**§ 1.1 Customs collection districts and ports.**

(a) A customs collection district is the geographical area under the customs jurisdiction of a collector of customs.

(b) The terms "port" and "port of entry," as used in the regulations in this part, refer to any place designated by Executive order of the President, by order of the Secretary of the Treasury, or by act of Congress, at which a customs officer is assigned with authority to accept entries of merchandise, to collect duties, and to enforce the various provisions of the customs and navigation laws.

1. "The President is authorized from time to time, as the exigencies of the service may require, to rearrange, by consolidation or otherwise, the several customs-collection districts and to discontinue ports of entry by abolishing the same or establishing others in their stead: *Provided*, That the whole number of customs-collection districts, ports of entry, or either of them, shall at no time be made to exceed those established and authorized as on August 1, 1914, except as the same may thereafter be provided by law . . . ."

(Sec. 1, 38 Stat. 623, as amended; 19 U. S. C. 2)

By virtue of the act of August 8, 1950 (64 Stat. 419), the President, by Executive Order 10289, dated September 17, 1951 (3 CFR, 1951 Supp., p. 469), delegated to the Secretary of the Treasury the authority theretofore vested in the President by section 1 of the act of August 1, 1914, as amended (19 U. S. C. 2), (1) to rearrange, by consolidation or otherwise, the several customs-collection districts, (2) to discontinue ports of entry by abolishing the same and establishing others in their

(c) There are 46 customs collection districts of the United States. The following is an alphabetical list of customs collection districts with their numbers and with a list of the ports in each district. The first-named port in each district (in capital letters) is the headquarters port, and the asterisk preceding the name of a port indicates that marine documents may be issued at such port. The districts and ports were created by the President's message of March 3, 1913, by which he communicated to Congress his reorganization of the Customs Service pursuant to the act of August 24, 1912 (Secs. 1, 2, 3, 44 Stat. 1381, as amended, 1382; 5 U. S. C. 281-281b), except that certain changes in such organization have been made by subsequent orders of the President or the Secretary of the Treasury. In the following list the orders issued since March 3, 1913, that affect existing districts or ports are cited in parentheses following the name of the district or port affected.

(1) steved, and (3) to change from time to time the location of the headquarters in any customs-collection district as the needs of the service may require.

This does not include the customs collection district of the Virgin Islands which, although under the jurisdiction of the Secretary of the Treasury, has its own customs laws. (See sec. 36, 49 Stat. 1816; 48 U. S. C. 14061)

In addition to the customs collection districts listed which are within the customs territory of the United States, there is the customs collection district of the Virgin Islands (No. 51), the headquarters port of which is Charlotte Amalie, St. Thomas, and the subports of which are Cruz Bay, Coral Bay, Christianssted, and Frederiksted.

Marine documents may be issued at Charlotte Amalie, St. Thomas, headquarters port of the customs collection district of the Virgin Islands (No. 51); at Washington, N.C., a customs station in the customs collection district of North Carolina (No. 15); at Biloxi, Miss., a customs station in the customs collection district of Mobile (No. 19); and at Houma, La., a customs station in the customs collection district of New Orleans (No. 20). Marine documents may also be issued at the Commercial Port of Guam under the supervision of the collector of customs at Honolulu, Hawaii. Although the status of the port of Newark, N.J., was changed by T.D. 53786 to provide that it shall be operated as an integral part of the port of New York, N.Y., in the Customs Collection District of New York (No. 10), marine documents may continue to be issued at that port.

measured by an officer of the customs at the port or place where she may be.

(b) A vessel is not to be measured unless she is required by law to be registered, enrolled or licensed, or otherwise specially provided for.

§ 2.3 Purpose for which measurements are taken.

(a) Tonnage measurements are taken for the purpose of ascertaining the internal capacity of measurable spaces.

(b) All measurements are to be taken in feet and fractions of feet, and all fractions of feet shall be expressed in decimals.

§ 2.4 Register ton.

A register ton is a volume of 100 cubic feet.

§ 2.5 Gross register tonnage.

(a) The gross tonnage referred to in the following sections is the gross register tonnage; that is, the gross tonnage exclusive of all permissible exempted spaces.

(b) The gross register tonnage of a vessel shall consist of the sum of the following items:

(c) The cubical capacity below the tonnage deck, excluding exemptible water ballast spaces within the measurable portion of the vessel;

(d) The cubical capacity of each between deck space above the tonnage deck;

(e) The cubical capacity of the permanent closed-in spaces on the upper deck available for cargo or stores, or for the accommodation of passengers and/or crew;

(f) All permanent closed-in spaces situated elsewhere available for cargo or stores, or for the accommodation of the crew, or for the charts, except cabins or staterooms for passengers constructed entirely above the first deck which is not a deck to the hull;

(g) The excess of hatchways.

§ 2.6 Net register tonnage.

(a) The tonnage of a vessel remaining after the authorized deductions have been made from the gross register tonnage shall be deemed the net register tonnage.

(b) In ascertaining the net tonnage no space may be deducted unless it has previously been included in the gross tonnage and certified, showing the purpose for which used.

§ 2.7 The marine document.

The marine document of every vessel shall show the date and place of build; the register length, breadth, depth, and in vessels of more than two decks, the height of the upper deck to the hull above the tonnage deck; the number of decks and masts; build as to her stem and stern; capacity under the tonnage deck, that of the between decks, and also separately, permanently enclosed spaces on or above the upper deck to the hull available for cargo or stores or for the accommodation of passengers (provisionally) or crew, and the omitted spaces, whether open or closed in, on, above, or below the upper deck; the gross tonnage; items of deduction; and net tonnage.

§ 2.8 Application for measurement.

The builder of a new vessel required to be admeasured, or the person having supervision of changes and/or alterations affecting a vessel's register tonnage, is obliged to make application for admeasurement or tonnage adjustment as the case may be, in writing, to the collector of customs of the district in which the vessel is located. Such application shall be made before cargo or ballast is taken on, and in case of a new vessel, before boilers or engine is installed or compartments partitioned off.

§ 2.9 Drawings.

(a) Plans to be filed. In order to facilitate admeasurement, there shall be furnished by the vessel's builder or owner to the collector of customs for the district in which the vessel will be admeasured, either with the application for admeasurement or a reasonable period before admeasurement is scheduled to commence, blueprints or drawings of the following:

(1) A drawing of the cross section in which is shown the construction of the double bottom, if there be one;

(2) An inboard view of the longitudinal section, showing the double bottom, its use or uses, if existing, otherwise the floors, the compartments for water ballast, other than the double bottom, the decks, the superstructures, hatchways, etc.;

(3) Deck plans showing the arrangement and uses of different compartments and deductible spaces;

(4) Drawings showing the arrangement of the engine, boiler, and fuel compartments; and

(5) A tonnage plan showing half breadths of the sections at the points of division of the tonnage length of the vessel into a certain number of equal parts in accordance with the rules for the measurement of spaces under the tonnage deck. The scale or scales of these drawings are to be indicated thereon.

The collector of customs is to be advised of any subsequent changes in the vessel and furnished copies of the corrected plans, or a statement of such changes.

If there are no blueprints or drawings available and if the collector is satisfied that it is impracticable to require such plans to be prepared and made available, considering the size and nature of the vessel, as well as the cost and time involved, the vessel shall be measured without requiring their production.

(b) Sketches. When blueprints or drawings are not produced, necessary rough sketches may be made during the course of admeasurement showing the inboard profile, the midship cross-section, the hull and deck arrangements, and related matters, recording any necessary dimensions and showing details of important features such as the depth of side and bottom frames or floor timbers; the dimensions, location, and use of structures and hull spaces; and the thickness of the inner and outer skin. Such rough sketches shall be retained and filed with the other admeasurement papers. The rough sketches made shall not be redrawn to scale unless the admeasurer is satisfied that such action is necessary to insure that accurate dimensions have been lifted, to avoid the necessity for readmeasurement, or to insure against a claim of error which may reasonably be expected to be made in a particular case by the owner or agent.

§ 2.10 Measurements to be taken at an early stage.

Admeasurement should begin as soon as the vessel is sufficiently advanced in construction to permit its being done, usually when the decks are laid, the hold cleared of encumbrances to admit the required depths and breadths being properly taken; before the engine and boilers are installed and accommodations are partitioned off.

§ 2.11 Uniform system required.

(a) The following directions are given showing the progressive steps to be followed in the process of admeasurement. It is important not only that the rules be followed, but that required measurements be taken and calculations made in a uniform and correct manner that one general system may prevail throughout the service respecting this subject.

(b) Measurements taken aboard are to be recorded in the "Memorandum of Dimensions" known as Form 1413.

§ 2.13 Measuring instruments.

(a) The measurements should be made with a waterproof tape, graduated into feet and tenths of a foot, and as nearly inelastic as possible.

(b) Sliding rods which are of three sizes: One 3 feet long for taking depths from 3 to 5.8 feet; another 6 feet long for taking depths from 6 to 11 feet, or, with the extension piece attached, to 16 feet; and a third one 11 feet long for taking depths from 11 to 21 feet, or, with the extension piece attached, to 26 feet. The movable or index rod in each has an arrow index traversing a decimal scale on the fixed rod. Greater depths may be taken by inserting into the ends of the index rods, an extension piece, provided with sockets for this purpose one or more joints of lift rods described below:

The fixed rod is graduated in feet (in red) and tenths and half-tenths (in black), and when the ends of the rods are well together the arrow on the index rod points to the figure indicating the constant length of the fixed rod, and as the index rod is moved up the arrow indicates the length from the upper end thereof to the lower end of the fixed rod. Bear in mind, however, that when you use any of the attachments referred to above you must add to the reading on the fixed rod the net length of the attachment used; e. g., if the 6-foot rod is extended to its limit, 11 feet, which is reached when the arrow on the index rod is fair with the upper end of the fixed rod, and the extension piece is attached, which is done by slipping the bands on the lower end of it over the upper end of the index rod until the upper edge of the upper band is fair with the upper end of the index rod, and by fastening (on the groove side of the index rod) with set screws in the said bands, the length will not be 11 feet, as shown by the reading, but 16 feet, the reading plus the increment due to the attachment (11 feet + 5 feet). This increment may be further increased

top of same and to this dimension shall be added the height of grounds, battens or other type of support for the ceiling. (See Figures 4 and 5 (§ 2.65).)

(c) If the vessel is measured in parts, as explained later, the register depth is taken at one-half the tonnage length of the vessel.

**§ 2.21 Upper deck to the hull.**

The uppermost complete deck, which extends from stem to stern and from side to side at all points of its length and below which there are no openings through the hull as required in shelter deck spaces and also having its hatchways or other openings provided with means for closing them against the action of the sea and weather upon the space below enclosed by the sides of the vessel, making the said space a fit place for the stowage of general cargo, is to be considered the upper deck to the hull.

**§ 2.22 Enumerating the decks.**

In enumerating the number of decks, only those which are without such openings as exempt the spaces beneath from being included in the tonnage under the upper deck are to be considered. Other decks, if any, containing such openings as exempt the spaces beneath from inclusion in tonnage should be separately described after the number of decks proper; e. g., "Two decks and shelter deck," or as the case may be. Partial decks, forward or aft, such as orlop decks, are not considered as decks.

**§ 2.23 Register height.**

If the vessel has three or more decks to the hull, then the height from the top of the tonnage deck planking and/or plating to the under side of the planking and/or plating of the uppermost deck shall be deemed the register height of the uppermost deck above the tonnage deck.

**§ 2.24 Round of beam.**

(a) The round of beam (camber) is the perpendicular distance down from the crown of the under side of the tonnage-deck plank or plating at the center to a line stretched athwart the vessel from end to end of the top of the beam and is to be ascertained at every place where it is to be used in the measurement. (See Figures 6 and 16 (§ 2.65).)

(b) The round of beam of the tonnage-deck, which must be known before

ceiling on the frames, making no allowance for the "false ceiling."

(c) *Cargo battens, insulation.* Paragraph (a) of this section applies to cargo battens (spar ceiling) and refrigeration insulation.

**§ 2.18 Register length.**

(a) The length measured on the tonnage deck, from the fore part of the outer planking (where it is rabbeted) on the side of the stem of wooden vessels, or fore end of lap of outer plating of steel or iron vessels, to the after side of the main sternpost, shall be accounted the vessel's register length. (See Figures 2 and 3 (§ 2.65).)

(b) In the case of screw vessels with no sternpost, take the length to the forward side of the rudder-stock or line of same extended through the deck.

(c) The register length of screws and barges, with a square bow and stern sloping up from the bottom to the deck, and with neither stem nor sternpost, is to be taken on the deck from the extreme point of the hull at the bow to the extreme point of the hull at the stern; that is, the over-all length of the hull, not including guards or rubbing strakes, is to be considered the register length of such vessel.

**§ 2.19 Register breadth.**

(a) A measure from the outboard face of the outer skin on one side to the same point opposite, taken at or below the upper deck and at the widest part of the hull is the register breadth. (See Figure 4 (§ 2.65).)

(b) A practical method for finding the register breadth is, to add twice the sum of the depth of the vessel's side frames and thickness of outer skin, plus an allowance for thickness of ceiling, insulation or cargo battens if fitted, to the greatest tonnage breadth.

**§ 2.20 Register depth.**

(a) The register depth is taken at the middle of the tonnage length from the under side of the tonnage deck, or line of same, down to the top of the floors at the side of the keelson; or to the ordinary floor timbers or plates when fitted; or to the inner bottom plating (tank top) of a cellular double bottom; as the case may be, in a direction perpendicular to the keel.

(b) Should ceiling be fitted on the above mentioned bottom members, the register depth shall be measured to the

verse sections from the deck to the keelson, and sometimes, for finding registered breadth, a plumb line and bob are needed.

(g) For measuring laden vessels for Panama or Suez Canal tonnage certificates, a girting galvanized chain of an approved make is required.

**§ 2.14 Stem.**

A vessel's stem is to be described according to its contour; i. e., straight, raked, curved or square.

**§ 2.15 Stern.**

Describe the stern according to its shape at the after end below the upper deck or line of same, as round, elliptical, square or sharp.

**§ 2.16 Masts.**

In addition to what are commonly known as masts, spars set up at the center line of the bridging at the top of king-posts of certain vessels for signals and wireless antennae, etc., are to be considered as masts. The number of king-posts and derrick posts, etc., independent of the supported masts are to be separately stated after the number of said masts; e. g., "Two masts and eight king-posts," or as the case may be.

**§ 2.17 Ceiling, cargo battens, etc.**

(a) *Ceiling.* Ceiling hereafter referred to is considered the permanent planking fitted directly on the inboard side of the frames, or floors, or the top of the double bottom. The maximum allowance for ceiling is 3 inches on the bottom and 3 inches on each side. When ceiling is found to be less than 3 inches thick, allow the actual thickness thereof; that is, take dimensions to the face of the ceiling so found. Depths and breadths shall not be decreased due to grounds supporting ceiling nor shall allowance be made for ceiling on the under side of deck beams.

(b) *False ceiling.* In small vessels with "false ceiling" in a portion of their cabins, in their holds, or forming a part of their seats or lockers, etc., therein, and which stands off from their frames—that is, not fitted to them as ordinary ceiling—take the breadths through the said "false ceiling" to the inner faces of the vessel's frames, deducting therefrom the thickness of the "false ceiling" on each side. If, however, there is a ceiling fitted on the frames in addition to the "false ceiling," take the breadths to the

by inserting into the end of the extension piece one or more joints of lift rods, each of which is about 3.05 feet when adjusted. At the station of the area to be measured in single-deck vessels the rod is to be placed on the ceiling, or floor beam or timber when no ceiling is present, alongside the keelson or line of the keel, perpendicular or square thereto, and also parallel to the middle longitudinal plane of the ship, and forced up firmly under the deck and fixed in such position by the set screws; from the depths thus found take one-third of the round or one-half of the pitch of beam to get the depth of the area.

The depth of an area taken as above is to be divided into the required number of equal parts. (See § 2.29 (d).) With the rod fixed in position as above, set off on it from its lower end one of these equal parts, or common interval between the breadths, using white or other colored chalk or material that will make a visible mark, which gives the position of the first breadth above the bottom breadth, and from this when the rod is taken down the positions of the remaining breadths are to be set off at the said common interval.

The positions of all the breadths being thus severally marked on the rod, it is then to be set up again and firmly fixed or held in position, and the breadths may be readily and correctly measured by means of the tape held at right angles across the rod at each of the positions marked thereon.

In measuring vessels with more than one deck, where the second deck from the bottom is the tonnage deck, it will be necessary to use two of these rods in combination, one directly over the other, one in the hold under the first deck, as directed for single-deck vessels, and the other in the space between this deck and the tonnage deck. In this combination the tonnage depth is found by adding together the two depths and the thickness of the deck between the rods and deducting from this combined depth one-third of the round or one-half pitch of beam; then proceed as before directed.

(c) A 2-foot rule with a hinge is required for taking the rake of the bow and stern and for other purposes.

(d) A carpenter's square will be found useful for setting the sliding rod perpendicular to the keelson.

(e) For taking the breadths in the hold which are beyond the reach of the measuring officers two lift rods will be needed, each about 8 feet long (made by joining two sections), one having a pulley at the end over which the tape may be drawn when the rods are held in position and the other an attachment for holding the ring at the end of the tape.

(f) For transferring the location of the stations or ordinates of the trans-

compartments; and  
tions are partitioned off.

taking the tonnage length, as well as before measuring the depths of the tonnage sections, may be taken either at the under side of the deck by stretching a small line tightly from end to end at the top of the beam, which will show the round or camber of the beam at the center; or it may be taken, if more convenient, at the upper side of the deck by stretching a line tightly across, held at equal heights from the deck at each side of the vessel, so as just to touch the crown of the deck at the middle line; then the distance from the deck to the line at the vessel's sides gives the round of beam. (See Figure 6 (§ 2.65).) It is necessary to take the round of beam at each point of division of the length except when the vessel has a flat deck or one practically so. In lieu of the above methods, it may be ascertained on the basis of one-fourth of an inch to the foot of beam at each section in iron or steel vessels of the usual camber of beam. This method is more accurate and easier of application than the others.

(c) When the round of beam is 0.15 foot or less, it may be ignored.

#### § 2.25 Pitch of beam.

(a) In vessels whose tonnage deck has a pitch instead of a round from its side at the shell plating to its center, find the height of the pitch of the beam at each tonnage section. It may be done in any practical manner.

(b) The height of the pitch of the beam is the perpendicular distance from the apex at the under side of the tonnage deck plank or plating at the center of the deck down to a straight line from end to end of the top of the beam. (See Figure 7 (§ 2.65).)

#### § 2.26 Tonnage deck.

(a) The tonnage deck is the upper deck to the hull in vessels having not more than two decks, and the second deck from the keel in vessels having more than two decks.

(b) If the tonnage deck consists of several partial decks extending with breaks from stem to stern, and if the partial decks are at different heights, the line of the lowest deck will be taken as the tonnage deck, and the headroom above such line under the higher deck or decks will be measured as a break.

(c) Engine and boiler casings, peak tanks and cofferdams are not considered

as breaking the continuity of a deck. (See Figures 8 and 9 (§ 2.65).)

#### § 2.27 Tonnage length.

The tonnage length is the longitudinal distance on the under side of the tonnage deck, or line of same from a point where the line of the inboard faces of the side frames, or ceiling thereon if any, intersects the side of the stem, to a point at the inboard face of the stern timber or cart frame, or ceiling if fitted thereon. (See Figures 10 and 11 (§ 2.65).)

#### § 2.28 Depth of a transverse section.

(a) *Depth.* The depth of a tonnage section is a measurement taken at its proper point of division of the tonnage length, from a point at a distance below the tonnage deck equal to one-third of the round or one-half of the pitch of the beam, down to the upper side of the floor timbers or floor plates; or bottom floors alongside the keelson; or longitudinal; or the tank top of a cellular double bottom, as the case may be.

(b) *Ceiling.* If ceiling is fitted on the bottom floor members, depths of transverse sections terminate on the upper face of the ceiling of average thickness. (See Figure 4 (§ 2.65).) For tonnage depths where ceiling is fitted on tank top, see Figure 5 (§ 2.65).

(c) *Raised platform.* In vessels with a raised platform in the bottom and no ceiling fitted on the bottom frame members, the depths are to be taken down through the platform to the upper side of the floor timbers or floor plates as described above, deducting therefrom the thickness of the ceiling of the platform in question.

(d) *Depths in way of interruptions to tonnage deck.* Should depths of transverse sections fall where the tonnage deck is interrupted, due to a break, hatches, etc., then depths are taken from the line of continuation of the tonnage deck.

(e) *Rise of double bottom.* In vessels having a double bottom the tank top of which, in way of tonnage sections, rises from the center line to the wings, the tonnage depth of each section will terminate at one-half height of the dead rise. (See Figure 12 (§ 2.65).)

(f) *Fall of double bottom.* In vessels having a double bottom the tank top of which, in way of tonnage sections, has a straight fall from the center line to the wings the tonnage depth of each section

will terminate at one-half height of fall. (See Figure 13 (§ 2.65).)

#### § 2.29 Tonnage depths.

(a) *The tonnage depth.* The depth generally referred to as "the tonnage depth" is located at the middle point of division of the tonnage length and is found in a manner similar to the other depths of transverse sections.

(b) *Tonnage depth in a vessel measured in parts.* Should a vessel be required to be measured in parts, and each part measured as a separate unit; then a tonnage depth shall be found for each part or unit at one-half its tonnage length. (See Figure 14 (§ 2.65).)

(c) *Tonnage depth is the first depth measured.* The tonnage depth governs the number of parts into which it and all the remaining depths of the part in which said depth is located, is divided.

(d) *Divisions of tonnage depth.* If the tonnage depth at the middle of the tonnage length of the vessel or part of same does not exceed 16 feet, divide each depth into 4 equal parts; but if the depth at the middle of said length exceeds 16 feet, divide each depth into 6 equal parts.

(e) *Intervals.* The common intervals between the points of division of depths, also one-third common intervals are to be carried to the nearest hundredth of a foot.

(f) *Purpose for dividing tonnage depths.* Depths are divided to indicate points at which tonnage breadths are to be measured.

#### § 2.30 Tonnage breadths.

(a) *Breadths.* An inside horizontal breadth is to be measured at each point of division of the depth marked on the sliding rods placed in position as directed in § 2.13(b) and also at the upper and lower points of the depth. Extend each measurement to the inboard face of the ordinary frames, or line of same, or inboard face of ceiling, or battens, or insulation of average thickness if fitted. (See Figure 15 (§ 2.65).) Care must be taken that the sections shall be parallel to each other and at right angles to the axis of the vessel.

(b) *Upper breadth.* In finding the upper breadth of each transverse section make no allowance for the excess of the deck-beam sheaves, etc., over the permissible thickness of ceiling, if any, thereunder.

Referring to Figure 16 (§ 2.65), observe that after the deck is laid the upper breadth (represented by the line U B) passes through the deck on each side. Hence, it is impossible to take it at its true position. In such cases take it on the deck, allowing within the extended line of frames the thickness of the ceiling if any on the frames under deck, as shown by line T B in the figure.

Owing to deck-beam sheaves or other obstructions, it can be more conveniently and accurately taken here than under the deck, and, besides it will be only a few inches from its true position. In vessels which have upright sides the said breadth so taken will be correct, but in the case of vessels with inclining sides the necessary allowance must be made for the deviation of the sides from the upright in the few inches above the true position of the said breadth.

(c) *Bottom breadths.* Bottom breadths are taken only so far as the flat of the floor extends. (See B B, Figures 4 and 5; Figure 15; and B B, Figures 17 and 18 (§ 2.65).)

When bottom frames rise immediately from the keelson, or combined keel and keelson, and bona fide floor timbers or floor plates are not fitted, bottom breadths are equal to the breadth of keelson, or combined keel and keelson as the case may be. (See B B, Figure 19 (§ 2.65).)

The bottom breadths of transverse sections of vessels of longitudinal construction falling in the hold where there is no double bottom and where there is a dead rise of the bottom out to the sides of the vessel may be considered to be equal to that part of the bottom plating not affected by dead rise.

(d) *Bottom breadths in case of rise or fall of double bottom.* Bottom breadths falling in way of a double bottom the top of which rises or falls from the midship longitudinal plane to the board end of the frame brackets (or ceiling thereon if fitted), connecting the double bottom with the frames. (See B B, Figures 12 and 13 (§ 2.65).)

#### § 2.31 Measuring the tonnage length.

(a) The cubic capacity of the space below the tonnage deck is determined by use of the tonnage length together with the areas of a prescribed number of transverse sections as hereinafter described.

the case may be, for a distance equal to D, representing the rake within the thickness of the deck.

(d) It should be borne in mind that the condition for applying the method of setting out the angles on the upper side of the tonnage deck is that the stem or stern have the same angle of rake above and immediately below the tonnage deck. If the angle of rake at or immediately below the tonnage deck is a different one, then this last angle must be used.

(e) Should a vessel as referred to in paragraph (b) (2) of this section have a square bow or stern, it will be necessary to make a correction for camber where such exists. This is done by increasing the thickness of the deck B D in Figure 21 (§ 2.65) by one-third of the round or one-half of the pitch of beam at the extreme point of the tonnage length.

**§ 2.32 Divisions of tonnage length.**

(a) The tonnage length is to be divided into an even number of equal parts as required by the following table, according to the class in such table to which the vessel belongs:

Class	Tonnage length	Divisions
1	50 ft. or less.....	6
2	Above 50 ft., not exceeding 100 ft.....	8
3	Above 100 ft., not exceeding 150 ft.....	10
4	Above 150 ft., not exceeding 200 ft.....	12
5	Above 200 ft., not exceeding 250 ft.....	14
6	Above 250 ft.....	16

(b) The points of division of the tonnage length, also each end of the length indicate the common intervals at which a depth is measured. Intervals and one-third intervals are to be carried to the nearest thousandth of a foot.

**§ 2.33 Transfer of location of sections to keelson.**

(a) The tonnage length having been ascertained and the number of sections to be measured and the interval between them determined, a line is then to be extended down the main hatchway, at the middle line of the vessel, in a perpendicular direction.

(b) The distance of the midship tonnage section is then to be set off from this line in the same direction on the keelson, which gives the position of the midship section on the keelson, and the positions of the other sections are ob-

tained on the keelson by setting off forward and abaft the midship section the common interval between sections as already determined.

The position of the midship tonnage section may be determined by any other practical means.

**§ 2.34 Transverse areas, rule for finding.**

(a) Assuming the tonnage length exceeds 250 feet requiring that it be divided into 16 equal parts, and the tonnage depth at the middle of the tonnage length exceeds 16 feet, requiring it to be divided into 6 equal parts:

(1) Measure the depth at each of the 15 points of division of the length as required, also at the extreme forward point (Section 1) and at the extreme after point (Section 17) of the length. (See Figure 22 (§ 2.65).)

(2) The extreme points of the length at the bow and stern, though described as being the positions of the first and last areas, do not in vessels of usual form yield any area for practical purposes. Therefore, in the computation for tonnage, where the first and last sections yield no areas, a cipher must be employed in their places. In vessels of unusual form, as, for instance, in barges or other craft in which the bow and stern are upright, with breadth also at those places, sections at the extreme points of the length will yield areas; in which cases such areas must be measured and used in the computation.

(3) Then measure the inside horizontal breadth at each of the five points of division of the depth, also at the upper and lower points of the depth.

(4) Number the breadths from above, numbering the upper breadth 1 and so on down to the lowest or seventh.

(5) Multiply the second, fourth and sixth by 4, and the odd numbered breadths by 2, except the first and last which are multiplied by 1.

(6) Add these products together.

(7) Multiply the sum thus obtained by one-third of the common interval between the breadths, and the product shall be deemed the transverse area.

(8) This process will be repeated for every section.

(b) Having thus ascertained the transverse area at each point of division of the length of the vessel, also at each end of the length if they yield areas, as required above, proceed to ascertain the

register tonnage of the vessel in the following manner:

(1) Number the areas successively 1, 2, 3, etc. No. 1 being at the extreme limit of the length at the bow and the last number at the extreme limit of the length at the stern.

(2) Then multiply the second and every even numbered area by 4 and the third and every odd numbered area by 2, except the first and last which are multiplied by 1.

(3) Add these products together and multiply the sum thus obtained by one-third of the common interval between the areas, and the product will be the contents in cubic feet of the spaces under the tonnage deck.

(4) Divide this product by 100, and the quotient, being the tonnage under the tonnage deck shall be deemed the register tonnage of the vessel, subject to the additions hereinafter mentioned.

(c) In every case when finding the capacity under tonnage deck, or a part thereof; whether the length be divided according to the table into 6 or 16 parts, as in classes 1 and 6, or in 2 or 4 parts as provided for in § 2.35 (a) and the depths into 4 or 6 parts, thus requiring 5 or 7 breadths respectively to be taken; the above formula shall be used; i. e., even numbered breadths shall be multiplied by 4, and odd numbered ones by 2 except the first and last which are multiplied by 1. Similarly when running areas through the multipliers, the even numbered ones shall be multiplied by 4 and odd numbered ones by 2, except the first and last, which are multiplied by 1.

**§ 2.35 Breaks in double bottom.**

(a) The tonnage length of a vessel having a break exceeding one-half of a foot in height, or a number of such breaks in the line of her double bottom, is to be divided into longitudinal parts establishing transverse vertical planes at such breaks. The length of each such part so found is then to be divided into a number of equal parts according to the class in the above table to which it belongs, just as if it were the length of a separate vessel: *Provided*, That such parts as are 20 feet or under in length may be divided into 2 equal parts, and those above 20 feet and not exceeding 40 feet in length may be divided into 4 equal parts instead of into 6, as indicated in the table in § 2.32 (a).

(b) When a vessel is required to be measured in parts, and each part measured as a separate vessel, the sum of the tonnages of the several parts is the capacity under the tonnage deck.

§ 2.36 Vessels having side tanks may be measured in parts.

Vessels having side tanks extending above the floor line or double bottom, and through which tanks tonnage breadths normally pass, may be measured in parts. The length of the first part will extend aft to the line of the forward bulkheads of the side tanks. (See Figures 23 and 24 (§ 2.65).) The length of the second part is equal to the length of side tanks, and the depths extend, at proper intervals under the tonnage deck, down to athwartship lines forming continuation of the side tank tops. (See Figure 25 (§ 2.65).) The third length immediately below the second part should equal that of the second. The breadths are taken between the inboard faces of the side tank bulkheads, and depths from athwartship lines forming continuation of the side tank tops. The fourth part will extend from a line athwart the after bulkhead of side tanks to a point aft where tonnage lengths usually terminate. Measure separately a side tank, the tonnage of which is to be doubled, assuming both tanks are identical as they usually are; then the sum of the tonnage of the several parts thus found shall be deemed the capacity under tonnage deck.

§ 2.37 Outside shaft tunnel.

To find the under deck tonnage of a vessel having an outside shaft tunnel, the shape of a section of which is usually the segment of a circle, measure the portion of the tunnel space included by the process of measurement in the under deck tonnage and subtract it therefrom. (See Figure 26 (§ 2.65).)

Divide the length of such tunnel into a convenient number of equal parts, then find an area at the points of division of the length, also at the ends, if the end ones yield an area, by the following formula:

$$\text{AREA} = \frac{2h}{3} (e)$$

e—chord of the segment of a circle.  
h—height of segment (from chord to crown of arc).

Having found the required areas, proceed in the manner provided for using the areas as ordinates in determining under deck tonnage, finding the sum of even numbered areas multiplied by 4; the odd numbered areas multiplied by 2, except the first and last which are multiplied by 1. Then multiply the sum so found by one-third common interval between sections. The result divided by 100 gives the tonnage of the tunnel to be subtracted from the under deck tonnage found by ignoring initially the projection of the crown of the tunnel into the hold.

§ 2.38 Square end vessels having head blocks.

(a) In the case of vessels with square ends having head blocks extending from the deck to the bottom longitudinally on the rake of the bottom, the terminal tonnage length will be at the inboard face of said block, and the area of the first and last section will equal the area of the inboard face of said block. (See Figure 27 (§ 2.65).)

(b) Should the head blocks extend inboard of the inboard face of the end frames (see Figures 28 and 29 (§ 2.65)), or should the head plates be excessive (see Figure 30 (§ 2.65)), consider the terminal of the tonnage length to be at points inboard from the ends of the vessel, equal in distance to the thickness of the shell plating, depth of side frame, plus ceiling if fitted. Rubbing strakes to be excluded.

§ 2.39 Between decks.

(a) If the vessel has a third deck, the tonnage of the space between it and the tonnage deck shall be ascertained as follows:

(1) Measure the inside length of the space at the middle of its height, from the ceiling at the side of the stem to the ceiling on the midship stern timber; or, if there is no ceiling take the length from a point forward where a continuation of the lines of inboard faces of the side frames intersect the center line of the vessel aft to the inboard face of the midship stern timber. Divide the length into the same number of equal parts into which the length of the tonnage deck is divided.

(2) Measure also at the middle of its height the inside breadth of the space at each of the points of division of the length, the breadth at the stem, and the breadth at the stern (if round, as in the case of poops of similar form). Number

the breadths successively 1, 2, 3, etc., commencing at the stem.

(3) Multiply the second and all other even numbered breadths by 4 and the odd-numbered breadths by 2, except the first and last which are multiplied by 1. Multiply the sum of these products by one-third of the common interval between the points at which the breadths were taken; the result will give, in superficial feet, the horizontal area at the mean height of such space.

(4) Multiply the mean horizontal area by the average height taken between the planks of the two decks and the product will be the cubical contents of the space; which, divided by 100 shall be deemed the tonnage to be included among the items comprising the vessel's gross tonnage.

(b) If the vessel has more than three decks, the tonnage of each of the between decks above the tonnage deck shall be severally ascertained in the manner above described and shall be added as items comprising the vessel's gross tonnage.

§ 2.40 Superstructures.

(a) *Permanent erections.* Permanent erections; i.e., forecastle, bridge, poop, break, etc., on or above the upper deck, shall be measured tier by tier, and, exclusive of closed-in exemptible spaces, and open spaces, shall be included in the gross tonnage.

(b) *Length.* Measure at half height the mean length of such a space along its center longitudinal line, from and to the line of the inboard faces of the frames, or stiffeners, or ceiling if fitted. Divide the length into an even number of equal parts the common intervals of which shall be most nearly equal to that of the parts into which the tonnage length was divided. (See Figure 31 (§ 2.65).)

(c) *Breadths.* Measure at the middle of its height the inside breadths; namely, one at each end and one at each point of division of the length, numbering them successively 1, 2, 3, etc., the number one breadth being at the extreme forward end of the length.

(d) *Round-end erections.* If the after end of an ordinary poop or a house is in the form of a continuous arc of a curve, its breadth at the extreme after end of its length shall be one-half of the preceding breadth. If the after end

of such a poop or house is in the form of an arc of a curve which is broken at its extreme after end by a decided flat, its breadth at the extreme after end of its length shall be two-thirds of the preceding breadth. (See Figures 32 and 33 (§ 2.65).)

(e) *Round-end erections.* If the forward end of a house is in the form of a continuous arc of a curve, its breadth at the extreme forward end of its length shall be one-half of the succeeding breadth. If the forward end of such a house is in the form of an arc of a curve which is broken at its extreme forward end by a decided flat, its breadth at the extreme forward end of its length shall be two-thirds of the succeeding breadth.

(f) *Multipliers.* Multiply the even numbered breadths by 4, and the odd numbered ones by 2, except the first and last which are multiplied by 1.

(g) *Horizontal area.* Multiply the sum of the products by one-third of the common interval between the points at which the breadths were taken; the result will give the horizontal area at the mean height of such space.

(h) *Height.* Multiply the mean horizontal area by the average height measured between the decks, or the extended line of same. (See B and C in Figure 9 (§ 2.65).) Divide the product by 100 and the quotient shall be deemed the tonnage of such space.

(i) *Superstructures having breaks.* Superstructures having breaks in their covering deck or side lines shall be measured in parts. (See Figure 34 (§ 2.65).)

(j) *Superstructures on small craft.* Superstructures on small craft shall be measured similar to the method for finding the gross tonnage of larger structures. When a superstructure is erected over a cut-away portion of the tonnage deck, the height of such superstructure is to be taken from the under side of its covering deck to a line of continuation of the tonnage deck. Should there be no camber to the tonnage deck, allow for same, in the covering deck of the erection if it exceeds 0.15 foot. After subtracting the tonnage of exemptible spaces in the superstructure, the remainder shall be listed under a name describing the erection, among the items comprising the gross tonnage.

(k) *Height of a turtleback.* The mean height of a superstructure referred to as a "turtleback" may be found by tak-

ing a height at each point of division of its length, at the after terminal of its length, and at one-third common interval abaft the forward end of the length. The sum of the heights so taken, divided by the number of heights, will give a sufficiently accurate mean height.

**§ 2.41 Hatchways.**

The cubical contents of the hatchways shall be obtained by multiplying the length and breadth together and the product by the mean depth taken from the top of the beam to the under side of the hatch cover. From the aggregate tonnage of the hatchways there shall be deducted one-half of 1 percent of the gross tonnage of the vessel exclusive of the remainder only shall be added to the said gross tonnage as excess hatchways.

The hatchways referred to are the ones out in the open or in open spaces on the upper deck to the hull and on closed-in deck erections. Hatchways on erections are not to be measured and included in the aggregate of hatchways from which the statutory deduction is to be made. The total hatchways on decks within closed-in erections on the upper deck to the hull are automatically included in the between-deck spaces and in the said erections by the process of measurement; and, of course, the hatchways on decks of open erections are not to be considered, serving as they do spaces not entering into the tonnage of the vessel.

**§ 2.42 Record of exempted spaces.**

The tonnage measurement of all spaces on or above the upper deck that the measurer has not included in the gross tonnage of the vessel must be recorded in detail on Form 1410, "Tonnage admeasurement," which, when forwarded to the Bureau for examination and appropriate action must be accompanied by suitable plans or sketches drawn to scale, or a complete explanation for the proper consideration of the exemption of such spaces.

**§ 2.43 Enclosed spaces exempted from inclusion in gross tonnage.**

The following closed-in spaces situated on or above the upper deck shall not be included in the gross tonnage provided

they are reasonable in extent, adapted and used exclusively for the purposes outlined:

(a) *Companions.* Companions and booby-hatches serving as a protection for companionways (stairways or ladders) leading to spaces below, whether such spaces are exempted or not. (See a, b, c and d in Figure 35 (§ 2.65).)

(b) *Galleys.* Spaces fitted with ranges or ovens (bakeries), without regard to the category of the persons they serve.

(c) *Light and air.* Spaces forming part of the propelling machinery space, or serving for the admission of light and air to such machinery shall be exempt under the heading of light and air. When no part of the propelling machinery extends below the upper deck, the space occupied by same is exemptible in its entirety together with such fuel bunkers as are located on or above the upper deck. Where fuel bunkers or tanks are located wholly or in part below the upper deck the space so occupied below the upper deck is not deductible.

(d) *Light and air on small boats.* (1) A house of reasonable size, into which the propelling machinery projects above the deck line, or a similar house used exclusively for light and air over such machinery on small boats is exempted, in its entirety, as light and air.

(2) A compartment of reasonable size, bulkheaded off and similarly used, located in a house serving other purposes is likewise so treated.

(3) When propelling machinery and/or light and air space, not bulkheaded off, is in a house serving other purposes, the actual length and breadth of the engine plus 2 feet each side and each end for working space, if such space is available, projecting up into the house becomes the length and breadth of exempted light and air, exclusive of such part as may be decked over and available for other purposes.

(4) If bunks, galley, supplies, etc., are located in the hull abreast the engine and under a house open to same, as described in preceding paragraph, and the 2-foot allowance for working space on each side of the engine base overlaps working space at galley, or as the case may be, allow one-half the actual breadth on each side the engine, which breadths plus the actual engine breadth projecting up into the house becomes the permissible breadth of light and air exemption.

(e) *Machinery spaces.* (1) Spaces occupied by machinery other than propelling machinery.

(2) The spaces occupied by dredging machinery on the upper deck of dredging vessels which are not self propelled but which are required to be documented are to be exempted. No allowance is to be made for spaces occupied by such machinery below the upper deck.

(f) *Skylights.* Skylights and domes affording ventilation and light to the erection thereunder, except skylights over propelling machinery. None of the space below the covering deck of such erection shall be exempted from inclusion in tonnage unless an opening is left in the deck of the superstructure immediately under such skylight or dome to give ventilation and light to spaces below such deck line. (See exempted skylight and a, b, c and d in Figure 36 (§ 2.65).) For the treatment of skylights over propelling machinery, see paragraph (c) of this section.

(g) *Special exempted water-ballast spaces.* (1) Any space other than the double-bottom space adapted only for water ballast, certified by the collector not to be available for the carriage of cargo (other than ballast water for use for underwater drilling, mining, and related purposes, including production), stores, supplies, or fuel, shall be deducted from the gross tonnage as measured to get gross register tonnage.

(2) Adaptation for water ballast consists of having the space or spaces properly constructed and tested as ballast tanks; that the pumps, pipes, etc., for filling and emptying such tanks must be of suitable dimensions, connected to the ballast system, and completely independent of the cargo, fuel oil, feed or domestic water pumping apparatus. Access shall be only through oval or circular manholes, whose greatest diameter must not exceed 2 feet in the watertight deck. Where a hatch exists over a space now to be used for the carriage of water ballast, plating shall be fitted and riveted or welded to form a watertight cover and a manhole as above described may be fitted in this cover plate. Such manholes, except when fitted on the weather deck, may be provided with a coaming not exceeding 6 inches in height. If these spaces are found being used for purposes other than water ballast, they are to be added to the gross tonnage of the vessel, and so included until such changes have

been made as will definitely preclude their use for purposes other than for water ballast.

(3) No space will be deemed to be adapted only for water ballast unless the Bureau is satisfied that the primary purpose of the space is to afford a means of maintaining stability, trim, immersion, seakeeping capabilities, or strength conditions under varying conditions and requirements of the vessel's operation and that the space claimed for exemption is necessary to and available at all times for any one of these purposes. An application for exemption of water-ballast spaces in excess of 30 percent of the vessel's gross tonnage, calculated without any allowance for water ballast, shall be submitted for approval to the Commissioner of Customs, accompanied by a statement in writing from the vessel owner or his representative as to the circumstances of use or construction of the vessel which make such an allowance necessary and proper and verifying that the conditions specified in this paragraph have been and are met. Any change in the facts on the basis of which a water-ballast exemption is granted under this section shall be promptly reported to the collector of customs for his determination as to whether there has been a change in the use of spaces requiring an adjustment of tonnage under § 2.64.

(h) *Water closets.* Any public room or compartment, if of reasonable size, fitted with hopper or hoppers, is, for admeasurement purposes, a water closet. This definition includes a room or a compartment designated as a toilet, fitted with urinal, or urinals, shower bath or shower baths, in addition to the hopper or hoppers. A crew water closet is considered public if it serves more than one member of the crew.

(i) *Wheelhouse.* The space for sheltering the man or men at the wheel. If the space is a combined wheelhouse and chart room, only such space as is necessary for the proper steering of the vessel shall be exempted. Should the space be

The term "seakeeping" as used in this paragraph is defined as the ability of a vessel to maintain good behavior at its designed speed or at a speed as close as possible to its designed speed under all conditions of sea and weather which the vessel may encounter in its designated service.

partly above and partly below the upper deck, such part above the line of continuation of said deck is exemptible.

#### § 2.44 Passenger cabins.

(a) Passenger cabins and staterooms immediately on the upper deck to the hull, permanently closed-in and fitted up for permanent use of passengers, are to be included in the gross tonnage. They will be exempted only when they have no berthing accommodations and have only temporary arrangements to protect passengers on short voyages from rain and the shipment of seas, constituting sheltered spaces under cover and open to the weather; that is, not enclosed.

(b) Cabins and staterooms when assigned for use of passengers only, constructed entirely above the first deck which is not a complete deck to the hull (see § 2.21), may be exempted from inclusion in tonnage. In the case of Army transports, colliers, supply ships, hospital ships, etc., the term "passengers" shall include all officers, enlisted men, and other persons who are not assigned to ship's duties and not entered on the ship's articles, and no deductions for spaces occupied by such persons shall be made; nor are cabins and staterooms occupied by them when situated on a deck not a deck to the hull to be included in gross tonnage.

(c) For admeasurement purposes a cabin is defined as an apartment of a vessel, or the portion of the apartment that is assigned for the exclusive use of passengers. A cabin may consist of staterooms, bathrooms, toilets, libraries, writing rooms, lounges, dining rooms, saloons, smoking rooms, play rooms, etc., individually or collectively. The following spaces—smoking room, lounge, foyer, library, and similar public spaces, with or without a stateroom—would, for instance, be considered cabins. In short, any passenger stateroom or public space reserved entirely for the use of passengers is to be considered as coming under the meaning of the word "cabin".

(d) A passenger stateroom is defined as an apartment, or one of the units of an apartment on a vessel, intended primarily to afford sleeping and/or other accommodations for passengers traveling alone or together.

#### § 2.45 Open superstructures on or above the upper deck.

(a) Treatment. Nothing shall be added to the gross tonnage for any sheltered space on or above the upper deck which is under cover and open to the weather; that is, not enclosed.

(b) Determination as to inclusion in gross tonnage. In deciding whether or not superstructures are permanent or closed-in spaces and should be included in tonnage, the measurer should have regard to the character and structural condition of such erections.

(c) Tonnage openings. A forecastle, bridge, poop, or any other permanent superstructure on or above the upper deck to the hull, with one or more openings in its sides or ends, not fitted with doors or other permanently attached means (except as provided for below) of closing them, shall be exempted from inclusion in gross tonnage if the opening or openings are in conformity with the following provisions:

(1) Two 3 x 4 foot tonnage openings. When there are in one of the end bulkheads, two tonnage openings, each 3 feet wide by 4 feet high in the clear, one on each side of the center line of the end bulkhead.

(2) One 4 x 5 foot tonnage opening. When there is in one of the end bulkheads, as near as is practicable to the center line of the space, one tonnage opening at least 4 feet wide by 5 feet high in the clear, or its equivalent. An equivalent opening is considered to be one of at least 20 square feet in the clear, resulting from a breadth in excess of 4 feet and a height of not less than 3 feet.

(d) Intermediate bulkheads. If the space is subdivided by intermediate bulkheads, such bulkheads shall have an opening or openings of the same dimensions as prescribed above.

(e) Coamings. If coamings are fitted to tonnage openings, their height must not exceed 2 feet at any part.

(f) Permissible temporary closures for exterior bulkhead tonnage openings. Tonnage openings prescribed for the above-mentioned superstructures may be temporarily closed by shifting boards dropped into channel sections at the sides of such openings, or by plates or boards held in place by hook bolts, spaced not less than 1 foot apart, fitting over the stiffener bar at the sides, top, and bottom of such openings, or by a plate

or boards held in place by bolts and cross pieces so arranged as not to be held in place by cleats or other attachments to, or bolts through the bulkhead. (See Figures 37 to 43, inclusive (§ 2.65).) Cover plates, etc., must lay against the bulkheads.

(g) Battening, gaskets, etc. In no case is the use of battening, caulking, or gaskets of any material permitted.

(h) Permanent fixtures. Cleats, stud bolts, hinges attached to, or bolts in bulkheads at the edges of tonnage openings are prohibited as they are considered to be part of the means, in conjunction with the plate or boards, of closing the tonnage opening.

(i) Closures for interior bulkhead tonnage openings. The same temporary means of closing, except by plates, the tonnage openings in interior bulkheads are permitted.

(j) Enclosure within an open space. An enclosure within an exempted space must be treated according to its use.

#### § 2.46 Open shelter deck space.

(a) No space between the upper and shelter decks of a vessel shall be exempted from inclusion in gross tonnage as open shelter deck space unless there is in that shelter deck a permanent middle-line tonnage opening which, except as provided in this paragraph, is at least 4 feet long in the clear and at least as wide, in the clear, as the after cargo hatch on that deck. If any such opening is less than the minimum size in the clear specified in this paragraph solely because one or more corners of that opening are rounded, that space shall be exempted, upon compliance with all applicable provisions of this section, in any case in which the radius of curvature of each such corner is not greater than 9 inches, or in any case in which a greater radius of curvature is required in writing by the United States Coast Guard or by a recognized classification society. In the latter case, a copy of that written requirement shall be filed in the office of the collector of customs by whom the vessel is admeasured.

(b) Position of middle line tonnage opening. The distance between the after edge of this tonnage opening and the aft side of the sternpost must not be less than one-twentieth the register length of the vessel, or if the tonnage opening is forward, its fore side must

not be less than one-fifth the register length of the vessel from the stern.

(c) Coamings. The coamings of the middle line tonnage opening must not exceed 12 inches extreme mean height above the deck, including the beading, etc., at the top for confining the hatch covers. If any such opening is guarded by rails or stanchions they shall be so arranged that they may not be used to secure or assist in securing a cover over that opening.

(d) Cover. (1) When portable wood covers are fitted they may be held in place by lashings fitted to the under side of the covers; lashings may be of hemp, manila, or other similar material.

(2) When a metal cover is used, it may be held in place by hook bolts spaced not less than 18 inches apart, passing through the cover plate and hooked over angle stiffeners or flanges fitted on the outside of the coamings; i. e., the bolts must not pass through the stiffeners or flanges on the coaming, nor must there be any other attachments on the coaming for fastening the cover.

(e) Opening not to be enclosed. The middle line tonnage opening in a shelter deck must not be within a superstructure of any type.

(f) Tonnage openings in shelter deck space. When the permanent deck opening is situated aft, there must be at least two openings, each 3 feet wide by 4 feet high in the clear, in each of the transverse bulkheads within the shelter deck space forward of said deck opening; or should the deck opening be forward, the same requirements apply to transverse bulkheads abaft such forward deck opening.

(g) Coamings. Coamings, if fitted, must not exceed 2 feet in height at any part.

(h) Temporary closure. Excluding plates, the same temporary means of closing tonnage openings in the bulkheads of the well under the middle line tonnage opening in the shelter deck and in the intermediate bulkheads, if any, in the shelter deck space are permitted as described in § 2.45 (f).

(i) Well under middle line tonnage opening. The well under the middle line tonnage opening (in the shelter deck) must have a minimum length of 4 feet throughout its entire breadth and height, and shall be kept clear at all times.

(h) **Platforms.** (1) When there is a platform, not more than 1 foot above the top of the bottom frames, to give a flat surface at the bottom of deductible spaces, and the space between the platform and said frames is not used for the stowage of gear, stores, etc., or for any other purpose, take depths of transverse sections to the top of the bottom frames and find areas as in the case of transverse sections for finding the tonnage below the tonnage deck. (See Figure 47 (§ 2.65).) P represents the platform 1 foot above the top of the bottom frames. A, B, and C are the positions of the sections. The forward section A, being sharp, yields no area.

(2) When the platform is more than a foot above the bottom frames, then find the areas only of the portion of the sections above the platform. (See Figure 48 (§ 2.65).)

(3) The depth of deducted spaces extending from the top to bottom of a deck may be taken between the same points as the depths used in finding the tonnage of the erection. In other words, if the erection was measured before the deck covering, if any, was laid, and the ceiling or paneling, if any, overhead was fitted, and depths were taken from the underside of the covering planks or plating of the deck over as required by the law and regulations to the deck beneath, the deck covering and overhead ceiling are to be disregarded in obtaining depths of the various deducted spaces. In determining the number of men that may be berthed in a space the act of March 4, 1915, (38 Stat. 1165; 46 U. S. C. 660-1) is to govern.

(i) **Spaces in the between decks, etc.** Deducted spaces in the between decks or erections on or above the upper deck having curved sides are to be measured according to § 2.40.

§ 2.50 **Navigation spaces.**  
(a) **Spaces used exclusively for navigation.** Spaces used exclusively for maneuvering or navigating the ship shall be deducted from the gross tonnage to the extent of what is considered reasonable. When the steering gear, anchor gear, helm, etc., are situated within a room unnecessarily large for the purpose, or are not partitioned off at all, a 2-foot allowance on every side of the apparatus may be made for working space. The height to be allowed should, as a rule, be the mean height of the between deck space.

**Bathrooms.** A bathroom is a compartment of a room containing (1) a bath tub, or (2) a bath tub and a water closet, or (3) a shower bath or showers without a water closet regardless of its location.  
Clothes drying room.  
Drinking water filtration or distilling plant below deck.  
Hospital.

Crew mess rooms.  
Officers' mess rooms.  
Office of chief engineer.  
Oil skin locker.  
Pantry.  
Recreation room.  
Shower baths.  
Sleeping rooms.  
Smoking rooms.  
Water closets, private.

A private water closet is defined as one intended to serve not more than one member of the crew, whose stateroom or bedroom adjoins the only means of entrance thereto and is treated as part of the room served by it. Other water closets are considered to be public water closets for admittance purposes.  
Water closets, public—below the upper deck.  
Passageways and companionways serving the above spaces.

But none of these spaces when used by the passengers on a passenger vessel are to be deducted nor is the clerk's, purser's or paymaster's office deductible.

(e) **Non-deductible spaces on deductible passageway.** Lockers of less than 2 tons each, containing medicine, linen, mops, etc., for the free use of the crew; the ship's office, also spare rooms, not exceeding two in number and used as required by a pilot, customs officer, reserve engineer, a company official or employee shall not invalidate the deduction of a passageway serving as sole access to their location.

(f) **Master's cabin.** Any space exclusively for the use of the master. This space includes sleeping room, dressing room, bathroom, office, and passageways serving the master's accommodations.

(g) **Measuring deductible spaces.** Deducted spaces, rectangular in shape, are to be measured by taking the product of the three dimensions, but when bounded by curved surfaces conforming to the sides of the vessel below the tonnage deck exceeding 15 feet in length, they are to be measured according to the formula on the back of Form 1410 for measuring peak tanks. When the space is less than 15 feet in length it may be measured by any practical method.

§ 2.49 **Deductions from gross tonnage.**  
(a) **General.** To ascertain the net tonnage, the tonnage of the following spaces meeting certain requirements shall be deducted from the gross tonnage.  
(b) **Requirements.** No space shall be deducted unless it has been included previously in the vessel's gross tonnage; is reasonable in extent for the purpose to which it is appropriated; and is certified by marking as prescribed in paragraph (c) of this section showing that it is used exclusively for such purpose.

(c) **Marking.** The following markings are required by paragraph (b) of this section: For each space appropriated exclusively for the use of the master, including the master's bathroom, bedroom, dressing room, sitting room, office, reception room, and water closet—“Certified for the Accommodation of Master”; for each space appropriated exclusively as a bedroom for the use of crew members, including officers other than the master—“Certified to Accommodate ----- Seamen”; and for other deductible spaces—“Certified -----”, inserting the appropriate designation such as—“Boatswain's Stores,” “Chart House,” “Dynamo,” “Galley,” “Hospital,” “Messroom,” “Office of Chief Engineer,” “Pump Room,” “Radio,” “Steering Gear,” “W. C.” The following abbreviations may be used: “Cert. Accom. Master,” “Cert. Accom. ----- Seamen,” “Cert. Boatswain's Stores,” “Cert. Chart House,” “Cert. W. C.” or “Cert. -----”, inserting the space designation. The marking shall at all times be embossed, center-punched, or otherwise permanently cut in metal, and painted over with oil paint in a light color on a dark background, or a dark color on a light background, or carved or branded at least three-eighths of an inch in wood over the doorway. Roman letters and deductible space. Roman letters and Arabic numerals at least one-half of an inch in height shall be used and shall be readily legible at all times. If desired, the marking may be made on a plate of metal (but not of other material) permanently fastened in place by means of welding, riveting, or lock-type screws.

(d) **Crew spaces.** The tonnages of the spaces or compartments exclusively occupied by and appropriated to the use of the officers and crew of the vessel including:

(j) **Scuppers.** A scupper, having a 5-inch minimum inside diameter, fitted with a screw down non-return valve geared to and operated from each side of the deck, must be fitted on each side of the upper deck in way of the permanent middle line tonnage opening in the shelter deck. (See Figure 44 (§ 2.65).)

(k) **Means for closing.** All openings in the upper deck to the hull must be provided with proper means for closing and battening down.

(l) **Closed-in spaces.** Any closed-in space within an open shelter deck space shall be treated according to its usage.

§ 2.47 **An open structure on small craft.**  
(a) A house on a small craft is considered open to the weather and exempted from inclusion in tonnage provided the after end of such house is entirely open, from the under side of its roof beam down to a coaming not exceeding 3 inches in height, if there be a coaming, otherwise to the deck or line of rection from and to the inboard face of the end side stiffeners. (See Figures 45 and 46 (§ 2.65).) Closed-in spaces within an open erection will be treated according to their usage.  
(b) Such an opening may be guarded by wire mesh screens and/or temporarily closed by canvas secured at the top and lashed down or buttoned in place at the sides and bottom.

§ 2.48 **Open vessels.**  
(a) In ascertaining the tonnage of open vessels the upper edge of the upper strake shall form the boundary line of measurement, and a tonnage depth shall be taken from a line athwart the upper edge of said strake, at each point of division and each end of the tonnage length.  
(b) An open vessel is one of any length without a deck, or with only a partial deck or partial decks, the total length of which is less than one-half her tonnage length.  
(c) Further, a vessel having a tonnage length of less than 50 feet and a partial deck of any length or a single full length deck, which, in either case, lies more than one-sixth of the midship depth below the line of the upper edge of the upper strake to the usual point in the hold for taking the register depth, shall, for admittance purposes, be deemed an open vessel unless it has a mechanically refrigerated hold or holds.

(h) **Platforms.** (1) When there is a platform, not more than 1 foot above the top of the bottom frames, to give a flat surface at the bottom of deductible spaces, and the space between the platform and said frames is not used for the stowage of gear, stores, etc., or for any other purpose, take depths of transverse sections to the top of the bottom frames and find areas as in the case of transverse sections for finding the tonnage below the tonnage deck. (See Figure 47 (§ 2.65).) P represents the platform 1 foot above the top of the bottom frames. A, B, and C are the positions of the sections. The forward section A, being sharp, yields no area.

(2) When the platform is more than a foot above the bottom frames, then find the areas only of the portion of the sections above the platform. (See Figure 48 (§ 2.65).)

(3) The depth of deducted spaces extending from the top to bottom of a deck may be taken between the same points as the depths used in finding the tonnage of the erection. In other words, if the erection was measured before the deck covering, if any, was laid, and the ceiling or paneling, if any, overhead was fitted, and depths were taken from the underside of the covering planks or plating of the deck over as required by the law and regulations to the deck beneath, the deck covering and overhead ceiling are to be disregarded in obtaining depths of the various deducted spaces. In determining the number of men that may be berthed in a space the act of March 4, 1915, (38 Stat. 1165; 46 U. S. C. 660-1) is to govern.

(i) **Spaces in the between decks, etc.** Deducted spaces in the between decks or erections on or above the upper deck having curved sides are to be measured according to § 2.40.

§ 2.50 **Navigation spaces.**  
(a) **Spaces used exclusively for navigation.** Spaces used exclusively for maneuvering or navigating the ship shall be deducted from the gross tonnage to the extent of what is considered reasonable. When the steering gear, anchor gear, helm, etc., are situated within a room unnecessarily large for the purpose, or are not partitioned off at all, a 2-foot allowance on every side of the apparatus may be made for working space. The height to be allowed should, as a rule, be the mean height of the between deck space.

(b) **Master's cabin.** Any space exclusively for the use of the master. This space includes sleeping room, dressing room, bathroom, office, and passageways serving the master's accommodations.

(c) **Measuring deductible spaces.** Deducted spaces, rectangular in shape, are to be measured by taking the product of the three dimensions, but when bounded by curved surfaces conforming to the sides of the vessel below the tonnage deck exceeding 15 feet in length, they are to be measured according to the formula on the back of Form 1410 for measuring peak tanks. When the space is less than 15 feet in length it may be measured by any practical method.

(d) **Crew spaces.** The tonnages of the spaces or compartments exclusively occupied by and appropriated to the use of the officers and crew of the vessel including:

(b) *Anchor gear.* The spaces below, occupied by anchor gear, include the capstan, windlass, and chain locker. When the fore peak is used exclusively as the chain locker, it is to be measured in the manner prescribed for measuring fore peak tanks when used for water ballast.

(c) *Boatswain's stores.* (1) Subject to the restrictions stated below, any space exclusively appropriated to and used for keeping the boatswain's stores may be deducted.

(2) The allowance for boatswain's stores shall be 1 percent of the gross tonnage in vessels of 100 gross tons and over, but this allowance shall in no case exceed 100 tons. In the case of vessels of less than 100 gross tons this deduction shall not exceed 1 ton.

(d) *Chart room.* (1) The space for keeping the charts, nautical instruments and for plotting the course. When the space is a combined wheel and chart room, such part as is not exempted as wheelhouse shall be deducted.

(2) In small vessels requiring the use of navigation charts, and where the cabin or saloon is the only space available for filling or use of such charts, one-half of the cabin or saloon, may be allowed for this purpose provided the allowance does not exceed  $1\frac{1}{2}$  tons.

(e) *Donkey engine and boiler.* (1) The space occupied by a donkey engine and boiler, if situated within the boundary of the engine room or the casing above it, and if the donkey engine is used as an auxiliary in connection with the main machinery for propelling the vessel and this space forms part of the actual engine room it shall not be subject to a separate allowance.

(2) When the donkey engine and/or boiler is in a house above the upper deck and not used in connection with the main propelling machinery as described above, the space thus occupied is an exemption and therefore must not be included in the gross tonnage of the vessel.

(3) In all other cases the space occupied by the donkey engine and boiler, if same are connected with the main pumps (except cargo pumps) of the vessel, is to be allowed as a deduction from the gross tonnage, if reasonable in extent. It must be certified in the same manner as other deductible spaces.

(f) *Dynamo spaces.* The space or spaces when reasonable in extent, occupied by dynamos, switchboards and apparatus necessary for the operation of

and boilers, and consisting of the following items:

(a) *Space below the crown.* The crown or top of the main space of the actual engine room, from which the depths of the main space are to be taken, will either be at the under side of a deck or, if the side bulkheads are sloping, at the point or height at which the slope terminates. (See Figures 49 and 50 (§ 2.65).)

(b) *Space between crown and upper deck.* Space between the crown and the upper deck framed in for the machinery or for admission of light and air thereto.

(c) *Space above upper deck.* Space similarly framed in above the upper deck when permitted under paragraph (1), act of March 2, 1895 (28 Stat. 741; 46 U. S. C. 77).

(d) *Shaft tunnels, etc.* The shaft tunnel or tunnels and the thrust block recess.

(e) *Escape shaft.* The trunked ladder shaft leading from the after end of the shaft tunnel to the deck, provided that it is no larger than is necessary for the purpose of access to and escape from the shaft tunnel. The part of an escape shaft above the upper deck line, also the companion sheltering the escape shaft, is accorded the treatment of light and air space.

(f) *Fuel oil transfer pump.* (1) When the fuel oil transfer pump is located in a separate space, this space, if reasonable in size, may be considered propelling machinery space provided said pump is not used for bunkering the vessel.

(2) Should such pump perform the dual service of handling both ballast and transferring fuel oil to the settling tanks, one-half the space may be credited to propelling machinery space.

(g) *Settling tanks.* (1) Fuel oil settling tanks used solely for rendering crude oil fit for consumption in the main boilers are considered as part of the propelling machinery space.

(2) The permissible allowance for settling tanks is based on a 4 days' supply under full steam, which allowance must not exceed 1 percent of the vessel's gross tonnage.

(h) *Engineers' stores and workshops.* The engineers' stores, and/or workshops are regarded as part of the engine room, up to three-quarters of 1 percent of the gross tonnage, if in the engine room, open to same, or separated therefrom

only by a screen bulkhead and located below the upper deck.

#### § 2.53 Length of engine room.

(1) As a rule, the length of the engine room extends from the bulkhead forward of the boilers to the one aft of the engines; but if these bulkheads limit a space considered excessive in length for the proper working of the boilers and engines, then that length only which is requisite for containing and operating the boilers and machinery, is to be allowed, with the addition of such length as is necessary for the stoking or working of the fires when the furnaces are in a fore-and-aft direction.

(2) No such additional length is, however, required when the boilers are placed with the furnaces athwartship. The clear central space allowed between the boilers when the stoking is athwartship should be sufficient for this purpose. The point to which the after boundary of the length of the engine room is to be measured should be such as to provide sufficient space for the safe operation of the engine.

(3) The measurer should allow such length between the engines and boilers as may appear to him necessary for the safe working of the machinery.

#### § 2.54 Boilers and engine in same compartment.

The boilers and engine are considered to be in the same compartment when there is a transverse bulkhead, screen or otherwise, through which the boilers project into the engine space, and where there is only sufficient space between the boilers and engine for the safe working of the machinery.

#### § 2.55 Engine room measured in parts.

If the boilers and engine are entirely in separate rooms, or if there is a break or breaks in the bottom or side lines of the propelling machinery space resulting from a break or breaks in the double bottom or varying height of floors thereunder, or from side bunkers or other spaces not considered propelling machinery spaces, measure each room separately as a whole or in parts, according to the number of breaks in its bottom or side lines, and the sum of the several results shall be deemed to be the tonnage of the said space.

**§ 2.56 Rule for measuring engine room.**  
 (a) *Space in hold amidship.* When the propelling machinery (boilers and engine) space is in the hold amidship, and without a break in its bottom or side lines, measure its length between the foremost and aftermost bulkheads or limits of its length, excluding such parts, if any, not actually occupied by or required for the proper working of the machinery. Divide the length by 2 and measure 3 depths of the space, one at each end and one at the middle of the length, taking the depths from the crown, or line of same, to the ceiling on the bottom frames or floor timbers, or to the inner plating (tank top) of the double bottom in the case of a steel vessel. Measure also a breadth at each end and at the middle of the length, the said breadths to be taken at one-half their respective heights. Find the product of the length, mean breadth and mean depth, which product divide by 100 and the result shall be deemed the tonnage of the main space below the crown.

(b) *Spaces between the crown and upper deck.* Find the cubical contents of the space or spaces, if any, between the crown aforesaid and the upper deck, or line of same, which are framed in for the propelling machinery or admission of light and air thereto, by multiplying together the length, breadth and depth thereof. Divide the product by 100; add the quotient to the tonnage of the space below the crown and the result shall, subject to the provisions hereinafter contained, be deemed the tonnage of the space.

(c) *Engine room in after end.* When the propelling machinery space is located in the after end of the hold of a vessel and extends from side to side of same and has a continuous bottom line, divide its length into such an even number of parts as will give a common interval most nearly equal to that used in finding the tonnage of the hold in that part of the vessel; then proceed to find its contents by the use of areas of transverse sections taken at each end and at each point of division of its length. In other words, measure it by the same method as was used for finding the tonnage of that part of the hold in which it lies.

(d) *Shaft tunnel and thrust recess.*  
 (1) In the case of screw propelled vessels

in which the top of the shaft tunnel is flat, the tonnage of such tunnel shall be ascertained by dividing the product of its length, breadth and depth by 100.

(2) In like manner find the tonnage of the thrust recess or entrance to the shaft tunnel.

(3) If the space abaft the shaft tunnel extends from side to side of the vessel, find its tonnage by using the formula for measuring peak tanks. (See Figures 47 and 48 (§ 2.65).)  
 (e) *Round top shaft tunnel.* When the top of the tunnel is practically semicircular in shape, find the area of a transverse section in two parts; first the lower part from the bottom of the trunk up to where the curve begins by multiplying the breadth by the applicable height, and then the semicircular part by taking half the area of a circle whose diameter equals the breadth of the tunnel. Multiply the sum of the two areas by the length and divide the product by 100. (See Figure 51 (§ 2.65), wherein B and H equal the breadth and height, respectively, of the lower part, and r equals the radius of the semicircular top.)

(f) *Shaft space and thrust recess not closed.* (1) When the shaft is not enclosed by a tunnel, the following rules should be observed in the case of a vessel with a single screw. The thrust-block space should be of such length and breadth as will permit of the proper care of the thrust-block and the height should not exceed 7 feet. The shaft space allowed should be of the dimensions of the usual tunnel suitable for the vessel and the height of this space should not exceed 6 feet.

(2) When the vessel is a twin screw and the space aft of the engines is open from side to side, the space should not be included in the engine room measurement for a greater height than 6 feet mean, and any space therein appropriated for stores or for any purposes other than the propelling machinery should be subtracted from the space to be included in the engine room.

**§ 2.57 Engine room in small boats.**

(a) *When not bulkheaded off.* In the case of a motorboat not having an engine room bulkheaded off from the rest of the hold, allow as engine space the space occupied by the engine and sufficient space on each side and end of it—

say, about 2 feet—to permit the operator to handle it safely and efficiently; if sufficient space does not exist for such allowance then allow whatever space there is. Fuel tanks are not to be included in the said engine space.

(b) *When bulkheaded off.* If the engine room is bulkheaded off from the rest of the hold and is larger than is strictly required for safe and efficient handling of the engine, limit the engine space according to the said requirements and as indicated in paragraph (a) of this section.

(c) *Engine on a bed.* If the engine sits on a bed located on the vessel's bottom timbers, take depths when measuring the propelling machinery space from the under side of the deck, or line of same down to the top of the bottom frames or floor timbers as the case may be, or to the ceiling thereon when fitted.

(d) *Boxed-in engine.* (1) When the portion of the engine extending above a cockpit platform is boxed in such boxed-in portion is considered to be all of the space available for the installation and operation of the engine above the line of said platform in that part of the vessel.  
 (2) In the case of a wholly boxed-in engine in the hold of a motorboat, the tonnage of the boxed-in space, plus the shaft, engine auxiliaries, etc., that may be outside the boxing is considered the propelling machinery space.

(3) The above restrictions may invalidate light and air exemption when the boxing does not extend above the line of the upper deck. However, when such boxing does extend above said deck line, the height of light and air exemption is from the upper deck line to the under side of the top of the boxing.

**§ 2.58 Deduction for propelling power.**

In the case of a vessel propelled by steam or other power, a deduction shall be made for the propelling machinery space according to the percentage ratio between the actual tonnage of such space and the vessel's gross tonnage, calculated as follows:

For vessels propelled by screw in whole or in part:

13 percent or less: Deduct 32/13 times the tonnage of the actual propelling machinery space; or, in the case of a vessel the construction of which was commenced on or before June 4, 1956, if the owner so elects, deduct 1 1/4 times the tonnage of the actual propelling machinery space.

Above 13 percent, below 20 percent: Deduct 32 percent of the gross tonnage.  
 20 percent or more: Deduct 32 percent of the gross tonnage or 1 1/4 times the tonnage of the actual propelling machinery space, whichever the owner elects.

For vessels propelled by paddle-wheel in whole or in part:

20 percent of the actual propelling machinery tonnage of the vessel; or, in the case of a vessel the construction of which was commenced on or before June 4, 1956, if the owner so elects, deduct 1 1/4 times the tonnage of the actual propelling machinery space.

Above 20 percent, below 30 percent: Deduct 37 percent of the gross tonnage.  
 30 percent or more: Deduct 37 percent of the gross tonnage or 1 1/4 times the tonnage of the actual propelling machinery space, whichever the owner elects.

**§ 2.59 Light and air spaces.**

(a) *Application for allowance.* On a request in writing by the owner of a vessel to the collector of customs of the district in which the vessel is located, the tonnage of such portion of the space or spaces above the crown of the engine room and above the line of the upper deck as is framed in for the machinery, or for the admission of light and air, and not required to be included in the gross tonnage, shall for the purpose of ascertaining the tonnage of the space occupied by the propelling machinery, be added to the said machinery space; but it shall then be included in the gross tonnage. Such space or spaces must be reasonable in extent, safe, and seaworthy and cannot be used for any purpose other than the machinery or for the admission of light and air to the propelling machinery space of the vessel.

(b) *Reasonable in extent.* In construing the words "reasonable in extent" the measurer should note that the length should not exceed the length of the propelling machinery space, and if any portion is plated over, the length of such part must be deducted from the full length and whatever the breadth allowed must not exceed one-half the extreme inside midship breadth of the vessel.

(c) *Purpose for including light and air spaces.* The purpose of adding a part of the framed-in light and air spaces (above the crown of the boiler and engine room and above the upper deck) of a vessel to her machinery space

below the upper deck is to entitle the vessel to a greater deduction for propelling power, and consequently obtain a smaller net tonnage than would otherwise result. To get this benefit, it does not always require the addition of the total of such light and air spaces. In such cases only such portion need be added as hereinafter explained.

(d) *Rule for computing admissible light and air space.* Below is given a simple rule for finding the amount of light and air space or spaces required to be added to the gross tonnage and also to the propelling machinery space of a mechanically propelled vessel to entitle her to 32 percent of her gross tonnage for propelling-power deduction when granted by the collector upon request of her owner or owners:

Find 13.1 percent of the gross tonnage inclusive of excess hatchways. Find the difference between this percent and the tonnage of the propelling machinery space below the upper deck to the hull. Increase this difference by 15 percent of itself, which gives approximately the amount of light and air space or spaces to be added to the gross tonnage defined above, and also to the propelling machinery space below said upper deck. The gross register tonnage in such a case is the gross tonnage as defined above, plus light and air addition, less one-half of 1 percent of said light and air addition, which one-half percent is additional allowance for excess hatchways due to addition of light and air to gross tonnage.

<b>EXAMPLE</b>	
Gross tonnage, exclusive of light and air and hatchways.....	5, 675.95
Excess of hatchways (based on the above) .....	67.37
Gross tonnage, inclusive of excess hatchways and exclusive of light and air.....	
13.1 percent of 5,743.32.....	752.37
Machinery space below the upper deck to the hull.....	680.55
Difference.....	71.82
15 percent of difference.....	10.77
Difference plus 15 percent of itself (amount of light and air to be added to gross tonnage and machinery space).....	82.59
Gross tonnage, inclusive of light and air and excess of hatchways.....	5, 828.91

**EXAMPLE—Continued**  
Additional exemption for hatchways; account of light and air addition equals one-half of 1 percent of 82.59—82.59/200..... 0.41

Gross registered tonnage..... 5, 828.50  
Proof:  
13.1 percent of 5,828.50..... 763.14  
680.55 plus 82.59..... 763.14

§ 2.60 Verification of calculations, diagram of areas, and certification of results.

(a) *Calculations to be verified and diagram of areas made.* Calculations must be verified at least twice and a diagram of half breadths for areas made. (See Figures 52 and 53 (§ 2.65).)

(b) *Certification of results.* The deductions having been made from the gross tonnage and the remainder or net tonnage having been properly marked on the main beam, the surveyor or measuring officer will certify the result to the collector on Form 1322.

§ 2.60a Marking net tonnage and official number on vessel.

(a) The official number of a vessel, preceded by the abbreviation "NO.", and the net tonnage, preceded by the word "NET", shall be marked in a conspicuous place on her main beam at the expense of the owner or master, in Arabic numerals of the block type at least three inches in height, when the size of the main beam will permit. If the main beam is of wood, it shall be carved or branded in figures not less than three-eighths of an inch in depth. If the main beam is of iron or other metal, the official number and net tonnage shall be outlined by punch marks and painted over with oil paint in a light color on a dark background or a dark color on a light background.

(b) The beam at the forward end of the largest hatch on the weather deck which is generally located forward of amidships shall be considered the main beam for the purposes of these regulations. In the case of a vessel which does not have a hatch on the weather deck, any structural member which is integral to the hull may be considered the main beam.

(c) The official number awarded to a vessel shall pertain only to that vessel. If a vessel, having once received an om-

cial number, is rebuilt or redocumented, the number originally awarded shall be retained.

§ 2.61 Appendix to certificate of registry.

(a) When a vessel of the United States carries passengers to a foreign port or ports the collector of customs will issue to each such vessel admeasured in his district a "Special Appendix to Certificate of Registry of American Passenger Vessels" (Form 1265-A), showing the tonnage of passenger spaces on a deck not a deck to the hull and exempted from inclusion in tonnage by the regulations in this part.

(b) The same requirement applies to vessels operating from his district not previously furnished such an appendix.

(c) At the end of each quarter, the collector must report to this Bureau the official number and name of every vessel in his district to which such appendix has been issued during that period.

§ 2.62 Measurement of Government vessels.

When the tonnage of Government colliers, transports, supply ships, repair ships, etc., is requested this tonnage shall be ascertained in accordance with the rules in this part, but the following requirements will be waived: The marking of the vessel's name and home port, official number (none required), and net tonnage; the requirements as to size and conditions of crew space, and the certifications of deducted spaces on the beam over the doorway. The plate over the door designating its use is sufficient for such certifications.

§ 2.63 Foreign vessels.

A mode of measurement for the tonnage of vessels substantially similar to that of the United States having been adopted by Belgium, Cambodia, Central African Republic, Denmark, Federal Republic of Germany, Finland, France, Gabon Republic, Great Britain, Greece, Iceland, Israel, Italy, Japan, Liberia, Malagasy Republic, the Netherlands, Norway, Panama, Polish People's Republic, Portugal, Republic of Senegal, Spain, Sweden, Union of Soviet Socialist Republics, Venezuela, and Yugoslavia, and the like courtesy having been extended to vessels of the United States, it is directed that merchant vessels of these countries, the registers of which

indicate their gross and net tonnages under their present laws, shall be taken in ports of the United States to be of the tonnages so expressed in their documents. Vessels of foreign countries other than the aforesaid are to be measured according to the laws of the United States.

(R.S. 4154; 46 U.S.C. 81)

§ 2.64 Adjustment and correction of tonnage.

(a) The tonnage shown in the document of a vessel of the United States shall not be changed except as provided in this section.

(b) If there has been a change of structure or use of space that affects tonnage, application for adjustment of such tonnage shall be made as provided in § 2.8. If the owner claims that the tonnage shown in the vessel's document is erroneous, he shall make application in writing to the collector of customs of the district in which the vessel is located for adjustment of such tonnage. Any application for adjustment of tonnage shall be accompanied by appropriate drawings as required by § 2.9 and by a precise statement of the changes made or assignments of error.

(1) The collector shall not readmeasure unaltered spaces or spaces for which no error is claimed, but shall use the figures shown on the latest record of tonnage admeasurement (Form 1410 or Form 1410-A) unless there is an obvious error thereon. If the vessel was previously admeasured at a port other than the port at which application for adjustment of tonnage is made, the latest record of tonnage admeasurement shall be forwarded to the collector at the latter port upon his request. Such record shall be returned without alteration after a final decision has been reached.

(2) The collector shall make such admeasurement as is necessary to determine the proper tonnage of the vessel. Where the tonnage is found to be different from that shown in the vessel's document, he shall prepare a new record of admeasurement.

(3) If the change of tonnage is due to a change in structure or use of space, the outstanding document shall be surrendered in accordance with the provisions of law and regulations applicable to the surrender of documents. Any document thereafter issued shall show the adjusted tonnage.

(4) If the application for adjustment of tonnage is based on a claim of error, the application and all papers referred to in subparagraphs (1) and (2) of this paragraph shall be forwarded to the Commissioner of Customs. The Commissioner will review the application and advise the collector of his decision.

§ 2.65 Figures.

(c) If an error in the tonnage shown on the document is detected by a collector he shall proceed as though the owner had made application to him for adjustment of tonnage because of the error.  
(d) If there is an obvious typographical error in the tonnage shown on the document, the collector shall make the necessary correction.

**Flare.** A spreading outward and upward.

**Floor or floor timber.** The lowermost piece of timber connecting the main keelson, notched to fit over the keel or keelson and extending the full depth of the frames to which it is fastened. In an iron or steel vessel a plate placed vertically in the bottom, extending from bilge to bilge, in way of each frame, to which it (the frame) is connected. In double bottoms of the usual construction it extends from the outer to the inner bottom thereof.

**Frame.** One of the numerous transverse (longitudinal in Isherwood-type vessels) "ribs" that form the framing of a vessel.

**Frame bracket.** A plate connecting a side frame to the margin plate.

**Freeing port.** An opening in the bulwark or shell plating between the shelter and upper decks for discharging large quantities of water which may be shipped.

**General arrangement plans.** Plans showing the various quarters, spaces and compartments into which a vessel is usually divided.

**Gudgeon.** Fittings on the sternpost to take the rudder pintles.

**Gumwale.** A term applied to the line where an upper deck stringer intersects the shell.

**Hatchway.** An aperture in a vessel's deck through which cargo is laden or discharged; in common practice the term "hatch" is also applied.

**Hold.** For admeasurement: purposes, that portion of the vessel below the tonnage deck.

**Horn timber.** The center line frame in the stern of a wooden vessel, extending aft from the sternpost.

**Inboard profile.** Drawing of a vessel cut vertically through its longitudinal center line, showing its forward and after perpendiculars, line of deck at center and side, height of decks, tanks, height of bottom frames or floors and their spacing, assignment of various spaces, machinery, etc.

**Inner bottom.** Plating forming the upper boundary of the double bottom. Also called the tank top.

**Keel.** In wooden and composite vessels it is composed of pieces of timber and extends from stem to sternpost and is the bottom member of the vessel's structure. In iron or steel vessels it consists of long bars fitted vertically or of plates fitted horizontally at the middle line.

**Keelson.** In wooden vessels the keelson is composed (like the keel) of various pieces of timber placed on the bottom frames directly over and in line with the keel and extending all fore and aft. In iron or steel vessels the middle-line keelson is the keelson at the center line, directly over the keel.

**Length between perpendiculars.** The length of a vessel measured from the forward edge of the stem where it intersects the load water line to the after perpendicular.

**Length over all.** The length of a vessel measured from the foremost part of the stem to the aftermost point of the stern.

**Limber strake.** The fore and aft plank of bottom ceiling laid next to the keelson.

**Longitudinal framing.** A system of construction in which, in conjunction with deep web frames, the main frames are run fore and aft instead of athwartships.

**Main rail.** Rail fitted on the upper edge of bulwark plating, or upon the stanchions surrounding an upper deck.

**Margin plate.** The outer boundary of the inner bottom, connecting it to the shell plating at the bilge.

**Midship cross section.** A drawing of a vessel cut athwartship at about mid-length, showing moulded depth, moulded breadth, round or pitch of beam, depth of side and bottom frames, floors, etc.

**Orlop deck.** The lowest partial deck, towards the side of the vessel.

**Pintle.** Fitting or pin on the rudder which turns in a gudgeon.

**Planking.** A term applied to wood decks and to the outside planking of wood or composite vessels.

**Plating.** The plates of the shell, decks, bulkheads, etc.

**Quadrant.** A casting, forging or built-up frame in the shape of a sector of a circle attached to the rudder stock and through which the steering gear leads turn the rudder.

**Rabbit.** A groove or channel cut in a plank, or the ends of a number of planks.

**Rake of the bow.** The inclination of the line of the stem from the forward perpendicular.

**Rake of inclination from the after perpendicular.** Its (stern timber) inclination from the after perpendicular.

**Reverse frame.** An angle bar or other shape riveted to the top of floors and/or the inner edge of a transverse frame to reinforce it.

**Rudder post.** See sternpost.

**Rudder stock.** The main piece of the rudder frame, to which the pintles are connected and to the upper end of which the quadrant or tiller is fitted.

**Samson post.** A heavy vertical post that supports cargo booms.

**Scantlings.** Dimensions of various members that are used in the construction of a vessel.

**Scupper.** A round or oval aperture usually fitted in decks for the purpose of drainage.

**Settling tanks.** Oil tanks used for separating entrained water from the oil. The oil is allowed to stand for a time, to permit the water to settle at the bottom when it is drained or pumped off.

**Shaft tunnel.** Enclosed alley-way around propeller shaft.

**Stern.** The after end of a vessel.

**Sternpost (main).** In wooden vessels, the piece of timber extending from the after end of the keel to the uppermost deck and to which the rudder braces are fixed to receive the pintles by which the rudder is hung. ### § 3.2 Vessels entitled to documents.

(a) A vessel of 20 net tons or more may be registered or enrolled and licensed. A vessel of 5 net tons or more but less than 20 net tons may be licensed

(except vessels subject to the provisions of paragraph (b) of this section) or registered.

(b) Any vessel of 5 net tons or more which is to be documented for navigating the waters of the northern, northeastern, or northwestern frontiers otherwise than by sea shall be granted a frontier enrollment and license, customs Form 1273, except that a vessel used exclusively as a pleasure vessel on those waters may be granted an enrollment and license as a yacht, customs Form 1290, if entitled to be so documented in accordance with the provisions of § 3.4. (See § 3.40.)

(c) The following classes of vessels are entitled to receive documents under existing laws:

**Class 1.** Any vessel built in the United States and wholly owned by a citizen. A vessel of this class owned by a corporation which is qualified as a citizen of the United States under the definition contained in § 3.19(a)(4) may be documented for use in the coastwise trade within the limitations specified in the Act of September 2, 1958 (46 U.S.C. 883-1), if it is a non-self-propelled vessel or a self-propelled vessel of less than 500 gross tons (see also § 3.19(e)).

**Class 2.** Any vessel purchased from the Maritime Administration or War Shipping Administration by a citizen. (See § 3.42.)

**Class 3.** Any vessel built in the United States in whole or in part for the account of one who is not a citizen and then recorded, which thereafter becomes wholly owned by a citizen and has never before been documented. (See § 3.47.)

**Class 4.** Any vessel captured by a citizen in a war to which the United States is a party, which has been lawfully condemned as a prize and is wholly owned by a citizen.

**Class 5.** Any vessel which has been judicially forfeited for a breach of the laws of the United States when wholly owned by a citizen. This includes a foreign-built vessel, but does not include any vessel not otherwise entitled to documents which has been sold under a decree of admiralty for debt or seamen's wages.

**Class 6.** Any vessel built in the United States and sold by the Government to a

\*For the meaning of the word "citizen" in this section, see § 3.19.

citizen. A foreign-built vessel bought or chartered by the Government is entitled to documentation if sold to a citizen and the requirements for class 9 are met.

**Class 7.** Any vessel authorized by special act of Congress to be documented.

**Class 8.** Any vessel wrecked on a coast of the United States or its possessions or in adjacent waters when purchased by a citizen and repaired in a shipyard in the United States or its possessions, provided it be proved to the satisfaction of the Commissioner of Customs, through a board of three appraisers appointed by him if necessary, that the repairs put upon such vessel are equal to three times the appraised salvaged value of the vessel. The expense of such appraisal shall be borne by the owner of the vessel. If any of the material facts sworn to or represented by the owner, or at his instance, to obtain a document for such vessel is not true, the vessel is liable to forfeiture.

**Class 9.** Any seagoing vessel, whether steam or sail, wherever built, wholly owned by a citizen. A foreign-built vessel of this class shall engage only in trade with foreign countries or the islands of Guam, Tutuila, Wake, Midway, or Kingman Reef. It shall not engage in the coastwise trade, except as specified in sections 18 and 22, Merchant Marine Act, 1920, as amended, nor in the American fisheries. (See § 3.42.)

(d) The appropriate one of the following notations shall be made on the register of any vessel owned by a corporation which is established as a citizen of the United States under the definition contained in § 3.19(a)(3) or § 3.19(b), except when such register is required by any other provision of this part to bear an endorsement prohibiting the vessel from engaging in the coastwise trade:

(1) "Less than 75 percent of the interest in the corporation owning this vessel is owned by citizens of the United States. It shall not engage in the coastwise trade"; or

(2) "75 percent of the interest in the corporation owning this vessel is owned by citizens of the United States. It may engage in the coastwise trade so long as so owned and no longer."

(e) The following notation shall be made on the enrollment and license or license of any non-self-propelled vessel or any self-propelled vessel of less than 500 gross tons owned by a corporation

which is established as a citizen of the United States under the definition contained in § 3.19(a)(4):

As amended by the Act of September 2, 1958 (46 U.S.C. 883-1). This vessel may engage in the coastwise trade, within the limitations specified in the Act, so long as so owned and no longer. It shall not engage in the fisheries and is not authorized to be documented for not to engage in the foreign trade.

(f) No vessel of classes 1 through 8 above which has acquired the lawful right to engage in the coastwise trade, by virtue of having been built in or documented under the laws of the United States, shall have the right to engage in such trade if it thereafter has been sold or transferred foreign in whole or in part or placed under foreign registry (§ 3.43), or, if of more than 500 gross tons, has been rebuilt unless the entire rebuilding, including the construction of any major components of the hull or superstructure of the vessel, was effected within the United States, its Territories (not including trust territories), or its possessions. However, no rebuilt vessel shall be deemed to have lost its coastwise privileges within the meaning of the above merely because it may have been rebuilt within the United States, its Territories (not including trust territories), or its possessions under a contract executed before July 5, 1960, if the work of rebuilding is commenced not later than 24 months after such date (§ 3.28). When a vessel has lost its

(6) On receipt of such a communication, if the transfer appears to be in good faith and the documentation of the vessel is not contrary to the policy of this Government, the Commissioner of Customs will award signal letters to the vessel and, through the usual channels, will promptly authorize the State Department to instruct the consular officer to issue a provisional certificate, customs Form 1266-A, to the vessel. (b) When for any cause it is found impracticable to obtain the certificate of the builder, other competent evidence establishing the particulars and facts required to be certified by him may be accepted with the approval of the Commissioner of Customs.

In the case of a partnership, the partnership name shall be signed by one of the partners, or by a duly authorized agent; the name of each of the partners shall be stated but the proportionate interest of each in the partnership business shall not be stated. In the case of individual ownership by two or more persons, the application shall be signed by all the owners, by a duly authorized agent, or by one of the owners as managing owner, provided there is filed with the collector a written authorization for him to act in that capacity signed by the owners of a majority interest in the vessel; in every case the name of each owner shall be stated. In every case the capacity in which the person signs, whether as owner, managing owner, agent, etc., shall be clearly stated below his signature. If a signature is by mark, it shall be witnessed by two persons, or acknowledged. Any acknowledgment valid under the law of the state where made may be accepted.

"The Secretary of the Treasury shall have power, under such regulations as he shall prescribe, to establish and provide a system of numbering vessels so registered, enrolled and licensed; and each vessel so numbered or shall have her number deeply carved or otherwise permanently marked on her main beam; and if at any time she shall cease to be so marked, such vessel shall be liable to a fine of \$30 on every arrival in a port of the United States if she have not her proper official number legally carved or permanently marked." (b) Before a marine document is issued to a vessel never before documented or to a documented or previously documented vessel when there has been some change in ownership in whole or in part or when a change in home port is desired, the owner of the vessel shall submit his designation of home port for the vessel on customs Form 1319, signed as provided for in § 3.13 (a), to the office of the collector of customs for the port designated or the port where a temporary document is to be issued. When the designation is filed with the collector at the port designated as home port, it shall be filed in duplicate; when filed at a port where a temporary document is to be issued, it shall be filed in triplicate. If the home port so designated is different from the last previous home port of the vessel, the owner shall also request the collector at the previous home port to forward to the collector at the designated port an abstract of title on customs Form 1332, or on customs Forms 1332 and 1332-A (see § 3.33 (1)).

(c) If an owner desires that the home port be elsewhere than the port at or nearest the place in the same customs collection district where the vessel business of the owner is conducted, he shall submit with his designation of home port a detailed statement setting forth the reasons.

(d) Whenever an owner submits a designation of home port to a collector, the collector shall examine the instruments transferring title to the vessel and the abstract of title on customs Form 1332 or customs Forms 1332 and 1332-A, if any, and satisfy himself that the home port has in fact been designated by the

(b) On a so-called "double-ender" vessel the required names shall be placed on the parts corresponding to the bow and stern. If either the bow or stern, or both, of any such or other vessel does not afford sufficient space for marking the required name or names, or if the name marked in such a place would be obscured or concealed while the vessel is in operation (for example, by a fender), the names shall be placed on an appropriate adjacent part.

(c) The name of a scow, barge, or other vessel "scow-built" or with square bow may be marked on the bow instead of the side when such marking would be speedily obliterated by chafing against other vessels, piles, or rocks.

(d) The hailing port to be marked on the stern may be either the port where the vessel is permanently documented, or the place in the same district where the vessel was built or where one or more of the owners reside.

(e) Every documented yacht shall have its name and hailing port placed on some conspicuous part of its hull. (R. S. 4178, as amended, sec. 21, 23 Stat. 89, R. S. 4214, as amended, 4495; 46 U. S. C. 46, 47, 103, 493)

(See § 2.60a of this chapter.)

(b) The evidence of proper marking required by the preceding paragraph shall be a certificate by a customs officer on customs Form 1322. If the vessel is at a place not readily accessible to a customs officer, the owner or his agent shall certify as to the proper marking; but as soon as she arrives at a place accessible to a customs officer, a certificate on customs Form 1322 shall be required. (Sec. 4, 28 Stat. 743, as amended; 46 U. S. C. 79)

When an application for an official number is filed with the collector at any port other than the home port of the vessel the original and two copies of the application shall be forwarded to the Bureau. When an official number is awarded, the Bureau will return the original to the collector from whom it was received. The collector shall make a notation of the official number awarded and shall deliver the original to the applicant. When the application for an official number is filed with the collector at any port other than the home port of the vessel, and an official number is awarded to the vessel, a copy of the notice of award will also be forwarded by the Bureau to the collector at the home port together with a copy of the application.

(d) Any seagoing vessel of 100 tons or over, in addition to an official number, may have signal letters awarded. Application therefor shall be made by the owner or his agent through a collector of customs or through an official number, customs Form 1320, or, if the application is made subsequent to the filing of an application for an official number, by a letter transmitted through the collector of customs. Signal letters will not be forwarded to a seagoing vessel of less than 100 tons except upon special authorization by the Commissioner of Customs.

(e) A new application for the award of signal letters to a vessel of the United States shall not be required by reason of any change in status or ownership of such vessel or by reason of the redocumentation of such vessel after a period during which it has been out of documentation. The award of such letters shall not be canceled except upon special authorization of the Commissioner of Customs.

Such form of oath shall not be used for a renewal of license under paragraph (d) of this section.

(d) The master's oath for the renewal of a license shall be executed on customs Form 1280. (1) No officer or employee designated to grant approvals of designations of home ports shall approve, nor shall any collector forward to the Bureau for review, any such designation unless it appears that the vessel will be documented as a vessel of the United States substantially simultaneously with the approval of the designation by any such officer or employee after any necessary review. When a designation has been approved and the vessel is not so documented, the approval granted shall be cancelled. The collector, in subsequently transmitting a copy of a new designation by the same owner for review or in forwarding a copy of a designation approved by him, shall indicate in his remarks the date of the previous approval and that it was cancelled because of failure to document the vessel.

The usually acceptable evidence of citizenship for other persons is described below in the order of desirability.

(3) A certificate of a practicing physician that he attended the birth and that he has a record in his possession showing the date on which it occurred.

(10) A delayed certificate of birth. If an applicant claiming to be a citizen

of the United States submits a delayed certificate of birth which has been issued in accordance with the procedure outlined in the Manual of Uniform Procedure for the Delayed Registration of Births<sup>1</sup> and recites on its face the evidence upon which it has been granted, it may be accepted as prima facie evidence of citizenship in the absence of any collateral facts indicating fraud in its procurement. In order to receive consideration as a delayed certificate of birth, the certificate shall have been issued strictly in accordance with the provisions of the manual above referred to. Any delayed birth certificate not so issued shall be given consideration but shall not necessarily be considered prima facie evidence of citizenship.

(11) If none of the foregoing requirements can be met by the applicant, he shall make a statement to that effect, and, in an attempt to establish citizenship, he may submit for consideration data of the following character:

If the corporate owner is qualified as a citizen of the United States under the definition contained in § 3.19 (a) (4), the oath shall be on customs Form 1260 and the accompanying certificate shall include information as to the names, home address, and citizenship of all officers and directors.

(d) In all cases where there is more than one owner, the proportions owned by each shall be stated in the oath.

(e) The oath of the owner or of the master required for documentation may be taken before a collector of customs or before any officer authorized by the laws of a state to administer oaths generally. If the oath is not taken before the collector, it may be mailed to him.

(f) A corporation which meets the qualification requirements of § 3.19 (a) (4) as a citizen of the United States and which seeks to operate in trade a vessel owned by such corporation and exempt from documentation under § 3.5 shall file in duplicate with the collector of customs for the district in which the vessel

The same declarations shall be required of such alternate masters as are required in the case of other masters.

### § 3.25 Renewal of license.

(a) A permanent or temporary license shall be presented within 3 days (exclusive of any day on which the customhouse is not open for marine business) after its expiration, to the collector of the district where the vessel may then be, or if the vessel is then at sea, within 3 days after her first arrival within any district. A temporary license shall be surrendered within 10 days after the arrival of a vessel at her home port and shall not be renewed at that port.

(b) If a license is presented for renewal at any time within 30 calendar

days prior to the date of expiration shown thereon, it may be renewed for a period of 1 year from that date of expiration.

(c) A license may be renewed at any port, whether a port of documentation or not.

(d) When a license is presented for renewal, the master shall make oath in the form prescribed by § 3.18 (d).  
(e) When a license for a vessel on the Great Lakes is renewed, it shall be delivered by the collector in a special envelope, customs Form 1503. When a license is renewed for a vessel elsewhere than on the Great Lakes, it shall be re-delivered in a special envelope, customs Form 1502. In either case, the date upon which the license for the vessel will expire shall be noted plainly on the face of the envelope and any previous notation of a date of expiration shall be deleted.

(f) The collector at the home port of a licensed or enrolled and licensed vessel shall transmit a notice of the date upon which the license will expire and the form of oath to be executed by the master on customs Form 1280 to the last-known address of the owner of the vessel not more than 40 days prior to its expiration nor less than 21 days prior thereto. Neither the failure of a collector to transmit such notice and form of oath nor the fact that the master did not receive it shall be deemed to excuse the master from the penalty or penalties provided by law.

### § 3.26 Surrender of permanent documents.

(a) The marine document shall be surrendered when a vessel is sold or transferred in whole or in part; when the owner of the whole or any part of a vessel dies; when a vessel has been lost, abandoned, dismantled, or taken by an enemy, or otherwise prevented from returning to the United States; when a vessel is burned or broken up; when a vessel is altered in form by being lengthened, shortened, or built upon, or is changed from one denomination to another by a change in the method of rigging or fitting; when the tonnage of a vessel is changed for any reason; when a vessel is altered so that it is no longer of the description set forth in its document;

The approval of the Maritime Administration of the surrender of the document of a vessel covered by a preferred mortgage shall be obtained, except as specified in note 19, § 3.30 (a) or in the case of the forfeiture of the vessel or its sale by the order of any court of the United States or any foreign country.

(b) If any documented vessel is lost, destroyed, or abandoned, the owner shall immediately report the fact to the collector of customs at the home port of the vessel.

(c) A document need not be surrendered because the engine of the vessel is changed, if there is no change in the rig, dimensions, or tonnage of the vessel, nor because of a change in the service of the vessel, when there is no change in trade, nor in the number of persons in its crew. In such a case, a notation of the change shall be made on the document by a collector of customs and initialed by him.

(d) A document need not be surrendered because of the appointment of a guardian or committee for the owner of the whole or any part of the vessel, nor because of the appointment of a receiver, either in bankruptcy or in equity, of the assets of the owner of the whole or any part of the vessel.

(e) When a document is surrendered incident to the sale or other transfer of a vessel to an alien, if such transfer has been approved by the Maritime Administration in accordance with the requirements of law, the following certificate shall be issued by the collector of cus-

(c) No registered vessel shall be permitted to exchange her document unless the collector to whom application is made is satisfied by an affidavit of the owner or master that all equipments purchased and repairs made abroad within the year immediately preceding such application have been duly accounted for and the duties accruing thereon have been paid. If the master gives this affidavit, it shall be executed on customs Form 1304.

(d) No vessel shall be permitted to exchange her marine document at a port other than the home port until the master has applied for the new marine document and has filed his affidavit that the ownership remains as stated in the document to be surrendered. If the exchange of documents is made at the home port, the oaths required by § 3.18 shall be filed.

§ 3.31 Loss of marine document.

When the marine document of any vessel is lost, mutilated, destroyed, or mislaid, the master certifies such fact on customs Form 1305, and the oaths required by § 3.18 are filed at the port of first arrival if that port is the vessel's home port, or the affidavit required by § 3.31 (d) is filed at any other port of first arrival, the collector shall issue a new document, which shall recite the fact that it replaces the one lost, mutilated, destroyed, or mislaid. A document is held to be lost when it is wrongfully withheld from the possession of the owner.<sup>22</sup>

§ 3.30 Exchange of documents.

(a) Any enrolled and licensed or licensed vessel, other than a vessel documented under the Act of September 2, 1958 (46 U.S.C. 883-1), may be registered upon the surrender of her document to a collector of customs. Except as specified in paragraph (b) of this section, any registered vessel may likewise be enrolled and licensed or licensed.

(b) Neither enrollment nor license for the coasting trade or for the coasting trade and mackerel fishery shall be granted to a vessel prohibited by law from engaging in the coastwise trade. (See §§ 3.2 and 3.42.) Neither enrollment and license nor license shall be granted to any vessel having on board merchandise brought from a foreign port until such merchandise shall have been wholly unladen and the duties paid or secured.

<sup>19</sup> The requirement of subsection O(a) of the Ship Mortgage Act, 1920 (46 U.S.C. 961 (a)), that the document of a vessel covered by a preferred mortgage may not be surrendered without the approval of the Maritime Administration and the mortgage, does not apply to (1) a renewal of license, including a case in which the former document is replaced by reason of the fact that all renewal spaces are filled; (2) a change of document incident to a change of trade where the ownership and home port remain the same; (3) a change to a permanent document on arrival of a vessel at its home port under a temporary document; (4) the replacement or renewal of a lost, mislaid, or mutilated document where the ownership and home port remain the same; (5) the replacement of a document issued in error or on an improper form; or (6) the replacement of a document of a vessel owned by a corporation when the president or secretary whose name appears thereon dies, is removed, or resigns and there has been no change in ownership. (c) A rebuilt vessel shall retain its name and official number and the date and place of rebuild shall be noted on its marine document. Upon a finding under this section that a vessel is new, an application shall be submitted for all the award of an official number and all other requirements applicable in the case of any new vessel shall be met before a marine document is issued.

(d) No vessel of more than 500 gross tons which has been rebuilt and has thereby lost its coastwise privileges (see § 3.2(f)) shall be documented for nor permitted to engage in the coastwise trade. When it is claimed that any such rebuilt vessel has not lost its coastwise privileges by virtue of the provisions of section 4 of the Act of July 5, 1960 (sec. 4, 74 Stat. 321), the owner in support of such claim shall submit to the collector of customs concerned with the other papers required by paragraph (b) of this section a certified copy of the contract for rebuilding, showing the date of execution, and a certificate of the builder showing the date the work of rebuilding commenced and the date upon which such work was completed.

§ 3.29 Change of build or rig.

(a) When a documented vessel is altered in form or tonnage by being lengthened, shortened, or built upon or changed from one denomination to another by a change in rig or fitting, the vessel shall cease to be deemed a vessel of the United States unless she is documented anew. Every such alteration of a vessel of more than 500 gross tons which is not effected entirely within the United States, its Territories (not including trust territories), or its possessions, including the construction of any major components of the hull or superstructure, shall be reported in accordance with the provisions of § 3.28(b), and the master shall submit the statement required by § 4.7(b) of this chapter.

(b) When there is a change in the means of propulsion of a vessel<sup>18</sup> as from

(b) When a new vessel is constructed in whole or in part of material taken from an old vessel; when an existing vessel is rebuilt; when in the case of a vessel of more than 500 gross tons, an addition or change in any major component of the hull or superstructure is made and such major component was not constructed in the United States, its Territories (not including trust territories), or its possessions; when a vessel of more than 500 gross tons is otherwise so altered as to give rise to a reasonable belief that such vessel may have been rebuilt, unless such alteration was effected entirely in the United States, its Territories (not including trust territories), or its possessions; or when it is desired, in the case of an unrigged wooden vessel, other than a foreign-built vessel (class 9), that a notation be made in the publication, Merchant Vessels of the United States, as to rebuilding, the owner of the vessel shall submit through the collector of customs at the port where the vessel then is or next arrives there after to the Commissioner of Customs a certificate of specifications outlining the work performed on the vessel, showing the place where any such building or rebuilding was effected, and describing the extent to which old materials used were taken up, refitted, and reset or the extent to which parts of the old hull in its intact condition were used or built upon. The certificate shall be accompanied by accurate sketches or blueprints illustrating the extent of the work performed when such sketches or blueprints are available. Such certificate shall also be accompanied by a certificate of the builder, which shall be on customs Form 1261 if the vessel is claimed to be new. In the case of an unrigged wooden vessel, the shipbuilder, in addition to certifying that the vessel is rebuilt and the date of completion and place of such rebuilding, shall certify that the vessel is sound and free from rotten or dotted wood in its structural parts; that it is properly fastened and calked; and that it is as good as new in strength and seaworthiness. The Commissioner of Customs shall decide whether or not the vessel is to be considered to be new or rebuilt and, if either, that decision shall be reflected on the vessel's marine document.

(b) No such instrument shall be accepted for recording prior to the receipt by the collector of the approval of the designation of the home port; nor unless the vessel affected is documented as a vessel of the United States or will be so documented substantially simultaneously with the recording of the instrument. If there has been more than one change in ownership of any interest in a vessel and the vessel has not been documented by the intermediate owners, all unrecorded bills of sale which are executed in the form and manner prescribed by this section may be recorded upon documentation of the vessel. No mortgage shall be accepted for recording unless the vessel which it covers was documented as a vessel of the United States at the time the mortgage was made. Any mortgage presented for recording may be on customs Form 1348.

(c) No such instrument shall be valid against any person other than the vendor, mortgagor, pledgor, grantor, the heirs or devisees of any of the foregoing, or a person having actual notice thereof, unless the instrument has been recorded in the office of the collector of customs at the home port of the vessel. If the instrument covers more than one vessel, it shall be recorded at the home port of each vessel and indexed under the name of each vessel whose home port is the port of recordation. The collector shall record all such instruments and certificates of discharge of mortgages in the order of their receipt in books to be kept for that purpose and hereafter indexed on customs Form 1332, continued if necessary on customs Form 1332-A, to show (1) the name of the vessel, (2) the names of the parties to the instrument, (3) the kind and date of the instrument, (4) the interest transferred, mortgaged or discharged, (5) the date, hour, and minute the instrument was received, (6) the book in which the instrument is recorded, (7) the number assigned to the instrument, (8) in the case of a bill of sale or conveyance, the consideration stated in the instrument, and (9) in the case of a mortgage or certificate of discharge of mortgage, the amount and date of maturity of the mortgage.

(d) Each such instrument shall recite the interest of the grantor or mortgagor in the vessel, the names of the persons to whom the interest has been transferred or mortgaged, and the interest trans-

a collector of customs to be recorded, the vendee, mortgagee, pledgee, or transferee shall file with the collector the oath required by section 40, Shipping Act, 1916 (46 U. S. C. 838). The oath of a corporation shall be signed by its president, secretary, or treasurer, or any other official thereof duly authorized by such corporation to execute any such declaration.

"(a) No sale, conveyance, or mortgage which, at the time such sale, conveyance, or mortgage is made, includes a vessel of the United States, or any portion thereof, as the whole or any part of the property sold, conveyed, or mortgaged shall be valid, in respect to such vessel, against any person other than the grantor or mortgagor, his heir or devisee, and a person having actual notice thereof, until such bill of sale, conveyance, or mortgage is recorded in the office of the collector of customs of the port of documentation of such vessel, as provided in subdivision (b) of this section.

"(b) Such collector of customs shall record bills of sale, conveyances, and mortgages delivered to him, in the order of their reception, in books to be kept for that purpose and indexed to show—

"(1) The name of the vessel;

"(2) The names of the parties to the sale, conveyance, or mortgage;

"(3) The time and date of reception of the instrument;

"(4) The interest in the vessel so sold, conveyed, or mortgaged; and

"(5) The amount and date of maturity of the mortgage." (46 U. S. C. 921)

"(a) No bill of sale, conveyance, or mortgage shall be recorded unless it states the interest of the grantor or mortgagor in the vessel, and the interest so sold, conveyed, or mortgaged.

"(b) No bill of sale, conveyance, mortgage, notice of claim of lien, or certificate of discharge thereof, shall be recorded unless previously acknowledged before a notary public or other officer authorized by a law of the United States, or of a State, Territory, District, or possession thereof, to take acknowledgment of deeds.

"(c) In case of a change in the port of documentation of a vessel of the United States, no bill of sale, conveyance, or mortgage shall be recorded at the new port of documentation unless there is furnished to the collector of customs of such port, together with the copy of the bill of sale, conveyance, or mortgage to be recorded, a certified copy of the record of the vessel at the former port of documentation furnished by the collector of such port. The collector of customs at the new port of documentation is authorized and directed to record such certified copy.

(f) In case of the sale or conveyance of the whole or any part of such a vessel by a guardian or committee of the owner thereof, an authenticated copy of the letters of guardianship and of the court order, if any, authorizing the transfer of title shall be filed with the collector of customs before a new document is granted.

(g) In case of the appointment of a trustee in bankruptcy of the assets of the owner of the whole or any part of such a vessel, an authenticated copy of the order of the referee or court appointing him as such shall be filed with the collector of customs before a new document is granted.

(h) The certificates, letters, decrees, orders, and other evidence of title referred to in paragraphs (c), (d), (e), (f), and (g) of this section shall not be required to recite a marine document of the vessel concerned.

(i) In the case of the termination of a partnership owning an interest in a vessel because of the addition of a new member, the withdrawal of an old, or both, or the death or bankruptcy of a partner, or for any other reason, a written instrument in the nature of a bill of sale, as provided for in paragraph (b) of this section, shall be filed with the collector of customs before a new document is granted.

(c) When the owner of the whole or any part of such a vessel dies and there is an administration of his estate, an authenticated copy of the letters of appointment of the personal representative of the deceased owner shall be filed with the collector of customs before a new document is granted to that personal representative or to any of his successors in interest. In such a case, before a new document for a vessel is granted to one who acquires an interest therein as the beneficiary under a will, to the person succeeding to the interest of the deceased owner in case of intestacy, or to any successor in interest of either of them, an authenticated copy of the decree of distribution shall be filed with the collector of customs. The filing of an authenticated copy of the certificate of death or of the will of the deceased owner shall not be required.

(d) In case of the death intestate of the owner of the whole or any part of such a vessel, if there is no administration of his estate the collector shall forward to the Bureau a statement of all the facts and circumstances and, except as provided for in paragraph (e) of this section, an authenticated copy of the certificate of death of the owner, together with any documentary evidence in support of the claim of title presented to him, before a new document is granted to the next of kin of the deceased owner or to his successors in interest.

### § 3.37 Preferred mortgages.

(a) For the purposes of these regulations a "preferred mortgage" is one which meets the requirements of subsection D of the Ship Mortgage Act.<sup>a</sup>

<sup>a</sup> See footnote 21, § 332.

<sup>b</sup> (a) A valid mortgage which at the time it is made, includes the whole of any vessel of the United States (other than a towboat, barge, scow, lighter, car float, canal boat, or tank vessel, of less than twenty-five gross tons), shall, in addition, have, in respect to such vessel and as of the date of the compliance with all the provisions of this subsection, the preferred status given by the provisions of section 953 of this title, if—

(1) The mortgage is endorsed upon the vessel's documents in accordance with the provisions of this section;

(2) The mortgage is recorded as provided in section 921 of this title, together with the time and date when the mortgage is so endorsed;

(3) An affidavit is filed with the record of such mortgage to the effect that the mortgage is made in good faith and without any design to hinder, delay, or defraud any exist-

ing or future creditor of the mortgagor or any lienor of the mortgaged vessel;

"(4) The mortgage does not stipulate that the mortgagee waives the preferred status thereof; and

"(5) The mortgagee is a citizen of the United States and for the purposes of this section the Reconstruction Finance Corporation shall, in addition to those designated in sections 888 and 802 of this title, be deemed a citizen of the United States,

"(b) Any mortgage which complies in respect to any vessel with the conditions enumerated in this section is hereafter in this chapter called a 'preferred mortgage' as to such vessel.

"(d) Such indorsement shall be made (1) by the collector of customs of the port of documentation of the mortgaged vessel, or (2) by the collector of customs of any port in which the vessel is found, if such collector is directed to make the indorsement by the collector of customs of the port of documentation; and no clearance shall be issued to the vessel until such indorsement is made. The collector of customs of the port of documentation shall give such direction by wire or letter at the request of the mortgagee and upon the tender of the cost of communication of such direction. Whenever any new document is issued for the vessel, such indorsement shall be transferred to and indorsed upon the new document by the collector of customs.

"(e) A mortgage which includes property other than a vessel shall not be held a preferred mortgage unless the mortgage provides for the separate discharge of such property by the payment of a specified portion of the mortgage indebtedness. If a preferred mortgage so provides for the separate discharge, the amount of the portion of such payment shall be indorsed upon the documents of the vessel.

"(f) If a preferred mortgage includes more than one vessel and provides for the separate discharge of each vessel by the payment of a portion of the mortgage indebtedness, the amount of such portion of such payment shall be indorsed upon the documents of the vessel. In case such mortgage does not pro-

(46 U. S. C. 922)

<sup>a</sup> Section 1(b), Public Law 87-303, approved September 26, 1961 (75 Stat. 661), provides that the amendment reducing the minimum tonnage for preferred mortgages on certain classes of vessels from 200 to 25 gross tons under subsection (D) of the Ship Mortgage Act, 1920, as amended (46 U.S.C. 922), shall not apply to (1) any mortgage in existence on the date of enactment or (2) any mortgage placed on a vessel after the date of enactment under a mortgage on such vessel in existence on the date of enactment so long as such existing mortgage remains undischarged.

(c) No vessel covered by a preferred mortgage shall be granted clearance at any port until the preferred mortgage endorsement required by subsection D (c) of the Ship Mortgage Act, 1920,<sup>c</sup> has been placed on her marine document.

(d) In addition to the matters required by § 3.33 (c), the collector shall note on the index on customs Form 1332-A, the day, hour, and minute that (1) the proposed mortgage endorsement is placed on the marine document, and (2) such notation was made on the index.

(e) When a marine document bearing a preferred mortgage endorsement is surrendered<sup>d</sup> and a new document is issued before the mortgage is satisfied or the vessel released, the endorsement shall be placed on the new document.

(f) For the purposes of this section and the related statutes, an assignment of a preferred mortgage shall be regarded in all respects as a new preferred mortgage.

(g) A notice of claim of lien upon a vessel shall be recorded only if the vessel is covered by a preferred mortgage and

The master of the vessel shall, upon the request of any such person, exhibit to him the documents of the vessel and the copy of any preferred mortgage of the vessel placed on board thereof." (46 U. S. C. 923)

of the vessel's foreign register and of its foreign measurement certificate, if there be one, together with a duly authenticated translation of any such evidence that may be written in a foreign language. Satisfactory evidence shall be produced to establish that the transfer of registry has the approval of the foreign government concerned. If the vessel was built for the applicant and never under foreign registry, the builder's certificate shall be produced but no approval of a foreign government shall be required. If the vessel was not built for the applicant, satisfactory evidence of ownership shall be produced as in the case of a vessel built in the United States. There shall also be produced a certificate of the merchant marine officer in charge that the vessel is safe to carry dry and perishable cargo, and if the vessel is required to possess a certificate of inspection, it shall be produced.

(c) The applicant shall submit a certificate stating that:

- (1) The transfer of the vessel conveyed complete and unconditional title and ownership to the purchaser;
- (2) There is no agreement or understanding reserving to the vendor, or to any person who is not a citizen, any interest in the vessel or its operation, or any right of control thereof;
- (3) The transfer is intended to be permanent and not temporary, no right to repurchase the vessel is reserved to the vendor, and there is no understanding for its retransfer;
- (4) The transfer was not made during a voyage of the vessel or while it was in a blockaded port; and
- (5) The transfer was not made to avoid the consequences to which a vessel of a belligerent is exposed.

(d) The papers filed in connection with the application for documentation in accordance with the requirements of this section and any other pertinent information shall be forwarded to the Commissioner of Customs for consideration before the granting of a document to the vessel. Except as otherwise provided for in this section, the usual requirements for registry shall be complied with.

(a) Except as stated in § 3.40(d), when a vessel under frontier enrollment and license is to proceed to sea, directly or by way of an intermediate port, the vessel shall be required to surrender the frontier document. It may be issued a register if bound on a foreign voyage partly by sea, unless it is a vessel owned by a corporation which is a citizen of the United States as defined in § 3.19(a) (4) (see § 3.2(e) and 3.10), or, if qualified, may be issued an enrollment and license when proceeding from one United States port to another by way of the St. Lawrence River and the sea without touching at any foreign port. A vessel is not considered to have touched at a foreign port by reason of being boarded by Canadian authorities for the purposes of inspecting the vessel and taking a passing report, provided that no business is transacted at the port or place of boarding. A vessel under frontier enrollment and license may retain that document when proceeding by way of the Hudson River to any United States port without going to sea.

(b) The collector at a seaport may issue a frontier enrollment and license. (R.S. 251, 4318, as amended, sec. 27A, 72 Stat. 1736; 19 U.S.C. 66, 46 U.S.C. 258, 883-1)

**§ 4.13 Alcoholic liquors on vessels of not over 500 tons.**<sup>2</sup>

(a) When a vessel of not over 500 net tons which arrives from any foreign port or place or from a visit to a hovering vessel has on board any alcoholic liquors, other than sea stores, destined to the United States, a certificate on foreign service, Form 149 for the importation of such liquors shall be delivered to the

"In addition to any other requirement of law, every vessel, not exceeding five hundred net tons, from a foreign port or place, or which has visited a hovering vessel, shall carry a certificate for the importation into the United States of any spirits, wines, or other alcoholic liquors on board thereof (sea stores excepted), destined to the United States, said certificate to be issued by a consular officer of the United States or other authorized person pursuant to such regulations as the Secretary of State and the Secretary of the Treasury may jointly prescribe. Any spirits, wines, or other alcoholic liquors (sea stores excepted) found, or discovered to have been, upon any such vessel at any place in the United States, or within the customs waters, without said certificate on board, which are not shown to have a bona fide destination without the United States, shall be seized and forfeited and, in the case of any such merchandise so destined to a foreign port or place, a bond shall be required in double the amount of the duties to which such merchandise would be subject if imported into the United States, conditioned upon the delivery of said merchandise at such foreign port or place as may be certified by a consular officer of the United States or otherwise as provided in said regulations. Provided, That if the collector shall be satisfied that the certificate required for the importation of any spirits, wines, or other alcoholic liquors was issued and was lost or mislaid without fraud, or was defaced by accident, or is incorrect by reason of clerical error or other mistake, said penalties shall not be incurred nor shall such bond be re-

**§ 4.12 Correction of manifest.**

(a) Collectors of customs shall notify masters or agents of vessels of overages or shortages of merchandise on customs Form 5931. The discrepancies shall be resolved promptly by the master or agent and the customs Form 5931 shall be returned to the collector with the completion thereon of a shortage certificate, a post entry, or other suitable explanation of the corrective action taken (see § 4.34). Unless the collector is satisfied that the discrepancies were the result of clerical error or other mistake and that there has been no loss to the revenue, applicable penalties under section 584, Tariff Act of 1930, as amended, shall be assessed, and the facts shall be reported to the collector for the port where the vessel's bond was filed for any necessary action against the bond. For the purpose of assessing such penalties, the value of the merchandise shall be computed as prescribed in § 23.12 of this chapter. The fact that the master or owner had no knowledge of a discrepancy shall not relieve him from the penalty.

(b) A correction in the manifest shall not be required in the case of bulk merchandise if the collector is satisfied that the difference between the manifested quantity and the quantity unladen, whether the difference constitutes an overage or a shortage, is an ordinary and usual difference properly attributable to

Such request for overtime services must specify the nature of the services desired and the exact times when they will be needed, unless arrangements are made locally so that the proper customs officer will be seasonably notified during official hours in advance of the rendering of the services as to the nature of services desired and the exact times that they will be needed. **§ 4.11 Sealing of stores.**

Upon the arrival of a vessel from a foreign port, or a vessel engaged in the foreign trade from a domestic port, sea stores and ship's stores not required for immediate use or consumption on board while the vessel is in port and articles acquired abroad by officers and members of the crew, for which no permit to land has been issued, shall be placed under seal, unless the customs officer is of the opinion that the circumstances do not require such action. Customs inspectors in charge of the vessel, from time to time, as in their judgment the necessity of the case requires, may issue stores from under seal for consumption on board the

cause the master from making formal entry of his vessel at the customhouse, as provided by this Act. After the entry, preliminary or otherwise, of any vessel or report of the arrival of any vehicle, the collector may issue a permit to the master of the vessel, or to the person in charge of the vehicle, to unlade merchandise or baggage, but except as provided in subdivision (b) of this section merchandise or baggage so unladen shall be retained at the place of unloading until entry therefor is made and a permit for its delivery granted, and the owners of the vessel or vehicle from which any reported merchandise is unladen prior to entry of such merchandise shall be liable for the payment of the duties accruing on any part thereof that may be removed from the place of unloading without a permit therefor having been issued. . . .

After the net tonnage has been noted, the master may deliver it to the consul of the nation to which such vessel belongs, in which event he shall file with the collector the certificate required by section 435 of the tariff act. If not delivered to the consul, the register shall be deposited in the customhouse.  
(d) The master of every vessel required to make entry shall present on entry the pratique required by the pertinent regulations of the United States Public Health Service (42 CFR Chapter I) and shall pay all required fees and penalties incurred.

(e) The master, licensed deck officer, or purser may appear in person at the customhouse to enter the vessel or the required oaths, related documents, and other papers properly executed by the master or other proper officer may be delivered at the customhouse by the vessel agent or other personal representative of the master.

"It shall not be lawful for any foreign consul to deliver to the master of any foreign vessel the register, or document in lieu thereof, deposited with him in accordance with the provisions of section 435 of this Act until such master shall produce to him a clearance in due form from the collector of the port where such vessel has been entered. Any consul offending against the provisions of this section shall be liable to a fine of not more than \$6,000." (Tariff Act of 1930, sec. 438; 19 U. S. C. 1438)

Except as provided in section 441 of this Act (relating to vessels not required to enter), no merchandise, passengers, or baggage shall be unladen from any vessel or vehicle arriving from a foreign port or place until entry of such vessel or report of the arrival of such vehicle has been made and a permit for the unloading of the same issued by the collector. (b) When any shipment of spirits, wines, or other alcoholic liquors found on board a vessel not exceeding 500 net tons is shown to have a bona fide destination outside the United States, the master shall furnish a landing bond on customs Form 7593 (see T.D. 47886) with an authorized corporate surety unless the shipment is accompanied by a certificate on foreign service Form 149.

(c) The condition of the landing bond shall be satisfied by the delivery to the collector of customs within 6 months from the date of the bond of a landing certificate or certificates of a revenue officer of the country of destination showing that all the alcoholic liquors have been landed at their foreign destination.

#### § 4.14 Equipment and repairs to American vessels.

(a) The master's declaration on customs Form 3415 required by § 4.7(b)(2), covering equipment, repair parts, or material acquired, or expense for repairs incurred, in a foreign country,\* within the purview of section 466, Tariff Act of 1930, as amended,† shall be filed, whether

\* The Canal Zone and the Virgin Islands are not "foreign countries" within the meaning of sec. 466, Tariff Act of 1930, and equipment, repair parts, or materials there purchased or repairs there made on a vessel of the United States are not dutiable.

† The equipments, or any part thereof including boats, purchased for, or the repairs or materials to be used, or the expenses of repairs made in a foreign country upon a vessel documented under the laws of the United States to engage in the foreign or coastwise trade, or a vessel intended to be employed in such trade, shall on the first arrival of such vessel in any port of the United States, be liable to entry and the payment of an ad valorem duty of 50 per centum on the cost thereof in such foreign country; and if the owner or master of such vessel shall willfully and knowingly neglect or fail to report, make entry, and pay duties as herein required, such vessel, with her tackle, apparel, and furniture, shall be seized and forfeited. For the purposes of this section, compensation paid to members of the regular crew of such vessel in connection with the installation of any such equipment, or any part thereof, or any making or repairs, in a foreign country, shall not

or not the items, or any of them, may be exempt from entry as stated in paragraph (b)(1) of this section.

(b) Entry on customs Form 7535 shall be made for such equipment or repairs. Such entry shall show the last sailing date from each country at which repairs were made on the particular voyage. Estimated duties shall be deposited on a bond on customs Form 7567 or 7569 given therefor before the vessel shall be allowed clearance, except that—

(1) No entry or bond shall be required with respect to items which the collector is satisfied are clearly within the purview of R.S. 3115(3), as amended, and

be included in the cost of such equipment or part thereof, or of such repairs.

"Sec. 3115. If the owner or master of such vessel furnishes good and sufficient evidence—

"(1) That such vessel, while in the regular course of her voyage, was compelled, by stress of weather or other casualty, to put into such foreign port and purchase such equipments or make such repairs, to secure the safety and seaworthiness of the vessel to enable her to reach her port of destination; or

"(2) That such equipments or parts thereof or repair parts or materials, were manufactured or produced in the United States, and the labor necessary to install such equipments or to make such repairs was performed by residents of the United States, or by members of the regular crew of such vessel; or

"(3) That such equipments, or parts thereof, or materials, or labor, were used as dunnage for cargo, or for the packing or shoring thereof, or in the erection of temporary bulkheads or other similar devices for the control of bulk cargo, or in the preparation (without permanent repair or alteration) of tanks for the carriage of liquid cargo;

then the Secretary of the Treasury is authorized to remit or refund such duties, and such vessel shall not be liable to forfeiture, and no license or enrollment and license, or renewal of either, shall hereafter be issued to any such vessel until the collector to whom application is made for the same shall be satisfied, from the oath of the owner or master, that all such equipments or parts thereof or materials and repairs made within the year immediately preceding such application have been duly accounted for under the provisions of this and the preceding sections, and the duties accruing thereon duly paid; and if such owner or master shall refuse to take such oath, or take it falsely, the vessel shall be seized and forfeited." (Tariff Act of 1930, sec. 466, as amended, 19 U. S. C. 257, 258)

(2) Vessels owned by the United States, although subject to the provisions of section 466, Tariff Act of 1930, as amended, shall be allowed to proceed without such deposit of duties or filing of a bond, if operated by the Maritime Administration or other agency of the United States or if operated under an agreement providing that such an agency shall pay duties accruing under section 466. Vessels owned by the United States and operated by private parties who are liable by agreement for duties accruing under section 466 shall be treated in all respects the same as privately-owned vessels.

(c) The master shall file with the entry receipts showing the costs of items enumerated in the said section 466. If, however, it is impracticable to produce such receipts at the time of entry, liquidation of the entry shall be suspended pending the furnishing of a complete account of the items liable to duty. In such cases the collector shall cause an examination of such equipment or repairs to be made by a representative of the appraiser's office, if possible, in order to verify the cost declared on entry. If the cost of the equipment or repairs, as shown by the complete account when filed, differs from that declared on entry, the collector may permit the entry to be amended accordingly.

(d) When the entry has been completed by the filing of proper evidence of cost and no application for relief as provided for in paragraph (e) of this section, has been filed within the time authorized or, if filed, has been finally acted upon, or the collector is informed that no such application will be filed, the entry shall be liquidated.

(e) An application for relief may be filed with the collector of customs alleging (1) that an item covered by the entry is not within the class of items liable to duty under section 3114, Revised Statutes, as amended, (2) that such item is within the provisions of section 3115, Revised Statutes, as amended, or (3) both of the foregoing. To insure consideration in liquidation of the entry, the application shall be filed within 90 days from the date of the entry and, unless the collector is definitely advised that no application will be filed, the liquidation shall be suspended for that period of time to afford an opportunity for such filing. In meritorious cases the

collector may authorize a further suspension of 90 days upon written request therefor. Inasmuch as an unprovoked liquidation, insofar as it relates to the classification of items for the purposes of section 3114, Revised Statutes, is final at the expiration of 60 days, a subsequent application in regard to such classification cannot be considered in the absence of a timely protest.

(f) When relief is claimed under subdivision (1) of section 3115, Revised Statutes, as amended, there shall be submitted to the collector of customs a certificate of the master together with itemized bills covering the cost of the repairs made or equipment purchased, abstracts of the vessel's log, and a certificate of the proper officer when the repairs were made in order to obtain a certificate of seaworthiness, all of which shall be in duplicate if the vessel is owned or operated by the Maritime Administration, or a similar agency of the United States. This certificate of the master shall set out fully the following information:

(1) The nature of the casualty or stress of weather encountered;

(2) When and where the casualty or stress of weather occurred;

(3) The damage done by the casualty or stress of weather;

(4) The port where the repairs were made or the equipment secured; and

(5) A statement of the master of the vessel as to whether or not the repairs or equipments were required to secure the safety and seaworthiness of the vessel to enable her to reach her port of destination.

(g) When relief is claimed under subdivision (2) or (3) of section 3115, Revised Statutes, as amended, a certificate of the master shall be submitted to the Collector of Customs, accompanied by the evidence in support of the claim.

(h) The evidence referred to in paragraphs (f) and (g) of this section, or offered in support of an application filed under paragraph (c) (1) of this section, shall be furnished to the collector of customs within 90 days after an application is filed. If such evidence is not received within the 90-day period the entry shall be liquidated without regard to the application unless the collector of customs shall have approved an extension of such period.

(19 U.S.C. 130, 131), shall be enforced only in pursuance of specific instructions issued and published from time to time by the Secretary of the Treasury or such other officer as the Secretary may designate. (See also §§ 4.20(c) and 16.19 of this chapter.)

TONNAGE TAX AND LIGHT MONEY.

§ 4.20 Tonnage taxes.

(a) Except as specified in § 4.21, a regular tonnage tax or duty of 2 cents

"Upon vessels which shall be entered in the United States from any foreign port or place there shall be paid duties as follows: On vessels built within the United States but belonging wholly or in part to subjects of foreign powers, at the rate of thirty cents per ton; on other vessels not of the United States, at the rate of fifty cents per ton, and any vessel any officer of which shall not be a citizen of the United States shall pay a tax of fifty cents per ton.

"A tonnage duty of 2 cents per ton, not to exceed in the aggregate 10 cents per ton in any one year, is imposed at each entry on all vessels which shall be entered in any port of the United States from any foreign port or place in North America, the Bahama Islands, the West India Islands, the Bermuda Islands, the Bermuda Islands, or the coast of South America bordering on the Caribbean Sea, or Newfoundland, and a duty of 6 cents per ton, not to exceed 30 cents per ton per annum, is imposed at each entry on all vessels which shall be entered in any port of the United States from any other foreign port, not, however, to include vessels in distress or not engaged in trade.

"Upon every vessel not of the United States, which shall be entered in one district from another district, having on board goods, wares, or merchandise taken in one district to be delivered in another district, duties shall be paid at the rate of 50 cents per ton: Provided, That no such duty shall be required where a vessel owned by citizens of the United States, but not a vessel of the United States, after entering an American port, shall, before leaving the same, be registered as a vessel of the United States. On all foreign vessels which shall be entered in the United States from any foreign port or place, to and with which vessels of the United States are not ordinarily permitted to enter and trade, there shall be paid a duty at the rate of \$2 per ton, and none of the duties on tonnage above-mentioned shall be levied on the vessels of any foreign nation if the President of the United States shall be satisfied that the discriminating or countervailing duties of such foreign nations, so far as they operate to the disadvantage of the United States, have been abolished. Any rights or privileges acquired by any foreign nation under the laws and

(b) If the application is approved, the collector of customs or such deputy collector of customs as may be designated by him shall receive the report of arrival and the entry of the vessel and grant it clearance on board the vessel.

(c) For the purposes of the said act the term "at night" shall include the hours from 5 p. m. of one day to 8 a. m. of the following day, and the term "holiday" shall include only national holidays.

§ 4.17 Vessels from discriminating countries.

The prohibition against imports in, and the penalty of forfeiture of, certain vessels from countries which discriminate against American vessels provided for in subsections 2 and 3 of paragraph J, section IV, Tariff Act of 1913, as amended by the act of March 4, 1915

"In order to expedite the dispatch of vessels carrying passengers operating on regular schedules and arriving at night or on a Sunday or a holiday at a port in the United States at which such vessel is required by law to report arrival and make entry and from which it is required to obtain a clearance, the collector of customs, or any deputy collector of customs designated by him, if the vessel departs during the same night, Sunday, or holiday on which it arrives may, under such regulations as may be prescribed by the Secretary of the Treasury, receive the report of arrival and entry of such vessel from and give clearance for such vessel to the master or other proper officer thereof on board such vessel: Provided, That bond, as prescribed in section 1451 of this title, is given to secure reimbursement to the Government for the compensation of, and expenses incurred by, such customs officers in performing such services, who shall be entitled to rates of compensation fixed on the same basis and payable in the same manner and upon the same terms and conditions as in the case of customs officers and employees assigned to lading or unloading at night or on Sunday or a holiday." (19 U.S.C. 1435b. Sec. 102, Reorg. Plan No. 3 of 1946; 3 CFR, 1946 Supp., Ch. IV)

from a collector of customs a permit on customs Form 1379 to touch and trade." (b) Upon the arrival of a vessel enrolled and licensed or licensed for the fisheries which has put into a foreign port or place, the master shall report its arrival, make entry, and conform in all respects to the regulations applicable in the case of a vessel arriving from a foreign port.

(c) If a vessel which has been granted a permit to touch and trade arrives at a port in the United States, whether or not the vessel has touched at a foreign port or place, such permit shall forthwith be surrendered to the collector of customs.

(d) No permit to touch and trade shall be issued to a vessel enrolled and licensed or licensed for the coasting trade and mackerel fishery which is departing on a foreign voyage to engage exclusively in a trade other than the fisheries. For such a voyage the vessel shall be registered and the master shall obtain clearance for the foreign port or place.

§ 4.16 Entry and clearance on board vessels.

(a) A master, owner, or agent of a vessel described in the act of June

"Whenever any vessel, licensed for carrying on the fisheries, is intended to touch and trade at any foreign port, it shall be the duty of the master or owner to obtain permission for that purpose from the collector of the district where such vessel may be, previous to her departure, and the master of every such vessel shall deliver like manifests, and make like entries, both of the vessel and of the merchandise on board, within the same time, and under the same penalty, as are by law provided for vessels of the United States arriving from a foreign port." (46 U.S.C. 310)

"Whenever a vessel, licensed for carrying on the fisheries, is found within three leagues of the coast, with merchandise of foreign growth or manufacture, exceeding the value of \$500, without having such permission as is directed by section 310 of this title, such vessel together with the merchandise of foreign growth or manufacture imported therein, shall be subject to seizure and forfeiture." (46 U.S.C. 311; see also 46 U.S.C. 325)

If such a vessel puts into a foreign port or place and only obtains bunkers, stores, or supplies suitable for a fishing voyage, it is not considered to have touched and traded there.

(i) The master shall certify as true copies or originals, as the case may be, one copy of each repair bill, abstract of the vessel's log, report of survey, and other documents submitted in support of the application for relief. If a document is written in a foreign language, it shall be accompanied by a translation certified to be accurate.

(j) The authority under section 3115 of the Revised Statutes, as amended, to remit or refund duties is delegated to the several collectors of customs and their successors in office. When the evidence referred to in paragraphs (f), (g), or (h) of this section has been received and examined by the collector of customs he shall notify the owner or operator of the vessel, or other party in interest, of his decision, but if any doubt exists the case shall first be referred to the Bureau for advice. Thirty days after the date of such notice the collector shall proceed to liquidate the entry unless within that period the owner or operator of the vessel, or other party in interest, shall file a petition as provided for in paragraph (k) of this section.

(k) The owner or operator of the vessel involved, or other party in interest, may file with the collector of customs a petition addressed to the Commissioner of Customs for a review of the collector's decision on an application claiming relief under section 3115, Revised Statutes, as amended, (paragraph (e) (2) or (3) of this section). Such petition shall be filed in duplicate within 30 days from the date of the notice of the collector's decision, and shall completely identify the case, and shall set forth in detail the exceptions to the collector's decision. When such a petition has been filed, the collector shall immediately transmit both copies thereof and the entire file to the Bureau, together with any comments he may desire to submit. When the Bureau's decision has been received the entry shall be liquidated in accordance therewith.

§ 4.15 Fishing vessels touching and trading at foreign places.

 (a) Tonnage taxes and light money shall be suspended in whole or in part whenever the President by proclamation shall so direct.  
 (b) A vessel engaged in alternating trade.  
 (c) See footnote 36.  
 (d) A duty of 50 cents per ton, to be denominated "light money", shall be levied and collected on all vessels not of the United States which may enter the ports of the United States. Such light money shall be levied and collected in the same manner and under the same regulations as the tonnage duties. *Provided*, That no such duty shall be required where a vessel owned by citizens of the United States, but not a vessel of the United States, after entering an American port, shall, before leaving the same, be registered as a vessel of the United States. (46 U. S. C. 120)

passengers have been unladen or discharged at the 2-cent port, without regard to whether the vessel thereafter has proceeded to the United States in ballast or with cargo or passengers laden or taken on board at the 2-cent port.  
 (3) The 6-cent rate shall be applied when the vessel proceeds from a 2-cent port to a 6-cent port en route to the United States under circumstances similar to subparagraph (1) or (2) of this paragraph.  
 (4) If the vessel arrives in the United States with cargo or passengers taken at two or more ports to which different rates are applicable, tonnage tax shall be collected at the higher rate.  
 (b) The tonnage year shall be computed from the date of the first entry of the vessel concerned, without regard to the rate of the payment made at that entry, and shall expire on the day preceding the corresponding date of the following year.<sup>1</sup>  
 (c) A vessel shall also be subject on every entry from a foreign port or place, whether or not regular tonnage tax is payable on the particular entry, to the payment of a special tonnage tax<sup>2</sup> and to the payment of light money<sup>3</sup> at the rates and under the circumstances specified in the following table:

Classes of vessels	Rate per net ton		
	Regular tax	Special tax	Light money
Vessels of the United States: 1. Under provisional register, without regard to citizenship of officers. 2. All others: (i) If all the officers are citizens. (ii) If any officer is not a citizen. Vessels of Philippine registry, owned by citizens of the Philippine Islands.	\$0.02 or \$0.06		
Foreign vessels: 1. Of nations whose vessels are exempted from special tax or light money. 2. <sup>1</sup>This does not apply on the first arrival of a vessel in a port of the United States from a foreign or intercoastal voyage if all the officers who are not citizens are below the grade of master and are filling vacancies which occurred on the voyage.  
<sup>2</sup>The special tax and light money do not apply if the vessel is documented as a vessel of the United States before leaving the port.  
<sup>3</sup>This does not apply if the vessel is under a certificate of protection and the owner or master files with the collector the oath required by 46 U. S. C. 129. An unrecorded bill of sale is not such a document as will exempt a vessel from the payment of light money under 46 U. S. C. 128, and the recording of such bill of sale after the arrival of the vessel is not sufficient to relieve it from the payment of the tax.  
<sup>4</sup>This is to be collected on each entry of a vessel from such a port or place.

§ 4.23 Certificate of payment.

Upon each payment of tonnage tax or light money, the collector of customs shall give to the master of the vessel a certificate on customs Form 1002. This certificate shall constitute the official evidence of such payment and shall be presented upon each entry during the tonnage year in order to establish the date of commencement of the tonnage year and to insure against overpayment. (g) The collector may also issue a permit running for any period up to 1 month, and in multiples of months thereafter but not to exceed 1 year, to unlade or lade vessels specified in paragraph (f) of this section during official hours. Customs Form 3851 (modified) shall be used for such purpose.

(h) A special license for the unloading or lading of a vessel at night shall be refused by the collector if the character of the merchandise or the conditions or facilities at the place of unloading or lading render the issuance of such special license dangerous to the revenue. In no case shall a special license for unloading or lading on a Sunday or holiday be granted except on the ground of commercial necessity.

(i) The collector shall not issue a permit to unlade cargo or equipment of vessels arriving directly or indirectly from any port or place outside the customs territory of the United States, except on compliance with one or more of the following conditions:

(1) The merchandise shall have been duly entered and permits issued; or  
 (2) A vessel bond on customs Form 7567 or 7569 shall have been given; or  
 (3) The merchandise is to be discharged into the custody of the collector of customs as provided for in section 490 (b), Tariff Act of 1930.

If a request for overtime services is limited as set forth in paragraph (b) of this section appropriate words such as "to enter and unlade", or "to lade and clear", shall be used in the request. Separate bonds shall be required if overtime services are requested by different principals.

(d) Except as prescribed in paragraph (f) or (g) of this section, a separate application for a permit or special license shall be filed in the case of each arrival. The permit or special license shall not become effective until the master shall have made preliminary or formal entry or, in the case of vessels not reported to enter, the master shall have reported the arrival of the vessel.

(e) Stevedoring companies and others concerned in lading or unloading merchandise, or in removing or otherwise securing it, shall ascertain that the applicable preliminary customs requirements have been complied with before commencing such operations, since performance in the absence of such compliance renders them severally liable to the penalties prescribed in section 453, Tariff Act of 1930,<sup>2</sup> even though they may not be responsible for taking the action necessary to secure compliance.

(f) A special license on customs Form 3851 running for any period up to 1 month and in multiples of months thereafter but not to exceed 1 year nor longer than the period of the supporting bond may be granted to a carrier operating passenger vessels making three or more trips a week between a port in the United States and a foreign port, or to an owner or agent of vessels employed in the fisheries or used as ferryboats, including car ferries, to unlade merchandise, passengers, or baggage, or to lade merchandise or baggage in the case of any or all of such vessels at night or on a Sunday or holiday when customs supervision is required. The application for such a special license to lade or unlade and request for overtime services of customs officers shall be on customs Form 3851. Such approval, together with the permit, shall constitute a special license. The request for overtime services of customs officers, if made at the time the application to unlade or lade is filed, may be on customs Form 3171 in the space provided therefor, but if made thereafter, shall be on customs Form 3853. Such request for overtime services must specify the nature of the services desired and the exact times when they will be needed, unless arrangements are made locally so that the proper customs officer will be seasonably notified during official hours in advance of the rendering of the services as to the nature of the services desired and the exact times that they will be needed. Such request shall not be approved unless the required cash deposit or bond<sup>2</sup> on customs Form 7567 or 7569 shall have been received, except that, when a carrier has on file a bond on customs Form 3587, no further bond shall be required solely by reason of the

<sup>2</sup>"Before any such special license to unlade shall be granted, the master, owner, or agent of such vessel or vehicle, or the person in charge of such vehicle, shall be required to deposit sufficient money to pay, or to give a bond in an amount to be fixed by the Secretary conditioned to pay, the compensation and expenses of the customs officers and employees assigned to duty in connection with such unloading at night or on Sunday or a holiday, in accordance with the provisions of section 5 of the act of February 13, 1911, as amended (U. S. C., 1922 edition, title 19, sec. 267). In lieu of such deposit or bond the owner or agent of any vessel or vehicle or line of vessels or vehicles may execute a bond in an amount to be fixed by the Secretary of the Treasury to cover and include the issuance of special licenses for the unloading of such vessels or vehicles for a period not to exceed one year. <sup>2</sup>" (Tariff Act of 1930, section 451, as amended, 19 U. other article shall be laden<sup>2</sup> on a vessel destined to a port or place outside the customs territory of the United States, if customs supervision of such lading is required,<sup>2</sup> until the collector shall have issued a permit or special license therefor on customs Form 3171.

(b) Application for such a permit or special license shall be made by the master, owner, or agent of the vessel on customs Form 3171, and shall indicate the type of operations desired. An agent of a vessel may limit his application to operations involved in the entry and unloading of the vessel or to operations involved in its lading and clearance.

(c) No unloading<sup>2</sup> or lading<sup>2</sup> requiring customs supervision shall be done at coal, bunker oil, ships' stores, sea stores, or the legitimate equipment of vessels belonging to regular lines plying between foreign ports and the United States, which are delayed in port for any cause, may be transferred under a permit by the collector and under customs supervision from the vessel so delayed to another vessel of the same line and owner, and engaged in the foreign trade, without the payment of duty thereon." The provisions of section 446, Tariff Act of 1930, do not apply to vessels of less than 5 net tons. (T. D. 45431)

<sup>2</sup>"If any merchandise or baggage is laden on, or unladed from, any vessel or vehicle without a special license or permit therefor issued by the collector, the master of such vessel or the person in charge of such vehicle and every other person who knowingly is concerned, or who aids therein, or in removing or otherwise securing such merchandise or baggage, shall each be liable to a penalty equal to the value of the merchandise or baggage so laden or unladed, and such merchandise or baggage shall be subject to forfeiture, and if the value thereof is \$500 or more, the vessel or vehicle on or from which the same shall be laden or unladed shall be subject to forfeiture." (Tariff Act of 1930, section 453; 19 U. S. C. 1453)

<sup>2</sup>"No merchandise, baggage, or passengers arriving in the United States from any foreign port or place, and no bonded merchandise or baggage being transported from one port to another, shall be unladed from the carrying vessel or vehicle on Sunday, a holiday, or at night, except under special license granted by the collector under such regulations as the Secretary of the Treasury may prescribe." in such number of copies as the collector may require for local customs purposes. The certified traveling manifest shall not be altered or added in any way by the master or agent. When an application to divert to another port for discharge is approved by a collector for an intermediate port, he shall securely attach an approved copy of the application and a copy of the amended manifest to the traveling manifest and shall send one copy of the amended manifest to the collector at the port where the vessel's bond was filed.

(d) If, as the result of a strike or other emergency at a United States port for which inward foreign cargo is manifested, it is desired to retain the cargo on board the vessel for discharge at a foreign port but with the purpose of having the goods returned to the United States, an application to amend the vessel's manifest under a procedure like that described in paragraph (c) of this section, except to substitute a foreign for the domestic port named as the port of discharge, may be made by the master, owner, or agent of the vessel. If the application is approved, it shall thereafter be handled in the same manner as an application filed under paragraph (c) of this section. However, before approving the application, the collector is authorized to require such bond as he deems necessary to insure that export control laws and regulations are not circumvented.

(a) If an emergency exists at the port of destination and authority under section 449, Tariff Act of 1930, is desired for a collector to permit a vessel which has entered with imported merchandise or baggage shown by the manifest to be destined to his port to proceed to another port of entry in accordance with the residue-cargo bond procedure, the owner or the agent of the vessel shall make written application for such authorization stating the reasons and agreeing to hold the collector and the Government harmless for such diversion.

(a) When any cargo or stores of a vessel have been unladen or transhipped at any place in the United States or its customs waters other than a port of entry because of accident, stress of weather, or other necessity, no penalty shall be imposed under section 453 or 586 (a), Tariff Act of 1930, if due notice is given to the collector of customs at the port at which the vessel thereafter first arrives and satisfactory proof is submitted to him as provided for in section 586 (f), Tariff Act of 1930, as amended.

(a) Except as provided in sections 442 and 447 of this Act (relating to residue cargo and to bulk cargo, respectively), merchandise and baggage imported in any vessel by sea shall be unladen at the port of entry to which such vessel is destined, unless (1) such vessel is compelled by any cause to put into another port of entry, and the collector of such port issues a permit for the unloading of such merchandise or baggage, or (2) the Secretary of the Treasury, because of an emergency existing at the port of destination, authorizes such vessel to proceed to another port of entry. Merchandise and baggage so unladen may be entered in the same manner as other imported merchandise or baggage and may be treated as unclaimed merchandise or baggage and stored at the expense and risk of the owner thereof, or may be reloaded without entry upon the vessel from which it was unladen for transportation to its destination." (Tariff Act of 1930, sec. 449; 19 U. S. C. 1449)

(b) Merchandise and baggage unladen at the second port under these circumstances may be (1) entered in the same manner as other imported merchandise and baggage, (2) treated as unclaimed, or (3) reloaded without entry for transportation to its original destination.

(a) When a vessel from a foreign port arrives in distress at a port other than that to which it is destined, a permit to land merchandise or baggage may be issued if such action is necessary. Merchandise and baggage so unladen shall be taken into customs custody and, if it has not been transported in violation of the coastwise laws, may be entered and disposed of in the same manner as any other imported merchandise or may be reloaded without entry to be carried to its destination on the vessel from which it was unladen, subject only to charges for storage and safekeeping.

(a) "If any merchandise or baggage is laden on, or unladen from, any vessel or vehicle without a special license or permit therefor issued by the collector, the master of such vessel or the person in charge of such vehicle and every other person who knowingly is concerned, or who aids therein, or in removing or otherwise securing such merchandise or baggage, shall each be liable to a penalty equal to the value of the merchandise or baggage so laden or unladen, and such merchandise or baggage shall be subject to forfeiture, and if the value thereof is \$500 or more, the vessel or vehicle on or from which the same shall be laden or unladen shall be subject to forfeiture." (Tariff Act of 1930, sec. 453; 19 U. S. C. 1453)

(c) The inward foreign manifest of a vessel may be changed at any time following entry of the vessel to substitute domestic ports for either other domestic or foreign ports as ports of discharge of the merchandise shown on the inward foreign manifest. A written application for the diversion shall be made by the master, owner, or agent of the vessel to the collector of the port where the vessel is located, after entry of the vessel at that port. An amended manifest under oath covering the merchandise which it is desired to divert shall be furnished in support of the application. The amended manifest shall be

(b) A bond on customs Form 7567 shall be given in an amount to be determined by the collector to insure the proper disposition of the cargo, whether such cargo be dutiable or free.

Merchandise and baggage so unladen may be entered in the same manner as other imported merchandise or baggage and may be treated as unclaimed merchandise or baggage and stored at the expense and risk of the owner thereof, or may be reloaded without entry upon the vessel from which it was unladen for transportation to its destination." overcarried to another domestic port through error or on account of an emergency to be returned in the importing vessel, or in another vessel of the same line, to the destination shown on the inward foreign manifest of the importing vessel provided that vessel actually entered the port of such destination.

(c) Cargo so stowed as to be inaccessible upon arrival at destination may be retained on board, carried forward to another domestic port or ports, and returned to the port of destination in the importing vessel or in another vessel of the same line in the same manner as other overcarried cargo.

(d) When it is desired that prematurely landed or overcarried cargo be forwarded to destination by the importing vessel or by another vessel of the same line in accordance with paragraph (a), (b), or (c) of this section, an application therefor shall be filed with the local collector by the owner or agent of the vessel. Such application shall be supported by a manifest of the cargo in such number of copies as the collector may require under a residue cargo procedure as hereinafter described. Whenever practicable, the application shall be made on the face of the manifest below the description of the merchandise, if there is sufficient space therefor. The manifest shall specify the vessel on which the cargo was imported even though the forwarding to destination is by another vessel of the same line. The application shall be stamped and signed to show its approval.

(e) One copy of the manifest shall be certified by customs for use as a separate traveling manifest for the prematurely landed or overcarried cargo being forwarded as residue cargo, whether or not the forwarding vessel is also carrying other residue cargo. If application for forwarding to destination is made on the manifest, the new substitute traveling manifest shall be stamped to show the approval of the application thereon or if the application is on a separate document a copy thereof stamped to show

its approval shall be attached to the substitute traveling manifest. A separate certificate on customs Form 3221 shall be attached to each such traveling manifest. An appropriate cross-reference shall be made on customs Form 3221 to show whether any other traveling manifest is being carried forward on the same vessel.

(f) A certificate (Customs Form 3221) signed by the collector and bearing notations suitably identifying the cargo as prematurely landed or overcarried cargo shall be attached to the substitute traveling manifest. The Form 3221 shall state the ports of departure and dates of sailing of the importing vessel. The permit to proceed, customs Form 1385, issued to the vessel transporting to destination the prematurely landed or overcarried cargo shall make reference to the nature of such cargo, identifying it with the importing vessel.

(g) A vessel with such prematurely landed or overcarried cargo on board shall comply upon arrival at each intermediate port and at destination with all the requirements of this part relating to foreign residue cargo for domestic ports. When such cargo is prematurely landed or overcarried cargo arrives at the port of destination under an approved application and substitute traveling manifest, the collector shall check to see whether the cargo covered by the application and substitute traveling manifest was included in the manifest filed on the original entry of the importing vessel at the first port of entry in the United States, to determine whether a post entry to the original manifest is required. The substitute traveling manifest, carried forward from port to port by the overcarrying vessel, shall be finally surrendered at the port where the last portion of the prematurely landed or overcarried cargo is discharged.

(h) Merchandise shipped from a domestic port, but undelivered at the foreign destination and brought back, shall be manifested as "Undelivered.—To be returned to original foreign destination," if such return is intended. The collector may issue a permit to retain such merchandise on board, or he may, upon written application of the steamship company issue a permit on customs Form 7500—A allowing such merchandise to be transferred to another vessel for return to the original foreign destination. No

charge shall be made against the vessel bond. The items shall be remanifested outward and an explanatory reference of the attending circumstances and compliance with export requirements noted.

§ 4.35 Unloading outside port of entry.

(a) Upon written application from the interested party, the collector of customs concerned, if he considers it necessary, may permit any vessel laden with merchandise in bulk to proceed, after entry, to any place outside the port where the vessel entered which such collector may designate for the purpose of unloading such cargo.

(b) In such case a deposit of a sum sufficient to reimburse the Government for the compensation, travel, and subsistence expenses of the officers detailed to supervise the unloading and delivery of the cargo may be required by the collector.

The compensation and expenses of any such inspector or customs officer for subsistence while on board of such vessel or vehicle shall be reimbursed to the Government by the owner or master of such vessel or vehicle." At the expiration of such period, any merchandise or baggage so remaining shall be deposited in the public stores or a general-order warehouse, except that, at the written request of the owner, agent, or master of the vessel, filed in duplicate on customs Form 3189, and at the risk of the owner of the vessel, the collector may issue a lay order allowing such merchandise or baggage to remain on the wharf or pier properly protected for a further period, which shall be specified in the order. The application for an initial lay order to allow the merchandise to remain on the wharf or pier beyond the fifth working day may be included, if the collector approves, in the space provided therefor in the application made on customs Form 3171 for a permit to land or unlade.

(b) All merchandise or baggage unladed from a vessel for which no permit has been received before expiration of the original 5-day period, or extension thereof, shall be sent to the public stores or a general-order warehouse and held as unclaimed at the risk and expense of the consignee or owner.<sup>13</sup>

The application shall be in writing in such number of copies as may be required for local customs purposes. Before permitting delivery of packages under such an application, the collector shall cause such examination thereof to be made as will reasonably identify the contents with the invoice filed with the consumption entry. If the merchandise is entered for transportation in bond without the filing of an invoice, such examination shall be made as will reasonably identify the contents of the packages with the transportation entry.

Ship's or sea stores, supplies, and equipment of a vessel wrecked either in the waters of the United States or outside such waters, on being recovered and brought into a United States port, and like articles landed from a vessel dismantled in a United States port shall be subject to the same customs treatment as would apply if the articles were landed from a vessel arriving in the ordinary course of trade. Parts of the hull and fittings recovered from a vessel which arrived in the United States in the course of navigation and was wrecked in the waters of the United States or was dismantled in this country are free of duties and import taxes, but if such articles are recovered from vessels outside the waters of the United States and brought into a United States port, they shall be treated as imported merchandise.

§ 4.38 Release of cargo.

(a) No imported merchandise shall be released from customs custody until a permit to release such merchandise has been granted. Such permit shall be issued by the collector only after the merchandise has been entered and, except as provided for in § 8.29(c) or § 8.59 of this chapter, the duties thereon, if any, have been estimated and paid.

(b) When packages of merchandise bear marks or numbers which differ from those appearing on the manifest of the importing vessel for the same packages and the importer or a receiving bonded carrier, with the concurrence of the importing carrier, makes application for their release under such marks or numbers, either for consumption or for transportation in bond under an entry filed

If it is not entered by the person entitled to make entry, or is not disposed of pursuant to court order, it shall be subject to sale as unclaimed merchandise.

(c) If such merchandise is from a vessel which has been sunk in waters of the United States for 2 years or more and has been abandoned by the owner, any person who has salvaged the cargo shall be permitted to enter the merchandise in the district in which the vessel was wrecked free of duty upon the facts being established to the satisfaction of the collector at the port of entry. Any other such merchandise is subject to the same tariff classification as like merchandise regularly imported in the ordinary course of trade.

(d) If the merchandise is libeled for salvage, the collector shall notify the United States attorney of the claim of the United States for duties, and request him to intervene for such duties. (Secs. 310, 483, 46 Stat. 690, 721; 19 U.S.C. 1310, 1483)

"Whenever any vessel laden with merchandise, in whole or in part subject to duty, has been sunk in any river, harbor, bay, or waters subject to the jurisdiction of the United States, and within its limits, for the period of two years and is abandoned by the owner thereof, any person who may raise such vessel shall be permitted to bring any merchandise recovered therefrom into the port nearest to the place where such vessel was so raised free from the payment of any duty thereupon, but under such regulations as the Secretary of the Treasury may prescribe." (Tariff Act of 1930, sec. 310; 19 U.S.C. 1310)

Salvors have an uncertain interest in the goods saved, dependent upon the decree of a competent tribunal, and have a presumptive right without such decree to possession or merchandise salvaged by them from abandoned wrecks. The salvors are entitled in either case to make entry of derelict or wrecked goods.

##### § 4.50 Passenger lists.

(a) The master of every vessel arriving at a port of the United States from foreign territory and required to make entry, except a vessel arriving from Canada, otherwise than by sea, at a port on the Great Lakes, or their connecting or tributary waters, shall submit a passenger and crew list as required by § 4.7 (c). If the vessel is arriving from noncontiguous foreign territory and is carrying steerage passengers, the additional information respecting such passengers required by customs and immigration Form I-418 shall be included therein.

(b) A passenger within the meaning of this part, except § 4.51, is any person carried on a vessel who is not connected with the operation of such vessel, her navigation, ownership, or business. (Sec. 9, 22 Stat. 189, as amended, sec. 431, 46 Stat. 710, as amended; 19 U.S.C. 1481, 46 U.S.C. 158)

##### § 4.51 Examination of vessels with steerage passengers.

The collector (the surveyor at New York) of the port at which any vessel carrying steerage passengers arrives from noncontiguous foreign territory shall direct an officer to make an examination of the vessel and to admeasure the compartments or spaces occupied by passengers other than cabin passengers during the voyage for the purpose of enforcing the Passenger Act of 1892 (46 U.S.C. 151-162). Such admeasurement shall be made in the manner provided by law for admeasuring vessels for tonnage. Such officer shall compare the number of passengers found on board with the list of passengers furnished on customs and immigration Form I-418 by

"Notwithstanding any provision of law to the contrary, no collector of customs shall require a master or owner of a vessel arriving otherwise than by sea, at a port or place in the United States on the Great Lakes, or their connecting or tributary waters, from a port or place in the Dominion of Canada to furnish a list of passengers on board such vessel." (60 Stat. 862)

For the purposes of this section and the Passenger Act of 1892, the term "passenger" has the meaning stated in § 4.50 (b), except that it does not include any person under 1 year of age nor any person picked up at sea, and two children between 1 and 8 years of age shall be counted as one passenger.

##### § 4.52 Deaths of passengers.

The penalty of \$50 provided for in section 10 of the Passenger Act of 1892 (46 U.S.C. 159) shall be imposed upon the master or agent of every vessel bringing steerage passengers from noncontiguous foreign territory unless there is paid to the collector, within 24 hours after the entry of the vessel, \$10 for every death by natural disease which occurred on board the vessel among such passengers over 8 years of age during the voyage and prior to the arrival of the vessel within the collection district. (Sec. 10, 22 Stat. 190; 46 U.S.C. 159)

§ 4.84 Trade with noncontiguous territory.

(a) No foreign vessel shall depart from a port in noncontiguous territory of the United States for any other port in noncontiguous territory or for any port in any State or the District of Columbia, nor from any port in any State or the District of Columbia for any port in noncontiguous territory, until a clearance for the vessel has been granted. Such a clearance shall be granted in accordance with the applicable provisions of § 4.61 of the regulations of this part, except that the customs Form 1378 shall be modified by striking out "to a foreign port" and substituting "to noncontiguous territory of the United States" or "to the United States," as the case may be, unless the vessel is simultaneously engaged in one or more of the transactions listed in § 4.90(a) (4), (5), or (6) of the regulations of this part. In the latter case, clearance shall be granted only on customs Form 1385; see § 4.90(b) of the regulations of this part. When merchandise is laden on a foreign vessel in noncontiguous territory other than Puerto Rico, for transportation on that vessel to a port in any State, the District

of Columbia, or noncontiguous territory, and when this transportation is not forbidden by the coastwise laws, the merchandise may be laden and shipped without shipper's export declarations.

(b) The master of every foreign vessel arriving at a port in any State or the District of Columbia or in noncontiguous territory of the United States from a port in noncontiguous territory to which the coastwise laws do not apply (e.g., Virgin Islands and American Samoa), or arriving at any port in noncontiguous territory to which the coastwise laws do not apply from any place embraced within the coastwise laws, shall report its arrival within 24 hours and make entry for the vessel within 48 hours after its arrival.

(c) No vessel which is not required to clear but which is transporting merchandise from a port in any State or the District of Columbia to any noncontiguous territory of the United States (including Puerto Rico), or from Puerto Rico to any State or the District of Columbia or any other noncontiguous territory, shall be permitted to depart without filing a complete manifest, when required by regulations of the Bureau of the Census (15 CFR Part 30), and all required shipper's export declarations, unless before the vessel departs an approved bond is filed for the timely production of the required documents, as specified in § 30.24 of those regulations (15 CFR 30.24). The oath on the outward manifest required upon a clearance is not required to be taken to obtain permission to depart.

(d) Upon arrival of a vessel of the United States at a port in any State, the District of Columbia, or Puerto Rico from a port in noncontiguous territory other than Puerto Rico, the master shall report its arrival within 24 hours and shall prepare, produce, and file manifests in the form and manner and at the times specified in §§ 4.7 and 4.9 of the regulations of this part but shall not be required to make entry. If the vessel proceeds directly to another port in any State, the District of Columbia, or Puerto Rico, the master shall prepare, produce, and file manifests in the form and manner and at the times specified in § 4.85 of the regulations of this part but no permit to proceed shall be required for the purposes of this paragraph. No cargo shall be unladen from any such

For foreign ports and dates of departure therefrom, see attached Form 3221 issued at -----, the first domestic port of entry. These movements shall be recorded as foreign transactions.

Upon the execution of subdivision 2 of Form 1385 as a permit to proceed, the second and third copies thereof shall be returned to the master for filing at the next domestic port of call. There shall also be returned to the master the vessel's document, if on deposit and a copy of the complete inward foreign manifest of the vessel certified at the first port of entry (referred to hereinafter as the traveling manifest),<sup>15</sup> to which shall be attached one of the copies of each certificate on Form 3221, signed by the collector at the port of issuance. If no inward foreign cargo or passengers are to be discharged at the next port of call, that fact shall be indicated on customs Forms 1385 and 3221 by inserting after the name of the port to which the vessel is to proceed the phrase to "load only"

The traveling manifest shall serve the purpose of a copy of an abstract manifest at the port where it is finally surrendered. The abstract or "pro forma" manifest shall be ready for presentation to the customs boarding officer upon the arrival of the vessel at the port. The "pro forma" manifest shall be on customs Form 7527-A or B bearing the following legend:

Vessel on an inward foreign voyage with residue cargo for ----- No cargo or passengers for discharge at this port.  
No additional vessel bond on customs Form 7567 or 7569 need be filed at subsequent ports of entry.

(d) If any error or omission in the preparation of the Form 3221 is discovered after clearance of the vessel from the port of first arrival, it shall be corrected by the master or agent of the vessel by filing a supplemental oath on customs Form 3251 with the collector at the port where the error or omission is first discovered. That collector shall notify the collector at any preceding port of the correction and forward the supplemental oath to the collector at the port of first arrival.

(e) The original traveling manifest, together with the signed certificates on customs Form 3221 which were attached thereto at preceding domestic ports of call, shall be finally surrendered to the collector at the port of final discharge in the United States of inward foreign cargo for which a substitute traveling manifest has not been issued under § 4.34 (e) for retention in the collector's files, unless residue foreign cargo remains on board for discharge at a foreign port or ports, in which case the original traveling manifest shall be so surrendered to the collector at the final port of departure from the United States with any such cargo on board, regardless of whether the vessel proceeds to an intermediate foreign port under § 4.89. The traveling crew purchase manifest (curio list) shall be finally surrendered to the boarding officer or collector at the port where the vessel first departs directly for a foreign port.

(Sec. 439, 442, 443, 444, 623, 46 Stat. 712 as amended, 713, 759, as amended; 19 U.S.C. 1439, 1442, 1443, 1444, 1623)

(c) Upon the arrival of a vessel at the next and each succeeding domestic port with inward foreign cargo or passengers still on board, the master shall report arrival and shall make entry within 24 hours. To make such entry subdivision 3 of customs Form 1385 received by the master on clearance from the preceding port shall be completely executed by him and both copies thereof presented to the collector. The master shall also present to the collector the master's oath on customs Form 3251, the traveling manifest with the certificates on Form 3221 signed by the collectors at the preceding ports,<sup>16</sup> a manifest (in such number of copies as may be required for local customs purposes) of any cargo or passengers on board manifested for discharge at that port (referred to hereinafter as an abstract manifest), or a "pro forma" manifest if no inward foreign cargo or passengers are to be discharged at that port, and lists in duplicate of all unladen articles acquired abroad by the officers and members of the crew which are still on board and of the stores remaining on board. Permanent records shall be prepared at each customhouse of all entries of vessels on customs Form 1400 and of all clearances and permits to proceed on customs Form 1401.<sup>124</sup> When the number of transactions is small, such records may be prepared on the short forms (customs Forms 1400-A and 1401-A). The owner and master of any vessel towing another vessel in violation of the provisions of this section shall each be liable to a fine of not less than \$250 nor more than \$1,000, which fines shall constitute liens upon the offending vessel enforceable through the district court of the United States for any district in which such vessel may be found, and clearance shall not be granted to such vessel until the fines have been paid. The towing vessel shall also be further liable to a penalty of \$50 per ton on the measurement of every vessel towed in violation of this section, which sum may be recovered by way of libel or suit." Such notification by the collector shall constitute a permit to proceed coastwise, and shall authorize the vessel to proceed to the new destination. On arrival at the new destination, the master shall report arrival within 24 hours. He shall also make entry within 48 hours by presenting (1) the vessel's document, (2) the foreign clearance on Form 1378 granted by the collector at the port of departure, (3) a certificate that when the vessel was cleared from the last previous port in the United States there were on board cargo and/or passengers for the ports named in the foreign clearance certificate only and that additional cargo or passengers (have) (have not) been taken on board or discharged since such clearance was granted (specifying the particulars if any passengers or cargo were taken on board or discharged), (4) a list in duplicate of all unentered articles acquired abroad by the officers and crew of the vessel which are still retained on board, and (5) a list in duplicate of the stores on board.

Such a vessel may come into any other port of entry or, if properly authorized to do so under § 1.2 (b) of this chapter, into any place other than a port of entry, for the purpose of securing supplies, equipment, or repairs only, but shall not land its catch. A convention vessel which comes into the United States as provided for in this paragraph shall comply with the usual requirements applicable to foreign vessels arriving at and departing from the United States.

(e) A nonconvention fishing vessel may come into a port of entry in the United States or, if granted permission under § 1.2 (b) of this chapter, into a place other than a port of entry for the purpose of securing supplies, equipment, or repairs, but shall not land its catch. A nonconvention fishing vessel which comes into the United States as provided for in this paragraph shall comply with the usual requirements applicable to foreign vessels arriving at and departing from ports of the United States.

(f) A nonconvention cargo vessel, although not prohibited by law from coming into the United States, shall not be permitted to land in the United States its catch of fish taken on the high seas or any fish or fish products taken on board on the high seas from a vessel employed in fishing or in the processing of fish or fish products, but may land fish taken on board at any place other than the high seas upon compliance with the usual requirements. Before any such fish may be landed the master shall satisfy the collector that the fish were not taken on board on the high seas by presenting declarations of the master and two or more officers or members of the crew of the vessel, of whom the person next in authority to the master shall be one, or other evidence acceptable to the collector which establishes the place of landing to his satisfaction.

(g) A convention vessel, a nonconvention fishing vessel, or a nonconvention cargo vessel which arrives in the United States in distress shall be subject to the usual requirements applicable to foreign vessels arriving in distress. While in the United States, supplies, equipment, or repairs may be secured, but, except as specified in the next sentence, fish shall not be landed unless the vessel's master, or other authorized representative of the

owner, shows to the satisfaction of the collector that it will not be possible, by the exercise of due diligence, for the vessel to transport its catch to a foreign port without spoilage, in which event the collector may allow the vessel, upon compliance with all applicable requirements, to land, transship, or otherwise dispose of its catch. Nothing herein shall prevent a convention vessel arriving in distress and incidentally-caught sable fish at a port of entry on the Pacific coast, including Alaska, upon compliance with normal customs procedures, nor prevent a foreign cargo vessel arriving in distress from landing, upon compliance with normal customs procedures, its cargo of fish taken on board at any place not on the high seas.

(h) A registered vessel may be cleared for a whaling voyage<sup>130</sup> under the same terms and conditions as though it were enrolled and licensed for the whale fishery.

the United States nor from one entering at a port on the northern, northeastern, or northwestern frontier otherwise than by sea.

(c) Fee 2 shall be collected at the final port of departure from the United States. It shall be collected from a yacht or public vessel which obtains a clearance, but shall not be collected from a vessel clearing directly for a port in noncontiguous territory of the United States nor from one clearing from a port on the northern, northeastern, or northwestern frontier otherwise than by sea. (1) The word "folio" shall mean 100 words, counting each figure as a word (44 U.S.C. 326). No charge shall be made for fractions of a folio.

(2) When any instrument presented is not on an appropriate customs form, the number of folios shall be computed

under the pertinent one of the following formulas:

(i) Except as specified in subdivision (iii) of this subparagraph, if the instrument is of less than 20 pages, the total number of lines shall be determined; the number of words in 10 percent of the lines of each size and style of writing or printing (handwritten, plea typewritten, elite typewritten, printed, etc.; full measure, indented, etc.) shall be counted, using lines of average length; the average number of words per line of each size and style of writing or printing shall be multiplied by the total number of lines of such size and style in order to arrive at the total number of words; and that total shall be divided by 100 in order to ascertain the total number of folios.

(ii) Except as specified in subdivision (iii) of this subparagraph, if the instrument is of 20 pages or more, the number of words on a representative sample of pages (10 percent of the total, using pages of average width and length) shall be counted; the average number of words per page shall be multiplied by the number of pages in order to arrive at the total number of words; and that total shall be divided by 100 in order to ascertain the total number of folios.

(iii) If any such instrument contains a recitation or copy of a marine document of a vessel, whether reproduced by photostatic process or otherwise, the number of folios in such recitation or copy shall not be determined as specified in subdivision (i) or (ii) of this subparagraph, but instead each such recitation or copy shall be deemed to contain 5 folios. The number of folios contained in such recitation or copies, determined in accordance with this subdivision, shall be added to the number of folios contained in the remainder of such instrument, ascertained in accordance with subdivision (i) or (ii) of this subparagraph, as the case may be, and the sum shall be the total number of folios in that instrument.

(3) When any instrument presented is on one of the following customs forms and contains only such written matter as is customarily used and necessary to complete and fill in the blanks on the form or when it contains such matter and other written matter interpolated or appended of less than 200 words, the number of folios in the instrument shall

be deemed to be in accordance with the following schedule:

- (1) Bill of sale of vessel on customs Form 1340, 1342, 1344, 1346, or 1350: 10 folios.
- (11) Mortgage of vessel on customs Form 1348—If marine document is not recited: 15 folios. If marine document is recited: 20 folios.
- (111) General Index or Abstract of Title on customs Form 1332: 5 folios.
- (1V) General Index or Abstract of Title—Continuation Sheet on customs Form 1332-A: 1 folio for each two instruments noted thereon.
- (V) Certificate of Ownership on customs Form 1330: 5 folios.

(4) When any such instrument is prepared on a customs form and contains such written matter as is customarily used and necessary to complete and fill in the blanks on the form and other written matter interpolated or appended of 200 or more words, the number of folios in the instrument shall be computed on the basis of the above schedule for the printed forms, plus an additional amount for all the written matter other than such as is used and necessary to complete and fill in the blanks on the form in the customary manner, which amount shall be computed as though that portion of the instrument were not on a customs form.

(5) The number of folios in a certified copy of any instrument furnished under Fee 7, Service (b), shall be computed in the same manner as in the case of the original, except that the number of folios

in a certificate of discharge on customs Form 1363 shall be deemed to be 5, unless the form contains interpolated or appended written matter of 200 or more words in addition to such written matter as is customarily used and necessary to complete and fill in the blanks on the form, in which case the fee shall be computed on the basis of a charge for 3 folios for the printed form, plus an additional amount for all the written matter other than such as is used and necessary to complete and fill in the blanks on the form in the customary manner, which amount shall be computed as though that portion of the instrument were not on a customs form.

(h) Fee 7 applies only to services covered by the Ship Mortgage Act, 1920 (46 U. S. C. 921 (b), 923, 926 (c), and 927), all of which are included in the description opposite that fee number in the table set forth in paragraph (a) of this section. It shall not be collected for a duplicate certified copy of the record at the former home port issued in accordance with § 3.33 (1) of this chapter.

(i) Fee 8 is collected principally from vessels in the Alaska trade.

(j) Fee 9 shall be collected from foreign vessels only.

(k) Fee 10 shall be collected for each copy of any official document, whether certified or not, furnished to any person other than a Government officer.

§ 5.1 Imports from contiguous countries; manifests; report of arrival.

(a) The master or person in charge of every vessel of less than 5 net tons which is carrying baggage or other merchandise and arrives in the United States from a contiguous country otherwise than by sea<sup>1</sup> and the person in charge of every vehicle which arrives in the United States from a contiguous country, whether or not carrying merchandise, shall report arrival to the collector.

<sup>1</sup> For the reporting, entry, and clearance requirements applicable to vessels of less than 5 net tons which arrive in the United States from, or depart for, a contiguous country by sea, and to vessels of 5 net tons or over, whether arriving or departing by sea or otherwise, see §§ 4.2, 4.3, and 4.60 of this chapter.

Baggage and other merchandise carried in either such case shall be listed on a manifest as provided for by paragraph (b) of this section, which shall be filed with the collector when the arrival is reported.<sup>2</sup> A vessel of less than 5 net tons arriving in the United States from a contiguous country otherwise than by sea is not subject to the provisions of sections 433, 434, 435, or 448 (a), Tariff Act of 1930, and no report of the arrival of such a vessel is required if it is not carrying any baggage or other merchandise.

In the cases of the vessels and vehicles last mentioned, the collector may authorize his customs inspectors to grant oral permission for unloading at night or on a Sunday or holiday and to grant requests on Form 3853 required in such a case for reimbursable overtime services.

(c) A request for reimbursable overtime services shall not be approved under the provisions of the preceding paragraph unless the required cash deposit or bond on customs Form 7667, 7569, or 7597 shall have been received, except that, when a carrier has on file a bond on customs Form 3587, no further bond shall be required of such carrier solely by reason of the unloading or lading at night or on a Sunday or holiday of merchandise (including baggage) covered by an entry for transportation in bond.

(d) A permit or special license required by this section may be issued on a term basis in the manner and under such of the conditions prescribed in § 4.30 (f) or (g) of this chapter as are applicable.

Such penalties apply with respect to vessels of less than 5 net tons only when such vessels are carrying merchandise or baggage. (Secs. 469, 460, 498 (a), 46 Stat. 717, as amended, 728, as amended; 19 U. S. C. 1459, 1460, 1498 (a)).

§ 5.2 Vessels and vehicles; unloading and lading; permits; overtime services.

(a) No passenger or merchandise (including baggage) shall be landed or discharged at any time from any vessel of less than 5 net tons which arrives from a contiguous country, by sea or otherwise, or from a vehicle which arrives from such a country, until permission therefor has been granted by the customs officer to whom the arrival of the vessel or vehicle has been duly reported. The collector may require that the permission and an application therefor be in writing on customs Form 3851, appropriately modified for the purpose. The application for the license and request for any reimbursable overtime services required of customs officers shall be on customs Form 3851, except that in the cases of vessels of less than 5 net tons and vehicles, not engaged in the carriage of persons or property for hire, the collector in his discretion and under such

This entry correctly covers all the merchandise on the vessel or vehicle, of which I am the master or person in charge, when it first arrived in the United States. If any error in the quantity, kind of articles, or other details, is discovered, I will immediately report the correct information to the collector of customs.

The above prescribed form of certificate may be legibly stamped on the form or on a separate paper securely attached thereto.

(d) The penalty of \$100 for failure to report and the penalty of \$100 for proceeding inland without a permit, imposed by section 460, Tariff Act of 1930, as amended, apply in every case where

"The master of any vessel or the person in charge of any vehicle who fails to report arrival in the United States as required by the preceding section, or if so reporting proceeds further inland without a permit from the proper customs officer, shall be subject to a penalty of \$100 for each offense. If any merchandise is imported or brought into the United States in any vessel or vehicle, or by any person otherwise than in a vessel or vehicle, from a contiguous country, which vessel, vehicle, or merchandise is not so reported to the proper customs officers; or if the master of such vessel or the person in charge of such vehicle fails to file a manifest for the merchandise carried therein, or discharges or lands such merchandise without a permit; such merchandise and the vessel or vehicle, if any, in which it was imported or brought into the United States shall be subject to forfeiture; and the master of such vessel or the person in charge of such vehicle, or the person importing or bringing in merchandise otherwise than in a vessel or vehicle, shall, in addition to any other penalty, be liable to a penalty equal to the value of the merchandise which was not reported, or not included in the manifest, or which was discharged or landed without a permit. If any vessel or vehicle not so reported carries any passenger; or if any passenger is discharged or landed from any such vessel or vehicle before it is so reported, or after such report but without a permit; the master of the vessel or the person in charge of the vehicle shall, in addition to any other penalty, be liable to a penalty of \$500 for each passenger so carried, discharged, or landed." merchandise does not exceed \$250. Customs Form 7523 also may be used in lieu of other forms of customs manifests for merchandise which is entered on that form. In all other cases, except as provided for by paragraph (c) of this section and § 5.11 (c), the manifest required from a vehicle, or from a vessel of less than 5 net tons arriving in the United States from a contiguous country otherwise than by sea, shall be on customs Form 7533, except that when baggage arrives in the United States in the actual possession of a traveler, his declaration therefor shall be accepted in lieu of a manifest. For manifesting required in the case of any vessel which is required to make entry, see § 4.7 (a) of this chapter. If a shipment not exceeding \$250 in value is unconditionally free of duty and not subject to quota or to internal-revenue tax and arrives on a vessel which is required to enter, the inward foreign manifest of the merchandise, if presented in duplicate, may be used as an entry therefor, if no merchandise for a different entrant is listed on the same page of the manifest, and if the importer notes on the manifest the country of exportation of the merchandise, its value, and the provision of law under which free entry is claimed and furnishes evidence of the right to make entry as required by § 8.6 of this chapter. Merchandise imported by a person otherwise than in a vessel or vehicle need not be covered by a manifest, but the importer shall report his arrival, present such merchandise for inspection, and make entry therefor, if required, in accordance with the applicable laws and regulations.

(c) If a shipment not exceeding \$250 in value consists of articles of American origin entered free of duty under the provisions of § 10.1(f) of this chapter and is imported in a vehicle, customs Form 3311, in duplicate, used in entering the goods, may also be accepted in lieu of a manifest, provided the importer furnishes evidence of the right to make entry as required by § 8.6 of this chapter. When all the merchandise arriving on one vessel or vehicle is entered immediately upon arrival either under a single immediate transportation entry or direct exportation and exportation of customs Form 7512 to be retained at the port of first arrival may be adapted for use as a combined inward foreign manifest and in-bond transportation or

(f) If the baggage is to re-enter contiguous foreign territory before it reaches the final port of entry into the United States, the tag manifest or the seal or seals shall be removed by the customs officer at the first port of entry in the United States after the last transit through foreign territory.

(g) No baggage containing dutiable merchandise in excess of that on which an exemption may be allowed shall be passed in foreign territory.

§ 5.6 Merchandise arriving from a contiguous foreign country in sealed vessels or vehicles.

Merchandise arriving from a contiguous foreign country, which is not to be unladen at the port of first arrival, may be transported to destination in sealed vessels or vehicles without inspection at the port of first arrival, subject to the conditions set forth in sections 463 and 464, Tariff Act of 1930,\* and §§ 18.29-18.31 of this chapter.

(Sec. 463, 46 Stat. 718; 19 U. S. C. 1463)

\*To avoid unnecessary inspection of merchandise imported from a contiguous country at the first port of arrival, the master of the vessel or the person in charge of the vehicle in which such merchandise is imported may apply to the customs officer of the United States stationed in the place from which such merchandise is shipped, and such officer may seal such vessel or vehicle. Any vessel or vehicle so sealed may proceed with such merchandise to the port of destination under such regulations as the Secretary of the Treasury may prescribe. (Tariff Act of 1930, sec. 463; 19 U. S. C. 1463)

"If the master of such vessel or the person in charge of any such vehicle fails to proceed with reasonable promptness to the port of destination and to deliver such vessel or vehicle to the proper officers of the customs, or fails to proceed in accordance with such regulations of the Secretary of the Treasury, or unloads such merchandise or any part thereof at other than such port of destination, or disposes of any such merchandise by sale or otherwise, he shall be guilty of a felony and upon conviction thereof shall be fined not more than \$1,000 or imprisoned for not more than five years, or both; and any such vessel or vehicle, with its contents, shall be subject to forfeiture." (Tariff Act of 1930, sec. 464; 19 U. S. C. 1464)

The sealed cars or compartments shall be accompanied by a sheet manifest prepared in duplicate in the following form:

This baggage is in transit from \_\_\_\_\_ in the United States.

Car No. \_\_\_\_\_

Check No.	Destination	Passenger's name	Number of pieces	Weight

The above-described baggage has been examined carefully and passed by me; its lading and the sealing of the car or compartment have been done under my personal supervision; and no goods of any kind subject to duty are contained in such baggage except that on which proper exemption has been allowed.

Date \_\_\_\_\_ U. S. Customs Officer

(c) One copy of this manifest shall be given to the railroad employee in charge of the baggage for delivery by him to the customs officer at the port of first arrival in the United States.

(d) In lieu of the procedure set forth in paragraphs (a) and (b) of this section, sticker labels other than official baggage stamps may be affixed to baggage examined and passed in foreign territory if the baggage is to be released in the United States by the same officer who examined and passed it in the foreign country. Such sticker labels shall bear suitable wording showing that the baggage has been passed by the United States customs.

(e) The removal of the special tag manifest or the customs car or compartment seal described in paragraphs (a) and (b) of this section may be done only by a customs officer. The tag manifest or any customs seal on the car or compartment shall be removed by the customs officer who boards the train at the port of first arrival in the United States. If the officer finds the special tag manifest, sticker label, or customs car or compartment seal missing or not in-

purpose of examining baggage unless the owner or operator refuses to unlock such vehicle or compartment.

§ 5.5 Examination of baggage in foreign territory.

(a) United States customs officers stationed in foreign territory for that purpose may examine baggage being forwarded under baggage check, by express or in chartered cars of persons destined to the United States who have made proper declaration therefor, when requested to do so by such persons, but, except as to baggage being forwarded under baggage check, such examination shall not be made of baggage containing articles for which the \$200 or \$300 exemption is claimed under item 813.31 or 813.32, Tariff Schedules of the United States. Upon completion of the examination, a special green cardboard manifest not less than 2 1/2 by 4 1/2 inches in size supplied by the carrier shall be completed and attached under customs supervision to each piece of baggage by wire or cord and the baggage placed in the custody of the carrier. The special green manifest shall be in substantially the following form:

(b) In lieu of attaching a special manifest to each piece as set forth in paragraph (a) of this section, such baggage may be laden in cars or compartments sealed with United States customs in-transit blue Tyden seals, subject to forfeiture." (Tariff Act of 1930, sec. 462; 19 U.S.C. 1462) For procedure relative to the examination of unopened baggage, form of declaration, and procedure for the baggage in bond, see §§ 10.16-10.30 of this chapter.

(b) The master shall also certify to the collector that any supplies listed as "sea stores" are intended for the exclusive use of the vessel. If the quantities thereof are excessive, duties shall be paid on the excess.

(c) Supplies listed as "saloon stores," intended for sale on board the vessel, are dutiable and shall be entered as merchandise.

(Sec. 465, 46 Stat. 718; 19 U. S. C. 1465) § 5.4 Inspection of baggage from contiguous foreign country.

Customs officers shall not open baggage for the purpose of making the inspection required by section 461, Tariff Act of 1930,\* but shall detain such baggage until its owner or his agent opens or refuses to open it. If the owner or his agent refuses to open the baggage, it shall be opened and examined in accordance with the provisions of section 462, Tariff Act of 1930,\* unless a request is received from the owner or his agent to make other proper disposition thereof. (Tariff Act of 1930, sec. 461; 19 U. S. C. 1461)

"If such owner, agent, or other person shall fail to comply with his demand, the officer shall retain such trunk, traveling bag, sack, valise, or other container or closed vehicle, and open the same, and, as soon thereafter (as may be practicable, examine the contents, and if any article subject to duty or tax is found thereon, the duty thereon shall be paid and the vehicle shall be

cept that on the Canadian border yellow in-transit seals shall be affixed to sealable carload or truckload shipments of in-transit merchandise, whether or not the cars or trucks are already sealed with United States customs red in-bond seals, and except that in all other instances conveyances or compartments already secured by United States customs red in-bond seals may go forward without having blue or yellow in-transit seals affixed thereto and without in-transit manifests. The collector may relieve the carrier of the responsibility of affixing in-transit seals by notifying it in writing that customs inspectors will assume it. The conveyance shall not proceed until after the customs inspector has finished the inspection and certified the in-transit manifest or verified its certification in accordance with paragraph (b) of this section.

(h) The original manifest shall accompany the merchandise and the additional copies required under paragraph (e) of this section when transshipment under customs supervision is involved shall be mailed to the customs officers stationed at the places of transshipment. When by reason of the carrier's schedule or other condition it is probable that the additional copy of the manifest if sent by mail will not reach the customs officer at the place of transshipment prior to the arrival of the merchandise, it may be given to the conductor, master, aircraft commander, or driver, as the case may be, in a sealed envelope for delivery to such customs officer.

(Sec. 554, 46 Stat. 743; 19 U.S.C. 1554)

**§ 5.9 Transshipment; storage; feeding and watering livestock in Canada.**

(a) Merchandise in transit may be transhipped in foreign territory from one conveyance to another. If the transshipment requires the breaking of customs Tyden seals, it shall be under the supervision of a customs officer, who shall also supervise the sealing of the conveyance or compartments to which the merchandise is transhipped, note his action on both the additional copy of the manifest received by him in accordance with § 5.8(h) and on the conductor's, master's, aircraft commander's, or driver's copy, and return the latter to the conductor, master, aircraft commander, or driver to accompany the merchandise.

(b) When the transshipment involves the breaking up of the in-transit con-

tents of a conveyance or compartment, and the circumstances are such as to require separate manifests for articles previously covered by a single manifest, the customs officer supervising the transshipment shall take up the carrier's copy of the manifest and require the carrier to prepare a new manifest, in duplicate, for each conveyance to which the merchandise is transhipped. If there is to be a further transshipment, an additional copy of each new manifest shall be presented by the carrier for mailing by the customs officer to the customs officer at the point of further transshipment, or be forwarded in a sealed envelope in care of the conductor, master, aircraft commander, or driver as provided for in § 5.8(h). After supervising the transshipment and sealing of the conveyances or compartments to which the merchandise is transhipped, and certifying the new manifests, the customs officer shall return the originals of such new manifests to the carrier to accompany the merchandise to the port of reentry into the United States.

(c) Live animals in sealed conveyances or compartments may be fed and watered in Canada under the supervision of United States or Canadian customs officers.

(d) When merchandise moving under in-transit manifests and customs Tyden seals is to be stored in foreign territory awaiting transshipment, the customs officer at the place of transshipment shall check the merchandise into a storehouse, where it shall remain under customs locks or seals until transshipment is effected under customs supervision.

(Sec. 554, 46 Stat. 743; 19 U.S.C. 1554)

**§ 5.10 Diversion or delay in foreign territory; procedure and treatment at port of reentry or discharge from vessel.**

(a) In cases where in-transit cars are diverted, cut out of a train for any reason, or unusually delayed, the railroad superintendent at the point of such diversion, cut-out, or delay shall immediately notify the proper customs officer at the port of reentry by telegraph.

(b) When customs entry is made in Canada or Mexico for merchandise which left the United States in an in-transit status, the carrier shall send the in-transit seals and manifests to the ports where the manifests were first filed with customs, with an endorsement by

the carriers' agent on each manifest showing that the merchandise was so entered.

(c) On arrival of an in-transit shipment at the first port in the United States after transportation through foreign territory, the carrier shall present to the customs officer for each loaded conveyance the accompanying manifest or manifests described in §§ 5.8 and 5.9; and in the case of a railroad train the conductor shall also present a train sheet showing the car initials and car numbers. In the case of mixed loadings under § 5.8(e), the waybills shall be available at the port of return or discharge for use by customs officers for necessary checking purposes.

(d) Upon the arrival at a port of entry of a vessel carrying in-transit merchandise, the master's copies of the in-transit or in-bond manifests covering the merchandise given final customs release at that port shall be retained by customs at that port and the manifests, if any, covering merchandise to be discharged at subsequent ports of arrival shall be returned to the master of the vessel for surrender to customs at the next port, and so on as the vessel proceeds from port to port.

(e) In-bond seals shall be broken only by a customs officer or by a person acting under the direction of a customs officer. In-transit seals may be broken by any carrier's employee, or by the consignee at any time or place after the merchandise under such seals has been released by customs upon return to the United States.

(f) Merchandise which shall have been transhipped in foreign territory without customs supervision when the transshipment required the breaking of customs Tyden seals shall, upon return to the United States, be treated in the same manner as other merchandise arriving from Canada or Mexico, as the case may be. Similar treatment shall be accorded the merchandise in any other case if the inspector finds any of the customs seals applied to the conveyance or compartment at the port of exit are unlocked or missing. If any instances of substitution of merchandise are found, the merchandise shall be detained and the facts reported to the Bureau.

(g) No in-transit merchandise arriving at ports in the United States shall

be released until proper manifests are received, except that it may be treated as originating in Canada or Mexico, as the case may be.

(h) No inward foreign manifests are required for merchandise returned to the United States as an in-transit movement under the regulations in this part. (Sec. 554, 46 Stat. 743; 19 U.S.C. 1554)

**§ 5.11 Merchandise in transit through the United States between ports of Canada or Mexico; procedure.**

(a) Subject to the applicable provisions of paragraphs (b) and (c) of this section, whenever merchandise (including baggage) arrives at a frontier port from Mexico or Canada in transit through the United States to the same country from which it arrived, the same procedure shall be followed as that prescribed for merchandise in transit through the United States to other foreign countries (§§ 18.14 and 18.20-18.24 of this chapter), except that (1) only four copies of customs Form 7512 or 7520 shall be required, (2) when the route is such that the train and cars will remain intact while proceeding through the United States, a consolidated train manifest containing the same information as is required on customs Form 7512 or 7520 may be used, and (3) a joint United States-Canada in-transit baggage card (United States customs Form 7524, Canada customs Form A-21) shall be used in lieu of the baggage card described in § 18.13 of this chapter for baggage arriving at a frontier port from Canada. One copy of customs Form 7512 or 7520 shall be delivered to the conductor, master, or person in charge to accompany the conveyance and be delivered to the collector at destination for his record. When baggage arrives at a Canadian frontier port for in-transit movement through the United States in bond and return to Canada, the joint United States-Canada in-transit baggage card will be filled out and securely attached to the baggage and the attachment verified by a Canadian customs officer before the baggage leaves Canada. No other in-transit baggage card shall be required to be attached to the baggage before its movement in bond through the United States, provided the in-transit baggage card placed

on the baggage in Canada, is found properly prepared and attached.

(b) When sealable carload or truckload shipments of merchandise arrive at Canadian frontier ports for in-transit movement through the United States in bond and return to Canada, bright green in-transit seals will be placed on the cars or trucks and the sealing thereof verified by Canadian customs officers before the cars or trucks depart from Canada. No other in-transit seals shall be required to be placed on such cars or trucks before their movement in bond through the United States provided the seals placed on the cars or trucks in Canada are found to be locked and properly attached. In-transit manifest forms of the kind referred to in § 5.8 (b) may be used in lieu of customs Form 7512 or 7520, as the case may be, for such sealed carload shipments of in-transit merchandise. In-transit manifest forms so used in lieu of customs Form 7512 or 7520 shall be serially numbered in a separate series of numbers.

(c) A commercial traveler arriving at a Canadian frontier port with his samples which are to be transported in his own automobile through the United States to another port in Canada without being displayed in the United States, may present the samples, if the outer containers can be effectively sealed, to a Canadian customs officer at the port of departure from Canada for cording and sealing with uncolored automatic metal in-transit seals. As a condition for such cording and sealing, the traveler will be required to furnish to the Canadian customs officer a list, in duplicate, of all the articles in the containers with the approximate values of the articles shown. Such list will bear the traveler's name and address. Upon the arrival of the commercial traveler in the United States with his samples effectively corded and sealed as set forth above, and upon presentation to the United States customs officer of the original list of samples properly authenticated by the Canadian customs officer, the samples may be transported through the United States without disturbing the cords and seals and without further sealing of the samples in the United States. Bonded common carrier facilities are not considered to be reasonably available to a commercial traveler under the above described circumstances and, therefore,

he may be permitted to transport his samples in his own automobile, subject to the conditions of § 18.20 (b) of this chapter. The traveler shall be required to execute and file customs Form 7520, in triplicate, at the port of his arrival in the United States as an in-transit manifest covering the movement to the port of exit from the United States of any portion of his samples which is not released from customs custody. In preparing customs Form 7520 for commercial travelers' samples, descriptions, quantities, and values may be shown thereon by merely noting "Commercial Samples", the number of the corded and sealed containers, and the approximate total value of the samples.

(d) When all the merchandise arriving on one vehicle is to move in transit through the United States in the importing vehicle in a continuing movement, the copy of customs Form 7512 to be retained at the port of first arrival may be prepared to permit its use as a combined inward foreign and in-bond manifest. When customs Form 7512 is to be used in this manner, the foreign port of lading shall be shown and a certificate in the following form shall be executed by the person in charge of the vehicle:

I, the undersigned, certify that this transportation entry and manifest contains, to the best of my knowledge and belief, a just and true account of all the goods, wares, and merchandise, including packages of every kind and nature whatsoever, which constituted the lading of the vehicle named herein when it first arrived within the limits of the United States, and that I have been, since the arrival of the said vehicle within the United States, the person in charge of said vehicle and that no packages whatsoever, nor any goods, wares, or merchandise, have been in any way removed from said vehicle since its arrival within the United States.

And I further certify that, if I shall hereafter discover or know of any error, discrepancy, or omission in this entry and manifest, I will immediately and without delay make due report thereof to the collector of the district to whom this report is now delivered.

The above prescribed form of certificate, which can be put on a rubber stamp approximately 2" x 5" in size, may be legibly stamped on the form or on a separate paper securely fastened thereto. (Sec. 559, 46 Stat. 742, as amended; 19 U.S.C. 1559)

§ 5.12 Locomotives; railroad equipment; when entry required.

(a) Foreign locomotives or other foreign railroad equipment in use on a continuous route crossing the boundary into the United States shall be admitted without entry or the payment of duty to proceed to and return from the end of the run; that is, in the case of locomotives, the last place to which the locomotive takes the inbound train by a continuous haul, and, in the case of other equipment, the place of complete unloading. Unless formally entered and cleared through customs in the United States, such locomotives or other equipment shall not be used on the inward trip otherwise than in connection with the continuous run, which includes switching of cars of a train that it has hauled into the United States. On the return trip, the locomotives may be used only in connection with through trains crossing the boundary, including the switching to make up such trains, but the other equipment may be used in such trains or for such local traffic as is reasonably incidental to its economical and prompt return to the country from which it entered the United States. Empty foreign railroad cars shall enter the United States without formal entry to be loaded only if the passengers or goods are to be transported directly or through the country from which the cars entered the United States. Customs officers shall seize any locomotive or other railroad equipment used in violation of this regulation as being imported contrary to law.

(b) Domestic locomotives or other domestic railroad equipment, upon which is stamped "Vehicles and other instruments of international traffic, of any class specified by the Secretary of the Treasury, shall be granted the customary exceptions from the application of the customs laws to such extent and subject to such terms and conditions as may be prescribed in regulations or instructions of the Secretary of the Treasury." (Tariff Act of 1930, sec. 322(a), as amended; 19 U.S.C. 1322(a))

For the purpose of this section, locomotives or other railroad equipment manufactured in, or regularly imported into, the United States, and not subsequently cleared through foreign customs into another country, nor used in foreign local traffic otherwise than as an incident of the return of the equipment to the United States, shall be considered "domestic." Other railroad equipment shall be considered "foreign."

repairs have been made in a foreign country shall be subject, upon reentry into the United States, to a duty upon the value of the repairs at the rate at which the locomotive or other equipment would be dutiable if imported, but no such duty shall be assessed by reason of repairs required to restore any such article to the condition in which it last left the United States. A report of the first arrival in the United States of such equipment after it has been repaired in a foreign country shall be made promptly in writing, to the United States Customs at the port of entry, such report to state the time and place of arrival.

(Sec. 14, 67 Stat. 516; 19 U. S. C. 1322)

§ 5.13 Stolen automobiles, trailers, and airplanes returned to United States; entry not required.

Collectors of customs shall admit from Mexico, under the provisions of Executive Order 7965, dated August 29, 1938, 3 CFR, 1943 Cum. Supp., without entry and without the payment of duty, alleged stolen or embezzled motor vehicles, trailers, airplanes, or component parts of any of them, if accompanied by a letter from the United States Embassy in Mexico City stating that such Embassy is satisfied from information furnished it that the property, which must be adequately described in the letter for identification purposes, is stolen property being returned to the United States under the provisions of the convention between the United States and Mexico concluded October 6, 1936.

§ 5.15 Buildings on boundary; merchandise deposited therein.

When any merchandise on which the duty has not been paid or which was imported contrary to law is found in any building upon or within 10 feet of the boundary line between the United States and any foreign country, such merchandise shall be seized and the building or that portion thereof which is within the United States shall be taken down or removed.

(Sec. 595, 46 Stat. 762; 19 U.S.C. 1595)

boundary line between the United States and a foreign country, such portion thereof as is within the United States may forthwith be taken down or removed." (Tariff Act of 1930, sec. 595 (a); 19 U.S.C. 1595 (a))

### § 6.1 Scope and definitions.

- (a) The regulations in this part shall not be applicable in the islands of Guam, Midway, American Samoa, Wake, Kingman Reef, and Johnston Island, the Virgin Islands and other insular possessions not specified herein.
- (b) The term "United States" when used in a geographical sense means the territory comprising the several States, Territories, possessions, and the District of Columbia, including the territorial waters thereof and the overlying air space, but shall not include the Canal Zone.

(c) The term "area" shall mean either one of the following:

(1) The States and the District of Columbia.

(2) Puerto Rico.

(d) The term "aircraft" means civil aircraft, that is, any aircraft not used exclusively in the governmental service of the United States or a foreign country, and includes any government-owned aircraft engaged in carrying persons or property for commercial purposes.

(e) The term "aircraft commander" means the person serving on the aircraft having charge or command of its operator and navigation.

(f) The term "scheduled airline" means any individual, partnership, corporation, or association engaged in air transportation upon regular schedules to, over, or away from the United States, or from area to area, and holding a Foreign Air Carrier Permit or a Certificate of Public Convenience and Necessity issued by the Civil Aeronautics Board.

(g) The term "authorized person" (authorized agent of an owner or operator) means any person who by written authority, satisfactory to the collector of customs, has been designated to act for and in the place of an owner or operator of a scheduled airline or who by power of attorney has been authorized to act for and in the place of an owner or operator of a nonscheduled airline.

(h) The term "international airport" means any airport designated by the Secretary of the Treasury or the Commissioner of Customs as a port of entry for aircraft arriving in the United States from any place outside thereof and for the merchandise carried on such aircraft, by the Attorney General as a port of entry for aliens arriving on such aircraft, and by the Secretary of Health, Education, and Welfare as a place for quarantine inspection.

### § 6.2 Landing requirements.

(a) *Place of landing.* Every aircraft coming into any area from any place outside thereof shall land in such area unless exempted from this requirement by the Administrator of the Federal Aviation Agency, Washington 25, D.C. The first landing shall be at an international airport unless permission to land elsewhere shall first be granted by the Bureau of Customs, in cases of aircraft operated by scheduled airlines, and in all other cases by the collector or

other customs officer in charge at the port of entry or customs station nearest the intended place of first landing. When the Bureau of Customs grants permission to land elsewhere than at an international airport, the Bureau shall immediately notify the heads of the Public Health Service, the Immigration and Naturalization Service, and of any other agency likely to be concerned with the landing, and, when a collector or other customs officer grants such permission, he shall immediately notify the principal local officer of each such agency. In cases where such permission is given, the owner, operator, or person in charge of the aircraft shall pay the additional expenses, if any, incurred in inspecting the aircraft, passengers, employees, and merchandise, including baggage, carried therein. When such permission is granted to a scheduled airline to land aircraft operating on a schedule, no inspection charge shall be made except for overtime service performed by customs officers.

(b) *Advance notice of arrival.* (1) Before an aircraft comes into any area from any place outside the United States, for security reasons, and in order to avoid the penalties provided for in § 6.11, a timely notice of intended flight must be furnished, either by or at the request of the commander of the aircraft, to the collector or other customs officer in charge at or nearest the intended place of first landing in such area. That officer shall notify the officers in charge of the other Government services. When, by reason such as departure from a remote place, dependable facilities for giving notice are not available, a landing shall be made at a place where the necessary facilities do exist before coming into any area from any place outside the United States. However, radio equipment of the plane may be used if this will result in the giving of adequate and timely notice. Advance notice shall not be required in the case of aircraft of a scheduled airline arriving in accordance with a regular schedule filed with the collector of customs for the district in which the place of first landing is situated. If, upon landing in any area, the aircraft commander finds that the Government officers have not arrived, the aircraft commander must hold the aircraft and any merchandise, including baggage, thereon intact, and keep the

passengers and crew members in a segregated place until the inspection officers are available.

(2) Each notice of an intended flight shall specify the type of aircraft, the registration marks thereon, the name of the aircraft commander, the place of last departure, the international airport or other place at which landing has been authorized, number of alien passengers, number of citizen passengers, and the estimated time of arrival; and shall be sent so as to be received in sufficient time to enable the officers designated to inspect the aircraft to reach the international airport or such other place of first landing prior to the arrival of the aircraft.

(c) *Permission to discharge or depart.* No aircraft arriving in the United States from any place outside thereof, or in an area from another area carrying residue foreign cargo (see § 6.9) shall depart from the place of landing, or discharge any passengers or merchandise, including baggage, without receiving permission from the customs officers in charge.

(d) *Permit to proceed, foreign aircraft.* (1) Aircraft are subject to customs entry when brought in for repairs or when otherwise treated as imported articles. Before an aircraft which is not registered in a foreign country, and which arrives in the United States carrying passengers for hire or merchandise is ferried (proceeds in ballast) from the airport of first arrival to one or more airports in the United States, its commander shall obtain from the collector of customs at the airport of first arrival a permit on customs Form 4449 allowing the aircraft to proceed from airport to airport in the United States, which shall be retained on board such aircraft while in the United States. At each airport visited, the customs officer there, or, if there is none, the airport manager, shall make an endorsement on the back of such permit showing the name of the airport, date and time of arrival, date and time of departure, and purpose of the visit. The permit shall be surrendered to the collector of customs at the port of final clearance for a foreign destination, who shall satisfy himself prior to the issuance of clearance that the aircraft received proper customs treatment while in this country. The permit shall

then be returned to the collector of customs at the port of issue.

(2) A copy of the permit shall be retained by the collector at the port where issued. If within 60 days after the issuance of such permit the said collector does not receive a report of the outward clearance of the aircraft covered thereby, the matter shall be reported to the supervising customs agent for investigation.

(3) Civil aircraft of domestic origin registered in the United States and arriving from a foreign country with passengers carried for hire or merchandise, after proper customs treatment of all such passengers and merchandise, may be allowed to proceed upon their identity being established. Civil aircraft of foreign origin registered in the United States and arriving from a foreign country in international traffic shall be subject to the following provisions:

(1) If such aircraft has been entered as an imported article and duty has been paid on a previous arrival, it may be permitted to proceed otherwise than as an imported article upon a declaration by the aircraft commander identifying the port, date, and number of the duty-paid entry filed upon such previous arrival.

(2) If such aircraft has not been entered as an imported article subject to duty, in addition to any other documents required in connection with a flight in continuation of the international traffic, it shall proceed under a permit on customs Form 4449 which shall specifically identify the aircraft number, country of manufacture, name of the manufacturer, flight number, port, and date of arrival for the flight on which it arrived in the United States, and action shall be taken thereon as specified in subparagraphs (1) and (2) of this paragraph. It shall proceed without being treated as an imported article only if it is in continuous use solely in international traffic or use incidental thereto and will depart from the United States to a destination outside thereof in international traffic or in ballast. If such aircraft which has not been entered as an imported article is withdrawn from international traffic or diverted in the United States to a use other than international traffic or use incidental thereto, it shall be subject to entry as an imported article and dutiable

at the rate in effect at the time of withdrawal or diversion.

(e) *Monthly and annual requests for overtime services and licenses to unlade and lade.* A special license on customs Form 3851 running for any period up to 1 month and in multiples of months thereafter, but not to exceed 1 year nor longer than the period of the supporting bond, may be granted to a scheduled airline to unlade passengers or merchandise, including baggage, or to lade merchandise, including baggage, in the case of any or all of its planes at night or on a Sunday or holiday when customs supervision is required. The application for such a special license to lade or unlade and request for overtime services of customs officers shall be made on customs Form 3851. Such request for overtime services must show the exact times when overtime services will be needed unless arrangements are made so that the proper customs officer will be notified during official hours in advance of the services requested as to the exact times that the services will be needed. The special license shall not be granted until the required bond on customs Form 3597, 7567, or 7569 shall have been filed.

(1) *Monthly and annual permits to unlade and lade.* The collector may also issue a permit running for any period up to 1 month and in multiples of months thereafter, but not to exceed 1 year, to unlade or lade during official hours any

The Bureau of Customs made the following ruling on the status of foreign aircraft wrecked while engaged in international traffic: "If the accident results in substantial demolition of the aircraft, no entry is required and no duty accrues with respect to any portion of the wreckage. If the accident does not result in substantial demolition of the aircraft, and all salvageable portions and parts of the wrecked aircraft are exported, the aircraft is not considered to have been withdrawn from international traffic so as to subject the aircraft as a whole or any portion or part thereof to regular customs entry and duty as imported merchandise. However, if the accident does not result in substantial demolition of the aircraft and the wrecked aircraft or any salvageable portion or part thereof is not exported, an entry is required for the retained damaged aircraft, or salvageable portion or part, as the case may be, and duties will be assessed thereon in accordance with its condition immediately after the casualty." T.D. 58069(1), March 4, 1960.

or all of the planes of a scheduled airline. Customs Form 3851 shall be used for such purpose.

(g) *Emergency or forced landing.* Should an emergency or forced landing be made by an aircraft coming into the United States from any place outside thereof, or into an area from a place outside the areas defined in § 6.1(c) of the regulations of this part, or while traveling from airport to airport in the areas of the United States under a permit to proceed (see § 6.9(b) of the regulations of this part), the aircraft commander shall not allow any merchandise, baggage, passengers, or crew members not previously cleared by customs or other applicable Government agency to be removed, or to depart from the landing place without permission of a customs officer, unless such removal of departure is necessary for purposes of safety, communication with customs authorities, or the preservation of life, health, or property. As soon as practicable, the aircraft commander, or a member of the crew in charge, or the owner of the aircraft, shall communicate with the customs officer at the intended place of first landing or at the nearest international airport or other customs port of entry in that area and make a full report of the circumstances of the flight and of the emergency or forced landing. When an aircraft carrying cleared crew, passengers and baggage or merchandise lands for any reason at an airport in the United States other than the scheduled or intended port of arrival, written notice must be received from the airline representative or aircraft commander both at the customs office at the place of preclearance and at or for the place of intended landing within seven days, unless notice is otherwise given in accordance with a procedure previously agreed to with the carrier by the collector of customs involved. Mail carried as such may be removed from such aircraft upon making an emergency or forced landing, but if so removed shall be delivered at once to a responsible officer or employee of the Postal Service. (Sec. 14, 67 Stat. 516; 19 U.S.C. 1322)

### § 6.3 Entry and clearance.

(a) Aircraft coming into any area from any place outside the United States shall be entered in such area if landing is made therein and if carrying pas-

sengers for hire or commercial cargo (see § 6.7). Aircraft proceeding from one area into another shall be entered in the latter area if landing is made therein and if carrying residue cargo. Aircraft not required to enter under this paragraph are subject to other customs requirements (see § 6.2).

(b) Entry shall be made by the aircraft commander, or by any other authorized agent of the owner or operator of the aircraft (hereinafter referred to as an authorized person),<sup>11</sup> at the international airport at which the first landing is made in the area. If, pursuant to § 6.2 (a), the first landing occurs at a place not an international airport, entry shall be made at the nearest international airport or customs port of entry, unless some other place is designated for that purpose.

(c) Aircraft departing from an area for foreign territory carrying passengers for hire or merchandise, or to take aboard or discharge persons or merchandise anywhere outside the United States or carrying residue cargo from one to another area shall be cleared in the area from which departing. In accordance with provisions of regulations of the Bureau of the Census (15 CFR Part 30), any aircraft not otherwise required to clear which is carrying merchandise from one to another area, or from an area to any possessions of the United States, must obtain permission to depart (see § 6.8 of the regulations of this part). If an aircraft is departing on a flight from the United States and is not required to clear under the preceding provisions of this paragraph, it must, nevertheless, obtain customs clearance if, by reason of the foreign destination of the aircraft a validated license from the Bureau of In-

<sup>11</sup> Section 431, Tariff Act of 1930, as amended (19 U.S.C. 1431): "(b) Whenever a manifest of articles or persons on board an aircraft is required for customs purposes to be signed, or produced or delivered to a customs officer, the manifest may be signed, produced, or delivered by the pilot or person in charge of the aircraft, or by any other authorized agent of the owner or operator of the aircraft, subject to such regulations as the Secretary of the Treasury may prescribe. If any irregularity of omission or commission occurs in any way in respect of any such manifest, the owner or operator of the aircraft shall be liable for any fine or penalty prescribed by law in respect of such irregularity."

ternational Commerce is required by § 370.2 of the Export Control Regulations (15 CFR 370.2). Aircraft not under the export licensing authority of the Department of Commerce are subject to the export licensing authority of the Department of State and are specified in Category X in the United States Munitions List (22 CFR Part 121). Such aircraft may depart from the United States only under appropriate Department of State license whether or not subject to clearance under this section.

(d) The clearance or permission to depart shall be obtained by the aircraft commander or an authorized agent at the customs port of entry (whether or not an international airport) at or nearest the place of last take-off from the area, unless some other place is designated for that purpose by the collector of customs.

(e) This section shall not apply to the entry of aircraft of scheduled airlines complying with the terms of § 6.4 nor to the clearance or departure of such aircraft complying with the terms of § 6.5, nor to the clearance of any aircraft holding a permit issued by the Secretary of Commerce authorizing departure without clearance.

### § 6.4 Entry of aircraft of scheduled airlines.

(a) Aircraft operated by scheduled airlines coming into any area from any place outside the United States shall be entered in the area of first landing.

(b) Aircraft operated by scheduled airlines coming from one area into another area shall be entered therein if carrying residue cargo (§ 6.9).

(c) Entry required by this section in an area shall be made at the place of landing provided for under § 6.2.

<sup>12</sup> Information regarding requirements under the regulations of the Departments of Commerce or State for licensing of aircraft departing from the United States, whether for temporary sojourn abroad or for export, may be obtained at any customhouse. Attention is specifically directed to § 371.25, Export Regulations, (15 CFR 371.25) which exempts departures of certain United States civil aircraft to certain destinations, including Cuba, from general license GATS, thereby requiring a validated license for such flight. For licensing procedure for articles enumerated in the United States Munitions List, see 22 CFR Part 125.

### § 6.5 Clearance of aircraft of scheduled airlines.

(a) Aircraft operated by scheduled airlines departing for any place outside the United States may clear from the area of departure, but clearance shall be mandatory only during any period covered by a proclamation of the President that a state of war exists between foreign nations, or the aircraft is—

(1) Beginning a flight in that area; or

(2) Carrying from that area merchandise which must be listed in its general clearance declaration (§ 6.8).

(b) Aircraft operated by scheduled airlines departing from one to another area shall clear in the area from which departing if carrying residue foreign cargo, and, when clearance is not required, if transporting merchandise from one to another area or from an area to possessions of the United States shall obtain permission to depart from the collector of customs when required for the purposes of regulations of the Bureau of the Census (15 CFR Part 30).

(c) Clearance required by this section or permission to depart may be obtained by the aircraft commander or an authorized person at the customs port of entry (whether or not an international airport) at or nearest each place at which merchandise or passengers, or both, are taken aboard for discharge beyond the area. In such case, the clearance, or permission to depart, shall be limited to the passengers and merchandise taken aboard at such place. Otherwise clearance, or permission to depart, shall be obtained at the customs port of entry (whether or not an international airport) at or nearest the place of last take-off in the area unless some other place is designated by the collector of customs.

### § 6.6 Documents; form.

(a) The forms described in §§ 6.7 and 6.8 shall be the primary documents required for entry and clearance of aircraft. The forms shall be approximately but not to exceed 8½" wide and 14" long and shall be on white bond paper that will not discolor or become brittle within 20 years. If these forms are dittoed or if the entries on them are to be dittoed, the paper must be substance 40, 17" x 22", 1,000-sheet basis; if printed or typewritten, at least 25 percent rag substance 26, 17" x 22", 1,000-sheet basis.

These forms and the entries thereon must be dittoed, typewritten, or printed in the English language, with ink or dye that will not fade or "feather" within 20 years. The forms to be used for the entry and clearance of the aircraft, passengers, crew members, and merchandise carried thereon shall be forms approved by the Commissioner of Customs.

(b) The forms described in §§ 6.7 and 6.8 may be obtained from collectors of customs upon payment by the owner or operator of the aircraft. These forms may be printed or dittoed by private parties, provided the forms so printed or dittoed conform to the official forms currently in use, with respect to size, wording arrangement, style and size of type, and paper specifications. A small quantity of each of the forms shall be set aside by collectors of customs for free distribution and official use.

**§ 6.7 Documents for entry.**

(a) At the time any aircraft arriving from outside the areas of the United States lands in an area in which entry is required by § 6.3 or 6.4, the aircraft commander or an authorized person shall deliver an inward general declaration on customs Form 7507, or on a form conforming thereto, and shall show thereon all of the information called for by the official form, unless any of such information is otherwise furnished as provided in this section, and shall deliver any other applicable documents as specified in this section. If an aircraft proceeds from one to another area of the United States or from one to another port in the same area carrying residue cargo or uncleared passengers, the aircraft commander or an authorized person shall deliver the documents specified in § 6.9 (c) or (d).

(b) Some of the information called for by the official form of inward general declaration may be alternatively furnished as provided herein. Some of the documents specified herein may not be required on a separate sheet or form where it is indicated that the information required on such documents may be included with information on another document or form.

(1) Crew manifest: A crew manifest shall be furnished with the general declaration except upon arrival of an aircraft directly from Canada on a flight originating there in which case merely the total number of crewmembers need

be shown on the inward general declaration. The crew manifest shall be furnished by showing the full name (surname, given name and middle initial) of each crewmember in the column headed "Total Number of Crew" on the inward general declaration, or by showing such names on a separate, appropriately identified document.

(2) Crew purchases: A crew purchase list shall be furnished with the general declaration. Articles entered by crewmembers not required to file crew declarations by paragraph (g) of this section shall be listed opposite the name of the crewmember on the general declaration or on a separate crew purchase list attached thereto. Any articles required by paragraph (g) of this section to be declared on Crew Declaration, customs Form 5123, need not be listed if such crew declarations are securely attached to the general declaration or attached list, and the following statement appears thereon:

Crew purchases as per attached Crew Declarations

In the case of an aircraft arriving direct from Canada on a flight which originated in that country, no crew purchase list shall be required, but any crew declarations shall be attached to the general declaration and the total number thereof shall be shown on the face of the general declaration with the figure for the total number of crew.

(3) A cargo manifest for all cargo on board shall be submitted with the general declaration. The cargo manifest shall be on customs Form 7509 except as otherwise provided in this paragraph.

(i) When Form 7509 is used, the full information called for by the official form shall be shown thereon except that the detailed information about the cargo shipped under air waybills may be furnished by securely attaching to the cargo manifest a copy of each air waybill, by listing the numbers thereof on the manifest, and by noting the statement "Cargo as per Air Waybills Attached" on the manifest.

(ii) Customs Form 5119 may be used as the cargo manifest if there is on board only cargo not exceeding \$250 in value which is to be entered on such form.

(iii) Customs Form 7523 may be used as the cargo manifest if there is on board

only cargo which may be entered on that form.

(iv) No cargo manifest is required for merchandise, including baggage and stores, arriving from and departing for a foreign country on the same through flight, although any such document on board may be inspected, except that any arms, ammunition, or implements of war on board which require a license issued by the Secretary of State shall be manifested on every arrival.

(v) On the cargo manifest or on a separate list attached thereto in which the manifest shall bear the notation "Stores list attached," there shall be shown all alcoholic beverages, tobacco products, narcotic drugs, and bonded or foreign merchandise arriving as stores as well as all equipment of a type requiring a license as specified in subdivision (iv) of this subparagraph.

(vi) In the case of aircraft of scheduled airlines, domestic supplies and equipment not subject to license (unless subject to a duty equal to any internal-revenue tax from which such articles were previously exempted) and any fuel need not be included in the stores list if the statement "Domestic supplies and equipment and fuel for immediate flight only, except as noted" is noted on the cargo manifest or separate stores list attached thereto.

(vii) Unaccompanied baggage arriving in the United States under a check number from any foreign country by air shall be shown on the cargo manifest in columns under the following headings:

Check No.	Description of package	Where from	Destination
-----------	------------------------	------------	-------------

On the right of the foregoing columns two blanks columns, one headed "Name of examining officer" and on the right thereof another headed "Disposition," shall be provided on the cargo manifest for use of customs officers. Unaccompanied unchecked baggage arriving as air express or freight shall be manifested as other air express or freight.

(c) One copy of the general declaration and one copy of each attached manifest shall be delivered by the aircraft commander or an authorized person immediately to the customs officer in charge at the airport or other place of arrival.

(d) The provisions of section 466, Tariff Act of 1930, as amended (19 U. S. C. 257, 258), are applicable to any aircraft

of United States registry engaged in trade and arriving in the United States as defined in section 401 (k), Tariff Act of 1930, as amended (19 U. S. C. 1401 (k)), whether from a contiguous or non-contiguous foreign country, and a notation as to any equipment installed on, or repairs made to, any such aircraft in a foreign country shall be made in the aircraft journey log book, which shall set forth a general description of the equipment or repairs and a statement of any necessity therefor. The aircraft commander or an authorized person, on the first subsequent arrival of the aircraft in the United States, shall exhibit the journey log book to the customs officer at the place of arrival. A declaration on customs Form 3415, to the effect that no equipment was purchased, or repairs made, in a foreign country, shall not be required in any case for any such aircraft. Except as specified hereafter in this paragraph, any such equipment purchased or repairs made shall be subject to entry and deposit of duty as prescribed by § 4.14 of this chapter, but the following may be added to the entry in lieu of the filing of customs Form 3415:

This entry contains a complete account of the equipment purchased for and the repairs made to the within-mentioned aircraft during the flight covered hereby, together with the cost of such equipment and the expenses of such repairs (including the cost of installation of equipment and the cost of repair parts and material used). Application is hereby made for the ascertainment of the amount of duty due under section 466, Tariff Act of 1930, as amended.

(e) The filing of customs Form 3415 and entry and deposit of duty for equipment purchased for or repairs made to an aircraft belonging to a scheduled airline or to an air carrier generally authorized to operate contract passenger or cargo flights and operating between the United States and foreign territory shall not be required if (1) such equipment or repairs were made necessary by reason of stress of weather or other casualty occurring since the aircraft last left the United States and were required to secure the safety and airworthiness of the aircraft in accordance with Federal Aviation Agency regulations to enable the aircraft to continue its flight; or such equipment installed and materials used in making the repairs were of the growth, produce, or manufacture of the United States and the

work incident to such installation or repairs was performed by the regular crew of the aircraft or by residents of the United States, (2) the following statement is included on the general declaration or attached cargo manifest:

Entry for equipment purchased or repairs made to this aircraft while in a foreign country not required under section 6.7 (e) of the Customs Regulations.

and (3) the collector is satisfied from an inspection of the journey log book and such further investigation as he may deem necessary that the facts with respect to the installation of the equipment and making of repairs were as set forth in subparagraph (1) of this paragraph.

(f) The provisions of section 446, Tar-iff Act of 1930 (19 U.S.C. 1446), relating to supplies and stores retained on board, shall be applicable to aircraft arriving in the United States from any foreign port or place.

(g) Crew baggage declarations re-quired by § 10.22 (b) of this chapter shall be filed by the officers and members of the crew of aircraft arriving from con-tiguous or noncontiguous foreign terri-tory. A crew member may be permitted to make an oral declaration and entry if all articles he has to declare, in addition to articles for which no entry is required in accordance with § 23.4(c) of this chapter, may be admitted free of duty under section 321(a) (2) (B) of the Tar-iff Act of 1930, as amended. Written declarations may be required in any case if necessary to effect prompt and orderly clearance of crew members and their ef-fects or if deemed necessary to protect the revenue. A nonresident crewmem-ber leaving an aircraft to travel as a passenger or crewmember on another carrier which will take him to a place outside the United States and who de-sires to take with him to such place ar-ticles not exceeding \$200 in value ac-companying him for which he seeks free entry under item 812.40 Tariff Schedules of the United States shall follow the procedure set forth in § 10.22(d) of these regulations. When such a nonresident crewmember has any articles which he will claim as bona fide gifts under item 812.25, Tariff Schedules of the United States, he must follow the procedure for declaring such gifts set forth in § 10.22(c) of the regulations of this chapter.

§ 6.8 Documents for clearance, or for certain departures.

(a) At the time of departure of any aircraft from any area from which clear-ance is required by § 6.3 or 6.5, the air-craft commander or an authorized per-son shall deliver to the customs officer in charge an outward general declara-tion and a cargo manifest and shipper's export declarations on Commerce Form 7525-V for all cargo on the aircraft (also for the aircraft itself if it is being ex-ported from the United States for for-ign account). Shipper's export dec-larations and any required cargo mani-fest may be filed pro forma if the aircraft is departing from the United States and prior to departure a proper bond is given, in which case the com-pleted shipper's export declarations and the completed cargo manifest are to be delivered pursuant to the bond not later than the fourth day after departure: *Provided*, That, during any period cov-ered by a proclamation of the President of a state of war exists between for-ign nations, no aircraft shall be cleared for a foreign destination until the ship- per's export declarations and completed cargo manifest shall have been filed with the customs officer in charge: *And pro- vided further*, That no aircraft shall be cleared until the completed cargo mani-fest and all required shipper's export declarations have been filed with the customs officer in charge if the aircraft is departing on a flight from the United States directly or indirectly to Poland (including Danzig), a country or other destination in Subgroup A as specified in the Export Regulations (15 CFR 371.3), Cuba, Hong Kong, or Macao, un-less clearance is authorized by the Com-missioner of Customs. At the time of de-parture of an aircraft not required to clear which is transporting merchandise from one to another area or from an area to possessions of the United States, the documents prescribed in the regulations of the Bureau of the Census (15 CFR Part 30) must be filed before departure or a bond to produce the required documents timely and pro forma documents, when required by the collector of customs, as prescribed in 15 CFR 30.24 must be filed.

Clearance of the aircraft on such a flight is not required unless foreign residue car-go is being carried (see § 6.9 of the regu-lations of this part), or unless the air-craft is of foreign registry and is not departing under the procedure provided for in § 6.2(d) or unless the aircraft is to proceed to a foreign destination thereafter.

(b) The outward general declaration shall be on customs Form 7507. Any cargo manifest required with such dec-laration shall be on customs Form 7509. The full information required by the official forms shall be shown thereon except as otherwise provided in this paragraph.

(1) In the case of shipments on an air waybill, a copy of each such docu-ment may be attached to the cargo manifest, the numbers of such air way-bills listed in the body of the manifest, and the statement "Cargo as per Air Waybills Attached" noted on the mani-fest.

(2) On direct departures only, for shipments requiring a shipper's export declaration a copy of each export dec-laration may be attached to the cargo manifest. In such case the numbers of such declarations shall be listed on the cargo manifest in the column for air waybill numbers, and the statement "Cargo as per Export Declarations At-tached" noted on the manifest.

(c) When the aircraft is departing directly from the United States, the gen-eral declaration required by this section shall be prepared in duplicate, with a single copy of each cargo manifest. In the case of clearance of a scheduled air-craft at an interior port two copies of each cargo manifest for cargo there laden are required if the aircraft is pro-ceeding to another port before departure from the United States for a place out-side thereof. For each shipment to be exported under an entry or withdrawal for exportation or for transportation and exportation, the outward manifest or the airway bill or consignment note attached to the manifest and made a part thereof shall clearly show for such shipment the number, date, and class of such customs entry or withdrawal (i.e. T. & E., Wd. T. & E., I.E., Wd. Ex., or Wd. T., as applicable) and the name of the port where the entry or withdrawal was filed if other than the port where the mer-

(h) The provisions of section 440<sup>14</sup> and 584,<sup>15</sup> Tariff Act of 1930, as amended, relate respectively to post entry for cor-rection of and to penalties for falsity or lack of a manifest. Those provisions are applicable to aircraft arriving from a place outside the United States with merchandise and unaccompanied bag-gage. An incorrect cargo manifest shall be corrected promptly. Post entry to add to a manifest any merchandise or unaccompanied baggage omitted from or which does not agree with the manifest may be made by the airline on a sepa-rate copy of the cargo manifest form marked or stamped "Post Entry." If not made on such a copy, a post entry shall be prepared by the airline on cus-toms Form 5931, appropriately modi-fied including deletion of the applica-tion to make post entry. A post entry shall be signed by the aircraft com-mander or an authorized person. Cor-rection of a manifest to delete merchan-dise and unaccompanied baggage not on board the aircraft at the time of ar-rival may be made by submission of a separate copy of the cargo manifest form listing the merchandise and unaccom-ppanied baggage not found, together with the reasons for the shortage. If not made on such a copy, an appropriately modified Form 5931 shall be used by the airline to make such corrections. The copy of the cargo manifest form or modi-fied Form 5931 shall bear a signed dec-laration of the aircraft commander or an authorized person reading, "I declare

<sup>14</sup> "If there is any merchandise or baggage on board such vessel which is not included in or which does not agree with the manifest, the master of the vessel shall make a post entry thereof, and mail or deliver a copy to such employee as the Secretary of the Treas-ury shall designate and for failure so to do shall be liable to a penalty of \$500." (Tariff Act of 1930. Sec. 440, as amended; 19 U. S. C. 1440.)

<sup>15</sup> " . . . if any merchandise described in such manifest is not found on board the vessel or vehicle the master or other person in charge or the owner of such vessel or ve-hicle shall be subject to a penalty of \$500: *Provided*, That if the collector shall be sat-isfied that the manifest . . . is incorrect by reason of clerical error or other mistake and that no part of the merchandise not found on board was unshipped or discharged except as specified in the report of the mas-ter, said penalties shall not be incurred." § 6.9 Residue cargo. (a) Aircraft arriving in the United States with cargo on board shown by the manifest to be destined to other ports in the same or in some other areas of the United States, or outside the United States may be permitted to proceed with such cargo from port to port in the United States or to a foreign country for the unloading thereof under the procedure prescribed in paragraph (b) of this section, upon the giving of a bond on customs Form 7567 or 7569. When an aircraft arriving from outside the United States has on board no cargo and immediate clearance is requested, it may be permitted to proceed if a bond on customs Form 7567 or 7569 is on file covering such aircraft.

Any vessel arriving from a foreign port or place having on board merchandise shown by the manifest to be destined to a port or ports in the United States other than the port of entry at which such vessel first arrived and made entry may proceed with such merchandise from port to port or from district to district for the unloading thereof. (19 U.S.C. 1442.) "Merchandise arriving in any vessel for delivery in different districts or ports of entry shall be described in the manifest in the order of the districts or ports at or in which the same is to be unloaded. Before any vessel arriving in the United States with any such merchandise shall depart from the port of first arrival, the master shall obtain from the collector a permit therefor with a certified copy of the vessel's manifest showing the quantities and particulars of the merchandise entered at such port of entry and of that remaining on board." (19 U.S.C. 1443.) "Within twenty-four hours after the arrival of such vessel at another port of entry, the master shall report the arrival of his vessel to the collector at such port and shall produce the permit issued by the collector at the port of first arrival together with the certified copy of his manifest." (19 U.S.C. 1444.)

(d) One copy of the general declaration for departure from the United States shall constitute a clearance certificate when endorsed by the customs officer in charge to show that clearance is granted. When a scheduled aircraft obtains clearance at a port other than the port at or nearest the place of last take-off, a copy of the cargo manifest shall be attached to and accompany the general declaration endorsed at such port for any necessary use at subsequent United States ports. (e) In any case that merchandise other than residue cargo which requires documentation in every instance as specified in § 6.9 of the regulations of this part) destined from one to another area of the United States is transported by aircraft on a direct flight between the areas, a cargo manifest shall be required only for any merchandise transported as cargo which is excepted from the filing of shipper's export declarations or for which shipper's export declarations cannot be timely filed. Any required cargo manifest and all required shipper's export declarations shall be filed with the collector of customs at the place of departure. For cargo requiring shipper's export declarations, a declaration shall be made on the cargo manifest, or if none is hereinbefore required by this section, then either on the form for a cargo manifest or the form for a general declaration. This declaration shall state either "Attached Shipper's Export Declarations represent a full and complete enumeration and description of the cargo carried on this flight except that listed on the cargo manifests" or "All required cargo documents will be filed within the 4-day bond period." If the latter declaration is used, when the shipper's export declarations and any required cargo manifest are in fact filed they shall be accompanied by the following declaration: Attached Shipper's Export Declarations represent a full and complete enumeration and description of the cargo carried on aircraft No. ----- flight No. ----- cleared

(b) When applying for clearance from the airport or place of first entry in an area of the United States, the aircraft commander, or an authorized person shall present to the collector a traveling general declaration and manifest and an abstract general declaration and manifest. The traveling general declaration and manifest shall be one certified copy of the original inward general declaration and of each manifest or list required to be attached thereto at the time of entry (see § 6.7) of the aircraft. The abstract general declaration and manifest shall be one copy of a general declaration and one copy of each manifest forming a part thereof covering all foreign residue cargo not yet cleared by customs or other interested government agency and manifested or destined for discharge at other domestic or foreign ports. When crew purchases are not itemized on the crew purchase list because reference is made to "Crew declarations and entries attached," such declarations on customs Form 5123 of crewmembers who have not left the aircraft with their purchases at the port of first entry shall not be retained there but shall be attached to the traveling general declaration and manifest. Any such crew declaration shall be detached at the port where the articles covered thereby receive customs clearance. When all documents are in order a permit to proceed from one airport to another, which may be stamped, mimeographed, or printed on the abstract general declaration or on a separate sheet of paper attached thereto, shall be dated and signed by the appropriate customs officer at the airport of clearance. The documents presented by the aircraft commander or authorized person when applying for clearance shall be delivered to the aircraft commander, together with the permit to proceed, for deposit at the next international airport. The permit to proceed and a related declaration of the aircraft commander or an authorized person, to be executed on entry at the next airport, shall be substantially as follows:

Other copies of abstract manifests may be required by other interested governmental agencies. Includes air waybills when part of the manifest.

RULES AND REGULATIONS

passengers, or crew members and their purchases not yet cleared by customs or other interested governmental agency, the procedure shall be the same as at the airport of first arrival, except that no new traveling general declaration and manifest shall be prepared, but the traveling general declaration and manifest as certified at the first international airport shall be delivered to the aircraft commander for deposit at the next airport of entry.

(d) The same procedure as above set forth shall be followed at any subsequent airport (except the last domestic port of discharge) to which the aircraft may proceed with foreign residue cargo, passengers, or crew members and their purchases not yet cleared by customs or other interested governmental agency. At the last domestic port of discharge no abstract manifest shall be required, and the traveling general declaration with one copy of each cargo manifest forming a part thereof shall be used for entering the aircraft, and shall be retained at such port.

(e) The provisions of this section shall be applicable to aircraft arriving in the United States from either contiguous or noncontiguous foreign territory. Except as specified in this section, the customs requirements applicable to residue vessel cargo (see § 4.85 of this chapter) shall apply to residue aircraft cargo.

§ 6.10 General provisions.

Except as otherwise provided for in this part, aircraft arriving from contiguous foreign territory and the persons and merchandise, including baggage, carried thereon shall be subject to the customs laws and regulations applicable to vehicles arriving from contiguous foreign territory; and aircraft and the baggage, carried thereon, arriving from any other place, shall be subject to the customs laws and regulations applicable to vessels so arriving, insofar as such laws and regulations are applicable to aircraft.

§ 6.11 Penalties.

Any person violating any customs requirements prescribed in this part or any regulations made applicable to aircraft by § 6.10 shall be subject to a civil penalty of \$500, and any aircraft used in connection with any such violation shall be

subject to seizure and forfeiture, as provided for in the customs laws. Such penalty and forfeiture may be remitted or mitigated in accordance with the provisions of §§ 23.23 to 23.25 of this chapter.

§ 6.12 International airports; regulations.

(a) International airports will be designated after due investigation to establish the fact that a sufficient need exists in any particular district or area to justify such designation and to determine the airport best suited for such purpose.

(b) A specific airport will be designated in each case, rather than a general area or district which may include several airports.

(c) The designation as an international airport may be withdrawn if it is found that the volume of business clearing through the port does not justify maintenance of inspection equipment and personnel, if proper facilities are not provided and maintained by the airport, if the rules and regulations of the Federal Government are not complied with, or if it is found that some other location would be more advantageous.

(d) International airports shall be municipal airports, unless particular conditions which prevail warrant a departure from this requirement.

(e) Each international airport shall provide without cost to the Government suitable office and other space for the exclusive use of Federal officials connected with the port. A suitable surfaced loading area shall be provided by each airport at a convenient location with respect to such office space. Such loading area shall be reserved for the use of aircraft entering or clearing through the airport.

(f) International airports shall be open to all aircraft for entry and clearance purposes and no charge shall be made for the use of said airports for such purposes. However, in any case where an international airport authorizes any such aircraft to use such airport for the taking on or discharging of passengers or cargo, or as a base for other commercial operations or for private operations, this paragraph shall not be interpreted to mean that charges may not be made for such commercial or private use of such airport.

 of the lading of the merchandise on the transporting aircraft shall be

cargo as transit air cargo for transportation from the port of arrival; this may or may not involve a change of aircraft or airlines but when it does, such terms shall also include the physical movement of the cargo from one to another aircraft. (Secs. 551, 552, 553, 46 Stat. 742, as amended; 19 U.S.C. 1551, 1552, 1553)

**§ 6.18 Documentation for transit air cargo.**

(a) Customs Form 7509, Air Cargo Manifest, printed, stamped, or labeled "Transit Air Cargo Manifest" must be used as the manifest for transit air cargo. The cargo manifest sheet in the inward cargo manifest of the importing aircraft and each copy thereof required for a transit air cargo movement must be so printed, stamped, or labeled. Each transit air cargo manifest sheet must be a duplicate, insofar as identification of the cargo and other data, of the corresponding manifest sheet in the inward cargo manifest presented for the aircraft on which the cargo arrives in the United States.

(b) Only air cargo shipments from one country of exportation, the name of which must be shown in the heading, may be listed on any one transit-air cargo manifest sheet, or in lieu of such limitation the name of the country of exportation of each shipment must be shown in the "Nature of Goods" column. In addition thereto, only such shipments which are manifested by way of the port of arrival (1) to the same United States Customs port of destination, or (2) to the same United States Customs port for exportation therefrom, or (3) for direct exportation from the port of arrival may be listed on one transit air cargo manifest sheet.

(c) If manifest sheets are not prepared in accordance with paragraph (b) of this section, each cargo shipment manifested thereon, when required to be transported subject to customs control, must be transported beyond the port of arrival in accordance with other provisions of these regulations requiring individual documentation for the inward transportation or exportation of each shipment (see § 6.15 and Parts 5 and 18 of this chapter).

(d) When presented, each transit air cargo manifest sheet must show also (1) the foreign port of lading, (2) the date of arrival of the aircraft at the port of

dorsed as provided for by § 6.6 (e) of this chapter and used as a carrier's certificate.

**§ 6.16 Certificate of lading for exportation.**

The certificate of lading for exportation on customs Form 7512 or customs Form 7520 shall be executed at the place where the aircraft clearance covering such merchandise is obtained. In any case where the aircraft clearance is obtained at a place other than the place of last take-off from United States customs territory, as provided for by § 6.5 (c), the aircraft commander or an authorized person shall at each place of subsequent landing in United States customs territory prior to foreign departure (a) immediately report arrival with merchandise on board destined to be exported from bond to the customs officer at that place and (b) surrender the clearance certificate received at the place where such merchandise was taken on board to the customs officer to be retained until departure.

**§ 6.17 Alternate transportation procedures for air cargo subject to customs control.**

Cargo (including manifested baggage) arriving by aircraft and to be transported subject to customs control in, through, or from the United States by aircraft must, if not transported in accordance with other provisions of the regulations of this part, be transported in bond in accordance with the applicable provisions of §§ 6.18 through 6.24. Such cargo so transported shall be referred to as "transit air cargo." For the purposes of these sections, the term "port of arrival" means the port in the United States at which the imported cargo must be documented for onward air transportation otherwise than as residue cargo, and the terms "transfer" or "transferred" mean the change to documentation of

"If any merchandise entered or withdrawn for exportation without payment of duties thereon, . . . is reloaded at any place in the United States without entry having been made, such merchandise shall be considered as having been imported in the United States contrary to law, and each person concerned shall be fined not more than \$5,000 or imprisoned not more than 2 years, or both; and such merchandise shall be forfeited." (18 U. S. C. 544.)

of the lading of the merchandise on the transporting aircraft shall be required. (4) Merchandise covered by a single combined entry and manifest may be forwarded to destination on one aircraft or on more than one aircraft, and a separate manifest for each aircraft shall not be required if the entire shipment is forwarded within a single 24-hour period. When a portion of a shipment is forwarded on an aircraft departing more than 24 hours after the first portion of the shipment was forwarded, the original combined entry and manifest copy or copies accompanying the first portion of the shipment shall be endorsed to indicate that the remainder of the shipment will follow by separate aircraft, and a single manifest shall be prepared for each portion of the shipment which follows by separate aircraft and used as a notice of arrival at the port of destination.

(5) Merchandise forwarded in bond under the regulations in this part may be transhipped at an intermediate port to one or more aircraft of the same line without customs supervision and notice of such transshipment shall not be required. When merchandise covered by a single combined entry and manifest is transhipped to more than one aircraft the procedure specified in subparagraph (4) of this paragraph, shall be followed. (6) The sealing of aircraft or compartments of aircraft carrying in-bond merchandise, or the cording and sealing of in-bond packages carried by aircraft, shall not be required. However, the carrier shall furnish and attach to each in-bond package the warning label prescribed by § 18.4 (e) of this chapter.

(c) *Procedure at the port of destination.* On arrival of an in-bond shipment at the port of destination, the aircraft commander, or an authorized person, shall deliver one copy of the combined entry and manifest which accompanied the shipment, or the copy of the manifest prepared for each portion of a shipment forwarded by separate aircraft which departed more than 24 hours after the first portion of the shipment, to the collector at that port as a notice of arrival. One copy of the entry and manifest which accompanied merchandise forwarded under an entry for immediate transportation without appraisalment shall be delivered by the carrier to the consignee to be used in making entry. This copy may be en-

**§ 6.15 Transportation in bond and merchandise in transit.**

(a) The regulations in this section apply only to the transportation in bond of merchandise arriving in United States customs territory by aircraft and entered for immediate transportation without appraisalment or for transportation and exportation by aircraft. Except as provided for herein, the regulations applicable to transportation in bond and merchandise in transit shall apply to transportation of merchandise in bond by aircraft.

(b) *Procedure at port of origin.* (1) Customs Form 7512 shall be used as a combined entry and manifest. These forms shall be filed in quintuple and all copies shall be signed by the agent of the carrier.

(2) When merchandise is entered for immediate transportation without appraisalment, two copies of the combined entry and manifest shall be delivered to the carrier to accompany the merchandise to the port of destination. When merchandise is entered for transportation and exportation, one copy of the combined entry and manifest shall be delivered to the carrier to accompany the merchandise to the port of destination.

(3) All such merchandise delivered to a bonded air carrier for transportation in bond shall be receipted for by an agent of the carrier and no supervision

arrival, (3) the final country of destination of each shipment, or final port of destination in the United States of each shipment so destined, and (4) each United States port at which a customs function will be necessary by reason of these transit air cargo procedures. The destination outside the United States must be shown as the actual, ultimate country of destination indicated by available airline shipping documents even though the air transportation may be scheduled to terminate in a country prior to such ultimate destination.

(e) All transit air cargo other than that exported directly from the port of arrival must have affixed thereto before departure from the port of arrival the red warning label prescribed by § 18.4(e) of this chapter.

(f) The transit air cargo manifest must be furnished in the number of copies indicated below for the respective transportation movement:

(1) Three copies are required for transit air cargo destined for export directly from the port of arrival;

(2) Four copies are required for transit air cargo moving to a port of destination in the United States from the port of arrival;

(3) Seven copies are required for transit air cargo moving from the port of arrival to another United States port for exportation therefrom.

#### § 6.19 Identification of transit air cargo manifest sheets.

Upon presentation of the inward cargo manifest of the aircraft on which the cargo arrives at the port of arrival, a manifest number must be assigned by Customs to the aircraft entry documents presented by the aircraft commander or authorized agent. That number must be used by the importing airline to identify all copies of transit air cargo manifests. The number must be given as a prefix an identification of the airport of arrival with the use of the 3-letter city or airport designator (the Air Traffic Service Location Identifier, as referred to by the Federal Aviation Agency); for example, "Idl-3758," or "Bos-296" as the case may be.

#### § 6.20 Conditions for transportation of transit air cargo.

(a) As a condition for customs release for transportation of air cargo beyond the port of arrival as transit air cargo,

all required copies of a transit air cargo manifest sheet must be identified as prescribed in § 6.19 prior to presentation to Customs.

(b) To proceed from the port of arrival as transit air cargo, air cargo must be receipted for in the manner prescribed in paragraph (d) of this section, within the lay order period or any authorized extension (see § 4.37 of this chapter), by the airline which will be responsible for transporting or exporting such cargo.

(c) Transit air cargo may be transported to another port only when receipted for by an airline designated as a common carrier for the transportation of bonded merchandise having on file an appropriate customs bond for such transportation. Transit air cargo may be exported from the port of arrival only when covered by an exportation bond on customs Form 7557 or 7559 as specified in § 18.25 of this chapter, or other appropriate bond. The responsibility of the receiving airline for transit air cargo otherwise than for direct exportation from the port of arrival begins when a receipt executed as prescribed in paragraph (d) of this section is presented to Customs. The responsibility of the exporter of transit air cargo for direct exportation begins when a receipt executed as prescribed in paragraph (d) of this section is presented to Customs. If any carting for delivery to a receiving airline is necessary prior to such time, the importing airline remains solely responsible for such cargo under its bond unless such carting is performed under the provisions of Part 21 of this chapter and at the expense of the parties in interest.

(d) Each copy of the transit air cargo manifest must bear the following statement legibly signed and dated, if required, when presented to customs:

Received the cargo listed herein for delivery to Customs at the port of destination or exportation shown above, or for direct exportation.

-----  
Name of Carrier (or  
Exporter)  
-----  
-----  
Attorney or Agent of  
Carrier (or Exporter)  
-----  
-----  
Date

(e) All cargo shipments listed on a transit air cargo manifest sheet must be

receipted for by one airline and must be transported from the port of arrival on one aircraft except where the use of more than one aircraft would be permitted by § 6.15(b) (4) in the case of a single combined entry and manifest on customs Form 7512, or where the use of more than one aircraft is permitted as specified in § 6.24(f). Otherwise, all shipments on the transit air cargo manifest must be individually documented and transported under the regular procedures for transportation of merchandise in bond.

#### § 6.21 Timely delivery and exportation.

(a) Transit air cargo destined to a final port of destination in the United States must be delivered to Customs at destination within 15 days from the date of receipt by the forwarding airline at the port of arrival.

(b) Transit air cargo destined for exportation at a port other than the port of arrival must be delivered to Customs at the port of exportation within 15 days from the date of receipt by the forwarding airline at the port of arrival. If all of the cargo shipments are not exported within the succeeding 15-day period, the individual cargo shipments must be made the subject of individual entries, as appropriate, at the port of exportation.

(c) In the case of transit air cargo to be exported from the port of arrival, exportation as transit air cargo must be receipted within 10 days from the date of arrival. After such 10-day period, the individual cargo shipments must be made the subject of individual entries, as appropriate.

#### § 6.22 Transportation of transit air cargo to an interior port of destination.

(a) Air cargo shipments may be transferred for transportation as transit air cargo from the port of arrival, under such customs supervision as the collector deems necessary, to another port in the United States with the use of the following number of copies of transit air cargo manifest sheets:

(1) A "carrier manifest" copy to accompany the cargo shipments listed thereon and be delivered to Customs at destination;

(2) Three copies for presentation to Customs at the port of arrival at the time of entry of the arriving aircraft or at a

subsequent time before expiration of the lay order period. One copy will be used as a "permit" copy by Customs at the port of arrival, one "mail manifest" copy will be mailed by Customs to the port of destination, and one "control" copy will be mailed to the headquarters port for the port of destination. These copies must be presented by or on behalf of the carrier receipting for the transportation of the cargo shipments to destination.

(b) At the port of destination Customs must use the carrier manifest copy for control by noting thereon the disposition of each cargo shipment listed.

(c) Transit air cargo is to be delivered to Customs at destination within 15 days of the date of receipt for it by the forwarding carrier at the port of arrival. When all or part of the cargo covered by the mail manifest copy received at destination from Customs at the port of arrival is not closed out after 30 days from its receipt by a posted carrier manifest copy, the collector of customs must inquire of the receipting carrier as to the whereabouts of the shipment or shipments not accounted for. He must in each case of failure to deliver or irregular delivery of all or part of the transit air cargo make a report to the port of arrival. The report must be made no later than 40 days from the date of receipt of the mail manifest copy. The report must be made to, and action promptly taken thereon by, Customs at the port of arrival in the manner specified in §§ 18.6 and 18.8 of this chapter, except that the report on customs Form 3861 must not indicate the amount of duty or tax due when the amount is in doubt. In such case, Customs at the port of arrival must make the determination of tax and duty due on information in the report, in the permit copy retained there, and any necessary information obtained from the carriers.

(d) Upon receipt of a written notice of failure to deliver, the airline which receipted for the transit cargo must be responsible for furnishing within 90 days to the collector of customs any data or documents available to it or to the importing airline concerning the description and value of the cargo shipments in question.

(e) Penalties imposed as liquidated damages under the common carrier's bond for shortage, failure to deliver, etc. must be the same as prescribed in § 18.8

of this chapter. Under that section the basis for the assessment of liquidated damages is the value of the merchandise. The transit air cargo manifest does not reflect value. Therefore, when it is necessary to determine the values of merchandise shipped as transit air cargo, the value must be determined by the collector on the basis of the data or documents specified in paragraph (d) of this section and such other information available to him relating to merchandise of the same or similar description or origin. However, when the data or documents required to be furnished by paragraph (d) of this section are not received, within the 90-day period prescribed, the collector will make his determination of value on the basis of such other information available to him.

**§ 6.23 Transportation of transit air cargo to another port for exportation.**

(a) Air cargo shipments may be transferred for transportation as transit air cargo from the port of arrival, under such customs supervision as the collector deems necessary, to another port for exportation therefrom with the use of the following number of copies of transit air cargo manifest sheets:

- (1) A "carrier manifest" copy to accompany the cargo shipments listed thereon and be delivered to Customs upon arrival of the shipments at the port of exportation;
- (2) A copy which is stamped, labeled, or printed "diversion copy" in outline letters at least 1 inch in height to be attached to and accompany the carrier manifest copy and be delivered to Customs at the port of exportation;
- (3) Three copies, called "permit", "mail manifest", and "control" copy, for presentation to Customs at the port of arrival either at the time of entry of the arriving aircraft or at a subsequent time before expiration of the lay order period. These copies must be presented by or on behalf of the airline receipting for the transportation of the cargo shipments from the port of arrival to the port of exportation for lading for export at such place;

(4) Two copies, called "Exportation" and "Clearance" copies, to be presented by the exporting airline to Customs at the port of exportation in connection with the exportation.

Upon arrival of the transit air cargo shipments at the port of exportation, the transit air cargo may be delivered direct to the exporting carrier with the exportation and clearance copies after the name of such carrier is legibly noted on the carrier manifest and diversion copies and such copies are delivered to Customs.

(c) The exporting carrier will retain all cargo listed on a transit air cargo manifest in one place which must be separate from the specially designated area for storage of shipments coming within the provisions of paragraph (e) of this section. When the goods are ready for lading on the exporting aircraft, Customs will be notified sufficiently in advance so as to be able to make any required supervision of the lading of the cargo and any further checks for Federal Government purposes.

(d) When presented to Customs, the exportation and clearance copies must each show the exporting aircraft's number and flight number and date. The exporting airline must file these documents (including the clearance copies of transit air cargo manifests) for the departing aircraft. The clearance copies of air transit cargo manifests shall be grouped together in the outward manifest separately and not intermingled with other outward manifest pages. The exportation copies shall be grouped together separately from the outward clearance documents.

(e) The customs officer receiving the carrier manifest and diversion copies of the transit air cargo manifest must review them for export licensing requirements of the Secretary of State covering arms, ammunitions, and implements of war, and of the Bureau of International Programs, Department of Commerce. A shipment for which the manifest information is not adequate to enable the officer to determine that no licensing or other requirements are applicable to the particular transit air cargo must be checked either by examination or by inspecting the air waybill or accompanying invoice. In this case, in order not to delay the onward movement of other goods, this shipment may be struck from the transit air cargo manifest and the remaining shipments may proceed. If a licensing or other requirement is found applicable, the exporting airline must be immediately notified that the particular

shipment cannot be exported until an appropriate license or approval is obtained. This shipment must be placed under constructive customs custody in a specially designated area of the exporting airline's cargo terminal for such shipments until the necessary customs or other approval for shipment is obtained.

(f) The diversion copy of each transit air cargo manifest sheet must be sent by the port of diversion, with an endorsement of exportation showing the port, date, and exporting carrier, to the port of indicated exportation when all cargo shipments listed thereon have been exported at the port of diversion. It shall normally be sent as soon as the exportation copy or copies are presented at the port of exportation and are attached to the carrier manifest, and it is verified that all shipments listed thereon are exported. If exceptions are found by Customs at the port of exportation, they must be noted on the diversion copy before it is sent. However, if the carrier's manifest copy is not fully closed out at the port of diversion within 30 days from the date of the carrier's receipt on the carrier manifest and diversion copies, the diversion copy must be immediately sent to the port of indicated exportation to forestall a report to the port of arrival (see paragraph (g) of this section). The diversion copy must be noted before sending. "Exportation copy not yet received—further report will follow if necessary."

**§ 6.24 Exportation of transit air cargo at port of arrival.**

(a) Transit air cargo may be transferred for exportation at the port of arrival in the United States with the use of three copies of the transit air cargo manifest; a "review" copy, an "exportation" copy, and a "clearance" copy.

(b) At the port of arrival, transit air cargo may be transferred for exportation immediately: *Provided*, (1) That, as soon as it is known to which airline cargo shipments will be transferred for exportation, the importing airline files with Customs a copy of each transit air cargo manifest sheet covering such cargo shipments, which copy need not be received by the airline to which the cargo will be transferred, but the name of the exporting airline must be inserted on such review copy by the importing airline; and (2) that the transfer is subject to supervision, examination of cargo, manifest review, etc., as may be required for compliance with regulations of other Federal agencies.

(c) The exportation copy and the clearance copy must be filed with Customs by or on behalf of the exporting airline which receipts for the shipments. The clearance copy must be presented with and retained in the departing aircraft's clearance documents. The exportation copy must be presented at the time the clearance documents are presented to Customs. Both copies must, in addition to bearing the receipt of the exporting airline, show the exporting aircraft's number, flight number, and date.

(d) Upon receipt of the review copy of the transit air cargo manifest sheets, Customs must make the review prescribed in the case of the carrier manifest copy in § 6.23(e). The reviewing officer must take appropriate action if a license is found to be applicable for any cargo. The exporting airline will be notified to place under constructive customs custody any transit air cargo shipment subject to special license. The exporting airline must then place any transit air cargo shipment subject to special license in a specially designated area of its cargo terminal until the necessary license is obtained.

(e) When exportation copies are filed, Customs must use them to close out the transit air cargo manifest sheets in the inward manifest of the aircraft on which the transit air cargo arrived at the port.

(f) If all transit air cargo shipments listed on any one transit air cargo manifest sheet are not exported directly on

the same aircraft, an additional exportation and clearance copy must be required for each shipment or group of shipments listed thereon departing on any other aircraft of the exporting airline. In this event, each copy of the transit air cargo manifest sheet must be clearly marked to show which shipment or shipments listed thereon are covered thereby.

(g) Separate export entries on customs Form 7512 in accordance with § 18.25 of this chapter must be required for all shipments listed on any one transit air cargo manifest sheet if not all such shipments are exported from the same port by the same aircraft. When separate export entries are required, the copy of the transit air cargo manifest sheet in the inward manifest of the importing aircraft must be posted as in the case of the carrier manifest for cargo destined to a port of destination in the United States (see § 6.22(b)).

(c) A regular entry shall be made for all foreign-grown coffee shipped to Puerto Rico from the United States, but special customs invoices shall not be required for such shipments.

§ 7.3 Insular possessions of the United States other than Puerto Rico.

(a) When articles coming directly into the United States from an insular possession, other than Puerto Rico, in a shipment valued over \$25 are sought to be admitted free of duty under the provisions of General Headnote 3(a), Tariff Schedules of the United States, "relat-

(c) When merchandise, excluding any shipments valued at \$25 or less, arrives unaccompanied by a certificate of origin or a declaration of the shipper, or when any other document necessary to complete entry is lacking, a bond for the production thereof may be taken on customs Form 7551, 7553, or other appropriate form, except that a bond for production of a bill of lading shall be taken on customs Form 7581.

(d) In determining whether an article produced or manufactured in any insular possession contains foreign materials to the value of more than 50 per centum, a comparison shall be made between the actual purchase price of the foreign materials (excluding any material which at the time such article is entered, or withdrawn from warehouse, for consumption in the United States, may be imported into the United States from a foreign country, other than Cuba or the Philippine Republic, free of duty), plus the cost of transportation to such insular possession (but excluding duties and taxes, if any, assessed by the insular possession and any charges which may accrue after landing), and the final appraised value in the United States determined in accordance with section 402, Tariff Act of 1930, as amended, of the article brought into the United States.

(e) A special customs invoice shall be required in connection with each shipment of dutiable merchandise valued over \$500 unless the shipment would have been exempt from the requirement of a special customs invoice under § 8.15 of this chapter if it had been imported from a foreign country, or when the shipment is covered by a certificate of origin provided for in paragraph (a) of this section.

(f) Merchandise may be withdrawn from bonded warehouse under section 557, Tariff Act of 1930, as amended, for shipment to the Virgin Islands, American Samoa, Wake Island, Midway Islands, Kingman Reef, Johnston Island, or the Island of Guam, without payment of duty, or with refund of duty if the duties have been paid thereon, in like manner as for exportation to foreign countries. (b) When articles coming directly into the United States from an insular possession, other than Puerto Rico, in a shipment valued over \$25 are sought to be admitted free of duty under the provisions of General Headnote 3(a), Tariff Schedules of the United States relating to certain articles returned to the United States, there shall be filed in connection with the entry the following evidence:

(1) A certificate, customs Form 4467, of the collector of customs at the port from which the merchandise was shipped from the United States, except that no such certificate shall be required if the collector is satisfied by reason of the nature of the articles or otherwise that no drawback of duties or refund or remission of taxes was allowed on the merchandise by reason of such shipment. This certificate shall be issued on application of the importer, or of the collector at the importer's request, and shall be mailed by the issuing officer directly to the port at which it is to be used. If the merchandise was shipped from the port at which entry is made and the fact of shipment appears on the records of the customhouse, the fact of return shall be noted on such record but the filing of the certificate on Form 4467 shall not be required.

customs territory of the United States, or of both, which do not contain foreign materials to the value of more than 50 percent of their total value, coming to the customs territory of the United States directly from any such possession, and all articles previously imported into the customs territory of the United States with payment of all applicable duties and taxes imposed upon or by reason of importation which were shipped from the United States, without remission, refund, or drawback of such duties or taxes, directly to the possession from which they are being returned by direct shipment, are exempt from duty.

"(1) In determining whether an article produced or manufactured in any such insular possession contains foreign materials to the value of more than 50 percent, no material shall be considered foreign which, at the time such article is entered, may be imported into the customs territory from a foreign country, other than Cuba or the Philippine Republic, and entered free of duty." (General Headnote 3(a), Tariff Schedules of the United States.)

Kingman Reef, Johnston Island, Midway Islands, Wake Island, and American Samoa are American territory, but not within the customs territory of the United States. Imports into those islands are not governed by the Tariff Act of 1930 or these customs regulations. The customs administration of Wake Island is under the jurisdiction of the Department of Commerce (Civil Aeronautics Administration). The customs administration of Midway Islands is under the jurisdiction of the Department of the Navy. The customs administration of Guam is under the Government of Guam. A certificate signed by the Commander at the Johnston Island Air Force Base, or his assistant, shall be acceptable as proof of origin. Kingman Reef is understood to be uninhabited.

**LIABILITY FOR DUTIES**

- 8.8.1 Liability of importer for duties.
  - (a) Unless otherwise specially provided for by law, duties accrue upon imported merchandise upon arrival of the importing vessel within a customs port with intent then and there to unlade, or at the time of arrival within the limits of the United States if the merchandise arrives otherwise than by vessel.

States and brought back on his return to this country (see § 10.17(a) of this chapter);

(b) Professional books, implements, instruments, and tools of trade, occupation, or employment taken aboard by any individual and brought back on his return to this country (see § 10.15 of this chapter);

(c) Automobiles and other vehicles taken abroad for noncommercial use (see § 10.42 of this chapter);

(d) Steel boxes, casks, barrels, carboys, bags, quicksilver flasks or bottles, metal drums, or other substantial outer containers exported from the United States empty and returned as usual containers or coverings of merchandise, or exported filled with products of the United States and returned empty or as the usual containers or coverings of merchandise (see § 10.7 (b), (c), (d), and (e) of this chapter);

(e) Articles exported from the United States for repairs or alterations, which may be returned upon the payment of duty on the value of the repairs or alterations at the rate or rates which would otherwise apply to the articles in their repaired or altered conditions (see § 10.8 of this chapter);

(f) Articles exported for exhibition under certain conditions (see §§ 10.66 and 10.67 of this chapter);

(g) Domestic animals taken abroad for temporary pasturage purposes and returned within 8 months (see § 10.74 of this chapter);

**ENTRY**

§ 8.3 Entry required; exceptions.

(a) Entry, as required by section 484(a), Tariff Act of 1930, as amended.

"Except as provided in sections 490, 498, 552, and 563 and in subdivision (j) of section 336 of this Act, and in subdivisions (b) and (l) of this section, the consignee of imported merchandise shall make entry therefor either in person or by an agent authorized by him in writing under such regulations as the Secretary of the Treasury may prescribe. Such entry shall be made at the customs-house within five days, exclusive of Sundays and

numbered but

entry shall be made... in five days, exclusive of Sundays and

New York they may be numbered but shall not be dated. The foregoing provisions shall not be applicable to merchandise which is to be released under the immediate delivery procedure (see § 8.59), merchandise subject to a quantitative or tariff-rate quota, merchandise which is to be entered at a customs station, or any merchandise to be covered by an informal entry.

(b) Except as provided for herein after in this paragraph, no entry or withdrawal form shall be presented to a customs entry officer at any time when the customhouse is not open for the general transaction of business. With respect to merchandise for which the rate of duty changes each year on fixed dates, when the last day upon which such merchandise may be entered at a lower rate of duty falls on a Saturday, Sunday, or legal holiday, an entry or withdrawal for consumption may be accepted on such day provided the entry or withdrawal is tendered at a time when overtime services of the customs officers concerned are reimbursable and the person desiring to make the entry or withdrawal has applied for overtime services in accordance with § 24.16 of this chapter. When the last day upon which the merchandise may be entered or withdrawn at the lower rate of duty falls on a day when customs offices are open for the general transaction of business, an entry or withdrawal for consumption on such day may be accepted and processed after 5 p. m., provided the person desiring to make the entry or withdrawal has applied for overtime services in accordance with § 24.16 of this chapter.

(c) Except in the case of merchandise subject to a quantitative or tariff-rate quota, collectors are authorized to accept an entry for consumption or for warehousing for the entire quantity of merchandise covered by an entry for immediate transportation after the arrival of any part of such quantity at the port of destination or such other place as may be authorized in accordance with § 18.11 (c) of this chapter.

... in the case of articles not subject to a quantitative or tariff-rate quota, entry for the entire quantity covered by an entry for immediate transportation made under section 553 of this act may be accepted at the port of entry designated by the con-

§ 8.3(d) (4). For example, an article ordinarily subject to an ad valorem rate of duty but sent as a gift, if valued at \$11, would be subject to a duty based upon its full value rather than a value of \$1.

(7) The exemption referred to in section 321(a) (2) (C) is not to be allowed in the case of any merchandise of a class or kind provided for in any absolute or tariff-rate quota, whether the quota is open or closed. In the case of merchandise of a class or kind provided for in a tariff-rate quota, the merchandise is subject to the rate of duty in effect on the date of entry.

(Secs. 484(a), 498, 505, 46 Stat. 722, as amended, 728, as amended, 732, sec. 7, 52 Stat. 1081, as amended; 19 U.S.C. 1321, 1484(a), 1498, 1505)

§ 8.4 Preliminary examination of entry papers; making entry or withdrawal; applicable rate of duty; date of importation.

(a) Formal entry papers may be presented at the customhouse for preliminary examination within such period of time prior to the arrival of the merchandise within the limits of the port where the merchandise is to be entered as may be fixed by the collector of customs. The entry papers shall not be considered to be "deposited" or "accepted", nor shall the merchandise covered thereby be considered to be entered within the meaning of the law or regulations applicable to the entry of the merchandise, until after the arrival of the merchandise within the limits of the port of entry and the subsequent deposit of estimated duties or subsequent official determination that no deposit is required. After presentation of such entry papers and before entry of the merchandise, the importer shall not be permitted to pay the duties and taxes, if any are estimated to be due, and shall not be permitted to know about, or to have access to, any paper which would disclose what packages will be designated for examination, but he may recall the entry papers at any time during this period, in which case the collector shall destroy the summary sheet, permit, and any other document on which the designation of examination packages is indicated. Except at the port of New York, such entry papers shall not be numbered or dated prior to entry of the merchandise; at

at the time the merchandise is to be imported, and unpaid." (51 U. S. C. 192)

a foreign country which contains a gift should be clearly marked on the outside to indicate that it contains a gift. Such marking is not conclusive evidence of a gift nor is the absence of such marking conclusive evidence that an article is not a gift. Ordinarily an article not exceeding \$10 in value sent from a person in a foreign country to a person in the United States will be recognizable as a gift from the nature of the article and the obvious facts surrounding the shipment.

(3) A parcel addressed to a person in the United States from a business firm in a foreign country would ordinarily not contain a gift from a donor in the foreign country. When such a parcel in fact contains an article entitled to free entry under section 321 (a) (2) (A), the parcel should be clearly marked to indicate that it contains such a gift and a statement to this effect should be enclosed in the parcel.

(4) Consolidated shipments addressed to one consignee shall be treated for purposes of this section as one importation. The foregoing shall not apply to shipments of bona fide gifts consolidated abroad for shipment to the United States when: (i) The consolidation for shipment to the United States is in a cargo van or similar containerization which is assigned to a common carrier, freight forwarder, freight handler, or other public service agency for distribution of the gift packages; (ii) the separate gifts not exceeding \$10 in value included in the consolidated shipment are before shipment individually wrapped and addressed to the donee in the United States; (iii) each gift package is marked on the outside to indicate that it contains a gift not exceeding \$10 in value; and (iv) each gift package is separately listed in the name of the addressee-donee on a packing list, manifest, bill of lading, or other shipping document.

(5) No alcoholic beverage, perfume containing alcohol (except where the aggregate value of all merchandise contained in the shipment does not exceed \$1), or tobacco product shall be exempted from the payment of duty and tax under this section.

(6) The exemptions provided for in section 321, Tariff Act of 1930, as amended, are not to be allowed in respect of any shipment containing one or more gifts having an aggregate value in excess of \$10, except as indicated in

to entry. Liability of importer and consignee.

shall be made of every importation, whether free or dutiable and regardless of value, unless the importation is specifically exempted by statute or regulations from the requirement that it be entered. (See paragraphs (b) and (c) of this section, and §§ 8.52, 9.3(b), and 9.6 of this chapter.)

(b) The collector shall pass free of duty and internal-revenue tax, and without the preparation of an entry, any importation having a value not exceeding \$1, unless he has reason to believe that the shipment is one of several lots covered by a single order or contract and that it was sent separately for the express purpose of securing free entry therefor or of avoiding compliance with any pertinent law or regulation. (See § 10.21 (i) of this chapter.)

(c) The collector shall pass free of duty and internal-revenue tax, and without the preparation of an entry, any article sent as a bona fide gift from a person in a foreign country to a person in the United States, provided the aggregate value of such articles received by one person on one day does not exceed \$10. An article is "sent" for purposes of this paragraph if it is conveyed in any manner other than on the person or in the accompanied or unaccompanied baggage of the donor or donee.

The description of the merchandise shall be in terms of the Tariff Schedules of the United States Annotated, or in more specific terms which indicate clearly the tariff classification claimed by the importer.

"Such entry shall be signed by the consignee, or his agent, and shall set forth such facts in regard to the importation as the Secretary of the Treasury may require for the purpose of assessing duties and to secure a proper examination, inspection, appraisement, and liquidation, and shall be accompanied by such invoices, bills of lading, certificates, and documents as are required by law and regulations promulgated thereunder." "The Secretary of the Treasury, the Secretary of Commerce, and the Chairman of the United States Tariff Commission are authorized and directed to establish from time to time for statistical purposes an enumeration of articles in such detail as in their judgment may be necessary, comprehending all merchandise imported into the United States, and as a part of the entry there shall be attached thereto or included therein an accurate statement specifying, in terms of such detailed enumeration, the kinds and quantities of all merchandise imported and the value of the total quantity of each kind of article." For each invoice of merchandise that is unconditionally free of duty and tax, it will be sufficient if the entry data related to such invoice include the entered value, without details of the computation such as are specified for invoices of dutiable, taxable, or conditionally free merchandise.

(c) When required by the collector as a memorandum entry record for purposes of local administration, a copy of customs Form 5101 shall be prepared and presented by the importer with each formal or appraisement entry, except those covering shipments declared to be for more than one actual owner.

Any expense in connection with the preparation of such documents shall be borne by the parties in interest.

(i) Unless a power of attorney specifies that it authorizes the donee to act thereunder in all customs collection districts, the number of each district in which the donee is authorized to act thereunder shall be stated. The donor shall file a power of attorney in a sufficient number of copies for distribution to each district in which the donee is to act. The collector of customs with whom a power of attorney is filed, irrespective of whether his district is named therein, shall approve it if it is in the correct form and the provisions of this section are complied with, and forward any copies intended for other districts to the districts in which the donee is to act.

(a) No merchandise remaining in customs custody after liquidation of the entry shall be released until the full amount of liquidated duties has been paid. (b) Merchandise consigned to anyone without his authority and refused by him shall be treated as unclaimed.

**§ 8.25 Liens for freight, charges, or contribution in general average.**

(a) A notice filed with the collector pursuant to section 564, Tariff Act of 1930,<sup>2</sup> of lien for freight, charges, or contribution in general average<sup>3</sup> shall be on customs Form 3485, signed by the authorized agent of the carrier and certified by him.

(b) When the cargo of a vessel is subject to contribution in general average, a preliminary notice thereof may be filed with the collector and individual notices of lien filed thereafter. Upon receipt of a preliminary notice, the collector shall withhold release of any merchandise imported in the vessel for 2 days (exclusive of Sunday and holidays) after such mer-

<sup>2</sup> "Whenever a collector of customs shall be notified in writing of the existence of a lien for freight, charges, or contribution in general average upon any imported merchandise sent to the appraiser's store for examination, entered for warehousing or taken possession of by him, he shall refuse to permit delivery thereof from public store or bonded warehouse until proof shall be produced that the said lien has been satisfied or discharged. The rights of the United States shall not be prejudiced or affected by the filing of such lien, nor shall the United States or its officers be liable for losses or damages consequent upon such refusal to permit delivery. If merchandise, regarding which such notice of lien has been filed, shall be forfeited or abandoned and sold, the freight, charges, or contribution in general average due thereon shall be paid from the proceeds of such sale in the same manner as other lawful charges and expenses are paid therefrom." (Tariff Act of 1930, sec. 564; 19 U. S. C. 1564)

<sup>3</sup> The term "freight" means the carrier's charge for the transportation of the goods from the place of shipment in the foreign country to final destination in the United States. The term "charges" means the charges due to or assumed by the claimant of the lien which are incident to the shipment and forwarding of the goods to destination in the United States, but does not include the purchase price, whether advanced or to be collected, nor other claims not connected with the transportation of the goods. (d) No notice of lien against goods shall be accepted by the collector after their forfeiture under any provision of law; nor after they are sold pursuant to section 491 or 559, Tariff Act of 1930, as amended; nor after customs release; nor, in the case of goods abandoned to the Government under section 506 (1) or 563 (b), Tariff Act of 1930, as amended, after the receipt and acceptance of the notice of abandonment. Any notice of lien received thereafter shall be returned with a statement thereon as to the reason for rejection. The acceptance of any notice of lien shall not in any manner affect the order of disposition and accounting for the proceeds of sales of forfeited and abandoned property provided for in §§ 15.6, 20.6, and 23.20 of this chapter.

(e) The collector shall not adjudicate any dispute respecting the validity of any lien, but when the amount of such lien depends upon the quantity or weight of merchandise actually landed, the collector shall hold the lien satisfied upon the payment of an amount computed upon the basis of the report made by the United States appraiser, weigher, or gauger.

(f) When any doubt exists as to the validity of a lien filed with the collector, he may exact a bond of indemnity to save him harmless from any personal liability which may result from withholding the release of the goods.

(g) Proof that the lien has been satisfied or discharged shall consist of a written release or receipt signed by the claimant and filed with the collector, showing payment of the claim in full. (Sec. 564, 46 Stat. 747; 19 U.S.C. 1564)

**§ 8.26 Recall of merchandise released from customs custody; requests of appraiser for additional packages or quantities.**

(a) If at any time after entry the collector determines, either from the appraiser's report or otherwise, that any merchandise contained in an importa-

The demand for the return of the merchandise shall be by letter, or on customs Form 3483, customs Form 4647, or other appropriate form.

(b) If the appraiser desires additional packages or quantities of merchandise for the purpose of examination, inspection, or appraisement, he shall notify the importer on customs Form 3483 to deliver them to the appraiser's stores or other place designated by him. If the request of the appraiser is not promptly complied with, he shall request the collector to make a demand under the appropriate bond for the return of the merchandise to customs custody.

(c) At any time before the appraiser's report of appraisement the collector may demand the return to customs custody of such additional packages or quantities of merchandise as the appraiser may desire, pursuant to section 499, Tariff Act of 1930, as amended, and paragraph (b) of this section, for the purpose of examination, inspection, or appraisement. The demand shall be by letter or on customs Form 3483 or other appropriate form. The collector may also demand the return to customs custody of any merchandise for the purpose of requiring it to be marked or labeled pursuant to the provisions of schedule 7, part 2E, headnote 4(c), Tariff Schedules of the United States, section 304, Tariff Act of 1930, as amended, the Fur Products Labeling Act of 1939, the Fur Products Labeling Act, or the Textile Fiber Products Identification Act. The demand for the purpose shall be on customs Form 4647, not later than 20 days after the appraiser's report of appraisement.

(d) The demand for redelivery to customs custody for any purpose specified in this section shall be made on the actual owner, and not on the nominal consignee, if the latter has filed a superseding bond of the actual owner on customs Form 7601 before the date of a proper demand hereunder for redelivery for the purpose specified.

(e) The demand or notification shall be prepared in duplicate and the retained copy, with the date of mailing or

delivery noted thereon, shall be made part of the entry record. (Secs. 499, 505, 623, 46 Stat. 728, as amended, 732, 759, as amended; 19 U.S.C. 1499, 1505, 1623)

The dutiable entries shall be made in triplicate; the free entries shall be made in duplicate. An additional legible copy of the entry, marked or stamped "For Internal Revenue Purposes," shall be presented for each entry covering tobacco materials, tobacco products, cigarette papers and tubes when the entry of those articles is subject to Part 275 of the regulations of the Internal Revenue Service (26 CFR Part 275) and tax is payable to customs upon release of such articles or if tobacco materials are to be released in accordance with § 11.2(a) of this chapter.

(b) Merchandise designated for examination may be released after examination has been completed if it has been found to be truly and correctly invoiced, is entitled to admission into the commerce of the United States, and its release is not precluded by any law or regulation. The collector may designate an appraising officer to effect the release of examined packages. See § 8.28(b).

(c) If the examiner believes that the entered rate or value of any merchandise is too low, or if he finds that the quantity imported exceeds the entered quantity, and the estimated aggregate of the increase in duties in the shipment exceeds \$15, he shall promptly notify the importer of record on every shipment on customs Form 5555, specifying the nature of the difference on the notice. (b) The importer shall designate upon the entry the bonded warehouse in which he desires his merchandise deposited and the bonded cartman or lighterman by whom he wishes the goods transferred.

(d) The procedure to be followed in connection with the preparation and filing of the entry, making notations on invoices, the preparation of customs Form 6417, the designation of examination packages, and the appraisement of the merchandise shall be the same as that

Any merchandise subject to duty, with the exception of perishable articles and explosive substances other than firecrackers, may be entered for warehousing and be deposited in a bonded warehouse at the expense and risk of the owner, importer, or consignee. (e) A warehouse entry may be substituted for a consumption entry covering merchandise which has remained in continuous customs custody. In such a case, the superseded consumption entry shall be liquidated for refund of any estimated duties deposited without awaiting liquidation of the warehouse entry. All copies of the warehouse entry shall bear the following notation:

This entry is in substitution of consumption entry No. -----, dated -----, 19-----.

(f) Conditionally free merchandise, the right of which to free entry has not been established because of the absence of required documents or other cause, may be entered for warehouse and be withdrawn under the appropriate provision of law within the 3-year warehousing period.

(b) Upon the transfer of the right to withdraw goods from a bonded warehouse, as provided for in section 557 (b), Tariff Act of 1930, as amended (see § 8.39), the transferor and his sureties shall be relieved from all undischarged liability for the payment of duties, taxes imposed upon or by reason of importation, charges, and exaction with respect to the merchandise the subject of the transfer, but shall remain bound by all other obligations of the bond filed by the transferor which are not assumed in the bond filed by the transferee.

(c) There shall be no abatement or allowance of duties on account of damage, loss, or deterioration of the merchandise while in warehouse, except as provided for by statute.

(Sec. 557, 46 Stat. 744, as amended; 19 U. S. C. 1557.)

**ENTRY FOR REWAREHOUSE**

**§ 8.33 Procedure.**

(a) After arrival of the merchandise and receipt of the mail copy of the warehouse withdrawal for transportation, customs Form 7512, at the port of destination, the merchandise may be entered for rewarehouse by the consignee named in the withdrawal. The entry shall be on customs Form 7502 and shall be filed in duplicate. The collector may require an extra copy or copies of customs Form 7502-A (Warehouse or Rewarehouse Permit) to be furnished for use in connection with the delivery of the merchandise to the bonded warehouse designated on the entry. Separate shipments consigned to the same consignee and received under separate withdrawals for transportation shall not be combined in one rewarehouse entry unless the warehouse withdrawals are from the same original warehouse entry. If the merchandise is not entered before the expiration of 5 days after its arrival, it shall be sent to the general-order warehouse but shall not be sold or otherwise disposed of as unclaimed until the expiration of the original warehouse entry bond period.

(b) No declaration is required on entry. Any examination necessary for identification of the merchandise, determination of shortages, or other purposes shall be made.

(c) When a bond on customs Form 7555 or other appropriate form shall have been given, a permit may be issued on customs Form 7502-A for sending the merchandise to the bonded warehouse designated on the entry. No entry bond shall be required if the merchandise is entered by the consignee named in the original warehouse entry bond filed at the port of entry or if it is entered by a transferee whose right to withdraw the merchandise has been established in accordance with § 8.39. (Sec. 557, 46 Stat. 744, as amended; 19 U. S. C. 1557.)

**§ 8.34 Value and classification; protest.**

(b) A protest may be filed at the port of destination against a liquidation made at that port under § 16.10 (h) of this chapter or against the refusal of the collector at that port to liquidate pursuant to § 16.10 (h) of this chapter.

(Secs. 514, 557, 46 Stat. 734, 744, as amended; 19 U.S.C. 1514, 1557)

**COMBINED ENTRY FOR REWAREHOUSE AND WITHDRAWAL FOR CONSUMPTION**

**§ 8.35 Form; procedure.**

(a) If the consignee of merchandise withdrawn from warehouse for transportation desires to pay duty and obtain possession of the goods immediately on arrival at destination, a combined entry for rewarehouse and withdrawal for consumption shall be made on customs Form 7519 in quadruplicate, one copy to be used as the permit. An additional legible copy of Form 7519, marked or stamped "For Internal Revenue Purposes," shall be presented for each entry covering tobacco materials, tobacco products, cigarette papers and tubes when the release from customs custody under such combined entry and withdrawal is subject to Part 275 of the regulations of the Internal Revenue Service (26 CFR Part 275) and

tax is payable to customs or if tobacco materials are to be released in accordance with § 11.2a(a) of this chapter.

(b) In such a case no rewarehouse entry bond shall be required if the merchandise is entered by the consignee named in the original warehouse entry bond filed at the port of original entry for warehousing, or by a transferee whose right to withdraw the merchandise has been established in accordance with § 8.39. Upon payment of the duties and any taxes in the amounts certified on the withdrawal for transportation to be payable, the collector shall issue a permit for release on customs Form 7519.

(c) No declaration is required on the combined entry. Any examination necessary for identification of the merchandise, determination of shortages, or other purposes shall be made.

**EXPORTATION UNDER WAREHOUSE WITHDRAWAL FOR TRANSPORTATION**

**§ 8.36 Procedure.**

A consignee of merchandise withdrawn from warehouse for transportation who desires to export the shipment on arrival at destination shall so advise the collector at destination in writing. The collector shall thereupon make a proper notation on the entry and manifest and permit the exportation of the merchandise under customs supervision. The subsequent procedure shall be the same as that prescribed for warehouse or rewarehouse withdrawals for transportation and exportation.

(Sec. 557, 46 Stat. 744, as amended; 19 U. S. C. 1557)

No new declaration of the consignee or agent is required but if a nominal consignee has produced a valid owner's declaration in accordance with section 485(d), Tariff Act of 1930, the withdrawal shall be made only by the owner of the merchandise. The withdrawal shall show the number of the bond, the marks and numbers of the packages withdrawn, the carrier and date of importation, the description, quantity, rates of duty, separate value of each package, and total dutiable value of the merchandise, and shall be signed by the person making the withdrawal, except that in the case of merchandise in packages which are uniform in kind, quantity, value, and duty the number of each package to be withdrawn need not be shown on the withdrawal if the lowest and highest numbers in the number series of such packages are shown. In the case of stainless steel table flatware or articles manufactured from cotton, the description shall reflect any correction thereof reported after the filing of the warehouse entry. Additionally, on each withdrawal for consumption of tobacco materials, tobacco products, or cigarette papers and tubes subject to internal-revenue tax, the statement for tax purposes required by 26 CFR 275.81 as to any such article shall be made on the withdrawal form.

(b) Each withdrawal filed shall have indicated thereon, preferably in the top margin toward the right-hand corner, a summary statement of the account to which it is related. The statement shall indicate (1) the quantity (i. e., number of outer containers, or tons, etc.) in the warehouse account before the withdrawal, (2) the amount included on the particular withdrawal, and (3) the quantity remaining in warehouse after the withdrawal. The quantity in each instance aforementioned, although it may include a group of varied units, such

(b) If exported by other than the original importer, the same authority shall be required as in case of withdrawal for consumption. The exportation shall be made under the original marks of importation. Port marks may be added by authority of the collector and under the supervision of a customs officer. The original and the port marks shall appear in all customs papers pertaining to the exportation.

(c) Goods withdrawn for exportation but not laden shall be sent to general order unless other disposition is directed by the collector.

(d) Withdrawals for transportation and exportation may be converted to withdrawals for consumption upon request to the collector of customs at the port of origin.

(Sec. 557, 46 Stat. 744, as amended; 19 U. S. C. 1557)

**§ 8.43 Weight, gauge, or measure.**

(a) Merchandise in bulk and packaged articles which are customarily bought and sold by weight, gauge, or measure may be withdrawn for exportation or transportation only at the actual quantities ascertained at the time of original entry for warehouse, except as otherwise provided for by law.

(b) In any case the collector may require a special report of weight, gauge, or measure of the merchandise being exported if he deems it necessary.

(Secs. 557, 562, 46 Stat. 744, as amended, 745, as amended; 19 U.S.C. 1557, 1562)

**§ 8.45 Parcel-post packages.**

(Tariff Act of 1930, sec. 557(a), as amended; 19 U.S.C. 1557(a))

**ORES; CRUDE COPPER-BEARING MATERIALS; CRUDE METALS**

**§ 8.46 Entry and sampling of ores and crude metals not for smelting in bond.**

(a) When ores or crude metals are entered for consumption or warehousing at the port of first arrival, they shall be sampled for assay and moisture purposes in accordance with commercial methods under the supervision of customs officers, as provided for in § 8.48. They shall be transported under bond to the place of sampling if proper sampling facilities are not available at the port of entry.

(b) The sampling and weighing of ores or crude metals at any place other than the port of entry shall be at the expense of the parties in interest.

**§ 8.48 Sampling and assaying.**

(a) In the calculation of the dutiable quantity of imported metal-bearing ores and other metal-bearing materials, the sample used for the moisture test shall be representative of the importation at the time the importation is weighed for customs purposes. The percentage of moisture shall be determined in accordance with commercial methods by the customs chemist or, if the merchandise is in a bonded smelting or refining warehouse, by the customs chemist or customs warehouse officer. The commercial settlement test for moisture may be used as the basis for duty assessment in appropriate cases. See paragraph (f) of this section.

(b) Representative commercial assay samples taken under customs supervision shall be selected by the customs officer for assay by the customs laboratory. When a shipment is made up of a number of lots a composite sample of the shipment shall be drawn for assay, provided composite sampling is feasible and assays of the individual lots are not required for tariff classification or other customs purpose. The composite sample shall consist of proportional parts by weight of the prepared sample drawn from the various lots represented and shall be thoroughly mixed.

(c) Where the procedure outlined in paragraphs (a) and (b) of this section cannot be followed, the importer shall be required to furnish a verified commercial moisture sample and prepared assay sample certified to be representative of

the importation at the time the importation was weighed for customs purposes. The samples shall be in appropriate containers, properly labeled, and shall be accompanied by a statement including entry number, lots represented, kind of ore, date and place where sampling occurred, and the name and address of the sampling concern. The samples shall be forwarded promptly to the customs laboratory for analysis.

(d) Where no commercial samples have been taken, the customs officer shall take and send to the customs laboratory representative samples from different parts of the importation.

(e) A suitable place or container shall be provided for the safekeeping of all customs samples under Government lock or seal.

(f) Customs officers may secure from the importer a certified copy of the commercial settlement test for moisture. This result shall be transmitted with the customs laboratory sample to the customs laboratory where it shall be compared with the result shown by the customs moisture test. If the two results are not in substantial agreement, the chief chemist of the customs laboratory shall review his test. The import entries shall be liquidated on the basis of the result shown by the customs moisture test, except that the settlement moisture test shall be the basis of duty assessment if, in the opinion of the chief chemist, the settlement and customs tests differ with respect to the percentage of moisture contained in the importation at the time of weighing by no more than is to be expected between qualified laboratories and provided further that the use of such commercial moisture test will not require a different tariff classification or rate of duty than is indicated by the customs test.

(g) Customs officers may secure from the importer a certified copy of the commercial settlement assay results which shall be transmitted with the commercial sample to the customs laboratory, where it shall be compared with the results shown by the customs assay. If the two results are not in substantial agreement, the chief chemist of the customs laboratory shall review his assay. The import entries shall be liquidated on the basis of the results shown by the customs assay, except that the settlement assay shall be the basis of duty assessment if, in the opinion of the chief chemist, the

settlement and customs assays differ with respect to the percentage of dutiable metal content by no more than is to be expected between qualified laboratories and provided further that the use of such commercial assay will not require a different tariff classification or rate of duty than is indicated by the customs assay.

(h) When absolute deductions for losses on the copper, lead, or zinc content of the metal-bearing ores and other metal-bearing materials are to be claimed, the collector, in the liquidation of the entry, shall make the deductions authorized in headnote 4, part 1, schedule 6, Tariff Schedules of the United States, according to the type of plant where the materials are to be initially treated, provided the importer, at the time the entry for consumption or warehouse is filed, makes claim therefor in writing and certifies as to the name, location and status of the plant at which the materials are to be initially treated. No claim for losses not so filed shall be allowed. The type of plant where the material is to be initially treated may be certified on the entry.

(Sec. 312, 46 Stat. 694, as amended, sec. 101, 76 Stat. 72; 19 U.S.C. 1312; Sch. 6, pt. 1, headnote 4, Tariff Schedules of the United States)

**ENTRY FOR EXPORTATION, ENTRY BY APPRAISEMENT, INFORMAL ENTRIES, AND PACKED PACKAGES**

**§ 8.49 Entry for exportation; exportation of rejected merchandise.**

(a) Merchandise in customs custody for which entry has not been completed and merchandise which has remained in continuous customs custody and is covered by an unliquidated consumption entry may be exported under the procedure outlined in §§ 18.25-18.27 of this chapter with refund of any estimated duties paid.

(b) If merchandise has been regularly entered or withdrawn for consumption in good faith and is thereafter found to be prohibited entry under any law of the United States, it may be exported under customs supervision in accordance with §§ 18.25 and 18.26 of this chapter with refund of any duties that have been paid." (See § 15.5 of this chapter.)

When all or a portion of an original lot is transferred to a new owner, withdrawals by the transferee shall show only the quantity transferred, the quantity withdrawn by the transferee, and the warehouse. In such case, the quantity retained by the original importer and the quantity transferred shall be treated as separate accounts. (See § 8.39.) (Sec. 557, 46 Stat. 744, as amended; 19 U. S. C. 1557)

**§ 8.38 Withdrawal; when completed.**

When the duties and other charges have been paid, a permit on customs Form 7505-A shall be issued and delivered to the person making the warehouse withdrawal. When the permit is presented to the customs warehouse officer, he shall release the merchandise to or upon the order of the proprietor of the warehouse in accordance with § 19.6 of this chapter, unless the person making the withdrawal requests, by endorsement on the permit, that release be withheld subject to the provisions of § 20.3(c) of this chapter until he shall have presented to the customs warehouse officer an order to release on customs Form 7505-B. If partial release is desired, the order may cover only part of the merchandise specified in the permit, but not less than an entire package, or, if in bulk, 1 ton in weight. Proprietors may be permitted to make copies of permits and orders to release. (Sec. 557, 46 Stat. 744, as amended; 19 U. S. C. 1557)

**§ 8.39 Withdrawal by transferee.**

(a) Except as provided for in paragraph (c) of this section or in § 10.60(b) or 18.16(a) of this chapter, a transfer of the right to withdraw merchandise entered for warehousing shall be established

as "(b) The right to withdraw any merchandise entered in accordance with subsection (a) of this section for the purposes specified in such subsection may be transferred upon compliance with regulations prescribed by the Secretary of the Treasury and upon the filing by the transferee of a bond in such amount and containing such conditions as the Secretary of the Treasury shall prescribe. The bond shall include an obligation to pay, with respect to the merchan-

lished by an endorsement made in the space provided therefor on customs Form 7505, authorizing the withdrawal by a designated transferee, and the deposit of the subject of the transfer, all unpaid regular, increased, and additional duties, all unpaid taxes imposed upon or by reason of importation, and all unpaid charges and exactions. Such transfers shall be irrevocable, shall relieve the transferor from all customs liability with respect to obligations assumed by the transferee under the bond herein provided for, and shall confer upon the transferee all rights to the privileges provided for in this section and in sections 562 and 563 of this Act which were vested in the transferor prior to the transfer. The transferee shall also have the right to receive all lawful refunds of moneys paid by him to the United States with respect to the merchandise the subject of the transfer, but shall have no right to file any protest under section 514 of this Act except as to decisions with respect to his rights under subsection (c) of this section or under section 562 or 563 of this Act or against a decision as to the rate or amount of duty, tax, charge, or exaction when such rate or amount has been changed by statute or proclamation on or after the date of the transfer. The transferee shall have no right to file an appeal for reappraisal under section 501 of this Act, except when subsequent to the transfer and before a withdrawal for consumption has been deposited for the merchandise, to the provisions of section 562 or 311 of this Act in a manner which necessitates that it be appraised in its changed condition in order that the correct amount of duties may be assessed. No new or separate liquidation, reliquidation, or determination shall be made in the name of, or on behalf of, a transferee, except with regard to any matter which may arise under subsection (c) of this section or section 562 or 563 of this Act when the transferee has invoked either of these sections, and in the case of a statutory or proclaimed change in the rate of duty, tax, charge, or exaction applicable to the merchandise the subject of the transfer and effective on or after the date of the transfer. A transferee may further transfer the right to withdraw merchandise, subject to the provisions of this subsection relating to original transfers." (Tariff Act of 1930, sec. 557 (b), as amended; 19 U. S. C. 1557 (b))

Section 21 (b), Customs Simplification Act of 1953 (67 Stat. 520), provides that the above-quoted provisions of section 557 (b), Tariff Act of 1930, shall be effective with respect to merchandise entered after August 8, 1953, and to merchandise which was entered before that date and is the subject of a transfer within the purview of the amended section 557 (b) and made after August 8, 1953.

the endorsed document, properly executed in all respects, together with a bond of the designated transferee on customs Form 7555 or other appropriate form, with the customs officer designated to receive such document and bond. Such endorsement shall be made by the person primarily liable, immediately before the endorsed document is so deposited, for duties on the merchandise the subject of the transfer, i. e., the person who made the warehouse or rewarehouse entry or a transferee of the withdrawal right of such a person. The transferee's bond shall include an obligation to pay, with respect to the merchandise the subject of the transfer, all unpaid regular, increased, and additional duties, all unpaid taxes imposed upon or by reason of importation, and all unpaid charges and exactions.

(b) The endorsed Form 7505 and transferee's bond may be deposited by either the transferor or the transferee. (c) If the transferor desires to do so, he may endorse Form 7505 to authorize the right to withdraw the merchandise specified thereon but leave the space for the name of the transferee blank. A holder of a Form 7505 so endorsed and otherwise fully executed may insert his own name in the blank space in the endorsement, deposit such form with his transferee's bond in the customhouse, and thereby establish his right to withdraw the merchandise.

(d) At any time within the warehousing period after compliance with paragraph (a) or (c) of this section, or concurrently with such compliance, a transferee may withdraw all or any part of the merchandise covered by the transfer by filing any authorized kind of withdrawal from warehouse in proper form and otherwise complying with the law and regulations pertinent to the kind of withdrawal filed. Each withdrawal shall contain a summary statement thereon indicating the quantity on hand in the transferee's name before the withdrawal, the amount withdrawn on the particular withdrawal, and the quantity remaining in the warehouse to the credit of the transferee, if any. (See § 8.37.) (e) The right of a transferee to withdraw the merchandise may not be revoked by the transferor, but may be retransferred by the transferee. (Sec. 557, 46 Stat. 744, as amended; 19 U. S. C. 1557)

**§ 8.40 Withdrawals before and after liquidation.**

(a) Merchandise may be withdrawn from warehouse before liquidation of the warehouse entry upon payment of the estimated duties, and after liquidation upon payment of the liquidated duties. (b) If there is a difference of \$3 or more between the total estimated duties deposited and the total liquidated duties accruing on merchandise withdrawn for consumption before the liquidation or reliquidation of the warehouse entry, a notice shall be issued promptly on customs Form 5107 or customs Form 5269, as the case may be, and such difference shall be collected or refunded.

(c) In the computation of duty on a warehouse withdrawal, ad valorem rates shall be applied to the value in even dollars, fractional parts of a dollar less than 50 cents being disregarded and 50 cents or more being considered as \$1. If the rate of duty upon the goods withdrawn is specific and \$1 or less per unit, fractional quantities of less than one-half shall be disregarded, and one-half or more shall be treated as a whole unit. If the specific rate is more than \$1 per unit, duty shall be assessed upon the exact quantity and the fractional part thereof, if any, expressed in the form of a decimal extended to two places. Any necessary adjustment shall be made on the final withdrawal by increasing or decreasing the amount to be collected to bring the aggregate payments into balance with the amount due as indicated by the liquidation of the warehouse or rewarehouse entry.

(Secs. 557, 562, 46 Stat. 744, as amended, 745, as amended; 19 U.S.C. 1557, 1563)

Each request for such approval shall be filed in triplicate with the collector and shall state in detail the reasons for the request for entry by appraisement. (c) An application for an entry by appraisement shall not be approved after the merchandise has been appraised or released from customs custody, nor for damaged merchandise when the damage occurs after importation. (d) The consignee or owner shall in all cases furnish any bills or statements of cost relating to the articles which may be in his possession and a declaration that he has no other information as to the value of the articles and is unable to obtain such information or to determine the value of the articles for the purpose of making formal entry thereof. (e) After submission, if acceptable, the application, together with any bills or statements relating to the cost or value of the merchandise, shall be forwarded to the appraiser, who shall report the result of his appraisement and his advisory classification of the merchandise thereon and return it with its attachments to the collector. LANDING AND DELIVERY OF ARTICLES FOR WHICH IMMEDIATE DELIVERY IS NECESSARY

§ 8.59 Application; entry; procedure.

(a) "Articles, the immediate delivery of which is necessary," for which special permits for delivery are authorized by section 448 (b), Tariff Act of 1930, shall be construed to include, in addition to perishable articles, any other articles in connection with which it is definitely established that delay in securing release would occasion unusual loss or inconvenience to the importer or to the carrier bringing the merchandise to the port. The term "formal entry" in the said

" . . . One or more packages arriving on one vessel or vehicle addressed for delivery to one person and imported in another package containing packages addressed for delivery to other persons may be separately entered, under such rules and regulations as the Secretary of the Treasury may prescribe. . . ." (Tariff Act of 1930, sec. 484 (f), as amended; 19 U. S. C. 1484 (f))

"The Secretary of the Treasury is authorized to provide by regulations for the issuing of special permits for delivery, prior to formal entry thereof, of perishable articles and other articles, the immediate delivery of which is necessary." (Tariff Act of 1930, sec. 448 (b); 19 U. S. C. 1448 (b))

section 448 (b) means the process of making entry and does not specify a kind of entry.

(b) Special permits for the delivery of articles of a class referred to in paragraph (a) of this section prior to entry shall be granted only in cases where the collector of customs shall be satisfied that such delivery can be permitted with safety to the revenue.

(c) Applications for special permits for the delivery of imported articles prior to entry therefor shall be made in duplicate on customs Form 3461 and shall be supported by evidence satisfactory to the collector of the right of the applicant to make entry for the articles with respect to which the application is filed. Designations and orders for examination of merchandise and orders released under immediate delivery permits may be made before the arrival of the merchandise by the collector, the assistant collector, a deputy collector, or a customs officer officially acting as one of the foregoing. Such designations and orders shall be made in the space provided therefor on the special permit, customs Form 3461, when possible, and the designations may be by minimum percentages of packages or quantities which shall be examined, unless the collector shall be of the opinion that the proper protection of the revenue requires packages to be otherwise designated for examination. Information as to particular packages designated for examination, when less than the total number of packages in the shipment, shall not be given or be accessible to anyone, other than the customs officers necessarily concerned prior to the arrival of the merchandise within the limits of the port. If the collector is satisfied that the conditions warrant such action, a special permit may be granted to cover the delivery prior to entry of a class or classes of articles particularly described in the application for such permit and imported during a period not to exceed 1 year. In such case the fact of release of the merchandise, together with such supplemental information as may be necessary to identify the shipment and determine its quantity and value, shall be noted on the manifest and value, shall be the customs officer who releases the merchandise.

(d) No permit for the delivery of imported articles prior to entry being made therefor shall be issued until there has

been filed in connection with the application for such delivery a single entry bond on customs Form 7651, with approved corporate surety; or a term bond on customs Form 7653, with approved corporate surety (see § 25.4 (a) (9) and (10) of this chapter as to amounts of such bonds). When the transaction involves articles of a kind which is subject to a tariff-rate quota and such articles are released at a time when the pertinent quota is filled, the full rate or rates shall be used in computing the estimated duties and taxes for the purpose of determining the amount of the single-entry bond. The term bond may be filed in connection with a single application to cover several importations during a period of not more than 1 year, or in connection with several applications to be filed during a period of not more than 1 year. A general term bond on customs Form 7695 is also applicable to the landing and delivery of articles for which immediate delivery is necessary.

(e) If there is available sufficient information as to the quantities and values of the merchandise for a proper estimation of the duties and any taxes which will be payable, there may be deposited with the application for a special permit all the papers, including an entry bond, in proper form for making entry for consumption in accordance with § 8.4 (d), but no deposit of duties or taxes shall be permitted for the shipment until such time as entry could be made therefor in accordance with § 8.4.

(f) In the case of articles of a class referred to in paragraph (a) of this section, arriving from Canada or Mexico when the customhouse is closed and destined to places other than the port of arrival, the application and the evidence of the right to make entry may be submitted to the chief customs officer on duty and a special permit may be issued for their release, provided the person making application has on file in the customhouse a special term bond as described in paragraph (d) of this section.

(g) Except as otherwise prescribed in this chapter, entry shall be made including deposit of estimated duties and taxes, within 2 days after the day on which the articles are released under a special permit. When the importer or his agent furnishes in writing a satisfactory explanation of his inability to make entry and deposit within 2 days after the day

not be considered in connection with invoice requirements for the balance of the series or otherwise as an installment shipment within the purview of § 8.12.

(b) The estimated duties and taxes, if any, shall be deposited at the time the entry is presented and accepted by a customs officer, whether at the customhouse or elsewhere. If upon examination of the merchandise further duties or taxes are found due, they shall be deposited before release of the goods by customs. When the entry is presented elsewhere than where the merchandise is examined, the permit copy shall be delivered through proper channels to the customs officer who will examine the merchandise.

(c) The collector may, when he deems it necessary for the protection of the revenue, require a formal entry, customs Form 7501, for any such merchandise. Individual shipments for the same consignee, when such shipments are valued at \$250 or less, may be consolidated on customs Form 7501.

(d) No special customs invoice is required but, in the case of merchandise imported pursuant to a purchase or agreement to purchase or intended for sale, the consignee shall produce the commercial invoice covering the transaction or, in the absence thereof, an itemized statement of value.

(e) The collector may, in his discretion, require any merchandise entered in accordance with this section to be regularly examined and appraised.

Upon request, the local collector of customs will advise whether an entry permit is required. Where merchandise to be released on an immediate delivery permit is examined and notations as to value and classification are made on an invoice

If an annual special delivery permit is involved, the invoice, or other document so presented to the examining officer shall also have shown thereon, when possible, the special delivery permit number, to facilitate the identification of the importation with the permit.

**§ 9.1** Customs declarations and invoices.

(a) A customs declaration on the form provided by the foreign mailing office, giving an accurate description and the value of the contents, shall be securely attached to at least one package of each parcel-post shipment. Each commercial shipment by parcel post shall also be accompanied by a commercial invoice. In case the shipment consists of more than one package, the invoice shall be placed in the package to which the postal form of customs declaration is attached, and such package shall be marked "Invoice enclosed." **§ 9.2** Treatment of mail importations at offices of first receipt and at offices of examination.

(b) All parcels, including those subject to formal entry, for delivery at points outside the distribution districts of the four exchange post offices named in paragraph (a) of this section, and received at such offices, shall be left in the custody of the postmaster, without customs examination, for redispach to other distributing post offices in accordance with the special distribution scheme. Upon receipt at the distributing post offices, the dispatches shall be opened in the presence of customs officers and the mail given customs treatment.

**§ 9.3** Mail entries.

(a) In the case of importation in the mails not exceeding \$250 in value, customs officers shall prepare and attach the proper entry form and return the shipment to the postal authorities for delivery and collection of duty.

(b) Dutiable packages addressed to persons on commercial vessels in harbor bound for a foreign port are subject to duty unless re-mailed to a foreign destination or otherwise exported under customs supervision. (T. D. 38287 (9))

Copies of the special distribution scheme will be furnished to collectors of customs and will be available for inspection by the public at the collectors' offices.

(b) No mail or other entry shall be issued for any shipment in the mails which is: (1) Unconditionally free of duty and does not exceed \$250 in value; or (2) accompanied by a properly completed customs Form 3351. Release for Unaccompanied Tourist Shipment. In the case of articles which are unquestionably the growth, produce, or manufacture of the United States, and which have not been advanced in value or improved in condition, if the collector is satisfied from the character thereof or otherwise that they are free of duty under item 800.00, Tariff Schedules of the United States, and if the total value of the articles of American origin contained in the shipment does not exceed \$250, no mail or other entry shall be issued and no declaration of the owner, importer, or agent on customs Form 3311 shall be required.

(c) Books or other articles imported in the mails by a society, institution, school, or library and classifiable under item 850.10 or item 851.10 Tariff Schedules of the United States may be cleared through customs under an informal mail entry, regardless of value.

(d) The rate or rates of duty applicable to any article released under an informal mail entry (customs Form 3419, or 5119) shall be the rate or rates in effect when the preparation of such entry is completed by a customs employee for transmittal with the article to the addressee.

**§ 9.4** Formal entry of mail importations.

Formal entry at the customhouse shall be required for every importation in the mails which exceeds \$250 in value, except as provided for in § 9.3 (c) or § 10.20(b) (4) of this chapter. When a mail shipment is examined and found to be subject to formal entry, the addressee or consignee shall be notified on customs Form 3509 of the arrival of the shipment and of the port at which entry is to be made. When a shipment is addressed to a point which is not a customs port or station, the port of entry specified in the notice shall be the port nearest the office of destination of the shipment. Single shipments not exceeding \$250 in value, if mailed abroad at different times (as shown by the declaration or other mailing indicia), shall not be combined for the purpose of requiring formal customs entry, even though they reach customs at the same or approximately the same time, unless there was a splitting of shipments in order to avoid the payment of the lawful customs duty. The collector may require formal entry of mail shipments regardless of value, if in his opinion such entry is necessary to protect the revenue.

(Sec. 464, 46 Stat. 722, as amended; 19 U.S.C. 1484)

**§ 9.5** Sealed mail parcels to bear label or endorsement.

(a) The importation of merchandise in sealed parcels (other than parcel post) shall be permitted if the sealed letter or other sealed parcel bears on the address side thereof the label, Form C-1, provided for by the Universal Postal Convention or the endorsement "May be opened for customs purposes before delivery to the addressee," or words of similar purport definitely waiving the privacy of the seal and indicating that the parcel may be opened by customs officers without recourse to the addressee.

(b) When a sealed envelope or other parcel (other than parcel post) believed to contain merchandise is not endorsed or labeled as required, the postmaster

will detain it in his custody and request the addressee to furnish written authority for a customs officer to open the parcel in the presence of a representative of the postmaster. If the addressee does not furnish such written authority within 30 days after the date of notice by the postmaster or within such further time as may be allowed, the parcel will be treated as undeliverable mail matter. If the parcel, upon being opened under proper written authority, is found to contain merchandise free of internal-revenue tax and free of duty either because unconditionally free or because the aggregate value of the shipment is not more than \$1 and the expense and inconvenience of collecting the duty accruing thereon would be disproportionate to the amount of such duty, the parcel may be delivered to the addressee without the collection of any fine on account of the article not having been endorsed or labeled in accordance with paragraph (a) of this section.

(c) Except as provided for in paragraph (b) of this section, if a sealed letter or other parcel not endorsed or labeled as required by paragraph (a) of this section is found to contain merchandise subject to duty (including conditionally free merchandise) or subject to internal-revenue tax, the merchandise is subject to seizure and forfeiture as having been imported contrary to law. Under the authority contained in section 618, Tariff Act of 1930, any forfeiture so incurred is hereby mitigated to an amount equal to 10 percent of the loss of revenue which was or might have been sustained, provided there is no evidence indicating to the collector that failure to label or endorse the parcel was due to willful negligence or to an intent to defraud the revenue. If there is any such evidence, or if for any other reason the collector believes that it would not be in the interest of the United States to grant this relief, the matter shall be reported to the Bureau of Customs for instructions. When the shipment does not exceed \$250 in value, customs Form 3419 or 5119 shall be used for the entry of the merchandise and the duty, any internal-revenue tax, and the amount of the mitigated forfeiture shall be entered as separate items thereon. If a parcel for which a mail fine entry has been issued in accordance with the foregoing provision is un-

deliverable, it will be returned to the collector of customs at the port where the mail entry was issued, for disposition in accordance with § 9.12 (d) relating to articles subject to seizure. The addressee or sender may file a petition with the collector of customs at the port where the mail fine entry was issued for relief from the forfeiture incurred and for the release of the seized merchandise to the addressee or sender.

§ 9.6 Importations not over \$1 in value; gifts.

(a) Customs officers shall pass free of duty and internal-revenue tax, without issuing a mail entry therefor, any parcel containing articles the aggregate value of which is not over \$1, unless they have reason to believe that the parcel is one of several lots covered by a single order or contract and that it was sent separately for the express purpose of securing free entry therefor or of avoiding compliance with a provision of law or regulation.

(b) Customs officers shall pass free of duty and internal-revenue tax, without issuing a mail entry therefor, parcels containing bona fide gifts from persons in foreign countries to persons in the United States, provided the aggregate value of such articles received by one person on one day does not exceed \$10.

"(a) The Secretary of the Treasury, in order to avoid expense and inconvenience to the Government disproportionate to the amount of revenue that would otherwise be collected, is hereby authorized, under such regulations as he shall prescribe, to—

"(2) Admit articles free of duty and of any tax imposed on or by reason of importation, but the aggregate value of articles imported by one person on one day and exempted from the payment of duty shall not exceed—

"(A) \$10 in the case of articles sent as bona fide gifts from persons in foreign countries to persons in the United States, or

"(C) \$1 in any other case.

The privilege of this subdivision (2) shall not be granted in any case in which merchandise covered by a single order or contract is forwarded in separate lots to secure the benefits of this subdivision (2)." (Tariff Act of 1930, sec. 321 (a), as amended; 19 U. S. C. 1521 (a))

(c) The provisions of § 8.3(d) of the regulations of this part, except those permitting consolidation of shipments in cargo vans and similar commercial containers, are also applicable to this section. (Sec. 7, 52 Stat. 1081, as amended; 19 U.S.C. 1321)

§ 9.7 Parcels for the United States Government; merchandise in diplomatic pouches; parcels marked for copyright; books, engravings, etc., for the United States.

(a) Parcels addressed to offices or officials of the United States Government, believed to contain only official documents, shall be forwarded immediately to the addressee. Such parcels, when known or believed to contain merchandise, shall be treated in the same manner as similar parcels for other addressees.

(b) Books, engravings, and other articles enumerated in item 830.00, Tariff Schedules of the United States which are imported by mail and addressed to the Library of Congress or any department or agency of the Government, shall be forwarded for delivery without the assessment of duty, if the collector is satisfied they are entitled to free entry under item 830.00, Tariff Schedules of the United States.

(c) Parcels marked for copyright, addressed to the Library of Congress, to the Copyright Office, or to the office of the Register of Copyrights, Washington 25, D. C., may be passed free of duty and promptly forwarded to destination.

(d) No merchandise of any character may be forwarded in diplomatic or other official pouches.

§ 9.8 Cigars, cigarettes, and manufactured tobacco; playing cards, etc.

(a) In the case of mail entries for playing cards or other imported articles subject to tax and to which internal-revenue stamps must be affixed before release to the importer (see Internal Revenue Regulations, Part 45 (26 CFR Part 45)), customs officers shall sign and attach to the entries an order for stamps, and customs Form 3473. When the

parcel is addressed for delivery at the post office where it is examined and customs Form 3473 is not required to insure the taking of the action described thereon, Form 3473 need not be prepared. The postmaster will furnish the addressee with the order for stamps. The addressee will be required to secure from the office of the district director of internal revenue the necessary stamps and affix them to the immediate packages of the merchandise before the parcels will be delivered to him.

(1) When playing cards imported by mail bear the required internal-revenue stamps affixed in a foreign country as provided for in regulations of the Internal Revenue Service, they may be treated the same as any importation by mail subject only to duty.

(2) The internal revenue tax on tobacco materials, tobacco products, and cigarette papers and tubes valued not in excess of \$250 in a shipment imported by mail shall be paid on the basis of a return made on the mail entry. An additional legible copy of the entry form, marked or stamped "For Internal Revenue Purposes," shall be prepared for each entry covering such articles subject to Part 275 of the regulations of the Internal Revenue Service (26 CFR Part 275) if tax is payable upon release under such entry. The separate statement required for tax purposes by 26 CFR 275.81 shall be made on the entry form in such case. The duty and any applicable tax will be collected by the postal service for the Customs Service at the time of delivery of the shipment. A copy of the entry (return) will be given to the importer as a receipt for payment. Mail shipments of such articles released for consumption are subject to compliance with the package and notice requirements under 26 CFR Part 275 unless specifically exempted therefrom as indicated in § 11.3 of this chapter. Such articles may not be released under the mail entry procedure on the basis of a claim for a release without payment of tax by a manufacturer or dealer specified in 26 CFR Part 275. If a claim is made at the time of delivery for release without payment of tax based on any of the provisions in 26 CFR Part 275 for a manufacturer of tobacco products, a manufacturer of cigarette papers and tubes, or a dealer in tobacco materials to obtain release of any such articles without pay-

ward the addressee's protest to the customs office that issued the entry, accompanied by such invoices or other evidence submitted by the addressee, and retain custody of the shipment until advice is received from the issuing customs office as to the disposition to be made.

(b) If the collector of customs is satisfied that the protest of an addressee of a mail shipment against the amounts assessed is valid, the collector may reclassify the merchandise or amend the value, even though the merchandise has been delivered to the addressee. A mail entry may be relinquished to allow a claim of the addressee after the expiration of 60 days after liquidation only if a protest has been filed in the form and manner prescribed in section 514, Tariff Act of 1930, or if the claim is allowable under section 520 (c) (2), Tariff Act of 1930, as amended.\*

(c) Postmasters and military mail personnel may release shipments covered by mail entries claimed to be free of duty under tourist exemptions without the payment of duty upon presentation of a declaration on customs Form 3351 executed by the addressee. If the addressee cannot produce a customs Form 3351, the shipment may be released without the collection of duty upon the execution by the addressee of the declaration printed on the reverse side of the duplicate copy of the mail entry.

(d) If for any reason an undelivered parcel known or supposed to be dutiable is not returned to the country of origin, it will be delivered to the proper customs officer for disposition under the customs laws and regulations governing seized or unclaimed merchandise. (Sec. 514, 46 Stat. 734; 19 U.S.C. 1514)

(1) Each shipment shall be dispatched in the mails from abroad, accompanied by a yellow and green special mail tag bearing the serial number of the permit for entry for immediate exportation or immediate transportation and exportation, issued by the United States Department of Agriculture, and also the postal form of customs declaration.

(2) Upon arrival, the shipment shall be detained by or redispached to the postmaster at Washington, D.C., Brownsville, Texas, Hoboken, New Jersey, Honolulu, Hawaii, Laredo, Texas, Miami, Florida, San Francisco, California, San Juan, Puerto Rico, San Pedro, California, or Seattle, Washington, as may be appropriate, according to the address on the green and yellow tag, and there submitted to the customs officer and the Federal quarantine inspector. The merchandise shall under no circumstances be permitted to enter the commerce of the United States.

(3) After inspection by the customs and quarantine officers, and with their approval, the addressee or his authorized agent shall repack and readdress the mail parcel under customs supervision; affix to the parcel the necessary postage; and comply with other mailing requirements.

(a) Articles imported into the United States from foreign countries may be exported in the registered or ordinary mails, or in registered, insured, or ordinary parcel post, without the payment of duties that may have accrued thereon if the articles have remained continuously in the custody of the Government (customs or postal authorities), and

**§ 9.12 Prohibited and restricted mail importations; seizure under the customs laws.**

(a) Each mail shipment of admissible arms, implements of war, or other nonexplosive munitions of war designated in the United States Munitions List (22 CFR, Parts 121-128), issued pursuant to section 414 of the Mutual Security Act of 1954 (22 U. S. C. 1934), shall be detained by customs until an import license from the Secretary of State has been submitted for such shipment. Likewise, a shipment of firearms, as that term is defined in the National Firearms Act, as amended (26 U. S. C. 5848), shall be detained by customs until an import permit from the Commissioner of Internal Revenue has been submitted by the addressee. If the import license or the import permit is found to be in proper form, the mail parcel shall be endorsed by customs to show that it is entitled to entry and released to the postmaster for delivery or dispatch to destination in the mails, subject to any duties that may accrue and to other customs requirements applicable thereto. Pistols, revolvers, and other firearms capable of being concealed on the person are nonmailable, with certain exceptions (18 U. S. C. 1715), and when received in the mails such nonmailable articles are subject to seizure and forfeiture under the customs laws.

(b) Plants and plant products, including seeds and bulbs of all kinds, may be imported into the United States only under the conditions set forth in the Plant Quarantine Act, amendments thereto, and regulations thereunder. All such articles shall be submitted through

customs officials to plant quarantine inspectors of the United States Department of Agriculture for fulfillment of the requirements of the law.

(c) Certain viruses, serums, toxins, and other biological products as well as organisms and vectors are subject to import restrictions (see §§ 12.17-12.23 of this chapter).<sup>\*</sup> In all cases mail shipments of such products shall be submitted to customs representatives who shall communicate with the addressees and determine whether such importations are in compliance with the law and regulations.

(d) All mail shipments containing articles, except lottery matter and contraband literature which are prohibited importation and all mail shipments containing articles subject to seizure as being imported or brought into the United States in any manner contrary to law shall be immediately taken and held by customs officers for appropriate treatment under the customs laws. All mail parcels which are known or believed to contain merchandise and of which the addressee refuses to take delivery, or for which the addressee declines to make formal entry when requested by the customs officer in cases where the appraised value exceeds the value shown in the declaration or invoice, will be delivered to customs officers for treatment under the customs laws upon production to the postmaster concerned of satisfactory evidence of fraudulent intent on the part of any of the persons mentioned in this paragraph. In all cases where articles are seized by customs officers, notice shall be given by customs officers to the addressee of that fact and the reason therefor.

(e) Mail parcels of all classes, sealed or unsealed, which upon inspection or examination are found to contain or are supposed to contain lottery matter prohibited importation under section 305, Tariff Act of 1930, or enclosures pertaining thereto, will be retained by the postal service, or shall be delivered to that service by the Customs Service, for disposition under the Postal Laws and Regulations. If such a parcel is found to contain other merchandise, the parcel shall be held by, or delivered to, the Customs Service for appropriate treatment under the customs laws and regulations. Mail parcels which upon inspection or examination are found to contain con-

traceptive literature will be retained by the postal service, or shall be delivered to that service by the customs service, for disposition under the Postal Laws and Regulations. (b) A collector of customs is authorized to make the foregoing determinations with respect to all mail matter whether it arrives in the customs collection district under his jurisdiction or in a customs collection district under the jurisdiction of any other collector of customs.

1 "PART I—ARTICLES EXPORTED AND RETURNED.

"Part 1 headnotes:

"2. Any product of the United States which is returned after having been advanced in value or improved in condition abroad by any process of manufacture or other means, or any imported article which has been assembled abroad in whole or in part of products of the United States, shall be treated for the purposes of this Act as a foreign article, and, if subject to a duty which is wholly or partly ad valorem, shall be dutiable, except as otherwise prescribed in this part, on its full value determined in accordance with section 402 or 402a of this Act. If such product or such article is dutiable at a rate dependent upon its value, the value for the purpose of determining the

dent, secretary, or treasurer of the cor-

(Footnote 1—Continued)

rate shall be its full value under the said section 402 or 402a.

"3. This part does not apply to animals provided for in item 100.03 of part 1 of schedule 1.

"Subpart A—Articles Not Advanced or Improved Abroad

"Subpart A headnotes:

"1. The items in this subpart (except item 804.00) shall not apply to any article—

"(a) exported with benefit of drawback; or  
 (b) of a kind with respect to the importation of which an internal-revenue tax is imposed at the time such article is entered, unless such article is subject to an internal-revenue tax imposed upon production or importation at the time of its exportation from the United States and it shall be proved that such tax was paid before exportation and was not refunded; or  
 (c) manufactured or produced in the United States in a customs bonded warehouse or under item 864.05 and exported under any provision of law.

"Item 800.00 Products of the United States when returned after having been exported, without having been advanced in value or improved in condition by any process of manufacture or other means while abroad. . . .

"Subpart B—Articles Advanced or Improved Abroad

"Subpart B headnotes:

"1. This subpart shall not apply to any article exported—

"(a) from continuous customs custody with remission, abatement, or refund of duty;

"(a) The value of the products of the United States assembled into the imported article shall be—  
 (i) the cost of such products at the time of the last purchase; or  
 (ii) if no charge is made, the value of such products at the time of the shipment for exportation, as set out in the invoice and entry papers; except that, if the appraiser concludes that the amount so set out does not represent a reasonable cost or value,

(Footnote 1—Continued)

then the value of such products shall be determined in accordance with section 402 or 402a of this Act.

"(b) The duty on the imported article shall be at the rate which would apply to the imported article itself, as an entirety without constructive separation of its components, in its condition as imported if it were not within the purview of this subpart. If the imported article is subject to a specific or compound rate of duty, the total duties shall be reduced in such proportion as the cost or value of such products of the United States bears to the full value of the imported article.

"4. No imported article shall be accorded partial exemption from duty under more than one item in this subpart.

 "Item 808.00 Substantial containers and holders, if products of the United States (including shooks and staves of United States production when returned as boxes or barrels containing merchandise), or if of foreign production and previously imported and duty thereon paid or if of a class specified by the Secretary of the Treasury as instruments of international traffic. . . . (Schedule 8, part 1, Tariff Schedules of the United States.)

dent, secretary, or treasurer of the corporation, or it may be signed by any employee or agent of the corporation who holds a power of attorney executed under the conditions outlined in § 8.19 of this chapter and a certification by the corporation that such employee or other agent has or will have knowledge of the pertinent facts. In the case of articles which are unquestionably the growth, produce, or manufacture of the United States and which have not been advanced in value or improved in condition, if the collector is satisfied from the character thereof or otherwise that they are free of duty under schedule 8, part 1, Tariff Schedules of the United States, and if the total value of the articles of American origin contained in the shipment does not exceed \$250, the execution of customs Form 3311 shall not be required therefor, except when used as an entry under paragraph (d), (e), or (f) of this section.

(c) In the case of motion-picture films exposed abroad, free entry shall not be allowed under item 805.00 unless the requirements set forth above are met and the collector is satisfied by a declaration of the importer and such other evidence as the collector shall deem necessary that the films are not to be used for commercial purposes. Such motion-picture films, when imported in passengers' baggage, may be passed free of duty without compliance with the requirements of this section if the collector is satisfied that the films were manufactured in the United States and are not to be used for commercial purposes.

(d) In the case of aircraft and parts and equipment therefor which are returned to the United States by or for the account of an aircraft owner or operator and are intended for use in his or its own aircraft operations, either within or outside the United States and with or without alteration or other change in condition in this country, entry thereof may be made under item 800.00 on customs Form 3311, executed by the importer and supported by proper evidence of the right to make the entry, but without the other documents described in this section and without the giving of a bond to produce any of them, when there is no question that the articles are of domestic origin and it satisfactorily appears that they have not been improved in condition or ad-

vanced in value while abroad and that no drawback has been or will be paid on them. In such a case, the entrant shall show on customs Form 3311 after the words "returned to" the name and address of the aircraft owner or operator by whom or for whose account the articles were returned. The entrant shall also show on Form 3311 the name of the importing conveyance, the date of its arrival, the values of the articles, and that they are intended for use in the aircraft owner's or operator's own aircraft operations.

(e) Entry of nonconsumable stores and equipment of a vessel may be made under item 800.00 on customs Form 3311, in duplicate, executed by the importer and supported by proper evidence of the right to make entry when there is no question that the articles are of domestic origin, and it satisfactorily appears that they have not been improved in condition or advanced in value while abroad; that no customs drawback has been or will be paid on them, and that duty is not payable thereon because of an internal-revenue tax. No declaration of a foreign shipper and no certificate of exportation is required in connection with an entry on customs Form 3311. In satisfying himself that no customs drawback was allowed on the articles in connection with their removal from the United States, the customs officer may accept the written declaration of the master or other person having knowledge of the facts showing that the articles left this country on a vessel of the United States or a vessel operated by the United States Government as stores or equipment thereof and that they were not landed in a foreign country except for any needed repairs, adjustments, or refilling and return to the vessel from which landed or for transshipment to another vessel as stores or equipment thereof. Such declaration may be made on the reverse side of the entry on customs Form 3311. The entrant shall show on customs Form 3311 the name of the importing vessel, the date of its arrival, and the values of the articles.

(f) When the total value of articles of claimed American origin contained in any shipment does not exceed \$250 and the articles are found to be unquestionably of domestic origin and do not appear to have been advanced in value or improved in condition while abroad and no

other evidence or information that no drawback was allowed in connection with the exportation from the United States, and unless no internal-revenue tax is imposed on the importation of like articles not previously exported from the United States or, if such tax is being imposed at the time of entry for consumption or withdrawal from warehouse for consumption, the collector is satisfied that an internal-revenue tax on production or importation was paid in respect of the imported article before it was exported from the United States and was not refunded. Except as provided for in § 10.1 (f), when it is impracticable, because of the destruction of customs records or other circumstances, to deter-

Articles previously exported from the United States which are excepted from free entry under any of the foregoing items by headnote 1 of this subpart and are not otherwise free of duty [are subject to] a duty (in lieu of any other duty or tax) equal to the sum of any duty and internal-revenue tax imposed upon the importation of like articles not previously exported, but in no case in excess of the sum of any customs drawback proved to have been allowed upon such exportation of the article and any internal-revenue tax imposed, at the time such article is entered, upon the importation of like articles not previously exported." (Item 804.00, Tariff Schedules of the United States.)

"For the purposes of item 804.00—  
 "(a) when because of the destruction of customs records or for other cause it is impracticable to establish whether drawback was allowed, or the amount allowed, on a returned article, there shall be assessed thereon an amount of duty equal to the estimated drawback and internal-revenue tax which would be allowable or refundable if the imported merchandise used in the manufacture or production of the returned article were dutiable or taxable at the rate applicable to such merchandise on the date of entry, but in no case more than the duty and tax that would apply if the article were wholly of foreign origin; and  
 "(b) in order to facilitate the ascertainment and collection of the duty provided for, the Secretary of the Treasury is authorized to ascertain and specify the amounts of duty equal to drawback or internal-revenue tax which shall be applied to articles or classes or kinds of articles, and to exempt from the assessment of duty articles or classes or kinds of articles with respect to which the collection of such duty involves expense and inconvenience to the Government which is disproportionate to the probable amount of such duty." (Schedule 8, part 1A headnote 2 Tariff Schedules of the United States.)

§ 10.2 Waiver of evidence.

(a) The collector may waive the declaration of the foreign shipper provided for in § 10.1(a)(1) if he is satisfied by the production of other evidence as to the existence of all the facts upon which the entry of the merchandise under schedule 8, part 1, Tariff Schedules of the United States, is dependent.

(b) No evidence relative to the conditions of schedule 8, part 1, shall be required in the case of articles of domestic manufacture in use at the time of importation as the usual coverings or containers of merchandise not subject to an ad valorem rate of duty unless such articles would be dutiable if not of domestic manufacture under General Headnote 6, Tariff Schedules of the United States.

(c) A certificate from the master of a vessel showing that articles of domestic production are returned in the same vessel without having been unladen may be accepted in lieu of a declaration of the foreign shipper.

§ 10.3 Drawback; internal-revenue tax.

(a) Except as prescribed in § 10.1 (f) or in paragraph (c) of this section, no free entry shall be allowed under schedule 8, part 1, Tariff Schedules of the United States, in the final liquidation of an entry unless the collector is satisfied by the certificate of exportation or

the usual containers of merchandise are exempt from any duties imposed by the tariff laws upon similar containers made of foreign shooks or staves, provided their identity is established under the regulations in this part.

(b) The term "shook" embraces only shooks which at the time of exportation from this country are ready to be assembled into boxes or barrels without further cutting to size; except that box shooks may be exported in double lengths and cut abroad. The number of boxes made from such shooks which may be imported into this country free of duty cannot exceed the number of complete sets of shooks exported.

(c) [Reserved]

(d) An exporter of shooks or staves in respect of which free entry is to be claimed when returned as boxes or barrels shall file in triplicate with the collector of customs at the port of exportation, at least 6 hours before the lading of the articles on the exporting vessel, a notice of intent to export, customs Form 4481.

(e) The certificate of exportation block of customs Form 4481 shall be completed in triplicate by the collector after verification from the manifest of the exporting vessel and the return of the lading officer. The original shall be forwarded by the collector to the consignee. The duplicate copy shall be given to the exporter and the triplicate copy shall be retained.

(f) Whenever boxes or barrels alleged to have been manufactured from American shooks or staves are shipped to the United States from a person abroad other than the one to whom they were exported from the United States, the importer shall be required to obtain from the foreign consignee to whom the shooks or staves were originally exported from this country the certificate or certificates, customs Form 4481, covering the exportation of the shooks or staves from the United States, or an extract therefrom signed by such consignee, showing the number of shooks or staves covered by such certificate or certificates, together with the number of superficial feet of such shooks or staves. Such Form 4481, or extract therefrom, shall be filed by the importer in connection with the entry of the boxes or barrels.

(g) Accounts shall be kept by the collector of customs at the port of exports-

(1) Any article of a kind which would be admitted free of duty otherwise than under schedule 8, part 1, Tariff Schedules of the United States if of foreign origin;

(2) Substantial containers or holders of domestic manufacture, including shooks and staves when returned as boxes or barrels, when in use at the time of importation as the usual containers of merchandise;

(3) Any article provided for in item 804.00 Tariff Schedules of the United States, with respect to which the collector of customs has determined that the collection of duty under such item 804.00 would involve an expense and inconvenience to the Government disproportionate to the probable amount of such duty; and

(4) Other articles of domestic manufacture which are in use at the time of importation as the usual coverings or containers of merchandise not subject to an ad valorem rate of duty, and which have not been advanced in value or improved in condition while abroad by any process of manufacture or other means.

(d) Articles manufactured or produced in the United States in a customs bonded warehouse and exported shall be subject on reimportation to a duty equal to the total duty and internal-revenue tax, if any, imposed at the time of entry for consumption or withdrawal from warehouse for consumption with respect to the importation of like articles not previously exported from the United States.

(e) Animals straying across the border or driven across the border for pasturage purposes or for feeding to improve them for the market and not returned within 6 months are excluded from free entry as domestic products returned.

§ 10.4 Internal-revenue marks; erasure.

Internal-revenue brands or marks on casks or other containers previously exported from the United States must be erased at the importer's expense under customs supervision before their delivery from customs custody.

§ 10.5 Shooks and staves; cloth boards; collector's account.

(a) Shooks and staves produced in the United States and returned in the form of complete boxes or barrels in use as

filling, sealing, and labeling are held to advance the value of the contents rather than that of the container.

If an allowance of drawback on the exportation from the United States of the imported article is established, duty shall be assessed in an amount equal to such drawback, plus an amount which may be assessable in accordance with this paragraph; but in no case shall duty equal to drawback, or to drawback and internal-revenue tax, be assessed in an amount in excess of the ordinary customs duty and internal-revenue tax applicable to like articles of foreign origin. In any case, where payment of internal-revenue tax before exportation without refund thereof is established, no duty equal to an internal-revenue tax currently in force shall be assessed.

(b) In the absence of satisfactory evidence as to the nonallowance of drawback or the amount thereof allowed on the following articles of American manufacture or production, duty shall be assessed thereon in the amounts respectively indicated, the amount shown in each case being considered the fair average amount of drawback allowed on such articles:

(See § 10.7(a).) Except as provided for in § 10.1(f), if the imported article is of a kind which would be subject to an internal-revenue tax if of foreign origin and payment of an internal-revenue tax before exportation without refund thereof is not

(e) If claim for exemption from duty for such containers or holders of foreign production previously imported duty paid is made at the time of entry, the certificate of the foreign shipper may be accepted if produced at any time prior to the liquidation of the entry.

(f) When such containers or holders of foreign production previously imported duty paid are reimported empty, they may be admitted without entry if readily identifiable as having been previously imported duty paid.

**§ 10.8 Articles exported for repairs, alterations, or processing.**

(a) For the purposes of item 806.20, Tariff Schedules of the United States, the term "repairs or alterations" shall be held to mean restoration, change, addition, renovation, cleaning, or other treatment which does not destroy the identity of the article exported or create a new or different article.

"Articles repaired, altered, processed, or otherwise changed in condition abroad.—The following provisions apply only to items 806.10, 806.20, and 806.30:

"(a) The value of repairs, alterations, processing, or other change in condition outside the United States shall be—

"(1) the cost to the importer of such change; or

"(H) if no charge is made, the value of such change, as set out in the invoice and entry papers; except that, if the appraiser concludes that the amount so set out does not represent a reasonable cost or value, then the value of the change shall be determined in accordance with section 402 or 402a of this Act.

"(b) No appraisement of the imported article in its changed condition shall be required unless necessary to a determination of the rate or rates of duty applicable to such article.

"(c) The duty upon the value of the change in condition shall be at the rate which would apply to the article itself, as an entirety without constructive separation of its components, in its condition as imported if it were not within the purview of this subpart. If the article, as returned to the United States, is subject to a specific or compound rate of duty, such rate shall be converted to the ad valorem rate which when applied to the full value of such article determined in accordance with section 402 or 402a of this Act would provide the

date of the collector's notice to him of any disallowance, for referral of the question to the Commissioner of Customs for review.

**§ 10.7 Substantial containers or holders.**

(a) Except as provided for in § 10.2 (b), substantial containers or holders, which are products of the United States, which are of the usual and ordinary types used in the shipment or transportation of goods, which are reusable for such purposes, and which are imported containing or holding merchandise, shall be entered under the general regulations governing the free entry of domestic products exported and returned. When such containers or holders are imported not containing or holding merchandise they may be admitted without entry if readily identifiable as products of the United States.

(b) Substantial containers or holders, which are of foreign production and previously imported duty paid, which are of the usual or ordinary types used in the shipment or transportation of goods, which are reusable for such purpose, and which are imported containing or holding merchandise, shall be exempt from duty if (1) exported in accordance with the regulations contained in § 10.5 (d) and (e), and (2) there are filed in connection with the entry a declaration of the importer on customs Form 3289 and a certificate of the foreign shipper in the form prescribed by paragraph (c) of this section.

(c) The certificate to be furnished by the foreign shipper for the use of the collector at the port of entry shall be in the following form:

(c) If a claim accompanied by an appropriately modified customs Form 3311 is made by the importer at the time of filing the entry for an exemption from duty on account of boxes or barrels made from American shooks or staves, the certificate of the foreign shipper with the annexed certificate of the box maker may be accepted if produced at any time prior to the liquidation of the entry. Upon receipt, from the collector at the port of exportation of the shooks and staves, of corroboration that the records of exportation do not conflict materially with such claim, the exemption may be allowed. If the claim for an exemption is disallowed in full or in part, the importer may file a request, within 15 days of the

tion of the shooks and staves as to each exportation thereof and as to the returns thereof in boxes, barrels, etc. Notifications of such returns shall be given to the collector at the port of importation. When returns in the form of boxes, barrels, etc., are entirely accounted for on the shooks and staves exported as shown on the appropriate customs Form 4481, the collector maintaining the account shall so inform the collector making inquiry about the merchandise being imported and alleged to contain shooks or staves covered by the particular exportation.

(h) A record of cloth boards of domestic manufacture exported to be wrapped with foreign textiles shall be kept by collectors of customs in a similar manner as for shooks and staves. If such boards are advanced in value or improved in condition while abroad, free entry shall be denied on importation.

(a) A foreign shipper desiring to export to the United States boxes or barrels alleged to have been made from American shooks shall execute and send with the invoice covering the merchandise contained in such boxes or barrels a certificate of the foreign shipper, stating that the boxes or barrels were made from American shooks or staves, and identifying the latter with the certificate covering their exportation from the United States. This foreign shipper's certificate shall be in the following form:

(b) Three conditions are required under item 806.30, Tariff Schedules of the United States:

(1) The article sent abroad for further processing must be an article of metal (except precious metal) manufactured in the United States, or manufactured abroad and subjected to a process of manufacture in the United States.

(2) The article must be subjected to a further processing abroad; and

(3) The returned article must be one which is to be subjected to further processing after return to the United States.

(c) Articles may not be entered under the provisions of item 806.20 or item 806.30, Tariff Schedules of the United States, if they come within the purview of schedule 8, part 1B, headnote 1, Tariff Schedules of the United States.

(d) Before the exportation of any article to be subject on return to the United States to duty on the value of repairs, alterations, or processing effected abroad, as provided for in item 806.20 or item 806.30, Tariff Schedules of the United States, a declaration and application shall be filed in duplicate on customs Form 4455 by the owner or exporter with the collector of customs or appraiser of merchandise at a time before the departure of the exporting conveyance which will permit an examination of the article.

(e) In the case of articles of metal (except precious metal) which may be

(j) There shall be filed in connection with the entry the certificate of registration (customs Form 4455) and a declaration made by the consignee, owner, or an agent having knowledge of the facts that the articles entered in their repaired, altered, or processed condition are the same articles covered by the certificate of registration. This declaration shall also show that the full cost or (when no charge is made) fair market value of the repairs, alterations, or processing is correctly stated in the entry. Where articles of metal (not including any precious metal) are claimed to be subject to the provisions of item 806.30, Tariff Schedules of the United States, there shall be included a concise statement as to the nature of the processing performed outside the United States immediately prior to the current importation and as to the processing to be performed thereafter in the United States, showing the name and address

of the processor who will do the subsequent processing. When articles are exported and registered on a customs Form 4455, as provided for in this section, and the articles are reimported at a port other than the port from which exported, the duplicate Form 4455 may be used in making entry at such port of reimportation. Where entry at such port is to be made for only a portion of the merchandise covered by the duplicate Form 4455, the collector may make an extract for use at his port and transmit the duplicate Form 4455 with notation of the extract to the collector at the port of exportation. With respect to additional entries to be made at the same or other ports of reimportation, the collector at the port of importation (where the original Form 4455 is filed) will, upon request by the importer or the collector at the port of reimportation, issue to the collector at the port of reimportation, an extract of Form 4455 for use in making entry at that port.

(k) In any case where an imported article was exported for repairs, alterations, or processing without compliance with the registration requirements of this section, the collector may waive such evidence if he is satisfied that the returned merchandise is entitled to entry under item 806.20 or item 806.30, and that the failure to comply with the registration requirements was due to inadvertence, mistake, or inexperience, and not to negligence or bad faith. Collectors may, in their discretion, also waive the registration requirements of this section prior to exportation of the articles upon application in writing by an exporter-importer located within their district when it is indicated that the duty on the merchandise would be less than \$25 if not within the purview of item 806.20 or item 806.30, and it is indicated that the shipment on its return to the United States will be covered by a mail or other informal entry. Customs Form 4455, appropriately modified, may be used by collectors in issuing the waiver.

(l) Collectors shall require at the time of entry a deposit of estimated duties based upon the full cost or fair market value, as the case may be, of the repairs, alterations, or processing. The cost or fair market value, as the case may be, of the repairs, alterations, or processing outside the United States

which is to be set forth in the invoice and entry papers as the basis for the assessment of duty under item 806.20 or 806.30, shall be limited to the cost or value of the repairs, alterations, or processing actually performed abroad and shall not include any of the expenses incurred in this country, whether by way of engineering costs, preparation of plans or specifications, furnishing of tools or equipment for doing the repairs, alterations or processing abroad or otherwise.

**§ 10.9 Books bound abroad.**

The provisions of § 10.8 with respect to articles exported for repairs or alterations shall be applicable in the case of books of domestic manufacture which have been advanced in value or improved in condition abroad and returned to the United States.

**§ 10.10 Newsreel films.**

Where free entry is claimed for newsreel films under the provisions of item 724.05, Tariff Schedules of the United States, there shall be furnished in connection with the entry a statement of the cameraman, shipper, or other person having knowledge of the facts, identifying the films with the invoice and stating that the basic films have to the best of his knowledge and belief been exposed abroad and that they are shipped for use as newsreel of current events abroad. The invoice shall state the footage and title of each subject.

**HOUSEHOLD EFFECTS**

**§ 10.11 Declaration.**

**§ 10.12 Use abroad.**

(a) In order to obtain free entry for household effects under the provisions of item 810.10, Tariff Schedules of the United States, the required use of the effects abroad for 1 year must be proven to the satisfaction of the collector, who may, in his discretion, require evidence other than the declaration of the applicant.

<sup>11</sup>The year of use need not immediately precede the time of importation nor need it be continuous.

As a general rule, household effects arriving more than 10 years after the last arrival of the importer in the United States from the country in which the effects were used should not be admitted free under item 810.10, Tariff Schedules of the United States. If, however, the collector is satisfied from the importer's explanation that the effects were unavoidably detained beyond the 10-year period he may admit them to free entry upon the filing of a declaration on customs Form 3297 in the case of a returning resident of the United States or customs Form 3299 in any other case. In no case shall free entry be allowed under item 810.10, Tariff Schedules of the United States when a period of 25 years or more has elapsed since the last arrival of the importer in the United States from the country in which the effects were used. (T. D.'s 38668, 40174, 41985)

not less than 1 year during such period of use may be passed free of duty, whether or not the importer owned the effects at the time of such use.

(c) The free entry of household effects under item 810.10, Tariff Schedules of the United States shall be allowed to residents of the United States as well as to nonresidents.

**EFFECTS OF CITIZENS DYING ABROAD; TOOLS OF TRADE**

**§ 10.14 Effects of citizens dying abroad; procedure.**

(a) Articles claimed to be free of duty under item 815.00, Tariff Schedules of the United States, as the effects of citizens of the United States dying abroad shall be entered in accordance with the provisions of § 8.50 of this chapter or if not exceeding \$250 in value, entry may be permitted under § 8.51.

(b) The collector shall require in connection with the entry the written statement of a person having knowledge of the facts or otherwise satisfy himself as to the citizenship of the deceased owner of the effects at the time of his death.

**§ 10.15 Tools of trade.**

When professional books, implements, instruments, or tools of trade, occupation, or employment are claimed to be free of duty under item 811.10<sup>12</sup> or item 810.20,<sup>13</sup> Tariff Schedules of the United States, a declaration of the emigrant or

returning individual shall be required to support the claim of free entry. The declaration shall be on customs Form 3299 if the declarant is an emigrant or nonresident returning from abroad, and on customs Form 3297 if the declarant is a returning resident of the United States, except that, as to any such articles claimed to be free of duty under the said item 810.20, an oral declaration of the returning individual may be accepted in lieu of a written declaration.

**PASSENGERS' BAGGAGE<sup>15</sup>**

**§ 10.16 Status of passengers.**

(a) Persons arriving from foreign countries shall be divided into two classes for customs purposes: (1) Residents of the United States returning from abroad, and (2) all other persons, hereinafter referred to as nonresidents.

(b) Citizens of the United States, or persons who have formerly resided in the United States, shall be deemed to be residents thereof returning from abroad within the meaning of "residents" as used in schedule 8, part 2A, Tariff Schedules of the United States, in the absence of satisfactory evidence that they have established a home elsewhere. The residence of a wife shall be deemed to be that of her husband unless satisfactory evidence is presented that the wife has established a separate residence elsewhere. The residence of a minor child shall be presumed to be that of his parents.

(c) Any person arriving in the United States who is not a resident of the United States or who, though a resident of the United States, is not returning from abroad shall be treated for the purposes of the regulations in this part as a nonresident.

**§ 10.17 Exemptions for returning residents.**

(a) *Personal and household effects taken abroad.* Each returning resident is entitled under item 813.10 and schedule 8, part 2, headnote 1, Tariff

Schedules of the United States," to bring in free of duty and internal-revenue tax all personal and household effects which he took abroad. If any such effect has been advanced in value or improved in condition while abroad by repairs (including cleaning) not merely incidental to wear or use while abroad, or by alterations (including additions) which did not change the identity of the article, the cost or value of such repairs or alterations is subject to duty, unless all or part of such cost or value is covered by an allowance of the \$200 or \$300 exemption herein-after mentioned. An effect taken abroad and there changed into a different article is dutiable at its full value when returned to the United States, unless covered in whole or in part by some provision for free entry.

(b) *Articles acquired abroad.* Subject to the limitations and conditions hereinafter stated, each returning resident is entitled under item 813.30, 813.31, or 813.32, and schedule 8, part 2, headnote 1, Tariff Schedules of the United States to bring in free of

"All personal and household effects taken abroad by him or for his account . . ." (Item 813.10, Tariff Schedules of the United States.)

"1. Any article exempted under this part from the payment of duty shall be exempt also from the payment of any internal revenue tax imposed upon or by reason of importation." (Schedule 8, part 2, headnote 1, Tariff Schedules of the United States.)

"Other articles (including not more than 1 wine gallon of alcoholic beverages and not more than 100 cigars) acquired abroad as an incident of the journey from which he is returning, for his personal or household use, but not imported for the account of any other person nor intended for sale, if declared in accordance with regulations of the Secretary of the Treasury:

"Articles not over \$200 in aggregate value, if such person arrived from a contiguous country which maintains a free zone or free port, or arrives from any other country after having remained beyond the territorial limits of the United States for a period of not less than 48 hours, and in either case has not claimed an exemption under this item (813.31) within the 30 days immediately preceding his arrival . . ."

"In addition, articles not over \$300 in aggregate value, if such person has remained beyond the territorial limits of the United States for a period of not less than 12 days and has not claimed an exemption under this item (813.32) within the 6 months immediately

be allowed to one person on one return. Moreover, the \$300 exemption may be allowed when its conditions are satisfied and when it is in addition to an allowance under the \$200 exemption within the preceding 30-day period.

(2) In each case in which both exemptions are allowed on one return, the declarant may designate accompanied or unaccompanied goods listed on his declaration which would not be entitled to application of the \$300 exemption (alcoholic beverages and cigars) for allowance of the \$200 exemption. Subject to this exception, in each such case the \$200 exemption shall be applied first and to the value of the articles subject to the highest rates, and the additional \$300 exemption shall be applied to the value of articles subject to the next highest rates, including any amount in excess of \$200 pertaining to articles covered in part by the \$200 exemption. This rule shall be applied to articles accompanying the returning resident and the same rule shall be applied separately to each unaccompanied shipment covered by his declaration. If an internal-revenue tax is applicable, it shall be combined with the duty in determining which rates are highest.

(f) *Family grouping of exemptions.* Each member of a family is entitled to the \$200 or \$300 exemption, or both, subject to the conditions prescribed in schedule 8, part 2, Tariff Schedules of the United States. Articles belonging to one person cannot be included in the \$200 or \$300 exemption of another person, except that when members of a family residing in one household travel together on their return to the United States, the \$200 or \$300 exemption, or both, to which the several members of the family may be entitled may be grouped and allowed without regard to which member is the owner of any of the articles. A grouped exemption shall not include any exemption for a family member not entitled to it in his own right, nor shall a grouped exemption be applied to any property of such a member. The term "members of a family residing in one household," as used herein, shall include all persons, regardless of age, related by blood, mar-

riage, or adoption, who lived together in one household at their last permanent residence and who intend to live together in one household after their return to the United States. No exemption allowable to a resident servant accompanying the family shall be included in the family grouping.

(g) *Length of stay abroad.* In the case of articles acquired elsewhere than in Mexico, the \$200 exemption shall not be allowed unless the returning resident has remained beyond the territorial limits of the United States for a period of not less than 48 hours. With respect to articles acquired in Mexico, the \$200 exemption may be allowed without regard to the length of time the returning resident has remained outside the territorial limits of the United States, unless the resident returns through a port as to which there is in effect a special regulation or instruction requiring that the returning resident, in order to obtain the benefit of the \$200 exemption for such articles, shall have remained beyond the territorial limits of the United States for such period, not to exceed 24 hours, as shall be specified in the special regulation or instruction. The \$300 exemption shall not be allowed unless the returning resident has remained outside the territorial limits of the United States for a period of not less than 12 days.

(h) *Frequency of allowances.* (1) The \$200 exemption shall not be granted to a returning resident who has taken advantage of such exemption within the 30-day period immediately preceding his

"2. In the case of persons arriving from a contiguous country which maintains a free zone or free port, if the Secretary of the Treasury deems it necessary in the public interest and to facilitate enforcement of the requirement that the exemption in item 813.31 shall apply only to articles acquired as an incident of the foreign journey, he shall prescribe by regulation or instruction, the application of which may be restricted to one or more ports of entry, that such exemption shall be allowed only to residents who have remained beyond the territorial limits of the United States for not less than a specified period, not to exceed 24 hours, and, after the expiration of 90 days after the date of such regulation or instruction, the date of such exemption shall be subject to the limitation so prescribed." (Schedule 8, part 2A, headnote 2, Tariff Schedules of the United States.) There is no special regulation providing a minimum absence requirement under this provision.

return to the United States, and the \$300 exemption shall not be granted to a returning resident who has taken advantage of such \$300 exemption within the 6-month period immediately preceding his return to the United States. The date of the returning resident's latest prior arrival on which he declared articles for allowance of the \$200 or \$300 exemption shall be deemed the date he took advantage of the applicable exemption, notwithstanding that articles admitted before or after such latest arrival.

(2) A returning resident who has received a total exemption of less than \$200 under the \$200 exemption, or a total exemption of less than \$300 under the \$300 exemption, in connection with his return from one journey is not entitled to apply the remainder of either amount to articles acquired abroad on any previous or subsequent journey. Articles acquired on one journey and left in a foreign country cannot be allowed any exemption accruing upon the importer's return from a subsequent journey.

(1) *Computation of time requirements.*

(1) The 24-hour or 48-hour period a returning resident must have been abroad to be entitled to the \$200 exemption shall be computed exactly. For example, a resident leaving United States territory at 1:30 p. m. on June 1 would complete the 24-hour period at 1:30 p. m. on June 2 and the 48-hour period at 1:30 p. m. on June 3.

(2) The 12-day period a returning resident must have remained outside United States territory to be entitled to the \$300 exemption shall be computed by excluding the day of arrival and counting the day of departure as a full day, irrespective of the time of either day at which the traveler crossed the land border or 3-mile limit at sea. Thus, a resident departing from such territory at 1:30 p. m. on June 1 would meet the 12-day requirement if he remained abroad until any time after midnight of June 12.

(3) The 30-day period immediately preceding the resident's return shall be computed by excluding the day of arrival and counting backward 30 days. In the case of an arrival on May 28, the resident would not be entitled to the \$200 exemption if he had taken advantage of such exemption on or after the last preceding April 28.

\* See footnote 22, appended to § 10.17 (b).

(4) The 6-month period immediately preceding the resident's return shall be computed by excluding the day of arrival and counting backward 6 months. In the case of an arrival on July 28, the resident would not be entitled to the \$300 exemption if he had taken advantage of such exemption on or after the last preceding January 28.

(j) *Arrival incidental to further foreign travel.* A resident who enters the United States merely as an incident of foreign travel and will continue his foreign travel before finally returning to the United States from the continuous trip shall not be required to clear through customs any articles he has acquired, or had repaired or altered, while abroad. Such articles may be left in customs custody, shipped in bond, or exported directly from customs custody in order that the resident may declare them, and possibly other later acquired articles, upon his final return to the United States from the continuous trip. If, however, the traveler fails to advise the customs officer of the incidental character of such an entry or for other reason declares any articles for allowance of the \$200 or \$300 exemption, such declaration will start the running of the respective period or periods during which a further allowance cannot be granted.

(k) *Unaccompanied articles.*

It is not necessary that articles accompany a resident at the time of his return to the United States to be within such exemptions as are applicable. See § 10.20(b). However, customs officers shall apply the exemptions only to articles before them for examination, and the application of an exemption to unaccompanied articles shall be finally determined only after they have been imported and the importer has performed the acts required of him for their customs clearance. If any allowance of the exemptions is to be claimed in respect of any articles not cleared at the time of a resident's return, whether such articles have already arrived, will arrive later, or are being shipped in bond to another port, they must be declared in writing to a customs officer. Such declaration of articles accompanying the resident shall be made at the time of the resident's return to the United States. A declaration for articles not accompanying the resident on his return should be made by him in writing at the time and place of his return,

but if satisfactory reasons are given to the collector for failure to so declare such articles, a written declaration may be accepted, either at the port of clearance of the articles or at the port of the resident's return, for such articles within one year after the return. An application to make such supplemental declarations either by letter or on customs Form 6059, 6063 or 6063-B, appropriately modified, shall be accompanied by any invoices, receipts, and any other available pertinent data to aid the collector in determining whether the articles were acquired abroad by the claimant as an incident of a journey made by him and are for his personal or household use.

(1) *Replacements.* An article furnished by a foreign supplier to replace a like article of comparable value previously exempted from duty under item 813.31 or 813.32 Tariff Schedules of the United States, shall be allowed free entry if the article previously exempted is found by the importer to be unsatisfactory and is returned to customs custody and exported under customs supervision at the expense of the importer within 60 days after its importation. In any case where the importer has failed to return the unsatisfactory article to customs custody for supervision of exportation, the collector may allow free entry of the replacement article if he is satisfied that the unsatisfactory article was timely exported and that the failure to return it to customs custody was due to inadvertence or lack of experience in customs matters and was without willful intent to avoid customs supervision. The requirement that the original article be exported under customs supervision does not apply when a duplicate article is furnished by a foreign supplier as a replacement for an article declared for entry under the \$200 or \$300 exemption and found by the customs inspector or other examining officer to be so damaged as to constitute a nonimportation (§ 15.10 of this chapter). In such a case

\* Any article imported to replace a like article of comparable value previously exempted from duty under item 813.31 or 813.32, if the article previously exempted shall have been exported, under such supervision as the Secretary may prescribe, within 60 days after its importation because it was found by the importer to be unsatisfactory. (Item 813.40, Tariff Schedules of the United States.)

the duplicate replacement shall be considered to have been acquired abroad for the purposes of the \$200 or \$300 exemption provision, provided no charge is made to the importer for such article.

(m) *Sale.* An article brought in under the \$200 exemption and subsequently sold is not dutiable or subject to forfeiture by reason of the sale thereof, if the returning resident actually acquired and imported the article for his bona fide household or personal use and not for sale. If any article admitted free of duty under the \$300 exemption is sold within 3 years after the date of its importation without prior payment to a collector of customs of the duty which would have been payable at the time of entry if the article had been entered without the benefit of item 813.32, Tariff Schedules of the United States, such article, or its value (to be recovered from the importer), shall be subject to forfeiture. A sale pursuant to a judicial order or in liquidation of the estate of a decedent shall not be a basis for any liability for duty or forfeiture under schedule 8, part 2A, headnote 1, Tariff Schedules of the United States.

(n) *Rented automobiles.* Under the provisions of item 813.25, Tariff Schedules of the United States, an automobile rented by a resident of the United States while abroad may, without the payment of duty, be brought into the United States for a temporary period not to exceed 30 days by or on behalf of such

(b) any article which has been exempted from duty under item 813.30 is sold within 1 year after the date of importation, or

without prior payment to the United States of the duty which would have been payable at the time of entry if the article had been entered without the benefit of any of these items, such article, or its value (to be recovered from the importer), shall be subject to forfeiture. An article sold pursuant to a judicial order or in liquidation of the estate of a decedent shall not be subject to the provisions of this note. (Schedule 8, part 2A, headnote 1, Tariff Schedules of the United States.)

\* Automobiles rented by any resident of the United States while abroad and imported for the transportation of such resident, his family, and guests, and such incidental carriage of articles as may be appropriate to his personal use of the automobile. resident for the transportation of such incident, his family and guests, and such incidental carriage of articles as may be appropriate to his personal use of the automobile. No entry or security for exportation shall be required.

NOTE: For suspension of the above provisions which are inconsistent or in conflict with temporary Customs regulations, see § 10.17a).

§ 10.17a Temporary regulations applicable during the effective period of item 915.30, Tariff Schedules of the United States.

(a) *Reduced exemptions.* During the effective period of item 915.30, the \$200 exemption permitted by item 813.31, Tariff Schedules of the United States is reduced to \$100 with the exception of the exemption permitted to residents returning from the Virgin Islands (see paragraph (e) of this section). The additional \$300 exemption permitted by item 813.32 of the said schedules is suspended during the effective period of item 915.30.

(b) *Arrivals at seaports or by air.* A resident of the United States returning at a seaport or by air from any foreign country shall itemize on customs Form 6063, or on customs Form 6063-B where such form is used, all articles acquired abroad, except that a resident returning by air from Canada shall be subject to the procedure prescribed for residents returning at border ports otherwise than by air.

(c) *Arrivals at Canadian and Mexican border ports.* (1) A resident of the United States returning otherwise than by air at ports on the Canadian or Mexican border may be permitted to declare orally articles acquired abroad for his personal or household use if the total value of such articles does not exceed \$100 unless there are articles which do not accompany the resident. In the latter instance, a written declaration shall be required for all articles acquired abroad.

(2) A family group traveling together may be permitted to declare orally articles acquired abroad for the personal or household use of any member of the family if the value of such articles does not exceed an amount totaling more than \$100 times the number of members of the family group.

(3) A written declaration on customs Form 6059 shall be required for all articles acquired abroad for personal or

household use of the returning resident where the total value of the articles exceeds the value of articles which may be permitted to be declared orally.

(4) A written declaration on customs Form 6059 shall be required for articles subject to duties or duties and taxes, such as alcoholic beverages in excess of the quantity allowed under the exemption or articles not brought in for the personal or household use of the resident.

(d) *Miscellaneous.* Individual items not exceeding \$5 in value per item may be grouped as "Miscellaneous" up to but not exceeding a total value of \$50 where a written declaration is required, unless such articles are not accompanying the resident, in which case, they shall be itemized on the written declaration.

(e) *Virgin Islands of the United States.* Residents of the United States who have visited the Virgin Islands of the United States, whether returning directly or indirectly from those Islands, shall present a written declaration on customs Form 6063-C for all articles acquired in the Virgin Islands or elsewhere. A resident returning directly or indirectly from the Virgin Islands of the United States before April 1, 1964, shall be allowed an exemption up to \$200 for articles acquired for personal or household use, but not more than \$100 of the exemption shall be applied to articles not acquired in the Virgin Islands. The exemption for articles acquired in the Virgin Islands of the United States is not conditioned upon any length of absence from the United States. Not more than one wine gallon of alcoholic beverages and not more than 100 cigars may be included in the \$200 exemption.

NOTE: Temporary regulations of § 10.17a suspended provisions of §§ 10.17, 10.19, and 10.20 which are inconsistent or in conflict therewith.

§ 10.18 Exemptions for nonresidents.

(a) *Personal effects.* A nonresident (including any resident who is not returning), regardless of age, arriving in the United States is entitled under item 812.10, Tariff Schedules of the United States, to entry free of duty and in-

ternal-revenue tax for his wearing apparel, articles of personal adornment, toilet articles, and similar personal effects. This exemption applies only to articles which were actually owned by the nonresident and in his possession abroad at the time of, or prior to, his departure for the United States and which are appropriate for his own personal use and intended only for such use and not for any other person nor for sale. "Similar personal effects" include all articles intended and appropriate for the personal use of the nonresident while traveling, such as hunting and fishing equipment, wheelchairs for invalids or crippled persons, pet and hunting dogs, and the like. Articles to be given by the importer to another person are not free under item 812.10, Tariff Schedules of the United States.

(b) *Gifts.* A nonresident who intends to remain in the United States for not less than 72 hours is entitled, under item 812.25, Tariff Schedules of the United States, to claim as free of duty and internal revenue tax not over \$100 in value of articles (for limitations on alcoholic beverages and cigars, see paragraph (f) of this section) which accompany him and are to be disposed of by him as bona fide gifts. This exemption for gifts may be allowed only if such person has not claimed the exemption within the immediately preceding six months.

(c) *Vehicles.* Nonresidents are entitled under item 812.30, Tariff Schedules of the United States, to entry

his departure for the United States, and if appropriate for his own personal use and intended only for such use and not for any other person nor for sale. (Item 812.10, Tariff Schedules of the United States.)

NOTE: Not exceeding \$100 in value of articles (including not more than 1 wine gallon of alcoholic beverages and not more than 100 cigars) accompanying such person to be disposed of by him as bona fide gifts, if such person has not claimed an exemption under this item 812.25 within the 6 months immediately preceding his arrival and he intends to remain in the United States for not less than 72 hours. (Item 812.25, Tariff Schedules of the United States.)

NOTE: Automobiles, trailers, aircraft, motorcycles, bicycles, baby carriages, boats, horse-drawn conveyances, horses, and similar means of transportation, and the usual

(d) *Articles carried through the United States.* An arriving nonresident who is in transit to a place outside United States customs territory may take with him through the United States customs territory for carriage to such place, without the payment of duty or internal revenue tax, as provided in item 812.40, Tariff Schedules of the United States, articles not exceeding \$200 in aggregate value.

(e) *Sale.* If any jewelry or similar articles of personal adornment having a value of \$300 or more which have been exempted from duty under item 812.10, Tariff Schedules of the United States, are sold within 3 years after the date of importation, or if any article which has been exempted from duty under item 812.30, Tariff Schedules of the United States is sold within 1 year after the date of importation, without prior payment to a collector of customs of the duty which would have been payable at the time of entry if the article had been entered without the benefit of said item 812.10 or item 812.30, such article, or its value (to be recovered from the importer), shall be subject to forfeiture in accordance with the provisions of schedule 8, part 2A, headnote 1, Tariff Schedules of the

equipment accompanying the foregoing: any of the foregoing imported in connection with the arrival of such person and to be used in the United States only for the transportation of such person, his family and guests, and such incidental carriage of articles as may be appropriate to his personal use of the conveyance. (Item 812.30, Tariff Schedules of the United States.)

(Sec. 498, 46 Stat. 728, as amended; 19 U. S. C. 1498)

NOTE: For suspension of the above provisions which are inconsistent or in conflict with temporary Customs regulations, see § 10.17a (26 F.R. 8070; 26 F.R. 8283; 27 F.R. 2286; 28 F.R. 9207).

**§ 10.20 Unaccompanied shipments.**

(a) *Effects and tools of trade.* When effects claimed to be free of duty under item 810.20, 812.10, 812.20, 812.30 or 813.10, Tariff Schedules of the United States, do not accompany the importer on his arrival in the United States or are forwarded in bond, a declaration of the importer on customs Form 3299 in the case of a nonresident, or on customs Form 3297 in the case of a returning resident, shall be required to support the claim for free entry, except that as to effects which are free of duty under item 810.20 or item 813.10, Tariff Schedules of the United States, an oral declaration of the importer may be accepted in lieu of a written declaration on Form 3297. If the collector is satisfied that an entry would serve no good purpose, none need be required, but evidence of ownership for customs purposes, such as a carrier's certificate or properly endorsed bill of lading, shall be required in connection with the declaration. Such exemption from entry may also be applied with respect to household effects or tools of trade entitled to free entry (see §§ 10.11 and 10.15 respectively) which are unaccompanied or forwarded in bond.

(b) *Articles acquired abroad by returning resident.* (1) The declaration of a returning resident shall be in writing if it covers articles which do not accompany him, or which are to be shipped in bond to another port for clearance, and such articles are entitled to free entry under the \$200 or \$300 exemption. Effects of the returning resident entitled to free entry under item 810.20 or item 813.10, Tariff Schedules of the United States (other than automobiles and other vehicles of residents returning from noncontiguous countries) need not be itemized in written declarations.

(2) Customs Form 3351 shall be issued to the returning resident for each shipment of dutiable articles not accompanied by the resident upon arrival or to

be shipped in bond to another port for clearance and for which a claim for free entry, in whole or in part, is likely to be made under the \$200 or \$300 exemption.

(3) Customs Form 3351 shall not be issued to a returning resident who has used his entire allowable exemption upon arrival, except for the replacement of an article to be exchanged as provided for in paragraph (c) of this section.

(4) Unaccompanied shipments, except those containing prohibited or restricted merchandise, shall be released free of duty immediately after examination upon the presentation of properly completed customs Form 3351 by the consignee or his agent, or if the shipment or shipping papers are accompanied by a release on customs Form 3351, except that the collector may withhold release of the shipment until the claim for exemption is verified.

(5) In any case where the importer of a shipment arriving otherwise than by mail, claims any part of a shipment duty free under the \$200 or \$300 exemption, but is unable to produce a release on customs Form 3351, he shall be issued a customs Form 3351; upon completion of this form, the shipment shall be treated in the manner set forth in subparagraph (4) of this paragraph. Such shipments covered by mail entries shall be treated as set forth in § 9.10 (c) of this chapter.

(6) All claims for exemptions on customs Form 3351 and on the reverse side of duplicate copies of mail entries shall be subject to verification in the manner prescribed by the Commissioner of Customs. When the collector finds that a false claim for exemption has been made with intent to defraud the revenue, he shall take action under section 592 of the Tariff Act of 1930, in accordance with § 23.6 of this chapter.

TEMPORARY IMPORTATIONS UNDER BOND § 10.31 Entry; bond.

(a) Entry of articles brought into the United States temporarily and claimed to be exempt from duty under schedule 8, part 5C, Tariff Schedules of the United States, shall be made on customs Form 7501, except that, when § 10.36 is applicable or the aggregate value of the articles is not over \$250, the form prescribed for the informal entry of importations by mail, in baggage, or other, as the case may be, may be used. When entry is made on customs Form 7501, it shall be in original only except in the case of entries under item 864.05, in which case a duplicate copy shall be required for statistical purposes. In addition to the data usually shown on a regular consumption entry, there shall be set forth on each temporary importation bond entry (1) the item number under which entry is claimed, (2) a statement of the use to be made of the articles in sufficient detail to enable the collector to determine whether they are entitled to entry as claimed, and (3) a declaration that the articles are not to be put to any other use and that they are not imported for sale or sale on approval.

"1. The articles described in the provisions of this subpart, when not imported for sale or for sale on approval, may be admitted into the United States without the payment of duty, under bond for their exportation within 1 year from the date of importation, which period, in the discretion of the Secretary of the Treasury, may be extended, upon application, for one or more further periods which, when added to the initial 1 year, shall not exceed a total of 3 years, except that articles imported under item 864.75 shall be admitted under bond for their exportation within 6 months from the date of importation and such 6-months period shall not be extended.

"2. Merchandise may be admitted into the United States under item 864.05 only on condition that—

"(a) such merchandise will not be produced into the United States if such article is— (1) alcohol, distilled spirits, wine, beer, or any dilution or mixture of any or all of the foregoing;

warehouse, for consumption on or after August 28, 1949, for the official use of any person who is on duty in the United States, its Territories, or possessions as a member of the armed forces of any foreign country, or for the personal use of any such person or of any member of his immediate family. When collectors of customs have been advised officially of a finding by the Secretary of the Treasury that a foreign country does not reciprocate to members of the armed forces of the United States on duty in its country and members of their immediate families the privileges accorded its members and their families in the United States, the collectors shall accord to the personnel of such foreign government privileges under the law only to the extent to which the foreign government or governments accord similar treatment to members of the armed forces of the United States and members of their immediate families.

(b) If any question arises as to the status of the importer under the said item 820.40, 822.20 or 841.20, Tariff Schedules of the United States or whether articles entered thereunder are for official use or personal use, the collector shall report the available facts to the Bureau of Customs and await instructions. In the case of the entry for consumption or withdrawal from warehouse for consumption for personal use of alcoholic beverages in amounts in excess of one case per month per person entitled to the free entry privilege, an application in writing signed by the person entitled to the privilege shall be made to the collector of customs stating explicitly the reasons for the quantity requested. The application shall be approved by the officer or person in charge of the armed forces involved or a person designated specifically by such officer or person in charge as authorized to approve such requests. Questionable cases shall be referred to the Bureau for instructions.

(c) The entry requirements prescribed in the Tariff Act of 1930, as amended, and the regulations thereunder are applicable to articles for which free entry is claimed under the said item 820.40, 822.20 or 841.20, Tariff Schedules of the United States.

(d) No invoices shall be required for articles accorded free entry under the

(b) The collector, if he is satisfied as to the importer's identity and good faith, may admit a vehicle or craft brought in by a nonresident to take part in a race or other specific contest for which no money purse is awarded, under the provisions of item 864.35, Tariff Schedules of the United States, without formal entry or security for exportation. In such cases the collector shall issue to the importer a certificate on customs Form 4447, which shall be delivered with the article covered thereby to the customs officer at the port of exit at the time of departure. If at the time of arrival it appears that the article is likely to remain in the United States beyond 90 days, formal entry and bond shall be taken.

(c) When any article has been admitted without formal entry or security for exportation and the importer thereafter desires to prolong his stay beyond 90 days, an entry covering the article and security for its exportation shall be accepted at any port where the article may be presented for entry. Whenever an entry is substituted under the provisions of this paragraph for a certificate on customs Form 4447, the time during which the imported article may remain in the United States under the entry shall be computed from the date of its original arrival in the United States. The estimated duties for the purpose of fixing the amount of any bond required by paragraph (f) of this section shall be the estimated duties which would have been required to be deposited had the article been entered under an ordinary consumption entry on the date of the original arrival.

(d) In the case of a foreign-owned automobile or motorcycle, the registration card therefor may be taken up in lieu of the issuance of customs Form 4447, if the owner so desires, provided the collector is satisfied that the article concerned will leave the United States via the same route within 90 days.

(e) The entry or invoice shall describe each article in detail and set forth any marks or numbers thereon or other distinguishing features thereof, together with the value of each item. Examination of the articles shall be made whenever the circumstances warrant, and occasionally in any event to an extent which will enable the collector to determine that the importation is in agree-

ment with the invoice or entry as to identity and quantity and for the purpose of accepting the entry under the applicable provisions of schedule 8, part 5C, Tariff Schedules of the United States. No examination for the purpose of appraisal and no appraisal of the articles shall be made.

(f) A bond shall be given on customs Form 7563 in an amount equal to double the duties which it is estimated would accrue (or such larger amount as the collector of customs shall state in writing to the entrant is necessary to protect the revenue) had all the articles covered by the entry been entered under an ordinary consumption entry. A term bond on customs Form 7563-A, may also be given. Cash deposits in the amount of the bond may be accepted in lieu of sureties. When the articles are entered under item 864.20, 864.25, or 864.50, Tariff Schedules of the United States, without formal entry, as provided for in § 10.36, or the amount of the bond taken under any item of schedule 8, part 5C, Tariff Schedules of the United States is less than \$25, the bond shall be without surety or cash deposit and the bond form shall be modified to so indicate.

(g) Claim for free entry under schedule 8, part 5C, Tariff Schedules of the United States may be made for articles of any character described therein which have been previously entered under any other provision of law and the entry amended accordingly upon compliance with the requirements of this section, provided the articles have not been released from customs custody, or even though released from customs custody if it is established that the original entry was made on the basis of a clerical error, mistake of fact, or other inadvertence within the meaning of section 520(c)(1), Tariff Act of 1930, as amended, and was brought to the attention of the Customs Service within the time limits of that section. If an entry is so amended, the bond period shall be computed from the date of importation. In the case of articles covered by an informal mail entry, such a claim may be made within a reasonable time either before or after the articles have been released from customs custody.

(h) After the entry and bond have been accepted, the articles may be released to the importer. The entry shall

not be liquidated as the transaction does not involve liquidated duties.

#### § 10.33 Theatrical effects.\*

(a) In connection with the entry under bond of theatrical scenery, property, and apparel, a declaration of the manager or proprietor shall be required on customs Form 3325 in addition to the requirements of § 10.31.

(b) Animals imported for use or exhibition in theaters or menageries may be classified as theatrical properties.

(c) The term "theatrical scenery, properties, and apparel" shall not be construed to include motion-picture films.

#### § 10.34 Articles brought by professional artists, lecturers, or scientists.

In connection with the entry of works of art and other articles provided for in item 864.70, Tariff Schedules of the United States, brought in by professional artists, lecturers, or scientists, a declaration on customs Form 3325 shall be required in addition to the requirements of § 10.31.

#### § 10.35 Models of women's wearing apparel.

(a) Models of women's wearing apparel admitted under item 864.10, Tariff Schedules of the United States, shall not be removed from the importer's establishment for reproducing, copying, painting, sketching, or for any other use by others, nor be used in the importer's establishment for such purposes except by the importer or his employees.

(b) The importer shall file in connection with the entry a declaration stating, in addition to his name and business address, that he is a manufacturer; that the articles are imported solely as models for use in his own establishment and will be so used; that they are not imported for sale or for sale on approval; and that they will not be removed from such establishment for reproducing, copying, painting, or sketching by others, nor used in his establishment for such purposes except by him or his employees.

(c) Invoices covering models of women's wearing apparel entered under item 864.10 or 864.25 shall state the kind and color of the principal material from which the apparel is made, and shall

\* For regulations relating to return without formal entry of theatrical effects taken from the United States, see § 10.66.

contain a description of the lining and the trimming, stating whether composed of fur, lace, embroidery, or other material. Invoices shall also contain a statement as to how the trimming is applied, that is, whether on the cuffs, collar, sleeves, or elsewhere, and the total value of each completed garment or article.

(d) Models of women's wearing apparel entered under item 864.10 or 864.25 shall be marked for identification by means of a cord and lead or tin seal, the cord to be run through the article and all trimming thereon, where necessary, in such manner as to prevent the removal of the cord and seal without cutting the cord or injuring the article. A tag shall be attached to the cord, upon which shall be stated the name of the port at which the article was imported, the entry number, name of importer, and the number of the bond.

#### § 10.36 Commercial travelers' samples; professional equipment and tools of trade; theatrical effects and other articles.

(a) Samples accompanying a commercial traveler who presents an adequate descriptive list or a special customs invoice and professional equipment and tools of trade imported in his baggage for his own use by a nonresident sojourning temporarily in the United States may be entered on the importer's baggage declaration in lieu of formal entry and examination and may be passed under item 864.20 or item 864.50, Tariff Schedules of the United States, at the place of arrival in the same manner as other passengers' baggage. The examination may be made by an inspector who is qualified, in the opinion of the collector, to determine the amount of the bond required by § 10.31 (c) to be filed in support of the entry. If the articles are a commercial traveler's samples and exceed \$500 in value, a special customs invoice or a descriptive list shall be furnished.

(b) When the proprietor or manager of a theatrical exhibition arriving from abroad who has entered his scenery, properties, and apparel under item 864.65, Tariff Schedules of the United States, contemplates side trips to a contiguous country with the exhibition within the period of the bond, including any lawful extension, a copy of the entry covering the effects and a copy of a de-

scriptive list of such effects or invoice furnished by him may be certified by the examining officer and returned to the proprietor or manager for use in registering the effects with the customs officers at the port of exit, and in clearing them through customs on his return. Cancellation of the bond shall be effected in accordance with the provisions of § 10.38 at the time the theatrical effects are finally taken out of the United States before the expiration of the bond period, including any lawful extension. Similar treatment may be accorded articles entered under other items in schedule 8, part 5C, Tariff Schedules of the United States, upon approval by the Bureau.

(c) When a commercial traveler contemplates side trips to a contiguous country within the period of the bond, including any lawful extension, a copy of his baggage declaration and a copy of the descriptive list or special customs invoice furnished by him may be certified by the examining officer and returned to the traveler for use in registering the samples with customs officers at the port of exit, and in clearing them through customs upon his return. Cancellation of the bond shall be effected by exportation in accordance with the provisions of § 10.38 at the time the samples are finally taken out of the United States before the expiration of the bond period, including any lawful extension.

(d) The privilege of clearance of commercial travelers' samples or professional equipment or tools of trade imported for his own use by a nonresident sojourning temporarily in the United States on a baggage declaration under bond without surety or cash deposit shall not be accorded to a commercial traveler or such nonresident who, through fraud or culpable negligence, has failed to comply with the provisions of such a bond in connection with a prior arrival. Such a commercial traveler or nonresident shall be required to file a formal entry under item 864.20 or item 864.50, Tariff Schedules of the United States with a bond supported by a surety or cash deposit in lieu of surety.

(Sec. 498, 46 Stat. 728, as amended, sec. 101, 76 Stat. 72; 19 U.S.C. 1498; Sch. 8, pt. 5C, Tariff Schedules of the United States)

§ 10.37 Extension of bonds. A bond given to assure the exportation of a temporary importation entered un-

der schedule 8, part 5C, Tariff Schedules of the United States, may be extended for not more than two further periods of 1 year each, or such shorter period as may be appropriate, by the collector of customs at the port where the entry was filed, upon written application to such collector on customs Form 3173, provided the articles have not been exported or destroyed before the receipt of the application by the collector, and provided liquidated damages have not been assessed under the bond before such receipt.

§ 10.38 Exportation.

(a) Articles entered under a temporary importation bond may be exported at the port of entry or at another port. An application on customs Form 3495 shall be filed with the collector a sufficient length of time in advance of exportation to permit the examination and identification of the articles if circumstances warrant such action and, in such event, the applicant shall be notified on customs Form 3497 where the articles are to be sent for identification.

(b) All expenses in connection with the delivery of the articles for examination, the cording and sealing of such articles, and their transfer for exportation shall be paid by the parties in interest.

(c) If exportation is to be made at a port other than the one at which the merchandise was entered, the application on customs Form 3495 shall be filed in duplicate. There shall also be filed with the application a certified copy of the import entry or a certified copy of the invoice used on entry.

(d) If the goods are examined at one port and are to be exported at another port, they shall be forwarded to the port of exportation under a transportation and exportation entry. In such cases customs Form 3495 shall be filed in duplicate.

(e) If the articles are to be exported by mail or parcel post, the package containing the articles must be mailed under customs supervision after examination. Waiver of the right to withdraw the package from the mails shall be endorsed on each package to be so exported and signed by the exporter.

(f) Whenever the circumstances warrant, and occasionally in any event, collectors of customs shall cause the fact of exportation to be verified by the cus-

doms Agency Service in harmony with the procedures provided for in § 18.7 and 22.43 of this chapter.

§ 10.39 Cancellation of bonds.

(a) Bonds taken pursuant to schedule 8, part 5C, Tariff Schedules of the United States, may be canceled in the manner prescribed in § 25.15 of this chapter. In the case of articles entered under item 864.30, Tariff Schedules of the United States, which are destroyed because of their use for the purpose of importation, the bond shall not be canceled unless there is submitted to the collector a certificate of the importer that the articles were destroyed during the course of a specifically described use, and the collector is satisfied that the articles were so destroyed as articles of commerce within the bond period (including any lawful extension). Bonds covering articles entered under other provisions of law shall not be canceled upon proof of destruction, except as provided for in paragraph (c) of this section, unless the articles are destroyed under customs supervision in accordance with section 557, Tariff Act of 1930, as amended, and § 15.4 of this chapter.

(b) Where exportation has been made at a port other than the port of entry, the bond may be canceled from the port of exportation, showing that such exportation was made within the bond period. In addition, the collector may require the production of a landing certificate signed by a revenue officer of the country to which the merchandise is exported.

(c) When articles entered temporarily free of duty under bond are destroyed within the bond period by death, accidental fire, or other casualty, application for relief from liability under the bond shall be made to the Bureau of Customs. The application shall be accompanied by a statement of the importer, or other person having knowledge of the facts, setting forth the circumstances of the destruction of the articles.

(d) If any article entered under schedule 8, part 5C, Tariff Schedules of the United States, has not been exported or destroyed in accordance with the regulations in this part within the bond period (including any lawful extension), the collector shall make a demand in writing under the bond for the payment of liquidated damages equal to the entire

amount of the bond, except that if the entry covering the articles is charged against a term bond the demand shall be limited to an amount equal to double the estimated duties applicable to such entry. The written demand shall include a statement that a written application for relief from the payment of the full liquidated damages may be filed with the collector within 60 days after the date of the demand.

(e) If there has been default with respect to all the articles covered by the bond and a written application for relief is timely filed, it shall be transmitted to the Bureau with a full report of the facts, unless it is allowed by the collector in whole or in part in accordance with this regulation. If the full amount of liquidated damages demanded does not exceed \$20,000 and the collector is satisfied that the importation was properly entered under schedule 8, part 5C, and that there was no intent to defraud the revenue or delay the payment of duty, the collector may cancel the liability for the payment of liquidated damages as follows:

(1) If evidence is furnished which satisfies the collector that the article would have been entitled to free entry as domestic products exported and returned had the evidence been furnished at the time of entry, without the collection of liquidated damages.

(2) If the article has been exported or destroyed under customs supervision but not within the bond period, upon the payment of such lesser amount as the collector may deem appropriate under the law and in view of the circumstances, or without the collection of liquidated damages if the collector is satisfied that the delay in exportation or destruction was for the benefit of the United States or was occasioned wholly by circumstances reasonably beyond the control of the parties concerned and which could not have been anticipated by a reasonably prudent person.

(3) If the article was exported or destroyed within the bond period but not under customs supervision and satisfactory documentary evidence of actual exportation, such as a foreign landing certificate, or of death or other complete destruction, such as a veterinarian's certificate or certificates of two disinterested witnesses, are furnished together with a complete explanation by the applicant of

the failure to obtain customs supervision, upon the payment of such lesser amount as the collector may deem appropriate under the law and in view of the circumstances, or without the collection of liquidated damages if the collector is satisfied that the merchandise was destroyed under circumstances which precluded any arrangement to obtain customs supervision.

A declaration executed on the invoice by an agent competent to verify the value and the statements set forth in the invoice may be accepted as a sufficient compliance with this section. The declaration may be waived by the collector in any case in which he is satisfied that failure to produce it is not due to any lack of diligence or good faith on the part of the importer and that the information is not required for any purpose in connection with the classification and appraisal of the articles, provided the declaration of the owner in this country or of the person in this country importing otherwise than in pursuance of a purchase or agreement to purchase, required by paragraph (b) of this section, is supplemented by a statement of such owner or person, giving all the facts within his knowledge tending to show how long the articles have been in existence and where they were produced.

(b) A declaration on customs Form 3307, executed by (1) the owner in this country, (2) the person in this country importing otherwise than in pursuance of a purchase or agreement to purchase, or (3) a duly authorized agent or attorney of either of the foregoing who has knowledge of the pertinent facts shall also be filed in connection with the entry.

(c) Articles brought in as passenger's baggage and entitled to entry under the passenger's declaration and entry which are claimed to be entitled to free entry as antiques may be admitted free of duty upon the execution by the passenger of a declaration on Form 3307, provided the passenger is the owner of the articles and they are not for sale or other commercial use, and provided the collector, after examination by the appraising officer, is

satisfied that the articles are of the requisite age.

(d) Antiques, if of the age prescribed by items 766.20 and 766.25, Tariff Schedules of the United States, shall be admitted free of duty though repaired or renovated. If, however, an antique has been repaired with a substantial amount of additional material, without changing the original form or shape, the original and added portions shall be appraised and reported as separate entities and the basis for such report shall be plainly indicated on the invoice by the appraiser. In such cases duty shall be assessed on the portion added. If the repairs consist of an addition to an article of a feature which changes it substantially from the article originally produced, or if the antique portion has otherwise been so changed as to lose its identity as the article which was in existence prior to the time prescribed in items 766.20 and 766.25, Tariff Schedules of the United States, the entire article shall be excluded from free entry under items 766.20 and 766.25, Tariff Schedules of the United States.

(e) Furniture claimed to be free of duty under item 766.20 or 766.25, Tariff Schedules of the United States, except picture frames classifiable thereunder, may be entered for consumption only at the ports of Baltimore, Md., Boston, Mass., Chicago, Ill., Honolulu, Hawaii, Los Angeles, Calif., New Orleans, La., New York, N.Y., Philadelphia, Pa., San Francisco, Calif., and Seattle, Wash. However, such furniture may be entered at any port for transportation in bond to one of the ports named herein, or to any authorized place of deposit outside one of those ports, for examination and release, as contemplated by

"Except for picture frames, the provisions of items 766.20 and 766.25 do not apply to movable articles of convenience or decoration designed for use in furnishing a house, apartment, place of business or of accommodation, unless such articles are entered at ports designated by the Secretary of the Treasury for such purpose. Antique picture frames may be entered at any port of entry." (Schedule 7, Part 11B, headnote 2, Tariff Schedules of the United States.)

(f) A claim for the free entry of an article under items 766.20 and 766.25, Tariff Schedules of the United States on the basis of antiquity may be made on the entry, or filed after entry at any time prior to liquidation of the entry, provided the article has not been released from customs custody or it has been found upon examination before such release to be described in items 766.20 and 766.25, Tariff Schedules of the United States.

(g) In the case of furniture previously entered at a port not designated for the entry of antique furniture, a claim for free entry under items 766.20 and 766.25, Tariff Schedules of the United States shall not be considered after the appraiser has made his report in the case of articles not imported for sale, or after the examination of the articles for the purpose of appraisal or classification has begun in the case of articles imported for sale. If such a claim is made before that time at such port, the entry shall be canceled and, if the importer does not enter the articles for exportation or for shipment in bond to a port designated for the entry of antique furniture, the articles shall be treated as unclaimed.

(h) The additional duty of 25 percent imposed by item 766.30, Tariff Schedules of the United States, shall apply to any article which is imported for sale and claimed, either at the time of entry or at a later date, to be free of duty under items 766.20 and 766.25, Tariff Schedules of the United States if such article is later found to be unauthentic in respect of the antiquity claimed as a basis for such free entry, unless the claim under items 766.20 and 766.25, Tariff Schedules of the United States is withdrawn in writing before the examination of the

§ 10.54 Gobelin and other hand-woven tapestries.

(a) Pursuant to item 364.05, Tariff Schedules of the United States, Gobelin tapestries produced in the Manufacture Nationale des Gobelins factories at Paris and Beauvais under the direction and control of the French Government, and other hand-woven tapestries, shall be accorded free entry if of a kind fit only for use as wall hangings, and valued over \$20 per square foot.

(b) A certificate executed by the manager or other responsible employee of the Gobelin or other factory or producer establishing the character of the article shall accompany the invoice. If the absence of such a certificate is satisfactorily explained, other evidence establishing the necessary facts may be accepted.

VEGETABLE OILS

§ 10.56 Vegetable oils, denaturing; re-lease.

(a) Olive, palm-kernel, rapeseed, sunflower, and sesame oil shall be classifiable under items 176.28, 176.32, 176.44, 176.45, 176.49, or 176.54, Tariff Schedules of the United States, if denatured abroad or under customs supervision after importation but before release from customs custody, at the request and expense of the importer, by a formula prescribed by the Bureau, or if by their method of production abroad they are rendered unfit for use as food or for any but mechanical or manufacturing purposes.

(b) Each cask or package of oil claimed to have been before importation denatured or otherwise rendered unfit for use as food or for any but mechanical or manufacturing purposes shall be sampled and tested by an appraising officer.

(c) Formulas prescribed by the Bureau, except proprietary mixtures, will be circulated to all customs officers and will appear as abstracts of Bureau of Customs decisions published in the weekly Treasury Decisions. Proprietary mixtures approved by the Commissioner of Customs will not be published but appropriate notice of their approval will be given to all customs officers.

(d) The Bureau will from time to time prescribe additional formulas, and will consider any formula for special denaturing that may be submitted.

(e) The collector may, if he deems it advisable, require an importer requesting permission to use any authorized denaturant to submit to the appraiser an adequate sample of such denaturant, in order that the appraiser may report to the collector whether or not such denaturant is suitable for rendering the oil unfit for use as food or for any but mechanical or manufacturing purposes.

(f) No such oil shall be released free of duty until the appraiser shall have made a special report that it has been properly denatured and the owner or consignee shall have filed with the collector a declaration on customs Form 3339.

POTATOES, CORN, OR MAIZE

§ 10.57 Certified seed potatoes, and seed corn or maize.

Claim for classification as seed potatoes under item 137.20, Tariff Schedules of the United States, or as seed corn or maize under item 130.30, Tariff Schedules of the United States, shall be made at the time of entry. Such classification shall be allowed only if the articles are white or Irish potatoes, or maize or corn, imported in containers and if, at the time of importation, there is firmly affixed to each container an official tag supplied by the government of the country in which the contents were grown, or an agency of such government. The tag shall bear a certificate to the effect that the specified contents of the container were grown, and have been approved, especially for use as seed. The tag shall also bear a number or other symbol

identifying the potatoes or corn in the container with an inspection record of the foreign government or its agency on the basis of which the certificate was issued.

§ 10.58 Bolting cloths; marking.

(a) As a prerequisite to the free entry of bolting cloth for milling purposes under item 357.25, Tariff Schedules of the United States, the cloth shall be indelibly marked from selvaige to selvaige at intervals of not more than 4 inches with the words "bolting cloth expressly for milling purposes" in block letters 3 inches in height. Such cloth shall be allowed free entry only under the following conditions:

(1) Bolting cloths composed of silk imported expressly for milling purposes shall be considered only such cloths as are suitable for and are used in the act or process of grading, screening, bolting, separating, classifying, or sifting dry materials, or of dry materials mixed with water, if the water is merely a carrying medium.

Articles of foreign or domestic origin may be withdrawn, under such regulations as the Secretary of the Treasury may prescribe, from any customs bonded warehouse, from continuous customs customs elsewhere than in a bonded warehouse, or from a foreign-trade zone free of duty and internal-revenue tax, or from any internal-revenue bonded warehouse, from any brewery, or from any winery premises or bonded premises for the storage of wine, free of internal-revenue tax.

between the United States and its possessions, or between Hawaii and any other part of the United States or between Alaska and any other part of the United States, as the case may be, for the purpose of withdrawing supplies free of duty and internal-revenue tax pursuant to section 309(a), Tariff Act of 1930, as amended, unless it is—

(1) Operating on a regular schedule in a class of trade which entitles it to the privilege;

(2) Actually transporting passengers or merchandise to or from a foreign port, a port on the opposite coast of the United States, or between a port in a possession of the United States and a port in the United States or in another of its possessions, or between Hawaii and any other part of the United States or between Alaska and any other part of the United States;

(3) Departing in ballast (without cargo or passengers) from one port for another, domestic or foreign, for the purpose of lading passengers or cargo at the port of destination for carriage in a class of trade specified in section 309 (a),

trade between the United States and any of its possessions, or between Hawaii and any other part of the United States or between Alaska and any other part of the United States, where trade by foreign aircraft is permitted. With respect to articles for ground equipment, the exemption hereunder shall apply only to duties and to taxes imposed upon or by reason of importation.

"The provisions for free withdrawals made by this subsection (a) shall not apply to petroleum products for vessels or aircraft in voyages or flights exclusively between Hawaii or Alaska and any airport or Pacific coast seaport of the United States."

"(d) Reciprocal privileges. The privileges granted by this section and section 317 of this Act in respect of aircraft registered in a foreign country shall be allowed only if the Secretary of the Treasury shall have been advised by the Secretary of Commerce that he has found that such foreign country allows, or will allow, substantially reciprocal privileges in respect of aircraft registered in the United States. If the Secretary of Commerce shall advise the Secretary of the Treasury that he has found that a foreign country has discontinued, or will discontinue, the allowance of such privileges, the privileges granted by this section and such section 317 shall not apply thereafter in respect of aircraft registered in that foreign country." (Tariff Act of 1930, sec. 309, as amended; 19 U.S.C. 1309)

Tariff Act of 1930, as amended, for which class of trade the vessel is suitable and substantially ready for service with necessary fittings, outfit, and equipment already installed, on its departure in ballast, and from which it is not diverted prior to carriage of passengers or cargo in such trade. A written declaration of the owner or agent of the vessel may be required in connection with the withdrawal, certifying to the vessel's suitability and substantial readiness with necessary fittings, outfit, and equipment already installed on its departure in ballast for service in a class of trade specified in section 309 and agreeing to notify the collector if it is laid up or diverted from such class of trade prior to the carriage of cargo or passengers in such trade.

(b) A withdrawal of articles may not be made under section 309, Tariff Act of 1930, as amended, for use on a trial or test trip of a vessel preparatory to its actually engaging in trades.

(c) The classes of articles which may be withdrawn as provided for by section 309, Tariff Act of 1930, as amended, include the containers in which the articles are withdrawn and laden even though for tariff purposes the containers are classifiable separately from their contents, except unusual containers within the purview of general headnote 6, Tariff Schedules of the United States.

(d) For the purpose of allowing the privileges of section 309, Tariff Act of 1930, as amended, to aircraft as provided for therein, an aircraft shall be deemed to be a vessel within the meaning of each provision of this section and of §§ 10.60-10.64 which may be applied to aircraft.

(e) Vessels of the United States documented to engage in the fisheries and foreign fishing vessels of 5 net tons or over may be allowed to withdraw distilled spirits (including alcohol), wines, and beer conditionally free under section 309 of the Tariff Act of 1930, as amended, if the collector is satisfied from the quantity requested, in the light of (1) whether the vessel is employed in substantially continuous fishing activities, and (2) the vessel's complement, that none of the withdrawn articles is intended to be removed from the vessel in, or otherwise returned to, the United States without the payment of duty or tax. Such withdrawal shall be permitted only after the approval by the collector of a special written application,

in duplicate, on customs Form 5126, of the withdrawer, supported by a bond on customs Form 7603 executed by the withdrawer. Such application shall be filed with customs Form 7506 or 7512, as the case may be. The original application, after approval, shall be stamped with the withdrawal number and date thereof and shall be returned to the withdrawer for use as prescribed below. Approval of each such application shall be subject to the condition that the original shall be presented thereafter by the withdrawer or the vessel's master to the collector within 24 hours (excluding Saturday, Sunday, and holidays) after each subsequent arrival of the vessel at a customs port or station and that an accounting shall be made at the time of such presentation of the disposition of the articles until the collector is satisfied that all of them have been consumed on board, or landed under customs supervision, and takes up the authorization. The approval shall be subject to the further conditions that any such withdrawn article remaining on board while the vessel is in port shall be safeguarded in the manner and to such extent as the collector for the port or place of arrival shall deem necessary and that failure to comply with the conditions upon which a conditionally free withdrawal is approved shall subject the total quantity of withdrawn articles to the assessment and collection of an amount equal to the duties and taxes that would have been assessed on the entire quantity of supplies withdrawn had such supplies been regularly entered, or withdrawn, for consumption.

(Sec. 309(a), 46 Stat. 690, as amended; 19 U.S.C. 1309(a))

§ 10.60 Forms of withdrawals; bond.

(a) Withdrawals from warehouse shall be made on customs Form 7506. Each withdrawal shall contain the statement prescribed for withdrawals in § 8.37(b) of

Exemption from internal-revenue tax on distilled spirits, alcohol, wines, and beer removed from any internal-revenue bonded warehouse, industrial alcohol, premises, bonded wine cellar, or brewery; and drawn on tarpaid distilled spirits or wines removed from an export storage room, or on tarpaid beer removed from a brewery (or place of storage elsewhere), for use as supplies on vessels under section 309, Tariff Act of 1930, as amended, are governed by regulations of the Internal Revenue Service.

(b) For supplies (including equipment) or repair of (A) vessels of war of any foreign nation, or (B) foreign vessels employed in the fisheries or in the whaling business, or actually engaged in foreign trade or trade between the United States and any of its possessions, or between Hawaii and any other part of the United States or between Alaska and any other part of the United States, where such trade by foreign vessels is permitted; or

this chapter. Withdrawals from continuous customs custody elsewhere than in a bonded warehouse shall be made on customs Form 7512, except as provided for by paragraph (h) of this section. When a withdrawal of supplies or other articles is made which may be used on a vessel while it is proceeding in ballast to another port as provided for by § 10.59 (a) (3), a notation of this fact shall be made on the withdrawal and the name of the other port given if known.

(b) If the withdrawal is made by other than the principal on the warehouse or rewarehouse entry, as the case may be, the assent of such principal shall be endorsed on the withdrawal, unless the principal has otherwise authorized such withdrawal in writing.

(c) A bond on customs Form 7561 or other appropriate form shall be taken when the withdrawal from warehouse is made by a person other than the principal on the warehouse or rewarehouse entry, as provided for in paragraph (b) of this section.

(d) When the supplies are to be laden at a port other than the port of withdrawal from warehouse, they shall be withdrawn for transportation in bond to the port of lading. Three copies of the manifest on customs Form 7512, in addition to six copies of the withdrawal on customs Form 7506, shall be required. The procedure shall be the same as that prescribed in § 18.19 (b) of this chapter (the six copies of customs Form 7506 taking the place of the entry copies of customs Form 7512).

(e) No bond shall be required in the case of war vessels.

(f) Unless transfer is permitted under the provisions of paragraph (h) of this section, when articles are withdrawn from continuous customs custody elsewhere than in a bonded warehouse for lading at the port of withdrawal, the procedure provided for in § 18.25 of this chapter shall be followed, except that the bond required shall be on customs Form 7557, 7559, or 7595. Unless transfer is permitted under the provisions of paragraph (h) of this section, when articles are withdrawn from continuous customs custody elsewhere than in a bonded warehouse for lading at another port, the procedure set forth in § 18.26 of this chapter shall be followed, except that the withdrawal when filed shall be submitted in the class of trade checked below

ported by a bond on customs Form 7557, 7559, or 7595. There shall be such examination of the articles as may be necessary to satisfy the collector that they are subject to the privileges of section 309, Tariff Act of 1930, as amended, and that the value and quantity declared for them are correct.

(g) A withdrawal under § 10.59 (e) shall be supported by a bond on customs Form 7603 in lieu of any other bond.

(h) If a request is made for permission to transfer supplies or stores from one vessel to another which would be entitled to withdraw them free of duty and tax under section 309 or 317, Tariff Act of 1930, as amended, the collector in his discretion may permit the articles to be so transferred under customs supervision under a permit on customs Form 3171 in lieu of a formal withdrawal under the pertinent statute. In such a case, the pertinent statute shall be indicated by an endorsement made on the permit by the collector.

#### § 10.61 Withdrawal permit.

Upon the filing of the withdrawal and the execution of the bond, when required, the collector shall issue a permit on customs Form 7506 or 7512.

(iii) The date the oil was laden on his vessel; and

(iv) The quantity of the oil remaining on his vessel after delivery to the vessel on which the oil is to be used.

(2) A legible copy of the receipt given to the master or person in charge of the delivering vessel by the receiving officer of the vessel on which the oil is to be used, showing—

Supplies or stores laden on a vessel duty and tax free under section 309, Tariff Act of 1930, as amended, may be landed under customs supervision under proper permit, the same as if they had been laden in a foreign country. See §§ 4.39 and 23.4 of this chapter. Except when transfer to another vessel entitled to the free withdrawal privilege is permitted under the original withdrawal under section 309, Tariff Act of 1930, as amended, the landed articles shall be

If the vessel is not operated by the United States and proceeds in ballast from the port where the articles are laden to another port to land passengers or cargo for carriage in a class of trade specified in section 309, Tariff Act of 1930, as amended, the bond may be credited or canceled upon the filing with the collector at the port of withdrawal within 3 months after the date of withdrawal of a proper declaration as prescribed below. The declaration shall be executed by one of the following who has knowledge of the facts:

(1) The operations manager or port captain for the vessel on which the articles are laden but not a representative of the supplier.

(2) The master or other officer of the vessel on which the articles are laden.

The declaration shall be in substantially the following form:

Any article exempted from duty or tax, or in respect of which drawback has been allowed, under this section or section 317 of this Act and thereafter removed in the United States from any vessel or aircraft, or otherwise returned to the United States, shall be treated as an importation from a foreign country.

(b) If it is shown to be impracticable to produce the certificate of exportation required under paragraph (a) (1) of this section, the collector may accept other satisfactory evidence of exportation, or may take a bond to secure the production of such certificate or other evidence. A bond shall also be taken to secure the production of the foreign shipper's declaration required by paragraph (a) (2) of this section if it is not filed at the time of entry.

(c) If, prior to the exportation of articles claimed to be exempt from duty under item 802.20 or item 802.30, Tariff Schedules of the United States, an application on customs Form 4455 (accompanied by an appropriate inventory, when required by law or by the collector or appraiser) was filed with a declaration thereon that any right to drawback of customs duties with respect to that shipment was waived, and that any internal-revenue tax due has been paid, and no refund thereof will be sought, and the merchandise was identified, registered, and exported in accordance with the regulations set forth in § 10.3 (d), (f), (g), and (h) governing the exportation

In such event, the withdrawal shall be retained by the customs warehouse officer until delivery receipts are obtained for the entire quantity covered by the withdrawal, provided the total period of time during which the merchandise remains in bonded warehouse does not exceed 3 years. The bond on customs Form 7561 or other appropriate form, when required, shall be filed at the time of or prior to the removal of any of the merchandise from the warehouse for delivery to the vessel on which it is to be used.

(4) Merchandise for which blanket withdrawals are filed shall be stored in a separate room or enclosure in a bonded warehouse under separate locks, and shall be inventoried at least once each month. (e) The invoice filed with the entry shall contain or be supported by a detailed statement of the cost of production, in the country where made, of each master record or metal matrix covered thereby.

(f) A bond on customs Form 7563 shall be filed in connection with each entry. Such bond shall contain an added condition that the principal shall export all the sound records made with the use of imported master records, or metal matrices obtained from master records, covered by the entry and that the principal shall not sell, expose for sale, or use any of the said articles contrary to law and the regulations issued thereunder; or in default thereof that the obligors shall pay an amount equal to the lawful duties which would have accrued on the merchandise.

(g) If and when the application is approved, entries already filed and future entries shall be liquidated in due course without the assessment of duty, but liability on bonds given with the entries shall be discontinued with respect to any article covered thereby only upon payment of liquidated damages in an amount equal to the duties which would have accrued had the master records or metal matrices been imported for use otherwise than in the manufacture of sound records for export purposes, or upon satisfactory proof that the master records or metal matrices obtained therefrom have been exported or destroyed under customs supervision, and that all sound records made with the use of such articles have been exported.

Imported playing cards bearing the required stamps affixed abroad may be treated the same as any importation subject only to duty.

(b) The immediate containers of reimported domestic playing cards which are subject to a duty equal to an internal-revenue tax shall be stamped by the customs inspector with a rubber hand stamp bearing the legend—"U.S. Customs—American goods returned—Inspector," to denote the payment of duty equal to the internal-revenue tax. MARKING

§ 11.8 Marking of articles and containers to indicate name of country of origin.

(a) The term "country" as used in section 304, Tariff Act of 1930, as amended, requiring the marking of articles, contents, forfeited to the United States; (19 U.S.C. 467)

"Beverages in this subpart, containing over 24 percent of ethyl alcohol by volume when imported, are classed as spirits under item 168.50" (Schedule 1, part 12C, heading 1, Tariff Schedules of the United States.)

"Except as hereinafter provided, every article of foreign origin (or its container, as provided in subsection (b) hereof) imported into the United States shall be marked in a conspicuous place as legibly, indelibly, and permanently as the nature of the article (or container) will permit in such manner as to indicate to an ultimate purchaser in the United States the English name of the country of origin of the article. The Secretary of the Treasury may by regulations—

(1) Determine the character of words and phrases or abbreviations thereof which shall be acceptable as indicating the country of origin and prescribe any reasonable method of marking, whether by printing, stenciling, stamping, branding, labeling, or by any other

articles to indicate the country of origin, shall be considered to mean the political entity known as a nation. Colonies, possessions, or protectorates, outside the boundaries of the mother country shall be considered separate countries. The name of any such colony, possession, or protectorate shall be considered acceptable marking, except when the Bureau finds that the name is not sufficiently well known to insure that the ultimate purchasers will be fully informed of the country of origin, or where the name appearing alone may cause confusion, deception, or mistake.

(b) The marking required by such section 304 shall include the English name of the country of origin, unless other marking to indicate the English name of the country of origin is specifically authorized by the Bureau. The adjectival form of the name of a country shall be accepted as a proper indication of the name of a country of origin, of imported merchandise, provided the adjectival form of the name does not appear with other words so as to refer to a kind or species of product. For example, such terms as "English walnuts" or "Brazil nuts" are unacceptable. Variant spellings which clearly indicate the English name of the country of origin, such as, Brazil for Brazil and Italie for Italy, are acceptable. Abbreviations which unmistakably indicate the name of a country, such as "Gt. Britain" for "Great Britain" and "Br. N. Borneo" for "British North Borneo," are acceptable.

(c) The country of manufacture or production shall be considered the country of origin. Further work or material added to an article in another country must affect a substantial transformation in order to render such other country the "country of origin" within the meaning of this section.

reasonable method, and a conspicuous place on the article (or container) where the marking shall appear; . . ." (Tariff Act of 1930, sec. 304 (a) as amended; 19 U. S. C. 1304 (a))

In such cases, the Bureau will specify in decisions which will be published in the weekly Treasury Decisions the additional marking to be used in conjunction with the name of the colony, possession, or protectorate.

Notices of acceptable markings other than the English name of the country of origin will be published from time to time in the Treasury Decisions.

(d) Subject to the exceptions specified in section 304(a) (3), Tariff Act of 1930, as amended, articles such as knives, clip-pers, shears, safety razors, surgical instruments, scientific and laboratory instruments, pliers, pincers, and parts thereof, and vacuum containers and parts thereof shall be marked legibly and conspicuously to indicate its origin by die stamping, cast-in-the-mold lettering, etching (acid or electrolytic), engraving, or by means of metal plates which bear the prescribed marking and which are securely attached to the article in a conspicuous place by welding, screws, or rivets. The articles described above are classifiable under the following items of the Tariff Schedules of the United States:

545.31	709.13
545.34-545.35	709.16
545.37	709.19-709.27
648.63	709.56
648.71	710.04
648.73	710.08
648.75	710.12
648.81	710.36
648.85	710.42
648.91	710.50
649.71-650.49	710.60
650.61-650.75	710.61
650.79-650.91	710.63
651.13	710.76
660.90	710.80
661.70	711.08
661.90	711.26
661.95	711.42
683.40	711.45
683.95	711.88
684.40	712.15
686.70	712.20
708.78	712.50
708.82	726.10
709.07	

In the case of other classes of articles, the exact method of marking to meet the requirements of section 304, Tariff Act of 1930, as amended, is not specified in these regulations or elsewhere. When an article not classifiable under an item specified above is required to be marked under section 304 to indicate its origin, any method of legible and conspicuous marking is acceptable which will remain on the article (or its container, when the container and not the article is required to be marked) until it reaches the ultimate purchaser. The marking must in all cases be legible and conspicuous and of a degree of permanency which will assure that in any reasonably foreseeable circumstance the marking, unless it is deliberately re-

moved, will remain on the article (or its container) until it is

moved, will remain on the article (or its container) until it reaches the ultimate purchaser. For example, if chinaware is marked by means of paper sticker labels, the labels, legibly indicating the English name of the country of origin, must be affixed to the chinaware in a conspicuous place and so securely that unless deliberately removed they will remain on the display and until it is in storage or on purchaser at retail or other ultimate purchaser. Similarly, when tags are used, the tags, legibly indicating origin, must be attached in a conspicuous place and in a manner which assures that unless deliberately removed they will remain on the article until it reaches the ultimate purchaser.

(e) If an imported article is to be used in the United States in the manufacture of an article having a name, character, or use differing from that of the imported article, the principle of the decision in *Thomson Co., Inc. (C. A. D. 98)* will apply to such imported article. Under this principle, the manufacturer or processor in the United States who will convert or combine the imported article into the different article will be considered the "ultimate purchaser" of the imported article within the contemplation of section 304 (a), Tariff Act of 1930, as amended.

(f) Articles of foreign manufacture or production imported into any possession of the United States outside its customs territory (section 401 (k), Tariff Act of 1930, as amended) and reshipped to the

"ultimate purchaser" in every circumstance. Broadly stated, an "ultimate purchaser" may be defined as the last person in the United States who will receive the article in the form in which it was imported. If an imported article will be used in manufacture, the manufacturer is the "ultimate purchaser." If an article is to be sold at retail in its imported form, the purchaser at retail is the "ultimate purchaser." A person who subjects an imported article to a process which results in a substantial transformation of the article, even though the process may not result in a new or different article, may be an "ultimate purchaser" in certain circumstances; but if the process is merely a minor one which leaves the identity of the imported article intact, the consumer or user of the article, who purchases it after the processing, will be regarded as the "ultimate purchaser."

United States are subject to all marking requirements applicable to like articles of foreign origin imported directly from a foreign country to the United States. (g) When an imported article is of a kind which is usually combined with another article subsequent to importation but before delivery to an ultimate purchaser, and the name indicating the country of origin of the article appears in a place on the article so that the name will be visible after such combining, the marking shall include, in addition to the name of the country of origin, words or symbols which shall clearly show that the origin indicated is that of the imported article only and not that of any other article with which the imported article may be combined subsequent to importation. For example, bottles, drums, or other containers imported empty, to be filled in the United States, shall be marked with such words as "Bottle (or drum or container) made in (name of country)." Labels and similar articles so marked that the name of the country of origin of the article is visible after it is affixed to another article in this country shall be marked with additional descriptive words such as "Label made (or printed) in (name of country)" or words of similar import. This paragraph shall not apply to articles of a kind which are ordinarily so substantially changed in this country that the articles in their changed condition become products of the United States. An article excepted from marking under § 11.10 is not within the scope of section 304 (a) (2), Tariff Act of 1930, as amended, and is not subject to the requirements of this paragraph.

(h) In the case of containers required to be marked in accordance with section 304 (b), Tariff Act of 1930, as amended, See sec. 304 (a) (2), Tariff Act of 1930, as amended; 19 U. S. C. 1304 (a) (2). "Whenever an article is excepted under subdivision (3) of subsection (a) of this section from the requirements of marking, the immediate container, if any, of such article, or such other container or containers of such article as may be prescribed by the Secretary of the Treasury, shall be marked in such manner as to indicate to an ultimate purchaser in the United States the English name of the country of origin of such article, subject to all provisions of this section, including the same exceptions as are applicable to articles under subdivision (3) of subsection (a). If articles are excepted from marking

the container to be marked shall be the outermost container in which the article ordinarily reaches the ultimate purchaser.

(i) If an article is excepted under § 11.10 from the marking requirements, its container shall be marked to indicate the country of origin of the contained article, unless the container is exempt from marking by reason of the second sentence of section 304 (b), Tariff Act of 1930, as amended, or because the container itself is within an exception covered by § 11.10. This requirement applies even though the excepted article is itself actually marked to indicate the country of its origin.

(j) Containers or holders for imported merchandise subject to treatment as imported articles within the purview of general headnote 6, Tariff Schedules of the United States, shall be marked to indicate clearly the country of their own origin in addition to any marking which may be required to show the country of origin of their contents.

(k) The duty of 10 percent provided for in subsection (c) of section 304, Tariff Act of 1930, as amended, accrues

requirements under clause (F), (G), or (H) of subdivision (3) of subsection (a) of this section, their usual containers shall not be subject to the marking requirements of this section. Usual containers in use as such at the time of importation shall in no case be required to be marked to show the country of their own origin." (Tariff Act of 1930, sec. 304 (b), as amended; 19 U. S. C. 1304 (b))

"If at the time of importation any article (or its container, as provided in subsection (b) hereof) is not marked in accordance with the requirements of this section, and if such article is not exported or destroyed or the section (b) hereof) marked after importation in accordance with the requirements of this section (such as exportation, destruction, or marking to be accomplished under customs supervision prior to the liquidation of the entry covering the article, and to be allowed whether or not the article has remained in continuous customs custody), there shall be levied, collected, and paid upon such article a duty of 10 per centum ad valorem, which shall be deemed to have accrued at the time of importation, shall not be construed to be penal, and shall not be remitted wholly or in part nor shall payment thereof be avoidable for any cause. Such duty shall be levied, collected, and paid in addition to any other duty imposed by law and whether or not the article is exempt from the payment

upon merchandise not legally marked, exported, or destroyed prior to the liquidation of the entry covering it and shall be assessed upon the dutiable value as defined in section 503, Tariff Act of 1930, as amended. The 10 percent additional duty is assessable for failure either to mark the article (or container) to indicate the English name of the country of origin of the article or to include words or symbols required to prevent deception or mislake. When an article is to be exported or destroyed, or the article (or its container) is to be marked under customs supervision, under subsection (c) of such section 304, the identity of the imported article shall be established to the satisfaction of the collector.

(l) No article which has been repacked under § 19.8 of this chapter, manipulated under section 562, Tariff Act of 1930, as amended, or manipulated (but not manufactured) in a foreign-trade zone as provided for in § 30.12 of this chapter shall be withdrawn for consumption unless such article (or its container) is marked in accordance with the provisions of section 304, Tariff Act of 1930, as amended, at the time of withdrawal or transfer to customs territory, except when the article and its container were exempt at the time of importation from marking by reason of § 11.10.

(m) The compensation of customs officers and employees assigned to supervise the exportation, destruction, or marking of articles so as to exempt them from the application of marking duties shall be computed in accordance with § 19.5 (b) of this chapter, except to the extent that such supervision is performed by a customs officer or employee in an overtime status, in which case the com-

ordinary customs duties. (Tariff Act of 1930, sec. 304 (c), as amended; 19 U. S. C. 1304 (c))

"No imported article held in customs custody for inspection, examination, or appraisal shall be delivered until such article and every other article of the importation (or their containers), whether or not released from customs custody, shall have been marked in accordance with the requirements of this section or until the amount of duty estimated to be payable under subsection (e) of this section has been deposited. Nothing in this section shall be construed as excepting any article (or its container) from the particular requirements of marking provided for in any other provision of law." (Tariff Act of 1930, sec. 304 (d), as amended; 19 U. S. C. 1304 (d))

§ 11.9 Special marking on certain articles.

(a) No movement, case, or dial provided for in schedule 7, part 2E, Tariff Schedules of the United States, shall be released for consumption until marked in exact compliance with the requirements of headnote 4 of that subpart. If any article so required to be marked is found not to be marked to indicate the country of origin, the 10 percent marking duty shall be assessed, unless such marking is accomplished or the merchandise is exported or destroyed under customs supervision prior to the liquidation of the entry, in accordance with the provisions of section 304(c), Tariff Act of 1930, as amended.

“(b) The compensation and expenses of customs officers and employees assigned to supervise the exportation, destruction, or marking to exempt articles from the application of the duty provided for in this subsection shall be reimbursed to the Government by the importer.” (Tariff Act of 1930, sec. 304 (c), as amended; 19 U. S. C. 1304 (c))

(b) The name of the manufacturer or purchaser which must appear on articles provided for in schedule 7, part 2E, Tariff Schedules of the United States, and specified in headnote 4 of that subpart, may be either the actual name of the manufacturer or purchaser or a duly registered trade name under which such manufacturer or purchaser carries on his business. A trade-mark shall not be accepted as meeting any such special marking requirement unless it includes the full name of the manufacturer or purchaser. The term “purchaser” as used in this paragraph means the purchaser in the United States by whom or for whose account the articles are imported.

§ 11.10 Exceptions to marking requirements.

- (a) Articles within any specification in section 304(a) (3), Tariff Act of 1930, as amended, are hereby excepted from marking, if:
  - “(1) The Secretary of the Treasury may by regulations—
    - “(A) Authorize the exception of any article from the requirements of marking if—
      - “(a) Such article is incapable of being marked;
      - “(b) Such article cannot be marked prior to shipment to the United States without injury;
      - “(c) Such article cannot be marked prior to shipment to the United States, except at an expense economically prohibitive of its importation;

      - “(e) Such article is a crude substance;
      - “(f) Such article is imported for use by the importer and is not intended for sale in its imported or any other form;

      - “(h) An ultimate purchaser, by reason of the character of such article or by reason of the circumstances of its importation, must necessarily know the country of origin of such article even though it is not marked to indicate its origin;
      - “(i) Such article was produced more than twenty years prior to its importation into the United States;
      - “(j) Such article is of a class or kind with respect to which the Secretary of the Treasury has given notice by publication in the Weekly Treasury Decision within two years after July 1, 1937, that articles of such class

the requirement of marking. The marking of the container of an article will reasonably indicate the origin of such article within the meaning of section 304(a) (3) (D) if the article is imported (or repacked under section 562, Tariff Act of 1930, as amended) in a container which will reach the ultimate purchaser in the United States unopened. An article which is to be processed in the United States by the importer or for his account shall not be considered to be within the specifications of section 304 (a) (3) (G) if there is a reasonable method of marking which will not be obliterated, destroyed, or permanently concealed by such processing. The exceptions under section 304 (a) (3) (J) are set forth in T. D. 49690, T. D. 49835, T. D. 49896, and T. D. 54167.

- (b) The following articles and their containers are not subject to the marking requirements of section 304, as amended, or the requirements of § 11.9 of these regulations:

S. C., 1934 edition, title 19, sec. 1351-1354), as extended; or

“(k) Such article cannot be marked after importation except at an expense which is economically prohibitive, and the failure to mark the article before importation was not due to any purpose of the importer, producer, seller, or shipper to avoid compliance with this section.” (Tariff Act of 1930, sec. 304 (a) (3), as amended; 19 U. S. C. 1304 (a) (3))

§ 11.11 Disposition of articles not properly marked.

(a) The appraiser, acting for the collector, shall notify the importer on customs Form 4647 to arrange with the collector's office to properly mark the articles or containers found upon examination not to be legally marked, or to return the unexamined packages to customs custody for exportation, or destruction. Such marking, exportation, or destruction shall be at the expense of the importer and under customs supervision.

(b) Articles (or containers) in examination packages may be marked in appraiser's stores by the importer in accordance with the provisions of section 304, Tariff Act of 1930, as amended, or the requirements of § 11.9 of the regulations of this part. If it is impracticable to mark such articles (or containers) in the appraiser's stores, the merchandise may be turned over to the importer for proper marking upon the deposit of adequate security to insure compliance with the marking requirements and the payment of any additional expense which will be incurred on account of customs supervision. If such merchandise is not exported, destroyed, or properly marked by the importer within a reasonable time, it shall be sent to general-order stores unless covered by a warehouse entry, and, if not exported within 1 year from the date of entry, shall be sold as abandoned merchandise upon the condition that it be marked by the purchaser under customs supervision or exported under such supervision.

(c) If in any case articles subject to marking, which have been released from customs custody, are not returned or properly marked within 30 days from the date of the requisition therefor, the collector shall demand payment of the liquidated damages incurred under the bond in an amount equal to the entered value of the articles not returned, plus any estimated duty thereon as determined at the time of entry. If payment is not made or an application for relief from such payment is not filed within the period prescribed in § 25.15 (e) of this chapter, the collector shall proceed in accordance with the provisions of that section. lector is not fully satisfied that they have been brought into compliance with the Fur Products Labeling Act, appropriate action shall be taken to effect the collection of liquidated damages in an amount equal to the entered value of the merchandise not redelivered, plus the estimated duty thereon as determined at the time of entry, unless the owner or consignee shall file with the appropriate customs officer an application for cancellation of the liability incurred under the bond upon the payment as liquidated damages of a lesser amount than the full amount of the liquidated damages incurred, or upon the basis of such other terms and conditions as the Secretary of the Treasury may deem sufficient. The application shall contain a full statement of the reasons for the requested cancellation and shall be in duplicate.

(f) If any fraudulent violation of the act with respect to imported articles comes to the attention of a collector of customs, the involved merchandise shall be placed under seizure, or a demand shall be made for the redelivery of the merchandise if it has been released from customs custody, and the case shall be reported to the Federal Trade Commission, Washington 25, D. C.

An invoice or other paper, containing the specified information may be used in lieu of a label where the textile product is not in the form intended for sale, delivery to, or for use by the ultimate consumer. Rule 31 of the Federal Trade Commission (16 CFR 303.31).

(b) If imported fiber products are not correctly labeled and the collector is satisfied that the error or omission involved no fraud or willful neglect, the importer shall be afforded a reasonable opportunity to label the merchandise under customs supervision to conform with the requirements of such Act and the rules and regulations of the Federal Trade Commission. **§ 11.12a Labeling of fur products to indicate composition.**

(a) Fur products imported into the United States shall have affixed thereto a label as required by section 4 of the Fur Products Labeling Act (15 U.S.C. 69b) and the rules and regulations promulgated thereunder by the Federal Trade Commission (16 CFR 301.1-301.49). The term "fur product" means any article of wearing apparel made in whole or in part of fur or used fur; except that such term shall not include such articles as the Federal Trade Commission shall exempt by reason of the relatively small quantity or value of the fur or used fur contained therein.

(b) If imported fur products are not correctly labeled and the collector is satisfied that the error or omission involved no fraud or willful neglect, the importer shall be afforded a reasonable opportunity to label the merchandise under customs supervision to conform with the requirements of such act and the rules and regulations of the Federal Trade Commission. The compensation and expenses of customs officers and employees assigned to supervise the labeling shall be reimbursed to the Government and shall be assessed in the same manner as in the case of marking of country of origin, § 11.8(m).

(c) Packages of fur products subject to the provisions of this section which are not designated for examination may be released pending examination of the designated packages, but only if there shall have been filed in connection with the entry the usual customs single entry or term bond in such amount as is prescribed for such bonds in §§ 25.3 and 25.4 of this chapter.

(d) The collector of customs shall give written notice to the importer of any lack of compliance with the Fur Products Labeling Act in respect of an importation of fur products, and pursuant to § 8.26 of this chapter shall demand the immediate return of the involved products to customs custody, unless the lack of compliance is forthwith corrected.

(e) If the products covered by a notice and demand given pursuant to paragraph (d) of this section are not promptly returned to customs custody and the col-

ences of customs officers and employees assigned to supervise the labeling shall be reimbursed to the Government and shall be assessed in the same manner as in the case of marking of country of origin, § 11.8 (m).

(c) Packages of wool products subject to the provisions of this section which are not designated for examination may be released pending examination of the designated packages, but only if there shall have been filed in connection with the entry the usual customs single entry or term bond in such amount as is prescribed for such bonds in §§ 25.3 and 25.4 of this chapter.

(d) The collector of customs shall give written notice to the importer of any lack of compliance with the Wool Products Labeling Act of 1939 in respect of an importation of wool products, and pursuant to § 8.26 of this chapter shall demand the immediate return of the involved products to customs custody, unless the lack of compliance is forthwith corrected.

(e) If the products covered by a notice and demand given pursuant to paragraph (d) of this section are not promptly returned to customs custody and the collector is not fully satisfied that they have been brought into compliance with the Wool Products Labeling Act of 1939, appropriate action shall be taken to effect the collection of liquidated damages in an amount equal to the entered value of the merchandise not redelivered, plus the estimated duty thereon as determined at the time of entry, unless the owner or consignee shall file with the appropriate customs officer an application for cancellation of the liability incurred under the bond upon the payment as liquidated damages of a lesser amount than the full amount of the liquidated damages incurred, or upon the basis of such other terms and conditions as the Secretary of the Treasury may deem sufficient. The application shall contain a full statement of the reasons for the requested cancellation and shall be in duplicate.

(f) If any fraudulent violation of the act with respect to imported articles comes to the attention of the collector of customs, the involved merchandise shall be placed under seizure, or a demand shall be made for the redelivery of the merchandise if it has been released from customs custody, and the case shall

will be contingent upon the showing made concerning diligence and good faith shown by the importer in attempting to secure compliance with the marking requirements.

(d) If a written application for relief is timely filed, such application, together with a full report of the facts, shall be transmitted to the Bureau for decision, except that in cases involving only marking under section 304 of the tariff act, as amended, if the full amount of liquidated damages incurred for failure to redeliver does not exceed \$20,000, collectors of customs are hereby authorized to cancel the liability incurred without the collection of liquidated damages, provided the marking duty due under that section of the tariff act has been deposited, and the collector is satisfied that the importer was not guilty of negligence or bad faith in permitting the not-properly-marked articles to be distributed, has been diligent in attempting to secure compliance with the marking requirements, and has attempted by all reasonable means to effect redelivery.

(Secs. 304, 623, 46 Stat. 687, as amended, 799, as amended; 19 U.S.C. 1304, 1623)

The term "wool product" means any product, or any portion of a product, which contains, purports to contain, or in any way is represented as containing wool, reprocessed wool, or reused wool.

(b) If imported wool products are not correctly labeled and the collector is satisfied that the error or omission involved no fraud or willful neglect, the importer shall be afforded a reasonable opportunity to label the merchandise under customs supervision to conform with the requirements of such act and the rules and regulations of the Federal Trade Commission. The compensation and ex-

(d) The collector of customs shall give written notice to the importer of any lack of compliance with the Fiber Products Identification Act in respect of an importation of fiber products, and pursuant to § 8.26 of this chapter shall demand the immediate return of the involved products to customs custody, unless the lack of compliance is forthwith corrected.

(e) If the products covered by a notice and demand given pursuant to the preceding paragraph are not promptly returned to customs custody and the collector is not fully satisfied that they have been brought into compliance with the Fiber Products Identification Act, appropriate action shall be taken to effect the collection of liquidated damages in an amount equal to the entered value of the merchandise not redelivered, plus the estimated duty thereon as determined at the time of entry, unless the owner or consignee shall file with the appropriate customs officer an application for cancellation of the liability incurred under the bond upon the payment as liquidated damages of a lesser amount than the full amount of the liquidated damages incurred, or upon the basis of such other terms and conditions as the Secretary of the Treasury may deem sufficient. The application shall contain a full statement of the reasons for the requested cancellation and shall be in duplicate.

C. Such permits must be obtained prior to importation.<sup>19</sup>

(5) Ducks, geese, swans, turkeys, pigeons, doves, pheasants, grouse, partridges, quail, guinea fowl, and pea fowl, except from Canada, may be imported only under a permit from the Animal Inspection and Quarantine Division, Agricultural Research Service, United States Department of Agriculture, Washington 25, D.C.<sup>20</sup> Such permits must be obtained before the birds are shipped from the country of origin. Such birds from Canada must be accompanied by a certificate issued by a Canadian Government veterinarian. All such birds must be inspected at designated ports of entry by veterinarians of the Animal Inspection and Quarantine Division, Agricultural Research Service, United States Department of Agriculture.

(c) Parrots and all other birds of the order Psittaciformes, when not exceeding two in number, may be imported by the owner under certain conditions and upon compliance with the Foreign Quarantine Regulations of the United States Public Health Service.<sup>21</sup> This provision also covers such birds taken out of the United States and returned to this country. A stipulation shall be filed with the collector within 24 hours of the entry to produce the necessary permit within 30 days from the date of entry, whereupon final liquidation shall be suspended until the permit is produced or the 30-day period expires. Meanwhile, the property may be released to the importer, consignee, or agent for proper care upon the giving of a bond conditioned upon the return of the birds to customs custody upon demand of the collector of customs at any time. Such bond shall be on customs Form 7551, 7553, or other appropriate form in an amount equal to the sum of the entered value plus any estimated duties and shall be filed with the collector of customs who, in the case of default, shall take appropriate action to effect the collection of liquidated damages equal to the entered value of the merchandise not returned plus any estimated duty thereon; or if the importer, consignee, or agent shall so elect, the property may be retained in customs custody at the expense of the importer pending the issuance of the permit.

(f) If the permit referred to in paragraph (e) of this section is refused by the Fish and Wildlife Service, or if the permit is not produced within the said 30 days, the collector shall promptly recall the property, if delivered under bond, and shall require its immediate exportation at the expense of the importer or consignee.

"Whoever delivers or knowingly receives for shipment, transportation, or carriage in interstate or foreign commerce, any wild animal or bird, or the dead body or part thereof, or the egg of any such bird imported from any foreign country, or captured, killed, taken, purchased, sold, or possessed contrary to any Act of Congress, or the law of any State, Territory, Possession, or foreign country, or subdivision thereof; or

"Whoever transports, brings, or conveys from any foreign country into the United States any wild animal or bird, or the dead body or part thereof, or the egg of any such bird captured, killed, taken, shipped, transported, or carried contrary to the law of such foreign country or subdivision thereof; or

other names, such animals or birds shall be retained in customs custody at the expense and risk of the importer pending the determination of the true nature of the species, to the satisfaction of the collector. Where there is doubt as to whether a shipment may contain species declared prohibited by the Secretary of the Interior under 18 U. S. C. 42 or migratory birds coming under the jurisdiction of his Department, such species shall be examined by a special inspector of the Department of the Interior. In case of refusal or neglect of the importer, consignee, or agent to have the identity so established, release of the importation shall be refused and immediate exportation required.

(h) All invoices of animals and birds shall specify the species covered thereby and the number of each species. In the event of the return to the collector of any importation under the bond given under paragraph (e) of this section, if the number and species of birds does not correspond with the description stated in the invoice and if no satisfactory explanation of any discrepancy is furnished, the bond shall be forfeited.

(i) The privilege of entry for immediate transportation granted by section 552, Tariff Act of 1930, shall not be allowed for animals or birds the importation of which is prohibited or which require permits issued prior to their importation or are subject to quarantine regulations at the port of first arrival or at a designated port (see paragraphs (a) and (b) of this section).

(k) When any customs officer has good reason to believe that wild animals or birds have been imported under inhumane or unhealthy conditions in violation of 18 U. S. Section 16 \* makes the act inapplicable to skins taken for scientific purposes under a special permit.

\* "It shall be unlawful, except as herein after provided, for any citizen or national of the United States, or person owing duty of obedience to the laws or treaties of the United States, or any vessel of the United States, or person belonging to or on such vessel, to engage in pelagic sealing or sea otter hunting in or on the waters of the North Pacific Ocean; or for any person or vessel to engage in sealing; or for any person or vessel to use any port or harbor or other place subject to the jurisdiction of the United States for any purpose connected in any way with the operation of pelagic sealing, sea otter hunting, or sealing; or for any person in possession at any port, place, or on any vessel subject to the jurisdiction of the United States, raw, dressed, or dyed skins of sea otters taken contrary to the provisions of this section or where taken pursuant to section 3 of this Act, not officially marked and certified as having been so taken, or raw, dressed, or dyed skins of fur seals taken in or on the waters of the North Pacific Ocean or on lands subject to the jurisdiction of the United States, except seal skins which have been taken under the authority of this Act or under the authority of the respective parties to any fur-seal agreement and which have been officially marked and certified as having been so taken." fore delivery thereof, and since I am desirous of receiving a portion of such articles as they become admissible to entry from time to time under the quota administered by the United States Customs, I hereby agree and acknowledge that delivery of the parcel or parcels to the United States Customs shall be regarded as delivery by the Post Office Department to me.

(Signature of Addressee)

This form may be mimeographed in the quantities needed.

(c) If, in any case, the sender of a mail article has indicated his agreement to the delivery of less than the entire importation at one time, an Acknowledgment of Delivery by Post Office Department need not be secured from the addressee.

(d) The collector may require a deposit of an amount sufficient to defray the expenses of repacking each portion of the merchandise for shipment by mail to the addressee as it becomes admissible to entry under the quota. The shipment shall be under Government frank without new postage. Unless a formal entry or entry by appraisal is required, a mail entry on customs Form 3419 shall be issued and forwarded with the parcel to the postmaster for delivery to the addressee and collection of any duties in the same manner as for any other mail article subject to customs treatment.

(e) If formal entry or entry by appraisal is required, and the addressee is not located in the city where such entry is to be filed, the notice to the addressee shall be accompanied by appropriate entry forms for execution and return to the collector of customs.

(f) If within a reasonable time, but not to exceed 30 days, the addressee fails to indicate to the collector of customs an intention to receive delivery of the articles or a portion thereof in accordance with the notice sent to him by the collector of customs, the importation shall be treated in the same manner as other undeliverable mail.

(g) When any such articles imported in the mails, subject to classification under schedule 8, part 2A, Tariff Schedules of the United States, but subject to quota restrictions, are declared in writing by a resident of the United States upon his return to this country, and a certified copy of such declaration is on file or is presented, the same procedure shall be followed, except that the articles may be

thereunder, the time of presentation of each entry or withdrawal shall be reported to the Bureau.

(f) If quota-class merchandise is the subject of an application for release under an immediate delivery permit, the time of presentation of entry shall not precede the time when the importing carrier reaches the limits of the port where entry is to be made. See §§ 8.4 and 8.59 of this chapter.

**§ 12.51 Mail importations of merchandise for which an absolute quota has been established.**

The following procedure is prescribed for the handling of mail importations of any merchandise for which an absolute quota has been established:

(a) In the absence of other arrangements, when the addressee is located at another port of entry, the importation, regardless of the value, shall be returned to the postmaster for dispatch to the collector of customs in care of the postmaster at the port of destination with customs Form 3511. If the importation exceeds \$250 in value, notice on customs Form 3509 to make formal entry shall be sent to the addressee.

(b) If, because of quota restrictions, an entire importation cannot be released at one time, the collector of customs at the port at which such merchandise is to be entered shall so inform the addressee. An Acknowledgment of Delivery by Post Office Department shall be sent to the addressee and he shall be advised that if he desires to secure release of a portion of the merchandise the acknowledgment must be signed by him and returned to the collector of customs. The remainder of the importation, or any portion thereof, shall be released from time to time as it becomes admissible under the quota. Such Acknowledgment of Delivery by Post Office shall be in the following form:

**ACKNOWLEDGMENT OF DELIVERY BY POST OFFICE DEPARTMENT**

of all customs business. A quota status will not attach to merchandise in any quota period by reason of the presentation of an entry or withdrawal in any prior period.

(b) Merchandise covered by a mail entry or other informal entry shall be regarded as presented for purposes of quota priority when all requirements have been met for the preparation of such an entry.

(c) Merchandise entered for warehouse for which a withdrawal for consumption has been made in the manner stated in § 8.4 (g) of this chapter prior to the opening of any quota period may not be accorded any quota benefit which may become effective after the time of such withdrawal, even though the permit of delivery for the withdrawn merchandise is not delivered to the customs warehouse officer until after the effective date of the quota benefit.

(d) When it is anticipated that entries or withdrawals, or both, covering quantities sufficient to fill a quota will be presented at the opening of the quota period, no entry for consumption or withdrawal for consumption shall be accepted before 12 noon eastern standard time at any port in the eastern standard time belt, 11 a. m. central standard time in the central standard time belt, 10 a. m. mountain standard time in the Pacific standard time belt, or 9 a. m. standard time belt. All importers who are present to file entries or withdrawals when the quota opens shall be given equal opportunity to do so and, if necessary, special arrangements shall be made so that all such entries may be presented at the exact moment of the opening of the quota. No importer shall be permitted to present entries or withdrawals for a quantity in excess of the quota quantity. All entries and withdrawals so presented in proper form shall be considered to have been presented simultaneously even though some time may be required for checking purposes.

(e) When any tariff-rate quota is nearing fulfillment, the exact date, hour, and minute of official acceptance shall be noted on each entry and withdrawal and reported to the Bureau. When any absolute quota is nearing fulfillment and it is necessary to secure Bureau approval before accepting entries or withdrawals

"Indians, Aleuts, or other aborigines dwelling on the American coasts of the waters of the North Pacific Ocean shall be permitted to carry on pelagic sealing or sea otter hunting without the use of firearms from canoes or undecked boats, propelled wholly by paddles, oars, or sails, and not transported by or used in connection with other vessels, and manned by not more than five persons each, in the way heretofore practiced by said Indians, Aleuts, or other aborigines, and shall be permitted to dispose of the skins of fur seals or sea otters so taken as they see fit, but only after such skins have been officially marked and certified as provided in section 3 of this act. The exception made in this section shall not apply to Indians, Aleuts, or other aborigines in the employment of other persons or who shall engage in pelagic sealing or sea otter hunting under contract to deliver the skins to any person." (Sec. 3, 58 Stat. 101)

(b) Within 3 years from the date of entry (in the case of warehouse entries as well as consumption entries) the importer shall submit a certificate of the superintendent or manager of the manufacturing plant stating the use to which the mollasses has been put. If the collector is satisfied that the mollasses has not been used in a manufacturing plant

the expression "total sugars," occurring in the tariff act, is construed to mean the sum of the sucrose (clerget), the raffinose, and the reducing sugars.

"Mollasses, including dried mollasses, imported for use other than (a) the commercial extraction of sugar, or (b) human consumption . . ." (Item 155.40, Tariff Schedules of the United States.)

"If product of Cuba . . ." (Item 155.41, Tariff Schedules of the United States.)

For the purpose of the regulations in this part, the phrase "mollasses not imported to be commercially used for the extraction of sugar, or for human consumption" is construed to include, in addition to mollasses used in animal feed and other products not for human consumption, mollasses utilized in the production of articles such as yeast, vinegar, alcohol, rum gin, or whisky, in such manner that fermentation or other chemical change alters its character and chemical composition so that mollasses or sugar does not appear in the final product. The phrase does not include mollasses used for the extraction of sugar or used either in its condition as imported or after undergoing purifying or blending processes, or both, for table purposes or as a sweetening, coloring, or flavoring agent in the production of articles for human consumption.

All certificates as to use provided for in this paragraph shall identify the mollasses with the related customs entry, shall show the number of gallons and the sugar content of the mollasses used, and shall state affirmatively the particular use, or alternative uses, each of which is a use other than for human consumption or for the exportation of sugar. If the mollasses has not been used in the United States, evidence of exportation or destruction satisfactory to the collector shall be furnished. Certificates as to use and certificates or other documents showing exportation or destruction shall be filed in duplicate and one copy shall be forwarded to the comptroller of customs.

(c) Upon satisfactory proof of use of the mollasses for purposes other than for the consumption of sugar or for human consumption or of the exportation or destruction thereof, the entry may be liquidated at the appropriate rate under item 155.40 or item 155.41, Tariff Schedules of the United States. When such proof of use or other disposition of the mollasses is not made within 3 years from the date of the entry, or the use shown does not warrant the classification claimed, the entry shall be liquidated at the higher rate applicable under the appropriate item of the Tariff Schedules of the United States.

(d) Entries covering blackstrap mollasses, as hereinafter defined, may be accepted and liquidated with duty at the lower rate after the filing of the declaration prescribed in paragraph (a) of this section without compliance with the special requirements of paragraph (b) of this section. For the purposes of the regulations in this part, blackstrap mollasses is defined as "final" mollasses practically free from sugar crystals, containing not over 58 percent total sugars and having a ratio of

total sugars x 100  
Brix

not in excess of 71. In the event of doubt, an ash determination may be made. An ash content of not less than

7 percent indicates a blackstrap molasses within the meaning of the regulations in this part.

**§ 13.5 Gauging of molasses and sirups; storage tanks.**

(a) When molasses or sirup is imported in bulk in tank vessels and is to be pumped or discharged into storage tanks, before the discharging is permitted there shall be filed in the customs house a certified copy of the plans and gauge table of the storage tank showing all inlets and outlets and stating accurately the capacity in United States gallons per inch of height of the tank from an indicated starting point.

(b) After the discharge is completed, all inlets to the tank shall be carefully sealed and the molasses or sirups left undisturbed for a period not to exceed 20 days to allow for settling before being gauged. When a request for immediate gauging is made in writing by the importer, it shall be allowed by the collector.

**§ 13.6 Taring of sugar containers.**

(a) In general, there shall be allowed a schedule tare of 2½ pounds per bag for sugar imported in standard bags. When sugar is in other containers, actual tare should be taken. When the collector has reason to doubt the applicability of the schedule tare, he shall verify such schedule tare by taking actual tare. A sugar bag having an area of 1,392 square inches when laid flat (29 inches in width by 48 inches in length) shall be the standard sugar bag for tare purposes. When the area of sugar bags varies by more than 2 percent from the standard area of 1,392 square inches, or the bag is not of the usual textile, the schedule tare shall be increased or diminished in proportion to the amount the area or the weight of the bag varies from that of the standard bag. When the bags bearing any mark differ in size, the tare allowed shall be based upon the average dimensions of the entire number of bags bearing such mark.

(b) If the importer files a written application representing that there is an excessive number of damaged bags in a given importation, giving the approximate percentage of the damaged and sound bags and requesting that actual tare be taken, the collector, if satisfied that the facts are as stated, shall determine the actual tare on the importation.

Whenever the actual tare determined on any importation differs from the schedule tare by not more than 5 percent, the schedule tare shall be allowed on such importation. In the event that the actual tare differs from the schedule tare by more than 5 percent, the actual tare shall be the accepted tare.

**§ 13.7 Sugar closets.**

Sugar closets for samples shall be substantially built and secured by locks furnished by the Bureau. They shall be conveniently located as near as possible to the points of discharge they are intended to serve. They shall be provided by the owner of the premises on which they are located and shall be so situated that sugar, sirup, and molasses stored therein shall not be subjected to extremes of temperature or humidity.

**§ 13.8 Retests of sugar, molasses, and sirup.**

(a) When the test of the sugar has been determined, the appraiser shall immediately notify the importer on customs Form 6463 of the average test of the importation and also the quantity and test of each lot from which such average test is obtained. If the importer, within 2 official days after such notice has been sent to him by the appraiser, claims an error in the test so reported and requests a retest, such retest may be granted if, on evidence furnished, such claim shall appear to the appraiser to be well founded. Before granting a retest, the appraiser shall require the importer to furnish the settlement tests of the sugar in question, together with any information the appraiser may deem desirable relating to the samples and polarizations used in the settlement tests. In no instance shall a retest be granted when the difference between the appraiser's average test and the settlement test is less than 0.4° S.

(b) In case of retest, the polariscopic test shall be reported on the basis of the average of the test and the retest, unless it can be shown to the satisfaction of the appraiser that either the test or the retest is in error, in which event the test not in error shall be taken as the basis of the report.

(c) In the case of molasses and sirup, a retest shall be granted by the appraiser only when the information in his possession indicates a strong probability of an

In general, the rules governing the granting of a retest shall be those given above, with the exception that the difference between the appraiser's test and the settlement test shall be shown to be not less than 2 percent total sugars.

**§ 13.9 Mixing classes of sugar.**

No regulations relative to the weighing, taring, sampling, classifying, and testing of imported sugar shall be so construed as to permit mixing together sugar of different classes, such as centrifugal, beet, molasses, or any sugar different in character from those mentioned, for the purpose of weighing, taring, sampling, or testing.

**PETROLEUM PRODUCTS**

**§ 13.10 Importation of petroleum products in bulk.**

(a) When petroleum products subject to duty at a specific rate per gallon are imported in bulk in tank vessels and are to be pumped or discharged into storage tanks, the plans of each tank showing all outlets and inlets and the gauge table for each tank showing its capacity in United States gallons per inch or fraction of an inch of height shall be filed at the customs house. Such plans and tables shall be certified as correct by the proprietor of the tank. An inspector gauger shall verify the measurements and calibrations shown on the gauge table. One set of such plans and gauge tables thus certified and verified shall be kept on file at the plant of the oil company and shall be available at all times to customs officers. Another verified and certified set shall be filed in the customs house for use in verifying the inspector's reports. The collector may require such additional sets of plans and gauge tables as he may deem necessary.

(b) On entry for a petroleum product in bulk, the importer shall show the API gravity at 60° Fahrenheit, and the group to which the product belongs, in accordance with the Petroleum Measurement Tables (American Edition), published by the American Society for Testing Materials (1952). The abridged table (Table No. 7) shall be used in the reduction of volume to 60° F. If the exact quantity cannot be determined in advance, entry may be made for "----- United States gallons, more or less." The information required by this paragraph shall also be shown on the permit and summary sheet.

(c) Tanks for the storage of imported petroleum products in bulk may be bonded as warehouses of class 2 if to be used exclusively for the storage of petroleum products belonging or consigned to the proprietor or lessee of the tank. In addition to the documents and bonds required to be filed with the application, the certified plans and gauge tables mentioned above shall be filed.

(d) If a bonded tank is not empty at the time the first importation of bonded petroleum products is to be stored therein, the amount of "free" petroleum products in the tank shall be withdrawn by the proprietor as soon as possible. The request to withdraw shall be in the form of a letter and no formal withdrawal need be filed. "Free" or duty-paid petroleum products shall not thereafter be stored in the tank as long as the tank remains bonded.

(e) Warehouse withdrawals of petroleum products from bonded tanks shall show the API gravity at 60° Fahrenheit, and the group to which the product belongs, and the designation of the tank from which it is to be withdrawn. Such withdrawals may be made for "----- United States gallons, more or less."

(f) Allowance for excessive moisture or other impurities may be made in accordance with § 15.7 of this chapter, if it be established that the quantity of water in the importation is excessive and that the noncombustible elements are impurities not usually found in such merchandise.

**WOOL AND HAIR**

**§ 13.11 Definitions.**

For the purposes of §§ 13.11 to 13.16:

(a) The term "clean pound" means pound of clean yield as defined in paragraph (b) of this section.

(b) The term "clean yield" means the absolute clean content (that is, all that portion of the merchandise which consists exclusively of wool or hair free of all vegetable and other foreign material, containing by weight 12 percent of moisture and 1.5 percent of material removable from the wool or hair by extraction with alcohol, and having an ash content of not over 0.5 percent by weight), less an allowance, equal by weight to 0.5 percent of the absolute clean content plus 60 percent of the vegetable matter present, but not exceeding 15 percent by weight of the absolute clean content, for

wool or hair that would ordinarily be lost during commercial cleaning operations.

(c) The word "owner" means an actual owner in whose name the entry is filed or whose declaration has been filed as provided for in section 485(d), Tariff Act of 1930.

(d) The word "transferee" means a person who has acquired the right to withdraw merchandise in accordance with section 557(b), Tariff Act of 1930, as amended.

(Schedule 3, Part 1C, Headnote 6, Tariff Schedules of the United States)

### § 13.12 Invoices.

Invoices of wool or hair subject to duty at a rate per clean pound under Schedule 3, Part 1C, Tariff Schedules of the United States, shall show the following detailed information in addition to other information required:

(a) Condition, that is, whether in the grease, washed, pulled, on the skin, scoured, carbonized, burr-picked, willowed, handshaken, or beaten;

(b) Whether free of vegetable matter, practically free, slightly burry, medium burry, heavy burry;

(c) Whether in the fleece, skirted, matchings, or sorted;

(d) Length, that is, whether super combing, ordinary combing, clothing, or filling;

(e) Country of origin, and, if possible, the province, section, or locality of production;

(f) If wool, the type symbol by which it is bought and sold in the country of origin and the grade of each lot covered by the invoice, specifying the standard or basis used, that is, whether United States Official Standards or the commercial term to designate grade in the country of shipment;

(g) Net weight of each lot of wool or hair covered by the invoice in the condition in which it is shipped, and the shipper's estimate of the clean yield of each such lot by weight or by percentage.

(Sec. 481, 46 Stat. 719, sec. 101, 76 Stat. 72; 19 U.S.C. 1481; Sch. 3, pt. 1C, headnote 6, Tariff Schedules of the United States)

### § 13.13 Entry; certificate of clean yield; duties; sampling by importer.

(a) Each entry covering wool or hair subject to duty at a rate per clean pound under Schedule 3, Part 1C, Tariff Schedules

of the United States, shall show as to each lot of wool or hair covered thereby, in addition to other information required, the total estimated or actual net weight of the wool or hair in its condition as imported, its total estimated clean yield in pounds, and the estimated percentage clean yield. Two copies of each entry covering wool or hair subject to duty at a rate per clean pound under Schedule 3, Part 1C, Tariff Schedules of the United States shall be filed in addition to the copies otherwise required.

(b) Duties on wool or hair subject to duty at a rate per clean pound under Schedule 3, Part 1C, Tariff Schedules of the United States may be estimated at the time of entry on the basis of the clean yield shown on the entry if the collector is satisfied that the revenue will be properly protected. Liquidated duties shall be determined on the basis of the appraiser's final report of clean yield. Estimated and liquidated duties on wool or hair tested for clean yield pursuant to the provisions of § 13.14, and withdrawn for consumption without a change in condition which affects the duties and in a quantity less than an entire sampling unit as defined in § 13.14(a) (1) shall be determined on the basis of an appropriate adjustment of the estimated percentage clean yield shown on the entry for the wool or hair included in each of the lots covered by the withdrawal. This adjustment shall be made by increasing or decreasing such estimated percentage clean yield of each lot by the difference between the percentage clean yield of the related sampling unit, as reported by the appraiser, and the weighted average percentage clean yield for the sampling unit, as computed from the estimated percentages clean yield and net weights shown on the entry for the lots included in the sampling unit.

(c) [Reserved]

(d) The importer of record, the owner, or the transferee, as the case may be, may be permitted after entry to draw samples under customs supervision in reasonable quantities from the packages of wool or hair designated for examination, provided the bales or bags are properly repacked and repaired by such person. Any samples so withdrawn shall be weighed and a record showing the quantities thereof shall be made and filed with the related entry.

(e) Duty shall be assessed and collected on samples taken pursuant to the provisions of paragraph (d) of this section or §§ 13.14, 13.15, or 13.16, unless an exemption or remission is obtained by compliance with an applicable provision of the law or regulations. The duty shall be assessed upon the samples in accordance with their condition at the time of importation, except as provided for in section 562, Tariff Act of 1930, as amended. The collection of duty on the samples may be postponed when the importation concerned is not entered for consumption until the withdrawal of the merchandise from which the samples are taken, or until an application for the destruction or abandonment of such merchandise has been accepted pursuant to an appropriate provision of the law or regulations.

(Sec. 101, 76 Stat. 72; Sch. 3 pt. 1C, headnote 6, Tariff Schedules of the United States)

### § 13.14 Weighing, sampling, and laboratory testing for clean yield.

(a) When used in this section, the terms:

(1) "Sampling unit" means all the similar packages covered by one entry or withdrawal containing wool or hair of the same kind or same general condition and character, produced in the same country, packed in substantially the same manner, and entered as or found to be subject to the same rate of duty.

(2) "General sample" means the composite of the individual portions of wool or hair drawn from a sampling unit.

(b) The following shall be weighed, sampled, and tested for clean yield, as prescribed in this section, unless such sampling or testing is not feasible: (1) All importations of wool or hair, subject to duty at a rate per clean pound under Schedule 3, Part 1C, Tariff Schedules of the United States, except importations entered directly for manipulation under the provisions of section 562, Tariff Act of 1930, as amended, or for manufacture under the provisions of section 311, Tariff Act of 1930; (2) all imported wool or hair manipulated under the provisions of such section 562 and dutiable after manipulation as wool or hair, at a rate per clean pound under Schedule 3, Part 1C, Tariff Schedules of the United States; and (3) such other imported wool or hair as the collector may designate. When an orig-

inal sampling unit has been weighed, sampled, and tested in accordance with this section and a part of such unit is covered by a transfer made pursuant to section 557(b), Tariff Act of 1930, as amended, the percentages clean yield of the part covered by the transfer and of the part not so covered shall be computed on the basis of the original customs weights and test, and the invoice data related to the respective parts. When part of such an original sampling unit is exported from continuous customs custody without having been manipulated as provided for in section 562, Tariff Act of 1930, as amended, the percentage clean yield of the part not exported shall be determined, in the discretion of the collector of customs, either on the basis of a new determination by reweighing, resampling, and retesting, or by a computation as described in the preceding sentence, for either the exported or the remaining part.

(c) A general sample shall be taken from each sampling unit, unless it is not feasible to obtain a representative general sample of the wool or hair in a sampling unit or to test such a sample in accordance with the provisions of this section, in which case the clean yield of the wool or hair in such sampling unit shall be estimated as provided for in § 13.15. At the request of the importer of record, the owner, or the transferee, as the case may be, two general samples may be taken from a sampling unit if the taking and testing of a second general sample is feasible. If two general samples are taken, one general sample shall be held for use in making a second test to determine the clean yield of the wool or hair if such a test is requested in accordance with the provisions of paragraph (e) of this section, or if a second test is found desirable by the appraiser or the chief chemist.

(d) The clean yield of all general samples taken in accordance with this section shall be determined by test in a customs laboratory, unless it is found that it is not feasible to test such a sample and obtain a proper finding of percentage clean yield. A report of the percentage clean yield of each general sample as established by the test or a statement of the reason for not testing a general sample shall be forwarded to the appraiser. If the report is not received by the appraiser within 1 month

received by the appraiser within 1 month

under the conditions prescribed in § 13.14 (e), files a request for a new examination of the wool or hair and a reexamination of its percentage clean yield, such request shall be granted, provided that the request appears to the appraiser to be made in good faith. The aforementioned importer, owner, or transferee shall be given an opportunity to inspect those of the packages which are in dispute.

(c) If the person who requested re-estimation of the percentage clean yield is dissatisfied with such reestimation, he may, within 14 calendar days after the date of mailing of the notice of the appraiser's findings upon reexamination, file a written request that a test be made to determine the percentage clean yield of the wool or hair. The appraiser shall then cause a representative quantity of the wool or hair in dispute to be selected and tested by a commercial method approved by the Bureau. The yield, as determined by such commercial test, shall be suitably adjusted to coincide with the definition of clean yield in § 13.11(a). Such test shall be made under the supervision and direction of the appraiser at an establishment approved by him, and the expense thereof, including the actual expense of travel and subsistence of customs officers but not their compensation, shall be paid by the person who requested the test.

(d) If the appraiser is not satisfied with the results of any test provided for in § 13.14 (e) or in paragraph (c) of this section, he may, within 14 calendar days after receiving the report of the results of such test, proceed to have another test made upon a suitable sample of the wool or hair at the expense of the Government. When the appraiser is proceeding to have another test made, he shall, within the 14-day period provided for in this paragraph, notify the importer of record, owner, or transferee, as the case may be, by mail of that fact. The appraiser shall base his final report of clean yield upon a consideration of all of the tests and examinations made in connection with the wool or hair concerned.

(Sec. 101, 76 Stat. 72; Sch. 3, pt. 1C, hdnote, 6, Tariff Schedules of the United States)

§ 13.16 Grades of wool, standards, re-consideration of.  
The appraiser shall cause wool dutiable at a rate per clean pound under Schedule 3, Part 1C, Tariff Schedules of the United States, to be examined for

conditions and in the manner provided for in § 13.15(c).  
(f) In the determination of the clean yield of any general sample taken in accordance with this section, an allowance in weight shall be made for wool or hair fibers which it is estimated will be lost ordinarily during commercial cleaning operations. For each general sample the scoured yield of the imported wool or hair and the quantity of vegetable matter present in the general sample shall be ascertained. The weight of the vegetable matter shall be subtracted from the weight of the scoured yield, and the difference shall be considered the weight of the clean fibers present in the imported wool or hair. The allowance for the quantity of wool or hair fibers estimated to be lost ordinarily during commercial cleaning operations shall be computed by making a base allowance of five one-thousandths (0.005) of the ascertained weight of the clean fibers present in the imported wool or hair and an additional allowance of six-tenths (0.6) of a pound for each pound of ascertained vegetable matter: *Provided*, That the combined allowance for such estimated commercial cleaning loss of fibers shall not exceed 15 per centum of the ascertained weight of the clean wool or hair fibers.

(Sec. 101, 76 Stat. 72; Sch. 3, pt. 1C, hdnote, 6, Tariff Schedules of the United States)  
§ 13.15 Examination for clean yield by nonlaboratory method.  
(a) Importations of wool or hair dutiable at a rate per clean pound under Schedule 3, Part 1, Subpart C, Tariff Schedules of the United States, including all imported wool or hair withdrawn for consumption after being manipulated under the provisions of section 562, Tariff Act of 1930, as amended, and dutiable at a rate per clean pound under Schedule 3, Part 1C, Tariff Schedules of the United States after such manipulation, when not tested under the provisions of § 13.14, shall be examined by the appropriate customs officer, who shall estimate and report the percentage clean yield of each lot.  
(b) The appraiser shall promptly notify the importer of record, the owner, or the transferee, as the case may be, by mail of the percentage clean yield estimated by the appropriate customs officer. If such person is dissatisfied with the estimate and, within the time and

after the date of entry, the clean yield of the wool or hair shall be estimated as provided for in § 13.15 except that in the case of wool or hair received under an entry for immediate transportation, an estimate of clean yield, as provided for in § 13.15 shall be made if the laboratory report of clean yield is not received by the appraiser within 1 month from the date on which the last of the merchandise is received. However, the appraiser may withhold his finding of clean yield until the laboratory report is received and predicate his finding on that report if so requested in writing by the importer of record, the owner, or the transferee, as the case may be. An estimate of clean yield shall be made pursuant to the provisions of this paragraph only when an adequate quantity of the wool or hair is available for examination.

(e) The appraiser shall promptly notify the importer of record, the owner, or the transferee, as the case may be, by mail of the percentage clean yield found by him. If such person is dissatisfied with the appraiser's finding, he may file with the appraiser a written request in duplicate for another laboratory test for percentage clean yield. Such request shall be filed within 14 calendar days after the date of mailing of the notice of the appraiser's finding of clean yield. The request shall be granted if it appears to the appraiser to be made in good faith and if a second general sample, as provided for in paragraph (c) of this section is available for testing, or if all packages, or, in the opinion of the Bureau, an adequate number of the packages, represented by the general sample are available and in their original imported condition. The second test shall be made upon the second general sample, if such a sample is available. If the second general sample is not available, the packages shall be reweighed, resampled, and tested in accordance with the provisions of this section. All costs and expenses of such operations, exclusive of the compensation of customs officers, shall be borne by the person who requested the further test. Such person may be present during such resampling and testing. If he is dissatisfied with the results of the second laboratory test, or if a second laboratory test is not feasible, the wool or hair may be retested subject to the

The aforementioned importer, owner, or transferee shall be given an opportunity to inspect those of the packages which are in dispute.

(c) If the person who requested re-estimation of the percentage clean yield is dissatisfied with such reestimation, he may, within 14 calendar days after the date of mailing of the notice of the appraiser's findings upon reexamination, file a written request that a test be made to determine the percentage clean yield of the wool or hair. The appraiser shall then cause a representative quantity of the wool or hair in dispute to be selected and tested by a commercial method approved by the Bureau. The yield, as determined by such commercial test, shall be suitably adjusted to coincide with the definition of clean yield in § 13.11(a). Such test shall be made under the supervision and direction of the appraiser at an establishment approved by him, and the expense thereof, including the actual expense of travel and subsistence of customs officers but not their compensation, shall be paid by the person who requested the test.

(d) If the appraiser is not satisfied with the results of any test provided for in § 13.14 (e) or in paragraph (c) of this section, he may, within 14 calendar days after receiving the report of the results of such test, proceed to have another test made upon a suitable sample of the wool or hair at the expense of the Government. When the appraiser is proceeding to have another test made, he shall, within the 14-day period provided for in this paragraph, notify the importer of record, owner, or transferee, as the case may be, by mail of that fact. The appraiser shall base his final report of clean yield upon a consideration of all of the tests and examinations made in connection with the wool or hair concerned.

grade." If classification of the wool at the grade or grades determined on the basis of this examination will result in the assessment of duty at a rate higher than the rate provided for wool of the grade or grades stated in the entry, the appraiser shall promptly notify, by mail, the importer of record, the owner, or the transferee, as the case may be. If such importer of record, owner, or transferee is dissatisfied with the appraiser's findings as to the grade or grades of the wool, he may, within 14 calendar days after the date of mailing of the notice of the appraiser's findings, file in duplicate a written request for another determination of grade or grades, stating the reason for the request. Notice of the appraiser's findings on the basis of the reexamination of the wool shall be mailed to the person who requested the reexamination.

**§ 13.17 Invoices.**  
Invoices of cotton provided for in item 300.10, 300.15, or 300.20, Tariff Schedules of the United States, shall show the following detailed information in addition to other required information:

(a) One of the following statements regarding each lot of cotton covered by the invoice:  
(1) This is harsh or rough cotton under ¾ inch in staple length.  
(2) The staple length of this cotton is under 1½ inches. (This statement is not to be used if subparagraph (1) of this paragraph is applicable.)  
(3) The staple length of this cotton is 1½ inches or more and under 1¾ inches.  
(4) This cotton is harsh or rough cotton (other than cotton of perished staple, grabbots, and cotton pickings), white in color, and has a staple length of 1¾ inches or more and under 1¾ inches.  
(5) The staple length of this cotton is 1¾ inches or more and under 1⅞ inches.

"The standards for determining grades of wool shall be those which are established from time to time by the Secretary of Agriculture pursuant to law and which are in effect on the date of importation of the wool." (Schedule 3, part 1C, hdnote 2, Tariff Schedules of the United States.)

(6) The staple length of this cotton is  $1\frac{11}{16}$  inches or more.  
 (b) The name of the country of origin and, if practicable, the name of the province or other subdivision of the country of origin in which the cotton was grown.  
 (c) The variety of the cotton, such as Karnak, Gisha, Pima, Tanguls, etc.  
 (Sec. 481, 46 Stat. 719; 19 U. S. C. 1481)

#### § 13.18 Sampling and stapling.

(a) For the purposes of this section and § 13.17, "staple length" means the length of the fibers in a particular quantity of cotton designated in terms expressing the measurement by the inch or fraction thereof of a representative portion of the quantity in accordance with the Official Cotton Standards of the United States for length of staple, as established by the Secretary of Agriculture.

(b) For determining the staple length of any lot of cotton for any customs purposes, samples of the lot shall be taken in accordance with commercial practice.

(c) The appraiser shall have one or more samples of each sampled bale of

cotton stapled by a qualified examiner (including any employee of the Department of Agriculture properly designated by the Bureau for the purpose), and shall promptly transmit by mail to the person who would be liable for duties, if any are or might be payable, a notice of the results determined.

(d) If the person notified is dissatisfied with the appraiser's determination, he may file with the appraiser, within 14 calendar days after the date of mailing of the notice, a written request in duplicate for a redetermination of the staple length. Each such request shall include a statement of the claimed staple length for the cotton in question and a clear statement of the basis for the claim. The request shall be granted if it appears to the appraiser to be made in good faith. In making the redetermination of staple length, the appraiser may obtain an opinion of a board of cotton examiners of the United States Department of Agriculture, if he deems such action advisable. All expenses occasioned by any redetermination of staple length, exclusive of the compensation of customs officers, shall be reimbursed to the Government by the person requesting the redetermination.

The collector shall designate the packages or quantities covered by any invoice or entry which are to be opened and examined for the purpose of appraisement or otherwise and shall order such packages or quantities to be sent to the public stores or other places for such purpose. Not less than one package of every ten packages of merchandise shall be so designated unless the Secretary of the Treasury, from the character and description of the merchandise, is of the opinion that the examination of a less proportion of packages will amply protect the revenue and by special regulation or in-

structors of customs are specially authorized to designate for examination a less number of packages than one package of every ten packages, but not less than one package of every invoice, in the case of any merchandise which is (1) imported in packages the contents and values of which are uniform, or (2) imported in packages the contents of which are identical as to character although differing as to quantity and value per package.

(c) This section shall not be construed to preclude the examination of packages, in addition to the minimum number hereby permitted to be examined if the collector or the appraiser shall deem it necessary that a greater number of packages be examined.

(Secs. 488, 499, 46 Stat. 725, 726, as amended; 19 U. S. C. 1488, 1499)

§ 14.2 Examination of merchandise; procedure.

(a) The appraiser shall cause to be examined all merchandise designated by the collector and such additional quantities, packages, or parts thereof as he may deem necessary. Such merchandise shall be examined at the public stores, except as hereinafter provided for. With the consent of the appraiser, merchandise which cannot conveniently be examined at the public stores may be examined at the wharf, at the importer's premises, or at any other suitable place. Matches and other inflammable, explosive, or dangerous articles shall be examined at the importer's

instruction, the application of which may be restricted to one or more individual ports or to one or more importations or one or more classes of merchandise, permit a less number of packages to be examined. All such special regulations or instructions shall be published in the weekly Treasury Decisions within fifteen days after issuance and before the liquidation of any entries affected thereby. The collector or the appraiser may require such additional packages or quantities as either of them may deem necessary. . . . (Tariff Act of 1930, sec. 499, as amended; 19 U. S. C. 1499)

"It shall be the duty of the appraiser under such rules and regulations as the Secretary of the Treasury may prescribe—  
 "(1) To appraise the merchandise in the unit of quantity in which the merchandise is usually bought and sold by ascertaining or estimating the value thereof by all reasonable ways and means in his power, any statement of cost or cost of production in

premises or other suitable place, but not at the public stores.

(b) When, upon the request of the importer, merchandise is examined elsewhere than at the public stores, or at a place other than a port of entry or a customs station at which a customs officer is permanently located, any additional expense, including actual expenses of travel and subsistence but not the salary of the examining officer, shall be paid by the importer, except that no collection need be made if the total amount chargeable against one importer for one day amounts to less than 50 cents. If the total amount chargeable amounts to 50 cents or more, but less than \$1, a minimum charge of \$1 shall be made.

(c) Before permitting the removal of merchandise for examination elsewhere than at the public stores, wharf, or other place in charge of a customs officer, the collector shall require the importer to execute a bond on customs Form 7551, 7553, or other appropriate form, containing a condition for the return of the merchandise if demand for return is made after its release from customs custody upon the completion of final examination for purposes of appraisal. The bond shall contain added conditions that the importer shall hold the merchandise at the place to which it has been removed

any invoice, affidavit, declaration, or other document to the contrary notwithstanding:

- "(2) To ascertain the number of yards, parcels, or quantities of the merchandise or
- "(3) To ascertain whether the merchandise has been truly and correctly invoiced;
- "(4) To describe the merchandise in order that the collector may determine the dutiable classification thereof; and
- "(5) To report his decisions to the collector." (Tariff Act of 1930, sec. 500 (a); 19 U. S. C. 1500 (a))

... If any package is found by the appraiser to contain any article not specified in the invoice and he reports to the collector that in his opinion such article was omitted from the invoice with fraudulent intent on the part of the seller, shipper, owner, or agent, the contents of the entire package in which such article is found shall be liable to seizure, but if the appraiser reports that no such fraudulent intent is apparent then the value of said article shall be added to the entry and the duties thereon paid accordingly. If a deficiency is found in quantity, weight, or measure in the examination of any package, report thereon shall be made to the collector. . . . (Tariff Act of 1930, sec. 499, as amended; 19 U. S. C. 1499)

for examination until it has been released from customs custody; that, if such merchandise has been corded and sealed, the cords and seals shall be kept intact until removed by customs officers; and that the importer shall transfer the merchandise at any time before such release to such place as the collector may direct.

(d) If the collector deems it necessary, the packages shall be corded and sealed by a customs officer before being removed from the place of unloading and a caution notice, customs Form 6087, shall be securely affixed thereto. The packages shall be opened only in the presence of a customs officer authorized to examine their contents, and the opening and closing of the packages shall be done by labor furnished by the importer.

(e) Upon application by the importer or owner, machinery, altars, shrines, and other articles which must be set up or assembled prior to examination may be examined and appraised at the mill, factory, or other suitable place after being set up or assembled. In all such cases a bond on customs Form 7551, 7553, or other appropriate form shall be taken; the collector also may require that a deposit be made of the estimated additional expense. The packages need not be corded and sealed, but the appraiser may make such preliminary examination as he deems necessary to identify the merchandise with the invoice. After the bond has been filed and any necessary preliminary examination has been made, the collector may permit the merchandise to be removed to the place at which it is to be set up or assembled for examination. Within 90 days after such removal, unless an extension has been applied for and granted by the collector, the importer shall notify the collector or appraiser that the machinery or other articles have been set up or assembled and are ready for examination, whereupon final examination shall be made and the appraisal completed.

(f) When merchandise covered by an immediate transportation entry has been authorized by the collector to be delivered to a place outside a port of entry, as provided for in § 18.11 (c) of this chapter, the provisions of paragraphs (a) to (e), inclusive, of this section shall be complied with to the same extent as would have been required if

the merchandise had been delivered to the port of entry designated in the transportation entry and then authorized to be examined elsewhere than at the public stores, wharf, or other place where a customs officer is regularly stationed.

(g) When deemed sufficient for the purposes, samples of merchandise may be used for examination and appraisal. Representative samples shall be selected by a customs sampler or other authorized customs officer from the merchandise or packages designated by the collector for examination, and shall be properly marked to insure identification and retained as long as the appraiser shall deem necessary.

(h) If the appraiser requires samples from packages not designated for examination, he shall request the importer, on customs Form 6525, to submit them and execute the certificate on the reverse side of customs Form 6525.

(1) The tobacco examiner at the port of New York shall have general supervision of the examination of all cigars or cigarillos, which may be made or derived in whole or in part of Cuban articles. Customs Simplification Act of 1956. The value of imported articles specified in the final list published pursuant to section

(a) Basis—Except as otherwise specifically provided for in this act, the value of imported merchandise for the purposes of this act shall be—

- (1) The export value, or
- (2) If the export value cannot be determined satisfactorily, then the United States value, or
- (3) If neither the export value nor the United States value can be determined satisfactorily, then the constructed value, except that, in the case on an imported article subject to a rate of duty based on the American selling price of a domestic article, such value shall be—
- (4) The American selling price of such domestic article.

(b) Export value. For the purposes of this section, the export value of imported merchandise shall be the price, at the time of exportation to the United States of the merchandise undergoing appraisal, at which such or similar merchandise is freely sold or, in the absence of sales, offered for sale in the principal markets of the country of exportation, in the usual wholesale quantities and in the ordinary course of trade, for exportation to the United States, plus, when not included in such price, the cost of all containers and coverings of whatever nature and all other expenses incidental to placing the merchandise in condition, packed ready for shipment to the United States.

(c) United States value. For the purposes of this section, the United States value of imported merchandise shall be the price, at the time of exportation to the United States of the merchandise undergoing appraisal, at which such or similar merchandise is freely sold or, in the absence of sales, offered for sale in the principal market of the United States for domestic consumption, packed ready for delivery, in the usual wholesale quantities and in the ordinary course of trade, with allowances made for—

or measured by the value of, such or similar merchandise, for which vendors at wholesale in the United States are ordinarily liable.

If such or similar merchandise was not sold or offered at the time of exportation of the merchandise undergoing appraisal, the United States value shall be determined, subject to the foregoing specifications of this subsection, from the price at which such or similar merchandise is sold or offered at the earliest date after such time of exportation but before the expiration of ninety days after the importation of the merchandise undergoing appraisal.

(d) Constructed value. For the purposes of this section, the constructed value of imported merchandise shall be the sum of—

- (2) An amount for general expenses and profit equal to that usually reflected in sales of merchandise of the same general class or kind as the merchandise undergoing appraisal which are made by producers in the country of exportation, in the usual course of trade, and in the ordinary course of trade, for shipment to the United States; and

- (3) The cost of all containers and coverings of whatever nature, and all other expenses incidental to placing the merchandise undergoing appraisal in condition, packed ready for shipment to the United States.

(f) Definitions. For the purposes of this section—

- (1) The term "freely sold or, in the absence of sales, offered for sale" means sold or, in the absence of sales, offered—

- (A) To all purchasers at wholesale, or to more selected purchasers at wholesale at a price which fairly reflects the market value of the merchandise,

without restrictions as to the disposition or use of the merchandise by the purchaser, except restrictions as to such disposition or use which (1) are imposed or required by law, (2) limit the price at which or the territory in which the merchandise may be resold, or (3) do not substantially affect the value of the merchandise to usual purchasers at wholesale.

- (2) The term "ordinary course of trade" means the conditions and practices which, for a reasonable time prior to the exportation of the merchandise undergoing appraisal, have been normal in the trade under consideration with respect to merchandise of the same class or kind as the merchandise undergoing appraisal.

- (3) The term "purchasers at wholesale" means purchasers who buy in the usual wholesale quantities for industrial use or for resale otherwise than at retail; or, if there are no such purchasers, then all other purchasers for resale who buy in the usual wholesale quantities; or, if there are no purchasers in either of the foregoing categories, then all other purchasers who buy in the usual wholesale quantities.

- (4) The term "such or similar merchandise" means merchandise in the first of which following categories in respect of which export value, United States value, or constructed value, as the case may be, can be satisfactorily determined:

- (A) The merchandise undergoing appraisal and other merchandise which is identical in physical characteristics with, and was produced in the same country by the same person as, the merchandise undergoing appraisal.

- (B) Merchandise which is identical in physical characteristics with, and was produced by another person in the same country as, the merchandise undergoing appraisal.

- (C) Merchandise (1) produced in the same country and by the same person as the merchandise undergoing appraisal, (2) like the merchandise undergoing appraisal in component material or materials and in the purposes for which used, and (3) approximately equal in commercial value to the merchandise undergoing appraisal.

- (D) Merchandise which satisfies all the requirements of subdivision (C) except that it was produced by another person.

6 (a) of that act "shall be determined in accordance with the provisions of section 402a, Tariff Act of 1930, as redesignated

- (5) The term "usual wholesale quantities", in any case in which the merchandise in respect of which value is being determined is sold in the market under consideration at different prices for different quantities, means the quantities in which such merchandise is there sold at the price or prices for one quantity in an aggregate volume which is greater than the aggregate volume sold at the price or prices for any other quantity.

(g) Transactions Between Related Persons.

- (1) For the purposes of subsection (c) directly or indirectly between persons specified in any one of the subdivisions in paragraph (2) of this subsection may be disregarded if, in the case of any element of value required to be considered, the amount representing that element does not fairly reflect the amount usually reflected in sales in the market under consideration of merchandise of the same general class or kind as the merchandise undergoing appraisal. If a transaction is disregarded under the preceding sentence and there are no other transactions available for consideration, then, for the purposes of subsection (d), the determination of the amount required to be considered shall be based on the best evidence available as to what the amount would have been if the transaction had occurred between persons not specified in any one of the subdivisions in paragraph (2).

(2) The persons referred to in paragraph (1) are:

- (A) Members of a family, including brothers and sisters (whether by the whole or half blood), spouse, ancestors, and lineal descendants;

- (B) Any officer or director of an organization and such organization;

- (C) Partners;

- (D) Employer and employee;

As soon as practicable after the enactment of this act the Secretary shall make public a preliminary list of the imported articles which he shall have determined, after such investigation as he deems necessary, would

and amended.<sup>4b</sup> With respect to any article described on the final list in terms of unit values, the unit value is to be computed in accordance with section 402a for the purpose of ascertaining whether the article undergoing appraisal is included on the list. If the value so computed brings the article within the scope of the value on the final list, such

have been appraised in accordance with section 402 of the Tariff Act of 1930, as amended by this act, at average values for each article which are 95 (or less) per centum of the average values at which such article was actually appraised during the fiscal year 1954. If within sixty days after the publication of such preliminary list any manufacturer, producer, or wholesaler in the United States presents to the Secretary his reason for belief that any imported articles not specified in such list and like or similar to articles manufactured, produced, or sold at wholesale by him would have been appraised in accordance with such section 402 at average values which are 95 (or less) per centum of the average values at which they were or would have been appraised under section 402a, Tariff Act of 1930, as amended by this act, the Secretary shall cause such investigation of the matter to be made as he deems necessary. If in the opinion of the Secretary the reason for belief is substantiated by the investigation, the articles involved shall be added to the preliminary list and such list, including any additions so made thereto, shall be published as a final list. Every article so specified in the final list which is entered, or withdrawn from warehouse, for consumption on or after the thirtieth day following the date of publication of the final list shall be appraised in accordance with the provisions of section 402a, Tariff Act of 1930, as amended by this act. (Sec. 6 (a) 70 Stat. 948.)

"(1) The foreign value or the export value, whichever is higher;

"(2) If the appraiser determines that neither the foreign value nor the export value can be satisfactorily ascertained, then the United States value;

"(3) If the appraiser determines that neither the foreign value, the export value, nor the United States value can be satisfactorily ascertained, then the cost of production;

"(4) In the case of an article with respect to which there is in effect under section 336 a rate of duty based upon the American selling price of a domestic article, then the American selling price of such article.

article must be appraised in accordance with section 402a and classified at the rate applicable to the appraised value. If the value so computed places the article outside the scope of the article in the final list, the article must be appraised in accordance with section 402 and classified at the rate applicable to the appraised value.

(b) The time of exportation referred to in section 402 and section 402a of the tariff act, as amended, is the date on which the merchandise actually leaves the country of exportation for the United States. "(g) *American selling price.* The American selling price of any article manufactured or produced in the United States shall be the price, including the cost of all containers and coverings of whatever nature and all other costs, charges, and expenses incident to placing the merchandise in condition packed ready for delivery, at which such article is freely offered for sale for domestic consumption to all purchasers in the principal market of the United States, in the ordinary course of trade and in the usual wholesale quantities in such market, or the price that the manufacturer, producer, or owner would have received or was willing to receive for such merchandise when sold for domestic consumption in the ordinary course of trade and in the usual wholesale quantities, at the time of exportation of the imported article." (Tariff Act of 1930, sec. 402a, as amended; 19 U. S. C. 1402)

If such invoice covers several individual bills of different dates, the latest of such dates, unless it appears to be later than the actual date of export, shall be considered to be the date of exportation. In the case of indirect shipments exported from one country through another, if the invoice is post dated, the date of the bill of lading may be considered to be the date of exportation in the absence of other evidence if the bill of lading was issued in the country of exportation. A bill of lading showing the date of shipment shall be accepted as evidence of the date of exportation, if such bill has been certified in accordance with the provisions of section 2904, Revised Statutes (19 U. S. C. 240).

When the merchandise is shipped from an interior country through the ports of another country or from a country contiguous to the United States, the date of exportation is the date on which the merchandise crosses the border of the country of exportation and passes beyond the control of the government of such country. These provisions apply also to merchandise shipped directly by air.

"Dutiable charges are such costs and other expenses as are incidental to placing the merchandise in condition, packed ready for shipment to the United States. Such charges must represent the actual cost and be confined solely to merchandise exported to the United States. (d) Merchandise imported from one country, being the growth, production, or manufacture of another country, shall be appraised at its value in the principal markets of the country from which it is immediately imported unless it appears by the invoice, bill of lading, or other evidence that the merchandise was destined for the United States at the time of original shipment, in which case it shall be appraised at its value in the principal markets of the country from which it was originally exported.

(e) The report of the appraiser as to value shall not be reconsidered or modified by him after the appraised invoice and report of appraisement has been lodged with the collector, but within 60 days thereafter an appeal for reappraisal may be filed by the collector if he believes the appraisement is incorrect.

(Secs. 402, 488, 500, 46 Stat. 708, as amended, 714, 729, as amended, sec. 402, 70 Stat. 943; 19 U.S.C. 1401a, 1402, 1488, 1500)

§ 14.4. Furnishing information as to values.

The appraiser shall furnish to importers the latest information as to values in his possession, subject to the following conditions:

(a) Such information shall be given before appraisement only as provided for in § 8.29 (c) and (d) of this chapter, or in response to a specific oral or written request therefor by an importer or his representative, supported by an adequate portation are not charges but become a part of the value of the merchandise.

Nondutiable charges are such items of cost and expense as constitute no part of the value of the merchandise when sold in the ordinary course of trade in the country of exportation, and are no part of the expense of placing it in condition, packed ready for shipment to the United States.

The term "country" is to be regarded for the purposes of this section as embracing all the possessions of a nation, however widely separated, which are subject to the same supreme executive and legislative authority and control.

See Tariff Act of 1930, sec. 501, as amended (19 U. S. C. 1501), relating to appeals for reappraisement by collector or importer.

reason for the request, and in no case shall be volunteered by a customs employee.

(b) The information shall be given only in regard to merchandise to be appraised by, or under the jurisdiction of, the appraiser who receives the request, and only after the merchandise has arrived at the port of entry or upon satisfactory evidence that it has been exported and is en route to the United States.

(c) Each request shall be accompanied by the latest information as to the values in question which the importer has or reasonably can obtain.

(d) Information shall be given only with an understanding and agreement in each case that the information is in no sense an appraisal and is not binding upon the appraiser's action when he appraises the goods.

(e) The appraiser shall not be required to reply to a written request for value information after a value for the merchandise has been declared on entry unless he has information indicating a probable appraised value different from such entered value.

§ 14.5 Coal tar products (cyclic organic chemicals having a benzenoid quinoid, or modified benzenoid structure).

(a) Subject to the conditions of § 8.5(b) of this chapter, prior to entry an importer shall be permitted to take samples under proper supervision from his own importation of articles dutiable under Schedule 4, part 1, Tariff Schedules of the United States.

(b) When an importer seeks information from the appraising officer prior to entry or formal entry is withheld for the importer's convenience as provided for in paragraph (e) of this section, the importer shall furnish to the appraising officer such relevant information as he may request.

(c) Importers may be furnished information as to the American selling price or United States value of coal-tar products upon compliance with the provisions of § 14.4.

(d) The appraiser at New York shall from time to time issue lists of coal-tar products which he believes to be competitive and noncompetitive within the contemplation of schedule 4, part 1, headnotes 4 and 5, Tariff Schedules of

the United States, and add articles thereto or remove articles therefrom as investigation shall justify. This list is advisory only and in no manner relieves appraising officers from the duty of independent appraisal required by law. The appraiser shall furnish copies of such lists and amendments thereof to the Customs Information Exchange for circulation among other appraising officers and the public upon request.

(e) The appraiser at New York, upon application of an importer having an invoice of an article not named on either the competitive or the noncompetitive list, shall proceed immediately to ascertain to which list the article belongs and, upon such ascertainment shall add the article to such list. The importer may withhold formal entry pending addition of the article to either list. The appraiser shall inform the importer of his action.

(f) When an imported article is of different strength from a similar competitive article manufactured or produced in the United States, the value of the imported article shall be adjusted in relation to the selling price of the domestic article in the proportion which the strength of the imported article bears to that of the domestic article.<sup>4</sup>

<sup>4</sup>"4. The ad valorem rates provided in this part shall be based upon the American selling price, as defined in section 402 or 402a of this Act, of any similar competitive article manufactured or produced in the United States. If there is no similar competitive article manufactured or produced in the United States then the ad valorem rate shall be based upon the United States value, as defined in the said section 402 or 402a.

<sup>5</sup>"5. For the purposes of this part, any product provided for in this part shall be considered similar to, or competitive with, any imported product which accomplishes results substantially equal to those accomplished by the domestic product when used in substantially the same manner." (Schedule 4, part 1, headnotes 4 and 5, Tariff Schedules of the United States.)

<sup>6</sup>"6. For the purposes of the provisions of this subpart relating to 'Colors, dyes, stains, and related products' (except products provided for in item 406.80) —

(a) the specific duties shall be based on standards of strength which shall be established by the Secretary of the Treasury, and upon all importations of such articles which exceed such standards of strength the specific duty shall be computed on the weight which the article would have if it were diluted to the standard strength, but in no

(g) When an article is a similar competitive article, the value of such article shall be that portion of the American selling price of the domestic article freely offered for sale which bears the same ratio to such price as the value of the domestic article not freely offered for sale has to the value of the article in the manufacture of which it is used.

(h) When the appraising officer shall be satisfied after investigation that a similar competitive domestic article is offered for sale at an arbitrary and unreasonable price not intended to secure bona fide sales and which does not secure bona fide sales, such price shall not be considered as the American selling price, and such officer shall use all reasonable ways and means to ascertain the price that the manufacturer, producer, or owner would have received, within the meaning of sections 402 (e) or 402a (g), Tariff Act of 1930, as amended.

(i) Where two or more domestic articles are considered similar to and competitive with an imported article, the American selling price of the domestic case shall any such articles of whatever strength be subject to a less specific duty than that provided in the respective items of this subpart:

"(b) it shall be unlawful to import or bring into the United States any such product unless the invoice shall bear a plain, conspicuous, and truly descriptive statement of the identity and percentage, exclusive of diluents, of such product;

"(c) it shall be unlawful to import or bring into the United States any such product, if the immediate container or the invoice bears any statement, design, or device regarding the product or the ingredients or substances contained therein which is false, fraudulent, or misleading in any particular; and

"(d) in the enforcement of the foregoing provisions of this headnote the Secretary of the Treasury shall adopt a standard of strength for each dye or other product which shall conform as nearly as practicable to the commercial strength in ordinary use in the United States prior to July 1, 1914. If a dye or other product has been introduced into commercial use since said date then the standard of strength for such dye or other product shall conform as nearly as practicable to the commercial strength in ordinary use. If a dye or other product was or is ordinarily used in more than one commercial strength, then the lowest commercial strength shall be adopted as the standard of strength for such dye or other product." (Schedule 4, part 1C, headnote 6, Tariff Schedules of the United States.)

article which accomplishes results most nearly equal to those of the imported article shall be taken as the basis for the assessment of the ad valorem rate.

(j) In the ascertainment of United States value, the allowances permitted under sections 402 (c) or 402a (e), Tariff Act of 1930, as amended, shall be made on the basis of the amounts of the factors enumerated therein which actually entered into the price at which such or similar imported merchandise was being sold in the principal market of the United States at the time of exportation, subject to the limitations as to profits, general expenses, or commission.

(k) Tests which are necessary in the appraisal of an imported coal-tar product shall be made under conditions approximating as closely as practicable the conditions in which the articles will be actually used in trade or manufacture.

(l) When a coal-tar product is found to be noncompetitive and no United States value can be ascertained, the article shall be appraised in accordance with section 402 (a) or section 402a (a), Tariff Act of 1930, as amended.

(m) Standards of strength for coal-tar products adopted by the Secretary of the Treasury will be published from time to time and such standards heretofore adopted and published shall continue in force until changed or revoked.

"In determining the value of imported articles classifiable under par. 27 or 28 of the tariff act, the words "similar competitive articles" in subpar. (c) of such paragraphs shall not be construed as relating exclusively to domestic articles actually derived or obtained from coal tar. No domestic article otherwise within the scope of the quoted words shall be excluded therefrom because not derived from coal tar if such an article, if imported, would be subject to classification as a "coal-tar product" under par. 27, 28, or 1651 of the tariff act.

"The following Treasury Decisions contain standards of strength for coal-tar products to which U.S. Standard numbers have been assigned and which have been adopted by the Secretary of the Treasury, under par. 28, Tariff Act of 1922, and par. 28, Tariff Act of 1930:

that any merchandise is being, or is likely to be, imported into the United States at a purchase price or exporter's sales price less than the foreign market value (or, in the absence of such value, than the constructed value), as contemplated by section 201(b), Antidumping Act, 1921, as amended (19 U.S.C. 160(b)), or at less than its "fair value" as that term is defined in § 14.7, he shall communicate his belief or suspicion promptly to the Commissioner of Customs. Every such communication shall contain or be accompanied by a statement of substantially the same information as required in paragraph (b) of this section, if in the possession of the appraiser or other officer or readily available to him.

(b) Any person outside the Customs Service who has reason to believe or suspect that merchandise is being, or is likely to be, imported into the United States under such circumstances as to bring it within the purview of the Antidumping Act, 1921, as amended, may

14 Sec. 201. (a) Whenever the Secretary of the Treasury (hereinafter called the "Secretary") determines that a class or kind of foreign merchandise is being, or is likely to be, sold in the United States or elsewhere at less than its fair value, he shall so advise the United States Tariff Commission, and the said Commission shall determine within three months thereafter whether an industry in the United States is being or is likely to be injured, or is prevented from being established, by reason of the importation of such merchandise into the United States. The said Commission, after such investigation as it deems necessary, shall notify the Secretary of its determination, and, if that determination is in the affirmative, the Secretary shall make public a notice (hereinafter in this Act called a "finding") of his determination and the determination of the said Commission. For the purposes of this subsection, the said Commission shall be deemed to have made an affirmative determination if the Commissioners of the said Commission voting are evenly divided as to whether its determination should be in the affirmative or in the negative. The Secretary's finding shall include a description of the class or kind of merchandise to which it applies in such detail as he shall deem necessary for the guidance of customs officers.

(b) Whenever, in the case of any imported merchandise of a class or kind as to which the Secretary has not so made public a finding, the Secretary has reason to believe or suspect, from the invoice or other papers or from information presented to him or to

- Example (1): Monocarb. Gamma-acid coupling. Example (2): Xanthen-Basic. Oxy-carboxy rhodamines.

B. Give any other information which you consider may be helpful in classifying the product.

Example (1): Insoluble azo dye on the fiber. Mixtures of stabilized diazo amino compounds and coupling components for preparation of the dye on the fiber.

Example (2): Anthraquinone-Dispersed type. Amino-oxy-antraquinones.

14. If the product consists of a mixture of two or more active ingredients, the information required by the preceding numbered paragraphs shall be given for each active ingredient in the mixture, together with the proportion of each active ingredient in the mixture.

15. In addition to the above specifications, there shall be furnished a color pattern or card showing typical small specimens of the material to which the product has been applied with an indication of the strength and the method of application. However, in those cases where a suitable color card has been filed previously with the New York Customs Laboratory, or where a color card is not used commercially and it is not practical to submit one, it will be considered satisfactory to furnish a statement setting forth the date the previous pattern or card was filed and its identification number, or the reason why one is not submitted.

(o) Whenever a sample taken from an imported coal-tar product referred to in § 8.13 (h) of this chapter, is received in the customs laboratory for test to determine its comparability with any domestic coal-tar product, the file of domestic samples and specifications referred to in paragraph (n) of this section shall be searched. If after searching the file and making any necessary tests, no comparable domestic product is found, the chief chemist shall prepare and submit his laboratory report accordingly.

(n) The Chief Chemist, Customs Laboratory, 201 Varick Street, New York, is hereby authorized to receive from domestic manufacturers samples of those coal-tar products they produce and offer and which are more specifically described as a coal-tar color, dye, stain, color acid, color base, color lake, leuco-compound, or indoxyl or indoxyl compound. Each sample so received shall be accompanied by specifications setting forth all the information called for by Schedule A below. It is essential that the specifications accompanying the sample be set forth in the order and manner specified because the information will be used for comparison with similar data required on importations of foreign coal-tar products. The samples and specifications shall be examined and appropriately filed by the chief chemist. Samples and specifications shall be removed from, replaced, or added to the file as may be necessary. The chief chemist shall advise the appraiser at New York of those products removed from or added to the file. any person to whom authority under this section has been delegated, that the purchase price is less, or that the exporter's sales price is less or likely to be less, than the foreign market value (or, in the absence of such value, than the constructed value). He shall forthwith publish notice of that fact in the FEDERAL REGISTER and shall authorize, under such regulations as he may prescribe, the withholding of appraisement reports as to such merchandise entered, or withdrawn from warehouse, for consumption, not more than one hundred and twenty days before the question of dumping has been raised by or presented to him or any person to whom authority under this section has been delegated, until the further order of the Secretary, or until the Secretary has made public a finding as provided for in subdivision (a) in regard to such merchandise.

(c) The Secretary, upon determining whether foreign merchandise is being, or is likely to be, sold in the United States at less than its fair value, and the United States Tariff Commission, upon making its determination under subsection (a) of this section, shall each publish such determination in the FEDERAL REGISTER, with a statement of the reasons therefor, whether such determination is in the affirmative or in the negative.

Sec. 202. (a) In the case of all imported merchandise, whether dutiable or free of duty, of a class or kind as to which the Secretary of the Treasury has made public a finding as provided for in section 201, entered, or withdrawn from warehouse, for consumption, not more than one hundred and twenty days before the question of dumping was raised by or presented to the Secretary or any person to whom authority under section 201 has been delegated, and as to which no appraisement report has been made before such finding has been so made public, if the purchase price or the exporter's sales price is less than the foreign market value (or, in the absence of such value, than the constructed value) there shall be levied, collected, and paid, in addition to any other duties imposed thereon by law, a special dumping duty in an amount equal to such difference.

(b) In determining the foreign market value for the purposes of subsection (a), if the Secretary or his delegate that the amount of any difference between the purchase price and the foreign market value (or that the fact that the purchase price is the same as the foreign market value) is wholly or partly due to—

(1) The fact that the wholesale quantities in which such or similar merchandise is sold or, in the absence of sales, offered for sale for exportation to the United States in the ordinary course of trade, are less or greater than the wholesale quantities in which such or similar merchandise is sold

or, in the absence of sales, offered for sale in the principal markets of the country of exportation in the ordinary course of trade for home consumption (or, if not so sold or offered for sale for home consumption, then for exportation to countries other than the United States);

(2) Other differences in circumstances of sale; or

(3) The fact that merchandise described in subdivision (C), (D), (E), or (F) of section 212(3) is used in determining foreign market value.

then due allowance shall be made therefor. (c) In determining the foreign market value for the purposes of subsection (a), if it is established to the satisfaction of the Secretary or his delegate that the amount of any difference between the exporter's sales price and the foreign market value (or that the fact that the exporter's sales price is the same as the foreign market value) is wholly or partly due to—

(1) The fact that the wholesale quantities in which such or similar merchandise is sold or, in the absence of sales, offered for sale in the principal markets of the United States are greater than the wholesale quantities in which such or similar merchandise is sold or, in the absence of sales, offered for sale in the principal markets of the country of exportation in the ordinary course of trade for home consumption (or, if not so sold or offered for sale for home consumption, then for exportation to countries other than the United States);

(2) Other differences in circumstances of sale; or

(3) The fact that merchandise described in subdivision (C), (D), (E), or (F) of section 212(3) is used in determining foreign market value.

then due allowance shall be made therefor. Sec. 203. That for the purposes of this title, the purchase price of imported merchandise shall be the price at which such merchandise has been purchased or agreed to be purchased, prior to the time of exportation, by the person by whom or for whose account the merchandise is imported, plus, when not included in such price, the cost of all containers and coverings and all other costs, charges, and expenses incidental to placing the merchandise in condition, packed ready for shipment to the United States, less the amount, if any, included in such price, attributable to any additional costs, charges, and expenses, and United States import duties, incidental to bringing the merchandise from the place of shipment in the country of exportation to the place of delivery in the United States; and plus the amount, if not included in such price, of any export tax imposed by the country of exportation to the United States; and plus the amount of any import duties imposed by the country of exportation which

(Footnote 14a—Continued)

have been rebated, or which have not been collected, by reason of the exportation of the merchandise to the United States; and plus the amount of any taxes imposed in the country of exportation upon the manufacturer, producer, or seller, in respect to the manufacture, production or sale of the merchandise, which have been rebated, or which have not been collected, by reason of the exportation of the merchandise to the United States.

Sec. 204. That for the purpose of this title the exporter's sales price of imported merchandise shall be the price at which such merchandise is sold or agreed to be sold in the United States, before or after the time of importation, by or for the account of the exporter, plus, when not included in such price, the cost of all containers and coverings and all other costs, charges, and expenses incidental to placing the merchandise in condition, packed ready for shipment to the United States, less (1) the amount, if any, included in such price, attributable to any additional costs, charges, and expenses, and United States import duties, incidental to bringing the merchandise from the place of shipment in the country of exportation to the place of delivery in the United States; (2) the amount of the commissions, if any, for selling in the United States the particular merchandise under consideration; (3) an amount equal to or for the account of the exporter in the United States in selling identical or substantially identical merchandise, and (4) the amount of any export tax imposed by the country of exportation on the exportation of the merchandise to the United States; and plus the amount of any import duties imposed by the country of exportation which have been rebated, or which have not been collected, by reason of the exportation of the merchandise to the United States; and plus the amount of any taxes imposed in the country of exportation upon the manufacturer, producer, or seller in respect to the manufacture, production, or sale of the merchandise, which have been rebated, or which have not been collected, by reason of the exportation of the merchandise to the United States.

Sec. 205. For the purposes of this title, the foreign market value of imported merchandise shall be the price, at the time of exportation of such merchandise to the United States, at which such or similar merchandise is sold or, in the absence of sales, offered for sale in the principal markets of the country from which exported, in the usual wholesale quantities and in the ordinary course of trade for home consumption (or, if not so sold or offered for sale for home consumption, or if the Secretary determines that the quantity sold for home consumption is so small in relation to the quantity sold for exportation to countries other than the United States as

to form an inadequate basis for comparison, then the price at which so sold or offered for sale for exportation to countries other than the United States), plus, when not included in such price, the cost of all containers and coverings and all other costs, charges, and expenses incidental to placing the merchandise in condition packed ready for shipment to the United States, except that in the case of merchandise purchased or agreed to be purchased by the person by whom or for whose account the merchandise is imported, prior to the time of exportation, the foreign market value shall be ascertained as of the date of such purchase or agreement to purchase. In the ascertainment of foreign market value for the purposes of this title no pretended sale or offer for sale, and no sale or offer for sale intended to establish a fictitious market, shall be taken into account. If such or similar merchandise is sold or, in the absence of sales, offered for sale through a sales agency or other organization related to the seller in any of the respects described in section 207, the prices at which such or similar merchandise is sold or, in the absence of sales, offered for sale by such sales agency or other organization may be used in determining the foreign market value.

Sec. 206. (a) For the purposes of this title, the constructed value of imported merchandise shall be the sum of—

(1) The cost of materials (exclusive of any internal tax applicable in the country of exportation directly to such materials or their disposition, but remitted or refunded upon the exportation of the article in the production of which such materials are used) and of fabrication or other processing of any kind employed in producing such or similar merchandise, at a time preceding the date of exportation of the merchandise under consideration which would ordinarily permit the production of that particular merchandise in the ordinary course of business;

(2) An amount for general expenses and profit equal to that usually reflected in sales of merchandise of the same general class or kind as the merchandise under consideration which are made by producers in the country of exportation, in the usual wholesale quantities and in the ordinary course of trade, except that (A) the amount for general expenses shall not be less than 10 per centum of the cost as defined in paragraph (1), and (B) the amount for profit shall not be less than 8 per centum of the sum of such general expenses and cost; and

(3) The cost of all containers and coverings of whatever nature, and all other expenses incidental to placing the merchandise under consideration in condition, packed ready for shipment to the United States.

(b) For the purposes of this section, a transaction directly or indirectly between persons specified in any one of the para-

(Footnote 14a—Continued)

graphs in subsection (c) of this section may be disregarded if, in the case of any element of value required to be considered, the amount representing that element does not fairly reflect the amount usually reflected in sales in the market under consideration of merchandise of the same general class or kind as the merchandise under consideration. If a transaction is disregarded under the preceding sentence and there are no other transactions available for consideration, then the determination of the amount required to be considered shall be based on the best evidence available as to what the amount would have been if the transaction had occurred between persons not specified in any one of the paragraphs in subsection (c).

(c) The persons referred to in subsection (b) are:

- (1) Members of a family, including brothers and sisters (whether by the whole or half blood), spouse, ancestors, and lineal descendants;
- (2) Any officer or director of an organization and such organization;
- (3) Partners;
- (4) Employer and employee;
- (5) Any person directly or indirectly owning, controlling, or holding with power to vote, 5 per centum or more of the outstanding voting stock or shares of any organization and such organization; and
- (6) Two or more persons directly or indirectly controlling, controlled by, or under common control with, any person.

Sec. 207. That for the purposes of this title the exporter of imported merchandise shall be the person by whom or for whose account the merchandise is imported into the United States:

- (1) If such person is the agent or principal of the exporter, manufacturer, or producer; or
- (2) If such person owns or controls, directly or indirectly, through stock ownership, partnership or control or otherwise, any interest in the business of the exporter, manufacturer, or producer; or
- (3) If the exporter, manufacturer, or producer owns or controls, directly or indirectly, through stock ownership or control or otherwise, any interest in any business conducted by such persons; or
- (4) If any person or persons, jointly or severally, directly or indirectly, through stock ownership or control or otherwise, own or control in the aggregate 20 per centum or more of the voting power or control in the business carried on by the person by whom or for whose account the merchandise is imported into the United States, and also 20 per centum or more of such power or control in the business of the exporter, manufacturer, or producer.

Sec. 208. That in the case of all imported merchandise, whether dutiable or free of

and the Court of Customs and Patent Appeals shall have the same jurisdiction, powers, and duties in connection with such appeals and protests as in the case of appeals and protests relating to customs duties under existing law.

Sec. 211. That the special dumping duty imposed by this title shall be treated in all respects as regular customs duties within the meaning of all laws relating to the drawback of customs duties.

Sec. 212. For the purposes of this title—  
(1) The term "sold or, in the absence of sales, offered for sale" means sold or, in the absence of sales, offered—

(A) to all purchasers at wholesale, or  
(B) in the ordinary course of trade to one or more selected purchasers at wholesale at a price which fairly reflects the market value of the merchandise,

without regard to restrictions as to the disposition or use of the merchandise by the purchaser except that, where such restrictions are found to affect the market value of the merchandise, adjustment shall be made therefor in calculating the price at which the merchandise is sold or offered for sale.

(2) The term "ordinary course of trade" means the conditions and practices which, for a reasonable time prior to the exportation of the merchandise under consideration, have been normal in the trade under consideration with respect to merchandise of the same class or kind as the merchandise under consideration.

(3) The term "such or similar merchandise" means merchandise in the first of the following categories in respect of which a determination for the purposes of this title can be satisfactorily made:

(A) The merchandise under consideration and other merchandise which is identical in physical characteristics with, and was produced in the same country by the same person as, the merchandise under consideration.

(B) Merchandise which is identical in physical characteristics with, and was produced by another person in the same country as, the merchandise under consideration.

(C) Merchandise (i) produced in the same country and by the same person as the merchandise under consideration, (ii) like the merchandise under consideration in component material or materials and in the purposes for which used, and (iii) approximately equal in commercial value to the merchandise under consideration.

(D) Merchandise which satisfies all the requirements of subdivision (C) except that it was produced by another person.

(E) Merchandise (i) produced in the same country and by the same person and of the same general class or kind as the merchandise under consideration, (ii) like the merchandise under consideration in the purposes for which used, and (iii) which the Secretary or his delegate determines may reasonably be compared for the purposes of

communicate his belief or suspicion and the reasons therefor in writing to any appraiser of merchandise or the Commissioner of Customs. Every such communication shall contain or be accompanied by the following:

(1) A detailed description or sample of the merchandise; the name of the country from which it is being, or is likely to be, imported; and the ports or probable ports of importation into the United States. If no sample is furnished, the appraiser concerned in appropriate cases may call upon the person who furnished the information to furnish samples of the imported and competitive domestic articles, or either.

(2) Such detailed data as to values and prices as is reasonably available to the person furnishing the information and is relied upon by him to support his belief or suspicion, including information as to any differences between the foreign market value or constructed value and the import purchase price or exporter's sales price which may be accounted for by any difference in taxes, discounts, incidental costs such as those for packing or freight, or other items.

(3) Such information as is reasonably available to the person furnishing the information as to the total value and this title with the merchandise under consideration.

(F) Merchandise which satisfies all the requirements of subdivision (E) except that it was produced by another person.

(4) The term "usual wholesale quantities" in any case in which the merchandise in respect of which value is being determined is sold in the market under consideration at different prices for different quantities, means the quantities in which such merchandise is there sold at the price or prices for one quantity in an aggregate volume which is greater than the aggregate volume sold at the price or prices for any other quantity.

Sec. 213. That this title may be cited as the "Antidumping Act, 1921."

Sec. 406. That when used in Title II . . . —  
The term "person" includes individuals, partnerships, corporations, and associations; and

The term "United States" includes all Territories and possessions subject to the jurisdiction of the United States, except the Virgin Islands, the Islands of Guam and Tutuila, and the Canal Zone.

Sec. 407. That the Secretary shall make rules and regulations necessary for the enforcement of this Act. (Antidumping Act, 1921, as amended; 19 U.S.C. 160-173.)

particular subject to the qualification that there may be other factors present, not here stated, or not sufficiently emphasized for the purposes of an actual case, which would lead to different or opposite results.

As is the case in respect of other laws administered in whole or in part by him, the Commissioner of Customs stands ready to answer specific inquiries arising under the Antidumping Act, 1921, as amended, which relate to contemplated transactions, to the best of his ability, notably those involving questions as to whether § 14.7(a) (1) or (2) of those regulations applies, and questions as to the method of computation which may be used in connection with § 14.7(b) (7) hereof.

**Example 1.** A foreign producer has made the following sales of a particular product over a representative period:

Sales for consumption in country of exportation	Sales for exportation to countries other than the United States	Sales to the United States
75,000 units @ \$1.00	25,000 units @ \$0.55	15,000 units @ \$0.90

The quantity of sales of this product in the country of exportation, amounting to 75,000 units, is sufficiently large in relation to the total of 25,000 units sold for exportation to countries other than the United States to constitute an adequate basis for comparison with sales to the United States. (See § 14.7(a) (1) and (2) of these regulations.) The price for sale to the United States is less than the price in the country of exportation. The foreign producer is therefore selling in the United States at less than fair value.

Home market sales will form the basis of comparison whether or not they are restricted. This example concerns home market prices which are either free of restrictions or accompanied by restrictions that do not affect the value of the merchandise. If there should be restrictions which affect the value of the merchandise, appropriate adjustment of the home market price will be made. Third country prices, even though unrestricted, will not be resorted to in this set of circumstances.

**Example 2.** A foreign producer has made the following sales of a particular product:

Sales for consumption in country of exportation	Sales for exportation to countries other than the United States	Sales to the United States
25,000 units @ \$0.95	75,000 units @ \$0.90	15,000 units @ \$0.90

The foreign producer can show that the quantity of sales of this product in the country of exportation, amounting to 25,000 units, is so small in relation to the total of 75,000 units sold for exportation to countries other than the United States, as to be an inadequate basis for comparison with sales to the United States. Determination of fair value will therefore be based on the selling price for exportation to coun-

absence of such value, constructed value) as defined in the Antidumping Act, 1921, as amended, as a basis for determining whether or not to withhold appraisement under section 201(b) (19 U.S.C. 160(b)) or for imposition of duty under section 202 (19 U.S.C. 161).

An industry in the United States which considers that it is being injured by sales of merchandise at less than fair value will ordinarily have insufficient information on which to submit proof either of fair value as herein defined, or foreign market value or constructed value as defined in said sections 205 and 206 (19 U.S.C. 164 and 165). The industry may, however, submit, and appraisers will consider, such material as is available to it, including information indicating the market price for similar merchandise in the country of exportation and in any third countries in which merchandise of the producer complained of is known to be sold. Information submitted by an industry and information submitted by a foreign producer and others will be of value in assisting the Treasury to establish the basis for fair value, foreign market value, or constructed value.

Fair value is computed on the basis of sales for consumption in the country of exportation or for exportation otherwise than to the United States at or about the date of the purchase or agreement to purchase of the merchandise to be imported into the United States, or the date of exportation. However, in cases where it may be important to determine either the stability of the market or its trend, as well as to determine whether there has been a fictitious sale as described in § 14.7(b) (6) of these regulations, it will be helpful to the Secretary to have information as to sales made for consumption in the country of exportation or for exportation otherwise than to the United States over a significant period of time immediately preceding the date of purchase or agreement to purchase, or exportation.

**EXAMPLES FOR PURPOSES OF ILLUSTRATION**  
A few examples of what would and what would not be considered sales at less than fair value are given below. Unless otherwise indicated, it is assumed that individual sales are in the same average quantities and that they are also made under the same circumstances of sale.

It must be understood that these examples of necessity oversimplify for purposes of illustration. Each actual case of alleged sales at less than fair value must be considered in the light of all relevant facts, and it may be seldom that cases will be presented for consideration which are as free of complications as are the cases cited in these examples. The tentative conclusions set forth below cannot, therefore, be considered as decisions which are binding upon the Secretary of the Treasury. They are in

absence of such value, than its constructed value), he will thereafter proceed, by a full-scale investigation, or otherwise to obtain such additional information, if any, as may be necessary to enable the Secretary to reach a determination as provided by § 14.8(a), or

(ii) Recommend to the Secretary that a full-scale investigation is not warranted by the facts of the case and that the case be closed by a finding of no sales at less than fair value.

(e) If the Commissioner determines pursuant to paragraph (d) (1) of this section, or in the course of an investigation under paragraph (d) (3) (i) of this section, that there are reasonable grounds to believe or suspect that any merchandise is being, or is likely to be, sold at less than its foreign market value (or, in the absence of such value, than its constructed value) under the Antidumping Act, he shall publish notice of that fact in the FEDERAL REGISTER, furnishing an adequate description of the merchandise and the name of each country of exportation, and shall advise all appraisers of his action and of the date when the question of dumping was raised by or presented to the Secretary or his delegate. The notice shall also include the name of the person who raised the question of dumping, if outside the Customs Service, unless such person has advised the Commissioner of Customs in writing, prior to this determination, that publication of his name would be likely to subject him to commercial retaliation or would be injurious to him in other respects. If the belief or suspicion relates only to certain shippers, the notice shall also include the names of such shippers. Upon receipt of such advice, the appraisers shall proceed in accordance with the pertinent provisions of § 14.9.

#### § 14.7 Fair value.

(a) **Definition.** For the purposes of section 201(a) of the Antidumping Act,

"The definition of fair value does not in any way modify or affect definitions of foreign market value given in section 205 of the Antidumping Act, 1921, as amended (19 U.S.C. 164), or of constructed value given in section 206 (19 U.S.C. 165) or the application of a foreign market value (or, in the

volume of domestic production of the merchandise in question.

(c) If any information filed with an appraiser or the Commissioner pursuant to paragraph (b) of this section does not conform with the requirements of that paragraph, the communication shall be returned promptly to the person who submitted it with detailed written advice as to the respects in which it does not conform. If such information filed with an appraiser is found to comply with the requirements, it shall be transmitted by the appraiser within 10 days to the Commissioner of Customs, together with all pertinent additional information obtainable by the appraiser. Before making such transmittal, or as soon thereafter as possible, the appraiser shall make such inquiry regarding the matter among importers, domestic producers and distributors, or others as he may deem appropriate and report the results to the Commissioner together with his comments thereon.

(d) (1) Upon receipt pursuant to paragraph (a), (b), or (c) of this section of information in proper form, the Commissioner will proceed promptly to decide whether or not reasonable grounds exist to believe or suspect that the merchandise is being, or is likely to be, sold at less than its foreign market value (or, in the absence of such value, than its constructed value). To assist him in making such decision the Commissioner, in his discretion, may conduct a brief preliminary investigation into such matters, in addition to the invoice or other papers or information presented to him, as he may deem necessary.

(2) If the Commissioner decides, after such preliminary investigation, if any, that reasonable grounds do exist to believe or suspect that the merchandise is being, or is likely to be, sold at less than its foreign market value (or, in the absence of such value, than its constructed value) he will thereafter proceed, by a full-scale investigation, or otherwise, to obtain such additional information, if any, as may be necessary to enable the Secretary to reach a determination as provided by § 14.8(a).

(3) If the Commissioner decides, after such preliminary investigation, if any, that reasonable grounds do not exist to believe or suspect that the merchandise is being, or is likely to be, sold at less than its foreign market value (or, in the

tries other than the United States, pursuant to § 14.7(a) (2) of these regulations. In the absence of special circumstances, it would appear that the sales for exportation to the United States were not below fair value. Third country sales will form the basis of comparison whether or not they are restricted. This example concerns third country sales which are either free of restrictions or accompanied by restrictions which do not affect the value of the merchandise. If there should be restrictions which affect the value of the merchandise, appropriate adjustment of the third country price will be made. Home market prices, even though unrestricted, will not be resorted to in this set of circumstances.

**Example 3.** A foreign producer has sold his merchandise for consumption in the country of exportation at or about the date of the sale or exportation to the United States at the following prices:  
2,000 tons @ \$32.80 ton.  
1,000 tons @ \$32.85 ton.  
1,000 tons @ \$33.00 ton.  
1,000 tons @ \$33.10 ton.

It is conceded that the price depends upon the bargaining of the parties rather than upon quantity purchased. Sales to the United States have been made by this supplier in the same average quantities at a uniform price of \$32.90 per ton during the period. The difference in price between the producer's home market sales or any average

Sales for consumption in country of exportation		Quantity for each sale	
		Units of 100 lbs.	Units of 1,000 lbs.
200,000 lbs. @ \$0.85			
100,000 lbs. @ \$0.80			

Although the preponderance of sales during the period (200,000 lbs.) was at a price of \$0.85 as opposed to the United States price of \$0.80, the lower United States price is justified on the ground that the home price pattern shows that to be the prevailing price for units of 1,000 pounds, which were the units involved in the United States sales. On the other hand, if the record of sales were to show 100,000 pounds sold for consumption in the country of exportation in units of 1,000 pounds at \$0.85 instead of \$0.80, the sales to the United States would be deemed to have been made at less than fair value.

**Example 6.** A foreign producer sells for consumption in the country of exportation at \$12 a unit, regardless of quantities and regardless of whether the sales are to wholesalers or retailers. He sells to retail purchasers in the United States at \$12 a unit and wholesale purchasers in the United States at \$10 a unit, in each case regardless of quantities.

The circumstances in this case indicate that the foreign producer will be deemed to have been selling to wholesalers in the fair value.

thereof and his sales to the United States is so slight that it will not be regarded as more than insignificant unless unusual market conditions in the United States or the quantities involved as compared to United States production justify a contrary conclusion.

**Example 4.** A foreign producer makes all of his sales, other than those to the United States, for consumption in the country of exportation. The majority of the merchandise thus sold by him is sold at list prices, net. However, a discount of 5 percent is granted on sales of more than 500 tons. Sales to the United States are at list prices, less 10 percent and have been in quantities of 10,000 tons or more. There have been no other sales by this producer in such quantities. However, if the 10 percent discount is determined to be reasonable in the particular trade under consideration for the quantities involved, and to be due to the differences in calculating home market price. Accordingly, the sales will not be considered to have been made at less than fair value.

The same result could obtain if the pricing pattern showed a differential because of quantity even though there were no list prices, or the list prices did not specify quantity discounts. This is shown in Example 5.

**Example 5.** A foreign producer has the following record of sales at or about the date of sale or exportation to the United States:

Sales to United States		Quantity for each sale	
		Units of 1,000 lbs.	Units of 1,000 lbs.
100,000 lbs. @ \$0.80			

United States at less than fair value. Should, however, his record of sales for consumption in the country of exportation show that he sells, regardless of quantities, at \$10 a unit to wholesalers and at \$12 a unit to retailers, then, making allowances for the circumstances of sale, the sales in the United States will not be deemed to be sales at less than fair value.

**Example 7.** A foreign producer sells for consumption in the country of exportation at \$105 a unit, delivered anywhere within the country of exportation. He has no f.o.b. factory price for home consumption. He sells to the United States f.o.b. factory for \$100 a unit. Evidence indicates that it costs the producer on the average \$0.50 a unit to deliver on home consumption sales. Giving due consideration to the circumstances of sale, the sales to United States purchasers at \$100 a unit will be deemed to be sales at less than fair value. Should the delivery cost on home consumption sales average \$5 a unit instead of \$0.50, the sales to United States purchasers at \$100 a unit will not be deemed to be sales at less than fair value.

1921, as amended (19 U.S.C. 160(a)), the fair value of imported merchandise shall be determined as follows:

(1) *Fair value based on price in country of exportation—the usual test.* Merchandise imported into the United States will ordinarily be considered to have been sold, or to be likely to be sold, at less than fair value if the purchase price or exporter's sales price (as defined in sections 203 and 204, respectively, of the Antidumping Act, 1921, as amended (19 U.S.C. 162, 163)), as the case may be, is, or is likely to be, less than the price (as defined in section 205, after adjustment as provided for in section 202 of the Antidumping Act, 1921, as amended (19 U.S.C. 164, 161)), at which such or similar merchandise (as defined in section 212(3) of the Antidumping Act, 1921, as amended (19 U.S.C. 170a(3))) is sold for consumption in the country of exportation on or about the date of purchase or agreement to purchase, of the merchandise imported into the United States if purchase price applies, or on or about the date of exportation thereof if exporter's sales price applies.

(2) *Fair value based on sales for exportation to countries other than the United States.* If, however, it is demonstrated that during a representative period the quantity of such or similar merchandise sold for consumption in the country of exportation is so small, in relation to the quantity sold for exportation to countries other than the United States, as to be an inadequate basis for comparison, then merchandise imported into the United States will ordinarily be deemed to have been sold, and to be likely to be sold, at less than fair value if the purchase price or the exporter's sales price (as defined in sections 203 and 204, respectively, of the Antidumping Act, 1921, as amended (19 U.S.C. 162, 163)), as the case may be, is, or is likely to be, less than the price (as defined in section 205, after adjustment as provided for in section 202 of the Antidumping Act, 1921, as amended (19 U.S.C. 164, 161)), at which such or similar merchandise (as defined in section 212(3) of the Antidumping Act, 1921, as amended (19 U.S.C. 170a(3))) is sold for exportation to countries other than the United States on or about the date of purchase or agreement to purchase of the merchandise imported into the United States if purchase price ap-

ples, or on or about the date of exportation thereof if exporter's sales price applies.

(3) *Fair value based on constructed value.* If the information available is deemed by the Secretary insufficient or inadequate for a determination under subparagraph (1) or (2) of this paragraph, he will determine fair value on the basis of the constructed value as defined in section 206 of the Antidumping Act, 1921, as amended (19 U.S.C. 165).

(b) *Calculation of fair value.* In calculating fair value under section 201(a), U.S.C. 160(a), the following criteria shall be applicable:

(1) *Quantities.* In comparing the purchase price or exporter's sales price, as the case may be, with the sales, or other criteria applicable, on which a determination of fair value is to be based, reasonable allowances will be made for differences in quantities if it is established to the satisfaction of the Secretary that the amount of any price differential is wholly or partly due to such differences. In determining the quantity of allowances for differences in quantity, consideration will be given, among other things, to the practice of the industry in the country of exportation with respect to affording in the home market (or third country markets, where sales to third country markets, on basis for comparison) discounts for quantity sales which are freely available to those who purchase in the ordinary course of trade. Where sales are not made in the home market (or third country markets, where applicable) in quantities comparable to the quantities sold in the United States, consideration may also be given to the practice of the industry in other countries (including the United States) with respect to affording discounts for quantity sales which are freely available to those who purchase in the ordinary course of trade.

(2) *Circumstances of sale.* (i) In comparing the purchase price or exporter's sales price, as the case may be, with the sales, or other criteria applicable, on which a determination of fair value is to be based, reasonable allowances will be made for bona fide differences in circumstances of sale if it is established to the satisfaction of the Secretary that the amount of any price

differential is wholly or partly due to such differences.

(ii) Differences in circumstances of sale for which such allowances will be made are limited, in general, to those circumstances which bear a reasonably direct relationship to the sales which are under consideration. Examples of differences in circumstances of sale for which reasonable allowances generally will be made are those involving differences in credit terms, guarantees, warranties, technical assistance, servicer's advertising or other selling costs. Reasonable allowances will also generally be made for differences in commissions. Except in those instances where it is clearly established that the differences in circumstances of sale bear a reasonably direct relationship to the sales which are under consideration, allowances generally will not be made for differences in research and development costs, production costs, and advertising and other selling costs of a seller unless such costs are attributable to a later sale of merchandise by a purchaser; provided that reasonable allowances for selling expenses generally will be made in cases where a reasonable allowance is made for commissions in one of the markets under consideration and no commission is paid in the other market under consideration, the amount of such allowance being limited to the actual selling expense incurred in the one market or the total amount of the commission allowed in such other market, whichever is less.

(iii) In determining the amount of the reasonable allowances for any differences in circumstances of sale, the Secretary will be guided primarily by the effect of such differences upon the market value of the merchandise but, where appropriate, may also consider the cost of such differences to the seller, as contributing to an estimate of market value.

(3) *Similar merchandise.* In comparing the purchase price or exporter's sales price, as the case may be, with the selling price in the home market, or for exportation to countries other than the United States, in the case of similar merchandise described in subdivisions (C), (D), (E), or (F) of section 212(3), Antidumping Act, 1921, as amended (19 U.S.C. 170a(3)), due allowance shall be

made for differences in cost of manufacture, if it is established to the satisfaction of the Secretary that the amount of any price differential is wholly or partly due to such differences.

(4) *Offering price.* In the determination of fair value, offers will be considered in the absence of sales.

(5) *Sales agency.* If such or similar merchandise is sold or, in the absence of sales, offered for sale through a sales agency or other organization related to the seller in any of the respects described in section 207 of the Antidumping Act, 1921, as amended (19 U.S.C. 166), the price at which such or similar merchandise is sold or, in the absence of sales, offered for sale by such sales agency or other organization may be used in the determination of fair value.

(6) *Fictitious sales.* In the determination of fair value, no pretended sale or offer for sale, and no sale or offer for sale intended to establish a fictitious market, shall be taken into account.

(7) *Sales at varying prices.* Where the prices in the sales which are being examined for a determination of fair value vary (after allowances provided for in subparagraphs (1), (2), and (3) of this paragraph), determination of fair value will take into account the prices of a preponderance of the merchandise thus sold or weighted averages of the prices of the merchandise thus sold.

(8) *Quantities involved and differences in price.* Merchandise will not be deemed to have been sold at less than fair value unless the quantity involved in the sale or sales to the United States, or the difference between the purchase price or exporter's sales price, as the case may be, and the fair value, is more than insignificant.

(Sec. 407, 42 Stat. 18; 19 U.S.C. 173)

§ 14.8 Determination of fact or likelihood of sales at less than fair value; determination of injury; finding of dumping.

(a) Upon receipt from the Commissioner of Customs of the information referred to in § 14.6(d), the Secretary of the Treasury will proceed as promptly as possible to determine whether the merchandise in question is in fact being, or is likely to be, sold in the United States or elsewhere at less than its fair

value. If the determination is affirmative, the Secretary will advise the United States Tariff Commission accordingly.

(b) If the Tariff Commission determines that there is, or is likely to be, the injury contemplated by the statute, the Secretary of the Treasury will make the finding contemplated by section 201(a) of the Antidumping Act, 1921, as amended (19 U.S.C. 160(a)), with respect to the involved merchandise.

§ 14.9 Action by the appraiser.

(a) Upon receipt of advice from the Commissioner of Customs pursuant to § 14.6(e), the appraiser shall withhold appraisement as to such merchandise entered, or withdrawn from warehouse, for consumption, not more than 120 days before the question of dumping was raised by or presented to the Secretary of the Treasury or his delegate and shall notify the collector and importer immediately of each lot of merchandise with respect to which appraisement is so withheld. Upon advice of a finding made in accordance with § 14.8(b), the appraiser shall give immediate notice thereof to the collector and the importer when any shipment subject thereto is imported after the date of the finding and information is not on hand for completion of appraisement of such shipment. Customs Form 6459 shall be used to notify the collector and importer whenever appraisement is withheld under this paragraph.

(b) If, before a finding of dumping has been made, or before a case has been closed without a finding of dumping, the appraiser is satisfied by information furnished by the importer or otherwise that the purchase price or exporter's sales price, in respect of any shipment, is not less than foreign market value (or, in the absence of such value, than the constructed value), he shall so advise the Commissioner and request authorization to proceed with his appraisement of that shipment in the usual manner.

(c) If a finding of dumping has been made, the appraiser shall require the importer or his agent to file a certificate of the importer on the appropriate one of the following forms. A separate certificate shall be required for each shipment.

1 This procedure is not applicable in the case of merchandise missing or found worthless by the appraiser and so reported in his appraisal report. See §§ 15.8, 15.10, and 15.6 of this chapter.

1 In no case shall there be any abatement or allowance made in the duties for any injury, deterioration, loss, or damage sustained by any merchandise while remaining in customs custody, except that the Secretary of the Treasury is authorized, upon production of proof satisfactory to him of the loss or theft of any merchandise while in the appraiser's stores, or of the actual injury or destruction, in whole or in part, of any merchandise by accidental fire or other casualty, while in bonded warehouse, or in the appraiser's stores, or while in transportation under bond, or while in the custody of the officers of the customs, although not in bond, or while within the limits of any port of entry and before having been landed under the supervision of the officers of the customs, to abate or refund, as the case may be, the duties upon such merchandise, in whole or in part, and to pay any such refund out of any moneys in the Treasury not other-

(b) The application and evidence shall be filed with the collector of customs at the port where the loss, theft, injury, or destruction occurred. In the case of total loss by fire or other casualty of merchandise while in transportation under bond, the application and evidence shall be filed at the port at which the transportation entry was made. In the case of partial destruction of or injury to such merchandise, the application and evidence shall be filed with the collector at the port of destination, unless the merchandise is returned to the port at which the transportation entry was made, in which case the application shall be filed at that port. In the case of partial destruction or injury, no application appropriated, and to cancel any warehouse bond or bonds, or enter satisfaction thereon in whole or in part, as the case may be, but no abatement or refund shall be made in respect of injury or destruction of any merchandise in bonded warehouse occurring after the expiration of three years from the date of importation. The decision of the Secretary of the Treasury as to the abatement or refund of the duties on any such merchandise shall be final and conclusive upon all persons.

(2) A declaration of the person who first received the package for the importer, owner, or consignee as to whether or not he examined the package at the time of receipt, and, if so, as to its condition at that time.

(3) A declaration of the person who opened the package after release from customs custody that the alleged missing merchandise was not found by him in the said package or elsewhere.

(d) In the case of injury or destruction by accidental fire or other casualty, the following evidence shall be submitted by the applicant:

the time, place, and nature of such casualty; that the merchandise was on board the vessel or vehicle, in the warehouse, or otherwise in his charge, as the case may be, at the time of the casualty; and that it was totally destroyed and there is no probability of recovering or saving any part thereof, or that it was injured as the result of the casualty.

(2) The bill of lading, the entry, and the invoice covering the merchandise, or certified copies of the foregoing, unless such documents are already in the possession of the collector at the port where the claim is filed.

(3) A copy of the insurance appraiser's report, if any.

(e) When the application and evidence specified in this section have been received and examined by the collector of customs, he shall determine whether the desired abatement or refund shall be made and notify the applicant of his decision.

(f) The applicant may file with the collector of customs a petition addressed to the Commissioner of Customs for a review of the collector's decision. Such petition shall be filed in duplicate within 30 days from the date of the notice of the collector's decision, shall completely identify the case, and shall set forth in detail the objections to the collector's decision. When such a petition has been filed, the collector shall promptly transmit both copies thereof and the entire file to the Bureau, together with a full statement of his views. (a) The disposition of merchandise abandoned pursuant to section 506(1) or 563(b), Tariff Act of 1930, as amended, and not retained for official use, shall be governed by the regulations of the General Services Administration applicable to the Bureau of Customs. If the merchandise is cleared for sale, it shall be sold in accordance with the applicable provisions of Part 20 of this chapter, unless it is worthless or it shall appear probable that the expenses of sale will exceed the proceeds. If the merchandise is sold, no part of the proceeds shall be returned to the importer.

(b) If the merchandise or any part thereof is worthless or it appears probable that the expenses of its sale would exceed the proceeds, it shall be destroyed or otherwise disposed of as the collector may direct. No credit for abandonment of such merchandise shall be given unless a customs officer, who has satisfied himself as to the quantity of the abandoned portion of the shipment and as to the destruction or removal from the control of the applicant of the entire quantity of the goods covered by the collector's instructions as to disposition, shall certify on customs Form 4613 to those facts to avoid the possibility of any part of the same goods being made the subject of another application.

(b) A person in whom the right to withdraw merchandise entered for warehousing is vested in accordance with § 8.39 or § 18.16 (a) of this chapter is entitled exclusively to the rights and privileges initially held by the consignee in respect of abandonment or destruction of such merchandise.

(c) When in the opinion of the collector the abandonment of merchandise under section 563 (b), Tariff Act of 1930, as amended, will involve any expense or cost to the Government, or the merchandise is worthless or unsalable, or cannot be sold for a sum sufficient to pay the expenses of sale, abandonment under such section 563 (b) shall not be permitted unless the applicant deposits a sum which in the opinion of the collector will be sufficient to save the Government harmless from any expense or cost resulting from such abandonment. The sum so advanced shall be placed in a special deposit account and expended to cover the cost of destruction or to meet any deficit should the merchandise be sold and the proceeds of sale be less than the expenses of such sale. After meeting such expenses or deficit, any balance remaining shall be refunded to the applicant. However, the applicant may elect to destroy such merchandise under customs supervision, pursuant to the provisions of section 557, Tariff Act of 1930, as amended.

(d) Where the conditions specified in paragraphs (a)-(c) of this section are met, collectors of customs may grant applications, but in any case where doubt exists the case shall be referred to the Bureau.

**§ 15.5 Destruction of prohibited articles.**

Merchandise regularly entered in good faith and denied admission into the United States by any Government agency after its release from customs custody, pursuant to a law or regulation in force on the date of entry or withdrawal, may be destroyed under Government supervision. In such cases the destroyed merchandise is exempt from

nation packages, within 30 days after release, whether or not delivery is taken by the importer immediately after entry or release as the case may be.

(b) The party abandoning the merchandise shall identify it with that described in the invoice used in making entry to the satisfaction of the collector, who shall cause such examination thereof to be made as may be necessary to verify such identification. When repacking is necessary to segregate the abandoned merchandise from the remainder of the shipment, such repacking shall be done at the expense of the party in interest and under customs supervision. (Sec. 506, 46 Stat. 732; 19 U. S. C. 1506)

**§ 15.4 Abandonment or destruction of merchandise in bond.**

(a) Applications for the abandonment or destruction of merchandise in bond pursuant to section 563(b) or 557(c), Tariff Act of 1930, as amended, shall be filed with the collector by the consignee or his duly qualified representative on customs Form 3499, with the title modified to read "Application and Permit To Abandon (or Destroy) Goods in Bond." When an application is for permission to destroy, the proposed method of destruction shall be stated in the

Such allowance shall be limited to perishable goods condemned by the health officers or authorities in the original package, unless segregation of the goods was under constant customs supervision at the importer's expense. (Sec. 506(2), 46 Stat. 732; 19 U.S.C. 1506(2))

**§ 15.3 Abandonment of merchandise under section 506(1), Tariff Act of 1930.**

(a) A written notice of any abandonment under section 506 (1), Tariff Act of 1930, shall be filed with the collector of customs at the port where the entry is filed within 30 days after the date of entry, or, in the case of examination and liquidation of duties under regulations prescribed by the Secretary of the Treasury in the following cases:

"(2) *Perishable merchandise, condemned.*—Where fruit or other perishable merchandise has been condemned at the port of entry, within ten days after landing, by the health officers or other legally constituted authorities, and the consignee, within five days after such condemnation, files with the collector written notice thereof, an invoiced description and the location thereof and the name of the vessel or vehicle in which imported." § 16.2 Procedure; notice of liquidation.

(a) In the computation of duty on entries, ad valorem rates shall be applied to the values in even dollars, fractional parts of a dollar less than 50 cents being disregarded and 50 cents or more being considered as \$1, all merchandise in the same invoice subject to the same rate of duty to be treated as a unit. When necessary, fractional parts of a dollar, whether more or less than 50 cents, shall be dropped or taken up as whole dollars in order not to increase or decrease the total dutiable value of the invoice. If in such cases it is necessary to drop fractional parts of a dollar amounting to 50 cents or more, the lower fractions shall be dropped, and if it is necessary to take up as whole dollars fractional parts less than 50 cents, the larger fractions shall be taken. In the case of two equal fractions, the one subject to the lower rate of duty shall be dropped or taken up, as the case may be. In determining a rate of duty dependent upon value, fractional parts of a dollar shall be considered. Except as specified in paragraph (b) of this section, if a rate of duty is specific and \$1 or less per unit, fractional quantities, if less than one-half, shall be disregarded, and if one-half or more shall be treated as a whole unit. Subject to the same exception, if a specific rate is more than \$1 per unit, duty shall be assessed upon the exact quantity with any fraction part expressed in the form of a decimal extended to two places.

(b) In the computation of internal-revenue taxes on distilled spirits imported in barrels, kegs, or similar containers, the quantity shall be ascertained in accordance with the internal-revenue regulations. Where distilled spirits are imported in bottles, jugs, or similar containers, the internal-revenue taxes shall be collected on the exact quantity contained in each case or other outer container, fractional parts of a gallon being carried to three decimal places. The procedure for collecting internal-revenue taxes on wines shall be on the basis of a wine gallon of liquid measure equivalent.

<sup>1</sup> The liquidation of an entry is the final computation or ascertainment of the duties accruing thereon. (See T.D.'s 31032, 35123, and 42313.)

§ 16.1 Liquidation required.<sup>1</sup>

All entries covering imported merchandise, except temporary importation bond entries and those for transportation

<sup>1</sup> "The consignee shall deposit with the collector, at the time of making entry, unless the merchandise is entered for warehouse or transportation, or under bond, the amount of duty estimated to be payable thereon. Upon receipt of the appraiser's report and of the various reports of landing, weight, gauge, or measurement the collector shall ascertain, fix, and liquidate the rate and amount of duties to be paid on such merchandise as provided by law and shall give notice of such liquidation in the form and manner prescribed by the Secretary of the Treasury, and collect any increased or additional duties due or refund any excess of duties deposited as determined on such liquidation." merchandise arriving under an I. T. entry.<sup>2</sup>

(b) Allowance for deficiency in any appraiser reported to the collector by the appraiser or other customs officer shall be made in the liquidation of the entry; but no customs officer except an appraiser or other customs officer making an examination contemplated by section 499, Tariff Act of 1930, as amended, shall report a supposed deficiency to the collector unless it is established to the satisfaction of the reporting officer that the merchandise was not imported.

(Sec. 499, 46 Stat. 728, as amended; 19 U.S.C. 1499)

§ 15.10 Articles damaged and worthless at the time of importation.

(a) When a shipment of nonperishable merchandise, or any portion thereof, which shall have been segregated from the remainder of the shipment under customs supervision at the expense of the importer, is found by the appraising officer to be entirely without commercial value by reason of damage or deterioration and is so reported to the collector by the appraiser, an allowance in duties on such merchandise on the ground of nonimportation shall be made in the liquidation of the entry.

(b) A similar allowance may be made in the case of perishable merchandise in accordance with the following procedure and subject to the conditions set forth therein:

(1) An application for such allowance shall be filed with the collector on customs Form 4373, in duplicate, within 96 hours after the unloading of the merchandise and before any of the shipment involved has been removed from the pier pursuant to the entry permit.

(2) Should an application filed in accordance with subparagraph (1) of this paragraph be withdrawn, the merchandise involved shall thereafter be released upon presentation of an appropriate permit.

(3) Allowance in duty shall be made in the liquidation of the entry on such of the merchandise covered by the application as is reported by the appraiser to be entirely without commercial value by reason of damage or deterioration.

<sup>2</sup> See § 15.6 of this chapter.

§ 15.7 Excessive moisture and other impurities; application for allowance; procedure.

(a) An application for an allowance for excessive moisture or other impurities under section 507, Tariff Act of 1930, shall be made on customs Form 4317 and filed with the collector of customs. The application shall be filed within 10 days after the report of weight has been received by the collector or within 10 days after the date upon which the entry or a related document was endorsed to show that invoice weight has been accepted by the entry officer, customs inspector, or other customs officer.

(b) The collector shall cause such investigation to be made as may be necessary to determine whether or not the merchandise contains excessive moisture or other impurities not usually found in or upon such or similar merchandise, together with the amount thereof, and, if necessary, may refer the application to the appraiser for such determination.

(c) If the collector is satisfied from the reports received that the claim is valid, due allowance shall be made in the liquidation of the entry.

(Sec. 507, 46 Stat. 732; 19 U.S.C. 1507)

§ 15.8 Shortages; lost packages; deficiencies in contents of packages.

(a) Allowance shall be made in the assessment of duties for lost or missing merchandise included in the entry whenever it is established to the satisfaction of the collector of customs before the liquidation of the entry becomes final that the merchandise claimed to be lost or missing was not imported. The foregoing shall not apply in the case of

<sup>1</sup> "The Secretary of the Treasury is hereby authorized to prescribe and issue regulations for the ascertainment of tare upon imported merchandise, including the establishment of reasonable and just schedule tares therefor, but in no case shall there be any allowance for draft or for impurities, other than excessive moisture and impurities not usually found in or upon such or similar merchandise." alent to 231 cubic inches and shall be paid proportionately on all fractional parts of a wine gallon; fractions of less than one-tenth gallon being converted to the nearest one-tenth gallon, and five-hundredths gallon being converted to the next full one-tenth gallon. Internal-revenue taxes on beer, ale, porter, stout, and other similar fermented beverages, including sake, of any name or description containing one-half of 1 per centum or more of alcohol by volume, brewed or produced from malt, wholly or in part, or from any substitute therefor, shall be collected in accordance with I. R. C. section 5051 (a). In the computation of duties on alcoholic beverages provided for in Schedule 1, Part 12, Tariff Schedules of the United States, which are also subject to internal-revenue taxes, the methods prescribed for the computation of internal-revenue taxes on such beverages shall be followed.

(c) When the amount of duty assessed by the collector in the liquidation of an entry (other than informal entry on customs Form 5119 or 5119-A, a mail entry on customs Form 3419 or a baggage entry on customs Form 5123, 6059, or 6063) does not differ by so much as \$3 from the total estimated duties, including any supplemental estimated duties, deposited, the liquidator shall endorse the entry "as entered" over his initials in red ink. If there is a difference of \$3 or more between the duties so assessed and the total estimated duties deposited, the liquidator shall make a new statement of duties over his initials in red ink. The same procedure shall be followed with respect to internal-revenue taxes, but the assessments of duties and internal-revenue taxes shall be separately stated when both accrue on the same entry. In the case of each informal, mail, or baggage entry excepted above, the amount or amounts of

the warehouse entry, or byproducts and wastes withdrawn from class 6 warehouses, shall be liquidated and notice thereof on customs Form 4333 posted or lodged as specified in paragraph (d) of this section.

(f) Notices on customs Form 4333 of all liquidations of drawback entries or refusals to pay drawback claims shall be posted or lodged in the same manner as the notices of liquidation of import entries.

Schedules of the United States, and subject to internal-revenue taxes, and in the case of wool or hair. The liability for duty or tax with respect to any such quota merchandise or alcoholic beverage which has been withdrawn for transportation and delivered into customs custody at the port of destination shall be determined by a liquidation of the warehouse entry made in the district where the merchandise is withdrawn for consumption or for exportation.

(d) The internal revenue taxes imposed on imported tobacco materials, and tobacco products, cigarette papers, and cigarette tubes under 26 U.S.C. 5701 or 7652 are determined in accordance with 26 U.S.C. 5703 at the time of removal; that is, on the quantity removed from customs custody under the entry or withdrawal for consumption. The duties unlike those on alcoholic beverages, do not necessarily apply only to such quantities. Liquidation of warehouse or rewarehouse entries of such articles shall be suspended until all such merchandise covered by the entry has been accounted for within the bonded period by withdrawal, abandonment, or destruction, or until the bonded period has expired if the merchandise has not been so accounted for before that time. The liability for duty or tax with respect to any such articles withdrawn for transportation and delivered into customs custody at the port of destination shall be determined by a liquidation of the rewarehouse entry made in the district where the merchandise is withdrawn for consumption or exportation. Any such articles so withdrawn shall be excluded from the liquidation of the original warehouse entry.

**§ 16.3 Suspension of liquidation.**

(a) The liquidation of entries involved in reappraisal or on which bonds are open for the production of documents affecting the rate of duty shall be suspended pending a final decision on the reappraisal or a performance or nonperformance under the bond.

(b) The liquidation of entries covering articles entered at a conditionally reduced rate under item 155.40, 155.41, or 176.46, Tariff Schedules of the United States, or conditionally free of duty under item 131.37, 176.44, 480.05, 519.05, or 907.15, Tariff Schedules of the United States, shall be suspended pending the production of the proof of use required, by §§ 10.88, 10.100, 10.101, 10.113, 13.4, 54.4, and 54.7 of the regulations of this chapter. Upon the production of such proof, or upon failure to produce the proof within the required time, the entries shall be liquidated accordingly.

**§ 16.4 Conversion of currency.**

(a) In determining the percentage of variation between the rate proclaimed by the Secretary of the Treasury and the Federal reserve rate, the difference between the rate proclaimed and the Federal reserve rate shall be divided by the Federal reserve rate.

(b) Proclaimed *ratios* basis of conversion. For the purpose of the assessment and collection of duties upon merchandise imported into the United States on or after the day of the enactment of this Act, wherever it is necessary to convert foreign currency into currency of the United States, such conversion, except as provided in subdivision (c), shall be made at the values proclaimed by the Secretary of the Treasury under the provisions of the Act.

(d) After liquidation by the collector, formal entries, except free consumption entries liquidated "As Entered" and permanent exhibition entries liquidated "Free" shall be scheduled promptly on a bulletin notice of liquidation, customs Form 4333. Free consumption entries liquidated "As Entered" and permanent exhibition entries liquidated "Free" shall be scheduled promptly on a bulletin notice of liquidation, customs Form 4335. When free consumption entries in an unbroken series of numbers are liquidated free on the same day, the first and last entry numbers may be shown on the bulletin notice, e.g., "576/863," instead of listing every number in the unbroken series. For the notice of liquidations of appraisal, baggage, informal, and mail entries, see § 16.12. The bulletin notice of liquidation shall be posted as soon as possible in a conspicuous place in the customhouse for the information of importers or lodged at some other suitable place in the customhouse in such a manner that it can readily be located and consulted by all interested persons, who shall be directed to that place by a notice maintained in a conspicuous place in the customhouse stating where notices of liquidations of entries are to be found. The bulletin notice of liquidation shall be dated with the date of posting or, if not posted, with the date it is lodged in the above-described place for the information of importers. The entries for which the bulletin notice of liquidation has been prepared shall be stamped "Liquidated," with the date of liquidation, which shall be the same as the date of the bulletin notice of liquidation. Such stamping shall be deemed the legal evidence of liquidation.

Every such segregation shall be accomplished under customs supervision, and the compensation and expenses of the supervising customs officers shall be reimbursed to the Government by the consignee under such regulations as the Secretary of the Treasury may prescribe.

(d) If the importer is not satisfied with the invoice tare or with the schedule tare, or if the collector is of the opinion that the invoice or schedule tare does not correctly represent the tare of the merchandise, or if the weigher has reason to believe that the invoice or schedule tare is greater than the real tare, the actual tare shall be ascertained and in so doing the weigher shall empty and weigh as many casks, boxes, and other coverings as he may deem necessary.

(e) When it is impracticable to ascertain the actual tare, the weigher shall state in his report what, in his judgment, constitutes a fair tare allowance. (Sec. 507, 46 Stat. 732; 19 U.S.C. 1507)

When any article not corresponding with the description given in the invoice is found by the appraiser and is reported to the collector in accordance with section 499, Tariff Act of 1930, as amended, duties shall be assessed on the goods actually found, and, if the discrepancy appears conclusively to be the result of a mistake and not of any intent to defraud, no proceedings for forfeiture shall be taken. § 16.6 Tare.

(a) The net weight of merchandise dutiable by net weight, or upon a value dependent on net weight, shall be determined insofar as possible by deducting the actual or schedule tare from the gross weight. Actual tare may be determined on the basis of tests when the tares of the packages in a shipment are reasonably uniform.

(b) When the actual tare cannot reasonably be determined and no schedule tare is applicable, the invoice tare may be used in ascertaining the net weight of the merchandise.

(c) The following tares which, from experience, have proved to be the average weight of coverings of certain classes of merchandise shall be known as schedule tares and shall be applied, except as provided in paragraph (d) of this section:

§ 16.5 Weight, gauge, or measure.

(a) If any merchandise covered by a warehouse entry has been cleaned, sorted, repacked, or otherwise changed in condition under section 562, Tariff Act of 1930, as amended, before liquidation of the warehouse entry, such entry shall be liquidated and withdrawals passed on the basis of the weight, gauge, or measure of such merchandise in its manipulated condition with an appropriate notation in the duty statement that the duties are assessed on the basis of the manipulated condition of the merchandise. If the covering entry is liquidated prior to any manipulation of the merchandise, each subsequent warehouse withdrawal of manipulated merchandise shall be liquidated on the basis of the condition, quantity, and weight of the merchandise at the time of withdrawal. (See § 16.2 (e))

(b) When the amount of duty is governed in any way by the net weight of the merchandise, liquidation may be made on the net weight shown on the invoice if it is impracticable to obtain actual net weight without injury to the goods.

(c) If weighable merchandise is subject to an ad valorem rate of duty, liquidation shall be made on the basis upon which appraisement was made, as indicated by the appraiser's report.

(b) The collector shall give written notice to the consignee as promptly as possible after any commingling is discovered.

(c) If a consignee or his agent desires to avail himself of the privileges of such General Headnote 7 (c) or (d), he shall file with the collector within 30 days after the date of delivery or mailing of the notice provided for in paragraph (b) of this section documentary proof which will satisfy the collector that the merchandise is entitled to the lower rate of duty.

"(11) that the shipment is not capable of segregation without excessive cost and will not be segregated prior to its use in a manufacturing process or otherwise; and

"(111) that the commingling was not intended to avoid the payment of lawful duties.

Any merchandise with respect to which such proof is furnished shall be considered for all customs purposes to be dutiable at the rate applicable to the material present in greater quantity than any other material.

In the case of merchandise entered for warehouse, such change shall apply to goods withdrawn for consumption after the expiration of such 90-day period, provided the warehouse entry is unliquidated or can be reliquidated within 60 days after the date of liquidation.

(b) If there is not an established and uniform practice at the various ports, a change in classification resulting in a higher rate of duty shall be applicable immediately to all merchandise covered by unliquidated entries, whether for consumption or warehouse, and also to merchandise covered by liquidated warehouse entries if the merchandise has remained in warehouse after the date the change in classification is established, provided reliquidation can be completed within 60 days after the date of liquidation.

(c) A change in classification resulting in a lower rate of duty, except as the result of a court decision, shall be made only upon the Bureau's instructions or upon the receipt of a Customs Information Exchange report showing the higher classification to be clearly erroneous and contrary to the current practice at the various ports. A change to a lower rate of duty, when decided upon, shall be applicable to all unliquidated entries and to all protested entries involving the same issue which have not been forwarded to the United States Customs Court.

(e) The principle of any such favorable decision shall be applied to merchandise, though not identical with the merchandise the subject of the court's decision, if its classification is affected by such principle, provided that it has been entered for consumption or withdrawn from warehouse for consumption after 30 days from the date of publication of the court's decision in the weekly Treasury Decisions, and that, in the case of liquidated warehouse entries, the reliquidation can be completed within 60 days from the date of liquidation.

(f) If the overruling of a protest is accompanied by a definite statement that a higher rate than that assessed by the collector was properly chargeable, such higher rate, when applicable, shall be made effective as to merchandise entered for consumption or withdrawn from warehouse for consumption after 30 days from the date of the publication of the court's decision in the weekly Treasury Decisions, provided that, in the case of liquidated warehouse entries, reliquidation thereof can be completed within 60 days from the date of liquidation.

(g) Unless the Bureau otherwise directs, the principle of any decision of the United States Customs Court or the Patent Appeals adverse to the Government shall be applied to unliquidated entries and protested entries which have not been forwarded to the Customs Court and in which the same issue is involved as soon as the time within which an application for a rehearing or review may be filed has expired without such application having been made.

(h) When a rate of duty or a rate of internal-revenue tax imposed upon or by reason of importation is changed by an act of Congress or by a proclamation

"(1) To enter into foreign trade agreements with foreign governments or instrumentalities thereof; and

"(2) To proclaim such modifications of existing duties and other import restrictions, or such additional import restrictions, or such continuance, and such minimum periods, of existing customs or excise treatment of any article covered by foreign trade agreements, as are required or appropriate to carry out any foreign trade agreement that the President has entered into hereunder. No proclamation shall be made increasing or decreasing by more than 50 per centum any existing rate of duty or transferring any article between the dutiable and free lists. The proclaimed duties and other import restrictions shall apply to articles the growth, produce, or manufacture of all foreign countries, whether imported directly, or indirectly. Provided, That the President may suspend the application to articles the growth, produce, or manufacture of any country because of its discriminatory treatment of American commerce or because of other acts or policies which in his opinion tend to defeat the purposes set forth in this import; and the proclaimed duties and other import restrictions shall be in effect from and after such time as is specified in the proclamation. The President may at any time terminate any such proclamation in whole or in part.

"(c) Proclamation by the President. The President shall by proclamation approve the rates of duty and changes in classification and in basis of values specified in any report of the commission under this section, if in his judgment such rates of duty and changes are shown by such investigation of the commission to be necessary to equalize such differences in costs of production.

"(d) Effective date of rates and changes. Commencing thirty days after the date of any presidential proclamation of approval the increased or decreased rates of duty and changes in classification or in basis of value specified in the report of the commission shall take effect." **§ 16.10-a Tariff classification of prospective imports.**

(a) Any prospective importer or foreign exporter may apply in writing to the Commissioner of Customs, Washington 25, D.C., for a ruling as to the tariff classification of any article which he intends to import into or ship to the United States in commercial quantities. The application shall contain a full description of each article. The application shall also give the following information, unless it is clear that it will be of no value in determining the tariff classification of the article: (1) The respective quantities and values of the component materials of which the article is composed; (2) information as to its chief use and commercial designation in the United States; and (3) any specifications, analyses, or other information deemed necessary to a tariff classification of the article. Whenever practicable, a sample of the article should be submitted with the application.

(b) If the Commissioner is satisfied (1) that the application is made in good faith by an importer or foreign exporter who is properly and directly concerned with the tariff classification of the article described; (2) that the information submitted or otherwise available is adequate for a considered decision; and (3) that the ruling applied for is not already covered by a controlling published decision, the Commissioner will rule on the tariff classification of the article. A copy of the decision will be mailed to the applicant. The decision will be published in the weekly Treasury Decisions if it will affect a substantial volume of imports or if it is for any other reason of sufficient importance to justify such publication.

(Tariff Act of 1930, sec. 315 (a), (b), as amended; 19 U. S. C. 1315 (a), (b))

(c) Any decision published pursuant to paragraph (b) of this section shall be deemed to establish a uniform practice within the meaning of section 315(d). Tariff Act of 1930, as amended. The decision will not be changed by a further ruling of the Commissioner to impose higher duties on such an article unless the prior decision should prove to be clearly wrong. When it appears to the Commissioner that a correct interpretation of the law may require such a ruling, notice that the prior ruling is under review will be published in the FEDERAL REGISTER so that the parties in interest will have an opportunity to make such written submissions as they desire, within a period which will be specified in the notice, with respect to the correctness of the contemplated action. If after the consideration of such submissions as may be received the Commissioner issues a ruling imposing higher duties, it will be effective only as to merchandise entered for consumption or withdrawn from warehouse for consumption on or after the expiration of 90 days after the date of publication of such ruling in the weekly Treasury Decisions.<sup>11</sup>

(d) The notice procedure outlined in paragraph (c) of this section will be applied also in any other case in which the Commissioner believes that a correct interpretation of the law may require the issuance of an administrative ruling imposing higher duties on an imported article than has been assessed under an established and uniform practice. When any such entry is liquidated otherwise than as entered, or is liquidated after the copy of Form 5171 or 5187 on which it was scheduled has already been posted or lodged as a notice of liquidation, notice of the liquidation shall be posted or lodged on customs Form 4333. All such entries ready for liquidation during any one month may be liquidated on any convenient day during that month. The notice of liquidation shall be dated with the date of posting or lodging and the entries covered thereby shall be stamped "Liquidated," with the date of liquidation, which shall be the same as the notice of liquidation. Such stamping shall be deemed the legal evidence of liquidation.

(b) Except as otherwise provided in this paragraph, the effective date of liquidation of informal, mail, and baggage entries<sup>12</sup> shall be:

(1) The date of payment by the importer of duties and any internal-revenue taxes thereon;

(2) The date of release by customs or the postmaster when the articles are released under such an entry free of duty and tax;<sup>4</sup>

(3) The date a free entry is accepted for articles released under an immediate delivery permit under § 8.59 of this chapter.

When the proper rate or amount of duty cannot be determined at the time of entry because the articles are subject to a tariff rate quota, because of a missing document which, if for free entry, is not produced prior to the release of the articles to the importer, or because of any other reason, the printed notice of liquidation appearing on the receipt issued for any money collected on such entry shall be voided. When the tariff status of the articles either as dutiable or free is finally ascertained it shall be noted on the entry. The effective date of liquidation shall be the date of posting or lodging of the notice of liquidation as required in paragraph (c) of this section.

(b) The liquidation of entries, other than warehouse entries, shall not be suspended merely because the merchandise covered thereby is reported to be not legally marked, but, upon special application by the importer, the liquidation may be deferred for a reasonable time to permit the marking, destruction, or exportation of the merchandise. (b) Pursuant to section 520(c) (1), Tariff Act of 1930, as amended, notwithstanding a valid protest was not filed, the collector may correct by reliquidation or other appropriate action a clerical error, mistake of fact, or other inadvertence in any entry, liquidation, appraisal, or other customs transaction if the error, mistake of fact, or other inadvertence:

- (1) Does not amount to an error in the construction of a law;
- (2) Is adverse to the importer;
- (3) Is manifest from the record or established by documentary evidence; and
- (4) Is brought to the attention of the Customs Service:

(i) Within 1 year after the date of entry, appraisal, or other transaction (including a liquidation, reliquidation, or exaction) if the error, mistake of fact or other inadvertence is in the entry, appraisal, or other transaction (including a liquidation, reliquidation, or exaction), or

(ii) Except in cases where the error is in liquidation, reliquidation, or exaction in which case subdivision (i) of this subparagraph shall apply, within 60 days after liquidation or exaction when the liquidation or exaction is made more than ten months after the date of entry, appraisal or other transaction.

(c) If the alleged error, mistake of fact or other inadvertence to be considered under paragraph (b) of this section is in an appraisal, the appraiser shall submit a report and recommendation to the collector. If the collector believes that action different from that recommended by the appraiser should be taken and the difference cannot be resolved locally, the matter shall be submitted to the Bureau for decision.

#### § 16.14 Limitation upon reliquidation.

(a) In the absence of a protest, no entry shall be reliquidated after the expiration of the protest period, except as

by a suitable printed statement/appearing on the receipt issued for duties and any internal-revenue taxes collected. No other notice of liquidation shall be given but notice of reliquidation of any such entry shall be given on customs Form 4333 posted or lodged in the place and manner specified in § 16.2(d) of these regulations except when a refund of part or all of the duties and internal-revenue taxes paid is due the importer and a notice of refund is prepared. In such case, the notice of refund shall constitute the notice of reliquidation. The date of the notice of refund in such case shall be the same as the date of reliquidation. Notice of liquidation is furnished under paragraph (b) (2) of this section by release of the article free of duty and tax and under paragraph (b) (3) of this section by the acceptance of the entry. No further notice of the liquidation of such entries shall be given. When the proper rate or amount of duty cannot be determined at the time of entry under paragraph (b) of this section, notice of liquidation shall be given by scheduling the entry on customs Form 4333 or 4335, as applicable, and posting or lodging the form in the place and manner specified in § 16.2 (d) for formal entries. The form shall bear the date of such posting or lodging.

§ 16.13 Errors, mistakes and inadvertencies, correction of.

(a) Collectors of customs have broad responsibility and authority, independent of section 520(c) (1), Tariff Act of 1930, as amended, to take appropriate action to insure that the rate and amount of duty assessed on imported merchandise is correct and that the transaction is otherwise in accordance with law. Such action may be taken in connection with the liquidation of an entry, (2) a voluntary reliquidation completed within 60 days after liquidation, (3) a voluntary correction of an exaction within 60 days after the exaction was made, (4) a reliquidation made pursuant to a valid protest covering the particular merchandise as to which a change or adjustment is in order, or (5) the adjustment, pursuant to valid protest, of a transaction or decision which is neither a liquidation nor a reliquidation. The authority extends to errors in the construction of a law and to errors adverse to the Gov-

IV, Tariff Act of 1913, as amended by the act of March 4, 1915 (19 U.S.C. 128, 131), and the discriminating duties and penalties provided for in section 338, Tariff Act of 1930, shall be imposed only in pursuance of specific instructions from the Commissioner of Customs.

**§ 16.20 Duties contingent upon foreign export duties, charges, or restrictions.**

Schedule 2, Part 4, Headnote 4, Tariff Schedules of the United States, provides for the imposition under certain conditions of additional duties on articles covered thereby. The assessment of these additional duties is dependent upon action by the President, and notice of such action, if taken, will be published in the weekly Treasury Decisions.

**§ 16.21 Dumping duty; notice to importer.**

(a) Special dumping duty shall be assessed on all importations of merchandise, whether dutiable or free, as to which the Secretary of the Treasury has made public a finding of dumping, entered or withdrawn from warehouse, for consumption, not more than 120 days before the question of dumping was raised by or presented to the Secretary or his delegate, provided the particular importation has not been appraised prior to the publication of such finding, and the appraiser reports that the purchase price or exporter's sales price is less than the foreign market value or constructed value, as the case may be.

(b) Before dumping duty is assessed the collector shall notify the importer of the appraiser's report, as in the case of an advance in value. If the importer files an appeal for reappraisal, liq-

<sup>15</sup> See § 14.13 of this chapter.

For regulations regarding finding of dumping by the Secretary and procedure under the Antidumping Act, 1921, see §§ 14.6-14.13. The fact that the importer has added on entry the difference between the purchase price or the exporter's sales price and the foreign market value or constructed value and the appraiser has approved the resulting entered value shall not prevent the assessment of the special dumping duty. However, a mere difference between the purchase price or exporter's sales price and the foreign market value or constructed value, without a finding by the Secretary of the Treasury, as above referred to, is not sufficient for the assessment of the special dumping duty.

uidation shall be suspended until the appeal for reappraisal is finally decided.

(c) If the necessary conditions are present, special dumping duty shall be assessed on samples imported for the purpose of taking orders and making sales in this country.

(Secs. 202, 209, 407, 42 Stat. 11, as amended, 16, 18; 19 U.S.C. 161, 168, 173)

**§ 16.22 Method of computing dumping duty.**

If it appears that the merchandise has been purchased by a person not the exporter within the meaning of section 207, Antidumping Act, 1921, as amended (19 U.S.C. 166), the special dumping duty shall equal the difference between the purchase price and the foreign market value on the date of purchase, or, if there is no foreign market value, between the purchase price and the constructed value, any foreign currency involved being converted into United States money as of the date of purchase or agreement to purchase. If it appears that the merchandise is imported by a person who is the exporter within the meaning of such section 207, the special dumping duty shall equal the difference between the exporter's sales price and the foreign market value on the date of exportation, or, if there is no foreign market value, between the sales price and the constructed value, any foreign currency involved being converted into United States money as of the date of exportation.

(Secs. 202, 207, 42 Stat. 11, as amended, 14, as amended; 19 U.S.C. 161, 166)

D. 24836), and the operation of the trade agreement with Cuba of August 24, 1934 (T. D. 47232), as amended by the supplementary trade agreements of December 18, 1939 (T. D. 80050), and of December 23, 1941 (T. D. 50541), are suspended for such time as the United States and Cuba are both contracting parties to the General Agreement on Tariffs and Trade concluded at Geneva on October 30, 1947.

(b) No evidence of origin shall be required for any Cuban merchandise which is unconditionally free of duty. Special customs invoices shall be required for merchandise of Cuban origin embraced within the classes enumerated in § 8.15 (b) or (c) of this chapter, if the right of the merchandise to any total or partial exemption from duty is dependent upon Cuban origin and the value of the shipment exceeds \$500. In the case of every shipment of Cuban articles for which any total or partial exemption from duty is sought under the provisions of the Cuban Trade Agreement, except as stated in the next sentence, there shall be filed in connection with the entry, preferably on the invoice filed with the entry, a declaration of the shipper, or other person having actual knowledge of the facts, that the articles for which the exemption is sought are of the growth, produce, or manufacture of Cuba. Production of the declaration may be waived in connection with direct shipments claimed to be of Cuban origin, valued not over \$250, in those cases where the collector is satisfied from the character of the articles or otherwise that they are in fact of Cuban origin.

(c) Duties assessed on imports on special occasions, such as marking duties (sec. 304, Tariff Act of 1930), internal-revenue taxes imposed on imported articles, and other special exactions (as distinguished from the ordinary customs duties such as are imposed under the dutiable provisions of the Tariff Schedules of the United States are not subject to any reduction under the trade agreement.

Every such communication shall contain or be accompanied by a statement of substantially the same information as is required in paragraph (b) of this section, if in the possession of the appraiser or other officer or readily available to him.

(b) Any person outside the Customs Service who has reason to believe that any bounty or grant is being paid or bestowed with respect to dutiable merchandise imported into the United States may communicate his belief to any appraiser or the Commissioner of Customs. Every such communication shall contain, or be accompanied by, (1) a full statement of the reasons for the belief, (2) a detailed description or sample of the merchandise, (3) all pertinent facts obtainable as to any bounty or grant being paid or bestowed with respect to such merchandise.

However the same be paid or bestowed. The Secretary of the Treasury shall from time to time ascertain and determine, or estimate, the net amount of each such bounty or grant, and shall declare the net amount so determined or estimated. The Secretary of the Treasury shall make all regulations he may deem necessary for the identification of such articles and merchandise and for the assessment and collection of such additional duties." When more than one kind of material of other than Philippine or United States origin is used in the production of an article covered by such a certificate, the certificate shall state the number of units, description, and Philippine customs valuation per unit of each such kind of material.

(b) Each protest shall be in triplicate, addressed to the collector, and signed by the person protesting or his agent or attorney. Each protest shall show the address of the protestant and the address of his agent or attorney if signed by one of these, the number and date of the entry, the name of the importing carrier, the date of importation, and the date of the liquidation of the entry, and it shall set forth distinctly and specifically with respect to each entry, payment, claim, objection, or refusal the reasons for the objection, stating the rate or rates of duty claimed to be applicable and the paragraph or section of the law, if any, under which relief is claimed.

(c) The date of liquidation for the purpose of computing the time for filing a protest under section 514, Tariff Act of 1930, shall be the date of posting or lodging a notice of the liquidation in accordance with § 16.2 (d) or § 16.12 (a) of this chapter, except that, in the case of baggage, informal, and mail entries, the date of liquidation shall be the date the liquidation becomes effective as determined in accordance with § 16.12 (b) of this chapter.

(d) The date of the decision of the collector excluding any merchandise from entry or delivery under any provision of the customs revenue laws shall be the date of his written notice to the importer that entry or delivery will not be allowed. The reliquidation of an entry shall not open such entry so that a protest may be filed against the decision of the collector upon any question not involved in such liquidation." (Tariff Act of 1930, sec. 514, 19 U. S. C. 1514)

§ 17.2 Power of attorney to file protest.

(a) Except as hereinafter provided in this paragraph, no protest signed by an agent or attorney shall be granted or denied by the collector unless there has been filed or is filed with the protest in the collector's office a power of attorney on customs Form 5295 or 5295-A or other form as explicit in its terms as is the prescribed customs form, authorizing such agent or attorney to make, sign, and file the protest. Such powers of attorney issued by a partnership shall be limited to a period not to exceed two years from the date of receipt thereof by the collector. All other powers of attorney may be granted for an unlimited period. Any power of attorney shall be subject to revocation at any time by written notice given to and received by the collector. When a protest is filed by an agent or attorney not named in a power of attorney as required by this section, it shall be numbered and stamped with the date of receipt in order to establish whether it was filed within the period prescribed by section 514, Tariff Act of 1930. All information customarily furnished to the United States Customs Court and the Assistant Attorney General in the case of a valid protest should be supplied in the usual manner in connection with the merits of the purported protest together with a request to the Assistant Attorney General to move the United States Customs Court to dismiss the purported protest because of the lack of timely authority of the agent or attorney to file the protest in behalf of the principal. The purported protest shall not be granted or denied by the collector but shall be transmitted, together with the entry and accompanying papers and all exhibits connected therewith, to the United States Customs Court, with a communication explaining to the court that the agent or attorney who filed the purported protest was not named in a power of attorney, and that the collector has not reviewed and modified or affirmed the protested decision as required by section 515, Tariff Act of 1930, for the reason that it has not been established that the protest was filed by a person authorized by section 514, Tariff Act of 1930.

(b) A partnership power of attorney to file protests may be executed by one member in the name of the partnership, provided the power recites the names of all the members. A corporate power of

attorney to file protests shall be signed by a duly authorized officer or employee of the corporation and, if the collector is otherwise satisfied as to the authority of such corporate officer or employee to grant such power of attorney, compliance with the requirements of § 8.19(e) of this chapter may be waived with respect to such power.

(Secs. 514, 515, 46 Stat. 734; 19 U.S.C. 1514, 1515)

§ 17.3 Collector's review on protest; transmission of protests and samples to the United States Customs Court.

(a) The collector, after reviewing so much of his liquidation as is covered by the protest, may reliquidate the entry involved, assessing the duties believed by him at that time to be correct.

(b) Samples shall not be required when the question involved is one of law which does not necessitate an inspection of the merchandise by the court, or when the merchandise is heavy, bulky, or otherwise of such character as to make the retention of samples impracticable. When no samples have been retained by the appraiser, they shall be furnished to the collector by the protestant in ap-

protest shall within ninety days thereafter review his decision, and may modify the same in whole or in part and thereafter remit or refund any duties, charge, or exaction found to have been assessed or collected in excess, or pay any drawback found due, of which notice shall be given as in the case of the original liquidation, and against which protest may be filed within the same time and in the same manner and under the same conditions as against the original liquidation or decision. If the collector shall, upon such review, affirm his original decision, or if a protest shall be filed against his modification of any decision, and, in the case of merchandise entered for consumption, if all duties and charges shall be paid, then the collector shall forthwith transmit the entry and the accompanying papers, and all the exhibits connected herewith, to the United States Customs Court for due assignment and determination, as provided by law. Such determination shall be final and conclusive upon all persons, and the papers transmitted shall be returned, with the decision and judgment order thereon, to the collector, who shall take action accordingly, except in cases in which an appeal shall be filed in the United States Court of Customs and Patent Appeals within the time and in the manner provided by section 515, Tariff Act of 1930, (Tariff Act of 1930, sec. 515; 19 U. S. C. 1515)

propriate cases and transmitted to the appraiser for verification. If samples are sent to the court at the importer's request, the transportation charges shall be paid by him. If samples are needed to sustain the Government's case, they shall be sent by mail, if possible, under Government frank; otherwise under Government bill of lading.

(Sec. 515, 46 Stat. 734; 19 U. S. C. 1515)

§ 17.4 Decisions of United States Customs Court; appeals; reliquidation; refunds.

(a) An entry which is the subject of a decision of the United States Customs Court shall be reliquidated in harmony with the judgment order thereon at the expiration of 60 days from the date of the decision, or 90 days in the case of entries covering merchandise imported into Alaska or the insular possessions of the United States, unless an appeal or motion for a rehearing is filed, except that entries the subject of decisions of the court, which follow a decision of the Court of Customs and Patent Appeals involving the same issue,

\* Any party to a proceeding before the Customs Court who is dissatisfied with the decision of such court as to the construction of the law and the facts respecting the classification of imported merchandise and the rate of duty imposed thereon under such classification, or with any other appealable decision of such court, may, not later than sixty days after the entry of the decision, apply to the Court of Customs and Patent Appeals for a review of all questions of law and fact. In cases arising in the Territories and Possessions ninety days shall be allowed for making such application.

"The application shall be made by filing in the office of the clerk of the Court of Customs and Patent Appeals a concise statement of errors of law and fact complained of; and a copy of such statement shall be served on the collector, or on the importer, owner, consignee, or agent, as the case may be. Thereupon the Court of Customs and Patent Appeals shall immediately order the Customs Court to transmit the record and evidence taken, together with a certified statement of the facts involved in the case and the decision thereon; and all the evidence taken by and before the Customs Court shall be competent evidence before the Court of Customs and Patent Appeals. The decision of the Court of Customs and Patent Appeals shall be final unless set aside or modified by the Supreme Court, and the case shall be remanded to the Customs Court for further proceedings to be taken in pursuance of such decision." (28 U. S. C. 3601)

may ordinarily be reliquidated immediately upon receipt of the judgment orders from the United States Customs Court.

(b) An entry covering merchandise the subject of a decision of the Court of Customs and Patent Appeals shall be reliquidated only upon receipt of the judgment order from the United States Customs Court, but no such entry shall be liquidated pursuant to such order if an appeal is taken to the Supreme Court.

(c) Refund of duties on reliquidation by reason of any ruling or decision of the Bureau, the United States Customs Court, or the United States Court of Customs and Patent Appeals shall be made in accordance with § 24.36 of this chapter.

(Sec. 515, 46 Stat. 734; 19 U. S. C. 1515)

§ 17.5 Stipulations.

(a) Each stipulation, whether following a decision of the Customs Court or the Court of Customs and Patent Appeals or embracing an agreed statement of facts, which is to be certified by a customs employee, shall be presented in triplicate to the office of the Assistant Attorney General, Civil Division, Customs section, 201 Varick Street, New York 14, N.Y., from which it will be forwarded for certification to the appraiser or collector for the district in which the related protest or appeal for reappraisal was filed. I have read the stipulation and am familiar with the merchandise covered by the decision cited therein.

I am of the opinion that the merchandise covered by the stipulation, and which was passed upon by former Examiner (or is not available because who is now deceased), is similar in all material respects to the merchandise covered by the test case.

I base my opinion upon the examination of the official records showing the practice of former Examiner in advisingly classifying similar merchandise imported by this plaintiff, the inspection of samples where available, and my knowledge of the importer's line of merchandise obtained by my personal examination of current and past importations.

(19 U. S. C. 169)

(a) Value. Whenever an American manufacturer, producer, or wholesaler believes that the appraised value of any imported merchandise of a class or kind manufactured, produced, or sold at wholesale by him is too low, he may file with the Secretary of the Treasury a complaint setting forth the value at which he believes the merchandise should be appraised and the facts upon which he bases his belief. The Secretary shall thereupon transmit a copy of such complaint to the appraiser at each port of entry where the merchandise is usually imported. If the American manufacturer, producer, or wholesaler is not satisfied with the action of the Secretary, or the action of the appraiser thereon, he may file, within thirty days after the date of the mailing of the Secretary's notice, an appeal for a reappraisal in the same manner and with the same effect as an appeal by a consignee under the provisions of section 501 of this Act.

(b) Classification. The Secretary of the Treasury shall, upon written request by an American manufacturer, producer, or wholesaler, furnish the classification of, and the rate of duty, if any, imposed upon, designated imported merchandise of a class or kind manufactured, produced, or sold at wholesale by him. If such manufacturer, producer, or wholesaler believes that the proper rate of duty is not being assessed, he may file a complaint with the Secretary, setting forth a description of the merchandise, the classification, and the rate or rates of duty he believes proper, and the reasons for his belief. If the Secretary decides that the classification of, or rate of duty assessed upon, the merchandise is not correct, he shall notify the collectors as to the proper classification and rate of duty and shall so inform the complainant, and such rate of duty shall be assessed upon all such merchandise entered for consumption or withdrawn from warehouse for consumption after thirty days after the date such notice to the collectors is published in the weekly Treasury Decisions. The Secretary shall direct the collector at such port to notify such complainant immediately when the first of such entries is liquidated. Within thirty days after the date of mailing to the complainant of notice of such liquidation, the complainant may file with the collector at such port a protest in writing setting forth a description of the merchandise and the classification and rate of duty he believes proper. Notwithstanding such protest is filed, merchandise of the character covered by the published decision of the Secretary, when entered for consumption or withdrawn from warehouse for consumption on or before the date of publication of a decision of the United States Customs Court or of the United States Court of Customs and Patent Appeals, rendered under the provisions of subsection (c) of this section, not in harmony with the published decision of the Secretary, shall be classified and the entries liquidated in accordance with such decision of the Secretary, and, except as otherwise provided in this Act, the liquidations of such entries shall be final and conclusive upon all parties.

**GENERAL PROVISIONS**

- § 18.1 Carriers; application to bond.
  - (a) Merchandise to be transported from one port to another in the United States in bond, except as provided for in paragraph (b), shall be delivered to a common carrier or contract carrier bonded for that purpose, but such merchandise may be transported with the use of the facilities of other bonded or nonbonded carriers. For the purposes of this section, the term "common carrier" means a common carrier of merchandise owning or operating a railroad, steamship, or other transportation line or route or a freight forwarder authorized

<sup>1</sup> Under such regulations and subject to such terms and conditions as the Secretary of the Treasury shall prescribe—

- (1) Any common carrier of merchandise owning or operating a railroad, steamship, or other transportation line or route for the transportation of merchandise in the United States,
- (2) Any contract carrier authorized to operate as such by any agency of the United States, and
- (3) Any freight forwarder authorized to operate as such by any agency of the United States,

upon application, may, in the discretion of the Secretary, be designated as a carrier of bonded merchandise for the final release of which from customs custody a permit has not been issued. (19 U.S.C. 1551.)

ized to operate as such by any agency of the United States.

(b) Pursuant to Public Resolution 108, of June 19, 1936,<sup>2</sup> and subject to compliance with all other applicable provisions of this part, the collector of customs at New York, upon the request of the party in interest, may permit merchandise entered and examined for customs purposes to be transported in bond between the ports named in the resolution by bonded cartmen or lightermen duly qualified in accordance with the provisions of Part 21 of this chapter, if the collector is satisfied that the transportation of such merchandise in this manner will not endanger the revenue.

(c) A common carrier or contract carrier desiring to receive merchandise for transportation in bond shall file with the collector of customs a bond on customs Form 3587 in a sum to be recommended by the collector, accompanied by the fee of \$45 prescribed by § 24.12 of this chapter. A common carrier shall also file with the collector a certified extract of its charter showing that it is authorized to engage in common carriage, and a statement that it is operating or intends to operate as a common carrier. In addition to the foregoing a certificate from the appropriate agency of the United States showing that the applicant is authorized to operate as a freight forwarder by that agency. A contract carrier shall also submit a certificate from the appropriate agency of the United States showing that the carrier

(19 U. S. C. 1551a.)

### § 18.2 Receipt by carrier; manifest.

(a) When merchandise is delivered to a bonded carrier for transportation in bond, the carrier's receipt shall be given immediately to the lading inspector on the customs in-bond manifest covering the merchandise. The merchandise shall be laden on the conveyance under the supervision of a customs officer, unless the transporting conveyance is not to be sealed with customs seals or the lading inspector accepts the check of the carrier as to the merchandise laden thereon.

(b) A manifest, customs Form 7512, containing a description of the merchandise shall be prepared by the carrier or shipper and signed by the agent of the carrier. Except as prescribed in § 5.11 of this chapter, relating to merchandise in transit through the United States between ports in contiguous foreign territory, a separate set shall be prepared for each entry and, if the consignment is contained in more than one conveyance, a separate set shall be prepared for each conveyance.

(c) The manifest shall be filed in duplicate and, after the goods have been laden and the carrier has received all copies, one copy shall be delivered to the conductor, master, or person in charge to accompany the conveyance and be delivered to the collector at destination for his record. An extra copy of customs Form 7512 may be required for use as a permit to the inspector or customs warehouse officer at the point where the merchandise is to be laden. When a copy of the carrier's manifest is lost or cannot be produced, a copy shall be made of whichever manifest is available.

execution of a certificate of transfer thereon and for return to the carrier to accompany the merchandise to such port of destination or departure.

(b) When bonded merchandise is to be transhipped in accordance with paragraph (a) of this section into more than one conveyance, there shall be prepared by the carrier, agent of the shipper, or forwarder for each such conveyance on each transshipment one additional copy of the carrier's manifest on customs Form 7512 which accompanies the merchandise to that place. The Form 7512 which accompanies the shipment to the place of transshipment shall be surrendered to the collector of customs there. After the execution by the customs officer supervising the transshipment of a certificate of transfer on each such additional copy, it shall be delivered to the conductor, master, or person in charge of the conveyance in which the merchandise is forwarded, for delivery to the collector of customs at the port of destination or departure from the United States for his record.

(c) If it becomes necessary at any point in transit to remove the customs seals from a conveyance containing bonded merchandise for the purpose of transferring its contents to another conveyance or to gain access to the shipment because of casualty or other good reason, it cannot be done under customs supervision because of the element of time involved or because there is no customs officer stationed at such point, a responsible agent of the carrier may remove the seals, supervise the transfer or handling of the merchandise, seal the conveyance in which the shipment goes forward, and make appropriate notation on the conductor's or master's copy of the manifest of his action, including the date, serial number of the new seals applied, and the reason therefor. This authorization shall not apply in any case not involving a real emergency.

(d) All transfers to or from the conveyance or warehouse of merchandise undergoing transportation in bond shall be made under the provisions of Part 21 and at the expense of the parties in interest, unless the carrier's bond is liable for the safekeeping and delivery of the merchandise while it is being transferred.

(b) When there is a shortage of one or more packages or nondelivery of an entire shipment, and inquiry discloses that the merchandise has been delivered directly to the consignee, entry therefor may be accepted if the merchandise can be recovered intact without any of the packages having been opened. In such cases, any shortage from the invoice quantity shall be presumed to have occurred while the merchandise was in the possession of the bonded carrier. (c) If the merchandise cannot be recovered intact, as specified in paragraph (b) of this section, entry shall not be accepted and a copy of the collector's report on customs Form 3861, showing the amount of duty or any internal-revenue tax due, shall be sent to the initial carrier for its information, investigation, and report within 90 days. (d) An allowance in duty on merchandise reported short at destination, including merchandise found by the appraising officer to be damaged and worthless, and animals and birds found by the discharging officer to be dead on arrival at destination, shall be made in the liquidation of the entry. An application to divert made under this section shall be furnished in the number of copies required for the purposes of local administration. (b) The collector at an intermediate port may permit merchandise in transit under bond under any class of transportation entry to be entered at his port for consumption, warehouse, exportation, further transportation in bond, or under any bond provision of the tariff laws. (c) Merchandise received at the port of original destination under any class of transportation entry may be forwarded to another port or returned to the port of origin on the same transportation entry, unless the merchandise has been placed in general order in which case a new transportation entry shall be required. Such cording and sealing or labeling of the packages so shipped is not required either when the packages are transported in a conveyance or compartment sealed with customs seals, or when the sealing of the conveyance or compartment in which the packages are transported is waived under paragraph (a) or (b) of this section. When the packages are shipped in a railroad car the sealing of which is practicable but which is not sealed because merchandise not being transported in bond is or may be carried in the same car, the packages being transported in bond shall be corded and sealed or labeled. (f) The warning label, when used, shall be pasted securely on the package under customs supervision as close as practicable to the mark or number on the package. Additional labels may be required by the collector in such places on the package as he shall specify in any case where he is of the opinion that one is not adequate. The Commissioner of Customs may authorize the waiver of sealing of conveyances or compartments in which bonded merchandise is transported in other cases when in his opinion the sealing thereof is unnecessary to protect the revenue or to prevent violations of the customs laws and regulations. (b) Ports at which the facilities are insufficient to maintain continuous customs supervision over vessels arriving with bonded cargo while the bonded merchandise is not under customs seals shall permit the vessels to proceed to destination without further sealing and notation to this effect shall be made on the manifest. (c) Merchandise not under bond may be transported in sealed conveyances or compartments containing bonded goods when destined for the same place or places beyond, but not when intended for intermediate places. Manipulation resulting in a change in condition of the merchandise, which will make it subject to a lower rate of duty or free of duty upon withdrawal for consumption, is not precluded by the provisions of such section 562.

The protection of the revenue nor the proper conduct of customs business requires that such manipulation be done in a bonded warehouse. (Tariff Act of 1930, sec. 562, as amended; 19 U. S. C. 1562)

... upon permission therefor being granted by the Secretary of the Treasury [Commissioner of Customs], and under customs supervision, at the expense of the proprietor, merchandise may be cleaned, sorted, repacked, or otherwise changed in condition, but not manufactured, in bonded warehouses established for that purpose and be withdrawn therefrom for exportation to a foreign country or for shipment to the Virgin Islands, American Samoa, Wake Island, Midway Islands, Kingman Reef, Johnston Island, or the Island of Guam, without payment of the duties, or for consumption, upon payment of the duties accruing thereon, in its condition and quantity, and at its weight, at the time of withdrawal from warehouse, with such additions to or deductions from the final appraised value as may be necessary by reason of change in conditions. ... (Tariff Act of 1930, sec. 562, as amended; 19 U.S.C. 1562)

(e) No merchandise shall be manipulated elsewhere than in a bonded warehouse unless the merchandise has been regularly entered for consumption or warehouse and is of a class entitled to the warehousing privilege under section 557, Tariff Act of 1930, as amended.

(f) Upon compliance with the provisions of paragraph (d) of this section, manipulated merchandise may be further manipulated before withdrawal in cases where the collector is satisfied that this will not endanger the revenue or interfere with the efficient conduct of customs business. The merchandise remaining in the warehouse shall be properly repacked after each manipulation.

(g) Manipulated merchandise may be withdrawn under any form of withdrawal, but no withdrawal shall be accepted for less than an entire repacked package. Each type of withdrawal filed shall contain a summary statement indicating the quantity in the warehouse account after manipulation and immediately before the withdrawal, the quantity withdrawn on the particular withdrawal, and the quantity remaining in the warehouse after the withdrawal. When merchandise covered by a consumption entry is manipulated elsewhere than in a bonded warehouse and thereafter withdrawn for consumption, the withdrawal shall be on customs Form 7505 and shall be liquidated in accordance with § 16.2(e) of this chapter. (Secs. 556, 562, 46 Stat. 743, 745, as amended; 19 U.S.C. 1556, 1562)

ACCOUNTS

§ 19.12 Certification of customs warehouse officer's reports.

Before transmittal to the collector, the customs warehouse officer's report of merchandise received, delivered, released, withdrawn, or transferred shall be certified by the proprietor of the warehouse to be correct. (Sec. 556, 46 Stat. 743; 19 U.S.C. 1556)

MANUFACTURING WAREHOUSES

§ 19.13 Requirements for establishment of warehouse.

(a) Buildings or parts of buildings and other enclosures may be designated as bonded manufacturing warehouses if the Bureau is satisfied that their location, construction, and arrangement af-

ford adequate protection to the revenue. Such warehouses shall be used solely and exclusively for the purpose for which they are bonded. The general provisions pertaining to warehouses for the storage of bonded merchandise shall, so far as relevant, apply to bonded manufacturing warehouses.

(b) Application for the establishment of such a warehouse shall be made to the collector of customs for the port where the premises are situated, setting forth the size, construction, and location of the premises, the manufacture proposed to be carried on, and the kinds of materials intended to be stored and used therein. (c) The procedure outlined in § 19.2 with respect to the application to bond the premises and the execution of the bond shall be followed.

(d) A list of all articles intended to be manufactured in the warehouse shall be filed in duplicate with the collector of customs, who shall transmit one copy to the Bureau. Such list shall set forth the specific names under which the articles are to be exported and under which they will be known to the trade, and shall show the names of all the ingredients entering into the manufacture of such articles, with the quantities of such ingredients or materials as may be dutiable or taxable.

... All articles manufactured in whole or in part of imported materials, or of materials subject to internal-revenue tax, and intended for exportation without being charged with duty, and without having an internal-revenue stamp affixed thereto, shall, under such regulations as the Secretary of the Treasury may prescribe, in order to be so manufactured and exported, be made and manufactured in bonded warehouses similar to those known and designated in Treasury Regulations as bonded warehouses, class six: Provided, That the manufacturer of such articles shall first give satisfactory bonds for the faithful observance of all the provisions of law and of such regulations as shall be prescribed by the Secretary of the Treasury: ... (Tariff Act of 1930, sec. 311, as amended; 19 U.S.C. 1311)

... Before commencing business the proprietor of any manufacturing warehouse shall file with the Secretary of the Treasury [Commissioner of Customs] a list of all the articles intended to be manufactured in such warehouse, and state the formula of manufacture and the names and quantities of the ingredients to be used therein: ... (Tariff Act of 1930, sec. 311, as amended; 19 U.S.C. 1311)

from which it was produced. Such waste or byproduct shall be appraised at its wholesale value at the time of withdrawal in the principal markets of the country from which the material was imported, determined in accordance with the provisions of section 402, Tariff Act of 1930, as amended. Upon payment of the duty, the withdrawal permit shall be issued for delivery and a proper credit given upon the manufacturer's bond.

(e) Each withdrawal covering the items which are permitted to be withdrawn for consumption shall contain a summary statement thereon, showing for each class of merchandise the quantity on hand in the account, the quantity covered by the withdrawal presented, and the quantity remaining in the warehouse account, if any.

(f) The general procedure covering warehouse withdrawals for exportation shall be followed in the case of articles withdrawn for exportation from a bonded manufacturing warehouse, except that in the case of flour each copy of customs Form 7512 shall bear the following legend:

Produced from wheat imported after September 15, 1930, without payment of duty thereon. Must not be exported to Cuba without permission from the collector at the port of withdrawal.

(g) Articles may be withdrawn for transportation and delivery to a bonded storage warehouse at an exterior port under the provisions of section 311, Tariff Act of 1930, as amended, for the sole purpose of immediate export or may be withdrawn pursuant to section 309(a) of the tariff act, as amended. Such withdrawal shall be effected on customs

Form 7512. No flour, manufactured in a bonded manufacturing warehouse from wheat imported after ninety days after the date of the enactment of this Act, shall be withdrawn from such warehouse for exportation without payment of a duty on such imported wheat equal to any reduction in duty which by treaty will apply in respect to such flour in the country which it is to be exported. (Tariff Act of 1930, sec. 311, as amended; 19 U. S. C. 1311)

Articles manufactured under these provisions may be withdrawn under such regulations as the Secretary of the Treasury may prescribe for transportation and delivery into any bonded warehouse at an exterior port for the sole purpose of immediate export therefrom. (Tariff Act of 1930, sec. 311, as amended; 19 U. S. C. 1311)

facturing warehouse, or for the transfer of domestic wines from a bonded warehouse to a bonded manufacturing warehouse, a bond on customs Form 7571 shall be required unless the warehouse is covered by a bond on customs Form 3583.

(Sec. 311, 46 Stat. 691, as amended; 19 U. S. C. 1311)

§ 19.15 Withdrawal for exportation of articles manufactured in bond; waste or byproducts for consumption.

(a) Except cigars manufactured in bond and supplies for vessels, no articles or materials received into a bonded manufacturing warehouse or articles manufactured therefrom shall be withdrawn or removed therefrom except for direct exportation or transportation and exportation in bond to a foreign country. The exportation or shipment shall in every case be under the supervision of a customs officer.

(b) The coverings or containers of imported articles or materials, whether or not subject to duty apart from their contents, are not "articles or materials" within the meaning of section 311, Tariff Act of 1930, as amended, and need not be exported, but may be withdrawn from the warehouse for consumption under customs Form 7505 upon payment of the duties applicable to such coverings or containers in their condition as withdrawn.

(c) Labels, coverings, and empty containers imported to be used in putting up the manufactured articles, if subject to duty or tax, constitute "articles or materials" within the meaning of section 311, Tariff Act of 1930, as amended, but may be withdrawn for consumption upon payment of all applicable duties and taxes.

(d) When waste or a byproduct is withdrawn for consumption, customs Form 7505 shall be used, modified as necessary and describing in detail the waste or byproduct and the imported material

Articles or materials received into such bonded manufacturing warehouse or articles manufactured therefrom may be withdrawn or removed therefrom for direct shipment and exportation or for transportation and immediate exportation in bond to foreign countries or to the Philippine Islands under the supervision of the officer duly designated therefor by the collector of the port, (Tariff Act of 1930, sec. 311, as amended; 19 U. S. C. 1311)

may be forwarded to the port at which the manufacturing warehouse is located under an immediate transportation warehouse without appraisal entry or warehouse withdrawal for transportation, whichever is applicable.

(b) Before the transferring warehouse is permitted, a bond on customs Form 7571 in an amount equal to double the estimated duties shall be required unless a general bond on customs Form 3583 has been given.

(c) When the proprietor of any bonded manufacturing warehouse desires to receive therein any domestic merchandise, except merchandise subject to internal-revenue tax, to be used in connection with the manufacture of articles permitted to be manufactured in such warehouse, including packages, coverings, vessels, and labels used in putting up such articles, an application shall be executed in duplicate in the following form, one copy to be filed with the collector and the other with the customs warehouse officer in charge of the warehouse:

(e) Proprietors of such warehouses are required to conform strictly to the formulas filed with the bond, or subsequently, and in no instance shall an article be permitted to be manufactured in or withdrawn from the warehouse which does not contain all the ingredients and in the quantities specified in the formula for the manufacture of such article, or which contains any ingredient not specified in the formula.

(f) Manufactured articles shall be marked with the trade name of the goods and may be marked, in addition, with the formulas and with such insignia or name as may be indicated or desired by the purchaser, if such additional marking will in no manner conflict with the requirements of the formula or present or create a false or misleading statement or impression.

(g) Each bonded manufacturing warehouse shall have a portion separated from the remainder of the premises and secured by customs locks to be used exclusively for the storage of all imported merchandise, domestic spirits, or other materials subject to internal-revenue tax transferred into such warehouse for manufacture. A like compartment shall be provided to be used exclusively for the storage of products manufactured in the warehouse. The premises shall be so secured as to prevent any person from having access thereto in the absence of the customs warehouse officer in charge, and the goods stored therein shall be so arranged as to give all practicable convenience to such officer in making the required examination or taking samples for analysis.

(Sec. 311, 46 Stat. 691, as amended; 19 U. S. C. 1311)

§ 19.14 Materials for use in manufacturing warehouse.

(a) Imported merchandise to be used in a bonded manufacturing warehouse shall be entered on customs Form 7521 at the port at which such warehouse is located. Such form shall be prepared in quintuple. If the merchandise is not to be taken immediately to the manufacturing warehouse, a warehouse or re-warehouse entry, as the case may be, shall be made and customs Form 7521 used as a combined withdrawal and entry for manufacturing warehouse. If the merchandise has been imported or entered for warehouse at another port, it

Form 7512 as provided for in § 18.16 of this chapter. A warehouse entry shall be made at the exterior port in accordance with § 8.33 of this chapter supported by a bond on custom Form 7555 in an amount equal to the aggregate sum of double the estimated amount of ordinary customs duties on the merchandise (including any taxes imposed thereon which are required by law to be treated as duty imposed by the Tariff Act of 1930), plus the estimated amount of any other tax or taxes on the merchandise collectible by the collector of customs. The recital clause of such bond shall be modified to show that the merchandise is the product of a bonded manufacturing warehouse, class 6, and that it has been rewarehoused at the exterior port for the sole purpose of immediate export or withdrawal pursuant to section 309(a) of the tariff act, as amended. The following new condition shall be added to the bond: "And if said articles shall be exported or withdrawn in accordance with the provisions of section 311 or 309(a), Tariff Act of 1930, as amended, in the manner prescribed by the regulations; or, in default thereof, if the obligors shall pay to the collector as liquidated damages an amount equal to the aggregate sum of double the duties assessable on such part of the shipment as shall not have been so exported or withdrawn, plus the amount of any internal-revenue tax assessable thereon".

(h) No merchandise manufactured in a bonded manufacturing warehouse may be withdrawn by a person other than the manufacturer either from the manufacturing warehouse or from a warehouse where the merchandise is stored awaiting direct exportation, unless an authorization of the manufacturer is endorsed on the face of the withdrawal, or the manufacturer previously and in writing has transferred the right of withdrawal.

(i) When spirits and wines are withdrawn for shipment to Puerto Rico under section 311, Tariff Act of 1930, as amended, the procedure outlined in § 7.1 of this chapter shall be followed.

(j) As proof of manufacture and exportation, the manufacturer shall file in the case of each transaction or period of manufacture a statement verified by the customs warehouse officer in charge of the warehouse, showing the date and number of the bond, the quantity and

identity of the dutiable or taxable merchandise used, and the quantity and description of the articles into which it has been manufactured, together with the quantities of any byproducts and waste produced. In the case of articles manufacturer with the use of distilled spirits, the statement shall also be verified by the foreman or chemist of the factory and shall show the number of packages of spirits used, the marks and numbers, the number of wine, proof and taxable gallons, and the degree of proof.

(k) The same proofs of exportation shall be required as in the case of other warehouse withdrawals for exportation.

(l) When the fact of exportation of all the products has been established by such proofs and any byproducts and waste have been exported or released for consumption, the bond given by the manufacturer, or the charges against his general bond, shall be canceled.

(m) Shortage, irregular delivery, and nonchandise occurring with respect to merchandise withdrawn from bonded manufacturing warehouse while it is under transportation in bond shall be charged against the bonded carrier. (Sec. 311, 46 Stat. 691, as amended; 19 U.S.C. 1311)

§ 19.16 Cigar-manufacturing warehouses.

(a) Tobacco to be used in the manufacture of cigars in bond under the provisions of section 311, Tariff Act of 1930, as amended, shall be entered for warehouse but may be transferred directly from the importing vessel or from a bonded warehouse of class 2 or 3 into a bonded manufacturing warehouse of class 6 and stored in separate compartments therein under customs locks pending its withdrawal for use in the manu-

facture of cigars manufactured in whole or in part from any one country, made and manufactured in such bonded manufacturing warehouses, may be withdrawn for home consumption upon the payment of the duties on such tobacco in its condition as imported under such regulations as the Secretary of the Treasury may prescribe, and the payment of the internal-revenue tax accruing on such cigars in their condition as withdrawn, and the boxes or packages containing such cigars shall be stamped to indicate their character, origin of tobacco from which made, and place of manufacture. (Tariff Act of 1930, sec. 311, as amended; 19 U. S. C. 1311)

facture of cigars. Before any such tobacco may be transferred to the manufacturing department in such premises for use in the manufacture of cigars, it shall be withdrawn in original packages and duty paid thereon in the same manner and under the same regulations as govern the withdrawal of merchandise for consumption from warehouses of class 3. When tax-paid cigars are returned to the manufacturing department of a cigar manufacturing warehouse from which withdrawn for the purposes in accordance with 26 CFR 275.172 of the regulations of the Internal Revenue Service, they shall be properly accounted for and shall not be released therefrom for consumption except upon compliance with all regulations applicable to such release. A record of all such cigars so returned to the manufacturing department shall be kept by customs along with a copy of the schedule on Internal Revenue Form 3069. The cigars so returned shall be verified by the customs officer against the schedule which shall be certified by him as to the cigars returned, and the original and one copy returned to the taxpayer who returned the cigars.

(b) Cigars manufactured in a bonded warehouse for home consumption shall not be removed therefrom until customs stamps have been affixed to each package containing such cigars. Upon removal of cigars, the customs officer shall make appropriate entry in his records of the quantity and class of such cigars.

(c) A record of all tobacco received in a bonded manufacturing warehouse and delivered from storage compartments to the manufacturing department shall be kept on customs Form 5215.

(d) Cigars may be exported from a bonded manufacturing warehouse without payment of duty or internal-revenue tax under the laws and regulations governing the withdrawal of merchandise from other warehouses of class 6.

(e) Before removal of cigars from the bonded premises for consumption, there shall be affixed to each box thereof the stamp provided by the Government indicating their character according to the method of manufacture, origin of tobacco, place of manufacture, and that they were manufactured in bond. These stamps shall be sold to the manufacturer by the collector of customs. The manufacturer will be advised of the price by the collector of customs upon request.

(f) Before the removal of cigars from the bonded premises, the customs stamps shall be canceled in a legible manner by means of a rubber stamp or perforation showing the name of the manufacturer, the place where the factory is located, and the date of cancellation.

(g) Before removal from the bonded premises for consumption, each package of cigars must be marked by legibly imprinting or branding thereon or on a label securely affixed thereto the statement (for customs purposes) "Made in No. -----, customs bonded manufacturing warehouse, class 6", and (as required in regulations of the Internal Revenue Service) a statement of the quantity and classification or class designation (for large cigars) of the cigars contained therein. Upon withdrawal (release) of cigars subject to internal revenue tax for consumption, such tax as is applicable shall be paid to customs by return, as provided in regulations of the Internal Revenue Service (26 CFR, Part 275), which return shall be made on an appropriately modified customs Form 7505. One return shall cover all cigars withdrawn (released) on any one day, and such return shall be filed on the first business day after the date of withdrawal. The taxes covered by the return shall be secured by the Proprietor's Manufacturing Warehouse Bond, customs Form 3583. One copy of the return on Form 7505 shall be returned to the taxpayer, one copy shall be retained by customs, and one copy shall be marked "For Internal Revenue Purposes" and shall be so used. In such case, Form 7505 shall be prepared to show the statement for tax purposes (26 CFR 275.81) and shall be signed by the taxpayer or his authorized agent under whose bond release is made but shall not be required to show any other information such as is required for duty purposes under § 8.37 of this chapter. When accepted, such a return shall be treated as an entry and liquidated upon payment of the taxes on the cigars and charges, if any.

(h) Proprietors of premises bonded for the manufacture of cigars may remove therefrom scraps, cuttings, and clippings of tobacco produced in the premises for transfer to cigar or tobacco manufacturers operating under the internal-revenue laws. Such proprietors shall keep a record of each transfer of scraps, cuttings, and clippings, and application for

permission for such transfer shall be in the following form:

SMELTING AND REFINING WAREHOUSES  
§ 19.17 Application for the bonding of a warehouse; bond.

(a) Application for the bonding of a plant of a manufacturer engaged in the smelting or refining, or both, of metal-bearing materials as provided for in section 312, Tariff Act of 1930, as amended,

... Metal-bearing materials may be entered into a bonded smelting or refining warehouse without the payment of duties thereon and there smelted or refined, or both, together with metal-bearing materials of domestic or foreign origin. Upon arrival of imported metal-bearing materials at the warehouse they shall be sampled according to commercial methods and assayed, both under customs supervision. The bond shall be charged with a sum equal in amount to the duties which would be payable on such metal-bearing materials in their original state as imported if entered for consumption, and

to reduce the metal content thereof to an unwrought metal, or metal in the form of oxides or other compounds which are obtained directly from the treatment of the dutiable materials provided for in schedule 6, part 1 or 2, Tariff Schedules of the United States, shall be made by the manufacturer, through such plant as situated, giving the location of the premises and setting forth the work proposed to be carried on therein, accompanied by the fee prescribed by § 24.12(a)(1)(iii) of the regulations of this chapter. If two or more plants are time to time by the Secretary of the Treasury.

(e) Two or more smelting or refining warehouses may be included under one general bond and the quantities of each kind of metal subject to duty on hand at all of such warehouses may be aggregated to satisfy the bond obligation.

(f) For purposes of this section—  
(1) The term 'metal-bearing materials' means metal-bearing ores and other metal-bearing materials provided for in schedule 6, part 1, of the Tariff Schedules of the United States, 'metal waste and scrap' and 'unwrought metal' to be smelted or refined provided for in schedule 6, part 2, of such schedules, and metal compounds to be processed for the recovery of their metal content;  
(2) the term 'smelting or refining' embraces only pyrometallurgical, hydrometallurgical, and electrometallurgical, chemical, or other processes—  
(A) for the treatment of metal-bearing materials to reduce the metal content thereof to a metallic state in the course of recovering it in forms which if imported would be classifiable in part 2 of schedule 6 as 'unwrought metal', or in the form of oxides or other compounds which are obtained directly from the treatment of materials provided for in part 1 of schedule 6, and  
(B) for the treatment of unwrought metal or metal waste and scrap to remove impurities or undesired components; and  
(3) the term 'product of smelting or refining' means metals or metal-bearing materials resulting directly from smelting or refining processes, but does not include metal-bearing ores as defined in part 1 of schedule 6.

(g) Labor performed and services rendered pursuant to this section shall be under the supervision of an officer of the customs, to be appointed by the Secretary of the Treasury and at the expense of the manufacturer. The Secretary of the Treasury is authorized to make such rules and regulations as may be necessary to carry out the provisions of this section. (Tariff Act of 1930, sec. 312, as amended; 19 U.S.C. 1312.)

to be covered by the smelting and refining bond, the application may be filed with any collector of a district in which smelting and refining operations are to be conducted, accompanied by a copy of such application for each collector in whose district the smelting and refining warehouse or warehouses are proposed to be established, and the prescribed fee for each warehouse. On receipt of the original application or a copy thereof, each collector shall make a survey of the premises in his own district and submit his recommendations to the Bureau.

(b) Upon 10 days' notice from the collector, the manufacturer shall be required to renew his bond and if he fails to do so no further permits shall be granted for removals from or transfers to his warehouse.

(c) At the request of the proprietor the bonded status of the warehouse may be discontinued at any time, provided the Bureau approves such discontinuance and the proprietor complies with directions of the collector with respect to such merchandise as may remain in the warehouse.

(d) Upon the importation at any sea-board or frontier port of the United States of metal-bearing materials in any form intended for a bonded smelting or refining warehouse situated at some other port of entry, they may be forwarded under an immediate transportation without appraisal entry.

(e) Upon the arrival of imported metal-bearing materials in any form for the purpose of being smelted or refined, or both, in bond at a port where a bonded smelting or refining warehouse is established, they shall be entered for warehouse. A bond on customs Form 7555 shall be filed with each warehouse entry unless a blanket smelting and refining bond in the form authorized in T.D. 50267, as amended by T.D. 52403, has been filed. The collector shall thereupon issue a permit to the inspector to send such metal-bearing materials from the importing vessel or vehicle by designated bonded vessels or vehicles to the smelting and refining warehouse named in the entry.

(f) Bonded metal-bearing materials shall be kept separate and distinct from nonbonded material until they have been sampled and weighed.

(g) Where two or more smelting and refining warehouses are included under

one blanket smelting and refining bond, an overall statement shall be filed by the principal of the warehouse with the Bureau and each collector of customs involved by the 28th of each month, showing the inventory as of the close of the preceding month, of all metals on hand at each plant covered by the blanket bond and the total of bonded charges for all plants. Each collector in whose district a plant or plants are located shall be responsible for the determination as to the correctness of the inventory report insofar as the amounts held at plants under his jurisdiction are concerned. All discrepancies which cannot be reconciled by the collector shall be reported to the Bureau immediately. Where the Bureau finds that the aggregate quantity of dutiable metal at the several plants does not equal the quantity charged against the blanket bond, duties shall be collected for the quantity determined to be deficient.

(Sec. 312, 46 Stat. 692, as amended; 19 U.S.C. 1312)

**§ 19.18 Smelting and refining; allowance for wastage; withdrawal for consumption.**

(a) Except where absolute deductions have been allowed in the liquidation of the entry for losses on copper, lead, and zinc content of metal-bearing materials, pursuant to schedule 6, part 1, headnote 4(b), Tariff Schedules of the United States (see § 8.48(h) of this chapter), the actual percentage of losses by weight shall be allowed if more than 90 percent of the zinc content is initially treated at any lead plant, (2) the copper content of the imported materials treated at any zinc plant, or (3) the copper, lead, or zinc content of the imported material initially treated at any plant other than a copper, lead, or zinc plant is lost in processing such materials. Such actual percentage of losses by weight of the metal content shall be that shown by the manufacturer's annual statement. Such losses shall be applied in the liquidation of the entry to materials entered for consumption or for warehouse, during a 12-month period beginning on the first day of the month nearest to 90 days after the close of the manufacturer's fiscal year immediately preceding such 90-day period, provided the importer makes claim therefor in

writing at the time the merchandise is entered. No further wastage shall be allowed. The full dutiable contents of such metal-bearing materials, as ascertained by commercial assay made by the Government chemists, less the wastage allowance (including dutiable metals entirely lost in smelting or refining, or both), shall constitute the quantity of dutiable metal which must be either exported, duty-paid, or transferred to another bonded warehouse in order to secure the cancellation of the charge made against the proprietor's bond as shown by the warehouse or rewarehouse entry account.

**§ 19.19 Manufacturers' statements.**

(a) Every manufacturer engaged in smelting or refining, or both, shall immediately notify the collector of the district in which his plant is located of any material change in the character of the metal-bearing materials smelted or refined and of any change in the methods of smelting or refining, and shall file with the collector an annual statement not later than 60 days after the termination of the manufacturer's fiscal year. No specific form is prescribed in which such statement shall be prepared. As basic information, the statement shall show the quantities of metal-bearing materials on hand at the beginning of the period, and the dutiable contents thereof; quantities of metal-bearing materials received during the period, and the dutiable contents thereof; total metal-bearing materials to be accounted for, and the dutiable contents thereof; quantities of metal-bearing materials on hand at the end of the period, and the dutiable contents thereof; and the quantities of metal-bearing materials worked during the period, and the dutiable contents thereof. The statement of metal-bearing materials worked during the period shall show the quantity of foreign material and the quantity of domestic material put in process during the smelting operations. The statement shall contain such further information concerning the quantities and kinds of metals and intermediary products produced at the plant as will show the wastage sustained in the smelting and refining operation.

(b) Complete smelting and refining records shall be kept from which the annual statement shall be prepared. These records shall be retained for a period of 5 years from the date of the related annual statement, and shall be made available to the collector of customs for such verification of the manufacturer's statement as the collector shall deem advisable.

(Sec. 312, 46 Stat. 692, as amended; 19 U.S.C. 1312)

"Dutiable contents" is meant the quantity of each metal of a kind subject to duty contained in the material treated.

§ 19.20 Withdrawal of products from bonded smelting or refining warehouses.

(a) For exportation. The general procedure governing warehouse withdrawals for exportation shall be followed in the case of the withdrawal for exportation of dutiable metal from a bonded smelting or refining warehouse. (b) For transfer to another bonded warehouse. (1) Withdrawal for transfer to another bonded warehouse shall be at the risk and expense of the applicant, and the general regulations governing the transfer of bonded merchandise from one warehouse to another or the transfer of imported materials from a bonded storage warehouse to a bonded manufacturing warehouse shall be followed so far as applicable.

(2) In the case of transportation to another port, the transportation entry shall show the quantity of metal withdrawn, the wastage applicable thereto, and the imported material from which such metal was produced, together with any dutiable metal charged on entry. (Sec. 312, 46 Stat. 692, as amended; 19 U.S.C. 1312)

**§ 19.21 Smelting and refining in separate establishments.**

(a) If the operations of smelting and refining are not carried on in the same establishment, the smelted and unrefined products obtained from the smelting warehouse may be removed therefrom for shipment to a bonded refining warehouse located at the same or another port under the general procedure for transfer from one bonded warehouse to another.

(b) When the transfer is to a bonded refining warehouse located at another port, the smelted and unrefined products or bullion obtained from the smelting of the imported material shall be weighed, sampled, and assayed before withdrawal, the sampling to be performed under Government supervision in accordance with the commercial practice in effect at the plant.

(c) The withdrawal for transportation shall show the gross weight of the smelted and unrefined products withdrawn, the weight of the dutiable metal contained therein, the wastage applicable thereto, and the duties properly

chargeable on the withdrawn products as shown by the import entry.

(d) The rewarehouse entry covering the smelted and unrefined products at the bonded refining warehouse to which they are transferred shall be made out in accordance with the weights and duties shown on the withdrawal for transportation.

(e) Upon withdrawal of the metal from the bonded refining warehouse for export, the warehouse account of the refining warehouse shall be credited with the amount of metal so withdrawn, plus the refining wastage prescribed for said refining warehouse, plus the smelting wastage prescribed for the bonded smelting warehouse in which the smelted and unrefined products were produced, together with the amount of any dutiable metals entirely lost in the smelting or refining, or both. However, when the metal is withdrawn for consumption, duty shall be collected on an amount of metal-bearing materials in their condition as imported equivalent to that from which such metal would be producible. No allowance for either smelting or refining wastage shall be permitted, except where the metal is withdrawn from a customs warehouse other than a bonded smelting and refining warehouse.

(Sec. 312, 46 Stat. 692, as amended; 19 U.S.C. 1312)

§ 19.22 Withdrawal of metal refined in part from imported crude metal and in part from crude metal produced from imported materials.

Upon withdrawal for exportation of metal from a bonded warehouse engaged in refining, or smelting and refining, part of which metal was obtained from imported crude metal and part from crude metal produced by smelting imported materials, the warehouse account shall be credited with the quantity of metal so withdrawn, plus (a) the refining wastage allowance prescribed for that establishment, and (b) the smelting wastage allowance prescribed for the establishment in which the imported materials were smelted, and (c) any dutiable metals shown on the warehouse entry or the rewarehouse entry filed at the first-mentioned warehouse which have been lost and are attributable to the exported product. However, upon withdrawal of such refined metal for consumption, no allowance shall be made for wastage except

the dutiable metal being exported, the preparation of the before-mentioned copies of customs Form 7512 may be postponed for a period of not longer than 30 days from the date of the movement of the dutiable metal from the plant.

In such cases, a so-called memorandum withdrawal, in the number of copies provided for in § 18.19 of this chapter, may be used in the first instance for the purpose of obtaining the required customs record of the exportation of the dutiable metal under customs supervision. All memorandum withdrawals shall be conspicuously endorsed "Memorandum Withdrawal."

(Sec. 312, 46 Stat. 692, as amended; 19 U.S.C. 1312)

§ 19.24 Theoretical transfer without physical shipment of dutiable metal.

(a) Transfer may be made from one port of entry to another by a withdrawal for transportation and rewarehouse executed in regular form without physical shipment of the metal, provided enough like metal in any form is on hand at the establishment to which the theoretical transfer is made to satisfy the new bond obligations.

(b) The wastage allowance established for the plant from which the original withdrawal for transportation was made shall be shown on the transfer withdrawal and set up as a part of the charge against the bond at the plant to which the metal was theoretically transferred. Such wastage shall govern and be the basis for allowance when metal is withdrawn from the plant where the theoretical rewarehouseing was effected.

(Sec. 312, 46 Stat. 692, as amended; 19 U.S.C. 1312)

§ 19.25 Credit to be applied under various forms of withdrawals.

(a) The warehouse entry account of the plant designated in the withdrawal to receive credit for the exportation shall be credited with the following:

- (1) The quantity of dutiable metal exported.
- (2) The wastage in effect on the date of entry at the plant of initial treatment of such materials.
- (3) The proportion of any other dutiable metals in the importation being credited which were lost at the said plant

in the production of a quantity of dutiable metal equal to that exported.

(b) If credit is being applied to a charge set up by a theoretical transfer under § 19.24 at the plant designated in the withdrawal to receive the credit, the wastages to be applied shall be those set up at such plant in connection with the theoretical transfer, irrespective of the date of the withdrawal.

(c) On the transfer of dutiable metal to a bonded storage warehouse, credit shall be applied at the plant designated in the withdrawal to receive the credit in the manner provided for in paragraph (a) of this section with respect to withdrawals for exportation. The charge so credited at the plant shall be set up on the warehouse entry account of the storage warehouse to which the dutiable metal has been transferred. In the case of the withdrawal of dutiable metal for transfer to a bonded manufacturing warehouse, credit shall be applied in the same manner at the plant designated in the withdrawal to receive the credit, but the charge set upon the warehouse entry account of the bonded manufacturing warehouse shall be limited to the quantity of dutiable metal transferred to such warehouse.

Importers, exporters, proprietors of customs bonded warehouses, bonded common carriers, and others handling imported wheat in continuous customs custody shall maintain such records as will enable customs officers to verify the handling to which the imported wheat has been subjected, and to establish whether there has been a proper accounting to customs for any increase in the quantity of the wheat or shortages resulting from shrinkage or other factors. These records shall be retained for a period of 2 years after the date of the transaction. Collectors of customs shall from time to time request the supervising customs agent for the district, concerned to examine such records of importers, exporters, warehouse proprietors, bonded common carriers, and others handling such wheat in continuous customs custody as may be deemed necessary to ascertain whether there has been any failure to comply with the applicable customs laws and regulations.

There shall be no mixing or commingling of different classes or grades of wheat in the same bin, battery of bins, or other bonded space. If the wheat is stored in bags or other transportation containers, such bags or containers shall be so marked and so placed in the warehouse that the identity of the wheat will not be lost while in storage, to permit easy access to all lots, and to facilitate inspecting, sampling, and the identification of each lot.

(f) Unclaimed explosives and other dangerous articles and fruit and other perishable articles shall be sold on 3 days' public notice.

(g) Other unclaimed merchandise shall be sold at public auction upon public notice of not less than 6 nor more than 10 days, as the collector may determine, if, in the opinion of the collector, such merchandise, because of depreciation in value by reason of damage, leakage, or other cause, will sell for an amount insufficient to pay the duties, storage, and other charges if allowed to remain in general order for 1 year. Unclaimed merchandise remaining on the dock which, in the opinion of the collector, will not sell for enough to pay the cost of cartage and storage shall be sold in the same manner.

(h) If the collector is satisfied that the proceeds of sale will not be sufficient to pay the expenses and duties, a written or printed notice of the sale in lieu of the advertisement shall be conspicuously posted in the customhouse, and, if deemed necessary, at some other proper place for the time above specified.

(i) The catalogs, if used, shall specify the marks, numbers, and description of packages, the description and quantities of their contents, the appraised value thereof and also the domestic value at the time and place of the examination of the merchandise. The quantity of merchandise in each lot appraised shall be reported.

(c) Before drugs, insecticides, seeds, plants, nursery stock, and other articles required to be inspected by the Department of Agriculture are advertised, they shall be inspected by a representative of the Department of Agriculture to ascertain whether they comply with the requirements of the law and regulations of that Department. A license shall be subject to suspension for failure to comply with the requirements of the two preceding sentences, or it may be revoked for sufficiently good cause.

(b) Any cartman licensed by the city or State authorities who produces evidence of good moral character and his city or State license may be licensed as a customhouse cartman.

(c) Every licensed vehicle used for customs cartage and every licensed barge, scow, or other lighter used for customs lighterage shall be conspicuously marked with the legend "Customhouse License No. -----" and the name of the person or firm to whom the license has been issued. The abbreviated legend "C.H.L. No.-----" may be used if so desired.

(d) The markings prescribed by this section shall appear in letters and figures not less than 3 inches high and in the case of carts, trucks, drays, and other vehicles, such markings shall be placed on each side by painting directly

onto the vehicle or by the attachment of signs bearing the required marking. However, in the case of vehicles, if such marking is not found to be practicable by the collector, he may designate some other conspicuous place upon the vehicle where the number shall appear.

(e) These markings shall be removed upon termination of the license in accordance with the provisions of the bond, customs Form 3855, or the cartman or lighterman shall be liable for the payment of liquidated damages as provided for in such bond.

(f) Customs officers shall not deliver any bonded goods to vehicles or lighters which are not properly marked.

### § 21.2 Employees' identification cards.

When required for purposes of local administration, each licensed cartman or lighterman and each employee thereof who receives or transports imported merchandise which has not been released from customs shall possess an identification card, customs Form 3873, with his photograph securely affixed thereto with glue or other adhesive substance. The card shall also bear his signature in the space provided. Such identification card shall be issued by the collector only upon application on customs Form 3078 of the licensed cartman or lighterman. The application shall be filed personally at the customhouse by the person for whom the application for the identification card is made, together with a photograph (or two if required for purposes of local administration) of such person in addition to the one to be affixed to the application. If required for purposes of local administration, the fingerprints of such person shall be taken on customs Form 3872 and at the time of the filing of the application. The identification card shall become valid when the United States customs seal has been impressed thereon, which seal shall not be impressed until after the card has been otherwise completed. If required for purposes of local administration, the identification card shall be prepared in duplicate. The original, after having impressed thereon the customs seal, shall be presented to the person in whose name the card is issued and shall be in his possession at all times when he is engaged in receiving or transporting imported merchandise. The duplicate, when required, shall be retained as an office record. It shall be the responsibility

of each person to whom an identification card is issued to protect it with an appropriate transparent cover so that the face and back of the card are visible without removing the cover. Whenever the employment of the holder of an identification card is changed to another licensed cartman or lighterman, the card, supported by an application in proper form, shall be submitted promptly to the collector so that the change may be made officially on the card and on the customhouse records. The collector may authorize such exceptions to the requirements of the preceding sentence as he deems necessary and advisable when the employment of the holder of an identification card is changed only temporarily to another licensed cartman or lighterman. The card shall be submitted promptly to the collector when there is a change of address of the holder. New cards shall be issued when necessary. Should an identification card be presented by a person other than the one to whom it was issued, such card shall be forthwith confiscated. The identification card shall be surrendered when the holder thereof leaves the employment of a licensed cartman or lighterman for employment of some other character. All outstanding identification cards issued to a licensed cartman or lighterman and to the employees thereof, shall be taken up by the collector upon the suspension or termination of the license of the cartman or lighterman. An identification card shall not be issued to any person whose employment in connection with the transportation of bonded merchandise will, in the judgment of the collector, endanger the revenue.

### § 21.3 Classes of cartage.

The cartage of merchandise in customs custody is of two kinds: "government cartage," which must be done by a licensed customhouse cartman under contract or other specific authority for that purpose (except as provided for in § 21.4 (b)), and "importers' cartage," which may be done by any licensed customhouse cartman.

### § 21.4 Government cartage.

(a) The cartage of packages designated for examination at the appraiser's stores shall be done by a cartman under contract or other specific authority for that purpose. Contracts for government cartage shall be let annually after invi-

tations to bid have been mailed to at least 3 representative cartage companies and posted in public places. At least 30 days shall be allowed for submission of such bids. If the collector of customs deems it necessary, notice of the invitation to bid may be published in one or more local newspapers. If the collector of customs determines that a bid guarantee is necessary, the bids for such cartage shall be supported by bid bonds submitted to the collector who has solicited such bids. The contract will be let by the Commissioner of Customs on customs Form 3083 upon execution of the bond provided as a part of such contract in a sum to be fixed by the Commissioner for the faithful performance of the contract. Such contract cartman shall be licensed as a customhouse cartman. The cartage will be paid by the Government through the collector of customs for the district in which the service is rendered from the appropriation "Salaries and Expenses, Bureau of Customs."

(b) Merchandise designated for examination at an importer's premises or other place not in charge of a customs officer may be carted, lightered, or carried to any such place by the importer without a cartman's or lighter's license, when in the judgment of the collector the revenue will not be endangered. Otherwise, such transfer shall be done by a licensed cartman, who shall be the contract cartman whenever practicable.

(c) Merchandise withdrawn from general order for regular entry shall be conveyed under such contract at the expense of the importer to the place designated by the collector for appraisement.

(d) Unclaimed merchandise shall be carted to the public stores or bonded warehouse by bonded cartmen designated by the Commissioner and under contract for that purpose. Bond on customs Form 3083, in a sum to be approved by the Commissioner, shall be required for the faithful performance of the work. The cost of such cartage shall be charged against the merchandise and collected prior to delivery under a regular entry or paid from the proceeds of sale.

(e) Seized merchandise shall be delivered to the custody of the collector by the most practicable means available to the seizing officer.

**§ 21.5 Importers' cartage.**  
 (a) Any licensed customhouse cartman may transfer merchandise at the expense of the importer or other party in interest from the importing vessel or other conveyance to bonded warehouse, from one vessel or conveyance to another, from one bonded warehouse to another, from the public stores to a bonded warehouse, from warehouse for transportation or for exportation, and from an internal-revenue warehouse for exportation under the internal-revenue laws without payment of tax.

(b) The collector may license any importer as a customhouse cartman for the purpose of carting his own imported merchandise.

(c) Importers and exporters shall designate on the entry and permit of bonded merchandise the bonded cartman or lighterman by whom they wish their merchandise to be conveyed and approval of such designation shall be indicated on the entry papers by the initials of the appropriate customs officer placed in close proximity to the designation.

(d) If an importer does not cart his merchandise or designate a licensed customhouse cartman for the purpose, it shall be carted by a public-store cartman authorized by contract or designated by the collector for that purpose, the cost thereof to be paid by the importer or owner of the merchandise before its release from customs custody.

(e) Nothing in this section shall apply to the cartage of examination packages to the place of examination, which shall be done only by the contract cartman, except as provided for in § 21.4 (b).

**§ 21.6 Suspension or revocation of license of cartman or lighterman.**  
 Inspectors or other customs officers may demand of any person claiming to be a customhouse cartman or lighterman, or employee thereof, his license or identification card for inspection. If it is not produced, or if the vehicle is not properly marked, or if the cartman or lighterman refuses or neglects to obey any proper order of the inspector or any customs officer, rule, or regulation relative to the cartage or lightering of merchandise, the collector may suspend or revoke the license of the cartman or lighterman chargeable with the offense. Such customs order or rule may include a requirement by the collector that customs

licensed cartmen and lightermen shall make, keep, and promptly submit for customs inspection and examination upon request therefor such current written records relating to cartage and lightering as may be needed for purposes of local customs administration.

**§ 21.7 Supervision of cartage and lightering.**  
 (a) All licensed vehicles or lighters shall be subject to the control and direction of the officer having charge of the merchandise being carried.

(b) The vehicles or lighters designated for the purpose shall be present to take the merchandise when the customs officer in charge is ready to send it; otherwise, after waiting a reasonable time, such officer shall send the merchandise by any licensed vehicle or lighter available.

**§ 21.8 Liability; reports of loss or damage.**  
 (a) The cartman or lighterman conveying the merchandise shall be held liable under his bond for its prompt delivery in sound condition, or in no worse than the damaged condition noted on the cartage or lightering ticket, customs Form 6043-A, Elliott Fisher ticket or customs Form 7502-A, 7506, or 7512, if damage is so noted. Any negligence or carelessness shall be cause for revocation of the license.

(b) Any loss or detention of bonded goods and any accident happening to a licensed vehicle or lighter while carrying them shall be immediately reported by the cartman or lighterman to the collector.

(c) The collector may cancel liquidated damages not in excess of \$20,000 incurred under a cartman's bond or a lighterman's bond upon the payment of such lesser amount, or without the payment of any amount, as he may deem appropriate under the circumstances. (Interprets or applies sec. 623, 46 Stat. 769, as amended; 19 U. S. C. 1628)

**§ 21.9 Tickets for goods carted or lightered.**  
 (a) When merchandise is carted or lightered and received in a bonded store or bonded warehouse, the representative of the proprietor shall check the goods against the ticket, customs Form 6043-A, or copy of warehouse

or warehouse permits, customs Form 7502-A, used in lieu of a ticket, and countersign such ticket or copy of the permit. A receipt shall be taken for all goods delivered from public store or bonded store. Such receipt may be taken on the permit to release, customs Form 7500-B, on the appraiser's release ticket at the time delivery is made, or on customs Form 6043-C. Customs Form 6043-C may also be used as a receipt for goods delivered from customs custody in any other case where the collector deems such receipt necessary. In the case of withdrawals from bonded warehouse for consumption, the merchandise shall be released only to or upon the order of the proprietor of the warehouse who shall acknowledge such release on customs Forms 7505-A or 7505-B. If a receipt is taken on customs Form 6043-C for goods delivered from public store or bonded store, it shall be disposed of as if a receipt were taken on the permit to release, customs Form 7500-B, or on the appraiser's release ticket.

(b) The cartman or lighterman shall countersign the ticket, receipts, extra copy of warehouse or rewarehouse permit, or the copy of the entry or withdrawal document, used in lieu of a cartage or lightering ticket for goods carted or lightered, customs Form 6043-A, 6043-C, 7502-A, 7506, or 7512, in the space provided as a receipt for the goods, noting any bad order or discrepancy. When available, the importing carrier's tally slip for the merchandise shall be attached to the cartage or lightering ticket, customs Form 6043-A, or the copy of customs Form 7502-A, 7506, or 7512 used in lieu of a cartage or lightering ticket, which accompanies the merchandise while it is being so carted or lightered in bond, for the use of customs officers only at destination.

**§ 21.10 Inability to deliver merchandise.**  
 If the warehouse is closed or the warehouseman refuses to receive the merchandise, it shall be returned to the sending inspector or deposited in the public store for safekeeping, unless otherwise ordered by the collector. The cartman shall notify such inspector of his inability to deliver the merchandise and the reason therefor. The inspector shall promptly report the facts to the collector (to the surveyor at New York) for instructions.

ARTICLES MANUFACTURED OR PRODUCED WHOLLY OR IN PART FROM IMPORTED OR SUBSTITUTED MERCHANDISE

§ 22.1 Drawback allowance. Drawback of duties shall be allowed as provided for in section 313, Tariff Act of 1930, as amended, on articles manu-

factured or produced in the United States wholly or in part with the use of imported or substituted merchandise, on meats cured with imported salt, and on vessels and aircraft built and equipped in the United States for foreign account and ownership, subject to the regulations in this part.

(a) Articles made from imported merchandise. Upon the exportation of articles manufactured or produced in the United States with the use of imported merchandise, the full amount of the duties paid upon the drawback, less 1 per centum of such duties, except that such duties shall not be so refunded upon the exportation of flour or by-products produced from wheat imported after ninety days after the date of the enactment of this act.

(b) Substitution for drawback purposes. If imported duty-paid merchandise and duty free or domestic merchandise of the same kind and quality are used in the manufacture or production of articles within a period not to exceed three years from the receipt of such imported merchandise by the manufacturer or producer of such articles, there shall be allowed upon the exportation of any such articles, notwithstanding the

fact that none of the imported merchandise may actually have been used in the manufacture or production of the exported articles, an amount of drawback equal to that which would have been allowable had the merchandise used therein been imported; but the total amount of drawback allowed upon the exportation of such articles, together with the total amount of drawback allowed in respect of such imported merchandise under any other provision of law, shall not exceed 99 per centum of the duty paid on such imported merchandise.

(c) Exportation of meats cured with imported salt. Upon the exportation of meats, whether packed or smoked, which have been cured in the United States with imported salt, there shall be refunded, upon satisfactory proof that such meats have been cured with imported salt, the duties paid on the salt so used in curing such exported meats, in amounts not less than \$100.

(g) Materials for construction and equipment of vessels built for foreigners. The provisions of this section shall apply to materials imported and used in the construction and equipment of vessels built for foreign account and ownership, or for the government of any foreign country, notwithstanding that such vessels may not within the strict meaning of the term be articles exported.

(h) Time limitation on exportation. No drawback shall be allowed under the provisions of this section unless the completed article is exported within five years after importation of the imported merchandise.

(i) Regulations. Allowance of the privileges provided for in this section shall be subject to compliance with such rules and regulations as the Secretary of the Treasury shall prescribe, which may include, but need not be limited to, the fixing of a time limit within which drawback entries or entries for refund under any of the provisions of this section or section 309(b) of this Act shall be filed and completed, and the designation of the person to whom any refund or payment of drawback shall be made.

(j) Source of payment. Any drawback of duties that may be authorized under the provisions of this Act shall be paid from the customs receipts of Puerto Rico, if the duties were originally paid into the Treasury of Puerto Rico." (Tariff Act of 1930, sec. 313, as amended; 19 U. S. C. 1313)

§ 22.2 Canal Zone and Guantanamo Bay. The Panama Canal Zone and Guantanamo Bay Naval Station shall be considered foreign territory for drawback purposes.

§ 22.3 Application for establishment of drawback rate.

(a) Each manufacturer or producer of articles intended for exportation with benefit of drawback (whether he is a primary, intermediate, or final manufacturer or producer of the articles, and whether or not the articles are of a character covered by a general drawback rate) shall make application prior to the exportation of such articles for the establishment of a rate of drawback. The application shall be made on customs Form 4477 or in a substantially similar form and shall be filed with the collector or deputy collector of customs in charge at any port of entry. When it is desired to export articles before an application in such form can be delivered in the regular course of the mails, a telegraphic application will be accepted, provided it shows the name of the manufacturer or producer, the name of the merchandise used, the name of the articles being exported, and the location of the factory at which the articles are manufactured or produced, and provided it is followed promptly by an application in the form prescribed herein.

(b) In the case of a vessel or aircraft on which drawback is to be claimed under section 313 (g), Tariff Act of 1930, the application prescribed in paragraph (a) of this section shall be made by the builder of the vessel or aircraft.

Section 313 (g), Tariff Act of 1930, applies only to materials used in the original construction and equipment of the vessels or aircraft and not to materials used for alteration or repair. The term "foreign account and ownership" contemplates only vessels or aircraft built and equipped for the account of an owner or owners residing in a foreign country and having a bona fide intention that the vessel or aircraft shall, when completed, be owned and operated under the flag of a foreign country.

There is no authority of law for the allowance of drawback of customs duty on articles manufactured or produced in the United States and shipped to Alaska, Puerto Rico, Hawaii, the Virgin Islands, American Samoa, Wake Island, Midway Islands, Kingman Reef, the Island of Guam, Canton Island, Enderbury Island, Johnston Island, or Falmys Island.

(c) The manufacturer or producer may abandon his claim.

drawback which may accrue to the products manufactured or produced by him, complementary records covering the information not available to the manufacturer or producer may be kept by the persons in the United States for whose account the products are manufactured or produced, and abstracts of such records shall be filed with the drawback entry.

(f) When identification is made against two or more lots of imported merchandise of different dutiable values or subject to different rates of duty, or against two or more lots of drawback products subject to different allowances of drawback, the drawback shall be based first upon the lot or lots of the lowest dutiable value, rate of duty, or drawback allowance, as the case may be, then upon the lot or lots of the next higher dutiable value, rate of duty, or drawback allowance, and so on from lower to higher until all the lots have been accounted for. The same principle shall apply in cases where the articles are commingled in storage after manufacture or production. If two or more lots of a fungible product are commingled in storage and quantities thereof are withdrawn for domestic consumption as well as for exportation with benefit of drawback, the withdrawals for domestic consumption shall be accounted for in the order in which the several lots of such product were placed in storage, exclusive of any lots in respect of which drawback has been allowed; and, in the case of the withdrawals for exportation, the drawback allowance thereon shall be based on the lot carrying the lowest allowance of drawback of any of the lots shown by the customs records to be unaccounted for at the time of withdrawal.

(g) The builder of a vessel or aircraft upon which drawback is to be claimed under section 313 (g), Tariff Act of 1930, shall keep the records provided for in this section so far as applicable. An abstract of such records shall be filed with the collector of customs at the headquarters port of the collection district in which the vessel or aircraft is built in ample time prior to the first departure of the vessel or aircraft from the United States to enable that officer to have the abstract verified by examination of the vessel or aircraft and the builder's records pertaining thereto.

(h) Each manufacturer or producer shall submit to the collector of customs

domestic merchandise used when such records are necessary to the determination of the quantity of imported duty-paid merchandise or drawback products used in the manufacture or production of the articles or appearing therein. In cases where two or more products result from the manipulation of the imported duty-paid merchandise, records shall be kept which will show the values of such products at the time of separation. An abstract of the records kept by the manufacturer or producer shall be filed with the drawback entry.

(b) The imported duty-paid merchandise or drawback products shall be stored in a manner which will enable the manufacturer or producer to determine, in conjunction with his storage records, the import entry, certificate of delivery, or certificate of manufacture and delivery number or numbers under which they were received, and to identify with respect to such import entry, certificate of delivery, or certificate of manufacture and delivery number or numbers the imported duty-paid merchandise or drawback products used in the manufacture or production of the articles, and to establish whether such articles were exported within 5 years after the importation of the duty-paid merchandise.

(c) The articles manufactured or produced shall be stored or marked in a manner which will preserve the identification established by means of the storage records and the records of manufacture or production.

(d) Each person required by §§ 22.15 and 22.16 (c) to certify to the delivery of imported merchandise or drawback products shall store such merchandise or products while they are in his possession and keep records which will enable him to show the quantity, identity, and description of such merchandise or products, the date on which they were received by him, the person from whom they were received, the date on which they were delivered by him to other persons, and the persons to whom such deliveries were made. These records shall be the basis of the certificates or endorsements required under § 22.15 and 22.16 (c).

(e) Where it appears to the satisfaction of the Bureau, or of the collector in appropriate cases, that it is impracticable for the manufacturer or producer to keep records of all the information required for the determination of the

quantity, if any, of duty-free or

at the port where his drawback entries will be filed a statement in duplicate describing the methods which he will follow and the records which he will keep for the purpose of establishing that the articles upon which drawback will be claimed have been manufactured or produced in the United States with the use of imported duty-paid merchandise within the meaning of section 313(a), Tariff Act of 1930, and that the records of identification, manufacture, or production, and storage prescribed in this section have been maintained. The statement shall be submitted to the collector through the supervising customs agent who assisted in its preparation. In the case of operations under section 313 (b), (d), or (g), Tariff Act of 1930, as amended, the statement in triplicate shall be submitted through the supervising customs agent to the Commissioner of Customs. The statement shall contain an agreement to follow the methods and keep the records described therein with respect to all articles manufactured or produced for exportation with benefit of drawback. Provision for the use of duty-paid merchandise or drawback products, the manufacture or production of articles not specified in the application for the rate, or the use of factories not named therein may be included in the statement prepared as a result of such application.

(i) If drawback entries are to be liquidated at more than one headquarters port, two additional copies of the statement and of the investigating officer's report shall be required for each additional port. The procedure outlined in this and the preceding paragraph shall be followed, so far as applicable, when applications for amendments of drawback rates or supplemental statements or schedules or supplemental advisory schedules are filed in accordance with paragraph (o), (p), or (q) of this section.

(j) If the statement shows that the methods and records described therein enable the manufacturer or producer to comply with the law and regulations and if the facts developed by the investigation warrant such action, the collector in a case under section 313(a), Tariff Act of 1930, or the Bureau in a case under section 313 (b), (d), or (g), Tariff Act of 1930, as amended, will issue the rate of drawback on the articles described in the statement, except that in cases under

drawback which may accrue to the products manufactured or produced by him, complementary records covering the information not available to the manufacturer or producer may be kept by the persons in the United States for whose account the products are manufactured or produced, and abstracts of such records shall be filed with the drawback entry.

drawback on the articles described in the statement, except that in cases under

§ 22.6 the procedure in paragraphs (a) and (b) of that section shall be followed. When the statement in a case under section 313 (a), Tariff Act of 1930, shows that entries are to be filed at more than one port, the collector at the port first listed shall issue the rate, if that action is warranted.

(k) Each person who keeps complementary records as provided for in paragraph (e) of this section shall file a statement describing such records in accordance with the procedure prescribed for manufacturers and producers in paragraph (h) of this section. Such statement shall be subject to the provisions of paragraphs (i) and (j) of this section.

(l) Drawback entries may be filed covering articles exported on or after the date on which the application for establishment of the drawback rate was received by the collector or deputy collector of customs, but such entries shall not be liquidated until the rate has been established or in cases under § 22.6 the statement has been approved.

(m) When the rate has been established or the statement approved under § 22.6, drawback may be allowed on articles manufactured or produced in accordance therewith and exported on or after the effective date named therein provided all pertinent regulations have been complied with.

(n) In no case shall drawback be allowed on articles which were exported before the date of receipt by the collector or deputy collector of the application which resulted in the preparation of the statement on which the rate or collector's letter of approval was based.

(o) When a manufacturer or producer in whose behalf a rate of drawback has been established desires to have his rate amended under section 313(a), Tariff Act of 1930, or to change his statement filed under § 22.6 to cover additional articles, to include additional factories, to permit the use of other kinds of imported duty-paid merchandise or drawback products, to provide for a different basis for the liquidation of the drawback entries, or to cover different methods of identification, manufacture, or other changes, he shall file an application therefor with the collector or deputy collector of customs. The supplemental statement prepared as a result of such application shall be submitted through the supervising customs agent who as-

sisted in its preparation to the collector of customs at the port where drawback entries filed under the existing rate of drawback are liquidated who shall issue the amendment, if that action is warranted. If entries are liquidated at more than one port, the supplemental statement shall identify all such ports and the collector at the port first listed shall issue the amendment. The foregoing procedure shall also apply to applications for amendments under section 313 (b), (d), or (g), Tariff Act of 1930, as amended, but the supplemental statement in such case shall be submitted through the supervising customs agent to the Commissioner of Customs, except as provided in subparagraph (1), of this paragraph. No drawback shall be allowed on articles exported before the date on which the application was received by the collector or deputy collector unless specifically authorized by the Bureau, or by the collector in cases within the provisions of § 22.6 or of this paragraph.

(1) Supplemental statements covering operations under section 313 (b), (d), or (g), Tariff Act of 1930, as amended, which are limited to (i) a change in location of the factory of the manufacturer or producer; (ii) an additional factory at which the methods followed and records maintained are the same as those at another factory operating under an existing drawback rate of the manufacturer or producer; (iii) a change in name of the manufacturer or producer; (iv) the succession by a sole proprietorship, partnership, or corporation to the drawback operations of a manufacturer or producer; or (v) any combination of the foregoing changes, shall be processed in the manner provided in this paragraph (o) for supplemental statements covering amendments under section 313(a), Tariff Act of 1930.

(p) When a rate of drawback provides that the drawback allowance shall be determined on the basis of a schedule filed by the manufacturer or producer showing the quantity of imported material used or appearing in each unit of finished articles, and the rate authorizes the filing of supplemental schedules showing changes in the quantity of imported materials used or appearing in each unit, or different styles or capacities of containers, such supplemental schedules shall be filed with the

collector or deputy collector of customs. Drawback may be allowed on the articles covered by a supplemental schedule after it has been verified by an investigating officer and approved by the collector.

(q) In cases where the drawback allowance is determined on a quantity-based or appearing-in basis, collectors of customs may request, for the information of liquidating officers in addition to the information required to be filed with the drawback entry, a supplemental advisory schedule showing the quantity of importing merchandise used or appearing in each unit of finished articles. Such schedules shall be filed with the collector or deputy collector of customs. Drawback may be allowed on articles covered by a supplemental advisory schedule after it has been verified by an investigating officer and approved by the collector.

§ 22.5 Identification of imported merchandise and ascertainment of quantities for allowance of drawback when substituted merchandise is used.

(a) Articles manufactured or produced in accordance with section 313(b), Tariff Act of 1930, as amended, shall be subject to the applicable provision of this part and the records of the manufacturer or producer shall show:

(1) The quantity, identity, kind, and quality of the duty-paid merchandise or other articles manufactured or produced under drawback regulations (all of the foregoing hereinafter referred to as designated merchandise) designated as the basis for the allowance of drawback on the exported articles;

(2) That such designated merchandise was used in the manufacture or production of articles by the manufacturer or producer of the exported articles within 3 years after the date on which it was received by such manufacturer or producer;

(3) That the exported articles on which drawback is claimed were manufactured or produced either with the use of (i) the designated merchandise, (ii) other merchandise of the same kind and quality as the designated merchandise, or (iii) any combination of the foregoing;

(4) That the exported articles were manufactured or produced within 3 years after the date on which the desig-

nated merchandise was received by the manufacturer or producer of the exported articles;

(5) That duty-free or domestic merchandise of the same kind and quality as the designated merchandise was used by the manufacturer or producer of the exported articles within 3 years after the date on which the designated merchandise was received by such manufacturer or producer; and

(6) The quantity of merchandise of the same kind and quality as designated merchandise, used in the manufacture or production of the exported articles.

(b) When valuable wastes are incurred in manufacture or production and the manufacturer or producer has not limited his claims to the quantity of merchandise appearing in the articles manufactured or produced for exportation with benefit of drawback, the records shall show the quantity and value of the merchandise used in the manufacture or production of the articles and the quantity and value of the waste incurred in order that the deduction provided for in § 22.4(a) may be made in liquidation.

(c) Duty-paid merchandise or articles manufactured or produced under drawback regulations which have been used at one plant of a manufacturer or producer within 3 years after the date on which such material was received by such manufacturer or producer may be designated as the basis for the allowance of drawback on articles manufactured or produced in accordance with the regulations in this part at other plants of the same manufacturer or producer.

(d) Drawback shall be allowed although the exported articles are not of the same kind and quality as the articles which were manufactured or produced with the use of the designated merchandise, provided such exported articles were manufactured or produced with the use of merchandise of the same kind and quality as the designated merchandise.

(e) For purposes of compliance with paragraph (a) (2) of this section, the use of domestic crude petroleum taken in exchange for imported crude petroleum in conformity with Presidential Proclamation No. 3279 of March 10, 1959 (3 CFR, 1959 Supp.) and the Oil Import Regulations issued thereunder (32A CFR, Ch. XI), shall constitute use of the imported crude petroleum, provided no certificate of delivery on customs Form

§ 22.6 General drawback rates in effect: approval of drawback statements by collectors.

(a) *Drawback statements; filing and approval at one port.* Each manufacturer or producer of articles covered by a drawback rate in this section shall submit through the supervising customs agents to the collector of customs at the port where drawback entries will be filed a statement in duplicate describing the methods used in the manufacturing or production of the products involved and setting forth the records it agrees to keep for the purpose of complying with the drawback law and regulations and for providing all the data required for the proper liquidation of certificates of manufacture and drawback entries filed hereunder. If the statement shows that the methods and records described therein enable the manufacturer or producer to comply with the law and regulations and if the facts developed by the investigation so warrant, the collector shall approve the statement and promptly notify the applicant, in writing, of such action.

(b) *Drawback statements; filing and approval at more than one port.* In cases where the statement provides for the filing of drawback entries at two or more ports, the statement in duplicate shall be submitted through the supervising customs agents to the collector at each of the ports named. In such case the collector at the port first listed in the statement shall approve the statement, if that action is warranted and is concurred in by the collectors at the other ports named, and shall promptly notify the applicant, in writing, of such action.

(c) *Drawback statements; supplemental.* Supplemental statements covering changes in statements filed under this section shall be handled in accordance with the provisions of paragraphs (a) and (b) of this section.

(d) *Applicability of other drawback provisions to general rates.* The allowance of drawback on articles covered by a drawback rate in this section shall be subject to compliance with the applicable provisions of this part.

(e) *Bags and meat wrappers.* Drawback may be allowed on the exportation of bags or meat wrappers manufactured with the use of imported burlap or other

textile material, subject to the following special regulations:

(1) Each lot of imported material received by a manufacturer shall be given a lot number and kept separate from other lots until used. The records of the manufacturer shall show, as to each manufacturing lot or period of manufacture, the quantity of material used from each import lot and the number of each kind and size of bags or meat wrappers obtained. A certificate of manufacture shall be filed covering each manufacturing lot or period of manufacture.

(2) All bags or meat wrappers manufactured for the account of the same exporter during a specified period may be designated as one manufacturing lot and covered by one certificate of manufacture and delivery. All exported bags or meat wrappers shall be identified by the exporter with the certificate of manufacture covering their manufacture.

(3) The drawback allowance shall not exceed 99 percent of the duty paid on the imported material appearing in the exported bags or meat wrappers, unless the manufacturer desires an allowance for waste and so specifies in his statement. In such cases the records of the manufacturer shall show, in addition to the above requirements, the value of the imported material, the quantity of waste incurred in the manufacture of each lot of bags or meat wrappers, or during each period of manufacture, and the value of such waste, if any; and in liquidation the quantity of imported material which may be used as the basis for the allowance of drawback shall be reduced by the quantity of imported material which the value of the waste will replace.

(f) *Sugar and sirups; substitution.* Drawback may be allowed under the provisions of section 313 (b), Tariff Act of 1930, upon the exportation of hard or soft refined sugars and sirups manufactured from raw sugar, subject to the following special regulations:

(1) The drawback allowance shall not exceed 99 percent of the duty paid on a quantity of raw sugar designated by the refiner which contains a quantity of sucrose not in excess of the quantity required to manufacture the exported sugar or sirup, ascertained in the manner hereinafter set forth.

(2) The refined sugars and sirups shall have been manufactured with use of duty-paid, duty-free, or domestic sugar,

or combinations thereof, within 3 years after the date on which the designated sugar was received by the refiner, and shall have been exported within 5 years from the date of importation of the designated sugar.

(3) All granulated sugar testing by the polariscope 99.5° and over shall be deemed hard refined sugar. All refined sugar testing by the polariscope less than 99.5° shall be deemed soft refined sugar. All "blackstrap," "unfiltered sirup," and "final molasses" shall be deemed sirup.

(4) The imported duty-paid sugar selected by the refiner as the basis for the drawback claim (designated sugar) shall be of the same kind and quality as that used in the manufacture of the exported refined sugar or sirup and shall have been used within 3 years after the date on which it was received by the refiner. Duty-paid sugar which has been used at a plant of a refiner within 3 years after the date on which it was received by such refiner may be designated as the basis for the allowance of drawback on refined sugars or sirups manufactured at another plant of the same refiner.

(5) For the purpose of distributing the drawback in accordance with the provisions of section 313, Tariff Act of 1930, relative values shall be established between hard refined (granulated) sugar, and soft refined (various grades) sugar, and sirups at the time of separation. The entire period covered by an abstract shall be deemed the time of separation of the sugars and sirups covered by such abstract.

(6) The sucrose allowance per pound on hard refined (granulated) sugar established by the liquidation of an abstract shall be applied to hard refined sugar commercially known as loaf, cut loaf, cube, pressed, crushed, or powdered sugar manufactured from the granulated sugar covered by the abstract.

(7) The sucrose allowance per gallon on sirup established by the liquidation of an abstract shall be applied to sirup further advanced in value by filtration or otherwise, unless such sirup is the subject of a special drawback rate.

(8) As to each lot of imported or domestic sugar used in the manufacture of refined sugar or sirup on which drawback is to be claimed, the raw stock records shall show the refiner's raw lot number, the number and character of the packages, the settlement weight in pounds, and the settlement polarization.

Such records covering imported sugar shall show, in addition to the foregoing, the import entry number, date of importation, name of importing carrier, country of origin, the Government weight, and the Government polarization.

(9) The melt records shall show the date of melting, the number of pounds of each lot of raw sugar melted, and the full analysis at melting.

(10) There shall be kept a daily record of final products boiled showing the date of the melt, the date of boiling, the magma filling serial number, the number of the vacuum pan or crystallizer filling, the date worked off, and the sirup filling serial number.

(11) The sirup manufacture records shall show the date of boiling, the period of the melt, the sirup filling serial number, the number of barrels in the filling, the magma filling serial number, the quantity of sirup, its disposition in tanks or barrels, and the refinery serial manufacture number.

(12) The refined sugar stock records shall show the refinery serial manufacture number, the period of the melt, the date of manufacture, the grade of sugar produced, its polarization, the number and kind of packages, and the net weight. When soft sugars are manufactured, the commercial grade number and quantity of each shall be shown.

(13) Each lot of hard or soft refined sugar and each lot of sirup manufactured, regardless of the character of the containers or vessels in which it is packed or stored, shall be marked immediately with the date of manufacture and the refinery manufacture number applied to it in the refinery records hereinafter provided for and shown in the abstract from such records filed in the customhouse. If all the sugar or sirup contained in any lot manufactured is not intended for exportation, only such of the packages as are intended for exportation need be marked as prescribed above, provided there is filed with the collector of customs immediately after such marking a statement showing the date of manufacture, the refinery manufacture number, the number of packages marked, and the quantity of sugar or sirup contained therein. No drawback shall be allowed in such case on any sugar or sirup in excess of the quantity shown on the statement as having been marked. If any packages of sugar

or sirup so marked are repacked into other containers, the new containers shall be marked with the marks which appeared on the original containers and a supplemental statement covering such repacking and remarking shall be filed with the collector. If sirups from more than one lot are stored in the same tank, the refinery records shall show the refinery manufacture number and the quantity of sirup from each lot contained in such tank.

(14) An abstract from the foregoing records covering manufacturing periods of not less than 28 nor more than 35 days, unless a different period shall have been authorized, shall be filed when drawback is to be claimed on any part of the refined sugar or sirup manufactured during such period. Such abstract shall be filed by each refiner with the collector of customs at New York, except as to refineries located in California, Louisiana, Puerto Rico, or Hawaii, for which the abstracts shall be filed respectively with

the collectors at San Francisco, New Orleans, San Juan, or Honolulu. The collectors at the ports mentioned shall liquidate the abstracts filed with them and shall keep full and complete records of the kinds and quantities of refined sugars and sirups entitled to drawback on exportation and, upon proper request, shall issue extracts therefrom for use at other ports where drawback entries are filed covering exportations made of such refined sugars and sirups, and shall debit such records with the quantities covered by such extracts. The abstracts filed by each refinery shall be consecutively numbered by the refiner, shall be signed by the head refiner or superintendent or his first assistant, and shall be in the following form:

(2) Except as provided for in subparagraph (3) of this paragraph, the manufacturing period (hereinafter referred to as the abstract period) of each crusher shall be coextensive with the withdrawal of one or more entire lots or cargoes of imported flaxseed, from the storage tanks and the manufacture into oil and cake of the flaxseed so withdrawn. A cut-off shall be made at the storage tanks after the withdrawal of one or more complete lots or cargoes, and all the seed from such lots or cargoes in process or contained in bins, screens, conveyors, cookers, presses, expellers, etc., shall be manufactured during the abstract period in order that there may be no overlapping of seed and product from one abstract period to another. If any seed withdrawn from the storage tanks during any abstract period is disposed of, without being manufactured into the products specified in this paragraph, it shall be reported on the certificate of manufacture provided for in subparagraph (4) of this paragraph. The quantity of seed so withdrawn shall be stated according to its condition as imported.

(3) Should it become necessary for a crusher to terminate an abstract period before the complete withdrawal from the storage tanks of any lot or cargo of imported flaxseed contained therein, a cut-off shall be made at the storage tanks and the quantity of imported flaxseed remaining in the tanks after the cut-off shall be determined by weighing, gauging, or measuring under the supervision of a customs officer. Upon application to the collector of customs in whose district the plant of the crusher is located, a customs officer shall be assigned for this purpose. All flaxseed withdrawn from storage before the cut-off shall be manufactured into oil and cake or otherwise disposed of before a new abstract period is begun.

(4) At the conclusion of each abstract period during which a crusher manufactures oil, cake, or meal for exportation with benefit of drawback, such crusher shall file a certificate of manufacture, constituting an abstract of his manufacturing records, with the collector of customs at any one of the following ports: New York, N. Y.; Philadelphia,

Pa.; Chicago, Ill.; Cleveland, Ohio; San Francisco, Calif.; or Seattle, Wash.

(5) Such certificate shall show the inclusive dates of manufacture; the quantity, identity, and value (if valuable wastes occur) of the imported flaxseed or screenings, scalplings, chaff, or scourings used; the quantity by actual weight and value, if any, of the material removed from the foregoing by screening prior to crushing; the quantity and kind of domestic merchandise added, if any; the quantity by actual weight or gauge and value of the oil, cake, and meal obtained; and the quantity and value, if any, of the waste incurred. The quantity of imported flaxseed, screenings, scalplings, chaff, or scourings used or of material removed shall not be estimated nor computed on the basis of the quantity of finished products obtained, but shall be determined by actually weighing the said flaxseed, screenings, scalplings, chaff, scourings, or other material; or, at the option of the crusher, the quantities of imported materials used may be determined from customs weights, as shown by the import entry covering such imported materials, and the Government weight certificate and certificate of analysis issued at the time of entry. The entire period covered by an abstract shall be deemed the time of separation of the oil and cake covered thereby.

(6) The drawback allowance shall not exceed 99 percent of the duty paid on the quantity of imported flaxseed, screenings, scalplings, chaff, or scourings used in the manufacture of the exported products, less the quantity of such imported materials which the value of the waste will replace, as shown by the abstract of the manufacturing records provided for above.

(7) The drawback allowance shall be distributed to the oil and cake in accordance with their relative values at the time of separation, and the drawback allowance on the processed oil and on the oil meal shall be the drawback accruing to the raw oil and to the cake from which the processed oil and the meal, respectively, were produced.

(8) In order that the relative values may be determined for use as the bases for the distribution of the drawback to the several products as prescribed in section 313 (a), Tariff Act of 1930, each crusher operating under the provisions of this paragraph shall file with the col-

lector of customs, New York, N. Y., within 10 days after the 1st and 15th days of each month a statement in duplicate showing the quantity of oil in barrels of 375 pounds each and the quantity of cake or meal in tons of 2,000 pounds delivered each day from the mill during the preceding period (that is, 1st to 15th or 16th to the last day of the month) to points in the zone in which the mill is located. The total daily quantity and value of such products delivered with drawback not reserved by the crusher and the total daily quantity of such products delivered with drawback reserved by the crusher shall be stated separately. The value of oil shall be shown on the carload raw basis in barreled condition, that is, if the oil was processed, the processing differential shall be deducted, or, if it was delivered in tank wagons or tank cars, the barreling differential shall be added. The values of cake and meal shall be shown on the carload basis in bags. The values of oil cake, and meal, as outlined above, shall be reported on the basis of the voices of sale, without deduction for the cost of containers and other charges.

(9) Upon receipt of the statements from the crushers concerned, the collector of customs at New York shall determine and declare the daily average values of the raw linseed oil and linseed cake manufactured by the crushers in each mill zone. Such daily average values shall be ascertained in the following manner:

(1) The total quantity of oil delivered on a certain day by all crushers in a given mill zone to points within that zone, with drawback not reserved by the crushers, divided into the amount of money received by the crushers for such oil (the quotient) to be extended to 6 decimal places, less the amount deducted for the cost of packing and other charges incurred after separation, shall be the daily average value of such oil.

(2) The total quantity of cake delivered on a certain day by all crushers in a given mill zone to points within that zone, with drawback not reserved by the crushers, divided into the amount of money received by the crushers for such cake (the quotient) to be extended to 6 decimal places, less the amount deducted for the cost of packing and other charges incurred after separation, shall be the daily average value of such cake.

(3) The total quantity of meal delivered on a certain day by all crushers in a given mill zone to points within that zone, with drawback not reserved by the crushers, divided into the amount of money received by the crushers for such meal (the quotient) to be extended to 6 decimal places, less the amount deducted for the cost of packing, grinding, and other charges necessary to reduce such meal to a cake basis, shall be the daily average value of the cake from which such meal was ground.

(4) The weighted average of the two values determined in accordance with subdivisions (1) and (3) of this subparagraph shall be the daily average value of the cake concerned.

(5) If no deliveries of oil, cake or meal are made to a point in the mill zone on a certain day, the last daily average value established by the collector at New York for that product shall be used as the value thereof for the day on which no deliveries were made.

(6) The amount to be deducted from the delivered value of oil cake, or meal by the collector at New York to make relative value at the point of separation shall be an average amount for each zone obtained by averaging the cost of packing and other charges of all crushers within the zone concerned. In order that this deduction may be made, each crusher shall furnish the collector at New York, from time to time as the collector may request, a statement showing such costs and charges.

(7) After the close of each calendar month the collector at New York shall prepare for each mill zone a statement showing the daily average values of cake and oil ascertained as above, and shall transmit to the collectors at Philadelphia, Chicago, Cleveland, San Francisco, and Seattle copies of such statements as cover zones in which crushers who file abstracts at the respective ports are located.

(8) To ascertain the relative values of the cake and oil for the period covered by an abstract, the collector of customs concerned shall add the daily average values for his zone of cake and oil, respectively, as furnished by the collector at New York, for each day of the period covered by the abstract and shall divide the totals thus obtained by the number of such daily average values.

(9) Upon the application of any crusher operating under this paragraph,

the collector of customs at any of the above-mentioned ports is authorized to advise such crusher of the daily average values of cake and oil established by the collector of customs at New York for the zone in which the crusher is located, and of the relative values of such products as determined for the period covered by an abstract filed by such crusher with the collector to whom application has been made.

(13) If a crusher desires to file his abstract at one of the above-enumerated ports not located within the mill zone in which his plant is situated, the daily average values of the oil and cake for the zone in which the plant of the crusher is situated shall be certified by the collector at New York to the collector at the port where such abstract is to be filed, on the request of such crusher; and the collector at such port shall ascertain the relative values of the products for the period covered by the abstract in the manner prescribed in subparagraph (11) of this paragraph.

(14) If the records of the manufacturer do not show the quantity of oil cake used in the manufacture of the exported oil meal and the quantity of oil meal obtained, the net weight of the oil meal exported shall be regarded in liquidation as the weight of the oil cake used in the manufacture thereof.

(15) If various tanks are used for the storage of imported flaxseed, the mill records shall show by a definite designation the tank or tanks in which each lot or cargo is stored.

(16) If raw or processed oil manufactured during different periods of manufacture is intermixed in storage, a record shall be maintained showing the quantity, identity, and kind of oil so intermixed. Identification shall be made in accordance with § 22.4 (f). If oil so intermixed is delivered to manufacturers who use the oil in the manufacture of articles to be exported, the certificate of delivery shall show the certificates of manufacture from which such oil may have originated.

(17) If linseed cake or meal is placed in storage, it shall be segregated by abstract periods or marked to show the period in which it was manufactured.

(h) *Piece goods.* Drawback may be allowed under the provisions of section 313 (a), Tariff Act of 1930, upon the exportation of bleached, mercerized, printed, dyed, or re-dyed piece goods

manufactured or produced by any one of a combination of the foregoing processes with the use of imported or drawback woven piece goods, subject to the following special regulations:

(1) The records of the manufacturer or producer shall show, as to each lot of piece goods manufactured or produced for exportation with benefit of drawback, the lot number and the date or inclusive dates of manufacture or production, the quantity, identity, and value of the imported or drawback piece goods used, the condition in which imported or received (whether in the gray, bleached, dyed, or mercerized), the working allowance specified in the contract under which they are received, the process or processes applied thereto, and the quantity and description of the piece goods obtained.

(2) The records also shall show the yardage lost by shrinkage or gained by stretching during manufacture, and the quantity of remnants resulting and of spoilage incurred.

(3) Further, the records shall show its value. In instances where it is impracticable to account for the actual quantity of rag waste incurred, it shall be assumed in liquidation that such rag waste constituted 2 percent of the piece goods put into process.

(4) The piece goods manufactured or produced hereunder may also be subjected to one or more finishing processes.

(5) An abstract of the manufacturing or production records shall be filed with the drawback entry.

(6) The quantity of piece goods upon which drawback may be allowed shall be computed as follows: Deduct from the quantity of piece goods received the quantity of remnants and spoilage, if any, incurred, the proper allowance to be made for shrinkage or stretch, of any, occurring during manufacture or production. Reduce the remaining quantity by the quantity thereof which the value of the rag waste will replace. When necessary for the purposes of liquidation, the value of the imported or drawback piece goods used shall be furnished by the owner.

(7) The drawback allowance shall not exceed the duty paid, less 1 per centum thereof, on the net quantity of finished piece goods exported, determined as above, as shown by the abstract of the manufacturing or production records;

or, in the case of piece goods manufactured or produced hereunder with the use of drawback piece goods, the drawback accruing to such net quantity, as established by the abstract of the manufacturer or production records and the certificates of manufacture and delivery covering the drawback piece goods concerned.

(8) Drawback shall not be allowed hereunder when the process performed results only in the restoration of the articles to their condition at the time of importation.

(i) *Fur skins and fur skin articles.* Drawback may be allowed under the provisions of section 313 (a), Tariff Act of 1930, upon the exportation of dressed, redressed, dyed, re-dyed, bleached, blended, or striped fur skins or fur skin articles manufactured or produced by any one or a combination of the foregoing processes with the use of fur skins or fur skin articles, such as plates, mats, raw, dressed, or dyed condition, subject to the following special regulations:

(1) The records of the manufacturer or producer shall show, as to each lot of fur skins and fur skin articles manufactured or produced for exportation with benefit of drawback, the lot number and the date or inclusive dates of manufacture or production, the quantity, identity, and description of the imported merchandise used, the condition in which imported, the process or processes applied thereto, the quantity and description of the finished articles obtained, and the quantity of imported pieces rejected, if any, or spoiled in manufacture or production.

(2) An abstract of the manufacturing or production records shall be filed with the drawback entry.

(3) The drawback allowance shall not exceed the duty paid, less 1 per centum thereof, on the quantity of imported merchandise used in the manufacture or production of the exported articles, as shown by the abstract of the manufacturing or production records. The quantity of imported merchandise used shall be determined by deducting from the quantity of fur skins or fur skin articles put into manufacture or production the quantity of rejects and spoilage incurred, if any.

(4) Drawback shall not be allowed hereunder when the process performed results only in the restoration of the ar-

articles to their condition at the time of importation.

§ 22.7 Notice of exportation.

(a) A notice of exportation in triplicate, on customs Form 7511, for each shipment of merchandise on which drawback is to be claimed shall be filed by the exporter or his agent with the collector of customs at the port at which the shipment is to be exported from the United States. Such notice shall show the name of the exporting vessel or other carrier, the number and kind of packages and their marks and numbers, the description of the merchandise and its weight (gross and net), gauge, measure, or number, the name of the exporter, and the name of the port where the drawback entry is to be filed. If the merchandise is to be exported in railroad cars, a notice of exportation shall be filed for each car.

(b) Except as provided for in §§ 22.8 and 22.9, the notice of exportation shall be filed with the shipper's export declaration, or, if filed subsequently, it shall be filed within 3 years after exportation and shall state the number, if any, and date of the shipper's export declaration. One shipper's export declaration may cover several notices of exportation. A notice of exportation not filed in the time and manner herein specified shall not be accepted unless its acceptance is specifically authorized by the Bureau.

(c) Upon receipt of the notice of exportation, the collector shall assign a number thereto which shall be stamped or endorsed on the original and each copy of the notice. If a number has been assigned to the corresponding shipper's export declaration, the same number shall be assigned to the notice of exportation. If a shipper's export declaration covers more than one notice of exportation, one of the notices shall be assigned the same number as that assigned to the shipper's export declaration; the remaining notices shall also be assigned the same number but each notice shall be further identified by the addition of an alphabetic designation beginning with the letter "A". However, if no number has been assigned to the shipper's

(c) After the packages have been mailed, the postmaster will execute his certificate on one of the copies of the notice of exportation and return such copy to the person who presented the notice, for subsequent filing with the drawback entry. One copy of the notice will be postmarked by the postmaster and mailed by him to the collector of customs at the port where the notice shows the drawback entry is to be filed, and the other copy will be retained by the postmaster as his record of the transaction.

§ 22.9 Notice of exportation; government shipments.

(a) In the case of a shipment by a department, branch, or agency of the United States Government, if no shipper's export declaration is required, the notice of exportation for such a shipment shall be prepared in quadruplicate, by such department, branch, or agency, or by the supplier of the merchandise. Three copies shall be filed by the exporter or his agent with the government officer in charge of transportation at the port of exportation. The fourth copy shall be retained by the exporter for subsequent filing with the drawback entry. Such notices shall be numbered by the exporter in accordance with § 22.10.

(b) The notice of exportation shall bear an endorsement in the following form, to be placed thereon by the exporter, for execution by the government transportation officer at the port of exportation:

On one of the copies of the notice, the collector shall certify (1) as to the exportation of the merchandise as shown by the records of his office, and (2) as to the name of the exporter as shown by the shipper's export declaration covering the merchandise. The collector shall return such copy and one uncertified copy to the exporter, or to the person designated by the exporter, for subsequent filing with the drawback entry. Whenever the collector is unable to certify to the exportation of the merchandise covered by the notice of exportation, he shall return two copies of the notice to the exporter or to the person designated by the exporter, with a statement of the facts in the case.

(d) When drawback is to be claimed under section 313 (a), (b), or (g), Tariff Act of 1930, on an aircraft departing under its own power from the United States, or on merchandise exported by aircraft, the notice of exportation shall be filed in the manner prescribed herein at the port where the shipper's export declaration is filed.

(e) When merchandise is laden on a vessel for transshipment at a domestic port outside the continental United States, the notice of exportation shall be filed with the collector of customs at the port where the merchandise was last transhipped for its foreign destination (the place where the shipper's export declaration is filed).

§ 22.8 Notice of exportation; mail shipments.

(a) If the merchandise on which drawback is to be claimed is to be exported by mail or parcel post, the notice of exportation shall be prepared in quadruplicate. Three copies shall be filed with the postmaster at the place of mailing, and the merchandise shall be delivered to the postmaster at the same time and mailed under his supervision. The copy of the notice of exportation certified by the collector and one uncertified copy shall be filed with the entry. The certified copy of the notice of exportation shall show that the merchandise was shipped by the person making the drawback entry, or shall bear an endorsement of the person in whose name the merchandise was shipped, showing that the person making entry is authorized to make it and to receive the drawback. One entry may cover several shipments. All documents necessary to the liquidation of the entry, including those issued by one customs officer to another, shall be filed or applied for, as the case may require, within the 3-year period prescribed above, except that any required landing certificate shall be filed within the time prescribed in § 22.17 (c). Claims not completed within the 3-year period prescribed above shall be treated as abandoned and no extension will be granted, unless it is established that failure to complete the claim within 3 years was occasioned by action of a responsible customs officer.

(b) A statement in duplicate of the papers filed, showing the dates on which official documents were applied for, may be presented with the drawback entry. When such statement has been verified as to the papers filed, one copy shall be received and returned to the claimant and the other copy attached to the drawback entry. When a landing certificate is required, it shall be furnished prior to the liquidation of the entry.

(c) If certificates of manufacture are filed prior to the filing of the entry, they shall be referred to in the entry by the official number in lieu of the particulars of importation and manufacture. In such cases the entry shall be on customs Form 7573.

(d) If the drawback entry is filed at a port other than that at which the certificate of manufacture is on file, the collector at the port where the certificate is on file, after liquidation and at the request of the person filing the certificate or the person to whom such merchandise was delivered, as shown by said certificate, shall issue an extract there-

(c) After the exporting vessel or other conveyance has departed, the government transportation officer at the port of exportation will execute his certificate on one of the copies of the notice of exportation and return such copy to the exporter, or to the person designated by the exporter, for subsequent filing with the drawback entry. One copy of the notice of exportation will also be signed by the government transportation officer to indicate its official status and mailed by him to the collector of customs at the port where the notice shows the drawback entry is to be filed, and the other copy will be retained by the government transportation officer as his record of the transaction.

§ 22.10 Numbering notices of exportation for mail or government shipments.

Notices of exportation covering government shipments or shipments by mail shall be given, for identification purposes, a number by the exporter in a series beginning with No. 1 for each 12-month period commencing on July 1 of each year. One series of numbers shall be used by each exporter to cover both types of shipments made by him.

§ 22.11 Amendment of notices of exportation.

At any time within the 3-year period prescribed for the completion of the drawback claim, a notice of exportation may be amended if the collector is satisfied as to the correctness of the amendment. Every application for amendment and its supporting evidence shall be in writing and submitted to the collector of customs at the port where the drawback entry is filed.

§ 22.12 Examination of merchandise.

The collector may examine any merchandise being exported with benefit of drawback if he is not satisfied as to the bona fides of the shipment.

§ 22.13 Completion of drawback claims.

(a) A drawback entry and certificate of manufacture shall be filed within 3 years after the date the articles are exported. Such entry and certificate shall be filed on customs Form 7575 except in cases covered by paragraph (c) or (e) of this section. If such entry and certificate are filed on customs Form 7575, such form shall be filed in dupli-

from on customs Form 4537 for use at the port where the entry is filed. Such extract shall be transmitted to the collector at the latter port and, for the purpose of identification, reference may be made thereto as in the case of an original certificate.

(e) When completely manufactured articles are purchased for exportation and the drawback is to be paid to the purchaser, the entry shall be on customs Form 7573 and be accompanied by a certificate of manufacture and delivery on customs Form 7577, if such a certificate is not already on file.

(f) In the case of a vessel, or aircraft upon which drawback is to be claimed under section 313 (g), Tariff Act of 1930, there shall be filed with the drawback entry a copy of the contract under which the vessel or aircraft was built or the pertinent part thereof showing that it was built for foreign account and ownership. In the case of a vessel, except a warship, there shall also be filed a certificate of clearance for the foreign port, if the vessel is cleared from a port other than that at which the entry is filed, and a certified copy of the registry certificate or, in lieu thereof, a certificate of the consul of the foreign nation to which the vessel belongs, showing that the said vessel has been documented under the flag of that country. In the case of warships, the certificates of clearance and foreign documentation shall not be required.

(g) A drawback entry may be corrected, or a timely supplemental entry filed, only when permission is granted by the collector. Corrections or amendments permitted must be certified by the appropriate parties.

**§ 22.14 Certificates of importation and extracts.**

(a) If the merchandise identified in the drawback entry or certificate of manufacture was not imported at a port within the customs collection district where the entry or certificate of manufacture is filed, the collector of customs of the district where the merchandise was imported shall upon application by the importer or the party to whom the delivery of such merchandise has been certified, issue to the collector at the port named a certificate of importation on customs Form 5265 bearing a notation showing the date on which the application for the issuance of the certificate

was filed. Such application shall be made on customs Form 5263 or in a substantially similar form.

(b) If any portion of the merchandise covered by the certificate of importation is used in the manufacture of articles covered by a drawback entry or certificate of manufacture on file at a port other than that at which the certificate is on file, the collector holding the certificate, on written request, shall issue an extract on customs Form 5267 for use at such other port and transmit it to the collector at that port.

(c) In the case of articles manufactured with the use of products withdrawn from a bonded smelting or refining establishment, the collector at the port of withdrawal shall issue, in lieu of certificates of importation, certificates showing the date of importation, date of withdrawal, name of person making the withdrawal, quantity and character of the product, and rate and amount of duty paid.

(d) No certificate of importation shall be issued until the import entry covering the merchandise to be certified shall have been liquidated, the liquidated duties have been paid, and such liquidation shall have been made final by operation of law or by acceptance in writing by the importer. Such certificate and any extract therefrom shall show the name of the person to whom delivery has been certified and the date of delivery in case a certificate of delivery has been filed with the collector issuing such certificate or extract.

(e) When a certificate of manufacture covering bags or meat wrappers is filed showing transfer of the bags or meat wrappers after manufacture, the exporter may present an application addressed to the collector of customs at the port where the burlap or other textile material was imported, requesting the issuance of a certificate of importation, and the collector of customs at the port where the certificate of manufacture is filed shall indicate on the application, before forwarding it to the collector at the port of importation, that the proper certificate of delivery is endorsed on the certificate of manufacture to the person requesting the certificate of importation, thus obviating the necessity of filing further certificates of delivery with the collector of customs who issues the certificate of importation.

**§ 22.15 Certificates of delivery of imported merchandise.**

(a) When the merchandise used in the manufacture of the exported articles was not imported by the manufacturer of the articles, no drawback shall be allowed until there has been filed with the collector at the port where the drawback entry is filed a certificate of delivery in duplicate on customs Form 7543 or official evidence of the existence of such a certificate filed at another port, fully describing the merchandise delivered and tracing it from the custody of the importer to the custody of the manufacturer. Reference may be made to this certificate by the manufacturer in his certificate of manufacture in lieu of the particulars of importation, provided the certificate covers but one importation.

(b) If the merchandise was not delivered directly from the importer to the manufacturer, each intermediate transfer shall be shown on the certificate of delivery by a certificate of the person through whose possession the merchandise passed.

(c) When the imported merchandise is covered by a consumption entry and the consignee named therein has declared another person to be the actual owner, such consignee shall be considered the importer for drawback purposes irrespective of whether an owner's declaration was filed in accordance with section 485 (d), Tariff Act of 1930, and a certificate of delivery from such consignee to the person to whom delivery was made shall be required.

(d) The person in whose name merchandise is withdrawn from bonded warehouse shall be considered the importer for drawback purposes, and certificates of delivery covering prior transfers of such merchandise while in bonded warehouse shall not be required.

**§ 22.16 Certificates of manufacture and delivery: manufactured or partly manufactured articles.**

(a) When the imported merchandise used has passed through some process of manufacture before delivery and the wholly or partly manufactured article is used in the manufacture of some other article for exportation, or when completely manufactured articles are purchased for exportation without further manipulation, a certificate of manufacture and delivery shall be filed on customs Form 7577. Such certificate shall be required whether the drawback is claimed by the exporter or has been reserved by the manufacturer.

(b) In drawback entries covering the exported articles, reference may be made to such certificates in lieu of stating the particulars of importation and manufacture, except when the article or merchandise has been further manipulated before exportation, in which event such additional manufacturing steps shall be covered by a proper certificate of manufacture.

(c) Any intermediate transfer of such manufactured articles shall be certified on the certificate of manufacture and delivery.

(d) If the drawback entry is filed at a port other than that at which the certificate of manufacture and delivery is on file, an extract may be issued on customs Form 4537.

**§ 22.17 Landing certificates.**

(a) A landing certificate shall be required (1) whenever the collector at the port of exportation or at the port where the drawback entry is filed shall have reason to believe that the shipment is not a bona fide exportation, (2) when the Bureau specifically directs that a landing certificate shall be produced, (3) when a landing certificate is otherwise required by law or regulation, and (4) for every aircraft which departs from the United States under its own power if drawback is claimed on the aircraft or any part thereof. Landing certificates for aircraft shall show the exact time of landing of the aircraft in the foreign country and describe the aircraft or parts thereof on which drawback is claimed in sufficient detail to enable the collector to identify them with the notice of exportation.

(b) Whenever a landing certificate is required, it shall be signed by a revenue officer of the foreign country to which the merchandise is exported, unless it is shown that such country has no customs administration, in which case the certificate may be signed by the consignee or by the vessel's agent at the place of unloading.

(c) When a landing certificate is specially required by the collector or the Bureau, but not otherwise, reasonable notice in writing of such requirement shall be given by the collector to the exporter or his agent. The landing cer-

ificate, shall issue an extract there-

tificate shall be filed within 1 year from the date of the notice unless an extension of such period is specifically authorized by the Bureau.

(d) When a landing certificate is required by the collector, other satisfactory evidence of the foreign landing may be accepted in lieu of the landing certificate.

(e) When a landing certificate is required and cannot be produced, an application for its waiver may be made to the Bureau through the collector within the time required for filing the certificate, accompanied by such evidence of exportation and landing abroad as may be available. Such application will be granted if the Bureau is satisfied by the evidence submitted that the merchandise has been exported.

#### § 22.18 Supplies for certain vessels and aircraft.

(a) Drawback of duties and taxes shall be allowed on articles laden on certain vessels or aircraft as supplies or for use as equipment or in the maintenance or repair of certain foreign vessels or aircraft, as provided for in section 309, Tariff Act of 1930, as amended, subject to the requirements of this section.

"(a) *Exemption from customs duties and internal-revenue tax.* Articles of foreign or domestic origin may be withdrawn, under such regulations as the Secretary of the Treasury may prescribe, from any customs bonded warehouse, from continuous customs custody elsewhere than in a bonded warehouse, or from a foreign-trade zone free of duty and internal-revenue tax, or from any internal-revenue bonded warehouse, from any brewery, or from any winery premises or bonded premises for the storage of wine, free of internal-revenue tax—

"(3) for supplies (including equipment), ground equipment, maintenance, or repair of aircraft registered in any foreign country and actually engaged in foreign trade or trade between the United States and any of its possessions, or between Hawaii and any other part of the United States or between Alaska and any other part of the United States, where trade by foreign aircraft is permitted. With respect to articles for ground equipment, the exemption hereunder shall apply only to duties and to taxes imposed upon or by reason of importation.

"The provisions for free withdrawals made by this subsection (a) shall not apply to petroleum products for vessels or aircraft in voyages or flights exclusively between Hawaii or Alaska and any airport or Pacific coast seaport of the United States."

"(b) *Drawback.* Articles withdrawn from bonded warehouses, bonded manufacturing warehouses, continuous customs custody elsewhere than in a bonded warehouse, or from a foreign-trade zone, and articles of domestic manufacture or production, laden as supplies upon any such vessel or aircraft of the United States or laden as supplies (including equipment) upon, or used in the maintenance or repair of, any such foreign vessel or aircraft, shall be considered to be exported within the meaning of the drawback provisions of this Act.

"(c) *Articles removed in, or returned to, the United States.* Any article exempted from duty or tax, or in respect of which drawback has been allowed, under this section or section 317 of this Act and thereafter removed in the United States from any vessel or aircraft, or otherwise returned to the United States, shall be treated as an importation from a foreign country.

"(d) *Reciprocal privileges.* The privileges granted by this section and section 317 of this Act in respect of aircraft registered in a foreign country shall be allowed only if the Secretary of the Treasury shall have been advised by the Secretary of Commerce that he has found that such foreign country allows, or will allow, substantially reciprocal privileges in respect of aircraft registered in the United States. If the Secretary of Commerce shall advise the Secretary of the Treasury that he has found that a foreign country has discontinued, or will discontinue, the allowance of such privileges, the privileges granted by this section and such section 317 shall not apply thereafter in respect of aircraft registered in that foreign country." (Tariff Act of 1930, sec. 309, as amended; 19 U.S.C. 1309)

(b) The procedure prescribed in this part as to the filing of an application for a rate of drawback and other required documents shall be followed, so far as applicable, in filing claims for drawback under this section, except that notices of lading on customs Form 7515 shall be filed in lieu of notices of exportation on customs Form 7511.

(c) A notice of lading on customs Form 7515 shall be filed in quadruplicate with the collector of customs at the port of lading. Such notice shall show the name of the vessel or identity of the aircraft on which the articles were, or are to be, laden, the number and kind of packages and their marks and numbers, the description of the articles and numbers, weight (net), gauge, measure, or number, the name of the exporter, and the name of the port where the drawback entry is to be filed. The notice of the lading may be filed before or after lading of the articles but, if filed after lading, it shall be filed within 3 years after exportation and shall show the date of clearance or departure of the vessel or aircraft. The collector shall assign a number to each notice of lading. After numbering, one copy of the notice shall be returned to the exporter for delivery to the master or an authorized officer of the vessel or aircraft, or to a representative of the owner or operator of the vessel or aircraft having knowledge of the facts and holding a customs power of attorney, for certification thereon as to the receipt of the articles and the quantity laden. This copy shall be filed by the claimant with the drawback entry, except that, in cases where the notice of lading was filed after the lading of the articles, a separate receipt of the master or authorized officer of the vessel or aircraft, or of a representative of the owner or operator of the vessel or aircraft having knowledge of the facts and holding a customs power of attorney, may be filed with the drawback entry.

(d) After the vessel has cleared or obtained a permit to proceed, the collector at the port of lading shall execute his certification on one of the copies of the notice of lading and return it, with one uncertified copy, to the exporter, or the person designated by the exporter, for subsequent filing with the drawback entry. If the vessel is not required to clear or obtain a permit to proceed to

another port, the collector shall return two copies of the notice to the exporter, or to the person designated by the exporter, with a statement of the facts in the case for subsequent filing with the drawback entry. In such cases, the collector at the port where the drawback entry is filed shall require the claimant to furnish an itinerary of the vessel for the immediate voyage to determine whether the vessel is engaged in a class of business or trade which warrants the allowance of drawback.

(e) Paragraphs (g) and (h) of this section, insofar as applicable, shall apply with respect to aircraft registered in the United States and actually engaged in foreign trade or trade between the United States and any of its possessions, or between Hawaii and any other part of the United States or between Alaska and any other part of the United States, and aircraft registered in any foreign country and actually engaged in foreign trade or trade between the United States and any of its possessions, or between Hawaii and any other part of the United States or between Alaska and any other part of the United States, where such trade by foreign aircraft is permitted.

(f) [Reserved]

(g) In any case in which it is desired to land in the United States articles covered by a notice of lading, the master shall make application for a permit to land such articles under customs supervision. Such declaration may be executed on the copy of the notice of lading on which the master or other officer or authorized representative certifies as to the receipt and quantity of the articles

(b) The drawback may alternatively be paid to the agent of the manufacturer, producer, or exporter, as the case may be, or to the person to whom such manufacturer, producer, exporter, or agent shall direct in writing that such drawback be paid.

(b) The statement of the manufacturer shall set forth the quantity of domestic tax-paid alcohol contained in each of the various products covered thereby.

(c) The notice of exportation shall be filed on customs Form 7511. When it covers duty-paid imported merchandise, in addition to the tax-paid alcohol, two sets of drawback entries shall be filed, one set for customs drawback and the other for internal-revenue drawback.

(d) The following forms shall be used in lieu of the corresponding forms used in the case of articles manufactured with the use of imported merchandise:

- Drawback entry, customs Form 7579.

If no claim has been or will be filed with the Internal Revenue Service for the domestic drawback, the manufacturer shall submit a statement, in duplicate, setting forth that fact to the Assistant Regional Commissioner of Internal Revenue, Alcohol and Tobacco Tax, for the region in which the manufacturer's factory is located. The statement shall show the quantity and description of the exported products, the identity of the alcohol used by serial number of package

or tank car, the name and registry number of the warehouse from which the alcohol was withdrawn, the date of the withdrawal, the serial number of the tax-paid stamp or certificate, and the port where the drawback claim will be filed. (f) In cases where the percentage of alcohol contained in a medicinal preparation, flavoring extract, or toilet preparation varies from the quantity of alcohol shown by a previously approved statement or schedule to be contained in the said exported product in an amount equal to more than 5 percent of the total volume of the product, the procedure set forth in § 22.4 (c) applicable to the amendment of rates of drawback to cover additional articles shall be followed. Changes of 5 percent, or less, of the volume of the product shall be reported to the collector of customs at the port where the drawback entries are liquidated, which officer may allow drawback on such articles without specific Bureau authorization.

§ 22.24 Manufacturing record.

The description of the alcohol required to be stated in the entry may be obtained from the package containing the tax-paid alcohol. There shall be kept by the manufacturer of the flavoring extracts or medicinal or toilet preparations on which drawback is claimed a record of all such preparations manufactured, the quantity of wastage, if any, and a full description of the alcohol. This record shall be open at all times to the inspection of customs officers.

§ 22.25 Internal Revenue certificates and extracts from such certificates.

(a) The drawback claimant or manufacturer shall submit an application in writing to the Assistant Regional Commissioner of Internal Revenue, Alcohol and Tobacco Tax, for the region in which the alcohol used in manufacture was withdrawn, for the issuance of a tax-paid certificate on internal-revenue Form 646 to the collector of customs with whom the drawback claim will be filed. The application shall state the quantity of alcohol in taxable gallons,

the serial number of each package, the serial number of the stamp, the amount of tax paid on the alcohol, the name, registry number, and location of the warehouse, the date of withdrawal, the name of the manufacturer using the alcohol in producing the exported articles, the address of the manufacturer and of his manufacturing plant, and the port where the drawback claim will be filed. If the application is accompanied by customs Form 7545, showing any of such data, the data so shown need not be repeated in the application.

(c) If a certification as to any portion of the alcohol described in a certificate on internal revenue Form 646 should be required for the liquidation of drawback entries filed at another port, the collector, on written application of the person who requested its issuance, shall transmit an extract from the certificate for use at such port. The extract shall be made on customs Form 4541 and shall show the Internal Revenue Service certificate number on the original certificate.

§ 22.26 Collector's statement of drawback due.

(a) When the drawback claim has been completed by the filing of the entry, notice of exportations, etc., as required by the regulations in this part, any required landing certificate has been produced, and clearance of the exporting conveyance has been established by the records of clearance in the case of direct exportation or by a certificate when the merchandise was exported at another port, the collector shall proceed to ascertain the amount of drawback due by reference to the certificate of manufacture and the drawback rate under which the drawback claimed is allowable.

(b) If the declaration required by § 22.23 (c) shows that claim has been, or will be, made for the domestic drawback

referred to in that section, the allowance of drawback under the provisions of section 313 (d), Tariff Act of 1930, as amended, shall be limited to the difference between the amount of tax paid and the amount of domestic drawback claimed. If the declaration and verified statement required by § 22.23 (e) show that no claim has been, or will be, made by the manufacturer for the domestic drawback, the drawback allowed shall be the full amount of the tax paid on the alcohol used.

(c) The amount of drawback due having been ascertained, the collector shall, in accordance with § 22.20 (e), certify such amount for payment.

(d) No deduction of 1 per centum shall be made in allowing drawback claims under section 313 (d), Tariff Act of 1930, as amended.

§ 22.27 Drawback allowed.

(a) Merchandise on which the duties have been paid and which has remained continuously in bonded warehouse or otherwise in customs custody since importation may be entered or withdrawn at any time within 3 years after the date of importation for exportation or for shipment to the Virgin Islands, American Samoa, Wake Island, Midway Islands, Kingman Reef, Johnston Island, or Guam, and upon such exportation or shipment the duties shall be refunded in accordance with the provisions of section 557 (a), Tariff Act of 1930, as amended.

considered foreign territory for the pur-

the customs officer in charge, and there

will be, made for the domestic drawback

named in the import entry as the actual owner and the declaration of such owner has been timely filed, in which case the drawback entry may be filed in the name of either such owner or the importer of record. If the goods are claimed to be not in accordance with sample or specifications, the drawback entry shall be accompanied by a copy of the order for the merchandise, copies of any preliminary correspondence, and the samples or specifications on which the merchandise was ordered, together with a certificate of the actual owner that the sample or specifications submitted are those on which the merchandise was ordered, showing in detail in what manner the merchandise does not conform to sample or specifications. If no written order was placed and no sample or specifications are available, a certificate of the actual owner setting forth the specifications of his order and the method by which they were communicated to the seller may be accepted. If the merchandise was shipped to the importer without his consent, a clear statement of that fact shall be submitted, together with all information in the possession of the importer as to the reason for the shipment. In doubtful cases the collector may decline to allow the claim unless there is produced corroboration by the shipper of the specifications or circumstances, or other evidence sufficient in the opinion of the collector to establish the claim. If the merchandise is returned to customs custody at a port other than at the port at which it was originally entered, and the drawback entry is to be filed at such other port, the collector of customs at that port shall request the collector of customs at the port where the merchandise was originally entered to furnish a certificate of importation which shall include the date on which the merchandise was released from customs custody. The collector at the port where the drawback entry is filed may request any additional documents or data he deems necessary.

#### § 22.33 Return of merchandise to customs custody.

(a) Upon receipt of the drawback entry, the collector shall assign a number thereto, by appropriate notation on all copies, approve the place of deposit of the merchandise specified by the person making the entry or designate another place if that one is not deemed

suitable, and return the original to the entrant for presentation with the merchandise to the customs officer at the place of deposit. The merchandise shall be delivered into customs custody at such place within 90 days after the date on which it was originally released from customs custody unless, either before or after the return of the merchandise, a longer time is specially authorized by the Bureau, or by the collector under the authority of this paragraph. The collector, upon written application, may extend the period in those cases where he is satisfied that the importer has been or will be prevented by circumstances beyond his control from returning the merchandise within the 90-day period, and that the importer proposes to return, or has returned, the merchandise within a reasonable time. Applications for extension of time shall be filed with, and acted upon by, the collector of customs at the port where the drawback entry will be filed. If the merchandise is to be exported otherwise than by mail, one copy of the entry shall be returned to the entrant, for resubmission to the collector in accordance with paragraph (e) of this section. A receipt showing the fact and date of such delivery shall be furnished to the applicant if he requests it. If the report of the receiving officer shows that the merchandise was not returned to customs custody within the time required by law, the drawback shall be denied.

(b) If the merchandise is to be exported through the mails, it shall be deposited with the postmaster for delivery to the collector of customs at the port where the merchandise was originally entered. The parcel in which the merchandise is packed shall be properly wrapped, stamped, and addressed for mailing to the foreign destination, and shall be enclosed in a wrapper addressed to the collector of customs at the port where such merchandise was originally entered. A waiver on customs Form 3413, or in a substantially similar form, of the right to withdraw the merchandise from the mails, signed by the exporter, shall be affixed, stamped, or written on both the inner and outer wrappers. The outside wrapper shall bear an appropriate notation to the effect that the contents are intended for examination and exportation under section 313 (c), Tariff Act of 1930, as amended. If the parcel

is to be insured or registered to cover transportation from the port of original entry to the foreign destination, the exporter shall deposit with the collector of customs at such port the necessary funds to cover the charges for insurance or registry.

(c) The drawback entry, fully executed in duplicate on customs Form 7539, shall accompany or be mailed simultaneously with the parcel, unless such form is not available to the exporter, or unless the information necessary to complete the entry is not available at the time of mailing, in either of which cases the merchandise may be submitted without the entry to the postmaster for delivery to the collector of customs. When the returned merchandise is received by the collector without the related drawback entry, he shall immediately furnish the exporter with the proper number of copies of Form 7539 for prompt execution and return. The dates of the delivery of the merchandise from the post office on importation and the return thereto for exportation shall be considered the dates of release from and return to customs custody, respectively, within the meaning of section 313 (c), Tariff Act of 1930, as amended. "Contrary to law" is not confined to the customs laws but means any law. See Calahan v. United States, 285 U. S. 515.

(c) The penalties prescribed in section 483, Tariff Act of 1930, shall be assessed in every case where a narcotic drug or marihuana is unladen without a permit.

(d) When a package of regular cargo or a passenger's baggage otherwise covered by a permit to unlade is found to contain any narcotic drug or marihuana imported for sale or other commercial purpose and not specifically covered by a permit to unlade, the penalties prescribed by such section 483 shall be assessed with respect to such narcotic drug or marihuana.

Clearance of any such vessel may be withheld until such penalties are paid or until a bond, satisfactory to the collector, is given for the payment thereof. The provisions of this paragraph shall not prevent the forfeiture of any such vessel or vehicle under any other provision of law. " (Tariff Act of 1930, sec. 584, as amended; 19 U. S. C. 1984)

of, unless (1) the narcotics were discovered in a passenger's baggage and the collector is satisfied that neither the master nor any of the officers nor the owner of the vessel knew or had any reason to know or suspect that the narcotics had been on board the vessel, or (2) prior authority for the clearance without payment of the penalty or the furnishing of the bond is obtained from the Bureau.

(f) A written notice and demand for payment of the penalty incurred under section 584, Tariff Act of 1930, as amended, together with a copy of such section 584, shall be sent to the master of the vessel or the person in charge of the vehicle and to the owner of such vessel or vehicle. In the case of a vessel, if bond has been given, such notice shall be sent also to each surety. (j) Except as provided for in this paragraph, all narcotic drugs seized under the Narcotic Drugs Import and Export Act by any Federal officer other than a customs officer shall be delivered immediately into the custody of the collector of customs in whose district the seizure is made, together with a full report of the circumstances of the seizure. When the seizure is made by a Federal narcotic inspector or agent in connection with an investigation which such inspector or agent considers may result in criminal prosecution under any Federal narcotic law, the drugs so seized shall not be delivered into the custody of the collector of customs until it is determined that they will not, or will no longer, be required as evidence.

(k) The exportation of smoking opium and opium prepared for smoking is absolutely prohibited. Other narcotic drugs or marihuana may be exported only under a permit issued by the Commissioner of Narcotics.

lations shall be subject to the duties which are now or may hereafter be imposed upon such drugs when imported.

"Any narcotic drug imported or brought into the United States or any territory under its control or jurisdiction, contrary to law, shall (1) if smoking opium or opium prepared for smoking, be seized and summarily forfeited to the United States Government without the necessity of instituting forfeiture proceedings of any character; or (2) if any other narcotic drug be seized and forfeited to the United States Government, without regard to its value, in the manner provided by sections 514 and 515 of Title 19, or the provisions of law hereafter enacted which are amendatory of, or in substitution for, such sections. Any narcotic drug which is forfeited in a proceeding for condemnation or not claimed under such sections, or which is summarily forfeited as provided in this subdivision, shall be placed in the custody of the Commissioner of Narcotics and in his discretion be destroyed or delivered to some agency of the United States Government for use for medical or scientific purposes." (21 U. S. C. 178)

"It shall be unlawful for any person subject to the jurisdiction of the United States Government to export or cause to be exported from the United States, or from territory under its control or jurisdiction, or from countries in which the United States exercises extraterritorial jurisdiction, any narcotic drug to any other country. been committed of any law, the enforcement of which is within the jurisdiction of the Customs Service, by reason of which any property has become subject to forfeiture, shall seize such property if available. A receipt for seized property shall be given at the time of seizure to the person from whom the property is seized. A collector of customs may adopt a seizure made by a person other than a customs officer if such collector has reasonable cause to believe that the property is subject to forfeiture under the customs laws.

(b) If the duly constituted officials of a State have seized any merchandise, vessel, or vehicle under the provisions of the statutes of such State, such property shall not be seized by customs officers unless it is voluntarily turned over to them to be proceeded against under the Federal statutes.

(c) A customs officer to whom a warrant is issued to search for and seize merchandise is without authority to remove letters and other documents and records, unless they themselves are instruments of crime and are seized as an incident to a lawful arrest.

"A person other than a customs officer who makes a seizure does so on his own responsibility if the seizure is not adopted by a collector of customs. "It shall be the duty of any officer, agent, or other person authorized by law to make seizures of merchandise or baggage subject to seizure for violation of the customs laws, to report every such seizure immediately to the collector for the district in which such violation occurred, and to turn over and deliver to such collector any vessel, merchandise, or baggage seized by him, and to report immediately to such collector every violation of the customs laws." (Tariff Act of 1930, sec. 602; 19 U. S. C. 1602)

"(a) Warrant. If any collector of customs or other officer or person authorized to make searches and seizures shall have cause to suspect the presence in any dwelling house, store, or other building or place of any merchandise upon which the duties have not been paid, or which has been otherwise brought into the United States contrary to law, he may make application, under oath, to any justice of the peace, to any municipal, county, State, or Federal judge, or to any United States commissioner, and shall thereupon be entitled to a warrant to enter such dwelling house in the daytime only, or such store or other place at night or by day, and to search for and seize such merchandise." parted from the United States prior to July 19, 1956, the effective date of said act, shall register his return to the United States with the collector of customs at the port of arrival on customs Form 3231. (Sec. 201, 70 Stat. 574; 18 U. S. C. 1407.)

(Sec. 1407, 70 Stat. 574; 18 U. S. C. 1407) § 23.10 Maritime Administration vessels; exemption from penalty.

(a) When a vessel owned or chartered under bareboat charter by the Maritime Administration and operated for its account becomes liable for the payment of a penalty incurred for violation of the customs revenue or navigation laws, clearance of the vessel shall not be withheld nor shall any proceedings be taken against the vessel itself looking to the enforcement of such liability.

(b) This exemption shall not in any way be considered to relieve the master of any such vessel or other person incurring such penalties from personal liability for payment.

§ 23.11 Seizures, who may make; search warrants.

(a) Any customs officer having reasonable cause to believe that a violation has departed from or enter into the United States, unless such person registers, under such rules and regulations as may be prescribed by the Secretary of the Treasury with a customs official, agent, or employee at a point of entry or a border customs station. Unless otherwise prohibited by law or Federal regulation such customs official, agent, or employee shall issue a certificate to any such person departing from the United States; and such person shall, upon returning to the United States, surrender such certificate to the customs official, agent, or employee present at the port of entry or border customs station.

"(b) Whoever violates any of the provisions of this section shall be punished for each such violation by a fine of not more than \$1,000 or imprisonment for not less than one nor more than three years, or both." (18 U. S. C. 1407.)

"To constitute a valid seizure there must be an open visible possession claimed and authority exercised by the seizing officer. The parties must understand that they are dispossessed and that they are no longer at liberty to exercise any control over the property. A superior physical force is not necessary to be employed if there is voluntary acquiescence in the seizure and dispossession. A seizure once made, if voluntarily abandoned by the seizing officer, loses its validity.

(1) Arrests and seizures under the narcotic laws, except as specified above, shall be handled in the same manner as other customs arrests and seizures.

(m) The functions relating to the notice and demand to produce order forms for marihuana under section 4744 of the Internal Revenue Code (26 U. S. C. 4744) may be performed by collectors of customs, supervising customs agents, and other officers of the customs.

The original shall be given to the registrant who, upon his return to the United States, shall register with the collector of customs at the port of arrival by signing before a customs officer and in the space provided for this purpose on the original and by surrendering the completed form to the customs officer. "This section shall not apply to any person--

When the appraised value of the property involved in one seizure from one person exceeds \$250, the notice shall be published in a newspaper of general circulation in the customs collection district and the judicial district in which the property was seized. When the appraised value does not exceed \$250, the notice shall be published by posting in a conspicuous place accessible to the public in the customhouse nearest the place of seizure and in the customhouse at the headquarters for the customs collection district, with the date of posting noted thereon, and shall be kept posted for at least 3 successive weeks.

(b) Before seized drugs, insecticides, seeds, plants, nursery stock, and other articles required to be inspected by other Government agencies are sold, they shall be inspected by a representative of such agency to ascertain whether or not they meet the requirements of the law and the regulations of that agency, and, if found not to meet such requirements, they shall be destroyed forthwith.

In any case where the collector is not satisfied that the proponent has a substantial interest in the seized property or for any other reason believes that it would not be to the interest of the United States to accept the offer, the procedure outlined in paragraph (b) of this section shall be followed.

(b) Any application not covered by paragraph (a) of this section shall be in writing, addressed to the Commissioner of Customs, signed by the claimant or his attorney, and shall contain an assent to forfeiture and a waiver of further proceedings. If there is no market for the seized property at the place of appraisement, such value in the principal market nearest to the place of appraisement shall be reported.

(c) Seized merchandise the importation of which is absolutely prohibited shall be appraised at its foreign-market value, since such merchandise has no domestic value.

(d) For the purpose of condemnation or forfeiture only,<sup>3</sup> the value of all seized merchandise the importation of which is prohibited shall be held not to exceed \$2,500.

When no official receipt form is provided, the original bill shall be stamped with the fact and date of payment, initialed or signed by the customs officer to whom the payment is made, and returned to the payor.

(c) If an importer desires a receipt for duties or taxes paid on a formal or appraisement entry, such receipt shall be given on a copy of customs Form 5101 or on a copy of the entry, whichever is presented for that purpose by the person making the entry.

(d) Every payment which is not made in person shall be accompanied by the original bill or by a communication containing sufficient information to identify the account or accounts to which it is to be applied.

(e) A bill for duties, taxes, or other charges is due and payable upon receipt thereof by the debtor.

**§ 24.4 Optional method for payment of estimated import taxes on alcoholic beverages upon entry, or withdrawal from warehouse, for consumption.**

(a) *Application to defer.* An importer, including a transferee of alcoholic beverages in a customs bonded warehouse, who wishes to pay on a semi-monthly basis the estimated import taxes on alcoholic beverages entered, or withdrawn from warehouse, for consumption by him during such a period may apply by letter to the collector of customs of each district in which he

wishes to defer payment. The application must identify the ports at which the importer wishes to use the tax deferral procedure. An importer who receives approval from a collector of customs to defer such payments may, however, continue to pay the estimated import taxes due at the time of entry, or withdrawal from warehouse, for consumption.

(b) *Deferred payment periods.* The periods shall be the 9th day of a month through the 23d day of the same month and from the 24th day of that month through the 8th day of the next month. An importer may begin the deferral of payments of estimated tax in a customs collection district in the first deferral period beginning after the date of the written approval by the collector of customs of such district. An importer may in such district use the deferred payment system until the collector of customs advises such importer that he is no longer eligible to defer the payment of such taxes.

(c) *Content of application and supporting documents.* (1) An importer must state his estimate of the largest amount of taxes to be deferred in any semimonthly period based on the largest amount of import taxes on alcoholic beverages deposited in that district in such a period during the year preceding his application. He must also identify any existing bond or bonds that he has on file in the district and the port or ports for which filed and shall submit in support of his application the approval of the surety on his bond or bonds to the use of the procedure and to the increase of such bond or bonds to such larger amount or amounts as may be found necessary by the collector of customs. He must identify in his application all ports in the district where he intends to file entries or withdrawals from warehouse for consumption for which taxes are to be deferred.

(2) Each application must include a declaration in substantially the following language:  
I declare that I am not presently barred by a collector of customs in any other district from using the deferred payment procedure for payment of estimated taxes upon imports of alcoholic beverages, and that if I am notified by a collector of customs to such effect I shall advise the collectors of customs of all other districts where approval has been given to me to use such procedure.

all deferred payment forms in a separate series and return to the importer or his agent the B and C copies of the deferred payment forms. The A copy is retained by customs. If B and C copies are lost by an importer, he must prepare new B and C copies for timely filing with the tax payments when due.

(f) *Deposit of deferred tax payments.* (1) On or before the last day of the deferred payment period (8th and 23d day of each month), the importer must present in numerical sequence the B and C copies for each deferral of tax on an entry or withdrawal made during the period to the cashier along with payment covering all estimated taxes due on such entries and withdrawals. When the last day of the deferred payment period ends on a day other than one specified in § 1.8(a) of this chapter as a day for the transaction of general customs business, payment must be made on the next such business day. The cashier will receipt and return as soon as possible each C copy to the importer for his record of payment. However, if an importer advises the collector of customs in writing that he does not want a receipt, this and other provisions for the use of a C copy shall not be applicable.

(2) If a shipment is released under the immediate delivery procedure in § 8.59 of this chapter in one deferral period and the time for filing entry, including any authorized extension of such time, falls into another such period, all estimated taxes must be paid on or before the due date of the latter period.

(g) *Restrictions on deferring tax deposits.* (1) An importer may not on one entry, or withdrawal from warehouse, for consumption deposit part of the estimated tax and present deferred tax payment forms for the balance of the tax. The estimated tax on each entry or withdrawal must be either fully paid or be fully covered by a deferred tax payment form.

(2) The estimated tax shown on the deferred tax payment form and the estimated tax shown on the entry, or withdrawal from warehouse, for consumption must be the same. At the time of presenting the payment covering deferred payments of estimated taxes for a period, the deposit must be in the exact amount of the total of all such deferrals.

(3) On the last day of a deferral period, all entries or withdrawals from warehouse for consumption on such day

must be accompanied by the deposit of the estimated tax. No deferral of estimated tax is permitted on the last day of the deferral period.

(h) *Termination of deferred payment privilege.* (1) When any tax shown on an A copy of the deferred tax payment form is unpaid after the due date, the importer shall be immediately notified and a notice of monies due shall be sent to the importer and a copy to the surety on his bond. If in the opinion of the collector, such failure to make timely payment of estimated taxes deferred warrants the withdrawal of the tax deferral privilege, he will advise the importer of the withdrawal of such privilege. In all instances of failure, in part or in full, to pay timely the deferred taxes on alcoholic beverages withdrawn from warehouse for consumption, further withdrawals from the warehouse entry on which the tax is delinquent will be refused until payment is made of the amount delinquent. Any delinquent payment must be accompanied by B and C copies of the deferred tax payment form.

(2) The termination in any district of the tax deferral privileges for failure to pay timely any deferred estimated tax, or for failure to support such payments with B and C copies of the deferred tax payment form, shall be at the discretion of the collector of customs. Termination of the privileges for any other reason shall be subject to the approval of the Commissioner of Customs.

(3) Renewal of the tax deferral privilege after it has been withdrawn in any District may be made only upon approval by the Commissioner of Customs. (i) *Renewal of importer's bond.* At the time of each renewal of a customs bond to which has been added a stipulation as to deferred tax payment, conducted in by the surety, the parties shall indicate in writing their agreement to the continuation of the stipulation for the term of the renewal.

(j) *Entries for consumption or warehouse after an importer is delinquent.* An importer who is delinquent in paying deferred taxes may make entries for consumption or for warehousing, or withdrawals for consumption from warehouse entries on which no delinquency exists, upon deposit of all estimated duties or taxes.

justed periodically as the varying costs of printing and distribution require. A list of salable customs forms showing the price at which each is sold shall be prominently posted in each customhouse in a location accessible to the general public.

(c) Customs forms for sale to the general public, except unusually large or otherwise unsuitable forms, shall normally be prepared in units containing 100 copies. If a completely prepared bill or receipt is presented by the purchaser at the time of the purchase, the collector's paid stamp shall be impressed thereon; otherwise, no receipt shall be given. § 24.16 Overtime services; overtime compensation; rate of compensation.

(a) General. Customs services for which overtime compensation is provided for by section 5 of the Act of February 13, 1911, as amended (19 U. S. C. 267); or

"The Secretary of the Treasury shall fix a reasonable rate of extra compensation for overtime services of inspectors, storekeepers, weighers, and other customs officers and employees who may be required to remain on duty between the hours of five o'clock postmeridian and eight o'clock antemeridian, or on Sundays or holidays, to perform services in connection with the lading or unlading of cargo, or the lading of cargo or merchandise for transportation in bond or for exportation in bond or for exportation with benefit of drawback, or in connection with the receiving or delivery of cargo on or from the wharf, or in connection with the unlading, receiving, or examination of passengers' baggage, such rates to be fixed on the basis of one-half day's additional pay for each two hours or fraction thereof of at least one hour that the overtime extends beyond five o'clock postmeridian (but not to exceed two and one-half days' pay for the full period from five o'clock postmeridian to eight o'clock antemeridian), and two additional days' pay for Sunday or holiday duty. The said extra compensation shall be paid by the master, owner, agent, or consignee of such vessel or other conveyance whenever such special license or permit for immediate lading or unlading or for lading or unlading at night or on Sundays or holidays shall be granted to the collector of customs, who shall pay the same to the several customs officers and employees entitled thereto according to the rates fixed therefor by the Secretary of the Treasury. Such extra compensation shall be paid if such officers or employees have been ordered to report for duty and have so reported, whether the actual lading, unlading, receiving, delivery, or examination takes place or not. In those ports where customary working hours are other than those herein-

ation the carrier shall agree to store the seals in a well-protected place approved by the collector and to keep and provide information, in the form, time, and manner prescribed by the collector, showing the use of the seals issued to it. As used in this regulation, the term "carrier" does not include an association or other entity of which the carrier is a member.

(f) In-bond seals may be purchased only by a customs bonded carrier, by a nonbonded carrier permitted to transport articles in accordance with section 553 of the tariff act, as amended, or in the case of red in-bond seals, by the carrier's commercial association or comparable representative approved by the collector. In-transit seals may be purchased by a bonded or other carrier of merchandise or, in the case of blue in-transit seals, by the carrier's commercial association or comparable representative approved by the collector. Except for uncolored in-transit seals, uncolored customs seals may not be purchased by private interests and shall be furnished by collectors of customs for authorized use without charge. In-bond and in-transit seals sold by collectors of customs shall be charged for at the rate of 10 cents per seal.

§ 24.14 Salable customs forms.

(a) Customs forms for sale to the general public shall be designated by the Commissioner of Customs. Customs forms which are designated as salable shall meet the following conditions: (1) The form is distributed to private parties for use in completing customs transactions; (2) the quantity used nationwide annually is sufficient to justify the administrative costs involved in selling the form and accounting for the collections involved therein, or the form is primarily for the use of a special group; (3) distribution is or can generally be made in lots of 100 or more; (4) the form is normally distributed to commercial concerns (customhouse brokers, freight forwarders, vessel agents, carriers, regular commercial importers, etc.) rather than to or for the use of individuals or others (tourists, churches, schools, occasional importers, etc.) for noncommercial purposes.

(b) The price of each salable customs form shall be established by the Commissioner of Customs and shall be ad-

turers of approved seals, but their orders for said seals (except the aforesaid green and uncolored in-transit seals) shall be submitted to the collector of customs at the headquarters port of the customs district for authorization, assignment of numbers and symbols, and forwarding to the manufacturer. The order shall be prepared by the purchaser and shall be confined to seals for use at one port, and shall specify the kind and quantity of seals desired, the name of the port at which they are to be used, and the name and address of the consignee to whom they are to be shipped. Carriers may purchase small emergency supplies of in-bond and in-transit seals from collectors of customs, who will keep a supply of such seals for this purpose. An order for green or uncolored in-transit seals shall be submitted to the office of the Director of Customs-Excise Inspection, Ottawa, Canada, for approval and forwarding to the manufacturer. An order for green Tyden in-bond seals for use on railroad cars must stipulate that the seals are to be consigned to the collector of customs and excise in Canada at the port indicated on the seals for entry purposes and storage under customs lock and key.

(d) The manufacturer shall ship the seals to the consignee named in the order and shall advise the collector of customs for the customs district to which the seals are shipped as to the kind and quantity of seals shipped, the name of the port and the serial numbers or symbol number stamped thereon, the name and address of the consignee, and the date of shipment. When a shipment of seals is received, the consignee, if other than a collector of customs, shall immediately deliver it intact into customs custody.

(e) Except as hereinafter provided, only such quantities of seals as are required for the immediate use of a carrier shall be issued from the stock in customs custody. Where the needs of a port justify the issuance of larger quantities of red Tyden in-bond or blue Tyden in-transit seals and the collector is satisfied that a larger quantity may be safely issued upon the carrier's undertaking to account for the use made of the seals, he may, upon written application of the carrier, approve the issuance of a quantity sufficient to meet the carrier's needs for such period as he deems reasonable and proper. In such appli-

in-transit between Canadian ports through the United States in bond as provided for by § 5.11 (b) and (c) of this chapter. Such green seals used on railroad cars shall be stamped

and the uncolored seals used on containers of commercial travelers' samples stamped CANADA-UNITED STATES CUSTOMS. In-transit seals used for sealing merchandise shipped from one port in the United States through foreign territory or waters to another port in the United States shall be colored blue and stamped "U.S. Customs In-Transit," except that in-transit seals used on carload or truckload shipments of merchandise or on containers of commercial travelers' samples moving in transit between United States ports via Canada shall be colored yellow. Such yellow seals used on railroad cars shall be stamped

and those used on containers of commercial travelers' samples stamped "United States-Canada Customs." Seals used for sealing merchandise for customs purposes other than for (1) shipping in bond, (2) shipping by other than a bonded common carrier in accordance with section 553, Tariff Act of 1930, as amended, or (3) shipping in transit shall be uncolored and stamped "U.S. Customs." All seals (except green in-transit seals for use on trucks and uncolored in-transit seals on containers of commercial travelers' samples) shall be stamped with the name of the port for which they are ordered. Each Tyden seal shall be stamped with a serial number. Each automatic metal seal shall be stamped with a symbol number and, when required, with a serial number. These numbers will be assigned by the collector of customs when the orders therefor are approved.

(c) Carriers of merchandise or their commercial associations or comparable representatives approved by the collector (see paragraph (f) of this section) shall purchase quantity supplies of in-bond and in-transit seals from the manufac-

section 451, Tariff Act of 1930, as amended, shall be furnished only upon compliance with the requirements of those statutes for applying for such services and giving security for the reimbursement of the overtime compensation, unless the compensation is nonreimbursable under the said section 451. Reimbursements of overtime compensation

above mentioned, the collector of customs is vested with authority to regulate the hours of customs employees so as to agree with prevailing working hours in said ports, but nothing contained in this section shall be construed in any manner to affect or alter the length of a working day for customs employees or the overtime pay herein fixed." (19 U. S. C. 267)

"Before any such special license to unload shall be granted, the master, owner, or agent of such vessel or vehicle, or the person in charge of such vehicle, shall be required to deposit sufficient money to pay, or to give a bond in an amount to be fixed by the Secretary conditioned to pay, the compensation and expenses of the customs officers and employees assigned to duty in connection with such unloading at night or on Sunday or a holiday, in accordance with the provisions of section 5 of the Act of February 13, 1911, as amended (U. S. C., 1952 edition, title 19, sec. 267). In lieu of such deposit or bond the owner or agent of any vessel or vehicle or line of vessels or vehicles may execute a bond in an amount to be fixed by the Secretary of the Treasury to cover and include the issuance of special licenses for the unloading of such vessels or vehicles for a period not to exceed one year. Upon a request made by the owner, master, or person in charge of a vessel or vehicle, or by or on behalf of a common carrier or by or on behalf of the owner or consignee of any merchandise or baggage, for overtime services of customs officers or employees at night or on a Sunday or holiday, the collector shall assign sufficient customs officers or employees if available to perform any such services which may lawfully be performed by them during regular hours of business, but only if the person requesting such services deposits sufficient money to pay, or gives a bond in an amount to be fixed by the collector, conditioned to pay the compensation and expenses of such customs officers and employees, who shall be entitled to rates of compensation fixed on the same basis and payable in the same manner and upon the same terms and conditions as in the case of customs officers and employees assigned to duty in connection with unloading or unloading at night or on Sunday or a holiday. Nothing in this section shall be construed to impair the existing authority of the Treasury Department to assign customs officers or employees to regular tours of duty at nights or on Sundays or holidays when such assign-

at the request of a private interest. Reimbursable overtime services shall not be furnished to an applicant who fails to cooperate with the Customs Service by filing a reasonable application therefor during regular hours of business when the need for the services can reasonably be foreseen, nor in any case until the maximum probable reimbursement is adequately secured.

(b) *Night, Sunday, and holiday defined.* For the purposes of this section the word "night" shall mean the time between 5 p. m. of any day and 8 a. m. of the following day, or between the corresponding hours at ports or stations where regular hours for the transaction of the general class of customs business involved other than those from 8 a. m. to 5 p. m. have been established to agree with local prevailing working hours, but shall not include any such time within the 24 hours of a Sunday or holiday. The night hours at the end of the regular workday immediately preceding a Sunday or holiday and the night hours at the beginning of the next regular workday shall be considered for the purposes of this section as parts of a single night. For such purpose the term "holiday" shall include only days on which customs employees generally are not required to work and which are usually observed as national holidays. The time accounted for as overtime shall be computed on the basis of the regular hours for the performance of the particular work of the assignment, even though such hours differ from the regular working hours of the employee assigned, but no extra compensation shall be paid pursuant to this section for any services performed by an employee at his regular post or elsewhere during a regular tour of duty of such employee.

The days usually observed as national holidays are: January 1, February 22, May 30, July 4, the first Monday in September, November 11, Thanksgiving Day, and December 25.

For example: At a port where the regular hours of business have been fixed at 8 a. m. to 4 p. m. for the inside force and 7 a. m. to 4 p. m. for the outside force, a clerk whose regular working hours are 8 a. m. to 4 p. m. is not entitled to reimbursable extra compensation if assigned to inspectional work from 7 a. m. to 8 a. m. on a week day, since he works within the regular hours for the service to which he is assigned.

(c) *Application and bond.* (1) Except as provided for in subparagraph (2) of this paragraph, an application for services of customs employees at night or on a Sunday or holiday, customs Form 3171, 3851, or 3853, supported by the required cash deposit or bond, shall be filed in the office of the collector before the assignment of such employees for reimbursable overtime services. The cash deposit to secure reimbursement shall be fixed by the collector or his authorized representative in an amount sufficient to pay the maximum probable compensation and expenses of the customs employees in connection with the particular services requested. The bond to secure reimbursement shall be on customs Form 7597 or 7599 and in an amount to be fixed by the collector, unless another bond containing a provision to secure reimbursement is on file.

(2) Prior to the expected arrival of a pleasure vessel or private aircraft the collector may designate a customs employee to proceed to the place of expected arrival to receive an application for night, Sunday, or holiday services in connection with the arrival of such vessel or aircraft, together with the required cash deposit or bond. In each such case the assignment to perform services shall be conditional upon the receipt of the appropriate application and security.

(3) An application on customs Form 3853 for overtime services of customs employees, when supported by the required cash deposit or bond on customs Form 7599, may be granted for any period not longer than for 1 year nor longer than the period of the supporting bond. In such a case, the application must show the exact times when the overtime services will be needed, unless arrangements are made so that the proper customs officer will be seasonably notified during official hours in advance of the services requested as to the exact times that the services will be needed.

(d) *Assignment.* Customs employees may be ordered to report for any overtime duty sufficiently in advance of the time specified by the applicant to avoid unnecessary delay, but in no case more than 1 hour in advance of the time so specified unless the specified time is subject to change without reasonable notice as in the case of some aircraft arrivals. If no time can be specified for the services to begin, the employees required and

available shall be assigned to the overtime duty as soon as practicable. Customs employees shall not be deemed available to perform reimbursable overtime services at night unless the total time of service, including waiting time, will be at least one hour, but nothing in this section shall prohibit the collector or other administrative officer from requiring an employee to perform, before he leaves his duty status and without extra compensation under the act of February 13, 1911, as amended, any work which is pending at the beginning of the night and can be completed in less than 1 hour. No customs employee shall be assigned on a weekday, or for more than an aggregate of 8 hours on a Sunday or holiday, to any overtime service for which nonreimbursable extra compensation is payable, except under special authorization from the Commissioner of Customs.

(e) *Nonperformance of requested services.* If services which have been requested and for which employees have reported are not performed by reason of circumstances beyond the control of the employees concerned, extra compensation shall be paid and collected on the same basis as though the services had actually been performed during the period between the time the employees were ordered to report for duty and did so report and the time they were notified that their services would not be required, and in any case as though actual performance had continued for at least 1 hour.

(f) *Broken periods.* When overtime services at night or on a Sunday or holiday are rendered in broken periods and less than 2 hours intervene between such broken periods, the intervening waiting time, including any time required for travel between posts of overtime duty but not including any periods for meals or other time not spent at the post of duty, shall be included in the computation of overtime compensation as though the services had been continuous. If 2 hours or more intervene between periods during which services are actually performed, the collector shall determine according to the circumstances of the case whether the service shall be treated as continuous with compensable waiting time or as two or more distinct assignments with compensation to be computed separately for each assignment in accordance with the provisions of paragraph (g) of this section. In no case shall any employee be entitled to receive more than 2½ days' pay by reason of the fact that he is given two or more assignments during one night.

(g) *Rate for night service.* The reasonable rate of extra compensation for authorized overtime services performed by customs employees at night on any weekday is hereby fixed at one-half of the gross daily rate of regular pay of the employee who performs the service for each 2 hours of compensable time, any fraction of 2 hours amounting to at least 1 hour to be counted as 2 hours. The compensable time shall be the period between the beginning of the night and the conclusion of the services if the employee is assigned and reports for duty before the expiration of the first 4 hours of the night; the period between the time the employee is assigned and reports for duty and the conclusion of the services, plus 4 hours, if the time of assignment is after the expiration of the first 4 and before the beginning of the last 2 hours of the night; or 2 hours if the employee is assigned and reports for duty 2 hours or less before the end of the night. However, if an employee performs Sunday or holiday services which are in continuation of an assignment to overtime services begun during the last 2 night hours at the end of the regular workday preceding such Sunday or holiday, the compensable time for the overtime services preceding the Sunday or holiday shall be 2 hours; or if an employee performs overtime services during the night hours at the beginning of the next regular workday following a Sunday or holiday which overtime services are in continuation of an assignment begun on the Sunday or holiday immediately preceding such regular workday, the compensable time for the overtime services following such Sunday or holiday shall be the period between midnight of such Sunday or holiday and the conclusion of the overtime services. The compensable time for overtime service performed by a customs employee assigned to a regular tour of duty covering any part of a night shall be computed in accordance with this night rate as though the beginning of the regular tour of duty of such employee marked the end of a night period and the close of such tour marked the beginning

of another night period, but extra compensation is not payable in accordance with this section for overtime services performed by any customs employee on a regular workday during other than the night hours of the port or station. The total extra compensation paid pursuant to this section to a customs employee for overtime services performed during one night shall not exceed 2½ times the gross daily rate of his regular pay.

(h) *Rate for Sunday or holiday service.* The reasonable rate of extra compensation for Sunday or holiday services is hereby fixed at twice the gross daily rate of regular pay of the employee who performs the service for any and all services totaling an aggregate of not more than 8 hours during the 24 hours from midnight to midnight of the Sunday or holiday, including actual waiting time and time required for travel between posts of duty but not including any periods for meals or other time not spent at the post of duty. This rate shall apply regardless of the length of time served within the aggregate of 8 hours, whether it is served continuously or in broken periods, and whether it is served for one or more applicants. Services in excess of an aggregate of 8 hours performed during the 24 hours of a Sunday or holiday shall be compensated on the same basis as overtime services performed at night on a weekday, the time between the completion of the aggregate of 8 hours and midnight being considered as the hours of a night.

(1) *Part-time employees.* The extra compensation for overtime services performed by a permanent part-time employee at night or on a Sunday or holiday shall be computed on the basis of the gross daily rate of regular pay the part-time employee would receive for full-time service in the position held by him. Customs employees who are paid on a per-diem-when-employed basis shall be paid the overtime rate but not the per-diem rate when assigned to perform overtime services on a Sunday or holiday.

(j) *Proration of charges.* If services are performed for two or more applicants during one continuous tour of overtime duty, the charge for the extra compensation earned shall be prorated equitably according to the time attributable to the services performed for each applicant. For the purpose of this paragraph the Government shall be considered

ered the applicant for nonreimbursable overtime services.

(k) *Participation in overtime work.* In general, services for which extra compensation is payable in accordance with this section, or for which reimbursement is required in accordance with § 24.17, shall be performed by employees who are regularly assigned to perform the same class of work during their regular tours of duty, but when the collector or other administrative field officer concerned finds that the needs of the service so require he is hereby authorized to assign any other available and competent employee to perform such services and such employees while so assigned shall be deemed acting inspectors, acting customs warehouse officers, etc., as the case may be.

(Sec. 5, 36 Stat. 901, as amended, secs. 450, 451, 452, 46 Stat. 715, as amended, sec. 6, 49 Stat. 1385, as amended; 19 U.S.C. 261, 267, 1450, 1451, 1452, 46 U.S.C. 382b)

When a customs officer or employee is so assigned to render service in connection with the entry or delivery of merchandise only, the private interest shall be charged only for the authorized travel and subsistence expenses incurred by such officer or employee from the time he leaves his official station until he returns thereto except that no collection need be made if the total amount chargeable against one importer for one day amounts to less than 50 cents (see § 1.2 (c) of this chapter). Where the amount chargeable is 50 cents or more, but less than \$1, a minimum charge of \$1 shall be made.

(5) When a customs officer or employee is assigned under authority of section 447, Tariff Act of 1930, to make entry of a vessel at a place other than a port of entry or to supervise the unloading of cargo, the private interest shall be charged the full compensation and authorized travel and subsistence expenses of such officer or employee from the time he leaves his official station until he returns thereto.

(b) When a customs officer or employee is assigned to render services the nature of which is such that the private interest is required to reimburse the Government for his compensation and on the same assignment performs services for which compensation is not re-

imburse, the person to whom the refund is due, shall be charged the full compensation and authorized travel and subsistence expenses of such officer or employee from the time he leaves his official station until he returns thereto.

(a) The following bonds, after execution by the principals and sureties shall be forwarded to the Bureau for approval: (1) Proprietor's manufacturing warehouse bond, class 6, customs Form 3583, in an amount to be recommended by the collector, but not less than \$5,000 on each building or area and not more than \$50,000 on all buildings or areas, unless the Bureau believes additional security

form of such bond, and fix the amount of penalty thereof, whether for the payment of liquidated damages or of a penal sum: Provided, That when a consolidated bond authorized by paragraph 4 of this subsection is taken, the Secretary of the Treasury may fix the penalty of such bond without regard to any other provision of law, regulation, or instruction.

"(2) Provide for the approval of the sureties on such bond, without regard to any general provision of law. "(3) Authorize the execution of a term bond the conditions of which shall extend to and cover similar cases of importations over such period of time, not to exceed one year, or such longer period as he may fix when in his opinion special circumstances existing in a particular instance require such longer period.

§ 8.19 of this chapter containing such authority.

(b) When the bond is approved by the collector, the evidence prescribed in paragraph (a) of this section shall be filed with such officer. The collector may waive the production of evidence of incorporation when such fact is a matter of common knowledge and he shall so certify.

(c) When an attorney in fact executes a bond on behalf of a corporation and the bond is to be approved by the Secretary of the Treasury or the Bureau, there shall be attached a power of attorney executed under the corporate seal by an officer of the corporation whose authority to execute such power shall be shown as prescribed in paragraph (a) of this section. If the bond is to be approved by the collector, the power of attorney shall be filed with him on the prescribed form.

(d) The name of a corporation executing a customs bond may be printed or placed thereon by means of a rubber stamp or otherwise, followed by the written signature of the authorized officer or attorney.

**§ 25.9 Individual sureties.**

(a) If individuals sign as sureties, there shall be not less than two, except that, in the case of bonds, approved by the collector, one surety may be accepted if the collector is satisfied that such surety is sufficient for the protection of the Government. Every surety on a customs bond must be both a resident and a citizen of the United States. Before being accepted as surety, he shall take oath on customs Form 3579, setting forth the amount of his assets over and above all his debts and liabilities and such exemptions as may be allowed by law, the general description and the location of one or more pieces of real estate owned by him within the limits of the customs district and the value thereof over and above all encumbrances, and he shall produce such evidence of solvency and financial responsibility as the collector may require.

(b) Each individual surety must have unencumbered property liable to execution, the current market value of which must be equal to the penalty of any bond executed by him. If a single surety is accepted, he shall qualify in an amount equal to twice the penalty of the bond.

(a) No person shall be accepted as surety on any customs bond while he is in default as principal on any other customs bond.

(b) A surety on a customs bond which is in default may be accepted as surety on other customs bonds only to the extent that his assets are unencumbered by such default.

**§ 25.11 Partners as sureties.**

A person may act as surety for a business partner when such person is acting with respect to his separate property and in his individual capacity, but a member of a partnership shall not be accepted as surety on a bond executed by the firm as principal.

**§ 25.12 Corporate sureties.**

(a) A list of corporations authorized to act as sureties on bonds, with the amount in which each may be accepted, will be furnished annually to all collectors of customs by the Secretary of the Treasury. No corporation shall be accepted as a surety on a bond unless named in the current list and no bond shall be for a greater amount than the respective limit stated in such list, unless the excess is protected as prescribed in 31 CFR 223.12.

(a) The property must be located within the limits of the customs district in which the contract of suretyship is to be performed.

(c) An individual surety shall not be accepted on a bond until he has satisfied the collector as to his financial responsibility. The collector may refer the matter to the principal officer of the Customs Agency Service in his district for immediate investigation to verify the financial responsibility of the surety.

(d) In order to follow the continued solvency and sufficiency of individual sureties, the collector shall require a new oath and determine the sufficiency of each such surety as prescribed in paragraphs (a) and (c) of this section at least once every 6 months, and oftener if he deems it advisable.

(e) A married woman shall not be accepted as surety.

(f) Any individual other than a married woman may grant a power of attorney to sign as surety on customs bonds. If limited to bonds of one or several importers, the importers shall be named in the power.

**§ 25.10 Delinquent sureties.**

(a) No person shall be accepted as surety on any customs bond while he is in default as principal on any other customs bond.

(b) A surety on a customs bond which is in default may be accepted as surety on other customs bonds only to the extent that his assets are unencumbered by such default.

**§ 25.11 Partners as sureties.**

A person may act as surety for a business partner when such person is acting with respect to his separate property and in his individual capacity, but a member of a partnership shall not be accepted as surety on a bond executed by the firm as principal.

**§ 25.12 Corporate sureties.**

(a) A list of corporations authorized to act as sureties on bonds, with the amount in which each may be accepted, will be furnished annually to all collectors of customs by the Secretary of the Treasury. No corporation shall be accepted as a surety on a bond unless named in the current list and no bond shall be for a greater amount than the respective limit stated in such list, unless the excess is protected as prescribed in 31 CFR 223.12.

(a) The property must be located within the limits of the customs district in which the contract of suretyship is to be performed.

(c) An individual surety shall not be accepted on a bond until he has satisfied the collector as to his financial responsibility. The collector may refer the matter to the principal officer of the Customs Agency Service in his district for immediate investigation to verify the financial responsibility of the surety.

(d) In order to follow the continued solvency and sufficiency of individual sureties, the collector shall require a new oath and determine the sufficiency of each such surety as prescribed in paragraphs (a) and (c) of this section at least once every 6 months, and oftener if he deems it advisable.

(e) A married woman shall not be accepted as surety.

(f) Any individual other than a married woman may grant a power of attorney to sign as surety on customs bonds. If limited to bonds of one or several importers, the importers shall be named in the power.

**§ 25.10 Delinquent sureties.**

(a) No person shall be accepted as surety on any customs bond while he is in default as principal on any other customs bond.

(b) A surety on a customs bond which is in default may be accepted as surety on other customs bonds only to the extent that his assets are unencumbered by such default.

**§ 25.11 Partners as sureties.**

A person may act as surety for a business partner when such person is acting with respect to his separate property and in his individual capacity, but a member of a partnership shall not be accepted as surety on a bond executed by the firm as principal.

**§ 25.12 Corporate sureties.**

(a) A list of corporations authorized to act as sureties on bonds, with the amount in which each may be accepted, will be furnished annually to all collectors of customs by the Secretary of the Treasury. No corporation shall be accepted as a surety on a bond unless named in the current list and no bond shall be for a greater amount than the respective limit stated in such list, unless the excess is protected as prescribed in 31 CFR 223.12.

(b) Two or more companies may be accepted as sureties on any obligation the amount of which does not exceed the limitations of their aggregate qualifying power as fixed and determined by the Secretary of the Treasury. In such cases each company shall limit its liability, in terms, upon the face of the bond to a definite specified amount, using customs Form 3903 for that purpose, such amount to be in all cases within the limitation prescribed by the Secretary, unless such excess is protected as prescribed in 31 CFR 223.12.

(c) When a bond is executed by an authorized and approved corporate surety through its agent or attorney, a power of attorney on Treasury Form 272, showing the authority of such person to act for the surety company, shall be filed in the office of the collector approving such bond or shall be filed in the Treasury Department when the bond is to be approved by the Secretary of the Treasury or the Bureau.

(d) When a bond is executed in a customs district other than the one in which it is to be filed, the bond may be approved as to surety by the collector of customs in the district in which it was executed if evidence of the authority of each officer or agent executing the bond on behalf of the surety is on file in his office. If the bond is not to be approved by the collector in whose district it is executed, the authority of the person or persons executing the bond on behalf of the company shall be completed, as provided for in paragraph (c) of this section, and attached to the bond unless such evidence has been submitted to the collector at the port where the bond is to be approved and filed.

§ 25.13 Same party as principal and surety; attorney.

The same person, partnership, or corporation cannot be both principal and surety on a bond, but a person may act as attorney in fact for both principal and surety. A person acting as attorney in fact for a principal may be accepted as surety on the same bond and, when acting as attorney for the surety, may be the principal on such bond.

§ 25.14 Acceptance of cash deposits or obligations of the United States in lieu of sureties on bonds.

In lieu of sureties on any bond required or authorized by any law, regulation, or

instruction which the Secretary of the Treasury or the Customs Service is authorized to enforce, collectors of customs are authorized to accept United States money, United States bonds, United States certificates of indebtedness, Treasury notes, or Treasury bills in an amount equal to the amount of the bond. At the time of the deposit of any obligation of the United States, other than United States money, with the collector, the obligor shall deliver to such collector a duly executed power of attorney and agreement in favor of the collector in a form similar to that prescribed in Department Circular 154, dated February 6, 1935, authorizing such officer, in case of any default in the performance of any of the conditions or stipulations of the bond, to sell such obligation so deposited and to apply the proceeds of such sale, in whole or in part, to the satisfaction of any damages, demands, or deficiency arising by reason of such default. If cash is deposited in lieu of sureties on the bond, the collector is authorized to apply such cash, in whole or in part, to the satisfaction of any damages, demands, or deficiency arising by reason of such default.

(b) This landing certificate shall be produced within 6 months from the date of exportation and shall be signed by a revenue officer of the foreign country to which the merchandise is exported, unless it is shown that such country has no customs administration, in which case the certificate may be signed by the consignee or by the vessel's agent at the place of landing.

(c) Except as provided for in § 4.88 of this chapter, in cases where landing certificates are required and they cannot be produced, an application for waiver thereof may be made to the Bureau through the collector, accompanied by such proofs of exportation and landing abroad as may be available.

(d) In the case of articles for which the ordinary customs duty estimated at the time of entry did not exceed \$10 and which are exported within the period of the bond (including any lawful extension) but without customs supervision, the bond may be canceled upon production of evidence of a bona fide exportation satisfactory to the collector.

(e) If any customs bond, except one given only for the production of free-entry or reduced-duty documents, is unsatisfied upon the expiration of 60 days after a liability has accrued thereunder, the matter shall be reported to the United States attorney for prosecution unless measures have been taken to file an application for relief or to effect a satisfactory settlement.

§ 25.16 Bonds and stipulations for production of missing documents; card memorandum; time for production of documents.

(a) When entry is made prior to the production of a required document, whether the importer gives bond on customs Form 7551 or 7553, or other appropriate form, or stipulates to produce such documents, a card memorandum on customs Form 5101 shall be prepared by the importer and presented with the entry.

(b) When a charge for the production of a missing document is made against a term bond, the charge shall be in the amount of the single entry bond that would have been taken had the transaction been covered by a single entry bond.

(c) Except when another period is fixed by law or the regulations in this chapter any document for the production of which a bond or stipulation is given shall be delivered to the collector of customs within 6 months from the date of the transaction in connection with which the bond or stipulation was given, or within any extension of such time which may be granted pursuant to § 25.18 (a). If the period ends on a Saturday, Sunday, or holiday, delivery on the next business day shall be accepted as timely.

§ 25.17 Nonproduction of documents; failure to redeliver packages; sums to be collected.

(a) Collectors of customs are hereby authorized to treat any bond charge for the production of a missing document as satisfied upon payment by the principal or surety of the sum of \$25 as liquidated damages for each missing declaration of the consignee or other document, except shippers' export declarations and special customs and commercial invoices not produced within the time prescribed by law or regulations or any lawful extension of such time.

(b) When a required special customs or commercial invoice is not produced on the date of entry or within 6 months thereafter, the bond charge for the production thereof may be canceled upon the payment of \$25 as liquidated damages, provided the person who made the entry submits an application for relief from the full amount of the charge, explaining in detail why the special customs or commercial invoice could not be produced within the prescribed period, and

the collector of customs is satisfied by such application or otherwise that the failure to produce the invoice within the prescribed period was due to causes wholly beyond the control of the person making the entry and not to any purpose of the foreign seller or shipper to withhold information required by law, regulation, or special instruction to be shown on the invoice.

(c) (Reserved)

(d) For failure to return to the collector on demand merchandise subject to return to customs custody, an amount equal to the value as set forth in the entry of the merchandise not returned plus the estimated duties and taxes imposed upon or by reason of importation, if any, on such merchandise as determined at the time of entry shall be demanded. When the demand for return to customs custody is made in the case of merchandise entered under schedule 8, part 5C, Tariff Schedules of the United States, liquidated damages in an amount equal to double the estimated duties on the merchandise not returned shall be demanded. When the demand for return to customs custody is made pursuant to the Federal Seed Act and the regulations thereunder, an amount equal to the value of the entire shipment, as set forth in the entry, plus the estimated duties, if any, as determined at the time of entry shall be demanded.

(e) When free entry or the application of a reduced rate of duty is dependent upon the production of a document which the importer fails to produce, or when a conditionally free or reduced-duty provision claimed on entry is held to be inapplicable, the claim for free entry or reduced rate of duty shall be treated as abandoned upon the assessment and payment of duty and the bond given for the production of the free-entry or reduced-duty document shall be cancelled without the collection of liquidated damages.

(f) When a customs requirement supported by a bond is waived by the Bureau, the waiver may be unconditional, in which case the importer is relieved from the payment of liquidated damages, or it may be conditioned upon prior settlement of the bond obligation by payment of such liquidated damages, or upon such other terms and conditions, as the Bureau may deem sufficient. When such a requirement is waived by the collector

of customs pursuant to authority conferred upon him in these regulations, the waiver shall be unconditional.

(g) Except as otherwise provided for by this chapter, collectors of customs may cancel liquidated damages under \$200, assessed under the terms of any bond given pursuant to any provision of the customs regulations, upon the payment of such lesser amount as he may deem appropriate under the law and in view of the circumstances, or without the payment of any amount.

(h) If the interested party is not satisfied with the collector's decision on any damages under a bond given pursuant to a law or regulation administered by the Customs Service, he may file a further application with the collector to be forwarded to the Bureau for reconsideration of the case. A statement to that effect shall be contained in the notification to the applicant of the collector's action.

(Sec. 623, 46 Stat. 769, as amended; 19 U.S.C. 1623)

**§ 25.18 Extensions of periods for compliance with requirements of bonds and stipulations.**

(a) If a document (other than an invoice) referred to in § 25.16(c) is not produced within 6 months from the date of the transaction in connection with which the bond or stipulation was given, the collector, upon written application of the importer, in his discretion, may extend the period for further periods of 6 months each, but in no case to exceed a total of 2 years from the date of such transaction.

(b) In cases where the regulations relating to certain classes of merchandise, such as leather imported to be manufactured into footwear (see § 10.84 (c) of this chapter), prescribe a 3-year period within which proof must be produced of the use or disposition of the merchandise in, or its exportation from, the United States, and such proof is not furnished within the prescribed period, the collector may, upon the written application of the importer, extend the 3-year period for further periods of 1 year each, but not to exceed 5 years from the date of entry.

(c) No application for the extension of the period of any bond or stipulation given to assure the production of a missing document shall be allowed by a col-

lector if such application is received later than 6 months after the expiration of the period of the bond or stipulation, including any prior extension. However, when a bond or stipulation is given for the production of any free-entry or reduced-duty document and a satisfactory document is not produced within the prescribed time but is produced prior to liquidation of the entry or within the period during which a valid reliquidation may be completed, it shall be accepted as satisfying the requirement that it be filed in connection with the entry, and the bond charge for its production shall be canceled.

(d) It is not necessary to secure the assent of the sureties to any extension of the period prescribed in a bond when such extension is authorized by law or these regulations. The assent of the sureties shall be obtained before any other extension of such a period is allowed.

**§ 25.19 Cancellation of erroneous charges.**

When it is definitely determined that liquidated damages assessed or paid under a bond did not in fact accrue, the charge against the bond shall be canceled by the collector without regard to the amount thereof, the liquidated damages, if paid, shall be refunded, and an appropriate notation shall be made on customs Forms 5211 and 5955, or 5955-A, if the transaction has already been recorded thereon. When the determination of whether or not the charge was erroneously made depends upon a construction of law, the charge shall not be canceled without Bureau approval, unless there is in force a Bureau ruling decisive of the issue. Bureau instructions shall be requested in all doubtful cases.

(Sec. 3, 44 Stat. 1382, secs. 514, 643, 46 Stat. 734, 761; 5 U. S. C. 281b, 19 U. S. C. 1514, 1643)

- 26.3 Confidential information.
- 26.4 Confidential treatment of customs records and documents.
- 26.5 Information for the press and associations.

AUTHORITY: §§ 26.1 to 26.7 issued under R.S. 161; 5 U.S.C. 22. Additional authority is cited in parentheses following the sections affected.

### § 26.1 Inspection of final opinions, orders and rules.

(a) All final opinions or orders in the adjudication of cases issued by the Secretary of the Treasury, the Commissioner of Customs, or other officials of the Treasury Department or the Bureau of Customs in matters administered by the Bureau of Customs, except those held confidential for good cause and not cited as precedents, are made available to public inspection. For the most part, final opinions or orders in matters administered by the Bureau of Customs are in the form of letters, addressed to customs field officers or to parties in interest, ruling upon questions arising under the customs and navigation laws and other related laws. Requests for inspection of such opinions or orders should be addressed in writing to the Commissioner of Customs, Washington, D.C., 20226. Insofar as practicable copies of such opinions or orders will be furnished unless they are confidential under the standards set forth in §§ 26.2 to 26.7. In cases where an opinion or order contains confidential information but the actual ruling can be separated from the confidential matter, partial copies containing only such parts as can properly be disclosed will be furnished insofar as is practicable without undue interference with the work of the Bureau. Final opinions or orders of exceptional importance or wide public interest are published, either in full or in abstracted form, in the Treasury Decisions.

(b) All rules issued in matters administered by the Bureau of Customs, except to the extent that they involve a function requiring secrecy in the public interest or relate solely to internal management, are made available to public inspection.

Most of them are published in the Treasury Decisions and the FEDERAL REGISTER or in circular letters made available to the public. Any rule not so published, unless requiring secrecy in the public interest or relating solely to internal management, may be inspected at the Bureau of Customs, Washington, D. C.

### § 26.2 Public records.

(a) In general, the types of official records at the headquarters or field offices of the Customs Service include the following:

- (1) Entry records.
- (2) Warehouse records.
- (3) Appraisement records.
- (4) Certificates of weight, measure, and gauge.
- (5) Vessel manifests, crew lists, and passenger lists.
- (6) Statistical information relative to the volume, source, and destination of commodities in foreign trade.
- (7) Bulletin notice of liquidation, which is posted or lodged in the customhouse and is available for public inspection.

(8) Record of entry and clearance of vessels.

(9) Record of vessels of the United States belonging to the merchant marine. This information is published annually in a bound volume entitled "Merchant Vessels of the United States," for sale through the office of the Superintendent of Documents.

(10) Records of documents of vessels of the United States.

(11) Records of bills of sales, conveyances, mortgages, and hypothecations pertaining to vessels of the United States.

(12) Statistical information relative to the merchant marine.

(b) Some of the information contained in the documents mentioned in paragraph (a) of this section is held to be confidential for one or more of the following good causes and in accordance with the standards prescribed in §§ 26.2 to 26.7 and is not available to the public:

(1) It relates to the details of business transactions of private parties, the disclosure of which details would be detrimental to the interests of the parties involved, without furthering the public interest.

(2) It is submitted in reliance upon the long-established assurance that such

information will be kept in confidence and used only for official purposes.

(3) Its disclosure would be inimical to the public interest.

(c) Requests for information contained in the public records mentioned in paragraph (a) of this section may be made in accordance with established procedures (see 16 F. R. 6964).

(d) The rules set forth in §§ 26.2 to 26.7 regarding the disclosure of information are found to be in compliance with the provisions of the Administrative Procedure Act (5 U. S. C. 1001-1011) and the standards prescribed in those sections for determining what information is for good cause to be regarded as confidential are applicable to all requests for information or for inspection of final opinions, orders, or official records. (Sec. 3 (c), 60 Stat. 238; 5 U. S. C. 1002 (c))

### § 26.3 Confidential information.

(a) Except as authorized hereafter in this section, no collector, appraiser, customs agent, or other customs officer or employee shall disclose details of any customs activity for publication, except under special authority from the Bureau.

(b) Collectors and other customs officers shall refrain from disclosing facts concerning seizures, investigations, and other pending cases of public interest until the matter is completed. The collector may give the public information concerning any case involving an offense against the customs and navigation laws after he has completed his investigation and the case has been closed by final customs action, such as settlement of a civil liability or reference of a case to the United States attorney for handling. Field officers shall exercise proper restraint and judgment in disclosing local transactions. Unless specifically authorized so to do, they shall not disclose to any person not immediately concerned the text or substance of any communication from the Bureau or the Treasury involving any matter of policy.

(c) Insofar as administrative matters in Washington are concerned, statements will be issued only through the office of the Secretary or the Assistant Secretary in charge of the Customs Service.

(d) The disclosure of the confidential information contained in customs documents or the disclosure to one importer or exporter of information relative to the business of another importer or exporter

acquired by the officer or employee by reason of his official employment shall constitute grounds for dismissal from the Service; and if done for a valuable consideration will subject such person to criminal prosecution.

### § 26.4 Confidential treatment of customs records and documents.

(a) The information contained in invoices, entries, manifests, export declarations, official reports of investigating officers, and other papers or documents filed with customs officers for any official purpose shall be treated as confidential, except for the purpose for which such documents are required to be filed. All officers and employees of the Customs Service are prohibited, unless specially authorized to do so by the Bureau or by the regulations in this part from giving out information contained in such papers and documents except to the importer, exporter (in the case of export documents), or other person directly in interest, or to his authorized agent.

(b) Importers and exporters, or their duly authorized brokers, attorneys, or agents, may be permitted to examine manifests with respect to any consignment of goods in which they have a proper and legal interest as principal or agent, but shall not be permitted to make any general examination of manifests or to make any copies or notations from them except with reference to the particular importation or exportation in which they have a proper and legal interest.

(c) In answer to a legal process or demand from a court issued in behalf of the United States or an officer thereof, customs officers or employees shall produce in court in customs custody, and may testify with respect to, any official customs papers or documents demanded. When any such process or demand is issued in behalf of a party other than the United States, it shall be complied with only to the extent that the party in whose behalf the papers or documents are demanded is permitted under these regulations to inspect such papers or documents at the customhouse.

(d) Except as stated in paragraph (f) of this section, nothing in this part shall preclude customs officers or employees from producing in the United States Customs Court in customs custody any customs papers or documents or from

testifying or otherwise rendering all proper assistance to the court in proceedings before it when request therefor is made by the court; nor from furnishing to counsel for the United States information in, and permitting him to inspect, customs papers or documents requested by him, nor from testifying on behalf of the United States or otherwise assisting him in the performance of his official duties.

(e) Except as stated in paragraph (c) of this section, copies of customs documents or records desired by or on behalf of parties to a suit, whether in a court of the United States or any other, shall be furnished without prior Departmental approval only to the court on a rule of the court upon the Secretary of the Treasury requesting them, or to a person entitled under paragraph (a) of this section to obtain the information they disclose. Exceptions to this rule shall be made only on the written order of the Secretary, the Under Secretary, an Assistant Secretary, or the Administrative Assistant to the Secretary. When requested, such copies may be authenticated pursuant to the provisions of 28 U. S. C. 1733.

(f) The authority granted in paragraphs (c), (d), and (e) of this section is subject to the restriction that no matters of a confidential nature or the disclosure of which would be prejudicial to the public interest shall be disclosed to any person.

(g) Upon being served with a subpoena or subpoena duces tecum from a court or officer thereof calling for testimony or the production of papers or documents in cases not covered by paragraph (c) or (d) of this section, or in cases where the testimony or documents desired would disclose matters of a confidential nature or the disclosure of which would be prejudicial to the public interest, the matter shall be referred to the Bureau for instructions with a report which shall specifically describe the testimony or documents desired; shall set forth the views of the submitting officer as to whether the giving of the testimony or the furnishing of the documents would disclose confidential information or be inimical to the public interest; and shall state in what particulars, if any, the disclosure of the information and work incidental thereto would interfere

with the orderly conduct of customs business in the event instructions are not received prior to the date set for appearance or production of documents, or if the Bureau declines to permit their production or the disclosure of the information contained therein or otherwise withheld in the knowledge of the customs officers or employee whose testimony is requested, the customs officer or employee shall appear in court or before the officer concerned in answer to the subpoena and respectfully decline to produce the documents called for or to testify, except to the extent specifically authorized elsewhere in this section, citing this regulation as authority for his refusal. If the matter has not already been referred to the Bureau for instructions, the customs officer or employee shall advise the court or officer that it will be so referred.

**§ 26.5 Information for the press and associations.**

Accredited representatives of the press, including newspapers, commercial magazines, trade journals, and similar publications may be permitted to examine vessels' manifests and summary statistical reports of imports and exports and to copy therefrom for publication information and data not of a confidential nature, subject to the following rules:

(a) Of the information and data appearing on outward manifests, only the general character, destination, and quantity (or value) of the commodity, name of vessel, and country of destination may be copied and published. Where the manifests show both quantity and value, either may be copied and published, but not both in any instance.

(b) Confidential information, such as the names of the shippers and consignees, marks and numbers, and both quantities and values of commodities shall not be copied from outward manifests or any other papers. Disclosure of special category export shipments which might endanger the security of the United States is not now permitted. Such restriction upon disclosure shall be in effect during any period covered by a finding by the President under section 1 of the act of August 9, 1950, as amended (50 U.S.C. 191). Such a finding is now in effect (Executive Order No. 10173, Oct. 18, 1950 (3 CFR, 1949-1953 Comp. p. 356; 15 F.R. 7005)).

(c) Of the information shown on inward manifests, only the name of the consignee, the general character of the commodity, the quantity (or value), name of vessel, and the country of dispatch shall be copied and published. When an inward manifest shows both quantity and value of the commodity, either may be copied and published, but not both in any instance.

(d) Accredited representatives of regularly established associations, whether incorporated or not, shall be permitted to examine vessels' manifests for the purpose of securing data relative to merchandise of the kind or class in the importation of which the association is interested, subject to the foregoing rules; but this authority does not extend to attorneys or customs brokers representing individual importers.

**§ 26.6 Review of data.**

All copies and notations from inward or outward manifests shall be submitted for examination by a customs officer designated for that purpose.

**§ 26.7 Suspension of disclosure.**

(a) Upon written application of a consignee or importer, the collector of customs shall refuse to permit any person, except as provided in § 26.4, to copy the name of such consignee from manifests.

(b) If any individual shall abuse the privilege granted him of examining inward and outward manifests or shall make any improper use of any information or data obtained from such manifests or other papers filed in the customhouse, both he and the party or publication which he represents shall thereafter be denied access to such papers.

## § 30.1 Merchandise permitted in a zone.

Foreign and domestic merchandise of every description, except such as is prohibited by law, may be brought into a foreign-trade zone (hereinafter in this part referred to as a "zone") established pursuant to the act of June 18, 1934, as amended by section 1 of the act of June 17, 1950 (19 U. S. C. 81a-81u, sec. 1, 64 Stat. 246), hereinafter in this part referred to as "the act". Merchandise which is specifically and absolutely prohibited by law shall not be admitted into a zone. Any merchandise so prohibited by law which is found within a zone shall be disposed of in the manner provided for in the laws and regulations applicable to such merchandise. A distinction is made between (a) merchandise which is specifically and absolutely prohibited by law on the grounds of policy or morals, such as immoral or subversive

customs territory\* by vessel, vehicle, or aircraft.

(b) Domestic merchandise\* may be brought to a zone from customs territory by any means of transportation which will not interfere with the orderly conduct of business in the zone.

(c) Foreign merchandise\* destined to a zone and moving through customs territory outside a port shall be subject to the laws and regulations pertaining to the movement of like merchandise between two ports in customs territory.

(d) Foreign merchandise being transferred within a port to a zone shall be subject to the laws and regulations pertaining to the movement of like merchandise within the customs territory of the port before delivery to the importer.

## § 30.4 Who may file a zone application.

(a) This section tells who is authorized to apply for permission to transfer merchandise into a zone, to do anything with respect to the merchandise within the zone, or remove the merchandise from the zone. In general, the zone grantee shall have the sole responsibility for determining the legal right of the applicant to make the application. Accordingly, such applications shall show a written concurrence of the zone grantee, except where the regulations in this part provide for the filing of applications by the zone grantee itself, or permit the filing of blanket concurrences by the zone grantee. Government officers acting in their official capacities may question the zone grantee's concurrence if in their opinion it is improperly given. In the case of foreign merchandise brought

\* For transfer of merchandise from one zone to another zone, see § 30.17.

\* As used in this part the term "customs territory" means territory of the United States in which the general tariff law of the United States applies but which is not included in any zone.

\* As used in the act and in this part, the term "domestic merchandise" means merchandise of every description (not including prohibited articles) which has been (1) produced in the United States and not exported therefrom or (2) previously imported into customs territory and properly released from customs custody.

\* As used in the act and in this part the term "foreign merchandise" means imported merchandise of every description (not including prohibited articles) which has not been properly released from customs custody in customs territory.

into a zone through customs territory, the appropriate application as prescribed in § 30.5 must be filed by the person having a right to apply for release.

(b) The forms of application provided for in this part shall be filed in the number of copies required for the purposes of local administration.

## § 30.5 Admission of merchandise into a zone.

(a) This section tells how to obtain the right to unlade or bring merchandise into a foreign-trade zone.

(b) If the merchandise is to be unladed from any carrier in the zone for immediate transfer to customs territory, or if it is to be transferred from customs territory through the zone for immediate lading on any carrier therein, an application for permission to unlade or lade shall be filed on customs Form 3171 and the collector shall permit the unlading or lading unless he has reason to believe that the merchandise will not be moved promptly from the zone or made the subject of an application for zone status in accordance with paragraph (d) of this section. Any such merchandise shall not be considered within the purview of the act, but shall be treated in all respects as though the unlading or lading were in customs territory. Merchandise brought into a zone for lading on a carrier which is not laden without delay which will endanger the revenue must be made the subject of an application for zone status in accordance with paragraph (d) of this section or be removed from the zone.

(c) Imported merchandise which has been entered and which has remained in continuous customs custody may be temporarily transferred to a zone for manipulation under customs supervision pursuant to section 562, Tariff Act of 1930, as amended, and for return to customs territory. Any such merchandise shall not be considered within the purview of the Foreign-Trade Zones Act, but shall be treated in all respects as though remaining in customs territory. Therefore, no zone form or procedure shall be considered applicable, but the merchandise shall remain subject in the zone to such requirements as are necessary for the enforcement of section 562 and other pertinent customs laws.

(d) If the merchandise is to be unladed or brought into the zone for purposes other than as provided for in paragraph (b) of this section an applica-

tion to transfer into the zone shall be filed on zone Form D. The approval of the grantee shall be noted on this application unless the grantee furnishes a specific or blanket approval separately in writing. In the case of merchandise to be unladen within a zone directly from an importing vessel or aircraft and intended to have zone status, an application for permission to unlade shall also be filed on customs Form 3171. Before foreign merchandise being transported through customs territory may be brought into a foreign trade zone, a release order authorizing the transfer of the merchandise to the zone must be obtained from the carrier bringing the merchandise to the port at which the zone is located. The release order shall be noted on the application Form D unless the carrier has given the release order as a separate document. Whether the release order is noted on application Form D or is given as a separate document, application Form D shall be supported by evidence of the right of the applicant to transfer the merchandise to the zone. This evidence shall be the same as would be required to establish the right of the applicant to apply for release of the merchandise from customs custody at the end of its transit through customs territory. Such evidence usually consists of an original bill of lading in the name of the applicant, an original bill of lading endorsed to him, or a carrier's certificate. Every application made under this paragraph shall indicate the zone status desired as follows:

(1) Privileged foreign merchandise,  
(2) Privileged domestic merchandise,  
(3) Non-privileged foreign merchandise,  
(4) Non-privileged domestic merchandise, or  
(5) Zone-restricted merchandise.

(e) No merchandise shall be transferred into a zone until an application has been filed and a permit issued for the transfer, as set forth in paragraph (b) or (d) of this section.

(f) The collector may cause any merchandise in a zone to be examined at any time of admission, or at any time thereafter, if the examination is deemed necessary to facilitate the proper administration of any law, regulation, or instruction which the Customs Service is authorized to enforce.

See § 8.6 of this chapter.

(g) Whenever a certificate as to the arrival of any merchandise in a zone is required by a Federal agency the collector shall issue the certificate, properly describing and identifying the merchandise involved.

§ 30.6 Privileged foreign merchandise.  
(a) This section tells how to obtain a privileged status for foreign merchandise, and what are the legal incidents of such status.

(b) Merchandise within the purview of the first proviso to section 3 of the act, as amended, shall be given status as privileged foreign merchandise on proper application. Each application for this status shall be filed on zone Form B, with the application for admission of the merchandise into the zone, or at any time thereafter and before the merchandise has been manipulated or manufactured in the zone in a manner which has effected a change in its tariff classification. Each applicant for such status shall file with his application a zone customs entry on customs Form 7502. Upon acceptance of the entry, the collector shall cause the merchandise to

be appraised and taxes determined and duties liquidated thereon promptly. The taxes to be determined are those of the same nature as are indicated in the liquidation of entries of imported merchandise in customs territory.  
(c) A status as privileged foreign merchandise and the consequent determination of taxes and liquidation of duties cannot be abandoned, but remain applicable to the merchandise even if changed in form by manipulation or manufacture, except in the case of recoverable waste, as long as the merchandise remains within the purview of the act.  
(d) The procedure in connection with the preparation, filing, and acceptance of the entry, the making of notations on invoices, the preparation of customs Form 6417, the designation of examination packages or quantities, and the examination and appraisal of the merchandise shall be the same as that prescribed in the case of an entry for warehouse made in customs territory, except that no bond shall be required.  
(e) Application may be made for permission to manipulate, manufacture, or exhibit any privileged foreign merchandise before taxes have been determined and duties liquidated thereon, but in such case the examination for purposes of appraisal must be completed, or the packages or samples required for such examination must be segregated, before the collector approves the application.

(f) Privileged foreign merchandise shall be subject to appraisal and tariff classification according to its condition and quantity, and to the rates of duty and tax in force, on the date of the filing with the collector, in complete and proper form, for approval, of the request on zone Form B for privileged foreign status and the zone customs entry which is required to accompany it. The value of such merchandise shall be determined in accordance with sections 402 and 503 of the Tariff Act of 1930 and the related provisions of law.  
(g) For all customs purposes, the date of exportation of privileged foreign merchandise from the country whence it was exported to the United States is the date of its final departure from that country, in accordance with § 14.3 (b) of this chapter.  
(h) The value declared in any zone customs entry for privileged merchandise may be amended in accordance with

the provisions of section 487, Tariff Act of 1930, and the regulations thereunder.

(1) With respect to privileged foreign merchandise, the requirements, privileges, and procedures for reappraisal, posting of liquidations, and protests against decisions of the collector are the same as those prescribed in the case of merchandise covered by an entry for warehouse in customs territory.  
(j) The original of the application on zone Form B when approved by the zone grantee shall be accepted by the collector as the equivalent of a bill of lading or carrier's certificate to identify the person designated in such Form B as the consignee of the merchandise and its owner for customs purposes, except that such person may transfer the right to withdraw such merchandise from the zone to customs territory in accordance with § 30.14 (f).

§ 30.7 Privileged domestic merchandise.  
Merchandise within the purview of the second proviso to section 3 of the act, as amended, shall be given status as privileged domestic merchandise on proper application. Application for this status shall be included in the application to transfer the merchandise into the zone on zone Form D, as provided for in § 30.5 (d). In such cases the evidence of the right of the applicant to transfer the merchandise to the zone provided for in that section and the release order of the carrier are not required. If the collector is satisfied that the revenue will be protected, and the rights of importers will not be prejudiced, he may permit the transfer to a zone of

domestic packing and repair materials and other adjunctive articles without requiring an application on zone Form D. If the requirements of the second proviso are complied with, any of the foregoing may subsequently be brought back to customs territory free of quotas, duty, or tax.

**§ 30.8 Non-privileged foreign merchandise.**

(a) All the following shall have the status of non-privileged foreign merchandise:

(1) Foreign merchandise properly in a zone which does not have the status of privileged foreign merchandise or of zone-restricted merchandise;

(2) Waste recovered from any manipulation or manufacture of privileged foreign merchandise; and

(3) Domestic merchandise which will be subject to treatment as foreign merchandise as provided for in the third proviso to section 3 of the act as amended, if removed to customs territory.

(b) Any domestic merchandise shall be deemed to have lost its identity as such for the purposes of paragraph (a) (3) of this section if the collector shall determine that it cannot be identified positively by customs officers as domestic merchandise on the basis of their examination of the articles and their consideration of any proof that may be submitted promptly by a party in interest.

**§ 30.9 Non-privileged domestic merchandise.**

All merchandise which could have obtained the status of privileged domestic merchandise but for which no application for such status has been approved (not including any merchandise within the purview of § 30.8 (a) (3)) shall have the status of non-privileged domestic merchandise.

*Provided further, That if in the opinion of the Secretary of the Treasury their identity has been lost, such articles not entitled to free entry by reason of non-compliance with the requirements made hereunder by the Secretary of the Treasury shall be treated when they reenter customs territory of the United States as foreign merchandise under the provisions of the tariff and internal-revenue laws in force at that time.* (19 U. S. C. 810)

**§ 30.10 Zone-restricted merchandise.**

(a) Merchandise within the purview of the fourth proviso to section 3 of the act, as amended, shall be given status as zone-restricted merchandise on proper application. Application for this status shall be included in the application to transfer the merchandise into the zone on zone Form D, as provided for in § 30.5 (d).

(b) If the merchandise is to be considered exported for the purpose of any Federal law other than the customs laws, the collector shall be satisfied that all pertinent laws, regulations, and rules administered by the Federal agency concerned have been complied with before he approves the application provided for in § 30.5 (d).

(c) If the applicant desires a zone-restricted status in order that the merchandise may be considered exported for the purpose of any customs laws, all pertinent customs requirements relating to actual exportations shall be complied with as though the admission of the merchandise into the zone constituted a lading on an exporting carrier at a port of final exit from the United States. Any declaration or form required for a case of actual exportation shall be modified to show that the merchandise

"(b) The statutes and bonds exacted for the payment of draw-back, refund, or exemption from liability for internal-revenue laws generally and the regulations thereunder.

*Such a transfer may also be considered an exportation for the purposes of other Federal laws insofar as Federal agencies charged with the enforcement of those laws deem it advisable. Such articles may not be returned to customs territory for domestic consumption except where the Foreign-Trade Zones Board deems such return to be in the public interest, in which event the articles shall be subject to the provisions of paragraph 1e15 (1) of the Tariff Act of 1930, as amended.* (19 U. S. C. 810)

has been deposited in a zone in lieu of actual exportation, and a copy of the approved application provided for in § 30.5 (d) may be accepted in lieu of any proof of shipment required in cases of actual exportation.

(d) If merchandise is transferred from a customs bonded warehouse into a zone, it shall have the status of zone-restricted merchandise when admitted into the zone in view of the provisions of the fourth proviso to section 3 of the act, and in all such cases the application provided for in § 30.5 (d), shall state that a zone-restricted status is desired for the merchandise. Merchandise taken into a zone for manipulation elsewhere than in a bonded warehouse under the provisions of section 562, Tariff Act of 1930, as amended, is not considered within the purview of the fourth proviso of section 3 of the act.

**§ 30.11 Customs control of merchandise in a zone.**

(a) No merchandise in a zone shall be removed therefrom in any manner or for any purpose except as provided for in the regulations in this part.

(b) If the collector deems it necessary for the protection of the revenue, he may require segregation of privileged foreign, privileged domestic, zone-restricted, and such other merchandise as he determines to be subject to special risks to the revenue.

(c) The operator of the zone shall keep the collector's office currently informed as to the location of any merchandise in the zone which is not within the purview of paragraph (b) of this section, and shall notify the collector promptly of any loss or damage that may occur to any merchandise in the zone.

**§ 30.12 Manipulation, manufacture, or exhibition in a zone.**

(a) Permission for manipulation, manufacture, or exhibition of merchandise in a zone may be obtained by filing with the collector an application on zone Form E. No such operation shall be carried on until the collector has approved the application.

(b) The application shall include a full description of the proposed operation; a designation of the exact place in the zone where the operation is to be performed; the identification of the involved merchandise by lot number, marks and numbers of the packages,

description, quantity, and zone status; and in the case of manipulation or manufacture a statement as to whether articles with one zone status are to be packed, commingled, or combined with articles having a different zone status.

(c) The collector shall approve the application unless the proposed operation would be in violation of the fourth or fifth proviso to section 3 of the act, as amended, or the place designated for its performance is not suitable for preventing confusion as to the identity or status of the merchandise and for safeguarding the revenue.

(d) In the event of the denial of any application by the collector for any reason, the applicant, the grantee of the zone, or the operator of the zone, may appeal the adverse ruling to the Board. If any revenue protection considerations are involved in such an application, the Board shall be guided by the determinations of the Secretary of the Treasury with respect to them.

(e) When any privileged merchandise is to be manipulated in any way or manufactured, the person performing the operation shall maintain records containing the following information:

(1) A full identification, as specified in paragraph (b) of this section, of each lot of privileged merchandise used in the operation,

(2) The unit and total values of each such lot, the values in the case of privileged foreign merchandise to be those declared in the zone customs entry, including any amendment thereof,

(3) The commercial name or description of the product resulting from the op-

*Provided further, That no operation involving any foreign or domestic merchandise brought into a zone which operation would be subject to any provision of provisions of section 1807, chapter 16, chapter 16, chapter 17, chapter 21, chapter 23, chapter 24, chapter 25, chapter 26, or chapter 32 of the Internal Revenue Code if performed in customs territory, or involving the manufacture of any article provided for in paragraph 867 or paragraph 868 of the Tariff Act of 1930, shall be permitted in a zone except those operations (other than rectification of distilled spirits and wines, or the manufacture or production of alcoholic products unfit for beverage purposes) which were permitted under this Act prior to July 1, 1949.* (19 U. S. C. 810)

territory by an endorsement on customs Form 7505 or 7519, whichever is applicable, naming a designated transferee. Customs Form 7505 or 7519 so endorsed with the name of a designated transferee who has been accepted by the grantee shall be accepted by the collector to identify the transferee named therein as the consignee of the merchandise to be transferred and the owner thereof for customs purposes.

(g) When merchandise not covered by paragraph (a), (b), (c), (d), or (e) of this section, or either of the last two sentences of § 30.13 (c), is to be transferred from a zone to customs territory, the grantee shall make an application to the collector on zone Form C. The applicant shall state the name and address of the person who will be deemed the consignee of the merchandise when it is transferred to customs territory. The collector shall not accept a term application on Form C. The application shall include a complete identification of the merchandise as it entered the zone, including the lot numbers, marks and numbers of the packages, status of each lot, description, and quantities. If any change in respect of any of the foregoing items of identification occurred while the merchandise was in the zone, the current information with respect to each such item which has been changed shall also be stated.

(h) Upon the approval by the collector of an application on zone Form C, the merchandise is transferred to constructive customs territory, without physical removal from the zone. The collector shall note on the application the date of such constructive transfer and the zone status of the merchandise. Merchandise so constructively transferred shall be marked or labeled with the initials "C. T.". For all customs and internal revenue purposes the merchandise shall be considered to have been imported into customs territory at the time of the constructive transfer.

(i) (1) If a customs entry for destructively transferred merchandise has not been filed in proper form before 5 p. m. of the second working day after the constructive transfer of the merchandise, or within such longer time as may be specified in a lay-order issued by the collector upon a written application of the grantee or designated consignee filed with the collector on customs

of or derived from privileged merchandise only, whether all foreign, or partly foreign and partly domestic, is to be transferred to customs territory otherwise than for exportation, a zone withdrawal shall be filed as prescribed in paragraph (b) of this section. There shall be filed with the withdrawal a statement in the form of an invoice containing the information specified in § 30.12 (e), and when necessary to support the withdrawal, application may be made for a certificate on zone Form F covering identification as shown by the customs records of any privileged domestic or privileged foreign merchandise used in the manipulation or manufacture.

(d) When merchandise described in paragraph (b) or (c) of this section is to be transferred to customs territory otherwise than for exportation and it is desired to pay the duties and taxes at a port other than the port in which the zone is located, the merchandise shall be withdrawn for transportation to the other port on customs Form 7512 which shall clearly indicate the status of the merchandise, and the withdrawal for consumption at the other port shall be made in the manner prescribed in paragraph (b) or (c) of this section except that customs Form 7519 shall be used. The collector at the zone port shall issue a certificate in triplicate, describing the merchandise in its present condition and certifying the amount of duties and taxes and applicable to the shipment, and the duplicate copy of such certificate shall be given to the importer to be filed with the withdrawal for consumption.

(e) When merchandise described in paragraph (b) or (c) of this section is to be transferred to customs territory for exportation, a withdrawal for exportation, or for transportation and exportation, shall be filed on customs Form 7512. Upon acceptance of the withdrawal the collector shall make a notation as to the status of the merchandise on the document, and release the merchandise to the grantee for delivery to the bonded cartman, lighterman, or carrier.

(f) The applicant on customs Form 7505 or 7519 for purposes described in paragraph (b), (c), or (d) of this section shall be the consignee named in zone Form B as approved by the grantee (see § 30.6 (j)), except that such consignee may transfer the right to transfer the merchandise from the zone to customs

of the proposed transaction, in triplicate, and signed by him which shall include:

- (1) The proposed date of transfer;
- (2) The identification of the carrier;
- (3) The destination of the shipment;
- (4) Identification of the merchandise by zone storage location, lot number, marks and numbers of the packages, description, quantity, and zone status; and
- (5) A notation as to any shortage or damage.

If the transfer is approved by the collector on the original of the description shall be so stamped to serve as a permit of delivery, the original and one copy shall be returned to the grantee, and the triplicate shall be retained by the collector. If a form of tally prepared by the zone grantee for its purposes contains the necessary information, it may be accepted by the collector as the description required by this paragraph. No document other than the permit of delivery shall be required to release the merchandise to the grantee and authorize its transfer into customs territory.

(b) When privileged foreign merchandise which has not been mixed, combined, or repacked in the zone is to be transferred to customs territory otherwise than for exportation, a zone withdrawal on customs Form 7505 shall be filed as an application for the transfer (see § 30.4). Such withdrawal shall be supported by a bond on customs Forms 7551, 7553, or other appropriate form, and the applicant shall pay the liquidated duties and determined taxes, as assessed in the liquidation of the pertinent zone customs entry, for the quantity of merchandise to be transferred. Such bond shall not be required when all the merchandise to be transferred to customs territory has been inspected, examined, and appraised, and has been found to comply with all laws and regulations governing its admission into the commerce of the United States, and there have been produced all documents for the production of which a bond is required by law or regulations if not filed at the time of entry. If the pertinent zone customs entry has not been liquidated estimated duties and taxes shall be deposited. Upon acceptance of the withdrawal, the collector shall release the merchandise to the grantee for delivery.

(c) When a product of a manipulation or manufacture in a zone composed

eration, or of each such product if there are more than one,

- (4) The quantity of such product or of each such product, as the case may be,
- (5) The commercial name or description and quantity of each kind of waste recovered from the operation, and
- (6) The description (i. e., evaporation, leakage, spillage, dust, etc.) and quantity of each kind of total physical loss resulting from the operation.

If any non-privileged merchandise is to be used in the operation, records shall be maintained containing a full identification, as specified in paragraph (b) of this section, and the unit and total values of each lot of the merchandise used in the operation.

**§ 30.13 Destruction of merchandise in a zone.**

(a) Each application to destroy merchandise in a zone shall be filed with the collector on zone Form E.

(b) The application shall include a description of the proposed method of destruction, a designation of the place where the destruction is to be accomplished, and an identification of the merchandise as in the case of an application for permission to manipulate (§ 30.12 (b)).

(c) The destruction of distilled spirits, wines, and fermented malt liquors having a zone-restricted status may not be authorized in view of the exception in the fourth proviso to section 3 of the act, as amended. In any other case, if the collector is satisfied that the destruction will be effective and that the revenue will be adequately protected, he shall approve the application. If proper destruction can not be effectively accomplished within the zone, the collector may permit it to be done elsewhere, in whole or in part, under such conditions as he shall specify for protecting the revenue. Any residue of destruction which is entirely worthless may be removed to customs territory for disposal.

**§ 30.14 Sending merchandise from a zone into customs territory.**

(a) When privileged domestic merchandise which has not been mixed, combined, or repacked in the zone with merchandise having a different zone status is to be transferred from the zone to customs territory, the zone grantee shall submit to the collector a description

### § 30.15 Direct exportation from a zone.

Regardless of its zone status, any merchandise in a zone may be exported directly therefrom upon compliance with the procedure prescribed in § 30.14 (a) for the transfer of privileged domestic merchandise to customs territory.

### § 30.16 Supplies, equipment, and repair material for vessels or aircraft.

(a) Any article in a zone, including zone-restricted merchandise, which is suitable for use on a vessel or aircraft entitled to the privileges of section 309, Tariff Act of 1930, as amended, as supplies, equipment, or repair material may be laden on such a vessel or aircraft in the zone or transferred from the zone to such a vessel or aircraft at a port of entry in the United States outside the zone, subject to any applicable limitation prescribed in such section 309.

(b) If the article is laden on the vessel or aircraft in the zone, the provisions of § 30.15 pertaining to direct exportations from the zone shall apply and, in addition, the pertinent provisions of §§ 10.59 to 10.65, inclusive, of this chapter shall also apply as though the article were being withdrawn in customs territory from continuous customs custody elsewhere than in a bonded warehouse for such lading. If the article is to be transferred from the zone to the vessel or aircraft at a port of entry outside the zone, the provisions of § 30.14 pertaining to transfers from a zone to customs territory for exportation shall apply, in which case, when constructive transfer to customs territory has been accomplished, the merchandise shall thereafter be liable to or exempt from duty or tax and be subject to any other applicable provisions of sections 309 and 317, Tariff Act of 1930, I.R.C. section 3451, and §§ 10.59 to 10.65, inclusive, of this chapter as though it were imported merchandise which had remained in continuous customs custody in customs territory elsewhere than in a bonded warehouse.

(c) Any article in a zone which is suitable for use as ground equipment for aircraft entitled to the privileges prescribed in section 309 or 317, Tariff Act of 1930, as amended, with respect to ground equipment may be used in the

be subject to the pertinent provisions of paragraphs (g) to (k), inclusive, of this section, except that if the entry has not been filed in proper form before the expiration of the period mentioned in the first sentence of paragraph (i) of this section, the merchandise shall not be deposited by the collector in general-order storage but shall be considered as having been returned from constructive customs territory to the zone. Upon acceptance of the entry, it shall be endorsed by a customs officer to show that actual exportation of the merchandise is required by the fourth proviso to section 3 of the act, as amended. If the Board has ruled that the return of the merchandise to customs territory is in the public interest, after the merchandise has been constructively transferred to customs territory it may be entered for consumption, warehousing, or immediate transportation without appraisal, unless the Board in its ruling has specified which of these forms of entry shall be made. The entry shall be endorsed by the collector to show the authority under which the entry was made and that the merchandise is subject to the provisions of paragraph 1615 (f) of the Tariff Act of 1930, as amended.

(o) Articles produced or manufactured in a zone and returned to customs territory of the United States after having been exported without first having been transferred to customs territory otherwise than for exportation or for transportation and exportation shall be subject to the duties and taxes applicable to like articles of wholly foreign origin, unless it is conclusively established that they were produced or manufactured exclusively with the use of privileged domestic merchandise, the identity of which was maintained in accordance with the pertinent provisions of these foreign-trade zone regulations, in which case they shall be subject to the pertinent provisions of paragraph 1615, Tariff Act of 1930."

"... \* \* \* Provided further, That articles produced or manufactured in a zone and exported therefrom shall on subsequent importation into the customs territory of the United States be subject to the import laws applicable to like articles manufactured in a foreign country, except that articles produced or manufactured in a zone exclusively with the use of domestic merchandise, the identity of which has been maintained in

the time entry is made in customs territory as stated in § 8.4(d) of this chapter. The value of such products shall be determined in accordance with sections 402 and 500 of the Tariff Act of 1930 and the related provisions of law.

(1) Articles composed entirely of, or derived entirely from, non-privileged merchandise, foreign or domestic.

(2) Articles composed in part of, or derived in part from, non-privileged merchandise, domestic or foreign, and in part of or from privileged merchandise, domestic or foreign.

(3) Recoverable waste resulting from the manipulation or manufacture in a zone of privileged foreign merchandise. Any of the articles described in subparagraphs (1), (2), or (3) of this paragraph, except articles composed in part of, or derived in part from, privileged foreign merchandise, may be transferred from a zone for entry for warehousing, either immediately or after transportation in bond, subject to the treatment specified in the first two sentences of this paragraph. There shall be filed with each entry covering articles described in subparagraph (2) of this paragraph a statement in the form of an invoice containing the information specified in § 30.12 (e). When necessary to support the entry, application may be made for a certificate on zone Form F covering identification as shown by the customs records of any privileged domestic or privileged foreign merchandise in the articles.

(m) The consumption or warehouse entry covering a product provided for in paragraph (1) of this section shall be liquidated in accordance with Part 16 of this chapter, except that in the case of articles described in paragraph (1) (2) of this section adjustment shall be made for that part of the product which consists of or has been derived from privileged merchandise.

(n) Unless the Foreign-Trade Zones Board has ruled that the return of the merchandise to customs territory for domestic consumption is in the public interest, zone-restricted merchandise shall not be transferred to customs territory except under an entry for exportation or for transportation and exportation, or for destruction (except destruction of distilled spirits, wines, and fermented malt liquors), or for transfer from one zone to another. Each such entry shall

Form 3189, and approved by the grantee if made by the consignee, the merchandise shall be deposited by the collector in general order storage. However, if it is desired to restore the merchandise to a zone status after it has been constructively transferred and before the expiration of the lay-order period specified above, a new zone Form D may be filed and the same procedure followed as though the merchandise had then first arrived in the zone from or through customs territory (§ 30.5 (d)). In such a case, the zone grantee shall be deemed the carrier which brought the merchandise to the port.

(2) As an alternative to the filing of a new zone Form D the applicant may, if he so desires, arrange for the redelivery to the collector, prior to the filing of a customs entry and prior to the expiration of the lay-order period specified above, of the grantee's original copy of the zone Form C with a request that it be cancelled.

(j) The original of zone Form C, when approved by the collector and endorsed as provided for in paragraph (h) of this section, shall be accepted by the collector as the equivalent of a bill of lading or carrier's certificate to identify the person designated in such Form C as the consignee of the merchandise and its owner for customs purposes.

(k) When a consumption entry is accepted for zone merchandise which is in constructive customs territory, the collector shall release the merchandise to the grantee for delivery to the consignee. When any other entry is accepted for such merchandise, the release of the merchandise by the collector for physical removal to the designated destination in customs territory shall be in accordance with the customs regulations as to merchandise imported into customs territory, the zone grantee to be considered as the importing carrier.

(l) The products described in subparagraphs (1), (2), or (3) of this paragraph, upon transfer from a zone and entry for consumption, either immediately or after transportation in bond, shall be subject to appraisal and tariff classification in accordance with their character, condition, and quantity at the time of their constructive transfer to customs territory in accordance with paragraph (h) of this section, and at the rate or rates of duty and tax in force at

a history of the merchandise as shown by the records of the first zone.  
 (c) The transfer of privileged domestic merchandise from one zone to another is not subject to customs control except that the removal of the merchandise from the first zone and its admission into the zone of destination shall be in accordance with §§ 30.14 (a) and 30.5 (d), respectively.

§ 30.18 Reimbursement of customs expenses.

(a) The Commissioner of Customs will assign to each zone the necessary customs officers and guards to maintain appropriate customs control over merchandise in a zone and to protect the revenue.  
 (b) All necessary cost of maintaining the additional customs services required under the act and these foreign-trade zone regulations shall be reimbursed to the Government by the grantee of the zone, payment to be made monthly to the collector of customs.

zone, or transferred to customs territory for use, as ground equipment for such aircraft without payment of duty or any internal-revenue tax imposed upon or by reason of importation.

§ 30.17 Transfer of merchandise from one zone to another.

(a) The transfer of merchandise, other than privileged domestic, from a zone in one port of entry to a zone in another port shall be by bonded carrier under an entry for immediate transportation on customs Form 7512. The sending of the merchandise from the first zone into customs territory and its admission into the zone of destination shall be in accordance with §§ 30.14 (g) through (j) and 30.5 (d), respectively. All copies of the entry for immediate transportation shall bear a notation that the merchandise is being taken from the first zone for the purpose of transfer to the second zone.

(b) Upon removal of merchandise as specified in paragraph (a) of this section from the first zone, the collector in charge of the port in which such zone is located shall immediately forward to the collector in charge of the port in which the zone of destination is located

§ 31.1 Scope of part.

This part sets forth regulations providing for the licensing as customhouse brokers of persons, including individuals, corporations, partnerships, and associations, desiring to transact business as customhouse brokers, the procedure for applying for licenses, and the qualifications required of the applicants. The regulations also prescribe the duties and responsibilities of customhouse brokers, the grounds for revocation or suspension of the licenses, and the procedures for such revocation or suspension.

§ 31.2 Licenses for customhouse brokers required.

(a) No person shall transact the business of a customhouse broker unless he has first been granted a license in accordance with the provisions of section 641, Tariff Act of 1930, as amended. A license to transact business as a customhouse broker may be granted by the Commissioner of Customs upon applica-

tion of the applicant. The Secretary of the Treasury may prescribe rules and regulations governing the licensing as customhouse brokers of citizens of the United States of good moral character, and partnerships, associations, and partnerships, and may require as a condition to the granting of any license, the showing of such

 facts as he may deem advisable as to the qualifications of the applicant to render valuable service to importers and exporters. No such license shall be granted to any corporation, association, or partnership unless licenses as customhouse brokers have been issued to at least two of the officers of such corporation or association, or two of the members of such partnership, and such licenses are in force. Any license granted to any such corporation, association, or partnership shall be deemed revoked if for any continuous period of more than sixty days after the issuance of such license there are not at least two officers of such corporation or association or two members of such partnership who are qualified to transact business as customhouse brokers. Except as provided in subdivision (c) of this section, no person shall transact business as a customhouse broker without a license granted in accordance with the provisions of this subdivision, but nothing in this section shall be construed to authorize the requiring of a license in the case of any person transacting at a customhouse business pertaining to his own importations.

"(b) Revocation or suspension. The collector or chief officer of the customs may at any time, for good and sufficient reasons, serve notice in writing upon any customhouse broker so licensed to show cause why said license shall not be revoked or suspended, which notice shall be in the form of a statement specifically setting forth the ground of complaint. The collector or chief officer of customs shall within ten days thereafter notify the customhouse broker in writing of a hearing to be held before him within five days upon said charges. At such hearing the customhouse broker may be represented by counsel, and all proceedings, including the proof of the charges and the answer thereto, shall be presented, with the right of cross-examination to both parties, and a stenographic record of the same shall be made and a copy thereof shall be delivered to the customhouse broker. At the conclusion of such hearing the collector or chief officer of customs shall forthwith transmit all papers and the stenographic report of the hearing, which shall constitute the record of the case, to the Secretary of the Treasury for his action. Thereupon the said Secretary of the Treasury shall have the right to revoke or suspend the license of any customhouse broker shown to be incompetent, disreputable, or who has refused to comply with the rules and regulations issued under this section, or who has, with intent to defraud, in any manner willfully and knowingly deceived, misled, or threatened any importer, exporter, claimant, or client, or prospective importer, exporter, claimant, or client, by word, circular, letter or by advertisement.

"An appeal may be taken by any licensed customhouse broker from any order of the

Secretary of the Treasury suspending or revoking a license. Such appeal shall be taken by filing, in the circuit court of appeals of the United States within any circuit wherein such person resides or has his principal place of business, or in the United States Court of Appeals for the District of Columbia, within sixty days after the entry of such order, a written petition praying that the order of the Secretary of the Treasury be modified or set aside in whole or in part. A copy of such petition shall be forthwith transmitted by the Clerk of the Court to the Secretary of the Treasury, or any officer designated by him for that purpose, and thereupon the Secretary of the Treasury shall file in the court the record upon which the order complained of was entered, as provided in section 2112 of title 28, United States Code. Upon the filing of such petition such court shall have exclusive jurisdiction to affirm, modify, or set aside such order, in whole or in part. No objection to the order of the Secretary of the Treasury shall be considered by the court unless such objection shall have been urged before the collector or chief officer of customs or unless there were reasonable grounds for failure so to do. The finding of the Secretary of the Treasury as to the facts, if supported by substantial evidence, shall be conclusive. If any party shall apply to the Court for leave to adduce additional evidence, and shall show to the satisfaction of the court that such additional evidence is material and that there were reasonable grounds for failure to adduce such evidence in the proceeding before the collector or chief officer of customs, the court may order such additional evidence to be taken before the collector or chief officer of customs and to be adduced upon the hearing in such manner and upon such terms and conditions as to the court may seem proper. The Secretary of the Treasury may modify his findings as to the facts by reason of the additional evidence so taken, and he shall file with the court such modified or new findings, which, if supported by substantial evidence, shall be conclusive, and his recommendation, if any, for the modification or setting aside of the original order. The judgment and decree of the court affirming, modifying, or setting aside, in whole or in part, any such order of the Secretary of the Treasury shall be final, subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1264, title 28 of the United States Code. The commencement of proceedings under this subsection shall, unless specifically ordered by the court, operate as a stay of the Secretary of the Treasury's order.

(c) *Prior licenses.* Licenses issued under the Act of June 10, 1910 (36 Stat. 454; U. S. C., title 19, sec. 41b), or under the provisions of subdivision (a) of this section prior to the effective date of this amendment, shall con-

tion submitted therefor, in accordance with the regulations in this part.

(b) No representative of the Treasury Department shall recognize or deal with any person transacting the business of a customhouse broker, or any employee, officer, or agent thereof, unless such person is licensed as a customhouse broker in accordance with the provisions of this part.

§ 31.4 Application for license; investigation and examination.

(a) *Application to Commissioner.* A person desiring to engage in the business of a customhouse broker shall submit to the collector of customs of the district in which the applicant intends to operate an application in duplicate, addressed to the Commissioner, stating his qualifications for a license. The application shall be under oath and executed on customs Form 3123 (individual), customs Form 3125 (partnership), customs Form 3127 (corporation), or customs Form 3129 (association), whichever is appropriate, and shall be accompanied by the fee of \$100 prescribed by § 24.12 of this chapter. If the applicant is an individual who proposes to operate under a trade or fictitious name, evidence of the applicant's authority so to conduct business must accompany his application.

(b) *Posting application.* As soon as possible after an application has been filed, the collector of customs shall cause to be posted conspicuously in the customhouse at the headquarters port for the district and at the port where the applicant proposes to maintain his principal office the name and address of the applicant and, if the applicant is a corporation, an association, or a partnership, the names of the licensed officers or members thereof.

(c) *Examination of applicant.* The collector of customs shall notify the applicant, if an individual, to appear before a committee of examiners at a specified time and place in the customs district in which the applicant proposes to do business. The committee of examiners shall consist of not less than three nor more than five members designated as such by the Commissioner.

(d) *Purpose of examination.* The examination shall have for its purpose a determination of the applicant's knowledge of customs and related law and procedure and his fitness to render valuable service to importers and exporters. The Commissioner may from time to time furnish lists of suggestions for the guidance of committees of examiners in conducting such examinations. The examination may, at the option of the committee, be oral or written, but if oral shall be stenographically reported and transcribed, and in either case shall be

transmitted forthwith to the collector of customs, with the report and recommendation of the committee of examiners.

(e) *Investigation of applicant—(1) Individual.* Upon the applicant's obtaining a satisfactory grade on the examination, his application shall be referred by the collector of customs to the supervising customs agent in charge of the district for investigation, report, and recommendation.

(2) *Corporation, association, or partnership.* Each application shall be referred by the collector of customs to the supervising customs agent in charge of the district for investigation, report, and recommendation.

(3) *Information desired.* The investigation shall seek information relevant to the question whether the application should be granted and shall cover, but need not be limited to, (1) the correctness of the statements made in the application, (2) the business integrity of the applicant, and (3) when the applicant is an individual (including an officer of a corporation or association or a member of a partnership), the character and reputation of the applicant.

(4) *Return of application to collector of customs.* The investigating agent shall return the application with his report and recommendation to the collector of customs who requested it. The collector shall forward them to the Commissioner, accompanied by the report and recommendation of the committee of examiners, if any. If he so desires, the collector may also submit his independent recommendation.

(f) *Additional investigation or examination.* The Commissioner shall endeavor to ascertain, without undue expense or inconvenience to the applicant, all facts deemed necessary to pass upon the application, and may require additional investigation to be conducted. In the event, however, that the Commissioner is not satisfied by the information received, he may require the applicant (or, in the case of a corporation, association, or partnership, one or more of its officers or members) to appear in person before the Commissioner or before one or more representatives of the Commissioner, for the purpose of undergoing additional written or oral examination into the applicant's qualifications for a license.

§ 31.5 Issuance or denial of license.

(a) *Issuance if applicant qualified.* If he finds that the applicant is qualified, the Commissioner will issue a license in such standard form as he shall have prescribed. The license shall be forwarded to the appropriate collector, who shall deliver it to the licensee after making a record thereof in a roster of licensed brokers which shall be maintained in the customhouse in such manner that it will be readily accessible to the proper customs officers and employees. The license for an individual who is an officer of a corporation or association or a member of a partnership will be issued in the name of the individual licensee, and not in his capacity as officer or member of the organization with which he is connected.

(b) *Denial of license.* (1) If the applicant fails to obtain a satisfactory grade on the examination, notice of denial shall be given by the collector to the applicant.

(2) At the request of the applicant, the Commissioner may allow a further opportunity to the applicant to present information or arguments in support of his application either by personal appearance or in writing, or both, in the discretion of the Commissioner.

(3) If the Commissioner determines that the application for license should be denied for any reason, notice of denial shall be given by the Commissioner to the applicant and to the collector of the district in which the applicant proposed to do business.

(c) *Grounds for denial of license.* The causes sufficient to justify denial of an application for a license shall include, but shall not be limited to, (1) any cause which would justify suspension or revocation of the license of a licensed customhouse broker under the provisions of § 31.11; (2) a failure to establish the business integrity and character of the applicant; (3) any gross misstatement of pertinent facts in the application; (4) any conduct which would be deemed grossly unfair in commercial transactions by accepted standards; (5) a bad reputation imputing to an applicant conduct of any of the foregoing types or of a criminal, dishonest, or unethical kind; (6) the minority of the applicant; or (7) a failure to establish sufficient knowledge by the applicant of customs and related law and procedures and fitness to render

valuable service to importers and exporters. In the case of a corporation, association, or partnership, the application will be denied by the Commissioner unless it appears that the officers or members who are licensed customhouse brokers are to exercise responsible supervision and control of the transaction of the customs business of such corporation, association, or partnership. An individual who is unable for any reason to take the oath of allegiance and to support the Constitution of the United States shall not be licensed. An alien undergoing naturalization is ineligible to receive a license until he has received his final naturalization certificate. An officer or employee of the United States is ineligible to receive a license.

(d) *Review.* A decision of the Commissioner denying a license, upon the written request of the applicant, will be submitted to the Secretary of the Treasury for such review as the Secretary shall deem appropriate.

§ 31.6 Other representation by customhouse brokers.

A customhouse broker requires no further license or enrollment for the representation, within the customs districts in which he is licensed, at the office of the Regional Commissioner of Internal Revenue, or at the seat of the Government, of any person for whom he has acted as customhouse broker in respect of any matters relating specifically to the importation or exportation of merchandise under customs or internal-revenue laws.

§ 31.7 Licenses for more than one customs district.

Separate licenses shall be required if the licensee desires to transact customs business in more than one customs district. However, a licensee having a license in force in one district may on application to the Commissioner be granted a license to transact business in another district without further examination, provided it appears on investigation that the licensee is prepared and qualified to render efficient service in such other district. Licenses may be granted to partnerships with two licensed members, and to corporations and associations with two licensed officers, whether or not such members or officers are licensed in the district for which the partnership, corporation, or association license is granted.

§ 31.8 License, when not required.

(a) *Declining for one's own account.* An importer or exporter transacting customs business solely on his own account and in no sense on behalf of another is not required to be licensed, nor are his authorized regular employees or officers who act only for him in the transaction of such business.

(b) *Transportation in bond by common carrier.* A common carrier transporting merchandise for another may make entry for such merchandise for transportation in bond without being licensed as a customhouse broker.

(c) *Marine transactions.* A person transacting business in connection with entry, clearance, or documentation of vessels or other regulation of vessels under the navigation laws is not required to be licensed as a customhouse broker.

(d) *Employees of licensed brokers.* An employee of a customhouse broker is not required to be licensed in order to act solely for his employer, but in order that such employee may sign customs documents on behalf of his employer the broker must file with the collector a power of attorney for that purpose. Each broker shall file with the collector at each port where the business is to be transacted an authorization specifically naming each employee who may properly act for him. A broker must promptly give notice of any change in the authority of any such employee and must exercise such supervision of his employees as will insure proper conduct on the part of the employees in the transaction of customs business. Each broker will be held strictly responsible for the acts or omissions of his employees within the scope of their employment, and for acts or omissions of such employees which, in the exercise of reasonable care and diligence, the broker should have foreseen. Every attorney in fact acting for a customhouse broker must be a resident of the United States.

§ 31.9 Books and papers.

(a) Each customhouse broker shall maintain correctly and in orderly itemized manner, and keep current, records of account reflecting all his financial transactions as a customhouse broker. He shall keep and maintain on file a copy of each entry made by him, and copies of

all his correspondence and other papers relating to his customs business.

(b) Except as provided for in paragraph (c) of this section, each customhouse broker shall keep on customs Form 3079 (Record of Transactions of Licensed Customhouse Broker), in accordance with the instructions printed thereon, records of all customs business transacted by him in behalf of his clients. If a transaction has been handled only in part by the broker, he need fill in only the appropriate part of his customs Form 3079. Records on customs Form 3079 shall be in addition to, and not in lieu of, the regular records of account required by paragraph (a) of this section to be kept and maintained.

(c) If the data prescribed to be recorded on customs Form 3079 are disclosed in other records regularly kept and maintained by a customhouse broker in a systematic, convenient, and readily available form which will permit an effective inspection thereof by duly accredited agents of the United States, such broker may, by notice in writing from the collector for the district, be exempted from the requirements of paragraph (b) of this section. Such notice of exemption shall be issued only if (1) a broker makes written application therefor to the collector, setting forth the facts as to the records he keeps and agreeing that if the exemption is granted he will not change his system of records or his manner of keeping and maintaining them without notification to and prior approval by the said collector and (2) the collector and the supervising customs agent for the district are satisfied that the records are and will be kept and maintained by the broker in conformity with the conditions above stated.

(d) Whenever it shall appear to the satisfaction of the collector, upon investigation by a duly accredited agent of the United States, that a broker to whom an exemption has been granted as provided for in paragraph (c) of this section is not keeping and maintaining records in conformity with the requirements of the said paragraph (c), the exemption of such broker shall be revoked by notice in writing from the collector, and such broker shall thereafter keep and maintain records on customs Form 3079 as above stated.

(e) All the books and papers required by the foregoing provisions of this section shall be kept on file for at least 5

\* See section 641 (d) in footnote 1 to § 31.2.

years and maintained in such manner that they may readily be examined. Any or all such books and papers shall be made available to duly accredited agents of the United States on demand therefor within 5 years after their preparation or receipt by the broker, or within any longer period of time during which they remain in the possession of the broker. Each customhouse broker shall advise the Commissioner and the collector at the headquarters port in each district in which his license is held of each change of his business address. The broker shall also furnish such additional information regarding his activities as a customhouse broker as such agents may require.

(f) The supervising customs agent in charge of the agency district, or a customs agent designated by him, shall make such inspection of the books and papers required by this part to be kept and maintained by a customhouse broker as may be necessary to enable the supervising customs agent, the collector of customs, and other proper officials of the Treasury Department to determine whether or not the broker is complying with the requirements of this section. Furthermore, the supervising customs agent, or any duly accredited agent of the United States designated by him, may at any time, for the purpose of protecting importers or the revenue of the United States, inspect such books and papers to obtain information regarding specific customs transactions.

(g) The agent making any investigation contemplated by paragraph (f) of this section shall report his findings in full to the Commissioner and the collector.

(h) The books and papers referred to in this section and pertaining to the business of the clients serviced by the broker shall be considered confidential and the broker shall not disclose their contents or any information connected therewith to any persons other than such clients and duly accredited agents of the United States except on subpoena by a court of competent jurisdiction.

§ 31.10 Other duties and obligations of customhouse brokers.

(a) No customhouse broker shall permit his license or his name to be used by or for any unlicensed person, or by or for any broker whose license is under suspension, in the solicitation, promotion, or

performance of any customs business or transaction.

(b) (1) No customhouse broker shall accept or retain employment from or with an unlicensed employer to transact customs business for others than the employer in such manner that the fees or other benefits resulting from the services rendered by the broker for others inure to the benefit of the unlicensed employer, except that a customhouse broker may compensate a freight forwarder for services rendered in obtaining brokerage business, provided that

(i) The importer shall be notified in advance by the forwarder or broker of the name of the customhouse broker selected by the forwarder for the handling of his customs transactions;

(ii) If the fees and charges for such brokerage services are to be collected by or through the forwarder, the customhouse broker shall transmit directly to the importer a true copy of his bill of charges as rendered to the forwarder. If, on the other hand, such fees and charges are to be collected by or through the customhouse broker, he shall transmit directly to the importer a statement of his bill of charges and an itemized list of any charges to be collected for the account of the freight forwarder.

(iii) No part of the agreement of compensation between the customhouse broker and the forwarder, nor any action taken pursuant thereto, shall forbid or prevent direct communication between the importer and the customhouse broker; and

(iv) In making such agreement and in all actions taken pursuant thereto, the customhouse broker shall be subject to all other provisions of these regulations and any amendments thereto.

(2) Where a customhouse broker is employed for the transaction of customs business by an unlicensed employer who is not the actual importer, a copy of the statement of charges made by the customhouse broker must be transmitted to the actual importer by the customhouse broker, except where the merchandise was purchased for delivery on an all free basis.

(c) No customhouse broker shall knowingly and directly or indirectly (1) accept employment to effect a customs transaction as associate, correspondent, officer, employee, agent, or subagent from any person whose license as a customhouse broker shall have been revoked for

any cause, or whose license is under suspension, or who has surrendered his license "with prejudice," or who is notoriously disreputable, or (2) assist the furtherance of any customs business or transactions of such person, or (3) employ, or accept such assistance from, any such person, or (4) share fees with any such person, or (5) permit any such person directly or indirectly to participate, whether through ownership or otherwise, in the promotion, control, or direction of the business of the broker: *Provided*, That nothing herein shall be deemed to prohibit any customhouse broker from acting as a customhouse broker for any bona fide importer or exporter, notwithstanding such importer or exporter may have had his license as a customhouse broker revoked or suspended, or may be disreputable: *And further provided*, That nothing herein shall be deemed to prohibit any person whose license has been revoked or surrendered with prejudice from petitioning the Commissioner to exercise his discretion to relieve him of the disabilities imposed by subparagraph (3) of this paragraph. Any such petition shall be filed no less than 5 years after the revocation of the petitioner's license, or its surrender with prejudice as the case may be. The Commissioner shall not approve any such petition unless he is satisfied that the petitioner has refrained from all activities in any way violative of the provisions of this paragraph and is also satisfied that in all other respects the petitioner's conduct has been exemplary during the period of disability under this paragraph. The Commissioner shall also give consideration to the gravity of the misconduct which gave rise to the petitioner's disability. In any case in which such misconduct led to pecuniary loss to the Government or to any person, the Commissioner shall also take into account whether the petitioner has made reimbursement for the losses incurred.

(d) No customhouse broker shall act in behalf of any person, or attempt to represent any person, in respect of any protest or appeal for reappraisalment, unless he shall previously have been specifically or generally authorized to do so by such person.

(e) No customhouse broker shall knowingly use false or misleading representations to procure employment in any customs matter, nor shall he represent to a client or prospective client that he

can obtain extraordinary favors from the Treasury Department or any representative thereof.

(f) No customhouse broker shall represent a client before the Treasury Department or any representative thereof in any matter to which the broker, as officer or employee, gave personal consideration, or as to the facts of which he gained knowledge, while in the Government service.

(g) No customhouse broker shall knowingly (1) assist a person who has been employed by a client in a matter pending before the Treasury Department or any representative thereof to which matter such person gave personal consideration or gained personal knowledge of the facts or issues thereof while in the Government service, or (2) accept assistance in any such matter from any such person, or (3) share fees in any such matter with any such person.

(h) No customhouse broker shall suggest to a client or a prospective client a plan known to be illegal for evading payment of any duty, tax, or other debt or obligation owing to the Government.

(i) Each customhouse broker who knows that a client has not complied with the law or has made any error in, or omission from, any document, affidavit, or other paper which the law requires such client to execute shall advise his client promptly of the fact of such non-compliance, error, or omission.

(j) Each customhouse broker shall exercise due diligence to ascertain the correctness of any information which he imparts to a client with reference to any customs business; and no customhouse broker shall knowingly impart to a client false information relative to any such business when such false information is or might be detrimental to the interests of the Government, the client, or any other person.

(k) No customhouse broker shall withhold information relative to any customs business from a client who is entitled to the information.

(l) Each customhouse broker shall promptly pay over to the Government when due all sums received for the payment of any duty, tax, or other debt or obligation owing to the Government, and shall promptly account to clients for funds received for them from the Government, or received from a client in excess of the governmental or other

charges properly payable in respect of the client's customs business.

(m) No customhouse broker shall endorse or accept without authority of his client any Government draft, check, or warrant drawn to the order of such client.

(n) With respect to merchandise imported after March 15, 1962, no customhouse broker shall demand or accept from any attorney (whether directly or indirectly, including, for example, from a client as a part of any arrangement with an attorney) on account of any case litigated in any court of law or an account of any other legal service rendered by an attorney any fee or remuneration in excess of an amount measured by or commensurate with the time, effort and skill expended by the broker in performing services in that case.

(o) No customhouse broker shall file or procure or assist in the filing of any claim, or of any document, affidavit, or other paper, known by such broker to be false, nor shall knowingly give, or solicit or procure the giving of, any false or misleading information or testimony in any matter pending before the Treasury Department or any representative thereof.

(p) Each customhouse broker shall exercise due diligence in answering correspondence, in making financial settlements, and in preparing, or assisting in the preparation and filing of, documents relating to any matter handled by him as a customhouse broker.

(q) No customhouse broker shall procure, or attempt to procure, directly or indirectly, information from Government records or other Government sources of any kind to which access is not granted by proper authority.

(r) No customhouse broker shall attempt to influence the conduct of any representative of the Treasury Department in any matter pending before the Treasury Department or any representative thereof by the use of a threat, false accusation, duress, or the offer of any special inducement or promise of advantage, or by bestowing any gift or favor or other thing of value.

(s) No customhouse broker shall refuse access to, conceal, remove, or destroy the whole or any part of any book, paper, or other record, relating to his transactions as a customhouse broker, which is being sought, or which the broker has

reasonable grounds to believe may be sought, by the Treasury Department or any representative thereof, or shall otherwise interfere, or attempt to interfere, with any proper and lawful efforts by such Department or representative to procure such information.

(t) Every licensed officer or member of a corporation, association, or partnership, which is licensed as a customhouse broker, shall exercise responsible supervision and control over the transaction of the customhouse business of such corporation, association, or partnership.

(u) A customhouse broker who is authorized by State law to transact business under a fictitious or trade name, and who proposes to so operate, shall submit evidence of his authority so to do and receive the approval of the Commissioner before he uses such name, and, when signing customs documents, shall affix his own name in conjunction with each signature of the fictitious or trade name.

**§ 31.11 Revocation or suspension of licenses.**

(a) Failure or refusal to comply with the duties, obligations, or requirements specified in § 31.10 or elsewhere in this part relating to customhouse brokers may be deemed grounds for suspension or revocation of the license of a customhouse broker, but such duties, obligations, or requirements are not to be considered as exclusive, as conduct not within the purview of any specification of this part may be deemed to be conduct warranting the suspension or revocation of a license under the authority of section 641(b), Tariff Act of 1930, as amended.

(b) A proceeding for the revocation or suspension of a customhouse broker's license shall be governed by the following rules, subject to the Tariff Act of 1930, as amended, and the Administrative Procedure Act (5 U. S. C. 1001-1311):

(1) *Inability of collector to act.* In the case of sickness or necessary absence of the collector which prevents him from acting as provided for in this section, the assistant collector shall be deemed the chief officer of the customs referred to in amended section 641 (b), Tariff Act of 1930, and shall perform the duties of the collector prescribed in this section.

\* See the first paragraph of section 641 (b) in footnote 1 to § 31.2.

(2) *Investigation.* Every complaint or charge against any customhouse broker filed with a collector or other customs officer shall forthwith be forwarded for investigation to the supervising customs agent in charge of the district in which the broker is located. The supervising customs agent shall make his report and transmit it, with recommendation, to the collector of the appropriate district for such action as may be necessary, and shall also transmit a copy thereof to the Commissioner.

(3) *Abatement of charges.* If the collector determines that there is sufficient evidence to prefer charges, he shall report all the facts to the Commissioner.

(4) *Institution of proceedings.* If the collector determines that there is sufficient evidence to prefer charges, he shall institute and conduct, subject to the applicable provisions of this section, a proceeding pursuant to amended section 641 (b), Tariff Act of 1930.

(5) *Drafting of notice.* The collector may request the Commissioner to assist in the preparation of the statement of charges to be served upon the accused broker. If the statement is prepared in the field, it shall be submitted to the Commissioner for review before being made the basis of action.

(6) *Opportunity to avoid proceeding.* The collector, before a proceeding is instituted, shall give to the accused broker a preliminary notice in writing that:

(i) Transmits a copy of the proposed statement of charges, or a specification of the substance thereof;

(ii) Cites sections 5 (b) and 9 (b) of the Administrative Procedure Act (5 U. S. C. 1004 (b) and 1008 (b));

(iii) Calls upon the accused broker to show cause, if he so desires, why the proceeding should not be instituted;

(iv) Informs the accused broker that the notice affords him opportunity to make submissions and demonstrations of the character contemplated by the cited statutory provisions;

(v) Invites any negotiation that the accused broker deems it desirable to enter into; and

(vi) Specifies a reasonable time for response to that notice: *Provided*, That, if prior to service of the statement of charges, the collector determines that the case is one where such preliminary notice would be improper and unnecessary,

he shall incorporate his findings and his reasons therefor in the statement of charges, and the statement of charges shall be served without first giving such preliminary notice.

(7) *Service of statement of charges.* Notice of the charges, signed by the collector, shall be served upon the accused customhouse broker in the following manner:

(i) If an individual:  
(a) By delivery to the accused broker personally, or

(b) By registered mail, with demand for a return card signed solely by the addressee.

(ii) If a corporation, association, or partnership:

(a) By delivery to any officer of such corporation or association, or member of such partnership, or

(b) By registered mail addressed to any such officer or member, with demand for a return card signed solely by the addressee: *Provided*, That, if a customhouse broker shall have signed and filed with the Commissioner his written consent to be served in some other manner, it shall be sufficient if service is made in that manner. Where the service is by registered mail, the receipt of the return card duly signed shall be satisfactory evidence of service.

(8) *Content of statement of charges.* The notice of charges shall state the place where and time within which the accused may file in duplicate his verified answer, and shall contain or be accompanied by a statement of charges, which statement shall be signed by the collector, giving a plain and concise, but not necessarily detailed, description of the facts which it is claimed constitute grounds for suspension or revocation of license. A statement of charges which fairly informs the accused of the charges against him so that he is able to prepare his defense shall be deemed sufficient. Different means by which a purpose might have been accomplished or different intents with which acts might have been done so as to constitute grounds for suspension or revocation of license may be alleged in the statement of charges in a single count in the alternative. If, in order to prepare his defense, the accused desires additional information as to the time and place of the alleged misconduct, or the means by which it was committed, or any other more specific information concerning the alleged mis-

conduct, he may present a motion in writing to the collector asking that the statement or charges be made more specific, setting forth in such motion in what specific respect the statement of charges leaves him in doubt and describing the particular language of the statement of charges as to which additional information is needed. If in the opinion of the collector such information is reasonably necessary to enable the accused to prepare his defense, the collector shall furnish the accused with an amended statement of charges giving the needed information.

(9) *Service of other papers.* After notice of the charges has been duly served, all other papers in the case, including notice of the time and place of the hearing, shall be served by:

(i) Delivering the same to the accused personally if an individual; or if a corporation, association, or partnership, to any officer or member thereof; or

(ii) Leaving them at the office of the accused, or of such officer or member, with his clerk or with a person in charge thereof; or

(iii) Depositing them in a United States post office or post-office box, enclosed in a sealed envelope, plainly addressed to such accused, or to such member or officer, at the address under which the accused is licensed or at the last known address of the accused, or such member or officer.

(iv) When the accused, whether an individual, corporation, association, or partnership, is represented by an attorney, by service upon the attorney in the manner provided for in subdivision (i), (ii), or (iii) of this subparagraph for service on the accused personally.

(10) *Copies filed with Commissioner.* Copies of all papers in the case, including the notice of charges, and each notice of the time and place of any hearing, shall be sent promptly by the collector to the Commissioner.

(11) *Hearing.* The hearing shall be before the collector or other chief officer of the customs, who shall provide a competent reporter to make the record of the hearing. If a competent reporter is not available to the collector, he shall request the Commissioner to furnish one for the hearing or to permit the use of available appropriated funds to hire the services of a reporter. The Commissioner shall designate an officer to represent the Government at the hearing and to

participate in the presentation of testimony. The collector may designate a member of his staff to assist in the proceedings. The accused or his attorney shall have the right to examine all exhibits introduced at the hearing. Pursuant to order of the collector giving due notice to the parties, depositions upon oral or written interrogatories may be taken by either party for use at the hearing before any officer duly authorized to administer oaths for general purposes or in customs matters.

(12) *Submittals.* After conclusion of the reception of the evidence, the collector shall by rule afford the parties a reasonable opportunity to submit proposed findings and conclusions and supporting reasons therefor as contemplated by section 8 (b) of the Administrative Procedure Act (5 U. S. C. 1007 (b)).

(13) *Decision by the collector.* After compliance with subparagraph (12) of this paragraph the collector shall make his recommended decision in the case and certify the entire record to the Secretary of the Treasury. The collector shall recommend to the Secretary the dismissal of the charges when in his opinion the charges have not been proved. The collector shall recommend to the Secretary that the license be suspended or revoked if in the opinion of the collector such action is warranted by the record. The collector's decision shall conform with the requirements of section 8 of the Administrative Procedure Act (5 U. S. C. 1007).

(14) *Decision by Secretary of the Treasury.* Upon receipt of the record, the Secretary of the Treasury will afford the parties a reasonable opportunity to make such additional submittals as may then be required by section 8 (b) of the Administrative Procedure Act (5 U. S. C. 1007 (b)) and by the circumstances of the case. Thereafter the Secretary will make his decision.

(15) *Dismissal subject to new proceedings.* If the evidence at the hearing indicates that a proper disposition of the case cannot be made on the basis of the charges preferred, the Secretary may instruct the collector to file appropriate charges as a basis for new proceedings.

(16) *Immaterial mistakes.* The deciding officer shall disregard an immaterial misnomer of a third person, an immaterial mistake in the description of any person, thing, or place, or the ownership of any property, a failure to prove

immaterial allegations in the description of the accused's conduct, or any other immaterial mistake in the statement of charges.

(17) *Proof, partial.* If the deciding officer finds that a part of the charges in the statement of charges is not sufficiently proved but that the residue thereof is so proved, he may base his decision on any facts established by the evidence which are grounds for suspension or revocation of the license and which are substantially charged by the said residue of the statement of charges.

(18) *Default.* No decision by default shall be made against an accused broker except upon evidence submitted on behalf of the Government.

(19) *Notice of suspension or revocation.* If the Secretary of the Treasury in the exercise of his discretion issues his order of suspension or revocation of the license of the accused, notice thereof shall be given by the Commissioner to the heads of all interested bureaus, offices, and divisions of the Treasury Department and to other interested departments and agencies of the Government in such manner as the Commissioner may determine. Except as provided for on appeal pursuant to section 641 (b), Tariff Act of 1930, as amended, such person will not thereafter be recognized as a customhouse broker during the period of suspension or revocation of his license.

(20) *Recapitulating.* Any customhouse broker who has been suspended or whose license has been revoked may make written application to the collector to have the order of suspension or revocation set aside or modified upon the ground (i) of newly discovered evidence, or (ii) that important evidence is now available which the applicant was unable to produce at the original hearing by the exercise of due diligence. Every such application shall be filed with the collector in duplicate. Such application must set forth specifically the precise character of the evidence to be relied upon in its support and shall state the reasons why the applicant was unable to produce it when the original charges were heard. If the collector after due consideration of the application shall deem it sufficiently meritorious to warrant a hearing, he shall so recommend to the Secretary, who may order the taking of additional testimony before the collector. The collector shall set a time and place for such hear-

ing, and give due notice thereof to the applicant. The procedures governing the hearing and decision will be the same as those governing the original proceeding.

(21) *Notice of reinstatement.* In the event that the Secretary shall issue an order vacating or modifying the prior order of suspension or revocation, notice thereof shall be given to all those to whom notice of the original order of suspension or revocation was sent.

(22) *Saving provision.* Any proceeding for revocation or suspension of a license instituted prior to the effective date of this section shall be governed by the provisions of 31 CFR 11.10 in force at the time the proceeding was instituted: *Provided, however,* That if in the course of the proceeding there is taken any action that is authorized by the provisions of 31 CFR 11.10 governing the proceedings, but is not authorized by this section or any intervening amendment of 31 CFR 11.10, said action shall not constitute grounds for disturbing any order thereafter made in the proceeding, unless (i) it is shown that the action was in derogation of substantive rights and not merely procedural rights; and (ii) upon occurrence of the action the respondent made timely objection supported by his reasons and the objection was overruled: *Provided further,* That adherence may be had to this section pursuant to stipulation of the parties.

#### § 31.12 Cancellation of licenses.

(a) Any corporation, association, or partnership which is licensed as a customhouse broker shall immediately notify the collector of each district in which it is licensed to transact business in the event it ceases to have at least two officers or members who are licensed individually as customhouse brokers and who exercise responsible supervision and control of the transaction of the customs business of the licensed organization. Collectors shall report to the Commissioner all cases wherein the required number of officers or members of any licensed corporation, association, or partnership have ceased to be qualified as customhouse brokers and the deficiency has continued for more than 60 days. The Commissioner, in such cases, will notify the corporation, association, or partnership that its license has been revoked in accordance with the requirement of section 641 (a),

Tariff Act of 1930, as amended. A copy of such notice shall be sent by the Commissioner to the collector.

(b) A customhouse broker's license may be canceled upon written application to the Commissioner and surrender of the license certificate, but before granting the request, inquiry shall be made by the Commissioner to ascertain whether it has been made in order to evade proceedings for revocation or suspension of the license, in which event the request shall be denied, unless the Secretary of the Treasury shall otherwise order.

(c) Notwithstanding the provisions of paragraph (b) of this section, a customhouse broker's license may be canceled "with prejudice" upon written application to the Commissioner and surrender of the license certificate. The effect of all cancellation "with prejudice" is in all respects the same as if the license had been revoked for cause pursuant to the provisions of § 31.11.

§ 31.13 Licenses issued under prior acts of Congress.

Licenses issued under prior acts of Congress shall continue in force and effect in accordance with the provisions of section 641 (c), Tariff Act of 1930, as amended.

§ 31.14 Appeal from the Secretary's decision.

An appeal from any order of the Secretary of the Treasury suspending or revoking a license may be taken by any customhouse broker in accordance

Such appraisement shall be final in the absence of an appeal to reappraisal as provided in section 501 of the Tariff Act of 1930, as amended. In the case of any article entered under a provision of the customs laws or for another fair, or transferred to other customs custody status or to a foreign-trade zone, the period prescribed for the performance of any act required by the provision governing the status under which the article is entered, or to which it is transferred, shall be computed from the date of such entry or transfer.

§ 32.4 Compliance, provisions of Plant Quarantine Act of 1912, and Federal Food, Drug, and Cosmetic Act.

The entry of plant material subject to restriction under the Plant Quarantine Act of 1912, as amended (7 U.S.C. 151-164a, 167), shall not be permitted except under permits issued therefor by the Plant Quarantine Division of the Agriculture Research Service, Department of Agriculture, and in accordance with the plant quarantine regulations. The entry of food products shall conform to the requirements of the Federal Food, Drug, and Cosmetic Act, as amended (21 U.S.C. 301 et seq.), and regulations issued thereunder.

§ 32.5 Detail of customs officers to protect revenue; expense.

(a) The collector shall detail an officer to act as his representative at the fair and shall station inside the buildings as many additional customs officers and employees as may be necessary to properly protect the revenue.

(b) All actual and necessary charges for labor, services, and other expenses in connection with the entry, examination, appraisement, custody, abandonment, destruction, or release of articles entered under the regulations in this part, together with the necessary charges for salaries of customs officers and employees in connection with the accounting for, custody of, and supervision over, such articles, shall be reimbursed by the fair operator to the Government, payment to be made monthly to the collector for deposit to the appropriation from which paid.

§ 32.6 Disposition of articles entered for fairs; entry or transfer; destruction; abandonment, voluntary or mandatory; exportation.

(d) Upon such entry being made, the collector shall issue a special permit for the transfer of the articles covered thereby to the buildings in which they are to be exhibited or used, or, in the discretion of the collector, to the appraiser's stores for examination and subsequent transfer to the buildings in which they are to be exhibited or used. The articles shall be tentatively appraised prior to their exhibition or use. No imported exhibit entered under the regulations in this part shall be removed from or used on the fair premises unless it is first entered in accordance with § 32.6(a), and no imported construction, installation, or maintenance material entered under these regulations shall be removed from the fair premises except in accordance with that section; and such exhibits and materials shall be kept segregated from domestic articles and from imported articles entered under the provisions of the general customs laws and released from customs custody thereunder.

(e) If for any reason articles imported or brought in for entry under the regulations in this part are not upon their arrival to be delivered immediately at a fair building, the fair operator should so indicate to the collector in writing, who will cause such articles to be placed in a bonded warehouse under a "general order permit" at the risk and expense of the fair operator. At any time within one year from the date such articles are imported or brought in, they may be entered under these regulations for a fair, or entered under the general tariff law, or for exportation. If not so entered within such period, they will be regarded as abandoned to the Government.

(f) Any article imported or brought into the United States which is in continuous customs custody, covered by a customs exhibition bond, or in a foreign-trade zone, on which no duty or internal-revenue tax has been paid, may be entered under bond under the regulations in this part for the purpose of exhibition at a fair, or for use in constructing, installing, or maintaining foreign exhibits at a fair. In each case an entry under paragraph (c) of this section shall be filed, which entry shall supersede any previous entry. No bond other than that specified in § 32.2(d) shall be required. § 54.2 Free entry of personal and household effects of certain classes of persons in the service of the United States, or of their families, and of evacuees.

(a) Under section 1 of the Act of June 30, 1955 (50 U.S.C. App. 801), free entry may be accorded to the personal and household effects (with the limitation on alcoholic beverages and tobacco products prescribed by paragraph (c) of this section) of any person in the service of the United States who returns to the United States upon the termination of assignment to extended duty at a post or station outside the customs territory of the United States, or of returning members of his family who have resided with him at such post or station, or of any person evacuated to the United States under Government orders or instructions, provided such effects are entered or withdrawn from warehouse, for consumption during the effective period of such Act.

(b) The privilege does not apply to articles imported for sale, or for the account of any person not specified in the act, but the term "personal effects" as used in the statute is not confined to that class of articles described in item

812.10, Tariff Schedules of the United States; nor is any period of use, such as is prescribed by item 810.10, Tariff Schedules of the United States, applicable to household effects entered under this act.

(c) Not more than one wine gallon of alcoholic beverages and not more than one hundred cigars may be imported by any person under the act, except that no alcoholic beverages or cigars shall be accorded free entry under the act in addition to either of such products currently imported by the person in connection with his return to the United States and accorded free entry under item 813.30, 813.31, or 813.32, Tariff Schedules of the United States.

(d) Collectors of customs shall be satisfied in all cases that the effects imported free of duty under the act are the personal and household effects of the importer, particularly in those cases where the quantity of effects imported may appear to be an unreasonable quantity for personal or household use.

(e) Except as it may otherwise be deemed proper in accordance with the provisions of paragraph (f) or (g) of this section, no person, or member of his family, shall be allowed free entry of personal or household effects under the act where the person returns to the United States pursuant to Government orders or instructions which authorized him initially to proceed to a foreign post or station and return to the United States upon termination of temporary duty.

(f) The requirement of the act that the person "returns to the United States upon the termination of assignment to extended duty" shall be considered met upon the necessary proof being submitted that any one of the following cases is applicable:

(1) The person is returning from duty outside the customs territory of the United States of at least 140 days duration.

(2) The person is returning after the termination of an assignment to permanent duty at a post or station outside customs territory of the United States, regardless of the duration of the duty.

(3) The person returns to the United States under Government orders at any time after leaving the United States for extended duty of not less than 140 days outside the customs territory of the United States.

(4) The person, although not returning to the United States, is ordered by the Government agency involved from duty at a post or station outside the customs territory of the United States to duty at another post or station outside the customs territory of the United States necessitating the return to the United States of his personal and household effects.

(g) In any case where the limitation on the quantity of alcoholic beverages and tobacco products which may be exempted from duty and tax under paragraph (c) of this section, or the failure of the person to meet the requirement that he be returning from "extended duty", as explained in paragraph (f) of this section, will cause undue hardship to the person through no fault of his own, but rather because of the nature of his assignment or other hardship circumstances, the Commissioner of Customs, upon receipt of a request from the Government agency involved, may waive the limitation or the requirement, as the case may be, if he deems such waiver warranted by the facts.

(h) All articles for which free entry is claimed under the act shall be entered or withdrawn in accordance with the requirements prescribed by the Tariff Act of 1930. Collectors of customs shall accord free entry under the act upon the production of satisfactory proof that the articles are entitled to the benefits thereof. Customs Form 6061 may be used as a declaration and entry for articles granted exemption from duty and tax under the act when entry is made in the name of the person who is entitled to the benefits of the statute. Such declaration and entry shall be verified by the customs officer by an inspection of the owner's travel orders, unless other evidence is furnished which satisfies the collector that the effects were brought into the United States in connection with the person's return to the United States upon the termination of assignment to extended duty, as explained in paragraph (f) of this section, or in connection with the return of members of his family who have resided with him at such post, or station, or in connection with the evacuation of a person to the United States under Government orders or instructions. If the collector accepts an inspection of the owner's travel orders as evidence that the effects were brought

into the United States within the requirements of the act, the owner's travel orders shall be identified on the entry, which shall be handled like a free baggage declaration. The date of the person's last departure from the United States shall be indicated on the declaration and entry. The inward foreign manifest covering a shipment entered on customs Form 6061 shall be liquidated by noting thereon "Free on C. F. 6061, C. R. 54.2."

(i) No invoice shall be required for articles accorded free entry under the act.

(Secs. 481, 494, 498, 46 Stat. 719, 722, as amended, 728, as amended sec. 1, 56 Stat. 481, as amended; 19 U.S.C. 1481, 1484, 1498, 50 U.S.C. App. 301)

**ALUMINA**

§ 54.4 Alumina to be used in producing aluminum.

(a) Pursuant to item 907.15, Tariff Schedules of the United States, alumina, when imported for use in producing aluminum and entered, or withdrawn from warehouse, for consumption during the effective period of item 907.15 without the deposit of duty if the person making the entry or withdrawal from warehouse files therewith his declaration that the alumina was imported to be used in the production of aluminum and the collector is satisfied that the importer of the alumina had the declared intention at the time of importation. Liquidation of the entry covering the alumina shall be suspended until proof of use is furnished or the time allowed for the production thereof has expired.

(b) Within 3 years from the date of entry (in the case of warehouse entries as well as consumption entries) the importer shall submit in duplicate a certificate of the superintendent or manager of the plant in which the aluminum was produced that the alumina has actually been used in producing aluminum. A blanket certificate covering all purchases of alumina from a particular importer during a given period, or all such purchases with specified exceptions, may be accepted for this purpose, provided the importer shall furnish a statement showing in detail, in such manner as to be readily identified with each entry, the alumina which he sold to such producer of aluminum during such period. The

latter statement shall be based on adequate and carefully kept records of the importer, which shall be open at all times to inspection by employees of the Customs Service and which shall be retained for a period of 3 years from the date of liquidation of the entry.

(c) Upon satisfactory proof of use of the alumina in the production of aluminum, the entries shall be liquidated free of duty. When such proof is not filed within 3 years from the date of entry or any extension of the period of the bond (see § 25.18(b) of the regulations of this chapter), the entry shall be liquidated dutiable under item 417.12, Tariff Schedules of the United States. (Sec. 101, 76 Stat. 72; Item 907.15, Tariff Schedules of the United States)

**METAL ARTICLES IMPORTED TO BE USED IN REMANUFACTURING BY MELTING**

§ 54.5 Scope of exemptions; non-deposit of estimated duty.

(a) Articles in chief value of metal (except articles of copper, of lead, of zinc, or of tungsten, and not including metal-bearing materials, provided for in schedule 4, Tariff Schedules of the United States, or in part 1 of schedule 6 and not including unwrought metal provided for in part 2 of schedule 6) to be used in remanufacture by melting, and actually so used, shall be entitled to free entry upon compliance with § 54.6 of the regulations of this part, if entered or withdrawn from warehouse, for consumption during the effective period of item 911.10, Tariff Schedules of the United States.

(b) No deposit of estimated duty shall be required upon the entry, or withdrawal, for consumption of articles within the purview of paragraph (a) of this section if the collector is satisfied at the time of entry or withdrawal by written declaration of the importer that the merchandise was imported to be used in remanufacture by melting.

(Sec. 101, 76 Stat. 72; Item 911.10, Tariff Schedules of the United States)

§ 54.6 Proof of intent; bond; proof of use; liquidation.

Articles in chief value of metal, described in § 54.5(a) of the regulations of this part shall be admitted free of duty upon compliance with the following conditions:

(a) There shall be filed in connection with the entry a statement of the importer that the articles are to be used in remanufacture by melting.

(b) If the articles are entered for consumption, there shall also be filed in connection with the entry a bond on customs Form 7551 or 7553. If the articles are entered for warehouse, the regular warehouse bond, customs Form 7555, shall be given and withdrawals shall be made on customs Form 7506. The liquidation of the consumption or warehouse entry shall be suspended pending proof of use or other disposition of the articles within the time prescribed by this section.

(c) Within 3 years from the date of entry (in the case of warehouse entries as well as consumption entries) the importer shall submit to the collector of customs at the port of entry a statement of the superintendent or manager of the plant at which the articles were used in remanufacture by melting, showing: (1) The name and location of the plant; (2) the entry number, date, and port of entry (if the person making the statement is not in possession of this information a reference to invoices, purchase orders, or other documents which will identify the shipment with the entry may be substituted); (3) the date or inclusive dates of the processing of the articles; and (4) a description of the processing in sufficient detail to enable the collector to determine whether such processing constituted a use in remanufacture by melting. In appropriate cases more than one entry may be included in one statement. The statement shall be based on adequate and carefully kept plant and import records, which shall be open at all times to customs agents or other employees of the Customs Service. The statement shall be in duplicate, one copy to be forwarded to the comptroller of customs.

(d) If satisfactory proof of use of the articles in remanufacture by melting is

"In connection with the entry" means any time prior to liquidation of the entry or within the period during which a valid re-liquidation may be completed (§ 25.18 (e)). Therefore, a claim for free entry under Item 911.10, Tariff Schedules of the United States, supported by a statement of intent may be filed at any time prior to the liquidation of the entry or within the period during which a valid reliquidation may be completed.

(3) If the merchandise is charged against a carrier's bond, the agreement of the principal and the sureties on the bond to remain bound under the terms and conditions of the bond to the same extent as if no extension had been granted; and

(4) If the merchandise is in general order or charged against an entry bond, the certificate of the proprietor of the warehouse in which the merchandise is stored, consenting to the extension, or certifying that all charges or amounts due or owing to the proprietor for the storage or handling of the merchandise up to the date of the beginning of the 1-year period of extension requested have been paid.

(b) Pursuant to the same authority and subject to the same conditions, such 1-year or 3-year period, as the case may be, is hereby extended for an additional period of 1 year each from and after the expiration of the immediately preceding extension if such expiration occurs during the continuance of the aforesaid national emergency.

§ 56.2 Merchandise in general order.
