

Dear Caroline.

You remember of course the circular dispersed by the N.Y. City Socy in 1840 urging persons out of the Society to join it in order to outvote Garrison & Co & adding the (garbled) qualifications of membership - it is referred to in the Rept of Am A.S. by Child in that year - Now it is necessary to have that, ipsis verbi, for Quincy's reply to Tappan M.W.L. has it not I can't find it either in the Lib or Standard - of that year - Can you refer me to it or get it for

forme - If so do a

a woman you can

with you
