NO. 119

BISHOP WILL ARRIVE TO-DAY

MGR. McDONALD GETS TO HIS NEW DIOCESE

Addresses to Be Presented at Cathedral This Evening.

Right Rev. A. McDonald, D.D., the new bishop of the Roman Catholic diocese of Victoria, will arrive by this evening's boat and will be met at the wharf by a delegation of priests and laymen and welcomed to the scene of his future labors.

The bishop is being accompanied by Rev. Father Brabant, who has been administrator of the diocese, and who went over to Vancouver to meet him; Mr. E. Buzon, V. G., Dawson, prefect apostolic of the Yukon; Rev. Father Ronald Beaton, of St. Francis Xavier College, Antigonish, N. S., who will spend a holiday of two or three months on the coast; Rev. Father Welch, and P. Le Chesne, of Vancouver.

From the wharf the bishop will be driven to St. Andrew's cathedral, View street, where addresses of welcome and congratulation will be read from the clergy of the diocese and from the congregation of the cathedral. Preceding this there will be a short ceremony of induction. At the close of the addresses his lordship will give the pontifical blessing and the congregation will join in singing the Te Deum.

A reception is being planned by the societies connected with the cathedral, to take place after evening service on Sunday. Since his appointment to the see Bishop McDonald has visited Rome and spent a short time at his old home in Nova Scotia on his return.

FIGHTS FOR REVOLVER AND ENDS LIFE

Man Wrests Weapon From Sisters and Shoots Himself.

Seattle, Wash., May 26.—While two of his sisters were attempting to wrest from him his revolver, Charles Faulk, a Ballard carpenter, 41 years old, turned the weapon upon himself and ended his life in the kitchen of his father's home last evening. Despondency caused by the death of his child and the incarceration in the Stearns-insane asylum of his wife, is believed to have driven him to self-destruction.

BUILDINGS SHAKEN BY EARTHQUAKE SHOCKS

Tremors Are Reported From Wisconsin, Iowa and Illinois.

Chicago, May 26.—Reports from Oak Park suburb say that almost every chimney was levelled by an earthquake shock at 8:40 o'clock this morning. Several small fires were started by stoves being overturned. The weather bureau reports that the shocks lasted from 5 to 5 seconds. The motion apparently was from the north to the south.

YOUTH KILLED BY ELECTRICITY

Electrocuted While Repairing Equipment in School Laboratory.

Alameda, Cal., May 26.—On the eve of his graduation from the local high school Wm. Welch, 18 years of age, was killed late yesterday in a laboratory at the school, 2,300 volts of electricity passing through his body.

MORE JAPANESE STRIKE

Over Seven Thousand Employees of Hawaiian Plantation Are Idle.

Honolulu, May 26.—The Japanese employees of five of the largest sugar plantations on the island of Hawaii, numbering more than 7,000, are now on strike for a higher wage scale. Three thousand of the strikers are crowded into Honolulu, living in quarters prepared for them by sympathizers.

WILL BE APPOINTED JUDGE.

(Special to the Times.) Ottawa, May 26.—It is understood that Hon. F. R. Sutherland, ex-speaker of the House of Commons, will be appointed at this afternoon's cabinet meeting judge of the Ontario Court of Appeals to fill the vacancy caused by the promotion of Judge Anglin to the Supreme court bench.

COMING TO VICTORIA.

(Special to the Times.) Winnipeg, May 26.—The Earl and Countess of Clanwilliam left this morning for Victoria on their honeymoon trip. They intend visiting Skagway, and will spend some weeks fishing and hunting in the North.

MANITOBA'S NEW JUDGE.

(Special to the Times.) Winnipeg, May 26.—This Metcalfe, a well-known young barrister, has been appointed judge of the High court of Manitoba.

AGREEMENT HAS BEEN REACHED

THREE COMPANIES TO USE N. P. LINE

Arrangements for Traffic Between Puget Sound and Portland.

(Times Leased Wire.) Seattle, Wash., May 26.—The following signed statement was given out today by J. D. Farrell, vice-president and general manager of the Oregon and Washington railways.

"Arrangements have been made between the Northern Pacific, Union Pacific and Great Northern roads, under which the Northern Pacific line between South Tacoma and Vancouver, Wash., and the bridge over the Columbia river, will be used jointly by the three companies named. The Northern Pacific will at once begin work to complete double tracking its road so as to care for the business of the three companies. The property will be used for any and all kinds of business by the three roads and will be maintained between Portland, Ore., and Puget Sound."

JAPANESE DEFEATED AMERICAN SAILORS

Won Every Boat Race in Which Both Nations Were Represented.

(Times Leased Wire.) Tacoma, Wash., May 26.—Tacoma's Japanese visitors defeated the American sailors in the boat races on the bay yesterday afternoon. Every contest in which both nations were represented was won by the Japanese.

PLANS FOR VANCOUVER ARCH APPROVED

Will Be Erected at Third Ave. and Marion Street, Seattle.

(Times Leased Wire.) Seattle, May 26.—The board of public works has approved the plan of Arthur Cox for the Alaska-Yukon-Pacific exposition arch which the city of Vancouver, B. C. plans to build in Seattle.

PACKERS DECLARE INCREASE IS DUE TO RISE IN CORN.

(Times Leased Wire.) Chicago, May 26.—Another effect of the bull wheat operations of James A. Patten became known today, when local packers announced a general advance to retailers in prices of all dressed meats.

FRUIT CANNERY GOES UP IN SMOKE

(Times Leased Wire.) Fresno, Cal., May 26.—Fire last night caused the California Fruit-Canners Association a loss estimated at \$500,000. The fire started in the sulphur room and the flames spread rapidly through the canning department. The three-story brick raisin-seeding building and a warehouse were also destroyed.

BODY WASHED ASHORE BY TIDE

WOMAN BELIEVED TO HAVE BEEN MURDERED

Remains Found on Rocks Near New Cliff House at San Francisco.

(Times Leased Wire.) San Francisco, Cal., May 26.—Washed upon the rocks near the new Cliff house by the incoming tide, the body of a well-dressed, comely woman was found early today by Julius Schmidt, a night watchman. The woman apparently was about 33 years of age, and the body had been in the water but a short time.

SEVEN PERSONS PROBABLY DROWNED

(Times Leased Wire.) Vicksburg, Miss., May 26.—It is believed today that seven persons were drowned when the gasoline launch Dorrie capsized in the Yazoo canal last night. The Dorrie carried ten passengers and was overturned during a storm.

BOOTH WAR HAS BEEN SETTLED

OREGON WINS OUT AT SEATTLE FAIR

(Times Leased Wire.) Seattle, Wash., May 26.—There will be no selling booths on Oregon's grounds at the Alaska-Yukon-Pacific Exposition, nor on any of the land which has been allotted to state and countries, unless the exhibitors give their permission. This is in accordance with an agreement that has been reached between a committee of the commissioners association and the executive committee of the fair.

PLANS FOR VANCOUVER ARCH APPROVED

(Times Leased Wire.) Seattle, May 26.—The board of public works has approved the plan of Arthur Cox for the Alaska-Yukon-Pacific exposition arch which the city of Vancouver, B. C. plans to build in Seattle.

PACKERS DECLARE INCREASE IS DUE TO RISE IN CORN.

(Times Leased Wire.) Chicago, May 26.—Another effect of the bull wheat operations of James A. Patten became known today, when local packers announced a general advance to retailers in prices of all dressed meats.

FRUIT CANNERY GOES UP IN SMOKE

(Times Leased Wire.) Fresno, Cal., May 26.—Fire last night caused the California Fruit-Canners Association a loss estimated at \$500,000. The fire started in the sulphur room and the flames spread rapidly through the canning department. The three-story brick raisin-seeding building and a warehouse were also destroyed.

WINNIPEG Y. M. C. A. FACES DEFICIT

Annual Reports Show That Membership Continues to Decrease.

(Special to the Times.) Winnipeg, May 26.—The Y. M. C. A. faces a deficit of \$16,000, although \$11,000 has been collected. More than ever before the membership is shrinking. This startling state of affairs was revealed at the annual meeting yesterday.

ALARMING FIRE

(Special to the Times.) Eugene, Ore., May 26.—Fire which broke out in a livery stable in the heart of the city, threatened the business section with destruction yesterday afternoon. Hard work by the firemen confined the loss to the stable building and a few frame warehouses in the rear of stores.

SEVEN PERSONS PROBABLY DROWNED

(Times Leased Wire.) Vicksburg, Miss., May 26.—It is believed today that seven persons were drowned when the gasoline launch Dorrie capsized in the Yazoo canal last night. The Dorrie carried ten passengers and was overturned during a storm.

(Times Leased Wire.) Fresno, Cal., May 26.—Fire last night caused the California Fruit-Canners Association a loss estimated at \$500,000. The fire started in the sulphur room and the flames spread rapidly through the canning department. The three-story brick raisin-seeding building and a warehouse were also destroyed.

AUSTRALIAN STEAMER SERVICE

NEGOTIATIONS ARE STILL IN PROGRESS

Arrangements May Be Made for Continuing Subsidy for Another Term.

(Special to the Times.) Ottawa, May 26.—The minister of trade and commerce, Sir Richard Cartwright, is negotiating with New Zealand and Australia for a continuance of the subsidized steamship service from Vancouver to the Antipodes, the contract for which expires shortly. The New Zealand government is willing to renew the contract, but the Australian government is not favorable. It is expected, however, that an arrangement will be reached shortly whereby the service will be continued for another term.

NORTHERN PACIFIC ROBBERY

(Special to the Times.) Spokane, Wn., May 26.—Bangdon Coffey, arrested at Missoula on suspicion of being one of the robbers who held up the Great Northern passenger train at Colbert May 15th, has been brought to Spokane and put in the same cell with his brother, Bert Coffey, arrested here several days ago. The officers say they have strong evidence against the men, both of whom are said to have disappeared upon the day after the hold-up.

WINNIPEG MYSTERY

(Special to the Times.) Winnipeg, May 26.—The crown yesterday served an order on Lewis James, demanding his appearance in court on May 27th to tell all he knows about the murder of his wife on Dominion street on April 22nd. It is thought this examination will throw important light on the tragedy, and result in the arrest of the guilty party.

DETECTIVE FOLLOWS HENEY'S TRAIL

(Times Leased Wire.) San Francisco, Cal., May 26.—That Harry Laurensen, a detective now in the employ of Luther G. Brown, has been for the past two years engaged in an investigation of the work of Francis J. Heney, was his testimony in the Calhoun trial today. The investigation, he stated, had been carried on in this city and in Portland. He denied that it included Heney's work in Arizona previous to his connection with the land fraud cases in Oregon.

PLANS FOR VANCOUVER ARCH APPROVED

(Times Leased Wire.) Seattle, May 26.—The board of public works has approved the plan of Arthur Cox for the Alaska-Yukon-Pacific exposition arch which the city of Vancouver, B. C. plans to build in Seattle.

PACKERS DECLARE INCREASE IS DUE TO RISE IN CORN.

(Times Leased Wire.) Chicago, May 26.—Another effect of the bull wheat operations of James A. Patten became known today, when local packers announced a general advance to retailers in prices of all dressed meats.

(Times Leased Wire.) Fresno, Cal., May 26.—Fire last night caused the California Fruit-Canners Association a loss estimated at \$500,000. The fire started in the sulphur room and the flames spread rapidly through the canning department. The three-story brick raisin-seeding building and a warehouse were also destroyed.

EDMONTON REAL ESTATE

(Special to the Times.) Edmonton, May 26.—P. Byrnes, a coal-broker who is still occupying his little shop, sold his lot on Jasper street, one of the carriages becoming jammed in the lot. Fifteen years ago he bought it for \$75.

REV. DR. GREGG DEAD

(Special to the Times.) Toronto, May 26.—Rev. Dr. Gregg, former Knox College professor, and pastor of Cook's church, died this morning at the age of 82.

DIES FROM INJURIES

(Special to the Times.) Montreal, May 26.—Gordon Macfarlane, the 14-year-old son of R. P. Macfarlane, passenger manager of the White Star Dominion line, died in hospital yesterday as the result of a rifle shot wound in the head. The lad was practicing at a target at his home in Westmount on Saturday when one of the cartridges became jammed in the barrel. While trying to remove the obstruction with a ramrod the charge exploded.

TWO KILLED IN AUTO ACCIDENT

(Times Leased Wire.) Stockton, Cal., May 26.—While crossing a bridge over Middle River, on Union Island, an automobile driven by Isaac Robinson, yesterday skidded on a high embankment and went into the water. In the machine at the time were besides Robinson, his wife and sister-in-law, Mrs. Warren Jones, and their two little children. Mrs. Jones and one of the Robinson children were killed. Apparently they were drowned in the shallow water when the automobile overturned. The occupants were all caught beneath the heavy machine.

MACHINE PLUNGES FROM BRIDGE INTO RIVER

(Times Leased Wire.) Stockton, Cal., May 26.—While crossing a bridge over Middle River, on Union Island, an automobile driven by Isaac Robinson, yesterday skidded on a high embankment and went into the water. In the machine at the time were besides Robinson, his wife and sister-in-law, Mrs. Warren Jones, and their two little children. Mrs. Jones and one of the Robinson children were killed. Apparently they were drowned in the shallow water when the automobile overturned. The occupants were all caught beneath the heavy machine.

SIX OCCUPANTS WERE PINNED BENEATH THE HEAVY CAR.

(Times Leased Wire.) Stockton, Cal., May 26.—While crossing a bridge over Middle River, on Union Island, an automobile driven by Isaac Robinson, yesterday skidded on a high embankment and went into the water. In the machine at the time were besides Robinson, his wife and sister-in-law, Mrs. Warren Jones, and their two little children. Mrs. Jones and one of the Robinson children were killed. Apparently they were drowned in the shallow water when the automobile overturned. The occupants were all caught beneath the heavy machine.

NEW CENSUS DIRECTOR

(Times Leased Wire.) Washington, D. C., May 26.—It was stated officially at the White House today that Census Director North has resigned, and that E. Dana Durand, deputy commissioner of corporations, has been named to succeed him.

NEW U. S. SENATOR

(Times Leased Wire.) Springfield, Ill., May 26.—William Lorimer, of Chicago, member of the National House of Representatives and prominent for years in Chicago politics, was elected United States senator today.

LIFE WAS THREATENED

(Times Leased Wire.) St. Helens, Ore., May 26.—J. Kendall Blakesley and "Jack" McCarty are to be indicted on a charge of attempting to blackmail County Treasurer E. C. Quick, of Columbia county.

TWO MEN UNDER INDICTMENT CHARGED WITH ATTEMPTING BLACKMAIL.

(Times Leased Wire.) St. Helens, Ore., May 26.—J. Kendall Blakesley and "Jack" McCarty are to be indicted on a charge of attempting to blackmail County Treasurer E. C. Quick, of Columbia county.

SAILOR SAYS HE KILLED MRS. GUINNESS

(Times Leased Wire.) Chicago, May 26.—Word reached here today that a young American sailor is held in detention at Fredrikstad, near Christiania, Norway, after confessing that he helped Mrs. Belle Guinness to kill four persons on her farm near La Porte, Ind., and then killed Mrs. Guinness.

CONFESSES HE HELPED WOMAN TO MURDER FOUR PERSONS ON HER FARM.

(Times Leased Wire.) Chicago, May 26.—Word reached here today that a young American sailor is held in detention at Fredrikstad, near Christiania, Norway, after confessing that he helped Mrs. Belle Guinness to kill four persons on her farm near La Porte, Ind., and then killed Mrs. Guinness.

**SUGAR DUTIES.**  
 Schedule Now Being Discussed in United States Senate.  
 Washington, D. C., May 26.—Advocating protection of lumber and sugar. Senator McEnery, of Louisiana, in an address before the senate to-day told of the benefit to his state as the result of the tariff.  
 Senator Bristow, of Kansas, then took the floor, proposed that the duty on refined sugar be reduced to \$1.82 1/2 per 100 pounds.  
 Senator Clay, of Georgia, then proposed that the schedule be amended by omitting the duties on the standard of color and by making 7 1/2 degree sugar dutiable at 50 cents per 100 pounds, with two cents additional for every additional degree, and refined sugar dutiable at \$1 per 100 pounds.

## STRIKE OF FIREMEN NOT YET SETTLED

Representatives of Company and Strikers to Meet Commissioner.

(Times Leased Wire.)  
 Atlanta, Ga., May 25.—Future developments in the strike of the Georgia Central firemen depend upon a conference scheduled for late this afternoon between representatives of the contending parties and United States Labor Commissioner Neill. Neither side has shown signs of weakening and night is confronted with a difficult task in trying to straighten out the differences which have arisen over the railroad's refusal to draw the color line at the request of the union firemen.  
 There has been practically no change in the situation to-day everything having been held in abeyance pending the outcome of the conference.

## KING'S MINORU WINS THE DERBY

(Continued from page 1.)  
 Epsom Downs Plate.  
 Epsom Downs, Eng., May 25.—(Later)—Harry Payne Whitney's Bobbin II won the Epsom Town plate from a field of seventeen horses. The American plunged heavily on Bobbin II and recouped their losses on the Derby.  
 It was stated to-night that Sir Martin was badly shaken up, but will be all right in a few days.  
 A statement issued to-night regarding Sir Martin's fall says that it was the result of the crowding, but that no crooked work was suspected.

## SUIT TO RECOVER LAND.

Action Brought Against Former Receiver of Realty Company.  
 (Times Leased Wire.)  
 Seattle, Wash., May 25.—Sully has been brought in the United States circuit court against Morris Taylor, of Bellingham, for the recovery of \$100,000 worth of land which he is alleged to have fraudulently sold while acting as a receiver for the Northern Land & Realty Company of South Dakota.  
 The charge is brought by C. F. Easton, the newly appointed receiver for the company.  
 Taylor was appointed receiver for the concern February 3rd, 1909, and is alleged to have transferred certain "residual assets" to one J. Webb Lewis, of Joseph, S. D., for the sum of \$5,250, when in reality their worth at the time was \$40,000 and at the present time this property is worth \$100,000.  
 This sale was made June 2nd, 1902, and several months later Lewis is alleged to have transferred all of the property back to Taylor for no consideration whatever.  
 The property consists of the hotel Baker in Bellingham, worth \$50,000, two lots in Tacoma, worth \$25,000, which Taylor recently transferred to the corporation of the Catholic Bishop of Nisqually, and a half interest in certain lots in St. Paul.

The water commissioner is calling the attention of citizens to the fact that they must not use hose for sprinkling lawns or gardens between 8 a. m. and 5 p. m. The hours for using water for this purpose are 5 a. m. to 9 a. m. and 5 p. m. to 10 p. m. A penalty of \$1.00 for each infraction and the turning off of water may be imposed.

## MURDERER OF GIRL STILL AT LIBERTY

Boy Convinces Police He Had No Hand in Atrocious Crime.

(Times Leased Wire.)  
 Los Angeles, Cal., May 25.—With the capture of the much-wanted Ben Elliott at Redondo, and his absolute elimination from the Poltera murder mystery, the question to-day changed from a man hunt to a cold-blooded picking of a man or men from the Griffith Park locality to be put through the most rigid examination known to the police.  
 With this in view Sheriff Hammel and others in the sheriff's office left early this morning for the scene of the tragedy.

The various examinations to which young Elliott was subjected after his arrest convinced everyone who has been active in the search that he had no hand in the atrocious crime. The 15-year-old boy frankly confessed he was the robber of the Tropico and Glendale stores that have been pillaged during the last six weeks. He also admitted that he left the camp near Tropico the morning after the child murder is supposed to have been committed. He started for Redondo, he says, about four o'clock. From his statements given in a straightforward manner it would seem that he had not been in the part of the valley where the crime was committed.  
 The sheriff this morning said that he was not entirely through with his examination of Henry V. Ponnay, the Los Angeles printer, who discovered the missing lunch box of the dead school girl, and a few playthings she had with her.  
 Joseph Dyson, a Griffith Park employee, declares Ponnay's actions were suspicious, and if not suspicious, untanny.

"When Ponnay reached here Monday afternoon," Dyson says, "he came up to us directly and said without hesitation: 'I have a premonition I am going to find something important.'"  
 "Ponnay went north," asserts Dyson, "and very shortly came back with the missing articles. As he showed them to us he said: 'Look behind the brick house and you'll find a little skirt.'"  
 The second prophecy was not fulfilled, though the place he mentioned was where the body was found.

## ERUPTION OF MOUNT ETNA IS PREDICTED

Scientists Warn People to Move to Places of Safety.

(Times Leased Wire.)  
 Catania, May 25.—Scientists who have been investigating conditions at Mount Etna to-day advised people living in that vicinity to move to places of safety as it appears that a violent eruption will take place soon. The air for miles around the volcano is filled with hot ashes and it is feared the lava will soon begin to flow.  
 Several sharp earthquake shocks have been felt near the mountain recently.

## VICTORY OF KING'S HORSE IS POPULAR

(By Robert F. Leighton.)  
 Manager Victoria Country Club.  
 The news of the victory of King Edward's horse Minoru in the Derby, the greatest of all horse races, at Epsom Downs to-day, is received with a good deal of pleasure and intense gratification, not only by all loyal Canadians, but also by sportsmen of all nationalities in this city, and more particularly the horsemen from the United States now here awaiting the opening of the race meeting. All recognize in the King the greatest and the greatest of sportsmen, and they consider that by his Majesty's latest victory in the \$2,250 race the turf has received a renewed impetus.  
 The King does not think it a crime to own and race a stable of thoroughbreds, following the example of illustrious ancestors, who have owned and raced thoroughbreds. The King has a strong love of outdoor sports, and considers breeding and racing of horses the greatest and best of them all. Racing has been a part of human life since the beginning of the world, and the sport of kings, and the present ruler of the British Empire is following a tradition established three centuries ago.  
 The victory will be hailed with delight by all horsemen throughout the United States, where some narrow-minded and misguided bigots have succeeded in curtailing, and in some places abolishing, the sport. The victory of the King's horse in the greatest of all turf classics will be far reaching, and will do more to revive the sport in the United States, and establish it on a cleaner and firmer basis, than ten years of agitation could accomplish.  
 The shout that went up at Epsom Downs to-day when Minoru triumphed was re-echoed all over the world and created the largest volume of sound that has emanated from human throats in a good many years. It is the King's third Derby victory, and that he may live to lead back to scale many more victories is the sincere wish of all his subjects.

## CONSUL GENERAL RESIGNS.

Washington, D. C., May 25.—Robert J. Wynne, consul general at London, resigned to-day. It was also announced that John L. Griffiths, consul at Liverpool, will succeed him.  
 OFFERED BRIBE TO COUNCILLOR.  
 Pittsburg, Pa., May 25.—Charles G. Cameron, president of the Tube City railroad, was given a jail sentence to-day and fined \$500. He was convicted of offering a bribe to a member of the city council.

## FOURTEEN HUNDRED VISITING INDIANS

Red Men From Many Parts of Coast Assembled—Order Was Perfect.

A ball game was played yesterday at Beacon Hill between the American Indians and the B. C. Indians who are down here for the Victoria day celebrations. The game was watched by several hundred people, and the Indians put up ball of the highest class. The winning team was the American nine, who scored two to one. The fielding on both sides was errorless. Dan Brunell, who pitched for the B. C. Indians, also pitched the day before for the Vancouver junior team, and strained his arm, otherwise victory would have been with the B. C. nine yesterday.  
 Thomas McConnell, Dominion Indian constable, who came to town Saturday to watch events during the celebration, said this morning that his work had been extremely light. There had been no occasion to interfere with the visitors at all. Monday they all assembled at Johnson and Store streets and presented a most orderly appearance, and there were no signs of intoxication among them.  
 The Indians say they enjoyed their trip, which is the first time they have been together for three months, owing to the quarantine restrictions that have been placed on fourteen reserves during that time. The balance of the Indians went home on this morning's train. Monday night the racing crews left by water and 150 went away by train. Two cars full left yesterday morning and 75 last night. There were altogether 1,400 here for the celebrations.

Mr. McConnell says, the reserves are now quite free from quarantine, and that during the time of restriction the Indians all behaved in an exemplary manner, were law-abiding and did their utmost to keep order and assist in the cleaning of the reserves. Some 3,000 Indians were quarantined.  
 During their stay here the visiting Indians were entertained by the Indians on the Songhees reserve in the usual hospitable manner.

## GIFT TO PASTOR ON FIFTH ANNIVERSARY

Rev. H. A. Carson Was the Object of Pleasant Surprise Party.

A genuine surprise party was given Rev. H. A. Carson, pastor of the First Congregational Church after the meeting of the Men's Own Club last night. It was the fifth anniversary of his assuming the pastorate and the Ladies' Aid society decided to mark it by a little social gathering, and the presentation of a handsome dressing case.  
 Mrs. G. Herd, president, and Mrs. A. Braik made the presentation on behalf of the society. Congratulations and words of appreciation were also offered by A. Howell, George Carter, A. Braik and A. C. Mayor, on behalf of the deacons of the church; W. J. Stephens, for the finance committee; J. E. Andrews, for the Sunday school; F. J. Ferris, for the teachers; A. Housh, president of the "Men's Own" Bible class; Miss M. Cullen, for the Ladies Bible class and Young People's society; Mrs. W. Graham, for the Ladies' Aid; and Miss F. Braik, for the Junior C. E. All bore testimony to the sterling worth and the sterling of the pastor, to his broad sympathy, and to his ability as a teacher, preacher and leader.  
 Mr. Carson, in his reply cordially thanked the congregation for this further evidence of their esteem and sympathy, and of their determination to co-operate in the work of the church.  
 An impromptu programme and refreshments followed.

—There is an unwritten Canadian law which allows foreign yachts belonging to any recognized yacht club to enter and clear at Canadian ports without payment of any dues or charges.  
 Last year the United States Congress enacted that their ports would reciprocate in this matter and the Victoria Yacht-Club has just received notification of this fact.

## MAY UNITE TO FIGHT STANDARD OIL

Plan of Campaign is Being Considered by Scotch Companies.

(Times Leased Wire.)  
 Glasgow, Scotland, May 25.—New plans are being laid to-day by Scotch oil companies which may amalgamate for the purpose of fighting the Standard Oil.  
 Some time ago a scheme was proposed but it was never carried out because of personal differences between the Scotch producers. Since that time the Standard has been making such inroads into their business that the local oil men are disposed to forget trival matters and unite in a fight against the invader.  
 Superior Court Judges.  
 (Special to the Times.)  
 Ottawa, May 25.—Ex-Attorney-General McKeown of New Brunswick, and Judge Berry, of Fredericton, have been appointed to vacancies on the Superior court bench.

### REPORT ON THE ONTARIO CROPS

#### Spring Seeding Was Late Owing to Unfavorable Weather.

Toronto, May 26.—The following information regarding agricultural conditions in the province about the middle of May has been issued by the Ontario department of agriculture:

Vegetables.—In the opinion of many correspondents the growing season of 1909 is the latest for at least a score of years, it being placed at from one to two weeks later than the average. The exceedingly wet and cool weather prevailing during April and the early part of May is the cause.

Fall wheat.—Reports concerning the prospects of fall wheat vary greatly, even in the same localities, some describing the crop as looking well, though late, while others state that the fields are not only backward in growth, but are thin and much spotted. Owing to the dry period prevailing when most of the seeding was done, much of the new fall wheat did not start until the rains of September came. Winter conditions, however, were favorable to the crop, except where ice formed, and an early spring growth would have brought the fields along nicely, but the cold and wet weather of April retarded growth, and on poorly drained or low land almost drowned out the crop. Much better growth was made on sandy and gravelly soil than on clays, owing to the excessive moisture. While there are many patchy spots, plowing up of the crop will not be generally resorted to, owing to grass being sown with the wheat; but barley or other spring grains will be drilled into the bare spots. The latest reports are more favorable, showing that the crop is rapidly recuperating with the growing weather. There is less injury than usual reported from insects.

Spring sowing.—The small portion of the spring crops that were put in early found an excellent seed bed, but heavy rains immediately followed, and the land got too soft to work on, making further sowing almost impossible for weeks, except in a few cases, where, to use the expressive language of some correspondents, the seed was "puddled" in. While those on high, light, or well drained lands have made fair headway with their spring wheat, the bulk of farmers were not more than half way through with work in the second week of May, a most unusual record for Ontario. However, farmers were ready and eager to get on the land with the first appearance of dry weather, and while some take a rather gloomy view of the situation, others are more hopeful that with the advent of warm weather there would be a quick advance in the growth of spring crops.

An Ounce of Prevention is better than a pound of Chronic Dyspepsia. Take

### JUDGE DISMISSES CHARGES OF LIBEL

#### Plaintiff Says He Will File an Amended Complaint Against San Francisco Call.

San Francisco, Cal., May 26.—Judge Shortall yesterday dismissed the charges of libel preferred against the management of the San Francisco Call by P. H. McCarthy, president of the building trades council. The case was dismissed on the grounds that the plaintiff did not state facts sufficient to constitute a cause of action. McCarthy announced that he would prepare an amended complaint and file it at once.

### SUNDAY GAMES AND EXCURSIONS CONDEMNED

#### Presbyterian General Assembly Adopts Report on Sabbath Observance.

Denver, Colo., May 26.—"At the rate Jews are now coming into this country all the Jews in the world will be in America soon," declared Rev. Louis Meyer, head of the Jewish immigrant work for the Presbyterian church, in an address before the general assembly, here yesterday.

Dr. Charles M. Thompson, of the board of home missions, appealed to the church to awaken to a realization of the work that remains to be done in this country.

In its annual report the foreign missions board requested an appropriation of \$300,000 for the coming year.

Dr. Thompson in his address declared that the Pacific coast offered a great opportunity for the work of the home missions board.

A lively argument arose over the question of the power of the department of church and labor. Rev. Chas. Steele, chairman of the committee, opened the debate with the question: "Shall the department have the right to direct its policies without first submitting them to the individual presbyteries?"

After arguing the question, the conference upheld the department.

The report of the Sabbath observance committee was adopted yesterday. This report discourages the holding of Sunday funerals, condemns Sunday newspapers, unnecessary Sunday day travelling and excursions and all games and sports on Sunday. It also urges all employers of labor and captains of industry to recognize the necessity of the laboring man's day of rest each week. It goes to the Sabbath observance committee in each presbytery and synod and urges to endeavor to secure a law in every state requiring railroads, both steam and electric, to give their employees one day of rest each week.

### RAILWAY RATE CASE.

Spokane Rejects Compromise Agreement Offered by Great Northern and Northern Pacific.

Spokane, Wash., May 26.—The Spokane chamber of commerce yesterday rejected the compromise rate agreement offered by J. G. Woodworth, of the Great Northern railroad, and W. P. Kennedy, of the Northern Pacific, and will demand that the interstate commerce commission enforce its decision in the Spokane rate case. The rejected agreement added to the local rate east of Chicago, which would mean no relief to inland points.

### WIRES SAVE LIFE OF GIRL AERONAUT

#### Has Narrow Escape When Parachute Fails to Open.

New York, May 26.—To the fact that she fell into a network of telephone wires when her parachute failed to open, Mile. Theresa, a pretty 14-year-old girl aeronaut owes her life. She is lying in a hospital here bruised and shaken by her fearful fall but determined to repeat her recent immediately upon her recovery.

Late on Monday Mile. Theresa and her uncle, "Professor" Bola, started a balloon race from an amusement park near Bayonne. When a certain height was reached the aeronauts were to cut loose their parachutes and the first one to reach the earth was to be declared the winner.

At a height of 350 feet the signal was given. The little girl cut loose her parachute first. To the terror of 3,000 spectators the carrier failed to open and the girl shot with sickening speed toward the earth.

By marvellous good fortune the small balloonist dropped into a maze of telephone wires. The impact of the fall sent her bouncing high into the air. When she fell again the wires gave way beneath her weight and she dropped into the street. Bola reached the earth in safety.

IS NOW STREET SWEEPER.

St. Louis Police Magistrate Resigns His Position.

St. Louis, Mo., May 26.—Declaring that he preferred \$1.50 a day, square meal, to a salary of \$300 a month to be spent for medicine, Thomas Stanton, formerly an umpire in the Pacific Northwest Baseball League, resigned his office as police magistrate yesterday and took a job as a street cleaner.

Stanton, who is 51 years of age, has been in poor health recently, and his physician advised him that outdoor work would be necessary if he wanted to recover. A job as street cleaner being the first thing that offered, Stanton stepped down from the bench and became a "white wing."

"As police magistrate I was earning an average of \$300 a month but spent most of it for medicine," said Stanton. "I am only earning \$1.50 a day now, but I am sure that I am going to be happier than I was before."

THREE LOAN BY-LAWS.

Mr. W. A. Gleason wants to know what has become of the six hundred thousand odd dollars borrowed by the city council, with the approval of the ratepayers, for the extension and improvement of the water works.

The German people may be quite as aggressive and ambitious as they are credited by sensation-mongers as being, but there is one important line of human activity in which they are completely out-distanced by their British rivals.

adopted. Every ratepayer who favors a continuation of the existing rate, of civic progress will vote for it. The most important of the by-laws to be submitted for approval to-morrow, is it is scarcely necessary to point out, is the one providing for further extension of the sewerage system.

The third by-law which will be submitted to-morrow provides for the pavement of the causeway, portions of Belleville, Humboldt and Douglas streets. The neighborhood affected, on account of the construction of the Empress Hotel and of the new C. P. R. docks, has become the most prominent in the city.

"VICTORIA AND VANCOUVER." The New York Times has been noting with a keen eye the receptions which have been tendered the Japanese warships now visiting the coast and forming conclusions therefrom upon the manners and breeding of the people of the various cities visited.

The Mayor of Vancouver asked his finance committee last week to appropriate what was necessary to entertain the sailors from the Japanese squadron now on a visit to the ports of its ally. The money was refused, because, in the immortal and burning words of Alderman Macmillan, "we ought to show the Japanese how well prepared we are to shoot them."

The Mayor of Vancouver asked his finance committee last week to appropriate what was necessary to entertain the sailors from the Japanese squadron now on a visit to the ports of its ally. The money was refused, because, in the immortal and burning words of Alderman Macmillan, "we ought to show the Japanese how well prepared we are to shoot them."

The Mayor of Vancouver asked his finance committee last week to appropriate what was necessary to entertain the sailors from the Japanese squadron now on a visit to the ports of its ally. The money was refused, because, in the immortal and burning words of Alderman Macmillan, "we ought to show the Japanese how well prepared we are to shoot them."

The German people may be quite as aggressive and ambitious as they are credited by sensation-mongers as being, but there is one important line of human activity in which they are completely out-distanced by their British rivals.

Mauretania. Their ambitions have cost them many millions of thalers; and as a practical minded people they have doubtless concluded that if a couple of 23 or 24 knot boats have caused very heavy losses, two 26 knoters would involve greater sacrifices than they could stand privately for the public honor and glory of the Fatherland.

American newspapers, in their meanness of spirit, cannot let one Theodore Roosevelt alone now that he is too busy and too far away to snipe back at their spluttering fire. One of these irreconcilables says: "British sportsmen are horrified by the announcement that Mr. Roosevelt's East African game bag contains two giraffes. Really, one does not shoot giraffes, you know, Mr. Roosevelt has been one of the idols of British sportsmen. But in trying to account for the giraffe in his bag they are doing him a great injustice, which will be hotly resented on this side of the Atlantic. They intimate that in aiming at shootable animals he accidentally shot these giraffes. This is diabolical. The Colonel never misses his aim. We must wait for particulars. We do not believe he shot those harmless, ornamental giraffes. We fancy he would be as likely to shoot a stork."

The people of Victoria, irrespective of denominational affiliations or religious convictions, will give the new spiritual and pastoral head of the Roman Catholic diocese of Vancouver Island a cordial welcome to his appointed sphere of labor, and wish him an abundant measure of success in his ministrations. Bishop MacDonald has the reputation of being a ripe scholar, a distinguished theologian, an able preacher, a man of powerful intellect and of attractive personality. The newspapers of the East speak very highly of his Lordship in every respect and report his people very loth indeed to see him depart for his new field of labor upon this island.

A very considerable number of people have not a little faith in the future of the infant city of Prince Rupert. Judging from the briskness with which lots were bought up at the sale held in Vancouver yesterday, just as soon as the transfers have been effected we may expect the real work of building the new northern metropolis to begin.

One of the King's horses has won the Derby—for the third time. Nine-tenths of His Majesty's loyal subjects think none the less of him because of his ardent love of sport. It is safe to say that the scene on the historic course to-day on the conclusion of the race was one of unexampled enthusiasm.

Now that the spring holiday season is over let us get our minds back to work. There is a most important item of civic business to attend to to-morrow. Therefore do not forget that there are three loan by-laws—to be adopted.

What Other People Think

KINDNESS TO ANIMALS. To the Editor:—On behalf of all true lovers of dogs, I congratulate the owner of the dear big fellow which was rescued some days ago from the horrid, slimy kelp, where the poor creature had been struggling and crying for help for an unknown length of time.

CIVIC BY-LAWS.

To the Editor:—The Mayor and council are submitting to the electors on Thursday next by-laws to borrow \$45,000 for sewerage, \$125,000 for waterworks, and \$32,655 for street paving. With the first everyone will be in accord. The sewerage system must be completed as rapidly as possible, but surely the electors are entitled to be taken into the confidence of the Mayor and council in the expenditure of the \$125,000 loan for waterworks.

As to the paving-by-law, by all means let us have the causeway and Belleville street west of the causeway paved, but why borrow so much money to spend on other streets surrounding the C. P. R. property where there is no traffic, comparatively speaking, when so many business streets are in such a deplorable condition, and the streets department far behind with the work already laid out to do? The causeway should be paved uniformly with the paving adjoining. If wood blocks is good enough for Government street and Belleville street, why not for the causeway? Why make our city streets like a patchwork quilt?

—J. L. Skene, of the firm of Green, Courtney & Skene, arrived home to-day from Portland, where he has been on business.

IAN CAMERON LAID TO REST YESTERDAY

School-fellows and Friends Attended Funeral in Large Numbers.

The funeral of the late Ian Cameron, the son of Mr. and Mrs. John Cameron, who met with such a sad death on Saturday afternoon last on Fort street, took place yesterday afternoon from the Hanna chapel, Yates street, and at 2:30 o'clock from the First Presbyterian church.

At the church services were conducted by the Rev. Dr. Campbell, who made mention of the sad end of the young lad, and spoke words of comfort to the bereaved parents and sisters. Dr. Campbell mentioned the regulations concerning the speed of cars and fenders, and said that the people of Victoria should rise up and demand better protection. A number of hymns were sung, among which was the favorite, "Nearer, My God, to Thee."

There was a large attendance of sympathizing friends present, the church being filled. Among those who were in the class of Mr. Winby and Mr. Von Munster and the Caledonia baseball team, of which the deceased was a member. The choir was also in attendance and assisted in the singing.

The cortege then proceeded to Ross Bay cemetery, headed by the schoolboys, where interment took place. The following acted as pall-bearers: F. M. McGregor, G. A. McDonald, J. J. Gillis and W. Wilson.

The hearse was covered with beautiful floral tributes sent by the following: Wealth, Caledonia baseball team; wealth, First Presbyterian choir; wealth, Mr. and Mrs. Le. Burnstons; wealth, Mr. S. Ward; wealth, Arthur Lorne and M. T. Bell; wealth, Mr. and Mrs. Adam T. Moffat; wealth, Hubert Kent; wealth, Mr. and Mrs. F. J. Schil; wealth, Mr. and Mrs. J. G. Robin Hood Flour, Canada's Newest Greatest Flour, Continues to Grow in the User's Favor

"ROBIN HOOD FLOUR" started out well. It made an immediate impression by its "goodness," by the amount of bread it makes in comparison with other flours, and by the sweet, mealy flavor of the loaves made from it. When you are using add more water than with the flours you formerly bought. Then note the result. You get more bread, of more nutritious quality.

We are sending our staff of "Robin Hood" girls to every home in Victoria to let you know something about this wonderful, satisfying flour, to tell you why it has been so sensationally successful, and to get your order for a trial bag. Be sure and give them an order. It will prove its value. And Robin Hood Flour is sold under a positive guarantee. Your money back if not satisfied after two fair trials.

Every woman in Victoria ought to be using ROBIN HOOD FLOUR now. If you haven't tried it start now. Order a bag the next time you buy flour. You will certainly be delighted with it. And remember that "this DIFFERENT flour" is always guaranteed.

Made of Saskatchewan's Best Wheat "Robin Hood Flour" is in Every Way a Superior Flour

### The Perfect Type of Man

No two men were ever all alike. When they match at the chest they differ in waist or in length of limb.

Different ways of walking have their effect upon one's carriage. Shoulders never really match. It is impossible to produce clothes which will absolutely fit unless the figure of the wearer is normal, and every man's figure must be specially studied. All properly fitting clothes must possess a corresponding unlikeness.

By the Semi-ready physique type system of tailoring every garment can be quickly finished to shape and to overcome figure defects. The finisher can intensify or diminish height—build out hollow spots, and improve a physique so cleverly that he has to all appearances produced this perfect type.

### Semi-ready Tailoring

## BOXING BOUTS FOR TO-NIGHT

AMATEURS WILL BOX FOR CHAMPIONSHIPS

Good Card Offered in First Local Event at A. O. U. W. Hall.

Championship boxing bouts to-night. The A.O.U.W. hall will be the scene of the first British Columbia championships boxed in Victoria, and the introduction of half a dozen Vancouver boxers into the fray at the last moment is welcome.

The entry list has three bouts in the feather. The lightweight division offers a contest between the Bays and the Y.M.C.A. for the local end between Jeffs and Cohen, and with Rafferty, of the V.A.C., to punch the winner for the honors of the mainland. There will be two bouts in the welter

class; and in the middle the Y.M.C.A. and Victoria West, with Harrison and Saunders, will decide the local honors and the winner go against the pride of the Vancouver Athletic Club Rourke, for the final decision. The heavies are three, one local and two from Vancouver. Binney, unattached, is against Stanley of the V.A.C., and the winner will box the middleweight, Rourke, of the V.A.C., who has entered in the heavies also.

The card is one of the most attractive. A lively go is promised the fans by Bailey and Hill, the V.W.A.A. fighters. Shamou, of the V.A.C., joins in the fray at this weight also.

The ball will commence about eight o'clock, under the auspices of the James Bay Athletic Association with the sanction of the B.C.A.A.U. All the boxers are registered amateurs and in good amateur standing with the union. The gloves used will be eight ounce and the decisions promise to be particularly close in many of the events.

Harry Dodd will referee and the public is sure of a square deal in anything pugilistic that Dodd is connected with. A new innovation in the shape of umpires is introduced into to-night's affair. The management has appointed W. Hall and G. Plummer umpires. Len Oliver will handle the watch and the chief of police will be at hand to read the medical certificates and see

# PRINCE RUPERT KING OF HAVANA CIGARS

There are lots of good cigars that smoke well for a while—until they're about half smoked.

The difficulty is to find a cigar that will smoke with the same uniform flavor from start to finish.

It's this uniformity of flavor from beginning to end which makes a Prince Rupert cigar such an enjoyable smoke.

Made in 30 shapes and sizes and sold at 10c to \$1.00 each.

that all is clear sailing and free from unnecessary bloodshed and vigor. The programme from which the final draw will be made to-night is: Feather—Johnson, J.B.A.A.; Bailey, V.N.A.A.; Hill, V.W.A.A.; Shannon, V.A.C. Light—Jeffs, J.B.A.A.; Cohen, Y.M.C.A.; Rafferty, V.A.C. Welter—Burgess, unattached; Thompson, J.B.A.A.; Dalling, V.A.C. Middle—Harrison, Y.M.C.A.; Saunders, V.W.A.A.; Rourke, V.A.A. Heavy—C. Binney, unattached; Stanley, V.A.A.; Rourke, V.A.A.

## MAPLE LEAFS WIN FROM VICTORIA WEST

### Victoria West Beaten by Two to Nil Last Night.

Victoria West lacrosse team last night tried its strength against the Maple Leaf team that drubbed Victoria twelve on Monday morning, and the western athletes put up a better display than the defeated Victoria players. The Maple Leaf twelve won again, but with two goals to nil only, and the game, having been played in the worst possible light, made shooting for goal uncertain and irregular.

Victoria West negotiated with the Maple Leaf team Monday morning and made them a financial offer to stay over the day and play a game against them last night. The game was arranged by Victoria West because they thought they could beat the Maple Leaf team, and because they had been passed out of the new Pacific Coast Amateur Lacrosse League. The Victoria West men were anxious to demonstrate that they have a stronger team in their organization than the representative club in the league. The result of the two games proves their assertion that they have the best team. The score of two to nothing against them is not like ten to two, scored by the Maple Leafs against the Victoria team.

Victoria West is satisfied, having demonstrated their strength last night, and now want other matches with the mainline clubs. The Victoria West team is willing to play the Victoria representative twelve, and will offer any reasonable inducement to get a game against them.

The match last night was not of the highest order, as the bad light prevented clean and open play. Victoria West, however, stuck by their men and cracked them up, and in holding them down to two goals, put up a very fair performance. The first goal came close to the start, when Sumner shot successfully, and the two teams played a strenuous contest through the remainder of the three quarters, until just before the final call of time, when Kelly notched the second.

The Maple Leafs left for Vancouver last night with two Victoria scalps tucked under their belts.

## BARNEY OLDFIELD PROMISING HORSE

### Late Arrivals at Race Course Predict That Meet Will Be Great Success.

One of the best and probably one of the most consistent horses that will be seen in action at the forthcoming meeting to be given by the Country Club, is the good horse, Barney Oldfield, the property of Garly and Dunlap. Barney Oldfield is a bay gelding, four years old, by Moreno-La Amigo. Since his first race at Ascot park as a two-year-old, this gelding has been raced pretty regularly on every track on or near the Pacific coast.

At the Seattle meeting last summer Barney Oldfield proved to be the most consistent animal at the track and established an unique record when he won five successive races. His record at the Santa Anita meeting last winter was altogether a creditable one. He started eight times and was only once out of the money. He raced at Oakdale, in the month of the meeting, where his record was equally as good.

Barney Oldfield likes a distance of ground and is particularly partial to races of a mile and an eighth. It would not be a bad idea for his owners to try him over the two mile route should races at this distance be given during the meeting. The gelding is entered in a number of stakes, in all of which he is bound to be a dangerous factor and one to be reckoned with.

A number of horsemen and others have arrived lately. Among the number is J. C. Dinu, who came up from Seattle. He declares that the interest taken in the meeting by the Seattleites is remarkable, and predicts the influx of a big army of racegoers from that city. Oswald Bianchi, the man who bred Lee Rose, the famous California colt, is another recent arrival. Mr. Bianchi has a small but select string quartered at the Country Club's course.

## ATHLETICS CONTESTS AT SEATTLE.

(Times Leased Wire.) Seattle, Wash., May 26.—With the best amateur boxers and wrestlers entered that ever competed in the northwest, the annual P. N. A. championships will open to-night at the grand opera house, in this city. The sport will continue Thursday and Friday nights. In every event the entries are large and among the competitors for honors will be several champions. Portland is sending up Omar Dranga, the clever 135-pound boxer. Seattle has Henry Croft, coast champion heavyweight. Dranga will be up against a hard proposition in Pete Moe, of the Seattle Athletic Club. Spokane is making a hard bid with T. McFarland, who will be sent in to annex both the 125 and 135-pound class titles.

The wrestling bouts will be limited to six minutes, and if no fall has been secured at the end of that time a decision will be made on aggressiveness. The general public will be admitted to the contests, and it is expected large crowds will be on hand at all performances.

## BALL BALLOON GOES SAILING

### MULTNOMAH WINS THIRD OF SERIES

### High Grade Ball, But Errors Lost Game in Hand for Locals.

Short stop united the beautiful Victoria ball game yesterday by a lone head play in the fifth inning, after Shearer had got to first and Surplice had struck out Oswald and Pundsen. Campbell lined one into the field and made second, advancing Shearer to third. Surplice walked Stott, and the bases were full. Boeck slammed one to Moore at short, who saw things, and threw to first wildly, instead of walking two yards and touching his toe on bag two. Shearer and Campbell came home, in a gallop and the score was tied. For two long innings Charlie Surplice hung onto the balloon rope with his teeth and pitched the sweetest kind of ball, striking out three and giving one assist of seven at bat. It was in the eighth the beautiful balloon got right away and kept ascending higher and higher. Stott hit a two-bagger to Watalet, who caught the ball and then fell and dropped. Boeck brought Stott to third and then stole second, and Myers caught a plater on the face, bringing Stott home, advancing Surplice to third and making second. Surplice struck out Morris and Bennett, and the bases were full. Two down and Pundsen up. He hit a peach that ought not to have come back yet, and brought home Myers and Boeck. It was the easiest thing ever happened for Surplice to strike out the next man then. Oh that was quite an exciting innings as the balloon kept getting higher and higher. Sure, Mike! Multnomah won the ball game yesterday, 8 to 4, and scored two in the fifth, three in the eighth and three in the ninth, but the Victoria ball team played swell ball at times—that is barring the innings when Multnomah scored, otherwise they held them down in fine style just like high grade ball players.

Moore, the balloon man, played short stop in place of McConnell. Matthews was on third in place of Klopf, and Spencer in the armour held down his Monday position again.

The crowd was a good one considering the off day, and when Spencer walked, stole two and came home on a passed ball in the second the rooters roared till the wire netting failed to keep the noise in. The vociferous applause, however, was a child's platitudinous wall to the "hear, hear," that resounded over the fields below Smith's hill when Spencer in the fourth, after going to one and two, came in like a two-year-old Billy on Northcott's two-bagger, and the exquisite beauty of the proposition, friends, was that Multnomah had done the one, two, three act right up to that number of the vocabulary. (Dry our tears, but the next was where the balloon wiggled.) The fans had some more laughter and hand-clapping when Plummer got to second on an error from short stop and was assisted back to the family group on a three-bagger from Matthew Davis skied and left Matthews on third. And Victoria remained out ahead till the balloon broke through the comedy of errors in number eight. Victoria had two to get to even, and when Davis popped a fly to second and Spencer got second on a hit and was given third by Umpire Smith on a ball, Burns struck out and Northcott left Spencer on third. Oh, draw the curtain for the balloon is out of sight. Campbell, Stott and Morris came in by the Pullman car route in the ninth, and the crowd said: "Can Victoria get four in the last?" Then it called itself foolish, left the grand stand seats and went home. But the ball team's improving. Scores: Victoria, 8; Multnomah, 4.

## GHOSHLY GRAVEDIGGER

For some time past a gravedigger of Hueixa named Rojas has been opening graves, selling the clothes, shrouds and jewellery found on the corpses, and exchanging costly coffins for worthless ones. He is now under arrest awaiting a heavy punishment.

At Puttick and Simpson's, London, a very rare postage stamp—Great Britain 1 R. Official, 189 A. King's Head, 189 A. blue, unused in mint state—was sold for \$40. The last copy of this scarce stamp at the same rooms sold for \$40.

## SALMON'S SWEEP ON DERBY WAS A RECORD

### Nearly Eight Thousand Tickets Were Sold on the Great Race.

The sweep organized by H. L. Salmon on the Derby, the draw in which took place last night, constitutes a record for Victoria and shows the intense interest taken here in the blue-ribbon event of the English turf. There were 7,823 tickets purchased, not only here but by mainland sportsmen. The holder of the winner will get close on \$2,000. The balance, less ten per cent, for expenses, will be divided among the holders of second and third horses, starters and non-starters.

The favorite, Minoru, the property of his Majesty, is held by William Hodgins, Head street, and the American horse, Sir Martin, which is second favorite, is held by Charles Cadwick, of the Jubilee.

There was a big crowd at the drawing last night, and the interest was keen. The following are the results:

- Abanteo, c. 5,089; Alabama, 4,159; Allworthy, 5,753; Andre Messenger, 119; Appeal, 1,566; Arc de Triomphe, 2,347; Auceps, 6,154; Bachelor's Chance, 2,986; Ballet Latour, 3,888; Bayardo, 6,853; Bay of Biscay, 2,501; Bay Tree, 7,794; Bertramo, 3,582; Black Sea, 2,534; Blankney, 5,274; Bomba, 4,815; Bourdon, 606; Broad Bill, 1,635; Brooklands, 7,757; Calderstone, 3,828; Carbineer, 159; Carrousel, 5,668; Cattara, 1,344; Charfinch, c. 5,416; Chalou, 1,366; Chimera, c. 2,583; Cinder King, 531; Cinnamon, 1,965; Clarion, c. 5,235; Constant, 5,469; Cockalooop, 2,212; Crimp, c. 4,407; Diabolio, 925; Diamant, 2,799; Diamond Stud, 6,877; D'net, 2,518; Diopros, 2,263; Ditch, The, 3,945; Don, The, 4,929; Druc, 5,827; Duke Michel, 3,488; Edward, 256; Echellos, 3,944; Electric Boy, 2,921; Esk, c. 439; Eque, 4,796; Esmond, 2,576; Esperanto, 2,545; Fayette, 7,517; Fidelio, 5,663; Fils du Vent, 4,185; Forderol, 1,603; Galtax, 7,557; Fortuna's Rock, 1,245; Galax, 2,482; Grande Mairie, 2,702; Glasgow, Job, 6,478; Golden Flight, 599; Grimmet, 6,247; Gruffanuff, 5,904; Halfway, 5,885; Hamerton, 2,256; Howick, 3,066; International, 29; Ithaque, 7,477; Jack Horner, 4,127; Joll Poin, 7,184; Kaama, 7,521; Kilmeln, 1,976; King Amyntas, 5,471; King Charming, 2,270; Kronprinz, 4,382; Kuraki H., 7,871; Lady A., 8,877; Lawn Sand, 4,987; Lemon Squash, 2,799; Lily Surefoot, c. 1,485; Lord Ronald, 6,052; Louviers, 6,012; Lucina, c. 827; Lucky Lady, c. 7,774; Magiona, 4,419; Magnum Charter, 2,280; Manchester Courier, 5,081; Mat o' th' Mint, 7,409; Mehiri, 3,815; Minoru, 3,974; Mirador, 4,284; Mochan, 3,122; Mon Petit Ami, 2,322; Moorcock, 5,123; Mosque, 1,832; Mulvaney, 4,898; Naiodi, 767; Nando, 5,141; Oakmer, 321; Orange Bud, 2,287; Pelton, 4,447; Penryn, 5,855; Perce Neige, c. 6,879; Perfect Dream, c. 5,882; Pernambuco, 6,014; Persil H., 7,433; Pertinax, 3,340; Peterloo, 4,062; Peterstone, 3,403; Petrucchio, 7,994; Phalaron, 189; Phoenix, The, 5,181; Pinjane, 7,375; President Jack, 1,492; Prince Pippin, 7,902; Quarry, 5,378; Quince, 2,597; Quos, 6,044; Vent, 4,419; Venture, 7,385; Verdere, 243; Verney, 3,458; Wamba H., 6,902; Water Jacket, 3,641; Waveland, 4,724; Whirlpool, The, 5,121; William the Fourth, 1,388; Wisacre, 1,641; Yathodaya, 4,699; Yesterday, c. 2,988.

# A COMPREHENSIVE SERVICE

## All the News of Canada, of the Coast, of the World.

Intelligence Dragnet Gathers All the Important Happenings for this Paper.  
The Different Sources From Which The Times Obtains Its Splendid  
News Service Are as Follows :

### EUROPEAN SERVICE

**T**HE EUROPEAN MANAGER of the United Press is Mr. Chas. Stewart, one of the best known of news-gatherers in the world. While he is located at London, he keeps an alert eye on all European points, and he has that swift intuition, that "nose for news," which means "scoops."

Early in the spring the president of the United Press received the following dispatch from Stewart: "Gone to Constantinople." No Explanation was given, but subsequent events showed that Stewart had anticipated the cataclysm there, had hurried to the scene, organized his news syndicate, with reporters all through the affected districts, and had installed an experienced Turkish newspaper man as staff correspondent. Stewart was back in London before the crash came, but so perfect was his organization and so accurately had he anticipated the movement of events there that the United Press hopelessly distanced all competitors, and gave its papers the news of the deposition of the Sultan, Abdul Hamid, and the name of his successor while papers served by more ancient systems were telling of the retention of Abdul as a constitutional sovereign.

This is but a sample of the prompt and efficient way in which the news of the Old World is handled

### CANADIAN EVENTS

*Dominion News, Covered by  
Special Correspondents  
of "The Times"*

**C**ANADA IS RAPIDLY coming into its own, not only as to natural wealth and growth but as a source of important happenings. To specially provide for this the Times has its own representatives in Ottawa and Winnipeg, who compile for this paper the news of the east and the Canadian middle west, respectively. Many events in these districts which in a general way are of minor importance are of special interest to residents of Victoria because of the number of easterners and plains people who have settled on Vancouver Island. This service is being steadily expanded and assures Times readers of the news, not only of the world at large, but the particular news of their own land.

In this way it rounds out the splendid service which the Times is giving its readers.

### COAST AND AMERICAN NEWS

**T**HE LEASED WIRE which runs into the Times office has its northern extremity in Vancouver, and its southern terminus in San Diego. It runs northward from the latter point through the cities of San Francisco, Portland, Tacoma, Seattle and Bellingham. By this means, and owing to the fact that every paper taking the United Press service is a co-operative member of the organization and furnishes to the association the news of its own district, an almost instant report on all important news on the coast is obtained without having to filter out by the circuitous and slow methods which prevail unless up-to-date is used.

Eastward from San Francisco and Portland the other leased wires of the United Press connect the coast line with all the important eastern and middle west centres and by cable with the European office in London. A perfect news dragnet is spread in which not only ALL the news is obtained, but its delivery while it is still NEWS is assured.

# A GREAT COAST TELEGRAPH SERVICE

**FROM CALIFORNIA  
TO ALASKA**

People like to hear, first, about themselves, and then about their sisters, their cousins and their aunts. This is the basic principle of news. A big gooseberry in your neighbor's garden is of more importance as a news item than a new volcano in Japan.

—Sir Edwin Arnold.

**FROM CALIFORNIA  
TO ALASKA**

If Sir Edwin Arnold was right, the news of the Coast, from California to Alaska, is of more vital interest to the people of Vancouver Island than important happenings in Georgia or in New Jersey.

The Times' leased wire, next to its efficiency and promptness in handling world events, is principally noteworthy for its ample Coast service. In this it has no peer. Thousands of words daily are delivered to this paper relating to Coast happenings.

Coast residents, therefore, can get the news of the Coast satisfactorily only by reading The Times.

This full and up-to-date compendium of news appears every night in The Times. It costs the reader no more than a paper with a weak service.

### DAISY TO BE REBUILT

BY CAPT. BERGQUIST

Tug Salved by Aid of Apparatus From B. C. Salvage Company.

As mentioned in last night's Times, the tug Daisy has been raised and brought to Sidney by Captain Bergquist, where she is now undergoing repairs. She was purchased from the underwriters at a cost of slightly over \$500. Booms and other salving apparatus were hired from the B. C. Salvage Company, and two of that company's divers were engaged to aid in the work.

Captain Bergquist has had considerable experience in rebuilding tugs. This will be the fourth for him to handle, and if he makes as good a job of her as he did of the other three she will very soon be a fine, up-to-date craft.

The Daisy went ashore on a reef off Saturna Island, between the island and Tumbo Island, and at low tide slipped backward into deep water. There she lay for a long time partly submerged, and no attempt was made to raise her. The owner, one of whom was Captain Anderson, claimed that she was valueless, but the underwriters were anxious to make an effort to save her. One or two visits were made to the spot by the agents of the underwriters, and it was finally decided to offer her for sale by auction, and this was done, Captain Bergquist buying her.

### SALVAGE SALE FROM SCHOONER SOQUEL

Valuable Sails and Blocks to Be Knocked Down to the Highest Bidder.

The sale of the salvage from the wrecked Soquel will take place to-morrow afternoon, commencing at 2 o'clock. H. W. Davies is to conduct the sale, which will be in the interests of all concerned. The wreck itself will be sold for the purpose of giving someone a title to salvage what is left if the buyer thinks it worth while.

The materials being offered are all of good quality. Two of the seven sails have never been hoisted, and the blocks, which stay in number, are all in good condition and some of them are heavy. There is a small anchor which weighs nearly six hundred pounds, two coils of new cordage, two pieces of new canvas, a bundle of "hull" or "hull" canvas, and two flags, one "Old Glory" and the other a banner bearing the word "Soquel." A small ship's bell completes the list.

On the wreck at Seabird Rock there is an anchor which was too heavy to remove and a heavy chain.

Pachena, May 25, noon.—Lighting; calm; bar, 29.80; temp., 56; light swell.

## MARINE NOTES

The Empress of China, due to arrive here Saturday next, has on board Sir Harry Rawson, late governor of New South Wales, who is passing through on his way to England.

Steamer City of Puebla is due to arrive here on Friday morning from San Francisco with 210 tons of general cargo. The Queen passed out this morning about 8 o'clock.

Bert Robson, purser of the Rupert City, is spending a few days with his parents on Lamson street while his steamer is undergoing repairs on the Sound.

Steamer Ella is expected not to arrive from Central America and Mexico until the 3rd or 4th inst. She has a consignment of ore for Ladysmith smelter.

Steamer Greenwich is on her way north from Guaymas, bound for Nainimo, where she will take a cargo of sack coal for Nome.

Steamer Katanga is sailing to-day from Comox with a full cargo of coal from Comox. Capt. Yates is bringing her down.

Steamer Wellington is leaving Nainimo to-day with a cargo of coal for San Francisco.

Tug Lorne is lying up at Seattle while a new boiler is being installed.

### RUPERT CITY TO RUN TO SEATTLE

One Trip a Week to Be Made From Vancouver by Mackenzie's Steamer.

When it was announced that the International Steamship Company would take the steamer Iroquois off the Vancouver-Seattle route, leaving that company's monopoly for the C. P. E., it was generally expected that some other company would make arrangements to put a steamer on the run, as there is a good deal of travel between those cities. The Mackenzie Steamship Company has seen the opportunity and has made arrangements for the Rupert City to make one trip a week, leaving Vancouver every Saturday night and Seattle every Sunday night.

The Rupert City is at present at Tacoma being overhauled. A new propeller is also being fitted and this is expected, will make her faster than formerly.

### LARGE SHIPMENTS TO WEST COAST

### Princess Ena Leaving To-night For Quatsino and Way Ports With Freight.

That the development of the west coast of Vancouver Island is going on apace is shown by the fact that the big C. P. R. freighter Princess Ena is making a special trip this evening, taking machinery and supplies and bringing back the products of the whaling stations.

A large quantity of machinery will be taken to Quatsino for the new saw-mill and pulp works which are being erected there by a Victoria company; a donkey engine is going to the same place for use by the provincial government on the new Quatsino trail; a quantity of powder for use on the west coast trail, which is being constructed by the Dominion government, and also powder for some of the west coast mines, and a consignment of gasoline will be among the cargo. A thousand empty barrels are also going to the whaling stations at Sechart and Kyquot.

On her return the Ena will bring a full cargo of fertilizer and whale oil, the latter of which will be shipped to Europe.

This trip of the Princess Ena is in addition to the regular weekly visits of the Tees.

## SHIPPING GUIDE

### OCEAN STEAMSHIPS From the Orient.

Vessel	Due
Empress of China	May 29
Monteale	May 29
yo Maru	June 10
Makura	June 2
Ella	June 4
Georgia	May 27

### TO SAIL For the Orient.

Vessel	Due
Aki Maru	June 3
Empress of China	June 2

### For Australia.

Vessel	Due
Makura	June 13

### For Mexico.

Vessel	Due
Ella	June 16
Lonsdale	May 30

### For Liverpool.

Vessel	Due
Ning Chow	June 15

### COASTWISE STEAMERS TO ARRIVE From San Francisco.

Vessel	Due
City of Puebla	May 23
Princess Berice	May 23
Amur	May 23
Queen City	May 23
St. Denis	May 23

### From Northern B. C. Ports.

Vessel	Due
Amur	May 23
Queen City	June 1
St. Denis	May 27

### TO SAIL For West Coast.

Vessel	Due
City of Puebla	June 2

### For Skagway.

Vessel	Due
Princess Royal	May 27
Princess May	June 4
Princess Royal	June 11

### For Northern B. C. Ports.

Vessel	Due
Amur	May 23
Queen City	June 1
St. Denis	May 27

### SAILING VESSELS.

Celtic Monarch, 2,500 tons, Capt. Llewellyn, left Glasgow, March 10th, for Vancouver.

Wray Castle, 1,700 tons, Capt. Hunter, left Glasgow, May 12th, for Vancouver.

### FERRY SERVICE Seattle and Vancouver.

Princess Victoria leaves here at 2 p. m. daily, except Monday; arrives at Vancouver at 7 p. m. daily, except Monday; leaves Vancouver at 11 p. m. daily, except Monday; arrives at Seattle at 8 a. m.; leaves Seattle at 9 a. m. daily, except Tuesday; arrives here at 1.30 p. m.

Princess Charlotte leaves here at 4 p. m. daily, except Tuesday; arrives at Seattle at 9 p. m. daily, except Tuesday; leaves Seattle at 1.30 p. m. daily, except Tuesday; arrives at Vancouver at 1.30 p. m. daily, except Wednesday; leaves Vancouver at 12 a. m. daily, except Wednesday; arrives at Victoria at 3 p. m. daily, except Wednesday.

Charmer leaves here at 12.30 a. m. daily; arrives at Vancouver at 7.30 a. m.; leaves Vancouver at 1 p. m. daily; arrives here at 7 p. m.

Iroquois leaves here for Seattle at 9 p. m., arriving at Seattle at 2; returning, leaves Seattle at midnight, arriving here at 6 a. m.

### CRUISER KESTREL VISITS VICTORIA

Captain Newcombe Says There is Much Poaching in Northern Waters.

Fisheries cruiser Kestrel, Captain Newcombe, paid a flying visit to Victoria yesterday afternoon to pick up Admiral Kingsmill, who is going for a cruise on board her in northern waters. Captain Newcombe stated to a Times reporter that he had not had an opportunity to make any seizures since the Levi Woodbury, but there was no doubt that poaching was going on all the time. There are something like 150 fishing schooners of one kind or another fishing regularly on the coast, and a large number of them are guilty of infractions of the law at some time. The difficulty is to catch them.

Asked as to the statement which had been made that the Levi Woodbury had drifted within the three-mile limit, Captain Newcombe said there was no doubt that they were fishing and that it was a deliberate infraction of the law. It was a very convenient excuse to say that they drifted in. The captain has no orders as to where the Kestrel is to go now, but he expects it will be in the neighborhood of Prince Rupert.

### WIRELESS FOR ALL THE PACIFIC COAST LINERS

### Umatilla and Senator to Have United Wireless Installed.

The United Wireless Company has secured the contract for the installation of their instruments on the steamers Umatilla and Senator of the Pacific Coast Steamship Company. The Maasie instruments are also to be taken out of the steamers President and Governor, and within thirty days the United Wireless will have their installed. The management of the United Wireless say that they expect to very soon have their instruments on all the Pacific Coast Steamship Company's craft.

### DERELICT FOUND OFF OREGON COAST

### Craft One Hundred Feet Long, Bottom Up, Sighted.

Some small craft has been wrecked on the north Pacific coast and in all probability the crew have gone down to Davy Jones. All that is left of some mysterious derelict has been found bottom up about 150 miles off the coast of Oregon, and the indications are that the vessel has not been in the water very long. The following is a notice received by the local office of Marine and Fisheries:

Captain Rasmussen, of the barque Star of Scotland reports sighting on 24th April, 1938, in lat. N. 55 deg. 19 min. and long. W. 127 deg. 56 min., a derelict, bottom up, about 100 feet in length. The bottom was painted dark brown and no barnacles were visible.

### How to Avoid Sea Sickness

Take along a box of Mother's Seal and Train Bick Remedy. It has recently been thoroughly tested on English and Irish Channel and found absolutely reliable. Recommended editorially by such papers as London Daily Express, New York Herald, Montreal Herald, and the Press generally in Great Britain. Write for booklet and press notices. For sale at all first-class druggists. Guaranteed perfectly harmless to the most delicate.

MOTHER'S SEAL REMEDY CO., 27 Caledonia Bldg., Detroit, Michigan.

For sale and recommended in Victoria by: C. H. Brown & Co., E. E. Campbell, John Cochrane, Dean & Hicocks, Fawcett & Co., Hall & Co., Geo. Norris & Co., Thos. Shotbolt, W. S. Terry, J. L. White, G. A. Fraser, W. Jackson, J. C. W. Gardner, J. R. Robertson, B. C. Drug Store, Ltd.

### WORLD'S LARGEST COVERED RESERVOIR

Built at Cost of \$1,147,000—Has Capacity of 56,500,000 Gallons.

London now possesses the largest covered reservoir in the world. It is situated at Homer Oak, and has taken eleven years to construct. Great difficulties have been met with. Once One Tree Hill came pressing on and pushed a completed wall so much out of place that it had to be taken down and rebuilt.

As the material found on the site was very suitable for brickmaking, all the bricks required have been made on the spot. By this means a large saving in the eventual cost of the reservoir was effected, as not only was an outlay on the carriage of the bricks avoided, but there was no expense of removal, cartage, and disposal of the surplus material.

Here are some of the facts about the new reservoir: Total cost, £2,000,000; number of bricks used, 16,000,000; cement, 29,200 tons; concrete, 35,000 cubic yards; clay in puddle wall, etc., 14,000 cubic yards; excavations, 173,000 cubic yards; extent of reservoir, 14 1/2 acres; water area, 10 acres; greatest depth, 34 feet; thickness of walls, 6 to 16 feet; covering arches, 4 miles; jack arches connecting piers, 3 miles; men employed, 400.

The reservoir is constructed on the natural clay formation, the bottom being of concrete, and is divided into cells or bays 21 feet 6 inches square. Two division walls at right angles to each other divide up the reservoir into four sections; these walls are cambered back to back, the space between the walls being filled in solid with concrete. The outer retaining walls of the reservoir are of concrete lined with leaded with brickwork, and vary in thickness at the base from 6 feet to 16 feet, according to depth.

The source of supply to the reservoir is by means of a 42 inch pipe, connected by a branch to the board's main, which conveys filtered water from the pumping station at Hampton to the reservoir, a distance of about seven miles. The outlet pipes are also 42 inches in diameter, and each of the four divisions communicates with, and is connected to a series of valves in a valve-house situated at the junction of the four sections of the reservoir, from whence the water is distributed to the districts as required.

After making a tour of the reservoir the Lord Mayor, who was accompanied by the Lady Mayoress and the sheriff, was formally welcomed by E. B. Barnard, M.P., the chairman of the board, who said the people of Greater London were the real proprietors of the water undertaking, and as such, were welcome that day. They were doubtless aware that they now supplied water daily to 7,000,000 people, and as this was population kept on increasing they not only had to safeguard the present, but they had to make provision for the future.

### REMARKABLE RECORD OF CRIME

### Criminal's Sentences at Age of 32 Total Over 30 Years.

An almost incredible record of crime (and of apparently futile punishment) is that of Frederick Murray, aged 33, who, at the Old Bailey, London, was ordered ten years' penal servitude, says the London Chronicle.

Murray was arrested by three detectives who overtook him in a motor-car. He was charged with the attempted murder of Henry Hewson, of Crampton street, Newington, and with stealing a boat belonging to a large and a yacht.

Since he was 15, when he was first convicted, Murray has been sentenced as follows: 1892, seven months; 1896, five years; 1900, five years and ten years (concurrently); 1909, ten years.

So that in eighteen years—not considering a sentence for burglary which is not detailed—Murray has actually been sentenced to thirty years seven months in prison, and between serving his sentence and escaping (twice) has found time to commit numerous offences. Even allowing for the fact that two of the sentences ran concurrently and that the prisoner probably earned remission in the way of "remission," the record is still an appalling and almost unsurpassable one.

Mr. Bodkin, who prosecuted, said the prisoner had had a remarkable career of crime, his first conviction being in 1890, when he was 15 years of age. Boat stealing was a form of crime at which he was an adept.

At Peterborough he was charged with five offences in 1892, and sentenced to seven months. In 1896 he received five years' penal servitude on five indictments for stealing from boats, and soon after his release he was arrested at Grays on fifteen charges of stealing from boats. He escaped from the exercise yard at the post station, and was not re-arrested until he was charged in May, 1906, with a man named Stephens on charges of larceny from boats on the river. At the South London sessions he was sentenced to five years' penal servitude, and was then taken to Chelmsford and sentenced on the charges on which he was committed when he escaped from Grays post station, to ten years' penal servitude, to run concurrently with the five years he received at South London.

While serving this sentence he escaped from Dartmoor prison and remained at liberty for four or five days, causing considerable sensation in the neighborhood by his robbing of food, etc. He had also been sentenced for burglary.

A police officer said the prisoner's first offence was a theft of a sovereign from his mother.

"It is not worth while pursuing the list further," said the common sergeant.

The prisoner, "I should like not." The common sergeant, in passing sentence, said he did not know that he had ever seen such a record as the prisoner's for a man of his age.

FAIRYLAND AT THE GORGE

PLEASANT CLOSE TO VICTORIA DAY FETES

Fireworks and Water Carnival Last Evening Were a Great Success.

The Victoria Day celebration concluded last evening with fireworks and a procession of illuminated boats at the Gorge, which brought out an immense crowd.

With thousands of lights twinkling among the trees, or moving about on the surface of the water, the scene was one of fairyland, and delighted young and old. The fireworks were set off from the cleared point just beyond the bathing pavilion, and also from a barge out in the stream, while at intervals of fire were sent up from the point far out on the water.

Popular music was played during the evening by the Victoria Concert Band. All the amusements—Japanese games, rifle-galleries, the maze, the merry-go-round—were liberally patronised and the refreshment booths did a rushing business. There was a display of moving pictures after the fire-works, which was greatly enjoyed.

For the four prizes given by the B. C. Electric Railway company six gaily decked craft entered the water carnival. The judges were Mrs. Lewis Hall, Mrs. Ernest Hall, and Mrs. J. O. Brown. St. S. Mill's launch Yamaya was awarded first prize, Mr. Pitcock's Nemo second, Mr. Brown's Cree, third and J. William's Gladys fourth.

When the pleasure crafts started homeward after the celebration the tide had begun to set in and the attempt to negotiate the rapids proved disastrous to some of them. Even power launches found the stream too strong for them, and it was not until the upper basin had pretty well filled that all the canoes and boats got through.

There were two canoe accidents. A canoe in which were a lady and gentleman was swept around and upset, but both were good swimmers and struck out for the shore. Later the wash of a launch struck a canoe and overturned it. The occupants were two young men, one of whom got to shore himself, while the other was pulled ashore with the aid of one of the life-boats recently placed at the bridge by the provincial police.

Sergeant Murray and several provincial constables had a busy time looking after the boat traffic, the mill-race rush of water and the congestion of craft making it a wonder that there were not more accidents. Two men were stationed on each side of the narrow passage ready in case of accident.

The balloon ascension in the afternoon was rather a failure, but provided lots of excitement for all that. When it got up about 100 feet something went wrong and it began to drift slowly northwest, gradually sinking. Prof. Sylvain attempted to get the parachute loose but it stuck. Finally the balloon was brought to a stop by the trailing ropes catching in the trees.

An excellent car service was given throughout the evening and the large crowds were expeditiously and safely handled.

NO TRIFLERS NEED APPLY.

California Girl Willing to Sell Herself For \$250,000. Menlo Park, Cal., May 25.—Pretty Miss Eliza Weeden, of this city, wants a husband, and frankly has set about finding one that will measure up to her standards. She has set, masculine beauty, age, pedigree, however, are not numbered as requisites. One condition only must be met by the candidate. He must show a bona fide bank roll of a quarter of a million dollars.

"Appearance and age and those things do not count one bit with me," she said to-day. "My future husband need not be a society lion or a man of talent and reputation. The money is the only material point."

Miss Weeden inserted the following advertisement in local daily papers: "Wanted—A man who is willing to buy a handsome wife, the price being one quarter of a million dollars. No triflers."

"The advertisement does not mean I'm in a hurry to marry," Miss Weeden explained. "I've had a number of chances and consequently this is not a desperate effort on my part. It is merely a business proposition, and if the proper man appears it will be a good investment."

Miss Weeden has lived here for many years with two brothers. She is young and attractive, and very popular among a circle of intimate friends.

"BOBS" ON RIFLE CLUBS. In a message to the people of WORTHINGTON, commending the proposal to reconstruct the local miniature rifle range, Lord Roberts writes: "Though shooting is only part of a soldier's training, it is a most important part, and if the nation will take it up seriously we shall get better material for our defensive forces and the reserve of skilled rifle clubs, from which it will be possible to obtain men who, with further training in drill and discipline, may afford invaluable assistance to the country in time of need."

Steamer Aki Maru, of the Nippon Yusen Kaisha line, left last night for the Orient. Ten Japanese took passage from this port, one of whom was Mr. Mahara, general agent for the Nippon Yusen Kaisha line in New York.

FIREMEN BECOMING MOST PROFICIENT

They Hoisted Aerial Ladder Truck Yesterday in Sixty-eight Seconds.

There is snap and so in the ranks of the Victoria fire brigade, the result of the motto "proficiency at work" by Chief Pritchard when he took office May 1st. He instituted a daily drill, and on May 1st the brigade set up the aerial truck ladder through the wires opposite the police station in eight minutes and a half. Yesterday afternoon the same men accomplished the work in sixty-eight seconds, making a reduction of seven minutes seven seconds on the work.

The sixty-foot hand extension ladder was run up yesterday in twenty-five seconds, where, on the first day, the men were unable to practice the same ladder through lack of practice. The hand and ladder was raised to a standing position yesterday in fifty seconds. The time of raising the aerial truck ladder includes the moment from arrival at the spot, and the unhooking of horses and unstripping of the truck pole.

The position where the test was made yesterday is where there are as many wires as in any location in the city. The men engaged in the test were those stationed at the main fire hall. The improvement shown by his men is commented on by Fire Chief Davis as follows: "The men deserve the utmost credit for the display made yesterday afternoon. They are a proficient set of firemen and are becoming more so every day. They take their work with an interest that shows their hearts are in the work, and they certainly deserve all credit for the manner in which the ladders are now being handled. We will go on with the improvement of the brigade and in time will have a body of men in the Victoria department that will be spoken of by the property owners and people as one of the features of Victoria."

MONTHS OF AGONY

A Severe Case of Rheumatism Cured by Dr. Williams' Pink Pills.

"For many weary months I suffered untold agony. I could not walk. I could scarcely raise myself to a sitting posture. I was under medical care, but in vain. Finally I tried Dr. Williams' Pink Pills and they have restored me to my former healthy condition."

This strong statement was made to a reporter recently by Mr. Charles S. Keddy, formerly of Kingston, N. S., but now living at Port Maitland, Mr. Keddy is a carpenter by trade, and is now able to work every day. He adds: "I cannot speak too highly of Dr. Williams' Pink Pills, as they cured me after other medicine failed. While I was living at Kingston, N. S., I was seized with rheumatism in its most violent form. I was compelled to take to my bed and for months was an invalid. I was so weak that it was difficult for me to raise myself to a sitting posture. It is impossible to tell how much I suffered day and night, week in and week out. The pains were like piercing needles. I tried various medicines, but it failed. Then I tried medicine advertised to cure rheumatism, but with the same result—money wasted. One day when hope had almost gone a friend advised me to try Dr. Williams' Pink Pills. I told him my experience with other medicines, but he assured me that these pills would cure rheumatism, and I sent for a supply. After using a few boxes I was able to leave my bed, and from that on my restoration to health was rapid. I am now as well as ever. I was, and have not had the slightest touch of rheumatism since. The change they have wrought in my case is simply miraculous and I strongly recommend Dr. Williams' Pink Pills to one suffering from any form of rheumatism."

Rheumatism is rooted in the blood. Rubbing the aching limbs with liniments and outward remedies cannot possibly cure it. You must get the rheumatism acid out of the blood and Dr. Williams' Pink Pills is the one sure medicine to do this, because they actually make new blood. That is why these pills cure anaemia, headaches and backaches, neuralgia, indigestion and the secret ailments that make miserable the lives of so many women and growing girls. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

NAVAL DISPLAY FOR LONDONERS.

Great Fleet Will Anchor in the Thames for Three Days.

The Admiralty has made arrangements for the Home and Atlantic fleets and flotillas of submarines and destroyers to anchor in the Thames off Southend pier for three or four days in July.

This is the Admiralty's response to a suggestion from the Lord Mayor of London that the people of London should be given an opportunity of witnessing a naval demonstration in home waters. Apart from destroyers and submarines, the Home and Atlantic fleets have forty-two battleships and fifty-six cruisers.

The fleet will probably reach Southend on July 20th. Special trains from London to Southend will be run, and the benefit of those unable to leave London, vessels of the smaller types which can pass under the bridges will be brought to London. On one of the days that the fleet is at Southend there will be a march of 1,000 blue-jackets through London.

At a special meeting of the court of common council the Lord Mayor's proposal that a number of the officers, blue-jackets, and machines should be entertained at luncheon at the Guildhall was received with enthusiasm, and a considerable sum of money was voted.

EXTENDING TELEPHONE SYSTEM IN MANITOBA

Provincial Government Will Spend \$750,000 During Season.

Plans have been completed by the telephone commissioners for the season's programme of building and extension by which \$750,000 will be expended and 5,000 subscribers will be added to the system in Manitoba, says the Winnipeg Free Press. An immense amount of work is required to lay out the work over such a large area and in addition all plans and estimates of work have not only to be for immediate needs, but also for future development. There is a tremendous demand for new rural lines and farmers' telephones. Up to the present time there have been 2,500 contracts taken for rural telephones since January 1st of this year. Of the \$750,000, which the estimates include, there will be \$250,000 expended in Winnipeg upon a new exchange for the western part of the city, for extension of aerial and underground cables and also the necessary extension to be provided for the Main and Fort Rouge exchanges. There will be \$250,000 expended on rural lines in the province and \$250,000 on long distance lines and new exchanges throughout the province.

The chief work in new exchanges will be done at Portage la Prairie, where a new exchange building will be erected. The building will comprise two stories and basement and will cost about \$20,000. It will accommodate a modern central energy switchboard with a present capacity of 1,400 subscribers which can be increased when required to 5,000 subscribers. The initial expenditure for the switchboard will be in the neighborhood of \$20,000 and in addition there will be outside construction in that city to include underground work estimated at \$5,000. This work will be completed this year. The construction department under the commission will carry on the building of rural lines in the Oakville, Mill Creek, Poplar Point, High Bluff, Flea Island, Oakland, Longburn, Westbourne, Macdonald and Burnside districts, all of which get connection with Portage la Prairie exchange.

THE BRITISH BUDGET.

London Economist Analyzes the Financial Situation.

"From a desire to make the financial situation absolutely clear to our readers, we have already run to excessive length, and in any case we should not be prepared at very short notice to express definite judgments upon a scheme that is not only bold and ambitious, but of necessity in some of its aspects difficult and complicated. That it will provoke great resentment and indignation on the part of those who induced the house of lords to throw out the licensing bill is certain. Tobacco smokers may fume at a perceptible addition to the cost of their fuel, but the humbler sort can reflect, as they smoke, each according to his individual taste in political expenditure, that they are contributing either to the multiplication of Dreadnoughts, or to a provision of old age pensions. The enhanced cost of spirits may fairly be regarded as an excellent thing both for the additional revenue it produces, and still more, for the effect it may have in moderating indulgence in the most noxious and fatal of all intoxicants: it is dram-drinking far more than beer-drinking that fills our jails, our asylums, and our workhouses. We have no space for a minute examination of the license-duty scales, but we are convinced that justice and public policy alike make it desirable that large drinking shops should pay in the same proportion as small ones for the monopoly granted to them by the state.

"The motorists have every reason to thank Mr. Lloyd-George for letting them off so lightly and for giving them such a handsome return for their modest contribution. The upward revision of the estate duties appears to have been conceived in a careful and equitable spirit. The provisions as regards stamps are certainly ingenious, and in view of the recent demonstration of city men at the Guildhall, we hardly think that the principle underlying these contributions will be seriously attacked, though criticism and examination may suggest adjustment and modification.

"The additions to the income tax are probably less than were expected. We should have thought some reduction in the limit of exemption would have been better than the increase from one shilling to 1s. 2d. on small unearned incomes. The new abatement in respect of children under sixteen years of age will be generally welcomed. The long expected super-tax is reasonably simple, and is less than the Socialist hoped for the contributors apprehended. The increase from 1s. to 1s. 2d. on incomes from £1,000 to £5,000 can hardly be called unreasonable when it is remembered that during the Napoleonic war the general rate was 2s. although then England enjoyed a protective tariff; it is 4s. in the Ceylon war, under a modified tariff; and is 2d. in the Boer war under free trade.

"The land tax will excite more interest than alarm, though the vulgar will probably henceforth confuse Mr. Lloyd and Mr. Henry George as one and the same person. But the great feature of the budget, and the feature which we hope and trust will ultimately prove medicinal and healing, is the fact that without any disguise or imposture, Mr. Lloyd George has promptly and decisively interpreted national expenditure in terms of national taxation. For a long time we have been pleading for economy, and pointing out to more or less deaf ears the features of public extravagance. All classes of the nation will now be made aware of what has happened since the South African war. They

STOMACH CATARRH.

WATERY RISINGS, BELCHING GAS, DIGESTIVE WEAKNESS.

Fred M. McKenzie Recommends Scientific Treatment That Cured Him.

New discoveries in the line of medical treatment have come before the profession of late years with almost alarming rapidity, but one that promises to outdistance all others in the treatment of stomach and digestive troubles is Ferrerozine, which is a scientific combination of vegetable extracts and juices that soothe the stomach and improve digestion in a truly wonderful way.

So many are interested in finding a really good stomach medicine, that Mr. McKenzie, one of the most prominent citizens in Cambridge, has written a testimonial to be a "cure."

"Although my appetite was poor and I ate little, I always had the sensation of having eaten too much, I experienced weight and oppression an hour or two after eating. Often I had heartburn, risings of a bitter liquid, coated tongue and bad breath. There was a continual gnawing pain in my stomach, especially before meals."

Bad Case Cured. "No case of Catarrh of the stomach and digestive organs could be worse than mine. I suffered the limit of human endurance. For two years I doctored but didn't find the real remedy until I got Ferrerozine, what a blessing this preparation must be to all mankind. I took one Ferrerozine tablet at the close of each meal and in one week improved. In a month, although not cured the improvement was steady. I continued to use Ferrerozine for three months and was restored to robust perfect health. I would urge every man to try Ferrerozine—in many ways it will do good."

In all cases of Weak Stomach, Indigestion, Nervousness, Palpitation of the Heart, Insomnia, General Debility, Chronic Dyspepsia and all wasting diseases use Ferrerozine, no remedy will so surely and quickly restore one to the full vigor of health and strength. When you take Ferrerozine everything you eat tastes good, and every bit of the nutriment that your food contains is assimilated and appropriated by the blood and tissues. Try Ferrerozine, all dealers. 50c per box or six-boxes for \$2.50. Get it to-day.

THE LONG WAY AROUND.

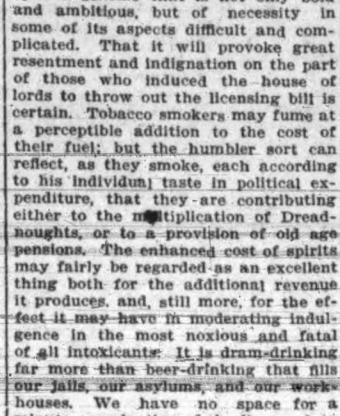

Little Willie—Father, how far is it from London to Brighton? Father—About fifty miles. Little Willie—And how far is it from Brighton to London? Father—Of course it's the same distance, stupid.

Chronicle—Well, it isn't far from Christmas to the New Year, but it's a long way from the New Year to Christmas.—Comic Cuts.

CAVERHILL'S BARLEY FLOUR

THE BRACKMAN-KER MILLING CO., LTD.

MAKING FRIENDS IN VANCOUVER. Vancouver, May 15th, 1909. The Brackman-Ker Milling Co.: Dear Sirs:—I have been using Caverhill's Barley Flour in my family during the past three months, working it into bread, scones, biscuits, etc., with great satisfaction. It makes bread of delicious flavor, and is very easily digested; the products of this flour are now a portion of our daily menu, and I can recommend it to all.

Yours truly, MRS. R. D. COWAN, 1084 8th Avenue.

This is a copy of statement made by a person well satisfied, who has given us several orders for flour. Put up in 10-lb. sacks or larger to suit purchaser. Book of recipes with every sack or mailed on application. WE GUARANTEE THIS FLOUR.

THE BRACKMAN-KER MILLING CO., LTD.

DRS. KENNEDY & KENNEDY

Successors to DR. KENNEDY & KERRAN NERVOUS DEBILITY CURED

Excesses and indiscretions are the cause of more sorrow and suffering than all other diseases combined. We see the victims of vicious habits on every hand: the pallid, pinched face, dark circled eyes, stooping form, stunted development, bashful, melancholic countenance and timid bearing peculiar to all the world his folly and lead to blight his existence. Our treatment positively cures all weak men by overcoming and removing the effects of former indiscretions and excesses. It stops all drains and quickly restores the victim to what nature intended—a healthy and happy man with physical, mental and nerve power complete.

For over 20 years Drs. K. & K. have treated with the greatest success all diseases of men and women. If you have any secret disease that is a worry and a menace to your health consult old established physicians who do not have to experiment on you.

We guarantee to cure NERVOUS DEBILITY, BLOOD DISEASES, STRUTURE, VARIICOSE, KIDNEY AND BLADDER DISEASES, Gonorrhoea, etc. If unable to call, write for a question blank for Home Treatment.

Located in Our Own Office Building. DR. KENNEDY & KENNEDY Cor. Michigan Ave., and Griswold St., Detroit, Mich.

will all now be able to decide for themselves whether the new scale of expenditure and taxation is what they want. If it is not, they will have to look for repentance among the brilliant and ingenious, but not very frugal, statesmen who sit facing one another on the front benches of the house of commons."

FRIGHT JILLS STATIONMASTER.

An intoxicated man threw himself under a train at Demango, in France, and the stationmaster, who saw him, was so overcome with horror that he dropped dead. The man escaped without a scratch. London has 548 public schools.

EVER USE Maps in your real estate folders? Illustrations in your advertisements? Cover designs on your folders? Half tones in your booklets? Signature cuts of your name? An Engraving Dept. Which Makes All Kinds of Cuts For All Purposes. You will find it a great time-saver, a great convenience, to consult our Engraving Department whenever you require cuts for printing or advertising purposes. Besides exceptional mechanical facilities, our force of hand engravers is prepared to execute difficult or unusual work. If you wish, our Art Department will furnish the designs and thus relieve you of the entire detail and thought. Tell us your needs and this organization will deliver the finished product—correctly, promptly, satisfactorily. Real estate agents, retail concerns, manufacturers, railroads, publications—every line of enterprise, near or far, is served by this engraving plant. Mail orders carefully and quickly filled. B. C. ## BUILDING AND DUTY OF NATION

ELOQUENT SERMON BY CHANCELLOR BURWASH

Canada Will Have Large Place in Evangelizing of the World.

A visitor to Victoria of considerable note this week is Rev. Dr. Burwash, the venerable chancellor of Victoria University, Toronto. In Metropolitan church on Sunday he preached a scholarly sermon on the building of a nation, marked by the erudition and eloquence which have made him one of the foremost preachers in the Dominion. After a rapid survey of European history, leading up to the development of the British empire of today, he went on to speak of the Pacific shores where east and west so meet that east becomes west and west becomes east. In this connection he said: And now what remains when the oldest and the newest join hands across the Pacific, and all the world's circles of life are completed, and no longer Mediterranean seas or oceans unite in one the peoples, but the whole round globe becomes one great circle of life perfected by the accumulated wealth and knowledge of these thousands of years? It is no mere accident that the old has survived to join hands with the new; that China, India and Japan have with their civilization and institutions spanned the vast chasm of time with so little change; that while ancient Babylon and Egypt have been buried in sand and dust for centuries our spades are digging them up afresh; and revealing their history; that Greece survives in an imposing literature; that India has wandered into every land under the sun, and his Bible has become the charter of all that is best in every modern nation and inspires our best faith to-day. As we stand trembling on the brink of this century, and look out upon the awful uncertainties and glorious possibilities that arise in vision before us, what see we? A world unified, sanctified, saved? Or a world unwilling to step up into the light of the holy and hence stepping down into the fires of wrathful reprobation by which its evils must be purged and destroyed? But before we pause to consider the tremendous possibilities of the world's future, and the glorious promise of God's purpose concerning it, we must

define more clearly our relation to its present position.

Position of Britain.  
First of all then note the position of Britain on this latest world map. Of all the nations she alone stretches round the globe. By protection or possession, she is found in every longitude and in every latitude where man can dwell. She faces every great ocean; she holds the keys of the old Mediterranean and Red Seas; the world's first great water highways; her arms encircle the North Atlantic; she looks out from a coast line full of harbors from both sides of the Pacific; she stands guard on three sides of the Indian Ocean; she touches both the Arctic and the Antarctic seas. And still with her lies half the shipping and commerce of the world. All this and more, it cannot be other than a most potent factor in the world's future movement. God has given to Britain at this moment, the most stupendous opportunity of the world's entire history.

And now what of Canada? Canada is the greatest of links which will bind the past and the future of British history. She stretches right across from the Atlantic, the great ocean of the world's immediate past, to the Pacific, the great ocean of the world's immediate future. But you say, so does the United States, a much larger nation. True, but the shortest and best highways are ours, and little people are in any part already binding those oceans to each other by three lines of rail, terminating on this side in almost countless excellent harbors.

For the world's active industrial life and especially for its commerce, four things are necessary—food, wood, coal and iron, and our resources in any part of the world, and are almost as yet untouched, and may be so economized each other by three lines of rail, terminating on this side in almost countless excellent harbors.

And what of this province this sea of mountains as it is sometimes called? Why just this, you stand in the forefront of Canada's and the world's future. If eastern Canada has stood in the forefront of the old world circle of life, you far more certainly stand in the forefront of the new. Nearly all the great harbors of the eastern shore of the Pacific are yours; its largest supplier of timber are yours; its greatest grain fields are just behind you and are already turning towards you for market. Looking towards the future, Canada has no more important part than the Canada to which you belong, as its most important part, men and women of British Columbia, a most

important share of this world's future is in your hands, will you be true to your opportunity and to your duty?

Our Responsibilities.

Proceeding to speak of this opportunity and duty he pointed out that it was "that they should seek God, if haply they might feel after Him and find Him," and continued:

Do not think that you can escape the responsibilities of this life and live here as in some mountain fastness by yourselves alone. You are out in the forefront of the world's great movement. Already its tidal currents, the first lesser waves, are flowing in upon you. For the last week I have seen them in all your highways, Japanese, Chinese, Hindus. They are asking you to meet them as a nation meets nations as man meets man. They come how offering you hands for service; they come as life millions of Europe came to the United States a hundred years ago, as they still come to the eastern provinces of Canada today; they come now to enter into co-operation with your industrial, social, political life. How will you meet them? How are you meeting them?

But you say, they are an inferior race, they will ruin our civilization, they will overturn our institutions, they will reduce our country to their own level, they will wipe out our religion. Brethren, this is the supreme confession of weakness. Forget not that "the truth is mighty and will prevail," that we should "do might through the heavens fall." Even the old heathen poet understood that the lessons of history do not accord with your fears. Fourteen hundred years ago the Huns, the Goths and the Vandals faced the Christian civilization of the old Roman empire. At first they came in small numbers, then they came in myriads, sword in hand, and seized the land. But did they wipe out Christianity? Did they extinguish the higher civilization? No! Christianity by the word of truth, the sword of the Spirit can guard them, and after the lapse of a thousand years they became the nations who carried Christianity forward to the modern world, and they are the world's hope to-day. And so these eastern nations, if once they are aroused, can overthrow your custom house walls; they cannot overthrow the truth and right and goodness and spiritual life of your civilization, if any truth or right or goodness or real spiritual life remains therein. The heaven of the kingdom will leave the whole lump. "Wisdom and knowledge alone shall be the stability of your times and the strength of salvation."

A Lesson From History.  
Let us take another lesson from history. A hundred years ago the millions of Europe began to press into the United States. They were then about the same in numbers as we in Canada to-day, but far from being equal to us in the numerical strength of their churches, on the maturity and organization of the work of education and evangelization. But the fringe of people along the Atlantic coast put up no barriers against immigration. They let them come in. They omitted the Alleghenies and filled the great Mississippi valley and the plains and prairies of the west. Was American civilization destroyed? Was Protestant Christianity extinguished? Not by any means. I admit that they passed through a period of terrific trial and that even yet their triumph is far from complete. But the forces of Christianity worked with steady and unabated energy. The saddlebag preacher and the little red school house and its New England teacher stood to their post and did their work.

There is much yet to be done, both in the regeneration of individual men and in the lifting of the whole tone of American society. But whereas in 1800 there was one church member to every sixteen of the population, there is to-day one to every four. The population of the country has been multiplied by sixteen, its church membership by 81, and in spite of all its shortcomings, the United States stands to-day as one of the two greatest Christian and missionary forces of the world, and second to no other land in popular intelligence and educational institutions. Brethren, have we faith to take those lessons of history to heart? Do we believe that this divine "wisdom and knowledge" rather than restrictive laws and munitions of war, "shall be the stability of our times and the strength of salvation." If so, then our supreme duty lies in two things, evangelize and educate. The preacher and the schoolmaster are the forces which we must employ in self-defence as well as in the way of duty—without doubt God is bringing these people to us that here they may seek after and find Him; and just at present this missionary and educational work at home should be pushed forward with all the energy and spiritual power which we possess.

Governor Hughes, of New York on Tuesday signed the bill amending the penal code to provide that a child of more than seven and less than sixteen years of age, who shall commit any act or omission, which if committed by an adult would be a crime, not punishable by death or life imprisonment, shall not be deemed guilty of any crime, but of juvenile delinquency only.

## NEW WESTMINSTER Y. M. C. A. PROJECT

Committee Secures Estimate of Cost of Proposed Building.

An effort is being made to revive interest in a scheme to secure an athletic club or Y. M. C. A. building for New Westminster, says the New Westminster News. Messrs. T. J. Trapp and T. H. Smith, some two years ago, secured a site on Royal avenue near Sixth street for such a building, and are still ready to devote it for that purpose. It is understood that the matter has progressed a step farther, plans for a building containing a large gymnasium and swimming bath, auditorium and club rooms having been drawn up and rough figures of the cost of the building obtained. Good financial support has also been secured to start the effort. A small committee has been quietly working on the matter for some weeks and apparently all that is needed to ensure the scheme being successfully carried out is for citizens interested in the promotion of such a work to come forward with evidence of their endorsement of the movement.

There is a good gymnasium in the city there is no reason why New Westminster should not compete against the Vancouver Athletic Club and the Y. C. A. gymnasium and improve its supremacy in this class of athletics as well as in lacrosse. Such an institution should promote all classes of amateur sport and there is no reason why with Burnaby lake and the North Arm available New Westminster should not produce a rowing club that could put crews out competing in their own against Victoria, Vancouver, Nelson and other British Columbia and coast rowing clubs.

## WINTRY CHILLS MAKE THE LIVER TORPID CONGEST THE KIDNEYS START RHEUMATIC PAINS

You'll Find Quick Relief, Renewed Strength and Freedom From all Winter Ills.

Dr. Hamilton's Pills.

Thousands of lives are sacrificed every year through colds that started with "just a chill." These chills act instantly on the liver and kidneys; they congest these organs, prevent their eliminating and filtering the wastes from the body. The system becomes contaminated with poisons that destroy vitality and leave the body prey to disease. Dr. Hamilton's Pills cause the liver to throw off its bile; they cleanse out the stomach and bowels, purify the blood and free the entire system of all disease-producing matter. Colds, rheumatism, the aches and pains of winter ill are swept away. Every injured tissue is repaired. Every weak spot is strengthened, and highly vitalized blood which Dr. Hamilton's Pills so abundantly make is a guarantee of freedom from sickness of any kind.

CURED COLDS AND RHEUMATISM.

Mr. John Whitley, of Stanwood, P. O., Ontario, knows the merit of Dr. Hamilton's Pills, and says: "I wouldn't be alive to-day had it not been for Dr. Hamilton's Pills. Last winter I was sick with grippe, and when spring came I was weak, bilious and rheumatic. I used enough of medicine to cure me. I used enough of medicine to cure me twelve times, but I didn't get any help till I tried Dr. Hamilton's Pills. They purified my blood, took the yellow cold out of my face, put new tone in my stomach, and increased my appetite. The bilious attacks and rheumatic pains gradually departed and Dr. Hamilton's Pills made a new man of me. I proved their merit for all men. If better health and prompt recovery are important, get Dr. Hamilton's Pills. At all dealers, 25c per box, or five boxes for \$1.00."

## DRUGGED AND ROBBED.

Farmer Tells Strange Story Regarding Disappearance.

Portland, Ore., May 26.—Drugged in Portland in the middle of January, recovering his senses in a Sacramento hospital two and a half months later, where he was told he had been found badly cut up and beaten in a box car, tied hand and foot and robbed of \$250 is the strange story surrounding the disappearance of F. F. Odbert, a Tualatin farmer, who has just returned from Sacramento to his family, and whose disappearance last January was one of the mysteries his family and the police had left unsolved. Odbert tells of a remarkable chain of circumstances which prevented him from communicating with his family until now. It was in the middle of January that the Tualatin man came to Portland and sell a team of work horses and when he left he told his wife he would return the following evening at the latest, whether he sold his team or not. That was the last he heard of him until just before his return.

"I sold my team alright and received \$250 for it," he says. "Then I went into a restaurant and ordered a meal. Two men came in and sat at my table and we began talking. One of the men ordered a bottle of wine and I took one drink. Just then I felt dizzy, so I went to the door for a breath of air. That is the last I remember. "When I awoke I found myself in a street bed in a hospital. When they would talk to me, the nurse told me I was in Sacramento, Cal. She told me I had been found bound and gagged in a box car, badly cut up and beaten. This was in January. She told me that I regained consciousness apparently a few days later, but was soon taken with typhoid fever and that for weeks I hung on the verge of death and did not again recover consciousness until the first of April. I do not remember being conscious the first time. In fact everything is an utter blank until I awoke in the hospital the second time."

# If You Have a Wife

Or if you intend to get one this June, come to us and we'll see that you start housekeeping right. We have the one fine plan which creates and makes happy homes for young people. You and the young lady come here and let us talk it over.

## Some of Our New Arrivals in Buffets, Cheffoniers and Dressers

**BUFFETS**—Fine quarter-cut oak, highly polished, very dainty design, oval shape back, British bevel mirror, two small shelves, 2 leaded art glass doors, 1 lined silver drawer, 1 small drawer and 1 long drawer; claw feet. Grand value at \$45

## USE OF TELEPHONE IN TRAJN DISPATCHING

Canadian Pacific Railway Decides to Extend Its Wires.

So successful has been the experiment of using the telephone for train despatching on the Farnham division of the Canadian Pacific railway, that it is quite likely that within a few years it will have its own copper wires stretched all over its system for despatching purposes, leaving the telegraph wires free for other uses, says the Montreal Gazette. A move in this direction will be made during the coming summer, when a telephone despatching line will be strung over the Superior division, from White river to Fort William. This will cover a distance of 250 miles, embracing three terminal points, White river, North Bay and Fort William, and as soon as the wires are placed the train despatching will be entirely handled by telephone. Superintendent Murphy of the Eastern division, stated that the use of the telephone had proved a decided economy in handling trains, as well as a great convenience for general work. Not only are the trains on the Farnham division despatched entirely by phone, the station officials taking down the messages just as they would if they were telegraphed, but Mr. Murphy has a second telephone in his office connected with the despatching wire, so that he can get into immediate touch with any station on the line without leaving his office chair. In fact, Mr. Murphy stated that telephone work could be handled by the use of the telephone for train despatching as could be done in the old way, which meant a very considerable economy for the company, as well as better dispatch for trains.

# ROYAL WEDDING SIMPLE AFFAIR

## MIKADO'S DAUGHTER MARRIES SOLDIER

### Social Functions Following the Ceremony Were Brilliant.

C. H. Gibbons, a local newspaper man of marked ability, who returned from the Orient on the Aymeric, gives a very interesting story of the wedding at Tokio on April 28th of the Emperor's daughter, Princess Fusako Kane (known simply as Princess Kane), and H. H. Sub-Lieutenant Prince Narihisa Kitashirakawa, a scion of the very old nobility and a hard-working and ambitious young officer of artillery. The wedding followed immediately upon the annual imperial garden party to view the cherry blossoms at their perfection, and for an entire week the Japanese capital was en fête, processions, feasting and ceremonies demanding every hour of the day and night. Although a prince of high degree, the bridegroom is first and above all a soldier—and Japan is a martial nation. Hence, although for the wedding ceremony proper Prince Kitashirakawa, as well as his bride, donned the ancient court costume, to which his rank entitled him, no sooner was this ceremony concluded than he left his bride for just sufficient time to resume his lieutenant's uniform, when they took carriage and were driven to the imperial palace, where in the historic Phoenix hall the Emperor and Empress received them in audience and extended formal congratulations. The ceremonies incidental to the wedding continued until Monday, the 3rd of May, when, after visiting the Ise shrine and the sepulchre of the late Emperor Jimmu to "announce their marriage to their departed ancestors," the noble bride and groom were at last at liberty to repair to the palace at Kasumigaseki, to banquet Princess Kitashirakawa, the mother of the Prince; his younger sister, Princess Kanoko, Marquis Dato, and other relatives. The honeymoon is limited to ten days, when Prince Kitashirakawa must resume his military duty.

As recorded in the Court Gazette, "acted respectively as was required of them, whereupon the door of the shrine was closed, the music continuing meanwhile, and the ceremony having lasted some forty minutes." As the bridal party left the shrine, the accomplishment of the marriage was announced to the populace by a salute of 21 guns fired at the Aoyama parade ground, and (the Prince having resumed his lieutenant's uniform) the new-married couple were driven in one carriage to be received in audience and receive the imperial blessing and congratulations, proceeding afterwards to the palace at Kioto.

Contrasted with the marriages of members of European royal houses, or

brations were both imposing and very long-continued, while the very spirit of carnival appeared to animate the entire foundation of the imperial capital. On the evening of the wedding day the bridal banquet was held in the Honchiden hall of the Imperial palace, the bride and bridegroom sitting in places of honor, and there being also present in addition to the Japanese princes and princesses, the foreign ambassadors and ministers with their wives. The Emperor and Empress entered after the guests were seated, attended by all the princes of the blood, and during the banquet the court musicians played continuously. The Emperor himself proposed the health of the newly-married couple, to whom all present there-

In connection with the wedding, Count Sasaki, the official guardian and tutor of the bride, was raised to a marquisate, while several other officials were promoted to the baronage. The wedding ceremonies continued until the evening of the 5th of May. On the evening of the 3rd the Imperial palace was the scene of a dinner party at which the guests were the princes of the blood, the elder statesmen, cabinet ministers, the high officials of the imperial household, and relatives of the contracting parties. A ball followed, the guests for this including the foreign ambassadors and ministers and other members of the diplomatic corps. The dinner of the 5th was to near relatives and high officials of the state depart-

## OAK BAY INVESTS IN MODERN ROAD PLANT

### Steam Roller and Rock Crusher Put to Work Making New Streets.

Oak Bay a short time ago invested in a rock-breaking plant and steam roller for the purpose of macadamizing their roads instead of making them of gravel, as in the past. These machines have been set up and are now crushing rock for the season's construction work. There are a large number of concrete sidewalks and macadam roads to make and the new machinery enables this to be done much better than it could possibly be without them. The steam roller is a ten-ton compound, made by Ruston, Proctor & Co., Ltd., of Lincoln, England. This weight in working order is twelve and a half tons, and it is of the latest and most modern type. For city work this type is said to be preferable on account of the noiseless exhaust, preventing the frightening of horses. The roller is fitted with a high speed governor intended to run a rock crusher, and is thus suitable for the purpose, twenty-four horse power being available. The workmanship and the material are of the best throughout. The roller was inspected and passed the British Columbia Inspection Act under a safe working pressure of 210 pounds, which is greatly in excess of the requirements. Messrs. Mussen, Limited, of Montreal—Vancouver, the Canadian representatives of Ruston, Proctor & Co., have supplied this roller, and it is of interest to note that the city of Victoria also purchased from them last year an eight-ton compound Ruston roller for light work, and that the municipality of North Vancouver has a ten-ton Ruston compound roller on the way from England at the present time, to be used also for running a rock crushing plant.

H. I. H. PRINCESS FUSAKO KANE.

H. H. PRINCE NARIHISA KITASHI RAKAWA.

even of distinguished officers of army or navy with ladies of noble birth, the Japanese Imperial wedding was a miracle of democratic simplicity—devoid of ostentation to a marked degree. The same simplicity marked the official announcement of the events appearing in the afternoon in the Gazette, and reading thus:

#### "MARRIED"

"To-day—H. H. Prince Narihisa to H. I. H. Princess Fusako Kane." But while the wedding itself was notably unostentatious to western eyes, and the noble bride is said to have found her chief delight in the fact that the cherry blossoms were at their best—happy as they are—Occidental bride would find in perfect sunshine and June roses—the subsequent cele-

upon extended felicitations. To each guest at the banquet's close was given a silver bonbon dish en souvenir.

Official announcement of the marriage was made at the Kasumigaseki Detached Palace on the evening of April 30th, the imperial prince and princesses, officials of Shin-nis-rank, and others of noble blood being invited. On this occasion congratulatory telegrams were read from the Russian Czar and the Austrian Emperor, Princes Pushima (in England), Kuni (in Germany), Naohimoto (in France), and Japan's ambassadors and ministers abroad. Previous to the marriage the princess was decorated with the First Order of the Sacred Crown, which she wore at the ceremony, and Prince Kitashirakawa with the Grand Order of Korea,

fents, naval and military officers, the prince's schoolmates, and the directors and chiefs of the imperial household.

The guests and witnesses of the wedding ceremony proper included the prince and princesses of the blood, Prince Arisugawa, Prince and Princess Higashi-Fushimino, Miya, Prince Asahi, Prince Higashi-Kuni, and Prince and Princess Takada; Prince Ito, Prince Yamagata, Prince Oyama, Marquis Matsukata, Marquis Inouye, Marquis Tokudaiji, Marquis Katsuma, Admiral Togo, High-Admiral Ito, Count Tanaka, General Teruchi, Count Komura, Admiral and Baroness Saito, Baron Ouri, Mr. Komatsubara, Viscount Okabe, Count Hijikata, Count Yoshikawa, Admiral Yamoto, Generals Kuroki, Oku, Hasogawa, Nishi, Nogi, Ogawa, Kawa-

bidjan, Cham, Aleppo, Egypt, Mecca, Medina, Jerusalem, the Holy, of all the Countries of Arabia and Yemen, and the recovery of an Infinity of Provinces gloriously acquired.

#### JUVENILE COUPLE'S SUICIDE.

On a bench in the park at Leipzig were found the bodies of a youth of sixteen and a girl in short skirts, aged thirteen. Beside them lay a card with the words, "We agree to die because we love each other," and a bottle of poison.

The Leeds crematorium, which was erected four years ago at considerable cost, has not proved a success. Only the seventy-five bodies cremated there a large proportion came from Harrogate, Malton, Batey, Scarborough, York and Wetherby.

the top of the jaw opening, which will take in pieces as large as 20 inches by 10 inches, and after being broken, discharges from the bottom opening of the jaws through a cast steel chute into the lower revolving screen. This takes out the dust and fine material, and the rest goes into the bottom of the elevator.

The elevator consists of a heavy special rubber belt with pressed-steel buckets attached at regular intervals and passing over cast iron drums on the top and bottom screen shafts. The material passing into the lower drum is caught by the buckets and carried to the top of the drum, inside of which it is caught by a steel chute and discharged into the top screen. This screen has two sizes of perforations and the rock passing through these drops into the respective loading bins from which it shoots into the carts alongside. Pieces too large to pass through the perforations go over the end of the screen and drop back into the breaker with the fresh rock that is being fed to it.

Power for driving the crushing plant is obtained from the steam road roller. The whole outfit is very compact and admirably suited for the conditions in Oak Bay, where there are quantities of rock suitable for road metal in different places. Moving the plant to these different places as required saves practically half the cartage and an extra handling of the rock. This arrangement of plant has been specially designed for municipal work by the manufacturers, Hadfield's Steel Foundry Company, Ltd., of Sheffield, England, whose Canadian representatives are Messrs. Peacock Brothers, of Montreal. The work of erection has been in charge of their western agents, Bayfield & Archibald, of Vancouver, B. C.

## THE DOCTOR SAID "I CAN'T HELP YOU"

Suffered 10 Months With Kidney Complaint—Gin Pills Cured.

Dunvegan, Inverness Co. I am perfectly cured of kidney complaint after using Gin Pills. Six hours after taking the first Pill I obtained relief, and now after three months I feel as well as ever. I suffered ten months and the physician attending me advised me to go to the Victoria hospital at Halifax, as he could do nothing more for me. I may add that I used a great deal of medicine and strictly followed my physician's directions regarding diet, etc., but without avail, until providentially I learned of your most excellent remedy. I am recommending Gin Pills. (Sgd.) LEWIS MACPHERSON. Sold by druggists and dealers everywhere at 50c a box—\$ for \$2.50, or sent direct. Dept. V. T., National Drug & Chemical Co., Limited, Toronto. 120

The Interborough Rapid Transit company of New York announced Tuesday that it was preparing plans for \$100,000,000 subways, which it will submit to the department of public service by the third week in June. The plans will cover Manhattan, Brooklyn and the Bronx.

# LEFTOVER SNAPS IN "BURLEITH PARK"

## WATERFRONT LOTS

We have re-listed the following waterfront lots at what are practically original prices. In several cases determined buyers paid options on two lots, eventually taking only one. Owing to the delayed staking we have found it impossible to release these options earlier. Those who have been anxiously awaiting for this announcement will find below all available lots, together with sizes and prices.

- Block 1.—Lot 5, 50 x 120. Deposit forfeited. Beautiful lot ..... \$750
- LOT 13, grand snap for someone, 50 feet frontage and 280 feet deep ..... \$1,700
- Lot 15, great stretch of waterfront, about 140 feet, triangular shaped. Land sides 138 and 100 feet, beautifully situated ..... \$1,800
- Block 2.—LOT 1, just released from option, 80 feet frontage and depth 145 feet ..... \$2,000
- Lot 5, averages 50 x 120 feet, near the Dunsmuir boathouse, very picturesque, was held under option, now released ..... \$1,775
- LOTS 8 and 9, 50 feet frontage, depth ranging from 130 to 184 feet. Two beauties. Price, each ..... \$1,800
- Block 3.—Lot 1, 48 x 120 feet ..... \$750
- LOTS 2 and 3, 48 x 120 feet ..... \$700
- LOTS 6 to 15, inclusive, 50 x 120 feet ..... \$700
- Block 5.—LOTS 4, 5 and 6, 50 by 120 feet ..... \$600
- LOT 7, 50 by 156 feet ..... \$900
- LOT 9, averages 50 x 100 feet ..... \$750
- LOT 10, splendid corner, 55 foot frontage on Craigflower Road ..... \$800
- LOT 11, 50 x 120 feet ..... \$800
- LOTS 12 to 16, inclusive, 50 x 120 ..... \$750

**TERMS:** On all these, one-third cash, balance in 6, 12 and 18 months. Clip out the accompanying plan. By consulting it and the stakes you can easily locate any lot. Then come and see us at once. We shall be glad at any time to take you out to the property and show you what is still available.

skill in violin playing is winning her warm friends everywhere, Miss Lawson, has studied extensively in London, and is an associate member of the Philharmonic society there.

Mrs. A. E. Boyd, will receive at her home 16 Government street, Thursday.

Mr. and Mrs. N. A. Morrison, of Ladysmith, B. C., are among our local visitors. With them are a gay party, consisting of D. J. Frear, Seattle; Miss Josephine Graman, Chicago; Miss Jennie Pollard, New York; Mr. B. Pollard, New Orleans; Mr. Fred Ware, Philadelphia, and Ralph Harrup, Nome.

Mrs. George Turner, was one of Monday's many hostesses. She entertained a number of friends at her boat house up the Gorge, among whom were the following: Major Booth, Mr. Godfrey Booth, Lieut. Col. and Mrs. Hall, Mr. and Mrs. Fung, Mrs. Ross, Miss Gibson, Mr. and Mrs. Bulwer, Miss M. Hamilton, Mr. Laird, Mr. R. Laird, Miss Brown and several others.

A very smart tea was given yesterday afternoon by Mrs. Jas. L. Raymur, whose pretty rooms were gay with pink carnations and ferns. Miss Ethel Lawson, the guest of honor, charmed everyone with her exquisite violin playing. She was accompanied by Mrs. Harry Young. Mr. Herbert Kent also contributed very much to the enjoyment of the guests by his singing, to Mrs. Hermann Robertson's accompaniment.

Among the guests were: Mrs. Dunsmuir, Mrs. Fagan, Mrs. Herbert Kent, Mrs. Rome, Mrs. Shallcross, Mrs. Hild, Mrs. Blacklock, Mrs. Angus, Mrs. Jones, Mrs. Archer Martin, Mrs. Fleet Robertson, Mrs. Richard Jones, Mrs. J. D. Heintzen, Mr. and Mrs. Freeman, Mr. and Mrs. Albany Ritchie, Mrs. Plumer, Mr. and Mrs. E. P. Smith, Mrs. Parson, Mrs. Wyman, Mrs. Beraford and many others.

**Baked Eggs**—Two tablespoons of flour and two of butter. Cook together in double boiler until mixture bubbles, then add one cup of milk or cream; stir until it thickens, then add a little grated cheese and dash of pepper, put half of the mixture into a baking dish, break into it a layer of four or five eggs, being careful not to break the yolks. Pour rest of mixture on top and bake in a moderate oven for twenty minutes, until the eggs are set.

**Boiled Salad Dressing**—Two tablespoons of butter, one teaspoon of salt, one teaspoon of mustard, a little cayenne or black pepper, one small cup of milk, three egg yolks, quarter cup of hot vinegar, cook in double boiler until thick, then stir in the butter.

**Cookies**—One cup of butter and lard mixed, one cup of brown sugar, two eggs, one and half teaspoons of baking powder, flour enough to roll and bake in quick oven.

**Poppers**—One egg, one cup of flour, one cup of milk, a little salt, beat well, bake in hot gem pans twenty minutes.

**NEW GRAND THEATRE.**  
Large and Pleasur Holiday Houses  
Hear Sparkling Comedy.

One of the prettiest little comedy acts ever witnessed in the New Grand theatre is "Her Own Mother," by S. S. Seibert, who appears in the principal role and delineates the character of the young husband who has married in spite of the rich uncle, to perfection. Taken with an imagined madness he gives little impromptu lectures, which delight the audience. The deception engaged in his the desired result and uncle forgives and hands over half his fortune when the nephew suddenly recovers. Hann and Franks present a musical travesty of the most popular kind. Mann's singing of "Knocked 'em in the Old Kent Road" is the hit of the act. Albert Chevalier's famous song catches the house and Mann is dressed in true Coster style. Of Coster singers he is one of the best. The act included much singing and the heavy work is done in a highly humorous manner. The capacity house last night gave the singers of the musical travesty a well earned encore, which was responded to with something new in a whistling talk.

The Caries are a pair of clever bicycle tricksters performing some new features. Don and Thompson in a song of the sea infuse much comedy and throw in a little dancing of best quality.

The Ward Brothers present a turn in dancing that evokes applause for their brilliance and laughter for their humor.

The dandy dancing dandies are those in their work, Thomas, J. Price is in good voice this week and has a song which suits him admirably. The whole show is one that will not fail to amuse and draw to the New Grand the usual big crowds. The moving pictures are always a welcome attraction and this week are of the latest French creation.

The death was announced at Yarmouth recently of Mrs. Maria Cubie, who last December attained her 104th birthday.

**WISS SCISSORS**

From the finest lace to the thickest woolen, Wiss Scissors or Shears cut clean and sharp—that's why people to whom the best is an absolute necessity, use Wiss exclusively. They cost no more than inferior brands, and the trade mark is your guarantee; absolute satisfaction—or a new pair—or your money back.

Popular Styles 80c. to \$1.00, according to size, wherever good cutlery is sold.

The WISS Razor gives the cleanest, smoothest shave.

**OAK BAY BRANCH OF THE DEVELOPMENT LEAGUE**

Meeting on Friday Evening to Organize and Support Railway Policy.

On Friday next there will be a meeting in the Oak Bay school house for the purpose of perfecting arrangements for the formation of a branch of the Vancouver Island Development League, and to appoint a committee of management. At a recent meeting S. R. Newton was appointed president and Arthur E. Haynes secretary. These gentlemen will doubtless have something definite to propose. The following is a quotation from a circular being sent to the residents of the district and signed by the president and secretary:

"Whilst we, as residents of Oak Bay, realize that we have probably the choicest residential district in the Dominion of Canada, and that it may not be necessary to advertise our own district particularly, still, at the same time, we should be ready and prepared to render all assistance in our power to the promotion of the welfare of the Island as a whole, and especially as regards the railway policy now being considered by the League."

**STARTLING STATEMENT**

It's Statements Like That of H. Heyman, Kingston, Ont., That is Making Mi-o-na World Famous for Obstinate Stomach Complaints.

Mr. H. Heyman, 132 Colborne street, Kingston, Ont., says: "Mi-o-na is worth its weight in gold as a remedy to quickly cure long-standing cases of dyspepsia. For years I had suffered with my stomach and could find no cure nor even relief. I could not eat anything, as it would sour and form gas on my stomach that had a pressure on the heart. Heavy pains would come around my sides and pit of my stomach. I was unable to sleep for this and there was nothing to relieve my miserable condition. I was weak and languid and would feel as tired in the morning as on going to bed, and perspiration would break out all over my body. I would be so weak from vomiting that I would fall to my knees. My head would ache and spells of dizziness would leave me unable to see. Doctors had termed the trouble gastritis, but failed to benefit me. I tried Mi-o-na, which I procured at D. E. Campbell on advice of a friend, which has cured me when all else failed. I am sound and well and feel grateful to Mi-o-na for my present health."

It's the known results obtained by Mi-o-na that places it far and away above all other remedies and confirms D. E. Campbell in offering to refund the money if Mi-o-na fails to cure stomach trouble. Fifty cents a box. Relief in twenty-four hours.

**SYNOPSIS OF CANADIAN NORTH-WEST LAND REGULATIONS.**  
Any person who is the sole head of a family, or any male over 18 years old, may homestead a quarter section (160 acres) more or less of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.  
DUTIES.—Six months residence upon cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 30 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.  
In certain districts a homesteader in good standing may pre-empt a quarter section alongside his homestead. Price \$3.00 per acre. Duties.—Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.  
A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price \$3.00 per acre. Purchased homesteads may be acquired on any available lands on either odd or even numbered sections south of Township 46, east of the Calgary and Edmonton Railway and the west line of Range 28, and west of the third Meridian and the South Railway line. Duties.—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$100.

**WHEAT DROPS IN THE CHICAGO PIT**  
Better Feeling Regarding Foreign Crops Causes Decline.  
(Times Leased Wire.)  
Chicago, May 26.—Over night there was a reversal of sentiment regarding the course of wheat prices and the market opened decidedly bearish this morning, closing 1-8c to 1-3-4c a bushel lower than yesterday.  
While home crop advices were not improved in the slightest degree there was a somewhat better feeling regarding foreign crops, and this is what affected prices everywhere.  
Broomhall sent a special cable from Liverpool suggesting the following facts as the cause of the rally of the bear forces and the loss in the world's wheat prices to-day: "Beneficial rains in the United Kingdom and Hungary. Italy reports that country fully supplied with wheat until harvest. India and Russia it is said will continue to ship liberally. Beneficial rains in Roumania, Russia and France."  
Breadstreat gave out the following weekly report of the visible supply in bushels:  
Wheat—East of the Rockies, decrease, 2,005,000; Canada, decrease, 984,000; Europe and afloat, decrease, 100,000.  
Corn—Decrease, 33,000.  
Oats—Decrease, 343,000.  
Cash wheat sales: No. 2 red, \$1.90; No. 1 \$1.84; No. 3 red, \$1.49; No. 2 hard winter, \$1.33; No. 3 hard winter, \$1.14; No. 1 northern spring, \$1.33; No. 2 northern spring, \$1.23; No. 3 spring, \$1.20; No. 4 spring, \$1.13.

**FEW CHANGES IN PRICES OF STOCKS**  
Absence of Professionals Leaves the Market Unsupported.  
(Times Leased Wire.)  
New York, May 26.—While showing a fair degree of activity, the stock market was rather uninteresting during the trading to-day. Changes in prices were small with but few exceptions, and the general list was allowed to drift along as it will. Professionals were not in evidence, and there was little support to prices.  
An advance of 1/4c in the bid and ask price of copper metal was a help to Amalgamated Copper, but other metal shares did not participate in this feeling.  
Reading was sold abroad in large blocks and the brought about considerable weakness at home, resulting in a net decline of 1 1/2 points at the end of the day's trading. A drop of one point each in Colorado Fuel and Iron and Northern Pacific were the only other downward fluctuations of note during the day's trading.

**LOOKS LIKE HOAX.**  
Alleged Message From the Sea Found on Beach.  
Portland, Ore., May 26.—The recurrent joke of the message in a bottle was again uncocked at Clatsop beach last Sunday when J. Adams picked up from the sand a bottle with smoothly worn cork which when opened disclosed this message scrawled upon a small page of checked paper from a notebook:  
"January 5, 1905.—Lost at sea, out on a raft, Prof. W. Wilson, Stockton, Cal. Good-bye to all."  
Those who have seen the message are not favorably impressed with its genuineness, as the reverse contains a Portland name, and as the spelling of "professor" will scarcely pass. The cork was worn off smoothly with the neck of the bottle, showing that the receptacle had been tossed about for some time, as the date on the message would also indicate.  
**BLINDED BY LIFTING WEIGHTS.**  
A porter named George Hale claimed damages at the West London County court for loss of sight from Messrs. C. A. Daw & Son, of Palace Gate, Kensington. It was claimed that the loss of sight arose from a strain in lifting heavy luggage.  
Dr. Grimdale gave evidence that the applicant was never likely to recover his sight, and the witness attributed the detachment of the retina to a strain—possibly that of lifting heavy weights.  
The judge ordered that applicant should receive 15s. 6d. per week for thirteen weeks previous to the trial and £1 afterwards.  
**TO CONTRACTORS**  
TENDERS are invited for a FRAME AND STONE RESIDENCE at Foul Bay, Victoria.

We will sell you a 62 1/2 OR 125 ACRE FARM AT \$5 PER ACRE, which will produce the finest oranges possible.  
WE GUARANTEE that the climate is delightful and healthy for those who go to our lands to live.

**POISONED HER FAMILY.**  
Appalling Series of Charges Against Young Frenchwoman.  
Accused of poisoning all her near relatives in order to get possession of the family fortune, a young married woman named Marie Guerin is on trial at Vancouver assizes, in France.  
First to die was her aged grandfather. On account of his great age his death, which took place in September, 1905, did not excite suspicion. But in the November following Marie's own father, a robust man, died after a short illness. The next to die under mysterious circumstances was Mme. Anzein, the prisoner's aunt. Her death took place in February, 1906, and was followed eight months later by the demise of the last survivor of the family—Auguste Ange.  
All these deaths took place in less than two years. The inhabitants of the village of Lauris-sur-Durance discussed these sudden deaths, and suspicion fell on Marie Guerin, who lived with her husband in a neighboring district. It was alleged that the deaths of her relatives coincided with her visits to them.  
An inquiry was instituted. It lasted sixteen months. Finally it was decided to exhumate the bodies. As the result of a post-mortem examination doctors found that they contained arsenic, and Marie Guerin was arrested.  
In point of fact, after the death of her relatives, Marie Guerin became possessed of £1,200. After she received the money she and her husband went to reside at the village of the 16th. There, it is alleged of her, she joined the coquette, and married the son of Mme. Sylvestre, a widow.  
The latter admonished her son. A few days later she died from a malady which the doctors could not diagnose. Again tongues began to wag. It was alleged that Marie Guerin had taken revenge on the widow.  
Mme. Sylvestre's body was exhumed, and a post-mortem examination revealed the presence of a strong dose of arsenic.  
Some soldiers were on their way through Missouri and came on two farm-houses, one on each side of the road, evidently belonging to prosperous farmers, for they were fine houses and surrounded with fine outbuildings. "Say," said one of the troops to a companion, "do you know what they call them two houses they had 'em down in Arkansas?" "No, what?" asked the other troop. "The Twin Cities."

1 acre, near end of Douglas St., car line, all cleared and fenced, terms, price \$1,500

**E. WHITE**  
Telephone A57.  
64 BROUGHTON STREET.

ARE YOU LOOKING FOR A FARM? If so, you should certainly investigate the district around Soanemo. How is this for a bargain? 24 acres within a few yards of the station, on the wagon road on two sides of the property, 30 acres under pasture, 50 acres pasture, some fine timber, an excellent spring of water which is continual, also a stream running through part of the property. The price of \$50 per acre is very reasonable, and easy terms could be arranged. Call at the above address and obtain further information.

LADYSMITH, B. C. is supposed to have the readiest market on the island for all classes of farm produce, and high prices are obtained for quick sale, and the following described farming property should appeal to an intending purchaser as one of the best paying propositions obtainable: 102 acres, 50 acres under cultivation, good orchard, good house, runs for stock, 12 head of cattle, work horses, wagons, buggy, crops are in the soil, complete outfit of farming implements, and everything in full running order, could be taken immediate possession of at \$10,000, with good terms offered. The owner is forced to leave the place much against his will.

**HODGSON REALTY**  
1214 GOVERNMENT STREET.

BARGAINS IN LOTS—You cannot make a mistake in buying a lot on Blanchard and Oak Avenue, just 5 minutes from Government street. The view is excellent, the situation pleasant, and, in fact, cannot be surpassed. The price ranges from \$50 to \$75; 1-3 cash, balance easy. These lots will be on sale for a few days only, so if you want something good as an investment or otherwise do not delay.

**B. C. LAND AND INVESTMENT AGENCY, LTD.**  
62 GOVERNMENT STREET.

\$4,400—5 ROOMED DWELLING and 4 lots on a corner, close to car line. This is a very cheap property.

\$2,250—5 ROOMED MODERN COTTAGE, very centrally located, with 3 lots; terms.

\$1,550—5 ROOMED COTTAGE, in the north end, almost new, with cellar, nice lawn, fruit trees, etc.; this is cheap.

\$2,200—PRETTY LITTLE 5 ROOMED COTTAGE and 3 large lots, frontage on two good streets, just a step from two car lines; 1-3 cash.

\$1,000—CORNER LOT AND 6 ROOMED COTTAGE, all in good order.

LOTS—Of large size, in the Fairfield Estate, best of soil, entirely free from rock, price \$600 each; terms, \$25 cash, balance monthly.

ST. CHARLES STREET—2 acres on a corner, all cleared and cultivated, price \$4,000; on terms.

NEARLY 3 ACRES—Water frontage, on Victoria Arm, above the Gorge, nicely treed, and extending from water to public road, only \$200 per acre; terms if desired.

GURGE ROAD SUB-DIVISION—We have still for sale in this sub-division lots all from \$100 per lot up, on terms to suit purchaser. This property is slowly situated, free from rock, and mostly under cultivation. Special reduction made to those buying 3 or more lots; 5 per cent. off for cash in all cases.

## VALUE OF MINES SLIGHTLY MORE ESTIMATED PRODUCT OF LAST YEAR'S PRODUCT

### British Columbia Stands High in the Record of Provinces.

A preliminary report on the mineral production of Canada in 1908 has just been prepared by the department of mines, and as compared with the revised figures of 1907, shows an increase of half a million dollars in value of output. The report says: A preliminary review of the mineral production in Canada in 1908 shows a total mineral output valued at slightly over \$7 million dollars, as compared with a little less than \$7 million dollars in 1907. The industry has therefore in the aggregate more than held its own, despite the large decreases in the prices of the metals. That this falling-off in the prices of the metals has been an important and serious question for the metal-mining industries will be better realized when it is stated that had copper, silver, lead and nickel maintained as high average prices in 1908 as in 1907, their total production in Canada in 1908 would have been worth over \$8,000,000 more to the producers than was actually the case.

The outstanding feature of the mining industry during the year has undoubtedly been the silver production, a total increase of over 72 per cent, being shown in the number of ounces produced. Copper and gold also show important increases in quantity produced, whilst iron, lead and nickel were produced in slightly smaller quantity than in 1907. In the non-metallic class, decreases in gypsum and petroleum are more than counterbalanced by increases in coal, asbestos, natural gas, salt, etc. The Portland cement industry shows a small increase in sales and a large increase in quantity of cement made, with large stocks on hand at the close of the year.

For the first time in nine years the gold output shows an increase over the previous year. The Yukon output in 1908 is estimated at about \$3,600,000, as compared with \$3,150,000 in 1907, which is a considerable increase. Production is also shown in the province of British Columbia, derived chiefly from the Trail Creek ores, the placer workings having shown a smaller output. Of the total gold output in 1908, over 41 per cent, was obtained from placer and hydraulic workings and 56 per cent, from sulphurets and quartz ores.

The estimated silver production of Canada in 1908 was 22,970,312 ounces, shipped as fine bars, silver bullion, and obtained in matte, ore, etc., as compared with 12,779,599 ounces produced in 1907, an increase of over 72 per cent. Owing, however, to the much lower price received in 1908, the total value shows an increase of only 40 per cent. Over 57 per cent, of the output was obtained from Ontario, and the increase is all to be credited to this province, since there was a slight falling-off in the silver output of British Columbia. The output from Cobalt district in the province of Ontario again shows a very large increase over the previous year, nearly twice as much silver having been produced.

If the output of this district continues to increase at the present rate Canada will, in the immediate future, become one of the chief silver-producing countries of the world. The total production in 1907 was approximately 193 million ounces, the chief contributing countries being Mexico 65 million ounces, United States 59 million ounces, Australia 17 million ounces, Canada nearly 12 million ounces, Germany 12 million ounces. With an output of 22 million ounces in 1908 Canada probably moves up to third place; but this does not produce more than from 10 to 12 per cent, of the world's output.

Statistics of copper production in 1908 show a total output of 64,351,636 lbs., an increase of over 14 per cent, over the production of 1907. There was an increase of over 900,000 lbs. in the copper from the Sudbury mines, while preliminary statistics of production in British Columbia appear to show a very important increase in production in that province of over 7,000,000 pounds.

All of the lead production, 45,735,888 pounds, valued at \$1,920,487, was obtained in the province of British Columbia. The production in 1907 was 47,738,703 pounds valued at \$2,542,086, a decrease in quantity being therefore shown of about 4 per cent. The total amount paid as bounty on lead production was during the twelve months \$135,664.57. Each of the coal mining provinces increased British Columbia contributed an increased output to the coal production in Canada in 1908. The total sales and shipments of coal, including colliery consumption and coal used in making coke, were 10,304,466 short tons, an increase of about 3 per cent, as compared with 1907. Of the total, Nova Scotia contributed over 29 per cent, Saskatchewan and Alberta over 19 per cent, and British Columbia 21 per cent. The production in the latter province is estimated at 2,329,500 tons, valued at \$7,250,000, as against 2,351,828 tons, valued at \$7,299,206, in 1907.

The total production of oven coke in 1908 was approximately 45,251 short tons, valued at \$2,608,575, being an increase of about 3 per cent, over the quantity produced in 1907. The coke was made in the provinces of Nova Scotia, Alberta and British Columbia, and entirely from Canadian coal. At the end of the year there were in Nova Scotia about 659ovens in operation and 175 idle and in Alberta and British Columbia on the same date 516 in operation and 234 idle, not including the ovens at Houston and Comox in the British Columbia, from which no returns have yet been received.

## MORE THAN HALF MILLION DOLLARS Value of Trail Smelter's Product for Month of April.

Further evidence of the mineral resources of the Kootenays and the Boundary, but particularly the former, is afforded by the returns of the Consolidated Mining and Smelting Company's smelter at Trail for April, says the Nelson Daily News. During the month the production of the smelter from the ores treated was 557,968, being close to, if not establishing a record for the plant. Nearly half of this represents the output of the company's lead refinery, where pure lead and gold and silver 996 fine are turned out from bullion produced by the silver lead furnaces of the smelter.

The returns for April bring the smelter's production for the first four months of the current year up to \$1,676,000, and for the ten months of the company's year, which ends on June 30th, to \$4,038,910. More than half of this represents the value of the output of the refinery during the ten months. During April the number of tons of ore received at the smelter was 36,490, while the number of tons treated was 35,494, or six tons more than the receipts. The ore treated yielded 410 tons of copper matte and 2,254 tons of lead bullion. The gross value of the smelter's production for the month was as follows: Gold, \$214,835; silver, \$101,891; copper, \$44,232; lead, \$146,110; total, \$507,068.

This represents the total value of the copper matte and the lead bullion. The copper matte which contains copper, gold, some silver as well as other metals, is sent elsewhere for further treatment, but the lead bullion output of the smelter is treated at the company's electrolytic refinery at Trail, the only plant of its kind in Canada. From bullion treated by the refinery 2,012 tons of pure lead, 2,583 ounces of gold and 148,128 ounces of silver. The value of these products of the refinery were as follows: Lead, \$115,927; silver, \$75,485; gold, \$54,959; total, \$246,371.

The figures for the month bring the total product of the smelter since June 30th last up to \$4,038,910, and of the refinery for the same time up to \$2,956,461. The returns for the ten months makes the total value of the products of the smelter since it commenced operations \$35,000,000.

The company's showing for the present year is especially gratifying in view of the fact that a large amount of work has been done in the way of enlarging the plant. One of the most important works undertaken was the enlarging of the furnaces. In order to do this it was necessary to close down one furnace of the battery at a time, while the new one to replace it was being installed. The completion of this work, however, means increased capacity for the smelter and with the handling of a larger amount of ore daily, which should give a largely increased output for next year.

### Simple Wash Cures Eczema. Why Salves Fail When a Simple Liquid Has Accomplished Thousands of Cures.

It is now thoroughly established among the best medical authorities that eczema is purely a skin disease, due to a germ, and curable only through the skin. It is not a blood disease at all; in fact, thousands of people suffer with skin disease and are perfectly healthy otherwise, and thereby prove they have no diseased blood. Salve remedies cannot reach the germs because they do not penetrate the skin. The only way to reach the germs is by means of a penetrating liquid.

Such a liquid can be obtained by simply mixing ordinary oil of wintergreen with thymol, glycerine and other healing agents. This compound, known as D.D.D. Prescription, stops the Itch instantly—and the cures all appear to be permanent. In fact, it took thousands of cures, case after case, before the best scientific authorities were convinced of the absolute merit of this remedy. D.D.D. Prescription kills the germs in the itching skin. Its effect is seen within one minute after the first application. This cure is even quicker. L.C.P.D. Soad is used in connection with the treatment.

For free sample bottle write to the D.D.D. Laboratory, Department V. T., 23 Jordan St., Toronto. For sale by all druggists.

**HUNT FOR MURDERER.**  
Sheriff Believes Man Who Killed Girl Is in Locality Where Body Was Found.  
Los Angeles, Cal., May 25.—Believing that the murderer of little Anna Poltera is still within two miles of the spot where the child's body was found last Thursday morning, Sheriff Hammett to-day resumed the man hunt which has carried him all over this county. "I am confident," said the sheriff, "that he is still in the locality, perhaps has even given bogus aid in the search we have been conducting. If he has not been among the searchers he has at least watched them closely, though this may have been done from his hiding place."  
"The missing lunch box and irinkets of the dead girl found yesterday, a few yards from where the body was discovered, were, in my opinion, placed there yesterday afternoon, and by someone who might have walked up the road under our eyes."  
Amel Caraja, a Mexican, was arrested at the Ben. Davidson ranch, near Moorovia, to-day, and brought to the sheriff's office on suspicion. When arrested he had in his possession a two-bladed pocket knife. He told conflicting stories about the length of time he had been at the ranch.  
Late this afternoon he will be taken to the Davidson ranch for the purpose of ascertaining if his stories have been correct.

**NOTICE**  
Commencing Saturday, May 29th, this store will close sharply at 10 p. m. every Saturday.

**DOZEN FISH TRAPS TO OPERATE AT SOOKE**

First Run of Salmon Expected to Arrive in Fort-night.

Great preparations are being made for the opening of the salmon fishing season at Sooke. Twelve or thirteen traps are in course of construction and it is expected that fishing will commence in about a fortnight from now. J. H. Todd & Sons will have four or five traps, Captain Matthews four, Findlay, Durham & Brodie two, and Bell Irving two. Two canneries will be operated in the neighborhood of Victoria, one at the Outer dock and the other at Esquimaux. These are undergoing a thorough overhauling and all will be in readiness for the fish when they begin to arrive. This being the fourth year, everyone is looking forward to a big catch, especially as the hatcheries have been turning out a large number of fry each year.

The death occurred yesterday morning at his residence, 910 McClure street, of Frederic Louis Wilmer. Deceased was born in Wales and was 46 years of age. About a year ago he was stricken with paralysis, from which he never recovered. He came to British Columbia 18 years ago and for the past seven or eight years has been employed in the Lands and Works department as a mining engineer. A wife and one son survive him. The funeral will take place Friday afternoon at 2:30 o'clock at Christ Church Cathedral, under the auspices of the St. Andrew's Masonic Lodge, of which order deceased was a valued member.

**MISSION FURNITURE**

A COMPLETE SHOWING OF THIS POPULAR FURNITURE

**MISSION FURNITURE FOR ANY ROOM**

**F**EW FURNITURE HOUSES in Canada show a more comprehensive display of Mission Furniture than this store offers you; certain it is that no other Western establishment offers so much in this popular furniture style. For almost any room in the home you'll find a wide range of suitable and useful pieces and the majority of the pieces we offer are finished in that attractive and popular Early English finish—a finish between golden and the "dead" Mission finish.

It is surprising what attractive furniture a combination of attractive design and this finish makes, and we would greatly appreciate an opportunity to show you a few of the many offerings of our furniture department. Come in and see the good things in—

**BUFFETS HALL SEATS EASY CHAIRS LIBRARY TABLES CHINA CABINETS**  
**HALL MIRRORS MORRIS CHAIRS CHIFFONIERES DINING TABLES HALL CHAIRS**  
**EASY ROCKERS CLOCKS DINNER WAGONS HALL TABLES FOOT RESTS**

These are but a few suggestions of what we stock. In dining room furniture we are especially strong and if you want a dining room fixed up in a "different" manner, choose from this stock.

**"GOLD MEDAL" CAMP FURNITURE**

"Gold Medal" Camp Furniture is the ideal furniture for the summer camp. This furniture style is unique in that it is unusually strong (guaranteed weights on different pieces) and folds unusually compact, making it an ideal furniture for the camper who has to "pack."

Come in and let us show you the many pieces we offer in this furniture, such as stools, reclining chairs, camp beds, tables, washstands, baths, etc. You'll be surprised at the easy pricings.

**NEW BEDROOM SUITE—MAHOGANY**

One of our latest and nicest additions to the stock of bedroom furniture is a bedroom suite in mahogany—finished "dull." This is a very attractively designed suite. The dull finish adds to its distinctiveness. A four-piece suite.

CHIFFONIER, has four large and two small drawers, oval bevel mirror. Priced at ..... \$45  
DRESSER AND STAND—Dresser has two large and one small drawers and large oval bevel mirror. Price for two pieces only ..... \$75  
DRESSING TABLE, has two drawers and large oval bevel mirror. Price ..... \$30

**Carload of Iron Beds Just In**

To-day a carload of new Iron Beds is being unpacked—swell new arrivals from the largest bed factory in the world. We shall have some splendid styles to offer you in a day or two and the carload buying will enable us to quote interesting prices.

Included in the shipment are some excellent cribs for the little tots. Many special features distinguish these.

**NEW 1847 ROGERS BROS. SILVERWARE**

**THE SILVER SHOP** is now brimful of charming wedding gift suggestions. Wedding gift pieces of famous "1847 Rogers Bros." silver—the silver that will last and be in use when the golden wedding day comes around. We have just received a large shipment and if you have been worrying about the selection of a gift for some June bride, you'll find an easy solution of the problem in these offerings. Give us an opportunity to show you some of these late arrivals. No trouble to show you such dainty ware, so come in to-day.
