WFA OFFERING CANNED CARROTS
TO WHOLESALE DISTRIBUTORS

SAN FRANCISCO, Sept. 26---Approximately 27,000 cases of canned carrots

held by the government are being offered for sale to wholesale distributors, the regional Office of Distribution of the War Food Administration announced today.

The carrots are Grade A diced, packed 24 No. 2 cans to the case, and located at Oakdale, California.

Charles W. Smith, western WFA regional director of food distribution, said 27,000 cases are the remainder of 55,047 cases first offered to original vendors and then to all carrot processors. WFA makes such sales, Smith explained, to reduce inventory, make room for replacement with new stocks or to utilize profitably any commodities in excess of current war needs. For further information, wholesale distributors should contact Fenton Albright, Sales Division, WFA Office of Distribution, Washington 25, D. C.

BAKERY GIFTS TO ARMED FORCES OKAY ----- Bakers may send fruit cakes and other products of their own bakeries to employees in the armed forces, under a special relaxation of War Food Order No. 1, which otherwise prohibits any baker from giving away his cakes and cookies except to charitable institutions.

General permission for the Christmas exception has been granted to the entire baking industry, due to many requests and the fact that supplies of wheat and other baking ingredients are now more plentiful.
