THE PRACTICAL NURSERYMAN.

A TRADE JOURNAL.

Vol. 4.

HUNTSVILLE, ALA., SEPTEMBER, 1896.

No. 9

To Nurserymen, Florists and Seedsmen.

THE NEW CLIMBING ROSE,

Yellow Rambler (Aglaiia),

IS THE HARDEST YELLOW CLIMBING ROSE yet introduced. It has withstood a prolonged temperature of zero and under without injury, and we believe that it can be grown anywhere that other roses succeed. It is

A BLOOD RELATION TO CRIMSON RAMBLER. The Yellow Rambler is the product of the Japanese "Polyantha Samentosa," fertilized with pollen of the "Reeve d'Or." The former of these was undoubtedly a parent of the Crimson Rambler, and the two are, therefore, very closely related, as is further shown by their

SIMILAR FOLIAGE, GROWTH AND BLOOMING. The leaves are of much the same shape and color; the habit of growth is very vigorous, established plants making shoots 8 to 10 feet in a season; the flowers are borne in the same immense trusses as the Crimson Rambler, frequently as many as 120 to 150 blossoms in a single bunch.

THE COLOR IS A RICH GOLDEN YELLOW.

Well established plants from 2½ in. pots ready now.

Prices: 75c each; \$7.00 per 10; \$50.00 per 100.

Send for our Trade List, which also contains

OTHER ROSE NOVELTIES, including Lord Penzance Hybrid Sweet Briars, Crimson Rambler, Margaret Dickson, Empress of China, Clio, Helen Keller and a good assortment of the older kinds. Strong field grown plants all of these.

ORNAMENTAL SHRUBS AND TREES. Fine, thrifty young stock in good assortment.

CLEMATIS. Mme. Andre, Crimson; Mme. Baron Veillard, pink; Graveolins, yellow. Also Jackmanii, Henryii Ramona, etc. Strong 2-year plants.

STANDARD PEARS. Extra handsome stock. Smooth, thrifty, well-rooted trees. Will be sold at the going prices.

OTHER FRUIT TREES in good quantity and assortment.

INDUSTRY GOOSEBERRIES. COLUMBIAN RASPBERRIES. Write for our trade list.

PRUNING, GRAFTING and BUDDING KNIVES.

THE BEST EVER MADE.

The "Stark Bro's Pruner and Grafter," the "Stark Bro's Heavy Pruner," and the "Stark Bro's Budder" are HAND FORGED and every knife GUARANTEED PERFECT, by the best cutlery company in America. Try a dozen of each, and if you do not find them the best, cheapest, smoothest-working knives you have ever used, you may return at our expense. All we ask is a trial.

We quote in quantity, terms cash: "THE STARK BRO'S PRUNER AND GRAFTER" is just the knife for pruning, grafting—in short, an ALL PURPOSE knife. Price .40.

"STARK BRO'S HEAVY PRUNER" is made especially for very heaviest class of pruning on old trees; in the hands of an experienced pruner will cut limbs nearly two inches in diameter. It is heavier than most people prefer to carry all the time, but it is just the knife for heavy work. Price .60.

"THE STARK BRO'S BUDDER," the knife we are using in budding millions of seedlings, is the best we have ever yet found. Price .35. Orders for dozen or more of each, discount 10 per cent.

Root Grafts Made to Order.

The Secret of success among many buyers of root grafts, is that they realize the importance of getting them of a firm who has an established reputation for furnishing grafts that will grow, as well as be true to name, without this favorable start you are handicapped. If a long experience, maturing yearly into an increased business until its volume is second to none, is worthy of note, we claim your attention. Get our prices on our regular Commercial grades or any special graft that might suit your wants or fancy.

FRUIT TREE STOCKS.

We are still able to offer a good strong grade of No. 1 and No. 2 apple seedlings at reasonable prices. We have also to offer a full line of imported fruit tree stocks.

APPLE TREES. -

Our Prices are Reasonable, Varieties Consistent, Grade Excellent, Age two years.

IMPORTANT.—Do you appreciate the importance of the location of St. Joseph Mo., as a shipping point? Not only on account of its central location but more especially because of its being a Missouri river terminal making a great saving in tariff rates over all inland towns far and near, in whatever direction and whether with or without competing lines.

H. C. GRAVES & SONS,

St. Joseph, Mo.

Distributing Points.

We are making St. Louis, Mo., Cincinnati, Ohio, Rochester, N. Y., and Philadelphia, Pa., distributing points; and will deliver free of freight charges to transfer companies, at either of these places, all orders in car lots, or in less than car lots, to be shipped from Huntsville on the dates named below:

For St. Louis—Early shipments from September 20th to October 10th; late shipments from October 25th to December 10th.

For Cincinnati, Rochester and Philadelphia—November 1st.

The orders will be packed in Huntsville, and those for less than car lots will be combined to make up car lots and shipped to these points and distributed promptly to the various railroads centering there. This plan insures quick time and low freight rates. Orders for less than car lots must be boxed at Huntsville. The price of boxes will be additional.

This offer to deliver to distributing points free of freight charges will not apply to less than car-lot orders, if shipment is required at other than the above named dates; but we will ship car-lot orders at any time after September 20th anywhere desired within the territory tributary to the cities designated, and will deduct from the bill the cost of freight to the nearest distributing point.

THE PRACTICAL NURSERYMAN.

A TRADE JOURNAL.

Vol. 4.

HUNTSVILLE, ALA., SEPTEMBER, 1896.

No. 9

THE PRACTICAL NURSERYMAN.

PUBLICATION OFFICE:

HUNTSVILLE, ALABAMA.

W. F. HEIKES, Editor and Manager.

Issued Monthly. Sent only to those in the trade. We do not solicit subscriptions. If you value THE PRACTICAL NURSERYMAN, please accept it with our compliments. Our circulation covers a list of 1,500 selected names of customers and correspondents, made up through many years of active wholesale business. Every name represents a buyer of nursery stock, and this list contains only the names of those who buy at wholesale.

Advertisements 10c: a line agate; \$20.00 a page; one-half page \$10.00; one-fourth page \$5.00. Advertisements must be handed in one week before the day of publication. Advertisements for less than \$5.00 will not be accepted. Discounts: 3 times 5 per cent.; 6 times 10 per cent.; 12 times 25 per cent.

The circulation of this Journal will be confined strictly to Nurserymen, Florists and Seedsmen, and only invited advertisements of articles pertaining specially to these trades will be inserted.

The Baldwin Cherry.

This is the new cherry introduced and described by Mr. S. J. Baldwin in our July number under the name of Kansas Queen. We wrote him asking to be allowed to name it Baldwin, believing that if called for him its identity would be more definitely fixed, and it would thus be brought under the rules of the American Pomological Society, which are opposed to compound names. Mr. Baldwin modestly assented, and the Kansas Queen will be known hereafter as the Baldwin.

The Burbank Plum.

The handsomest specimens of this variety we have seen this Summer we found in the extensive orchards of James G. Berryhill, Esq., Des Moines, Iowa. He is testing many of the new promising varieties of plums, cherries and apples, and keeping intelligent, accurate records of the results. He is planting in a com-

mercial way large numbers of apples, plums and cherries, and has probably the largest plum orchard in Iowa. Mr. Berryhill is a leading lawyer of Des Moines and has large lumber interests North and South, and his orchards, begun merely as a means of recreation, promise to yield him handsome revenue.

Prairie Roses.

Some few years ago, Mr. John Feast, a nurseryman of Baltimore, undertook the improvement of our Wild Rose, "Rosa setigera." Of a number of these, two, the King of the Prairies and Baltimore Belle, achieved a wide celebrity. With the passing away of Mr. Feast further advancement. There is a fine field for some one here. If an everblooming race of prairie roses could be affected it would make any one's fortune.—Mechans' Monthly.

"Kieffer a Good Market Pear.

It is remarkable that the only pear that is exhibited freely on the fruit stands of Philadelphia during midwinter is the Kieffer. This is in abundance everywhere. Whatever critics may say of their quality, somebody likes them, as they sell freely. A good point with them is that they do not rot easily by handling, as other pears do. They rank with the apple in this respect."

Please Remember.

No big business is built up in a hurry. It takes time, patience, care and watchfulness. It can't very well be done without advertising, and plenty of it, but such advertising is not so much an expense as a source of profit. Without it the business could not grow so fast or so extensively. With it, done judiciously, it can't help growing.—Printers' Ink.

KIEFFER--Two Years.

Grafted on French Seedlings, Japan Seedlings, or Own Roots, as May be Preferred.

These were very strong, handsome, one year trees, mostly 4 to 5 feet high. They were grown from root-grafts, transplanted at one year old, cut back to the ground and one shoot allowed to grow. They have the appearance of two year buds, and are very fine roots and tops.

	CIPHER.	Per 10	Per 100	Per 1000
Two years, we branched, $\frac{3}{8}$ and up, 5 to 7 feet.....	<i>Guley</i>	\$1 00	\$ 8 00	\$70 00

THE HUNTSVILLE WHOLESALE NURSERIES PRICE LIST.

Examine our prices this month. We are making some special quotations to induce early orders. We expect to advance prices for Spring delivery.

We are making a special bid for Southern orders for peach trees this month. See reduced prices given below. Prices north of the Ohio River will be \$10.00 per 1,000 additional on the thousand, except the two lightest grades. The 9-16 to 5/8 grade is a No. 1 tree, and the most desirable shipping size among the larger sizes.

WANTED.—An assistant book-keeper. Must be a young man with a thorough knowledge of out-door nursery work, with experience as a book-keeper. An opportunity of advancement to a competent man.

THE HUNTSVILLE WHOLESALE NURSERIES PRICE LIST.

This is the nurseryman's paradise. There is no San Jose scale, aphid, nor other injurious insects on the trees we grow, except some borers, which the planter can easily destroy.

We will begin digging September 21st. Pears, American Plums, Cherries and Peaches are well matured and will be in good condition to ship by that time.

PEACH TREES--On Peach, Leading Varieties.

Our Peach Trees are budded on seedlings, grown from Tennessee and Alabama pits. They are free from Aphid or Root-Knots, and have fewer borers than those from most nurseries.

We can supply beautiful medium and small-sized peach trees this year. The lands upon which our peach trees are grown this year produces a light, well-matured tree, with fine roots. These trees will answer well the purpose of "June Buds," and are very much better to transplant, as they will be well matured to the terminal bud, while June Buds are often tender at the tips. The little trees we offer should not be confounded with the little culls left after the larger trees have been dug and offered so cheaply by other nurseries. Our peach trees have been grown with especial reference to the Southern trade, where small sizes are mostly wanted. The Yellows and Rosette are unknown in this locality, and we have been careful not to bring in any buds from affected localities.

Ten dollars per 1,000 additional on peach trees going north of the Ohio River.

TRIUMPH AND GREENSBORO—Price: \$100.; \$90.; \$75.; \$70.; \$65.; \$60 ; \$100 per 1,000.

BUDS.

Orders will not be accepted for less than two dollars' worth of buds, and if required in less quantities than one hundred of a variety, double the hundred rates will be charged.

Orders for buds can be made upon us with confidence. We take especial pains to keep all our sorts pure, renewing frequently from bearing trees and "mother blocks." Special prices will be given on orders of 5,000 or more of leading varieties.

THE HUNTSVILLE WHOLESALE NURSERIES PRICE LIST.

It seems strange, but it is a fact worth noting that Mulberry trees grown at Biloxi, Miss., mature their wood to the tip in good time for early Fall shipment, when they will not do so at Huntsville. The Biloxi Mulberries have already formed the terminal bud. If you wish your Mulberries for Fall delivery without dead tops, give us your order.

If orders are sent in time, we will fill orders for Mulberries at Huntsville, if desired to be shipped with other things, at $2\frac{1}{2}$ cents a tree in addition to Biloxi Nurseries prices. Lots of 100 or over should go from Biloxi.

We have a well-grown stock of apple seedlings, Nebraska and Kansas grown, upon which we will make bargain quotations for early orders.

GRAPE VINES.

These vines are grown for us by one of the most successful growers of grape vines at Fredonia, N. Y. We guarantee them equal to the very best produced in quality and grade.

NO. 2 PLANTS OF ABOVE VARIETIES FOR TRANSPLANTING AT ONE-HALF THE PRICE OF NO. 1.
 Grown from cuttings. Price of boxes or bales to be added. Delivered at depot at Biloxi. Orders sent in by Northern customers for Spring delivery, we will pay freight to St. Louis, and hold in cold storage there until wanted. The No. 1 plants will have three or more branches and will be cut back to 30 or 36 inches. The roots are very fine.
 Terms and conditions governing above quotations are the same as those given by the Huntsville Wholesale Nurseries.

THE HUNTSVILLE WHOLESALE NURSERIES PRICE LIST.

Terms and Conditions Governing Quotations in the Price List of the Huntsville Wholesale Nurseries.

RATES.—As we send this list to the trade only, we make the difference in prices between the 10, 100 and 1000 rates very slight—simply sufficient, as a rule, to cover the difference in the expense of handling in the smaller numbers. We uniformly tie in bunches of 10, when consistent with the order, and we suggest to our customers to make their orders for varieties in multiples of 10 as far as practicable. Orders for 50 and not over 300 trees, if for not less than 10 of a variety, will be charged at the rate per hundred. Orders requiring 300 trees or more, and not less than 10 of a variety, will be filled at the lowest quoted prices. Orders for less than 10 trees of one variety, will be charged at the rate per ten.

SEASON.—Our packing and shipping season begins by the 20th of September, and continues until about the first of March.

We have great advantages to offer here in early shipments for the North in Spring. We do not accept orders for trees we do not grow, as we never buy trees to sell again. You can depend upon us for fresh dug trees. Each order is taken up separately, and not until it is wanted for shipment.

SHIPPING DIRECTIONS.—We respectfully beg our patrons to furnish us with explicit directions as to shipping, and the mode of conveyance by which they desire trees forwarded. When no particular directions are given, we forward according to the best of our judgment. *But in no case do we assume any responsibility as to safe delivery and condition of Trees and Plants after a proper shipment by us.*

RELEASE.—When prepayment of freight is not required, we will Release and Guarantee, and take forwarder's receipt and mail to consignee. It is left to the option of the shipper of trees over some railroads, whether he will release them or not under the clause "Value less than \$5.00 per 100 lbs." If released under this clause, the freight is less on roads governed by this classification, and we will assume it to be proper to make this release, without reference to the value of the trees, unless instructed to the contrary. This clause does not apply upon roads under some of the district classifications, and because of this confusion we will not be held responsible for any oversight to release, unless instructed by our customers. Claims for delay or loss must be made to the forwarders.

PACKAGES.—The cost of package must be added to the prices quoted in this list, as follows:

Boxes 30 inches square, from 7½ to 9 feet long, as the trees may require, each \$2.50; boxes 24 inches, \$2.00; boxes 15 inches, \$1.50; bales from 25c. to 75c. each.

PACKING.—Goods will be packed in moss, and especial care taken to insure their arrival in the best condition.

ASSORTMENTS.—We do not require customers to take an assortment they do not wish, but will sell one variety alone if desired. If any substitution can be allowed, either in grade or variety, it should be so stated when making the order. As a rule we do not substitute without permission.

CAUTION.—We accept all orders upon the condition that they shall be void, should any injury befall the trees from frost, hail, storm, fire, or other causes over which we have no control.

TERMS.—Cash. When desired, we will allow 30 to 60 days from date of shipment, to be responsible.

prompt-paying customers. Parties with whom we have had no business transactions, will save time by sending reference, with order. We wish it expressly understood that payment is expected from the first collections made, and the time named is only intended as so many days of grace in which to make returns. To northern customers, who wish to lay in stock for Spring trade, we will ship late in Fall or early in Spring, and allow time for payment till May 15th. If shipment is required in the Fall for Spring use, a note is to be given upon receipt of the trees. We do not allow any discount for cash, but we make our prices low to command cash, or prompt returns. In orders when the time is not mentioned, 30 days is to be understood. Interest at the rate of 8 per cent per annum must be paid on over due accounts. Should prices be changed, either higher or lower, during the season, the prices ruling at the time the order is made, are expected to stand.

FORMS OF PAYMENT.—All bills are payable at the office of the seller, and remittances should be made by drafts on New York, Chicago or St. Louis, or by money orders on some Express Company, or by postal orders. We will, however, accept checks from those of our customers who may be located at places having no banking, express or postal facilities, provided they make them in every case payable "with exchange", or add ¼ of one cent, to the amount of the bill for the cost of collection.

GRADES.—We grade very carefully, in some cases by caliper, in others by height. When graded by both caliper and height, the caliper must govern, as the height then named is only to be considered approximately. When graded by height or caliper, we include the lower number and exclude the higher. Instance: in a grade of 4 to 5 feet trees, the 4 feet trees are included, but not the 5 feet trees. If 5 feet trees are wanted, the 5 to 6 feet grade must be ordered.

GUARANTEE OF GENUINENESS.—While we exercise the greatest diligence and care to have all our Trees, etc., true to label, and hold ourselves in readiness, on proper proof, to replace all trees, etc., that may prove untrue to label, free of charge, or refund the amount paid, it is mutually understood and agreed to, between the purchaser and ourselves, that our guarantee of genuineness shall in no case make us liable for any sum greater than that originally received for said trees, etc., that shall prove untrue.

ACCEPTANCE.—Notice should be sent us by telegraph, at our expense, if there is any cause of complaint, or should the trees be refused, stating reasons. Claims for deduction, from whatever cause, will receive consideration only when made promptly upon the receipt of the trees. If trees show any signs of shrivelling upon arrival, they can usually be restored by being thoroughly watered and buried entirely under the ground for two or three days. Should there be any frost in the trees upon arrival, they should not be removed from the box until the frost is all out. The box should be placed in the cellar or protected in some other way. The presence of frost in the boxes is not to be considered an evidence of bad condition, as we pack to secure the trees against damage, if the frost is allowed to come out in the natural way. Goods will be considered accepted if removed from the boxes in which they are packed, without notice of complaint to us and without our orders for their disposition.

ALLEN L. WOOD,

Woodlawn Nurseries,

ROCHESTER, N. Y.,

Wholesale Grower of Small Fruit Plants for Nurserymen and Dealers.

We offer for the Fall of '96 the largest and most complete collection in the world of high grade Small Fruit Plants.

SPECIALTIES:

- Raspberries, Transplants, of all the leading kinds.
- Blackberries, Root Cuttings, of all the leading kinds.
- Currants, one and two year, of all the leading kinds.
- Gooseberries, two years, of all the leading kinds.

Introducer of the Pearl, the most prolific Gooseberry known. I have the largest block of Currant and Gooseberry of any Nurseryman in the United States.

If you have not received my Wholesale Catalogue, send for it. Ready August 1st.

P. S.—Columbian Raspberries.—I am growing a large stock of this valuable new berry; and I am "not in the combine," and can therefore make my own prices. I guarantee my stock to be the True Variety. Also growing this season Golden Mayberry, Strawberry-Raspberry, and Logan Berry.
