of American capitalists. The Pacific ports, which the proposed West Coast line would serve are Valparaiso, Antofagasta, Mejillones, Iquique and Calima, while on the Atlantic side, Rio de Janeiro, Santos, Montevideo and Buenos Ayres will be served. The company has already tested out the possibilities through the operation of two vessels which have carried nitrate from Iquique to Atlantic ports of the United States.

WAKENA MAY BE FLOATED BY MONDAY

H. J. Daveport, local agent for the Border Line Transportation Company, has been advised that the motor vessel Wakena, which drove ashore at the entrance to Tacoma Harbor, is expected to be floated by the beginning of next week. Consignees are notified that freight on the Blue Funnel liner recently arriving on Puget Sound will be delivered with the least possible delay.

LOCAL FIRM WILL MAKE SPECIALTY OF BOILER CONSTRUCTION

Victoria Machinery Depot Preparing Way for Future Developments

Boiler construction will shortly be undertaken on an unprecedented scale in Victoria. As previously announced in The Times, the Victoria Machinery Depot has been virtually awarded contracts for the construction of all the boilers required to equip the wooden steamers that will shortly be under way in local shipbuilding yards for the British Government.

C. J. V. Spratt, head of the Victoria Machinery Depot, on the strength of assurances from R. Gray Chisholm and T. Russell, machinery experts of the Imperial Munitions Board, who recently conferred with the members of the British Columbia Metal Trades Association to investigate the facilities offered for the production in British Columbia of machinery of equipment with which to power the Government vessels, is bound for Ottawa to consult with the head officials of the Munitions Board regarding the nature and extent of the contracts to be undertaken by the Victoria Machinery Depot. It is understood that the local engineering company plans to make a specialty of boiler construction, and although plans are as yet indefinite, the branching out of the company in this direction will mean a big thing for Victoria. The establishment of the shipbuilding industry on a firm basis here will naturally bring about the development of kindred industries, providing, of course, that the local competition rise to the situation.

Contracts have also been awarded with local firms for the construction of steering gear, boat and deck fittings and hoisting machinery, such as steam winches and capstans, but, as is the case of the boiler contracts, these have to be first ratified by the Ottawa authorities.

In the official report issued by Messrs. Chisholm and Russell, before they left for Prince Rupert, they stated that the manufacture of the main engines presents the greatest problem, owing to the size of the machine tool equipment required for its production. It was stated, however, that it was expected that one or perhaps two British Columbia firms may undertake the manufacture of main engines on this coast.

Both Yarrows, Ltd., of Esquimalt, and the Victoria Machinery Depot, are prepared to go ahead with the construction of these engines, but additional and expensive equipment is necessary, and under these conditions, they are not prepared to install such machinery and build the engines at the same figure that can be quoted by the eastern manufacturers.

FAMOUS ALLAN LINE LOSES ITS IDENTITY

Old-Established Steamship Co. Completely Absorbed by C. P. O. S., Ltd., July 15

All local steamship agents have been advised by W. G. Annable, general passenger agent for the Canadian Pacific Ocean Services, Ltd., that the entire interests of the Allan Line will be taken over by that company effective July 15. In effect, this means that the Allan Line will now completely lose its identity, as it will be completely absorbed by the Canadian Pacific Ocean Services, Ltd.

One of the oldest established steamship lines on the Atlantic, the Allan Line, will now become a part of the C. P. R. service. At the beginning of last year, when the Canadian Pacific Ocean Services, Ltd., was formed as a separate concern, the railway, or government, controlling all ocean steamships, both on the Atlantic and Pacific, the steamships of the Allan Line were placed under the control of the C. P. R., but the old-established organization continued to retain its identity. This was apparently the thin edge of the wedge, and now, in view of the latest announcement, the merger of the two interests is complete, and the famous Allan Line is no more.

All the offices of the Allan Line, both in England and Canada, will be taken over by the C. P. R. and operated as part of the C. P. O. S. Ltd. The majority of the ships of the Allan Line are at present in Government service.

PLANTS ARE READY TO START LAYING KEELS FOR STEAMERS

It was intimated to-day on good authority that a start will be made next week in laying down the keels of the wooden steamers to be built here for the Imperial Munitions Board.

The Cameron Genoa Mills Shipbuilders, Ltd., have practically everything in readiness for a start, and the Foundation Company, Ltd., is not far behind. The keel blocks are down for the first vessel at the Cameron plant and the Foundation yard is now in such shape that the keel laying could be undertaken at any time.

The keel sticks have been delivered on the ground and actual construction work may be confidently looked for within the next few days.

NIGHT SERVICE TO MAINLAND WILL BE RESUMED ON MONDAY

Companies Filling Strikers' Places Now That Men Refuse to Come to Terms

That the water transportation companies are not being inconvenienced to any material extent by the strike of firemen and deckhands is clearly evident by the announcement by Capt. J. W. Troup this morning that the night steamer service to and from Vancouver will be resumed on Monday. The arrangements completed by the C. P. R. provide for the same service between Victoria and Vancouver as existed before the strike.

Owing to certain difficulties experienced at the outset of the labor trouble the company was compelled to rearrange its coastal services to suit the conditions and the hope was expressed by the company heads that the travelling public would not be inconvenienced for long. The company has now seen its way clear to re-establish the night sailings that were suspended at the end of last month. On Monday night at 11:45 the regular sailing will go into effect and a boat will be dispatched from Vancouver at the same hour for Victoria.

Better Established. In commenting upon the strike situation this morning, Capt. Troup, who has just returned from the mainland, said that the various companies were now getting out more boats and the services were becoming better established.

Although several conferences had been held, there were no indications that an agreement would be arrived at as the seamen were not inclined to accept any reasonable settlement.

Company's Position. In discussing the labor trouble, Capt. Troup briefly defined the company's position. Their real competitors were in the local trade, and it was on this basis that the wage scale should be considered. In this connection he quoted figures showing the wages paid to deckhands and firemen employed by the Puget Sound Navigation Company. Deckhands with three months' service with the Puget Sound Navigation Company having a seaman's certificate were paid \$55 per month, while firemen of three months' service having lifeboat certificates were paid \$55 per month.

Offered Higher Wages. In an effort to treat the men fairly the B. C. coast steamship companies had offered the deckhands \$55 per month, oil firemen, \$60, and quarter-masters, \$62.50 per month, board inclusive. The men had refused to accept the terms offered and therefore the companies concerned had taken steps to replace them with others. Furthermore some of the employees who were against walking out in the first place, were returning to work. The strikers, he said, were demanding the same scale of wages that prevailed on the larger American boats plying between Puget Sound and Alaska, but the business done by the C. P. R. in the northern trade in no way compared with the earning power of the American lines, which secured higher freight rates, operated larger tonnage and did a much larger amount of business.

WILL LOAD COAL FOR GOLDEN GATE

The collier Tancred is due to pass up to Nanaimo to-day to load a full cargo of coal for the Western Fuel Company. It was agreed to send The Times and The Colonist to "Sick Pay" at the Navy Yard.

ESQUIMALT RED CROSS

The quarterly meeting of the Esquimalt Branch, C. R. C. S., was held in Heald's Hall on Monday. Mrs. A. R. Wolfenden presided.

The treasurer reported \$255.95 remitted to head office during the month. The secretary reported the following articles sent: 16 Pyjamas, 145 pairs; day shirts, 43; chest bandages, 5; socks, 199 pairs; bed socks, 41 pairs; scarfs, 7; dressing gowns, 1; coffee, 1.

It was agreed to send The Times and The Colonist to "Sick Pay" at the Navy Yard.

VISITOR FROM NORTH

Resident of Fort St. James Tells of Country Wherein She Dwells.

Mrs. Kynoch, of Fort St. James, a farming community and Hudson's Bay post on Stuart Lake, 40 miles north of Vanderhoof and about a day's journey east on the G. T. P., has been making an extensive visit to the northern region of the province, and is now at the Dominion Hotel, Fort St. James. A typical up-country town, although beautifully situated, it consists of about twenty houses, four stores and a post office. Among the activities there is lumbering, for the country is essentially a wooded one, a fact due to the hardness of the soil, the small number of pre-emptors who must clear every bit of their land. Oats is the principal crop, and the farmers are thereby prosperous, though they hardly

SPEEDY ACTION BY PROVINCIAL POLICE

Local Officers Arrest House-breakers Near Duncan Before Dawn To-day

On a charge of house-breaking, Antipas and Arthur Leynick were brought before Magistrate Jay in the Provincial Police Court this morning and remanded until Friday next, at 2:30.

The house of Mr. Pethick, 17 miles from town, situated on the Malahat, was selected by the two gentlemen, and they were successful in making off with a number of articles. They had reached a point six miles from Duncan, near Hillbank, with their booty tucked away in the bottom of a rig, when at 2:30 this morning Constables Macdonald and Mainwaring, of the Provincial Police force, frustrated their plans and conducted them city wards.

The news of the house breaking was wired in to the Provincial Police at 9:30 last night with little or no description of the men, save that they were driving a rig headed towards town. The two officers set out in pursuit on their tracks, and instead of coming this way, the prisoners were going in the reverse direction.

PICNIC SUCCESSFUL

Garden City Women's Institute Has Annual Outing; Red Cross Committee Plans Fete

The annual picnic of the Garden City Women's Institute was held on Wednesday at the Dominion Experimental Farm, Spanichthon. The picnic party left Marigold Station at 10:30, arriving at Basin Bay Station at 11:45, where they were met by Lake Hill Institute, the members of which had accepted the invitation to Garden City to join in the picnic. It was regretted that West Sannik, although expected, was absent. Lake Hill Institute entertained about fifty returned soldiers from Resthaven at luncheon.

The day was exceptionally fine, accommodations excellent, and such a diversity of interests provided that no one, not even the youngest, lacked for entertainment. After luncheon a number of mothers with about thirty children repaired to the beach. The Red Cross Committee was profitably engaged selling ice cream, other members of the party viewed the farm, another group was instructed in the methods of growing and fertilizing, the day proving interesting and instructive, so much so that it was the unanimous decision to make the July meeting of the institute a picnic to the farm every year.

UNABLE TO ATTEND

McKenzie Avenue Committee regretted that, owing to the death of little Donald Porter on Monday afternoon, no member felt like attending the picnic. The committee felt a community pride in the two babies, who were twins, and at the age of two and one-half years presented splendid types of healthy, happy childhood, a credit to the intelligent care and devotion of their parents. It was therefore a shock to hear that the little fellow, who was apparently in as good health as usual Sunday night, died on Monday at 3 p.m. The deepest sympathy is felt for the grief-stricken parents.

WILL LOAD COAL FOR GOLDEN GATE

The Red Cross Committee are preparing to hold a garden party at the home of the convener, Miss Sea, corner of Burnside and Marigold Roads, on Wednesday, July 18. Admission is free, tea and cake, ice cream and strawberries will be served. A table of home cooking will be one of the features, while various articles will be raffled. All appreciate the tireless and continued efforts of the convener, who for two years has labored with unlimited zeal and capacity. Never once did that time has the registration amount of work failed to be delivered at the Red Cross rooms in the Temple Building.

WILL LOAD COAL FOR GOLDEN GATE

The B. C. steamship companies had been very fair all through, and furthermore were prepared to pay, in some cases, very nearly the same wages as the American lines operating to Alaska.

STILL FLOURISHING AFTER NINETEEN YEARS

Reports at Annual Meeting of Old Ladies' Home Very Satisfactory

The nineteenth annual meeting of the Home for Aged Women was held this week. The report of the president, Mrs. Goodacre, expressed thankfulness that, during these war troubled years, they have been able to continue work along the same lines as in more prosperous times.

"We sincerely regret that our secretary-treasurer, Mrs. L. B. Gould, has been obliged through illness, to give up her work," she said. "Mrs. Gould is one of the ladies whose efforts were instrumental in establishing the Home, and during the nineteen years that she has been our secretary-treasurer, she has been a faithful, sympathetic and untiring worker in its behalf."

Zealous Work. "We feel that the satisfactory financial standing of the Home is due, in a great measure, to her efforts and that her zealous work has been a prime factor in its success. We pray that she may soon be restored to health, and be able to engage again in the work so dear to her heart."

The thanks of President and Committee are tendered to the matron and to her assistants, for their work of loving care and unselfish devotion to the aged women residing in the Home.

PICNIC SUCCESSFUL

Garden City Women's Institute Has Annual Outing; Red Cross Committee Plans Fete

The number of residents this year has been large, the total enrolment reaching sixty-six, at one time there were fifty-six dwelling in the Home, the largest number at any one period in its history.

"There has been three deaths during the year: Mrs. Sayvea, Mrs. Page and Mrs. Ward."

"At present there are forty-nine inmates, sixteen of whom are over eighty, and two have passed their ninety-third milestone."

"During the severe winter weather an epidemic of grippe broke out in the Home, but, generally, the health has been good. The Home has been able to extend its aid to a number of convalescents, who have remained for short periods to rest and recuperate before returning to work or friends."

Changes in Staff. "Miss Waldron, our competent matron, continues in charge, but there have been a number of changes in the staff. We were sorry to receive the resignation of Miss Topp, who had served faithfully as a nurse for several years. Miss Annie Robb, who had been Miss Topp's assistant, has been appointed in her place, and her work is giving great satisfaction."

"The night nurse, Miss M. Lynch, is both capable and popular. There have been other staff changes, but with the aid of time and patience we have succeeded in filling the vacancies satisfactorily."

SUNDAY SERVICES

The Ministerial Association has held regular services on Sunday afternoons which have been well attended, and much enjoyed by the residents. The Salvation Army holds a meeting every Monday afternoon, and on Thursday afternoons the Nazarenes have a Bible class. The Rev. Mr. Fatt visits the Home on Mondays.

ENTERTAINMENTS

The entertainments, given from time to time by the Young People's societies from different churches, have brought a great deal of pleasure to the old ladies.

"Thanksgiving and Christmas were celebrated in the time-honored way by bountiful repasts. Early in the New Year the Committee gave a tea to the residents, and afterwards an enjoyable programme of music and recitations closed the very pleasant social reunion."

NO DEFICIT

"We are thankful that in these strenuous times, we close our year without a deficit. The increased cost of living holds for us the same problems in economy, and good management, that confronts housewives all over Canada."

The thanks of the Committee are gratefully tendered to the many kind friends who have, in various ways, remembered the Home; to Mrs. Dunsinclair for the large donation of potatoes; to Mrs. Higgins, who for many years has supplied saucers for the Christmas breakfasts; to Mrs. Shotbolt for regular gifts of fish and fruit, and to many others for thoughtful and kindly gifts that have helped us on the way; to the different doctors, who have so generously given their professional services to tender our sincere thanks and especially to Dr. Lewis Hall; to The Colonist and The Times for the daily papers; and finally, to all who by word or deed have helped in bringing cheer to those who have journeyed to the years when the grasshopper has become a burden."

Officers Elected.

The following officers were elected: Mrs. Goodacre, president; Mrs. Carme, vice-president; Mrs. Wm. Grant, secretary-treasurer.

Go East Through the Canadian Pacific Rockies

Round Trip Summer Excursion Fares, via the Canadian Pacific Railway

GOING DATES
July 13, 14, 20, 21, 27 and 28, 1917.
August 3, 4, 10, 11, 17, 18, 24, 25 and 31, 1917.
September 1, 7, 8, 14, 15, 21, 22, 28 and 29, 1917.
Return limit three months; not to exceed October 31, 1917.

Special Low Round Trip Rates now in effect to Rocky Mountain, Kettle Valley and Kootenay Resorts.

For information regarding rates, stopovers, etc., apply to any C. P. R. Agent or write H. W. Bledsoe, General Passenger Agent, Vancouver, B. C.

SPORTING NEWS

TENNIS SEMI-FINALS IN PROGRESS TO-DAY

Yesterday's Matches Were All Very Spirited as Tournament Draws to Close

Although none of the matches in yesterday's play of the Victoria Lawn Tennis Club's handicap tournament were as sensational as some that occurred in the preceding days, yet the play was marked by that intense earnestness and thorough carefiness which always attends the important events of the semi-finals. Despite the absence of the spectacular some very interesting contests were decided. Mrs. Rickaby, for instance, gave Miss Appleby a tremendous struggle before succumbing to the score of 8-6, 7-5, which score indicates well the nature of the encounter.

Martin, in the men's singles, was not compelled to extend himself very far in order to beat Meredith, 6-4, 6-2, and likewise Fairbairn, with the loss of only three games, defeated Whitaker.

The ultimate winners were never apparent in the match in which Miss Hudson and Gordon vanquished Mrs. Burnes and Hall, and the successful couple immediately went down to defeat before the prowess of Miss Ross and Trimen, 6-3, 7-9, 6-4; both matches going the full distance.

Following is the list of matches decided yesterday:

- Miss Idings beat Mrs. Jephson, 6-1, 6-2.
- Miss Appleby beat Mrs. Rickaby, 6-6, 7-5.
- Lampman and Kirkham beat Edwards and Johnson, 6-3, 6-3.
- Martin beat Meredith, 6-4, 6-2.
- Fairbairn beat Whitaker, 6-3, 6-0.
- Davies and Fairbairn beat DeWille and Betty, 6-2, 6-1.
- Miss Neame and Phelan beat Miss Morley and King, 7-5, 6-3.
- Miss Trimen and Gordon beat Mrs. Burnes and Hall, 6-2, 7-5.
- Mr. and Mrs. Garrett beat Miss Briggs and Johnson, 6-4, 6-3.
- Mrs. Garrett and Miss Neame beat Mrs. Fairbairn and Miss Harris, 6-3, 6-1.
- Miss Ross and Trimen beat Miss Hudson and Gordon, 6-3, 7-9, 6-4.

To-Day's Matches:

The following matches are in progress this afternoon:
At 2:20—Jephson plays Gordon; Phelan plays Edwards; Miss Lawson and Miss McDermott play Mrs. Garrett and Miss Neame; Miss Harlow and Serverson play Mr. and Mrs. Leeming.
At 4:30—Miss Lawson plays Miss Appleby; Lampman and Kirkham play Cove and Trimen; Martin and Jephson play Virtue and Leeming; Mr. and Mrs. Meredith play Mr. and Mrs. Garrett.

BOSTON STAR BOUGHT BY PHILADELPHIA

Philadelphia, July 14.—Johnny Evers, former captain of the Boston National League club, yesterday became a member of the Philadelphia Nationals. He will play second base. Evers' contract with the Boston club, calling for \$10,000 a season, does not expire until the end of the present baseball season. Although Evers is still on the sick list, Philadelphia wants him on the assumption that he will be able to resume playing soon, and also as an inspiration and coach for the Philadelphia players.

RED CROSS GOLF RAISES LARGE SUM

Minneapolis, July 14.—Charles Evans, Chicago, paired with Harry G. Leeg, Minneapolis amateur, defeated Arthur Clarkson and Thomas Stevens, Minneapolis professionals, two up and one to play, in an 18-hole beat ball foursome for the benefit of the Red Cross on the Minikahda Club golf links here yesterday. Evans turned in the lowest card, 76, four over par. During the past few weeks nearly \$17,000 is said to have been realized for the Red Cross at exhibition games in which Evans has played.

SIX OUT OF TWENTY-FOUR WON BY SHUT-OUTS

Shining brightly in the heroic effort of the Cleveland Indians to head off the Red Sox and White Sox in their efforts to carry away the American League pennant stands Stanley Coveleskie. Coveleskie is pitching perhaps the most remarkable baseball of any pitcher in the American League, not even excepting the brilliant staff of the Red Sox. Wins Six Shutout Games.

Appearing in twenty-four games this year, Coveleskie has won six of them by shutouts. With this season half over, he already has stopped over the half way mark compared with the number of innings he worked last year. This year he has faced opposing batters in 121 1-3 innings and has allowed fifty runs. He has been touched for 119 hits. On one occasion he held Chicago to two hits, winning his game 1 to 0. Three times he has twirled three-hit games, St. Louis suffering twice and the Tigers once. His only extra inning combat was a 10-inning affair in which he was a 1 to 0 victor over Detroit on May 29. New York and St. Louis share the honors of having hammered this star most lustily, each team having battered out nine hits in a single game.

May Excel Alexander's Record. Coveleskie stands an excellent chance of equalling or bettering the shutout record held up a year ago by Grover Alexander. He has almost reached the halfway mark now. His best pitching should come with continued fine weather. It is by his efforts, mainly, that Lee Fohl is able to maintain a gait with the leaders. Without him the Indians would present a much weakened front.

PINCH HITTER AT FORTY-FOUR

Harry Davis is 44 years old, but Connie Mack is going to use him as a pinch hitter, especially when the opposing pitcher is a left-hander. He all but broke up the afternoon game on Memorial Day in the thirteenth inning when he batted for Bill Johnson. Malsel made a wonderful stop, and there was a double play instead. There never was anything wrong with Harry's batting eye. His legs slowed up, and that caused him to quit as a regular. But he can still judge pitching and undoubtedly will make his presence felt in pinch holes this season.

COST OF DRAFTING PLAYERS

Organized baseball spent nearly \$4,000,000 in five years, from 1911 to 1916, in the draft and purchase alone of players, according to President August Hermann, of the national commission.

Hudson's Bay "Imperial" Lager Beer, quarts, \$2.75 per dozen.

TY COBB IS STILL THE BATTING HERO

Sisler, of St. Louis, Has Clubbed His Way Into Second Place in the aMjors

Chicago, July 14.—With an average of .339, Sisler, of St. Louis, has batted away for second place in the American League, according to unofficial averages released to-day.

Although falling in his attempt to break his record for consecutive hitting, Ty Cobb is safely out in front with .375.

Cobb's speed in running—bases has given him possession of scoring honors. The Georgian has crossed the plate fifty-two times. He also leads in total base-hitting with 163.

Chapman, of Cleveland, dethroned Cobb, his team mate for the lead in base-stealing with a total of 27. He also increased his lead in sacrifice hitting to 41.

Epp, of New York, with six homers, leads in that division.

Detroit maintained its lead in team-work with .254. The averages include games of Wednesday last.

Leading hitters for half their clubs' games follow: Cobb, Detroit, .375; Sisler, St. Louis, .339; Spedder, Cleveland, .308; Miller, Washington, .297; Baker, New York, .292.

Rousch, of Cincinnati, leads the National League hitters with an average of .259. Robertson, of New York, led Carey, of Pittsburg, for stolen bases, each having 18. Doyle, of Chicago, retained the lead in sacrifice hitting with 18 and Grah, of Cincinnati, boosted his lead in runs scored to 51.

Horsby, of St. Louis, held on to home-run honors, with 8. Cincinnati kept up its lead in team batting with .266.

Leading hitters for half of their clubs' games are: Rousch, Cincinnati, .259; Cruise, St. Louis, .249; Fischer, Pittsburg, .229; Wheat, Brooklyn, .219; Griffith, Cincinnati, .216; Hornsby, St. Louis, .215; Rariden, New York, .214; Nealon, Cincinnati, .201.

DIRTYING BALL COSTLY.

Williams, White Sox twirler, gets into the limelight with his team-mate, Ed Cicotte, as one of the first to be fined this season for tampering with the ball. By discoloring the ball Williams has had some success in fooling the batter and a \$5 fine every time he does it may help stop it. But if his new trick wins games a \$5 bill lost now and then isn't likely to worry him much.

NORTHWEST CHAMPION BANTAMWEIGHT

"Bud" Ridley, who meets Al Davies at Willows next Saturday.

CUTLER RAN SIMILAR RACE TO BOBBY KERR'S

Doull, Who Defeated Olympic Champion in England, Given Hard Race

The Vancouver athletes with the 22nd Battalion whose achievements in the military camps are all well-known here, having been seen in action last Thursday at the sports held at the Royal Athletic Park. It will be remembered by those who witnessed the event that "Billy" Cutler, the local star, ran with Doull a hundred-yard dash that almost paralleled Kerr's defeat by the Terminal City sprinter. It was alike in so far as the first run was a dead heat, but totally dissimilar in that Cutler did not refuse to run the tie off, as did the Olympic champion, but gave his rival a thrilling race, being barely nosed out. In the twenty-two year old Victor easily defeated the Vancouverite.

The V. I. A. A. relay team in this same meet composed of Jessop, Beasley, Cutler and Vain, won with ease from Doull, Farnwell, Davidson and Milne, all of whom distinguished themselves in the English file. The famous time-of-war team of the 22nd was seen in action here when it won the championship shield presented by Brown and Lange. A native of Victoria, Major A. R. Robertson is to a great extent responsible for the splendid athletic record of this battalion.

Some great football teams are to be turned loose in the various United States military camps this coming fall. The problem of furnishing Uncle Sam's soldiers with healthful diversion has had the army officers thinking deeply, and it is now an assured fact that football will be the prime athletic activity whereby large bodies of the troops are bivouacked.

Football creates and develops the habit of obeying the initiative of command when players are in immediate contact with the maximum of opposition. Any military man understands the value of this type of training. It is the very sort of subconscious training an army needs—co-ordination between the mental and physical.

Football will be to the American army what soccer is to the French and British.

Some years ago Stan Ketchel, the Slav middleweight, turned the trick when he beat Billy Papke in a thorough way. Papke had previously knocked Ketchel out after giving him one of the severest beatings. Ketchel had ever received. But Ketchel had the courage to come back and forget any fear he might have of another laye.

Jim Coffey was knocked out by Frank Moran and many believed that it was a fluke decision. Coffey tried to redeem himself in a second fight with Moran, but he showed the fear of another knockout, all through the fight. And Moran's right hand landed again and put the Irish heavy away.

It is so seldom that a fighter masters the jinx a knockout seems to place upon him that he is usually willing to admit that the man who drops him has his number from then on. It is thought to be largely the psychological effect on the knockout victim that makes him dread forever the hand that laid him low.

Although Dundee showed a bit of anxiety in the first few rounds of the fight with Jackson he soon lost all trace of it and convinced everyone that he was completely Jackson's master. It was necessary for him to leave himself open several times to the blow that had put him out before and in winning from Jackson he did display a courage that is rare in the fight game.

Recently the sergeants of a certain battery in France sat down to an exceptionally fine dinner, the crowning glory of which was a large plum pudding. "Seems mighty hard," remarked the sergeant-major, as he vainly tried to stick his fork in it. "Have you boiled us a cannon ball?" "Where did you get the flour from?" questioned the sergeant-major again, still struggling vainly. "Where from?" the cook retorted. "From Store No. 3, of course." "You did!" roared the quartermaster-sergeant. "Then hang you, you've made the pudding with Portland-cement!"

Some remarkable figures are shown in a number of balance sheets issued by several big English soccer clubs as the result of last season's working. Everton, who lost \$743 in the season of 1916-17, turned in a profit of \$7,361, which has resulted in the club paying a 5-per-cent dividend. Gate receipts for the season totalled \$35,075, and in addition to investing \$12,500 in the war loan, the famous club carry forward the large amount of \$85,917.

Their neighbors, Liverpool, again did well by making a profit of \$8,281, which compares with \$5,116 in the previous season. No dividend is paid, but after purchasing \$5,000 in the war loan, \$29,678 is carried forward to next season. During the season \$36,379 was taken at the turnstiles. West Ham United, who won the championship of the London Combination, finished up with a profit of \$3,140.

Blackburn Rovers commenced the season splendidly, but fell away badly through many of their best players joining the colors, and lost \$7,060 on the season's work, which brings their total loss since the outbreak of the war to \$48,225. Preston North End also came out on the wrong side, with a loss of \$1,785.

WINDSOR, ONT.

JOHNNY DUNDEE'S FEAT SMASHES OLD THEORY

Johnny Dundee's recent decisive victory over Willie Jackson gets him credit for an achievement that is rare in the history of his ring game. It is seldom that a fighter has the courage to master his dread of a knockout in meeting again the fighter who has knocked him out before. When Willie Jackson knocked Dundee out a while ago in Philadelphia it was the first time the thing had happened in the career of the little Scotch-Wop. Many predicted that he would hit the slide and never go his best clip thereafter.

Some years ago Stan Ketchel, the Slav middleweight, turned the trick when he beat Billy Papke in a thorough way. Papke had previously knocked Ketchel out after giving him one of the severest beatings. Ketchel had ever received. But Ketchel had the courage to come back and forget any fear he might have of another laye.

Jim Coffey was knocked out by Frank Moran and many believed that it was a fluke decision. Coffey tried to redeem himself in a second fight with Moran, but he showed the fear of another knockout, all through the fight. And Moran's right hand landed again and put the Irish heavy away.

It is so seldom that a fighter masters the jinx a knockout seems to place upon him that he is usually willing to admit that the man who drops him has his number from then on. It is thought to be largely the psychological effect on the knockout victim that makes him dread forever the hand that laid him low.

Although Dundee showed a bit of anxiety in the first few rounds of the fight with Jackson he soon lost all trace of it and convinced everyone that he was completely Jackson's master. It was necessary for him to leave himself open several times to the blow that had put him out before and in winning from Jackson he did display a courage that is rare in the fight game.

"CO-ORDINATION IN EDUCATION" SUBJECT OF STRONG ADDRESS

Dr. F. F. Westbrook, of University, Speaks to Teachers of Summer School

"Is it not possible to conceive of a system evolved by a democracy and not thrust upon a reluctant people by an arrogant autocracy for ultimate purposes of military conquest, a system that might be used for the dissemination of the highest ideals which recognize individual rights and collective needs at home and abroad? If such a system may be realized surely of all peoples we have the spiritual, and practical strength to effect it." Such was the dominant note struck by Dr. F. F. Westbrook, President of the University of British Columbia, who last evening addressed some 200 teachers of the summer classes at the Victoria High School on the subject of "Co-ordination in Education."

Fundamental influences. Throughout the lecture the doctor emphasized the fact that an individual can no longer live unto himself; he is in close contact with his fellow man, and to justly deal with his fellow he must understand the fundamental influences that map out the course of life followed by each and every one. Education to realize its aim must give to the student not only a national but an international understanding. Referring to an article dealing with the school systems of Britain and Germany the speaker continued, quoting from the pen of J. Saxon Mills.

"In the opening part of the article the writer asked the question 'What does it profit Great Britain to maintain a two ship power so long as Germany maintains a two school power?' He pointed out the complete articulation of the German training system which prepared for every walk in life and followed the pupils into their daily lives and work. He showed that schools, high schools, gymnasia, technical institutions, and universities were linked together in every direction, leaving no gaps within the system nor between the educational system and the intellectual, industrial and commercial life of the nation, all being co-ordinated to foster her national ambitions.

Post Bellum Days. "How efficient that system was," said the doctor, "we have had nearly three years to determine. Our enemies' military lead of forty years we have overtaken by supreme effort in three years through Imperial and Allied organization. We have yet to meet this rivalry in Post Bellum days. No matter how impatient we may be with Germany's ruthlessness, our traditional sportsmanship should help us to learn from our enemy."

The speaker then went on to show the attributes of the British race qualifying the people to select the efficient factors in the life of the enemy and to disregard those principles the world itself has censured. Often Outstripped. "It has been our privilege to contribute to the world more than our share of its spiritual, cultural, social and scientific pioneers. Yet in the development of the mines of knowledge located and appraised by them and in the application of our new truths to immediate human efficiency we have often been outstripped. Our own weapons have been turned against us. In our desire to foster individual freedom, to refrain from interfering with our neighbor, that we in turn may be free from his interference, we have been slow to evolve and put into effect a plan for the training of efficient units which when co-ordinated form, the only logical basis of an efficient nation."

Individualism Overdone. "Individualism can be overcome. Our traditions of personal freedom should not be allowed to block us in devising and perfecting effective mechanisms for the increase of the collective efficiency of the Empire or of its major parts. A proper definition of liberty, is however, not the right to impose the will and might of one man upon another. The highest right of man is that of serving his fellows. To take his part in the development and preservation of national, imperial, and world ideals is to preserve man's truest and highest freedom."

"Britain this year," stated the doctor, "despite the unbelievable increase of expenditure which war has brought has added \$20,000,000 to her educational budget. Surely it is better to expend our millions in construction than to be forced later to expend them in destruction. Surely we should realize that our age is so complex that every day is a crisis. Surely it is just as necessary to have a peace programme as a war programme."

Intra-Imperial Scholarships. "It would seem wise that effort be made to complete the training of those young men and women who are looking forward to a life's work in one of the overseas Dominions, in that dominion itself. Why should we not have intra-imperial scholarships which operate throughout the Empire in all directions? Why should we not bring to the universities of the Dominions the very best brains of the Motherland? In too many cases those professors in our Canadian Universities who have been born and trained in Britain really live in Britain, though they work in Canada. Why should not Britain set out, deliberately to bring more of the best men, born and trained in the overseas dominions to work and teach in her own universities, so that in Great Britain itself some accurate idea of the outlying Empire may be set up?"

Industrial Conferences. "As a further step towards co-ordination why should not agricultural and industrial colleges be established in the Motherland, under Imperial control. Their staffs to be effective should be composed of carefully selected British and Dominion experts. We must continue to train our citizens for the work that lies immediately to their hands, in their particular locality. We must not neglect, however, to lay a broad foundation and to encourage and develop adaptability, so that migration to other scenes and other life may mean translocation rather than uprooting.

Head of District No. 11 Now Gazetted Major-General

MAJOR-GENERAL R. G. E. LECKIE, C. M. G. The hero of Ypres, who came to take over the duties of Administrative Head of Military District No. 11, which embraces the Yukon Territory, on June 1 last. Official announcement of his advancement to the rank of Major-General, dating from June 1, is made from Ottawa. Both civil and military British Columbia will congratulate the General, whose gallant leadership of the 10th and 16th Battalions at the second battle of Ypres, will be one of the brightest pages of British Columbia's military history.

ation why should not agricultural and industrial colleges be established in the Motherland, under Imperial control. Their staffs to be effective should be composed of carefully selected British and Dominion experts. We must continue to train our citizens for the work that lies immediately to their hands, in their particular locality. We must not neglect, however, to lay a broad foundation and to encourage and develop adaptability, so that migration to other scenes and other life may mean translocation rather than uprooting.

At the present time we are in grave danger of eliminating the teaching of German in our schools. Our patriotism is not of the kind to be undermined by a knowledge of the German language nor by acquaintance with German science, art, literature and history. It will be time enough for us to begin to think of eliminating German when it may be classed as a dead language. When we have our enemy beaten we cannot maintain our superiority unless we continue to know all about him. If more of us had known German and Germany and had believed what we read and saw, our handiwork could have been avoided.

Preparation For Life. "Education must be a preparation for life. A foundation must be laid for spiritual, intellectual and technical growth. The individual must be trained not only for his work, but prepared that he can be helped to adjust his environment to himself, and himself to his environment, both human and physical. Like every living thing he should be permitted to grow and develop. It is not sufficient, if we train the hands, the eyes and the mind. The care of the body and its development for intelligent use are just as essential.

In view of our present world-stirring mechanism which empowers society and brings our human units into new environments we have seen the impossibility of thinking, planning and working solely in terms of the individual. Each of us is indeed his brother's keeper and our Empire is surely the big brother of the world. It has strength and is acquiring the outlook.

Must Keep Pace. "Educational and governmental devices must keep pace with the evolution of the individual as the only way of avoiding the chaos of a world inco-ordinated. Co-operation is important within and without the Empire, and this big brother as the champion of democracy is given the rights of the individual with collective needs. We have confidence in his ability to meet the task."

During the course of the evening musical numbers were rendered by Mrs. J. Longhead, Mrs. Warren and Mr. Charlesworth. Sannich Tax Sale.—The redemption of agricultural land proceeds steadily, and when the sale opens on Monday morning, there will be very little farm land auctioned. The amount to be sold is about the same as at the corresponding period prior to the sale of 1916.

CAPTAIN L. H. MAJOR IS CAMP COMMANDANT

Officer of Original 30th Appointed to Reserve Training Depot at Willows

District orders issued by the direction of Brigadier-General R. G. E. Leckie, C. M. G. contain the announcement of the appointment to the position of camp commandant of the C. E. F. Reserve Training Depot at the Willows, of Capt. L. H. Major, O. C. 88th overseas company and C. D. F. battalion.

It will be recalled that Capt. Major left Victoria with the 30th in February, 1915, as a lieutenant and was afterwards drafted for service in France with the famous Seventh Battalion. It was in the memorable or-ard fight at Festubert on May 29 of the same year that Lieut. Major was put out of action. He suffered severely from shell shock and for upwards of twelve months a state of paralysis necessitated hospital treatment in England.

Capt. Major returned to Canada in May of last year, and during the summer months was engaged on the staff of the central mobilization camp at Vernon. On April 1 last he was appointed to the command of the C. D. F. battalion and overseas company of the 88th Fusiliers, since which time he has been on duty at the Drill Hall.

Capt. Major will take over his new duties at the Willows on Monday next, and will have under his charge all local overseas units as well as B. C. Horse and Rocky Mountain Rangers overseas companies.

MUST WELCOME BACK THE WOUNDED TOMMY

Y. M. C. A. to Join Forces With the Present Organization; Meeting Called.

The Y. M. C. A. Military Service Department are now prepared to join with the Welcome Club, to meet all boys with returning soldiers, and it is proposed to rekindle the interest of the citizens of Victoria in this work by holding a public meeting on Monday, 16th July, at 8 p. m., to be held in the rooms of the Y. M. C. A., corner Blanshard and View Streets.

When the Victoria Welcome Club for returned soldiers was organized at a meeting held in the City Hall under the presidency of the then Mayor, shortly after the first Canadian wounded came to Victoria, it was expected that the Y. M. C. A. would be invited to join forces with the present organization.

CITY CHURCH SERVICES

CHRIST CHURCH CATHEDRAL.—July 15, 1917: Holy communion, 8 and 10 a. m.; matins, 11; preacher, the Rev. Dr. H. Gower; evensong, 7; preacher, the Rev. Dr. H. Gower. 7:14

ST. SAVIOUR'S CHURCH, Victoria West. Rector, Rev. R. Connell. Morning prayer and holy communion, 11 a. m.; evening prayer, 7 p. m.; Sunday School, 9 a. m.; Preacher at the morning service, Rev. F. Conley; evening service, the Rector. 7:14

ST. MATTHIAS'S MISSION, Fowl Bay. Holy communion, 8 a. m.; matins and sermon at 11 a. m.; Sunday school, 3 p. m.; evensong and sermon at 7 p. m. 7:14

ANGELMAN.—St. John's, Quadra Street. Rector, Rev. F. A. P. Chadwick, M. A. At 8 a. m.; holy communion; 11 a. m., morning prayer, preacher, the Rector; 7:30 p. m., evensong, sermon by Rev. F. Conley. 7:14

ROYAL JUBILEE HOSPITAL.—Sunday, July 15: Service in Memorial Chapel at 10:30 a. m. will consist of morning prayer by hymns and sermon. Nurses, patients, members of hospital staff, as also residents of the neighborhood, are cordially invited to attend. 7:14

TABERNACLE BAPTIST CHURCH.—Pastor, Rev. H. West. At 11 a. m. and 7:30 p. m. Morning, "Christ Working;" evening, "Biblical Light on Prussian Militarism." 7:14

POPULAR AVIATOR ACCIDENTALLY HURT

Flight Lieut. Kenneth Macdonald Injured Yesterday; Has Brilliant Record

The Hon. J. A. and Mrs. Macdonald have received cabled advices from the Admiralty this morning to the effect that their son, Flight-Lieut. Kenneth Macdonald, had sustained an accidental injury yesterday. The brief communication did not give any particulars as to the nature of the gallant officer's hurts.

Flight-Lieut. Macdonald left Victoria two years ago, and after taking a course in aviation at Dayton proceeded to England, where he was enrolled in the Royal Naval Air Service. Subsequently he was stationed near Belfort, in eastern France, from which the R. N. A. S. conducted a number of bombing flights across the Rhine. Recently he was transferred to the British front. Flight-Lieut. Macdonald is deservedly popular among a wide circle of acquaintances in this city; all of whom will earnestly hope that his mishap is not serious.

Elks Take Notice.—A special meeting on Wednesday, the 18th, initial and musical entertainment. Annual picnic, Sunday, 22nd, to Albert Head. Meet at Campbell Building at 9 a. m. Final dance, July 26, at 9 p. m.

COL. A. C. FORSYTHE RECRUITING OFFICER

All Recruits to Pass Through Central Office; Sub-Offices Will Close

In District Orders issued from Work Point yesterday Brigadier-General Leckie announces the appointment of Lieut.-Colonel A. C. Forsythe to the post of Recruiting Officer for the C. E. F. Reserve Training Depot, Victoria. This appointment is in line with the general scheme of reorganization which synchronized with the taking over of the administration of Military District No. 11 by General Leckie on June 1 last. The chief object aimed at by centralizing the recruiting system is for the purpose of eliminating the competition which has in some cases been detrimental to the voluntary enlistment plan. It has, in fact, resulted in men possessing special qualifications going to some branch of the service where their special ability would be neither needed nor utilized.

With the centralized system all recruits enrolled in Victoria will pass through the hands of Colonel Forsythe and while every applicant has the opportunity of choice, if he possesses special knowledge he will be advised as to how his qualifications may be better made use of in a unit demanding such services as he is able to give.

General Leckie stated to The Times this morning that the various recruiting offices in the city will be closed almost immediately and a new central depot opened. The location of that office will be determined as soon as the report of the situation from Colonel Forsythe is in the hands of the General. The duties of the newly appointed official will be more in the line of a general mobilization officer as affecting Victoria and neighborhood. It is expected that the new scheme will become operative within the next few days.

RED CROSS WORK The Garden City Women's Institution of the Red Cross Society will hold a garden party at the residence of Mr. and Mrs. Sen. Burnside Road, on Wednesday afternoon from 2 to 5 o'clock. An energetic committee has made special arrangement for the entertainment of those who support this worthy movement by their presence. North Ward Branch. The North Ward branch Red Cross acknowledges with thanks three pair of socks from North Ward School for comfort bags. The branch have sent in for the last two weeks 74 gray shirts, 51 pair of pajamas, 18 abdominal bandages, 56 pair of socks, 13 scarves, 1 pair mitts. The regular monthly meeting of the branch will take place next Monday evening at 8 p. m.

PRIVATE FORD HIT

Member of the Timber Wolves Battalion Admitted to Hospital in France; Wounded by Gas Shell.

Telegraphic information reached N. C. Ford, of 16 Pine Street, Maywood, yesterday, to the effect that his son, Private George Harold Ford, had been admitted to the 18th General Hospital at Cambrai. The official advice states that he was wounded by a gas shell on July 2, and that further particulars as to his condition will be sent as soon as received at Ottawa. The young soldier left Victoria with the Timber Wolves in July of last year.

To Receive Deputation.—At the Civic Streets' Committee on Friday next, the aldermen will receive a deputation from the Social Service Commission.

MAGIC BAKING POWDER. NO ALUM. MADE IN CANADA. E.W. GILLET COMPANY LIMITED. TORONTO, ONT. MONTREAL.

NOTICE SHEEP PROTECTION ACT

Notice is hereby given that in accordance with Order in Council No. 765, dated June 21st, 1917, that from and after the 20th day of July next, the following described district is constituted a "Sheep Protection District" to be known as District "A" and comprised within the following boundaries: Commencing at the southwest corner of the Esquimalt & Nanaimo Railway Belt, and point west to the outlet of Muir Creek, into the Strait of Juan de Fuca; thence in a northwesterly direction along the western boundary of the said Esquimalt & Nanaimo Railway Belt, to the point of intersection with the fifth parallel of latitude; thence west along said parallel to the point of intersection with the one hundred and twenty-sixth meridian of longitude, being also the southwest corner of the Esquimalt Land District; thence north along said meridian to a point in Johnstone Strait, thence in an easterly and southerly direction through the centre of Chamouler, Cardero, Calm, and Lewis Channels to a point east of Savary Island; thence continuing in a southerly direction through the centre of Melampus Strait and the Strait of Georgia to the International Boundary Line; thence following said boundary line in a southerly direction to a point south of Race Point; thence in a northwesterly direction to the point of commencing the line.

The areas comprised within the following Municipalities are exempted from the operation of the above Act: Alberni, Saanich, Ladysmith, Duncan, Courtenay, Oak Bay, Nanaimo, Victoria, Cumberland, Esquimalt, North Cowichan, Port Alberni.

A. Clause 3 of the Act states that any person may kill any dog which he finds within any portion of the Province to which this Act applies, unless— 1. A licence issued under this Act in respect of that dog is in force at the time; and 2. The dog has on a leather or metal collar to which is attached the licence tag, issued in connection with the licence.

B. Clause 5 states that: No person shall keep or have in his possession any dog unless a licence therefor has been first obtained under this Act within the portion of the Province to which this Act applies.

C. Licences are issued by the Superintendent of Police, and application for licences may be made to him or to any Provincial Constable.

D. Every application for licence shall be accompanied by the name, description, and sex of dog together with licence fee as follows: For each male dog, \$1.00. For each female dog, \$2.00.

E. The Superintendent of Police, will issue with each licence a metal tag stamped with a number corresponding to that of the licence.

PENALTIES

Every person contravening or committing any breach of the section relating to licences shall, on summary conviction, be liable to a penalty not exceeding twenty-five dollars (\$25).

In any sheep-protection district as constituted under section 5 no dog shall be allowed to be at large at any time between sunset and sunrise, unless accompanied by or being within reasonable call of the owner or of some person having the charge or care thereof. The owner of any dog allowed at large in contravention of this section shall be liable, on summary conviction, to a penalty not exceeding fifty dollars (\$50).

COLIN S. CAMPBELL, Superintendent of Police, Victoria, B. C.

BEAUTY CULTURE

Superficial hair permanently removed by electricity. Absolute cure guaranteed. Do not waste your money on chemicals. MISS HANNAH, Qualified Specialist, 238 Campbell Bldg. Consultations free. Phone 2040X before 10 a.m. or after 6 p.m.

Investments For Women

MANY young women are earning and saving money and have no one dependent upon them. The question is often asked, "What is the best investment I could make that is at the same time safe?" Many investments highly remunerative are unsafe. Safe investments on the other hand often yield little interest.

Security and Profit. It is our firm conviction that a Mutual Endowment policy participating in the surplus earned by the company is an ideal combination of security and profit.

The policies are payable to the assured's estate in the event of death, or to the assured herself if she lives to the end of a stipulated period.

\$110 to \$210. The returns under these policies have been from \$110 to \$210 for each \$100 invested—according to the length of the endowment term.

For lady teachers, mechanics, stenographers and others with fair incomes a Mutual endowment policy answers the question: "What is the safest and best investment for me?"

Write for full information. Mutual Life of Canada Waterloo-Ontario. FRED M. MCGREGOR, Gen. Agt., Times Bldg., Victoria.

Prince Rupert Waterfront Leases

Sealed tenders for the purchase of leases of Lots One (1), Two (2) and Five (5), Block 17, in the City of Prince Rupert, will be received by the Minister of Lands, at Victoria, B. C., up to 12 o'clock noon on Monday, August 27, 1917.

Tenders may cover one or more lots. Term of lease, 20 years. Certified cheque covering six months' rental, must accompany each tender. If unsuccessful, tenders to be returned immediately. The highest or any tender not necessarily accepted. Tenders must state what business they are engaged in, and must designate clearly just what use they intend to make of the lot or lots applied for; how much they intend to expend in improvements, in what manner and in what time. The following amongst other conditions will be imposed under the leases: (a) The front line of any wharf erected on any of these lots must conform to plans to be seen at the office of the Government Agent at Prince Rupert or in the Department of Lands at Victoria, B. C. (b) Rent shall be payable in quarterly instalments in advance.

G. T. NADEN, Deputy Minister of Lands.

St. Andrew's College Toronto. A CANADIAN SCHOOL FOR BOYS. UPPER AND LOWER SCHOOLS. CAREFUL OVERSIGHT. THOROUGH INSTRUCTION. ADVANCED PLAYING FIELDS. EXCELLENT SITUATION. REV. DR. BRUCE MACDONALD, M.A., LL.D. CALendars sent on application.

PRACTICABILITY IS FACTOR IN COURSES OF SUMMER SCHOOL

Complete List of Registrations Issued by J. W. Gibson; Studies Popular

WORK IN GARDENS JUST COMMENCED

Practicability, in every branch of study taken, is the dominant factor characterizing the courses that are being given to the teachers attending the Provincial Summer Classes at the Victoria High School. In addition to this impression the visitor on entering the rooms where the classes are in progress is immediately impressed by the spirit of co-operation that is met at every hand between instructors and students. There is unity of purpose in every sense of the word and the department will in consequence be able to reap the maximum of results from the month's period of study.

Speaking to J. W. Gibson, M.A., Director of Elementary Agricultural Education, a representative of The Times was told of the principal object for which the instructors are laboring. During the entire month that the classes are in progress as much practical work as can be indulged in will be accomplished. In the Rural Science Department there is every opportunity for this class of study. These opportunities have already been utilized to the full and a similar policy will be followed during the remainder of the summer.

Excursion to Tod Inlet

Referring to the excursion of the students to Mr. Butcher's beautiful home in Saanich, Mr. Gibson stated that the instructors and students had been tending hospitality such as he had never before experienced. The pupils specializing in the rural science work in company with a number of the faculty proceeded to the Butcher residence early in the afternoon of Wednesday and in the surroundings that were as near to perfection as earthly things could be, spent two hours of most enjoyable and at the same time practical study of the branches of horticulture and landscape gardening.

Later in the day the remainder of the students arrived on the scene and with their fellow scholars were shown over the entire grounds, the beauty of which is well-known to Victorians. The welcome extended to all by the hostess was thoroughly appreciated, and the sincerity of their feeling in this regard will be doubted by none who have ever had the opportunity of viewing those remarkable gardens.

Such expeditions as this are attractive to all classes of students, especially when taken in favorable weather conditions; and outings to the Experimental Farm at Sidney and Dr. Tomlinson's ranch are also looked forward to by the student body, with great expectations.

Mr. Gibson tells that the results of these excursions are plainly to be seen. The practical work and the opportunity for closer personal observation afforded, means much more to the average student of rural science than many hours spent over the pages of a text book. Theory of course is necessary, it cannot be neglected; but theory without the more important experience loses much of its value.

The most interesting part of the summer course in the Rural Science Department is shortly to commence; the students are planting their gardens. The organization of the work is now well under way and before many more days have passed the seeds will be germinating beneath the soil. The results of each student's work is of course known before the term is ended and there naturally arises no small amount of rivalry to outstrip the neighboring plots in the general points of husbandry.

The work is divided into two classes, preliminary and advanced. Those taking the former course are tutored in the elementary practices of preparing the ground for seed, planting the same and the proper methods of caring for the young plants as they grow. Those who have completed this course in former years are allowed to enter the more advanced grades of study. In this department the student becomes informed on the different qualities of soil and is taught much of the science of determining to which ground various kinds of plants are most suited. The effects and general use of fertilizers are also dealt with besides many other phases of advanced agricultural work.

The registration of students was very satisfactory. In all 242 have been enrolled, as follows:

Rural Science.	
Preliminary	41
Advanced	25
At.	
Preliminary	69
Advanced	14
Music	19
Manual Training	19
Manual Arts	19
Household Economics.	
Preliminary	23
Advanced	5
Total	242

It will be observed that the Agricultural courses have claimed the highest number of registrations, but it is followed very closely by the Rural Science members. House Economics is also splendidly supported, and the remaining three divisions—Music, Manual Training

and the Manual Arts—are well represented.

The following is a complete list of the teacher-students:

Annie J. Agar, Ruth Eleanor Agar, Olive M. Alder, H. Helen Alder, Mary H. Anderson, Francis A. Armstrong, Cleonice Bertrand, Marion Blacklock, Marjorie Bousall, Mrs. Annie Brockman, Edith M. Bruce, Ivor Bissett, Katharine Binney, Olga L. Bossi, Kathleen J. Brett, Mary E. Brundrett, Jesse I. Barton, Mrs. Anne Beattie, Elizabeth Bell, Marguerite Bissett, Alfonso H. Boyer, Erroll H. Brannick, Annie Briand, Lyla I. Brundrett, Bina Bryn-Johnson, Elizabeth Beattie, Jane Brydon, Christina Buchanan, John W. Bonnett, Ralph K. Bell, Grace B. Brett, Flora H. Burns, Olive M. Blake, Dorcas Brash, Mery G. Bromley, Mary E. Brown, Lillian M. Burnham.

Ralph K. Cameron, Dora-L. Cook, Theo. V. Clarke, Eileen V. Cass, Mrs. Sara Codd, Freda L. Cook, Elsie Creedon, Nellie F. Crocker, Thomas H. Calder, Nellie V. Chute, Isabel Cathcart, Archibald Campbell, Norman Y. Cross, Gladys B. Clower.

Dorothy F. L. Delaney, Tom L. Davies, Churchill De B. Denton, Gladys M. Devenaux, Cecil R. Drader, Mrs. Jean S. Drummond, Eva M. Doherty, Edward G. Daniels, Isabel Dicken, Jean E. Dunnett, Mrs. Jessie Deane, Stella E. Dynes.

Josephine B. Eason, Violet England, Edna E. Finland, Binney S. Freeman, Robert B. Forsyth, Jeanie D. Forrester, Florence J. Fraser, Ethel M. Ferguson, Sadie L. Finland, Sadie J. Forrest, Coriana C. Fraser, Elizabeth McK. Fisher.

REV. JNO. GIBSON INKSTER
 Will preach his second sermon on "The Minor Prophets and Modern Problems." His subject on Sunday night will be "The dawn of better days and the coming of a leader."

Church Union in Practice.—During July and August the Methodist and Presbyterian services will be united in Nelson. Rev. C. M. Wright, of St. Paul's Presbyterian Church, will have charge of the services for the month of July the first two Sundays in Trinity Methodist Church, and the last two in St. Paul's Church. Rev. W. W. Abbott will have charge of the services for August.

POLLING TO-DAY ON SAANICH BY-LAWS

Fire Protection Discussed at Meeting Held Last Night; Road Improvements

Polling is taking place to-day in two of the wards of Saanich on by-laws, rendered possible by amending legislation at the last session of the Legislature.

These are to create a special fire protection area, and a special road improvement area. The fire area naturally follows roughly the lines of the hydrant service, and includes the whole of Ward II, and the greater part of Ward VII. The by-law seeks power to levy a rate of one mill on the dollar for fire purposes, which supplemented by a straight grant, plus contributions on account of water service, will be sufficient to inaugurate the service. The object is to avoid borrowing money at this time for municipal purposes.

Improvements En Bloc.
 The road improvement by-law is more complicated, and has not been well understood at the meetings. It applies to Ward VII only, and is an earnest effort to apply the principles of local improvement en bloc as against local improvement by streets, to the roads of the ward, except the two designated trunk roads, Burnside and Gorge, both of which are paved already. There are 20 miles of roads in the area between Burnside and Gorge Roads, from the city boundary at Harriet Road to Colquhoun Avenue, and a two mill rate would go but a small way in any scheme to improve so lengthily a roadway, to say nothing of Parkdale, which is also in the ward. So the scheme is to pave one cross road each year until in the course of five or six years a great improvement will have been effected in the ward. Instead of burdening the ratepayers on the special street selected for improvement, the tax will thus be distributed over the whole of the district whose residents will use the street. In this way it is hoped to meet some of the objections which have caused so much trouble in the city.

Municipal Assessor Sewell is returning officer, and the polls are open till 7 o'clock in Ward II, at old Toimie School, and in Ward VII, at the house in the rear of the store at the corner of Tenthem Road and Obed Avenue. It is not expected that the result will be delayed long after the poll closes.

The Final Meeting.
 Two salient points stood out in the discussion at Cloverdale last evening of the fire protection by-law. One was the general friendly feeling toward its passage, and satisfaction that a good scheme was before the electorate, the other that the small plan now devised will not affect the insurance rates in the district.

The president of the Ward II Ratepayers' Association, J. C. Richards, a manufacturer in the district, was inclined to be sceptical at first that the equipment would meet the needs of the area, but when he heard of the generous offer from the Saanich Council as a whole towards the financing of the scheme, by putting up one-third of the initial cost, he urged the electors to vote for the by-law, and not miss the opportunity.

Proposed Chemical Wagon.
 Councillor Carey, as representative of the ward, spoke from personal experience of the serious results from lack of protection in a closely settled district, while the principal speech of the evening was made by Councillor Diggon, chairman of the water and sewers committee. Mr. Diggon showed that the scheme represented the matured consideration of six months, shaped after careful consideration of the needs and physical conditions of the wards affected, and directed so far as equipment was concerned by Chief Davis. Abandoning the principle of hose reels, as certain shortly to be out of date, a combination hose and chemical wagon was recommended, rapid in transit, equipped with sufficient hose to connect with hydrants, of which they had 157 in the municipality, and manned by at least one or two experienced firemen to direct fire fighting at the scene of the outbreak. The suggested site of the hall would be on Boleskin Road.

Not Affect Rates.
 Chief Davis made a very frank statement of the needs of the district, showed that North Vancouver with a much smaller population than Saanich had two fire halls and eight paid firemen. He did not anticipate for a moment that the piece of equipment would make any difference to insurance rates, at least such was not the practice of underwriters, and he believed the chairman was right in declaring such to be the case. However it was the beginning, on right lines, of a policy which was capable of indefinite expansion. The cost of the adapted truck the city had recently brought into service, which had been displayed at Tillamook on Monday, was \$1,025, but it had been fitted up in the department's own blacksmith's shop.

A Substitute.
 For Saanich he considered a substitute could be obtained at a cost of \$1,500. He offered to sell a copper chemical tank from the department at less by 50 per cent of what fire apparatus companies would quote. So far as the foolish remark made by a speaker at Tillamook was concerned, that it was "junk," he could assure them that he wished he had more "junk" of that kind in the Victoria fire department. A similar combination hose and chemical tank had just been sold to the Lady-smith department.

He offered his advice in the development of the department, and concluded by some practical advice on fire prevention work. The Chief was very well received and cheered.

Roave Borden and Councillor Henderson advocated the passage of the by-law, having arrived at a late hour from another meeting.
