\*Derived from the Joint Inter-sector Analysis Framework (JIAF). Humanitarian Conditions are framed around 3 key dimensions: living standards, coping mechanisms, and physical and mental wellbeing. The JIAF also provides an opportunity to identify and focus on both geographic locations and population groups in highest need.

\*\*There are no Districts under this score.

Percentage of Internally Displaced People (IDPs) and Non Internally Displaced People (NonIDPs) in need. Total number of People in Need (PIN) per Governorate.
