PROF. E. R. SQUIBBS strictly pure

Medicines for prescriptions.

In all cases where it is possible, the Prescriptions and Medicines dispensed at my Pharmacy, are compounded from the products of the Laboratory of Prof. E. R. SQUIBB, of Brooklyn, thus insuring to both physician and patient, Medicines whose purity of quality, and reliability of character, are above suspicion.

I have in my store every SINGLE ARTICLE OF MEDICINE that is prepared by Dr. SQUIBB, and NEVER use any other in prescriptions, unless he fails to make the article prescribed, and in such cases the purest and best article to be obtained is used.

Using only the purest articles, and fully realizing the great responsibility attached to the Dispensing of Medicines, I devote to their preparation the most rigid personal care and attention.
