- No. 51 Report of Librarian upon the State of the Library for the year 1912. Presented to the Legislature, 5th February, 1913. *Not printed.*
- No. 52 Return to an Order of the House of the 11th April, 1912, for a Return shewing: 1. The quantity of pine timber cut at or near mileage 81 on the Timiskaming and Northern Ontario Railway during each of the seasons 1907-1908, 1908-1909, 1909-1910, 1910-1911, by the North Land Mining Company, Limited. 2. The price at which the said pine timber was sold to the said Company in each of the said seasons. 3. The names of the persons by whom the pine cut in each of the said seasons by the said Company was measured for the Government. 4. The names of the original incorporators of the said Company and the names of its shareholders and directors in each of the years 1907, 1908, 1910, 1911 and 1912. Presented to the House 13th February, 1913. *Mr. Mageau. Not printed.*
- No. 53 Return to an Order of the House of the 9th April, 1912, for a Return of Copies of all correspondence, official or unofficial, reports and written memoranda of every kind passing between the Government or any Minister or officer thereof and any other person or corporation with respect to:—(a) The granting of a permit for a tug owned by the Dominion Fish Company to fish on what is known as "the Lizard Island Preserve," during the season 1911, and copy of such permit. (b) The granting of a permit or permits to any other body or person or corporation to fish upon the said Lizard Island Preserve during the season 1911, together with copies of such permits. (c) The granting of permits to move the tugs of the Dominion Fish Company from one fishing ground to another, in either of the years 1909, 1910, 1911, with copies of such permits. (d) The issue of permits permitting the removal of tugs or other fishing boats owned by persons or corporations other than the Dominion Fish Company from one fishing ground to another during the seasons 1909, 1910, 1911, with copies of such permits. (e) The issue of a license to a Canadian-owned tug or boat to fish in waters of the Lizard Island Preserve in either of the seasons of 1911 or 1912, with copy of such license, if any. (f) The issue of licenses or permits to use 5-lb. or 6-lb. nets on the said Lizard Island Preserve during the seasons of 1911 and 1912, with copies of such licenses or permits. Presented to the Legislature, 13th February, 1913. *Mr. Mageau. Not printed.*
- No. 54 Return to an Address to His Honour the Lieutenant-Governor of the sixth day of March, 1911, praying that he will cause to be laid before this House, a Return of copies of all correspondence between the Province of Ontario and the Dominion of Canada, regarding the establishment of Fish Hatcheries in Ontario. Presented to the Legislature, 13th February, 1913. *Mr. Gamey. Not printed.*

- No. 55 Copies of Orders in Council and Regulations to be laid before the Legislative Assembly as required by section 27 of the Department of Education Act. Presented to the Legislature, 13th February, 1913. *Not printed.*
- No. 56 Copy of an Order in Council approved by His Honour the Lieutenant-Governor the thirtieth day of April, A.D. 1912, pursuant to provisions of Subsection 3 of Section 78 of the Surrogate Courts Act, Chapter 31, 10 Edward VII., that there be paid to His Honour C. F. Sutherland, of the County Court of the County of Grey, from year to year during his tenure of Office, the Surplus Surrogate Fees over and above the amount payable by Statute to the Surrogate Judge of the said County of Grey, provided, however, that the sum paid out of the said Surplus Surrogate Fees shall not in any year exceed the sum of six hundred and sixty-six dollars (\$666.00). Presented to the Legislature, 14th February, 1913. *Not printed.*
- No. 57 Return to an Order of the House of the 11th April, 1912, for a Return of copies of (1) All correspondence passing between the Government or any Minister or official thereof or any commission under the Government or any official thereof and any other person or corporation with respect to the development of the Smoky Falls Water Power on the Sturgeon River for the benefit of the Town of North Bay. Presented to the Legislature, 17th February, 1913. *Mr. Mageau. Not printed.*
- No. 58 Return to an Order of the House of the 17th day of February, 1913, for a Return shewing whether the Prime Minister or any person on his behalf received a telegram purporting to be from one Rowlandson of Elk Lake between the 1st and 11th days of December, 1911, addressed to the Prime Minister with reference to the building of the Elk Lake Branch of the Timiskaming and Northern Ontario Railway. 2. If such telegram was received, the contents of such telegram. 3. If such telegram was received, did the Prime Minister or any person in his name or with his authority or knowledge or on his behalf send a telegram in reply to the said Rowlandson. 4. If so, the date of such telegram and the contents thereof. Presented to the Legislature, 17th February, 1913. *Mr. Elliott. Not printed.*
- No. 59 Return to an Order of the House of 2nd April, 1912, for a Return of copies of all correspondence between any person or persons whatever and the Government of Ontario, or any Minister or Official thereof, with respect to the water power on the Montreal River, known as the "Notch" and all applications for a lease of the said water power and any and all leases issued, assignments of any such leases and all other papers and documents in any way relating to the said "Notch" water power or to the Montreal-Cobalt Power Company, Limited, since the 1st day of January, 1905. Presented to the Legislature, 18th February, 1913. *Mr. Mageau. Not printed.*

- No. 60 Return to an Order of the House of the 28th March, 1912, for a Return of Copies of (1) All correspondence between the Department of the Attorney-General or any official thereof and any other person whatsoever with respect to certain charges against M. Houston, one time Police Magistrate for the City of Chatham. (2) All charges against the said M. Houston. (3) All Commissions issued, evidence taken and documents submitted in connection with the said charges and the dismissal of the said M. Houston from his office as Police Magistrate. Presented to the Legislature, 18th February, 1913. *Mr. Richardson. Not printed.*
- No. 61 Return to an Order of the House of the 20th March, 1912, for a Return of Copies of: 1. All correspondence, reports, estimates or returns of any kind and from any source respecting the quantity of timber cut upon the Munn limits in the seasons of 1909-10, 1910-11 and 1911-12. 2. The amount received by the Government of Ontario for timber dues, stumpage, rentals, or otherwise howsoever in connection with the said limits in each of the financial years 1909-10-11 with full details. 3. The Annual Return made to the Department of the Provincial Secretary by the Munn Lumber Company, Limited, for the years 1909, 1910 and 1911. Presented to the Legislature, 21st February, 1913. *Mr. Sinclair. Not printed.*
- No. 62 Return to an Order of the House of the 11th March, 1912, for a Return showing:—1. (a) The number of Forest Rangers and Timber Cullers employed by the Government of Ontario in the seasons of 1903-4 and 1904-5. (b) The number of feet of timber measured in each season. (c) The amount of money paid in each of the said seasons to (1) Forest Rangers, (2) Timber Cullers. 2. Also showing all the information hereinbefore asked for with respect to the seasons 1909-10 and 1910-11. Presented to the Legislature, 21st February, 1913. *Mr. Mageau, Not printed.*
- No. 63 Return to an Order of the House of the 17th February, 1913, for a Return of a Copy of the Report made by Mr. E. Saunders, appointed to investigate into certain charges made by Michael Farr of an attempt made to procure money from him in consideration of a license being renewed for the Union Hotel in the Town of Goderich, together with copies of all correspondence which passed between the Government and any person in reference to the said license or the said investigation, the evidence taken by Mr. Saunders and generally all papers, letters, memoranda or papers of any kind and description relating to the said license, including all papers, and correspondence relative to the refusal of a renewal of such license. Presented to the Legislature, 21st February, 1913. *Mr. Proudfoot. Not printed.*

- No. 64 Return to an Order of the House of thirteenth day of April, 1912, for a Return of:—(a) All memorials, resolutions, letters or other written memoranda received by the Government or any Minister or official thereof since the 1st day of January, 1910, from any individual, public officer or organization with respect to the increase of the number of Judges of the Supreme Court of Judicature for Ontario or with respect to the changes in the constitution of the Supreme Court of Judicature for Ontario provided for in sections 1 to 19 inclusive. of The Law Reform Act, 1909. (b) Copies of all letters or written memoranda from the Government or any Minister or official thereof to any individual, public officer, or organization with respect to the said two subject matters, or either of them, since the said date. Presented to the Legislature, 26th February, 1913. *Mr. Elliott.*
Not printed.
- No. 65 Statement of the Auditor made pursuant to the provisions of Section 13, subsection 2, of the Audit Act as amended by Section 6, of Chapter 10, 9 Edward VII. Presented to the Legislature, 28th February, 1913. *Printed.*
- No. 66 Return to an Order of the House of the 14th March, 1912, for a Return showing:—How many male patients have been admitted to each of the Provincial Institutions for the Insane, Feeble Minded, and Epileptics during the three years beginning Jan. 1st, 1909, and ending Dec. 31st, 1911. How many female patients were admitted to these institutions during the same years. How many male patients were discharged from each of these institutions during the same three years. How many female patients were discharged from each of these institutions during these years. Of these male patients discharged: 1st. How many were discharged recovered; 2nd. How many were discharged improved; 3rd. How many were discharged unimproved. Of the female patients discharged: 1st. How many were discharged recovered; 2nd. How many were discharged improved; 3rd. How many were discharged unimproved. Of the female patients discharged how many were under 45 years of age. Of the patients admitted to each of these institutions during the years 1909, 1910 and 1911 how many were admitted for the first time. How many were admitted for the second time. How many were admitted for the third time. How many had been admitted more than three times. In how many of these cases admitted during these years is there evidence that the patients have become the father or mother of children after the first attack of insanity. In how many of these patients is there a history of insanity, epilepsy or imbecility in the father, mother, brother or sister of the patient. In how many of these patients is there a history of insanity, epilepsy or imbecility in the children of the patients. How many patients are in each of these institutions who have had a father,

mother, son or daughter in an asylum at some time. Presented to the Legislature, 28th February, 1913. *Mr. Godfrey. Not printed.*

- No. 67 Return to an Order of the House of the 19th February, 1913, for a Return showing:—1. The number of meetings of the Advisory Council of Education held in each of the years 1909, 1910, 1911 and 1912. 2. The total number of meetings attended by each of the different members of this Council during each of the said years. 3. The total number of votes received by each candidate for representative of the public school teachers and for each candidate for representative of the high school teachers for each of the said years. Presented to the Legislature 28th February, 1913. *Mr. Marshall. Not printed.*
- No. 68 Orders in Council issued under the provisions of Section 10 of Cap. 2, 2 George V. Presented to the Legislature, 3rd March, 1913. *Not printed.*

FOR THE YEAR 1912

GUELPH, 10th March, 1913.

TO THE HONOURABLE J. J. FOY, K.C.,

Attorney-General of the Province of Ontario.

SIR,—In presenting my Report to you as Inspector of Registry Offices for the year 1912, I have to call attention to the results shown by the tabulated statement of returns of the Registrars' fees and emoluments as follows:

The number of instruments registered in 1912 was ..	242,397
Registered in 1911	205,893

The net amount of fees received by Registrars in 1912 was..	\$144,297.13
In 1911	129,791.57

In connection with the net amount of fees received by Registrars I beg respectfully to call your attention to the subject of the Registrars' incomes, which I deem to be, speaking generally, inadequate in view of the work they have to do and the responsibilities they incur, and also having regard to the changed conditions in the cost of living and in the increased and increasing salaries which the Registrars have to pay for assistance in the work of their offices. In connection with the serious responsibilities incurred by Registrars I may refer to the fact that the total amount of the consideration in mortgages registered in the past year was over 160 million dollars. Among other instances shewing the responsibilities and losses incurred by Registrars in connection with the work of their offices I refer to the following: A Registrar has had to pay, in one case, \$1,600.00 owing to an error made in indexing a mortgage through confusion of boundaries of the land; and another of a loss of \$1,200.00 through an error made by the indexing clerk by entering a mortgage on the south half instead of the north half of the lot; and in another instance, which I hope is very unusual, the Registrar had to pay \$600.00 by the intentional omission from an Abstract made by the Deputy Registrar, with whom the Registrar had a difference.

Practically the fees payable to Registrars have not been increased for about 45 years. Indeed, the effect of the changes since made in the Act has been to reduce the fees, especially those for registering mortgages, assignments of mortgages, and the like.

By the Ontario Act, 1868, chapter 20, section 70, the fees for registration of instruments were almost exactly the same as they are now under the present section 91 of the Registry Act, that is for the registration of Deeds of Conveyance and the like, where the instrument does not exceed 700 words, etc. The fees fixed for registration of Discharge of Mortgage were 50 cents in the original Act and they are the same still, unless the Discharge is more than 300 words, etc. Almost all mortgages and assignments of mortgages are now registered in short form, thus very materially reducing the fees of Registrars.

I therefore recommend that such changes in some of the principal fees and in clauses 101 and 102 of the Registry Act be made as will result in affording Registrars more adequate compensation in view of their services and responsibilities and the increased and increasing expense of clerical assistance.

I refer here to some directions which have been given to particular Registrars, for the benefit of all, especially those who have recently been appointed to office.

(a) In connection with the registration of plans subdividing lands under section 80 of Registry Act, Registrars should be careful to see that the provisions of the various subsections of section 80 are followed. The plans should show on the face of them what land is subdivided thereby, that is, there should be a description of the land subdivided by the plan sufficient to enable the Registrar to satisfy himself that the provisions of subsection 16 of section 80 have been observed.

(b) Subsection 6 of section 80 is sometimes not followed. Plans are still prepared and sometimes they are being registered in which lots are numbered by the same number but in different blocks on the plan. It has to be observed that subsection 6 distinctly provides that there shall not be more than one lot on any plan described or distinguished by the same number, notwithstanding that the lots are on different sides of the same street or on different streets or in different blocks.

(c) Attention is also called in this connection to the requirements of the amendment made by Statute Law Amendment Act, 1911, section 31, by which a further subsection has been added to section 80 of the Registry Act, namely, subsection 8a. It is enacted that in case of a survey thereafter made the plan has to be accompanied by a copy certified by the Surveyor by whom the survey was made to be a true copy of the field notes, if any, of the survey. And by the amendment of section 88 of the Registry Act it is provided that a certified copy of the surveyor's field notes, if any, are to be delivered to the Registrar and by him to the Clerk, Treasurer, or Assessment Commissioner of the Local Municipality.

(d) Attention is also called to subsection 18 of section 80 which requires the approval of the proper Municipal Council, or the order of the County Judge approving of a plan upon which any street, road or lane is laid out, not merely any road or street less than 66 feet is laid out.

(e) All subdivision plans should be numbered.

(f) Court certificates appointing a new trustee or appointing a committee for a lunatic or lunatic's estate should not be registered in the General Register, where lands are not described, unless accompanied by a Statutory Declaration describing the lands affected. They may, of course, be registered in the particular register where they are accompanied by a Statutory Declaration properly describing the land affected thereby.

(g) Court orders in all cases should, if possible, be registered only by certificate under section 43 of the Registry Act. Probably, however, the original order may be registered as an instrument affecting land under the Interpretation clause of the Registry Act. In that case the original order would have to be deposited in the Registry Office. It cannot be registered by a solicitor's copy.

(h) While instruments such as deeds, mortgages, or other documents purporting to be under seal, but which are without seals, may be registered, I recommend that a note be made in the column for remarks in the Abstract Index to the effect that no seals appear to be affixed to the instrument.

(i) The endorsement on mortgages not to be recorded in full does not now require to be signed.

(j) Under the present Registry Act, while an instrument may be registered, notwithstanding that the name of the subscribing witness making the affidavit is only set forth by initials or abbreviation and not in full, yet it is required in every case that the place of residence, addition, occupation or calling of the witness shall be set forth in the affidavit. On the part of some solicitors there is a disposition now to attempt to abbreviate the affidavit of execution form 5 of the Registry Act. Where this subject has come before me, I have strongly recommended that form 5 be substantially followed, or that the requirements of section 35 of the Act be substantially adhered to. Solicitors and others preparing such affidavits should remember that the validity of the registration may depend upon the sufficiency of the affidavit.

(k) In some offices the mode of indexing instruments in the General Register is capable of improvement. For instance, wills and letters of administration are entered under the letter "S" for Surrogate Court, in the Grantor's column. Wills are sometimes registered under "W" and Probates under "P" and Letters of Administrators under "L." Care should be taken to index wills and letters of administration under the names of the deceased as well as under the name of the executors and administrators and also of the devisees and legatees. Then, again, conveyances and mortgages by and to companies are sometimes entered under the letter "C" for company. I recommend that they be indexed under the first principal name of the company or of the bank.

(l) It is found that assignments for the benefit of creditors and even copies of such assignments and also some other kinds of instruments in which there is no description of the lands affected, are improperly registered in the General Register. Such registrations are void; but, I think it right again to call special attention of Registrars to the fact that with very few exceptions, registrations in the General Register are abolished. The exceptions will be found set forth in subsection 6 of section 23 of the Registry Act.

(m) I find that statutory declarations setting up a title by possession or other claims to lands are sometimes tendered by solicitors for registration, and from oversight some Registrars receive and register the same. Such declarations should not be registered. They may, however, if parties wish, be deposited under the Custody of Title Deeds Act.

(n) Registrars should see to it that certificates of registration endorsed on instruments are promptly signed, and also that the entries, form 9, in the margin of the Registry books are signed as soon as the copying is done. It should not be deferred until the instruments are compared. Such entries in the margin of the Registers should be signed by the Registrar or his Deputy and not by a copying or other clerk.

(o) Care should also be taken to see that the instruments are entered in the Abstract and Alphabetical Indexes either on the day on which they are registered or the day following.

I respectively repeat the recommendation contained in my Report for 1911 as to the expediency of making provision that all wills where registered should be entered in the General Register.

As usual I append notes of some of the decisions and opinions I have given in Registry Office matters since my last Report.

I have the honour to be, Sir,

Your obedient servant,

DON. GUTHRIE,

Inspector of Registry Offices.

DECISIONS BY DONALD GUTHRIE, K.C., INSPECTOR OF
REGISTRY OFFICES.

THE REQUIREMENTS OF SECTION 80, REGISTRY ACT, REGARDING PLANS SUBDIVIDING LANDS DO NOT APPLY TO THE CROWN, NOR DO THEY APPLY TO A PATENT FROM THE CROWN FOR LANDS THERETOFORE UNPATENTED.

A novel point presents itself for my opinion in connection with a difference which has arisen between the Registrar of the City of X. and Mr. J., solicitor, there.

The matter in difference is this: The Solicitor desires to register a patent from the Crown of part of Lot 14 on the north side of B. Street in the city, being that lying between Lot 13 on the east side of M. Street patented to S. B. on 26th July, 1858, and Lot 17 on the north side of B Street, patented to J. C. on 11th February, 1847, described as follows: Then the patent gives the description by metes and bounds and then states that the parcel contains 5,874 sq. feet.

When the Solicitor presented the Patent for registration, the Registrar refused to accept it because he said the description did not refer to a specified plan as required by subsection 10 of section 80 of the Registry Act. The Registrar states that when the Patent was brought in for registration he pointed out to the solicitor that it did not refer to the plan as required by that subsection of the Act. He asked the solicitor to have the patent amended to meet with the provisions of the Act. The C. Department of Lands, etc., declined to amend the patent because they considered that the plan, that is the Crown Plan, was already registered in the Registry Office, and for that reason it was not necessary to refer to it in the instrument, but the Registrar considers the Department should in registering the plan have referred to the original plan, which it seems is in the Department, and he thinks the requirements of section 80 of subsection 10 should be insisted upon.

I am of opinion that the Registrar's view cannot be supported. Section 80 does not apply to the Crown. It applies to subdivisions and subdivision plans by private persons or corporations who subdivide land which theretofore had been patented. Not only is the general principle applicable, that the Crown is not bound because it is not expressly mentioned in section 80, but there are other considerations which make the point clear. For example, subsection 12 of section 80 provides that in case of the refusal or neglect by the person making the subdivision for two months after demand in writing for that purpose, to register the plan in accordance with the provisions of the Act, when required by any person interested therein or by the Inspector so to do, he shall incur a penalty of \$20.00 for every calendar month which thereafter elapses without the plan being registered, under the Ontario Summary Convictions Act, etc.

Section 80 cannot possibly apply to the Crown granting a patent of land theretofore unpatented.

I am of opinion, therefore, that subsection 10 of section 80 does not apply to this patent.

WHAT EXPENSES MAY BE DEDUCTED BY REGISTRARS FROM INCOME IN ARRIVING AT AMOUNT OF NET INCOME. EXPENSES FOR STATIONARY AND CARETAKING PAYABLE BY COUNTY. OBSERVATIONS.

Differences have arisen between the Council of certain Counties and the several Registrars of Deeds of these Counties which have been referred to me for my opinion.

The questions are whether or not certain items can be deducted by Registrars from their income in order to ascertain the net income, and as to the payment of certain items.

1. The first item in difference is as to the Deputy Registrar's salary and salaries of the different clerk's employed. I am clearly of opinion that these can be deducted.

2. A further item in difference is in regard to the premium paid by Registrars for Guaranty Bonds as Registrars. I had this question before me in the year 1899, in connection with a reference from another county, and I then was of opinion that it was a proper deduction to be made. See my Report as Inspector of Registry Offices for that year, page 17. I have several times since on further references adhered to that opinion and I now again adhere to it.

3. The next objection was to the deduction for the amount paid for a box in the Post Office and for postage stamps. I think neither one of these items may properly be deducted.

4. There are other differences arising under section 7, subsection 1, of section 7 of the Registry Act. One item is as to the cost of abstract and account forms, stationery and office supplies, including a new stamp for certificate of registration, which was required owing to a change in the form of certificate prescribed in the Registry Act. This item is, I think, disposed of by the decision in *Newsom et al., vs. County of Oxford* 28 O. R. 442. There it was held that the word "furniture" in the Act in question in that case covered articles of the same nature as in this item. Subsection 1 above referred to provides that the County Council "shall keep the Registry Office furnished with fuel and *furniture* and in good repair and properly heated, lighted, cleaned and ventilated." The same interpretation must, I think, be placed on the word "furniture" in this section of the Registry Act as was placed by that decision upon the same word in the section of the Act then in question. I am, therefore, of opinion that this is an item which should be paid by the County Council.

5. Then there is a question as to charges for caretaker's services. That part of section 7, subsection 1, above quoted required that the Registry Office must be properly taken care of by the County, including its proper heating, lighting and cleaning. The Council consider that such work should be done under the supervision of their officer and the accounts for the work paid in the same manner as all other accounts owing by the Council. I think the proper course to take is for the County Council to appoint some suitable person as caretaker, they to pay his salary; but it is obvious that this caretaker should be a thoroughly trustworthy person and should, I think, be satisfactory to the Registrar. If, however, the Council fails to provide for the caretaking of the office then, I think, it is the Registrar's right and duty to arrange to have the work done, and the cost of it should be paid by the County.

With respect to items one and two, I think these are disbursements to be deducted in arriving at the net income of the office under section 103 of Registry Act.

With respect to items four and five, these are properly payable by the County direct to the stationer, who supplies the stationery and to the caretaker who does the work of caretaking.

These items four and five are payable by the County whether there is or is not a surplus of fees, either gross or net, going to the County.

REGISTRATION OF PLAN PERMITTED BY A PERSON WHOSE TITLE IS DERIVED UNDER A DEED OVER 20 YEARS OLD, ALTHOUGH HIS GRANTEE'S TITLE MAY NOT BE APPARENT FROM REGISTRY BOOKS, EXCEPT FROM RECITAL IN DEED 20 YEARS OLD.

Messrs. S., Solicitors, and the Registrar of the County of S., have had a difference with regard to a Plan called the X Plan, which the Solicitors desired to register, and which the Registrar did not feel at liberty to accept unless, in my opinion, T. appeared to be the owner of the land according to the Registry Books.

The plan is of a part of a lot of land in the Township of L. and the Solicitors act for one A. T. who claims to be the owner of the land.

The Registrar's objection is that he does not consider that T. appears on the Registry books to be the owner of the land. On the Abstract there is a Deed dated 3rd, September 1884 and registered 24th March, 1885. That Deed is one of the Instruments under which T. claims Title. It is from J. E. and R. B. Trustees of the late J. B. E. The Registrar's objection is that there is nothing on record to show the appointment of J. E. and R. B. to be Trustees of the Estate of the late J. B. E. J. B. E. acquired the land from the Grantee of the Crown by Deed dated 31st December 1838. It appears from the Abstract of Title furnished to me, that the original Trustees of the estate of J. B. E. were J. M. and A. C. and Mr. C. seems to have been the survivor of the two original Trustees, in fact he is so described in a Deed dated 11th July, 1882. That Deed does not apparently affect the part of the Township lot now claimed by T.

The Solicitors contend that Mr. T.'s title is in fact a registered title; that he claims under a Conveyance nearly now 30 years old, and registered. The Solicitor's view is that the Registrar has no higher position than a purchaser from T. would have. That it is not open to the Registrar to question the truth of the recital in the Deed from J. E. and R. B. on 3rd September, 1884, which recital they say shows that at that time these parties were Trustees in fact of the estate of the late J. B. E. They cite to me the case of Gunn vs. Turner, 13 O. L. R. 158. The Statute referred to in that case is now 10 Edward VII., chapter 58, "The Vendor's and Purchaser's Act." Under that Act in the completion of a contract of sale of land the rights and obligations of the vendor and the purchaser shall, subject to any stipulation of any contract to the contrary be regulated by certain rules. The first of these rules is that recitals, statements and descriptions of facts, matters and parties contained in deeds, etc., 20 years old at the date of the contract, unless and accept in so far as they are proved to be inaccurate shall be sufficient evidence of the truth of such matters and descriptions. Section 3 of that Act also provides that in an action it shall not be necessary to produce any evidence which by section 2 is dispensed with as between Vendor and Purchaser and the evidence which is by section 2 declared to be sufficient as between vendor and purchaser shall *prima facie* be sufficient for the purposes of such action.

By the Registry Books, therefore, there appears to be a deed from parties who were *de facto* Trustees of the estate of J. B. E., and that deed is nearly 30 years old. T., so far as this deed of 1884 is concerned, could apparently compel an unwilling purchaser to accept his title, and he could also maintain an action upon the deed. I am, therefore, quite clear, and so hold that Mr. T.'s title, based upon this deed should be deemed to be sufficient in connection with the registration of this plan and for the purposes of subsection 16 of section 80 of the Registry Act. I think he appears by the Registry Books sufficiently to be the owner of the land. A party registering a plan is required to have an *apparent* title, and here I think he has such a title.

WHERE A NEW PLAN IS REGISTERED FURTHER SUBDIVIDING LANDS PREVIOUSLY SUBDIVIDED BY REGISTERED PLAN IT IS NOT NECESSARY IN CONVEYANCES OF LOTS ACCORDING TO THE NEW PLAN AND REFERRING THERETO ALSO TO REFER TO THE OLD PLAN.

A question has been submitted to me by the Registrar of the County of X. with respect to the construction of subsection 10 of section 80 of the Registry Act. The rule of his office in the past has been different from that which the solicitor for the person concerned thinks is warranted by the section referred to.

That section provides that every instrument affecting the lands or part thereof executed after a subdivision plan is registered shall conform or refer thereto, otherwise it shall not be registered, etc.

The present reference to me has arisen in connection with the proposal to register a new plan further subdividing lands laid down upon an old plan of a town.

Some lots and block in Plan 20B have been subdivided and a new plan of subdivision made out, which is to be presented for Registration, and the Registrar states to the Solicitor that the practice hitherto followed in the office has been to require that all Conveyances of these new subdivision lots will have to refer not only to the new plan but also to the old plan No. 20B, aforesaid.

The Solicitor thinks that this is not required under subsection 10 of section 80 of the Registry Act, and that all that Act requires in order to give a sufficient description in a deed of a lot under the new plan is to refer to the registered number of the new plan.

The Registrar states that although the rule in his office has for many years been that where there is a registered plan and certain lots on that plan are subdivided that in conveying any of these subdivided lots there must be a reference to the plan so subdivided as well as to the plan of the whole municipality. He would, however, much prefer to simply have a reference to the new plan of subdivision, as under the practice of the office they have very frequently to send instruments back for correction, which causes a great deal of inconvenience.

I am of opinion that subsection 10 of section 80 is sufficiently complied with if instruments affecting the land executed after the plan is registered conform to the new plan and refer thereto without referring to the former plan.

Of course the new plan should show and should describe what lands on the former plan are subdivided by the new plan.

WHERE A PLAN OR SKETCH IS ATTACHED TO A CONVEYANCE TO ELUCIDATE THE DESCRIPTION OF LANDS THE REGISTRAR IS NOT ENTITLED TO CHARGE A SEPARATE FEE OF \$1.00 OR MORE AS FOR REGISTRATION OF A PLAN UNDER SUBSECTION (h) OF SECTION 91 REGISTRY ACT. OBSERVATIONS AS TO FEES IN SUCH CASES.

My decision has been requested upon the following dispute. The Solicitor for a Railway Company objects to a fee charged by the Registrar of X for the registration of a Plan attached to a Deed of a right of way registered in that Registry office.

The plan attached to the Deed was a blue print, and there was also furnished an extra blue print copy plan in order that the Registry might, if he so desired, place it in the Book in which instruments are copied.

The Registrar claims a fee of \$1.00 as for filing a plan over and above the fees for registration of Deed.

The Solicitor says that the blue print plan attached to the Deed is so attached merely for the purpose of elucidating the description and rendering unnecessary a full Surveyor's description. He points out, that it is a matter of convenience to the public generally to have these Plans attached to Deeds and that it is not necessary for the purposes of the Railway to so attach them as they have their own Plans in the Office, and do not require for their purposes to attach such Plans to Deeds.

The Registrar states that his view is that the Plan is one for which, under the Registry Act, a fee of \$1.00 is allowed and that he does not find any other fee mentioned for the service. He has charged \$1.00 in addition to the ordinary fee for registering a Deed. He states that another Railway Company has registered many Deeds with the Plans attached, and he has always charged \$1.00 for the plans thus attached, and his right to do so has never before been questioned. He thinks the extra fee of \$1.00 for the Plan is one to which the Registrar is entitled according to his reading of the Registry Act.

I suppose that the Registrar considers the charge of \$1.00 extra, comes under subsection (h) of section 91 of the Registry Act. That subsection provides that for the registration of any Plan of City, Town or Village Lots including all necessary entries connected therewith, a fee of \$1.00 shall be allowed, and if the Plan embraces more than 20 Lots etc. there is to be an additional fee.

I do not think, however that this subsection applies to a plan or sketch attached to a deed of a Railway right of way or part of a railway right of way as is the case here or to any sketch attached to a Conveyance to give a better or clearer description of the lands intended to be conveyed.

The plan forms part of the Deed here, and I think the fee for registration should be as for the registration of a Deed.

The practice of supplying an extra blue print copy of such plans has become general, and has my sanction. Registrars have stated, and no doubt correctly, that in many cases it was impossible to copy the Plan into the Book in which the Deed has to be copied, as to make a correct copy would in many cases require the services of a professional Engineer or Surveyor.

Of course it was not intended that a Railway Company or others supplying such extra blue print copy should be charged \$1.00 for the registration thereof. Indeed, the Registrar, in this case, does not place the defence of his charge upon that ground.

If, however, a Registrar himself copies or causes to be copied such a Plan in the Registry Book he will, of course, be entitled to count the words and figures so copied in estimating the number of folios to be charged for in connection with the Registration of the Deed.

On the whole, I think, the contention of the Solicitor, under the circumstances existing in this case is right, and I decide the matter accordingly.

FOR REGISTRATION PURPOSES IT IS NOT NECESSARY THAT A NOTICE OF EXERCISING THE POWER OF SALE UNDER A MORTGAGE SHOULD BE SIGNED, NOR IS THE LEGAL SUFFICIENCY OF THE NOTICE A QUESTION FOR THE REGISTRAR.

The Registrar of the County of O. has refused to accept for registration from Mr. M. Solicitor, a Notice of Exercising Power of Sale under Mortgage, because the Notice is not signed. The Solicitor contends that the Notice is sufficient for registration purpose. It commences, "I, A. B., hereby give you notice" and is addressed to the proper party. Through an oversight the copy of the Notice served was not signed. Throughout the Notice it purports again and again to be given by A. B. and it does not say at the end that it purports to be signed by anyone. The Notice is endorsed in the name of the Solicitor.

The Solicitor further contends that the legal sufficiency of the Notice is not a question with which the Registrar is concerned.

Upon both points I agree with the contention of the Solicitor. I think the Notice is quite good. The name of the party giving it is stated at the beginning, and as I have said is repeated over and over again. I think further that there is nothing in section 58 of the Registry Act which requires it to be shown by whom the Notice of Sale is signed, or that it has been signed at all. No affidavit of execution is required of the Notice. All that is necessary is that there shall be an affidavit or declaration of the service of the Notice proving the time and place and manner of service, and that the copy delivered to the Registrar is a true copy of the Notice served. I think, therefore, this Notice accompanied as it is by a Declaration of service may be registered.

The Registrar may, if he thinks fit so to do, call attention in the column for remarks in the Abstract Index to the fact that the Notice does not appear to be signed.

FEE FOR A CERTIFICATE OF REGISTRATION OF AGREEMENT FOR SALE OF MACHINERY
ENDORSED ON A COPY OF AGREEMENT FURNISHED BY COMPANY.

The W. Company have disputed the charge made by the Registrar for X. of fifty cents for a Certificate. The matter has been referred to me. The circumstances are that an agreement for the sale of threshing machinery was sent by the Company, to the Registrar for registration and he was requested to endorse on what was said to be the copy or duplicate of the instrument, a certificate as to its registration. The Registrar charged \$1.50 namely, \$1.00 for the registration of the Agreement and fifty cents for the Certificate. The last item the Company says should be 25 cents. The certificate of which the Registrar furnished a copy to me is to the effect following:—"I certify that the original of the within instrument of which this purports to be a copy though uncomparred by the Registrar is duly entered" etc.

The Registrar states that in charging fifty cents he followed a ruling of mine reported on page 8 of my Report for the year 1896. In that case I allowed fifty cents in connection with a somewhat similar certificate. I do not know whether the circumstances in that case were similar to those here, but it is probable that they were very much the same. In that case, however, the Company concerned, *admitted* that the Registrar was entitled to a fee of fifty cents for such a certificate as they had asked for.

I have asked the Registrar here, whether he required, to make a search or do anything equivalent to making a search, before giving the kind of certificate he gave in this case, and he has candidly stated that he did not require to make such a search. He says he went, in making his charge, by my decision in the case referred to.

In the present case I think the charge for the certificate given should be 25 cents.

THE PERSON ENTITLED TO AN EASEMENT IN OR OVER LAND BY VIRTUE OF A REGISTERED GRANT IS OWNER OF AN INCORPOREAL HEREDITAMENT OR RIGHT AND IS TO BE DEEMED TO BE AN OWNER OF THE LAND WITHIN SUBSECTION 16 OF SECTION 80 REGISTRY ACT.

A question in difference has been referred to me, which has arisen between Mr. W., Solicitor, and the Registrar of the County of X. The facts are as follows:

The solicitor sent for registration a conveyance from one H. of Lot 39 of the west side of B. Street, in the village of P., according to registered plan No. 176, "together with a strolling privilege of the width of twenty-five feet along the water's edge of Lake Erie over Lots 2, 3, 4, and 5, in said village, as shown on registered Plan 117 as laid down in registered Plan 176, such strolling privilege to be used and enjoyed by the party of the second part, his heirs, etc., in common with F. (described in deed registered as No. 1859) as a common strolling privilege, but subject to the provisions respecting or affecting said strolling privilege contained and set forth in a deed from P. to the said F. dated, etc., and registered in the Registry Office of the County of X, Number 1580, for P.

Instrument No. 1580 defines the easement as "what may be termed a strolling privilege of 20 feet from the water edge along the beach of Lake Erie from M. Street on the east to W. Street on the west, as set out in agreements and deeds granted to other parties who have purchased lots in this subdivision of Lots 2, 3, 4 and 5 as laid down on registered Plan 175."

The Grantee, H., claims title under a registered deed, No. 1859, registered 11th June, 1909. Plan 176 was registered 3rd June, 1896. Instrument No. 1580 was registered 4th July, 1907.

On the 14th March, 1912, a plan No. 210 was registered subdividing those parts of Lots 2, 3, 4 and 5 not previously subdivided. The H. conveyance sought by the solicitor to be registered was dated 16th July, 1912.

The Registrar refused to register this deed because the description did not conform and refer to Plan 210 as to the land over which the easement was claimed. Such land was included in Plan 210 in two hundred lots extending northerly from the water's edge of Lake Erie. The solicitor insists upon the deed being registered because his client was not asked to sign and did not sign plan No. 210. He knew nothing about that plan, and until his consent had been obtained no plan could, he says, be placed on his property which could affect it.

The Registrar's view is that under section 80 subsection 16 Registry Act, he merely had an easement, and he and the others entitled to the easement were not owners of the lands subdivided so as to require their consent to the new plan No. 210. There are many other persons, as many as fifty I understand, entitled to the so-called strolling privilege over the lots subdivided by Plan 210, and none of these persons signed that plan. The question in difference in substance is whether the owner of such an easement is an "owner of land" within subsection 16.

The Registrar's view is that if the Legislature had intended such an interpretation, as the solicitor contends for, it would have expressed it. He also observes that the plan interferes with no right of the solicitor's client, that all he is required to do is to mention in the deed the two lots on Plan 210 over which his strolling privilege exists.

The Registrar states that the practice of his office is, and has been, to be satisfied with the signature of the owners and mortgagees of the land, and not to require the assent of the persons entitled to easements such as the present. He thinks any other interpretation would lead to great difficulties and much incon-

venience. The Registrar points out that prior to the enactment of the present subsection 16 a plan might be filed by or on behalf of any one for all that appears in the Statutes to the contrary, and he says the question then is, to what extent the privilege was limited by the amendment, which now constitutes subsection 16.

I think the question in difference depends upon the meaning to be given to the word "land" in subsection 16. Under the Interpretation Clause of the Registry Act, section 2, subsection "E," the word "land" includes lands, tenements, hereditaments, and appurtenances and any estate or interest therein. The strolling privilege or right of way over the lands is, in my opinion, an incorporeal hereditament, and therefore the word "owner" of land under subsection 16 would, I think, include the owner or person entitled to the easement. He is the Grantee of an incorporeal hereditament or right affecting the land.

I think, therefore, his consent was necessary to Plan 210. If he were in the deed to make the description conform to Plan 210 he might be held to have adopted or ratified a plan which might interfere with or limit his rights. At all events I do not consider that he is bound by Plan 210 nor bound to refer to it in the deed. I think, therefore, that he is entitled to have his deed registered notwithstanding the plan.

My opinion, however, in such a matter has not the force of a decision.

REGISTRARS SHOULD AS FAR AS POSSIBLE CARRY OUT INSTRUCTIONS OF PERSONS WHO REGISTER INSTRUMENTS WITH RESPECT TO THE DUPLICATE TO BE DEPOSITED IN REGISTRY OFFICE AND THE DUPLICATE TO BE RETURNED. OBSERVATIONS.

A matter in difference has arisen between Mr. A., Solicitor, and the Registrar of the County of X. Mr. A. sent to the Registrar an Assignment of Mortgage, P. to W. The letter accompanying the documents stated: "Please register and return duplicate and oblige. I enclose \$1.00 to pay fees on same." The duplicates were marked not to be recorded in full, and on one the word "return" was written and on the other the word "register."

The Registrar retained the one marked "return" and after registration sent back to Mr. A. the duplicate marked "register." Mr. A. twice returned the duplicate marked "register" and requested the Registrar to sent him back the one marked "return." The Registrar did not comply with these requests and after some correspondence the matter was referred to me, the Solicitor requesting me to instruct the Registrar to make the exchange of duplicate desired by him.

I have corresponded with both parties and the present position is that the Solicitor still thinks his directions as endorsed on the instruments should have been followed by the Registrar. The Registrar in his correspondence states that the original letter from the Solicitor gave him no instructions and he appears at the time of registry and return of duplicate not to have noticed the words endorsed upon the duplicates by the Solicitor "return" and "register." The Registrar says he did not, in fact, until the solicitor afterwards called his attention to the instrument, become aware that these words really existed. He further says the one retained by him has gone through the books and has had the office stamp upon it and the folio, the page in abstract index on which the entry was made, and memo. of having been compared with the entries in the Abstract Index, and the registers. The Registrar considers that under the circumstances "the solicitor contributed to the error into which he fell." He claims that the existing condition of things should not be disturbed.

I think Registrars should, as far as possible, carry out instructions when documents are given in or sent to be registered. The request for registration comes from the party desiring to register, and where positive instructions are given that one duplicate should be returned and the other should be retained in the Registry Office these instructions should be followed unless the duplicate marked to be retained is a badly made copy or is illegible or is otherwise not a proper copy. The Registrar is entitled to require that the duplicate to be deposited with him should be a perfect duplicate. Subject to these observations I think the solicitor or party tendering documents in duplicate for registration has the right to require the Registrar to return a particular duplicate. In this case the copy which was returned by the Registrar and which I have seen appeared to me to be in very good condition.

The solicitor's original letter of instructions did not state which copy was to be returned and which to be registered and probably the Registrar is right to some extent in saying he is not altogether to blame for not having noticed the endorsements "return" and "register" on the duplicates as the letter made no reference to them. I think on the whole, but not without some degree of the doubt, the better course is to allow the matter to drop.

AN INSTRUMENT NOT DESCRIBING LANDS CANNOT BE REGISTERED IN SO FAR AS IT IS AN AGREEMENT, BUT MAY BE REGISTERED IN SO FAR AS IT IS A POWER OF ATTORNEY.

Form of Certificate of Registration.

A document has been tendered for registration to the Registrar of X called an Agreement between a Mr. M. and a Mrs. F. which has given rise to a reference to me.

The parties in contemplation of marriage by the Agreement declared that each shall stand possessed independently of the other in respect to the property which they may own, and Mrs. F. renounces all dower which she might have in the property of Mr. M., her intended husband. No land is, however, described. So far as the Agreement goes, in the absence of a Statutory Declaration giving a proper description of the land affected, the instrument cannot be registered.

The solicitor, however, submits that the instrument is also a Power of Attorney and that it can be registered as such. The Power of Attorney is from Mrs. F. in favor of one T. A. or E. M., or either of them, authorizing them to release her dower, etc., in any lands of her intended husband, which he "now has or hereafter may have" and to execute necessary releases of dower. It declares that the power shall continue after the death of her intended husband should he predecease her, etc.

I think the Registrar acted properly in hesitating to register such an instrument. It certainly cannot, in its present condition, be registered as an Agreement. I think, however, that the part of it which consists of the Power of Attorney may be registered in the General Register. The mode of registration will be to copy the instrument in the General Register, but the certificates of registration would better be to the effect following:

"I certify that the within instrument in so far as the same is a Power of Attorney is duly entered, etc."

The solicitor should re-endorse the document so as to show that it is a Power of Attorney as well as Agreement.

ABSTRACT OF TITLE TO CLOSED ROAD ALLOWANCES. FEES FOR SAME. OBSERVATIONS.

A difference has been referred to me which has arisen regarding a charge made by the Registrar of X, for an Abstract of Title, which was ordered by Mr. A, Solicitor. The Abstract was of the Title to a road allowance between Lots 2 in the First and Second Concessions, and half of a road allowance in front of Lot 3 in the Second Concession of the Township of X. Mr. D. complains that the charge is too much.

A copy of the Abstract has been furnished to me. It contains two entries, one of a grant from the Township Corporation of the Road allowance to T. E. and the other of the will of Mr. E. The fee charged for the Abstract is \$3.25. The Registrar states that he prepared this Abstract from what are called "miscellaneous" entries contained in the book for X. in which it has been customary since the opening of the Abstract Index to enter all instruments pertaining to road allowances, etc.

The Registrar states that subsequent to the deed from the Township of X. to E. the entries, under the heading "miscellaneous" include in number more than 100 entries and many of the entries are indefinite as to location, because he says that prior to the early years of his tenure of office it was the practise to make the Abstract entries under the quantity of land, as short as possible. The Registrar states that he assumed that under the Statutes he was entitled to charge a maximum fee of \$3.00 for references, and 25 cents for writing the Abstract.

In other cases of the conveyance of Road allowances, I have recommended that a page be opened in the Abstract Index for each particular Road allowance, treating it, after the road allowance has been closed, and conveyed, as a separate parcel of land.

Section 31 of the Registry Act provides for the entering in the Abstract Index book under a separate and distinct head, each separate lot or part of a lot as originally patented by the Crown. The Municipal Act makes provision for the closing and sale and conveyance of Road allowances. These Road allowances were originally set apart by the Crown for the benefit of the Public and they are vested in the Crown until they are lawfully closed and disposed of.

I think reading the provisions of the Registry and Municipal Acts, together, it was the proper course to take that upon the registration of the deed a page in the Abstract Index should be opened in which should be entered under the heading "Closed Road Allowance" describing it the instrument affecting the same, under subsection 2 of section 31, Registry Act.

I do not remember having instructed the Registrar of X. to enter instruments affecting Road allowances in the manner I have mentioned, and in making the references he did make, for the purposes of this Abstract, I have no doubt he acted in perfect good faith, but on the other hand I do not think it fair that the person requiring an Abstract should be subjected to liability for such increased fees by reason of the complicated way in which beginning at an earlier time than the tenure of the present Registrar, instruments affecting Road allowances have been entered. A large number of the instruments entered under "miscellaneous" and to which the Registrar referred in preparing the Abstract, had in fact, no connection with the title to the Road allowance, and had the index been kept in some such way as I have indicated these numerous references would have been unnecessary. I have to observe further that under section 19 of the Registry Act, the Registrar, in preparing an Abstract, especially one made from such "miscellaneous" entries has to have regard to the "chain of title."

I think the charge under the circumstances for this Abstract should be \$1.00. I decide the matter accordingly.

THE SEAL OF THE COUNTY COURT IS NOT REQUIRED TO A CERTIFICATE GIVEN BY COUNTY JUDGE UNDER SECTION 41 REGISTRY ACT PROVING THE EXECUTION OF AN UNPROBATED WILL.

A reference has been made to me for my opinion by the Registrar of X. and Mr. S., who has presented to the Registrar for registration an un-probated Will and has produced as proof of the execution of the Will, the Certificate of the Judges of the County Court under section 41 of the Registry Act.

The seal of the Court is not affixed to the Judge's Certificate and the Registrar on that ground objects to register the Will. He contends that in the absence of such seal there is no official proof before him of the execution of the Certificate by the Judge. He refers to section 42 of the Registry Act. The question is, is such a seal necessary? I have to say in answer to this question that I think such a seal is not necessary to such a Certificate; and that for several reasons amongst others, the following: Section 41 requires the Registrar to register the Instrument, which in this case means the Will, and the Judge's certificate, Form 7, Registry Act being endorsed on the Instrument and signed by the Judge, and says nothing about a seal of the Court to that Certificate. And form 7 shows the Certificate of the Judge, as one to be given under his hand and says nothing about a seal. Indeed I think a doubt exists whether the Judge could properly attach the seal of his Court to such a Certificate.

Section 42 Registry Act makes provision for proof of the execution of the "Instrument" by the seal of the Court, that is, the due execution of the "Instrument" by the Judge. This does not apply to a Certificate under section 41. Such a Certificate is not an "Instrument" under section 42, but is proof of the execution in this case by the Testator of the Instrument, that is, the Will.

The word "Instrument" in clause "D" of section 2, Registry Act does not include such a certificate. The Will here is the Instrument and the Certificate of the Judge is the proof of execution of that Instrument.

By the Evidence Act, section 31, as amended by section 29 of the Statute Law amendment Act, 1911, no proof is required of the hand-writing of an Official in the position of the Judge here, certifying to any matter or thing as to which he is by Law authorized or required to certify.

I am, therefore, of opinion that the seal of the Court is not, for registration purposes, required to be affixed to the Judge's Certificate.

PROCLAMATION ANNEXING TOWNSHIP LANDS TO A CITY. REGISTRATION THEREOF
IN WHAT BOOKS. FUTURE REGISTRATION OF INSTRUMENTS AFFECTING LANDS
IN ANNEXED TERRITORY.

Under the special Act incorporate of the City of X, provision was made for the annexation to the City of 102 acres of the adjoining township known as the M Sub-division. It was, however, subject to Proclamation being made for such annexation by the Ontario Railway and Municipal Board. This Proclamation has been issued and has been registered in the Registry Office under Section 69 Sub-section 3, of the Registry Act.

The Solicitors for the City contend that the Proclamation should be registered in the Book of By-laws. The Registrar considers that it should be registered against each parcel or lot separately, in M. Sub-division. If thus registered, the Solicitors contend considerable expense would be incurred. The Registrar does not consider that the Proclamation should be registered in the books for By-laws, nor does he think it should be registered in the General Register? He thinks that the only place to register it is in the Abstract Index, under the various Parcels of land in the M. Sub-division.

Another contention of the Solicitors is that the Registrar should register all future documents in the Book for the City, and not continue the registrations in the Book for the Township.

The differences thus arising between the Solicitors and the Registrar have been referred to me.

I am of opinion that the Proclamation should not be registered in the By-laws book. What is known as the By-laws Book is the Book for the Registry of Debenture By-laws under the Municipal Act.

I think the Proclamation should be registered in the Book for the City.

I consider it is not necessary to enter the Proclamation in the Abstract Index against each of the different parcels of land in the M. Sub-division.

I do not think future registrations of instruments such as conveyances, mortgages, and the like affecting lands in the M. Sub-divisions should be entered in the Books for the Township. They should be entered in the Books for the City. I decide the questions in difference accordingly.

OPINIONS BY DONALD GUTHRIE, K.C., INSPECTOR OF REGISTRY
OFFICES.

A DISCHARGE OF MORTGAGE BY AN ASSIGNEE OF MORTGAGE WHO IS STATED IN
ASSIGNMENT TO BE ADMINISTRATOR OF MORTGAGEE INSUFFICIENT UNLESS
LETTERS OF ADMINISTRATION REGISTERED AND PARTICULARS OF REGISTRATION
SET FORTH IN OR ENDORSED ON DISCHARGE.

To a Registrar :

B. to A.

The point I desire to call your attention to is that there is nothing on record so far as appears from this correspondence to show that J. H. M. who is said to have assigned the Mortgage as Administratrix of the Estate of the Mortgagee, was in fact the Administratrix. An allegation to that effect in the assignment of mortgage does not appear to me to be sufficient. The Letters of Administration (if any) should be registered and the date, etc., of their registration set out in the Discharge. Particulars of registration of Letters may be endorsed on the discharge under subsection 3 of section 65 Registry Act.

PROPORTIONS OF PERCENTAGES OF GROSS AND NET RECEIPTS—HOW TO BE ARRIVED AT WHERE REGISTRARS HAVE FILLED OFFICE FOR PARTS OF YEAR.

To a Deputy Registrar:

I have considered your letter of 7th inst. and statement you have sent touching the adjustment of percentages payable to the County by the late Registrar's estate, by yourself and by the new Registrar for the past year under section 106 of the Registry Act. On the whole I doubt my authority to interfere in such questions, but under the circumstances, as the County Treasurer has suggested, that the matter should be submitted to me, I have no objection to state what appears to me to be the true interpretation of the Act, applying it to the circumstances existing during 1912 in your Registry Office. It will be distinctly understood, however, that my view is in no sense binding on any of the parties concerned.

My view as to what should be done regarding the adjustment of the percentages for the past year, is that for the periods the late Registrar and you yourself, and the present Registrar filled the office, the fees should be dealt with *separately* under section 106 of the Registry Act, that is to say, I think the obligation of the late Registrar's estate should be arrived at by taking the period from the 1st of January to the time of his death, which would be about 203 days. Then find out how much per day his receipts for that period would come to, then allow in respect to receipts the same amount per day for the rest of the year and follow the same course in making a computation in regard to his disbursements. If upon such computations it is found that the gross receipts for the year would have come to \$2,500.00 or over then his executors should pay, under section 101 a proportion of percentage on the excess over \$2,500.00. So if in making a computation with regard to his disbursements and arriving at the net receipts upon which under subsection 3 of section 101, his executors would be liable to pay a proportion of the percentage if they would have exceeded \$1,500.00 for the year, these proportions being based on the number of days of the year in which he filled the office, then the executors should pay allowance. So far as I can judge from your statements neither in regard to gross receipts nor net receipts would the late Registrar's estate be liable to pay anything to the County.

Then in regard to your own case you will compute the number of days during which you were acting Registrar and follow the same rule as above indicated in arriving at your liability, both in respect to proportion of percentage on the gross income and net income. Probably you would be liable to something in respect to both.

And so with regard to the present Registrar taking the number of days he has filled the office during 1912, apply the same rules. In his case the result would also, I think, be that he would have to pay something to the County both in respect of proportion on the gross receipts and the net receipts; but as I said before I do not pretend to give any authoritative opinion on the subject.

REGISTRATION OF AN ORDER OF COURT APPOINTING A COMMITTEE OF A LUNATIC.
CANNOT BE REGISTERED BY A DEPOSIT OF A SOLICITOR'S OR AGENT'S COPY, OBSERVATIONS.

To a Registrar:

I return the Judge's Order appointing a Committee of a Lunatic.

Section 43 of the Registry Act provides that such an Order may be registered on a *Certificate* signed by the proper officer of the Court setting forth the substance and effect of the Order and the land affected thereby. I am of opinion as follows:

1. This Order cannot be registered by a copy of the Order made by the agent of the Committee or apparently as requested.

2. The strict course is to register it by a certificate from the Court and that certificate should set forth some land as affected by the Order; but I have in other cases considered that the section 43 would be sufficiently complied with if there was a proper certificate of the Order and a proper Statutory Declaration describing some land in your County as affected by the Order.

3. I have also in some cases considered that an original Order may be registered as an ordinary instrument affecting land and a proper Statutory Declaration setting forth the particular land said to be affected, and I have considered that a person in the position of this Committee is competent to make that Statutory Declaration.

REGISTRATION OF WILLS IN BOTH GENERAL REGISTER AND IN SEPARATE
REGISTERS. OBSERVATIONS.

To a Registrar:

Re C. Will

I am of opinion as follows:

1. A Will may always be registered in the General Register at the request of the executors thereof or devisees thereunder. It may affect mortgages, and lands not described, or insufficiently described, and this is so even where the Will contains a devise of lands with a sufficient local description. I may observe here that where a Will contains a devise of lands by local description and does not contain a general devise of other lands situated in the same County, I do not think a Registrar can insist on double registration, that is to say the Registration of the Will against the land sufficiently described and also in the General Register. But, I am of opinion that where the party tendering a Will for registration requests the Registrar to register the Will in the General Register as well as in the particular Register there being a sufficient local description, he should comply with such request because as I have stated, he may desire to register the Will in the General Register because it may affect mortgages and lands not described or insufficiently described in the Will.

2. I do not think there is any real danger to a Registrar, in the case of a Will, of his getting into any trouble by reason of not entering it against particular lands which he deems are not sufficiently described therein, because persons taking title under the executors or devisees will necessarily inquire into the title of the latter.

A STATUTORY CERTIFICATE OF DISCHARGE OF MORTGAGE IS NOT SUFFICIENT WHERE SIGNED BY THE ALLEGED HEIRS AT LAW OF DECEASED ASSIGNEE OF MORTGAGE; SHOULD BE SIGNED BY A LEGAL PERSONAL REPRESENTATIVE.

- A question has come before me touching the sufficiency for registration purposes of a Discharge of Mortgage under the following circumstances:

Mr. D. solicitor, sent to the Registrar of X. a Statutory Certificate of Discharge of Mortgage, signed by one David R. D. The Mortgage was made originally by one McN. to David R. D. The latter afterwards assigned it to George H. D. This assignment was registered 8th February, 1911. Then by Assignment registered 18th February, 1913, the mortgage was assigned back to David R. D., but the re-assignment was made by Eugenie A. D. and Wellington R. D. There is nothing on record to show what right Eugenie A. D. and Wellington R. D. had to re-assign the mortgage.

The solicitor states that George H. D. is dead and that he died intestate. He states that instead of administering the estate his two heirs at law, namely, his wife and son, entered into an Agreement as to the distribution of the property, and that the title of all the real estate of George H. D. is now vested in Wellington R. D. by a quit Claim Deed from Eugenie, the widow.

I am of opinion that notwithstanding these and other statements of the Solicitor, the bona fides of which I do not question, the title to the mortgage in law should be in the legal personal representative of George H. D., and as no such representative has been appointed I do not think the mortgage can be discharged by Statutory Certificate of Discharge, until a legal personal representative is appointed.

I append an extract from an opinion given by me in a somewhat similar case as reported in my Report for the year 1909. page 7. This is submitted by way of suggestion as indicating a course which the Solicitor may possibly adopt.

ENDORSEMENT REQUIRED TO BE MADE ON MORTGAGES IN ORDER TO SECURE REGISTRATION THEREOF IN SHORT FORM. OBSERVATIONS.

To a Registrar:—

You state that mortgages have been tendered for registration in your office for registration in Short Form, having endorsed on them the words “not to be registered in full,” instead of “Not to be recorded in full” and you desire my opinion as to whether such endorsement is sufficient?

In answer I have to say that if section 48 subsection 1 of the Registry Act is to be construed strictly the words to be endorsed on mortgages tendered for short registration should be “not to be recorded in full,” but I think the Act should receive a fair and liberal construction and interpretation, and such as will best ensure the attainment of the object of the Legislature, and the provisions of the Registry Act, I think should be construed accordingly. (Interpretation Act section 7 subsection 41). I am therefore of opinion that as the intention on the part of the parties desiring to register the mortgages was plainly to ensure short registration and to save the expense of registration in full, the mortgages should not be refused registration, because the word “registered” has been used in place of the word “recorded” in the endorsement.

But it should be borne in mind that my opinion on such a point has not the force of a decision and therefore it will be safer for parties interested in the registration of mortgages to follow the very words of the Act in making the endorsement now under consideration.

I have further to observe that I think you should hereafter where a mortgage is personally brought in for registration, require the exact words to be used if the parties desire short-registration, and where a mortgage comes to you by post you should where the proper endorsement is not made, in returning the duplicate call the attention of the party to the fact that the words are not strictly the words set forth in the Statute and that in future you will require the statutory words to be used.

PLAN OF SUBDIVISION OF TOWNSHIP LOTS INTO TWO OR MORE LARGE PARCELS.
THE PARCELS MUST BE DESIGNATED BY NUMBERS, LETTERS OR WORDS.

To a Registrar:

I return Plan of Parts of Lots 19 and 20 in the First concession in the Township of H. and signed by X. & Co. I have to observe as follows:—

1. Section 80 Registry Act applies to Plans of land surveyed and subdivided for the purpose of being sold, or conveyed in lots by reference to a Plan, and it is contemplated that the lands (see subsection 6) on the Plans shall be described and designated by numbers, letters or words.

2. This Plan does not divide parts of the Township lots into subdivision lots at least in the usual way. However the parcels into which it does subdivide or profess to subdivide the parts of Township lots 19 and 20 must be designated, in my opinion by numbers, letters or words, that is to say, for instance the 31-26 acres parcel should be called lot 1 or lot A. or be given some name. I should not be disposed to object to the Plan if it designated the rest of the parts of lots 19 and 20 as one or more lots, say No. 2 etc. or lot B. etc. or by some word or words, of course properly showing the boundaries etc. of such other parcels.

3. You must have some such designation of the subdivision lots or parcels before you can open pages in the Abstract Index for the lots or parcels as subdivided by the Plan.

A PLAN WHICH RE SUBDIVIDES CERTAIN LOTS BUT WHICH DOES NOT AFFECT STREETS
MAY UNDER CIRCUMSTANCES STATED BE REGISTERED WITHOUT A JUDGE'S ORDER.

To a Registrar:

Re F. Avenue Lots.

The plan of lands proposed to be re-divided is one showing a proposed re-division of lots laid out around a residence. The re-division will not affect X. Avenue, or F. Avenue, the two Streets bounding the Survey. I understand that none of the lots, 17 to 26, have been sold, or dealt with in any way, nor any of the unnumbered part of the land around the house. I assume also that the original Plan was not filed with the consent of the Municipal Council. I understand no person or public body is in any way concerned with the matter of re-dividing the lots in the Survey, or laying out other or different lots, except the proprietor who caused the original subdivision Plan to be made, and who wishes to re-divide the lots. Under these circumstances I am of opinion that it is not necessary to obtain a Judge's Order to amend the original Plan, for the purpose of enabling the proprietor to re-divide his property.

DISCHARGE BY LIQUIDATOR OF A COMPANY OF A LIEN AGREEMENT IN FAVOR OF
COMPANY. CORPORATE SEAL OF COMPANY. OBSERVATIONS.

To a Registrar:

Re the Liquidator of a Company.

The questions you submit for my opinion are raised in connection with a Discharge which has been tendered to you for registration being a Discharge of an instrument of the nature mentioned in section 36 of the Registry Act being an Agreement for purchase of machinery, the Discharge being in form 12. I am of opinion as follows:—

1. I think this Discharge may be properly executed by the Liquidator of the Company, in whose favor the charge was created. There is nothing in the Act, as there is in the case of a Mortgage, requiring that the order appointing the Liquidator shall be registered prior to registration of such a Discharge as this is.

2. The Liquidator has power in the name of the Corporation to execute deeds, receipts and other documents and for that purpose to use the seal of the corporation. The seal he has used here does not appear to be a corporate seal. It is simply an ordinary small adhesive seal such as is sold by law stationers.

3. If there is an affidavit of execution by the Liquidator of the instrument then I think you may register it. If the corporate seal shall be attached it would not be necessary to have an affidavit of execution. There should, I think, be an affidavit of execution or the corporate seal of the Company should be attached.

THE OFFICIAL GUARDIAN WHO SIGNS AN INSTRUMENT IN THE MARGIN TO SIGNIFY HIS APPROVAL THEREOF IS COMPETENT TO BE SUBSCRIBING WITNESS TO THE EXECUTION OF THE INSTRUMENT BY ONE OR MORE OF THE PARTIES THERETO. A SUBSCRIBING WITNESS IS NOT REQUIRED TO THE OFFICIAL GUARDIAN'S OWN SIGNATURE APPROVING THE INSTRUMENT.

To a Registrar:

I have your letter of 7th inst. The matter you submit for my opinion is this:

A Mortgage has been sent to you for registration. It has been approved and consented to by the Official Guardian in the usual way, that is, by his writing his consent or approval on the margin thereof. You state Mr. Harcourt, who is the Official Guardian, has also signed the Mortgage as a witness to one of the signatures of the parties to the instrument and he has as such witness, made an affidavit of execution to the instrument for registration purposes under Section 35 of the Registry Act. You state that you consider that Mr. Harcourt, as Official Guardian, is a party to the instrument because of his having signed in the margin, his consent and approval thereto, and therefore, you think, under section 35 Registry Act, he could not be a subscribing witness for the purpose of making the affidavit required for the registration of the Instrument.

I am of opinion that Mr. Harcourt as Official Guardian, giving his consent, is not a party to the instrument within the meaning of section 35 and that he may lawfully make the affidavit of the execution before him of the instrument, by one of the parties thereto, as a subscribing witness to the execution of the instrument by such party. A party to the mortgage means the Mortgager or Mortgagee or other party in that sense.

No such affidavit as is required under section 35 and Form 5, is needed to verify the signature of the Official Guardian approving of the instrument. No subscribing witness is required to his signature, because he is not a "party" to the instrument.

It might be different if the Official Guardian was the Mortgager or the Mortgagee or the like, as he sometimes may be in his Official capacity.

SIGNATURES OF PUBLIC OFFICIALS APPROVING OF CONVEYANCES NEED NOT BE PROVED BY AFFIDAVIT. NOT NECESSARY TO REGISTER A COURT ORDER AUTHORIZING A MORTGAGE, PRIOR TO REGISTRATION OF THE MORTGAGE, OR AT ALL.

To a Solicitor:

In answer to your letter I have to say as follows

1. I have not considered it necessary hitherto and do not now consider it necessary that the signature of Ministers of the Crown or of Public Officers, such as the Attorney General and the Official Guardian, *approving* of conveyances or mortgages, should for registration purposes be proved by affidavit.

Of course where a Public Official is a party to, and as such has executed a conveyance or mortgage, the execution of the instrument by him may have to be proved for the purposes of registration in the usual way.

2. I do not think it necessary that the Court Order authorizing the mortgage should be registered before the registration of the mortgage, or at all. It will be for the Mortgagee to satisfy himself as to the Mortgagor's title or right to make the Mortgage. A Registrar is not concerned with the question of whether the mortgage is a valid one or is not a valid one.

PLAN NOT SUFFICIENTLY SIGNED BY REGISTERED OWNERS.—SUGGESTIONS.—DEFECTIVE AFFIDAVIT OF EXECUTION.—PLAN SUBDIVIDING LANDS PARTLY IN A TOWN AND PARTLY IN ADJOINING TOWNSHIP MAY BE REGISTERED.

To a Registrar:

I have your letter of yesterday.

I return the Plan of the Park.

I am of opinion as follows: According to the statements in your letter as to what is shown by your Registry Books as to the ownership of the land, I do not think the plan is sufficiently signed. So far as the records go it appears that J. W., the Registered Owner, died 30th October, 1908. His son, Edward W., was appointed Administrator and Letters of Administration have been registered. No deed has been registered from the Administrator, and there has been no caution registered. The title would apparently have devolved on the heirs-at-law of J. W., but you have nothing on your books to show whose these heirs-at-law are. Indeed, there is nothing on the proposed plan showing that. Probably, however, there will be no difficulty in the parties concerned having a deed or some other instrument recorded to show who are the heirs-at-law.

The suggestion you make that the Administrator make a deed to the heirs-at-law and have that deed registered is probably a practical course to take in order to get over the difficulty connected with the registration of this plan.

I notice that the Affidavit of Execution is defective in not setting out any name, in the first part thereof, of the subscribing witness to the signatures of the alleged owners, and in not stating expressly that the plan and duplicate were executed *by the said parties* at the Town of W. See form 5 Registry Act.

With regard to the signature of the Company, if they are the persons by whom or on whose behalf the plan is tendered for registration there should be something on record to show that they are the owners of the land, but if the plan is tendered for registration by or on behalf of the W family, and they at the time the plan is so tendered, appear by your Registry Books to be the owners of the lands, then the signature of the company can be treated as unnecessary but it need not be struck off the plan.

With reference to the fact pointed out by you that a tier of the subdivision Lots laid out by this plan shows that the boundary line between the Township Lot 28 and the west limit of the Town of W. will run through most of the lots on that tier near the centre, and will divide Lot 216 lengthwise, there may be extra difficulty to assessors in making assessments, and to you in making abstracts, etc., owing to this: but I do not see anything in the Act which makes that an objection to the registration of the plan.

A DEVISEE OF LANDS IS NOT TO BE DEEMED TO BE THE REGISTERED OWNERS OF LANDS FOR PURPOSES OF REGISTERING A PLAN SUBDIVIDING THE LANDS UNTIL HE OBTAINS A CONVEYANCE FROM THE EXECUTORS, ETC.

To a Registrar:

Re Registration of Plan.

In answer to your letter of 21st inst.:

I understand from your letter that there is a specific devise of the lands by proper description by the Testator, to his niece, but subject to the payment of certain legacies. Miss S., the niece, has had two parcels of the lands subdivided by plan, and wishes to have the plans registered. The question you ask is, can these plans be registered before the releases of the legacies are registered? You also call attention to the fact that the will has been duly probated and registered, but no formal conveyance has been executed by the Executors to Miss S. I have to observe:

1. As far as the facts are before me, it appears that the title to the land would better be by conveyance from the Executors to Miss S., if such conveyance can be obtained by her, reciting the payment of the legacies. It could then convey the land to her free from the legacies, if the facts warrant it.

2. If Miss S. does not procure and register a deed from the Executors, and if the Testator is more than three years dead, and no caution is registered, then I think before she can register a plan, she would have, in some way, to register releases of the legacies; as her title is one subject to these legacies. It will be for the Solicitor, acting for Miss S, to say whether the receipts you mention, shewing payment of the legacies, are capable of being registered, under Clause "D" of the Interpretation Clauses of the Registry Act, or under section 34, if they do not describe the land and under Judges' Order, per Section 41, Registry Act, if there is no subscribing witness.

3. So far as the circumstances are before me, something more has to be done, as above suggested, to warrant you, in my opinion, in registering the plan.

A PERSON WHO TENDERS FOR REGISTRATION A PLAN SUBDIVIDING LANDS MUST APPEAR ON THE REGISTRY BOOKS TO BE THE OWNER OF THE WHOLE, NOT MERELY OF A PART OF THE LAND, PROPOSED TO BE SUBDIVIDED.

To a Registrar:

I have your letter of 6th inst. I think that the meaning of subsection 16 of section 80 Registry Act, is that the Registrar shall not register a plan of subdivision of land unless the person by whom or on whose behalf the same is tendered for registration purposes, appears on the Registry Books to be the owner of the land, and that means substantially the whole of the land proposed to be subdivided by the plan.

A RECEIPT SHEWING PAYMENT OF SUCCESSION DUTIES IN RESPECT OF A DEVISE OF LANDS, THE LANDS BEING PROPERLY DESCRIBED MAY BE REGISTERED UPON PROOF OF DUE EXECUTION THEREOF.

To a Registrar :

I have your letter of the 27th inst. I am of opinion as follows :

1. The receipt for succession duties, although it describes the land in respect of the devise and of which Succession Duties were paid, is not under subsection "D" of Section 2 of the Registry Act, capable of being registered as a Certificate of Payment of taxes because, for one thing, as you state the words "Certificate of Payment of Taxes" in that subsection mean, a Certificate granted under the Corporate Seal of the County, City, or Town by the Treasurer thereof.

2. I think, however, this receipt may, if the execution thereof be proved, be registered under the general words at the end of subsection "D," as an instrument by which land is affected. But there should be furnished to you, either an Affidavit proving the execution of the receipt in the ordinary way, or a certificate of a Judge under Section 41 of the Registry Act should be endorsed on the receipt.

3. The Act does not require, nor has it been the practice, to attach the official seal of the Registrar to the Certificate of Registration. Form 8 of the Registry Act endorsed upon registered instruments. See section 52 of the Registry Act. That section says that the Registrar shall sign the certificate which shall be allowed and taken in all courts as evidence of the registry.

DESIGNATING LOTS ON SUBDIVISION PLAN BY SAME NUMBERS IN DIFFERENT BLOCKS BUT ADDING A LETTER OF THE ALPHABET IS CONTRARY TO THE INTENT AND MEANING OF SUBSECTION 6 OF SEC. 80, REGISTRY ACT.

To a Registrar:

Your letter of 20th was received. It certainly raises a novel point.

It is this; the resubdivision of lots as laid out on a former plan is proposed to be made by a new plan. There is no interference with the streets already laid out, but each block of lots created by the former plan surrounded by streets is proposed to be numbered by a combination of a figure and a letter, that is, the lots in one block are to be designed as 1 (a) down to 34 (a) inclusive, in another block as 1 (b) down to 34 (b) inclusive, and in another block as 1 (c) down to 34 (c) inclusive.

Subsection 6 of section 80 provides that on a plan for registration the lots shall be so described and designated by numbers, letters or words that there shall be no more than one lot on such plan described or designated by the same number, letter or word, notwithstanding that the lots are on different sides of the same street or on different streets or *in different blocks*, and where the designation is by number the lots shall be numbered consecutively.

In considering this matter we have to remember what the mischief was which it was intended should be cured by this subsection. Formerly confusion and difficulty arose from a Lot being numbered say as Number 1 on the north side of "A" Street, and another as 1 on the south side of "A" Street, and another as one on "A" Street and another as one on "B" Street; others again were described as 1 in Block "A" and 1 in Block "B." etc. It was found by experience that people made description by number, forgetting to state which side of the street the lot was on, or what street or what block, and confusion and uncertainty arose.

Now, is not the proposed combination of a number and letter likely to result in the mischief intended to be guarded against, namely, there would be three lots number 1, that is, in different blocks; three lots number 2, etc.; and just as in former days people in making a conveyance, or in otherwise describing the lots would be apt to forget to add the letter.

On the whole, therefore, in view of the fact that the subsection prohibits the numbering by the same number lots *in different blocks*, I incline to think that this proposed mode of combining a number and a letter is within the mischief intended to be prevented by the subsection, and is, therefore, objectionable.

My opinion, of course, on such a point as this has not the force of a decision.

REQUIREMENTS IN CONNECTION WITH REGISTRATION OF MUNICIPAL PLAN OF A TOWN.—WHAT SUCH A PLAN MAY SHOW.—POWER OF SURVEYOR PREPARING SAME AS TO DESCRIPTION OF LANDS.—CANNOT AFFECT TITLES.

To a Registrar:

Re Municipal Plan of Town.

I have your letter of 4th inst.

I shall consider the matter solely in view of the provisions of the Registry Act. You will have to consult the Master of Titles with regard to the registration of the plan under the Land Titles Act.

I have to observe as follows:

1. Presuming that the plan is tendered for registration under section 87 of the Registry Act, I incline to think the plan should be prepared upon the written request of the Inspector or of any person interested, addressed to the Clerk of the Municipality.

2. The plan should have endorsed thereon the certificates of the Clerk and Head of the Municipality, as well as of the Surveyor, stating that the same is prepared according to the directions of the Municipality and according to the directions of the Registry Act and the Corporate Seal of the Municipality should be attached to the plan.

3. Under subsection 11 the plan should show such subdivisions of the original lots as are shown in the registered plans, and such as are not shown but appear from the instruments relating to the lands, etc.

4. As such a plan is supposed to be a compilation of the registered plans I have not hitherto considered that it should be entered upon the Abstract Indexes. I do not think such a plan could in any way alter the boundaries of any lands previously subdivided by registered plan, nor the designations of the lands according to such plans, nor the streets, etc. It is simply a compilation for convenience and reference. If under subsection 11 there are lands shown on the plan that are not shown on any of the registered plans but appear from registered instruments relating to the lands, then the Surveyor preparing a Municipal Plan cannot designate by numbers or letters such last-mentioned lands, except as the same were designated in the instruments relating to the lands; that is, he cannot designate them by numbers or letters or otherwise, unless they are so designated in the registered instruments referred to.

5. I do not think that if a Municipal Plan prepared and authenticated under section 87 is registered it can in any degree affect the title of the company or any other company or person to any of the lands appearing on such Municipal Plan. Titles are not governed or affected by that plan. The titles depend upon the original plans and the titles of the parties, who registered such original plans, and upon the deeds of property described by metes and bounds or otherwise, and the titles of the grantors in such deeds, etc.

AFFIDAVIT OF EXECUTION OF INSTRUMENT MAY BE MADE IN UNITED STATES BEFORE A "COMMISSIONER OF DEEDS" THERE IF DULY CERTIFIED THAT HE HAS AUTHORITY OR JURISDICTION BY THE LAWS OF THE PLACE WHERE THE OATH IS ADMINISTERED TO TAKE SUCH AFFIDAVITS.

To a Registrar:

I return the deed received with your letter of the 20th inst.

The affidavit of execution of this deed is made before a Commissioner of Deeds of Hudson County, New Jersey. This affidavit is certified under his hand and official seal. Accompanying the affidavit there is a certificate that this Commissioner of Deeds is duly authorized by the laws of the State of New Jersey to take affidavits, etc., of deeds and conveyances for lands in that State. It also verifies the Commissioner's handwriting. This certificate is by the Clerk of the County of Hudson and also Clerk of the Circuit Court and Court of Common Pleas of said County, said Courts being Courts of Record with a seal, and it is signed by the Clerk and has affixed to it the seal of the said Court and County.

Subsection 20 of section 7 of the Interpretation Act, amongst other things, provides that an oath may be administered and a certificate of its having been made may be given by, amongst others, a Commissioner for taking affidavits, having authority or jurisdiction in the place where the oath is administered.

In this case the Commissioner undoubtedly had such jurisdiction. The only question is whether we should or should not take this clause to mean having jurisdiction in a place "within Ontario" or "within any Province of the Dominion" or "within the British Empire," or in any foreign country. On the whole, I am disposed to consider the affidavit sufficient. I think we should put a broad and wide interpretation on the clause. There is nothing in the language of the clause to limit the meaning of the word "place" or to restrict it to this Province or at all. I think, therefore, you may register the deed. Call attention to the affidavit in your remarks column by saying, "See affidavit."

REGISTRATION OF AN ASSIGNMENT OF MORTGAGE IN GENERAL REGISTER IMPROPER AND VOID.—COURSE TO BE TAKEN; QUERY: CAN THE MANAGER OF A BRANCH OF A BANK MAKE THE STATUTORY DECLARATION REQUIRED BY SECTION 34, REGISTRY ACT?

To a Registrar:

Re Assignment.

I have your letter of 27th inst., sending the original assignment which I return. It appears to have been registered in the General Register on 6th April, 1912. I also return Mr. B's letter to you and his Statutory Declaration.

I have read the Assignment and it is clear that it is not an instrument which can be registered in the General Register. I think such registration is void. See subsection 6 of section 23 and section 34 of the Registry Act. I further consider that registration in the General Register will not constitute notice of the instrument and will not accomplish the purpose of the Bank.

The instrument may, however, be registered under section 34, subsection 1, if it has attached to it a statutory declaration by one of the parties to the instrument, etc., to the effect that the instrument affects lands within the Registry Division and giving a local or general description of the lands sufficient, etc.

There is some doubt I think whether the statutory declaration by Mr. B. is not open to objection because he is only the manager of a branch of the bank. I should advise that the declaration be made by the secretary, manager, or presiding officer thereof. See Section 42, Registry Act. It is possible, however, that the word "Manager" may include the manager of a branch.

I think the proper course is to return the instrument to the manager, sending him a copy of this letter and suggesting to him to have a new statutory declaration drawn, not referring to the fact that the instrument is registered in the General Register, but as nearly as possible complying with section 34, subsection 1, of the Registry Act. I think for the bank's own sake that the statutory declaration had better be made by the general manager of the bank, so as to remove all doubt of the validity of the registration.

WHERE AN INSTRUMENT IS EXECUTED BY AN ATTORNEY FOR THE PARTIES IT IS NOT NECESSARY FOR REGISTRATION PURPOSES THAT THE SIGNATURE OF THE ATTORNEY SHOULD BE PLACED AFTER OR TO THE RIGHT OF THE SIGNATURES OF HIS CONSTITUENTS. AFFIDAVIT OF EXECUTION SHOULD SET FORTH THE ADDITION, OCCUPATION AND CALLING OF THE WITNESS.

To a Registrar :

I return the deed and the solicitor's letter received with yours of 18th inst., I have to observe:

1. The affidavit of execution by E. H. G. states that the instrument in duplicate was duly executed by four of the Grantors by their attorneys in fact, under written Power of Attorney. I do not think the circumstances that the attorneys executed the instrument by signing as attorneys to the left hand of the signatures of their constituents makes any serious difference. In the celebrated case of the Washington Treaty of 1871, both the British and American signatories placed their seals to the left hand of their signatures; and after that example I know that some members of the legal profession in Ontario followed the same course in the execution of deeds of mortgages.

2. I call your attention to the fact that Mr. G.'s affidavit does not set forth his addition, occupation or calling. The same defect is observable in the affidavit of B. R. S., the other subscribing witness. I am aware that it is not usual in affidavits drawn up by American lawyers to set forth the addition, occupation or calling of the deponent, but both form 5 and section 35 of the Registry Act require that, and you will hereafter insist on it. For one thing it may affect the regularity of the registration. In this case you may make a note in the column for remarks in the Abstract Index saying "see instrument as to mode of execution and as to affidavits."

DUPPLICATE OF A PLAN REQUIRED TO BE DEPOSITED UNDER SECTION 88, REGISTRY ACT, FOR TRANSMISSION TO MUNICIPAL AUTHORITIES MUST BE A DUPLICATE MADE BY THE SURVEYOR WHO PREPARED THE PLAN, BUT IT IS NOT NECESSARY THAT SUCH DUPLICATE SHOULD CONTAIN DUPLICATES OF THE CONSENTS, AFFIDAVITS, ETC., REQUIRED TO SECURE REGISTRATION.

To — R.

I have your letter of 12th inst.

In answer thereto I have to say regarding the duplicate of the plan, which a person who registers a plan is required by section 88 of the Registry Act to deposit, to be sent to the Municipal authorities, that while it must be certified to be a duplicate by the surveyor who prepared the plan, I do not think that the memoranda of assents and consents, certificates and affidavits required to be on the original plan in order to secure registration thereof under section 80, need necessarily form part of this duplicate. What is required under section 88 is a duplicate of the plan certified by the surveyor, not of all the consents, certificates, affidavits, etc.

DISCHARGE OF A MORTGAGE MADE TO TWO PERSONS TO SECURE ANNUITIES AND TO TWO OTHERS TO SECURE SPECIFIC SUMS.—DISCHARGES BY THE LATTER RECITING DEATHS OF ANNUITANTS NOT SUFFICIENT DISCHARGE OF WHOLE MORTGAGE.

To a Deputy Registrar:

Re Discharge of S. Mortgage.

The facts appear to be as follows:

The mortgage was made to S. D. S. and wife to secure an annuity and to E. A. S. to secure \$2,000.00, and to M. J. P. to secure \$1,000.00, these parties all being named as mortgagees.

The discharges which the solicitors sent for registration, namely, the discharge by E. A. S. in respect to the \$2,000.00 of the mortgage money belonging to her, and by M. J. P. of the \$1,000.00 of the mortgage money belonging to her, are sufficient discharges so far as their interests under the mortgage are concerned. The solicitors say in their letter, so far as these ladies are concerned their discharges could only deal with the interests they had in the mortgage, and that was expressed on the face of the respective certificates. So far I agree.

You can register the discharges by Mrs. S. and Mrs. P. accordingly. But in the column for remarks in the Abstract Index you will enter the discharges as being in respect to the \$2,000.00 part of the mortgage, and in the other case as being in respect of the \$1,000.00 part of the mortgage. I think each of these discharges should be called a partial discharge of mortgage.

While the discharges of these ladies refer to the alleged death of S. D. S. and his wife, who are the other mortgagees, the position seems to me to be this: There is no proper proof of the death of S. D. S. and wife, the annuitants; and, secondly, discharges of their rights under the mortgage could only be properly given by their legal personal representatives, because although the rights of these parties to the annuity ceased upon their death; there is no proof that there were no arrears due by the Mortgagor to them at the time of their death; in other words, therefore, the mortgage is still undischarged in respect to the rights, if any, of S. D. S. and wife thereunder.

TORONTO

To His Honour SIR JOHN MORISON GIBSON, K.C.M.G.
Lieutenant-Governor of Ontario.

MAY IT PLEASE YOUR HONOUR:

I have the honour to present to you the report of the Provincial Municipal Auditor for 1912.

J. J. FOY,

Attorney-General.

PARLIAMENT BUILDINGS,
Toronto, January, 1913.

TORONTO, January, 1913.

TO THE HONOURABLE J. J. FOY, K.C., M.P.P.,

Attorney-General for Ontario.

SIR,—I have the honour to present to you my report for the year 1913.

I have the honour to be,

Sir,

Your obedient servant,

J. W. SHARPE,

Provincial Municipal Auditor.

Report of the Provincial Municipal Auditor

TORONTO, 2nd January, 1913.

TO THE HONOURABLE J. J. FOY, K.C., M.P.P.,
Attorney-General for Ontario.

SIR,—I have the honour to submit to you the Sixteenth Annual Report of the Provincial Municipal Auditor.

LOCAL AUDITORS' REPORTS.

There has been some improvement in the work of local Auditors, but before local auditing can become the protection to the tax payer which it was designed to be, there must be greater care and efficiency displayed in the work.

There are Auditors who have made themselves familiar with the provisions of the Municipal and Assessment Acts and are guided thereby, there are others who appear to have no knowledge of such provisions. Residents of the municipality are usually appointed as auditors, and whilst this practice may not in all cases be objectionable, it does not always result in a careful investigation of the affairs of the municipality. The Auditor in the smaller municipalities at least is an acquaintance of the treasurer, probably an intimate friend, sometimes an enemy, and in some cases, from the similarity of names would appear to be a member of the same family, furthermore, he is appointed by the Municipal Council, whose proceedings he is expected to investigate, thus he is called upon to sit in judgment upon the men to whose favor he owes his position. Under such conditions a strict and impartial analysis of the financial affairs of the municipality can scarcely be expected.

Cases have come under by notice wherein Auditors, upon the discovery of some irregularity, have contented themselves with making a verbal report to the head or some member of the Council. Such a report is absolutely valueless. The facts are forgotten or denied and the Auditor is afterwards censured and held responsible for difficulties which might have been avoided had a proper written report been brought in and acted upon. For their own protection, if for no other reason, Auditors should report all important conditions in writing.

There is one part of an Auditor's duty which appears to be more often neglected than any other, that is, the examination of the Assessment and Collector's Rolls, and the accounts of the Collector. Auditors should carefully compare the rolls, see that all statutory duties have been performed and all items carried from the Assessment to the Collector's roll, that all changes ordered by the Court of Revision are properly entered upon the roll, check the correctness of the additions and see that the Collector has accounted for the total amount of roll and has credited all payments on the roll.

Reports of special audits show that considerable sums have been lost to municipalities and expense incurred for special audits which might have been avoided if the annual audits had been efficient. Whilst the present system and methods of appointment are open to criticism, it is not easy to suggest changes free from

objection and acceptable to the ratepayers. The appointment of Auditors who are experts and are not local men is now the rule in some Municipalities and has given much satisfaction. Whatever method of appointment may be adopted I am fully convinced that all annual reports of local Auditors should be reviewed by a central authority. A better supervision of Municipal finances than now exists would thereby be secured, to the benefit of the Municipality, and with public approval.

COLLECTION OF TAXES.

A well regulated financial system is an essential element of successful Municipal government and must have as its basis thorough methods of getting in hand the various resources of the municipality.

There are no duties devolving upon the municipal servant more important in results than those of the collection of taxes, yet they are often misunderstood, often neglected and seldom receive effective supervision. Diligent collection and prompt return of taxes are important, clear and accurate accounts of moneys received and returned are equally important. A system of bookkeeping which may be simple and at the same time methodical and reliable is a protection to the Collector against unjust suspicion and possible financial loss.

Tax Collectors should carefully consider and act upon the following and other clauses of the Assessment Act, having relation to their duties.

Section 109 requires the Collector to return his roll to the Treasurer on or before the 14th December in each year, or on such day in the next year not later than first day of February as the Council of the Municipality may appoint.

S. S. 2, of Sec. 109, provides for towns and villages, where by-laws have been passed under Sections 53 to 56, requiring assessment to be made between the dates therein mentioned in each year, in which case Collector shall return his roll to Treasurer on or before 30th April in second year following completion of assessment or such earlier date in that year as Council may appoint.

S. S. 4 of Sec. 109 requires Collector of every city, town and village, to pay to the Treasurer, once every week, the total amount collected during preceding week.

S. S. 5 of Sec. 109 requires Collector of every township to pay over once in every two weeks the total amount collected, during the preceding two weeks.

Section 111 provides that in case the Collector shall make default or neglect to collect any part of taxes within the required time, the Council may, by resolution, authorize the Collector or some other person to continue the levy and collection of unpaid taxes, but such resolution is not to affect the duty of the Collector, nor the liability of his sureties.

Section 113 requires the Collector to deliver to the Treasurer of the Municipality an account of all taxes on roll remaining unpaid, stating the reason why he could not collect the same by inserting in each case the words, "non-resident" or "not sufficient property to distrain" or "instructed by Council not to collect" or "instructed by Council to return not collected" or as the case may be.

S. S. 2 of Section 113 requires Collector to furnish Clerk of Municipality with duplicate of such account, and requires the Clerk, upon receiving such duplicate, to mail a notice to each person appearing on the roll with respect to whose land taxes appear to be in arrear.

Section 115 makes provision for a credit to the Collector of unpaid amounts after making oath as therein set out.

Some of the foregoing sections appear to be misunderstood by Collectors and others are systematically ignored. By Section 109, the Legislative intended that all rolls should be returned to the Treasurer at a reasonably early date. I have on a previous occasion referred to the unwisdom of allowing taxes to remain unpaid long after the time when the rolls should have been returned. Loans are being renewed and interest accruing whilst there are taxes overdue sufficient in amount to pay the loans in full.

The effect of Section 109 has been somewhat modified by Section 111. The interpretation of the latter Section which is generally accepted does not appear to be that intended by the Legislature. It is quite clear that it was not intended to relieve the Collector of any part of his duty. The power given to the Council is only to be used when there is no alternative, it was not expected that it would be annually and continuously exercised. By an improper exercise of this power, year after year, rolls have been allowed to remain in the hands of Collectors, until those for five years or more have accumulated. It is scarcely necessary to say that these are unbusiness-like methods, which not only deprive the Corporation of the use of money due to it, but also render a proper Audit of the collections by the local Auditors practically impossible. Extension of time for payment is not always a kindness to the taxpayer, the addition of one year's tax to another creates a debt which would have been less burdensome if it had been met in instalments, furthermore we sometimes find that the tax of the man in easy circumstances is in arrear and responsible for delay in return of the roll, whilst the poor man's tax has been paid. The evil effects of lax methods are strikingly illustrated in a case, a report of which will be appended hereto.

Section 113 is one which has not been honoured in its observance. This Section which should be a very useful one and which is designed to be a method of prompt discovery of any errors made in the Collector's returns, appears in many municipalities to have been completely ignored, and it is surprising that it should be so. If the Collector should omit to give credit in the roll for any payment made to him, the account to the Clerk and the notice by him to each ratepayer appearing to be in arrear, would at once lead to the detection of such omission. When Auditors find that these Sections have not been observed, they should make to the Council a special report of the facts.

AUDITS BY DEPARTMENT.

TOWN OF TRENTON.

This audit, which was under way at the date of my last report, was completed on September 23rd, 1912. Mr. Powell's report is submitted herewith. The cost of this audit was \$1,214.65.

TOWNSHIP OF SOMBRA.

This audit was referred to in my report of 1912. The application which was not in proper form had been returned to the promoters. The petitions were finally received on March 11th, 1912. On April 9th, Mr. A. F. Falls, C.A., was appointed to make the necessary investigation. Mr. Falls' report was received on December 13th, and is submitted herewith. The cost of this report is \$2,370.95.

TOWNSHIP OF CARDIFF.

On June 15th, 1912, a petition signed by 31 resident ratepayers of the Township of Cardiff, asking for an audit of the affairs of the Township was received. Upon investigation sufficient grounds for the audit were not shown, the prayer of the petitioners was therefore refused.

VILLAGE OF NEW HAMBURG.

On 31st January, 1912, a petition was received from resident ratepayers of the Village of New Hamburg, asking for an audit of the financial affairs of the Village. On 2nd February, Mr. Oscar Hudson, C.A., of Toronto, was appointed to make the necessary examination. Mr. Hudson made his report on April 12th, which report is submitted herewith. Cost of this audit \$632.

TOWNSHIP OF JOCELYN.

On March 4th, 1912, a petition signed by 34 resident ratepayers of the Township of Jocelyn asking for an audit of the affairs of the township was received. After an investigation and considerable correspondence, Mr. Charles E. Hammond, of North Bay, C.A., was on April 26th appointed to make the necessary examination. On 20th September, Mr. Hammond presented his report which is submitted herewith. Cost of the audit, \$339.38.

TOWNSHIP OF WEST ZORRA.

On 14th March, 1912, a petition signed by resident ratepayers of the Township of West Zorra, asking for an audit of the financial affairs of the township was received. On 25th April a resolution passed by the Municipal Council of the township in support of the petition was received. On the same date Mr. W. J. Ross, of Barrie, C.A., was appointed to make the necessary examination. On Dec. 5th Mr. Ross presented his report. Costs of this audit, \$1,346.84.

TOWN OF DRESDEN.

Submitted herewith is a report of a visit made by me to the Town of Dresden on the 11th and 12th days of June, 1912.

On July 5th, 1912, a resolution of the Council of said Town of Dresden was received, asking for an audit of the accounts of the ex-Collector, John Robinson. On the same date Mr. R. W. Johnson, of St. Thomas, C.A., was appointed to make the necessary examination. On 10th, October, Mr. Johnson presented his report which is submitted herewith. Cost of this audit, \$150.

TOWNSHIP OF EASTNOR.

On 25th November, 1912, a certified copy of a resolution passed by the Council of the Township of Eastnor was received, asking for an audit of the accounts in connection with a drain known as "Judges Creek drain." Afterwards a letter was received from the Township Clerk of Eastnor, requesting that this application be held in abeyance until after the meeting of the Township Council in December. No further action has been taken.

TOWNSHIP OF HOWARD.

On 19th November, 1912, a petition signed by 35 resident ratepayers of the Township of Howard, asking for an audit of the financial affairs of the township was received, and is now under consideration.

I have the honour to be.

Sir,

Your obedient servant,

J. W. SHARPE,
Provincial Municipal Auditor.

APPENDIX.

The following are not complete copies. In several cases matter which appeared to be of local interest only has been eliminated.

*To His Honour, the Lieutenant Governor in Council,
and To the Mayor and Council of the Municipality of the Town of Trenton,*

YOUR HONOUR AND GENTLEMEN.—Under authority of an order in Council, dated the 7th day of December, 1911, I have made an inspection and examination of the books, accounts and records of the Municipality of the Town of Trenton, for a period covering ten years from January 1st, 1902, to December 31st, 1911, and beg to report as follows:

The accommodations at present existing for storing and safe-guarding the Corporation records and papers, are entirely inadequate and are probably responsible, to a considerable extent, for the existing confusion.

Immediate action should be taken to provide more room, and to adopt a systematic method of filing and indexing. At present great confusion exists, and much valuable time is lost in locating the whereabouts of many records which would be obviated were some system used in filing.

The lack of proper facilities naturally makes the officials chary in admitting their personal liability for the records. The small vault in the Town Hall does not permit of convenient access to its contents, and consequently these are in great disorder. In the absence of proper central storage capacity many valuable records are scattered throughout the Town in private offices of officials, where the risk of loss from fire and other causes is much enhanced. Steps should be taken immediately to gather together all existing town records, and files should be provided for storing and indexing same, so that there may be a possibility of ready reference and convenience of access.

In addition to the absence of system in filing, and the lack of facilities for storing the town records, the methods employed in recording the corporation business calls for criticism. The minutes of the meetings of the Council are not clear, and lack sufficient detail to always render the action of the Council intelligent. The minutes frequently lack information of the nature of business arising out of communications read to the Council, or the final disposition of them when referred to Committees. Reports of the various committees, as recorded in the minutes, rarely give the reason for the committees' action on matters referred to them, but in most cases are merely statements of accounts due, and recommendations for payment. In connection with the above remarks, particular reference is made to Rebates allowed on Taxes, which average several hundred dollars each year. While these payments are doubtless thoroughly discussed in Committee, and are made only on the Committee's recommendation, the reasons for the allowances are rarely stated in the minutes.

The methods employed in the Corporation Bookkeeping are also incomplete, an imperfect system of single entry being in use. The Ledger does not contain individual accounts of all the Corporation's Assets and Liabilities, but is practically no more than an analysis of Cash Receipts and Expenditures. Among the accounts appearing on the Ledger are two, entitled respectively Miscellaneous Disbursements and Miscellaneous Receipts. A reference to the attached Statements of Receipts and Expenditures (Schedule C) will indicate to the Council the wisdom of directing that these accounts should be stated with all the detail possible.

Attention is directed to the five Schedules attached to this report, as follows:
 Schedule A—Comparative Statement of Assets and Liabilities at 31st December in each year from 1902 to 1911, both inclusive.

B—Annual Estimates for basis of Tax Rate for the ten years from 1902 to 1911, both inclusive.

C—Statement of Receipts and Expenditures for the ten years from 1st January, 1902, to 31st December, 1911.

D—Statement of Tax Rolls for the ten years from 1902 to 1911, both inclusive, and Collectors' Settlements.

E—Debentures Outstanding December 31st, 1911.

Schedule A—Comparative Statement of Assets and Liabilities.

This statement is made up from the Financial Statements prepared by the Treasurer at the close of each year, which were arrived at by an annual inventory of the Corporation's Assets and Liabilities, and not from any definite or systematic record shown in the books of the Corporation. Many of the items appearing on this statement call for extended comment, as follows:

Cash on Hand:

The Cash Book shows a balance at 31st December, 1911, of \$3,449.90, which, it will be observed, has been turned into an Overdraft of \$260.18 on the statement. The reason for this is that the Disbursement side of the cash book has been written up only from the paid cheques returned by the bank monthly, and outstanding cheques are not recorded until they have been presented for payment. Outstanding cheques and orders on the Treasurer at 31st December, 1911, amounted to \$3,772.93 made up as follows:

Outstanding cheques issued in 1911	\$3,677.79
Outstanding cheques issued in 1910	32.29
Outstanding orders issued prior to 1910	62.85
	\$3,772.93

The outstanding cheques of 1911 and 1910 were distributed in arriving at the statement of Receipts and Expenditures for 1911, and charged to the proper accounts as shown by journal entry attached to Schedule "C" and the item of \$62.85, which consists of Unpaid Orders on Treasurer, has been allowed to stand as a Liability. These unpaid orders were issued in the following years:

1908	\$ 1.65	
1907	2.91	
1906	40.92	
1905	6.22	
1904	1.50	
1903	1.25	
1902	8.40	
	\$62.85	

While the Annual Statements of the Treasurer show the Outstanding cheques and orders as Liabilities, no compensating entry was made at the close of each year charging the account affected during the year in which the order for payment was passed, the consequence being the expenditures of following years have been charged with Liabilities over which the respective Councils have had no control. By referring to the "Liabilities" under the heading of "Orders on Treasurer not presented, and Outstanding Cheques" it will be seen that these charges are for

large amounts, and might seriously affect the financial policy of the Councils saddled with the charges.

When the present Town Treasurer, Mr. J. W. Delany, was appointed to that position in the latter part of the year 1902, he found, included in the Cash of the late Treasurer, an unpaid cheque made by J. B. Young, for \$38.55, dated November 13th, 1898, which he refused to accept as cash, and which has been charged out as a Disbursement in the year 1902.

Taxes uncollected and Tax Rolls.

A summary of these is shown in Schedule "D."

The conditions existing in relation to the Tax Rolls during the first seven years of this investigation, were most extraordinary. At 31st December, 1902, the Tax Rolls for six years were still outstanding, showing balances uncollected aggregating \$16,577.38, and the returns made were in such a state of confusion that the returns show an overpayment of \$8.07 on the Roll of 1902 when final settlement was made in 1906, and a deficit of \$175.06 on the Roll of 1903. The Rolls themselves were in such a condition, and the information obtainable so scanty, as to make a further expenditure of time unwarrantable when the probable ultimate results were considered. Similar lax methods obtained in connection with final returns by the Tax Collector on the Rolls of each year up to 1908. At the beginning of 1908 final returns had not been made on the Rolls of 1904, 1905, 1906 and 1907, but these were finally adjusted in 1908. The column headed "Other Allowances" consists of amounts credited to the Collector on settlement of the outstanding Tax Rolls other than the Returns of unpaid taxes made by him, and appear to be principally errors in the Rolls, and the allowances of amounts charged on property which should have been exempt. The large amount shown against the Roll for 1905 is explained by the fact that this Roll included Dog Taxes and Poll Tax which apparently the Collector did not collect, as there is allowed in the statement credit for

Dog Tax	\$269 00
Poll Tax	553 00
	<hr/>
A total of	\$822 00

The Rolls for the years 1908 to 1911 inclusive, were in much better condition, and returns were made with reasonable promptness. The balance outstanding at 31st December, 1911, on the Roll of 1911, amounted to \$1,554.05, and the Tax Collector made returns on this early in 1912, as follows:

Cash	\$1,159 67
Unpaid Taxes returned to Treasurer	371 11
	<hr/>
A total of	\$1,530 78

leaving a balance still to be accounted for, on this roll, of \$23.27.

Many of the Rolls contained no proper Summary, and did not give evidence of proper care in preparation. The necessity of absolute accuracy in the preparation of Tax Rolls is self evident, and requires no further comment.

It will be noted that Cash Discounts allowed on taxes aggregated \$9,712.87 for the ten years under investigation—an average of almost \$1,000 per year, but in

the preparation of the Annual Estimates no allowance was made for this item. If all the taxes levied in each year were collected, this item alone would give rise to an annual deficit.

Arrears of Taxes.

The only account appearing in the Ledger, under this heading, is a Cash Account showing amounts received to redeem property returned to the Treasurer by the Tax Collector with taxes unpaid. The Returns to the Treasurer by the Tax Collector are entered in the Arrears of Taxes Book, and when the property is redeemed a memorandum of payment is made against the entry in the Arrears Book. The amount shown as Arrears of Taxes, on Schedule "A," is made up of the open items in the Arrears of Taxes Book charged against Real Property. No further action, however, is taken in reference to Unpaid Personal Taxes returned by the Tax Collector after entry has been made in the Arrears of Taxes Book.

A new Arrears of Taxes Book should be obtained at once, the one now in use being crowded for room. The open items in the old book, making up the balance of \$581.44, should be transferred to the new, and future returns should be carefully entered in detail. By the adoption of a double entry system of book-keeping, and the use of a Journal, and the making of proper entries, the total of the Arrears could be arrived at at any time almost instantaneously.

Lands Purchased at Tax Sales.

No account appears on the ledger for this asset, which represents the cost of unsold land previously bought in by the Corporation at Tax Sales. The only record of the correctness of the amount is by taking the amounts unchecked on the Treasurer's Tax Deeds to the Corporation. Cash received for property sold is credited to Arrears of Taxes, instead of to an account representing the asset, further illustrating the faulty bookkeeping methods in use by the Corporation.

Sinking Fund.

Three By-Laws (370, 501 and 639) authorizing the issue of Debentures, provide for the annual levy of certain sums to be used as a Sinking Fund for the payment of the Debentures at maturity, as follows:

By-law.	Year.	Term.	Principal.	Annual Levy for Sinking Fund.
370	1890	40 years	\$30,000 00	\$315 70
501	1894	20 "	6,000 00	180 00
639	1899	20 "	10,000 00	335 81

An amount has been duly levied annually for the purposes called for in the By-Laws, but the amount called for for Sinking Fund purposes has not been set aside and applied for the purposes for which it was levied.

The Financial Statement for the year 1901 includes among the Assets "Sinking Fund and Interest Accrued \$3,727.82" which was apparently invested in Deposit Receipts of the Molsons Bank, as evidenced by a memorandum dated March 10th, 1903, as follows:

“Deposit Receipts for Sinking Fund exchanged with bank” on the 10th day of March, 1903:

December 3rd, 1898	\$1,933 00	No. 115,212
October 10th, 1899	280 00	No. 115,474
October 16th, 1899	700 00	No. 115,478
October 25th, 1899	200 00	No. 115,484
October 22nd, 1900	350 00	No. 115,690

carrying 3 per cent.

Received from Molsons Bank deposit receipt for \$3,855.00 No. 99, 414 and 65 cents in cash for above receipts.

J. W. DELANEY.

The Financial Statement for the year 1902 states the value of Sinking Fund and Interest as	\$3,855 00
The only additions in the years 1903, 1904 and 1905 were for interest, aggregating	334 65
	<u>\$4,189 65</u>

No record appears in the books of these additions, or of the Fund proper, except as they are shown in the Annual Financial Statements.

On January 13th, 1906, there was transferred to the General Bank Account, from the Sinking Fund	\$1,290 62
for the purpose of paying the difference between the amount realized from the sale of Debentures issued, under By-law 890, and the amount paid to retire Debentures due, under By-law 247, and accrued interest and expenses, leaving a balance of	<u>\$2,899 03</u>

Further additions for interest were made during 1906 and 1907, aggregating. \$156 14 of which the books contain no record.

On November 12th, 1907, there was deposited	1,471 17
from the General Bank Account, making a balance at that date of	<u>\$4,526 34</u>

This balance to the credit of the Sinking Fund Account was finally disposed of by transfer to the General Account, and applied as follows:—

To pay Discount on \$24,554.25 Debentures, issued under By-law 918, and sold at 85	\$3,683 14
To pay difference between the amount of Debentures retired, under By-law 285 (\$25,000.00), and sold, under By-law 918 (\$24,554.25).....	445 75
To pay overdue interest on Debentures due, under By-law 285	455 48
To pay Purchasers' Solicitor's fees	20 00
	<u>\$4,604 37</u>
Less Interest accrued on Debentures issued, under By-law 918	78 03
	<u>\$4,526 34</u>

No amount has been placed to the credit of Sinking Fund Account since November 12th, 1907, and it will be noted that with the exception of the deposit of \$1,471.17 on the last mentioned date, the only additions to the Fund since October 22nd, 1900, were for interest.

The amounts collected under the annual levies have been placed to the credit of the Corporation's General Bank Account, and used to meet general expenditures.

If the amounts provided under the three By-Laws had been set aside and invested so as to yield 4 per cent. interest, the Sinking Fund Account should show a credit of \$21,007.11 at December 31st, 1911, as follows:

By-law 370	\$10,807 58
By-law 501	4,616 12
By-law 639	5,583 41
	\$21,007 11

DEBENTURES.

A Schedule (E) is attached showing in detail the Debenture Debt of the Corporation at December 31st, 1911. The Debentures are payable on the instalment plan, with the exception of those issued in pursuance of By-Laws 370, 501 and 639. These three By-Laws make provision for repayment of principal at maturity by the creation of a Sinking Fund. Extended reference is made to the manner in which this provision has been observed, in this report, under the heading of "Sinking Fund."

The money borrowed under By-Laws 1,024 and 1,026, namely, \$1,400, was for the specific purpose of purchasing manufacturing sites for Lloyd and Sons, Ltd., and Trenton Shirt & Collar Co. under agreements with these companies, which agreements are made Schedules to the By-Laws. Property was purchased by the Corporation consisting of part of Lot 3, and Lots 4, 5, 6, 7 and 8 on the westerly side of Ontario Street, for \$1,250, leaving \$150 of the original amount unexpended. Under By-Law 1,034 dated November 22nd, 1911, the Corporation authorized the sale and conveyance of part of Lot 3 and Lots 4 and 5 to Lloyd & Sons, Ltd., for \$700. The sale was completed and consideration paid to the Corporation on February 27th, 1912, and placed to the credit of the General Account.

The Corporation has no legal right to use the unexpended balance of the authorized issue of Debentures.

namely	\$150 00
and the amount received from Lloyd & Sons, Ltd	700 00

a total of \$850 00

for General Purposes, but this should be deposited in a special Trust Account and used only for the payment of the Debentures authorized and issued under By-Laws 1,024 and 1,026.

As the Trenton Shirt & Collar Co. have not complied with the terms of the agreement made with them, any amount realized from the sale of the remaining lots should also be applied towards payment of the Debentures issued.

The Annual estimates have made no provision for the discount charged on the Debentures sold during the period covered by the present examination, which was as follows:

1904: By-law 826	\$17,500 00	\$386 75	Discount.
1906: " 890	23,000 00	1,200 00	"
1907: " 918	24,554 25	3,683 14	"
1909: " 972	23,000 00	461 00	"
1911: " 1007	4,602 45	}	100 00	"
" 1033	2,500 00			
" 1024	700 00			
" 1026	700 00			

The debentures issued under By-Law 951 in 1909, \$28,267.34, realized a premium of \$1,059.66.

Schedule "B"—Annual Estimates.

Schedule "C"—Receipts and Expenditures.

A comparison of these Schedules will show large differences between the amounts expended and the expenditures estimated for. The method of bookkeeping is responsible for many of these differences, charges not having been made to the respective accounts in the year to which the charges applied. Other payments were very irregularly made. Particular attention is directed to the charges for "Administration of Justice" payable to the County of Hastings. Although the amount payable was duly estimated for each year, payment of this account and others was postponed until the liability became so great that relief had to be sought from the legislature, and permission obtained in 1904 to issue debentures to pay off the debt. The faulty account keeping was probably responsible for the error in arriving at the amount due the County, as permission was sought to issue Debentures for \$7,000 for this purpose, but in order to discharge the liability at the close of 1904 it was necessary to charge 1904 accounts with a payment of \$10,500, and the charge of \$2,000 in 1905 is to cover the liability for 1904. It will thus be seen that when the Council of 1904 asked permission to issue debentures to pay this liability, they underestimated the liability \$3,500.

In connection with the present investigation, reference is made to the petition presented by a number of ratepayers, under date of September 11th, 1911, asking for an audit, and making certain charges in reference to the manner in which the business of the Corporation has been heretofore conducted. These charges are not specific, in that no special Council is charged with maladministration. So far as the present audit is concerned, it has failed to disclose evidence which would support any charge of fraudulent intent on the part of any of the Municipal Councils in office during the period covered except such as was brought out in the special examination of the Roads and Bridges Department in 1911, the Chairman of the Committee having jurisdiction over this Department acknowledging a liability of \$924.90, and having repaid this amount to the Corporation.

As previously stated, the methods in use for recording the Corporation business are imperfect, and the following suggestions are made, with a view to introducing proper methods in the Corporation account keeping.

1. That a system of double entry be inaugurated.
2. That a new ledger be obtained, and accounts be opened in accordance with the statement of Assets and Liabilities that is shown on Schedule (A) at 31st December, 1911.
3. That a Journal be adopted.
4. That entries be made in the Cash Book at the time cheques are issued, and the proper accounts be charged.
5. That a new Arrears of Taxes Book be obtained, and opened, with details of the charges going to make up the total of \$581.44 shown in the statement of Assets at 31st December, 1911.
6. That the Collector of Taxes be instructed to make separate returns to the Treasurer for Unpaid Real Property Taxes and Unpaid Personal Taxes, and that the Treasurer be instructed to make detailed reports of these returns to the Council, as they are received by him.

7. That Arrears of Taxes Account be credited only with money received in payment of taxes in arrears, and that money received by the Corporation in payment for lands held by the Corporation and obtained by them at tax sales, be credited to an account called "Lands purchased at Tax Sales."

The manner in which the accounts have been kept in the past is largely responsible for the unsatisfactory financial condition in which the Corporation found itself during the first few years covered by this investigation, and the adoption of a proper system of account keeping, as suggested, would enable the Members of the Council to have a more intelligent oversight and understanding of the Corporation's business.

Yours very truly,

C. G. POWELL,
Accountant.

Toronto, September 20th, 1912.

SCHEDULE A.—Comparative Statement of Assets and Liabilities at 31st December in each year from 1902 to 1911, both inclusive.

APPENDIX.

TOWNSHIP OF SOMBRA PROVINCIAL AUDIT.

REPORT OF SPECIAL INSPECTION, AUDIT, AND EXAMINATION OF THE BOOKS, ACCOUNTS, VOUCHERS, AND MONEYS OF THE MUNICIPAL CORPORATION OF THE TOWNSHIP OF SOMBRA, IN THE COUNTY OF LAMBTON.

Upon the authority of an Order-in-Council approved by His Honor the Lieutenant-Governor of the Province of Ontario, the 12th day of April, 1912, A. F. Falls, Chartered Accountant, of the City of Chatham, was instructed and empowered to make an inspection, examination and audit of the books, accounts, vouchers, and moneys of the Municipal Corporation of the Township of Sombra, in the County of Lambton, under the provisions of sub-section 5, of section 9, chapter 228, R.S.O. 1897.

In pursuance of the said authority and instruction, the said A. F. Falls hereby reports that he has made an inspection, examination and audit of the various accounts of the said Corporation.

The audit is made upon the petition of certain ratepayers, addressed to the Provincial Municipal Auditor.

The petition requests that the examination be made for the following reasons:

(1) That your petitioners have reason to believe for a number of years past great irregularities have existed in the management of the financial affairs of the said Township of Sombra.

(2) That in the matter of the drainage works of the said Township of Sombra, large sums of money have been improperly and wrongfully paid out of the general funds, used, and paid out therefor, whilst in many cases sums of money remaining as surpluses or unexpended balances have not been rebated to the ratepayers entitled thereto.

(3) That there is every reason to believe that the financial affairs of the said township have been conducted in a loose, irregular, and unbusinesslike and wholly unwarranted manner, and that gross irregularities have prevailed to a very large extent in connection therewith, thereby entailing monetary loss upon the said ratepayers thereof.

(4) Therefore your petitioners request that a special audit covering a period of ten or more years aback of the financial accounts of the said Township of Sombra be granted upon an early date unto them.

SCOPE OF AUDIT.

The inspection and examination under the authority of an Order-in-Council covers some items in the accounts of the Municipality since 1891, and the Tax Rolls, vouchers and general accounts since 1902.

W. H. McGhee has held office as Clerk since the fall of 1902, succeeding Orra Bishop, who had held the office for some years previously.

W. H. McGhee has held office as Treasurer continuously during the period covered by this audit; since the fall of 1902 he has held the two offices combined of Treasurer and Clerk.

J. J. Kewley has held the position of Collector of Taxes every year for the past ten years.

In conformity with my usual custom, the petitioners, members of council, and other ratepayers, were invited to attend the Regan Hall, Wilkesport, on the 18th day of September, 1912, then and there to furnish such information or make such statements and charges as to them might seem meet, respecting the conduct of the municipal affairs of the said township. The meeting was well attended by ratepayers, over 80 giving evidence under oath. The taking of evidence of the Clerk, Reeve and others, was deferred till the next day. No specific charges were preferred. The complaint was made, however, that the drainage accounts generally had not been kept properly; that surplus on drains had not been refunded; and that ratepayers were inconvenienced by delay in getting payment of orders for services and materials.

There was more complaint on the manner in which the payment of orders was delayed than on any other subject.

With reference to the four complaints in the petition, these will be dealt with in their order.

MANAGEMENT OF FINANCIAL AFFAIRS.

(1) There is good ground for complaint as to the manner in which the financing was done. This subject is further dealt with under complaint (3) which also deals with financial affairs, and elsewhere in this report.

COMPLAINTS *re* DRAINAGE ACCOUNTS.

(2) The complaint was made that items were charged to the General Funds that should be charged to Municipal Drainage accounts. On looking into the accounts I found that while some items were charged to the General Funds of the Township that should have been charged to drains, there were also items charged to drain accounts which should have been charged to the general funds.

The complaint of money remaining as surpluses and not being refunded to ratepayers is well founded. The method of handling surplus on drains is the worst I have ever seen in any township. The ratepayers who attended the Council meetings or were persistent got an order for their rebates, while others on the same drain have not yet been paid. The township has been ignored as a contributor to drains where refunds were made. This subject is further dealt with under the head of Drains in this report.

FINANCIAL AFFAIRS.

(3) There was good ground for complaint in the manner in which the finances of the township have been handled. Never in all my experience have I seen the finances of a municipality handled in the way they have been carried on in the Township of Sombra.

Money was advanced under the Tile Drainage Act before it was borrowed from the Government by the issue of debentures. Since this audit was petitioned for in February, 1912, Tile Drainage Debentures have been sold to the Government to the amount of \$3,800.00. These did not cover the full amount of the advances to borrowers for the years 1909, 1910 and 1911. In 1909 \$1,600.00 was lent, and the general funds of the township provided the money till the debentures were issued and sold in February, 1912. In the same way in 1910 \$1,000.00 was advanced, and in 1911 \$1,300.00. This same method has been going on in 1912. Money was lent to ratepayers in this illegal way while debentures, payments to schools and

others were delayed for lack of funds. The delay in the collection of taxes is one of the most unsatisfactory features in the financial affairs of the township. For many years it has been the custom to allow over 90 per cent. of the taxes on the roll to remain uncollected till the following year. Not once in the past ten years has the Tax Roll been returned before October 17th of the year following that to which the roll referred. The roll of 1910 was not returned till February 5th, 1912. This report has been delayed for months by reason of the fact that the 1911 Tax Roll was not in the Treasurer's hands and the work could not be completed to December 31, 1911, without it.

Other items in reference to finances are mentioned elsewhere in this report.

PREVIOUS PETITION.

A number of the petitioners complained that an audit had previously been petitioned for and an appointment made, but the work had never been carried out nor any report made. They referred to a petition in 1905 and an appointment which is still outstanding. Had an audit of the books been made at that time, a considerable sum would have been saved to the township which has been lost in the years since, by the delay in collecting taxes and other illegal methods that are in use at the present time.

ASSESSMENT AND COLLECTOR'S ROLLS.

The Assessment Rolls have been compared with the Collector's Rolls for each year covered by the audit, with the exception of 1907 and 1910, and have generally been found accurate. A number of items were omitted from the Tax Roll of 1908 which were contained in the Assessment Roll. These items are as follows:

Name.	1908. Description.	Omitted from Tax Roll.
Davis & G. H. Wise, S. ½, L. 30, C. 10, assessed for \$2,200; in the Tax Roll only as \$1,600	\$600 00
Noble G. Lindsay, Business Tax	250 00
Samuel Selman, " "	250 00
Hugh Selman, " "	250 00
Geo. Chapman, " "	250 00
Frank Kilbreath, " "	250 00
Geo. Harrison, " "	250 00
Jno. Hambridge, " "	250 00
W. Cain, " "	250 00
Total	\$2,600 00

The minutes of council in reference to the Court of Revision on 1908 Assessment Roll are as follows: May 25, 1908. "The Court of Revision on the Assessment Roll was opened and members sworn. Moved by Mr. Roebuck, and seconded by Mr. Hayes, that Mr. Grant be chairman. Carried. There being no appeals against the assessment, the assessment was confirmed, after a few changes in ownership was made and a number of dogs struck off."

From this minute it will be seen that the items mentioned above have been omitted from the 1908 roll without any authority.

The complete schedule or summary of the Collector's Tax Rolls, necessary to comply with statutory requirements, does not appear in any roll since 1895, and was omitted every year covered by this audit. A statement is made in the roll in

lieu of the complete summary, giving the amount on the roll, but does not show the amount collected on the roll against the lands for each drainage by-law, but only gives in one amount the total on the Collector's Roll against lands for all drains. The amount for each School Section is detailed.

Owing to the manner in which this summary was made, it was necessary to analyse for each year the levy against every drain, school section and all special levies on the rolls, and this entailed a great deal of work.

The large number of drains in the township has compelled the Clerk to enter assessments of more than one by-law in the same column of the Collector's Tax Roll, with a memorandum for distinguishing purposes. This has entailed much extra work upon the Clerk in preparing the rolls. It could be avoided in the future if the rolls were made specially wide, with sufficient columns for each drainage by-law against any one description of land.

The Collector's Rolls have been checked with the amounts accounted for in the books of the Treasurer. Entry is made in the back of the rolls of the Treasurer's settlement with the Collector, but there does not appear in the roll of any year the Collector's sworn statement as required by the act, in reference to items returned to the Treasurer uncollected. The duplicate statement of Collector's settlement is not filed with the Clerk as required by the Act. The Clerk, who is also Treasurer, notifies all those whose taxes have been returned unpaid. It was pointed out to the Treasurer that in not one instance in the past ten years has the Collector made any declaration whatever on the return of the roll. This lax method, if continued, may cause the township serious financial loss.

The rolls have been yearly returned to the Treasurer too late to have the percentage added to the arrears in the County Treasurer's office. To overcome this difficulty the unique method has been adopted of returning to the County Treasurer in April each year arrears against lands which the Collector thinks he will be unable to collect, as if the roll had actually been returned to the Township Treasurer at the proper time. In some instances arrears against lands have been returned to the County Treasurer by the Collector, in April, as unpaid, and the money afterwards accepted by the Collector from the taxpayers. The County Treasurer was not notified of these payments to the Collector.

The Assessment Act has been disregarded by the Township of Sombra in connection with the tax rolls to a greater degree and in ways more likely to cause the township trouble and loss than I have found in any other townships which it has been my privilege to audit. Some items, returned by the County Treasurer to be placed on the rolls, have not been entered at all, causing a loss to the township. A few items which the Collector failed to collect on the roll one year were arbitrarily placed on the roll of the following year without any legal authority.

The present Clerk continued to make up the rolls in the same manner as his predecessor had done in 1901 and 1902. In 1895 the roll was made out, and every drain levied for was detailed in the schedule or recapitulation of the roll, but after that date no details of the total levy against each drain appears on the roll of any year. The rolls are never delivered to the Collector on October 1st, the time stated in the Act.

During the past few years many changes have been made in the rolls after they were in the Collector's hands.

The date taxes are paid is very seldom entered in the Tax Roll; it should always appear.

The Collector never added the rolls but took for granted that they were correct. It was found that the settlements on the rolls of 1907, 1908, 1909, 1910 and 1911 were not in accordance with the amounts the rolls contained when correctly added and totalled. The differences were gone over in the presence of the Collector and Treasurer. Some items were entered on the roll but not extended in the total, and so were not collected. These items are included in the statement of "Drainage Levies Omitted from Rolls," "Schedule 4,"

As a result of the examination of the rolls, it was found there was due the township from the Collector, after allowing him for all items not extended or included in the amount which he collected, the following amounts for the years 1907, 1908, 1909, 1910, and 1911:

Year.	Amount.
1907	\$153 46
1908	415 19
1909	364 86
1910	22 45
	<hr/>
	\$955 96
Less error in 1911	22 56
	<hr/>
Total due by Collection	\$933 40

Some of these differences would have been discovered if the tax rolls had been added by the Auditors when they checked the Collector's settlements with the Treasurer.

The Collector, in his evidence in regard to the rolls, stated: "I was not aware that I had not settled in full for the rolls of 1907, 1908, 1909, 1910 until my attention was drawn to the same by the Government Auditor. I never added the pages of the rolls through to see that they footed up the total as certified by the Clerk."

"If the Council would adopt a more modern system than has been used in the past of insisting on the more prompt collection of taxes, they could be collected very much earlier and more satisfactorily to the township."

The Collector was altogether too modest in what he stated above in regard to delay in the collection of rolls. The fact is that for twenty years the ratepayers have been allowed to delay the payment of taxes by the Council not insisting on the rolls being returned as the law directs. Each succeeding Council has been more lenient in that respect, and the present method cannot be too strongly condemned. The Collector is not to blame entirely for the delay. Members of the Council and Reeve have interfered from time to time by requesting the Collector not to be too hard on different ratepayers in reference to their taxes. This interference has tended to delay the Collector. If the Council would appoint the Collector, give him his roll at the proper time, and not interfere with his living up to the law, but rather insist that the taxes be collected as the law directs by passing a by-law imposing a penalty on taxes unpaid on December 15th or January 1st, the present conditions could be remedied, and the finances of the township benefitted.

On March 13th, 1911, the minutes of the Council meeting include the following motion:

"Mover by Mr. McRae, and seconded by Mr. Hinnegan, that the Clerk be authorized to notify the Collector to pay into the Treasury at least \$10,000.00 before the next meeting."

This shows that the Council were responsible for the delay in the collection of taxes by not insisting on the return of the roll at the proper time.

On June 12th, 1911, a by-law was passed imposing 5 per cent. on all taxes unpaid on June 30th.

On December 12th, 1911, the motion of Hinnegan and Armitage, that the Clerk notify the Collector to return the roll by Friday next was passed. This refers to the 1910 roll.

On February 5th, 1912, notice was published imposing 5 per cent. on all taxes unpaid on March 15th, 1912.

The tax notices which the Collector sends out do not contain anything about penalty for delay in payment of taxes. This has been drawn to the attention of Neil Grant, the present Reeve, in conversation, and has been also communicated to him as Reeve by letter in ample time to have a proper by-law passed by the Council imposing penalty for delay in payment of taxes for the current year and to have this printed on the tax notices. If this is neglected the Council of 1912 are to blame.

After the Council pass a by-law they have no right to interfere with it by personal interview or by resolution of Council.

The delay in the collection of taxes has caused a loss to the township by people moving away and the money not being recovered. The interest paid to the County on County Rate and interest on advances and deferred payments to others, also amounts to a considerable sum of money, and besides, the ratepayers have been put to much inconvenience by delay in getting paid orders for material and labor.

The Contractors on drains and other work are asking more for their work by reason of the fact that they have frequently to go more than once for their money after it is earned and the order is passed.

DEBENTURES.

The manner in which the debentures were issued for some of the drains is unique. Some were issued payable in two, three, or four payments, but for some unexplained reason instead of the principal sum maturing yearly they were sometimes made with the principal sum payable every second year, although coupons payable yearly were issued for the interest. All the debentures issued in this irregular way have matured and are paid: the practice is now discontinued.

Debentures maturing yearly are now issued with the interest and principal included. This is perfectly regular, but the debentures do not in every instance conform to the amount called for in the by-law. When issuing debentures on drains on which ratepayers have commuted their levy by paying cash, the amount commuted should be deducted from the amount the by-law calls for, and debentures issued for the balance only. This has not been done, but debentures are issued for the full amount of the by-law, thus creating a liability of the township till the debentures are paid.

On some drains no debentures were issued or sold, although the by-law provided for them. In such cases the amount expended on the drain has been advanced from the general funds of the township, thus depleting them till the whole amount advanced was collected on the roll.

There has been the same dilatory way of meeting debentures at maturity that has occurred in the other affairs of the township.

The attached statements show the amount of outstanding debentures as well as the debentures and coupons past due and unpaid as at December 31, 1911. The

last debenture on the Dobie Drain, which matured on August 1st, 1910, amounting to \$535.70 and interest, was unpaid on December 31, 1911.

Reference in regard to the irregular methods of handling the Tile Drainage debentures is referred to under the heading of Tile Drainage.

TILE DRAINAGE.

By-law No. 14, passed June 2nd, 1890, provided for borrowing \$4,000.00 under the Tile, Stone and Timber Drainage Act. Many of the ratepayers took advantage of this and borrowed in sums ranging from \$100.00 to \$200.00. In the year 1907, the amount provided under the by-law, viz., \$4,000.00, was all loaned, but only \$3,900.00 debentures were sold. In 1909, \$1,600.00 was loaned to ratepayers, in 1910 \$1,000.00 and in 1911 \$1,300.00, a total for the three years of \$3,900.00: this was loaned to ratepayers before by-law No. 30, September 27, 1911, was passed by the Council authorizing the loaning of an additional \$6,000.00.

From the above it will be seen that the officials have lent money under this head before it was provided for by by-law, and loaned the money for years out of the general funds, before providing the amount by sale of debentures. The act is very clear that the money is not to be paid to the ratepayers till after it is borrowed by the Municipality. Section 4 of the act is as follows: "The debentures may be issued and sold by the Municipality from time to time, for the purpose *only of lending the proceeds* thereof for tile, stone or timber drainage, as hereinafter provided, as money is required for that purpose."

The action in regard to the handling of the tile drainage loans and levies on the rolls has not been regular. There has been as much as \$4,000.00 of the general funds loaned at one time before debentures were issued and sold to the Provincial Treasurer. This is one reason why the Township Treasurer was not able to pay bills on time or the School Sections their money when due.

Errors have occurred in placing levies on the rolls for tile drainage loans; these omissions occurred during the incumbency of the past Clerk as well as during the time of the present Clerk.

The amounts omitted from the rolls must be collected, and as the by-law provides for their collection against the lands on which they were borrowed, the amounts omitted must be placed on the next roll. They cover a period of eight years and amount to \$191.36, details of which appear in Schedule 5 of attached statements.

In some instances the omissions were owing to the fact that the ratepayers borrowed more than \$100.00 and the levy on the roll was only \$7.36, the annual collection for \$100.00. In most cases the amount was not entered on the roll at all.

In February, 1912, after the audit was petitioned for, the township borrowed \$3,800.00 from the Government on tile drainage debentures, but that was \$200.00 short of the amount improperly loaned to the ratepayers up to December 31, 1911. Since January 1, 1912, ratepayers have borrowed \$1,700.00 more, so that there is \$1,900.00 for which debentures are now being issued to recoup the general funds.

At the meeting on September 18, 1912, when the petitioners, councillors, and others were present to give evidence under oath, the manner of handling the tile drainage transactions and other irregular methods that had been customary was fully discussed and the effect on the township finances explained. While the meeting was called for the purpose of getting information or lodging complaints in regard to any of the township affairs, I used it as a means of conveying to the members of the Council, officials, and others, information in regard to any matters

pertaining to the affairs of the Municipality that any of those present desired to ask any questions about.

The officials and members of the Council are now fully aware of the improper way that the tile drainage loans have been handled, and have no excuse for following the footsteps of their predecessors in future dealings.

The condition in which the Tile Drainage Levies were made necessitated analysing all the Tile Drainage Levies on the tax rolls since 1891, a period of over twenty years, occupying a great deal of time and adding considerably to the expense of the audit. The Clerk has been provided with a Tile Drainage Levy Book which will enable him to keep a proper record in future.

The manner in which the coupons on tile drains, which are due August 1st, each year, have been paid to the Ontario Government is in keeping with the way many other liabilities of the Township have been met. Since 1907 the delay in payment has been greater than in former years, and as time goes on the payments are deferred more each succeeding year as will be seen by the following:—

Date Due.	Amount.	Date Paid.
Coupons due, August 1, 1906	\$198 72	Paid, October 5, 1906
“ “ “ 1, 1907	198 72	“ August 23, 1907
“ “ “ 1, 1908	287 04	“ Jan. 2, 1909
“ “ “ 1, 1909	287 04	“ Oct. 2, 1910
“ “ “ 1, 1910	287 04	“ Oct. 2, 1910
“ “ “ 1, 1911	287 04	“ June 7, 1912

To properly carry out the provisions of the Tile, Timber and Stone Drainage Act, a by-law must be passed making the loan, then debentures are issued and sold to the Government, and the proceeds of the debentures loaned after they have been received and the Inspector has made his report. The Council have no right to lend the money before they get it by the sale of debentures.

AWARD DRAINS.

There are number of award drains and agreements under the Ditches and Watercourses Act.

The work in connection with award drains has been performed by the Clerk since 1902 without fees or other remuneration, except in a few instances after 1905 when the engineer in his report allowed small fees for the Clerk. It is my opinion that the Clerk is entitled to be paid for the services he performed since 1902 under this head. Sub-Section 2 of section 4 of the Ditches and Watercourses Act states: “The Council of every Municipality shall, by by-law, provide for the payment to the Clerk of the Municipality of a fair and reasonable remuneration for services performed by him in carrying out the provisions of this Act, and the Council shall also by by-law, fix the charges to be made by the engineer of the Municipality for services performed by him under this Act.”

The council have fixed the remuneration of the engineer, but have disregarded the part of the sub-section which applies to the Clerk. This is a liability not included in the attached statements because the Council are the body who have authority to fix the amount. In my opinion \$25.00 per year at least should be paid for these services.

The Act requires seven per cent. to be added to all items under award drains placed on the tax roll for collection. This has never been imposed. The council or any officer have no authority to interfere with the collection of this percentage, the wording of the Act being very clear.

The record of the award drains has not been kept in a proper book in the past. The Clerk had a book for the purpose but had not used it; all drains under the Ditches and Watercourses Act should now be properly recorded whether they are proceeded with by agreement or by an engineer's report.

SCHOOL ACCOUNTS.

The Treasurer of each of the School Sections in the Township was notified to bring his books to Regan's Hall, Wilkesport, on September 19th, 1912, so that the amounts paid through the Township and County Treasurer could be checked in the books of the School Section entitled to the same.

The Treasurers of nearly all the School Sections appeared with their books. The examination disclosed that there were very few of the sections which required bond from their Treasurer. They all complained that they never could get the money for the section when it was due and usually did not get it until it was urgently needed to meet the payments to teachers and others; as a result they never had funds enough on hand to warrant them opening a bank account. The following discrepancies disclosed are brought to your notice.

School Section No. 7.

July 9, 1909, in School Cash Book	\$100 00
This appears in Township Audit Report, p. 26, as	125 00
October 7, 1910, in Township Audit Report, p. 25	100 00
This does not appear in the School Cash Book.	
This section had on hand, not cashed:	
Legislative Grant, 1911	214 85
County " 1911	14 85

The Secretary was unable to attend personally on September 19th, 1912, but sent his books; he has been communicated with and when in Sombra on November 16th, 1912, I called at his office with the vouchers of the items mentioned but he was away from home.

School Section No. 8.

July 1, 1907, in Township Audit Report, p. 30	\$10 00
This does not appear in School Cash Book.	
December 20, 1907, in School Cash Book appears	100 00
as received from the Township Treasurer, which is not in the Township books under that date.	

It is possible that the Treasurer has mislaid the receipt for this item of \$100.00 and has never made entry for it in his cash book.

The delay in collection of taxes has been a great inconvenience to the School Sections, some of which had to borrow money to meet their payments.

SCHOOLS.

The balance due School Sections on December 31, 1911, as shown in the printed audit report in most instances represented the amount necessary to carry the section for a year. These balances have been changed by this audit as follows:—

School Section No. 7 is credited with \$47.98, short credit for 1908 levies.

School Section No. 8 is credited with \$333.13 (grant of 1909 \$300.00 omitted and short credit of 1910 levies \$33.13.)

School Section No. 15 is credited with \$27.06 short credit of 1908 levies.

School Section No. 20 is credited with \$48.98 short credit of 1908 levies.

Union School Section 22 is credited with \$11.54 short credit of Grant of 1909.

Union School Section 23 is credited with \$57.05 short credit of 1911 levies and charged with portion of debentures due Dawn Township \$61.98 for 1910 and \$61.98 for 1911. This section must be charged in 1912 and 1913 with \$61.98 the remaining portion due from this section for debentures issued by Dawn Township.

School Section No. 25 is credited with \$45.75 short credit of 1910 levy and charged with \$25.60 over credit of 1908 levy. It is also charged with debentures and coupons omitted to be charged in 1906 and 1907 amounting to \$121.50 and \$117.00 respectively.

The manner in which the School Debentures have been handled was not uniform. In some instances special levies were placed on the roll but most frequently the debenture was provided for in the regular school levy.

Instead of the debenture being charged to the School Section Account it was in most instances deducted from the amount the section should be credited with; from the above corrections it will be seen that in some cases the section had not been charged with the debenture at all.

The proper way is to credit the School Section with all the levy on the roll as well as the Township grant, and to charge the section with any debenture that matures that year. The method of deducting amounts chargeable to sections from the levy and grant is not a proper one.

MATTERS OF POLICY.

I received a number of suggestions and complaints from ratepayers in regard to the action of the council and officials in matters of policy such as:—

Assessments for drainage purposes not being just. Errors by engineers in over assessing lands for drains. Omissions to discover or correct errors in assessment or act on appeals at Court of Revision. That some old matters in regard to Schools, Drains and Assessments be revived. These have not been considered as they were too old or did not come within the scope of an audit of this character.

DRAINAGE ACCOUNTS.

A careful examination of all Drainage Accounts has been made. They were found to be mixed, and accounts had to be made in detail of every municipal drain in the Township in order to get the standing of the accounts and place the result of this audit before the ratepayers and officials of the municipality.

To keep drain accounts correctly, it is necessary to have a separate account for the receipts and expenditures under each by-law where the area of territory or assessment varies from that of any previous by-law on the same drain. This has been disregarded in the accounting of the affairs of this Township.

There was no map in the Township showing the location of drains and the different parts of the drains and it was necessary for me to make a map of the Township locating all the Municipal drains.

The original Drainage By-laws are kept by the Clerk but are not transcribed in the books for that purpose, nor is a Drainage Levy Book kept, and this

accounts for so many omissions from the roll. To ensure the proper levies against drains under the by-laws being placed on the rolls in future, a Drainage Levy Book has been procured and the schedule of each drain written in the book in detail by me, showing the amount to be levied against each description of property and the years that they are to go on the roll, for every drain against which levies are to go on the roll of 1912 and each succeeding year, as provided in the by-law. Included in this book are all 1912 by-laws which have been passed. This book was delivered to the Clerk on November 16th, 1912, so that he might place the levies for all drains on the 1912 roll and prevent omissions as had taken place in previous years.

If the Clerk will copy into this book the schedule of each drainage by-law after it is passed by the Court of Revision, or County Judge in case of an appeal, he will avoid many errors that have been made in the past.

This Drainage Levy Book and the map of Municipal drains provided with this report should be a lasting benefit to the Township as a result of this audit.

The annual Audit Report should show the transactions in each drainage account in detail under the name of the drain to which they refer, in the same manner as is shown in each of the School Section Accounts, giving the balance at credit or overdrawn. Had this been done in the past the ratepayers and members of the council would have seen the standing of each drain account. There is no objection to showing in the Audit Report the different items expended under the head of Local Drainage, but each drain account should also be shown clearly. In order that this may be done in the future a new ledger for Drainage Accounts is provided with this report in which are opened accounts for each of the active Municipal Drains.

The Treasurer should see that each drain account is charged with every item expended on it, and also that any credits are posted to the drain accounts in the ledger starting from December 31, 1911, the date at which the balance is shown.

The attention of the Council is drawn to the fact that many of the irregular methods of conducting the affairs of the Township are still being carried on and that immediate steps should be taken to see that the affairs of the Township are properly conducted.

The Drainage Levies to meet debentures should be collected in the years that the debentures mature. This has not been the case, but collections were made a year in advance of the maturity of a number of debentures; this constitutes a liability which is shown in the attached statements. The same remarks apply to Tile Drainage as the debentures were not issued at the time loans were made but in some cases were not sold till three years after they should have been.

Bonds have not been required to be furnished by contractors on drains. This too frequently results in the work being slighted, and in loss to the Township.

DRAINS.

Allan.

This account shows an overdraft before the last by-law was passed. An amending by-law should be passed to collect the amount, viz: \$124.63.

Annett.

There was a surplus of \$53.94 to the credit of this drain account. As the drain is being repaired under a new by-law, the surplus should not be distributed

till the new work is completed, then, if after charging all items, a surplus remains, it should be distributed according to the Act. The Clerk omitted to place for collection on the roll of 1908 nearly the entire levy against lands on this drain. These are included in attached statement of Levies Omitted from Rolls, "Schedule 4."

Arnold.

This drain shows a surplus of \$197.09. Refund was made in 1908 and another refund is being made in 1912. In refunding, the Township's portion must not be lost sight of, as was done when refunds were previously made. The General Funds of the Township are just as much entitled to its proportion of the surplus as any ratepayer. The general ratepayers of the Township are affected when the Township does not get its proportion of refund of surplus.

Arnold No. 2.

This drain shows an overdraft of \$12.35 which should be collected unless the drain is soon to be repaired.

Arnold No. 3.

The Overdraft of \$41.09, which does not include any fees to the Clerk, must be collected from the ratepayers entitled to pay for the same. It is the duty of the Clerk to see that these are placed on the roll. The Municipal Drainage Act is clear in the matter of collecting on by-laws not gone on with. This should go on the roll immediately.

Babcock.

This drain shows a surplus of \$39.30. Errors were made by the Clerk in placing the levies of 1907 and 1909 on the rolls. The amounts are included in the statement of "Drainage Levies Omitted from Rolls" in this report and must be collected.

Bailey.

This drain shows a small surplus of \$32.65. The Clerk made an error in not placing the amount against S $\frac{1}{2}$ L. 17 C. 7 on the roll for the years 1907, 1908, 1909 and 1910, which is included in statement of Drainage Levies "Omitted from Rolls," "Schedule 4." The amount must be collected.

Barnes.

This drain shows a surplus of \$120.92. Complaint was made that orders for their proportion of surplus have been made out to some of the ratepayers, and others who have not got orders cannot get the amounts due them. I find that some of the orders for surplus have been issued. The Clerk or Council have no right to discriminate, and no rebate should be paid to any ratepayer or a drain unless all the orders are issued. An order should also be issued for the amount due the Township General Funds, just the same as to any ratepayer. The Treasurer will put the amount of Township's portion to the credit of General Funds among his receipts for the year. There are some omissions to place levies on the roll for this drain which must be collected.

Bawden.

There was a surplus on this drain which has now been absorbed by charges against the account for repairs to the drain, which are now going on and for which debentures have not been sold. When the drain is completed the debentures should be issued only for the amount the account is overdrawn after all charges have been made.

Becher.

This drain is no longer the Becher drain, but is included in the last engineer's report as part of the Reed Becher drain and must be so traced in future, unless altered by another engineer's report. The overdraft of \$52.37 must be placed on the roll and collected from the ratepayers of the old Becher drain.

Bennett.

This drain shows a surplus balance of \$64.85 prior to 1904, and \$69.24 on the last repair, a total of \$134.09. These surpluses must be treated separately, as in 1904, 1905 and 1906, some of the ratepayers were paid their portion of the old surplus while others have not yet got the amount due them. Care must be taken to see that those already paid are not included in the distribution of the balance. There were omissions from the roll on this drain in 1910 which must be collected.

Bishop.

This drain shows a surplus of \$52.25.

Robier.

Overdraft of \$138.85 should be collected promptly.

Booth Creek.

This is a Dawn Township drain for which no by-law has been passed in Sombra. Although Dawn was paid in 1911 \$212.73 on this drain, no effort has been made to collect against the people assessed for the payment of the same. It is sheer neglect on the part of the Clerk to prepare by-laws and not have them passed, and take no steps to place the levy on the roll. Dawn Township have since passed another by-law to repair this drain and are going on with the work. The overdraft on this drain now stands at \$221.98.

Botting.

This drain was only constructed as far north as the centre of N $\frac{1}{2}$ Lot 24, Con. 5, by action of the Council and the assessment varied accordingly at the Court of Revision. It is now completed and should have prompt attention. Chatham Township are to contribute \$64.96. The unexpended balance amounts to \$233.56, and after receiving the amount due from Chatham, the final balance should be refunded pro rata to the parties assessed under the original by-law.

The debenture register shows seven debentures issued, but the Lambton Loan & Investment Co., who purchased the debentures state that they only purchased six debentures. The Clerk states that the seventh debenture was destroyed. This debenture should have been cancelled and held as evidence of its not being used.

Bowles Gully.

This drain has a small surplus of \$43.90.

Browning.

This drain has a small overdraft of \$5.17.

Brown.

There are two drains by the same name, and separate accounts must be kept. Brown Lot 4, Con. 8 and 9 has a surplus of \$17.99.

Brown Con. 15, after crediting the tile that was used in the Moffat drain, is overdrawn \$10.25.

Bruce Startton.

This drain has a small surplus of \$18.00 which will be reduced when the Clerk's fees are charged. The Clerk neglected to get an order for his fees on this and a number of other drains. This was levied for in 1911 in error which should be refunded.

Buckingham.

This drain has a surplus of \$83.94. There was an omission of part of the levy of 1910 which will have to be collected on the next roll.

Burch.

This drain has a credit balance of \$182.55 but is not completely finished. The engineer's fees were not charged in 1911. The final surplus or deficit should have prompt attention.

Bourqua.

This drain has a surplus of \$106.70. In 1909 there was an omission from the roll, see "Schedule 4."

Burgess.

This is a Chatham Township drain of 1908 which assesses some of the lands and roads of Sombra. An appeal was served against Sombra assessment, but on November 2, 1908, on motion of Council, the appeal was withdrawn. Sombra Township owe Chatham Township \$101.52 for which no by-law has ever been passed by Sombra. The Clerk in his evidence under oath, stated "Burgess, Chatham Township drain. No by-law was ever passed by Sombra and the amount

due Chatham Township has never been paid them nor levied on the roll. No settlement has ever been made with Chatham Township since 1902 the time I became Clerk nor for some years before that."

Burr.

This drain had a surplus. A by-law was passed to meet the exact cost of construction. This has been acted on, the amount collected on the Tax Rolls being less than that contained in the original by-law, thereby refunding the surplus by deduction on annual levy. In 1910 there were omissions from the roll which are included in the attached statement of "Drainage Levies Omitted from Rolls," "Schedule 4."

Burman.

This drain has a small credit balance of \$9.95 but is now being repaired under a new report and by-law.

Capes.

This drain account is overdrawn to the amount of \$64.25. In 1910 there was an item omitted from the Tax Roll.

Carroll.

The surplus on this drain is \$46.63. In 1910 there was an item omitted from the Tax Roll.

Chapple.

There is a credit balance of \$12.99. The Clerk has not collected his fees on this drain.

Chrysler.

This drain account is overdrawn \$48.43 and the amount must be collected by an amending by-law. The Clerk has not collected his fees which when paid will increase the overdraft.

Churcher.

This drain account is overdrawn \$138.09 to which must be added \$7.00 Clerk's fees for which he has neglected to have an order passed. There is \$133.00 due from Chatham Township which has not been collected. It is absurd to allow accounts to run for years with other Townships without collecting them. Immediate action should be taken to collect this amount. In 1910 a part of the levy was omitted from the Tax Roll by the Clerk.

Conlon.

There is a surplus of \$80.90 to the credit of this drain. In 1910 the Clerk omitted an item from the Tax Roll.

Cottell.

This drain account is overdrawn \$11.56, which will be increased when engineer's fees are paid. The amount overdrawn must be collected as the rate-payers were to pay the expense and do the work themselves.

Crooked Creek.

This is the same as drain by the name of Elsom.

Currie.

There is a surplus of \$58.56 on this drain account. There was an omission of part of levy on the Tax Roll of 1904.

Dagneau.

This drain has a small overdraft of \$1.65.

Dawson.

This drain has a surplus of \$124.36.

Devon.

This drain has a surplus of \$30.55.

Dobie.

There is a large overdraft amounting to \$791.36 on this drain account. It should be promptly collected by an amending by-law. Chatham Township claim \$834.44 under a by-law of October 21, 1907, for Sombra share. Sombra resisted this, and I am informed that the matter has never been decided by the Referee.

Dupuis.

This drain has a small overdraft of \$11.50 which must be collected.

Elliott.

This drain has a small overdraft of \$2.68 which will be increased when Clerk's fees are collected. The Clerk neglected to have an order drawn for his fees. He also omitted some levies from Tax Rolls of 1908 and 1910.

Elsom.

This is a Dawn drain, which is sometimes called Crooked Creek. There is a small credit balance of \$16.50 which will be reduced when the Clerk gets his fees which he has neglected to draw.

Emery.

This drain was not proceeded with. The account is overdrawn \$26.50 and must be collected from the ratepayers. The minutes of council, June 24, 1905, show

that the drain was abandoned after the withdrawal of John Reid from the petition. The Clerk has not placed the amount on the roll as directed by section 20 of the Municipal Drainage Act, and this should be levied, as directed by the Act, on the next roll.

Farr.

This is a Moore Township Drain. In 1906 Moore Township paid over to Sombra, a surplus which was distributed to Sombra ratepayers, but the Township of Sombra General Funds got no part of the surplus although it was justly entitled to its share.

Fausser

This is a Chatham Township Drain under by-law of October 13, 1906. They claim \$277.99 from Sombra. There has not been any by-law passed by Sombra nor levies made on this drain. The account is overdrawn \$8.00 and no further delay should take place in getting the by-law passed and overdraft collected, as the Clerk in his evidence stated that the suit over the drain had been settled.

Firman.

The drain formerly known by this name is now part of the Burman Drain.

Forbes.

This drain account is overdrawn \$48.39 and an amending by-law to collect the overdraft should be passed.

Fournie.

This drain has a credit balance of \$807.90 as the debentures were sold in December, 1911, to provide funds to repair, and the contract has since been let at a figure that will exceed the amount for which debentures were sold. When the work is completed an amending by-law will have to be passed to collect the amount of the deficit.

Grape Run.

There were suits over this drain, the judgment being that the drain should be completed and the expense borne by the General Funds of the Township. A special levy should be made for this so that the Village of Sombra will bear their share of the costs. The balance at credit of this drain account amounts to \$445.55. There were two Commissioners on the drain and had the engineer been appointed Commissioner, in all probability the Township would have been saved a large amount of money.

Grant.

This account is overdrawn \$49.07. An amending by-law must be passed and collections made.

Gray.

This account is overdrawn \$104.86 and this must be collected by an amending by-law.

Green.

This drain has a surplus of \$123.39. The Clerk omitted some items from the Tax Rolls.

Griffith.

This drain has an overdrawn account of \$175.84 which must be collected by an amending by-law. In 1908 there was no levy at all in the Resident Tax Roll against this drain, this was an omission on the part of the Clerk, and the amount will have to be collected on the next roll.

Hall.

This drain covers what was previously the Phibbs and part of the Hagan Drain. The account is overdrawn \$688.02, and although the Clerk has a memorandum in his book that the by-law was to be amended, nothing has been done. The careless neglect of the Township affairs is astonishing. The members of the Council should know that they have a duty to perform to the ratepayers and that the financial obligations of the Township cannot be met unless the overdrawn drain accounts are levied for and collected. An amending by-law should be passed at once.

Harris.

This drain showed a surplus in 1905 of \$80.49; some of this has been refunded. No order for refund of surplus should be made out unless it is made out for every ratepayer and all treated alike. A new by-law is now passed to repair the drain.

Hagan.

This drain is part of the Phibbs Hagan Drain. The amount of overdraft \$39.49 must be collected by an amending by-law against those originally assessed for the Hagan Drain.

Hayne.

This drain account is overdrawn \$133.60 which must be collected by an amending by-law. The Treasurer was paid \$100.00 by J. W. Young who commuted his taxes. This amount does not appear to be accounted for in the books of the Township. It is charged to the Treasurer in schedule 8 (A) attached, and is referred to elsewhere in this report. In 1908 most of the levies against this drain were omitted by the Clerk in error from the Tax Roll.

Hargrove.

This drain is overdrawn \$19.25, and the overdraft must be collected by an amending by-law. A bridge was given by the Council which has been taken out of the drain account and charged against General Funds of the Township as it was not covered by an engineer's report and cannot be legally collected from the ratepayers on the drain.

Henry.

This drain account is overdrawn \$35.25. An amending by-law must be passed and the amount collected.

Henry No. 2.

This drain is overdrawn \$65.17 and this must be collected by an amending by-law.

Heyland.

This account is overdrawn \$211.88 which includes the cost of engineer's report in 1909, which was not acted on, the interested parties agreeing to pay the costs. An amending by-law should be passed at once and the amount of overdraft collected.

Hooper.

This account is overdrawn \$18.15 and must be collected by an amending by-law.

Horley.

This drain account was overdrawn when completed in 1911. By an amending by-law the amount of overdraft was added to the annual assessments. In 1908 the levies against this drain were placed on the roll after the Tax Roll was in the Collector's hands and notices had been sent out. The drain levies were not collected and there were also omissions from the roll of 1910. These errors are included in the attached statement of "Drainage Levies Omitted from Rolls," "Schedule 4," and should be placed on the next roll.

Howe.

This account is overdrawn, the Contractor being overpaid \$49.64. James Babcock was the commissioner on the drain and before issuing final orders got a statement from the Treasurer of the standing of the account with the Contractor, and issued an order for the balance, as shown by the Treasurer's statement. The Treasurer's statement was produced by Mr. Babcock when giving evidence under oath, and when checked with the drain account disclosed the fact that the Contractor was paid \$100.00 on January 8, 1906, which the Treasurer had not included in his statement on which the commissioner made the order for final payment. The amount overpaid has been credited to drain and charged to James Babcock as the mistake was clearly that of the officials. The commissioner blames the Treasurer, but he received \$35.02 for his services as commissioner which duty included the issuing of orders to the contractor for the work done on the drain. There were less than ten orders in all issued to the contractor on this drain and the commissioner should have kept a record of the orders and known how much the contractor was entitled to before settlement was made. Some of the vouchers in connection with this drain are missing, the voucher December 15, 1905, \$125.00, was endorsed by George Fox per James Babcock. The balance, after allowing the drain credit for the error in overpaying the contractor, is an overdraft of \$180.02 which must be collected by an amending by-law. This drain gives an instance of how the Township has made losses by the manner in which the affairs were and are conducted.

Houson.

This drain is overdrawn \$21.26 and an amending by-law must be passed to collect the overdraft. The Clerk had a memorandum in his book "by-law to be amended" but no action was taken.

Hubbard.

This drain has a small overdraft of \$5.90 which should be collected by an amending by-law.

Huey.

This drain has a small surplus of \$24.45.

Indian Creek.

There is an overdraft of \$206.00 which will be increased when compensation is paid to J. F. Selman for which the Referee's consent has not yet been procured. An amending by-law must be passed now to collect the total amount overdrawn, and a by-law also passed to collect the compensation to J. F. Selman after the Referee's order is procured.

Jarvis, 7th and 8th Con.

There are two Jarvis Drains, the one on the 7th and 8th Concession has a small balance of \$2.98 to the credit of this account.

Jarvis, 14th and 15th Con.

On this drain there was an award of the Drainage Referee based on a report of J. H. Jones, C.E., and in 1909 a by-law was passed to collect the amount awarded. This was not levied for on the 1910 roll but was placed on the 1911 roll. The balance will be collected on the 1912 roll. The drain account is overdrawn \$105.55, but will be credited in 1912 with \$116.50, when collection is made on the 1912 roll. This will leave a small balance to the credit of the drain account.

Joiner.

This drain account shows an overdraft of \$124.68 on December 31, 1911. There is due from Chatham Township \$224.00 less fees \$17.00, making a net amount of \$207.00 and when this is collected from Chatham Township there will be a surplus. In February, 1912, orders were issued for refund of surplus although the amount due from Chatham Township was not collected. It is absurd to pay out money before the Township collects what is due them. The amount of surplus due the Township has not been taken into account in figuring the refund, and if paid out at the rate the orders were issued the account will be overdrawn after the collection is made from Chatham Township. The Township is entitled to its share of refund the same as any ratepayer.

Johnson.

This is a Moore Township drain on Townline between Moore and Sombra.

Johnston.

This is a new Sombra drain in lots 9 and 10 Concession 5 under by-law of 1912.

Kellam.

This drain has a small surplus of \$32.20.

Kilbreath.

This drain account is overdrawn \$95.20 and must be collected by an amending by-law. The Clerk did not get an order for his fees on this drain which will increase the overdraft. James Bowles has been charged in 1910 and 1911 rolls with \$6.09 too much. The amount of \$12.18 should be refunded to Mr. Bowles and charged to General Funds of the Township.

Lambton Tile.

This drain has an overdraft of \$31.40 which must be collected by an amending by-law.

Lapish

This drain has a small surplus of \$40.56.

Marwood.

This drain account is overdrawn \$120.45 and must be collected by an amending by-law. In 1909 this levy was almost all omitted from the Tax Roll.

Marshy Creek.

Under the last by-law no debentures were sold and so the drain account must be credited with \$169.30 each year that the levies go on the roll. The levies of 1913 and 1914 should not be made as the 1912 levy will cover the overdraft. A number of levies were omitted from the roll. These are included in "Drainage Levies Omitted from Rolls," "Schedule 4."

Martin.

There is a surplus of \$92.47 on this drain account. The Clerk has omitted to get an order for his fees on this drain.

Meyers.

There is a small surplus of \$12.45 on this drain.

Moffatt.

This drain is overdrawn \$185.02 and must be collected by an amending by-law.

Moffat-Lampman.

This drain has a small credit balance of \$9.79. On November 21, 1910, the Court of Revision reduced assessments by \$25.00 but did not add the \$25.00 to other lands or roads of the Township. This is beyond the power of the Court of Revision, viz., to change the engineer's report.

Moshier.

This drain has a surplus of \$147.00. The Clerk did not get an order for his fees on this drain.

Mullins.

This drain is overdrawn \$56.15 and this must be collected by an amending by-law.

Murphy.

This drain is overdrawn \$350.21 and must be collected by an amending by-law. The 1905 levy was all omitted from the Tax Roll.

McCoy.

This drain now has a credit balance of \$54.35 but when the drain is completed there will be an overdraft.

McLennan.

This drain account is overdrawn \$75.88, but there is due from Chatham Township, outstanding since 1904 a net amount of \$293.00. When this is collected there will be a surplus.

McLennan.

This drain has a small surplus of \$29.00.

McClure.

This drain has a surplus of \$98.49. In 1912 orders were issued for refunding the surplus without any amending by-law being recorded in the minutes of the Council meetings. The Court of Revision made some changes in the assessment all of which were not given effect to.

McGhee.

There is a surplus on this drain of \$96.53.

Government No. 2.

There is a surplus on this drain of \$41.39.

Government No. 3.

There is a surplus on this drain of \$64.96.

Government No. 4.

There is a surplus on this drain of \$38.08.

Government No. 8.

There is a small surplus on this drain of \$1.60.

Government No. 9.

This account shows an overdraft of \$79.05.

O'Leary.

This drain has a surplus of \$258.68. Although orders were drawn in 1912 refunding the surplus, no record of amending by-law appears in the minutes of Council.

O'Mara.

This drain has a credit balance of \$21.55.

East Otter Creek.

This account is overdrawn \$169.25. The report of Mr. McCubbin has not yet been acted upon. Unless it is gone on with the amount must be collected.

West Otter Creek.

This drain has a credit balance of \$2,437.33 the proceeds of debentures. The work is not completed. Costs are to be collected from McDonell and other appellants. This should be done without further delay.

Pacific.

This drain has a small credit balance of \$7.50.

Pray.

This drain has an overdraft of \$43.65 which must be collected.

Pollock.

This drain has an overdraft of \$21.97 which must be collected. A bridge which was granted by the Council without engineer's report is charged to General Funds, as it cannot legally be charged to the drain and collected from the rate-payers.

Powers.

This drain account is overdrawn \$94.42 after applying the previous surplus. This must be collected by an amending by-law.

Pretty.

This drain has a small credit balance of \$8.14.

Reid-Becher.

There was a suit over this drain which is charged with the judgment and costs. An amending by-law was passed to cover the costs, and debentures sold to provide the funds. The final balance is \$31.08 overdrawn. The levy against School Section No. 26 has not been placed on the rolls of 1910 and 1911. The costs have not been collected from Watson. These should be collected without any further delay.

Rivers.

There is a surplus of \$159.42 at the credit of this drain.

Ritchie.

This drain is overdrawn \$37.64 and must be collected.

Robb.

This drain has a surplus of \$140.00. The Clerk omitted to get an order for his fees.

Selman. Lot 14, Con. 14.

There are two drains by this name in the Township.

Selman. Lots 8 and 9, Con. 11 and 12.

This drain has a credit balance of \$38.65.

Smith.

This drain is overdrawn \$7.11.

Snider.

This drain is now part of Otter Creek. There was \$25.00 expended on it in 1907, an amending by-law must be passed to collect this amount.

Summers.

The engineer's report on this drain by H. A. McLean of September 21, 1911, was not acted upon when it was read. The costs must be collected if the drain is not gone on with.

Stokes.

There is a surplus of \$41.00 on this drain.

Stacey.

In 1901 one debenture for \$144.94 for three years with coupons attached, was issued for this drain. This method of issuing debentures is illegal and has now been discontinued.

Sweeney.

There is a surplus of \$302.30 on this drain.

Talbot.

There is a small surplus of \$27.20 on this drain, against which the Clerk's fees are to be charged. He neglected to get an order passed for them.

Tomlin.

This drain is overdrawn \$71.65 and must be collected by an amending by-law.

Townline.

This overdraft of \$128.00 is on account of expenses in connection with surveys in order to secure better outlet for drainage. The agreement was that Dawn was to pay their share.

Towns.

This drain account is overdrawn \$28.90 which will be increased when engineer's fees are paid and charged. An amending by-law must be passed and the overdraft collected.

25th Sideroad.

This is a Dawn drain for which Sombra was assessed and the amount paid Dawn in 1911. The account is overdrawn \$328.54 and nothing has been put on the Tax Roll to collect this, nor have any debentures been sold. The Clerk in his evidence under oath when asked about this stated "No by-law has been made yet. It has been neglected and no levies have yet been made." A by-law should be passed at once.

Whitebread.

This drain is very heavily overdrawn on account of damages, law costs and judgments paid, for which only a portion has been provided for under the amending by-law. An amending by-law should be passed without delay to cover the overdraft and debentures issued. The amount overdrawn on this drain is \$3,567.80.

Wilson.

This drain is overdrawn \$48.10 and must be collected by an amending by-law.

Walker.

This drain is overdrawn \$16.34 and must be collected by an amending by-law.

Watson.

This drain has a small credit balance of \$4.26.

Walton.

This is a Moore Township drain and it is overdrawn \$138.00 as there were no debentures sold to provide the money to pay Moore Township. The Clerk has not had an order drawn for his fees. The levy of 1910 was omitted from the roll. Each year for four years when the amount is put on the roll this drain must be credited with \$50.00, which is one-fifth of the original assessment. As no debentures were sold the difference between \$50.00 and the annual levy against lands and roads is interest which the drain account should not get credit for.

Watson-Tulloch.

This drain has a surplus of \$84.55. The Clerk omitted to have an order drawn for his fees on this drain.

Wadsworth.

There is a credit balance of \$31.25 on this drain account.

GENERAL REMARKS ON DRAINS.

It must be remembered that this report covers the transactions of the Township to December 31, 1911, and payments that have been made since that date will affect the accounts as shown in the statements accompanying this report. This must not be lost sight of when preparing amending by-laws to collect overdrafts or in distributing surplus.

In every case where refunds have been made where the Township is assessed on the drain the Township has lost money by surplus being paid out to ratepayers on lands only, the Township assessment not being taken into account. If in future the surplus on drain accounts is only refunded by a deduction of the levy on the rolls instead of payment by cash, it would be in the best interests of the Township.

The liability of the General Funds of the Township by reason of debentures being issued for the full amount of the by-laws on drains on which part of the levies were commuted, is not included in the attached statements. This liability will be reduced as the debentures mature and are paid.

Orders.

In some instances where orders were drawn out and signed by the Reeve and Clerk, there was not sufficient funds to pay the order in full and part payments have been made and new orders drawn for the balance which was paid later. When part of an order is paid in one year and the balance paid in another, it leads to confusion and possible loss to the Township; this practice should not be permitted.

The endorsement of a member of the council or anyone else signing for the payee of an order should never be accepted by the Treasurer unless he has written authority for the same, in which case the authority should be attached to the order. There are a great many orders so endorsed. A number of vouchers were missing and have not been produced. Some of them were in use in connection with suits and were not returned, others have been mislaid.

MEMBERS OF THE COUNCIL.

It has been the custom for a long time for members of the council to assist the engineer on surveys, and in some cases to serve by-laws. While this practice may be a benefit to the Township, the question has been raised as to whether this is contrary to the oath of office. It would be well to take this up with the Township Solicitor.

I do not blame the present officers or members of the Council for the conditions that exist, as the present methods have been evolved from the past, but unfortunately for the Township the evolution has been retrograde rather than progressive.

The illegal and improper methods employed in various matters, many of which were pointed out to members of the council during my visit to Wilkesport on September 18th and 19th, 1912, should be discontinued, and steps at once taken to bring the affairs of Sombra Township up to date.

The drainage accounts that have not had by-laws passed at all, and those overdrawn which require amending by-laws, should have your immediate attention. It is the duty of the council to see that the officials carry out their duties efficiently.

Members of the council are not performing their duty to the ratepayers when, as referred to elsewhere in this report, they interfere with the Collector enforcing payment of taxes, and neglect to pass by-laws imposing penalties which would prevent taxes remaining unpaid beyond the time the Act specifies.

I also recommend that written accounts should be presented to the council before payment is made for all services rendered by members. These accounts should be filed with the Clerk for the use of the Auditors. All stubs or order books should also be filed for reference.

Refunds of surplus on drains or levy for an overdraft of a drain account can only be done legally by passing an amending by-law. Refunds have been made in the past without amending by-laws but collections have not been made for the drain overdrafts because the amending by-laws were not passed.

Clerk.

The minutes, with very few exceptions, are signed by both the Reeve and the Clerk. As a rule they describe the subject under consideration fully, but there is the same fault that exists in most Municipalities, of not describing the property under discussion further than by giving the owner's name. This should be remedied in future, as it is difficult to trace on a Tax Roll or Drainage by-law property described by the owner's name only.

The minutes of council meetings show occasional changes and erasures also insertions; these should be avoided as far as possible. It would be better if the minutes of the first meeting each year gave the results of elections. At present there is no record of the results of elections nor a statement of who were elected.

Refunds of surplus on drains have been made from time to time, but the minutes of council meetings do not disclose the fact that amending by-laws have been passed as authority for the Reeve and Clerk issuing orders for refunds. Collections for drain overdrafts have also not been made because the amending by-laws were not passed. Neither refund of surpluses or collections for drain overdrafts can be legally made without passing amending by-laws.

The Clerk in his evidence stated that no by-law had been passed for Booth Creek, Burgess and other drains, and he attributes this omission to neglect. There

are a large number of amending by-laws which must be passed to collect the amount of overdrawn drain accounts. These by-laws should have been passed before, some of them quite a few years before; the delay in passing them has cost the Township interest which need not have been lost.

The Treasurer.

The Treasurer has carried on the drainage and other accounts in books which are more of a memorandum than otherwise. The repair of a drain has been treated as a new drain account in most cases, and if a surplus previously existed that surplus was sometimes refunded after incurring further expenditure on the new repair.

In the same way a deficit was often let stand without an amending by-law being passed to collect the overdraft. In many instances unless the matter was specially brought to the attention of the council or officials no action was taken.

The drain accounts should be kept as carefully as the cash account, or the Municipality is sure to be the loser and the ratepayers suffer. They have suffered during the past and are still at a disadvantage from the manner in which the drain and other accounts are handled. No doubt the Treasurer is doing his best in the interests of the Municipality, but he was not aware of many things requiring to be done which would have been beneficial.

As already stated it has become customary to honor the endorsement of any member of the council who signs for the payee of an order, and I would point out that the Treasurer has no right to cash any order unless the authority for the endorsement by another person is furnished in writing.

Receipts are taken for payment of School moneys from individuals who are not trustees or officers of the Section. In very few cases of the payment of School moneys are the receipts signed and sealed as they all should be. Orders should be issued signed by the Reeve and Clerk for payment of all School money; this is seldom done, the Treasurer simply taking a receipt instead.

Orders of the council are not passed for interest payable, Judges' fees on drains and many other items entered in the Township Cash Book. This practice is improper, as the Treasurer has no authority to make such payments without a proper order passed by the council. The Treasurer has frequently, when short of funds, given orders on the Collector of taxes to pay money to ratepayers and School Sections. This is absolutely wrong and should not be repeated. The Collector has no authority to so pay out money collected.

I have never seen the finances of a Township conducted in such a lax manner, and as time goes on the methods are not improving. In the year 1911 there are over 100 vouchers for which proper orders, receipts, or endorsements have not been procured, and this is largely true of other years.

Since 1906 no entries appear in the Township Cash Book in the columns provided to record the condition of the Township bank account.

The Treasurer's cash book shows balances of cash on hand at the end of each month, but this is not all deposited in banks. The balances would indicate that overdue debentures, payments to Schools and others, might be more promptly met. On December 31, 1911, the date to which the attached statements are made, the account with the Bank of Toronto was overdrawn \$100.01 and there was a credit balance of \$2.09 with the Sterling Bank. The cash in the Treasurer's hands amounted to \$404.26.

The attached schedules of amount due to the Township from W. H. McGhee,

Treasurer, as well as amounts due to W. H. McGhee from the Township, to say the least, show gross carelessness on his part. I have no reason to doubt Mr. McGhee's honesty, but the Township cannot afford to have their affairs conducted in the future in the way they have been in the past.

The delay in the collection of taxes could easily have been overcome; all that was necessary for the council to do was to pass a by-law imposing a penalty similar to that operating in the adjoining Townships and the remedy was provided.

The Treasurer has no right to accept settlement from the Collector of Taxes without procuring from him the oath required by the Act in regard to arrears of taxes returned uncollected. This was pointed out to both the Collector and Treasurer, but the settlement of 1911 roll was made the same way as previous rolls, without any sworn statement by the Collector.

The Treasurer cannot legally return to the County Treasurer arrears of taxes against lands before the roll for the year to which the taxes refer has been returned by the Collector, together with his reason for non-collection, accompanied by his sworn statement, yet this has been done for years. It may lead to considerable loss to the Township. Part of the amount due to the Township from the Collector resulted from this illegal way of returning arrears.

When the Tax Roll is turned over to the Collector, the Treasurer should make an entry charging the Collector with the total amount of the roll and crediting the various accounts to which the amount on the roll is properly applicable; the School Sections with their amounts on the rolls; drainage debenture redemption account, with the amount levied to meet debenture payments; special rates for special purposes to the accounts to which the money when expended will be charged.

Collector.

The Collector of taxes has held the position for ten years and has been appointed by the Council of 1912 to collect the taxes for 1912. He stated that if the council would not interfere, the taxes could be more promptly collected. It is his duty to follow what the Act says; the council or any member thereof have no authority to do anything contrary to the Act.

The Collector was not aware that he was indebted to the Township; the attached schedule shows the amount. When settlement of the 1911 roll was made with the Collector, he was to pay direct to the County Treasurer some items which he collected after the amounts had been sent to the County Treasurer as arrears. The Collector has no right to accept any money for payment of taxes after they have been returned to the County Treasurer.

The attention of the Council is drawn to the fact that should receipts for taxes be produced for items on schedule six that now appear among the arrears of taxes in the County Treasurer's hands, they will have to be accounted for by the Collector in addition to what has already been charged against him. Special attention should be given by the Auditors to the occupied list furnished the Clerk by the County Treasurer in the years 1912 and 1913, to see that all the arrears of taxes contained on schedule six are paid to the County Treasurer, or are placed on the Township Tax Rolls.

I have no reason to doubt the honesty of the Collector, but there is a doubt in my mind whether the Council can legally hand over the 1912 roll to the Collector until settlement is made for amounts due the Township on previous rolls as shown in "Schedule 6." The Council had better take advice from their Solicitor on this point.

OFFICERS' BONDS.

The bonds of the Collector have been examined and found in order, they are private sureties.

The bond of the Treasurer is a Company bond and covers the office of Treasurer, but does not cover the duties as Clerk. It would be well for the Council to take this matter up with their Solicitor.

ACCOUNTS WITH OTHER TOWNSHIPS.

No accounts with other Townships have been kept in the books of the Treasurer.

Settlements with other Townships are rare. In the past ten years there have been no settlements except where the Township of Sombra was indebted and settlement was insisted on by the other Township.

Moore, Dawn and Chatham Townships are those adjoining Sombra and with all of these there are unsettled items.

MOORE TOWNSHIP.

The only account claimed by Moore Township is an expenditure on the Townline by Moore. They want Sombra to make up a statement of their disbursements on the Townline and settle the difference. A list of items paid out by Moore is attached.

DAWN TOWNSHIP.

The attached statement includes some items of 1912 which should be settled without further delay. No statement of Townline expenditures has been provided by either Township. Dawn claims they have overpaid Sombra on their share of School debentures. No statements were furnished and this will require the production of the original statements of previous settlements.

CHATHAM TOWNSHIP.

No settlement has taken place with Chatham Township during the past ten years, and no statement has been received from Chatham. In most instances when work is done in Chatham and Sombra Townline, each Township issues an order for half the amount.

The council should take immediate action to get settlements with each of the adjoining Townships at once.

Settlements should be made with each Township every year and in no case should it be allowed to run two years.

THE FINANCIAL STANDING OF THE TOWNSHIP.

December 31, 1911.

The attached statement of Assets and Liabilities, "Schedule 1" includes all known Assets and Liabilities except such as are referred to in this report. It does not include the amount the General Funds have to contribute to Grape Run Drain, the cost of this audit and some law costs.

The financial position of the Township is better than one would expect from the manner in which the affairs have been run.

While there is a considerable surplus of available assets over current liabilities, they are not available owing to the manner of financing and the delay in collection of taxes.

If the present council take prompt action and pass by-laws to collect over-drawn drain accounts, and imposing penalties for unpaid taxes so that the taxes will all be collected before April 8th yearly, the tax rate for 1913 need not be any higher than in 1911.

RESULT OF THIS AUDIT.

New ledgers have been opened as at December 31, 1911, with the balances as shown in the report.

The members of the present and past councils have had pointed out to them many irregularities that existed in the past and which should not be repeated in the future.

The officials of the Township have had their attention called to transactions which were not regular, and also have had pointed out to them the legal and correct way to perform some of their duties which have not been properly carried out in the past.

The Clerk has been provided with a Tile Drainage Record so that in future no levies should be omitted from the rolls, also a Municipal Drainage Levy Record written up with the schedules in detail of all outstanding Municipal Drainage By-laws against which levies are to go on the roll of 1912 and subsequent years. The Township is supplied with ten copies of a map of the Township which shows the location of the Municipal drains.

The following assets, as a result of this audit, are included in the assets of the Township which did not previously appear in the records of the Township.

Tile Drainage Levies Omitted from Rolls, "Schedule 5"	\$191 36
Municipal Drain Levies Omitted from Rolls, "Schedule 4"	1,330 74
Account against W. H. McGhee, Treasurer, "Schedule 8a"	274 68
Account against J. J. Kewley, Collector, "Schedule 7"	933 40
Account against James Babcock, Commissioner, "Schedule 11"	49 64
Ontario Government Railway Distribution, 1910	361 29
Ontario Government Railway Distribution, 1911	208 02
Drainage Accounts due from Chatham Township. "Schedule 12"	583 44

\$3,933 57

RECOMMENDATIONS.

That the by-law striking the rate passed yearly be recorded in a by-law book, showing in detail the amounts to be levied for each purpose, including the rates for different School Sections as required by the assessment and public school Acts.

That in future all by-laws be written in a by-law book in consecutive numerical order, with a proper index at the front. There is no by-law book kept.

That settlements be made yearly with Chatham, Dawn and Moore Townships for drainage, townline and school accounts.

That the Collector return the roll before April 8th, together with statement of uncollected taxes and settlement with the Treasurer recorded in the back of the roll, with duplicate for the Clerk.

That no changes be permitted to be made in the Collector's roll after it is placed in his hands without a resolution of council, a copy of which resolution shall be attached to the roll.

That early payment of taxes be encouraged, so that the County Rate and School Sections may all be paid before the end of the year. This can be done by amending the by-law imposing a percentage, as is done in other Townships, on taxes unpaid on December 15th, or not later than January 1st, in each year.

That the Collector enter on the rolls against each item the date on which the money is received. It is not sufficient to simply mark "paid."

That the Tax Rolls in future be made sufficiently wide to provide separate columns for each levy under drain by-laws to go on the roll against any one description of property; the roll also to have a column for the amount of interest collected on delinquent taxes.

That the Collector of taxes be directed to make a full and complete return of the roll by the date prescribed by Statute; and that the Treasurer be instructed to refuse to accept any other than a complete and full return and delivery of the roll itself.

That allowances made on the Collector's roll and settlements thereof, be passed on and confirmed by the council before being finally accepted by the Treasurer in his settlement with the Collector.

That all funds for constructing drains be provided by sale of debentures; the Township's portion of cost of construction to be included in the debenture issue, but that amounts commuted be deducted before debentures are issued. The proceeds of the sale of debentures and cash commuted will go to the credit of the drain.

That after all charges are made against drain accounts if there be a surplus, it be deducted pro rata by an amending by-law from the next annual levy or levies against the drain: all of the ratepayers in this way will be treated alike. When there is an overdraft, a proper amending by-law be promptly passed, and the deficiency collected from the ratepayers on the drain.

That all drainage by-laws be given a number when provisionally adopted, and the number be inserted in the minutes. That service of drainage by-laws on other Municipalities be reported in writing and the date of service embodied in minutes of council meetings.

That amending by-laws be passed to collect from ratepayers deficits on drain accounts as shown in this report, and that steps be taken to collect or settle with other Townships the amounts shown in attached statements.

That all drains constructed in the Township be examined by the engineer and reported on in writing to the council before the Commissioners and Contractors are paid in full.

That the Reeve receive the sanction of the council, by resolution recorded in the minutes, before obligating the Township in connection with agreements and Award Drains.

That a special levy on all the lands in the Township be made to cover the cost of this audit, otherwise the Police Village of Sombra would not contribute to the expense.

That orders issued by the School Trustees on the Township Treasurer to pay the Treasurer of the School Section, worded simply for the "Amount Levied" without stating the amount, be discontinued and a stated amount inserted, with the seal of the section attached in every instance.

That the Treasurer shall decline to pay School Warrants unless the orders are properly signed by at least two Trustees, and are impressed with the seal of the School Section.

That the Clerk procure a book in which to enter a record of all Township papers handed to Engineers, Solicitors, Members of the Council or others; the entry to be signed by the party taking the papers, and the date of return noted.

That in future, Members of the Council do not draw money on orders by endorsing for other parties without written authority, which should be attached to the order.

That irregularities that exist in the issuing of orders be discontinued, and all orders be made payable to order.

That such further duties imposed on the officials as recommended in this report, be taken into consideration when fixing their future remuneration.

CONCLUSION.

No interest has been taken into account in connection with drain or other accounts in the attached report and statements.

The absence of some records, accounts, books and documents covering the period over which this audit extended has caused time to be occupied and incurred expense in this investigation, that would otherwise not have been necessary. This report is based on such information, records, books, papers and documents as were produced; information procured from officials, members of the present and past councils, ratepayers and others, by correspondence, conversation and by evidence taken under oath. Accounts have had to be gone into in connection with drains, awards, judgments, school sections and other accounts for some years back, necessitating the writing of a large number of letters and the examination of over eighty ratepayers under oath. This all had to be done before the conclusion could be reached and the attached statements completed. There were many irregularities, but only those of the greatest importance are referred to in this report. It is not deemed necessary to give further details than are contained in the attached schedules.

Accompanying this report are:—

(a) A Drainage Levy Book in which are written up the schedules of all outstanding drainage by-laws in detail, showing distinctly how many and what years each by-law is to be placed on the roll of all Municipal drains against which collections are yet to be made. This book also contains a complete record of all Tile Drainage loans and shows the years and amounts to be levied.

(b) Two ledgers with the accounts opened up showing the balances standing in each as contained in this report. One ledger is for drain accounts only, the other for school and other accounts.

(c) Ten copies of a map made during this audit on which are shown all the Municipal drains that any information could be procured about. On it are shown what given or diverted roads could be ascertained. The map was necessary to properly perform the work of this audit. It was found so useful that the matter was taken up with the Reeve who desired that copies be furnished with this report. These maps should remain the property of the Municipality so that different members of the Council may have the use of them while they are in office.

I desire to call the attention of the Council to the fact, that the affairs of the Township during the year 1912, are being conducted in a manner similar

to that of past years; that owing to the irregularities in the methods of carrying on business and financing the drainage and other expenditures, unless the books are annually audited by some competent person, they will again become muddled, and a great deal of benefit derived from the expense of this audit will be lost to the Township.

It is unfortunate that the affairs of the Township have been allowed to run so long in the mixed manner in which they were found in this audit.

With more than one Municipal drain of the same name, and award drains bearing the same name as Municipal drains, there cannot be too much care exercised in drawing the orders for payment and noting thereon the location of the work and the account to be charged.

I desire to thank the officers and members of council, for the willing manner in which they have rendered substantial assistance from time to time, during the continuance of the audit.

The attention of the Council is called to Section 14, Chapter 228, R. S. O. 1897, as amended by Section 53, Chapter 10, 1904, which requires that the recommendations made in this report shall be carried into effect.

I shall be pleased to furnish any further explanation, or advise with the council in reference to any of the matters mentioned and recommendations contained in this report.

All of which is respectively submitted,

A. FALLS,
Chartered Accountant.

INDEX TO SCHEDULES.

TORONTO, ONT., 30th March, 1912.

To the Reeve and Council, Village of New Hamburg, Ont.

GENTLEMEN,—Acting under authority of the Provincial Municipal Auditor, I have conducted an enquiry into the financial affairs of your municipality, covering the years 1910 and 1911.

Ratepayers' petition requested an audit for the following and other reasons:

1st. To establish the exact financial standing of the Municipality as to bonded indebtedness and overdraft of accounts (about which the officials of the village differ).

2nd. To establish the exact cost of the municipal lighting plant, so that it could be put on a paying basis.

In the report and statements following hereafter, I have endeavored to plainly set out:

1st. Financial position of the municipality at the 31st December, 1911.

2nd. Cost of construction of electric plant, revenue statements of the Department to the 31st December, 1911, and estimated revenue for the current year.

3rd. Suggestions as to the betterment of the bookkeeping, and submission of forms designed to suit your particular municipality.

VILLAGE OF NEW HAMBURG.

CASH BALANCE SHEET.

Cash balance sheet on Page 1 exhibits a deficit at the 31st December, 1911, of \$4,176.50. This deficiency was mainly contracted by construction of roads and sidewalks without any provision being made for payment.

Construction of cement sidewalks in 1911, amounting to \$1,740.68 was wholly unprovided for. For several years past the Council for one year has been handing over to the succeeding Council a bank overdraft without any apparent attempt to clear it up. It is, therefore, necessary that General Improvement Debentures be issued to the amount of \$4,000.00 to cover this outlay. The annual payment of interest and principal thereon for twenty years would be \$320.97 at an interest rate of 5 per cent.

Town funds of \$7,484.20 invested in the construction of the hydro-electric plant in excess of the monies received from debenture sales has been the cause of the large bank overdraft, and here also the ratepayers will need to sanction a fresh issue of debentures to provide for the payment of the bank's advance.

The amount of \$1,443.94 due by the Electric Department, represents town funds used on the maintenance of the plant and purchase of supplies for installation purposes.

Auditors should prepare for Council each year statements drawn up on a similar form as those now presented, so that the financial position of the municipality can be seen and understood. Balance sheets that have been submitted heretofore, combining both liquid and permanent assets, and current and deferred liabilities, did not indicate clearly the position of the village.

TOWN LEDGER AND JOURNAL.

Ledger is opened from the balance sheets at the 31st December, 1911, and it is to the benefit of the municipality in determining its position each year to have the treasurer continue the posting up of this ledger.

Journal is also provided. The balance sheets are journalised in detail therein before posting to the ledger.

Requests as to technicalities arising from the clerical work will be answered promptly.

Account should be opened with the tax collector of each year, collector to be debited with the total amount appearing on the roll for collection, and the levies to be credited to the several purposes for which they were raised. Any balance remaining against the collector should be accounted for by uncollected and rebated taxes, and the minutes contain any allowance made by Council.

PERMANENT BALANCE SHEET.

Ratepayers' equity in public enterprises of \$30,016.44 at the 31st December, 1911, appears on Page 2.

Bonus liability either by debenture issue or annual grants has been offset by a corresponding asset of same amount.

CASH STATEMENTS.

Cash statements for 1910 and 1911 appear on Pages 3 and 4.

Tax receipts for the two years were separated, according to the by-laws striking the rates into the purposes for which they were levied.

Other receipts were analyzed according to their sources.

Payments for particular purposes have been contrasted with the receipts as far as possible.

It is observed that this arrangement in 1910 exhibits a payment for the redemption of a debenture under By-law 222 of \$433.54, for which no receipt is shown. This is accounted for by no mention being made in the by-law striking the rate, and it is probable that it was overlooked, as this debenture was the last to mature of an issue of twenty.

Detailed statements of cash receipts and payments do not help Council to any extent in determining the cause of a bank overdraft or balance. What they need to ascertain is the total expenditure on the maintenance of various departments or costs of construction, and compare them with their estimates or levies.

DEBENTURES.

Debenture table on page 5 shows the liability of the village at the 31st December, 1911.

Bonus debenture under By-law 259 to New Hamburg Manufacturing Co., Ltd., for \$10,000.00 were passed by the ratepayers, but this amount was subsequently changed to \$5,000.00 under orders of the High Court. In the former case the last debenture, No. 20, would have matured on 1st December, 1922, whereas the sale of nine debentures raised sufficient funds, and the last of these, No. 9, matured and was paid in 1911.

Bonus to Felt Boot Company of \$1,500.00, under By-law 304, was paid by handing over the debentures to this company.

Judgment has been obtained with costs against the New Hamburg Manufacturing Co., Ltd., for violating their agreement with the municipality regarding the number of men employed for a specified time each year, in return for the bonus of

\$5,000.00 given them per By-law 259. No value has been placed on this judgment in respect to the balance sheet, with the exception of \$100.00 advanced to Lawyer Wm. Miller for law costs, which has been treated as an asset.

CASH BOOK.

Cash book for the year 1910 was left by the treasurer in an unfinished condition. Columns were not totalled, and the additions of the bank deposits and withdrawals columns were only in lead pencil, neither was any bank reconciliation seen.

In 1911 the cash book additions were all in red ink, but again there was no evidence of a bank reconciliation.

Additions were made of all columns in the cash book for the years 1910 and 1911, and all footings made in ink, also bank reconciliations were made on the face of the cash book at the 31st December, 1909, 1910, and 1911.

Payments were not all authorized through the minute book, and those not appearing therein are exhibited on Pages 38 to 41.

Resolution passed in Council August 2nd, 1910, appearing on Minute Book folio 71, reads that the "Clerk and Reeve are to accept drafts for payment of electric accounts." This may account for so many payments not being authorized through the Minute Book, although all accounts paid between Council meetings should be passed on at the next meeting.

Cheques bear the signature of the Treasurer only, and a change is essential in this direction. At present the clerk issues a printed pay warrant, signed by the reeve and clerk. This order to pay is taken to the Treasurer, who thereupon makes out a cheque. The bank accepts the cheque signed by the Treasurer, and is not aware whether a pay warrant (or order) has been issued authorizing payment.

Cheque form has been designed and is included among the forms attached hereto. After accounts have been passed in Council for payment, the clerk will make entry in the minute book of all such accounts so passed. He will then issue cheques signed by the Reeve and himself to the Treasurer, to be countersigned and for entry to be made in the cash book. The clerk will inscribe on the cheques the minute book folio authorizing the payment, and the Treasurer the cash book folio of entry. The use of orders on the Treasurer may then be discontinued.

Government Continuation School Grant of \$247.60 for 1909 was deposited into the general account, and a cheque was issued to the school treasurer for a like amount, but no entry appears in the municipal cash book of the transactions. Entry must be made in future so that the cash book itself will present a history of all transactions without the need of reference being made to officials.

HYDRO-ELECTRIC DEPARTMENT.

Balance sheet at 31st December, 1911, and list of unpaid accounts appear on Page 7 and present the position of the Department at that date.

Bad debts arising out of the collection of accounts will be charged against the surplus amount of \$645.09, although the superintendent and the treasurer are satisfied that all accounts are collectible.

Separate bank account will be opened into which all receipts will be deposited intact at least twice a week. Payments on account of maintenance of plant will be made by cheque out of this account.

Amount of \$1,143.91 is due the village at the 31st December, 1911, and represents advances made out of town funds for maintenance.

Book debts of \$2,467.39 seem high, but of this amount \$629.82 is revenue for light and power service for December not charged until January, 1912, as one month's revenue is not collected till the next.

Electric light and power revenue account from 1st July, 1910, to 31st December, 1911, on Page 8, exhibits a profit of \$116.78 after providing for debenture redemption.

Installation, or house wiring revenue account, shows a profit of \$393.31 for the corresponding period. This profit may be partially accounted for by the charges made to the customers by the Electric Superintendent for the time he spends on the work, which is a clear revenue, as his salary is all charged to the maintenance of the plant.

In arriving at the revenue of the plant several books of accounts had to be gone over.

The village took over Morley's steam plant on 1st July, 1910, and continued running this plant until February, 1911, after that time the new station with the hydro-electric power connected was started. During the operation of the steam plant, many discounts had to be allowed on account of the inefficient service, which reduced the revenue to some extent.

Electric light receipts, as shown by the village cash book in 1910 and 1911, were in many cases only net receipts.

Superintendent Geo. Morley had the management of the plant from 1st July, 1910, and made collections, paying out part of the monies collected for labor employed on house wiring, the balance being deposited by him in the bank to the credit of the village. Therefore the true revenue had to be arrived at by summarizing all of the accounts into receipts, either for current or installation, and the payments out of such receipts for installation labor and fixtures were added to the payments appearing in the cash book.

Ratepayers' petition to the Provincial Government contained a paragraph requesting "That the exact cost of the municipal lighting plant be established, so that it can be put on a paying basis."

Payments for the construction of the new plant, purchase of Morley's plant, maintenance of light and power services, supplies for sale, and supplies and labor for wiring houses, were extended into one column. Certain items appearing in this column had no connection whatever with electric work, while other payments that should have rightly been entered in the electric column, appeared in several of the other columns.

All of the payments had to be listed, and to this list of accounts unpaid at 31st December, 1911, were added. Each payment was then analyzed, as a great many of them covered both construction and maintenance. The analysis covered the following accounts:

Plant Construction.

Station.

Line Construction.

Materials.

Labor.

Transformers.

Meters.

Pumping Equipment.

Engineer.
 Legal and Secretarial.
 Expense.
 Purchase—Jacob Morley’s old plant.

Plant Maintenance.

Hydro Electric Power.
 Coal.
 Repairs.
 Superintendence.
 Wages.
 Sundries.

House Wiring Installation.

Supplies.
 Labor.

Plant maintenance sundries were afterwards redivided into accounts for oil, stationery, telephone, insurance, interest and debenture redemption.

Interest on loan from bank was estimated at \$300.00. In 1910 \$100.00 was deducted from the general interest charges, and in 1911 \$200.00 was deducted and charged to plant maintenance.

Total cost of the electric plant at the 31st December, 1911, was \$25,591.45, and the division of cost is shown on Page 9.

Of this cost \$18,107.25 was raised by way of debenture sales under By-law No. 300 and 302, leaving \$7,484.20 to be met out of general town funds.

Actual payments out of town funds to 31st December, 1911, were \$7,234.23, and electric construction accounts payable of \$249.97, appearing on Page 33, have yet to be paid:

Debenture issue of \$7,500.00 for 30 years at 5 per cent. to cover advances made by the bank, would mean an annual payment of \$487.88 to meet interest and principal maturing.

Purchase of Morley’s electric plant for \$8,000.00 was voted on by the rate-payers and carried.

Engineer’s special report on the valuation of Morley’s plant is as follows:

1. The cost or replace value of the present property, including power station, equipment and site, and all arc lamps and incandescent street lamps, transformers, poles, circuits (including street and commercial arc circuits, primaries, secondaries, services and the wiring of four buildings), with all adjuncts complete \$9,790 00
2. Value of present property as above considering depreciation, and as a going concern, complete 7,120 00
3. Value for use with hydro-electric power without including value of business, etc., complete 4,520 00

No doubt, with the Engineer’s and other reports to guide them, the ratepayers were fully aware of the investment they were entering into and acted accordingly.

The new plant was estimated to cost \$10,000.00, and debenture issue of same amount under By-law No. 302 was made.

The increased construction cost is stated by the ex-Reeve, J. F. Katzenmeier, who has been in charge of the clerical work from October, 1911, and whose term of office covered the construction of the plant, to be due to the installation of equipment that was not considered in the estimate, also the purchase price of copper wire was much in excess of the prices taken into the estimate of cost.

HYDRO-ELECTRIC DEPARTMENT.

Estimated statement of light and power revenue and maintenance costs, including yearly debenture redemption and additions to plant for one year, has been prepared after consultation with the Electric Superintendent and Treasurer.

Close estimation was made of the probable light and power revenue, wiring installation revenue was not included, while ample provision was made for the maintenance costs.

Allowance for addition to plant of \$500.00 for the year was provided for.

Included under capital expense is new debenture of \$487.88, which represents the yearly payment of principal and interest on a debenture issue of \$7,500.00 at 5 per cent. for 30 years, to cover town funds used in construction of plant.

Discount on charges to light users has been 10 per cent., but in this statement discount has been taken at 20 per cent., and after allowing for this increased 10 per cent. discount there still remains a small surplus of \$79.00 for the year.

It would appear, therefore, that a further discount of 10 per cent. could be made to the light users.

Comparison of the estimated monthly revenue and payment for power with the actual results in January and February, may be made before granting the increase in the discount.

Form 4. User's Register.

Names will be entered in alphabetical arrangement, leaving several blank spaces between each letter to allow for the addition of new names.

Kind of service will be stated, whether hotel, store or dwelling.

Meter number, ampere and constant, will be registered. Accounting of meters could easily be made by checking the meter numbers numerically arranged on a sheet with the entries in the register.

Minimum charge is to be recorded in the column allotted for that purpose, also flat rates, which are occasioned by the lack of sufficient meters.

Unpaid light accounts at the 1st January, 1912, will be entered in the arrears column under January section.

Charge note duplicates will form the medium for the posting up of consumption. Entry will be made of "Charge Note number" as reference to these may be necessary at any time.

Meter reading means the dial reading as appearing on Superintendent's visit. Therefore, in auditing the correctness of charges, the difference between the two months meter readings represents the Kilo Watt hours consumption. If, on 1st January, the meter reads 250 K.W. hours, and on 1st February, 300 K.W. hours, the charge made for January current will be 50 K.W. hours.

Charge amount will be the Kilo Watt hour consumption, as shown on the charge note, multiplied by the rate, the minimum charge or the flat rate.

Credit will be the cash paid plus the discount allowed, as shown in the cash book. Unpaid accounts will be extended into the arrears column of the following month.

Balancing is automatic, as the arrears at 1st of month, plus the charges, will agree with the credits plus the arrears at 1st of next month.

Total of each page will be carried forward to a monthly summary, so as to obtain the monthly totals.

Light and power receipts, consisting of cash and discount for any month, will agree with the credit column in the register for the corresponding month.

Register, as designed, provides for six months' transactions without rewriting the names.

Register number of any user will be the page and line number. Thus, on page 1, a name written on line 12 would bear the register number of 112.

Form 1. (In duplicate.)

Charge notes will be prepared from the register as to name and meter reading previous. The Superintendent, on his round of meter reading, will fill in the date and meter reading present, and extend the consumption. The original will be detached and left with the user, while the duplicate will remain in the pad and be handed to the Treasurer.

Form 2. (In duplicate.)

Electric Treasurer's receipt will be made out for all receipts, the original to be handed to the payer; the entry in the cash book being made from the duplicate.

Form 3.

Cash book provides for light and power receipts as to cash and discount allowed and a column has also been provided for sundry receipts, such as house wiring and sale of supplies.

All receipts will be deposited intact into the bank, the total of cash receipts to date of last bank deposit will agree with the total of such deposits.

Payments will be made by cheque on the bank account, and posting will be made to the particular maintenance or capital account.

Ledger and journal should be provided for the keeping of the several maintenance and capital accounts, and record should be made monthly of all transactions.

General System.

Form 5.

Cheque form as already mentioned heretofore should be adopted to eliminate duplication of the work of making out both order and cheque; also to provide for bank payments being authorized by Reeve and Clerk as well as Treasurer.

Form 6.

Treasurer's receipt is to be in duplicate, numbered consecutively, and all numbers to be accounted for. To be issued for receipts from all sources.

Form 7.

Tax collector's receipt is to be in duplicate, numbered consecutively, and all numbers to be accounted for. Issue to be made for all receipts of tax monies.

ASSESSOR'S ROLLS—1910 AND 1911.

Assessment rolls for the years 1910 and 1911 were prepared in clean and legible form.

Affirmation of assessor as to the correctness of the roll as prescribed by the Assessment Act was attached for both years.

Roll for 1910 was returned 30th April, 1910, while roll for 1911 was returned 1st May, 1911.

Assessor's rolls were checked item by item into the collector's roll for both years. The transcription for 1910 contained no errors, but the 1911 collector's roll varied. The variations are set out on page 17 and the Council must deal with these and record fully in their minutes how they disposed of them.

Minutes of Court of Revision, 1910, Folio 62, allowed a rebate to Samuel Bender, Part 23-24, Perth Street, W., of \$25.00 on account of his property being on the outskirts of the village and he did not receive the benefits of local improvements. Rebate was also allowed in 1911, although no authorization is contained in the minutes. This rebate in 1911 needs to be passed on by Council.

Assessor F. Goebel has held office for some years past and is appointed under a new by-law every year.

COLLECTOR'S ROLLS—1910 AND 1911.

Rolls for the years 1910 and 1911 were prepared by the clerk and contained a great many wrong calculations that would mean a loss of revenue to the municipality if undiscovered.

In 1910 roll wrong extensions amounted to \$8.00, in 1911 roll the net aggregate was \$55.18, in both years \$63.18, which should be collected from the ratepayers as shown on Page 21 for 1910 and Page 25 for 1911.

Uncollected taxes as shown on these same pages should be either collected or written off by Council.

Footings of rolls were in pencil and summaries incomplete and incorrect. Fresh summaries were made and the collector's settlement shows an overpayment at the 31st December, 1911, of \$7.52, and in addition to this there is another payment to the Treasurer on February 6th, 1912, of \$19.20, so that the collector has overpaid \$26.72.

Under Section 110, Assessment Act, the collector is to take oath in writing that the dates of mailing tax demands as set down by him opposite the ratepayer's name is truly stated. No affidavit was affixed to the rolls for 1910 or 1911.

Roll for 1910 was in the Collector's hands on 1st October, 1910, and roll for 1911 was handed over on 30th September, 1911. Return of rolls to the clerk took place by the 15th December of each year.

There were no returns of arrears to the County Treasurer for 1909 or 1910.

Duplicate receipt form for the use of the tax collector is advocated, and a specimen is attached among the forms section of this report.

DOG TAX.

Dog taxes for 1910 were \$58.00, and for 1911 they were \$49.00. Uncollected taxes in 1910 of \$7.00 and in 1911 of \$9.00 are to be written off as the collector states these are uncollectable.

POLL TAX.

Poll tax roll for 1910 totalled taxes to be collected of \$160.00. Of this amount only \$76.00 was actually received, leaving \$84.00 uncollected. In 1911 they amounted to \$216.00, on which only \$88.00 was collected, leaving \$128.00 unpaid. In two years the loss of revenue has been \$212. An earlier collecting campaign

may remedy the defect. Uncollected taxes on pages 23, 27, and 28 should be scrutinized by Council, and record should be made in the minute book of their instructions as to cancellation or collection.

SPRINKLING TAXES.

Uncollected sprinkling taxes in 1910 were \$12.71 and are listed on Page 22. In 1911 those uncollected amounted to \$6.90. There are also short and over-payments on account of wrong extensions in 1911, and these appear on Page 26.

By-law 303 made the sprinkling rate $1\frac{1}{2}$ mills in 1910, and in 1911, By-law 309 made the rate 2 mills, upon assessment values on the streets sprinkled, and as the sprinkling roll was contained in a separate book the assessments were checked with the assessor's roll.

MINUTE BOOK.

Minutes are in clear form and bear the signatures of the Reeve and Clerk.

Index of minute book from 1st January, 1909, to 18th January, 1912, appears on Pages 29 and 30, and should be continued, so that reference to the minutes could be made quickly.

In all cases the minutes should contain in full all the proceedings of the Council.

Resolutions should be made out on the regular form and copied into the minute book in detail.

BANK.

Bank certificate, as hereunder, shows the overdraft at the 31st December, 1911, as \$8,059.90.

Office of the Standard Bank of Canada, New Hamburg, Ont.,
February 21st, 1912.

Oscar Hudson, C.A., Provincial Commissioner,
Box 506, New Hamburg, Ont.

Dear Sir,—In reply to yours of 20th inst. I beg to state that the account of the Village of New Hamburg with us stood on 31st December, 1911, Eight thousand and fifty-nine 90-100 (\$8,059.90) overdrawn.

This was their entire indebtedness to us at that date under a by-law duly passed and on file.

Yours truly,
(Sgd.) CHARLES J. FOX, Manager.

Reconciliation of bank overdraft at 31st December, 1911, as shown in pass book as \$8,059.90, and as shown in Treasurer's cash book as \$12,235.10 is explained on Page 31.

Treasurer's detailed statement 1st January, 1911, to 15th December, 1911, shows the bank overdraft at the 15th December, 1911, as \$7,722.27. This is fully explained on Page 32.

Those reconciliations have been prepared with a view to clearing away a misapprehension that existed in ratepayer's minds on account of the differences that

were in evidence between the bank overdraft, as shown by the bank, and the Treasurer at the 31st December, 1911, and the Treasurer's detailed statement at the 15th December, 1911.

ACCOUNTS PAYABLE.

Accounts for the years 1910 and 1911, with the exception of those for the electric department, were arranged in a haphazard way. Before reference could be readily made to them they had to be filed in alphabetical order and date. None of them bore date of passing by council, nor was there any indication thereon of when or how they had been settled.

On receipt of accounts the Clerk should arrange them in alphabetical order on a file labelled "Accounts to be dealt with by Council." An imprint could be made on them by a rubber stamp as follows:

Passed in Council for payment
this day of 19
Approved Finance
..... Committee.

After cheque has been issued, the accounts should be transferred to another file labelled "Paid Accounts." Auditors would then have them in order to verify the payments.

Accounts payable ledger could be used to advantage, especially where several small accounts from a firm are paid by one cheque. Credit could be given immediately on receipt of account and debit made when cheque is issued, any remaining balance being a liability of the Municipality.

BONDS.

Treasurer William R. Plum is bonded for \$10,000.00, the sureties being Lewis Hahn and Alfred Hahn. The bond bears date of 27th April, 1911.

Tax Collector was not bonded for the year 1911, nor could a bond be seen for 1910, although Mr. Laschinger states that he was so bonded. In former years the bonds are in evidence.

Treasurers for the Electric Department have not been bonded.

It is the Council's duty each year to see that all officials who are custodians of town funds are sufficiently bonded, and in future great care should be taken that the negligence that has been evident in the past does not occur again.

PUBLIC SCHOOL.

Condensed cash statement for the year 1911 has been prepared, and the auditors in future years should submit to the Council statements in like form.

Bank transactions for 1911 were gone over and found in order.

Cash book in use contains only two columns, and an analysis of the receipts and payments is necessary before the total receipts from any one source or the total expenditure for any one purpose can be arrived at. School cash book as adopted by the Government should be installed, so that receipts and payments

could be extended to the various columns, headed for the purpose, at the time of entry. The total of any one column denotes the amount received or expended, to date, of a particular revenue or expense. Preparation of cash statement is rendered easy thereby, as a summary of the totals of the columns on the receipt and payment sides of the cash book is all that is required.

Bond has not been furnished by the School Treasurer appointed in 1912, and it is the duty of the Trustees to attend to this matter at once. Section 75 of the Public School Act provides that "the Treasurer be bonded and the bond handed to the Municipal Clerk," also "no Trustee may be surety for the Treasurer."

Surety bond for \$3,000.00 was seen for J. Ernst, Treasurer, to 31st December, 1911. The bond was dated 4th February, 1901, and the sureties were R. B. Puddicombe and Jacob Ritz.

Insurance of \$7,500.00 on the school building and equipment valued at \$16,500 is inadequate, and the Council were advised by letter in advance of the report, to this effect..

Policies in force are:

No. 52679—Merchants' Fire of Canada:

Building	\$2,750 00
Equipment	250 00
Premium	25 00

Expires, 30th October, 1914.

No. 168604—Gore Mutual of Galt:

Building	\$4,000 00
Equipment	500 00
Premium	34 75

Expires, 2nd February, 1915.

For several years past the village Council have collected and handed over in one amount the full estimate to the School Treasurer, usually before the 31st December.

Notice should be taken of Section 72, Paragraph "N," of the Public School Act, which obliges the School Trustees:

"To submit to the Municipal Council, on or before the 1st day of August, or at such time as may be required by Council, an estimate for *the current year*, of the expenses of the schools under their charge."

CEMETERY.

Cemetery Land was purchased in 1908 for \$600.00, and the cost of surveying \$100.00 and fencing \$500.00, is included in the asset of \$1,200.00 in the balance-sheet.

Lot sales are a source of revenue, as there is little cost of maintenance to the village. In 1910 the revenue was \$241.00, and in 1911 \$152.00.

The cemetery contains 364 lots, of which 54 have been sold, and the remainder represent revenue for several years to come.

Sale prices of lots were checked up with prices set out under By-law 289 and were correct.

Deed stubs were checked with plan of cemetery, the lots thereon having been marked with the name of the purchaser by the Clerk.

Deed No. 27 was issued to Gottfried Franke for Lot 104, while Deed Stub No. 17 shows issue to W. H. Allendorf for Lot 104. The plan, however, shows Lot 127 marked for W. H. Allendorf.

Balances due on lots at the 31st December, 1911, amount to \$71.00, and are exhibited on Page 35.

INSURANCES.

Insurances in force at this date are as hereunder:

Policy No.	Company.	Premium.	Expires.	Amount.	Insured.
143179—Economic Mutual Fire of Berlin		\$11 00 ..	May 4, 1913	\$1,000 00..	Town Hall
504676—Crown Fire Insurance Co.		45 00 ..	Dec. 29, 1912 ..	2,500 00..	Electric Equipment
				500 00..	Electric Building.
146623—Economic Mutual Fire of Berlin		10 00 ..	Oct. 6, 1912	500 00..	Electric Building.
615725—Western Assurance Co...		8 25 ..	Mar. 25, 1913 ..	550 00.....	Weigh Scales, Building and Contents.
11002—London & Lancashire Accident Co.		29 00 ..	May 2, 1912	1,000 00..	Firemen.

Renewal receipt was not seen for 1911-1912 Firemen Accident Insurance, although the insurance agent acknowledges issue thereof.

Electric light superintendent should be insured, as his work is hazardous, and there is a liability attached to the municipality in case of accident.

Town Hall, valued at \$4,000.00 by the assessor, is only insured for \$1,000.00.

Fire engine and equipment, at inventory value of \$4,000.00, are not covered by insurance.

The duties of the Council are clear in this respect, as they are voted to office for the purpose of managing municipal affairs, and safeguarding the ratepayers against financial loss.

If economy has been the object in not placing insurance, it has been false economy, as the ratepayers may hold the Council morally responsible for losses from fire, occasioned by insufficient insurance.

WEIGH SCALES.

Receipt stubs were gone over from 4th October, 1909, to 31st December, 1911, and there was a balance due the municipality of \$24.58 at that date. The Weigh Master stated that this had not been collected by him.

Receipts should be print numbered consecutively, and accounted for. Treasurer should check up the stubs with Weigh Master's payments and see that the amount paid corresponds with receipts. Weigh Master retains half of the receipts for his remuneration.

BY-LAWS.

These were lying loosely in an old ledger, and many were in a dilapidated condition. They were arranged in numerical order, those torn were pasted together and bound in two binders. No. 1 binder contains by-laws number 1 to 200. No. 2 binder contains by-laws number 201 to 310. A third binder has been handed to the clerk for the continuance of this system of filing.

Certain by-laws were missing or incomplete. These are set out on Page 37, and need to be dealt with by Council.

Multifarious sizes and grades of paper have been used heretofore, in the preparation of by-laws, and it is to the Council's advantage to issue instructions that a certain size and grade of paper be used.

By-laws should be drawn up complete in all details in duplicate, the original being filed numerically on the binder already mentioned, while the duplicate will be folded in docket form ready to be used in legal cases, etc., when reference to by-laws is necessary. In no case should the original by-law be allowed to leave the clerk's care. The missing by-laws may be accounted for by being used for legal purposes and not returned.

Appointment of officials should be made by by-law. Superintendent and the Treasurer of the Electric Department are not so appointed at present.

By-law No. 301 striking for the year 1910, did not mention that provision to meet Debenture No. 20 for \$433.54 Bonus Hahn Furniture Co. under By-law 222, had been made.

I beg to submit the foregoing Report and Statements and desire to assure you of my willingness to assist the Council on any matters requiring explanation or advice.

Yours truly,

OSCAR HUDSON,
A. C. A.

VILLAGE OF NEW HAMBURG.

Cash Balance Sheet at 31st December, 1911.

TO HIS HONOUR THE LIEUTENANT-GOVERNOR IN COUNCIL,
Parliament Buildings, Toronto.

TOWNSHIP OF JOCELYN.

YOUR HONOUR:

The authority to me bearing date of May 16th, 1912, received through the Provincial Municipal Auditor, J. W. Sharpe, Esq., was exercised in conducting an audit of the Books, Accounts, Vouchers and monies of the above Municipality, same being brought to a conclusion August 28th, 1912.

The petition praying for a special audit, signed by a sufficient number of ratepayers, was the cause of the order as above mentioned. A copy of the charges contained in this petition, if any, have not been brought to my notice, but on advice of some of the petitioners, Reeve, and Council, I commenced my audit from January 1st, 1904, and continued same to August 1st, 1912.

An audit was held each year by Local Auditors, and this audit, after examination by the Council, was accepted by them, and printed and circulated to a certain extent among the ratepayers. After the final passing of the accounts by Local Auditors no one seems to know what has become of the Vouchers, with the possible exception of the Reeve, who says he thinks they are burned. Copies of the Local Auditor's reports have been submitted to me for examination.

I find that one year during the period, the Township Council levied taxes on a single tax system, or in other words taxed the land only, omitting the improvements on the property. This was done and taxes collected accordingly, but only for one year.

GENERAL CONDITION.

The records, with the exception of the Collector's Rolls, seem to show that a careful and conscientious attempt was made to set them forth in as clear a manner as possible, and as accurately as possible, as far as they went, but in the carrying out of the various works, in some cases, the Council and Officials have chosen the easiest, rather than the legal and correct way. No Ledger was kept, in such a manner as to show the transactions of the Municipality, hence this has not been available. No Journal was kept, and this record, hence, is not available. No Bank Account has ever been opened, as far as I can find out, by the Municipality. The cash was kept in a safe by the Treasurer of the Municipality and the only Vouchers obtainable are issued in the usual way, signed by the Clerk and countersigned by the Reeve.

I find that in 1911 and 1912, on examination of the Vouchers, that a number of these have been entered in the wrong columns. Some of the Vouchers of 1911 have been made payable to one party and endorsed by another. In these particular cases, however, I have traced payments and found that the order was handed to an agent of the man to whom it was made payable and by this agent endorsed.

MINUTES AND BY-LAWS.

I find that more attention was paid to the proper appointment of Officials a number of years ago than at present, then by-laws were properly passed and duly signed and sealed, the passing of same being recorded in the Minutes, but

lately this last necessary step, namely, the passing of by-laws, seems to have been neglected, and I find that in 1912, the only reference to the appointment of J. G. Reesor, Clerk, is contained in the words in the Minute Book, "That a By-law be prepared to appoint J. G. Reesor Clerk." There is no record at all of the passing of this by-law. There is another entry in the Minute Book of 1912 which reads as follows: "That a By-law to appoint G. W. Crowder, Township Treasurer at a salary of \$40.00 per annum, be prepared, and that the Reeve and Clerk are hereby authorized to sign same and cause the seal of the Corporation to be affixed thereto." There is no other record of the Council having passed this. Also there was a second election of Reeve this year, owing to the Reeve holding the Treasurer's office for a short time. There is no record of this second election of Reeve in any of the books submitted to me. This latter record may be in the hands of some former Officials who may have neglected to turn over the notes to be properly recorded. In several cases I find that the record of a by-law would be as follows: "That a By-law No. be now passed," this constituting the only record of the By-law in the Minute Book. It has been customary for the Members of the Council to act as Roadmasters, and in 1904 I find that monies were allotted to members of the Council, said monies to be paid over by them to individuals on receipt of certificate of Pathmaster, that work had been done.

ASSETS AND LIABILITIES.

I have prepared a statement of Assets and Liabilities as per schedule attached, from records available and information obtained from the Members of the Council, as to the actual amount of goods on hand.

The active Assets consist of Cash in Treasurer's hands and Arrears of Taxes. As for cash on hand, this has been counted and found to be correct, and as to arrears, this is a compilation arrived at after examination of the Rolls from 1903 to 1911.

The Passive Assets consist of the Town Hall Building, a small piece of Telephone Line, and Road Machinery, the value of which has been arrived at as stated. The last entry in the Assets consists of Arrears of Taxes which have been omitted from various rolls and which have not been written off by the Council. This also appears as a Liability, in as much as these may perhaps be disposed of by the Council by authorizing their being written off. The only Liability the Townships appears to have is \$150.00 owing to S. S. No. 2, and an amount of \$35.00 owing the Jocelyn Telephone Line. This leaves an excess of Asset's over Liabilities, in amount \$2,279.85.

TREASURER'S CASH BOX.

I have traced all traceable receipts into the Treasurer's Cash Book and found that these monies were all accounted for, as far as Cash book entries go. No Vouchers have been produced for payments from 1904 to 1910, and very few payments were authorized by the Council in Session, or by By-laws, hence it is impossible for me to state whether the payments of monies were correct or not..

I find in the Treasurer's Cash Book, that on three different occasions, Mr. Crowder, the Treasurer, loaned money to the Township on notes, and collected Principal and Interest on these notes on maturity. The first note was loaned on June 30th, 1903, and paid back January, 1905, in amount \$200.00, and in the time the interest amounted to \$24.60 which was paid. Again in July, 1910, Mr.

Crowder loaned \$300.00, and this loan was paid back in December, 1910, also interest in amount \$7.00. In 1911 Mr. Crowder loaned \$400.00 and received principal and interest, amounting to \$9.00 in November of the same year. All this while Mr. Crowder was Treasurer. I have examined the Cash Book and balanced it at the time that these notes were issued and found out that it was overdrawn at this time and during the currency of the first note had the Council paid off said note at maturity they would have had to borrow a like sum to carry them over.

SCHOOL ACCOUNT.

Being requested by some of the ratepayers, I have made an examination of the accounts of the four school sections in the Township. I also made this examination with a view to ascertaining the Liabilities of the Township to the School Sections on account of levy. I find that the monies received by the School Sections from the Council on account of General Levy and Special Levy, were accounted for in the various books kept by the Treasurers, but very few vouchers were produced, the same reason being advanced as in the case of the Township Vouchers, namely, they were destroyed. Very few of the payments made were authorized by the Board in Session. I find in S. S. No. 3, that there is an amount of cash in the hands of the Treasurer, Mrs. A. Gordon, in amount \$719.37, said money being deposited in the Imperial Bank at Sault Ste. Marie, in the name of Anne Gordon and A. Kitchen, Trustee. This school has been closed since 1911, and it is not now receiving either General nor Special Levy.

I find that in 1911 the Township of Jocelyn levied a General School rate of \$553.00, but they have only disbursed \$450.00 to the schools, and do not intend disbursing any more. I would respectively recommend that this balance be set aside and used to reduce the General School rate for 1912, in as much as the demands for the various school sections have been met for this year.

TELEPHONE ACCOUNTS.

Prior to March, 1908, there existed a number of small telephone companies or clubs in the Township of Jocelyn. On March 9th, 1908, answering a petition of the ratepayers who were shareholders of the companies, the Township of Jocelyn took over the control of these various companies and levied rates on phone users which rates were collected as taxes and in due course turned over to the Board of Directors managing each separate company.

Each company elects, in conjunction with the Township, their Directors, and the election of these Directors is afterwards confirmed by the Council. The Directors of each company have the accounts of their Treasurer audited annually by the Local Auditors, but their reports are not turned over to the Council. Rates are collected by the Township of Jocelyn for the following companies:

The Hilton and Jocelyn Telephone Co.

The Tenby Bay Telephone Co.

The "A" Line Telephone Co.

I have examined the accounts for the Hilton and Jocelyn Telephone Company, and find that in 1909 the first year of the Township control, a cash book was kept and all monies turned over by the Township to the Company save \$2.00 not acknowledged receipt of, and acknowledged receipt of and disbursed. No vouchers, however, were produced for the disbursements, nor were all pay-

ments authorized by the Directors. In 1910 a cash book was kept and all receipts from the Township Treasurer were duly acknowledged therein. On checking this cash book it was found to be in order, but no vouchers were produced for disbursements. In 1911 and 1912 a cash book was kept and an acknowledgment therein of all monies received from the Council. Vouchers were produced for all disbursements and the majority of these disbursements were authorized by the Directors.

I have examined the books as kept by the Treasurer of the Tenby Bay Telephone Company and find that all payments made to the Company by the Township Council were acknowledged receipt of. Vouchers were produced only in part for the payments made. No payments seem to be authorized by the Board of Directors as far as records show.

I did not examine the books of the "A" Line Telephone Company, inasmuch as the payments to them by the Township Council were only \$8.75, and it would cost that much to get the books in connection therewith.

COLLECTOR'S ROLLS.

I examined the rolls from 1903 inclusive. The collector collects all taxes on the Resident Roll to the expiry of time allowed him for so doing, usually the month of February, after which time, and up to the preparation of the following year's rolls, payments are made to the Treasurer only, who also collects all taxes on the non-resident roll. I found that the rolls have been carelessly kept, numerous alterations having been made in them after leaving the hands of the Clerk. In very many cases principally in the non-resident roll, arrears appear to have been written into the roll by the Treasurer, and in fact the non-resident roll for 1907 shows all arrears except one written in pencil, presumably by the Treasurer.

The rolls were not balanced at the end of each year, and consequently in doing this I found that taxes aggregating \$859.95 as per schedules attached, for the period covered by my examination, had been dropped from time to time. No disposal appears to have been made by the Council of this amount.

All payments marked on the rolls were traced into the cash book, except \$31.53, on the Resident Roll for 1906. A number of payments were found in the cash book not marked up in the Rolls, but these I have credited to the various parties against whom taxes appeared. In many such cases, although the payments did not appear on the roll, there were no arrears carried forward into the following year's roll. Various arrears were carried forward in 1909 without interest being added, while some had interest added.

Schedules have been prepared showing the total taxes for each year, also supporting schedules giving details of arrears not carried forward, amounts over, or underpaid by Collector, and amounts overpaid by ratepayers.

The declaration of the Clerk was not attached to the rolls for the years 1910 and 1911.

RECOMMENDATIONS.

I herewith submit the following list of recommendations for the betterment of the Township's Municipal affairs.

(a) That a By-law on being passed be properly signed and sealed, and a copy of the By-law be also signed and sealed, in case that the By-law itself was not pasted in a book of records for keeping.

Re Minute Book.

(b) That when a By-law is passed that it be properly recorded in the Minute Book.

(c) That the Council in preparing a By-law for the levy of the Jocelyn School Rate, specify the amount to be levied for each school section individually.

Re Ledger, Journal and Cash Book.

(d) That a Ledger and Journal be procured and kept.

(e) That vouchers for each year, after having been passed by the Local Auditors, be filed away for reference.

Re Collector's Rolls.

(f) That affidavits be properly attached to rolls.

(g) That arrears of previous years, unless written off by the Council, be brought forward by the collector to the succeeding year's rolls with interest duly added.

(h) That the collector at the end of each year hand in a statement of arrears in detail, also a statement of collections.

(i) That the council do not accept the roll unless properly balanced.

(j) That a record of these balances be filed away for future reference.

Re Schools.

(k) That all payments made by the Treasurer be authorized by the School Trustees and recorded in the Minute Book.

(l) That vouchers be kept and filed away for future reference.

(m) That when a school is closed for any length of time, that the money be deposited in a chartered bank in the name of the school section, and that this deposit be withdrawn by cheque signed by the Treasurer and countersigned by the Chairman of the Board.

Yours faithfully,

C. E. HAMMOND,
Auditor

To His Honour the Lieutenant-Governor-in-Council and the Municipal Council of the Town of Dresden, in the Province of Ontario:

I beg to report as follows:

On the twelfth and thirteenth days of June instant, I made an examination so far as the time at my disposal would permit of the books and accounts of the town of Dresden, with reference to the Collection of Taxes and returns thereof made by John Robinson who has been Collector of Taxes of said town.

I find that said John Robinson was appointed such Collector on the 16th of December, 1907.

Said Robinson's methods of keeping his accounts were exceedingly crude and for some reason or other two or more pass books were used for each year. The entries in one pass book are chiefly made in pencil, and appear to be the original entries made at the time when each item of taxes was paid by the taxpayer. The entries in the second book are made in ink and to a certain extent correspond with the entries in the first pass book. They are not however in the same order and apparently not all of the items in the first book were transferred to the second. It is evident that the second book only was presented to the Treasurer when payments were made to him by the Collector, as his acknowledgments appear in the second book and not in the first. Indications of the inefficiency of the Collector are abundant and should not have escaped the attention of the Auditors.

I direct your attention to Auditors' Annual Statements commencing with the year 1906, which were submitted to the Council and no doubt passed by them. From these statements I have prepared the following short tables from which you may draw your own conclusions:

The following table shows the amount remaining uncollected (or unreturned to the Treasurer) upon each roll at end of fifteen months after same had been placed in Collector's hands:

Roll 1905 at end of 15 months.....	\$ 68.44
Roll 1906 at end of 15 months	791.25
Roll 1907 at end of 15 months.....	1,183.69
Roll 1908 at end of 15 months.....	2,576.52
Roll 1909 at end of 15 months.....	2,898.92
Roll 1910 at end of 15 months	3,393.08

The Roll of 1905 was the last roll which was fully collected by E. Gonyon.

The following table shows amount remaining uncollected (or unreturned to Treasurer) on all outstanding rolls at end of each year:

At end of Year 1906	\$ 3,658.44
At end of Year 1907	4,811.23
At end of Year 1908	8,050.19
At end of Year 1909	7,942.53
At end of Year 1910	8,589.73
At end of Year 1911	14,757.01

The alarming increase in these amounts from year to year should have been sufficient warning to the Council and the Auditors that there was inefficiency or something worse on the part of the Collector, and that a most careful scrutiny of his

dealings was necessary but they do not appear to have considered the increase in any wise significant.

I need not refer to all the circumstances which have led me to the conclusion that a special investigation of the Collector's dealings with the Corporation is very necessary. If the Town Council approve of my conclusion and pass a resolution to that effect an accountant will be appointed to do the necessary work.

If a general audit be desired the petition of at least thirty resident ratepayers, approved by the Town Council will be necessary. A statutory declaration proving the signatures of the petitioners must be forwarded to me along with the petition. Instruction may be found upon page 7 in my annual report of 1910.

I must congratulate the town of Dresden upon the possession of a very capable Town Clerk. His assistance enabled me to accomplish in a short time much more than I otherwise would have done.

Toronto, June 18th, 1912.

J. W. SHARPE,
Provincial Municipal Auditor.

J. W. SHARPE, ESQ., K.C.,
Provincial Municipal Auditor, Toronto, Ontario.

DEAR SIR,—Acting under authority of an Order-in-Council, dated July 10, 1912, I, Robert W. Johnson of the city of St. Thomas, Chartered Accountant, have made an inspection, examination, and audit of the accounts of John Robinson, Tax Collector of the town of Dresden, from the date of his appointment on December 16, 1907, to March 30, 1912, and beg to report thereon as follows:—

The causes leading up to the request for this special audit were the acknowledged shortage of the said John Robinson and a desire on the part of the ratepayers and council to know the exact amount of such shortage. It was also desired to know the amounts remaining unpaid on the rolls of 1909, 1910, and 1911, and for which his successor, Mr. James Blackburn, would be responsible.

The rolls have been very carefully prepared by the Clerk, but there has been no attempt at exactness or neatness on the part of Robinson. He kept no cash-book, and presumably never knew, or did not wish to know, how much he owed the Treasurer at any time. Many items received by him were not marked on his roll as having been paid, and in very many cases the dates of payment were incorrectly entered. Interest collected on arrears cannot be verified, and interest on his shortage cannot easily be calculated. For these reasons it is impossible to determine the shortage at an absolutely correct figure, but the schedules forming part of this report show the amounts received and accounted for by the Collector as accurately as can be determined from the various books and records.

Much of the taxes have been paid in by the ratepayers at the Bank of Commerce to the credit of the account of the town, and the Collector seems to have had difficulty in getting these items correctly entered on his rolls. The principal reason for the trouble, however, would seem to be that the Collector was allowed to have three and for a few weeks last fall four rolls in his possession at the same time. This would imply that he had not made any special effort to perform his duties promptly, and also a great laxity on the part of former councils in not compelling him to turn in his rolls at the proper time. The roll for 1906 was only turned in on November 3, 1908, the 1907 roll on Jan. 10, 1910, and the 1908 roll on Dec. 15, 1911. The 1909 roll is being turned in by Mr. Blackburn this week.

In my opinion there is no reason why the roll should not be turned in every year at the end of the winter and the new roll prepared about May or June. The Council should realize that hundreds of dollars in bank interest would be saved every year if this were done, for by preparing the estimates and striking the rate early in the year it would be possible to collect the taxes on an average of three months earlier than at present. This would also simplify the work of the Collector and Treasurer, and the auditing of their accounts.

The injustice of charging only five per cent. as interest on items remaining unpaid for over two years while three per cent. is charged those who are only a few days more than a month late can readily be seen. This matter of interest on arrearages has also complicated the accounts between the Collector and Treasurer and also the annual audit of their accounts. In future I would suggest that instead of the present method of adding one, three, and five per cent. a new by-law be prepared, whereby one per cent. a month would be added after, say, November first until the roll would be returned at the end of the winter.

The Collector's roll should contain a column for interest charged and collected, and his cash book would contain a similar column. The collections of the present collector, Mr. Blackburn, have been properly written up for him and checked against the rolls and the Treasurer's cash book. With proper care he will have no difficulty in keeping his accounts in such a way that they may be easily audited at the end of the year.

The Treasurer's register of arrears of taxes has been examined, and although it has always been poorly kept yet one of the principal reasons for this has been the tardiness in turning in the rolls. However, little if any loss has occurred through unpaid items having been neglected. Many cases of failure to collect business tax, income tax, etc., have been found. The proper procedure in regard to these should be followed, and the Treasurer should keep his accounts against the Collector in such a way that the amounts turned over in cash and the amounts written off by the Council or carried forward would exactly balance the original amount of the roll as reported to the Treasurer by the Clerk.

Various parties who claim to have paid Robinson but who have been unable to produce his receipt appeared and gave evidence in respect of their claims. Most of these were able to convince me of the truth of their statements, and the amounts have been charged to the former Collector. In the list of uncollected items shown herewith there may be a few which the Council will find it hard to collect without legal action, and these may have to be charged ultimately to Robinson.

There are also two items which have probably been paid twice and which the town should probably refund. These are Mrs. Burnett, No. 269 on roll of 1910, \$22.46, and Neville E. Whitson, No. 245 on roll of 1909, \$2.50. These were paid to Mr. Blackburn under protest, and the parties swear that they had already paid the amounts.

Mr. Richard Hughson also appeared before me and swore that he had always paid his taxes promptly, and that the item against him on the roll of 1910, amounting to \$26.70 had been paid in at the Bank of Commerce. The bank, however, do not account for any such item in that year. Mr. Hughson may have paid the item to Robinson in cash, but it is not likely that a mistake was made by the bank. Under the circumstances the Council may have to write off this item.

Full details of all amounts received by the bank were kindly supplied me by the manager from his own records, and these were carefully checked against the various rolls. All items deposited up to the end of March, 1912, were charged

to Robinson's account, and the total when subsequently transferred to the Treasurer was credited to him. All subsequent items have been entered up in Mr. Blackburn's cash book, and the latter was balanced against the Treasurer's cash book to September 5th.

The Treasurer should adjust his account against the Collector as of September 5th, making it agree with the figures shown herein as representing the balances uncollected on that date on the several rolls. Any of the items which may prove uncollectible should be ordered written off by the Council on the return of the roll, and these with the items returned against the lands will balance up the account. The Treasurer's account for arrears of taxes should also receive considerable attention, so that a list taken from his register at any time would make the exact total shown in his "Arrears of Taxes" account in his ledger. Adjustments would have to be made for percentage added on May first, for amounts placed upon subsequent rolls, etc., and under no circumstances should the Collector receive taxes which have been returned to the Treasurer, or the Treasurer taxes which have been carried to a new roll.

All of which is respectfully submitted.

R. W. JOHNSON,
Chartered Accountant.

COLLECTIONS MADE BY JOHN ROBINSON, AS SHOWN BY THE ROLLS.

On 1906 roll	\$700 41
Interest thereon	40 94
On 1907 roll	9,490 26
Interest thereon	150 49

COMMISSIONERS FOR THE QUEEN VICTORIA NIAGARA
FALLS PARK.

JOHN W. LANGMUIR, Chairman, Toronto.

GEORGE H. WILKES, Brantford.

P. W. ELLIS, Toronto.

COLONEL L. CLARKE RAYMOND, K.C., Welland.

WILLIAM L. DORAN, Niagara Falls.

LIONEL H. CLARKE, Toronto.

JAMES D. CHAPLIN, St. Catharines.

JOHN H. JACKSON, C.E.,
Superintendent.

J. HARRISON PEW,
Assistant Superintendent.

HENRY J. MOORE,
Chief Gardener.

PARLIAMENT BUILDINGS,

TORONTO, March 25th, 1913.

To His Honour SIR JOHN MORISON GIBSON, Knight Commander of the Most Distinguished Order of St. Michael and St. George, a Colonel in the Militia of Canada, etc., etc., etc.

Lieutenant Governor of the Province of Ontario.

MAY IT PLEASE YOUR HONOUR:

I beg to submit herewith the Twenty-seventh Annual Report of the Queen Victoria Niagara Falls Park Commission, 1912.

I have the honour to be,

Your Honour's most obedient servant,

W. J. HANNA,
Provincial Secretary.

To the Honourable W. J. HANNA, K.C., M.P.P., Provincial Secretary, Province of Ontario, Parliament Buildings, Toronto.

SIR,—I have the honour to transmit herewith for presentation to the Legislature of Ontario the Twenty-seventh Annual Report of the Commissioners for the Queen Victoria Niagara Falls Park (being for the year 1912), together with statements of receipts and expenditures and other documents connected with the Report.

I have the honour to be, Sir,

Your obedient servant,

J. W. LANGMUIR,
Chairman.

TORONTO, March 22nd. 1913.

TWENTY-SEVENTH ANNUAL REPORT
 OF THE
Commissioners for the Queen Victoria
Niagara Falls Park.

To the Honourable SIR JOHN MORISON GIBSON, K.C., LL.D.,
Lieutenant-Governor of the Province of Ontario, Toronto.

MAY IT PLEASE YOUR HONOUR:

Your Commissioners, as required by Statute, submit herewith the Twenty-seventh Annual Report of the Queen Victoria Niagara Falls Park Commission, being for the year ended 31st December, 1912.

Appended to the report of the Commissioners will be found the usual financial statements exhibiting the receipts and expenditures for the year; the report of the Park Superintendent, together with other official documents outlining in detail the works of maintenance and improvement carried out during the past twelve months.

The Annual Reports of the Commissioners have given very full particulars respecting the park lands acquired from year to year since the formation of the Board in 1885, as well as information respecting the works of maintenance and improvement that have been carried on in the various sections of the system. In the Annual Report for 1909 the lands acquired up to that date, forming part of what is now designated the "Queen Victoria Niagara Falls Park System"—which practically extends along the Niagara River from Lake Erie to Lake Ontario—were specifically set out. As, however, it is the intention of the Commissioners on this occasion to refer not only to the present condition of the various portions of the Park, but also to allude to the plans which have been under the consideration of the Board for some time for the future restoration and development of the unfinished portions, it becomes necessary to give in detail the location and extent of each parcel comprising the entire Park System, and also to show the manner in which such sections were acquired or become vested in the Commission as follows:

- | | |
|---|-----------|
| (1) The Queen Victoria Park at Niagara Falls (the Park proper), comprising a land area of 204 acres, with a water area of 267 acres, acquired by purchase and expropriation | 471 acres |
| (2) Queenston Heights Park, containing 88 acres, of which 22 acres were acquired by purchase, the remainder being vested partly by the Ontario Government and partly by the Dominion Government in the Commission for preservation and management | 88 " |
| (3) Niagara Glen, including Wintergreen Flat, containing 103.5 acres, acquired by purchase | 103.5 " |
| (4) The Old Fort Grounds, at Fort Erie, containing 17.5 acres, vested by the Dominion Government in the Commission for preservation and management | 17.5 " |
| (5) Butler's Burying Ground and Lundy's Lane Burying Ground, placed under the control of the Commission by the Ontario Government for the purpose of preservation and care | 6 " |

(6) The Chain Reserve, Queen Victoria Park to Niagara-on-the-Lake, including the talus in the gorge, a distance of 13 miles, vested in the Park Commission by the Government of Ontario, and containing 226 acres	226 acres
(7) The Chain Reserve along the Niagara River from Chippawa to Fort Erie, including the Boulevard entrance from Chippawa to the Park proper, and all lands for widening the Chain Reserve, acquired by purchase and expropriation	266 "
Total area	1,178 "

Having thus shown the territorial extent of the Park System, reference may now be made to what has been accomplished in the way of restoration and development, and what it is proposed to do in the physical and scenic treatment of the respective localities forming the Park System. This review will, perhaps, be better prefaced by submitting in a condensed form the receipts and expenditures of the entire Park System since the organization of the Board in 1885, as follows:

RECEIPTS.

Sale of Debentures	\$840,470 53	
Power Companies' rentals	1,103,288 75	
International Electrical Railway Company, rental	212,500 00	
Tolls and franchise revenues from descent under Falls, photographic privileges, etc.	238,989 38	
Sundries	90,527 46	
		\$2,485,776 12
Overdraft in Bank		18,230 98
		<u>\$2,504,007 10</u>

EXPENDITURES.

CAPITAL ACCOUNT:

(a) Cost of land acquired by purchase or expropriation..	\$555,604 08
(b) Capital expenditures on buildings, roads, paths, planting and all charges for improvements and betterment of parks and boulevards	744,500 31
	<u>\$1,300,104 39</u>

MAINTENANCE ACCOUNT:

(a) Debenture interest and interest on monthly overdrafts	\$624,132 39
(b) Officials' salaries, wages, up-keep of restored grounds and buildings, including office and Commissioners' expenses for 27 years	579,770 32
	<u>\$1,203,902 71</u>
Or a total expenditure of	\$2,504,007 10

From the very inception of the Niagara Falls Park scheme the method of financing—so far at any rate as maintenance is concerned—differs from that generally adopted in most National and Municipal Park Systems. Apart from the bond issue amounting to \$900,000.00, guaranteed by the Province of Ontario, the proceeds of which (with the exception of \$65,000.00 still unsold) were used exclusively for Capital Expenditures, no Legislative grant whatever has been voted for capital improvements or maintenance. Even the small charge which was origin-

ally intended to be made for admission to the Park had to be abandoned owing to the policy of practically a free Park having been adopted by the State Reservation on the American side of the river.

The Commission for the first seven years of its administration had to rely entirely on revenues obtained from the franchise granted for the operation of the electric railway through the Park and along the shore of the Niagara River; fees derived from the leasing of the elevator and scenic tunnel leading under the Falls, and from leasing restaurant and photographic privileges. The very meagre revenues obtained from these sources were not only insufficient for the ordinary maintenance of the Park as then constituted, but were entirely inadequate for the payment of the interest on the bond issue and the setting apart of a sinking fund. It will be obvious, therefore, that under these adverse financial conditions no well conceived plan for the restoration and improvement of such an extensive and varied Park System could be undertaken on a broad and comprehensive scale until funds could be assured for the proper and effective carrying on of such work. Scenic decoration was therefore confined to the portion of the Park overlooking the Falls. This condition of affairs grew worse rather than better as time passed, for the upkeep of the restored portion of the Park demanded increased expenditures, and the large number of visitors necessitated police supervision and an increased number of permanent and temporary officials for ordinary care and management.

The Commissioners were, in effect, placed in the position of having an extensive estate passed over to them as Trustees upon the understanding that they would create ways and means, as best they could, for practically converting farm lands and country roads into parks, boulevards, and pleasure grounds up to the highest standard of aesthetic treatment. And, to greatly add to their difficulties, means had also to be provided to pay the interest on the bonds guaranteed by the Province of Ontario.

This impoverished financial condition of the Park Commission continued with little hope of relief until 1892, when, after long protracted efforts, assistance came through the use of the waters of the Niagara River for the generation of Hydro-Electric Power. In 1892 the first contract for such power generation was entered into between the Commissioners and the Canadian Niagara Power Company, which, however, was subsequently abandoned and a new contract entered into in 1899. The granting of this franchise was followed in 1900 by an Agreement with the Ontario Power Company for practically similar privileges and rights as had been granted to the Canadian Niagara Power Company, and in 1903 a third franchise was granted to the Electrical Development Company (then Messrs. Mackenzie, Pellatt & Nicholls). In this way an assured income was at last reached for carrying on the expansion and development of the entire Park System.

QUEEN VICTORIA NIAGARA FALLS PARK.

The first territory placed under the care of the Commissioners was one hundred and fifty-four acres immediately adjacent to the river and gorge at the Horseshoe Falls, and known as the "Queen Victoria Niagara Falls Park." Along with this acquirement was a water area equivalent to 317 acres, of which fifty acres have been filled in along the shore line, and by the creation of artificial islands, making a total land area of two hundred and four acres. This territory came into the possession of the Province for Park purposes in 1887.

Serious difficulties were encountered by the Commissioners in the vigorous prosecution of works of restoration and improvement, not only through the lack of funds, but by the continual breaking up of the Park surface by the Power Companies in their works of construction. Notwithstanding these drawbacks, the northerly end of the Park proper, comprising some sixty acres, was practically completed and dedicated to public use over fifteen years ago.

Apart entirely from the grand spectacle of the great Cataract of Niagara, which is constantly in view, and the historic associations connected with this portion of the Park System, those who have visited the most famed Parks in Europe and America, and are, therefore, in a position to judge, assert that this finished portion of the Queen Victoria Niagara Falls Park takes rank with the best Parks in the world.

The plan adopted by the Ontario Power Company of laying enormous steel and cement underground conduits for carrying the water from the highest river level to the point of operation below the Falls, while conferring most substantial benefits on that Company by enabling the use of the full head of water, caused the almost continuous disturbance of a large portion of the Park surface. These open excavations, extending over a mile of the southerly end of the Park, which have continued for a period exceeding ten years, have prevented the commencement of plans of improvement for that portion of the Park territory from the Administration Building to the Dufferin Islands. As large demands have been made on the Ontario Power Company for power to be distributed by the Hydro Electric Power Commission, there is reasonable hope that the third and last conduit will be commenced and proceeded with during the current year. As soon as the third pipe is laid it is intended to vigorously proceed with the remaining works of restoration. The Commissioners have decided to adopt a different principle of landscape treatment in this part of the Park, so as to give full effect to land and water vistas with a lesser area of shrub and plant life and more forestry treatment.

New Conservatories.—One of the best and most popular features of the great parks of the world are properly constructed conservatories, and no Park System can be complete from an educational and aesthetic standpoint, or indeed in affording the highest degree of pleasure to visitors, without well designed and commodious conservatories with all the latest and most complete equipment for the various stages of propagation. The Park Commissioners in the past have been placed at great disadvantage in their efforts to provide stock for out-door uses and room for housing plants of a tropical nature owing to the lack of adequate structures of this character. Even, however, with the very restricted and incomplete buildings in use the results achieved have given great pleasure to many thousands of visitors from all parts of the Dominion. No Park on the Continent is more entitled to the most modern and best equipped greenhouses and conservatory plant than the Park at Niagara Falls. It is, therefore, proposed to erect a central conservatory at a convenient point in the Park on a plan which will permit of enlargement by the addition of wings as necessity arises.

Aquatic Garden and Rockery.—In this connection the Commissioners also contemplate the construction of an aquatic garden and rockery—an ideal location for which is the Island Pond near the northerly gateway of the Park, fed from a perpetual spring flowing from the base of the escarpment, which natural provision will obviate the necessity of a large outlay for a constant supply of water for the garden and rockery purposes.

Table Rock House.—The position of the building known as “Table Rock

House"—one of the oldest structures taken over with the Park lands in 1886—situate, as it is, at the narrowest point in the Park and projecting into the roadway directly overlooking the Falls, is most objectionable from every point of view. The building has been under lease during the past ten years for the sale of souvenirs, and also provides dressing-room accommodation for visitors going under the Falls, and other purposes. As the lease expires on the 1st June of the present year the Board has had under consideration for some time plans for the removal of the old and unsightly building and the erection of a proper structure nearer the escarpment in rear of the present building. A very excellent view of the Falls and Lower Gorge from the tower of Table Rock House will be lost when the old structure is demolished, but in the plan under consideration it is proposed to restore and improve this view by the construction of an elevator to the high altitude overlooking the Falls, which will connect with the scenic tunnel descent under the Falls. The plans for and location of the proposed new structure have given the Commissioners much thought, with the result that one of the two proposed plans had to be adopted, namely: A partial sub-surface structure on practically the existing site, or the proposed building close to the escarpment. Whatever plan is adopted, it is obvious that at this crucial point the building must not obtrude upon the line of vision nor be unduly prominent. The old structure was erected in the age of private ownership at Niagara Falls, when the chief object was the mercenary one of obtaining the most convenient site for selling souvenirs to tourists.

Were it not absolutely necessary that there should be a building in the vicinity of the Horseshoe Falls to be used as a shelter from the spray conditions which continually menace this splendid coign of vantage from which all visitors wish to obtain a lasting view of the Cataract, as well as to provide a station for the Electric Railway Company, it would be much better that all buildings above the surface should be dispensed with at this crucial and congested point. This, however, would result in tourists and visitors being unable to obtain one of the best views of the Horseshoe Falls on many days throughout the year.

Parapet Wall.—There is also the completion of the massive stone and iron parapet wall, two sections of which have been built along the face of the cliff between the Horseshoe Falls and the northerly entrance at Ferry Road. Two other lengths of approximately 1,100 and 675 feet will give a continuous heavy railing for the safety of visitors, with an appropriate architectural finish along the whole Park front overlooking the gorge. It is proposed that the section between Rambler's Rest and Clifton Incline shall be built during the coming year, and to suitably terminate the work the northerly end will be built in conjunction with, and as an integral part of the Memorial Monument to Burrel Hecock, who herocially lost his life when the Ice Bridge was broken up in February, 1912.

QUEENSTON HEIGHTS PARK.

Reference has been made in many of the later reports of the Park Commission to the growing popularity of the Queenston Heights Park, evidenced by the constantly increasing number of visitors to this historic and beautiful part of the Park System.

Great improvements have been made in the grounds and extensive ball fields and play grounds have been provided for the sports that are always indulged in, chiefly during the school vacation, when picnics are an almost daily occurrence. The lack of adequate facilities, particularly in buildings, is, however, constantly

pressing upon the attention of the Commissioners. A small one-storey wooden structure does duty for serving refreshments and general restaurant purposes, but it is quite evident that this cannot supply the increasing needs of this important resort much longer, and it is therefore proposed to erect a modern refectory building, somewhat after the type of the Administration Building at Queen Victoria Park, of smaller dimensions, but at the same time having regard to the future requirements of the Park.

In addition to the land passed over to the Commissioners for park purposes by the Ontario and Dominion Governments at Queenston Heights, two plots immediately adjoining, comprising nearly twenty-five acres, have been purchased, which have greatly added to the completeness of this unique Park. It is most important, however, that its limits should extend to the river gorge east of the present park, and to that end another plot of land containing about seventeen additional acres should be acquired so as to give an unbroken frontage along the river. The Commissioners believe that the possession of this acreage will prove to be a wise policy, not only at Queenston Heights, but in respect of other lands that are required in connection with the general Park System.

NIAGARA FALLS PARK BOULEVARD.

The roadway of the Boulevard between the Park proper and the Village of Bridgeburg, which has been in progress for the past two years, is at last completed. The work has been subjected to many vexatious delays. In the first instance the stone secured by the contractor was not of a suitable quality for road making, and much time was lost in obtaining proper road metal from the quarries owing to the large demand for crushed stone for all purposes during 1912. It is satisfactory to report, however, that before the close of the year the roadway itself was in condition for vehicular traffic and it only remains to complete the gutters and some other protective works of drainage outlets as soon as the spring opens.

Immediately on the completion of the various sections of the roadway, grading and planting was at once proceeded with and a considerable portion of this work has already been done, and the remainder will be pushed forward to completion during the current year.

Now that the Boulevard between the City of Niagara Falls and the Village of Bridgeburg is practically completed, the Commissioners have turned their attention to the acquirement of the necessary lands for the continuation of the Boulevard to connect the Central Park at Niagara Falls with the Queenston Heights Park, and later on to Niagara on Lake Ontario; the aim of the Commissioners being that the Park and Boulevard system shall in time be continuously connected from Lake Erie to Lake Ontario.

Owing to the great length of the Niagara Falls Park system, extending a distance of over thirty-five miles, with spacious park areas situate at Fort Erie, Niagara Falls (Ontario), Niagara Glen, Queenston Heights, and in the future possibly Niagara-on-the-Lake, the construction of boulevards and connecting roads between the various sections is a prime necessity and the acquirement of land for this purpose when it can be obtained at reasonable rates, will secure to the present and future generations a system of parks and recreation resorts for the people of Ontario, the Dominion of Canada and the world at large that has no equal on the Continent of America.

Apart from the great utility of the Boulevard from Lake Erie to Queenston

Heights it will, when completed, be one of the most attractive features of the Queen Victoria Niagara Falls Park System in connection with which it may be permitted to reproduce an extract from the Report for 1908.

“Commencing at the foot of Lake Erie and following the sinuosities of the shore at an altitude sufficiently high to give a continued and comprehensive view of the Niagara River and the opposite American shore until the Rapids immediately above the Falls come in full view; then through the beautiful Park in sight of the turbulent rapids until the great Cataract of Niagara Falls is reached, and continuing along the banks of the lower river with its wonderful panorama of gorge, rapids, whirlpool and magnificent banks until the rushing and turbulent river merges with the quiet water of Lake Ontario.”

POWER COMPANIES.

In last year's Report reference was made to the application of the Canadian Niagara Power Company for alterations and changes to that Company's intake, with a view to increasing the efficiency of the forebay, particularly in respect to ice conditions. The Company accepted the conditions imposed by the Board and has proceeded with its plans under the agreement and expects to commence the work outlined early in the spring. The conduct of the work will cause a torn up condition of the park surface during the year 1913, resulting from the excavations necessary to build underground works, but when finished the normal surface will be completely restored and indeed the shore line somewhat improved.

The Ontario Power Company was engaged until the early part of the summer in extending its second water conduit in front of the Administration Building which, owing to the severe winter, was not completed as early as was expected, interfering somewhat with the opening of the tourist season. Late in the autumn another application as received from the Company to be allowed to extend this second conduit to the limit originally provided for Units 13 and 14 of the power house equipment. This action was rendered necessary on account of the large demands for power, chiefly from the Ontario Hydro Electric Power Commission. Every effort is being made to have this work completed, and the surface restored by the first of May at the latest, and it is hoped that the summer tourist season will not again be interfered with by works of this nature.

The Electrical Development Company. Good progress has been made during the year by this Company in the entire completion of its generating station or power house within the Park limits. During the winter months the steel frame work was erected, and with the approach of good weather for outside building operations the stone work was undertaken and all during the twelve months artisans have been busily engaged in moulding the Indiana limestone in the form for erection. The design shown in the report for the year 1903 has been carried into effect, and, as therein stated, “the building is a well proportioned structure suitable for the location and entirely effective in its architectural treatment.”

In the month of November permission was sought by this company to erect, as an addition to the southerly end of the power house, a machine shop one storey in altitude. Representation was made that this was necessary from an operating point of view to properly take care of repairs to machinery and worn parts of generators and turbines. From a scenic standpoint, however, the Commissioners thought that this addition would be detrimental to the appearance of the Park. While it was fully realized that no hampering condition should be placed upon

this hydro electric station, with a tendency to inefficient results, it was nevertheless thought desirable to secure modifications in the architectural design. To this end it was proposed that the addition might be made of the same height as the main building, or failing that to secure a roof garden effect, and a lookout for public use to view the upper rapids. At the same time, the Commissioners thought it desirable to secure from the company an abandonment of its right to place a transformer station within the Park limits, that building having already been erected at a point in the Township of Stamford, outside the boundary of the Park. The Company, however, refused absolutely to negotiate upon this basis, and withdrew its application for the proposed machine shop. It is expected now that all of this area south and east of the power house station will be ready for planting and decoration with the clearing away of the debris and materials on the completion of the present work.

RECEIPTS AND EXPENDITURES.

The detailed statements showing the receipts and expenditures for the year ended 31st December, 1912, are herewith appended. It will be seen that the revenue received from all sources amounted to \$177,617.95, of which, however, \$20,009.61 represented the sale of Debentures and special payment received from the Ship-building Company representing that Company's share in the cost of diverting the Boulevard roadway around their manufacturing plant. There still remains \$65,000.00 four per cent. Debentures, guaranteed by the Province, for the purpose of constructing the Boulevard, which have not been disposed of owing to the low price obtainable for such security during the past year.

The fixed rentals of the three power companies amount to \$60,000.00, and the excess rental to \$74,210.41, which latter amounts have been received, as heretofore reported, without prejudice to the rights of either party in the suit instituted by the Government to determine the proper method of calculating the amount of power generated and the rental payable therefor.

After protracted delays this suit was taken last year to the Privy Council in London, when a decision entirely in favour of the contention of the Commissioners was rendered, and accounts for the rentals accrued to November 30th, 1912, under the rendering of the Privy Council judgment, have been sent out to the three power companies as follows:—

Canadian Niagara Power Company.....	\$52,435 37
Ontario Power Company.....	50,274 33
Electrical Development Company.....	92,402 76
	<hr/>
	\$195,112 46

These amounts the Commissioners expect to receive and show as part of the Park revenue for the year 1913.

The expenditures upon capital account, including the amount expended upon the Boulevard for all purposes, and also the large legal costs in connection with the power rental suit, amounting to over \$10,000, aggregated the sum of \$95,851.95. The expenditures on maintenance account for salaries, wages, materials, and other expenses of upkeep over the whole Park System amounted to the sum of \$59,038.63, and to this must be added the interest on bonds and bank charges during the year, namely, \$33,217.35.

All of which is respectfully submitted.

APPENDIX "A."

REPORT OF THE PARK SUPERINTENDENT.

To the Commissioners of the Queen Victoria Niagara Falls Park.

GENTLEMEN,—I beg to submit herewith my report for the year 1912, detailing the various works comprising the maintenance, betterment and improvement of the Queen Victoria Niagara Falls Park System.

While the year 1911 might be described generally as unusually hot and dry, the year 1912 would in similar manner be termed abnormally wet with an abundance of precipitation during all of the four seasons. This was particularly true of the spring and fall months, the only period of drought being experienced in the month of June, and this was the only time out of the twelve months that sprinkling operations had to be carried on for the Park lawns. The mild weather conditions experienced in the late fall of 1911, continuing to the very end of December, were quickly reversed in January, and the first three months of the new year showed a long period of very low average temperature, much more extreme than has obtained in this locality for some seasons. In addition to this the month of April, generally the beginning of spring with warm showers, brought an unusual number of cold rainy days preventing much of the work ordinarily undertaken with the first approach of warm weather, and this backward condition was experienced all through the year. The effect of these singular types of weather made necessary a considerable increase in expenditure to keep open the main roads and paths, and to combat ice conditions in the vicinity of Table Rock and Horseshoe Falls for the purpose of insuring the safety of tourists and visitors.

The estimates for 1912, under the instructions of the Board of Commissioners, were based upon the policy of straining every effort to complete the Boulevard roadway, and in the absence of a further legislative guarantee of bonds, to use the excess of revenue from all sources not actually required in the Park upkeep to secure the completion of the roadway. The effect of this is seen in the new works undertaken for the year, which are few in number, and only at such points as were not only necessary, but imperative.

Among general matters that may be mentioned as accomplished was a thorough examination by the Chief Engineer of the Dominion Railway Board of all of the passenger and railway bridges crossing the Niagara River below the Horseshoe Falls. This examination was undertaken in the month of June, and had particular reference to the Upper Steel Arch Bridge, which in the mind of some of the travelling public was unsafe when subjected to large crowds during some of the holiday season, and principally on the occasion of the Annual Carnival, held jointly by the two cities of Niagara Falls, Ontario, and Niagara Falls, New York. The report received was to the effect that all of the bridges were in a proper state of repair, and designed for the class of traffic using them. The Upper Steel Arch Bridge was reported to be safe within the limitations placed upon its use, and this structure ought not to cause any anxiety while proper supervision is exercised over it by the bridge officials.

During the month of August, one of the Commissioners, with the Superintendent and Chief Gardener, visited the cities of Philadelphia, New York and Boston to examine outstanding features of these well known Park Systems, and particularly to ascertain the extent and character of the greenhouse and conservatory

equipment required in a modern Park System. While the visit was a very hurried one, and in addition represented the Board at the Annual Convention of the American Association of Park Superintendents, many valuable ideas were gained particularly in the details of carrying on both the maintenance and construction departments. Even the mere comparison of the results accomplished by others, serves a good purpose and shows where one's general plans are along the right lines, and where modifications may be made to advantage. The City of Boston, known throughout the whole of the New England States, and, indeed, eastern America as a steadfast adherent to progressive park achievement, and the modifications required by present day conditions, proved a wonderful factor in showing what may be carried on, on a very large scale when the task is once assumed and the development consistent and continuous. Chiefly is this true of the Boulevard System for which the Metropolitan Park Commission are responsible where the outlying roads and connecting links to the city boulevards have been extended for many miles by the co-operation and expense of surrounding municipalities. On these roads the experimental features are fully maintained, and much valuable information was procured for use of the department at Queen Victoria Park. Not less interesting were the horticultural features, and when it is considered that the natural soil of this district is a barren sand and gravel, that must be excavated and refilled with suitable earth and humus before a single tree can be planted and successfully grown, one gains some idea of the difficulties to be surmounted even before a real beginning is made possible. Altogether it is believed that a considerable impetus has been given to the park staff by this educational visit and better results may be looked for over the Park System by reason of it.

QUEEN VICTORIA PARK.

On account of the unusual conditions of weather already alluded to, the cost of maintenance at Queen Victoria Park has somewhat exceeded the estimated amount required for this division, but another element is forcing itself to the front in this connection, namely, the difficulty of procuring proper labor and the dissatisfaction with the rate of wages. Not only at Niagara Falls is this true, but over every city and town in Canada, and it is found that the rates must be considerably increased if an efficient staff of gardeners and laborers is to be maintained. Notwithstanding that the ordinary day labor was increased in wages several years ago, further increases for particular works, such as road building, had to be made last year, and no doubt the coming year will see a general demand in this respect. Other conditions operating to swell the maintenance account are the extensive works of thinning out and transplanting trees and shrubs where the prolific growth at the Falls has exceeded the most sanguine hopes and expectations at the inception of the Park. Much of the smaller material has entirely overgrown its limits to the detriment of valuable subjects in the same vicinity, and a large labor item is accounted for in the transfer of this stock to other locations. During the preceding year, and the year 1912, a great deal of experimental work has been undertaken with herbaceous plants of new and untried varieties for the Park bedding. Many of these species are very encouraging in their results, and last year a number of new and distinct bedding designs were made possible with this new material.

Considerable repairs had to be undertaken at the older portion of the greenhouse plant where the foundations and lower walls had given way. All of this work has been accomplished with the ordinary staff, and advantage was taken

of this necessity to enlarge the cold storage plant and provide more commodious quarters for the subtropical shrubs that are used in the summer season for decorative purposes. Last year showed in marked degree the beneficial effect of the large quantity of manure secured in car load lots, spread over the lawn surfaces, and even the specimen trees took on a better color and showed a more vigorous appearance from this treatment. During the very limited dry season in June, the new type of sprinkling apparatus consisting of iron pipe with holes drilled at an angle to provide a maximum spread of the water spray fully met our expectations, providing an economical and efficient lawn watering apparatus that would cover large areas with very little attention. The effect of this will be more striking in a very dry season, when the seared condition of the sward appears, due to the shallow depth of soil upon the rock formation adjacent to the gorge.

During the winter season an attempt was again made to maintain a skating pond on the still water of the "elbow" at the bathing pool in the rear of Dufferin Islands. Owing, however, to the sheltered location, from the high bluffs surrounding this secluded area, and more particularly to the fact that the stream runs constantly from the water supply through the forebay of the Ontario Power Company, and leakage at the stop logs, a satisfactory sheet of ice could not be kept in condition for skating purposes. Very little enthusiasm was displayed by the young people of the city in frequenting the ice, but doubtless this was partially due to the unsatisfactory surface, while the isolated location also accounts for it in some measure. In marked contrast the bathing pool in summer is proving a popular attraction to young people and visitors, so much so indeed, that a caretaker is required through the evening hours during the warm balmy weather.

The two new ranges of roomy glass houses added to the greenhouse plant have proved of inestimable value, particularly for exhibiting the fall flowers, and last year the chrysanthemums show, comprising over a thousand fine blooms, and probably more separate varieties than was contained in a single greenhouse in the whole of this district, or indeed in Ontario, attracted many visitors and won deserving praise from all sides. The heating arrangement in the new houses is efficient and ample, taking the strain off number one furnace to such an extent that the whole of the plant is now supplied without the addition of temporary stoves. It is the intention to have the usual spring exhibition at Easter, and advertise it well so that the surrounding towns and cities may know, and be able to take advantage of this occasion.

During the wet spring weather and the late fall new arrangements were put into effect over the whole of the northern area from the Administration Building to the Clifton House. Many shrubs at curves along the main driveway were removed where their thickly growing branches made driving dangerous. A large number of shrubs shaded by finely growing specimen trees were removed to other locations, for the most part along the boulevard, and in this way both the shrub and the tree will be benefited. A new plantation of lilacs has been planted along the main driveway, and as far as conditions will allow the grouping of specimens, according to their natural order, is being carried out.

The proper care of the natural trees of the Park System, together with the specimen subjects planted from time to time, is a question of the utmost importance demanding the most careful consideration. In some departments, and particularly in the vicinity of public buildings where the number of trees is comparatively small, the services of tree experts have been used to advantage, and then again it must be said that a great deal of spurious tree doctoring is being foisted on the

public at a cost altogether out of proportion to the service rendered. Where the cavity in a tree is small and in such a position as to render it practically impossible for moisture to enter, filling with concrete is beneficial, providing every vestige of disease can be eradicated by the chisel and gouge, but where the microscopic threads of disease are not completely removed it seems that the condition is likely to become worse from filling than from leaving the specimen alone. Many experts now consider it unwise to spend a large amount of money upon saving trees where they think a wiser policy would result from the planting of healthy specimens. In the case of an old tree such as the Washington Elm at Cambridge, it is of course justifiable to use every effort for its preservation, for such a tree having historic and sentimental values could not be replaced if disease were allowed to conquer. When the cost of expert services for a System such as the Niagara Falls Park is considered, particularly where expenditure is required in so many directions at one and the same time, one must hesitate to use funds lavishly in this direction. It is believed, therefore, that a small force of expert tree pruners operating under the direction of the Horticultural Department can successfully cope with the more aggressive types of disease so as to insure the practical safety of the forest growth as a whole, and while specimen trees will undoubtedly be lost as time goes on, the number will not be large, and with proper foresight new specimens may be planted in their place at a moderate cost.

Both in the greenhouse and outside work the United States Department of Agriculture is co-operating with this department in testing out seeds and plants from foreign countries, and in addition a quantity of seeds from northern latitudes of China, collected by Mr. Forrest, were sent to the Niagara Falls Park by Mr. J. Williams, of Cornwall, England. All of this material is being worked upon, and doubtless some of it will prove valuable for out-door work in both the coniferous and deciduous stock.

The spring water supply over the whole Park System was analysed early in the year with the result that only one source of drinking water was found to be contaminated for public use. This precaution enabled the Park department to purify this source of supply, and render the whole of the drinking water suitable for public use.

In addition to building two new bays to supplement the greenhouse equipment, new works at Queen Victoria Park comprised the building of several small stretches of new roads and paths, and an extensive overhauling of the water and drainage systems, the latter work being continued from 1911. Another important new work was that of grading and re-sloping the Burning Springs Embankment. This side hill which was cut back for the construction of the electric railway to Chippawa has been a scar on the landscape for many years, notwithstanding some early efforts to sod it and re-plant it. Owing to the nature of the soil, however, and the effect of heavy downpours of rain the early work was abandoned, with the result that the sides of the slope washed down and became very irregular. With the finishing of the head works of the Ontario Power Company in this vicinity, and the consequent increased use of the Park drives, together with the Boulevard gaining entrance to the Park limits at this location, the unkempt state was greatly noticed, and called for a remedy. During the year over one-half of this slope was sodded, and the remainder prepared for planting with native white cedar such as originally grew here, and it is now hoped that this length of about two thousand feet will take on an appearance that will do credit to the effort expended upon it.

OUTLYING PARKS.

At Queenston Heights the new works constructed in 1911 added greatly to the utility and beauty of the Park as a whole, and particularly was this true of the grading and seeding upon the ball grounds. The new lookouts at Brock's shaft and the Laura Secord Monument were greatly appreciated in providing new and expansive views of the lower fruit lands. A new path has been constructed down the slope of the escarpment through the evergreen woods to connect with the route to the steamboat landing. This eliminates the long line of stairs and utilizes gently ascending slopes to overcome the rise in elevation.

There is a constant fear in the dry summer season and early fall that fire may attack the cedar and pine branches particularly in the thickly wooded portions where the undergrowth has become dry and brittle. To minimize this danger the whole of the side slope toward Queenston Village is being under-brushed and cleaned out, and the opening up of this provides one of the most beautiful areas of the north-easterly part of the Park, descending as it does to the lower Niagara River, and providing at each lookout point views that cannot be procured elsewhere. October 13th, 1912, marked the centenary of the Battle of Queenston Heights, fought on the northerly slope and the upper escarpment surrounding Brock's monument, and on Saturday preceding the anniversary of the Battle, occasion was taken by many thousands to journey to the ancient battle field where patriotic addresses were delivered by loyal citizens from Toronto and the surrounding district. Many memorial wreaths were sent by Historical Societies, Militia Companies and private citizens, and altogether the occasion was one of much patriotic enthusiasm, doing credit to the Province and to Canada.

A new small area was added to the Park territory at Lundy's Lane by the addition of a private burying ground to the plot known as the Lundy's Lane Battle Field. Considerable work will be required to clear up this area and make it part of the Park, and it will also need fencing in a similar manner to the original plot. With this new land another exit to the street is provided, this being used for the most part at burials.

Only the usual works of maintenance have been carried on at other portions of the Park, namely, Niagara Glen, the Whirlpool, Fort Erie and Butler's Burying Ground.

With the decision to let nothing impede the completing of the Boulevard in the year 1912, this important project, started in 1908, was pushed forward with the utmost vigor, and with the exception of the road construction which, from the very commencement, and upon all sections of the work has been most tedious and altogether too long under way, good progress was made particularly upon grading, planting and all of the details which were undertaken by this department apart from contract work. There are many reasons for the slow progress upon the road construction, but the principal item operating to hold back completion was the lack of road metal of a suitable quality for building a high class macadam road. The first deliveries of material in 1912, notwithstanding that they were late in arriving, had to be condemned as unfit for use, and the contractors, therefore, had to look for new quarries and endeavor to obtain delivery on the shortest notice. The unusual season, late in opening and wet beyond the average, with early rains in the late summer and the beginning of the fall, also helped to retard the progress which both this department and the contractors desired. In spite of all these difficulties, however, the road was opened for traffic late in the year, and

it remains now to re-crown the last finished portion in the spring and finish the gutters and drainage. With this length, which is immediately north of Black Creek, satisfactorily completed, the full length of the Boulevard to the northerly limits of the Village of Bridgeburg will be ready for traffic and turned over for maintenance.

The grading of the various sections to conform to new contours corresponding with the road grade was vigorously prosecuted on the stretch of roadway along the Shipyard property, and on Section No. 3 from the Shipyard to Black Creek. In addition to this a great deal of work was done upon the areas adjacent to the roadway from Chippawa southerly to the point where road construction was in progress. This grading and levelling had advanced so that planting was undertaken upon a large scale in the fall, and while it is not yet completed the important outlines of the landscape treatment can be distinguished and the general scheme is taking definite shape. During the late fall and winter months of 1912 and 1913, plans have been under way for finishing all of the planting during the opening of the spring season, and in the fall of 1913.

There are still several cases of lands expropriated that have to be paid for, but in all cases possession has been taken, and it only remains to determine the amount which the owner is entitled to, or pay the amount for moving buildings when that operation is completed.

During the year the Canadian Niagara Power Company has been engaged upon the completion of its power house building, and this structure is now finished for the full complement of machinery which the company is entitled to. The whole structure presents an appearance quite in keeping with the Park, and is in full accord with the designs approved by the Commissioners. It is of interest to note the present capacity of the plant with the dates upon which the various units were put into operation.

Unit No. 1	July 27th, 1905
Unit No. 2	September 11th, 1905
Unit No. 3	September 27th, 1905
Unit No. 4	April 2nd, 1906
Unit No. 5	May 17th, 1906
Unit No. 6	December 5th, 1910

The Electrical Development Company has also been busily engaged in fully completing its generating station, and this building now presents the finished appearance which the designs called for, and the final units may be added from time to time as the commercial requirements of the Company demand. The progress in the commercial development is shown in the following table, wherein the dates of starting the various units are indicated.

Unit No. 1	1906-1907
Unit No. 2	1906-1907
Unit No. 3	1906-1907
Unit No. 4	1906-1907
Unit No. 5	January 29th, 1912
Unit No. 6	March 31st, 1912
Unit No. 7	May 28th, 1912

The Ontario Power Company during the year extended its second water carrying conduit to supply Units Nos. 11 and 12, and has completed the power house for this equipment. In addition to this the remainder of the restoration work along the mile of pipe line through the Park has been restored, but there still

remains, both in connection with this company and the other two, buildings for machinery which it is hoped will be removed early in the spring. The various units of the Ontario Power Company were put in commercial service upon the following dates.

Unit No. 1	July 1st, 1905
Unit No. 2	July 1st, 1905
Unit No. 3	July 1st, 1905
Unit No. 4	November 5th, 1906
Unit No. 5	January 18th, 1908
Unit No. 6	January 18th, 1908
Unit No. 7	September 10th, 1909
Unit No. 8	December 22nd, 1910
Unit No. 9	April 12th, 1911
Unit No. 10	July 30th, 1911
Unit No. 11	March 3rd, 1913

One of the most important works that this department has to look after is its roadway system, which now comprises many miles to be maintained in first class condition to withstand the heavy strains of the large motor traffic which is increasing from year to year. During the season all of the roads were oiled and tarred by the surface method of treatment, and this, for the most part, proved satisfactory, but there still remains the consideration of a superior class of road metal for the top surface of all driveways, and it would appear to be economical to pay a considerably higher price for trap rock to use in this construction.

The following paper, prepared and published, will indicate the work of the department in looking after the experimental side of road work which is a feature that has not been omitted, and indeed it is believed to be most important:

ROAD WORK

IN THE QUEEN VICTORIA NIAGARA FALLS PARK SYSTEM.

In the year 1908, the Roadway System of Queen Victoria Park consisted of but four miles of driveway with about two miles practically out of commission owing to Power Company construction, and but one experiment in dust laying had been attempted. This experiment consisted of applying an oil preparation late in the year when wet weather was approaching, and the results seemed to indicate that watering would be quite as economical as oiling, so the report of the work stated. At the close of 1912, there are twenty-five miles of main thoroughfare upon the Park System, extending from Niagara Falls to Bridgeburg in a continuous line, and a small length at Queenston, with prospects of an increase of from fifteen to twenty miles in the next two years.

With the inception of an extensive Road System such as has been planned, it was recognized that much had to be learned, first, from the general progress that road building was making and would continue to make owing to the change in the requirements of modern traffic facilities, and, second, from the nature of the route adopted, with its soil characteristics and the class of traffic expected. The consideration of these two phases of the work, viz.: the general problem of road making and the modification that this particular project required, lead to a close study of the existing park roads and the establishment upon a moderate scale of an experimental department. The existing roads indicated that the ordinary class of

limestone used upon so many of our main arteries throughout the Province would not stand up under even moderate traffic, much less heavy vehicles, without constant repairing at a cost altogether out of proportion to the service rendered. The surface metal constantly ravelled out, leaving not only an unsightly stretch, but a road that was a menace to both horse and motor alike. The remedy for this failure to meet the requirements appeared to be in two directions, the road metal should be hard and tough; but not too brittle; or a "binder" should be provided to retain it in place, with a certain amount of resiliency, preferably also capable of withstanding disintegration from air and water.

The experiment carried out at Niagara Falls and now under way, indicate two general classes of materials which promise results adequate to the first cost and satisfactory from the theoretical standpoint, but time alone will show whether the maintenance item will be prohibitive. The first class is based upon the cementitious value of certain chemicals, and the representative of this class is known as the "Rocmac" process. Briefly, the method consists of preparing a matrix with limestone screenings and the "Rocmac" solution, spreading this upon the subgrade, which is first made impervious to water and thoroughly consolidated. The road metal is then spread evenly over the matrix and the whole rolled until the screenings show up upon the surface. Thus the chemical action of the solution upon the screenings is such as to firmly cement the road metal in place, but still retain a surface that is resilient, and in case of wear at one spot a healing process develops in place of the fracture so often observed in concrete. This process requires a hard tough stone, for no binder, however effective, will prevent wear in the stone unless the binder itself is capable of assuming the wear.

The second class of binder depends upon both binding the metal in place and assisting in bearing the wear caused by the traffic. It is represented by all of the bituminous products of a tar and asphalt nature which flood the market at the present time. Apart from mere dust laying, usually accomplished by a surface treatment of light or heavy oil, with or without bitumen, this class of road consists in constructing a bituminous cement road or a bituminous macadam road by either the "penetration" or "mixing" methods, the aim being to hold the stone in place and cover or seal the surface to prevent water penetrating to the subgrade and to take a portion of the wear. This road is resilient, and with a careful selection of binder does not become soft with a high temperature, and a lower grade of stone may be used here when it is relieved from a portion of the direct abrasion.

Many different products have been tried in the Experimental Department, and the results carefully tabulated to show first costs and maintenance, so that within the next two or three years these will be available as valuable data for future guidance. It is hoped that this information may be published for use in the Province. While, however, much has been learned and will continue to be learned, there are three important points that require to be emphasized in road building, and failure will be sure to follow when any one of the three is neglected. The first of these is Drainage! Then there is a second point not to be forgotten, and it is Drainage! The third point is one that every careful engineer must thoroughly master and decide only after the most painstaking enquiry!! It is Drainage.

All of which is respectfully submitted.

JOHN H. JACKSON,
Superintendent.

March 8th, 1913.

APPENDIX "B."

ANNUAL REPORT OF CHIEF GARDENER.

To the Superintendent of the Queen Victoria Niagara Falls Park.

SIR,—I submit herewith my Annual Report for the year ending December 31st, 1912, in which I refer generally to operations and conditions in the Horticultural Department, and especially to the experiments with new plants, the courses of horticultural instruction and other innovations introduced or continued during the year.

GENERAL REPORT.

Satisfactory progress was made along the Niagara River Boulevard, where the grading and planting, owing to favorable weather, is in an advanced state. The seeded areas along the older sections of the roadway were rolled, and the grass cut short so that a good lawn has resulted. The trees planted in previous years were pruned to symmetrical shape, carefully watered and properly cultivated. In the Park proper the trees received considerable attention, and as a result of thinning out of dense limbs, careful pruning, proper treatment, and filling of cavities caused by decay, present a better appearance. Considered as a whole the trees in the Park System were remarkably free from insect pests, with the exception of the Tussock Moth, which especially in and around Dufferin Islands proved a menace. The cocoons of this insect were removed and destroyed by fire.

With the object of stocking a nursery with suitable subjects for park and boulevard planting, propagation of trees and shrubs was undertaken on a small scale. Trees and shrubs grown under park supervision may be lifted with abundant root fibres, and replanted ere these are injured by exposure to sunshine or wind, and as specimen trees are required for special purposes these could be grown with straight trunks and perfect heads. The addition of the two new greenhouses to the old plant has considerably facilitated the propagation, not only of trees and shrubs, but also the propagation and growth of summer bedding plants. The accommodation, however, is still inadequate to supply the demand made upon it for bedding plants in ever-increasing quantity and variety year by year.

EXPERIMENTAL WORK.

The results of the experimental work both as regards plant breeding and the testing of various ornamental plants for hardiness and other desirable qualities have been very encouraging. Several species of trees, shrubs, and varieties of herbaceous plants, new to the Dominion, have been introduced, while many varieties of ornamental greenhouse and bedding plants comprising the following genera—*Begonia*, *Calceolaria*, *Primula*, *Pelargonium* (*Geranium*), and *Salvia* have been raised by crossing, and while the time to speak of the relative merits of these is inopportune, indications are that many will prove desirable acquisitions to horticulture.

Test of Hardy Annuals.—The following is a list of hardy annuals which were tested during the summer; for convenience, only those found worthy of cultivation or of special merit are noted, and their colour, height, and other characters described:—

Asperula azurea setosa (Woodruff). Flowers light blue and fragrant; blooms five weeks after sowing; an excellent plant for borders; one foot.

Chrysanthemum segetum (Corn Marigold). Rich yellow; useful for cutting; desirable for borders; two feet.

Chrysanthemum carinatum aureum (Summer Marguerite). Bright yellow, with dark centre; blooms ten weeks after sowing, excellent; eighteen inches.

Calendula officinalis eriocarpa (Pot Marigold). Deep orange with red centre; blooms six weeks after sowing; when sown in masses very effective; about two feet.

Calendula officinalis. Varieties—Meteor, Orange King, and Yellow Queen, all desirable plants; eighteen inches to two feet.

Coreopsis tinctoria (Syn Calliopsis). Deep golden with maroon scarlet centre, seven weeks after sowing; splendid border plant, useful for cutting; remains in bloom ten weeks; thirty inches.

Coreopsis tinctoria—sanguinea. Dark maroon scarlet; eight weeks after sowing; very distinctive, remains in bloom nine weeks; thirty inches.

Coreopsis Drummondii. Golden yellow with dark centres; seven weeks after sowing, remains in bloom eight to ten weeks; excellent; two feet.

Eschscholtzia californica (Yellow Californian Poppy). Yellow with orange centre; six weeks after sowing; one foot.

Eschscholtzia crocea. Rose cardinal, dark rose; seven weeks after sowing; most effective when sown in large masses; one foot.

Gypsophila elegans. White with rose lilac reverse, five weeks after sowing; remains in bloom five weeks, useful for cutting; excellent; eighteen inches to two feet.

Helianthus (Munstead Primrose). Ray florets, a beautiful soft primrose; disc chiefly dark although it varies; flower seven to eight inches in diameter, nine weeks after sowing; a distinct advance on many of the older types; new; five feet.

Helianthus cucumerifolius. Rich golden yellow with black centre; nine weeks after sowing; remains in bloom until injured by frost; splendid for massing; recently introduced; three to four feet.

Hymenoxys californica. Bright yellow with golden centre; nine weeks after sowing; a splendid bedding annual; beautiful when effectively massed in borders; remains in bloom eight to ten weeks; six to nine inches.

Iberis umbellata (Candytuft). Barr's Giant Flowered White, Rose Cardinal, Carmine Rose, six weeks after sowing; excellent for massing in borders, or filling-beds; remains in bloom about six weeks; fifteen inches.

Lupinus luteus (Lupin). Yellow; nine weeks after sowing; should be sown in large masses; one foot to fifteen inches.

Lupinus hybridus albo-coccineus. Crimson, rose and white; nine weeks after sowing; remains in bloom until injured by frost; beautiful when massed; thirty inches.

Lindaria maroccana (Toad Flax). Variety excelsior, dark violet to light blue; six weeks after sowing; a new strain; fifteen inches.

Lindaria Maroccana. Varieties Queen of Roses, and White Pearl; six weeks after sowing; beautiful annuals; fifteen inches.

Linum grandiflorum coccineum (Flax). Crimson rose; nine weeks after sowing; remains in bloom until late in October; a showy annual; one foot to fifteen inches.

Lay'ia e'legans. Yellow with white borders and golden centre; seven weeks after sowing; remains long in bloom; Profuse; excellent for massing in borders, and very pretty in beds; about fifteen inches.

Lavate'ra trimes'tris alba (Tree Mallow). Snowy white; nine weeks after sowing; profuse, and effective as a background when massed in borders; four feet.

Matth'iola Bico'r'nis (Night scented stock). Various colours, chiefly pink and white; deliciously perfumed when covered with dew or after a shower at night or early morning; should be sown freely in the border; fifteen inches.

Ma'lope grandiflo'ra (Mallow Wort). Brilliant rose, with blood crimson centre; remains long in bloom; thirty inches.

Ma'lope grandiflo'ra al'ba. White, desirable for massing in the herbaceous border; thirty inches.

Nigel'la hispa'nica al'ba (Love in a Mist). White, an exceptionally beautiful plant; two feet.

Nigel'la hispa'nica atro'-purpurea. Deep purplish blue; handsome; nine weeks after sowing; two feet.

Nigel'la damasc'e'na coelest'ina. Azure blue; ten weeks after sowing; remains in bloom until October; desirable; about two feet.

Papaver (Poppy). Pæony flowered, large double flowers of brilliant colours; nine weeks after sowing; excellent when massed in the herbaceous border.

Shirley Poppy, varieties rose, apricot, salmon, pink and blush; eight weeks after sowing; worthy of cultivation; should be sown in masses and remain undisturbed; about two feet.

Platyste'mon califor'nicum. Pale cream; a dainty rock or border plant; nine weeks after sowing; splendid in every way; about nine inches.

Phacel'ia campanula'ria. Gentian blue; four weeks after sowing; one of the best annuals for borders, or for edging beds, the flowers stand well up above the foliage, and are conspicuous, remaining in bloom six weeks; one foot.

Phacel'ia Whitlav'ia. Violet blue; five weeks after sowing; very pretty, should be massed in the border; remains in bloom five weeks; fifteen inches.

Rudbeck'ia Bi'color superb'a (Cone Flower). Deep golden, with a central brown ring and disc; five weeks after sowing; the plants form bushes which especially in the herbaceous border are handsome and effective; thirty inches.

Sanvita'lia procun'bens. Petals rich yellow, centre crimson brown; suitable for beds, edgings, or few rock work; nine inches.

Scabiosa (Pincushion Flower). Many beautiful varieties which are all excellent for the border, and useful for cutting; average height two feet.

Through the courtesy of the United States Department of Agriculture the following seeds and plants were received, and are being tested, many of these have been under cultivation, but others are new to science, and give promise of hardiness and ornamental qualities:

Celastrus articulatus; Hardy, ornamental shrub.

Eucommia ulmoides, deciduous; Hardy rubber tree, China.

Euonymus sp, semi-deciduous ornamental shrub, China.

Hemerocallis aurantiaca magnifica; an improved garden form with deep, lily-like flowers; six inches across.

Ilex paraguariensis (Yerba Mate). Small evergreen tree, Brazil.

Ipomoea tuberculata (Morning Glory). Ornamental vine of rapid growth, East Indies.

Iris Tenax. Purple (Flag), pencilled with yellow, Oregon.

- Jasminum sp* (Jasmine). Low growing shrubs; two to three feet, Crimea.
Juniperus Pachyphlaea. Checkered bark Juniper, New Mexico.
Lonicera sp (Honeysuckle). Dwarf shrubby variety, China.
Pinus bungeana. Conifer, China.
Pinus gerardiana. Chilgoza pine, Baluchistan.
Pinus peuce. Ornamental conifer.
Coffea arabica (Maragogipe coffee).
Citrus Limonum. Dwarf ornamental variety, China.

Special tests.—*Two very interesting plants, viz., Clianthus Dampieri, and Asclepias curassavica* have, after careful experiments to ascertain their merits as bedding subjects, proved all that is desirable, and are adapted for summer culture in Southern Ontario. The *Asclepiad* may be associated with plants usually employed for sub-tropical bedding, or used individually to fill beds. Its culture is simple, it is easily raised by cuttings, and only requires similar care to that of the average bedding stock. With the *Clianthus*, however, it is different, and being a plant of such beauty a description of its culture is justified.

Clianthus Dampieri is a half hardy herbaceous perennial, the flowers which are red with a dark purple blotch at base of the standard are four or five inches across when expanded, and are borne in clusters of five or six in pendulous axillary racemes, the foliage is silvery grey.

As a basket plan this species has no superior, it is a desirable pot plant, and when used as a summer bedding subject its remarkable flowers and foliage attract much attention, but as its cultivation is so little understood, and being difficult to grow on its own roots it is not commonly grown. A few explanatory remarks regarding its culture may thus be of value.

The plant should be grafted upon stocks of *colutea arborescens* the common "Bladder senna" in August or September when in a seedling stage. Seeds of the stock should be sown three weeks before those of the Scion, as they take longer to germinate, after germination the seedlings should be potted singly into two inch pots and allowed to become established before grafting. When the seedling scions (*Clianthus*) have produced their first leaf, other than *Cotyledons*, they should be grafted in the following manner: Remove the plumule or growing point of the *Colutea* stock, make a wedge shaped incision between the *Cotyledons*, then sever the *Clianthus* seedlings close to the soil and shape the hypocotyl or portion of the stem below the *Cotyledons* to fit into the incision in the corresponding portion of the stock, using a razor or fine scalpel for the operation. Take a piece of Raffia split to the fineness of thread, moisten it, to facilitate tying, and bind the grafts gently but firmly. Place the plants under cloches (bell glasses) or in propagating cases and shade from sunlight. Wipe away the moisture which condenses on the inside of the bell glasses or cases twice daily, and do not allow water to come in contact with the grafts or "damping" will probably result. All buds which start into growth on the *Colutea* stock should be removed at their juncture with the *Cotyledons*.

When union has been effected, remove the bell glasses, carefully cut away the Raffia and place the plants on a shelf two feet or so from the roof glass. In three or four weeks they will grow sufficiently to be shifted into four inch pots, for which operation the following compost should be used: One-half of fibrous well rooted loam, and one-half of leaf soil, broken charcoal, and lime rubble (lime from an old building). The whole should be passed through a half inch sieve. In potting do not cover the graft, nor pot too firmly. Pinch out the points

of the shoots when six inches long, and laterals will be produced from buds just above the graft. Being a desert plant copious watering should be avoided. In order to ascertain the approximate amount of moisture in the soil tap the pot with the knuckle, if a dull sound is heard water is not required, if a sharp ring the reverse, do not err in affording too much water.

If pot plants are desired six inches is a convenient size for the final potting, but if intended for baskets they should be transferred from four's, three or four plants being placed in each basket during March or April. By June they will furnish the baskets nicely, and eventually produce shoots about four feet in length, covered with magnificent flowers. For bedding purposes the plants should be finally potted into five or six inch pots transferred to cold frames after danger of frost is past, thence planted out in position to which full sunshine has access, during June. Small plants for bedding may also be obtained by grafting in January.

In summer a cool greenhouse temperature will suit the *Clianthus*, but in winter the temperature should not fall below 45 deg. Fahrenheit. An atmosphere dry and free from draughts is essential to prevent the attacks of "Mildew" to which the species is susceptible. During the second (that is one year after grafting) and subsequent winters the plants should be housed in the greenhouse with an average temperature of 55 deg. Fahrenheit, and watered very sparingly until they again show signs of growth in Spring.

Recommendations.—The conditions for experimental work being so favorable in the Queen Victoria Park, and the facilities for receiving and disseminating plants so excellent, I would suggest that you confer with the Park's Commission re the advisability of affiliation with the Dominion Experimental Station in Ottawa and the Ontario Agricultural Experiment Station at Guelph. The continually increasing number of enquiries regarding matters horticultural, render it necessary to find a way to place such information before the public, and while much has been given, much more would be possible with the co-operation of the above institutions. The "Canadian Horticulturist" affords an excellent medium through which information could be disseminated, and if the Editor were approached with a view to utilizing its columns and his sanction obtained the public would be brought close into touch with the sources of information.

HORTICULTURAL INSTRUCTION.

The classes in horticulture inaugurated during 1911 have undoubtedly been beneficial to the students of the high school, who availed themselves of the privilege. The boys have done excellent work, were interested in theory and practice, but more especially in the latter operations such as the planting and pruning of trees and shrubs, repotting of plants, propagation by various means, and planting of bulbs were performed. If, however, the instruction is to maintain a high standard and be thoroughly up to date it will be necessary to provide laboratories with the usual appliances and general equipment in connection with the greenhouses, as in winter the work is done under glass and facilities at present are not conducive to best results.

Syllabus of Course.—The following is a syllabus of the first year's course, which, being in the nature of an experiment had to be somewhat modified as conditions demanded, the outlined subjects were treated in an elementary manner, and presented in such a way as to be readily understood by the students.

Theory of the formation and chemical composition of soils.

The chemistry of manures.

Drainage, soil physics, and the capillary processes by which moisture rises in soils, and its conservation.

The formation of soluble plant foods, nitrification and putrification of substances in soils, and a discussion of the bacteria causing the changes. The effect of tillage upon soil.

How to improve soils of various kinds mechanically and otherwise. How to conserve soluble plant foods.

The theory of seed germination and rules for sowing seeds. Preparation of the seed bed.

The theory of budding and grafting with a description of the various fruit and other stocks and scions, and practical demonstrations.

A description of the various kinds of florist flowers, such as carnations, violets, roses, etc., under glass and out of doors, the soils and temperatures most suitable for their culture.

The choice of subjects suitable for landscape design and the manner in which they should be arranged.

The morphology, physiology and anatomy of plants. The manner in which they absorb and assimilate food materials.

The structure of flowers and seeds, and a discussion of the various means by which flowers are pollinated with a view to the production of seeds true to type.

What is a weed? The methods of eradicating noxious weeds of all kinds.

The culture of fruits and vegetables out doors, and methods of forcing.

Respectively submitted,

H. J. MOORE,
Chief Gardener.

10 EDWARD VII, CHAPTER 21. 1910.

An Act respecting The Queen Victoria Niagara
Falls Park

HIS MAJESTY, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

1. This Act may be cited as "*The Queen Victoria Niagara Falls Park Act.*" R.S.O. 1897, c. 45, s. 1. Short title.

2.—(1) The Lieutenant-Governor in Council may appoint a Board of Commissioners composed of not less than five persons, which board shall be a corporation by the name of "The Commissioners for the Queen Victoria Niagara Falls Park." Board of Commissioners.

(2) The members of the board shall hold office during pleasure.

(3) The Commissioners shall receive their actual disbursements, but no compensation. R.S.O., 1897, c. 45, s. 2.

PART I.

QUEEN VICTORIA NIAGARA FALLS PARK.

3.—(1) The lands in the vicinity of Niagara Falls selected by the Commissioners and approved by the Lieutenant-Governor in Council, whereof the boundaries as surveyed upon the ground are shown by a red verge line marked upon a map, whereof copies duly certified and authenticated are filed and deposited in the office of the Registrar of the County of Welland and in the Department of Lands, Forests and Mines, excepting thereout the strip of land, lying between Range No. 6, as laid down in the plan of the City of the Falls, in the Township of Stamford, on the north, and by Street's Mill Road and the lands held by the Carmelite Monastery on the south, the easterly boundary whereof is at a distance of 130 feet east of the centre line of the Canada Southern Railway, and the westerly boundary whereof is the westerly line of the Park as marked upon the said map, shall constitute "The Queen Victoria Niagara Falls Park" and shall be vested in the said Corporation as trustees for the Province. Boundaries of park.

(2) Until the municipal corporation otherwise enacts by by-law passed in compliance with section 632 of *The Consolidated Municipal Act, 1903*, Robinson and Murray streets shall be public entrances to the Park for visitors in carriages, or on horses, or on foot. R.S.O. 1897, c. 45, s. 3. 3 Edw. VII.
c. 19.

4. The lands lying along the bank of the Niagara river, and not included in the original survey of lots laid out in the Townships of Stamford and Niagara, which have by order of the Lieutenant-Governor Lands along river bank.

in Council been vested in the Commissioners to be held for the purposes of the Park, and commonly known as "The Chain Reservation," shall form part of the Park and be subject to the control of the Commissioners as other lands within the boundaries of the Park. R.S.O. 1897, c. 45, s. 4.

Foreshores and part of bed of Niagara River may be vested in Commissioners.

5. The Lieutenant-Governor in Council may also vest in the Commissioners, to be held for the purposes of the Park and subject to any conditions which may be imposed by order in Council, any portions of the foreshores or bed of the River Niagara or lands covered with water in the River Niagara, which lie in front of the lands vested in the Commissioners by section 3, and which at the time of the Order in Council are the property of Ontario, and the foreshores, bed of the river and lands so vested shall thenceforth form part of the Park and be subject to the control of the Commissioners as other Park lands. R.S.O. 1897, c. 45, s. 5.

Rights of proprietors of road vested in Commissioners.

6.—(1) The rights, title, possession and franchises which were held and exercised by the St. Catharines, Thorold, and Niagara Falls Road Company, or by the persons having the title, interest and possessory rights thereof in respect of that portion of the St. Catharines, Thorold, and Niagara Falls Road, between the Table Rock and Niagara Falls Suspension Bridge on lot 92 of Stamford are also vested in the Commissioners.

(2) All rights to take and collect tolls, as well as the public rights in the portion of the St. Catharines, Thorold, and Niagara Falls Road, within the limits of the Park, as shown upon the said plan, are extinguished. R.S.O. 1897, c. 45, s. 6.

Commissioners may construct street railway.

7. The Commissioners shall have power to construct and operate a street railway over the said road and may build the same to any points or lands vested in the Commissioners and tolls on any such railway may be charged as provided by sections 13 and 15. R.S.O. 1897, c. 45, s. 7.

Powers of expropriation.

8. The Commissioners shall have power to expropriate, in accordance with section 10 the interest of any person in any land lying between the river and the road built on the Chain Reservation, and vested in the Commissioners under the authority of this or any other Act. R.S.O. 1897, c. 45, s. 8.

Power to acquire lands for approaches, roads, etc.

9.—(1) The Commissioners with the consent of the Lieutenant-Governor in Council may enter upon, take, use or acquire such lands, tenements and rights as they think expedient to be acquired for the purpose of making, forming and completing any new roads, avenues or approaches to the Park, but, except where the lands, tenements, or rights to be acquired are for the purpose of opening or widening a highway, the Commissioners shall not take any land for the purpose aforesaid without the consent of the parties interested therein. R.S.O. 1897, c. 45, s. 9 (1); 4 Edw. VII. c. 10, s. 9 (1).

(2) A highway so opened or widened shall not be used or occupied as a stand by vehicles kept for hire, or by booths or stands for the sale of newspapers or photographs, or for the carrying on of a refreshment business or the like. 4 Edw. VII. c. 10, s. 9 (2).

(The following section is substituted for s. 10 of the Revised Statute. It is taken from *The Hydro-Electric Power Act of 1907.*)

10.—(1) Whenever the Commissioners are authorized by the Lieutenant-Governor in Council to enter upon, take, use or acquire any lands, tenements or rights under the provisions of sections 8, 9 or 12, the Commissioners, in respect thereof shall have the powers and shall proceed in the manner provided by *The Ontario Public Works Act* where the Minister of Public Works takes land or property for the use of the Province, and the provisions of that Act shall *mutatis mutandis* apply. See 7 Edw. VII. c. 19, s. 9. Procedure to acquire land, etc.

(2) The compulsory powers conferred by this Act shall extend to lands, works, rights, powers, privileges and property notwithstanding that the same are or may be deemed to be devoted to the public use or that the owner thereof possesses the power to take lands compulsorily. See 7 Edw. VII. c. 19, s. 10.

11.—(1) The debentures, amounting to \$525,000, issued by the Commissioners under the authority of *The Queen Victoria Niagara Falls Park Act, 1887*, and countersigned by the Treasurer of the Province and guaranteed by Order in Council shall, equally and without preference of one over another, be a charge on all the revenues of the Corporation, and subject thereto the further issue amounting to \$75,000, subsequently issued by the Commissioners under the authority of *The Act respecting the Queen Victoria Niagara Falls Park*, passed in the fifty-seventh year of the reign of Her late Majesty Queen Victoria, countersigned and guaranteed as aforesaid, shall also equally and without preference of one over another, be a charge on the said revenues. Issues of debentures authorized. 50 V. c. 13. 57 V. c. 13.

(2) The debentures being so issued and countersigned shall be conclusive of the same having been issued in pursuance of the said Acts, and of the same being guaranteed by the Province of Ontario.

(3) The debentures and the coupons for interest annexed thereto shall be transferable by delivery. R.S.O. 1897, c. 45, s. 11.

12.—(1) Subject to the debentures issued and secured under section 11 in the order of charge thereby enacted the Commissioners may, with the approval of the Lieutenant-Governor in Council, issue further debentures to an amount not exceeding in all \$300,000 for improvements and the appropriation and application of the proceeds, the form and effect of the debentures, their payment with interest, as also the security guarantee and negotiability thereof shall be as provided by section 11 with respect to the debentures therein mentioned. 8 Edw. VII. c. 29, s. 1; 9 Edw. VII. c. 24, s. 2. Further issue of debentures for \$300,000.

Applications
of proceeds
of further
issue.

(2) The proceeds of the further debentures mentioned in subsection 1 shall be applied by the Commissioners primarily towards the preservation of the bank of the Niagara River, between Fort Erie and the southerly boundary of the Park proper against erosion, wash or other action by nature affecting or which may affect the same, and the construction of an esplanade on and along the said bank for public purposes and of such width as may be determined and for the purchase of such land as may be necessary or the acquisition thereof by expropriation in accordance with the powers exercisable by the Commissioners under this Act. The holders of the debentures shall not be required to see to the application of the said proceeds. 8 Edw. VII. c. 29, s. 2 (1).

(3) A plan and survey shall be made of the lands which the Commissioners propose to purchase, take or acquire under the powers conferred by subsection 2.

(4) The plan shall be approved and certified by the Commissioners who shall keep one copy thereof on file in their office and a duplicate shall be deposited in the office of the Minister of Public Works.

(5) If any alterations in the plan or survey of the land proposed to be taken are deemed advisable to be made, the Commissioners may make the same and a plan in duplicate showing such alterations on the same scale and containing the same particulars as the original plan and survey shall be deposited and kept in the same manner as the original plan and survey.

(6) A copy of any such plan or survey, certified by the Chairman, under the corporate seal of the Commissioners, shall be evidence that the original thereof was deposited at the time certified thereon and shall be prima facie proof of the original so deposited and that the same was signed, certified or otherwise approved of by the Commissioners in the manner in which the same purports to be signed and certified and that the same was prepared and approved by the Commissioners. See 6 Edw. VII. c. 30, s. 59, ss. (2), (3), (8), (12), (*The Ontario Railway Act*, 1906).

Powers of
Commis-
sioners.

13.—(1) Subject to any direction of the Lieutenant-Governor in Council, the Commissioners may

- (a) Construct and operate inclined planes and hydraulic or other lifts, to be worked by any power; and may build and operate boats or vessels to be used in connection with the Park;
- (b) Pull down all houses and other erections and buildings on lands acquired and purchased by the authority of this Act, or such of them or such part thereof as they shall think proper to be pulled down, and may level and clear the ground whereon the same stand, in such manner as they

think proper, and sell the materials of the houses and other buildings to be taken down and removed; and the moneys to be produced by the sale thereof, after deducting expenses, and also the rents and profits to which they may be entitled meantime, shall be applied in carrying out the purposes of this Act;

(c) Lay out, plant and enclose the Park in such manner as they think fit, and improve and develop the same in accordance with the objects of this Act;

(d) Take and collect tolls for the use of constructions, appliances, vessels or works required to afford facilities to visitors to reach and view the points of interest within the Park, and involving the expenditure of money in construction and maintenance, as well as for services to be rendered for the convenience or accommodation of visitors:

(e) Make orders and regulations for opening and closing the gates and entrances of the Park, at such hours as they think fit, but so as not to interfere with, or affect, an agreement heretofore entered into between the Commissioners and the Canada Southern Railway Company. R.S.O. 1897, c. 45, s. 12.

14. All works or lands whereon any expenditure is authorized in pursuance of this Act shall be deemed and are declared to be ^{Park to be a Public} Public ^{Work.} Works of Ontario notwithstanding that they are in the care or charge of the Commissioners. 9 Edw. VII. c. 24, s. 3, *part*.

15. No by-law, plan of works proposed, tariff of toll or payment for the use of works, vessels or services, shall be acted upon until ^{Plans, tolls and by-laws} approved by the Lieutenant-Governor in Council. R.S.O. 1897, c. 45, ^{subject to approval of} Lieutenant-Governor. s. 13.

16. The Park Grounds shall be open to the public, subject to any rules and regulations as to management approved by the Lieutenant-Governor in Council. R.S.O. 1897, c. 45, s. 14. ^{Grounds open to public.}

17.—(1) Subject to the approval of the Lieutenant-Governor in Council, the Commissioners may make by-laws for the use, government, control and management of the Park, and for the protection and preservation of all works of the same from injury, and of the trees, shrubs, walks, seats, gates, fences and palings and all other parts thereof, and for the exclusion of improper persons from the same, and may by any such by-law impose a penalty, not exceeding \$20, for any breach thereof. R.S.O. 1897, c. 45, s. 15, *part*. ^{Powers of Commissioners as to by-laws.}

(2) Any offence against any such by-law shall be punishable upon summary conviction under *The Ontario Summary Convictions Act*, 8 Edw. VII. c. 29, s. 4. ^{Offences against by-laws.} 10 Edw. VII. c. 37.

Park officers **18.**—(1) The Commissioners may appoint such officers as may be required for the superintendence and management of the Park, and may also appoint Park keepers and other officers to preserve order in the Park, and may dismiss any persons so appointed.

(2) Such appointments or dismissals shall be subject to the approval of the Lieutenant-Governor in Council.

(3) The salaries of such officers shall be payable out of any funds in the hands of the Commissioners.

Gardeners and workmen.

(4) The Commissioners may employ gardeners and workmen, as they may deem necessary, and may dismiss or dispense with the services of such persons, subject to any directions of the Lieutenant-Governor in Council. R.S.O. 1897, c. 45, s. 15, *part*.

Books of account to be kept.

19. The Commissioners shall cause books to be provided and true and regular accounts to be entered therein of all moneys received and paid, and of the several purposes for which the same were received and paid; and such books shall at all times be open to the inspection of any of the Commissioners, and of the Treasurer of Ontario, and of any person appointed by the Commissioners or Treasurer for that purpose and of any other person appointed by the Lieutenant-Governor; and any Commissioner and any such person may take copies of or extracts from such books. R.S.O. 1897, c. 45, s. 15.

Securities for moneys.
9 Edw. VII. c. 5.

20. Any person entrusted by the Commissioners with the custody or control of money by virtue of his employment shall give security in the manner and form provided by *The Public Officers Act*. R.S.O. 1897, c. 45, s. 15, *part*.

Revenue and rental payable by certain Power Companies.

21. (1) The revenues and rentals payable or collectable under the several agreements made by and between the Commissioners acting on their own behalf and with the approval of the Government of the Province of Ontario and the Canadian Niagara Power Company, the Ontario Power Company of Niagara Falls and the Electrical Development Company of Ontario, Limited, shall be applied:—

(a) To the payment half-yearly of the interest payable on the debentures issued by the Commissioners, namely, such as are described in section 11, and such as have been issued or are issuable under section 12, in all \$900,000;

(b) To provide a sinking fund at the rate of one per cent. per annum on the entire amount of the debentures.

(2) The application of the sinking fund in respect of such debentures shall be as provided by section 23. 9 Edw. VII. c. 24, s. 5.

22. Subject to any direction or order of the Lieutenant-Governor in Council, and to the provisions of this Act, the Commissioners may continue to collect the revenues and rentals in the next preceding section mentioned, and for the years, 1910, 1911 and 1912 and shall apply the same in accordance with the provisions of that section. 9 Edw. VII. c. 24, s. 6. ^{Collection and application thereof.}

23. The revenue received from the sources authorized by this Act and any excess of revenue received under the next two preceding sections shall be applied as follows:— ^{Application of revenue.}

1st. To the necessary outgoing expenses of all works necessary to the preservation, improvement, and maintenance of the Park, and to the payment of the salaries of the officers and others employed by the Commissioners, and other incidental expenses.

2nd. To the payment half-yearly of the interest payable on the debentures issued by the Commissioners.

3rd. To provide a sinking fund at the rate of one per cent. per annum on the entire amount of the debentures issued as aforesaid. R.S.O. 1897, c. 45, s. 16.

24. The annual sums for the sinking fund shall be remitted by the Commissioners to the Treasurer of Ontario by half-yearly payments in such manner as the Lieutenant-Governor in Council may direct. R.S.O. 1897, c. 45, s. 17. ^{Application of sinking fund.}

25.—(1) The Commissioners shall make an annual report for the information of the Legislature, setting forth the receipts and expenditure of the year and such other matters as may appear to them to be of public interest in relation to the Park, or as the Lieutenant-Governor in Council may direct. ^{Annual report and accounts.}

(2) Sections 11 and 29 to 31 of *The Audit Act* shall apply to the accounts of the Commissioners in respect of receipts and expenditures. R.S.O. 1897, c. 45, s. 18. ^{8 Edw. VII. c. 9, ss. 11, 29-31 to apply.}

26.—(1) The Commissioners may empower the Clifton Suspension Bridge Company to operate their cars by any power, except steam, to and from their bridge across the Chain Reservation, subject to any order of the Board of Railway Commissioners of Canada in that behalf and subject to the rights if any of the Niagara Falls Park and River Railway Company, and to the terms of any agreement made with such company. ^{Operating cars across the Clifton Suspension Bridge.}

(2) Any agreement between the Commissioners and the Clifton Suspension Bridge Company heretofore made which, if made hereafter would be authorized by this section, is confirmed as if made after the passing of this Act. R.S.O. 1897, c. 45, s. 22.

Granting rights over lands to bridge companies.

27. Subject to the approval of the Lieutenant-Governor in Council, the Commissioners may, upon terms to be agreed on, grant to the Clifton Suspension Bridge Company, or any other duly incorporated bridge company, the rights over or in respect of lands held by the Commissioners which may be required for the purposes of building any new bridge over the Niagara river, or of confirming the present occupation of land by any bridge company now existing, but this shall not authorize the granting of any rights for the purpose in this section mentioned, through the lands vested in the Commissioners by section 3. R.S.O. 1897, c. 45, s. 23.

Rights not to be granted in Park proper.

28. Subject to the approval of the Lieutenant-Governor in Council, the Commissioners may grant to the Clifton Suspension Bridge Company a strip of Land from the Chain Reservation along the Niagara River and abutting the lands in occupation of the Company. R.S.O. 1897, c. 45, s. 24.

Commissioners empowered to grant strip to Clifton Suspension Bridge Company.

Agreement for surrender of powers of Canadian Niagara Power Company.

29. The Commissioners with the approval of the Lieutenant-Governor in Council and the Canadian Niagara Power Company may enter into an agreement for the surrender and abandonment of the sole or exclusive right to use the waters of the Niagara River within the limits of the Park granted by the agreement bearing date the seventh day of April, 1892, and set out in Chapter 8 of the Statutes of Ontario, 1892, upon such terms and conditions as to abatement of rent, the extension of time for the completion of the contract under the agreement or any variation of such contract and for other purposes in connection therewith as may to the Commissioners and the Lieutenant-Governor in Council appear to be necessary or in the public interest, and any such agreement so entered into shall be binding and effectual according to its terms. 62 V. (2), c. 11, s. 35.

Agreements with other companies.

30. The Commissioners with the approval of the Lieutenant-Governor in Council may enter into an agreement or agreements with any person or corporation to take water from the Niagara River or from the Niagara and Welland Rivers at certain points within or without the Park for the purpose of enabling such person or corporation to generate within or without the Park electricity, pneumatic, hydraulic or other power, conducting and discharging such water through and across the Park or otherwise, in such manner, for such rental and upon such terms and conditions as may be embodied in the agreement, and as may appear to the Lieutenant-Governor in Council to be in the public interest, including provisions for the removal or demolition of any houses, buildings or structures and the re-erection of the same, or the erection of other houses, buildings or structures instead thereof; but no such agreement shall be operative unless and until ratified and confirmed by resolution of the Assembly. 62 V. (2), c. 11, s. 36; 3 Edw. VII. c. 7, s. 52.

31. Any expenditure which the Commissioners may have made or incurred under or in pursuance of section 14 of the Act passed in the third year of His Majesty's reign, Chaptered 6, intituled *An Act providing for the Construction of Works of Improvement along the Bank of the Upper Niagara River*, shall be discharged by the application of money to be raised on the debentures authorized under this Act as the Lieutenant-Governor in Council may determine. 8 Edw. VII., c. 29, s. 3, *in part*.

Expenditure made under 3 Edw. VII. c. 6, may be met out of debentures issued under this Act.

PART II.

BUTLER'S BURYING GROUND.

32.—(1) The Commissioners shall have power to acquire the land set apart as a burying ground, wherein the remains of Colonel John Butler and other officers and men of the corps known as Butler's Rangers, were interred, and described as:

Power to acquire Butler's burying ground.

All that certain parcel or tract of land situate in the township of Niagara, in the county of Lincoln, containing two rods and thirty-six perches, more or less, and being part of a certain tract of land containing one hundred and fifteen acres, more or less, granted by patent from the Crown, bearing date the fifth day of February, one thousand eight hundred and three, to one Andrew Butler, gentleman, and described as follows:—Commencing in survey at the distance of eighty-six chains from what is called the Mile tree on the Garrison Line, on a course bearing north seventeen degrees west and which said two rods and thirty-six perches are butted and bounded or may be otherwise known as follows, that is to say, commencing at a stone monument marked G.Y., at the southeast angle of the graveyard, thence north eight degrees forty minutes east two chains, thence north forty-nine degrees west along the bottom of the hill two chains, thence south seventy-one degrees west one chain seventeen links, thence south ten degrees west three chains fifty links, thence north seventy degrees east one chain sixty-one links to the place of beginning.

(2) Where the boundaries of such lands have become obliterated the Commissioners shall have power to acquire such parcels of land as they shall determine with the aid of an Ontario Land Surveyor to be identical or as nearly as may be identical with such burying ground.

(3) The Commissioners shall have power to acquire roadways not exceeding 40 feet in width from any of the roads in the neighbourhood of the burying ground.

And roadways.

(4) Upon acquiring such land, or any part thereof, from any person now in possession of the same or of any part thereof, claiming title by prescription or by conveyance from a person claiming title by prescription, and shewing such title to the satisfaction of the Commissioners, a valid title to such land shall be vested in the Commissioners.

(5) With the consent of the Lieutenant-Governor in Council, the Commissioners may acquire other adjacent lands.

Other adjacent lands.

(6) The Commissioners in respect of such lands and ways shall have powers for the acquisition, management, control and improvement thereof similar to those conferred by Part I. 7 Edw. VII. c. 21, ss. 1-4.

General powers in relation thereto.

Rights of
interments
not affected.

33. Nothing in the next preceding section shall authorize the interference with any existing right to inter the body of any deceased person in such burying ground, nor shall anything herein confer the right to remove any body there interred, but, subject to the provisions of this section, the Commissioners shall have the right to enter upon, put in order, maintain and keep in repair such burying ground. 7 Edw. VII., c. 21, s. 5.

PART III.

LUNDY'S LANE CEMETERY.

Drummond
Hill Bury-
ing Ground
vested in
Commission.

34.—(1) The interest of the Crown in the lands set apart as a burying ground and sometimes known as Drummond Hill Burying Ground, is hereby vested in the Commissioners, which said lands are particularly described as follows:—

All and singular that certain parcel or tract of land and premises situate, lying and being in the City of Niagara Falls, in the County of Welland, and being composed of Lot No. 6, on the south side of Lundy's Lane, between Victoria Street and Main Street and Lot No. "C" in the rear thereof, both being known as part or parcel of the Drummond Hill Burying Ground and shown upon plan No. 653 registered for the Village of Niagara Falls, and which may be better described as follows, that is to say:—Commencing at the north-west corner of said Lot No. 6, thence southerly and along the westerly limit of said lots Nos. 6 and "C" four hundred and forty feet ten and one-half inches, more or less, to the south-west corner of said lot "C," thence easterly along the south limit of said lot "C" three hundred and six feet eleven inches, more or less, to the south-east corner of said lot "C," thence northerly along the east limit of said lots "C" and 6, four hundred and forty feet ten and one-half inches, more or less, to the south side of Lundy's Lane, and thence westerly along the said south side of Lundy's Lane three hundred and six feet eleven inches, more or less, to the place of beginning.

(2) The commissioners in respect of such land shall have powers for the management, control and improvement thereof similar to those conferred by Part I.

Existing
rights as
to burial
preserved.

35. Nothing in the next preceding section shall authorize the interference with any existing right to inter the body of any deceased person in such burying ground, nor shall anything herein confer the right to remove any body there interred, but, subject to the provisions of this section, the commissioners shall have the right to enter upon, put in order, maintain and keep in repair such burying ground.

PART IV.

REPEAL.

Rev. stat.,
c. 45
repealed.

36. Chapter 45 of the Revised Statutes, 1897, and all amendments thereto except section 4 of the Act passed in the ninth year of His Majesty's reign, chaptered 24, and Chapter 21 of the Act passed in the seventh year of His Majesty's reign, are repealed.

2 GEO. V, CHAPTER 17, SECTION 9. 1912.

9. *The Queen Victoria Niagara Falls Park Act* is amended by^{10 Edw. VII. c. 21.} inserting the following section immediately after Section 34 as 34a:—

34a.—(1) The interest of the Crown in the following lands is hereby^{Part of} vested in the Commissioners:—“All and singular that certain parcel of^{Lundy's} tract of land and premises situate, lying and being in the City (formerly^{Lane Battle} the Village) of Niagara Falls, in the County of Welland, and being^{Ground} composed of that part of Lot Number Five (5) on the East side of^{Cemetery} Victoria Street or Concession Road between Lundy's Lane and Barker Street, as shown upon Plan No. 653, registered for the said Village of^{vested in} Niagara Falls, being part of The Drummond Hill Lundy's Lane Battle^{Commission.} Ground Cemetery, which may be more particularly described as follows: Commencing at the South East corner of the Presbyterian Church Property, being also the North East corner of said Lot 5, thence Westerly along the Southern limit of the said Presbyterian Church property One Hundred and Sixty-seven feet seven and one-half inches more or less to the South West corner of the said Church lands, thence southerly and parallel with Victoria Street Two Hundred and Fifty-nine feet ten and one-half inches more or less to the lands of William Dart, being the Southern boundary of said Lot 5, thence Easterly in the said Southern boundary of Lot 5, One Hundred and Sixty-seven feet seven and one-half inches to the lands heretofore conveyed by the parties of the First part to His Majesty the King, and thence Northerly along the Western limit of the lands so conveyed to His Majesty the King Two Hundred and Fifty-nine feet ten and one-half inches, more or less, to the place of beginning.”

(2) The Commissioners in respect of such land shall have powers for the management, control and improvement thereof similar to those conferred by Part 1.

3 GEO. V, CHAPTER . . 1913.

An Act to amend The Queen Victoria Niagara Falls
Park Act.

HIS MAJESTY by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

10 Edw. VII.
c. 21, s. 21,
subs. 2.

1. Subsection 2 of section 21 of *The Queen Victoria Niagara Falls Park Act* is amended by striking out the figures "23," in the second line and substituting therefor the figures "24."

10 Edw. VII.
c. 21, s. 22,
amended.

2. Section 22 of the said Act is amended by inserting after the figures "1912" in the fifth line the words and figures "1913, 1914 and 1915, 1916 and 1917."

10 Edw. VII.
c. 21, s. 22.

3. The said section is further amended by adding thereto the following section:—

Estimates
to be
approved
of by
Lieutenant-
Governor
in Council.

23a. Before any expenditure on capital account is made out of such revenues and rentals in respect of any works within the Park or on premises under the control of the Commissioners, the estimates therefor shall be submitted to and approved of by the Lieutenant-Governor in Council.

10 Edw. VII.
c. 21,
amended.

4. The said Act is amended by adding the following section:—

Appropriation
of
certain
revenues.

23b. All revenues and rentals which are not required for the purposes set out in sections 21 and 23, shall on or before the first of July in each year be paid over by the Commissioners to the Treasurer of Ontario, and shall form part of the Consolidated Revenue Fund of Ontario.

AGREEMENT WITH CANADIAN NIAGARA POWER COMPANY.

THIS AGREEMENT made this 21st day of November, 1912.

BETWEEN :

The Commissioners for the Queen Victoria Niagara Falls Park, acting herein on their own behalf, and with the approval of the Government of Ontario, and hereinafter called "The Commissioners," of the first part;

and

Canadian Niagara Power Company, hereinafter called "The Company," of the second part.

Whereas, under and by virtue of certain Agreements heretofore made by and between the parties hereto, and of certain Acts of the Legislature, which Agreements and Acts are set forth in the Schedule hereto, certain rights were granted to the Company as in the said Agreements and Acts are more particularly set forth.

And Whereas the Company proposes certain changes in the intake portion of its development, made desirable by ice conditions, which changes with plan and specifications have been submitted to the Commissioners for their consideration, and which changes the Company alleges are not designed to increase the amount of water which the Company under its Agreements is already authorized to abstract from the River for the purpose of generating electricity, the said changes being as follows:—

1. Construction of an improved ice shield at the entrance of the Intake, to prevent as far as possible the entrance of ice into the Intake.

(a) By deflecting ice from the Intake, and

(b) By decreasing the velocity and regulating the flow of water into the Intake with means and appliances for controlling the water entering into the forebay.

2. An opening between the River and the up-stream end of the forebay whereby a current will be created to carry to the ice sluiceway such ice as may have passed through the ice shield, two pair of underground conduits each to be not more than twenty-two (22) feet in width measured internally.

3. A submerged weir (to be constructed of irregularly sunken rock or cement blocks according to plans and specifications which shall be submitted to and have received the approval of the Commissioners for the Park, and also shall have been submitted to the Canadian Section of the International Waterways Commission, and shall not have been disapproved by them) extending into the River from the downstream end of the Ice Shield, (in order to raise the level of the water in the forebay and so maintaining at all times a sufficient flow through the ice sluiceway as it now exists and so discharge into the river ice which otherwise would accumulate in the forebay).

These Presents Witness that the Commissioners hereby signify their approval of changes Nos. 1, 2 and 3, respectively set forth above according to the plan and specifications attached to these Presents of which they are to form a part identified by the signature of A. Monro Grier of the Canadian Niagara Power Company and by the signature of John W. Langmuir, Chairman of the Commissioners for the Queen Victoria Niagara Falls Park, but such approval so far as change No. 3 is concerned, is subject to the consideration of the Commissioners

of the Canadian Section of the International Waterways Commission, and shall not take effect if they notify their disapproval.

And these Presents further Witness that in respect of all matters provided by these Presents, and of all acts done, executed or performed, or to be done, executed, or performed hereunder, and of all works to be done, executed, or performed by the Company in pursuance of the rights or powers hereby conferred or intended so to be, the same shall be subject to the same provisions and indemnities of the Commissioners by the Company, and to the same control of the Commissioners (where such at present exists under the said Agreements), and to the same limitations (including therein the same tenure in respect of the said works) as now exist in respect of works already created and existing, so that in respect of the conditions, licenses or privileges now conferred, the same shall be as if they had been created or granted by or had been a part of the matters included in the matters comprised in the several Agreements and Acts set forth in the Schedule hereto.

And these Presents further Witness in respect of change No. 3 described above that the work covered thereby shall be commenced in the easterly bed of the River within the Canadian boundary line, and if found on such experiment to produce results satisfactory to the Commissioners for the Queen Victoria Niagara Falls Park, the work may be proceeded with to completion according to the plans and specifications approved or to be approved from time to time by the Commissioners, but if the turbulent state or condition of the water surface as presented now (that is to say before the sunken weir or any part thereof be deposited or sunken as above provided) shall in the opinion of the Commissioners be altered or affected prejudicially, all work upon the proposed submerged weir shall be stopped at once, and the license to deposit the said rocks or cement blocks as given or granted by the Commissioners to the Company or as may be inferred from these presents, shall be revoked as a consequence of the disapproval by the Commissioners as hereinbefore provided, unless and until the Commissioners shall notify the Company that the work may be proceeded with upon a changed or modified plan and so on from time to time the cessation or the resumption of the work being always under the control of the Commissioners. The opinion of the Commissioners from time to time shall be final and any Resolution of the Board of the said Commissioners containing their opinion in writing communicated to the Company shall be notice to the Company of the Commissioners' decision.

And the Company covenants with the Commissioners that it will carry into effect, observe, perform and fulfil all the provisions and stipulations on its part contained herein, and that any works to be constructed under these Presents shall be constructed in accordance with the provisions hereof.

It is hereby understood and agreed that (a) in the event of the disapproval by the Commissioners during the progress of the said change No. 3 of the experiment of sinking the rocks or cement blocks or of the formation of the submerged weir as far as it has been constructed or attempted to be constructed, or (b) if in the opinion of the Commissioners the said works are disappointing, and the Commissioners direct or order the stoppage of all work relating to the said weir, or on or about the same, or (c) if the approval of the Commissioners has not been obtained as prescribed by these presents, and the Company disregards the order to stop or any direction relating to the said weir or any part thereof, and the Commissioners take or institute proceedings by reason of the disregard of the said order to stop, or of any directions of the Commissioners relating to the work,

the Company in any proceedings in any court of competent jurisdiction may be enjoined against proceeding with any works or acts to which the assent or approval of the Commissioners shall not have been obtained, or with any works or acts of which their approval had been obtained, if the Commissioners disapprove of the manner in which the work is being carried out or of the result as it then may appear, and it is agreed and conceded that the opinion of the Commissioners and their disapproval shall be taken as final on the matter which the Commissioners shall have decided in the premises.

In witness whereof the corporate seal of the Commissioners has been affixed to these Presents by the Chairman, who has signed the same, and the Company has affixed hereto its corporate seal under the hand of A. Monro Grier, Vice-President and Secretary.

RESOLUTION.

At a meeting of the Board of Directors of the Canadian Niagara Power Company, held on the 20th day of September, 1912, the Agreement between the Commissioners for the Queen Victoria Niagara Falls Park of the first part, and Canadian Niagara Power Company of the second part, bearing date the 21st day of November, 1912, was produced, and read, and on motion, duly seconded, it was unanimously Resolved that the Agreement between the Commissioners for the Queen Victoria Niagara Falls Park acting therein on their own behalf and with the approval of the Government of Ontario, and the Canadian Niagara Power Company, submitted to this meeting, be and the same is hereby approved and adopted, and Mr. A. Monro Grier, the Vice-President and Secretary of the Company is hereby authorized and directed to execute the same on behalf of this Company in triplicate by affixing the Corporate Seal of this Company thereto and to the plan and specifications attached to the said Agreement and forming a part thereof, and by signing the said Agreement and the said plan and specifications as such Vice-President and Secretary, and that when so executed the said Mr. Grier is authorized, empowered, and directed to make delivery thereof as the act and deed of this Company, and that the said agreement, plan and specifications be entered in full on the minutes of the meeting which is accordingly done below.

I, A. Monro Grier, Secretary of the Canadian Niagara Power Company hereby certify that the foregoing Resolution is a true copy of the Resolution passed at a meeting of the Board of Directors of said Company held on the 20th day of September, 1912.

A. MONRO GRIER,
Secretary.
(Seal.)

CANADIAN NIAGARA POWER COMPANY.

SPECIFICATIONS FOR PROPOSED INTAKE ALTERATIONS.

Niagara Falls, Ontario, April 24, 1912.

These specifications describe the character and extent of the alterations to its present intake which the Canadian Niagara Power Company proposes to make in and under the Queen Victoria Niagara Falls Park.

The contemplated alterations may be briefly described as follows:

1. The construction of an ice shield of masonry 390 feet long, to extend across the present inlet with its outer face parallel to and 150 feet distant from the

centre line of the bridge which now crosses the narrow portion of the intake. The said ice shield to be pierced below the water surface with a series of openings through which to enable the water to flow into the present forebay. Upon the completion of the above described ice shield, the present ice shield will be removed.

2. The construction of two pairs of underground conduits between the river and the upstream end of the present forebay. Each conduit to have a clear width of about 22 feet and a depth sufficient to efficiently conduct the water from the river to the existing forebay. The conduits to be made of substantial concrete masonry resting upon solid rock and completely buried beneath the surface of the Park. The entrance to the two pairs of conduits to be flared out to permit the efficient entrance of the water and to extend a distance of 290 feet upstream from the end of the ice shield described above. The entrance to be protected by a substantial masonry wall pierced below the water surface with a series of openings through which to enable the water to flow into the conduits. The wall to be back-filled and the filling graded off to suit the adjacent surface of the Park.

3. The submerged openings in the ice shield and in the entrance to the conduits as above described to be fitted with means of controlling the flow through each opening in order to partially shut off the inflow through the present intake and cause the water to flow through the underground conduits into the upper end of the present forebay.

4. At the point at the north end of the present forebay where the overflow into the present ice sluiceway is located, the corners of the masonry to be rounded off and right angle turns removed in order to facilitate the discharge of ice from the forebay into the sluiceway.

5. The construction of a submerged weir extending from the downstream end of the ice shield described above in paragraph (1), approximately at right angles to the direction of flow of the river, out to the shoals approximately 775 feet distant.

6. In all operations connected with the construction, proper precautions shall be exercised to prevent injury to persons and property and to prevent interruption to the passage of cars on the tracks of the Niagara Falls Park and River Railway.

7. Before excavating for the conduits, cofferdams shall be erected at the river shore about the site of the conduit entrance wall and across the south end of the existing forebay to exclude the water so that the work of constructing the conduits can be done in the dry. The space enclosed by the cofferdams shall be drained during construction through one of the unused turbine inlets into the wheelpit.

8. The construction for the masonry ice shield to be erected across the existing intake as described in paragraph (1) shall be carried out by means of cofferdams or pneumatic caissons.

9. Upon the completion of the work, the grounds disturbed by it shall be neatly graded and grass plots, roadways, and walks shall be put in condition equivalent to that in which they are now.

10. The alterations above described shall be carried out in accordance with attached drawing on linen, C. N. P. Co., No. D12328, entitled Plan F, General Arrangement of Proposed Intake Alterations, and dated April 24, 1912, or as the same may be modified by joint consent of the Commissioners of the Queen Victoria Niagara Falls Park and Canadian Niagara Power Company.

DETAILED REPORT

OF THE

Superintendent of Insurance

TRANSACTIONS FOR THE YEAR 1912.

PRINTED BY ORDER OF
THE LEGISLATIVE ASSEMBLY OF ONTARIO

TORONTO :

Printed and Published by L. K. CAMERON, Printer to the King's Most Excellent Majesty

1913

Printed By
WILLIAM BRIGGS
29-37 Richmond St. W
TORONTO

To His Honour Sir JOHN MORISON GIBSON, Knight Commander of the Most Distinguished Order of St. Michael and St. George, a Colonel in the Militia of Canada, etc., etc., Lieutenant-Governor of the Province of Ontario.

MAY IT PLEASE YOUR HONOUR:

The undersigned has the honour to present the Detailed Report of the Superintendent of Insurance for the year ended 31st December, 1912.

Respectfully submitted,

J. J. FOY,

Attorney-General.

TORONTO, 19th August, 1913.

PARLIAMENT BUILDINGS,

TORONTO, 18th August, 1913.

To the Honourable J. J. FOY, K.C., M.P.P., etc.,

Attorney-General.

Toronto.

SIR,—I have the honour to submit the accompanying reports respecting the various organizations constituted to undertake contracts of insurance, indemnity or guarantee in the Province of Ontario. Of these insurers the Ontario Insurance Act distinguishes the following divisions:

A. Registered Dominion Licensees: being Insurance Corporations, Companies or Underwriters operating under or by virtue of the Insurance Act of Canada and registered by the Province of Ontario, for the transaction of insurance in the Province.

B. Provincial Licensees: being Insurance Companies licensed, inspected and registered by the Province of Ontario, for the transaction of insurance therein.

Of these divisions, the Companies comprised in Division B (Provincial Licensees) are alone inspected by the Province, and are here reported on in the usual form and with the usual financial details pursuant to the provisions of the Ontario Insurance Act.

All of the Companies in Division A, except Ocean and Inland Marine Companies, make financial statements annually to the Dominion of Canada; and those statements, as revised by the Dominion Superintendent, can be found in the Superintendent's detailed Annual Report. The balance sheets, therefore, printed here, under Division A, are limited to those of Ocean and Inland Marine Companies.

In order to prevent unnecessary delay in publication, the two Divisions have been placed simultaneously in the printer's hands—the pages of the Divisions being distinguished by the Division letter prefixed. Division indexes have been inserted at the end of the volume. These indexes show the Companies standing registered at the dates therein mentioned.

I have the honour to be, Sir,

Your most obedient servant,

A. R. BOSWELL,

Superintendent of Insurance.

CONTENTS

DIVISION A.—Registered Dominion Licensees; being Insurance Corporations, Companies or Underwriters operating under the Insurance Act of Canada, and registered by the Province of Ontario, for the transaction of insurance in the Province:—

INDEXES:—

Index A: Dominion Licensees, standing registered at the 10th September, 1913, being Insurance Corporations, Companies or Underwriters operating under the Insurance Act of Canada and registered by the Province of Ontario for the transaction of insurance in the Province.

Index B: Provincial Licensees, standing registered at the 10th September, 1913, being Insurance Corporations licensed, inspected and registered by the Province of Ontario, for the transaction of insurance therein.

DIVISION A.

INSURANCE CORPORATIONS OR COMPANIES, OPERATING UNDER THE INSURANCE ACT OF CANADA, AND REGISTERED BY THE PROVINCE OF ONTARIO, FOR THE TRANSACTION OF INSURANCE IN THE PROVINCE.

DIVISION A.—INSURANCE CORPORATIONS OR COMPANIES, OPERATING UNDER THE INSURANCE ACT OF CANADA AND REGISTERED BY THE PROVINCE OF ONTARIO FOR THE TRANSACTION OF INSURANCE IN THE PROVINCE.

NOTE.—Reports heretofore made respecting such companies described fully their mode and place of incorporation; their statutory powers, duties, rights, and obligations; their internal organization; the relation of the members *inter se*; the liabilities of the members to the creditors of the Company; the kind or kinds of insurance for which the Company is registered in Ontario; and the extent to which assets of the Company have been deposited in various countries as special security for the policyholders of those several countries. In the present report, except in the case of new admissions to registry, it has not been considered necessary to set out all of these details. Where any change has occurred in the Company's powers or status, of which the Department of Insurance has had notice, the nature and extent of such change are indicated.

All the Companies in Division A, except Ocean Marine Companies (and since 4th May, 1910, Inland Marine Companies, see 9-10 Edward VII. (1910, c. 32 (D))), make financial statements annually to the Dominion of Canada; and those statements, as revised by the Dominion Superintendent, can be found in the Superintendent's Annual Report. The balance sheets, therefore, printed here, under Division A, are limited to those of Ocean and Inland Marine Companies.

The deposits of Companies in this division have been revised up to the 12th May, 1913.

DIVISION A.

ALLIANCE ASSURANCE COMPANY, LIMITED.

Register No. 4778.

Certificate of Registry 2591.

1. Head Office, London, England. Chief Agent and Attorney for Ontario, Alfred W. Smith, Toronto. Suits by or against the Company may be brought in the name of the Alliance Assurance Company, Limited.

2. The Company was originally constituted by deed of settlement dated the 4th August, 1824, under the name of the Alliance British and Foreign Life and Fire Assurance Company. The corporate name was changed to the Alliance Assurance Company, and the Company is now governed by the Act of the Imperial Parliament 49 and 50 Vict., chap. 74 (the Alliance Assurance Company's Act, 1886), and by the said deed as thereby altered. The Company was under the (Imperial) Companies Act, 1862 to 1900, registered as a Limited Company, 11th April, 1902.

3. *The members are related* as shareholders in a joint stock company with a capital of five million pounds, divided into 250,000 shares, each of the nominal amount of £20, on each of which the sum of £2 4s. is deemed to have been paid. The contracts of the Company contain a clause limiting the liabilities of the shareholders to the amount remaining unpaid on his or her share or shares; and see new paragraph 2 *supra*.

NOTE.—The clause above referred to is as follows: "Provided always that no member of the Company shall be liable for more than the unpaid portion of his share or shares in the Capital of the Company."

4. The Company is now authorized by license issued by the Dominion of Canada, bearing date the 31st day of March, 1913, and expiring on the 31st day of March, 1914, to transact Fire, Accident, Guarantee and Sickness Insurance. The Company is also registered under the Ontario Insurance Act to transact Ocean and Inland Marine Insurance.

5. *Deposited assets*.—Assets of the Company are deposited and held in Canada as special security for the policyholders therein as follows: Deposit accepted at the value of \$303,777, held by the Receiver-General of Canada.

CANADA LIFE ASSURANCE COMPANY.

Register No. 4680.

Certificate of Registry No. 2493.

DIRECTORS AND OFFICERS.

Directors.—Hon. George A. Cox, Toronto; Hon. R. Jaffray, Toronto; Adam Brown, Hamilton; E. W. Cox, Toronto; Alexander Bruce, K.C., Toronto; E. R. Wood, Toronto; Kenneth McKenzie, Winnipeg; J. H. Plummer, Toronto; Leighton McCarthy, K. C., Toronto; Robert Bickerdike, M.P., Montreal; Hon. J. A. Lougheed, Calgary, Alta.; Col. the Hon. John M. Gibson, K.C.M.G., Toronto; Duncan Coulson, Toronto; H. A. Richardson, Toronto; Robert Stuart, Chicago, Ill.

Officers:—Hon. George A. Cox, President, Toronto; J. H. Plummer, Vice-President Toronto; E. W. Cox, General Manager, Toronto; C. R. Acres, Secretary, Toronto.

1. Head Office, Toronto, Ont. Suits by or against the Company may be brought in the name of The Canada Life Assurance Company.

2. *The legislative enactments* by which the powers, duties, rights and obligations of the Company are now declared, defined, limited or governed, are the following: Province of Canada, 12 Vict., chap. 168, an Act to incorporate the Canada Life Assurance Company; Dominion of Canada, 42 Vict., chap. 71, an Act to amend the Act incorporating the Canada Life Insurance Company, 56 Vict., Chap. 76; Canada (1910) chap. 32, The Insurance Act.

3. *The members are related* as shareholders in an incorporated joint stock company and the liability of the members is limited to the amount of shares held by them.

4. The Company is now authorized by license issued by the Dominion of Canada bearing date 31st day of March, 1913, and expiring on the 31st day of March, 1914, to transact Life Insurance.

5. *Deposited assets*.—Assets of the Company are deposited and held in Canada as special security for the policyholders therein as follows: Deposit accepted at the value of \$57,950, held by the Government of Canada.

Recent legislation respecting the Canada Life Assurance Company was noted in the report of 1893; see also Statutes of Canada, 1899, 62-3 Vict., chap. 99; 1909 (D.), chap. 104, assented to 19th May, 1909.

ÆTNA LIFE INSURANCE COMPANY.

Register No. 4768.

Certificate of Registry No. 2581.

1. Head Office, Hartford, Conn. Chief Agent and Attorney for Ontario, T. Parkinson, Toronto. Suits by or against the Company may be brought in the name of the Ætina Life Insurance Company.

2. *The legislative enactments* by which the powers, duties, rights and obligations of the Company are now declared, defined or governed, are the following: State of Connecticut, 1878, an Act to amend the Charter of the Ætina Life Insurance Company of Hartford; State of Connecticut, 1882, amending the charter of the Ætina Life Insurance Company; State of Connecticut, 1883, amending the charter of the Ætina Life Insurance Company.

3. *The members are related* as shareholders in an incorporated stock company, and the liability of the members is limited to the amount of their capital stock. The amount of the capital stock is \$2,000,000.

4. The Company is now authorized by license issued by the Dominion of Canada bearing the date the 31st day of March, 1913, and expiring on the 31st day of March, 1914, to transact Life Insurance.

5. *Deposited assets*.—Assets of the Company are deposited and held in Canada as special security for the policyholders therein as follows: Those marked A are applicable solely to policies existing 31st March, 1878; those marked B to policies issued subsequently; Deposit accepted at the value of \$4,874,794, being \$100,000 (A), and \$4,774,794 (B).

THE STANDARD LIFE ASSURANCE COMPANY.

Register No. 4692.

Certificate of Registry No. 2505.

DIRECTORS AND OFFICERS.

Directors.—E. B. Greenshields, Montreal; H. V. Meredith, Montreal; E. T. Galt, Montreal; D. Forbes Angus, Montreal; C. B. Gordon, Montreal; F. W. Molson, Montreal.

Officers.—D. M. McGoun, Manager for Canada.

1. Head Office, Edinburgh, Scotland. Chief Agent and Attorney for Ontario, Frederick William Doran, Toronto. Suits by or against the Company may be brought in the name of the manager for the time being, or in the name of any three of the Directors for the time being of the said Company.

2. *The legislative enactments* by which the powers, duties, rights and obligations of the Company are now declared, defined or governed are the following: United Kingdom of Great Britain and Ireland, 2 Will. IV., chap. 81, Standard Life Assurance Company's Act, 1832; 8 and 9 Vict., chap. 75, Standard Life Assurance Company's Act, 1845; 22 and 23 Vict., chap. 27, Standard Life Assurance Company's Act, 1859; 44 Vict., chap. 26, Standard Life Assurance Company's Act, 1881; 54 Vict., chap. 6, Standard Life Assurance Company's Act, 1891. Province of Quebec, 51 and 52 Vict., chap. 120, an Act to authorize the Standard Life Assurance Company to sue and be sued, and to acquire and hold real estate under the name of the Standard Life Assurance Company. Province of Ontario, 53 Vict., chap. 106; R.S.O. 1897, c. 203; Dominion of Canada (1910), chap. 32, The Insurance Act.

3. *The members are related* as shareholders in an incorporated joint stock company with a capital of £500,000, divided into 10,000 shares of £50 each, of which £12 has been paid. The paid-up capital is thus £120,000, and the liability of the members is limited to the amount remaining unpaid upon the shares held by them, being £38 per share.

4. The Company is now authorized by license issued by the Dominion of Canada, bearing date the 31st day of March, 1913, and expiring on the 31st day of March, 1914, to transact Life Insurance.

5. *Deposited assets.*—Assets of the Company are deposited and held in Canada as special security for the policyholders therein as follows: Deposits accepted at the value of \$6,264,184, being \$133,622 Life A, and \$6,130,562 Life B; also \$2,006,649 vested in Canadian Trustees under the Insurance Act.

COMMERCIAL UNION ASSURANCE COMPANY (LIMITED).

Register No. 4807.

Certificate of Registry No. 2620.

1. Head Office, London, England. Chief Agent and Attorney for Ontario, Geo. Ross Hargraft, Toronto. Suits by or against the Company may be brought in the name of the Commercial Union Assurance Company (Limited).

2. *The legislative enactments* by which the powers, duties, rights and obligations of the Company are now declared, defined or governed are the following: *Public General Acts of the United Kingdom*: 25 and 26 Vict., chap. 89, The Companies Act, 1862; 27 Vict., chap. 19, The Companies' Seal Act, 1864; 30 and 31 Vict., chap. 131, The Companies' Act, 1867; 33 and 34 Vict., chap. 104, The Joint Stock Companies' Arrangement Act, 1870; 40 and 41 Vict., chap. 26, The Companies Act, 1877; 42 and 43 Vict., chap. 76, The Companies' Act, 1879; 43 Vict., chap. 10, The Companies' Act, 1880; 46 and 47 Vict., chap. 25, the Companies Act, 1883; 46 and 47 Vict., chap. 30, The Companies' (Colonial Registers) Act, 1882; 49 Vict., chap. 33, The Companies' Act, 1886; 53 and 54 Vict., chap. 93, The Companies (Memorandum of Association) Act, 1890; 53 and 54 Vict., chap. 63, The Companies' Winding Up Act, 1890; *Private Acts*: 45-50 Vict., chap. 75 (Vesting of Securities and Property in trustees, etc.); 53-4 Vict., c. 172 (Extension of Objects).

3. *The members are related* as shareholders in an incorporated joint stock company, the share capital of which consists of 50,000 shares of £50 each, and the liability of the members is limited to the amount remaining unpaid upon the shares held by them.

4. The Company is now authorized by license issued by the Dominion of Canada, bearing date the 31st day of March, 1913, and expiring on the 31st day of March, 1914, to transact Fire and Life Insurance. The Company is also registered under the Ontario Insurance Act to transact Ocean and Inland Marine Insurance.

5. *Deposited assets*.—Assets of the Company are deposited and held in Canada as special security for the policyholders therein as follows: Deposit Accepted at the value of \$1,216,506, being \$106,809 Life A, \$151,928 Life B, and \$957,769 Fire.

CONFEDERATION LIFE ASSOCIATION.

Register No. 4681.

Certificate of Registry No. 2494.

DIRECTORS AND OFFICERS.

Directors.—W. D. Matthews, Toronto; J. K. Macdonald, Toronto; William Whyte, Winnipeg; D. R. Wilkie, Toronto; E. B. Osler, M.P., Toronto; John Macdonald, Toronto; Cawthra Mulock, Toronto; Joseph Henderson, Toronto; Lt.-Col. A. E. Gooderham, Toronto; Thos. J. Clark, Toronto; Major J. F. Michie, Toronto.

Officers.—J. K. Macdonald, President, Toronto; W. D. Matthews, Vice-President, and Chairman of the Board, Toronto; Sir Edmund B. Osler, M.P., Vice-President, Toronto; W. C. Macdonald, Secretary, Toronto.

1. Head Office, Toronto, Ontario. Suits by or against the Company may be brought in the name of the Confederation Life Association.

2. *The legislative enactments* by which the powers, duties, rights and obligations of the company are now declared, defined, limited or governed are as follows: Canada 34 Vict., 1871, chap. 54, an Act to incorporate the Confederation Life Association; 37 Vict., 1874, chap. 53, an Act to amend the Act incorporating the Confederation Life Association; 42 Vict., 1879, chap. 72, an Act to amend the Act of Incorporation of the Confederation Life Association; 53 Vict., 1890, chap. 45, an Act relating to the Confederation Life Association.

3. *Members, how related.*—Certain of the members are related as shareholders in an incorporated joint stock company. The amount of the authorized capital stock, of which the full amount has been subscribed, is \$1,000,000 divided into 10,000 shares of \$100 each. Ten per cent., \$100,000, has been paid. (The capital stock was originally \$500,000 and increased to \$1,000,000 under authority of charter.) The liability of those members who are shareholders is limited to the amount of the subscribed capital stock. The Association being incorporated on the stock and mutual plan combined, certain of the members are related as policyholders and are entitled along with the shareholders to vote and take part in the proceedings at all general and special meetings of the Association, and they participate (in the mutual branch of the Company's business) in the distribution of surplus or profits earned to the extent of not less than ninety per cent.

4. The Company is now authorized by license issued by the Dominion of Canada bearing date 31st of March, 1913, and expiring on the 31st day of March, 1914, to transact Life Insurance.

5. *Deposited assets.*—Assets of the Company are deposited and held in Canada as special security for the policyholders therein as follows: Deposit \$85,367, accepted at the value of \$75,847, held by the Dominion Government.

ROYAL INSURANCE COMPANY, LIMITED.

Register No. 4693.

Certificate of Registry No. 2506.

1. Head Office, Liverpool England. Chief Agent and Attorney for Ontario, Percy J. Quinn, Toronto. Suits by or against the company may be brought in the name of the Royal Insurance Company, Limited.

2. *The legislative enactments* by which the powers, duties, rights and obligations of the Company are now declared, defined or governed are the following: United Kingdom, 25 and 26 Vict., chap. 89, The Companies' Act, 1862; United Kingdom, 54 and 55 Vict., chap. 81, an Act to define and extend the objects of the Royal Insurance Company to provide for the transfer to that Company of the business of The Queen Insurance Company and for other purposes.

3. The Royal Insurance Company Limited (originally constituted by Deed of Settlement, dated the 31st day of May, 1845, completely registered under the Companies' Act, 1845, and re-registered with unlimited liability under the Companies' Act, 1862) was incorporated under the Companies' Acts, 1862 to 1900 as a *Limited Company* on the 19th June, 1907. F. p. 367.

4. The Company is now authorized by license issued by the Dominion of Canada, bearing date the 31st day of March, 1913, and expiring on the 31st day of March, 1914, to transact Fire and Life Insurance.

5. *Deposited assets.*—Assets of the Company are deposited and held in Canada as special security for the policyholders therein as follows: Deposit accepted at the value of \$1,861,817.

WESTERN ASSURANCE COMPANY.

Register No. 4836.

Certificate of Registry No. 2649.

DIRECTORS AND OFFICERS.

Directors:—Hon. Geo. A. Cox, Toronto; E. R. Wood, Toronto; Robt. Bickerdike, M.P., Montreal; E. W. Cox, D. B. Hanna, Alex. Laird, Z. A. Lash, A. Myers, Geo. A. Morrow, Frederic Nicholls, Sir Henry Pellatt, Toronto; W. R. Brock, Toronto; John Hoskin, Tunbridge Wells, Eng and; J. K. Osborne, Toronto.

Officers:—Hon. Geo. A. Cox, President, Toronto; W. R. Brock, Vice-President, W. B. Meikle, Managing Director, Toronto; C. C. Foster, Secretary, Toronto.

1. Head Office, Toronto, Ontario. Suits by or against the Company may be brought in the name of the Western Assurance Company.

2. *The members of the Company are all related* to each other as shareholders in a joint stock company, and the liability of the members is limited to the amount remaining unpaid upon the shares held by them.

3. The Company is now authorized by license issued by the Dominion of Canada, bearing date 31st day of March, 1913, and expiring on the 31st day of March, 1914, to transact Fire, Inland Transportation, Lightning, Explosion and Tornado Insurance. The Company is also registered under the Ontario Insurance Act to transact Ocean and Inland Marine Insurance.

4. *Deposited assets.*—Assets of the Company are deposited in Canada as special security for the policyholders therein as follows: Deposit accepted at the value of \$75,187, held by the Receiver General of Canada.

THE NORTHERN ASSURANCE COMPANY, LIMITED.

Register No. 4728.

Certificate of Registry No. 2541.

1. Head Office, London, England, and Aberdeen, Scotland. Chief Agent and Attorney for Ontario, Edwin P. Pearson, Toronto. Suits by or against the Company may be brought in the name of the Northern Assurance Company.

2. *The legislative enactments* by which the powers, duties, rights and obligations of the Company are now declared, defined, limited or governed are the following: Acts of the Parliament of the United Kingdom of Great Britain and Ireland, 1865, chap. 123, The Northern Assurance Act, 1865; 1874, 37 Vict., chap. 9, The Northern Assurance Act, 1874; 1889, 52 and 53 Vict., chap. 35, Northern Assurance Act, 1889; 62-3 V., s. 16 (Extension of objects, investments of funds, etc.).

3. *The members are related* as shareholders in an incorporated joint stock company and the liability of the members is unlimited, but each contract of assurance contains a clause limiting the liability of shareholders in respect of same to the amount remaining unpaid upon the shares held by them.

NOTE.—The clause referred to is as follows: "Provided always, and it is hereby agreed that the capital stock and funds of the Company shall alone be liable to answer and make good all demands under or by virtue of this policy, and that no shareholder or member of the Company shall be liable to any such demands, nor be in any wise charged or chargeable by reason of this policy beyond the amount unpaid on his or her share or shares in the Company."

4. The Company is now authorized by license issued by the Dominion of Canada, bearing date the 31st day of March, 1913, and expiring on the 31st day of March, 1914, to transact Fire Insurance.

5. *Deposited assets.*—Assets of the Company are deposited and held in Canada as special security for the policyholders therein as follows: Deposit accepted at the value of \$451,390, held by the Receiver-General of Canada.

GUARDIAN ASSURANCE COMPANY (LIMITED), LONDON, ENGLAND.

Register No. 4715.

Certificate of Registry No. 2528.

CANADIAN TRUSTEES.

H. W. Blackwell, Chairman, Montreal; Tancrede Bienvenu, Montreal; J. O. Gravel, Montreal; H. M. Lambert, Manager, Montreal.

1. Head Office, London, England. Chief Agent and Attorney for Ontario, Henry D. P. Armstrong, Toronto. Suits by or against the Company may be brought in the name of the Company, which (as mentioned below), became on the 25th May, 1893, incorporated as a Company limited by shares.

2. *The legislative enactments* by which the powers, duties, rights and obligations of the Company are now declared, defined or governed are the following: United Kingdom, 13 and 14 Vict., 1850, chap. 25, an Act for the better enabling the Guardian Fire and Life Assurance Company to sue and be sued, and to alter certain provisions of their Deeds of Settlement, and to give other powers to the Company; 29 and 30 Vict., 1866, chap. 225, an Act to enable the Guardian Fire and Life Assurance Company to reduce the amount of their paid-up subscription capital stock, and to alter certain provisions of their Deed of Settlement and to amend the Guardian Assurance Company's Act, 1850, and to give further powers to the Company and Directors thereof; 33 and 34 Vict., 1870, chap. 61, The Life Assurance Company's Act, and the Guardian Assurance Company's Act, 1893. More particularly referred to below.

3. *The members, prior to the 25th of May, 1893, were related* as shareholders in an unincorporated joint stock Company, and the liability of the members was unlimited except so far as their liability was limited by the 51st article of the Deeds of Settlement, which required that all policies and instruments of assurance to be granted by the Company should contain a proviso limiting the liability of the shareholders in the Company to the amount of their respective shares in the capital stock and funds of the Company, and by the 109th article of the same deed which required that all deeds and contracts entered into by the Directors and other officers of the Company should contain a like proviso, and by the proviso to the effect aforesaid, which by the practice of the Company was actually inserted in all the policies of insurance issued by the Company. The Company was advised that by the laws of the United Kingdom the effect of the said articles and proviso when so inserted was to restrict the liability of the shareholders to the amount remaining unpaid upon the shares held by them, so far as regarded their liability to the persons assured by or claiming under such policy, instrument, deed or contract containing such proviso.

By the Guardian Assurance Company's Act, 1893 (Imp.), which received the Royal Assent April 29th, 1893 (56-7 V., c. 13), the Company was empowered to register under the Companies' Act, 1862 to 1890, as a limited liability Company, and this was done on the 25th of May, 1893. Section 9 of the Act of 1893 provides: "Nothing in this Act shall operate to prejudice or affect the rights of the existing policyholders of the Company." Copies of the Act of 1893, of the Memorandum of Association, 1893, and the Certificate of Incorporation are filed in the Department of Insurance for Ontario.

4. The Company is now authorized by license issued by the Dominion of Canada, bearing date the 31st March, 1913, and expiring on the 31st day of March, 1914, to transact Fire Insurance.

5. *Deposited assets.*—Assets of the Company are deposited and held in Canada as special security for the policyholders therein as follows: Deposit accepted at the value of \$639,032, held by the Receiver-General of Canada.

Certificate of Registry No. 2558.

1. Head Office, Edinburgh, Scotland. Chief Agent and Attorney for Ontario, George Harold Muntz, Toronto. Suits by or against the Company may be brought in the name of The Caledonian Insurance Company.

2. *The legislative enactments* by which the powers, duties, right and obligations of the Company are now declared, defined or governed are the following: Parliament of Great Britain and Ireland, 1846, chap. 45, an Act for incorporating The Caledonian Insurance Company, 1880, chap. 68, an Act to amend, vary and extend the powers of The Caledonian Insurance Company; 1892, 55-6, V., c. 7, an Act for enlarging the powers of The Caledonian Insurance Company and for amending the Company's Acts of 1846 and 1880.

3. *The members are related* as shareholders in an incorporated joint stock company, and the liability of the members is unlimited, but the policies of the Company contain a clause by which the liability is limited to the amount remaining unpaid upon the shares.

NOTE.—The clause above referred to is as follows: It is hereby expressly provided and declared that the capital stock and funds of the said Company for the time being shall alone be answerable for any demands rising under this policy, and that no shareholder or member of the said Company shall, under any circumstances, be subject or liable for more than the amount, not already called up, on his or her share or shares in the capital of the said Company at the time the claim shall rise.

4. The Company is now authorized by license issued by the Dominion of Canada, bearing date the 31st day of March, 1913, and expiring on the 31st day of March, 1914, to transact Fire Insurance.

5. *Deposited assets.*—Assets of the Company are deposited and held in Canada as special security for the policyholders therein as follows: Municipal Securities, \$299,579; Loan Company Debentures, \$60,833. South Australian Government Bonds, \$48,667, total \$408,979 (accepted at \$386,321).

THE UNITED STATES LIFE INSURANCE COMPANY IN THE CITY OF NEW YORK.

Register No. 4843.

Certificate of Registry, No. 2656.

1. Head Office, New York City. Chief Agent and Attorney in Ontario, Lewis A. Stewart, Toronto. Suits by or against the Company may be brought in the name of The United States Life Insurance Company in the City of New York.

2. *The legislative enactments* by which the powers, duties, rights and obligations of the Company are now declared, defined or governed, are the following: New York, chap. 308, 1849; an Act to provide for the Incorporation of Insurance Companies, passed April 10th, 1849; chap. 710, 1870, an Act to amend the Charter of the United States Life Insurance Company, passed May 6th, 1870; chap. 624, 1872, an Act to amend the Charter of the United States Life Insurance Company in the City of New York, passed May 10th, 1872; chap. 44, 1882, an Act to amend the Charter of the United States Life Insurance Company in the City of New York, passed March 31st, 1882.

3. *The members are related* as shareholders in an incorporated joint stock company. The directors are elected by the owners of the capital stock, but the policyholders are eligible as directors. The capital is entitled to 6 per cent. interest only, all other profits belong to the policyholders. There is no liability of stockholders, as the capital stock (\$440,000) is fully paid up.

4. The Company is now authorized by license issued by the Dominion of Canada, bearing date the 31st day of March, 1913, and expiring on the 31st day of March, 1914, to transact Life Insurance.

5. *Deposited assets.*—Assets of the Company are deposited and held in Canada as special security for the policyholders therein as follows: Deposit accepted at the value of \$312,200, held by the Minister of Finance of the Dominion of Canada.

SUPREME COURT OF THE INDEPENDENT ORDER OF FORESTERS.

Register No. 4684.

Certificate of Registry No. 2497.

DIRECTORS AND OFFICERS.

Directors:—Elliott G. Stevenson, Toronto; J. D. Clark, Dayton, Ohio; Thomas Millman, M.D., Toronto; R. Mathison, Toronto; Victor Morin, B.A., LL.B., Notary Public, Montreal; W. H. Hunter, B.A., Toronto.

Officers:—Elliott G. Stevenson, President, Toronto; J. D. Clark, Vice-President, Dayton, Ohio; R. Mathison, Secretary-Treasurer, Toronto.

Head Office of the Corporation, Toronto.

The status of this Society is now defined by the following Acts: 59 Vict. (Ont.), chap. 120, an Act respecting the Supreme Court of the Independent Order of Foresters; 59 Vict. (Can.), chap. 51, an Act to amend the Act incorporating the Supreme Court of Independent Order of Foresters. See also private Act in the Statutes of Canada, 1901, 1913.

By virtue of this legislation and of R.S.C., chap. 34, the Society made a deposit of \$100,000 with the Government of Canada, and was by that Government on 1st May, 1896, licensed for the transaction of Life, Disability, and Sickness Insurance with its members on the assessment plan to the extent specified in the Act of Canada of 1896, amending the Act incorporating the Supreme Court. The legal effect of the foregoing was to alter the registry of the Society in the Department of Insurance for Ontario and transfer, as from the 1st of May, 1896, the Society from the Friendly Society to the Insurance Company Register.

The Corporation is now authorized by license issued by the Dominion of Canada, bearing date the 31st day of March, 1913, and expiring on the 31st day of March, 1914, to transact Life, Disability, and Sickness Insurance on the Assessment Plan.

AUDITORS' REPORT.—We have to report that we have examined the Accounts of the Reliance Marine Insurance Company, Limited, for the year ending 31st December, 1912. We have obtained all the information and explanations we have required, and in our opinion the above Balance Sheet is properly drawn up so as to exhibit a true and correct view of the state of the Company's affairs according to the best of our information, and the explanations given to us, and as shown by the books of the Company. We have also satisfied ourselves as to the existence and value of the securities for investments to the amount specified.

CHALMERS, WADE & Co., *Chartered Accountants, Auditors.*

Liverpool, 14th January, 1913.

ROYAL EXCHANGE ASSURANCE.

Register No. 4846.

Certificate of Registry No. 2659.

1. Head Office, London, England. Chief Agent and Attorney for the Province of Ontario, Arthur Tucker, Toronto. Suits by or against the Company may be brought in the name of The Royal Exchange Assurance.

2. The Company was incorporated by Royal Charters, dated 22nd June, 1720, and 29th April, 1721.

3. *The legislative enactments* by which the powers, duties, rights and obligations are now declared, defined, limited or governed are the following: The Royal Exchange Assurance Act, (Imp.), 1 Edw. VII., chap X.

4. The Company is registered in Ontario for the transaction of Ocean Marine Insurance for the term ending 30th April, 1914.

RECEIPTS.

Marine Department.

BALANCE SHEET FOR THE YEAR ENDING 31ST DECEMBER, 1912.

The Net Premiums amounted to £353,773 8s. 7d. which, with interest, gave a total income of £357,540 1s. 11d.

PAYMENTS.

The Losses paid in respect of 1912 and previous years amounted to £291,529 11s. 9d., and include £51,500 for claims by the *Titanic*, for which a transfer has been made from the Profit and Loss Account. Thus the whole of the loss by the *Titanic* has been provided for. The Commission was £12,826 9s. 6d., and the Expenses of Management were £37,105 10s. 8d.

The Marine Fund, after transferring to the Profit and Loss Account £38,164 16s. 2d. (the profit of the year 1911), amounts to £267,280 12s. 8d.

I report to the Proprietors that I have examined the Books at the Head Office for the year ended 31st December, 1912, and have checked the incorporation therein of the returns from the Branches. I further report that I have verified the investments of the Corporation at the close of the year, and compared the above Balance Sheet with the Books, and that having obtained all the information and explanations I have required, I am of opinion that such Balance Sheet is properly drawn up so as to exhibit a true and correct view of the state of the Corporation's affairs according to the best of my information and the explanations given to me, and as shown by the books of the Corporation. I certify that no part of any fund has been applied directly or indirectly for any purpose other than the class of business to which it is applicable.

N. E. WATERHOUSE, Auditor.

REPORT
OF THE
REGISTRAR OF FRIENDLY
SOCIETIES

TRANSACTIONS FOR THE YEAR 1912

PRINTED BY ORDER OF
THE LEGISLATIVE ASSEMBLY OF ONTARIO

TORONTO:

Printed and Published by L. K. CAMERON, Printer to the King's Most Excellent Majesty
1913.

Printed by
WILLIAM BRIGGS
29-37 Richmond Street West
TORONTO

To His Honour Sir JOHN MORISON GIBSON, Knight Commander of the Most Distinguished Order of St. Michael and St. George, a Colonel in the Militia of Canada, etc., etc., Lieutenant-Governor of the Province of Ontario.

MAY IT PLEASE YOUR HONOUR:

The undersigned has the honour to present the Report of the Registrar of Friendly Societies for the year ending 31st December, 1912.

Respectfully submitted,

J. J. FOY,

Attorney-General.

TORONTO, 1st April, 1913.

*To the Honourable J. J. FOY, K.C., M.P.P., etc.,
Attorney-General, Toronto.*

SIR,—I have the honour to present herewith the Report of the Annual Statements made by Friendly Societies for the year ending 31st December, 1912.

I have the honour to be, Sir,

Your obedient servant,

WILL. J. VALE,

Registrar of Friendly Societies.

TORONTO, 31st March, 1913.

THE ANCIENT ORDER OF UNITED WORKMEN OF THE PROVINCE OF ONTARIO.

(Returns Book Fol. 130.)

APPENDIX TO THE REPORT (1913)
OF THE
Registrar of Friendly Societies

CORDINER v. A. O. U. W.

DIVISIONAL COURT.

December 31st, 1912.

Insurance—Fraternal and Benevolent Society—Constitution—Amendment by Grand Lodge—Increase of Insurance Rates—Notice of Proposed Amendment not Given Subordinate Lodges—Vote Improperly Taken—Injunction Restraining Enforcement of Increased Rates.

Motion to continue until trial an injunction restraining defendant society from putting into force an amendment to defendant's constitution, passed by the Grand Lodge of defendant, providing for an increased tariff of insurance rates.

Riddell J., held (23 O.W.R. 65; 4 O.W.N. 102) that, as notice of amendment to the constitution had not been sent to each subordinate lodge prior to its consideration by Grand Lodge, as required by the constitution, the amendment was *prima facie* invalid.

Injunction continued to trial, costs in cause, unless otherwise ordered by trial Judge.

"The Court will not interfere unless and until all domestic remedies are exhausted."

Zilliax v. I.O.F., 13 O.L.R. 155, referred to.

On appeal to Divisional Court, the motion was, by consent, turned into a motion for judgment.

Divisional Court held, that the amendment purporting to be passed by Grand Lodge was too great a variation of the notices sent to the subordinate lodges to be valid, and that, as the vote taken thereon was not taken in accordance with the requirements of the constitution, it was a nullity.

Arnet v. United African Lands Co., Ltd., [1901] 1 Ch. 518, distinguished.

In *re* Caratel New Mines, Ltd., [1902] 1 Ch. 498 approved.

Appeal dismissed with costs, and permanent injunction granted, with costs.

An appeal from the judgment of Hon. Mr. Justice Riddell, 23 O.W.R. 65; 4 O.W.N. 102, restraining defendants by interim injunction from taking any proceedings under an alleged amendment of sec. 63, sub-sec. 1 of the "Constitution" of the order, and was by consent changed into a motion for final judgment.

The appeal to Divisional Court was heard by Hon. Sir Wm. Mulock, C.J.Ex.D., Hon. Mr. Justice Clute and Hon. Mr. Justice Sutherland.

E. F. B. Johnston, K.C., and A. G. F. Lawrence, for the defendants, appellants.

I. F. Hellmuth, K.C., contra.

Hon. Sir Wm. Mulock, C.J.Ex.D.:—The defendants are a fraternal association, one of its objects being to provide for the payment of stipulated sums of money to the beneficiaries of deceased members, the moneys for such purpose being derived from monthly assessments upon the members, each member being required to contribute according to a certain table of rates which is set forth in sec. 63 of the "Constitution."

Recently the Grand Lodge purported to make material changes and increases in this table of rates, whereupon the plaintiffs brought this action, complaining that the procedure necessary in order to entitle the Grand Lodge to make such changes and increases had not been complied with, and that therefore they were invalid. The learned trial Judge sustained the plaintiffs' contention and granted the interim injunction and, appealed from.

Part of the material used on the motion is a book marked exhibit "A," which purports to declare the objects of the Order and to shew the "Constitution" of the Grand Lodge and its rules of order.

As set forth in this "Constitution" the Order consists of Grand Lodge and subordinate lodges. The Grand Lodge consists of certain grand officers and one representative from each subordinate lodge (sec. 2 and 5), and is to meet regularly on the third Wednesday of March in each year (sec. 11), and may hold special meeting (sec. 12), and when on any question before Grand Lodge the yeas and nays are called for, each representative shall be entitled to as many votes as there are members of the lodge represented by him at the date of the last annual report made by his lodge to Grand Lodge.

Section 63 enacts as follows:—

"63. (1) Each and every present member of this Order from and after the first day of May, A.D. 1905, and each and every new member of this Order, without notice, commencing with the month following the receiving of the Workman Degree, shall pay to the financier of the lodge a monthly assessment of the amount designated opposite the age of the member at the date of admission to the Order, according to the following graded plan." (Then follows the graded plan, shewing the table of rates payable by a member in respect of his beneficiary certificate, and then the section concludes as follows):—

"To be due and payable on the first day of each month, or within thirty days thereafter, as prescribed by statute in that behalf, and in addition to said regular monthly assessments such extra assessments as may be required to pay and discharge all death claims upon the Order.

"(2) The date of such payment shall be kept by the financier, who shall credit the member with and give him a receipt for the amount so paid.

"(3) A member may pay his assessments in advance quarterly or otherwise."

Section 169 of the "Constitution" is as follows:—

"169. Alterations and amendments to this Constitution may be made at any annual meeting of Grand Lodge by vote of two-thirds of the entire number to which members present at such meeting are entitled, provided that all such alterations and amendments are forwarded to the Grand Recorder on or before the 31st day of October, in order that a copy thereof may be sent to each subordinate lodge, and to all members of the executive committee and officers of Grand Lodge before the 15th day of November, following."

Section 76 declares that the representative of each subordinate lodge to Grand Lodge "shall be elected annually at a regular meeting in December," etc.

Thus the scheme of the Order provided by the "Constitution," whereby any alterations or amendments may be made to the "Constitution," is as follows: The proposed alteration or amendment must be forwarded to the Grand Recorder on or before the 31st October in order to enable that officer to transmit a copy to each subordinate lodge before the 15th November thereafter. Thus each subordinate lodge before electing at its December meeting its representative to Grand Lodge will have before it the proposed alteration or amendment, and be in a position to consider the same and to elect a suitable representative for the purpose of voicing the views of its members at the meeting of Grand Lodge to be held on the third Wednesday of March thereafter.

On the 21st of June, 1912, at its adjourned annual meeting, Grand Lodge purported to pass an amendment to the "Constitution," making material changes in the graded

plan of table of rates established and set forth in sec. 63 of the "Constitution" as above referred to, and one contention of the plaintiffs is that no notice of this change was given to the subordinate lodges as required by sec. 169 of the "Constitution," and that, therefore, Grand Lodge had no power to pass such amendment.

It is admitted that no notice of the amendment complained of (called the Mills amendment) was given to the subordinate lodges, but it is contended that notice having been given to them of another proposed amendment (called the Executive Committee's amendment), it was competent for Grand Lodge to pass the Mills amendment as an amendment of the executive committee's proposal, and in support of this view the defendants refer to sec. 171, sub-sec. 16 of the "Constitution," which is as follows: "When not otherwise provided for, Bourinot's Manual shall govern all parliamentary questions in Grand Lodge and subordinate lodges."

This section does not, in my opinion, qualify the plain meaning of sec. 169, that before Grand Lodge shall have jurisdiction to adopt any amendment to the "Constitution," notice of that particular amendment must have been given to the subordinate lodges.

Parliamentary practice permits an amendment to a main motion substantially differing therefrom, while even a proposed amendment may, as a matter of parliamentary practice, be in order and be the subject of debate and may be advanced through various stages, still Grand Lodge has no jurisdiction to finally pass it and thereby amend the "Constitution," until the requirement of sec. 169 as to previous notice to the subordinate lodges, shall have been complied with. Were it otherwise, the plain object of sec. 169, as to notice, could be defeated. That section in substance creates a contract with the subordinate lodges and with those who were members on the 1st of May, 1905, when the graded plan of rates came into force and with all new members, that the graded plan fixed by sec. 63 should not be changed until notice of the proposed change was given to the subordinate lodges, and until they had an opportunity of passing upon it, and electing representatives to Grand Lodge to vote thereon. By that graded plan rates of assessment increased each year until the member attained the age of 49 years, but no longer; whilst the Mills amendment proposed to increase the rate each year until the member attained the age of 65 years.

No notice of such proposed amendment was given to the subordinate lodges, and, in my opinion, it is no answer to say that although no such notice was given, yet notice of some other proposed change was given which, as a matter of parliamentary practice, might be amended to the effect set forth in the Mills amendment.

As to the contention that under the provisions of sec. 14 above quoted, Grand Lodge could of its own motion enact, alter and amend the "Constitution" laws, rules and regulations of the Order, without notice of the proposed amendments to the subordinate lodges; if Grand Lodge has such unrestricted right to alter its "Constitution" then the provision of section 169 as to notice would be meaningless. The two sections must be read together and then full effect can be given to both of them, that is, Grand Lodge may alter and amend the "Constitution," provided notice as required by section 169 has been given to the subordinate lodges.

Mr. Johnston further contended that the question of rates was a mere matter of detail and that a change therein was not, in a parliamentary sense, a constitutional change. A perusal of book "A" shews that the word "Constitution" there used is not used in its strict technical sense. The title of the document is "Constitution of the Grand Lodge of the Ancient Order of United Workmen of the Province of Ontario," and it deals with a variety of matters, such as the powers of Grand Lodge and of the subordinate lodges, the methods of carrying on business by the different branches of the Order, the powers and duties of their various officers, the rights and liabilities of the members, the creation and maintenance of a reserve fund and a beneficiary system, and other matters. No distinction, in this document, is drawn between what might be considered constitutional principles and what mere details; but all are dealt with in the one instrument in consecutive sections from 1 to section 172, and together rep-

resent the nature of the compact between the Order and its members, and the rights of its members between themselves.

The change proposed by the Mills amendment is a most material change. In fact, it is difficult to imagine any alteration of this compact which might have more serious results than would one affecting the assessment rates, and I cannot assent to Mr. Johnston's contention that they may be changed at the mere will of Grand Lodge, without previous notice to the subordinate lodges as required by section 169.

For these reasons, I think, the judgment appealed from should be affirmed with costs here and below, and that the injunction should remain perpetually. Having reached the foregoing conclusion, it is not necessary to deal with other objections advanced by the plaintiffs.

Hon. Mr. Justice Sutherland.—I agree.

Hon. Mr. Justice Clute.—Section 169 of the "Constitution" upon which, in my opinion, the whole question turns, is as follows: "Alterations and amendments to this Constitution may be made at any annual meeting of Grand Lodge by a vote of two-thirds of the number to which the members present at such meeting are entitled, provided that all such alterations and amendments are forwarded to the Grand Recorder on or before the 31st day of October in order that a copy thereof may be sent to each subordinate lodge, and to all members of the executive committee and officers of Grand Lodge before the 15th day of November following."

The executive committee had made a report recommending a change in the rate. Notice of this report had been sent down to the subordinate lodges. At the meeting of Grand Lodge this report, recommending that section 63 of the "Constitution," which contained the tariff indicating the amount to be paid monthly, be amended in the way there suggested. This report was not adopted. A motion was brought in proposing to amend section 63, and this motion was declared carried. As to whether it was in fact ever properly voted upon or not, I will deal with later.

The motion had not in fact been forwarded to the Grand Recorder on or before the 31st of October preceding the meeting of the Grand Lodge, nor was a copy thereof sent to each subordinate lodge as required by section 169. This, in my opinion, was prerequisite to the proposed amendment being passed by the Grand Lodge.

It was urged by Mr. Johnston that the amendment in question was not in fact an amendment to the Constitution. I cannot accede to this view.

The section in question which it is proposed to amend provides for the rate which each member has to pay. This formed the basis of the contract entered into with the defendant society. The proposed amendment in regard to those whom it affected, about doubled the rate, and was a most material change from that which existed at the date of membership. The section in question falls within the class of subjects dealt with under the head of "Constitution of the Grand Lodge of the Ancient Order of United Workmen," and section 169 expressly provides how this Constitution may be amended.

From the numerous amendments heretofore made, it is clear that the society always treated matters of equal or less importance as amendments to the Constitution. It is not, I think, governed by cases applicable to corporations, but forms a part of the basis upon which individuals entered into a contract and became members of the association, and when the Constitution itself declares the only manner in which the basis of the contract can be changed, it is a condition precedent to such change that such requirements should be complied with.

The case of *Bartram v. Supreme Council of the Royal Arcanum*, 6 O.W.R. 404, referred to by Mr. Johnston, supports, I think, the plaintiff's contention. It was there held that the Grand Lodge had power to make changes in the by-law governing the plaintiff's contract, but it also expressly states that those changes had been made according to the rules governing the plaintiff and defendants. In the present case, the proposed change has not been made in accordance with the rules of the society in

such case. Even in the case of a company it is very doubtful whether the amendment would have been in order. As pointed out, the amendment was a proposal to increase the rate by nearly doubling the amount of that mentioned in the report which had been sent out to the local lodges. Had there been a general notice that a change would have been made in the rate, leaving it entirely open, the delegates then might have been instructed what to do, but where the proposed increase was definitely stated and the amendment greatly enlarges the liability of the class affected, this was to spring a question upon the delegates for which they might be wholly unprepared and uninstructed, and as is said by the learned author, *Palmer's Company Law*, 9th ed., 174: "For it is not fair to call the members together for an apparently limited and small object, and then to spring on them a much larger proposal. Those who are absent may have stayed away because they are content with what is proposed in the notice, and those who are present by proxy, are presumed to have given proxy on the basis of the notice," citing *Teede and Bishop, Limited*, [1901] W.N. 52, and *Clind v. Financial Corporation*, 5 Eq. 461; *Wall v. London and Northern Assets Corporation (No. 1)*, [1898] 2 Ch. 469, 484; *Stroud v. Royal Aquarium Society*, 89 L. T. 243."

I, therefore, think that the amendment was not legally passed by the Grand Lodge.

But there is another ground which I think equally fatal to the defendants' contention. The representative from each lodge represented a number of voters, and upon any question for decision by the Grand Lodge it was the number of voters as represented by the delegates from the local lodges that decided all questions there submitted. It is quite clear that no attempt was made to ascertain how the actual vote stood. When the amendment was put, 94 of the members present stood up as against the amendment and 212 voted in favor of the amendment. There was no attempt to ascertain how many votes each of these individuals represented. It appears that in some cases the delegates of a single lodge represented 400 or more; in other cases it might be a score or less. So that the number of individual delegates who voted for or against the motion formed no criterion whatever as to the number of votes that should be cast for or against it.

There was a dispute as to whether it was carried or not. It was contended by Mr. Johnson that upon this point the action of the chairman in declaring it carried is conclusive and that in any case there was no call for a ballot, or if there was, there should have been an appeal upon this question to the lodge.

I think upon the admitted facts that no vote was taken shewing or intending to shew or providing means of shewing what the real vote was for or against the amendment, and that while the chairman was empowered to give a decision as to vote; that applies only where a vote has in fact been cast. But in the present case as no such vote was cast there could be no such decision as to what it was, and that the amendment never was in fact passed by the Grand Lodge.

The case of *Arnet* against the *United African Lands Company, Limited*, [1901] 1 Ch. 518, relied on by Mr. Johnston, does not, I think, govern the present case. In that case it was expressly provided by the Company's articles that the vote might be taken, as it there was taken, by a shew of hands, and that a declaration by the chairman that a resolution has been carried, and an entry to that effect in the books of the company should be sufficient evidence of its having been carried. The Companies Act, under which incorporation was made, section 51, also expressly provides that a declaration of the chairman that a resolution has been carried is made conclusive evidence of the fact unless a poll is demanded. That case and *re Hadley Castle Coal Mines Limited*, [1900], 2 Ch. 419, are commented upon and distinguished in *re Caratel New Mines, Limited*, [1902] 1 Ch. 498, where it was held that notwithstanding section 52 of the Companies Act, a declaration of the chairman of a meeting is not conclusive where the declaration shows on the face of it that the statutory majority has not voted in favour of the resolution.

There is no clause governing the present case as in the Companies Act and in the charters referred to, and there was no attempt to ascertain the actual vote taken, having regard to the number of votes which each representative had the right to give. There was in truth, no vote in fact taken as required by the rules of the association, and there was no announcement, therefore, that could be made by the chairman.

What took place was wholly nugatory, in my judgment, as to deciding the question one way or the other.

The injunction should, therefore, be made absolute with costs of action, including the costs here and below.

NEW RATES FOR THE ANCIENT ORDER OF UNITED WORKMEN.

At the annual session of the Grand Lodge of the Ancient Order of United Workmen, held on the 19th and 20th of March, 1913, the following new schedule of rates was adopted:

From and after the 1st day of May, 1913, each and every member of this Order, who joined prior to the 1st day of May, 1905, shall, without notice, pay to the Financier of the lodge a monthly assessment of the amount designated opposite the age of the member on the 1st day of May, 1905, members over 72 years of age to be taken as at age 65; and each and every member who joined on or after the 1st day of May, 1905, and each and every new member, commencing with the month of receiving the Workman Degree, shall, without notice, pay to the Financier of the Lodge a monthly assessment of the amount designated opposite the age of the member at the date of admission to the Order, according to the following graded plan:—

Age	Rate	Rate	Rate	Rate
	Per \$500	Per \$1,000	Per \$1,500	Per \$2,000
16	37	74	1 11	1 48

OPTION A.

Any Beneficiary Member of the Order upon reaching the age of sixty years and in good standing, or any present Beneficiary Member of the Order having already reached the age of sixty years and upwards and in good standing, may have the option of releasing and surrendering his or her Beneficiary Certificate and having issued to him or her in lieu thereof a new Beneficiary Certificate for an amount equal to the assessments paid in to the Beneficiary Fund by him or her and be relieved from further payments of assessments to the Beneficiary Fund from date of such surrender.

Any member desiring to avail himself or herself of the aforesaid option shall make application therefor upon a form provided for said purpose, and deliver the same to the Recorder of his or her Lodge, who shall forward it to the Grand Recorder. Upon receipt thereof by the Grand Recorder he shall refer the said application to the Finance Committee, and upon the said Committee approving of the same the option applied for shall be granted to the member, and a new certificate shall be issued. The new certificate shall be conditioned to pay upon the death of the member to the Beneficiary or Beneficiaries designated by the member, providing the member shall hereafter during his lifetime comply in every particular with all the laws, rules and regulations of the Order other than the payment of assessments for the Beneficiary or Reserve Fund.

Hm TABLES (See Section 166 (5)).

Ordinary All-Life Insurance of \$1,000. Premiums continuous during policy term.

Net Annual Premiums Hm 4½ per cent.

FOR THE ADJUSTMENT OF THE SUM INSURED, WHERE THE AGE OF THE ASSURED WAS GIVEN ERRONEOUSLY, BUT IN GOOD FAITH, AND WITHOUT INTENTION TO DECEIVE.

EXPLANATORY NOTE.

The Ontario Insurance Act, 2 George V., chapter 33, section 166, as amended by 3 and 4 George V. (1913), chapter 35 enacts as follows:

166.—(1) Where the age of a person is material to a contract of insurance and was given erroneously in any statement or warranty made for the purposes of the contract, such contract shall not be avoided by reason of the age being other than as stated or warranted, if it appears that such statement or warranty was made in good faith and without any intention to deceive, but the person entitled to recover on such contract shall not be entitled to recover more than an amount which bears the same ratio to the sum that such person would otherwise be entitled to recover as the premium proper to the stated age bears to the premium proper to the actual age, both being taken as at the date of the contract, but in no case shall the amount recoverable exceed the amount stated or indicated in the contract.

Provided that where the application for and contract of insurance expressly limit the insurable age, and the actual age at the date of the application exceeds the age so limited, the contract shall, during the life-time of the person on whose life the insurance was effected and not later than five years from the date of the contract, be voidable at the option of the insurer within thirty days after the error comes to his knowledge.

Fractional part of a year.

(2) If the error includes a fractional part of a year exceeding a half year, such fractional part shall be computed as a whole year, but if the fractional part does not exceed a half year it shall be disregarded in the computation.

Where age is by agreement taken as greater than known age.

(3) Where by the terms and for the purposes of the contract, the age was taken to be greater than the actual age, the number of years added to such age shall, for the purposes of the calculation, be added to the actual age.

Error may be adjusted between insurer and assured at any time before maturity of contract.

(4) Where an error is discovered in respect of a contract of insurance, or of any premium paid or to be paid upon such contract, nothing herein contained shall at any time before the maturity of the contract prevent an adjustment between the insurer and the assured of the amount of the insurance effected, or of any premium paid or to be paid.

"Premium."

(5) For the purposes of this section "premium" shall mean the net annual premium as shown in or deduced from the Hm Tables of the Institute of Actuaries of Great Britain, the rate of interest being taken at four and one-half per centum per annum.

Retrospective application.

(6) This section shall apply not only to any future application for, or contract of insurance, but also to any application heretofore taken and to any contract heretofore made.

Notice to insured that age is material and proof is required.

(7) Every insurance corporation registered under this Act shall send to every person with whom a contract is made, within one month thereafter, a printed notice mailed to the last known address of the insured in such form as the Superintendent shall approve, and annually thereafter until proof of age is admitted, stating that the age of the insured is material to the contract, and evidence that the age stated in the application is the true age of the insured will be required before the policy is paid. This notice shall also be printed in red ink in type not smaller than 10 point upon all notices to the insured and upon all receipts for premiums.

Not to apply to industrial insurance.

(8) Subsection 7 shall not apply to contracts issued under the Industrial plan.

Friendly Societies may publish in official journal.

(9) Subsection 7 shall not apply to a registered Friendly Society, provided that the notice mentioned therein is published on the first page of the official newspaper or journal of the Society, in each issue thereof, and printed in red ink in type not smaller than 10 point upon all Certificates issued by the Society, and upon all receipts or pass-books issued to the members.

(10) Upon failure of a corporation to comply with the provisions of subsection 7, the corporation shall be deemed to have admitted the age mentioned in the application as the correct age.

Subsections 7, 8, 9 and 10 shall come into force on the 1st day of July, 1913.

SCHEDULE A.

To the Ontario Insurance Act, 2 George V. (1912), chapter 34.
