GENOA EUROPEAN CONFERENCE FINDS ITS LABORS

Conferees Arrange Hague Meeting and Depart From Genoa

Lloyd George Advises Russians to Drop Doctrine of Repudiation of Debts; Keynote of Speeches at Last Session Desire to Help Russia.

Genoa, May 19.—The Genoa Economic Conference, one of the greatest political gatherings in Europe's history, which brought here the representatives of thirty-four nations, adjourned at 1.15 p. m. to-day after six weeks of deliberation. Its labors will be begun anew at The Hague on June 15. The conference adopted the report of the Economic Commission, which contains constructive recommendations for the economic regulation of Europe; adopted the arrangements for the conference at The Hague, and proclaimed Premier-Lloyd George's famous Non-Aggression Pact, which though provisional in its nature, it is hoped to follow with a permanent peace pact.

Premier Facta of Italy, as President of the Conference, solemnly closed its sessions by bidding farewell to all the delegations, thanking them for their valuable work, and expressing best wishes for the future prosperity of all the nations. The Dutch Minister, on behalf of Holland, voiced the assurance that everything possible would be done by The Netherlands to facilitate the success of the meeting at The Hague.

Desire to Help. The keynote of all the remarks at the final session was one of friendship and earnest desire to help Russia, but Premier Lloyd George pointed out to the Russian Soviet representatives the unfortunate effect their famous memorandum had had on the war and told them that if they wished for success at The Hague, they had better abandon their eloquent presentation of the doctrine of repudiation of their debts.

Foreign Minister Tchitcherine of Russia protested against the exclusion of the Russians from the work of the Labor Committee of the conference, but M. Colrat, of the French delegation, retorted that they had been left out because they did not attend the meetings and seemed to show little interest in the cause of labor.

Little Interest. M. Tchitcherine's last word at the conference was that the real cause of the failure to obtain a settlement of the Russian question was that the footing of equality between Russia and the other powers had not been maintained.

Wiser Course. Baron Hayashi of Japan agreed with Premier Lloyd George in declaring great good had been accomplished by the conference. He went the British Premier one better, however, by insisting that the attitude of the Russians toward the conference was moderate than he had expected. He hoped at The Hague Russia would assume a wiser and more prudent attitude.

"This attitude," added Baron Hayashi, "will bring help to the other countries in Europe in future days, and perhaps in the near future from the United States."

LLOYD GEORGE SPOKE OF RESULTS OF CONFERENCE

Genoa, May 19.—Premier Lloyd George in a victory speech to the Genoa Economic Conference to-day, said the conference had gathered "fine crops," namely the meeting to be held at The Hague, the Non-Aggression Pact, and the reports of the Finance, Transport and Economic Commissions, which, he said, alone justified the holding of the conference. These results, he said, incorporated into living practice, however, in order to aid in restoring European vigor and prosperity.

Mr. Lloyd George received great applause when he arose to deliver his address. He was in fine form and good humor.

"We are now at the end of the most remarkable conference ever held in the history of the world," he said. "The Genoa Conference will forever be an inspiring landmark in the pathway of world progress."

He proposed resolutions of thanks to Premier Facta and Foreign Minister Schanzer of Italy, and paid warm tributes to the hospitality of the Italian people.

Genoa has given us a reception worthy of Genoa's renown," he declared.

Russia. Mr. Lloyd George called attention to the bad effect the Russian memorandum has had on the world, and he warned the Russians that if they desired to win success at The Hague, it would be better for them not to enter into an eloquent presentation of the doctrine of repudiation of debts. Such a course was unwise when one wanted to borrow more money, he remarked.

Europe, said the Premier, was anxious to help Russia, but Russia must accept the code of honor which Europe had inherited from centuries of hard working, honest people.

Closing Gaps. He warned Russia that Europe was gradually filling up the gap left by Russia's decline, but there was still time to close the gap.

HERE TO AID EXPORT TRADE

Douglas S. Coles, Junior Trade Commissioner of the Federal Department of Trade and Commerce, arrived here yesterday to take up with B. C. manufacturers the possibility of trade extension in the Orient. Manufacturers who wish to interview Mr. Coles may do so at the Chamber of Commerce Rooms, Belmont House, by arrangement with Geo. L. Warren, Managing Secretary of the Chamber.

C. P. R. READY TO REDUCE RATES

Beatty Agrees to New Basic Commodity Schedule

Ottawa, May 19.—(Canadian Press)—"The Canadian Pacific Company agrees," declared E. W. Beatty, president of the Canadian Pacific Railway, before the Committee of the Commons on Railway Transportation Costs this morning, "that a revision downward of rates is desirable and is quite prepared, with the approval of the Railway Commission, to put into immediate effect reductions of rates on basic commodities that will be of greater national benefit than the re-establishment of the Crow's Nest Pass agreement. Such reductions will largely affect its revenues. These reductions could only be made in anticipation of substantial additional reductions in operating costs."

The committee before which Mr. Beatty spoke was appointed to consider the general question of freight rates in view of the fact that legislation suspending the lower rates on certain commodities provided under the Crow's Nest Pass agreement of 1897 will expire in July.

Mr. Beatty's declaration came at the close of a lengthy statement in which he revised the whole circumstances of the Crow's Nest agreement.

Ottawa, May 19.—(Canadian Press)—"The wages question came to the front in the questioning which followed the statement of E. W. Beatty, president of the Canadian Pacific Railway at the session of the Railway Costs Committee this morning. E. M. Macdonald, Pictou, asked if Mr. Beatty considered the findings of American boards regarding wages compulsorily applicable to Canadian roads."

"Practically," replied Mr. Beatty, "ninety-two per cent. of the membership of the international unions in the United States and eight per cent. in Canada."

"Do you not carry a higher tonnage per man than formerly?" asked E. H. McConica, member for Battleford.

Mr. Beatty said he had not a comparison going back to early days, but that since 1916 the wages had increased proportionately to tonnage.

CHILD KILLED

North Sydney, N. S., May 19.—Crawling under a railway car in order to hide from a policeman who was chasing boys playing around the railway yards at Little Bras d'Or Mine, thirteen-year-old John Clark had his head cut off yesterday when the car started.

UNUSUAL INCIDENT IN ONTARIO HOUSE

Dewart Protested When Assent Being Given to Bill

Opposed to Tax on Racetrack Wagers

Toronto, May 19.—With the Lieutenant-Governor in the Speaker's chair waiting to give assent to the Provincial Corporation Tax Act Amendment, in which was embodied the clause to place a five per cent tax on racetrack wagers, H. H. Dewart, K. C., last night embraced the opportunity to register a final protest against the enactment of the measure.

All the members of the Legislature were standing, the Assistant-Clerk of the House had read a score of titles, foremost among which was the Corporation Tax Act Amendment Act, and the Clerk had made his dignified bow and uttered the first word of the sentence which would enact the bill into law.

"In His Majesty's name, His Honor doth assent to these bills."

A Surprise. The House galleries were visibly started when the member for Southwest Toronto, standing in his place, commenced to speak.

"May I ask the Premier," he said, "whether His Honor has not the advice of independent counsel with reference to the Corporation Tax Act except that of the Attorney-General, who has been associated with the Social Service Council in the views he has so often expressed in the House?"

After a moment of quiet, Premier Drury answered, "I am not aware that he has."

Then Mr. Dewart continued: "This I ask then if the Premier thinks it is fair to the Lieutenant-Governor that he should be asked to approve of the bill when he has not had the privilege of independent advice?"

Assent Given. The Clerk was signalled to complete his sentence and the incident was over. Premier Drury later last night characterized Mr. Dewart's action as "deplorable" and "an unprecedented breach of the decorum of Parliament."

WELLS MAY CEASE TO WRITE FICTION

London, May 19.—(Canadian Press Cable)—H. G. Wells, writing to the Governors of Glasgow University, accepting candidature for the post of Lord Rector of the university, states he has reached the parting of the ways and is seriously considering the question of giving up writing fiction in favor of political writing in the interests of labor.

Fail to Find Cause of Arcade Block Fire

What caused the disastrous fire which gutted the Arcade Building here May 10 remained as much of a mystery as ever after Provincial Fire Marshal J. A. Thomas had concluded the morning session of the official enquiry into the conflagration to-day. The enquiry is continuing this afternoon, but there is little hope expressed that the cause of the fire will be discovered. Evidence taken this morning, however, indicated that the fire started in the basement of the Plimley & Ritchie bicycle store and then burst through the wooden partition dividing it from the Fletcher Music Store. It was brought out also that wiring in the basement of the

FLOOD MEANS MORE MOSQUITOES

Engineers Admit Defeat in Sumas District

Huntingdon, B. C., May 19.—Engineers to-day acknowledged defeat in their attempts to stem the Sumas flood. The insistent waters swept over brush hills, through rock dams and under piers.

The flood this morning cut into the lake side bank and a current 150 feet wide is carrying the Fraser River into its old Summer resort, taking tons of earth along with it. No estimate has been made of the damage, but the Fraser is rapidly spreading out on the lake lands.

Encouraged by the prospect of a month ago, the farmers ploughed about 500 acres of soil. They will now lose even the usual after-flood hay from this land, but the mosquito crop is dreaded more than the water damage, and the flood of deflection is deeper because of high hopes held that this year would bring freedom.

EIGHTEEN MEN SENT TO PRISON

Sentences Follow Assizes in Vancouver

Vancouver, May 19.—Imprisonment in the penitentiary was ordered to-day by Mr. Justice Murphy for eighteen prisoners convicted at the present assizes, while in the case of three others sentence was suspended. The heaviest sentence was seven years, meted out to Hoy Ching for having \$15,000 worth of cocaine in his possession. This is the maximum under a recent amendment to the Criminal Code.

Sentence was suspended upon L. T. Dillon, found guilty of manslaughter in connection with the death of May Young. Dillon is to enter a bond of \$1,000 to appear before Mr. Justice Murphy for sentence if called upon.

The same course was adopted by the judge in the case of J. A. Paquet, a youth convicted of obtaining money from a number of Chinese gardeners by false pretences; and in the case of Mack W. Johnson, who pleaded guilty to perjury in connection with wearing an insurance policy.

John Lam, selling drugs, was given three years. Harry Rubio, robbery with violence, three years and twenty lashes. Fred Houston, burglary, five years. The same sentence was given to three men for selling drugs, three years.

Arthur Brown, selling drugs, three years in the penitentiary. F. Sayers, theft, three years in the penitentiary.

Roy Castle, theft, two years in the penitentiary. William Harrison, conspiracy to defraud, two years in the penitentiary.

W. E. Hall, conspiracy to defraud, two years in the penitentiary. Lum Won Hing, selling drugs, three years in the penitentiary.

Chong, distributing drugs, pleaded guilty, two years in the penitentiary. Sing Lung, selling drugs, three years in the penitentiary.

James Macdonald, distributing drugs, pleaded guilty, two years in the penitentiary.

Arthur Parkinson, robbery with violence, two years in the penitentiary, with five lashes.

MRS. J. E. NORCROSS DIED IN VANCOUVER

Vancouver, May 19.—Mrs. J. Edward Norcross, wife of the News Editor of the Vancouver World, died in the General Hospital here early this morning after a long illness. She was well known in the Nanaimo district of Vancouver Island, where she resided before her marriage to Mr. Norcross.

TO ENTERTAIN SINGER

Mrs. Walter C. Nichol extended an invitation by radio to Madame D'Alvarez, the prima donna, to attend an informal reception at Government House this evening following the concert at the arena. The message was transmitted to the famous singer while en route from Vancouver.

U. S. SEEKS POTATOES FROM B. C. FOR SEED

Washington, D. C., Experts Now Test Out Local Product

Profitable Field for Farmers Here Will Be Opened

If tests now being carried out by the United States Government at Washington are satisfactory, big money will await British Columbia farmers who can produce good seed potatoes. Cecil Tice, head of the Government's potato department at the Parliament Buildings announced to-day.

Because of the deprivations of leaf roll mosaic and other diseases, American potato growers have been suffering great losses during recent years. In some districts losses have been so great that potato growing has been discontinued.

British Columbia potatoes are free from many of these diseases. The experiments now being carried out by the United States Government are for the purpose of confirming indications that B. C. varieties of potatoes can be grown in the infected districts of United States and resist the attacks of these diseases.

Research scientists at the Department of Agriculture, Washington, to-day notified Mr. Tice that they have received and are now working on the first shipment of B. C. potato seed which he sent several days ago. Mr. Tice sent seven varieties for Washington to experiment with. Results of these experiments will be made known this fall.

Mr. Tice explained that the United States Government is just as anxious as British Columbia to have the B. C. potatoes come out triumphant in the test as Washington has so far been unable to discover a source of seed which will save the industry in that country.

Seed potato growing is making headway fast, reports from all over the Province to Mr. Tice show. Last year \$6,000 worth of certified seed was produced. Preliminary reports show that there are now 200 registered seed growers. Last year there were only 100.

The Colorado potato beetle which is invading the interior of B. C., coming from the South in railroad trains as well as traveling by wing and foot, is being worked on in earnest by Provincial Government experts in an effort to keep the invasion from spreading to other parts of the Province. The beetles can be known by the fact that they are orange color, and have ten black stripes down their backs. So far poultry experts have been unable to produce a chicken that will eat these insects.

"DEATH CAR" MEN SOUGHT BY POLICE

Two Connected With Chicago Murders Still Free

Chicago, May 19.—Indictment of John Miller, alleged driver of the "death car" from which shots were fired May 3, killing two policemen in disorders attributed by police to labor troubles, will be asked to-day by Robert E. Crowe, state attorney.

Fives to-day continued the questioning of suspects arrested yesterday in an effort to locate Charles Daudauskis and "Floater" Stanley, named by Miller as the other occupants of the car. A recommendation of police claim to have obtained from him. Other indictments also will be asked, Mr. Crowe intimated.

Justice Kichman Scanlon, before whom an application for immediate trial, filed by attorneys for Murphy, Mader and Shea is pending, denounced "big business men" who refused to serve on juries in an address last night.

"Much crime would be wiped out if business men would accept the responsibility of jury service," he said.

There have been eighteen bombs thrown in Chicago in the last sixty days and the recent killing of two policemen brought matters to a head.

T. L. CHURCH SAYS U. S. CRUISERS ON DETROIT RIVER

Ottawa, May 19.—(Canadian Press)—"Is the Government aware that the State of Michigan is placing gunboats and armed cruisers on the Detroit River?"

That is the question which Thomas L. Church, Conservative member for North Toronto, proposes to place before the Government in the Commons. Mr. Church follows that question by asking: "If so, what action does the Government propose to take to insure the safety of the thousands of Canadian ships and the many Canadian ships lawfully using this river?"

LADY RHONDDA DENIED PLACE IN HOUSE OF LORDS

London, May 19.—By vote of 20 to 4, the Committee on Privileges of the House of Lords decided to-day that Lady Rhondda's claim and petition to sit in the House of Lords "had not been made out."

Alderman R. W. Perry was chosen by Mayor William Marchant to-day to crown the May Queen, Miss Smethurst, at the Victoria Day celebration in Beacon Hill Park, May 24.

Alderman Perry, with his well-known flow of extemporaneous eloquence and his jovial, fatherly manner, is the logical man for the job, the Mayor declared when announcing that Alderman Perry would perform the crown act. "I am confident that no one could go through the striking ceremony with greater credit to the City Council than he. His ability in these things has been proved before his latest triumph being at the Bellingham excursion a short time ago. We are expecting him to make a very unusual speech when he places the crown upon the fair brow of the May Queen."

LARKIN SIGNS LEAGUE DOCUMENTS FOR THIS COUNTRY

London, May 19.—(Canadian Press Cable)—Hon. P. C. Larkin, Canadian High Commissioner in London, will leave for Geneva to-day to sign documents on behalf of Canada in connection with the League of Nations.

SUNDAY CLOSERS ASK A RULING

Lay Statement Before the Attorney-General

Victoria Case Reported to the Methodist Conference

A full statement setting forth the attitude of the Lord's Day Alliance towards the recent unofficial Sunday closing plebiscite here is being prepared and will be laid before Attorney-General Manson, the Federal Minister of Justice and the British Columbia members of the Federal House, Rev. Dr. W. J. Sippell announced at the British Columbia Methodist Conference in Vancouver to-day.

He declared that the vote was illegal and that the people therefore had been asked to refrain from voting.

To Be Investigated. Mr. Shandro stated that the Minister looked favorably upon the idea, expressing the opinion that examination of the immigrant should be made nearer the points of departure than at the termination of his journey. He promised to go more at length into the proposal when the session of Parliament opened these sessions are more time available for discussion of such details.

Debate on Census Classification. Senators gave views on "Canadian" designation. Pardee urged growth of national spirit.

Ottawa, May 19.—The attention of the Government was called by Senator Griesbach to the census racial classification and the rumor that it was to be changed. At present there was no recognition of Canadian nationality and each person must state the race from which he sprang.

Senator Griesbach told the Senate he believed the present system should be maintained.

Senator Dandurand, the Government Leader, said he had no knowledge of any complaint of incorporating in the census the origin of people. He could have no objection, however, to registering their present status of citizenship. He hoped there was no one in Canada who would not proclaim himself a Canadian.

WOOD CAMP PLAN HERE APPROVED

Committee Asks Permission to Start Relief Scheme for Next Winter

Preliminary plans for starting a camp where unemployed will be given jobs cutting cordwood next winter were approved at the first meeting of the City Council's new Unemployment Committee, under Alderman John Harvey, last night.

The committee agreed that such a camp seemed to be the most feasible way of providing a permanent relief for unemployment and of abolishing the dole system of relief.

Before proceeding with arrangements for a camp, however, the committee will seek the City Council's approval of the idea. When this approval has been secured the committee will start immediately to seek an area of timber suitable for cordwood and here a camp will be established during the summer for operation in the fall. The City cannot buy timbered land for the purposes of the camp unless it makes arrangements with the owners for removing the wood.

The possibility of providing jobs by extensive rock blasting at various parts of the City also was considered by the committee last night. It is planned to crush large quantities of rock for use on roads and during the next year and the committee is anxious that this work shall be conducted so as to afford as much relief for unemployment as possible.

The unemployment problem, we find, is a very big one," Alderman Harvey said to-day. "It will take us most of the summer to get ready for it if we are to provide a real solution instead of some makeshift method. At present, however, unemployed must go out and get jobs for themselves. The City has stopped its relief measures and that is final."

400,000 EUROPEANS TO CANADIAN FARMS

Proposal Embraces Eastern Galicians and Bukowinians

Prairie Man Makes Suggestion to Ottawa

Winnipeg, May 19.—A proposal guaranteeing to bring to Western Canada within three years 400,000 settlers picked from among the agricultural people of Eastern Galicia and Bukowina, in Central Europe, has been submitted to Hon. Charles Stewart, Minister of the Interior, by Andrew S. Shandro, formerly member of the Alberta Legislature for Whitford, who is in Winnipeg to-day on his way back from Ottawa.

Discussed at Length. Mr. Shandro stated that the proposal he considers of considerable length with the Minister of the Interior set forth an estimate that 140,000 heads of families could be brought here if specially selected by Canadian immigration officers posted at Lemberg, in Eastern Galicia, and at Czernowitz, in Bukowina. He knows these to be centres of very thickly populated agricultural districts. He declared he says that agriculture is the sole industry of the two provinces. Settlers coming from there, whether as laborers or as land buyers, could only employ themselves in the cultivation of the soil, for they know no other occupation.

To Be Investigated. Mr. Shandro stated that the Minister looked favorably upon the idea, expressing the opinion that examination of the immigrant should be made nearer the points of departure than at the termination of his journey. He promised to go more at length into the proposal when the session of Parliament opened these sessions are more time available for discussion of such details.

OPPOSE INQUIRY IN ASIA MINOR

Turks Not Ready for Investigation of Atrocities

Say Men Sent Might Aid the Greeks

Constantinople, May 19.—The statement of Australian Chamberlain, British Government Leader in the House of Commons, concerning alleged atrocities in Asia Minor by the Turkish Nationalists, has created a profound impression in Turkish circles here, especially among the Kemal adherents. The Kemalists declare the Angora Government cannot accept the commission of investigation proposed by Mr. Chamberlain which the Nationalists would really mean the sending of spies on the Turkish military positions against the Greeks.

The Foreign Minister of the Angora Government has sent telegram to the press here denying the charges that the massacring of Armenians has been begun at Kharput. He declares in his message that "these reports were spread by the head of the American relief organization there, whose support of the other (Turkish) side, compelled the Kemalists to expel them."

COULD COUNT MONEY; SO NOT INTOXICATED

Accused Wins on Novel Plea in City Police Court

His ability to determine the exact amount of money that lay in his pockets at the time of arrest gained for Henry Jorgensen, a six foot four logger from Cowichan Lake, an acquittal in the city police court today. Jorgensen was arrested for being drunk in public, and upon trial to-day told the court exactly how much money he should have had in his pockets, and in which pockets the money was to be found. Examination proved the truth of his assertions. The court decided that the accused could not have been drunk and save the benefit of the doubt in his favor.

EIGHT FINE GOATS ARRIVE

Shipped from California for Duncan Fancier
Eight Saanen goats were received this morning from Brale Stock Ranch, Santa Rosa, California, for Mrs. Bradley-Dyne, of Duncan. Inez Kapreneh, 1742, is among them. The sire to this goat was the famous Swiss imported buck Andreas Hofer, while the doe is Dan-Swiss imported Alta Jaure. This is one of California's best known does, and has been much sought after by American fanciers. She has with her one buck and doe kid.

IMPRESSIVE FUNERAL

Many Friends Mourn Untimely Death of Robert Clements, Victim of Accident
Emmanuel Baptist Church was filled with sorrowing friends for the services held yesterday afternoon over the remains of Robert James Clements, who died on Monday last. The young man was only 31 for forty-eight hours, a blood-poisoning supervening upon a severe wound to his hand sustained while chopping wood, and his death came as a great shock to his many friends.

Supreme Fascination, 4621, is another of the consignments. Sire, Francis, dam Edelweis 5th, is also traced back to imported Swiss stock. She is a sister of the famous heavy milking doe Elaine of Mt. Pleasant. She has one buck kid. Both Inez and Supreme Fascination have already made records of five imperial quarts daily. These animals were imported from R. R. Glahn, Los Angeles, California.

OBITUARY RECORD

The funeral of the late Joshua Charlton Moran, sixteen-year-old son of Mr. and Mrs. J. W. Moran, of 605 Michigan Street, who was drowned in Portage Inlet on May 17, will take place tomorrow afternoon at 2:30 o'clock at the Sands Funeral Home, 1111 Douglas Street. Rev. W. L. Clay will officiate and interment will be made at Ross Bay Cemetery.

SULPHUR CLEARS A PIMPLY SKIN

Apply Sulphur as Told When Your Skin Breaks Out.
Any breaking out of the skin on face, neck, arms or body is overcome quickly by applying Mentho-Sulphur. The pimples seem to dry right up and go away, declares a noted skin specialist.
Nothing has ever been found to take the place of sulphur as a pimple remover. It is harmless and inexpensive. Just ask any druggist for a small jar of Mentho-Sulphur and use it like cold cream. (Advt.)

"ON-TO-OTTAWA" VETERANS MARCHING

Thirty-one Leave Hamilton to Interview Cabinet
Hamilton, Ont., May 19.—The "On-to-Ottawa" hike to interview the Government has started. Twenty-five returned soldiers marching, and six amputees, are riding in an auto truck, left here on their 239-mile march to Ottawa.
J. R. Burgoyne headed the parade. He explained that he was general only pro tem.
Asked where his "army" intended to sleep, General Burgoyne replied: "Where did we sleep in France?"
Questioned as to how they expected to feed themselves, one of the "Generals" aides said: "We'll have to worry along the best way we can until we reach Toronto. The Toronto fellows have promised to look after the food part from there on."
"General" Burgoyne declared that they expected at least 2,000 reinforcements in Toronto.

THE RESENTMENT.
The Devil looked up from his daily register. "I see you got a fellow named Sherman here."
"Yea," said Boozehub, "he came in with the last lot."
"Will, see if he is any relation to a general of that name who said war was hell and if he is, give him the limit. I ain't going to stand for people slandering hell that way!"

FLOWERS GREET MARCHANT ON HIS BIRTHDAY TO-DAY

Mayor Feels Younger Than Ever After Motor Trip

Declaring that he was sixty-eight years young, and after his motor trip up the island, as fresh and vigorous as a lad of fifteen, Mayor William Marchant walked into his office in the City Hall this morning to find it a veritable garden of flowers. For this is his birthday.
City Parks Superintendent Purdy, learning of the joyous event, hurried to the City Hall early this morning, his arms filled with roses, tulips, lilies of the valley, narcissi and other sweet-scented blooms from city parks. These were put in vases and arranged artistically in the Mayor's sanctum. Secretary John Baxter's office also was decorated before the Mayor strode in and asked everyone to congratulate him. He was delighted with the preparations that had been made for his return and promptly seized the biggest of the big yellow tea roses and stuck it in a buttonhole.
During the morning members of the City Council and City officials called upon the Mayor to wish him many happy returns of the day. His grandchildren also presented him with a magnificent fern.
The Mayor announced that he would leave the City after the City Council's first meeting in June, and would be absent for three weeks on the Prairies where he will spend his holidays and conduct business connected with his church. He will ask the Council to skip one regular meeting during his absence, so that he will miss only one meeting. Alderman John Harvey will be in charge while he is absent.
While driving down from Nanaimo yesterday I took the opportunity of stopping at Duncan, Cobble Hill and other points to investigate conditions and to find that there are numerous jobs to be had there," the Mayor said to-day. "The farmers want men and there are odd jobs of various sorts to be had as well. There is no doubt that unemployed men who are staying around the city now could, in many cases, find jobs up the island."

DEATH WAS RESULT OF MISADVENTURE

Companion of Drowned Boy Receives Praise

Death as the result of misadventure was the verdict brought in by the coroner's jury this morning at the inquest about the remains of young John Moran who lost his life while bathing at Portage Inlet Wednesday evening with his companion, Arthur Holt. The hearing was held at Sands Funeral Parlors.
The jury paid a high tribute to young Holt for his courage in diving to the rescue of Moran. Relating his story to the coroner and jury this morning on similar lines as the occurrence was reported in last night's Times, Holt explained how Moran, a sixteen-year-old boy living at Government and Menzies streets, and who was employed in the Steward's department of the C. P. R. steamer Princess-Royal together with witness had taken a boat for a day's outing. At 5 o'clock they had something to eat, some apples, bananas and sandwiches. The two youngsters then donned their bathing suits, and Holt jumped off the boat first. Moran jumped in feet first. Suddenly Holt heard a distressed cry from his companion, and noticed that he was sinking. Witness immediately went to his companion's assistance and seized him by the hair and part of his bathing suit, but the unfortunate lad threw his arm around Holt's neck and they both went to the bottom. Striking bottom at a depth of about ten feet Holt put up a game struggle and managed to get free, otherwise both might have been drowned. Coming to the surface Holt looked in vain for the re-appearance of his companion and dived repeatedly in an endeavor to locate him. After the police arrived with fragments the boy continued to assist in the search.
W. L. Gouge, the next witness, told of the efforts to recover the body both on the night of the accident, and at six o'clock, next morning, when Chief Brogan and Constable Hastings, of the Saanich Police, were on the scene trying to recover the body. Mr. Gouge had some iron at the hotel which he brought down, and finally the body was brought up in a cramped position.
Mr. Gouge, the next witness, told of the efforts to recover the body both on the night of the accident, and at six o'clock, next morning, when Chief Brogan and Constable Hastings, of the Saanich Police, were on the scene trying to recover the body. Mr. Gouge had some iron at the hotel which he brought down, and finally the body was brought up in a cramped position.
Mr. Maire stated to The Times that

ZAM-BUK
THERE'S nothing to equal Zam-Buk for ending the fiery pain of a scald or burn, the smarting of a cut or scratch or the soreness and tenderness of a bruise, sprain or strain.
But more important! Zam-Buk's powerful antiseptic and germicidal qualities insure against all danger of an injury going "the wrong way." Therefore, keep Zam-Buk always at hand and use it promptly on your
Cuts & Bruises
and all other injuries. Besides soothing and germ-killing properties, Zam-Buk is endowed with powers of healing and skin-renewal never found in fatty-oil-style salves or mineral ointments.
Made solely from rich and rare herbal extracts, Zam-Buk is Nature's most powerful and successful remedy for eczema, pimples, boils, bad legs, poisoned sores, ringworm, piles, ulcers, etc.
Free Sample Boxes
of this great healer and skin renewer! Send 1c stamp (for return postage), give name and date of this paper, and address Zam-Buk Co., Dept. 31, Toronto, Ont., Box 2 for \$1.25 all druggists and dealers.

BORDEAUX ENGINEER HERE EN ROUTE TO JAPAN ON BUSINESS
Conditions in France show considerable improvement, although in some lines business is quiet, according to A. Maire, a Bordeaux engineer, who arrived in the city Wednesday and left yesterday evening on the Empress of Russia for a business appointment in Japan.
Mr. Maire stated to The Times that

NEW LIQUOR VENDOR
F. T. Ahey, business man of Kaslo, is to be Government liquor vendor at Kaslo. It was announced to-day by Hon. A. M. Manson, Attorney-General.

IS POSTPONED.
The conference with Parker Williams, of the Compensation Board, by local labor organizations, which was to be held to-night, has been postponed until further notice.

MONEY VOTED FOR RAILWAYS' NEEDS

Commons Provides \$90,000,000 for National Lines

Deficit Last Year Was \$72,662,678

Ottawa, May 18.—Railway appropriations totalling approximately \$90,000,000 were passed last night by the House of Commons after a debate which had occupied the greater part of two days' sittings. Of the total thus voted for the Government railway system, \$42,800,000 is for the Canadian National; \$25,750,000 for the Grand Trunk, and \$11,900,000 for the Grand Trunk Pacific.

An item of \$7,000,000 for Canadian Government railways still remains to be voted, however, and on this there may be more discussion. **Two Views.** The debate yesterday opened with some sharp interchanges, but later passed into the more routine expression of faith in either public or private ownership. From the Liberal side of the House W. D. Euler, of North Waterloo, came out strongly for Government ownership in reply to some of the argument of the Conservative benches. Hon. J. B. Baxter, former Minister of Customs, favored regional districts for the National lines, but pleaded against the divorce of the I. C. R. from the remaining Government roads.

Principle Spreads. Hon. A. K. Maclean, Liberal, Halifax, declared a great wave of public ownership was sweeping over the world. The system had vindicated itself in Europe and in Australia. Those who would not see it were blind, and did not want to see the truth. If the Canadian Pacific could secure a competent board of directors, there was no reason why an equally good board could not be procured by the Government to manage the National lines. **Fernand Rinfret, Liberal, St. James, said that if it was not possible to make the railways succeed after a fair trial under Government ownership, the system should be returned to private ownership.**

Alternatives. W. D. Euler, Liberal, North Waterloo, said there were only two alternatives before the country—Government operation or a return of the roads to private ownership. The ultimate outcome of the latter policy would be that the C. P. R. would have a monopoly, which would be viewed by the people as a calamity. He agreed almost entirely with what had been said by Hon. T. A. Crerar. **William Irvine, Labor, Calgary East, expressed the opinion that members on the Government side were compromising the Government in opposing public ownership. He urged co-operation in the management of the roads and the appointment of a Labor man on the board of management.**

Deficit. Hon. W. C. Kennedy, Minister of Railways, announced that the actual total deficit last year on the Canadian National system, including the C.T.P., C.N.R., C.G.R. and C.T.R., was \$72,662,678. This included fixed charges due the public, also fixed charges due the Government, but not any interest on capital cost of the Intercolonial Railway from Montreal to Sydney, Halifax and St. John and all branches including the Prince Edward Island Railway, nor on the Transcontinental Railway from Winnipeg to Moncton, nor the Hudson's Bay Railway.

Reply to Mr. Meighen, the Minister said the amount for the previous year was \$74,378,215. A. J. Lewis, Progressive, Swift Current, urged the construction of branch lines as feeders for the trunk lines. **Hon. J. A. Stewart, Conservative, Lanark, found it gratifying to the present Government members that the policy of the late Government.**

Graft Not Wanted. W. C. Good, Progressive, Brant, argued that public ownership would succeed if those concerned did not show a disposition to make it "a happy hunting ground for graft." Public ownership would fail if that attitude was adopted.

Dealing with the suggestion that the Government should get rid of the railways, Mr. Good said that there was only one concern which could take them over, and that was the Canadian Pacific Railway. If that occurred, the result would be a monopoly of all transportation in Canada. If the C. P. R. absorbed all the railways and the Bank of Montreal continued to absorb all the banks, a huge octopus would control the transportation and finances of the country. With all respect, Mr. Good said that such an arrangement would be a menace to the country and a condition which ought not to be permitted.

John Evans, Progressive, Saakatoon, urged that expensive duplication of lines should be cut out. **Efficiency.** Hon. J. B. M. Baxter, Conservative, St. John, did not believe public ownership was accompanied by the same efficiency and economy as private ownership. The reason was that the private road hired and fired when it pleased and that politics entered not at all into the proceedings. **Mr. Baxter pleaded strongly that both the Commons and the Senate should utterly refuse to divorce the Intercolonial Railway from the National system. He favored regional districts for local control, but nothing which would tend to divide the East from the West. He did not agree with Mr. Crerar that the funded debt could be wiped out, but he did agree with him that the National lines should be colonized. He would not agree with the idea of competing with the C.P.R., but rather to get the officials of both roads together under a sort of liaison commission and see where duplication could be avoided.**

Useful Debate. Hon. W. C. Kennedy thought the debate had been most useful and instructive, and suggested that the members now allow the items to pass with the understanding that the way was still open for general discussion on railway matters or upon any item which they might raise. Hon. J. A. Stewart, leading the Opposition in the absence of Mr. Meighen, agreed.

Approved. The action of Grip-Fix on the system is natural, and absolutely devoid of injurious results. On sale at all druggists. 35c per box.

SO WEAK COULD HARDLY DO ANYTHING

Now Looks After Home, Thanks to Lydia E. Pinkham's Vegetable Compound

Meaford, Ontario.—"I was so weak I could hardly do anything and my back seemed the worst. I read so much about Lydia E. Pinkham's Compound for women that I thought I would try it. I feel that it did help me for I am looking after my own home now and seem quite strong again. I have recommended your Vegetable Compound to quite a few friends and you can use my name if you wish to do so."—Mrs. H. Pokras, Box 440, Meaford, Ont.

In your own neighborhood there are doubtless women who know of the great value of Lydia E. Pinkham's Vegetable Compound. Women everywhere, either by word of mouth or by letter, recommend this splendid medicine for female weakness, change of life, and similar troubles.

son's Bay Railway was reached, half a dozen members got up to oppose it. Mr. Baxter said he could not see why they were asked to vote this sum in face of the present financial emergency, an argument which brought forth "hear, hear" from the Government benches.

WANT NEWSPAPERMEN TO SEE PROVINCE

Vancouver Board of Trade Will Bring Press Gallery West

Vancouver, May 18.—The members of the Ottawa press gallery, from twelve to fifteen in number, are invited to visit British Columbia when Parliament prorogues as guests of the Vancouver Board of Trade.

This matter was suggested when the Board of Trade delegation was in East, and at the publicity bureau luncheon a letter was received from G. C. McGeer, K.C., bringing the question formally before the board. **Chris Spencer, speaking in support of the suggestion, said that the railway companies would provide transportation, so that the only expense entailed on the Board of Trade would be the entertainment of the guests while they were here. He emphasized the value to Vancouver and British Columbia generally in having the press gallery men, who were writing for newspapers all over the country, conversant with the possibilities and attractions of this Province. He suggested that if it were finally decided that the Board of Trade make an excursion to Central British Columbia this summer, the press gallery men be invited to accompany them.** **J. B. Thomson also spoke of the benefit to Vancouver of having the eastern newspapermen sympathetic toward the West. He suggested that it would be a fine thing if Mr. McGeer, who was now on his way East, could be authorized to extend a personal invitation on behalf of the Board.** **It was decided that the bureau recommend to the council its approval of the suggestion and that the invitation be extended in time to enable the newspapermen to come West immediately when session closed.**

MINERS REJECTED WAGE CUT PLAN

New York, May 19.—Representatives of the Anthracite Coal Operators' Association yesterday proposed that the miners accept wage reductions averaging 21 per cent, in settlement of the strike called last April. The offer was refused pointblank by leaders of the miners' organization, headed by Phillip Murray, vice-president of the United Mineworkers of America.

DIED IN CALIFORNIA.

Pasadena, Cal., May 19.—W. N. Kennedy, formerly a partner in the Rat Fortes Lumber Company, died here yesterday. He was born in Glenarry, Ont., 75 years ago, and lived in Kenora and Winnipeg between 1888 and 1912. He has resided in Pasadena for the last ten years.

RELIEF FOR COLDS IN A SINGLE NIGHT

Approved Home Treatment Which Gives Most Satisfactory Results

Have a box of Grip-Fix in your home these days. It is a safe reliable treatment for colds which has been thoroughly tried out all over Canada for over ten years, with an established record of giving relief for colds in a single night, and the most satisfactory treatment for grippe known. Grip-Fix is made in Canada according to a formula which would be approved by your family physician. This formula is printed on every box and no practitioner could object to its ingredients. It comes in capsule form and acts promptly. The initial doses of two capsules every two hours rarely fails to give relief, and single capsule doses finish the work. The action of Grip-Fix on the system is natural, and absolutely devoid of injurious results. On sale at all druggists. 35c per box.

TO FARMS.

Ottawa, May 19.—J. S. Woodsworth, Winnipeg Centre, asked in the Commons yesterday if the new immigration regulations would prevent immigrants coming to this country for whom there was no work. Was there any provision for keeping these immigrants on the farm instead of allowing them to drift to the cities after their arrival?

OPPOSES CHANGE IN AUSTRALIAN APPOINTMENTS

London, May 19.—(Canadian Press Cable)—A Reuter cable from Hobart, Tasmania, says Administrator Sir Herbert Nicholls denounced the proposal to appoint the Governors of states locally, as such appointments would actually be in the hands of the Commonwealth Premier of the moment, who might appoint friends of the Commonwealth Government party who would be political enemies of the State Government party.

G. T. R. STATEMENT.

Ottawa, May 19.—Hon. Arthur Meighen called the attention of the Government in the Commons yesterday afternoon to the Grand Trunk financial statement which had recently been published. He thought it desirable that the Government should take steps to secure for this statement the greatest publicity possible, especially in the Old Country, where the people apparently had been led to doubt the honesty of the Government of this country. Publication of this statement would dispel any doubts which might exist. The Prime Minister said the matter would be taken up by the Government.

Victoria Daily Times

FRIDAY, MAY 19, 1922. Published every afternoon (except Sunday) by THE TIMES PRINTING & PUBLISHING COMPANY, LIMITED.

THE IROQUOIS AROUSED.

Ontario has a lively Indian problem on its hands. The tribes of the Six Nations, the descendants of the famous Iroquois, are up on their toes, with threats of digging the tomahawk in defence of their rights and in vindication of their traditional dignity and prestige.

It appears the Indian Council allotted certain land to a man on the reservation in Brant County, and this action not being recognized by county authorities, the sheriff threatened to evict the man.

It is not necessary to emphasize the seriousness of these incidents. The Queen Charlotte Islands venture will probably furnish the means of sending settlers of the type this country wants to other parts of the Empire.

In the meantime it is gratifying to know that the new regulations authorized by the Dominion Government will reduce the risk which every settler must face. But new methods are required at the point of origin.

ALL OVER AT GENOA. Opinions will differ in respect of what has been accomplished at Genoa and what results may be expected of the resumed proceedings at The Hague.

Those who opposed the Conference will find sufficient to justify their objection. The more hopeful participants will sustain their belief in this mode of settling the world's troubles and will contend that Genoa has brought world peace and economic rehabilitation nearer.

The non-aggression pact and all the information that has been disclosed to the world at large must be classed as accomplishments of some value. It is much better that the man in the street should know and understand the conflicting ideas which are still blocking the way to world co-operation.

Until he takes international affairs with the same degree of seriousness as that which marks his devotion to domestic politics, until he is as emphatic in his demand for peace as he is as enthusiastic over the exploits of the battlefield, he must be content to go where governments lead him.

Lord Astor truthfully points out that the Genoa Conference has been a success because it has brought to the surface of publicity every European national aspiration. Just as the strike of to-day is settled by public opinion, the world of public opinion will crystallize and prevail to the point at which it will gradually find itself in such a minority of interests that it must modify its policy to meet this force.

Humanity had its chance in the operation of the League of Nations. The Washington Conference was a magnificent step towards world peace and economic adjustment. Genoa beckoned to all those in trouble. The Hague should prove another stepping stone.

THE CEMETERY SITE. By reason of a somewhat charitable disposition we shall assume that the suggestion to convert a portion of the Cadboro Bay locality into a cemetery site is merely one of the many forms of humor that is given to the world from time to time.

By detaching any seriousness that the proposal might have possessed the City Council has followed a reasonable instinct. All that remains to be said is that of all the beaches within easy distance of the City, Cadboro Bay is about the most beautiful and popular. As time wears on it will assume a much more important part of the natural attractions of the whole neighborhood.

Even if no such future were in store the suggestion is altogether too grotesque for a second thought. A recommendation to utilize Beacon Hill Park, the unused land at the back of the Empress Hotel, or the vacant lots round the city, would warrant equal consideration.

DAMAGING THE PROVINCE. British Columbia's reputation will be seriously damaged as long as the "private company" in England succeeds in selling land to intending settlers by wrongful representation of its

character. The latest case to be disclosed is that which seems to have involved a fairly large number of British emigrants who have arrived at the Queen Charlotte Islands to take up agricultural holdings which they had purchased from a "private company" in London.

These people were assured by the concern in question that the plots which it had placed on the market were ready for the plough and that mill work in the neighborhood of Masset would provide them with temporary employment and generally bridge the period between actual settlement and production.

When they arrived at their destination they discovered that all the plots were thickly decorated with large stumps whose removal without further extensive outlay they would not be able to effect.

They are also looking for the mills which are not in existence and whose construction seems to be part of the imaginary picture painted by the "private company" on the other side of the Atlantic.

It is not necessary to emphasize the seriousness of these incidents. The Queen Charlotte Islands venture will probably furnish the means of sending settlers of the type this country wants to other parts of the Empire.

In the meantime it is gratifying to know that the new regulations authorized by the Dominion Government will reduce the risk which every settler must face. But new methods are required at the point of origin.

DAMAGING THE PROVINCE. British Columbia's reputation will be seriously damaged as long as the "private company" in England succeeds in selling land to intending settlers by wrongful representation of its

"ANOTHER" "ALARM."

Unless we are very much mistaken the people who live in Australasia possess a thorough understanding of their own affairs and know how to conduct their own business better than anybody else. It would be unnatural if it were otherwise.

But Lord Northcliffe seems to imagine that it is necessary for him to warn the two Dominions "down under" that they are menaced by Japan, that the Japanese are getting nearer to Australia, that the people of the Island Kingdom are the Germans of the East, that they are perpetually burrowing, working, propagandizing, emigrating and spying all the world over.

This was his message to the Australian and New Zealand club luncheon yesterday.

It is something of a misfortune that the people who inhabit the British Isles are called upon to put up with the frequent "alarms" which emanate from the fertile brain and vivid imagination of Lord Northcliffe. But they are fairly well used to him by this time and are not at all surprised that his world tour should have provided him with a fairly large number of new and entertaining themes with which to regale his large newspaper audience.

At the same time Australians and New Zealanders resident in London should be spared. In the meantime the British Empire and the rest of the world will note his words and assess their value.

NOTE AND COMMENT. Sir James Craig believes that it is still possible for Northern and Southern Ireland to come to an arrangement of peace and goodwill. Hence it will be seen that Mr. Lloyd George has no monopoly on optimism.

Viscount Grey has just come to the conclusion that the Genoa Conference has provided an example of what should be avoided. Unfortunately a great man with a large intellect does not succor a suffering world with this sort of political manna.

One of Berlin's most famous surgeons has discovered the way to make fat people thin. He cuts away the superfluous weight and puts in a few stitches and the transformation is complete. He could be heralded as a saviour of the world were he in a position to relieve the average Prussian of some of his bombast and capacity for mischief.

Mr. Austen Chamberlain informed the House of Commons yesterday afternoon that France will not take drastic action against Germany in the event of a reparations default at the end of this month without consulting with her Allies. This and other incidents go to show that Premier Poincare was merely rattling a wooden sabre at Bar le Due.

Lord Northcliffe has sent an emissary to Canada for the purpose of discovering what we have to offer to new settlers and what it is necessary to do to get them here and on their way to success. The first report that goes to London might contain a footnote to the effect that the Prairie Provinces are too well nailed into the Dominion of Canada to slip out of it and the Empire because the cattle embargo may still remain in effect.

Other People's Views. Letters addressed to the Editor and intended for publication must be short and legibly written. The longer an article the shorter the chance of insertion. All communications must bear the name and address of the writer, but not for publication unless the owner wishes. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed for the paper for MSS. submitted to the Editor.

THANKS FOR AID. To the Editor:—Please allow me a small space to thank the neighbors and many friends who so kindly

RHEUMATISM vs. T.R.C.'s. Lumbago, Neuritis, Sciatica. Have you given up? Have you resigned yourself to that old, gnawing pain that nothing seems to relieve? Do you think because you can't go to Hot Springs you take some expensive treatment that you have no other alternative? We have many cases considered hopeless, tried everything, baths, serums, electricity, who found recovery in using T.R.C.'s (Templeton's Rheumatic Capsules). We have thousands of letters that prove beyond doubt T.R.C.'s to be the most practical and successful Rheumatic remedy sold. At drug stores, \$1.00 per box. For Free Trial write Templeton, Toronto.

Sold by Bowes, The Owl and Vancouver Drug Stores and the Fernwood Pharmacy.

UNCAUSED CAUSE OF THINGS.

To the Editor:—"Ajax" propounds two questions, viz: (1) What facts can be produced to show that causation applies to anything beyond phenomena? (2) Are there any known facts which would imply that the matter of this vast universe ever had a beginning? I shall deal with each in turn.

I understand by phenomenon that which is perceptible by the senses, as distinguished from noumena, or that which lies back of phenomena, and which the intellect alone perceives. I say yes; no end of facts can be produced to show that causation extends also to noumena. To give a few instances: A military officer says to the soldier that is under him, "Go, and be good." The cause of his going is the word of command—I mean the phenomenal cause. The real, the noumenal cause, is the intimation which passes from the mind of the officer to the mind of the soldier through the medium of the word. Here the causation plainly applies to something beyond phenomena, to wit, the mind of the person addressed, and by influencing the mind produces the phenomenon of locomotion. Again, an oak produces an acorn, and out of the acorn springs another oak. The phenomenon is the acorn, and the oak that springs from it. But here, too, the causation extends beyond the phenomenon to the vital activity, or principle of life, imperceptible by the senses, which makes the second oak grow and, in its turn, produce acorns.

I do not think the question admits of being decided by facts. The appeal must be to reason. In the material universe matter is linked with energy, and energy with matter. These are the twin constituents of the material universe; and the two do not and cannot exist apart. If it can be shown that energy had a beginning, in other words, that the aboriginal cause of the motion and activity that is in the material universe is outside of the universe itself, it will be reasonable to infer that matter also had a cause, and therefore a beginning. Now, it is the nature of matter to tie down another matter, the energy that is linked with it. In the measure that energy is lifted above matter is free, and in the human will attains absolute freedom because matter does not enter into the constitution of the human mind. Material energy is thus primarily potential, not kinetic or active. As all the energy in the material universe is of this nature, it follows that the material energy that started to operate in the universe must have been stirred into activity by an Agent not of the material order. Every material agency is inactive until stirred into activity by another.

Does not geology show that life had a beginning on this earth? Now, the doctrine of biogenesis, of life only from life, is, as the late Prof. Huxley declared, "victorious all along the line." It follows that there is an uncaused cause of life, else we are doomed to chase the phantom of causation throughout infinity. I say "phantom," for to the thinking mind that seeks the ultimate explanation of origins, any cause that is itself caused, that begins to be and passes away, is but a phantom. In the absence of it, there is absurdity.

We are told it is idle to speak of intelligence as the cause of matter, or force, or life. Let us see why. In the Princess Louise much larger than the old Charnier? Because the intelligence that planned it made it so. Why is our sun twenty times smaller than the star Sirius? Because the intelligence that planned it made it so. Can "Ajax" furnish a more rational explanation? Was it chance that kept the earth from being burned to a cinder by the rays of a luminary, twenty times larger than the beneficent orb that imparts to us its light and heat? If you rule out intelligence, you have to fall back on chance.

The Providence, "that shapes our ends, rough-hew them how we will," planned and made the "greater light," the sun, to rule our day and the "lesser light," the moon, to rule our night. We may say securely, with William Cullen Bryant in his noble poem, "To a Waterfall":

He who, from zone to zone, Guides the boundless sky thy certain flight, In a long line that I must tread alone, Will guide my steps aright.

ALEX. MACDONALD, Bishop of Victoria.

TERRORISTS SET BUILDINGS ON FIRE IN BELFAST. Belfast, May 19.—The terrorists began their work again early to-day. Two hours before the expiration of the curfew period incendiary blazes were started in different parts of the city and before 9 o'clock six buildings were on fire, including the offices of a distillery.

Soon after midnight a number of armed men attacked the barracks of the Special Constabulary in Deck Street and a fierce conflict ensued in which several of the attackers were injured. It is reported that three motor cars were used to remove the wounded. None of the constables were injured.

Given Cigarettes. The staffs at the offices of the distillery, which was the Doran plant, were forced to face the wall and were covered with revolvers while the other raiders carried out the work of destruction. After a time, however, the guard told the office men to make themselves comfortable and handed around cigarettes.

The premises involved in the incendiary attack included principally establishments conducted by wholesale concerns.

In one case the incendiaries entered a motion picture theatre, held up the charwoman and sprinkled the place with gasoline. The caretaker was struck on the head with the butt of

a revolver, but escaped and gave the alarm. The total damage, it is estimated, will reach many thousands of pounds.

CONGREGATION IN BELFAST FORCED BY FIGHTERS TO MOVE

Belfast, May 19.—While Wednesday night's firing raged outside of the People's Hall, a baptismal service was in progress inside and the whole congregation was thrown into a panic, several women becoming hysterical. The baptism of two babies, which had been begun in front of the platform, had to be finished in another hall which was sheltered from the rain of bullets.

Another incident which came to light was the entering of a house by a party of youths who asked for the head of the household, named Keown. When informed that he was out, the youths fired and wounded Mrs. Keown and her son.

Another tram car murder occurred Thursday afternoon under circumstances similar to those surrounding the killing of the two tram car passengers Thursday morning. The afternoon victim was a bookmaker's clerk named McCaffery. The assassin escaped.

SEMENOFF LET OUT OF JAIL IN NEW YORK

New York, May 19.—General Gregoroff Semenov, former Ataman of the Cossacks, was ordered released from arrest to-day by the Appellate Division of the Supreme Court, which reversed the decision of Supreme Court Justice Delehanty.

NEW RULING IS GIVEN BY RECENTLY APPOINTED JUDGE

Vancouver, May 19.—After four days' experience on the bench, Mr. Justice D. A. McDonald yesterday was called upon to establish a new ruling in the British Columbia courts.

He ruled upon authority cited by E. C. Mayers that a witness formally served with a subpoena in a civil action who fails to appear at the trial can be sued by the party in whose behalf he was to have been a witness and can be mulcted in damages to the extent of the loss sustained by the party in the original suit due to his failure to appear.

ONTARIO ITALIAN WAS MURDERED

Hamilton, Ont., May 19.—The body of an Italian thirty years old was found in a swamp yesterday at West Flamboro. The man had been clubbed to death. A gold watch and \$65 in cash were found in the pockets. It is thought the man was murdered through revenge or as a result of a quarrel over liquor.

FOUR MEN KILLED IN NORTH IRELAND; HOUSES BURNED

Belfast, May 19.—Four men, all of them Roman Catholics, were dragged from their beds at Dessert Martin, County Derry, early to-day, and murdered. Half of the village was burned.

KING'S DAUGHTERS RECORD OF WORK

Mrs. L. H. Hardie Re-elected President by Acclamation

A beautiful record of quiet but effective work among the sick and needy was revealed in the reports read at the annual meeting of the King's Daughters, held last evening at the rest room.

Three events were special this year, said the report. "The first was: On May 23 a tea was held at the Rest Room for Mrs. George Shaw, now residing in Golden, Provincial President for a number of years, also leader of the Ministering Circle. Many old friends came and a most enjoyable reunion was held."

After the convention held in Duncan, B. C., last June, the first important happening was the operation of the refreshment room in the Women's Building at the Fall Fair. For this concession \$100 was paid.

Miss Elizabeth Montisambert, of London, England, who has been spending the week-end at Ottawa, as the guest of the Governor-General and Lady Byng, left on Tuesday for Toronto, where she will visit Mrs. Charles Walker.

An interesting letter from Miss Bertha Winlock, president of the King's Daughters, with a lovely bouquet of carnations at the annual meeting last evening.

Officers of Work Point Barracks were the hosts for a tennis, clock golf and a tea-dance yesterday afternoon, when their guests included Commander and Mrs. Clark, Col. and Mrs. Major F. E. and Mrs. Eaton, Capt. and Mrs. Westmoreland, Mr. and Mrs. Bessonet, Mrs. G. M. Ross, Mrs. Colville, Mrs. Ivor Bruns, Mrs. Cookburn, Miss Cookburn, Mrs. G. B. Williams, Mrs. Carver, Mrs. Douglas Hunter, Mrs. Sherman, Mrs. R. Green, Mrs. Dugdale Gillespie, Mrs. A. R. Green, Mrs. Bechtel, Miss Bessie Jones, Miss Howden, Miss Nair, Miss Doris McCarter, of Vancouver; Miss Harvey, Miss Day, Miss Laura Eng, Miss Hamilton, Major Hughes, Major Goodeve, Capt. Thackeray, Capt. Best, Capt. Campbell, Capt. Woods, Capt. Weeks, Mr. McIntosh, Mr. Bradbrook.

On Tuesday evening a most enjoyable time was spent in the way of a surprise party on Mr. and Mrs. Frank Merryfield, 551 Selkirk Ave., Victoria, West, when thirty guests left the library by taxi to make the call. During the evening Mr. Merryfield gave a very clever slight of hand artist who gave a wonderful display of his talents.

Social & Personal

MISS BRADSHAW NEW PRESIDENT OF UNIVERSITY CLUB

The University Women's Club held its annual meeting yesterday afternoon at the charming home of Mrs. H. E. Young, Oliver Street, when Mrs. J. W. de B. Farris, who has signed the resignation of her office prior to her departure for Vancouver, was presented with a handsomely framed water-color, the work of Mrs. S. Macleod, representing a view of the Olympics from Beacon Hill Park.

Officers Elected. Miss Kathryn Bradshaw, B.A., who was recently called to the Bar, was elected president by acclamation, the other officers for the new year being as follows: Vice-presidents, Mrs. H. E. Young and Dr. Helen Ryan; treasurer, Mrs. Green; secretary, Mrs. J. A. Wickson; cor. sec., Mrs. W. N. Gunning; executive, Miss Campbell, Mrs. E. C. Hart and Miss Eaton.

Continuing she said: "Reading, study and plain thinking, are of course a tremendous help and in Victoria are extremely fortunate in the two libraries both of which have such splendid assistants ready at all times to help us in our work. But after all, all these aids can be lacking. And then how shall we pay our debt to the community? I am more convinced everyday that no woman graduate can repay the debt she owes to the community unless she gets her principal strength from the Christian religion and I do not believe that world conditions will ever be materially improved until an increasingly large number of people cease their restless struggling in the dark and find both philosophy and peace in following the Greatest of All Teachers."

WOMEN OF TITLE GRANTED DIVORCES

WOMEN OF TITLE GRANTED DIVORCES

London, May 18.—In the divorce court to-day two ladies of title were freed from marital ties. Lady Spicer, who was granted a decree of restitution last May, was granted divorce from Sir Howard Spicer on the ground of desertion and misconduct. Lady Huntington was granted a divorce from Sir C. P. Huntington on similar grounds.

MAGIC BAKING POWDER

FOR CHILDREN THE SANDMAN STORY FOR TO-NIGHT

Mrs. Reddy Helps Her Husband Get Well—Part I.

Mrs. Reddy Fox had for some days thought that perhaps after all, her husband, Reddy Fox, was playing sick instead of being as weak and used up as he pretended. Mrs. Fox had an idea that he was just plain lazy and she determined to find out.

All the hunting—which is the fox way of going to market—she had done for a week, and she was tired of getting fat chickens and ducks, cooking them and then watching her husband eat all the best parts and leave the rest for her.

Mrs. Fox had noticed, too, when he wanted to go for a walk he sometimes was gone all day, but that at

Walking down to the pond.

night he complained that he was too weak to go hunting and told her she would have to provide the food for the next day.

Now Mrs. Fox was just as clever as her husband, but she was also kindhearted, and she wanted to be sure her husband was not really sick. So one morning when Mr. Fox said he was so used up he could not get up before noon, and he really must have a big dish of chicken soup for his dinner to give him strength, Mrs. Fox decided it was time to find out the truth about her husband's state of health.

Mrs. Fox knew where there were some very fine plump ducks and she knew, too, that Mr. Dog that lived at the farm where the ducks were kept was old and not much good at chasing anything.

So this morning that Reddy seemed in a particularly bad state of health, Mrs. Fox took her basket and put

on her bonnet and off she went to the farm. Almost walking down to the pond where the ducks were swimming about, she had no trouble at all in catching two nice birds, when they waddled up the bank of the pond where she was hidden under some bushes.

She didn't get any chickens, for she liked ducks better, and she did not expect that Reddy would be around when dinner time came. And he wasn't—but I must not get ahead of my story.

After Mrs. Fox had two birds safely in her basket she managed to let Mr. Dog see her as she leaped the stone wall into the road, and though Mr. Dog was not much of a chaser, being old, he always started after anything he saw on the run. So after Mrs. Reddy he went.

For fear he might give up the chase she would let Mr. Dog get almost up to her and then away she would go and wait beside a rock or a wall for him to come along, and this she kept up until at last she had led him right to her doorway.

Mr. Dog could bark just as well as ever, and Mr. Fox awoke from his sleep with a start. "What's that," he said, sitting up in bed and listening.

Again Mr. Dog barked and then Mrs. Fox heard him scratching and pawing outside, as if he was digging a place to crawl through.

Of course he did not know it was Old Mr. Dog. He did not stop to look. Reddy Fox just jumped and made for one of the back doors of his house, and away he ran like the wind.

CON'S LITTLE JOKE. The car was passing a big downtown hotel and there were a large number of people gathered about the entrance to the building. "What's going on in there?" asked a sanctimonious-looking individual who was supporting himself by clinging to the rail of the conductor's stall.

The conny took a peek through the side window, then a side glance at the one who had just spoken, "Boot-leggers' Convention," he said. "They're meeting to arrange for another 'awful night' at the Parliament Buildings in the Queen's Park at the end of the session."

ALICE ADAMS BY BOOTH TARKINGTON INSTALLMENT NO. 18

In all the city probably no brave soul challenged the heat more gamely than Mrs. Adams did, when, in a corner of her fiery kitchen, she pressed her husband's evening clothes with a hot iron. No doubt she risked her life, but she risked it cheerfully, in so good and necessary a service for him. She would have given her life for him at any time, and both his and her own for her children.

She was surprised to find herself rather faint when she finished her ironing. She carried the clothes upstairs, it really increasing blindness forced her to groups for the nearest chair. After a little while she was able to get upon her feet, and floundered across the room to her bureau, where she kept some simple restoratives. They served her need.

She went down the stairs, keeping a still tremulous hand upon the rail; but she smiled brightly when Alice looked up from below. "You ought to be lying down, dearie, so's to look fresh for to-night."

"Hain't you better lie down yourself? You look pretty pale," Alice said, and sighed heavily. "It makes me feel ashamed, having you work so hard for me."

"How foolish! I think it's fun, getting ready to entertain a little again, like this." She laughed, and coming to Alice, bent down and kissed her. "Dearie," she said, tenderly, "wouldn't you please slip upstairs now and take just a little teeny nap to please your mother? You don't want to look worn out, do you?"

"I'll look all right," Alice said, huskily. "Do you like the way I've arranged the furniture now?"

"It's lovely," her mother said, admiringly. "I never knew anybody with so much taste. If you'd only just quit now, and take a little rest—I couldn't, really, I couldn't. How do you think we can arrange about Walter—to see that he wears his evening things, I mean?"

Mrs. Adams pondered. "I'll just slip out and speak to him, in case Mr. Russell's here before he comes. Well, it really is getting late; I must go and tell Malena she ought to be preparing her fillet. Dearie, do rest a little, and she passed on to the fiery kitchen.

Alice carried her bucket to the head of the cellar stairway, where she left it upon the top step, and closing the door, returned to the "living-room." She was startled by a loud ringing of the door-bell, but realized that Russell would not arrive for another hour, at the earliest.

and recovering her equipage, went to the door.

Waiting there, in a languid attitude, was a young colored woman, with a small bundle under her arm and something malleable in her mouth. "Listen, she said, 'I on folks expectin' a colored lady? Listen, Ain't Miz Malena Burns here by the day this evenin'?' Say, listen, 'This is—number house she give me.'

"Are you the waitress?" Alice asked, dismally.

"Yes'm, is Malena here?"

"Malena is here," Alice said, and beatled; then let her in. "What's your name?"

"Me? I'm name Gertrude. Miss Gertrude Collumus."

"Did you bring a cap and apron?"

"Yes'm, I'm all fix."

"I've already set the table," Alice said. "I'll show you what we want done."

She took Gertrude into the kitchen, where the cap and apron were put on. Alice drew her mother apart, whispering as she went.

"Mamma, could you ask her to wear her cap straighter? And her skirt's too long behind and too short in front, oh, I've never seen such feet!" Alice laughed desolately. "And she must quit that terrible chewing!"

"I'll mind; I'll straighten her out all I can, dearie; don't worry. Now you can't do another thing, and if you don't run and begin dressing you won't be ready. I'll only take me a minute to dress myself, and I'll be down before you will. Run, darling! I'll look after everything."

Alice went up to her room, and after only a moment with her mirror, brought from her closet the dress of white organdie she had worn the night when she met Russell for the first time. Her mother came in, half an hour later, to "fasten" her.

"I'm all dressed," Mrs. Adams said, briskly. "Of course he won't know what the rest of us even look like. How could he? I know I'm an old sight, but all I want is to look respectable. Do I?"

"You look like the best woman in the world; that's all!" Alice said, with a little gulp.

Her mother laughed and gave her a final scrutiny. "You might use just a tiny bit more color, dearie—I'm afraid the excitement's made you a little pale. And you must brighten up; I must run; your father wants me to help him with his studs. Walter hasn't come yet, but I'll look after him; don't worry. And you better hurry, dearie, he you're going to take any time fixing the flowers on the table."

She departed, while Alice sat at the mirror again, following her advice concerning a "tiny bit more color." Before she had finished, her father knocked at the door, and when she responded, came in. He was dressed in the clothes his wife had pressed; but he had lost substantially in weight since they were made for him.

"Your mother's gone downstairs," he said, in a voice of distress. "One of the buttonholes in my shirt is too large and I can't keep the thing fastened. Do you s'pose you could do anything?"

"I'll see," she said.

"My collar's got a frayed edge," he complained. "It's a good deal like wearing a saw; but I expect it'll wear down flat pretty soon. I don't know as I remember any such hot night in the last ten or twelve years." He lifted his head and sniffed the frayed collar. "My, but that smell is pretty strong!" he said.

"Stand still, please, papa," Alice begged him. "How absurd you are about your old blue smell, papa! There isn't a vestige of it, of course."

"I didn't mean blue," he informed her. "I mean cabbage. Is that fashionable now, to have cabbage when there's company for dinner?"

"That isn't cabbage, papa. It's Brussels sprouts."

"Oh, is it? I don't mind it much, because it keeps that glue smell off me, but it's fairly strong."

SCHOOL DAYS By DWIG

EVEN DELICIOUS FOOD FAILED TO TEMPT HER

But It Is Wonderful How I Changed When I Took Tanlac, States Mrs. M. Lund, of Vancouver—Gains 12 Pounds

"I have gained twelve pounds and am feeling perfectly well, and it is all due to Tanlac," said Mrs. M. Lund, 427 Sixth Ave., Vancouver, B.C. "My appetite got so poor in the last year that the most delicious meal, no matter how well prepared, failed to tempt me. Even the little I did eat soured on my stomach and caused such a suffocating, nauseated feeling I thought I would choke. I had nervous headaches, and many nights did not sleep for hours. I suffered very much from constipation.

"So many people seemed to be pleased with Tanlac that I decided to try it, and now I have taken five bottles and it is wonderful how I have changed. I don't have a touch of indigestion any more, never need a laxative and my sleep is sound. Tanlac deserves every bit of praise it is getting."

Tanlac is sold by all good druggists. (Adv.)

Gordon & Co. LIMITED

Store Hours 9 a.m. to 6 p.m.—Wednesdays to 1 p.m.

Special Purchase of Navy Suits to Sell at \$35.00 Each

FIVE HUNDRED LEFT ON RUSSIA

Canadian Pacific Liner Clearing for Orient Last Night Had Good List

Five hundred passengers, including two hundred in the saloon, were accommodated on board the Canadian Pacific liner Empress of Russia, Capt. A. J. Hosken, R. N. R., which cleared from this port about 9 o'clock last night for Yokohama, Manila and Hongkong.

Among the Russia's passengers was Major B. H. Winder, Far Eastern representative of Vickers, Ltd., who is going to the Orient to investigate the aeronautical market.

L. M. Barnes, of Tientsin, who is associated with the Chinese Government Railways in Northern China, was an outboard passenger.

Others aboard were: Senor Luis N. Rubalcava, of Mexico City, Mexico, newly-appointed Mexican Minister to Japan and China. Senora Rubalcava and four children accompany the Minister.

J. S. Rex Cole, manager in Japan for the International Trade Developer, Inc., of Chicago, and special writer for The Osaka Mainichi, was a passenger bound for Kobe.

Canadian passengers were: Mr. and Mrs. C. Bovey, S. Humphrey and E. J. Levison, Vancouver; Brother Conrad, Montreal; Stephen Matthews, Toronto; Rev. Father Piris, Montreal, and Miss Edith M. Trent, Toronto.

SHIPPING NEWS AT PORT OF SEATTLE

Seattle, May 19.—The Admiral Lane was advised to-day that the steamship Keystone State will make port here from the Far East May 23, with a cargo valued at \$2,000,000 and 270 passengers for Seattle.

Figures from the port warden's report for last April show that Seattle's exports to Alaska amounted to \$2,319,109 valued at \$1,817,472, as compared with \$1,202,323 valued at \$1,317,521 for April of last year.

The Alaska Steamship Company was advised to-day in a cablegram from Cordova, Alaska, that a huge ice jam in the Copper River had carried away the wooden bridge at Chitina, fifty miles North of Cordova.

The collapse of the structure was said to have been due to the resumption of fishing and mining operations in Southeastern and Southwestern Alaska.

The steamer Commodore, now in drydock in San Francisco, will be brought here within the next two or three weeks and will be held here awaiting charter, according to an announcement made here to-day by the Universal Shipping and Trading Company, agents for the vessel.

The sailing schooner C. S. Holmes was reported aground and abandoned by her crew at Montauk Point in a radio message received here to-day.

The message said the vessel was resting easily and shipping no water, and probably could be floated at high tide. The fall shaft, however, had gone and the anchors would not hold.

The crew, ashore, were said to be suffering from exposure.

Running opposite to the splendid steamship Princess Louise this season in the Alaska service will be the fine steamship Princess Alice.

The Princess Alice is now lying at the company's wharf here, being completely refitted for the northern British Columbia and Alaska trade.

New carpets and furnishings are being installed, and the ship will be in first class shape for the tourist season.

Gangs of workmen are engaged in painting the Princess Alice, and also the Princess Charlotte, which will resume in the Gulf service on Sunday night. After making a night trip to Vancouver the Princess Charlotte will revert to the triangular service.

Capt. Ormiston will have charge of the Princess Alice on this Alaska route.

Indianapolis to bring excursion from Bellingham. Citizens of Bellingham and adjacent sections of Washington State will invade Victoria in force next Wednesday, the steamship Indianapolis, of the Puget Sound Navigation Company, having been chartered for the excursion.

Bellingham was so delighted with the splendid manner in which Victoria patronized the Tulip Festival on May 5, when the C. P. R. steamship Princess Louise was chartered for the occasion, that the public organizations of the American city across the Gulf immediately set about completing arrangements for a return excursion on the Canadian holiday.

The excursion here is being run under the auspices of all the public bodies of Bellingham and a large turnout is anticipated. The excursion is being well advertised, and the special fares will be an inducement for a large number to make the trip to Victoria.

The Indianapolis can carry upwards of one thousand excursionists, and from the interest that is being evinced in the excursion it is expected the boat will carry a full load.

Boat Load Will Arrive Here on May 24 From Washington City. The general Wilkins ponded in on the rocks at Orient Point Wednesday. Soon after she struck, her crew was off, and the ship had been given up as lost.

The Eagle Boat, newly-attached to the "dry" navy, struck a hidden shifting bar one mile off Amagansett. Her crew of sixty men was rescued in a series of thrilling dashes through the surf on a wave submerged raft, to which the men lashed themselves.

Commander Ricketts, of the Eagle Boat, hunting rum runners, ran into a heavy fog shortly after midnight. Then the gale tore down and Ricketts decided to run for safety. Off the Amagansett Bars, however, the little boat struck.

CAPT. SLATER TO PILOT PRINCESS LOUISE NORTH

Senior Skipper in Alaska Service Gets Command of New C.P.R. Ship

British Columbia Product Leaving To-night on First Trip to Alaska

Capt. Arthur Slater, senior Canadian Pacific commander in the Alaska trade, will be in charge of the bridge of the palatial new coastwise liner Princess Louise when that vessel leaves port to-night on her initial cruise to Skagway.

Last season Capt. Slater was in command of the Princess Alice in the Alaska service. By virtue of his seniority in the service he now assumes command of the track ship of the Alaska fleet.

The Princess Louise was placed in drydock at Esquimaux yesterday, and this forenoon the finishing touches were being put to the trim craft in readiness for her departure to-night for the Land of the Midnight Sun.

On getting away from the Belleville Street wharves the Princess Louise will proceed to Vancouver, at which port the majority of her northbound passengers will embark. She will clear from Vancouver to-morrow night for Prince Rupert, Ketchikan, Wrangell, Juneau and Skagway.

Alice for Alaska. Running opposite to the splendid steamship Princess Louise this season in the Alaska service will be the fine steamship Princess Alice.

The Princess Alice is now lying at the company's wharf here, being completely refitted for the northern British Columbia and Alaska trade.

New carpets and furnishings are being installed, and the ship will be in first class shape for the tourist season.

Gangs of workmen are engaged in painting the Princess Alice, and also the Princess Charlotte, which will resume in the Gulf service on Sunday night.

After making a night trip to Vancouver the Princess Charlotte will revert to the triangular service.

Capt. Ormiston will have charge of the Princess Alice on this Alaska route.

Indianapolis to bring excursion from Bellingham. Citizens of Bellingham and adjacent sections of Washington State will invade Victoria in force next Wednesday.

The Indianapolis can carry upwards of one thousand excursionists, and from the interest that is being evinced in the excursion it is expected the boat will carry a full load.

Boat Load Will Arrive Here on May 24 From Washington City. The general Wilkins ponded in on the rocks at Orient Point Wednesday.

Soon after she struck, her crew was off, and the ship had been given up as lost.

The Eagle Boat, newly-attached to the "dry" navy, struck a hidden shifting bar one mile off Amagansett.

SHIPPING NEWS FROM DAY TO DAY

MONTEAGLE HERE ON HER FINAL INWARD VOYAGE

Ship Will Be Withdrawn from Pacific Run and Transferred to Atlantic

Terminating her last voyage in the trans-Pacific service the steamship Monteaagle, Capt. A. V. R. Lovegrove, R. N. R., arrived in quarantine about 1 o'clock this afternoon from ports in the Far East.

She docked at the Rithet pier after securing pratique at William Head.

The ship carried seventy-five passengers and several Oriental freight.

With the approaching advent of the Pacific service of the new liner Empress of Canada, which sailed from Falmouth recently on her maiden voyage to this port via the Orient, the Canadian Pacific Steamships, Ltd., decided to withdraw the Monteaagle from the trans-Pacific route.

After discharging her inward cargo at Vancouver the Monteaagle will be dispatched to the Atlantic.

She may later be sold out of the service as her period of usefulness now that speedier and modern ships are available, being past. It is said the liner Empress of Japan is also shortly being taken off the Pacific route.

The Japan is now on her way across the Pacific from Yokohama and is expected to make this port next Thursday.

NILE SUBSTITUTE ON EXCURSION HERE

San Francisco Agent Failed in Effort to Charter Liner King Alexander

San Francisco, May 19.—Frank K. Hitching, local steamship agent and broker, is back in San Francisco after spending several weeks in London in a futile effort to charter the SS. King Alexander for the Shriners' excursion to Alaska.

The vessel was made up by the China Mail steamship Nile, the return voyage being made via Victoria, B.C.

Confidence in the sale of the Nile to the Admiral Line was lacking here to-day in the absence of officials of the San Francisco and Portland companies. Manager Shaffer, E. J. McEwen, A. F. Haines and R. J. Ringwood of the latter company.

William R. Wall, recently claims agent for the Robert Dollar, has resigned to engage in the practice of law.

The Atlantic, Gulf and Pacific Steamship Company's freighter Cape Henry will sail from here Saturday for Puget Sound to discharge cargo after discharging 2,000 tons here, among which was a large consignment of Baltimore coal.

With 102 tons of cargo consisting of coffee, mahogany lumber and \$38,000 gold and silver bullion, the Pacific Mail steamer Venezia arrived here yesterday, after two days and twelve hours from Baltimore, New York and way ports. She will sail for Atlantic Coast ports next Monday.

VESSEL MOVEMENTS

Victoria, May 18.—Arrived: Empress of Russia, Vancouver. Sailed: Empress of Russia, Hongkong; Canadian Britisher, Port Alberni.

BIG TWO-STACKER ON CALIFORNIA RUN TO MAKE CALL HERE

SS. H. F. Alexander Is Expected at This Port Early in July

Reconditioned at a cost of upwards of \$100,000 to equip her for the Admiral Line's service between Victoria and San Francisco and Los Angeles, the H. F. Alexander, formerly the Pacific Northern, will reach the Pacific Coast early in June and this port early in July.

She will leave New York May 27 with a party of Shriners to Honolulu and on her return will enter her regular service between Puget Sound and the South.

This will be her first trip into Canadian waters and her first trip to the Coast with the green hull and black-topped buff funnels of the Admiral Line.

Since leaving Pacific waters the H. F. Alexander achieved fame as a transport and established a record for a round trip between New York and Brest and return.

Subsequently she became civilian flagship of the U.S. Atlantic naval fleet, being commissioned as the U.S.S. Columbia.

The vessel was acquired by the Admiral Line for the flyer service between Victoria, Seattle and the South. She will make her journey from Puget Sound to San Francisco in thirty-six hours, thus equalling the time of the best trains operated between Seattle and the south.

The H. F. Alexander is 534 feet long, and is propelled by triple screws driven by Parsons turbines. Her cruising speed is twenty-three knots an hour.

When she leaves New York she will be like a brand new vessel and should prove one of the biggest aids in attracting tourist business to British Columbia.

Her appointments are described as luxurious. Public rooms include observation parlor, music and scotch room, dance hall, smoke room, palm garden veranda, writing-rooms, jobbery, etc.

Enclosed promenade deck, while every room will be connected by telephone through the ship's own "central."

RADIO COMPASS NOW AIDS SHIPS ON GREAT LAKES

Hidden Rocks of White Fish Bay Lose Terrors to Navigators

Great Lakes Naval Training Station, Great Lakes, Ill., May 19.—Out on the lake, the radio compass, Lake Superior, giant ore and grain laden freighters are rolling eastward down the lake, past their up-bound cargo, the hidden rocks of White Fish Bay, the "graveyard of the ships."

For the first time navigation on Lake Superior has been robbed of its terrors. On May 14 the first naval radio compass station on the Lakes opened at Whitefish Point to direct passing ships by wireless.

At any hour the captain of a ship lost in the fog can call the radio station and ask his position. The reply will give the ship's direction from Whitefish Point for the vessel's navigator to plot his chart. Within three weeks two more radio compass stations will open, one at Grand Marais, sixty miles west of Whitefish Bay and the other at Detour, at the mouth of St. Mary's River.

Wireless compass finding is based on the fact that wireless signals are strongest when the coil is in a line with the point from which the signals are received.

Ships wishing to find their position call the wireless station, then send a string of signals for one minute while the receiving operator adjusts the coils and reads the compass.

LINER COLUMBIA NOW OIL BURNER

Anchor Ship Due at New York After Reconditioning at Glasgow

Having been completely overhauled and reconditioned as an oil-burner, the Anchor liner Columbia, which sailed from Glasgow, May 18, is about due to arrive at New York.

Captain Bone, commander of the three-stacker, expressed confidence on leaving Glasgow that his ship would establish a record trip on the Clyde route to the Hudson.

The Columbia will sail from New York on her return trip to Glasgow, May 27, and will sail thereafter every four weeks during the season.

The new liner to be plying in the Glasgow-New York service, makes calls eastbound and westbound at Londonderry. In the near future the liner Tuscania will be added to the fleet, giving a fast service to Northern Ireland and Scotland.

AEROPLANES MAKE CONNECTIONS WITH CUNARD BIG THREE

A cable to the Cunard Line's offices states that arrangements have been completed with the Compagnie Aerienne Francaise to convey passengers on the company's "big three"—the Berengaria, Aquitania and Mauretania—from Cherbourg to Paris by aeroplanes, the new service beginning June 1.

The same service will be operated for people who wish to fly from Paris to Cherbourg in order to catch any of the big Cunarders. Arrangements to fly may be made at any of the offices of the Cunard Line or on any of the steamships of the line's weekly service to Cherbourg and Southampton.

NEWS IN BRIEF

Speaks at Luncheon—"Attitudes and Contours" was the subject of a talk given by R. D. McCaw and illustrated by maps at the Alpine Club of Canada, Victoria section, at a luncheon in Spencer's lunch room yesterday. Capt. Westmoreland moved the vote of thanks.

Celebration Committee—A meeting of the committee arranging the Victoria Day celebrations in the city will take place to-night, at 8 o'clock, in the City Council Chamber, with Alderman Harvey acting as chairman.

Reappointed by Saanich—The Saanich Council last night reappointed ex-Reeve George McGregor as its representative upon the Board of the Royal Jubilee Hospital. Mr. McGregor has served as Saanich appointee for seven years, and is now chairman of the Hospital Board.

Meeting To-night—A meeting of the Saanich Workmen and Teamsters' Association will be held in Margit's Hall this evening at 8 o'clock. The following will be on the agenda: The Oriental question, organization of the association, and representation in the Provincial and Dominion Houses.

Child Hygiene Council—A meeting of the executive of the Child Hygiene Council was held in the High School at Esquimalt last night. Mrs. Booth being in the chair. The question of enlarging the executive committee was considered and arrangements for a meeting on June 2 made for those competing in the making of children's garments. Mrs. Ravenhill will act as judge.

Divorce Action Opens—The action of Gray versus Gray, opened before Mr. Justice Macdonald in the Supreme Court at 3 p. m. yesterday. The petitioner, Christina Aurora Nunely Neal Gray is suing for a divorce decree from the respondent, Albert James Gray. J. A. Aikman appeared for the petitioner, the suit being undefended. Judgment was reserved.

"A Capital Proposal"—Asked by the Saanich School Board to secure a centrally located tract of land for a playground and public park for the urban wards, the Saanich Council last night entrusted Councillors McWilliam and Macneil with the task of locating suitable areas. "This is a capital proposal," commented the Reeve, when suggesting that a similar tract would be of service to the rural wards.

To Change Street Names—Councillors Macneil and Dooley, with Assessor Sewell, were last night appointed by the Saanich Council as a committee to endeavor to improve mail delivery conditions by elimination of street name duplications. Five Lake Roads at present exist in Saanich and it was stated that Saanich mail is often delayed in arrival by side journeys to Oak Bay, Esquimalt and Victoria streets of the same names.

Unique Gathering—A "mothers' gathering" was held last night, conforming with the Mother's Day celebration at the K. of P. Hall, by the Queen Alexandra Review No. 11 W.E.A. A large gathering marked the event. Mrs. Gaultier receiving the guests, the following ladies were in charge of the programme, Mrs. Ball, Mrs. Laing and Mrs. Malcolm, while Mrs. Bloom, Jr., convoked at the supper. During the evening games and guessing contests were indulged in.

Saanichon Dance—A large number took advantage of the Saanich Athletic Association's generous invitation and thoroughly enjoyed themselves in dancing to a splendid musical programme given by Perry's three-piece orchestra. The dance was held in the Agricultural Hall, Saanich, the hall being prettily decorated with greenery and lilac, giving the room a beautiful effect. In the dining-room the tables were also prettily decorated, delightful refreshments being served during the evening.

To Save Parliament Buildings—Automatic-closing steel fire doors were purchased for the Parliament Building and are credited with saving so much of the building, that they are now to be installed at strategic points in the Parliament Buildings. Installation of seventeen of these doors will protect the Provincial Library and the wings of the buildings. Reduction in the fire insurance rate will pay for these doors in a couple of years. The Parliament Buildings are now insured for \$1,200,000.

Royal Review Social—Members of Royal Review, No. 18, W. B. A. Maccafee, held a very enjoyable social and dance on Wednesday evening. The first contest was won by Mrs. Priker and Mr. Oakley. No. 4 with Mr. Redknapp acting as conductor, were the winners of the singing contest. Dancing was then indulged in. Mrs. Schmelz and Mr. Wilson furnishing the music. Refreshments were served and much credit is due the committee, Mrs. Schmelz, Mrs. Baillies, Mrs. Redknapp and Mrs. Stephen. The Review will hold a whist-drive and dance after the meeting on Monday evening with Mrs. Baillies as convener. The meeting will start at 7.30 o'clock.

Open Tennis Courts—The St. Barnabas Church tennis club opened its courts on Wednesday afternoon. A large attendance was there and an excellent concert terminated the afternoon's events.

Esquimalt Appeal—Mrs. G. P. Clarke and Mrs. Bowden are in charge of the arrangements for the Esquimalt district in connection with the tag day to be held to-morrow in aid of the Sailors' Club. Taggers in the Esquimalt district are requested to bring the boxes at the club to-morrow morning.

To Encourage Exhibitors—A cheque for \$15.00 has been donated by the Ford Motor Company for the best idea shown on a Ford commercial car or truck in the Victoria Day celebration parade. A prize has also been donated for the best decorated Ford passenger car in the parade.

Y.W.C.A. Nominations—All members of the Y.W.C.A. are notified that they have the privilege of nominating anyone in good standing in her individual church as a member of the board of directors. These nominations should be handed in at headquarters, 745 Yates Street, on or before noon of Monday, May 22.

Arts and Crafts Club—All members of the Island Arts and Crafts Club who are interested in sketching are invited to the home of Mrs. Hodgins, 1471 Fairfield Road, on the afternoon of Saturday, May 27, for the purpose of sketching in her grounds. Refreshments will be served. The club is forming a craft section made up of craft workers in the city, the idea being to develop craft work on commercial lines.

Many Seek Post—Twenty auditors applied to the Saanich Council last night for the auditorship vacancy caused by the recent death of J. S. Floyd. The Council referred the applications and documents to the Finance Committee for report. A continuous audit of Saanich finances is maintained, instead of the ordinary yearly or quarterly report. The remuneration advertised by the Council was \$50 monthly for municipal business and a further \$10 monthly for school finances.

Y.W.C.A. Annual Meeting—All members and friends of the Y.W.C.A. are invited to show their interest in the work of the association by attending the annual meeting of the Y.W.C.A. to be held on Friday, May 26, at 8 p.m., at headquarters, 745 Yates Street, when reports of each of the standing committees will be given, explaining fully the work of the different departments of the association. At the conclusion of business a short musical programme will be given and refreshments served.

Scots Guards Concert—Tickets are going well for the two concerts to be given by the Band of H.M. Scots Guards on Monday afternoon, and evening, a large number of patrons calling to-day at Strickland, Swain & Patrick's office, where the tickets and seating plan of the Arena are now available. The afternoon concert on Monday will commence at 4.30, the later hour having been necessitated by the fact that the band will not arrive in the city until 4 o'clock.

PAPER MILL HELD UP

Syndicate Wants Thirty-Year Concession, Which Government Cannot Grant.

Construction of the pulp and paper mill at Prince George will not go ahead this year.

The Hon. T. D. Pattullo, Minister of Lands, who has been striving for the inauguration of pulp and paper projects in the northern part of the Province, said that the Government and principals of the Fraser Timber Syndicate, which had been negotiating for a mill at Prince George, had come to a deadlock over concessions. He said that after having been granted other large concessions by the Government, the syndicate was now asking for a thirty-year royalty. This had never before been granted in the Province and would create a precedent which he told the principals in a conference at Montreal the Government would not consider undertaking.

In Chicago Mr. Pattullo interviewed interests which are considering financing the project. He assured them their proposal would receive sympathetic consideration by the Government.

SUNDAY SCHOOL EXHIBIT

The First Presbyterian Church Sunday School will hold its second annual exhibition of religious education and sale of home cooking in the church hall to-morrow from 2.30 to 7 p.m. Mrs. W. G. Wilson will perform the opening ceremony at 2.30 p.m. promptly, and a very large attendance is anticipated.

The following are the stalls: Home cooking, aprons, candy, ice cream, lemonade, novelties, flowers, bran pie, coffee and doughnuts. These will be in charge of various classes, which are working most enthusiastically to make the affair a great success.

The exhibit will surpass last year's in many ways. Each class will contribute specimens of class work, written reviews, photographs, etc. The Sunday School administration department will have a special feature which should interest all Sunday School workers.

The following will be the programme: 2.30 p.m. opening by Mrs. W. G. Wilson; 3.15, pageant; 4 p.m., talk by Mr. H. Cross, of Y.M.C.A.; 4.45, flag drill by Chinese girls; 5.30, acrobatic stunts by Adams Class. In the basement there will be an exhibition of stereopticon slides of Sunday School and young people's work. During the afternoon the following will render selections on the pianoforte: Mrs. Yeo, Miss A. Martin, Miss Peggy Watson, Miss Jessie Smith, Miss Dorothy Smith, Master W. Billingsley and Mr. J. Smith. All members of church giving donations for the stalls are requested to leave same at church not later than to-morrow forenoon if possible.

Progressing Favorably—Friends of Mr. Frank Sehl, Provincial Collector, will be pleased to hear that he is progressing favorably after his recent operation for appendicitis at St. Joseph's Hospital.

Delightful Concert—A disappointingly small audience attended the very attractive concert given in Christ Church schoolroom last evening under the auspices of the Marguerite Chapter, I.O.E.E. Those contributing included Donald Adams in instrumental selections; Mrs. Robert Baird, who sang "It's Quiet Down Here" and "It's Only a Tiny Garden"; Mrs. Styles Sehl, who sang "Dawn" and "Mignon"; Mr. Kenneth Angus, "Tommy Lad" and "Off to Philadelphia in the Morning"; and the Very Rev. Dean Quainton, who sang two old English ballads, "The Cellarer" and an encore, Madame Valda and Miss Lillian Michaels danced a stately and graceful minuet. Messrs. Donald and Alex. Campbell created much amusement with their sketch "Cinders."

Music Teachers!

Sheet Music, Studies and Teaching Supplies
Salvaged from Our Burnt Premises

On Sale To-day

The only sheet music cabinets salvaged from the wreck of our store contained a portion of our immense stock of Standard Songs, Pianoforte Studies and Teaching Supplies. This salvaged stock affords a remarkable opportunity for teachers, students and music lovers generally to save substantially by anticipating their requirements for months ahead.

Never again will prices be so low on this class of music merchandise.

Good-bye, sore feet, burning feet, swollen feet, sweaty feet, smelling feet, tired feet.

Good-bye, corns, callouses, bunions and raw spots. No more shoe tightness, no more limping with pain or drawing up your face in agony. "Tiz" is magical, acts right off.

"TIZ" draws out all the poisonous circulation which puffs up the feet. Use "TIZ" and forget your foot misery. Ah! how comfortable your feet feel. A few cents buy a box of "TIZ" now at any druggists or department store. Don't suffer. Have good feet, glad feet, feet that never swell, never hurt, never get tired. A year's foot comfort guaranteed, or money refunded. (Adv.)

News Comedy Review

at the **Theatre**
CAPITOL

If you must elope, don't lose your marriage license! That is the predicament in which T. Roy Barnes and Lila Lee find themselves in the new Paramount comedy, "Is Matrimony a Failure?" which is now showing at the Capitol theatre. After successfully eluding their pursuers and making their way to a mountain resort to spend a blissful honeymoon, the lovers are refused admittance by the Parliamtal proprietor, who has been wired by a disappointed rival that the couple are not married. The bride searches for the marriage license, but it has been lost on route! This leads up to a series of laugh-provoking situations, which are enacted by a

Columbia—"The Roof Tree."

cast of notables. James Cruze was the megaphone artist.

ROYAL VICTORIA

Katherine MacDonald portrays an unusual role in "The Infidel," her latest Associated First National release which will be the feature attraction at the Royal Victoria theatre again to-day.

The story deals with the South Sea Islands copra trade and was written especially for Miss MacDonald by Charles A. Logue, who has written over two hundred photoplays, serials, "originals" and adaptations.

"The Infidel" gives Miss MacDonald an excellent opportunity for the display of her dramatic ability, and it is said that by far the best emotional acting of her career is shown in this picture.

She is seen in the role of a young girl who believes all ministers are fakery, but who is brought to a realization of her injustice when she is thrown into contact with the missionaries on a South Sea isle. An absorbing romance furnishes powerful heart interest in the plot.

As an added attraction the motion pictures taken on the stage and of the audience during the engagement of Miss MacDonald will be shown at every performance.

VARIETY

Dorothy Dalton, Paramount star, organizes a vigilance committee in "The Crimson Challenge," her new picture, which is at the Variety theatre this week. She does this to run a bad gang out of Lost Valley and to avenge the murder of her father, it meant wild riding, shooting and all kinds of exciting action—but that is where Dorothy Dalton excels. Jack Mower plays opposite the star and heads an unusually strong supporting cast.

A company of William Fox players headed by William Russell has gone to Catalina Island this week where they will make the island scenes for "The Men of Zanzibar," the famous Richard Harding Davis story. A big game hunt is one of the features of the picture.

Don't aim too high, or you will miss the good things of life a little lower down.

Does Victoria Realize It?

"If there was a time when the wonderful art of Mme. D'ALVAREZ lacked full appreciation in London, the public has at last tumbled to the fact that we have in our midst in Mme. D'ALVAREZ one of the greatest of living singers, one indeed, whom, considered in certain aspects, it would not be easy to name the equal." — Westminster Gazette (London) (1920).

An unique opportunity denied to all but two cities west of Chicago, lies before Victoria to hear for

This Evening Only

before she sails to-morrow for Australia, the wonderful prima donna whom Mary Garden calls "the greatest contralto in the world to-day."

Reserved Seat Sale until 8 p. m. at Fletcher Bros. Booking Office, later at the Arena, Fort Street, 11.10, 11.50 and 12.20. Unreserved upper gallery seats at Arena on sale at 7 p. m., 55c each. Management, Daniel Mayer, London and New York. Personal director, Edward W. Lewrey. Local representative, Lily J. Laverock. STEINWAY PIANO USED. Mme. d'Alvarez's dressing room furnished by courtesy of the Hudson's Bay Co.

WILL SHOW FAMOUS RACE ON SCREEN

Grand National Steeplechase Will Be Presented

Next week the Royal Victoria theatre will show in addition to its regular programme, the Grand National Steeplechase which took place in England quite recently. The race was won by a horse named Music Hall.

Thirty-six horses started in the race and only seven finished. You therefore see in the picture twenty-nine horses and jockeys fall which should make it quite a thrilling sight. The thirty jumps which form the Grand National Course are some of the stiffest in the world; the fences are made of thorn bushes through which it is impossible to break as in a course with an ordinary hedge taken while hunting. You have to go right over the top or you have to fall. Of the twenty-nine jockeys who fell only two were treated at the hospital, and this merely in case some dirt had got into the slight wounds from which they suffered.

"GOOD PROVIDER" TO OCCUPY CAPITAL SCREEN NEXT WEEK

Not every cat has sense enough to make a good picture player, according to Frank Borzage, director of "The Good Provider," a Paramount picture, created by Cosmopolitan Productions, which will be the feature at the Capital theatre all next week.

The director's criticism was occasioned by the refusal of a cat to act as instructed. In the scenario of "The Good Provider" there is a sequence that calls for Julius Binswanger (Dore Davidson), a small-town merchant, to sit on the porch of his home while the family cat rubs against his leg and otherwise shows affection.

A cat was obtained from an animal store, but on the setting it grew sulky and refused to rub against Mr. Davidson.

Catnip was procured and the cat licked it up greedily. She ate so much that she became intoxicated and bit O. O. Dull, assistant director, on the finger. Then she was "fired."

The right cat was found in Cosmo, who has appeared in many pictures. Attracted by the odor of catnip, she padded her way to the stage floor. She proved equal to the occasion and Mr. Borzage amended his opinion of her species.

"ACROSS THE CONTINENT" GREAT MOTOR STORY

One of the most thrilling scenes ever pictured is said to be shown in Wallace Reid's new Paramount picture, "Across the Continent," when Mr. Reid, who is driving a flyover in a transcontinental automobile race, dashes through a blazing roadway at more than eighty miles an hour.

In the story, Mr. Reid is piloting his little car at tremendous odds across the country, and leaving his larger and more powerful contestants behind one by one. To prevent ultimate victory, one of the contestants sets fire to tall grass in the roadway, in the belief that the driver of the flyover would be stopped indefinitely. But not so. As the flames gather force, Mr. Reid dashes into the blazing inferno at tremendous speed and

Dress Daintily every day

Do not let the thought of the washing keep you from wearing pretty clothes

Wash your dainty things the LUX way

Whisk one tablespoonful of Lux into a thick lather in half a bowlful of very hot water. Add cold water until lukewarm. Dip the garments up and down, pressing the suds through and through, especially through any soiled spots. Do not rub. Rinse in three lukewarm waters. Squeeze water out—do not wring. Roll in a towel. When nearly dry, press with a warm iron—never a hot one.

For coloured silks, water should be almost cool. Wash colours quickly to keep them from running. Do not wash two colours at the same time. Use fresh suds for each colour.

Lux won't cause any colour to run that pure water alone will not cause to run.

Lux stands supreme—sold only in sealed packets—dust-proof!

YOUR most tasteful and beautiful waists may be worn every day without worry as to their being spoiled by washing if Lux is used.

The thin, white, satin-like flakes of Lux, made by our own exclusive process, quickly and thoroughly dissolve into a bubbling lather as harmless to fine fabrics as pure water itself.

Silk underwear, shimmering silken hose, dainty dresses of organdie, chiffon or crepe, lacy collars or scarfs—washed the Lux way will keep their sheen, their new and dainty look even after many washings.

ELKS HOLD RALLY
Successful Affair Follows Grand Lodge Meeting.

The Elks held a great rally in the club last night when members of the Order and of the Royal Purple Order gathered for a social evening following the Grand Lodge reception at 7.45.

Exalted Ruler Kenneth Ferguson presided and addresses were given by Mr. Ferguson, District Deputy Bro. Johnson, Dan Poupard and Past Exalted Ruler H. M. Diggon. Past P. A. Raymond spoke on the aims of the Order of the Royal Purple, and the efforts made in supporting the lodge in its community service.

Mrs. C. Wilson, Miss Ivy Holt and Messrs. Kelway and Butterforth contributed to the programme. The affair terminated with a dance, and the serving of refreshments.

Announcement from Hollywood contains the information that the famous old Lincoln J. Carter melodrama, "The Fast Mail," which William Fox will put out next season as a special production, has been completed. The star will be Charles Jones and his leading woman Eileen Percy. In the good old days of the sore and yellow drama, they did not make 'em better than "The Fast Mail."

Swimmers to Open Season To-morrow

V.A.S.C. Will Hold Its Formal Opening With Series of Events—Programme for Season Will Be Outlined to Members—Big Gala Set for July 29—Care Nought for Weather

Although Miss Spring has been struggling valiantly to cast her sunny smiles upon this part of the universe and her old man, Mr. Winter, has been hanging on to her skirts like an anchor to a ship, the Victoria Amateur Swimming Club has decided to wade in and open up for the biggest season in its history. To-morrow afternoon the club members will take their initial plunge into the waters of the Gorge and begin training for the many important water events that will be on this year's programme. The swimmers have been waiting as patiently for a burst of warm weather as any ardent citizen who has planted his garden and wants to see what the harvest will be. But, despite the fact that the weather won't settle, the V.A.S.C. members have decided to go ahead and show the weather man that they don't give a care for him. Perhaps when Old Sol takes a peep through the clouds to-morrow and sees the bevy of beautiful mermaids he will act like a gentleman and come right out and glimpse the show with both eyes.

Expect Big Crowd

Officials of the club expect that between fifty and one hundred swimmers will take part in to-morrow's show. A programme of handicap races and other events has been arranged and there should be plenty of good sport and keen competition. The programme which the club intends to follow out this summer will be made known to the members at a special meeting to be held on Monday night. The club is now busy signing up members, and it is expected that a new record in this respect will be attained.

Great Plan for July 29

The club will stage several galas before the fall, but the big water carnival at which many British Columbia champions will be in the stake will be held on July 29. At this event there will be one of the greatest gatherings of water stars in the history of this city.

Anticipation of this big season the officials of the club during the early spring months expended a great deal of time and money in putting the clubhouse and swimming pool into the very best possible shape. The club is now busy signing up members, and it is expected that a new record in this respect will be attained.

Teams of Twenty Will Meet in Vancouver To-morrow for Rithet Cup

J. E. Wilson, captain of the Victoria Golf Club, is leading a picked team of twenty golfers to-night to engage in the first half of the annual competition with the Shaughnessy Golf Club for possession of the Rithet Cup, at present held by the local club.

Teams compete annually in a 72-hole match. It is played in two parts. This year the opening round will be staged in Vancouver and the Mainlanders will be here in the fall for the final round.

Hope to Retain Cup. The Victoria golfers showed splendid form last year and won the match handsly. They are confident of making another good showing and hope to retain the trophy.

The team which will represent Oak Bay will be as follows: A. V. Macan, B. Wilson, Dr. Boyd, A. T. Goward, J. A. Rithet, John Hart, H. G. Wilson, A. S. G. Musgrave, J. A. Bayward, W. P. D. Pemberton, E. D. Todd, J. E. Wilson, Col. Codville, Hew Paterson, J. E. Dickson, W. Parry, R. H. Pooley, L. York, R. W. Gibson and T. O. MacKay.

The draw for the round is as follows, with the Vancouver players named first and the first time being for the morning and the second for the afternoon:

SCHAEFER RETAINS HIS CHAMPIONSHIP

Welker Cochran Fails to Show Form Equal to That of "Young Jake"

Schaefer's Generalship in Handling Balls Brought Much Applause

Chicago, May 19.—"Young Jake" Schaefer toyed with Welker Cochran in the final block of the world's championship 15.2 Billiard match last night, and retained his title by defeating the Pacific coast star 4-500 to 1,253. Schaefer won last night's block 500 to 414.

The score of last night's block does not tell the real story of the champion's remarkable shooting in the final block. While he did not click off any remarkably high runs, his generalship in handling the balls brought repeated applause, and no doubt of his reliability, despite rather mediocre work the first two nights.

Making Up Shots. Schaefer undoubtedly could have ended the match sooner, for he was master at all times, but he elected to give the audience some thrills near the end by deliberately playing seemingly impossible shots. One spectator remarked he seemed to be "making up shots."

Once he fell down on one of these, and Cochran threatened for a moment with a run of 166. Schaefer now holds unquestioned supremacy in the billiard world, having defended his title against Willie Hoppe and Cochran. He does not have to play again until fall when he meets Roger Conti, French champion.

Jake's leaves were too hard for Welker at the start, and the latter scored only three in his third frame, and one in the next. Schaefer missed in his fourth inning, missing both balls. An overplayed mass gave the champion 32 in his next try, but he was penalized one point for the previous miscue.

Nursed Balls Well. A beautiful exhibition of nursing scored 39 for Cochran. He drove the balls only once, and frequently did not move any of the three more than one inch. Schaefer then clicked off 115 by some clever work and reached 75 on close play, but the balls then scattered and he made 14, two, three, four and five-cushion points before again grouping them. This miss was on a difficult mass. The score then stood: Schaefer, 1,258; Cochran, 1,022.

Cochran's sixth inning gave him 34 and then he drew a lineup narrowly missing a three-cushion bank. Schaefer then scored 24 and seemed on the way to a long run, but failed on a simple one-cushion shot through a slight miscue. Welker was unable to take advantage of the slip however, running only seven in his seventh frame.

Jake in his eighth frame gave him around play, adding 112 to his score and giving him a 329-point lead. Cochran, after scoring 79, had all three balls together, but played a difficult cushion shot and missed when he could have made an easy career. Schaefer got eight, one on a kiss, but could not group the balls. Cochran, however, missed and Jake needed an even 100 to win.

Cochran Had High Run. Cochran proved his nerve by running 166 points in the next inning, the high run of the evening. It made his total 1,308 and Schaefer's 1,449. He missed on an attempt to go to the rail in the next frame.

After running 20 and with only 31 needed, Schaefer missed a long draw by a fraction. Cochran played too easy on a one-cushion six inch bank after clicking off 31.

British Ladies' Golf Championship at Last Passes From Famous Star

MISS CECIL LEITCH

Sandwich, Eng., May 19.—Miss Joyce Wethered, the British amateur golf champion, won the women's open golf championship here to-day, defeating Miss Cecil Leitch, the open title holder, 9 up and 7 to play.

The weather was dull for the decisive match of the tournament, but the wind was moderate, compared with yesterday's gale. Miss Wethered made a good start against the champion to-day and was one up as they went to the sixth tee. Miss Leitch squared the match on the 12th green, and became one up on the 13th, but Miss Wethered put up a stiff fight for the next five holes and again resumed her one-hole lead at the 18th.

The morning round was nip-and-tuck from the start. The cards: Miss Wethered (out)—542, 435, 457-1. Miss Leitch (out)—543, 544, 655-41. Miss Wethered (in)—456, 634, 55-43-84. Miss Leitch (in)—545, 534, 665-43-84.

In the afternoon round Miss Wethered was three up at the third hole. Golfers throughout the world will be surprised to learn of the heavy defeat suffered by Miss Leitch. Miss Wethered was looked upon as a prominent challenger for the title but no one thought that she would prove her ability by such a margin. Last year Miss Wethered played in the finals with Miss Leitch and was defeated.

Last year Miss Leitch cherished the hope that she would win the world's most prominent championships. She led off with a victory in England, followed by capturing the French championship and then won in Canada. In the United States competition she was eliminated by a golfer of low standing.

This year Miss Leitch hoped to attain her ambition but disaster has overtaken her at the first turn. Miss Leitch first won the British championship in 1914. When the championship was resumed in 1919 she again captured the honors, repeating in 1920 and 1921.

Local lawn bowlers will have their first inter-city match on Wednesday next when a team of 28 of the leading players of the Premier Club, of Vancouver, will take on a similar number of bowlers at the Beacon Hill green. The Premier Club has 150 players to pick from, so the team which comes here should be exceptionally strong and will give the locals a good test.

At a meeting of the games committee of the local club a discussion on the subject of appointing officials for the season, as is done in most mainland clubs, resulted in a decision to appoint eight seniors and eight deputies to skip games on the green, play mostly on Mondays and Saturdays. This will avoid delay in starting the games and will not bar out other members from

playing in this position who desire to do so.

Fourteen Selected. Fourteen gentlemen were selected by ballot and two more will be chosen later from the talent that is being displayed by the new members who have recently joined and who have had wide experience in other clubs.

The fourteen members highest in the ballot take are as follows: Senior—T. Cashmore, W. H. Cullen, James Munro, A. McKeachie, A. B. McNeill, T. McCosh, James Isaacside.

Deputies—R. Dunn, W. T. Edcombe, James Renfrew, I. Geo. Valance, E. C. Wright, H. M. Wright, W. Woods.

Knights Going Out To Gather Revenge

LEADERS TAKING ON TOMMIES SATURDAY

Incogs Will Be in Action for Fourth Week and Are Expected to Win

Victoria Engages Army and Navy; Five C's Teams to Settle Argument

For the fourth week in succession the Incogs will engage in a cricket match to-morrow afternoon, being drawn against the Garrison. The match will be played at Work Point. The Incogs will not have a bye until next Saturday, and probably they won't just as soon pass it up as they are going great guns now. It is not expected that they will experience any great difficulty in disposing of the Garrison. They have shown splendid work at bat, usually declaring before half the side is out, that it is not believed the Garrison will produce any bowlers that will come through with a killing.

This One Should Be Good. The two Five C's teams, between whom there exists considerable rivalry, will meet for the first time this season at Oak Bay Park. The Five C's "A" team think that they are the pick of the root, but the "B" team refuse to consider the argument, and will go out to demonstrate its superiority.

The other game on the calendar will be between Victoria and the Army and Navy at the Jubilee grounds. It is expected that the former will be victorious, although the A. and N. is quite capable of putting up an interesting struggle.

The Albions hold the bye to-morrow. The Five C's "A" will take the field as follows: D. Henson, Eric Quinlan, W. B. Bredin, A. Lee, H. H. Knappan, P. C. Payne, J. Collet, S. Davis, W. M. Sutton, H. Edwards and Merryfield.

JUNIOR LEAGUE TO COMMENCE TO-NIGHT

Four Teams Will Clash in Opening Games of Newly-formed City League

Three captains of junior baseball teams were gathered in a group talking of the prospects of a junior league when Tom Kay, captain of the Mets team, suggested the formation of such a league. Thus the league was formed, and H. Cross, boys' secretary of the Y. M. C. A., was elected president of the league. To-morrow's game will start sharp at 3 o'clock.

Arrangements have been made and everything set and completed as the saying goes to make this year a success. Eight teams have entered and will keep the interest of junior players bound right up to the end of June, when an elimination series is to be formed and the champions of the city decided upon. The following are the teams entered in the league on the condition that they retain no more than fifteen players: Metropolitan, Tigers, Umbonties, Y. M. C. A., Vultures, Pirates, and Tyees.

Four Games To-night. To-night eight teams will clash together, commencing a twenty-eight-game league. The Pirates are due to meet the Tyees at the south end of the Central Park grounds, while the Vultures and Mets will fight it out at the north diamond of the same lot. Y. M. C. A. and Los Angeles are to present a game at Beacon Hill, while the Hunters and Umbonties will be arrayed against each other at the High School grounds.

All these games have been timed to start at 8:45 o'clock. Games will be played every Friday evening at 6:45, providing nothing crops up to top playing. A large attendance is anticipated at all games.

The schedule is as follows: May 19—Pirates vs. Tyees, Vultures vs. Mets, Hunters vs. Umbonties vs. Y. M. C. A. May 20—Pirates vs. Vultures, Tyees vs. Mets, Hunters vs. Tigers, Umbonties vs. Y. M. C. A. May 21—Pirates vs. Tyees, Vultures vs. Mets, Hunters vs. Umbonties vs. Y. M. C. A. May 22—Pirates vs. Tyees, Tyees vs. Hunters, Vultures vs. Umbonties vs. Y. M. C. A. May 23—Pirates vs. Tyees, Tyees vs. Hunters, Vultures vs. Umbonties vs. Y. M. C. A.

MISS BURT-SMITH WINS

Miss Burt-Smith won the monthly bogey competition at the Colwood golf links yesterday afternoon. Mrs. McKenzie was second and Miss Richards third.

Going to Perform Like Champions From Now On, and Intends to Make Elks Do Some Tall Hustling To-morrow Afternoon—Noble Will Oppose McIntyre on Mound

Things are going to be different at the Stadium to-morrow afternoon according to word from Dave MacFarlane who besides handling the onerous duties of president of the Victoria Amateur Baseball League, has taken over the job of making a ball team out of splendid material which the Knights of Columbus possess.

The Knights have been put through their paces this week, and when they stack up against the Elks to-morrow they intend to make amends for their terrible trimming at the hands of the Elks last Saturday.

Just Regular Champions. "From now on the Knights are going to act like champions," remarked Dave MacFarlane this morning. Of course Dave has never been known to be anything but optimistic, and while some folks may think he's stretching the elastic rather far still he may duplicate his performance of last year and make all the teams go like a pack of hounds after a fox.

The Knights will start Jack Noble in the box to-morrow. They're through experimenting and realizing that they are up against a stiff bunch of hitters, they intend to have their best bet on the mound.

Alex Will Help. Alex Straith will take on to himself a uniform to-morrow, and will gamble about in the vicinity of this base. Alex's experience, hitting and fielding will do a great deal to strengthen the Knights and should steady down the whole team.

Richard McInnes or Scott will be behind the bat. Theo Townsley has not yet decided to sign on with the Knights. George Copas will play first with Dunn on second and Kenny at short. George Allen, Anthony and Richards will play in the outfield.

Still Walter Never Did Worry. Walter Lorimer is not worrying very much over the fact that the Knights have been rejuvenated. He figures that he will keep the youngsters without much trouble, and will send "Red" McIntyre to the mound, and the team will line up in the same order as in Wednesday night's game when it scored a win over the C. P. R.

With a little warmer weather the brand of ball will improve. The cold breezes do not loosen up the old whips. The race will tighten up, and the Elks and Eagles, who are at present showing the way in the race will have to keep on their toes to stay in the lead.

To-morrow's game will start sharp at 3 o'clock.

TEAMS EXCUSED FROM QUALIFYING ROUNDS

London, May 19.—The following clubs, including the Corinthians, are to be excused the qualifying rounds of the F. A. Cup competition next season:

The Arsenal, Aston Villa, Barnsley, Birmingham, Blackburn Rovers, Blackpool, Bolton Wanderers, Bradford City, Brighton and Hove Albion, Bristol City, Burnley, Bury, Cardiff City, Chelsea, Clapton Orient, Corinthians, Crystal Palace, Derby County, Everton, Fulham, Huddersfield Town, Hull City, Leeds United, Leicester City, Liverpool, Luton Town, Manchester City, Manchester United, Middlesbrough, Millwall, Newcastle United, Notts County, Nottingham Forest, Oldham Athletic, Plymouth Argyle, Portsmouth, Preston North End, Queens Park Rangers, Rotherham County, Sheffield United, The Wednesday, Southampton, Spout Shields, Stokes, Sunderland, Swindon Town, Tottenham Hotspur, Watford, West Bromwich Albion, West Ham United and Wolverhampton Wanderers.

HOOP CHAMPIONS TO RECEIVE TROPHIES

Sunday School Basketball League Will Hold Final Gathering To-night

The Sunday School basketball season will be finally closed to-night, when a closing rally will be held in St. Andrew's schoolroom at 8:15 o'clock. The following will be the programme for the evening:

Open remarks by Alderman Joseph Patrick, chairman of the league. Musical item, Ed. Estlin and Miss Estlin. Presentation of Pimley & Ritchie Cup to Fidelity girls by George Robinson. Song, member of Three K's Concert Party. Presentation of the George Bell Shield to First Presbyterian intermediate boys by Aubone Hoyle. Song, Harold Beckwith. Presentation of Henry Birch Cup to Fidelity junior girls, B.C. champions, by R. G. Howell. Song, Messrs. Coates and Squire. Yordie, the ventriloquist. Presentation of the Crusader Shield to St. Andrew's senior girls by Jim Buckett. Musical sketch, Three K's Concert Party. Presentation of the H. T. Knott Shield to First Presbyterian senior men by Archie Wills. Refreshments. Presentation of the Rithet Cup to the First Presbyterian senior men, B.C. champions, by Archie Wills. Refreshments. Arm's length during all. "God Save the King."

COAST LEAGUE BALL

Seals Booted Ball

San Francisco, May 19.—Whole-hearted booting in the eighth inning yesterday gave Vernon two of the four runs scored in that frame and its third straight victory over San Francisco. The score was five to three. Walsh and See were the star error-makers, Walsh contributing two, which cost a run apiece and See another at the same price.

Batters—Doyle and Murphy. Hanch: Geary, Gillenwater and Agnew.

Bearers Slip Back

Sacramento, May 19.—Sacramento delivered the punch at opportune moments during yesterday's combat, while Bill Prough held his Portland opponents at arm's length during all but one of the periods after the first. Colonel Pick's crippled clefted off Leversen in the first, third, sixth and eighth innings, while the Bears got into the run alley in the first and seventh. Sacramento therefore went back into seventh place, while Portland slipped again to the basement by a count of five to three.

HOSTILE FIGHTERS ARE PRIED APART

Sacco and Gorman Gave Fans Some Thrilling Milling at Portland

Portland, Ore., May 19.—Jimmy Sacco, of Boston, weighing 137 pounds, won a ten-round decision here last night over Joe Gorman, of Portland, 130-pounder. The fight was even up to the end of the eighth, but Sacco took the last two rounds by a wide margin. In two rounds, the fourth and the ninth, the boxers became so infuriated at each other they would not stop at the bell, and it took the combined efforts of the referee and seconds to tear them apart. Gorman lost to Sacco a couple of weeks ago in Seattle on a foul.

Battling Ortega, of Oakland knocked out Jack Davis, of Seattle, in the fourth round of their six-round bout. Freddy Williams, of Boston, and Mike Depinto, of Portland, feathery, boxed six rounds, but the referee declined to make a decision on the ground that they were stalling.

Farmer Took Every Round. Tacoma, May 19.—Frank Farmer, Tacoma heavyweight, won a decision over Marty Foley, also of Tacoma, in a six-round bout here last night, taking a unanimous decision over Jimmy Rivers, Tacoma lightweight, was given the decision over Harold Jones, also of this city, in the six-round semi-final, but the decision divided the house, many of the fans favoring a draw.

Sammy Gordon, Portland featherweight, was given the decision over Harold Jones, also of this city, in the six-round semi-final, but the decision divided the house, many of the fans favoring a draw.

Sammy Gordon, Portland featherweight, was given the decision over Harold Jones, also of this city, in the six-round semi-final, but the decision divided the house, many of the fans favoring a draw.

SUZANNE WILL MEET ELIZABETH IN FINAL

French and American Court Stars Are Expected to Survive Semi-finals

Brussels, May 19.—Miss Elizabeth Ryan, of California, yesterday defeated Mrs. Beamish, of England, in the first round of the women's singles of the international hard court tennis championship. The score was 6-2, 6-2.

By winning yesterday Miss Ryan reached the semi-finals. To-day Miss Ryan will play Mme. de Borman, Belgium, and Mlle. Lenglen will meet Miss McKane, of England, in the semi-finals. The experts predict that Miss Ryan and Mlle. Lenglen will win their matches and therefore come together in the championship round on Saturday.

Count Played Well. In the men's singles Mishu, of Roumania, defeated Watson, of Belgium, 4-6, 6-3, 4-6, 6-2, and Degmar, of Spain, won from Aeschlimann, of Switzerland, 6-0, 6-1, 6-2. Mishu showed good form in his match with Watson, but Count Degmar played the best tennis of the tournament when he sent down Aeschlimann to defeat. Manuel Alonso, the Spaniard, is still suffering from the injury sustained Tuesday and Degmar is now picked by the experts as the probable winner of the singles title.

The match between Miss Ryan and Mrs. Beamish was played under unfavorable weather conditions. A storm broke as the first set was concluded and the second set was played in a drizzle with the courts heavy. Miss Ryan had her hop strokes and drop shots working beautifully despite the heavy court.

ST. ANDREW'S TENNIS CLUB TO BEGIN PLAY

St. Andrew's Tennis Club court will be formally opened to-morrow afternoon at 2:30 o'clock. The grass court on Michigan Street is now in first class condition, and a storm break is anticipated. It is hoped that all old members, and any prospective members, will be on hand to-morrow afternoon for the opening ceremonies.

The court will be open for play on and after to-morrow:

FUNDS RAISED FOR HOSPITAL WORK

Pleasant Event at Duncan Was Also Financial Success

(Times Correspondence) Duncan—A very charming social event was held at the home of Mr. and Mrs. J. H. Whitton on Wednesday afternoon under the auspices of the Scattered Circle of King's Daughters.

The entertainment in the grounds and lovely home, which also was thrown open, consisted of concerts in the billiard room, Punch and Judy show in a tent, afternoon tea on the verandah, clock work and a decorated toy parade. Messrs. Palmer and Snow, Mrs. H. C. Mann and Mrs. Barton sang most delightfully. Messrs. Hamilton G. Knight, with Miss Whitton at the piano, gave amusing conjuring turns.

W. A. Willett, who arranged these very successful concerts, played the accompaniments. Between concerts Messrs. Hamilton and Knight gave the Punch and Judy diversion for the little ones amid shouts of joy.

Shirley Gooding, aged two, won first prize in the decorated toy parade with a tiny doll's carriage decorated with bridal wreath and flowering almond blossoms. Nancy Hayward was second, with a carriage decorated with daffodils.

Mrs. Ernest Price won the tie in the ladies' clock golf competition over Mrs. Day and Mrs. Share.

E. W. Carr-Hilton also won out on a tie against G. G. Share in the gentlemen's contest. Stalls under the trees did very well. Miss Bobbie Stephens had charge of the ice-cream.

Miss B. M. Hall, Mrs. Craig and Mrs. Findlay had charge of a stall of children's clothing; Mrs. Jaynes and Mrs. C. H. Dickie, cooked food; Mrs. Tim Thurn and Miss Marriner, plants; Mrs. Gooding, clock golf; Miss Muttter, Mrs. S. M. Lamb, Miss Vivian Lamb, Mrs. Fry, Mrs. Ainslie Johnston, Miss Wright, Miss Simpson and Mrs. Share, afternoon tea. Mrs. Whitton had charge of general arrangements.

The proceeds will go to pay for a piece of land recently acquired to add to the King's Daughters' Hospital grounds. The Hospital Board hopes to build an extension to allow for accommodation for the nurses, and also an isolation building. These proposed extensions will increase the available hospital accommodation by twelve beds.

At a King's Daughters' meeting to be held May 26 officers for the Scattered Circle will be elected, also a district secretary for Cowichan, and delegates to attend the convention in June.

LADYSMITH SCENE OF BUILDING NOW

(Times Correspondence) Ladysmith.—The building trade locally is on the upward trend, there being at the present time three dwellings under construction on the Esquimalt and Nanaimo sub-division and three in the city proper. Mr. Dowling is erecting a store on the corner of White Street and Second Avenue, while J. A. Ryan and A. Palm are erecting a two-storey block on First Avenue, which when completed will house a first-class bakery and butcher shop. The latter is well under way and should be completed in the near future.

The tug Honeymoon, with Capt. Johnson in charge, operated by the Gulf of Georgia Towing Co. sank at Yellow Point. She was engaged towing a special grade of sand and shells from Yellow Point to the fertilizer plant in Vancouver. While bringing in a scow to load shells she struck a rock, and the crew, fearing the boat would capsize, put a brace under one side of the hull. This brace, instead of holding her up, had a tendency to lift the deck and open the seams, the result being that the boat filled with water and foundered. The salvage boat Skookum, operated by Bisset & Co. of Vancouver, is engaged at salvage operations. The tug is in very shallow water.

HOTEL OPENED AT MAPLE BAY

(Times Correspondence) Duncan—The Maple Inn, the new hotel which has been built at Maple Bay, is to be opened to-day. This should fill a long felt want, as Maple Bay is becoming such a popular seaside resort that all the available cot-

LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and Nobody Will Know.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandma's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyley's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair. A well-known down town druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy. (Adve.)

THE LADYLIKE HABIT

"My wife says she will leave me if I don't quit smoking," said Mr. Meek-ton. "Going home to her mother?" "No. Her mother smokes more than I do."—Washington Star. Brown visited a friend in Glasgow, and while out sight-seeing was struck by the utter dejection of a man passing by. He turned to his friend and remarked about it. "Ha!" exclaimed the friend. "He's terribly upset. He lost his wife last week."

MOOSE EVENT WAS HELD IN NANAIMO

(Times Correspondence) Ladysmith.—A party of the local lodge of the Loyal Order of Moose motored to Nanaimo to take part in the arranging of a delegation to their convention, which is to be held in Walla Walla June 15, 16, 17. There were many present from the different lodges interested, the most noted being Past Supreme Dictator Bro. J. Hill and Herder Bro. W. Brown, of Vancouver, president of the Northwest Moose Association; Bro. C. Fisher, of Los Angeles; Secretary Bro. R. Pierce and Bro. E. Tait, heads of the organizing programme of Victoria; Bro. J. Quinn, Past Dictator of Cumberland Lodge; Bro. E. Comley, Dictator, and Bro. W. Cullum, Past Dictator of Ladysmith. There were also many lady legionaries present.

Speeches were delivered by the different officers. Bro. J. Hill pointed out the wonderful work that is being done at Mooseheart, where they are clothing, feeding and educating upward of 1,200 children. The education received by these children ranges from a common to a high school education, fitting them to enter any university in the land. They are also taught any one of twenty-six different trades. Songs and recitations were also rendered, the singing of Miss Muir and the reciting of Bro. Fulton coming in for special comment. At the completion of the programme a supper was served which was a credit to those in charge. The meeting adjourned at a late hour, when all departed expressing themselves as having had an enjoyable time and looking forward to their visit to Walla Walla in June.

SOOKE PEOPLE PREPARING FOR MAY 24 EVENTS

Sooke Harbor.—On Wednesday evening there was a special meeting of the sports committee for the May 24 celebration. A letter was read from Alfred Carmichael, of the Franco-Canadian Company, extending permission for the use of the Saseenos flats for this event, which was received with great satisfaction. A splendid programme has been arranged, including dory races, tug-of-war, open races, races for boys and girls of various ages, jumping, sack races, etc., etc., as well as a horse race for men and one for women. There will be a baseball match in the morning, the Sooke team being under the captaincy of E. Wright. The afternoon events will commence at 1 o'clock, standard time. Picnickers from outside points will be able to enjoy, for a small fare, a motor launch trip round the beautiful inner harbor with its four square miles of sheltered salt water, picturesque islands and unlooked-for coves. These motor boat trips will be quite an addition to last year's programme. Arrangements have been made for refreshments upon the ground under the capable hands of Messrs. Feraf & Wilham. The entrance to the grounds is on the Sooke main road just three-quarters of a mile short of the Sooke River bridge coming from Victoria and about the same distance beyond the C. N. R. station at Saseenos.

CHILDREN'S AID SOCIETY MET

(Times Correspondence) Duncan.—At a meeting of the Children's Aid Society, the Rev. R. D. Porter was chosen chairman in the absence of the president, Mr. Cheeke, who was detained at home by forest fires, resolutions were passed endorsing the action of the president and secretary in cases that had arisen between meetings. Mr. Porter will take steps to assume the guardianship of a boy twelve years in the name of the society. The treasurer's report read by Mrs. Elkington, showed \$29 in hand. The president and secretary were asked to interview the two councilors to ask for grants, and also to ask permission to hold a tag day.

Re-appointed. (Times Correspondence) Duncan.—The Police Commissioners at their meeting this week re-appointed A. J. Merry as police constable.

A Popular Drive. (Times Correspondence) Sooke Harbor.—The Lieutenant-Governor and Mrs. W. C. Nichol motored to Sooke Harbor on Wednesday afternoon, taking tea at the hotel. The fresh green of the maple trees all along the Inlet, the Spring flowers and the good condition of the road are making this a very favorite drive. With the quantities of broom coming into flower this drive for the next month or two will be unusually attractive. Some good catches of trout have been reported from along the banks and pools of the Sooke River.

Social Evening. The social evening under the auspices of the Sooke Harbor Athletic Association held this week was a very enjoyable one, and many expressed their satisfaction that the association had decided to continue these "get-together" evenings every other week throughout the summer months. The wheel drive resulted in the ladies' prizes being won by Mrs. Moran, of Otter Point, while the gentlemen's prize went to Fred Cullum. Two booby prizes were given, one being secured by Mrs. George McInosh and the other by Leslie Hewer. Excellent music was provided for the dance which followed by Miss Florence Muir and George McIntosh. Everything was splendidly arranged, under the supervision of Ford Verlander.

COLLECT LARGE SUM.

The Post Office Bulletin reports that the total sum of \$90,000 was collected on shortpaid matter at those offices where care was exercised in the collection of deficient postage. This is a large sum and senders are advised that they might cut down their expenditure by prepaying the correct total of stamps.

HIS SAD LIFE.

The lady of the house was very soft-hearted, and the tramp who had ventured to beg at the front door congratulated himself on his "soft touch."

"My poor man," said the lady, noticing the tramp's thin and woe-begone face, "there is a shilling for you! Dear me, you must have had many trials!"

"Yes, mum," replied the tramp. "I have. And a heap of convictions, too!"

The less we have the easier it is to share with others.

COMMONS REDUCES VOTES FOR ARMY

Government's Plans Approved by M.P.'s at Ottawa

Ottawa, May 18.—Estimates of the Department of Militia were brought before the House of Commons last night. When the estimates were discussed

last week Hon. G. P. Graham indicated a series of reductions proposed by the Government. Several votes so reduced were passed last night. A vote of \$450,000 for cadet services, reduced by \$100,000, was adopted, although there were Conservative protests. T. L. Church, Conservative, North Toronto, asserted that the reductions would disorganize the whole militia. "We spend millions for railways," he charged, "but not a cent for building characters." J. S. Woodsworth, Labor, Centre Winnipeg, declared that cadet training was merely a camouflage for the inculcation of that type of patriotism known as militarism. Prussianism

did not look any better in a British uniform. A few millions contemplated for war account would be expended to a more useful purpose in relieving starvation among Russians. None the Worse. Mr. Graham observed that the boys would be none the worse by sacrificing their annual camp for a year. Items of \$25,000 for the Federal arsenal at Lindsay and \$25,000 for the Quebec Arsenal were held over on request of Hon. Hugh Guthrie. When an item of \$25,000 for pay of the Staff came up the Minister moved that it be reduced by \$10,000. Donald Sutherland moved in amend-

ment that the reduction be \$25,000. Mr. Sutherland's amendment was declared lost, and the item as amended by the Minister carried. An item of \$140,000 for schools of instruction was reduced by \$50,000 on motion of the Minister. R. B. Hanson, Conservative, York-Sunbury, moved a reduction of \$50,000 in a vote of \$200,000 for transport and freight. This was moved in view of a reduction of 20 per cent. in annual camps. The Minister stated that the item had nothing to do with annual drill and the vote carried.

SIR GEORGE BURY GRANTED DIVORCE

Former C.P.R. Head Receives Decree at Reno; Heavy Alimony

Reno, Nev., May 19.—Sir George Bury, former vice-president of the Canadian Pacific Railway, was granted a decree of divorce in the district court here yesterday from May Saloma Bury. Grounds were given as desertion and the suit was not contested.

Sir George was Commissioner of Railways in Canada and Russia during the war for Great Britain and was knighted in recognition of his services.

Sir George, although he is no longer connected with the Canadian Pacific Railway, receives an annuity from the company, the records of the case show. A property settlement provides that he pay his former wife \$800 a month for the next four months and then \$500 a month during the life of his gratuity from the railway, after which \$400 per month will be paid. Life insurance totalling \$10,000 also has been taken out in her favor.

Sir George alleged in his complaint that since his wife left him he has been providing her with \$10,000 per year for her support.

ROYAL SOCIETY MEETS IN OTTAWA; PREMIER ATTENDS

Ottawa, May 18.—Interesting papers, compiled after extensive research into scientific, historical and biographical subjects; a largely attended luncheon and registration of delegates, comprised the programme here yesterday of the Royal Society of Canada, in annual session.

The luncheon was attended by Premier King, Sir Lomer Gouin, Sir Alexander Macphail, Sir Alexander McPhail and others prominent in political, ecclesiastical and scientific life, and was thoroughly successful. The Premier, who is a Fellow of the Society, brought from Parliament a message of goodwill. "I assure you," he said, "I believe that it is more difficult to become a member of the Royal Society than it is to become Prime Minister of Canada. If any point comes in your deliberations at which the Society and the Government are in conflict, you can be brought into closer co-operation with one another. I assure you I shall do all in my power to bring this about."

C.P.R. ENTERTAINS ITS FOOTBALL TEAM

Dinner and Smoker Held at Empress Hotel Last Night; Splendid Programme

A most enjoyable evening was spent by the C. P. R. Social and Athletic Club at a dinner and smoker held in honor of the C. P. R. Football Club, on Thursday evening, in the ballroom of the Empress Hotel. Dr. Grant, president of the football club, occupied the chair, and was ably supported by H. E. Beasley, superintendent of the E. & N. Railway; William Wallace, captain, and T. J. Grant, about 100 members sat down to dinner. About 100 members sat down to dinner. About 100 members sat down to dinner. About 100 members sat down to dinner.

A splendid musical programme, arranged by Mr. Francis, and composed entirely of C. P. R. talent, was enjoyed, the following members contributing: W. W. Francis, tenor; F. White, bass; R. Thomas, recitative; C. Obee, comic. A special mention should be made of W. Burke, who with his wooden baby doll gave a very good ventriloquist turn, which was greatly appreciated. Also Bill Henry, who rendered three recitations. K. Smythe presided at the piano in a very acceptable manner. Mr. Beasley in a few well-chosen words congratulated the football club on its last year's performance, and enjoined every member to strive and put sport in all branches on the very highest level. Where the initials "C. P. R." appeared, everybody looked for nothing but the best, and it should be the same in the athletic clubs of the Company. He also paid a high tribute to Dr. Grant for his untiring efforts on behalf of the football club. Apologies for absence were read from Capt. J. W. Troup, Capt. C. D. Neroutsos and others. The evening closed with the singing of the National Anthem.

MAGNESIA FINE FOR ACID STOMACH

Quickly Neutralizes Acidity, Stops Fermentation, Sweetens the Stomach.

Nine people in ten, when food upsets the stomach causing distress, think they have indigestion. In reality they are suffering from "acid stomach." An excess of acid in the stomach causes gas, heartburn, bloating and nervousness. To have a strong healthy stomach capable of easily and normally digesting three hearty meals a day you simply must keep these stomach acids neutralized and the stomach contents sweet. No artificial digestants are necessary. Just get a few ounces of Bisurated Magnesia from any good drug store and take one teaspoonful of the powder or two tablets in a half glass of water right after eating or whenever the slightest pain in the belly. The result is amazing and you will be delighted with the almost instant relief it brings. This famous stomach sweetener combines Magnesia and Bismuth in desirable proportions and is not only splendidly effective but perfectly harmless. Its regular use keeps the stomach sweet, strong and healthy all the time. Bisurated Magnesia is well known to druggists everywhere and is used annually by more than a half million people who now eat as they please in reason with no more fear of indigestion. (Adv.)

CATHCART CUTS CONTINUALLY!

Hundreds of Pairs Again Reduced for End-of-Week Selling

This store doesn't have a sale often, but when it does we believe in making it a sale that SELLS. To begin with these Shoes were marked low, much below their real worth. RATES FOR CLASSIFIED ADVERTISING

Situations Vacant, Situations Wanted, To Rent, Articles for Sale, Lost or Found, etc. 15c per word per insertion. Contract rates on application.

No advertisement for less than 15c. Minimum number of words, 15.

In computing the number of words in an advertisement, estimate groups of three or less figures as one word. Dollar marks and all abbreviations count as one word.

Advertisers who do not desire any replies addressed to a box at the Times office and forwarded to their private address. A charge of 10c is made for this service.

Birth Notices, \$1.00 per insertion. Marriage, Card of Thanks and In Memoriam, \$1.50 per insertion. Death and Funeral Notices, \$1.50 for one insertion, \$2.50 for two insertions.

BIRTHS, MARRIAGES AND DEATHS

BORN.

ELWORTHY—On May 17, to Mr. and Mrs. H. B. Elworthy, 566 Menzies Street, a son.

DIED.

RYES—On the 18th inst., at the Royal Jubilee Hospital, Agnes Emily Ryes, aged 48 years, beloved wife of E. A. Ryes, of James Street, and daughter of a native of Frederikshald, Norway, and had been a resident of Victoria for the past 25 years. She leaves to mourn her loss her husband and one daughter, mother and two brothers.

The funeral has been arranged to take place from the Thomson Funeral Home, on Saturday afternoon, May 20, at 2 o'clock. Interment will be at Ross Bay Cemetery, Rev. F. H. Patt will officiate.

CARD OF THANKS.

Mr. John Barber and Mrs. A. M. Milligan wish to thank their many friends for their kind words of sympathy and kind tributes, and to those who kindly loaned their cars, also to the kind friends who helped at the sad accident.

WE ARE ADVERTISING THIS LOVELY BUNGALOW HOME

Because WE KNOW THAT IT IS UNUSUALLY GOOD VALUE AND WILL SELL QUICKLY.

THIS SITUATION is ideal, in one of the best parts of OAK BAY, handy to the car line and all conveniences. The house is beautifully finished and is in excellent condition, a place that anyone would be proud to call their home. There are 7 big bright rooms.

LARGE DRAWING ROOM with heated open fireplace, built-in china cabinet, etc.

Nice, paneled DINING ROOM with beamed ceiling and other features. CUTE KITCHEN, beautifully paneled. CUCH KITCHEN, fully equipped.

ONE LARGE BEDROOM and TWO SMALLER BEDROOMS. Three-BATH BATHROOM and W.C.

Bedrooms and bathroom are finished in white enamel, all the balance of the rooms are most attractively decorated. The electrical fixtures of the very best are included in the purchase price.

There is also a fine dry cement basement with good hot water furnace and stationary laundry tub.

The grounds are beautifully laid out in lawn, with numerous flower beds, rose bushes, shrubs and hedges, all well kept and in harmony with the handsome architecture of the house.

This is one of the most attractive properties that we have ever had the privilege of handling, and is unquestionably a "snag"!

ONLY \$4,750.00 TERMS. See us for photographs and further particulars.

SWINERTON & MURRAY, 610 Fort Street.

(No phone information will be given.) CORPORATION OF THE TOWNSHIP OF ESQUIMALT.

Garbage Collection

The Collection of Garbage will be commenced by the Corporation on or about June 1st next, after which date the provisions of the Garbage Collection By-law will be strictly enforced, and the tenant or owner allowing garbage to accumulate on his premises or depositing same on vacant property will be prosecuted for offence.

No garbage will be collected unless deposited in Standard Cans, which may be hired from the Corporation at a cost price, viz., \$1.00, and will be deposited by the Municipality. To avoid inconvenience the Corporation will collect the garbage accumulated previous to the commencement of the Municipal Collection which cannot be deposited in the Standard Can must be removed forthwith by the owner or tenant.

H. F. BOURNE, Municipal Engineer, Municipal Hall, Esquimalt, B. C., May 19th, 1922.

GARRISON SPORTS

Two fast and exciting games of indoor baseball were played at Work Point yesterday afternoon, the first game being between "B" Company, No. 1 team, and the Sergeants' Mess.

In the initial innings the sergeants clouted the ball for four homers. The Princess Pats retaliated by getting three home runs in their first journey to the plate. The latter team took the lead at the third innings, and at the end of a din-don struggle came out on the top end of a 12-11 score.

Score by innings— B 3 0 0 0 1 0 0 5—12 Sergeants' Mess 4 0 0 0 2 4 1 0—11 Batteries—Bishop and Hall; Gibson and Marsh.

The second game was between of Officers' mess and the R.C.M.G.B. "A" team. This game was just as hard fought as the previous game, the Machine Gunners obtaining the lead in the second innings, retaining it throughout.

Score by innings— Machine Gunners 1 1 0 0 2 0 3 0—7 Officers' Mess 1 0 1 0 0 2 1 0—5 Batteries—Cool and Oakes; Major Cobbett and Capt Francis.

A VERY BUSY MAN

Editor—"Mary! Please take the cat out of the room. I cannot have it making such a noise while I am at work. Where is it?" "Mary—"Why, sir, you are sitting on it!"

PROVINCE OF BRITISH COLUMBIA.

Tenders addressed to the Chief Engineer, Dept. of Railways, Victoria, B. C., for construction of a concrete retaining wall between G. N. Railway and Front Street, New Westminster, will be received at the Dept. of Railways up to noon, Saturday, May 27, 1922.

Plans and specifications can be seen at office of Inspector of Equipment, New Westminster, and at the Dept. of Railways, Victoria.

Tenders are to be marked "Westminster Retaining Wall" and accompanied by an accepted cheque for \$5,000.00 (five thousand dollars), payable to Minister of Railways.

The lowest or any tender not necessarily accepted.

A. F. PROCTOR, Chief Engineer, Dept. of Railways, May 15, 1922.

C.P.R. TENNIS CLUB WILL OPEN COURTS

The C. P. R. Tennis Club will hold its opening matches to-morrow afternoon at the courts at the corner of Menzies and Belleville Streets. The ceremony will start at 2.30 o'clock with a doubles match between Miss Hickey and Miss Grant and Messrs. Anderson and Chambers. The C. P. R. Club is looking forward to a very successful season and trusts that all members will be on hand. Tea will be served during the afternoon.

FAIL TO FIND CAUSE OF ARCADE BLOCK FIRE

(Continued from page 1)

pected the Arcade Building in company with the engineer. He had looked over electric cords in the basement and in some cases he had had cords cut to make them shorter. Everything that he had ordered had been done. He was "pretty sure" that no electrical conduit work ran through the fire wall in the centre of the building. He said that the Plimley & Ritchie Company had been using an unapproved extension cord for lighting purposes but had removed it on his instructions.

Two long commercial lamp cords ran through the wire work, and he had ordered the removal of them. All his instructions had been carried out by April 28 when he had made his first inspection, he stated.

How Fire Was Fought

Fire Captain Joseph Dodds said that he had noticed one plate glass in the bicycle shop was cracked when the firemen arrived, due, he thought, to the pressure of smoke inside. The heavy metal gate at the rear of the building made it impossible to enter by the back door of the burning store. He thought by the way the smoke arose that the fire had started in the basement of the bicycle store. When the firemen had made their way into the basement through the pavement on View Street it had been impossible to put water on the real base of the fire. Then they had gone into the basement of the Fletcher Music Store, where they saw fire in every direction.

Had Been Burning Some Time

"I think the fire had been burning a considerable time before we got there," Captain Dodds said. "On the ground floor something was burning and I thought it was a drum of oil. It may have been gas. It could have been calcium carbide," he agreed, when questioned farther.

Writing in Store

James H. Fletcher, proprietor of the Fletcher Music Store, said that heavy, black smoke was pouring out of the bicycle store when he arrived on the scene at ten minutes to five. In the basement of his store there had been a varnishing and tuning plant. Mr. Fletcher stated. He had been told by the engineer of the building that the city wiring inspector had complained of the wiring in the Fletcher Music Store, and that electricians had made alterations costing \$36, and had installed heavier drop cords.

"It was so thin you could pretty nearly whisper through it—you could hear me on the other side talking," he said when asked about the partition between his store and the bicycle store.

Entire Loss of Stock

"I have not the faintest idea," he replied when asked how the fire had started. His stock, valued at between \$75,000 to \$100,000, had been an entire loss. It had never been suggested to him that he should install a sprinkler system in his basement.

Firemen Had Made Frequent Inspections

of his establishment—once a month or even more frequently. All waste was removed from his shop every day, he stated.

Cleaned Up At Night

"That's an exceedingly bad practice," Mr. Thomas declared when he was told that waste collected during the day was left in the building during the night and removed on the following day. "Buildings should be left absolutely clean at night. While I don't suggest that the fire started in your building, it would be possible for a spontaneous fire to start there."

Mr. Fletcher stated that he had thoroughly inspected his basement at six o'clock on the evening preceding the fire.

George Furgie, piano tuner, employed by Mr. Fletcher, declared that the piano-tuning and varnishing shop in the basement had been exceedingly clean. He had left his shop at ten minutes past seven on the night of the fire. He had heard voices in the bicycle shop basement, but this was not unusual. There was no indication that the fire had started in the finishing shop. In fact, varnish and cardboard boxes lying there had only been scorched.

Had Recommended Changes

A. C. Pike, engineer in charge of the Spencer and Arcade Buildings, recalled that in April he had investigated the wiring of the latter building. He had not found the wiring satisfactory in his inspection, he suggested of the City Wiring Inspector, changes had been made. He said that unsatisfactory wiring, to light a rifle range, had been found in the basement of the bicycle store. The bicycle and music shops had been the two most unsatisfactory places as far as wiring was concerned.

Mr. Thomas asked Mr. Pike whether a hole had

SEWER BY-LAW MUST GAIN DOUBLE VICTORY

Saanich Council Decides on Novel Policy to Protect Ratepayers

There will be no thrusting of sewers upon a reluctant district by ratepayers of the outer wards of Saanich at the polls in July. The Saanich Council last night unanimously decided that should the by-law authorizing sewer construction be adopted by the required three-fifths majority of all Saanich votes cast, it will nevertheless be shelved if the proposal should not be endorsed by a majority of the ratepayers of the proposed sewer area.

This course was adopted to meet criticisms made by residents of the rural wards to the effect that should they support a general sewerage scheme, their votes might be overriding the desires of those ratepayers who will have to pay the costs. Fears had already been aired in the inner wards that submission of a local question to a municipal-wide vote, to gain municipal credit, might be a means of defeating the local will, and this sentiment also will be alleviated by the promise to administer a six months hiatus to a successful by-law not sufficiently backed by those to benefit by and pay for the work.

Must Repay Advance.
The Council unanimously decided that should the ratepayers endorse the by-law to raise \$1,500 to repay Victoria the municipality's share in the northwest sewer, the money must eventually be returned to the municipal treasury whenever in the future the ratepayers authorize a general sewerage scheme. In the meantime such a debenture issue would be a general municipal debt.

TO RESUME PARCEL POST DELIVERY TO YUKON TERRITORY

Announcement is made by the Post Office that the Summer mail service to the Yukon will be resumed, and parcel post service will probably make the first delivery on June 1.

Henceforth through the season, parcel post will be available, and many residents of this city will receive this as welcome news, as many inquiries have been received at the Post Office regarding the resumption of the Yukon service.

Leaving Vancouver by the Skagway boats mails are despatched to Skagway where they are picked up by the White Pass and Yukon railway and thence by river to Dawson. It is expected that the first parcel post to the district will be a large one.

CONCERT AT MARIGOLD HALL

The talent displayed at the concert given by members and friends of the Strawberry Vale Women's Institute on Wednesday at Marigold, was deserving of the highest praise. Some of the audience who witnessed the performance pronounced it the best that had been staged.

Mrs. Watkins, with the help of Mrs. P. Fisher and Miss Raper, worked untiringly in training the children and young people for the songs and fancy dances, and the results were most gratifying. The dresses for the children's flower dance were made and designed by Mrs. White, whose artistic skill achieved most beautiful results, the blending of color adding much to the attractiveness of the dainty little ones. The sketch entitled "Turn Him Out," created lots of fun. Very clever acting was performed by all of the artistes, and each was well adapted to the part taken.

The solos and quartettes were received with rounds of applause. An action song given by Miss Marie Fisher and Master Eric Foster was one of the best items on the programme.

The candy stall did a thriving trade in the capable hands of Mrs. Haycock and Mrs. Williams, a good sum being realized.

The thanks of the Institute are given to all who helped in any way to make the concert a success, the financial part realizing the sum of \$63.50.

AN ABUSED YOUTH

"Now, my man," said the conscientious father, "tell me why I punished you."
"That's it," blubbered the boy, indignantly. "First you pound the daylight out of me, and now you don't know why you did it."

Those Blankets

We can wash them, dry them in the natural air, and return them to you soft and fluffy, like new.

Maple Leaf Matches
MADE IN CANADA BY CANADIAN WORKERS OF CANADIAN MATERIALS
Withstand More Moisture
On damp, rainy days and hot humid days, ordinary matches "lose their heads." Moisture softens the heads and match after match crumbles without lighting. That's waste. "Maple Leaf" Matches withstand more moisture than any other match. They are the new and better match—made in the new Canadian match factory. Ask for them. Different and Better. Cost No More.

McPHERSON NOT CANDIDATE FOR MANITOBA HOUSE
Portage la Prairie, Man., May 19.—Hon. C. D. McPherson, Minister of Public Works in the Norris Government, announced he would not stand for re-election when nominated last night as Liberal candidate in the constituency of Lakeside, which he has represented since 1910. Mr. McPherson, who is a member of the United Farmers of Manitoba, said he estimated that at least three-

quarters of past supporters, who are members of the United Farmers, would continue their support in this contest, and a three-cornered contest would give an advantage to the Conservative nominee.
OTTAWA PROMISES FISHERIES INQUIRY
Ottawa, May 19.—(Canadian Press)—What was declared to be a new Japanese method of evading the fisheries regulations in British Columbia was brought before the Fisheries Committee of the House yesterday

by A. W. Neill, Comox-Alberni. Mr. Neill said the Japanese fishermen had first employed white men on their boats in order to secure further licences and had been checked in that. They then tried to evade the Canadian laws by fishing outside of the three-mile limit. In order to check this the white fishermen had requested the Department to employ two unpaid overseers who would assist the regular overseer. Mr. Neill said he had received a telegram alleging that, to offset this, the Japanese fishermen had threatened one of the overseers with bribery charges unless he withdrew from his work. The overseer demanded a full investigation, and Mr. Neill asked that the Department institute this. C. C. Fould, head of the Fisheries Branch, declared that the Department would take action at once.

PERRON WANTS QUEBEC ELECTION
Montreal, May 19.—An early provincial general election was strongly hinted at by Hon. J. L. Perron, Minister of Roads, in a speech here. The Minister wants an election as soon as possible, according to his statement, so the Provincial Government may confront Arthur Sauve, Leader of the Conservative Party, on the issue as regards liquor, raised in the Conservative convention platform.
