SUBJECT: 8559 (U)

DATE: 3 October 1967

REFERENCE: CR-159-67-OCT 1-ANG

REPORT NUMBER: CR 167-67-OCT 1-ANG-C

CONTACT NUMBER: 7

PROJECT: 110229 (AO CH)

1. (C) CIRCUMSTANCES OF CONTACT:

a. Parties Involved; Source 8559 and AH-D. Lessman (CH:Leiter)

b. Purpose: Routine contact to determine developments in joint OCA Hamburg/513th operation.

c. Exact time, date and place: On 26 Sept 67, telephonic contact with SUBJECT revealed that He had made some progress in contacting potential interviewees, and that He would be available for discussion of same at the AH's convenience. In view of a requirement for Him to travel to Bonn, GFR for a discussion of His book 'China Today' with the Ministry of the Interior during the week of 25 - 30 Sept 67, it was agreed that the AH would travel to Hamburg, and would contact Him telephonically on the morning of 1 October 67 to arrange a time and site for an operational meeting. As per agreements, at 0940 hours, 1 Oct 67, AH called from the Hauptbahnhof, Hamburg, and completed arrangements with SUBJECT for a meeting to be held at OCT 1-CMF, BR 048 66 at 1700 hours the same day. SUBJECT arrived at the CMF at 1705 hours, where operational discussions were continued until His departure at 1840 hours.

d. Security measures: No attempt at surveillance was noted by the AH enroute to the CMF, nor during or after the meeting described herein. SUBJECT walked to the meeting site from a U-Bahn sub-station approximately one block distant. It is unknown if He was surveilled, and He did not mention such to the AH.

e. Language used: English and Chinese Mandarin.

f. AA's: In view of the possibility of an intercept of His outgoing mail, and of the complications that would arise with the British in this respect, SUBJECT was instructed to destroy the AA previously given to Him, and to make no attempt to contact AH through mail channels. SUBJECT was not informed of the actual reason for not using the AA, but was advised that AH's friend, who formerly resided at that address, had returned to the U.S..

g. USI telephone numbers: SUBJECT was provided the following telephone numbers to be used in the event He should desire to contact AH at any time:

(1) Frankfurt civilian-553798: To be used on week days from 0800-1700 hours. This telephone located in the operations office, OCT 1.

(2) Frankfurt civilian-525523: To be used on weekends and after 1700 hours on weekdays. This telephone located at one of the OCT #1 CMFs

inhabited by an enlisted member of OCT 1. The concerned EM has been briefed on the procedure to be utilized in the event of a call from SUBJECT, and has been provided with AH's home phone number for relay of information regarding calls received.

h. Discrepancies or incidents: None.

1. Close of Meeting and New Meeting Arrangements: The meeting described herein was terminated at 1840 hours when SUBJECT departed the CMF enroute to His home. SUBJECT advised that failure of the concerned Insurance Company to forward necessary approval for His wife's medical treatments in Frankfurt, and that pending receipt of this approval, He and His wife will travel to the island of Helgoland for a two week period so as to enable her to gain the medicinal benefits of the warm sea baths for which that island is noted. SUBJECT further advised that He was scheduled to depart Hamburg on 2 October, and would return on 16 October 67. In view of above, SUBJECT was informed that AH will contact Him telephonically after His return to Hamburg, and will make arrangements for the next meeting time and site.

2. (C) OPERATIONAL MATTERS:

a. SUBJECT was very apologetic for His lack of production since last meeting, and averred that the requirements of His position at Ostasiantischer Verein, and finalising and delivery of His latest book on China to the Ministry of the Interior in Bonn, has monopolised all of His time, to include all weekends. SUBJECT stated that whereas His normal activities have made it very difficult for Him to devote as much time to operational matters as He would desire, in spite of His abnormal heavy workload He has given considerable thought to the operation, and has accomplished the following:

(1) Contact with SEEBODA and commencement of SEEBODA's participation as Legman/Interviewer. SUBJECT states that He has provided SEEBODA with the names of several prospective interviewees in the Hamburg area, and that He was to meet with SEEBODA immediately following the meeting with AH so as to provide him with operational guidance and questions to be used in contacts with the interviewees.

(2) Telephonic contact with WIESSNER, Otfried Peter, to complete arrangements for an interview to be conducted by SUBJECT o/a 15 November 67. NOTE: WIESSNER's name is reflected on 513th list of potential interviewees, and is further identified as X-41367. SUBJECT advised that His conversation with WIESSNER disclosed that he recently returned from a four months stay in the area of LANCHOU (3602N/10341E), Capital of Kansu province, where he was employed as a technical representative for an unidentified West German firm involved in the installation of compressors and refrigeration equipment to cool hot gases in an oil refinery. SUBJECT opined that the oil refinery in mention probably processes crude oil from Sinkiang province. SUBJECT stated that in addition to appearing somewhat flattered at the interest exhibited in him, WIESSNER assured SUBJECT that he would be very happy to meet with Him for a discussion of his stay in China at SUBJECT's convenience. The meeting has been tentatively set for o/a 15 November 67, with the understanding that SUBJECT will make

another call prior to that date to set a definite time and place.

b. SUBJECT informed AH that SEEBODA had provided Him with the name of a 'teacher', who has spent considerable time in China, and who is currently planning to return to China following a visit to his home in Offenburg, GFR. Name and current address of this individual is as follows: Jorg HAAS, 76 Offenburg, Zehringer Str 2, Tele: 0781-3557. SUBJECT stated that He intends to further discuss this individual with SEEBODA, and that He may assign SEEBODA the mission of contacting him for interview. NOTE: In a discussion with [redacted] of OCA, Hamburg, [redacted] mentioned that SEEBODA has provided SUBJECT with this lead, and that OCA checks had revealed him to be a rabid communist.

c. In response to a query regarding Wolfgang BARTKE, SUBJECT stated that His most recent conversation with BARTKE revealed that he would only be available for approximately three days a month, and that SUBJECT doubted the value of such a limited effort to the operation. SUBJECT further stated that BARTKE informed Him that he is currently negotiating with the Volkswagen Foundation for a scholarship grant, and that if successful in his efforts, he will travel to the U.S. to attend a course of advance study in Sinology at the University of Michigan.

d. As per prior discussions with [redacted], SUBJECT was encouraged to make SEEBODA witting of USI involvement so as to facilitate more positive direction of his questioning technique during conduct of interviews. SUBJECT expressed general agreement with the AH's suggestion, but opined that it may be better to keep SEEBODA unwitting until SUBJECT has personally conducted several interviews, and can approach SEEBODA with at least some degree of intelligence experience and ostensible professionalism. SUBJECT was not pressed on this point, and it was considered best to accede to His stated desires, as any attempt to apply unwielding direction at this stage could evoke resentment, with subsequent weakening of current excellent rapport now enjoyed with Him.

3. (U) LEADS: None.

4. (C) PERSONALIA: None.

5. (U) PRODUCTION: None.

6. (C) FINANCES AND LOGISTICS: During the contact described herein, a total of DMW 400.00 ICF was expended as salary payment to SUBJECT for period 15 - 30 September 1967.

7. (U) AGENCY CHECKS: None.

8. (C) COMMENTS: Reference para 2a(2) above. SUBJECT states that He has heard rumors, and has read of the possibility of nuclear research being conducted in the area of LANCHOU, and that it is a 'denied area' to all foreign visitors. SUBJECT was unable to recall the identity of the

Subject's personal friend, a WOFIRM staffer, brokered an introduction to a Station Case Officer who developed Subject into a paid informer in the FJPLEAD field from 1958 to 1961. CASE OFFICER TIME <u>10 hours</u>	COSTS <u>\$761</u>	
(monthly)	(during period)	

BACKGROUND AND ACCESS OF AGENT: Subject's personal friend, a WOFIRM staffer, brokered an introduction to a Station case officer who developed Subject into an FJPLEAD asset. In addition, he has good contacts among various fringe groups on the local political scene and has succeeded in becoming accepted as a member of the local Extra-parliamentary Opposition (APO).

TYPE OF AGENT COMMUNICATIONS: Personal meetings in Hamburg. Subject has a Base operational phone number and we can reach him via phone, either at home or in his office. Most meetings, however, are prearranged.

TARGETING: (including OD citation)
Local political groups: Priority B.A. and Priority C.E.
FJPLEAD targeting (WSBIGG travelers, Chicom activities, etc.):
Priority A.C. and Priority A.D.

OPERATIONAL DEVELOPMENTS: (include security aspects and training)
Since the last report, Subject appears to have firmly established himself as a member of the Republikanischer Club Hamburg (RCH), the gathering place of local radical movements, students, and other members of the Extra-parliamentary Opposition (APO). In this role he is presently functioning as a spotter/assessor as well as a reporter of the local radical scene. This position has also brought him access to information in other operational areas; e.g., activity in Western Europe (see Production below), and Chicom connections to German radical youth groups. Although Subject continues somewhat active in the FJPLEAD area, his main thrust is now in the German political scene.

<p>1. SUMMARY: This report summarizes the activities of CAHELM over the past six-month period. Written in part as a response to references, it is an attempt to look at Subject's progress in what for him has been a relatively new operational area. Although he has always been a dabbler in fringe groups, Subject was not seriously involved with the <u>Extra-parliamentary Opposition (APO)</u> before the <u>summer of 1968</u>. What contacts he previously possessed among these groups were for the most part of the Mac-oriented variety and were viewed more in the context of FJPLEAD operations. It is hoped that a six-month perspective will permit an adequate, if limited, assessment of his activities in this new area.</p> <p>2. CAHELM, a long-time Base asset previously working in the FJPLEAD area, has undergone a shift in targeting over the past six months. Following his transfer from the FJPLEAD rolls to <u>German OOA</u> (1 August 1968), an attempt was made to re-plug him into the local leftist/radical scene, where he had assembled several interesting contacts over the years -- contacts which had become somewhat dormant due to Subject's preoccupation with the Chinese target.</p> <p>3. In analyzing the opportunities available, the most logical vehicle for this re-targeting appeared to be the local Republican Club (Republikanischer Club Hamburg - RCH)</p> <p>Attachment: Identity - usc</p> <p>Distribution: ✓ 4 - Chief, EUR w/att usc 2 - COS, <input type="checkbox"/> w/att usc</p> <p style="text-align: right;"><i>S/C ATT'D BY [unclear] Dated 8 APR 69</i></p> <p style="text-align: center;">GROUP I Excluded from automatic <i>1 ATT</i> downgrading and <i>ES COPY</i></p>

<p>which was then being founded (September 1968) by Marcus SCHOLZ, a respected film director and friend of CAHELM. This self-styled institution of the "Extra-parliamentary Opposition" (APO) which literally overnight became the Mecca for all local radical groups, was to serve as Subject's forum and observation post. Subject joined the Club as a charter member and through his efforts of the past six months is accepted today as a comrade in arms.</p> <p>4. Today he is quite active in the Club, spending two or three nights a week there in addition to assisting occasionally with special ad hoc projects, such as serving on a committee or ferrying protestors to Berlin. He has managed to remain close to the RCH leadership while at the same time scrupulously avoiding an alignment with one or another faction. For example, when SCHOLZ was ousted in last November's RCH elections (as reported in EGG-1362), Subject's position was not threatened, despite the fact that his relationship with SCHOLZ was common knowledge. CAHELM today enjoys an excellent working relationship with the present RCH Executive Committee.</p> <p>5. TARGETING: Specifically, Subject has been charged with the following assignments:</p> <ul style="list-style-type: none"> A. Get himself established and accepted in the New Left movement. B. Review his previous contacts for possible exploitation in this new context. C. Spot and assess present and potential leaders. D. Report developments of positive intelligence value. <p>In addition to these "New Left" assignments, Subject has remained active in the FJPLEAD area, particularly in the framework of his monthly discussion group. He is called upon from time to time by Station FJPLEAD officers to provide assessments on individuals and to perform occasional debriefings of WSBIGG travellers. While not normally worthy of further dissemination, his reporting of local APO planning (demonstrations, etc.) is of considerable value to the Base.</p> <p>6. It should be noted that Subject has performed the above assignments while maintaining full-time overt employment at I-identity. This has shown itself to be an unsatisfactory arrangement in that, according to Subject, 24 hours a day have not been adequate to fulfill both his overt and his covert roles. Recognizing this condition, and in the belief that a worthwhile operational potential exists here, we have modified Subject's WOFIRM employment conditions as noted in Paragraph 10 below.</p> <p>7. We feel in the first case that Subject has fulfilled his primary objective in getting established and accepted quite successfully. He is today a recognized member of the Hamburg APO. Of Subject's several long-term contacts also active in the APO, the following are examples of those playing leading roles at various levels:</p> <ul style="list-style-type: none"> A. Ernst AUST, recent founder of the Mao-oriented Communist Party of Germany/Marxist-Leninist (KPD/ML)

- C. Peter SCHILINSKI, founder of the national-level Democratic Union (DU).
- D. Hans EWERT, Chief of the old-line (KPD-oriented) Landesfriedenskomitee Hamburg (LFK).

8. Among the younger radicals, Subject has been concerned with singling out those who appear to possess significant leadership potential. Hamburg has yet to produce a leader of the caliber of a Cohn-Bendit, but several "second echelon" individuals seem to be emerging. Note: We are planning an approach to one of Subject's leads for assessment in the near future. (See EGGA-4357).

9. PRODUCTION: Subject's reporting during the period has yielded six intelligence reports:

- A. EGG-1362, 21 November 1968, "Radical Shift in Leadership of the Republican Club Hamburg."
- B. HAMBURG 8289, 9 December 1968. "Plans for Anti-Vietnam War Meeting Between North Vietnamese and Germans in Strasbourg, 11 January 1969."
- C. EGG-1380, 30 January 1969. "SDS Seminar in Hamburg to be Attended by Daniel Cohn-Bendit."
- D. EGG-1381, 1 February 1969. "Delegation of North Vietnamese Red Cross now in Moscow En Route to a Scheduled Visit in West Germany."

- F. EGN-4033, 20 February 1969. "West German Ships Captain's Description of Situation in Chinese Ports during August and September 1969." ZZ

The last report noted was obtained from material of FJPLEAD interest, which is regularly forwarded to Bonn for dissemination. Additionally, Subject was able to provide information concerning APO activities during and related to the Presidential visit and the 5 March Bundesversammlung (EGG-1384, 22 February 1969, and EGG-1386, 27 February 1969).

10. FUTURE PLANS: On 1 April 1969, Subject will enter upon a one-year period of leave from his overt employer. At that time the conditions of his employment with us will revert to those which obtained in the period 1 November 1966 to July 1968. (See EGGA-3825, 2 December 1966 and EGGA-4237, 1 August 1968). An amended Memorandum of Oral Agreement will be forwarded separately.

11. With greater time at Subject's disposal, our prime objective in the coming year will be to project him onto the Federal level of APO activities. To this end, we envisage his becoming more active in the RCH, participating to a greater degree on the various committees, and working closer with the local APO leadership. Working from his Hamburg platform, and given his talents for parlaying contacts, we are optimistic about his being able to break into national level APO circles.

12. An analysis of the APO in Germany today, at the local or the national level, can only lead to the conclusion that this target is an amorphous one. This fact dictates that our targeting of Subject take a pragmatic approach. Within the APO, and especially in this election year, factions are splitting and coalitions are forming with remarkable rapidity. The single thread of continuity in all this seems to be the leaders themselves; the position of the faces may change but the faces themselves remain the same. Whether the APO, or its leaders, can show themselves to be an effective political force in this election year - or afterwards - is yet to be decided. However, the attempt to insert a source with Subject's credentials into this phenomenon is felt to be a worth while exercise.

13. SECURITY; Subject is routinely met 2 - 3 times per month. The meeting locale, originally Subject's apartment, has been shifted to various Hamburg restaurants, pending the acquisition of an adequate safe-house facility. From time to time brush contacts take place at pre-arranged locations, With the singular exception noted below, no adverse security developments have appeared during the period.

14. In social contact over the Christmas holidays, one of the Hamburg MAD (Militaerischer Abschirmdienst) officers had mentioned that a case had turned up in which a questionable, if not undesirable, person had received a visa to the United States. He offered to provide us details when MAD's report was completed. He finally visited us in early February and gave us a copy of MAD's investigation into a request for draft deferment submitted by the older of Subject's two sons. MAD discovered that the son had spent some time in the DDR and the Soviet Union prior to visiting the U. S. in 1967. (See EGGA-3955, 26 May 1967) Based on this fact, together with Subject's known involvement in leftist groups, MAD wished to call to our attention to what appeared to them as laxity in U. S. visa screening. (Note: The visa MAD was questioning was issued in 1967 to permit the son to attend a ten-month course at his father's pre-war Alma Mater, the Kent School.)

15. We thanked the MAD representative for his information explaining that, by their very nature and because of the volume, visitor visa applicants received a more or less cursory check, more stringent checks being made on immigrant visa applicants. This apparently satisfied his curiosity and the incident appears closed. We have considered the incident from various angles and have concluded that it was most probably precisely what was claimed, an effort on the part of MAD to be helpful.

 PERIOD COVERED January 1969 TO 31 March 1969 27 June 1966
 CASE OFFICER TIME 10 hours COSTS \$ 612.00
 (monthly) (during period)

BACKGROUND AND ACCESS OF AGENT: Subject's personal friend, a WOFIRM staffer, brokered an introduction to a Station case officer who developed Subject into an FJPLEAD asset, in which function he served for several years. He is also well-connected among various fringe groups and has become an accepted member of the New Left.

TYPE OF AGENT COMMUNICATIONS: Personal meetings in Hamburg. Subject has a Base operational phone number and we can reach him via phone, either at home or in his office. Most meetings, however, are prearranged.

TARGETING: (including OD citation) Priority C, Subparagraph 1. Political groups within the New Left.

Priority B, Subparagraph 1. FJPLEAD operations.

OPERATIONAL DEVELOPMENTS: (include security aspects and training)

Subject is presently attempting to project his New Left access onto the Federal level. Towards these ends he has become somewhat more active within the local Republican Club and occasionally participates in New Left gatherings in other parts of Germany. One development of security significance occurred during this period; however, we feel this has been resolved satisfactorily (See EGGA-4443).

SUBJECT	CALL/REDCOAT/CAHELM - Contact with Identity 1	
<p>ACTION REQUIRED - REFERENCES</p> <p>FYI</p> <p>1. The Soviet vessel M/S "Maria Ulyanova", carrying approximately three hundred passengers - members of the "Soviet Committee for Protection of Peace" - visited Hamburg for the period 30 May - 1 June 1969. The vessel came from Copenhagen, and left for Amsterdam. As far as known, she is also going to visit Oslo, Stockholm, and Helsinki before returning to Leningrad.</p> <p>2. The local "Landesfriedenskomitee" (LFK), supported by other pro-Soviet organizations, had prepared an elaborate program (sightseeing trips, meetings, shopping tours, dinners, etc.) for the guests - ninety per cent of them intellectuals - who were permitted to go ashore in groups ranging from three to twenty persons. CAHELM, who belonged to the reception committee, and who furnished us with a complete itinerary, played host for Identity 1 and two other Soviets. According to him, Identity 1 responded immediately and favorably to his pose (a gentleman of "the old school"), and their friendship developed to a point where they were soon holding hands secretly, and, on her departure, CAHELM was hugged and tearfully kissed. Identity 1 asked CAHELM to write her, and expressed hope that they will meet again some day.</p> <p style="margin-left: 40px;">Attachment: Identities, u/s/c by pouch 01 Jul 69</p> <p style="margin-left: 40px;">Distribution: <input checked="" type="checkbox"/> 4 - C/EUR, w/att, u/s/c <input type="checkbox"/> 2 - C/SB, w/att, u/s/c <input type="checkbox"/> 2 - COS, <input type="checkbox"/> <input type="checkbox"/> w/att, u/s/c</p>

3. CAHELM described Identity 1 as a well-educated woman (fluent German and English) with whom he could discuss various topics in a straight-forward fashion, including sex. As a matter of fact, Identity 1 confided that she had always wanted to see "a real Western sex movie", but this desire was not fulfilled because the other two Soviets in her group had different interests. According to CAHELM, Identity 1 was very much impressed by what she saw and heard of the German living standard, and honest and frank enough to admit that it was much higher than that of the Soviets. She also confided that she had joined the "Soviet Committee for Protection of Peace" in order to be able to travel and to maintain contact with the "outside world". It was her first visit to Germany, although she has seen the Scandinavian countries on a previous occasion. (Note: We have instructed CAHELM to write a thorough assessment report on her and will debrief him once more regarding all details.)

4. It was learned that CAHELM is an old friend of Identity 2, and that he is also acquainted with Identity 3. Both individuals, whose activities we have monitored through CALLIKAK and [] during the past few years, are active organizers of German-Soviet youth contacts and travel groups. CAHELM has been instructed to establish closer and more frequent contact with Identity 2. This, we hope, will eventually guarantee him steady contact to the majority of visiting Soviet youth groups.

5. Any information that the addressees may possess on Identity 1 will be very much appreciated.

<p>1. The following are additional observations by CAHELM of Subject of Reference. These initial impressions resulted from a two-day acquaintanceship, during which CAHELM was only twice able to talk to Subject alone, each time for about twenty minutes and each time at Subject's initiative. We are also forwarding u/s/c a photograph of Subject taken during her visit by CAHELM and her calling card.</p> <p>2. According to CAHELM, Subject, who possesses a doctorate in Ethnography and is unmarried, in no way gave the impression of being a political functionary. She hardly ever took the initiative in broaching purely political topics. Instead, her main interests appeared to be similar to those of any Western woman: fashions, living standards, leisure time, youth and school problems, prices. When political matters were being discussed, Subject did not spew forth the standard party-line reply but rather attempted to provide an honest answer. However, when the questions were too difficult or too embarrassing, silence and a smile were her answer.</p> <p>3. In addition to a little English, Subject speaks almost accent-free German, which she claimed to have learned from her aunt as a child. CAHELM described her personality as modest, direct, and sensitive, not unlike that of a Western European woman. Of above average intelligence, Subject showed herself to be "warm and natural in the right circumstances", responding promptly to those who exhibited the same openness and honesty.</p>

1. GERHARD GRUETZMACHER, FIRST CHAIRMAN OF THE WEST GERMAN "GERMAN CHINA SOCIETY" (DEUTSCHE-CHINA GESELLSCHAFT - DCG), WAS INFORMED IN JUNE DURING TALKS WITH CHINESE COMMUNIST OFFICIALS IN EAST BERLIN THAT PEKING WILL SOON BEGIN RELAXING TRAVEL RESTRICTIONS TO CHINA. ONE CHINESE OFFICIAL, DESCRIBED BY GRUETZMACHER AS THE AMBASSADOR, ADMITTED THAT THE CULTURAL REVOLUTION CAUSED CHINA TO NEGLECT ITS TOURIST TRADE. (HEADQUARTERS COMMENT: THERE IS NO CHINESE AMBASSADOR PRESENTLY POSTED IN EAST BERLIN; THE EMBASSY IS UNDER CHARGE D'AFFAIRES LIU P'U.) THE

OFFICIAL SAID THIS SITUATION IS NOW BEING CORRECTED BUT NOTED THAT SUCH CHANGES CAN ONLY TAKE PLACE GRADUALLY. AS A MEANS OF ENCOURAGING TOURISM, A PROGRAM WILL BE DEVELOPED IN 1970 INSURING THAT VISITORS TO CHINA AND ITS REGIONS WILL RECEIVE A FAVORABLE RECEPTION.

2. DURING THESE CONVERSATIONS, THE CHINESE OFFICIAL CONFIRMED TO GRUETZMACHER THAT PEKING WOULD EXTEND AN INVITATION TO A DCG DELEGATION TO VISIT CHINA IN 1970.

SUBJECT West German Ship Captain's Description of Situation in Chinese Ports during August and September 1968

ACQ Germany, Bonn (September 1968) FIELD NO. EGN 4033

SOURCE A West German businessman with regular direct access to businessmen engaged in trade with China. He obtained the information in this report from Captain Hirschhausen of the Rickmers ship line, who made the trip described below. It is believed to be an accurate account of Captain Hirschhausen's statements.

1. Captain Hirschhausen stopped at the ports of Shanghai, Singkiang, and Dairen between the end of July and mid September 1968. (Source Comment: The Rickmers line is the only line which regularly sails the Europe-China route. The line has six ships, each of which should, for financial reasons, make the run at least three times a year. Each ship travels the route only twice annually, however, which is one of the reasons for the financial difficulties in which the line presently finds itself. The head of the firm, Claus Rickmer, has a good reputation with the Chinese, but tariff and trade negotiations are difficult, and other problems have been encountered, such as arrests of the seamen, confiscation, and unnecessary delays in loading and unloading. The Chinese have also been unwilling to assume any responsibility for difficulties caused by unrest which was a part of the Cultural Revolution.)

2. Hirschhausen arrived in Singkiang Harbor on 25 August, but had to anchor outside the harbor for almost thirty days and then was anchored inside the harbor for another two weeks because the ship could not be serviced because of transportation difficulties and lack of workmen. Every morning a delegation of Chinese boarded the ship and held political discussions for two to three hours on the teachings of Mao. Shrill female voices broadcasted Mao propaganda in all languages over loudspeakers in the harbor for many hours. This

route is unattractive for seamen. They must be back on board ship by midnight, and any rough handling of a Chinese by seamen or non-observance of Chinese propaganda results in immediate arrest. Free movement is possible within the city, but not outside it.

3. The Chinese use any pretext to make difficulties, but once a confession is signed and Mao praised, everything is forgotten and the problems are solved. Even if the charges are absurd, it is easier to do what the Chinese require, so that business can in some way be carried on. Hirschhausen said that he is regarded as a good Communist in the harbors and that as a result his treatment is better if difficulties arise. His predecessor, however, who has since retired because he could no longer stand arrests and harrassments, had a more difficult time because he would not acknowledge Mao in order to be left in peace.

4. Hirschhausen believes that of all the ships engaged in China trade, between sixty and seventy percent are Greek. They also sail on China's rivers.

5. While his ship was docked at Dairen in late August and early September 1968, Hirschhausen saw about twenty-five persons of various ages who had been hanged in the vicinity of the harbor. They had been publicly denounced and maltreated before their hanging. When he asked what their crime had been, he was told that they had once collaborated with the Japanese, that they had been Japanese agents and had been hiding out ever since until they were discovered during the Cultural Revolution. When it was pointed out to them that some of the people would have been children during World War II, the Chinese made no reply. Hirschhausen said that he had found ships' controls greatly increased over what they had been earlier, particularly in Dairen. He said that while he had seen a few individual Red Guards in Dairen, there were not many and the wall posters were down.

6. According to Captain Hirschhausen, propaganda about Mao seems to have increased, both toward visitors and toward the Chinese. It is principally directed at the workers in the factories. A noticeable conflict seems to have arisen between the younger workers and the older generation. The visitor to China also gets the impression that propaganda attacks on the Soviet Union have become sharper and more frequent and that the "enemy no. one" for China is not the United States but the Soviet Union. Daily political education courses lasting from two to three hours are given to the ships' crews; even the captain has to participate. Politics and propaganda take precedence with the Chinese over the country's economic interests.

7. Ship construction is being intensified in China, and more are being built, especially motor boats. Ships over 15,000 tons are not built on Chinese docks, but one 15,000 ton ship is now being built as a one-of-a-kind model. The purchase of foreign-built ships is also increasing in order to build up the Chinese trade fleet and make China more independent. The ship "Etha Rickmers" was sold to China two years ago at a favorable price and sails from Hong Kong under the name of "Friendship" in Chinese ciphers. "Etha Rickmers" was used by the Chinese as a model for other ships. All the insignias of former owners have been removed, and it has been made to look like a Chinese-built ship. Hirschhausen said he had seen the "Etha Rickmers" in Singapore. Chinese ships or ships under Chinese charter receive strict instructions from the Chinese to load goods in German harbors which were originally contracted for the Rickmers line. The line is powerless to do anything about this if it wants to continue trading with China. Claus Rickmers acknowledges this treatment, which the Chinese call "positive political-ideological support of the new China", and he thinks he serves his line better if he were to argue about the contracts. The name of Rickmers is still in good standing in China, and Rickmers hopes that patience and cooperation with the Chinese will pay off.

Strong efforts have been made to ensure the security of the CAHELM operation, particularly in the area of case officer/agent communications. Pre-arranged meetings, generally on a frequency of two or three per month, have been held in small out-of-the-way restaurants and bars. Car meetings and pre-arranged brush contacts augment these arrangements. Recently acquired safehouse facilities, however, will permit us to drop these restaurant meetings in favor of safehouse meetings, which will be the standard for future contact.</p> <p>2. Re Reference B comments, we feel that CAHELM's "leave of absence" status has presented no cover or security difficulties. There are two reasons for this conclusion:</p> <p style="padding-left: 40px;">a. When he is asked about his employment (something that has seldom occurred), he claims to be a consultant (Freier Mitarbeiter) with his previous overt employer, on whose rolls he is still carried. This explanation has satisfied all inquiries to date. Moreover, his "consultant" status also explains his irregular hours.</p> <p style="padding-left: 40px;">b. CAHELM's net income has dropped only DM 200 (ca. US\$54) monthly since taking the leave of absence. Covering this small amount of difference has not been a problem.

We agree that for the long-run some overt employment should be developed and have been working with CAHELM on this matter for some time. It is hoped that he will be in such a position, compatible with his operational duties, by early 1970, certainly by the time his one year leave of absence expires on 1 April.

3. We note also that the objectives of this operation are regularly reviewed. In 1968 an attempt was made to expand CAHELM's activity beyond the KOBIRD area, which had been his field for several years. At that time he was directed to renew and expand his contacts in local leftist circles and to get himself accepted in the New Left movement. With Headquarters concurrence, as expressed in Reference B, approximately one year was spent in this activity, and it is felt that the degree of success achieved was most satisfactory.

4. However, in line with the recently enunciated downgrading of the New Left target, the objectives of this operation are being realigned. We are currently exploring his leftist connections (both those developed over the past year as well as his long-standing contacts) in a REDTOP context. The objective will be to exploit these contacts as a means of developing CAHELM into an access agent, vis-a-vis either the REDTOP PCS target or visiting MHHARSHERS. Definite leads in both of these cases have already been discovered. We are also attempting to arrange CAHELM's future overt employment situation (described in Paragraph 2 above) not merely as a cover mechanism but as a means in itself of bringing him into contact with the REDTOP target.

5. This does not mean, however, that CAHELM is breaking his ties to KOBIRD or New Left contacts. In fact, he continues as an asset of KOBIRD operational potential and will remain so. His New Left contacts will also be maintained, albeit on a less intense basis, while his main effort is concentrated on the REDTOP target. Periodic reporting from the field will keep Headquarters informed of progress in this operation.

<p>1. Request addressee traces on Identities 1 and 2. Identity 1 is of interest Hamburg Base as a potential access agent by virtue of her overt employment. As part of his increasing involvement in the REDTOP field, CAHELM has established social contact with these individuals. We are now attempting to develop this into a personal relationship which will furnish assessment and possible susceptibility data on Identity 1.</p> <p>2. We know from other sources that Identity 1 is not completely happy with her present employment conditions; on one recent occasion she was known to be considering quitting if a pay raise was not forthcoming. We don't yet know how (or if) this matter has been settled. It is also known that a personality conflict exists between Identity 1 and her employers. While we would hesitate to exaggerate the importance of these factors, their existence may be operationally significant. We selected CAHELM to attempt a low-keyed "personal" approach primarily for two reasons: (A) He has shown himself to be an excellent contact man, who can readily establish a personal relationship with another individual. (He also appears to exercise a certain charm with the ladies.) (B) His long-standing leftist credentials provide entree of a sort and serve as bona fides for the routinely suspicious leftists with whom we are dealing.</p> <p>3. CAHELM has overheard Identity 1 on several occasions vehemently but discreetly complaining to Identity 2 about her place of employment and colleagues. This shop talk, sometimes quite bitter, only takes place when they feel certain no one is nearby or listening. Any other time the conversation is of a general nature. Identity 2, being more outspoken than Identity 1, leaves no doubt as to his leftist political inclination. He apparently enjoys immensely a brisk discussion, something with which CAHELM obliges him, and finds a Lenin quote to suit any occasion. Hopefully this mutual interest in things political will pave the way to more personal get-togethers and eventually lead to an operationally productive personal relationship.</p> <p style="text-align: center;">[]</p>

Herewith Attachment to EGGA-4684, 16 January 1970

26 December 1969:

A short conversation between Anatoliy Leonidovich ZLOBIN [redacted] Chief, SOVAG/Hamburg, and Vladimir Borisovich KUKIN [redacted] of SOVFRAKHT/Hamburg reveals that Aleksandr Ivanovich KOLTYPIN [redacted], Chief, SOVFRAKHT/Hamburg, is going to return from Moscow on 31 December 1969. (Field Comment: KOLTYPIN attended an annual SOVFRAKHT conference which commenced in Moscow on 23 December 1969. He was accompanied by his wife. KOLTYPIN is due to be replaced sometime in January/February by one Vernaliy Ernestovich GIECHUNTZ.)

29 December 1969:

Vadim SHUTOV of SOVFRAKHT/London informs KUKIN (SOVFRAKHT/Hamburg) that the Chief of the ANGLO-SOVIET SHIPPING CO., London, (fnu ZVONKIN, is going to attend a conference (unidentified) in Hamburg on 13 January 1970. SHUTOV, who is going to send money with ZVONKIN, wants KUKIN to purchase a Dual stereo set for him and have NOSTRAK/Hamburg (MORFLOT Agent) ship it to him aboard the Soviet vessel MS "ANGARSK".

5 January 1970:

A conversation between KOLTYPIN (SOVFRAKHT/Hamburg) and Anatoliy PRIBYLOV (SOVFRAKHT/Paris) reveals that SOVFRAKHT/Hamburg has failed to pay taxes (Lohnsteuer) for their two local employees (Harriet DETSCH, secretary, and Irma NEUBERT, cleaning woman) over the past ten years. The local German Finanzamt is now requesting approximately DM 100,000.- in back payment. KOLTYPIN has reported this "surprise" to Moscow, and has turned the matter over to the lawyers of the Soviet Trade Mission (STM), Cologne.

6 January 1970:

A conversation between KOLTYPIN and SOVFRAKHT/Moscow reveals that plans are under way to assign a t h i r d male representative (fnu LNU) to SOVFRAKHT/Hamburg who is going to have his desk in the office of NOSTRAK [redacted]. The local Baubehoerde in Hamburg has turned down plans to build an attachment (extra apartment) to the SOVFRAKHT/Hamburg building, and KOLTYPIN has requested DM 10,000.- in order to find an apartment for the newcomer elsewhere. Moscow has already approved DM 12,000.- for the purchase of an automobile for this individual.

6 January 1970:

Vladislav Aleksandrovich MIKHEYEV (STM/Cologne) informs KOLTYPIN that a crew member of the MS "BALAKLAVA" - Sergei Dimitrievich SHURYGIN - is hospitalized in the Wilhelmsburger Krankenhaus (Hamburg 93) with a leg injury, and asks that the sailor be visited and taken back aboard his vessel which is due to return to Hamburg on or about 7 January 1970.

6 January 1970:

KOLTYPIN informs PRIBYLOV (SOVFRAKHT/Paris) that the President of SOVFRAKHT/Moscow, A. A. SAVELYEV, is going to retire on 10 January 1970. According to KOLTYPIN's opinion, Nikolai Ivanovich SUYEV (First Vice President) is going to succeed SAVELYEV.

6 January 1970:

KOLTYPIN informs Yevgeniy Kalinkovich KORNEYCHUK (SOVFRAKHT/Rotterdam) that a "Canadian Shipping Conference" is going to take place in Hamburg on 18-19 February 1970. (No other details.)

7 January 1970:

KOLTYPIN learns from Sergei KAUSOV (SOVFRAKHT/Paris) that Lev MALININ - a recently arrived SOVFRAKHT employee - is going to be used mainly as a "liaison man" between SOVFRAKHT/Paris and the Commercial Section of the Soviet Embassy/Paris.

7 January 1970:

A conversation between Harriet DETSCH (secretary, SOVFRAKHT/Hamburg) and her husband reveals that they are planning to take a cruise aboard the Soviet vessel MS "TARAS SHEVCHENKO" in March 1970. The cruise, which will take them to North Africa, is being organized by NECKERMANN/Frankfurt/M. (Field Comment: We are instructing CAHELM to find out more about this and, if possible, may send him on the cruise as a means of consolidating his developing relationship to the DETSCH's.)

<p>b. Acting on instructions to intensify his cultivation of Identities 1 and 2, Subject has developed his relationship with these individuals from that of a casual social acquaintance to a more friendly level. Identities apparently enjoy Subject's company and have displayed in their conversations with him an increasing trust. This has been evidenced recently by their willingness to discuss with Subject not only abstract political themes but also matters transpiring in Identity 1's employer firm, the actual target of our exercise. This is, we note, despite an otherwise keen security sense on the part of Identities. We are still searching for some significant susceptibility on the part of Identity 1 which would indicate possible recruitability. In the meanwhile and until this is determined we feel the cultivation exercise is worth while in that Identity 1 has shown a talkative nature vis-a-vis Subject and appears to possess promise as a valuable elicitation source.</p>		
<p>c. Unfortunately, the certainty with which we viewed Subject's entry into the leadership of Identity 3 did not prove warranted. The position noted in Paragraph C2 of EGGA-4733 for which he was being considered went to another individual. Subject's activity within the organization will continue at about the same level as previously.</p>		
<p>4. <u>Security:</u></p>		
<p>There have been no untoward security developments during the reporting period.</p>		
<p>5. <u>Administrative:</u></p>		
<p>Subject will be on vacation and out of the Hamburg area during the period 10 July to 5 August 1970.</p>		
<p>6. <u>Financial:</u></p>		
<p>Subject is paid a salary of DMW 800 per month, in addition to which he is reimbursed for directed operational expenses.</p>		
<p>7. <u>Comments:</u></p>		
<p>a. We are most satisfied with the performance of this energetic and resourceful agent. His development of Identities 1 and 2 has been commendable and shows encouraging promise. We would also cite his excellent performance in reporting and analyzing the Fifth Stockholm Vietnam Conference.</p>		
<p>b. With the likelihood of a Soviet Consulate-General coming to Hamburg in the near future, we have been exploring Subject's contacts and access with the objective of preparing him for an access agent role against this most interesting future target. The potential offered by his relationship to Identities 1 and 2 is clear. Augmenting this and in an attempt to make Subject more attractive to potential Soviet target individuals, he was recently instructed to explore the possibility of securing employment with a local governmental agency. If such proves feasible it would also improve Subject's cover situation, although we might add that his current cover has stood him in good stead to date.</p>		
<p>c. In addition to his Soviet-oriented activities, which are his primary assignment, Subject also performs ad hoc</p>

WS and HKM receive Hans Waldemar SEEBODE, of Hamburg, at NCNA. SEEBODE has taken advantage of passing through Bonn on the way to taking a "Kur" to call at NCNA. He also intends to visit a step-sister residing in Wiesbaden, call on another friend of long-standing in Cologne, and perhaps visit Herman SCHWANN, one of the original founders of the Deutsch-China Gesellschaft (DCG). SEEBODE tells WS that while he was not sure that WS would have time to see him, he hoped for the best when he telephoned to WS the previous day for this appointment. In reply, WS states that his predecessor, HSIANG, had left him a list of names and, since SEEBODE's name is on this list, the appointment was given to him.

SEEBODE tells WS that he visited NCNA three years ago and points out the chair in which he had sat on that occasion. He adds that HS and MA visited him in Hamburg and had asked his opinion about the China Bulletin which at that time DETTMANN had just begun to publish. In answer to WS's question, SEEBODE states that he has known DETTMANN for ten years, that DETTMANN had come to Hamburg as a student and tried to contact the DCG at that time. SEEBODE adds that at present, the Gesellschaft sees or hears little about DETTMANN.

Biographical data on SEEBODE: He and his two sons, aged 18 and 21, have lived alone together for the past five years. His wife ran off to the DDR with another man. SEEBODE's mother-in-law also lives in the DDR. The younger son still attends school; the older son is doing practical work in a factory. Both sons are strongly for the youth movement and have attended a meeting at which Dieter SCHUETT showed a film about the 9th Party Congress. Presently SCHUETT has organized and is carrying out a "China week" in Hamburg. SCHUETT is not a member of the DCG, is a very young person and therefore able to attract young people. The members of the DCG are, in SEEBODE's words, older people. In reply to WS's question, SEEBODE states that he gave up his job with the bank and now works at the Amt fuer Wirtschaft. He describes his position there as one of a municipal official but that he took this job because he wanted to do both outdoor and indoor work. He adds that part of his job is the ENG but that he also does advertising work. In his own words, it is not the best job one could have but because he is 49 years old, couldn't afford too much time looking around. SEEBODE states that he could not tolerate remaining at his job for the Deutsche Bank.

SEEBODE compliments HKM on his good German, asks him if he has been to Germany before. HKM replies that he learned his German in Peking.

SEEBODE gives WS an invitation to the next meeting of "Die Runde" in Hamburg. He says that hope exists that someday WS will attend. SEEBODE asks WS whether he has received the previous "Runde" invitation which he mailed to NCNA several weeks ago. WS dodges, states that he doesn't know whether it had arrived because he was in Paris at that time. SEEBODE enumerates the people who do attend "Die Runde" meetings: Mr. and Mrs. Ernst AUST have attended two or three meetings; Frau RUEGE (phon), who was in China from 1933 to 1947 and who speaks excellent Chinese; Mrs. LIN, a German blonde married to a Chinese; Mr. WU, a regular participant, has a business in Hamburg; Anna WANG (MERTENS); Inge JAHNKE come to three consecutive meetings and showed her slides after returning from China. WS makes no comment when any of these names are mentioned. He does ask what the total membership is! SEEBODE answers that "Die Runde" has a total membership of 70 to 80, that approximately 20 to 22 people attend the meetings, which are usually held every last Friday of the month. He adds that the 20 to 22 who attend are not usually the same ones and that sometimes sons and daughters of the original members come, as do students occasionally. The next meeting will include a film made by a Japanese cameraman and will be shown by Karsten DETTMANN. DETTMANN and Gerd FLATOW have already shown this film in Duesseldorf.

SEEBODE tells WS that "Die Runde" was established 20 years ago by Dr. Herbert MUELLER, now deceased. SEEBODE is continuing with MUELLER's work. He tells WS that a similar type of association exists in Bonn, that it is run by Dr. BUENGER, and holds its meetings during the first week of every month. WS tells SEEBODE that he has not yet contacted Dr. BUENGER. SEEBODE again expresses his hope that someday WS will attend a "Die Runde" meeting. WS replies that he's very busy now, doesn't know German yet and blames his old age for his slowness in learning the language. Later, WS intends to contact all the people whose names are on the list HS made up for WS.

After the first 45 minutes of SEEBODE's visit, during which WS carries his share of the conversation, WS resorts to using HKM as an interpreter and the conversation dwindles to a one-sided one of SEEBODE talking, HKM interpreting. WS makes no comments at all, even though SEEBODE brings up the CDU, the Moscow Treaty, politics in general. WS merely laughs when SEEBODE offers to answer any question WS may have. At one point, SEEBODE states that he is going to stop talking since he is the only one carrying on the conversation. WS again just laughs.

SEEBODE leaves, extending an invitation to WS and HKM to visit him at any time in Hamburg.

STATION/BASE <u>Hamburg</u>	PROJECT <u>CAFIGHT</u>	REPORT NO. _____
AGENT'S CRYPT <u>CAFIGHT-2</u>	TO <u>11 Mar 71</u>	DATE OF <u>NOV/OA</u>
PERIOD COVERED <u>1 Oct 70</u>	COSTS \$ <u>2130</u>	<u>19 Nov 50</u>
CASE OFFICER TIME <u>15 hours</u> (monthly)	(during period)	

BACKGROUND AND ACCESS OF AGENT: CAFIGHT-2 (C-2) was recruited for use in the KOBIRD/CO field in 1958, in which function he served until contact was allowed to lapse in 1961. He was recontacted in 1964 and resumed his KOBIRD/CO activities. Since late 1969 his primary assignment has been against the local MHHARSH presence, although he continues active in the KOBIRD/CO, [] and [] MHCHAOS areas. He is currently being groomed as a direct access agent, the ultimate target being CATROJANHORSE. He has developed a solid personal relationship to a local employee of a TYPE OF AGENT COMMUNICATIONS: Hamburg MHHARSH installation.

C-2 is met in a Base safehouse at pre-arranged times. Emergency contact is via Base ops phone.

TARGETING: (including OD citation)

Priority A I. Local MHHARSH presence.

OPERATIONAL DEVELOPMENTS: (include security aspects and training)

C-2's expected EOD with a local agency of known MHHARSH interest failed to materialize for reasons beyond his control; although qualified, he was pre-empted in favor of a civil servant with long seniority. C-2 probably has legal grounds to take the matter to court, but we feel this is not necessary since his basic qualification will allow him other positions of interest in local agencies. Meanwhile, his relationship to a local employee of an MHHARSH installation has deepened to one of personal trust, something we are attempting to parlay into an introduction to local MHHARSHERS. Also during this period, C-2 established direct contact to [] senior TPFASST official in West Germany. While [] is interesting in his own right as primary TPFASST target of COS, Germany, C-2's contact with him also enhances C-2 from an MHHARSH point of view.

PRODUCTION: (include significant operational information)

EGGA-4946, 17 Dec 70 : MHCHAOS. Reporting on Stockholm Vietnam Conference. Portions disseminated as CS LT 313/00301-71.

EVALUATION AND RECOMMENDATIONS:

FIELD: The very positive evaluation of the previous FISR remains valid. As Headquarters appreciates, it is a long road to groom an agent and bring him into natural contact with an MHHARSH target individual. In C-2's case, this grooming has been in progress for some 18 months. We feel his progress has been commendable. At the same time, he has contributed significant areas of valuable Base asset.

AUST BROUGHT THE CHINESE TO THE RALLY FROM HAMBURG HARBOR. E/G/DAO/PP

ACQ Germany, Hamburg (3 May 1971)

FIELD NO. EGG-1700

SOURCE Paragraph 1 from a West German commercial employee with good contacts in leftist circles in Hamburg. He has reported reliably for several years within the limits of his access. He personally witnessed the demonstration described below. Paragraph 2 from an official West German Service.

1. Twenty Chinese Communist seamen were active participants in a 1 May 1971 demonstration in Hamburg organized by the Communist Party of Germany/Marxist-Leninists (Kommunistische Partei Deutschlands/Marxisten-Leninisten-KPD/ML). (Field Comment: The KPD/ML is a radical pro-Chinese splinter group founded on 31 December 1968 by Ernst A u s t, a former functionary of the now illegal German Communist Party - Kommunistische Partei Deutschlands-KPD). Some 700-1000 demonstrators gathered for a rally, with Aust as the main speaker, followed by a parade through the city. Aust brought the Chinese to the rally from Hamburg harbor. The seamen, dressed in identical blue/gray uniforms, sang "The East is Red" in Chinese and headed the march, rhythmically waving red "Mao Books" and joining in repeated choruses of "Mao Tse-Tung." The affair appeared to be well-organized and disciplined. (Source Comment: The demonstration was surprisingly large since the KPD/ML in Hamburg has only about 100 members.)

2. The demonstration began at 10:00 A.M. and lasted approximately 3 hours. Later in the afternoon a convoy of 13 cars, led by a truck with KPD/ML banners, traveled to the berth in Hamburg harbor of the MS "Sapphire," of Somali registry. Thirty Chinese crew members formed in ranks in front of the ship and joined the 80 other participants in singing the "International." The ceremony was over in ten minutes. (Field Comment: Although the origin of the Chinese seamen cannot be conclusively determined, the shipping agent for the

OF THE EXECUTIVE COMMITTEE OF THE INTERNATIONAL INITIATIVE FOR VIETNAM SOLIDARITY (IIVS), WAS REPORTED ACTING AS INTERMEDIARY IN THESE NEGOTIATIONS THROUGH CONTACTS IN THE WEST GERMAN TRADE UNION FEDERATION (DEUTSCHER GEWERKSCHAFT BUND - DGB). THE PRG REPORTEDLY OFFERED THE RELEASE OF SCHRADER-ROTTMERS CONDITIONAL ON THE ISSUANCE OF VISAS TO A PRG TRADE UNION DELEGATION TO ATTEND VARIOUS "INDOCHINA HEARINGS" SCHEDULED THROUGHOUT WEST GERMANY FROM 19 TO 30 OCTOBER 1971.) ACCORDING TO WERKMEISTER, THE WEST GERMAN FOREIGN MINISTRY HAS REFUSED TO ISSUE ANY VISAS UNLESS SCHRADER-ROTTMERS IS REQUIRED TO REPORT TO THE WEST GERMAN EMBASSY IN SAIGON IMMEDIATELY AFTER HIS RELEASE.

2. WERKMEISTER BELIEVES THE FOREIGN MINISTRY WISHES TO PREVENT SCHRADER-ROTTMERS IMMEDIATE RETURN TO GERMANY TO PARTICIPATE WITH PRG REPRESENTATIVES IN THE "INDO-CHINA HEARINGS", THUS DENYING IIVS-ASSOCIATED ORGANIZATIONS MAXIMUM PROPAGANDA EXPLOITATION OF THEIR ROLE IN SCHRADER-ROTTMERS' RELEASE. 3. WERKMEISTER CLAIMS THAT OVER 300 DGB EMPLOYEES SUPPORT THE ROLE OF THE DGB IN PRESSURING THE WEST GERMAN GOVERNMENT TO ACCEPT THE PRG'S OFFER FOR SCHRADER-ROTTMERS RELEASE. IIVS-AFFILIATED ORGANIZATIONS ARE ATTEMPTING TO BRING ADDITIONAL PRESSURE ON THE GOVERNMENT THROUGH PRESS RELEASES DESCRIBING THE SCHRADER-ROTTMERS CASE.

4. MADAME NGUYEN THI BINH, FOREIGN MINISTER OF THE PRG AND HEAD OF THE PRG DELEGATION TO THE PARIS PEACE TALKS, INFORMED WERKMEISTER ON 17 OCTOBER 1971 OF HER CONTINUED INTENTION TO ATTEND THE "HEARING" SCHEDULED IN HAMBURG FOR 22 OCTOBER 1971. THE DRV VISITING WEST GERMANY COMMENTED THEY EXPECTED A PRG INFORMATION OFFICE TO BE OFFICIALLY ESTABLISHED IN BONN AFTER THE 1973 WEST GERMAN NATIONAL ELECTIONS IF THE SOCIAL DEMOCRATIC PARTY (SPD) REMAINS IN POWER AND HAS A GOOD LEGISLATIVE MAJORITY. THE VIETNAMESE DELEGATION, CONSISTING OF VO THI T H E - PROFESSOR OF LITERATURE AND MEMBER OF THE VIETNAM WOMEN'S UNION, NGUYEN THI N H U - DOCTOR OF GYNECOLOGY, AND LE THI H U O N G - DOCTOR OF CHEMISTRY, SPENT TWO WEEKS IN WEST GERMANY AT THE INVITATION OF THE "WEST GERMANY WOMEN'S PEACE MOVEMENT". THE VIETNAMESE DELEGATION ATTENDED AN "INDOCHINA HEARING" HELD AT THE HAMBURG UNIVERSITY ON 22 OCTOBER 1971 AND DEPARTED FOR EAST BERLIN ON 23 OCTOBER. THEIR REMARKS CONCERNING A PRG INFORMATION OFFICE WERE MADE IN A SMALL GATHERING OF INDIVIDUALS CONCERNED WITH PLANNING THE HAMBURG "HEARING". PENDING THE ELECTIONS, PROPAGANDA PREPARATIONS RELATING TO THE ESTABLISHMENT OF AN INFORMATION OFFICE ARE TO CONTINUE. (FIELD COMMENT: THE DEMAND FOR THE ESTABLISHMENT OF AN INFORMATION OFFICE WAS A MAIN THEME OF VARIOUS SPEAKERS AT THE 22 OCTOBER HAMBURG "INDOCHINA HEARING", AND A PETITION CALLING FOR SUCH AN OFFICE WAS CIRCULATED DURING THE RALLY.)

SCHWANN is a former FDP member, he has long since broken with the party and believes it is a propitious time to use the question of China policy as ammunition against his former FDP colleagues. Subject commented on SCHWANN's election as follows: "The DCG will probably receive a new impetus with SCHWANN at its head. The latter has many advantages over his predecessors: vitality, contacts with industry, parliamentary experience, access to all parties in Bonn, an open door to and respect from both the Soviets and Chinese, financial and political independence, ...etc."

3. For the past several years the DCG has been an ineffective and moribund organization. Recent arrangements for a DCG-sponsored tour of mainland China (reported in Reference) have, however, resulted in approximately 300 new applications for membership. According to F. von Knoblock of the Osttourist travel agency in Cologne further tours, also limited to DCG members, will follow the first trip scheduled to begin on 28 December 1971.

4. We have not yet obtained a list of participants for the December China trip. We note that Harry HAMM, a correspondent for the Frankfurter Allgemeine Zeitung and now a member of the advisory committee of the DCG, traveled to China in May 1964 (Base card refs FROB 7775, 28 May 64). Although not certain, we seem to recall that HAMM is a contact of Samuel A. THESSIN. HAMM is a relatively recent member of the DCG.

5. We request addee traces on Herman SCHWANN.

Invitation to the World Assembly in Paris
For Peace and Independence of the Peoples of Indochina
(Palais des Congrès, Versailles, February 11-13, 1972)

Dear Friends,

This letter is a call for a strong participation in the World Assembly in Paris, February 11-13, 1972.

The moment has come to organise a new world conference in protest against the US war in Indochina, for peace and independence of the Indochinese peoples.

Mr. Nixon still tries to give the impression that he wants peace, that he wants to end this war, which the American people opposes so long. But all his actions aim at the prolongation of the war. In order to be reelected he must seem to want peace, but in reality he hopes to be reelected on a programme of vague promises so that, during his second term he can continue the war. Nixon-Thieu means a long war and endless sufferings for the peoples of Indochina.

p. t. o.

+++++
Our Reply!
+++++

+++++
In open defiance of the Christmas message of Peace on Earth
president Nixon has started a new campaign of terror bombing
against the Democratic Republic of Vietnam, killing and maiming
innocent people in a desperate effort to subjugate the Vietna-
mese people. Mr Nixon starts again where president Johnson
stopped in October 1968, being compelled to recognize that the
bombing had not achieved its aim to crush the morale of the
North Vietnamese people but that it had on the contrary rein-
forced it. Nixon believes that he will succeed where Mr Johnson
failed. But he is wrong. These methods do not work.
+++++

+++++
But they are a challenge to us to intensify our support for the
Indochinese peoples and our opposition to Nixon's criminal war
in Indochina.
+++++

+++++
Our reply must be to make the World Assembly in Paris a mighty
demonstration of the peoples of the world against these cold-
blooded war crimes, crimes against humanity and acts of terror,
committed by the present US administration against innocent
peoples who do not want anything but live in peace and build up
a prosperous, peaceful and happy society on the ruins that a
ruthless aggressor made of the efforts of the past.

That is why it was decided to convene a World Assembly in Paris to reveal the truth, agree on a world action programme of the movement of solidarity with the Indochinese peoples and to ensure stronger and more efficient support to them.

The Assembly will be organised jointly by the Executive Committee of the Stockholm Conference on Vietnam and a large number of French organisations working together to end the war.

Many organisations of the Stockholm Conference on Vietnam as well as many French organisations have felt the need for a meeting to give new impetus to the protests against Mr. Nixon's hypocritical policy. But at the same time it did not seem possible to guarantee the success of a seventh conference in Stockholm. That is why Paris was chosen as the venue of the Assembly.

The Executive Committee therefore invited the French organisations to a meeting in Paris on October 30. This meeting unanimously decided to convene a conference in Paris in February 1972. It was agreed that the conference would be organised jointly by the Executive Committee and the French organisations. A group of ten (five representatives of each the Executive Committee and the French organisations) was appointed for the preparatory work.

This group met on November 21st and decided:

1. The Palais des Congrès in Versailles will be rented for February 14-15, 1972. The hall holds 900 seats plus 500 in the gallery, which may be used for listeners and observers.
2. The name of the conference shall be "World Assembly in Paris" with the sub-title "For peace and independence of the Indochinese peoples".
3. The participation fee shall be US\$ 20 (or 100 French francs) as previously.
4. An enlarged preparatory meeting shall be held in Paris on January 7, 1972. From this date on, the office of the Assembly shall be established in Paris. The French representatives promised to find a suitable office.
5. A number of reports on different aspects of the war in Indochina shall be worked out by experts. A sub-committee of three (Peggy Duff, Jim Forest and Charles Fourniau) will deal with the question of the reports.
6. Simultaneous translation shall be provided in English, French, German, Spanish and Russian. The documents of the Assembly shall be edited in English and French only, except the final documents, which shall be translated into all the five languages.
7. The invitation letters shall be signed by Mr. Svalundrom and a representative of the French organisations.

Enclosed we are sending you the communique on the convening of the conference, some information on those who organise it and a participation form. We ask you already now to let us know as soon as possible

approximately how many persons will participate from you. We ask those of you who need French visas to apply immediately at the French Embassy or Consulate in your town. We urge you to start the campaign immediately for a large participation in the World Assembly in Paris, which should become the biggest world manifestation so far for this purpose.

This conference early 1972 will carry great significance. We shall have to agree about the general outlines of our campaign in 1972, which will be a crucial year. Nixon continues the escalation of the war in the technological field though withdrawing a substantial part of the US forces. Our reply must be an escalation of our efforts and support to the DRV, PRG, FUNK and the Lao Patriotic Front. Our solidarity must express itself in action and we must do much more than so far, broaden the basis of the movement and strengthen contacts with our US friends to support them.

All forces of good will in the world must work together to stop the war, end the sufferings of the peoples of Indochina and restore peace - true peace with independence and no foreign interference - to start reconstruction.

This requires still greater efforts. We must show that we live up to our responsibilities, our words and our noble aims.

Hoping for your active participation in this undertaking and in the World Assembly in Paris, we send you all our good wishes.

Yours sincerely,

STATEMENT AGAINST THE WAR IN INDOCHINA ISSUED IN FEBRUARY, 1972.

Meeting in Paris on October 30, the Executive Committee of the World Conference on Vietnam, together with representatives of French organizations working together for peace in Vietnam, and of American peace movements against the war --

noted:

that the war in Indochina continues in all its horror and that President Nixon aims to continue the war for a long time (as shown by the American military budget, the policy of 'vietnamization', the intensification of military operations in South Vietnam, Laos and Cambodia, of the bombing of these countries, and even of the DRV, the development of highly technological war and of the electronic battlefield, US support for the Thieu government in Saigon and its refusal to respond to the 7 points put forward by the P.G. at the Paris Conference);

also noted:

that at the same time a campaign has been launched attempting to convince public opinion in the United States and the world, contrary to all the facts, that the war is fading out and that the policy of the American government is leading rapidly to peace.

For these reasons, the participants in the meeting unanimously agreed to call together all movements working to end the war in Indochina to a World Conference in Paris in February, 1972. The aim of this assembly will be to publicize the real truth on the war in Indochina and to prepare a resolution of union to ensure the withdrawal of all United States forces from Indochina and the cessation of American support for the Thieu government in Saigon, Phnom Penh and Vientiane, thereby restoring the right of the peoples of South Vietnam, Laos and Cambodia to independence and self-determination.

Who Are the Organisers of the World Assembly in Paris?

The Stockholm Conference on Vietnam is the only existing international liaison committee for co-ordination of action and protest against the war in Indochina, for information on the different aspects of the war and its background and for support of the Indochinese peoples in their struggle for freedom, independence and peace. The basic principle of this co-operation - and the explanation of its success - is that organisations and people should come together - without consideration of differences on other subjects, such as political ideology, religion, social or economic status, nationality, race, etc. - to help stopping this genocidal US war against the peoples of Indochina. The aim is that all foreign forces shall leave Indochina, so that the peoples of Vietnam, Laos and Cambodia can settle their own problems without foreign interference.

The origin of the Stockholm Conference on Vietnam is an invitation from the Swedish Peace and Arbitration Society to a number of international peace organisations to participate in informal talks in Stockholm to discuss what could be done to co-ordinate international protest action against the war in Vietnam. These talks took place in October 1966 with the participation of the Christian Peace Conference, the International Confederation for Disarmament and Peace, International Peace Bureau, Women's International League for Peace and Freedom, the World Peace Council and War Resisters International. As the outcome of these talks the first Stockholm Conference on Vietnam was held in Stockholm on July 6 - 9, 1967, with about 450 participants from 60 countries, including representatives of the Democratic Republic of Vietnam and the National Liberation Front of South Vietnam.

This experience was considered so successful that it was decided to build up a permanent machinery of liaison (International Liaison Committee). Since then five more Stockholm Conferences have been held at crucial moments of the war, and the World Assembly in Paris now being prepared can be regarded as the 7th Stockholm Conference on Vietnam.

The Stockholm Conference on Vietnam also has taken the initiative to the International Commission of Enquiry into US Crimes in Indochina which, so far, has had two sessions, one in Stockholm in October 1970 and one in Oslo in June 1971. Finally, as a result of another initiative from the Stockholm Conference, and International Trade Union Conference on Indochina is being prepared.

The Stockholm Conference has always worked in close co-operation with the true representatives of the Vietnamese people - the Democratic Republic of Vietnam and the NLF-PTG - and more recently also with the Lao Patriotic Front and as far as Cambodia is concerned with the FUNK and the Royal Government of National Union headed by Samdech Norodom Sihanouk.

The Stockholm Conference on Vietnam has now permanent contacts in nearly a hundred countries - political organisations, women's, students' and youth organisations, trade unions, religious organisations, peace organisations, etc. and, of course, Vietnam.

2. ONE OF THE MAIN THEMES OF THE CONFERENCE WAS A VEHEMENT REJECTION OF THE EIGHT POINT PROPOSAL ADVANCED BY PRESIDENT NIXON IN HIS 25 JANUARY SPEECH. LED BY HOANG QUOC VIET, THE 18 MEMBER DRV/PRG DELEGATION REPEATED, BOTH IN OPEN SPEECHES AND DURING EXTENDED INFORMAL DISCUSSIONS, THAT THE SEVEN POINT HANOI PROGRAM REMAINS THE ONLY BASIS FOR NEGOTIATIONS. POSITION STATEMENTS OF THE DRV/PRG DELEGATION EMPHASIZED THE FOLLOWING POINTS:

- A. FIRST PRIORITY REMAINS THE COMPLETE WITHDRAWAL OF ALL U.S. FORCES. WHEN A FIRM DATE IS NAMED, ALL U.S. PRISONERS OF WAR WILL BE RELEASED.
- B. VIETNAMIZATION MUST BE HALTED.
- C. THE AIR WAR MUST BE HALTED.

THE DRV/PRG GROUP CAMPAIGNED ENERGETICALLY BEHIND THE SCENES AS WELL AS OPENLY TO SECURE AGREEMENT THAT ALL FUTURE WORLD WIDE ACTIONS AND DEMONSTRATIONS HAVE AS THEIR SLOGAN: "A FIXED DATE FOR THE UNCONDITIONAL WITHDRAWAL OF ALL U.S. FORCES FROM VIETNAM." names of sponsoring organizations are included in the list of participants (Attachment B). Romesh Chandra, (Secretary-General of the WPC), Bertil Svahnstrom (President of the Executive Committee of the Stockholm Vietnam Conference), and Andre Souquiere (representing the 48 French organizations) appeared to be the prime motivators of the conference.

3. In the plenary hall as well as in the Commission rooms, equipment had been installed to provide simultaneous translations into English, French, Russian, Spanish and German languages. However, the available rooms were not adequate for the number of participants and consequently informal discussion groups collected in the halls, stairs and at entrances. The planning and organization seemed to be concentrated solely in the conference proceedings themselves and not in preparing for the needs of the participants. Restaurants in the area were soon out of food and refreshments as was the one snack bar in the building. Participants often had to go without meals to insure being present for the proceedings. Many participants felt lost, neglected and superfluous. Most had at best no possibility of affecting the outcome or specific resolutions, only the chance to play the role of the attentive audience and many expressed disappointment at this situation.

4. COMMISSIONS The conference was organized into four commissions:

- a. The First or Political Commission.
- b. The Second or Action Commission.
- c. The Third or Commission on New Aspects of the War.
- d. The Fourth or Economic Commission.

The draft resolutions of the commissions, which in fact became the final resolutions, are forwarded as Attachment C. Only in Commissions I and IV did the chairmanship remain constant; namely Romesh Chandra in the former and Prof. Guenther Drefahl of East Germany in the latter. In Commission II the chair alternated between French and Italian delegates while in Commission III the French and Australians dominated. No attempts to seize chairmanship of any commission were noted; each approved chairman had four deputies at his side at all times to forestall any such attempt.

5. DISSIDENT OPINION AND COMMISSION DECISIONS Trotskyites and other potential opposition groups were not observed either in the plenum or in the commissions. Strict control procedures at the entrances seemed successful in preventing any significant extremist presence. Occasional individual attempts to bring forth deviant ideas in the plenum were frustrated by polite parliamentary means and soon died. The same party-line predominance prevailed during discussions in the separate commissions. There were in fact no unanimously adopted resolutions in any commission. Because of the very pressing time situation, which conference organizers probably intended as such, draft resolutions printed in advance served as the basis for the final reports of the commissions which were usually passed with only very minor changes. (See Attachment C.) Conflicting or varying ideas were parried with the comment, "that matter is being discussed in another commission," or "one cannot include every item in a resolution," or "another wording of this point is already part of the resolution," etc. Because of the limited time allowed each speaker as well as the presence of an overwhelming majority of party-liners, it was only occasionally necessary for the conference leadership to resort to calling for a vote by acclamation. This technique effectively stifled the opposition.

6. FINANCIAL ARRANGEMENTS Since the Versailles Conference was organized and managed by the WPC--and in part through its

BEST AVAILABLE COPY

effort, the Stockholm Vietnam Committee--travel and financial arrangements were provided by the local WFC-affiliated sponsoring organizations in the various countries. Depending on their individual financial situation, official delegates were reimbursed by the sponsoring organization for travel costs, conference fees, and postage hotel expenses. Once in Paris, however, heads of delegations often found themselves obliged to assist members who ran out of funds. For example, Alicia Bobrycheva, of the Soviet delegation was assigned to manage her delegation's finances, as was one Paw Rozas, whose organization was given as "COCO" (no further information). Skipped out for special financial support were youthful participants and those from youth groups. In the West German case, several bus loads of youths were brought to Versailles free of charge to participate in the demonstration scheduled for 1) February, simply to lend a "youthful flare" to the proceedings.

7. TRADE UNION CONFERENCE ON VIETNAM C-5 learned from one Dusan Ujerski, a Czech participant, that a World Free Trade Union (WFTU) Conference is on the agenda. It is hoped to convene such a conference in Vienna in October 1972, provided a European-level trade union conference can be held prior to this date. If this is not possible, the European trade union conference will be held in Vienna in October and the WFTU Conference sometime thereafter.

8. FUTURE PLANS No concrete plans for a second World Assembly this year were noted, although Svanstrom in his closing speech indicated the Executive Committee of the Stockholm Vietnam Conference would convene in a few weeks to discuss future plans. In informal discussions, C-5 received the clear impression that the WFC leadership is seeking means to transform the specifically Indochina forum of the current conferences into a permanent World Assembly apparatus targeted not only against U.S. Vietnam policy but against U.S. policy in general.

9. CONFERENCE DOCUMENTS C-5 commented that it was more difficult to obtain complete documents in Versailles than at earlier Stockholm conferences. Too few were printed and distribution was often delayed. Because of the overloaded printing demands, certain documents were never printed in time for distribution. We have included all documents C-5 was able to procure as Attachment B which we are forwarding to Chief/EUR. Where he was able to obtain duplicates, these are being forwarded to Chief/CA Staff. Attachment E, forwarded to Chief/CA Staff, contains samples of propaganda material distributed at Versailles. C-5 reported his activities at the conference were made more difficult because he was unable to obtain a list of participants (Attachment B) until three hours before the conference closed. The original list, prepared prior to the conference, was not distributed because it contained the names of certain participants--primarily Greeks, Spaniards, Portuguese and Turks--whose presence if known could cause them difficulty in their homelands. The final list did not include these names. Not having such a list during the relatively brief and hectic conference, according to C-5, severely slowed his spotting and contacting activity.

10. In an interesting sidelight, C-5 reported four large packages of propaganda material bearing Aeroflot markings arrived from Moscow the evening of 12 February and were brought by Soviet delegates directly to the document distribution table. Before they could be opened, however, someone walked off with all four packages. Not wishing to create a scandal or possibly ludicrous situation, the Soviets insisted no mention of the incident be made and the "thieves" were not uncovered. According to Dusan Ujerski and Frank Wertheimer, a leading West German WFC activist, the culprits were to be found among the dissident French trade unionists, but no evidence for this conclusion was cited.

11. Re Reference D, C-5 did not observe any attempts at disruptive action by radical groups. He noted no situation arose which would have required the approximately fifty guards present (forces d'ordre) to control order. Apparently the radicals never gained entry, something probably due to the strict control maintained at all entrances. Nor did the question of granting entry to these groups materialize in the conference itself. C-5 noted no open dissension on this matter within the gatherings and discussions he observed. The more militant groups were forced to limit their actions to premises outside the conference, where they distributed leaflets attacking the conference and attempted to organize a counter-demonstration opposed to the "official" demonstration held on 13 February. Approximately 3,000 members of the New Left mustered for this purpose, but a heavy rain helped to thwart any serious confrontation. C-5 could not confirm whether conference organizers and French security forces were cooperating to insure a peaceful conference. One police troop truck was stationed in front of the conference building, but no situation developed which would have required the police to intervene. Careful and detailed prior planning by conference organizers and the heavy "party line" emphasis apparent throughout insured a relatively undisturbed conference, according to C-5.

BACKGROUND AND ACCESS OF AGENT: CASUSTAIN-5 (C-5) was recruited in 1958 for use in the KOBIRD/CO field. Contact was allowed to lapse in 1961 but was resumed in 1964. Since 1969 his primary assignment has been to develop credentials as an access candidate to the MHARSH PCS presence. At the same time, he has continued active in the KOBIRD/CO and MECHAOS areas, and maintains his rather extensive contacts in local leftist circles.

TYPE OF AGENT COMMUNICATIONS: Pre-arranged meetings in C-5's apartment. Occasional restaurant meetings. Emergency contact via Base ops phone.

TARGETING: (including OD citation)

Priority A I. Local MHARSH presence.

OPERATIONAL DEVELOPMENTS: (include security aspects and training)

C-5's relationship to Subj [redacted] and spouse (his primary personal targets) has progressed most favorably and yielded very useful operational information. Based on new factors, it was decided to recontact Subj of [redacted] 9845, who was initially spotted and brokered by C-5. This individual, assessed favorably, was developed as a support/access source directed against Subj [redacted] and spouse. In other areas as well, C-5 has been very active, traveling to Paris to cover a major Vietnam conference, maintaining his KOBIRD/CO contacts, and supplying timely [redacted] MECHAOS information.

C-5's reporting in the REDTOP field was of an operational nature. In other areas, he furnished information for five intelligence reports and several operational reports. These were primarily of a KOBIRD/VNO and MECHAOS nature.

EVALUATION AND RECOMMENDATIONS:

FIELD: C-5's operational activity continues at the high level of quantity and quality we have come to expect from this basically support-type asset. His energetic contributions in several areas contributed to Hamburg Base overall reporting, while his primary operational assignment in the REDTOP field also developed most satisfactorily during this period.

THIS BASED HIS "HELP AND ENERGY" IN ASSISTING IDEN A IN ITS ACTIVITIES. 2. WE GENERALLY OPPOSED SUCH TRAVEL BY RECRUITED AGENTS ON BASIS SECURITY CONSIDERATIONS. NOTING FOLLOWING FACTORS, HOWEVER, DEFER DECISION TO HQS:

A. SUBJ'S YEARS OF INVOLVEMENT IN POSITIONS OF TRUST WITH SUCH INDIVIDUALS AND GROUPS AS IDEN A (WHOM HE HAS REPRESENTED ON SEVERAL OCCASIONS IN INTERNATIONAL CONFERENCES) APPEAR HAVE SOLIDLY ESTABLISHED HIS BONA FIDES.

B. WE (AND SUBJ) FEEL ATTENDANCE AT CONFERENCE WOULD ENHANCE CREDENTIALS AND FACILITATE ACCESS IN LOCAL MHHARSH-ORIENTED

CONCLUSIONS

Subject is a Source of CAZAMIA and has been in their employ as claimed in varying roles and in varying degrees since at least 1958. There is no evidence that he has fabricated reports for either CAZAMIA or BKHERALD, although there are indications that he seems susceptible to side-reporting to an organization such as [] There is no concrete evidence to support an assumption that he is under the witting control of a hostile service. No significant BKHERALD/LNBUIZZ interests have been affected by Subject's dual role, although some threat still exists to an active case handled by [] Base.

NARRATIVE DESCRIPTION OF THE OPERATION

1. Subject initially came to our attention in 1958 when a Vienna Station officer, an erstwhile friend and former school-mate of Subject, introduced him to a Hamburg Base officer as an agent candidate. The Hamburg Base officer was introduced in true-name, identified as a BKHERALD officer under [] cover. Prior to the introduction, Subject requested that his future Hamburg Base contact not be informed of his agent status with CAZAMIA: While the record is unclear on the details of this, it would seem that Subject was not actively seeking employment with BKHERALD but rather assisting his Vienna friend. It is evident that the fact that he was working concurrently with CAZAMIA was taken into consideration at least by his early handling officers. In the years that followed, Subject was targeted against the VLVIOR target and later the New Left and, beginning in 1958-69, he was targeted against CKPOLARS, Landesfreundschaftskomitee and Base support requirements. While his positive reporting throughout the BKHERALD relationship was marginal, his operational reporting appears to have been accurate, timely, and often useful. The question of continued CAZAMIA contact was resolved at least in BKHERALD's mind after the SSSWIRL of 1965.

2. That he was a source of CAZAMIA came to light on 4 December 1972 when during a routine lunch [] handed COB, [] several photographs of Subject, Subject's son, an as yet unidentified individual, and his present BKHERALD case officer. The photos were taken in November by a CAZAMIA surveillance team immediately after Subject and his BKHERALD case officer held a meeting in downtown Hamburg. Surveillance had been mounted as a result of "the suspicion

that Subject was in contact with another service." No other details were provided at the time. [] correctly identified our officer and mentioned that there was no real concern about Subject from their standpoint, but that he has been a CAZANIA agent for years. Subsequent discussions with Subject's CAZANIA case officer revealed that Subject had a working relationship with CAZANIA since at least 1958; these claims were supported when CAZANIA provided us with Xerox copies of Subject's recent reporting. If Subject indeed was in their employ steadily since his recruitment, this was not revealed nor did we judge it politic to probe for details. CAZANIA had Subject working against the same targets as BKHERALD: VLVIGOR and the New Left. The CAZANIA files we reviewed indicated that he provided us with more details than he did CAZANIA, but what else he might have provided orally to CAZANIA is unknown. CAZANIA appears to have accepted our assurances that Subject was not a highly active or productive case, as they have not pressed for operational or substantive reporting details.

OPERATIONAL TRADECRAFT SUMMARY

THE RECORD

3. Succinctly, Subject's bona fides have never been fully established. Routine traces were conducted in 1958, although Hamburg Base records lack the full results of the vetting. CENTREG and BDC traces were requested in January 1973. Subject was given an SGSWIRL in 1965 chiefly to determine if he had severed contact with CAZANIA, and while officially he was given a clean bill of health, Base files indicate that he had some unspecified problem which, in retrospect, should have been resolved immediately or by a subsequent SGSWIRL.

4. The initial fissure in the case was his CAZANIA contact, but it appears that BKHERALD took this into consideration at least at the outset. When asked later about the relationship, Subject stated that the contact had been severed, which might have been the truth at the time of the SGSWIRL. Had more contact reports have been written and critical CI reviews conducted by successive handling officers, steps might have been taken to resolve the question of his loyalty. Pro-forma reviews might have enabled

his handlers to have "known" Subject also in the truest sense. The details of his relationship with the local HIAG has not been resolved. Finally, there is no evidence that he was put through a series of operational tests designed specifically to check his reporting, his loyalty or his trustworthiness.

THE AGENT

5. Subject appears to be an energetic individual, armed with a good intellect, an inquiring mind, a methodical approach to assignments and a good memory for facts and details. He appears to be able to think logically, clearly and in practical terms. In certain things he is impulsive and in his overall makeup, there are indications of compulsiveness. His apparent need, not to sneak of his ability, to work with two clandestine services for over a decade does not mirror a completely emotionally stable individual in clinical terms. The man seems to have a conscience, as reflected in his concern for his family, but his sense of ethics appear fuzzy. It would seem that common sense would dictate over a period it could be unethical to sell the same product to two organizations, even when the ethics of clandestine services may be arcane. It appears that his real motivation is a need for affiliation, a power motive and need for recognition.

6. It appears that Subject has more loyalty to BKHERALD than to CAZANIA. We provided him with a steady income when he was unemployed and even now, CAZANIA seems niggardly when it comes to agent salaries. It would seem too that our officers are less bureaucratic, more imaginative than are those in CAZANIA and, more important, they represent the most powerful country in the world. It could be heady wine. Subject is a "natural" clandestine agent, obviously enjoying the game of working with at least two services without their knowledge. It seems that Subject slid into the relationship with BKHERALD and while he may have had some initial reservations about playing a double-role, it soon became apparent that he could handle it with a minimum of trouble and

he simply continued it. Moreover, there was no conflict of interest in what he was asked to do. He just omitted certain details. Thus, his actions could be fully rationalized. From the pragmatic side, working with CAZAMIA could also provide cover for his BKHERALD work should he be compromised in the process; were an operation to blow, his status could be checked through CAZAMIA. It was an insurance policy. Presumably his reasons are for working with CAZAMIA patriotism as well as the need for recognition and cash.

7. Viewing it in a sinister vein, Subject could be providing identical information to HIAG contacts involved with [] Given the probable enjoyment he receives from having two listeners, axiomatically he would receive greater pleasure by having a third. Obviously, if he could handle two services, he could handle a third customer. Subject has no specific party leanings; rather, he identifies with what he terms the "radical center", which is an amalgam of social reform and conservative thought with political overtones. The record suggests that Subject's prime loyalty is to himself and to his own political orientation and its adherents. His disinclination to expatiate on his Waffen SS days and his HIAG ties, suggests that if he has strong affiliation needs, it could well be that he is reporting also to HIAG. The concealment of his CAZAMIA work suggests by extension that he is hiding possible HIAG work. [] Base has evidence that a reporting source of [] comprised of HIAG members exists in Hamburg. Would the information he has been supplying both CAZAMIA and BKHERALD be of interest to []? We believe it would. Similarly, would it also be of value to a hostile service? We think it would be here too, not only the substance, but also the operational information he has assembled over the years, on at least his CAZAMIA case officers. His inappropriate inquisitiveness about BKHERALD personnel tends to substantiate the conclusion that he is keeping book on us as well.

THE OPERATION

8. There is no evidence that the mechanics of his handling by BKHERALD officers was insecure; as a support asset, his handling

- 5 -

was most secure.

9. No significant damage has been done as far as can be determined. Nevertheless, Subject knows several staff officers under true name and probably assumes that the Base is still located in LNFALL. More importantly, it must be assumed that he is aware of the recruitment of someone in [] although we are fairly certain that he is unaware of who specifically was eventually recruited. If Subject's termination is fully amicable, the possible damage to that operation can be minimized.

DISPOSAL PLAN

10. Subject must be terminated and the target date set for this is July 1973. This will be a phased termination, using Subject's departure as the first step and [] as the second. The reason to be given Subject is the reduction of funds and personnel. He has been through BALPA and OPRED with us and is aware of such periodic reviews and cutbacks and it should come as no shock. The termination presented in the nature of a "temporary" suspension of the operation part of the script will be to obtain his commitment to accept contact again if needed in the future. A bonus paid as faith money should assuage some of the pain involved. As CAZAMIA intends to continue the contact as a political source, Subject will continue receiving extra cash and an outlet for his affiliation - power association need. No SGSWIRL is contemplated, lest he conclude that he is being terminated for security reasons. There are strong arguments for an SGSWIRL to resolve outstanding questions, but on balance, no SGSWIRL should be given prior to his termination to preserve the [] operation.

11. We plan to remain as forthcoming as possible with CAZAMIA at least on the surface, advising them of our plans and keeping them abreast of the requirements being levied over the next few months. While one of the main reasons for this is to preserve our liaison equities; however we have no intention of providing them with the contents of our files. We intend to inveigh upon them to resist the temptation to "punish" him, for such action would serve no useful end and could engender bitterness at both services. We should take our lumps, since it was CAZAMIA and BKHERALD who allowed Subject to take the latitude he took.

<p>ACTION REQUIRED - REFERENCES</p> <p>REFERENCE: EGGA-5657, 7 May 1973</p> <ol style="list-style-type: none"> In line with Reference operational planning, CASUSTAIN/5 was terminated on 28 June 1973. To avoid arousing his suspicion that we were aware of his relationship with CAZAMIA, he was told that this action resulted from instructions from our Headquarters to put all our clandestine contacts "on ice". He was told that beginning with the new fiscal year (1 July 1973) we were enjoined until further notice from conducting operational activity. Moreover, the case officer himself was being recalled. We cited fiscal and organizational problems, while expressing the hope that this would be only a temporary situation. CASUSTAIN/5 seemed surprised and quite disappointed. After the initial surprise and over the course of the meeting, he expressed some skepticism as to the real reason for such drastic measures. (Perhaps he suspected his duplicity may have caught up with him.) As a sign that this might indeed be a temporary measure, and to make our separation as palatable as possible, CASUSTAIN/5 was paid a bonus of two months salary. We assured him we would contact him as soon as the current restrictions were lifted, but left it clearly on a "don't call us, we'll call you" basis. Despite the unpleasant circumstances, the parting was amicable and friendly. CASUSTAIN/5 may indeed suspect that his past has caught up with him.
