Title 24—Housing and Urban Development
CHAPTER X—FEDERAL INSURANCE AD-
MINISTRATION, DEPARTMENT OF
HOUSING AND URBAN DEVELOPMENT

SUBCHAPTER B—NATIONAL FLOOD
INSURANCE PROGRAM

[Docket No. FI-2680]

PART 1914—COMMUNITIES ELIGIBLE
FOR THE SALE OF INSURANCE

Suspension of Community Eligibility

The purpose of this notice is to list communities wherein the sale of flood insurance as authorized under the National Flood Insurance Program (42 U.S.C. 4001-4128) will be suspended because of noncompliance with the program regulations (24 CFR Part 1909 et seq.).

The Flood Disaster Protection Act of 1973 requires the purchase of flood insurance as a condition of receiving any form of Federal or Federally related financial assistance for acquisition or

construction purposes in a flood plain area having special hazards within any community identified by the Secretary of Housing and Urban Development.

The requirement applies to all identified special flood hazard areas within the United States, and no such financial assistance can legally be provided for acquisition or construction in these areas unless the community has entered the program and insurance is purchased. Accordingly, for communities listed under this Part such restriction exists as of the effective date of suspension because insurance, which is required, cannot be purchased.

Section 1315 of the National Flood Insurance Act of 1968, as amended (42 U.S.C. 4022) prohibits flood insurance coverage unless an appropriate public body shall have adopted adequate flood plain management measures with effective enforcement measures. The communities suspended in this notice no longer meet that statutory requirement.

Accordingly, the communities are suspended on the effective date in the list below:

The Federal Insurance Administrator finds that delayed effective dates would be contrary to the public interest. The Administrator also finds that notice and public procedure under 5 U.S.C. 553(b) are impracticable and unnecessary.

Section 1914.6 of Part 1914 of Subchapter B of Chapter X of Title 24 of the Code of Federal Regulations is amended by adding in alphabetical sequence new entries to the table. In each entry, a complete chronology of effective dates appears for each listed community. The date that appears in the fourth column of the table is provided in order to designate the effective date of the authorization of the sale of flood insurance in the area under the emergency or the regular flood insurance program. The entry reads as follows:

§ 1914.6 List of eligible communities.

Issued: January 27, 1977.

J. ROBERT HUNTER,
Acting Federal Insurance Administrator.

[FR Doc. 77-4077 Filed 2-10-77; 8:45 am]

[Docket No. FI-2682]

PART 1915—IDENTIFICATION AND MAPPING OF SPECIAL HAZARD AREAS**List of Communities With Special Hazard Areas**

The purpose of this notice is the identification of communities with areas of special flood or mudslide or erosion hazards in accordance with Part 1915 of Title 24 of the Code of Federal Regulations as authorized by the National Flood Insurance Program (42 U.S.C. 4001-4128). The identification of such areas is to provide guidance so that communities may adopt appropriate flood plain management measures to minimize damage caused by flood losses and to guide future construction, where practicable, away from locations which are threatened by flood hazards.

The Flood Disaster Protection Act of 1973 requires the purchase of flood insurance on and after March 2, 1974, as a condition of receiving any form of Federal or Federally related financial assistance for acquisition or construction purposes in an identified flood plain area having special flood hazards that is located within any community participating in the National Flood Insurance Program.

One year after the identification of the community as flood prone, the requirement applies to all identified special flood hazard areas within the United States, so that, after that date, no such financial assistance can legally be provided for acquisition and construction in these areas unless the community has entered the program. The prohibition, however, does not apply to loans by Federally regulated, insured, supervised or approved lending institutions (1) to finance the acquisition of a residential dwelling occupied as a residence prior to March 1, 1976, or one year following identification of the area within which such dwelling is located as an area containing special flood hazards, whichever is later, or made to extend, renew, or increase the financing or refinancing in connection with such a dwelling, (2) to finance the acquisition of a building or structure completed and occupied by a small business concern, as defined by the Secretary, prior to January 1, 1976, (3) any loan or loans, which in the aggregate do not exceed \$5,000, to finance improvements to or rehabilitation of a building or structure occupied as a residence prior to January 1, 1976, or (4) any loan or loans, which in the aggregate do not exceed an amount prescribed by the Secretary, to finance non-

residential additions or improvements to be used solely for agricultural purposes on a farm.

The effective date of identification shall be 30 days after the date of publication in the FEDERAL REGISTER. This 30 day period does not supersede the statutory requirement that a community, whether or not participating in the program, be given the opportunity for a period of six months to establish that it is not seriously flood prone or that such flood hazards as may have existed have been corrected by floodworks or other flood control methods. The six months period shall be considered to begin 30 days after the date of publication in the FEDERAL REGISTER or the effective date of the Flood Hazard Boundary Map, whichever is later. Similarly, the one year period a community has to enter the program under section 201(d) of the Flood Disaster Protection Act of 1973 shall be considered to begin 30 days after publication in the FEDERAL REGISTER or the effective date of the Flood Hazard Boundary Map, whichever is later.

Accordingly, § 1915.3 is amended by adding in alphabetical sequence a new entry to the table, which entry reads as follows:

§ 1915.3 List of communities with special hazard areas (FHBM's in effect).

[Docket No. FI-2681]

PART 1915—IDENTIFICATION AND MAPPING OF SPECIAL HAZARD AREAS
Administrative Withdrawal of Special Flood Hazard Maps

The purpose of this notice is to amend Part 1915 of Title 24 of the Code of Federal Regulations to indicate periods in which the insurance purchase requirement under the National Flood Insurance Program, authorized by the National Flood Insurance Act of 1968, (Pub. L. 90-448) as amended; and the Flood Disaster Protection Act of 1973 (Pub. L. 92-234, December 31, 1973), 42 U.S.C. 4001-4128, was suspended.

The Flood Disaster Protection Act requires the purchase of flood insurance on and after March 2, 1974, as a condition of receiving any form of Federal or Federally-related financial assistance for acquisition or construction purposes in an identified flood plain area having special flood hazards that is located within any community currently participating in the program.

Prior to July 1, 1975, the statutory requirement for the purchase of flood insurance did not apply until and unless the community entered the program and the special flood hazard areas were identified by the issuance of a flood insurance map. However, after July 1, 1975, or one

year after identification, whichever is later, the requirement applies to all communities in the United States that are identified as having special flood hazard areas within their community boundaries, so that, no such financial assistance can legally be provided for buildings in these areas unless the community has entered the program. The denial of such financial assistance has no application outside of the identified special flood hazard areas of such flood-prone communities.

The insurance purchase requirement with respect to a particular community may be altered by the issuance or withdrawal of the Federal Insurance Administration's (FIA's) official flood maps, the Flood Insurance Rate Map (FIRM) or the Flood Hazard Boundary Map (FHBM). A FHBM is designated by the letter "H" preceding the map number and a FIRM by the letter "I" preceding the map number. If the FIA withdraws a FHBM for any reason the insurance purchase requirement is suspended during the period of withdrawal. However, if the community is in the Regular Program and only the FIRM is withdrawn but a FHBM remains in effect, then flood insurance is still required for properties located in identified special flood hazard areas, but the maximum amount of insurance available for new applications or renewal is first layer coverage under the

Emergency Program, since the community's Regular Program status is suspended while the map is withdrawn. (For definitions see 24 CFR Part 1909 et seq.)

As the purpose of this revision is the convenience of the public, notices and public procedure are unnecessary, and cause exists to make this amendment effective upon publication. Accordingly, Subchapter B of Chapter X of Title 24 of the Code of Federal Regulations is amended as follows:

1. Present § 1915.6 is revised to read as follows:

§ 1915.6 Administrative withdrawal of maps.

(a) *Flood Hazard Boundary Maps (FHBM's)*. The following is a cumulative list of withdrawals pursuant to this part:

40 FR 5149, 40 FR 17015, 40 FR 20798, 40 FR 46102, 40 FR 53579, 40 FR 56672, 41 FR 1478, 41 FR 5090, 41 FR 13352, 41 FR 17726, 42 FR 8895

(b) *Flood - Insurance - Rate - Maps (FIRM's)*. The following is a cumulative list of withdrawals pursuant to this part:

40 FR 17015, 41 FR 1478

2. The following additional entries (which will not appear in the Code of Federal Regulations) are made Pursuant to § 1915.6:

Reasons for Recindment

1. The Community appealed its flood-prone designation and FIA determined the Community would not be inundated by a flood having a one-percent chance of occurrence in any given year.
 - 1A. FIA determined the Community would not be inundated by a flood having a one-percent chance of occurrence in any given year.
2. The Flood Hazard Boundary Map (FHBM) contained printing errors or was improperly distributed. A new FHBM will be prepared and distributed.
3. The Community lacked land-use authority over the special flood hazard area.
4. A more accurate FIA map is the effective map for this community.
5. The FHBM does not accurately reflect the Community's special flood hazard areas (i.e., sheet flow flooding, extremely inaccurate map, etc.) A new FHBM will be prepared and distributed.

(National Flood Insurance Act of 1968 (title XIII of the Housing and Urban Development Act of 1968), effective Jan. 28, 1969 (33 FR 17804, Nov. 28, 1968), as amended, (42 U.S.C. 4001-4128); and Secretary's delegation of authority to Federal Insurance Administrator, 34 FR 2680, Feb. 27, 1969)

Issued: February 2, 1977.

HOWARD B. CLARK,
Acting Federal Insurance Administrator.
