Mr. O'Brien called the China Mutal Trade Co., Inc. (Charges reversed) to inform them that a military permit enabling Mr. Chung Chih Chang to enter Japan was received in this office today. Mr. Chang plans to depart for Japan Wednesday, September 24, 1947 and it was not certain whether his permit would reach him in time. Mr. O'Brien requested that Mr. Chang call at DS if possible in order to pick up his permit. Mr. O'Brien also informed Mr. Shih that the matter of obtaining an exit waiver could be taken up at the same time. Mr. O'Brien also informed him that the question of Mr. Chang's re-entry permit would also have to be considered.

Mr. Shih does not think it would be possible for Mr. Chang to call at DS but is instead sending a representative, a Mr. Huie, to pick up Mr. Chang's permit.

Mr. O'Brien informed Mr. Shih that if a representative picked up Mr. Chang's entry permit, he would also have to be informed as to the number of Mr. Chang's passport and time and date of departure from the United States so that the waiver for the re-entry permit might be obtained. Mr. O'Brien also told Mr. Shih to arrange for Mr. Chang's re-entry permit with Mr. Horner of INS, Franklin Trust Building, Philadelphia, Pennsylvania.

Mr. Shih informed Mr. O'Brien that Mr. Chang's passport number is D-3126 and that his time of departure is 5 p.m., September 24, 1947 from LaGuardia Field, New York. The matter of his re-entry permit will be taken up by the Company.

The Foreign Missions Conference of North America

New York 10, New York.

Sirs:

The Department of State has been informed that the following persons have been cleared by the appropriate military authorities for entry into Japan:

P. S. C. Powles
Marie Forestel
Lillian Powell

However, it is not apparent from the Department's files whether they have been informed of this fact. In as much as the military authorities indicated that the persons named above could be reached through the Foreign Missions Conference of North America and as this Department is uninformed regarding their nationality, the following procedures are suggested in the event they have not been informed:

(a) if they are United States citizens, each should execute a formal application for a passport;

(b) if they are not United States citizens each should inform the Division of Protective Services of his nationality in order that the Department may apprise the diplomatic representatives of their respective governments in this country of the fact that they have been cleared for entry into Japan.

The Secretary of State presents his compliments to his Excellency the Minister of Ireland, and has the honor to refer to his note of September 23, 1947 requesting information concerning the entry of businessmen into Japan.

Due to the difficulty of supporting large numbers of businessmen in Japan, a quota system has been devised by the Inter Allied Trade Board for Japan providing for a distribution among the various nations of the four hundred businessmen permitted at any one time by the Supreme Commander for the Allied Powers. The apportionment is based upon the pre-war volume of trade between Japan and the several nations. Upon this basis, the quota for Ireland is one man for a period of twenty-one days, at which time another may replace him, if no extension is desired by the Government of Ireland or the businessmen.

The Government of Ireland may pass upon which businessman it desires to send, and the Legation may forward an application for his entry to the Department of State which will transmit this application to the Supreme Commander for the necessary military permit.

Department of State,

Dear Mr. Chappell:

Your letter under date of the 23rd ult (DS) has just come to my hand for reply. You ask regarding

P.S.C.Powles
Marie Foerstel (note spelling)
Lillian Powell

These names were first mentioned by me in a letter under date of 10th January 1947 to Commander Millett, Military Permit Secretary of the Joint Chiefs of Staff; also in a letter to Mrs. Ruth B. Shipley of the Passport Division, Department of State under date of 24th January 1947. In both letters the fact that these individuals were Canadian subjects was specially noted. Further, if you will refer to identical letters to both Mrs. Shipley and Commander Millett under date of 28th March 1947, you will see that this office wrote of the change in procedures whereby "from now on the Canadian Legation in Tokyo will deal immediately with Ottawa", on the strength of which we added that in the matter of Canadian subjects applying for re-entry into Japan, we "need no longer trouble your office".

We supposed that this was enough information to lead you to cancel these names from your lists. That was our intention in writing last March.

As a matter of fact, these persons have been in Japan since 31th May 1947.

This should clear your records. Thank you for your interest in the case.

Very truly yours,

Mr. Marx passed the case on to Mr. O'Brien who checked with the military authorities. Mr. O'Brien learned that the military authorities would not process this case as the purpose of the visit was for personal reasons. A-211 September 30, 1947.

Reference Department's instruction no. 534 of July 23, 1947, file 894.111/6-2147, to U.S. POLAD, Tokyo, which has been referred to this office for action, concerning the repatriation to Argentina of Alfonso Sumio FUSHIMI and Julio Hidea FUSHIMI.

Julio is now residing at 140 Showa-cho, Takamatsu-shi, Kagawa-ken. He desires to return to Argentina as soon as possible and states that he has made application to the Swedish Diplomatic Mission in Tokyo (which represents Argentine interests in Japan) for a passport. The Mission states that his case was transmitted to the Government of Argentina several months ago, but that no instructions have yet been received. An investigation of his activities indicates that in October, 1944, he entered an Army Preparatory Cadet School where he remained until the end of the war. There is (no derogatory information concerning him, and) no objection to his departure from Japan for repatriation to Argentina.

If the Argentine Government desires to effect his repatriation it is suggested that it have transmitted to the Swedish Diplomatic Mission in Tokyo appropriate instructions with regard to his documentation, and that arrangements be made for the payment or guarantee of the cost of his transportation. If necessary, this office would be pleased to assist the Swedish Diplomatic Mission in making arrangements for his embarkation.

Alfonso is now residing at Tarumi, Shimokasai-mura, Kagawa-ken. He has stated that he is not clear as to his citizenship status and has taken no action to have it clarified. It appears that he joined the Japanese Navy as a
