THE SCHOOL CENSUS.

A complete and trustworthy school census requires that there shall be a careful house to house canvass.

A well-taken school census meets the following requirements:—

1. It should make known the number of children between the ages of five and fifteen.
2. It should show how many of these children come within the compulsory school attendance ages of seven and fourteen, and who they are.
3. It should indicate with reasonable approximation, when it is compared with the enrolment lists of the public schools on the one hand and the facts of private school attendance on the other, how thoroughly the compulsory attendance laws of the State are obeyed.
4. It should reveal, as a further result of such comparison, what cases it is the duty of the truant officers to investigate with reference to securing their compliance with the attendance laws.
5. It should give the names and number of illiterate minors over fourteen years of age.
6. It should materially aid those authorities who are charged with the enforcement of the employment laws relating to minors.

DIRECTIONS TO ENUMERATORS.

Names.—Record the names without abridgment (except in the case of middle names) and without resort to any diminutive, pet, colloquial or other substitutes therefor. Write the surname first, as, for example, *Smith, John S.*

Sex.—The number of each sex in certain totals is annually called for by the United States Bureau of Education at Washington. To indicate sex, the letters M (male) and F (female) may be conveniently used.

Date of Birth.—The date of birth should be recorded in every case where it is possible to obtain it. Certain questions that arise in enforcing the attendance and employment laws cannot be satisfactorily settled unless the date of birth is known.

* "In any factory, workshop, or mercantile establishment" (chapter 494, Acts of 1898).

Age September 1.— Let the age for September 1 be given in years and months, a fraction of a month less than one half to be rejected, a fraction greater than one half to be counted as a month.

Name of Parent or Person in Charge.— The name wanted is that of the person who has control of the child and whose duty it is, under the law, to cause him to attend school unless there are valid reasons for his non-attendance. It is usually the name of the father or mother, but may be that of any person in charge of the child, whether his legal guardian or not.

Residence.— In a city or large town, the street and number should be noted. In the country, the particular road or section of the town may be recorded, or any convenient way of fixing the residence may be adopted. The recording of names in the order in which the persons live on a street or road is helpful in locating them. Obviously the description of the residence should be sufficiently definite to enable one to find the child without difficulty.

Remarks.— In the column for "Remarks" over against the name of a minor over fourteen years of age "who cannot read at sight and write legibly simple sentences in the English language", make a record of the fact. To meet the statutory requirement, diligent inquiry should be made for all persons between fourteen and twenty-one who belong to this class.

In the same column may be recorded other special or exceptional facts, should school committees desire them in addition to what the statutes call for, as, for example, that the child belongs to a private school, or goes out of town to school, or is either mentally or physically incapable of attending school, or has not been vaccinated, or is a ward of the State or of Boston. Such facts may be rapidly and concisely recorded with the aid of abbreviations adapted to the conditions.

LOCAL CENSUS BLANKS.

Towns and cities sometimes desire to gather the facts of the school census in forms of their own, as when they take the census with card blanks, each card being devoted to a single name. Not infrequently they desire to gather facts that it is not deemed expedient to call for in the State forms. In such cases it is permissible to use other forms than those provided by the State, provided the information called for in the State blanks is obtained.

EXTRACTS FROM THE SCHOOL ATTENDANCE LAW.

CHAPTER 496, ACTS OF 1898.

SECTION 7. Every child shall have the right to attend the public schools in the town or city in which his parent or guardian has a legal residence, or in which the child himself actually resides, subject to such reasonable regulations as to the numbers and qualifications of pupils to be admitted to the respective schools, and as to other school matters, as the school committee shall from time to time prescribe. No child shall be excluded from a public school of any town or city on account of race, color or religion.

* * * * *

SECTION 14. The secretary of the state board of education shall send forms for the census . . . as soon as may be after they are ready for distribution to the secretary of the school committee of each town and city, and it shall be the duty of such secretary on receipt thereof to deliver the same to the several persons charged with the duties in connection therewith . . .

* * * * *

SECTION 16. The school committees of all towns and cities shall annually ascertain and record the names, ages and such other information as may be designated by the state board of education, of all persons between five and fifteen years of age, and of all minors over fourteen years of age who cannot read at sight and write legibly simple sentences in the English language, residing in their respective towns and cities on the first day of September, and such record shall be completed on or before the first day of October. The first census under the provisions of this section shall be taken in the year eighteen hundred and ninety-nine. *Whoever has under his control a minor over five years of age and withholds information in his possession sought by a school committee or its agents relating to the items required to be ascertained by this section, or falsifies in regard to the same, shall forfeit and pay a fine of not more than fifty dollars.*

SECTION 17. The chairman and the secretary of each school committee shall annually on or before the last day of April transmit to the secretary of the state board of education a certificate filled out, signed and sworn to by them as follows:— We, the chairman and the secretary of the school committee of _____, hereby certify that on the first day of _____ next preceding the date of this certificate there were residing in said town (or city) the number of _____ persons between the ages of five and fifteen years, and the number of _____ persons between the ages of seven and fourteen years.

For provisions relating to the employment of minors, particularly of those who cannot read and write English, see chapter 494, Acts of 1898.
