FEED SHORT—PLANT OATS

Corn is scarce and hard to buy. Hay is short. Almost all feeds are short. Benefit yourself and your country by helping meet this great feed shortage by planting plenty of oats and other small grains. Oats are high, but they are dirt cheap compared to the grazing and feed they will give. Oat yields can usually be greatly increased by planting in September.

PLEASE TAKE NOTICE

When ordering less than 10 lbs. of an item please add 4c per lb. to the 10 lb. rate. To arrive at the per bushel price (where seed are quoted in bag lots by the bu.), add 25c to the highest price quoted. The 25c pays for the extra bag, extra handling, etc.

D. & P. L. 14 (DELTAPINE 14) FOUNDATION COTTON SEED

We are distributors for Ala. and Fla. for the breeders, The Delta & Pine Land Company, of this outstanding variety of cotton which averages 1 1/2 32-inch to 1 3/32-inch staple and 39% to 44% lint. D. & P. L. 14 was put on the market the 1942-43 Season for the first time. For 1943-44 a selected stock of No. 14 is offered. It has outyielded the original by more than 3%. All seed are DELINTED, CERESAN-TREATED and sacked in METAL SEALED BAGS. D. & P. L. leads at more Experimental Stations and is used in more one-variety communities and on more farms than any other cotton. Ask for the new "Deltapine 14" folder for further information. If you want to make the most money, get started with D. & P. L. 14. Get lined up with us now and get your friends lined up. Book early to be sure of having seed. Last year FOUNDATION D. & P. L. seed were practically sold out by Christmas. The same thing is expected this year. The following prices are guaranteed for the 1943-44 Season, and you can save \$5.00 per ton by taking delivery during September and October:

A DISCOUNT OF \$5.00 PER TON WILL BE ALLOWED ON SEPTEMBER AND OCTOBER SHIPMENTS
