P R E F A C E.

THIS new edition of *Eton Bibliography*, like its predecessors, is mainly compiled from the catalogue of my own collection of "Etoniana" (destined ultimately for the School Library). I have added the titles of those books of which I know, but do not possess copies: these I have distinguished with an asterisk (*) in the hope that I may hear of copies of them for sale or exchange.

I have endeavoured as far as possible—and with much success—to discover and record the names of the authors of anonymous books and pamphlets and of the editors of the ephemeral School Magazines, but I have felt bound, in printing this *Bibliography*, in many cases to respect their anonymity.

There are, however, many anonymous authors still to be identified, and I shall gratefully receive any information on this or other subjects by way of addenda to or corrigenda of the *Bibliography*. I have intentionally omitted all School text-books from the collection.
