# ORGANIZATION OF THE DEPARTMENT.

---

THE direction and management of the Post Office Department are assigned by the Constitution and laws to the Postmaster General. That its business may be the more conveniently arranged and prepared for its final action, it is distributed among several bureaus, as follows : The Appointment Office, in charge of the First Assistant Postmaster General ; the Contract Office, including the Inspection Division, in charge of the Second Assistant Postmaster General ; the Finance Office, in charge of the Third Assistant Postmaster General ; and the Money Order Office, in charge of its Superintendent.

**APPOINTMENT OFFICE.**—The First Assistant Postmaster General : To this office are assigned all questions which relate to the establishment and discontinuance of post offices, changes of sites and names, appointment and removal of postmasters, route and local agents, also the giving of instructions to postmasters. Postmasters are furnished with marking and rating stamps and letter balances by this bureau, which is also charged with providing blanks and stationery for the use of the department, and with the superintendence of the several agencies established for supplying postmasters with blanks. To this bureau is likewise assigned the supervision of the ocean mail steamship lines, and of the foreign postal arrangements.

**CONTRACT OFFICE.**—The Second Assistant Postmaster General : To this office is assigned the business of arranging the mail service of the United States, and placing the same under contract, embracing all correspondence and proceedings respecting the frequency of trips, mode of conveyance, and times of departures and arrivals on all the routes ; the course of the mail between the different sections of the country, the points of mail distribution, and the regulations for the government of the domestic mail service of the United States. It prepares the advertisements for mail proposals, receives the bids, and takes charge of the annual and occasional mail lettings, and the adjustment and execution of the contracts. All applications for the establishment or alteration of mail arrangements, and for mail messengers, should be sent to this office. All claims should be submitted to it for transportation service not under contract. From this office all postmasters at the ends of routes receive the statement of mail arrangements prescribed for the respective routes, and to it application should be made for mail bags, locks, and keys. It reports weekly to the Auditor all contracts executed, and all orders affecting accounts for mail transportation ; prepares the statistical exhibits of the mail service, and the reports of the mail lettings, giving a statement of each bid ; also of the contracts made, the new service originated, the curtailments ordered, and the additional allowances granted within the year.

[**INSPECTION DIVISION.**]—This division, formerly a distinct office, is now merged in and made part of the Contract Office. To this division is assigned the duty of receiving and examining the registers of the arrivals and departures of the mails, certificates of the service of route agents, and reports of mail failures ; noting the delinquencies of contractors, and preparing cases thereon for the action of the Postmaster General ; furnishing blanks for mail registers, reports of mail failures, and other duties which may be necessary to secure a faithful and exact performance of all mail contracts.

All cases of mail depredation, or violation of law by private expresses, or by the forging or illegal use of postage stamps, are under the supervision of this office, and should be reported to it.

All communications respecting lost money, letters, mail depredations, or other violations of law, should be directed "Contract Office, Inspection Division, Post Office Department."

All registers of the arrivals and departures of the mails, certificates of the service of route agents, and clerks in railway post offices, reports of mail failures, applications for blank registers, and reports of failures, and all complaints against contractors for irregular or imperfect service, should be directed "Contract Office, Inspection Division, Post Office Department."

**FINANCE OFFICE.**—The Third Assistant Postmaster General : To this office is assigned the issuing of warrants and drafts in payment of balances reported by the Auditor to be due to mail contractors and other persons, and the superintendence of the rendition by postmasters of their quarterly returns of postages. It has charge of the **DEAD-LETTER OFFICE** and of the issuing of postage stamps and stamped envelopes for the prepayment of postage.

To the Third Assistant Postmaster General all postmasters should direct their quarterly returns of postage ; those at draft offices their letters reporting quarterly the net proceeds of their offices, and those at depositing offices their certificates of deposit ; to him should also be directed the weekly and monthly returns of the depositaries of the department, as well as all applications and receipts for postage stamps and stamped envelopes, and for dead letters.

**MONEY ORDER OFFICE**—To this office is assigned the general supervision and control of the postal money order system throughout the United States.

The navigable canals of the several States for the time during which the mail may be carried thereon. 4. All railroads and plank roads in the United States. 5. Those roads on which the Postmaster General causes the mail to be carried from the nearest post offices on legally declared post roads, to court-houses not otherwise provided with the mail. 6. The above abbreviations are for the convenience of the Department ; but, with the view of securing both certainty and celerity in transmission, it is recommended to the public, in addressing letters and parcels, to write *in full* the name of the County and State (or Territory).

---

## EXPLANATIONS.

---

OFFICES printed in small CAPITAL LETTERS, designate the Capitals of the States and Territories.

Those printed in *italics*, with a small *c. h.* in brackets, indicate the county seats.

The large C. H. attached forms a part of the name of the office, and also indicates the county seat.

The offices which have not the name of a postmaster affixed remained *suspended* at October 1st 1865.

 In order to make available the *stereotype plates* of the last edition of the Post Office Directory, the names of *discontinued* offices have been erased from the plates, and do not appear in the present edition.

# APPENDIX.

## DOMESTIC AND FOREIGN POSTAGE.

### DOMESTIC POSTAGES.

THE law requires postage on all letters (including those to foreign countries when prepaid), excepting those written to the President or Vice-President, or members of Congress, or, (on official business) to the chiefs of the executive departments of the Government, and the heads of bureaus and chief clerks, and others invested with the franking privilege, to be prepaid by stamps or stamped envelopes, prepayment in money being prohibited.

All *drop letters* must be prepaid. The rate of postage on drop letters, at offices where free delivery by carrier is established, is two cents per half ounce, or fraction of a half ounce; at offices where such free delivery is *not* established, the rate is one cent.

The single rate of postage on all domestic mail letters throughout the United States is *three cents* per half ounce, with an additional rate of three cents for each additional half ounce, or fraction of a half ounce. The ten cent (Pacific) rate is abolished.

#### RATES OF LETTER POSTAGE BETWEEN OFFICES IN THE UNITED STATES, AND TO AND FROM CANADA AND OTHER BRITISH NORTH AMERICAN PROVINCES.

To and from Canada and New Brunswick, 10c. per half ounce, irrespective of distance,

To and from other British North American Provinces for a distance not over 3,000 miles . . . . . 10 cents.

For any distance over 3,000 miles . . . . . 15 "

For every additional half ounce, or fraction of a half ounce, an additional rate is charged. Prepayment is optional on all letters for the British North American Provinces except Newfoundland, to which prepayment is compulsory.

Letter postage is to be charged on all handbills, circulars, or other printed matter which shall contain any manuscript writing whatever.

Daguerreotypes, when sent in the mail, are to be charged with letter postage by weight.

Photographs on cards, paper, and other flexible material, (not in cases), can be sent at the same rate as miscellaneous printed matter, viz., two cents for each four ounces or fraction thereof.

Photographic Albums are chargeable with book postage—four cents for each four ounces, or fraction thereof.

#### Newspaper Postage.

Postage on *Daily Papers* to subscribers, when prepaid quarterly or yearly in advance, either at the mailing office or office of delivery, per quarter (three months) 35 cts.

Six times per week,	“	“	30
For Tri-Weekly,	“	“	15
For Semi-Weekly,	“	“	10
For Weekly,	“	“	5

WEEKLY NEWSPAPERS (one copy only) sent by the publisher to actual subscribers within the county where printed and published, *free*.

POSTAGE PER QUARTER (to be paid quarterly or yearly in advance) on NEWSPAPERS and PERIODICALS *issued less frequently than once a week*, sent to actual subscribers in any part of the United States:

Semi-Monthly, not over 4 oz. . . . .	6 cts.
“ over 4 oz. and not over 8 oz. . . . .	12 “
“ over 8 oz. and not over 12 oz. . . . .	18 “
Monthly, not over 4 oz. . . . .	8 “
“ over 4 oz. and not over 8 oz. . . . .	6 “
“ over 8 oz. and not over 12 oz. . . . .	9 “
Quarterly, not over 4 oz. . . . .	1 “
“ over 4 oz. and not over 8 oz. . . . .	2 “
“ over 8 oz. and not over 12 oz. . . . .	3 “

Quarterly postage cannot be paid for less than *three months*.

If a subscription begins at any other time than the commencement of an *official* quarter, the postage received by the postmaster must still be entered in his account for that quarter. Subscribers for short terms—exceeding three months, say four or five months—can pay quarterly postage for the actual term of their subscriptions—that is for *one quarter* and a third, *one quarter* and two-thirds, etc. The law only requires that *at least* one quarter's postage shall be prepaid, and not more than one year's postage. Any term between one quarter and one year can therefore be prepaid at proportionate rates.

PUBLISHERS OF NEWSPAPERS AND PERIODICALS may send to each other from their respective offices of publication, free of postage, one copy of each publication, and may also send to each actual subscriber, inclosed in their publications, bills and receipts for the same, free of postage. They may also state on their respective publications, the date when the subscription expires, to be written or printed.

Religious, Educational and Agricultural Newspapers of small size, issued less frequently than once a week, may be sent in packages to one address at the rate of one cent for each package not exceeding four ounces in weight, and an additional charge of one cent is made for each additional four ounces or fraction thereof, the postage to be paid quarterly or yearly in advance.

NEWSDEALERS may send newspapers and periodicals to regular subscribers at the quarterly rates, in the same manner as publishers, and may also receive them from publishers at subscribers' rates. In both cases the postage to be prepaid, either at the mailing or delivery office.

Publications issued without disclosing the office of publication, or containing a fictitious statement thereof, must not be forwarded by postmasters unless prepaid at the mailing office at the rates of transient printed matter.

### Postage on Transient Printed Matter.

[All printed matter (except single copies of newspapers, magazines and periodicals to regular subscribers) sent via Overland Mail, is to be charged at letter postage rates.]

Books, not over 4 oz. in weight, to one address, 4 cents; over 4 oz. and not over 8 oz., 8 cents; over 8 oz. and not over 12 oz., 12 cents; over 12 oz. and not over 16 oz., 16 cents.

CIRCULARS, not exceeding three in number, to one address, 2 cents; over three and not over six, 4 cents; over six and not over nine, 6 cents; over nine and not exceeding twelve, 8 cents.

ON MISCELLANEOUS MAILABLE MATTER (embracing all pamphlets, occasional publications, transient newspapers, handbills and posters, book manuscripts and proof-sheets, whether corrected or not, maps, prints, engravings, sheet music, blanks, flexible patterns, samples and sample cards, phonographic paper, letter envelopes, postal envelopes or wrappers, cards, paper, plain or ornamental, photographic representations of different types, seeds, cuttings, bulbs, roots, and scions), the postage to be prepaid by stamps, is, on one package to one address, not over 4 oz. in weight, 2 cents; over 4 oz. and not over 8 oz., 4 cents; over 8 oz. and not over 12 oz., 6 cents; over 12 oz. and not over 16 oz., 8 cts.

By a recent order of the Postmaster-General, the fifth subdivision of the 42d instruction of the new Post Office Law, has been amended by striking out the word twelve and inserting thirty-two before the word ounces, so that it shall read as follows: "The weight of packages of seeds, cuttings, roots and scions, to be franked, is limited to thirty-two ounces."

All mail matter not sent at letter rates of postage, embracing books, book manuscripts, proof-sheets and other printed matter, and all other mail matter, except seeds, must be so wrapped or enveloped with open sides or ends as to enable the postmaster to examine the package without destroying the wrapper, otherwise such packages must be rated with letter postage. No communication, whether in writing or in print, can be sent with any seeds, roots, cuttings or scions, maps, engravings, or other matter not printed, except upon the separate payment of postage upon each separate matter at the established rates.

Exchange newspapers and periodicals cannot be remailed without being chargeable with postage.

Where packages of newspapers or periodicals are received at any post office directed to one address, and the names of the club of subscribers to which they belong, with the postage for a quarter in advance, shall be handed to the postmaster, he shall deliver the same to their respective owners. But this does not apply to weekly newspapers which circulate free in the county where printed and published.

Weekly newspapers and all other printed matter to the British North American Provinces, although sent from countries

bordering on the line, are chargeable with the same rates as when sent to any point in the United States.

All transient matter must be prepaid by stamps. But if it comes to the office of delivery without prepayment, or short-paid, the unpaid postage must be collected on delivery at double the prepaid rate. Great neglect exists in the strict quarterly prepayment of postage on printed matter sent to regular subscribers. *No such paper should be delivered, unless it is either prepaid at the mailing office, or at the delivery office for at least a quarter. If not so prepaid, postmasters must collect postage on each copy as on transient matter. If they fail, they will be charged with the full postage due, and in clear cases removed from office for neglect.*

To inclose or conceal a letter or other thing (except bills and receipts for subscription) in, or to write or print anything, after its publication, upon any newspaper, pamphlet, magazine, or other printed matter, is illegal, and subjects such printed matter, and the entire package of which it is a part, to letter postage.

Any word or communication, whether by printing, writing, marks or signs, upon the cover or wrapper of a newspaper, pamphlet, magazine, or other printed matter, other than the name and address of the person to whom it is to be sent, and the date when subscription expires, subjects the package to letter postage.

### Miscellaneous Information.

#### DEAD LETTERS.

By the instructions under the postal laws, UNMAILABLE LETTERS are specified to be--

Letters attempted to be sent with stamps previously used, or stamps cut from stamped envelopes.

Unpaid letters for foreign countries, on which prepayment is required by the regulations.

Letters not addressed, or so badly addressed that their destination cannot be known.

Letters misdirected to places where there are no post offices.

Civilian's letters, (domestic), wholly unpaid (including unpaid drop letters).

Only such letters as are herein described are, when deposited in any post office, to be forwarded to the Dead Letter Office; all others must be dispatched to their destination, charged with the amount of unpaid postage.

When unmailable letters are sent to the Dead Letter Office, the specific reason therefor must be endorsed upon the envelope of each.

These instructions will be strictly followed at all post offices.

For more full instructions relating to dead letters, advertising letters, etc., examine carefully the 7th and 8th Sections of the Act of 3d March, 1863, and the instructions attached thereto; also, Section 1, Act of March 3d, 1865.

RATES OF POSTAGE ON PRINTED MATTER FOR FOREIGN COUNTRIES.

1. TO OR FROM GREAT BRITAIN AND IRELAND, IN UNITED STATES AND BRITISH MAILS.—Newspapers, two cents each, without regard to weight; pamphlets and periodicals, two cents each if not weighing over two ounces, and four cents an ounce or fraction of an ounce if exceeding two ounces, which is the United States postage only; but pamphlets weighing over eight ounces, or periodicals weighing over sixteen ounces, are chargeable with letter postage. Books, and all other descriptions of printed matter, are subject to letter rate of postage. Neither pamphlets nor periodicals are entitled to conveyance in the British mail, through England, to countries on the Continent of Europe.

2. TO OR FROM FRANCE, ALGERIA, OR IN FRENCH MAIL, OR VIA ENGLAND.—Newspapers, periodical works, books stitched or bound, pamphlets, catalogues, papers of music, prospectuses, circulars, and all other kinds of printed matter addressed to France, Algeria, or cities of Turkey, Syria, and Egypt, in which France has post-offices (viz.: Alexandria, Alexandretta, Beyrout, Constantinople, Dardanelles, Galatz, Gallipoli, Ibrahia, Ineholi, Jaffa, Kerassund, Latakia, Messina in Asiatic Turkey, Mitylene, Rhodes, Salonica, Samsoun, Sinoep, Smyrna, Sulino, Trebizond, Tripoli, in Syria, Tultcha, Varna, and Volo), can be dispatched to France direct, or by way of England, on prepayment of the United States postage, viz.: newspapers, two cents each; periodical works, catalogues, or pamphlets, two cents per 4 ounces or fraction thereof; and all other kinds of printed matter the same as domestic rates; to be in all cases collected in the United States, whether sent or received. France in like manner collects its own postage on all kinds of printed matter, whether sent or received.

3. TO OR FROM THE GERMAN-AUSTRIAN POSTAL UNION, IN THE PRUSSIAN CLOSED MAIL.—Newspapers sent in the Prussian closed mail are chargeable with a postage of six cents each, *prepayment compulsory*, being in full to destination to any part of the German-Austrian Postal Union. Newspapers received come *fully prepaid* at same rate of postage, and are to be delivered without charge. No provision is made for the transmission of other articles of printed matter in the Prussian closed mail at less than letter rate of postage.

4. TO OR FROM GERMANY, VIA BREMEN OR HAMBURG MAIL.—Newspapers sent from the United States by the Bremen or Hamburg line, three cents each; *prepayment required*. This pays to any part of the German-Austrian Postal Union.

Newspapers received by the Bremen or Hamburg line are in like manner prepaid in Germany. On pamphlets, magazines, and other printed matter, one cent an ounce, or fraction of an ounce, must be prepaid at the mailing office when sent from, and collected at the office of delivery when received in the United States. This is the United States postage only.

5. TO BELGIUM, IN THE UNITED STATES AND BELGIUM CLOSED MAIL.—Newspapers, gazettes, and periodical works :

Five cents for each package the weight of which shall not exceed three ounces, and an additional rate of five cents for each additional weight of three ounces or fraction of three ounces. *Prepayment required.*

Books, stitched or bound, pamphlets, papers of music, catalogues, prospectuses, advertisements, and notices of various kinds, printed, engraved, lithographed, or autographed.

Five cents for each package of the weight of one ounce or fraction of an ounce, and so on, in the same proportion, for packages of greater weight. *Prepayment required.*

The above rates are in full of the postage to destination. In like manner similar printed matter received from Belgium, comes fully paid, and is to be delivered without charge.

6. TO THE WEST INDIA ISLANDS (NOT BRITISH), EXCEPT CUBA, CENTRAL AMERICA (EXCEPT ASPINWALL AND PANAMA), AND COUNTRIES ON THE SOUTH PACIFIC COAST, IN THE UNITED STATES AND BRITISH MAILS.—Newspapers sent, six cents each ; prepayment required. On papers received, the rate to be collected is two cents only, the British postage being prepaid.

#### TO THE BRITISH NORTH AMERICAN PROVINCES.

Canada, New Brunswick, Cape Breton, Prince Edward's Island, Nova Scotia, and Newfoundland.	}	<p>* 10 cents when not over 3,000 miles from the line of crossing.          * 15 cents when distance exceeds 3,000 miles. Prepayment optional. Newfoundland, prepayment required.</p>
--	---	---

Newspapers and periodicals published in the United States and sent to regular subscribers in the British North American Provinces, or published in those Provinces and sent to regular subscribers in the United States, are chargeable with the regular prepaid quarterly rates of United States postage to and from the line ; which postage must be collected at the office of mailing in the United States on matter sent, and at the office of delivery in the United States on matter received. In like manner, such matter, if transient, is chargeable with the regular domestic transient printed matter rates to and from the line, to be collected at the office of mailing or delivery in the United States, as the case may be. Editors, however, may exchange free of expense.

Letters received from Canada, to which are affixed uncanceled United States postage stamps of sufficient value to prepay the full postage chargeable thereon, should be delivered without charge by the United States offices.

#### REGISTRATION OF LETTERS.

Valuable letters, addressed to Germany or any part of the German-Austrian Postal Union, by the Bremen line *via* New York, or by the Prussian closed mail *via* New York and Boston, as also letters addressed to Great Britain and Canada, will be registered on the application of the person posting the same, in the same manner and on the same terms as those deliverable in the United States, provided that the full postage chargeable thereon to destination, together with a registration fee of five cents on each letter, is prepaid at the mailing office. Such letters should be mailed and forwarded to the respective United States exchange offices in the same manner as domestic registered letters are mailed to those offices.

#### RULE OF RATING LETTERS, ETC.

All letters to and from foreign countries (the German States, etc., when sent *via* Bremen or Hamburg, France, and the British North American Provinces excepted) are to be charged with single rate of postage, if not exceeding the weight of half an ounce ; double rate, if exceeding half an ounce, but not exceeding an ounce ; quadruple rate, if exceeding an ounce, but not exceeding two ounces ; and so on, charging two rates for every ounce or fractional part of an ounce over the first ounce. As this rule differs from that followed in respect to domestic letters, great care is requisite to prevent mistakes. Letters in the mail to France are to be charged with single rate of postage, if not exceeding the weight of one quarter ounce ; double rate if exceeding a quarter, but not exceeding half an ounce ; and so on, an additional rate being charged for each quarter ounce or fractional part of a quarter ounce. Letters addressed to the German States, etc., when sent *via* Bremen or Hamburg, and the British North American Provinces, are rated in the same manner as domestic letters, one rate being charged for each half ounce or fractional part of half an ounce. Postmasters should be careful, where the postage is prepaid, to collect the proper amount. They should be particular to notice the route indicated on the envelopes of letters, and to collect postage accordingly. Letters mailed at some offices, marked "*via England*," or "*via Prussian closed mail*," for a German State, are frequently taken upon the prepayment of Bremen rates, and those marked "*via Bremen*" at Prussian closed rates, etc.

#### RULE OF RATING LETTERS GOING VIA FRANCE

In the case of letters to be forwarded in the British mail for transmission from England *via* "Marseilles," the French postage is six cents the quarter ounce, except on letters for Java, China, Labuan, Borneo, Japan, the Moluccas, and Philippine Islands, which are rated at eight cents per half ounce, and except, also, on letters for Syria and Tunis, by French packet, when the single French rate is twelve cents. The French rate on all such letters must therefore be doubled for each quarter of an ounce in weight.

The rates by "French mail" are in full to destination, except to the following places, viz. : Aden, Batavia, Ceylon, China, cities of Turkey in Europe, except as in herein mentioned, *via* Austria, countries to which correspondence can be sent *via* Suez, countries beyond the seas *via* France other than those enumerated, East Indies, Gibraltar, Hong Kong, Java, Mauritius, Montenegro, Penang, Portugal, Isle of Re-Union, Servia (except Belgrade), Shanghai, Singapore, and Spain. The limit of prepayment to Spain, Portugal, and Gibraltar is Behobia ; to Servia (except Belgrade), Montenegro, and cities of Turkey in Europe, except as herein mentioned, "*via* Austria ;" the frontier of Turkey and Austria ; to Aden, East Indies, Ceylon, China, and other countries *via* Suez, the seaports of the Indies or of the sea of China to which the English packets ply ; and to places beyond seas other than those designated, the limit is the port of arrival in the country of destination.

#### RATES ON PAMPHLETS, MAGAZINES, ETC.

On pamphlets and magazines, to or from the west coast of South America, the United States postage is four cents ; and to or from all other foreign countries (except Great Britain, Belgium, and the German States, *via* Bremen or Hamburg mail), two cents per four ounces, or portions thereof, to be collected, in all cases, in the United States.

Newspapers and periodicals to foreign countries (particularly to the continent of Europe), must be sent in narrow bands open at the sides or ends ; otherwise they are chargeable with letter postage.

\* Letters by this route go to the West Indies, *via* Steamers.

† Twenty cents to Great Britain or Ireland.

# AN ACT TO AMEND THE LAWS

RELATING TO

# THE POST OFFICE DEPARTMENT.

APPROVED, MARCH 3, 1863.

## AN ACT TO AMEND THE LAWS RELATING TO THE POST OFFICE DEPARTMENT.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,* That the Postmaster General shall have power to appoint and commission all postmasters whose salary or compensation for the preceding fiscal year shall, at the time of such appointment, have been ascertained to be less than one thousand dollars per year; and in all other cases the President shall appoint. The person appointed postmaster shall reside within the delivery of the office to which he shall be appointed.

SEC. 2. *And be it further enacted,* That the Postmaster General, all postmasters, and special agents, and all persons employed in the General Post Office, or in the care, custody, or conveyance of the mail, hereafter appointed or employed, shall, previous to entering upon the duties assigned to them, or the execution of their trusts, and before they shall be entitled to receive any emoluments therefor, in addition to the oath of office prescribed by the act of July two, eighteen hundred and sixty-two, respectively take and subscribe the following oath or affirmation before some magistrate, and cause a certificate thereof to be filed in the General Post Office: "I, A. B., do swear (or affirm, as the case may be) that I will faithfully perform all the duties required of me, and abstain from everything forbidden by the laws in relation to the establishment of the post office and post roads within the United States; and that I will honestly and truly account for and pay over any moneys belonging to the said United States which may come into my possession or control; so help me God." Every person who shall be in any manner employed in the care, custody, conveyance, or management of the mail shall be subject to all pains, penalties, and forfeitures for violating the injunctions or neglecting the duties required of him by the laws relating to the establishment of the post office and post roads, whether such persons shall have taken the oath or affirmation above prescribed or not.

SEC. 3. *And be it further enacted,* That no mail matter shall be delivered by the postmaster until the postage due thereon shall have been paid; and no box at any post office shall be assigned to the use of any person until the rent therefor has been paid for at least one quarter, for which the postmaster shall give a receipt, and keep a record thereof in his office, which record shall be delivered to his successor.

SEC. 4. *And be it further enacted,* That every postmaster shall keep a record in his office of all postage stamps and envelopes, and of all postal books, blanks, or property received from his predecessor in office, or from the Post Office Department, or from any of its agents, and also of all payments in money for postages, and all payments for box-rents, and of all other receipts on account of any part of the postal service, and of any other transactions which shall be required by the Postmaster General; and these records shall be preserved and delivered over to his successor in office, and shall be at all times subject to examination of any special agent of the department.

SEC. 5. *And be it further enacted,* That whenever, by

reason of the presence of a military or naval force near any post office, unusual business accrues thereat, the Postmaster General is hereby required to make a special order allowing proportionately reasonable compensation to the postmaster, and for clerical service, during the period of such extraordinary business.

SEC. 6. *And be it further enacted,* That it shall be the duty of postmasters to render a quarter-yearly account to the Postmaster General, under oath, in such form as the latter shall prescribe, of all emoluments or sums by them respectively received for boxes or pigeon holes, or other receptacles for letters or papers, and by them charged for to individuals; or for the delivery of letters or papers at or from any place whatever; and of all emoluments, receipts and profits that have come to their hands by reason of keeping branch post offices; and no postmaster shall hereafter, under any pretence whatever, have or receive or retain for himself, in the aggregate, more than the amount of his salary. And the Postmaster General is further authorized to require, by a form to be prepared by him, a sworn statement to accompany or following the quarterly account of any or all postmasters to the effect that such postmaster has in such account truly stated the entire amount of postages, box-rents, and all other charges and emoluments collected or received by him at his office during such quarter; and that he has not knowingly delivered, or permitted to be delivered, to any person any mail matter on which the postage had not been paid at the time of delivery; and that such quarterly accounts exhibits truly and faithfully the entire receipts of his office which have been collected thereat, and the entire sum which could have been by due diligence collected thereat, as he verily believes, and that the credits he claims are just and true as he verily believes; and any false swearing therein shall render him liable to the pains and penalties of perjury.

SEC. 7. *And be it further enacted,* That the Postmaster General is hereby authorized to regulate the periods during which undelivered letters shall remain in any post office, and the times such letters shall be returned to the Dead Letter Office, and to make regulations for their return to the writers from the Dead Letter Office, when he is satisfied they cannot be delivered to the parties addressed. He is authorized also to order the publication of the list of non-delivered letters at any post office, in his discretion, by writing, posted in a public place or places, or in any daily or weekly newspaper published within the post office delivery having the largest circulation within such delivery; and where no daily paper is published within the post office delivery, such list may be published in any daily newspaper of an adjoining delivery having the largest circulation within the delivery of the post office publishing [the] list; but in no case shall compensation for such publication be allowed at a rate exceeding one cent for each letter so advertised; and no such publication shall be required except where the Postmaster General shall decide that the public interest requires it: *Provided,* That letters addressed to parties foreign born may be published in a journal of the language most used by the parties addressed, if such be published in the same, or an adjoining delivery.

SEC. 8. *And be it further enacted*, That dead letters containing valuable enclosures shall be registered in the department; and when it appears that they can neither be delivered to their address nor to the writers, the contents thereof, so far as available, shall be included with the receipts of the Post Office Department; and the amount thereof shall be shown in the annual report, and shall be subject to reclamation by either the party addressed or by the sender for four years from registry thereof, careful account being kept of the same. All other letters deemed of value or of importance to the party addressed, or to the writer, and which it appears cannot be returned to either destination, shall be disposed of as the Postmaster General shall direct.

SEC. 9. *And be it further enacted*, That the Postmaster General may provide by regulation for the disposition, for the benefit of the department, of printed matter which remains in any post office, or in the department, not called for by the party addressed; but the postmaster shall notify the publisher of any newspaper or periodical of the fact when any subscriber shall refuse to take the same from the office, or shall neglect to call for the same for the period of one month, which notice may be sent free under regulation to be provided by the Postmaster General.

SEC. 10. *And be it further enacted*, That the action of the Post Office Department respecting foreign dead letters shall be subject to conventional stipulations with the respective foreign administrations.

SEC. 11. *And be it further enacted*, That letter-carriers shall be employed, at such post offices as the Postmaster General shall direct, for the delivery of letters in the places respectively where such post offices are established; and for their services they shall severally receive a salary, to be prescribed by the Postmaster General, not exceeding eight hundred dollars per year: *Provided*, That, on satisfactory evidence of their diligence, fidelity, and experience as carriers, the Postmaster General may increase their respective salaries from time to time to any sum not exceeding one thousand dollars, at offices where the income from postages on the local letters shall yield a sum more than sufficient to pay all expenses of the carrier system at such offices; each of the said carriers shall give bond, with sureties, to be approved by the Postmaster General, for the safe custody and delivery of all letters, packets, and moneys received by him.

SEC. 12. *And be it further enacted*, That whenever the Postmaster General shall have perfected the carrier system in any postal district so as in his judgment to justify him therein, he is authorized to make delivery, within any prescribed postal district, of mail matter by letter-carriers, as frequently as the public convenience in such district shall require, and shall make all proper regulations for that purpose.

SEC. 13. *And be it further enacted*, That the Postmaster General is authorized, when, in his judgment, the public interest or convenience may require it, to establish one or more branch post offices, and also pillar boxes, or other receiving boxes, for the safe deposit of matter for the mails and for delivery; and in case of such establishment of a branch office, the person in charge thereof shall be appointed, and his salary fixed, as in the case of a letter carrier, and the like bond required: *Provided*, That the post officer in charge of the branch office may also be a depository for the sale of stamps, to be delivered to him for that purpose by the postmaster of that postal district in sums not at any time to exceed one-half of the penalty of his bond.

SEC. 14. *And be it further enacted*, That all expenses for the letter-carriers, branch offices and receiving-boxes, or incident thereto, shall be entered and reported in a separate account from the ordinary postal expenses of such post office, and shall be shown in comparison with the proceeds of the postages on local mail matter at each

office, in order that the Postmaster General may be guided in the expenditures for that branch of the postal service by income derived therefrom; and all such expenses shall be paid out of the income of the post office at the district in which they are incurred.

SEC. 15. *And be it further enacted*, That the postmaster of any office where letter-carriers are employed may contract with the publishers of any newspapers or periodicals, and with the publishers of any circulars, for the delivery by postal carriers, within his postal district, of any such publications not coming through the mails, at rates and upon terms to be agreed upon, such arrangement and terms being equally open to all like publishers; but such contract shall have no force or effect until approved by the Postmaster General. The Postmaster General may also provide by regulation for the delivery by such carriers of small packets other than letters or papers, and not exceeding the maximum weight of mailable packages; but such packages must be prepaid by postage stamps at the rate of two cents for each four ounces or fraction thereof.

SEC. 16. *And be it further enacted*, That no postmaster shall receive, to be conveyed by the mail, any packet or package which shall weigh more than four pounds, except books published or circulated by order of Congress.

SEC. 17. *And be it further enacted*, That upon the following mailable matter the postage must be prepaid, at the time of mailing, by stamps, unless otherwise expressly provided in this act:

First. Upon all domestic letters, whether passing through the mails, or collected or delivered by postal agents or carriers.

Second. On all transient printed matter.

Third. On all seeds, cuttings, bulbs, roots and scions; all pamphlets, books, book manuscripts, and proof-sheets, maps, prints, engravings, blanks, flexible patterns, samples and sample cards, phonographic paper, letter envelopes, postal envelopes, paper, and photographic representations of different types.

Fourth. Upon all other things in the mail not otherwise herein provided for.

SEC. 18. *And be it further enacted*, That upon the following mailable matter the postage shall be paid before delivery for not less than one quarter nor more than one year; and such payment for a term may be made either at the mailing office or at the office of delivery. If the term commences at any other time than at the beginning of a quarter, such payment must be made to cover such fractional quarter, and also for the next following quarter; otherwise the postage shall be collected thereon as on transient matter.

Upon regular weekly, tri-weekly, semi-weekly, and daily publications, and all other regular publications, issued from a known office of publication at stated periods and sent to regular subscribers.

SEC. 19. *And be it further enacted*, That mailable matter shall be divided into three classes, namely: first, letters; second, regular printed matter; third, miscellaneous matter.

SEC. 20. *And be it further enacted*, That the first class embraces all correspondence, wholly or partly in writing, except that mentioned in the third class. The second class embraces all mailable matter exclusively in print, and regularly issued at stated periods, without addition by writing, mark, or sign. The third class embraces all other matter which is or may hereafter be by law declared mailable; embracing all pamphlets, occasional publications, books, book manuscripts, and proof-sheets, whether corrected or not, maps, prints, engravings, blanks, flexible patterns, samples and sample cards, phonographic paper, letter envelopes, postal envelopes or wrappers, cards, paper, plain or ornamental, photographic representations of different types, seeds, cuttings, bulbs, roots, and scions.

SEC. 21. *And be it further enacted*, That the maximum

standard weight for the single rate of letter postage is one half ounce avoirdupois.

SEC. 22. *And be it further enacted*, That the rate of postage on all domestic letters transmitted in the mails of the United States, and not exceeding one-half ounce in weight, shall be uniform at three cents; and for each half ounce, or fraction thereof, of additional weight, there shall be charged an additional rate of three cents, to be in all cases prepaid by postage stamps plainly affixed to such letter.

SEC. 23. *And be it further enacted*, That the rate of postage on all letters not transmitted through the mails of the United States, but delivered through the post office or its carriers, commonly described as local or drop letters, and not exceeding one-half ounce in weight, shall be uniform at two cents, and an additional rate for each half ounce, or fraction thereof, of additional weight, to be in all cases prepaid by postage stamps affixed to the envelope of such letter: but no extra postage or carrier's fee shall hereafter be charged or collected upon letters delivered by carriers, nor upon letters collected by them for mailing or for delivery.

SEC. 24. *And be it further enacted*, That the domestic letter rate of postage is established for all mailable matter which is wholly or partly in writing, or is so marked as to convey any other or further intelligence or information than is conveyed by the original print in case of printed matter, or which is sent in violation of law or regulations of the department touching the enclosure of matter which may be sent at less than letter rates, and for all matter introduced into the mails for which no different rate is provided by law: *Provided*, That book manuscripts and corrected proofs passing between authors and publishers may pass at the rate of printed matter: *And provided, further*, That publishers of newspapers and periodicals may print or write upon their publications sent to regular subscribers the address of subscribers and the date when the subscription expires, and may enclose therewith receipts for payment and bills for subscription thereto.

SEC. 25. *And be it further enacted*, That on all matter not enumerated as mailable matter, and to which no specific rates of postage are assigned, and which shall nevertheless be mailed, the rate, if the same shall be forwarded, is established at the rate of letter postage.

SEC. 26. *And be it further enacted*, That if any matter on which by law the postage is required to be prepaid at the mailing office shall reach its destination without such prepayment, double the prepaid rates shall be charged and collected on delivery.

SEC. 27. *And be it further enacted*, That the Postmaster General is authorized to provide, by uniform regulation, for transmitting unpaid and duly certified letters of soldiers, sailors and marines in the service of the United States to destination; and all other letters which from accident or neglect appear to have been deposited for mailing without prepayment of postage, where, in the latter class, the writer is not known, or cannot be promptly advised of his default; but in all cases of letters not prepaid, except certified soldiers' and naval letters, the same shall be charged with double rates of postage, to be collected on delivery.

SEC. 28. *And be it further enacted*, That when any writer of a letter on which the postage is prepaid shall indorse in writing or in print upon the outside thereof his name and address, with a request that the same be returned to him if not called for or delivered within any number of days (not to exceed thirty days), any such letter shall not be advertised nor treated as a dead letter at the office addressed, but shall be returned as requested, charged with the proper postage at the prepaid rate, to be collected on the return delivery; and if not then delivered, shall be treated as a dead letter.

SEC. 29. *And be it further enacted*, That the postage on returned dead letters, not registered as valuable, shall

be three cents for the single rate; on returned dead letters, registered as valuable, double rates shall be charged.

SEC. 30. *And be it further enacted*, That all letters directed to any person not found at the office addressed may be forwarded to any other office where he may be found, with additional charge of postage therefor.

SEC. 31. *And be it further enacted*, That the Postmaster General shall have authority to pay, or cause to be paid, a sum not exceeding two cents each for all letters conveyed in any vessel or steamer, not employed in carrying the mail, from one port or place to any other port or place in the United States, or from any foreign port to any port within the United States, subject to such regulations as the Postmaster General may prescribe. But all such letters shall be deposited in the post office at the port of arrival for mailing or delivery; and if for delivery within the United States, shall be rated with double rates of postage, which shall cover the fee paid to the vessel. No fees shall be allowed for letters collected by a carrier on a mail route.

SEC. 32. *And be it further enacted*, That, for the greater security of valuable letters posted for transmission in the mails of the United States, the Postmaster General is authorized to establish a uniform plan for the registration of such letters on application of parties posting the same, and to require the payment of the postage, as well as a registration fee not exceeding twenty cents, on every such letter or packet, to be accounted for by postmasters receiving the same in such manner as the Postmaster General shall direct: *Provided, however*, That such registration shall not be compulsory, and it shall not render the Post Office Department or its revenue liable for the loss of such letters or packets, or the contents thereof; and provision shall be made by regulation for a return receipt to the writer, showing to whom and when such registered letter was delivered, which receipt shall be received in the courts as *prima facie* evidence of such delivery.

SEC. 33. *And be it further enacted*, That the maximum standard weight for the single rate of postage on matter classed as printed matter, and also on that classed as miscellaneous matter, is four ounces avoirdupois, subject to the exception in the next following section provided.

SEC. 34. *And be it further enacted*, That the rate of postage on transient mailable matter of the second class, and also on all miscellaneous mailable matter of the third class (except circulars and books), shall be two cents for each four ounces, or fraction thereof, contained in any one package to one address; and such postage shall in all cases be fully prepaid by stamps, plainly affixed to the wrapper thereof. Double these rates shall be charged for books. Unsealed circulars, not exceeding three in number, shall pass at the single rate of two cents, and in that proportion for a greater number, adding one rate for three circulars, or less number thereof, directed to one address. No extra postage shall be charged for a card printed or impressed upon an envelope or wrapper. These rates must in all cases be prepaid by stamps.

SEC. 35. *And be it further enacted*, That the rate of postage upon mailable matter of the second class, issued once a week or more frequently from a known office of publication, and sent to regular subscribers, shall be as follows: Upon newspapers and other periodical publications, each not exceeding the standard weight of four ounces, and passing through the mails or post offices of the United States between any points therein, the rate for each quarter of the year shall be: for publications issued once a week, five cents; issued twice a week, ten cents; issued three times a week, fifteen cents; issued six times a week, thirty cents; issued seven times a week, thirty-five cents; and in that proportion, adding one rate for each issue more frequent than once a week. For weight exceeding four ounces, and not exceeding eight ounces, an additional rate shall be charged; and on the same scale, an additional rate for each additional weight of four ounces or fraction thereof; and such postage must

be prepaid for a term not less than one quarter, nor more than one year, at either the office of mailing or of delivery, at the option of the subscriber, of which payments a record shall be made and preserved in the post office where paid; and no such publication shall be delivered from the office until such payment is made; but the publishers of weekly newspapers may send to each actual subscriber within the county where their papers are printed and published, one copy thereof free of postage.

Sec. 36. *And be it further enacted*, That the rate of postage upon mailable matter of the second class, issued less frequently than once a week from a known office of publication, and sent to regular subscribers, shall be as follows: Upon newspapers, magazines, and other periodical publications, each not exceeding the standard weight of four ounces, and passing through the mails or post offices of the United States between any points therein, the rate for each such paper or periodical shall be one cent, and an additional rate of one cent for each additional weight of four ounces or fraction thereof: *Provided*, That the Postmaster General may provide by regulation for the transportation of small newspapers in packages at the same rate by the standard weight of the package when sent to one address; and the rates herein provided must be prepaid at either the office of mailing or of delivery, at the option of the subscriber, for a term not less than one quarter, nor more than one year, except that newsdealers may pay the postage upon their packages as received at the same rates *pro rata* as yearly or semi-annual subscribers who pay postage quarterly in advance.

Sec. 37. *And be it further enacted*, That publishers may enclose in their publications sent to regular subscribers the bills for subscription thereto without any additional charge for postage, and may write or print upon their publications, or upon the wrappers thereof, the name and address of the subscribers thereto, and the date when the subscription will expire; but any other enclosure or addition in writing or in print shall subject the same to letter postage, which shall be collected before delivery thereof.

Sec. 38. *And be it further enacted*, That the Postmaster General may, from time to time, provide by order the rates and terms upon which route agents may receive and deliver at the mail car or steamer packages of newspapers and periodicals delivered to them for that purpose by the publishers, or any news agent in charge thereof, and not received from, nor designed for delivery at, any post office.

Sec. 39. *And be it further enacted*, That the Postmaster General has authority to prescribe by regulation the manner of wrapping and securing for the mails all matter not charged with letter postage nor lawfully franked, so that the same may be conveniently examined by postmasters; and if not so wrapped and secured, the same shall be subject to letter postage. He may also provide by regulation for ascertaining by furnished lists, by affidavit or otherwise, whether publishers send or have sent their publications unpaid through the mails to other than their regular subscribers.

Sec. 40. *And be it further enacted*, That postmasters, at the office of delivery, are authorized, and it shall be their duty, to remove the wrappers and envelopes from printed and other matter not charged with letter postage, nor lawfully franked, for the purpose of ascertaining whether there is upon, or connected with, any such printed matter or in such package any matter or thing which would authorize or require the charge of a higher rate of postage thereon.

Sec. 41. *And be it further enacted*, That the Postmaster General may require an affidavit in form, to be prescribed by general regulation, to be taken by any publisher, or any clerk, agent, or servant of such publisher of any paper or periodical, which, by the terms of this act, may be sent to regular subscribers without prepay-

ment of postage at the mailing office, to the effect that neither he nor any other proprietor, clerk, agent, or employe, within his knowledge, has sent, or caused or permitted to be sent, through the mails, without prepayment by postage stamps, any copies of such paper or periodical (naming it), except the same were sent to bona fide and regular subscribers thereto. And if it be ascertained that such papers or periodicals have been thus unlawfully sent, with the knowledge or consent of such proprietors, or of the agent or clerk in charge of that business; or if such affidavit, when required by the Postmaster General, or by a special agent of the Post Office Department, shall be refused, the person guilty of such offence, or refusing such oath, shall be liable to a fine of fifty dollars in each case, to be recovered by suit before any court of competent jurisdiction, one-half of which, when recovered, shall be paid to the informer.

Sec. 42. *And be it further enacted*, That authority to frank mail matter is conferred upon and limited to the following persons: First. The President of the United States, by himself or his private secretary. Second. The Vice-President of the United States. Third. The chiefs of the several executive departments. Fourth. Such principal officers, being heads of bureaus or chief clerks of each executive department, to be used only for official communications, as the Postmaster General shall by regulation prescribe. Fifth. Senators and representatives in the Congress of the United States, including delegates from Territories, the Secretary of the Senate and Clerk of the House of Representatives, to cover correspondence to and from them, and all printed matter issued by authority of Congress, and all speeches, proceedings and debates in Congress, and all printed matter sent to them; their franking privilege to commence with the term for which they are elected, and to expire on the first Monday of December following such term of office. Sixth. All official communications addressed to either of the executive departments of government by an officer responsible to that department: *Provided*, That in all such cases the envelope shall be marked "official," with the signature thereto of the officer writing the communication. Seventh. Postmasters have also the franking privilege for their official communications to other postmasters: *Provided*, That in all such cases the envelope shall be marked "official," with the signature of the writer thereto; and for any and every such indorsement of "official" falsely made, the person making the same shall forfeit and pay three hundred dollars. Eighth. Petitions to either branch of Congress shall pass free in the mails. Ninth. All communications addressed to any of the franking officers above described, and not excepted in the foregoing clauses, must be prepaid by postage stamps. The franking privilege hereinbefore granted shall be limited to packages weighing not exceeding four ounces, except petitions to Congress and congressional or executive documents, and such publications or books as have or may be published, procured, or purchased by order of either house of Congress, or a joint resolution of the two houses, which shall be considered as public documents, and entitled to be franked as such; and except, also, seeds, cuttings, roots and scions, the weight of the packages of which may be fixed by regulation of the Postmaster General.

Sec. 43. *And be it further enacted*, That all publishers of periodicals, magazines and newspapers which shall not exceed sixteen ounces in weight, shall be allowed to interchange their publications reciprocally free of postage: *Provided*, That such interchange shall be confined to a single copy of each publication.

Sec. 44. *And be it further enacted*, That this act shall be in force and take effect from and after the thirtieth day of June, eight hundred and sixty-three.

Sec. 45. *And be it further enacted*, That all acts and parts of acts inconsistent with the provisions of this act are hereby repealed.

APPROVED, JULY 1, 1864.

## AN ACT TO ESTABLISH SALARIES FOR POSTMASTERS, AND FOR OTHER PURPOSES

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,* That the annual compensation of postmasters shall be at a fixed salary, in lieu of commissions, to be divided into five classes, exclusive of the postmaster of the city of New York. Postmasters of the first class shall receive not more than four thousand dollars, nor less than three thousand dollars; postmasters of the second class shall receive less than three thousand dollars and not less than two thousand dollars; postmasters of the third class shall receive less than two thousand dollars and not less than one thousand dollars; postmasters of the fourth class shall receive less than one thousand dollars and not less than one hundred dollars; postmasters of the fifth class shall receive less than one hundred dollars. The compensation of the postmaster of New York shall be six thousand dollars per annum, to take effect on the first day of July, eighteen hundred and sixty-four; and the compensation of postmasters of the several classes aforesaid shall be established by the Postmaster General under the rules hereinafter provided. Whenever the compensation of postmasters of the several offices (except the office of New York), for the two consecutive years next preceding the first day of July, eighteen hundred and sixty-four, shall have amounted to an average annual sum not less than three thousand dollars, such offices shall be assigned to the first class; whenever it shall have amounted to less than three thousand dollars, but not less than two thousand dollars, such offices shall be assigned to the second class; whenever it shall have amounted to less than two thousand dollars, but not less than one thousand dollars, such offices shall be assigned to the third class; whenever it shall have amounted to less than one thousand dollars, but not less than one hundred dollars, such offices shall be assigned to the fourth class; and whenever it shall have amounted to less than one hundred dollars, such offices shall be assigned to the fifth class. To offices of the first, second and third classes, shall be severally assigned salaries, in even hundreds of dollars, as nearly as practicable in amount the same as, but not exceeding, the average compensation of the postmasters thereof for the two years next preceding; and to offices of the fourth class shall be assigned severally salaries, in even tens of dollars, as nearly as practicable in amount the same as, but not exceeding, such average compensation for the two years next preceding; and to offices of the fifth class shall be severally assigned salaries, in even dollars, as nearly as practicable in amount the same as, but not exceeding, such average compensation for the two years next preceding. Whenever returns showing the average of annual compensation of postmasters for the two years next preceding the first day of July, eighteen hundred and sixty-four, shall not have been received at the Post Office Department at the time of adjustment, the same may be estimated by the Postmaster General for the purpose of adjusting the salaries of postmasters herein provided for. And it shall be the duty of the Auditor of the Treasury for the Post Office Department to obtain from postmasters their quarterly accounts, with the vouchers necessary to a correct adjustment thereof, and to report to the Postmaster General all failures of postmasters to render such returns within a proper period after the close of each quarter.

SEC. 2. *And be it further enacted,* That the Postmaster General shall review once in two years, and in special

cases, upon satisfactory representation, as much oftener as he may deem expedient, and readjust, on the basis of the preceding section, the salary assigned by him to any office; but any change made in such salary shall not take effect until the first day of the quarter next following such order, and all orders made assigning or changing salaries shall be made in writing and recorded in his journal, and notified to the Auditor for the Post Office Department.

SEC. 3. *And be it further enacted,* That salaries of the first, second and third classes shall be adjusted to take effect on the first day of July, eighteen hundred and sixty-four, and of the fourth and fifth classes at the same time, or at the commencement of a quarter as early as practicable thereafter.

SEC. 4. *And be it further enacted,* That, at offices which have not been established for two years prior to the first day of July, eighteen hundred and sixty-four, the salary may be adjusted upon a satisfactory return by the postmaster of the receipts, expenditures, and business of his office: *Provided,* That fifty per centum of the gross revenue of such office shall be, in all cases, the largest amount allowed to such postmasters for their salaries, respectively, except in cases where it shall be a separating or distributing office, as provided for in the sixth section of this act.

SEC. 5. *And be it further enacted,* That at the post office of New York and offices of the first and second classes, the Postmaster General shall allow to the postmaster a just and reasonable sum for the necessary cost, in whole or in part, of rent, fuel, lights and clerks, to be adjusted upon a satisfactory exhibit of the facts. And at offices of the third, fourth and fifth classes, such expenses shall be paid by the postmaster, except as in the sixth section provided; it being intended that such allowances shall be made in accordance with existing usages.

SEC. 6. *And be it further enacted,* That the Postmaster General may designate certain convenient offices, at the intersection of mail routes, as distributing offices, and certain others as separating offices; and where any such office is of the third, fourth, or fifth class of the post offices, he may make a reasonable allowance to such postmaster for the necessary cost, in whole or in part, of clerical services arising from such duties.

SEC. 7. *And be it further enacted,* That all postages and box rents at post offices, and all other receipts and emoluments at a post office, shall be received and accounted for as a part of the postal revenues; and any part thereof which the postmaster ought to have collected but has neglected to collect shall be charged against him in his account, and he shall be liable therefor in the same manner as if the same had been collected; and he shall receive no fees or perquisites beyond his salary.

SEC. 8. *And be it further enacted,* That the uniform rate of United States postage, without reference to distance, upon letters and other mailable matter addressed to or received from foreign countries, when forwarded from or received in the United States by steamships or other vessels regularly employed in the transportation of the mails, shall be as follows, viz.: ten cents per single rate of half an ounce or under, on letters; two cents each on newspapers; and the established domestic rates on pamphlets, periodicals, and other articles of printed matter; which postage shall be prepaid on matter sent, and collected on matter received: *Provided always,* That these rates shall not apply to letters or other mailable matter, addressed to or received from any foreign place or country, to and from which different rates of postage

have been or shall be established by international postal convention or arrangement already concluded or hereafter to be made.

SEC. 9. *And be it further enacted*, That the Postmaster General is authorized to sell, or cause to be sold to individuals, corporations and business firms, postage stamps, in quantities of not less than one hundred dollars in value, at a discount not exceeding five per centum from the face value of such stamps, and to sell, or cause to be sold, stamped envelopes, in packages containing not less than five hundred envelopes, at a discount not exceeding five per centum from the current prices thereof when sold in less quantities.

SEC. 10. *And be it further enacted*, That the twenty-eighth section of the act entitled "An act to amend the laws relating to the Post Office Department," approved March three, eighteen hundred and sixty-three, be, and the same is hereby amended by the addition of the following clause, namely: And when any letter bearing a request for its return to the writer, in case of its non-delivery, shall have been so returned to the office at which it was originally mailed, then, and in that case, it shall be obligatory upon the person to whom such letter has been returned to receive the same, and to pay therefor the postage specified by this section; and in default of said writer to receive and pay for the letter so returned, he shall be subject to a penalty of ten dollars, to be recovered in any court of competent jurisdiction.

SEC. 11. *And be it further enacted*, That if any person, not authorized by the Postmaster General, shall set up or profess to keep any office, or any place of business, bearing the sign, name, or title of post office, every such person shall forfeit and pay the sum of five hundred dollars for every such offence.

SEC. 12. *And be it further enacted*, That if any person employed in any of the departments of the post office establishment shall unlawfully detain, delay, or open any letter, packet, bag, or mail of letters with which he shall be intrusted, or which shall have come to his possession, and which are intended to be conveyed by post, or to be carried or delivered by any mail carrier, mail messenger, letter carrier, route agent, or other person employed in any of the departments of the post office establishment of the United States, or to be forwarded or delivered through or from any post office or branch post office established by authority of the Postmaster General of the United States, if any such person shall secrete, embezzle, or destroy any letter or packet intrusted to such person as aforesaid, and which shall not contain any security for or assurance relating to money as hereinafter described, every such offender, being thereof duly convicted, shall, for every such offence, be fined not less than three hundred dollars, or imprisoned not less than six months, or both, according to the circumstances and aggravations of the offence. And if any person employed as aforesaid shall secrete, embezzle, or destroy any letter, packet, bag, or mail of letters, with which he or she shall be intrusted, or which shall have come to his or her possession, and are intended to be conveyed by post, or to be carried or delivered by any mail carrier, mail messenger, letter carrier, route agent, or other person employed in any of the departments of the post office establishment of the United States, or to be forwarded or delivered through or from any post office or branch post office established by authority of the Postmaster General of the United States, such letter, packet, bag, or mail of letters, containing any note, bond, draft, check, revenue stamp, postage stamp, money order, certificate of stock, or other pecuniary obligation, or government security of any description whatever, issued, or that may hereafter be issued, by the United States, or by any officer or fiscal agent thereof, any bank note or bank post bill, bill of exchange, warrant of the treasury of the United States, note of assignment of stock in the funds, letters of attorney for receiving annuities or dividends,

or for selling stock in the funds, or for receiving the interest thereof, or any letter of credit, or note for, or relating to, payment of moneys, or any bond, or warrant, draft, bill, or promissory note, covenant, contract, or agreement whatsoever, for, or relating to, the payment of money, or the delivery of any article of value, or the performance of any act, matter, or thing, or any receipt, release, acquittance, or discharge of, or from, any debt, covenant, or demand, or any part thereof, or any copy of any record of any judgment, or decree, in any court of law, or chancery, or any execution which may have issued thereon, or any copy of any other record, or any other article of value, or any writing representing the same; or if any such person, employed as aforesaid, shall steal or take, any of the same out of any letter, packet, bag, or mail of letters, that shall come to his or her possession, whether such letter or packet, bag, or mail of letters, shall have come or been placed in his or her possession to be forwarded or delivered in the regular course of his or her official duties, or shall have come or been placed in his or her possession in any other manner, and provided that such letter, or packet, bag, or mail of letters, shall not have been delivered to the person or persons to whom it is directed, such person shall, on conviction for any such offence, be imprisoned not less than ten years, nor exceeding twenty-one years; and the fact that any such letter or packet, bag, or mail of letters, shall have been deposited in any post office or branch post office established by authority of the Postmaster General of the United States, or in any other authorized depository of mail letters, or in charge of any postmaster, assistant postmaster, clerk, carrier, agent, or messenger employed in the post office establishment of the United States, shall be taken and held as evidence that the same was "intended to be conveyed by post" within the meaning of this statute; and if any person who shall have taken charge of the mails of the United States shall voluntarily quit or desert the same before such person delivers it into the post office kept at the termination of the route, or some known mail carrier, or agent of the General Post Office, authorized to receive the same, every such person, so offending, shall forfeit and pay a sum not exceeding five hundred dollars for every such offence; and if any person concerned in carrying the mail of the United States shall collect, receive, or carry any letter or packet, or shall cause or procure the same to be done, contrary to this act, every such offender shall forfeit and pay, for every such offence, a sum not exceeding fifty dollars.—(Section twenty-one, act of March three, eighteen hundred and twenty-five.)

SEC. 13. *And be it further enacted*, That dead letters containing valuable enclosures shall be registered in the department; and when it appears that they can neither be delivered to their address nor to the writers, the contents thereof, so far as available, shall be used to promote the efficiency of the dead-letter office, according to the provisions of the seventh section of the act approved February twenty-seventh, eighteen hundred and sixty-one, entitled "An act to establish certain post routes;" and the amount thereof shall be shown in the annual report, and shall be subject to reclamation by either the party addressed or the sender for four years from registry thereof, careful account being kept of the same. All other letters deemed of value or of importance to the party addressed, or to the writer, and which it appears cannot be returned to either destination, shall be disposed of as the Postmaster General shall direct.

SEC. 14. *And be it further enacted*, That letter-carriers shall be employed, at such post offices as the Postmaster General shall direct, for the delivery of letters, in the places, respectively, where such post offices are established; and for their services they shall severally receive a salary, to be prescribed by the Postmaster General, not exceeding eight hundred dollars per year: *Provided*, That, on satisfactory evidence of their diligence, fidelity,

and experience as carriers, the Postmaster General may increase their respective salaries from time to time to any sum not exceeding one thousand dollars; and each of the said carriers shall give bond, with sureties, to be approved by the Postmaster General, for the safe custody and delivery of all letters, packets, and moneys received by him.

SEC. 15. *And be it further enacted*, That all expenses for the letter-carriers, branch offices, and receiving boxes, or incident thereto, shall be entered and reported in a separate account from the ordinary postal expenses of such post office, and shall be shown in comparison with the proceeds of the postages on local mail matter at each office, in order that the Postmaster General may be

guided in the expenditures for that branch of the postal service by income derived therefrom.

SEC. 16. *And be it further enacted*, That the eighth, eleventh, and fourteenth sections of the act entitled "An act to amend the laws relating to the Post Office Department," approved March three, eighteen hundred and sixty-three, the provisions of which have been modified and incorporated in this act, be, and the same are hereby, repealed.

SEC. 17. *And be it further enacted*, That the special agent of the Post Office Department in the Pacific States and Territories shall receive as compensation five dollars per diem.

## LETTER RATES.

Letters posted in Canada addressed to any place within the Province pass, if prepaid, for 5 cents per  $\frac{1}{2}$  oz., but if posted unpaid, such letters are charged 7 cents per  $\frac{1}{2}$  oz.

On Letters to Nova Scotia, New Brunswick, and Prince Edward's Island, the rate is 5 cents per  $\frac{1}{2}$  oz., with optional prepayment.

The rate on Letters to the United Kingdom is, by Canadian Packet,  
Not exceeding  $\frac{1}{2}$  oz., ..... 12 $\frac{1}{2}$  cents.  
Exceeding " and not exceeding 1 oz., 25 "  
" 1 oz., and not " 2 oz., 50 "  
and so on, increasing two rates of postage for each additional ounce.

And by Cunard Packet, 17 cents per  $\frac{1}{2}$  oz., &c.

Letters for the United Kingdom must be prepaid, or they will be charged a fine of 6d. sterling on delivery.

Letters for British Colonies and Possessions beyond Sea, and Foreign Countries, via England, must be prepaid.

The rate on Letters for the U. States,  
(except California and Oregon) 10 cts. per  $\frac{1}{2}$  oz.  
" for California and Oregon..... 15 " "  
" to Cuba..... 20 " "

The Postage rate to British Columbia is,  
Letters..... 25 cents per  $\frac{1}{2}$  oz.  
Newspapers ..... 2 cents each.

### **Mails for Canada from England.**

Two Ocean Steamers, carrying mails for Canada, leave Liverpool in each week, viz: a Canadian Packet on every Thursday. *via* Derry on Friday, sailing to Quebec in summer and Portland in winter, by which the Postage rate is 6d stg. per  $\frac{1}{2}$  oz.: and a Cunard Packet every Saturday. *via* Cork on Sunday, bringing Mails for Canada, alternately to Boston and New York, by which the Postage rate to Canada is 8d. stg. per  $\frac{1}{2}$  oz.

The British Post Office forwards letters to Canada by the first Packet sailing after the letter is posted, unless the letters bear a special direction—"By Canadian Packet," or "By British Packet"—and in that case they are kept over for the Packet designated. "By Canadian Mail" is not a distinctive superscription; for any Mail for Canada is a "Canadian Mail," by whatever Packet forwarded.

### **Registration of Letters.**

Persons posting Letters containing value, should be careful to require them to be Registered, and to obtain from the Postmaster a Certificate of receipt for Registration.

The charge for Registration, in addition to the Postage, is as follows, viz: :

On Letters to any other place in Canada, or  
British North America ..... 2 cents  
On Letters for the United States ..... 5 "  
On Letters for the United Kingdom..... 12 $\frac{1}{2}$  "  
On Letters for British Colonies or Possessions,  
sent *via* England ..... 25 "  
On Letters for France and other Foreign Countries, *via*  
England, an amount equal to the postage rate.

Both the postage charge and registration fee must in all cases be prepaid.

Registration is not an absolute guarantee against the miscarriage or loss of a Letter; but a Registered Letter can be traced when an unregistered Letter cannot, and the posting and delivery or non-delivery can be proven. A Registered Letter is thus secured against many of the casualties which, from incorrect address, forgetfulness of the receiver, or other error, may affect an Unregistered Letter

**Miscellaneous Charges.**

The charge on Parcels by the Parcel Post, which is limited to places within the Province, is 25 cts. per lb. (with 3 cents additional if Registered.)

One cent per oz., payable in advance by postage stamp, is the rate on Printed Circulars (Printed Circulars, if sent in envelopes, whether sealed or unsealed, are liable to letter postage.) Prices Current, Hand-bills, and other printed matter of a like character, and on Books, bound or unbound, when posted at a Canadian Post-office, addressed to any place in Canada, British North America, generally, or the United States.

The postage upon Printed Circulars and Prices Current addressed to the United Kingdom is *two cents each*, which must be prepaid by postage stamps, or they will be sent to the Dead Letter Office to be returned to the sender.

The charge on Books, &c., by Book Post to England, is 7 cents on packets not exceeding 4 oz. in weight, 12½ cents on ½ lb packets, and 12½ cents additional for every additional ½ lb. These charges must be prepaid. Photographs, provided they are not upon glass, or in cases containing glass, may be forwarded to England at the Book rate of postage.

**Book Post with France.**

For a Packet of Printed matter, or single Newspaper, Book, &c. . . . . not over 2 oz. 4 cents.

Do. exceeding 2 oz. and " 4 oz. 8 "

Do. " 4 oz. and " 8 oz. 17 "

Do. " 8 oz. and " 1 lb. 34 "

And so on, increasing 17 cents for each additional ½ lb.

The Book Post regulations between Canada and England apply to matter between Canada and France.

**Newspapers & Periodicals.**

Newspapers published in Canada may be sent by Post from the office of publication, addressed to any place in Canada, at the following rates, if paid quarterly in advance by either the publisher at the post-office where the papers are posted, or by the subscriber at the delivering post-office :

For a paper published 6 times a week, 40 cents per quar.  
 " " 3 " 20 " "  
 " " 2 " 13 " "  
 " " 1 " 6½ " "

When the above rates are not paid in advance by either publisher or subscriber, such Papers are charged one cent on delivery.

**Transient Newspapers.**

TRANSIENT NEWSPAPERS—that is to say, Canadian Newspapers posted otherwise than from the office of publication, and American or British papers posted, or re-posted, in Canada, must be prepaid 1 cent each, by postage stamp, or they cannot be forwarded—except only *British Newspapers* distributed to regular subscribers by Canadian Booksellers or News Agents—such papers pass free as they would do if received in the Canadian Packet Mails.

**Newspapers by Mail from England or United States.**

Newspapers received from England by the Canadian Packet Mails are delivered free.

Newspapers from England by the Cunard Packet Mails are charged 2 cents each on delivery. (This is the American transit charge.)

United States Newspapers, brought by mail into Canada, are charged one cent each on delivery.

**Periodical Publications.**

The rate on Periodical publications is, if not exceeding 3 ounces in weight, 1 cent ; over 3 ounces, 4 cents.

Periodicals, printed in this Province, other than Newspapers, when specially devoted to the Education of Youth, (both religious and general.) to Agriculture, to Temperance, or to any branch of Science, and addressed directly from the office of publication, to be transmitted to any post-office in this province, are exempt from charge.

TRANSIENT PERIODICALS—including Canadian Periodicals not prepaid the commuted rate from the office of publication—nor exempted by the preceding clause, and all other Periodical publications posted in this Province, must be prepaid by stamp, the full rate, at the time of posting.

Periodicals received in Mails from the United States and charged with the rates named in the 1st clause of this section.
