

NEW OFFICE BUILDING FOR NORTH BRAND

Sinclair's Business Partner Testifies He Gave Fall \$25,000 Liberty Bonds

EX-OFFICIAL IS BROKEN IN HEALTH, SPIRITS

Physical Condition Prevents Him From Taking Stand For Few Days

WASHINGTON, Jan. 25.—In addition to the \$100,000 in cash which he borrowed from Edward L. Doheny, multi-millionaire oil magnate, ex-Secretary of the Interior Albert B. Fall also secured from Colonel J. W. Zevely, a business partner of Harry F. Sinclair, the sum of \$25,000 in Liberty bonds in the autumn of 1921, Zevely testified this afternoon when he appeared as a witness before the senate public lands committee in its investigation of the oil leases negotiated by Fall.

Seeks Advice, Claim

This was Zevely's explanation for the testimony of C. T. Wahlberg, Sinclair's former auditor, that the oil man had loaned Zevely the Liberty bonds on an unreciprocated note.

Doctor's Statement

Fall's physician, Dr. John Wharton, issued the following official statement at 11:30 o'clock: "Upon examination this morning I find Secretary Fall has developed congestion in the chest and is suffering from a severe cold contracted on his journey from New Orleans."

Looks Pathetic

To friends who knew him during his nine years of influence in public life in Washington, Fall today seemed a pathetic figure. Admittedly he was politically destroyed by the Teapot Dome probe. He went out of Union station by a side door, trying to avoid a host of newspaper men.

Lehigh Railroad Asks \$6,492,465 for Blast

WASHINGTON, Jan. 25.—Claiming that the famous "Blair Tom" explosion in Jersey City in 1916 has been traced to the investigation of the German government, the Lehigh Valley Railroad company today filed a claim for damages with the German-American mixed claims commission for \$6,492,465.60.

STRIKE IN PORTUGAL

LISBON, Jan. 25.—A general strike of Portuguese postal and telegraph employees went into effect today.

U. S. CONSIDERS DEBT SETTLEMENT CLOSED INCIDENT

WASHINGTON, Jan. 25.—The British debt settlement is regarded by this government as "a closed incident" and any effort on the part of the Macdonald ministry to re-open the matter will NOT likely meet with success, administration officials said today.

The American government, however, has no desire to be unduly severe on Britain, they said, but in the absence of more specific information about Macdonald's reported move they were chary of commenting.

In some quarters, Macdonald's purported intention of re-opening the debt settlement was regarded as "foolish" for home consumption.

IMPRESSIVE SERVICE BY MASONS

Unity Chapter Installation Takes Place; High Priest Is Thomas F. Carter

Thomas Francis Carter moved up from king to high priest of Unity chapter, No. 116, R. A. M., at last night's beautiful and symbolic installation services held in the Masonic temple at 232 South Brand boulevard, assuming the position so capably held during 1923 by Frederick Addison Collins, who now joins the long list of past high priests in the chapter.

The hall was crowded to capacity and installation ceremonies were conducted in the most polished manner by Bale Owen Peet, another past high priest of the local chapter. High Priest Collins assisted as master of ceremonies and Angus L. Cavanaugh acted as inspector.

Extends Welcome

The address of welcome was delivered by Ira L. Vance, past high priest of Unity chapter, No. 116, and Mattison B. Jones, second past high priest of the chapter, and general grand master of the Second Val of the M. E. General Grand Royal Arch chapter of the United States, delivered the address of the evening.

Following is the program in detail: Presentation of officers for installation; address of welcome, E. Comp. Ira L. Vance; "La Boheme" (Puccini), Weitzman trio; installation, High Priest Thos. Francis Carter; "Hungarian Dance No. 1" (Brahms), Weitzman trio; King, Robert T. Law. (Continued on Page 8)

LATEST NEWS

WILL CUT TAXES ON SOFT DRINKS

WASHINGTON, Jan. 25.—Elimination of taxes on soft drinks was tentatively decided on today by the house ways and means committee in its framing of the new tax reduction bill.

U. S. IMMIGRATION LAW STIRS JAPS

TOKYO, Jan. 25.—Storms of protest have been aroused over the proposal of the American congress to bar Japanese as ineligible to citizenship in the new immigration law under consideration. The matter continues to hold the attention of the diet and the press, speakers and writers claiming that the United States contemplated this action because it "held the Japanese a colored race."

SLAYS WIFE, TURNS GUN ON SELF

TELLURIDE, Colo., Jan. 25.—William Chick, a rancher, today shot and killed his wife and then committed suicide. Chick sent five bullets into his wife's head and blew out his own brains with the same weapon. Six children, ranging in age from one to fourteen years, witnessed the tragedy. Chick had been separated from his wife for several months. He suddenly appeared in Telluride today and, after failing in an attempt to slay his brother-in-law on a nearby ranch, he went to his former home and opened fire on his wife.

BRITAIN WILL RECOGNIZE SOVIET OF RUSSIA

Labor Party's First Official Act Is Decision to Enter Relations

By DAVID M. CHURCH For International News Service. LONDON, Jan. 25.—Great Britain's Labor cabinet has decided to recognize the Russian soviet government "as soon as possible," it was officially announced by the foreign office this afternoon.

Decision to extend recognition to Moscow was the first official act of Premier Ramsay Macdonald's new government.

Great Britain probably will be the first great power to recognize the soviets. Italy probably will be the next.

It is understood that the government has tentatively selected James O'Grady, laborite member of commons, as the British ambassador to Moscow, when recognition is formally extended.

Goes On Record

The British Labor party was officially on record in favor of Russian recognition even before it came into power.

It was reported that M. Rakovsky, head of the Russian Trade Mission in London, had conferred with Premier Macdonald on Thursday, but subsequently the mission denied this report.

According to the trade mission, negotiations for recognition were in progress before Macdonald became premier, but were interrupted by the death of Lenin on Tuesday. They will be resumed in a few days to determine the conditions upon which recognition will be made.

Parliament will not be in session until February 12. It is possible that the cabinet may send a commission to Russia to investigate conditions before the actual recognition.

Moderates within the Labor party urged that two of the conditions should be recognition by the soviets of the Russian debt and payment of indemnity by Moscow.

O'Grady was said to insist that the government abandon plans for (Continued on Page 8)

GRADUATION EXERCISES AT GRADE SCHOOLS

Programs are Decided Upon For Two Institutions; Classes Total 163

A total of 163 pupils will be graduated from the Glendale Intermediate schools at the end of the present semester—eighty-nine from Wilson avenue and seventy-four from Glendale avenue.

The Glendale avenue class will hold its graduation exercises at 8 o'clock next Thursday, January 31, in the school auditorium. The Wilson avenue class will graduate the following night, Friday, February 1, also at their own school. City Superintendent Richardson D. White will address the Wilson avenue class and Mrs. Helen Hume Flood Moyle, vice-principal of the high school, will speak to the graduates at Glendale avenue.

Arranges Program

Norman R. Whytock, principal, has arranged an excellent program at the Glendale avenue institution. Following the march of the class by the school orchestra, they will also render the overture "Rays of Gold." The next number will be "Flag of Flags," by the boys' glee club. Miss Orma Newbourn has chosen for her piano solo the Second Hungarian Rhapsody. William Chamberlin will then present the class memorial, followed by "Water Lilies," rendered by the girls' glee club.

This will be followed by the graduation address by Mrs. Moyle, after which the boys' and girls' glee clubs will give a combined number, "On Parade." David J. Hibben, president of the board of education, will then present the diplomas to the graduating class, after which they will render "Joy and Courage" and "Farewell to Thee."

The class teachers are Miss Caroline Rae Ainsworth and Miss Avis Mary White.

The class march will also open the program, arranged by Carrie M. Noble, principal, at the Wilson avenue school, to be followed by the overture, "Rays of Gold," with Miss Elsie Breneman, conducting. Next will be a series of (Continued on Page 8)

SARAZEN, HAVERS EQUAL AT NINTH

American, British Champs Battle For World's Golf Title

BULLETIN SAN FRANCISCO, Jan. 25.—At the end of the first 18 holes of their 72-hole international match play, Gene Sarazen, American professional golf champion, was leading Arthur Havers, British professional champion, 2 up. The last seven holes of the morning round were played in a drizzle of rain.

SAN FRANCISCO, Jan. 25.—Gene Sarazen, American open champion, and Arthur Havers, British open title holder, were all even at the end of nine holes of their international match. The first 36 holes are being played on the local links and the last 36 will be played at Hillcrest course, Los Angeles, Sunday.

A large gallery followed the stars in their ntp and tuck battle and they were thrilled from time to time by the golf displayed by Sarazen and Havers.

Will Tell Clubwomen Details of Shooting

CHICAGO, Jan. 25.—Mabel Normand, film actress, will make her first public appearance upon her complete recovery before a gathering of Chicago club women who have asked to hear her story of the shooting by her chauffeur of Courtland S. Dines, her rich "playmate." A letter to this effect was received here today from the actress' secretary.

"THE COVERED WAGON"

THOUSANDS PASS BY LENINE'S BIER

Grief Stricken Slavs Stand In Biting Cold to Pay Final Tribute

MOSCOW, Jan. 25.—Unofficial funeral services were conducted today for Nicolai Lenin, while thousands of mourning Russians continued to pour into this city for their final look upon the face of the dead leader.

Huge bonfires blazed during the night in Red square, in front of the Kremlin, where Lenin will be buried Sunday. The weather is below zero. The ground was frozen so hard that it was necessary to blast it loose to prepare for the grave.

More than half a million men and women have passed before the crimson bier in trade union hall, where the body of the communist chief reposes in a red coffin.

Evidences of Grief The name of "Citizen" Lenin is upon everyone's lips. Business is at a standstill. Everywhere one sees flags trailing at half mast and bands of crepe.

In spite of the extreme weather, whole villages are walking to Moscow for the final services. Long lines of men and women huddled in the streets flanking trade union hall throughout the early morning hours, patiently awaiting their opportunity to enter, at times they broke into revolutionary songs but for the most part were silent.

Saves Aged Women As Fire Ravages Home

SAN FRANCISCO, Jan. 25.—Fireman Joseph Wales was today the hero of twenty-seven inmates of the University Mound Old Ladies' Home. When fire threatened the home last night Wales dashed through smoke-filled halls and from the top floor carried to safety two bedridden women—one in each arm. The other twenty-five had been led to safety by attendants. The fire was confined to the roof where it did damage estimated at \$10,000.

Firemen Use Foamite On Oil Tank Blaze

LOS ANGELES, Jan. 25.—Pouring foamite on the blazing oil firemen early today succeeded in extinguishing a fire which last night destroyed fifteen tanks of gasoline at the American Petroleum Products plant in Santa Fe avenue, causing damage estimated at \$200,000. An investigation was also launched today as to the cause of the fire, which is said to have started from a leaky still.

Police Fear Hoax In Alleged Drowning

SAN FRANCISCO, Jan. 25.—Although George P. Johnston, who disappeared from the steamer Harvard while the vessel was en route from Los Angeles to this city, is believed by police to have suicided, they continued their investigation today to determine whether a hoax might have been perpetrated. Johnston's overcoat was found on the deck of the boat, and with his effects in his stateroom was a note to his wife asking forgiveness for "what he was doing," and bidding goodbye. He lived at 1213 Third street, Santa Monica, Cal.

MELLON IGNORES FOE'S CHALLENGE

Treasury Head Says Business Retarded by Surtaxes On Big Incomes

WASHINGTON, Jan. 25.—A fresh chapter was written today in the now famous Mellon-Couzens tax correspondence concerning the merits of the tax reduction plan which the secretary of the treasury has proposed.

In another letter to Senator Couzens, Republican of Michigan—his fourth in as many weeks—Mr. Mellon described Senator Couzens' reasoning processes as "unique" and reiterated his contention that American business is being muddled and retarded by the present surtaxes on big incomes.

Mellon completely ignored, however, Couzens' recent challenge to reveal the extent of his personal wealth and disclose how much he personally would profit by the reduction of these surtaxes he has proposed.

Separatist Leader Victim of Assassin

LONDON, Jan. 25.—The German separatist leader, Slicht, has been assassinated at the village of Danau, said a Central News dispatch from Berlin this afternoon.

CAMPAIGN TO OPEN

ROME, Jan. 25.—Leaders of the Fascist party will meet Monday to open their campaign for a general election April 6. Premier Mussolini will appeal to all voters to support Fascist candidates for the chamber.

STRIKERS WEAKEN

LONDON, Jan. 25.—Some of the striking railroad engineers and firemen returned to work today but the railway transport is still badly crippled. Settlement negotiations are deadlocked.

LEAVES HUSBAND, NOTED PREACHER

Wife of Dr. James S. West Takes Little Daughter And Goes North

SAN FRANCISCO, Jan. 25.—"Dr. West didn't know how to play!" Thus did Dr. C. W. Brinstad, general secretary of the Northern California Baptist convention, and for many years a close friend of the family, explain today the wreck of the matrimonial bark of Dr. James S. West, pastor of the First Baptist church of San Francisco.

Dr. West's congregation is one of the largest in San Francisco. He officiated at the funeral of the late President Harding when services were held at the Palace hotel prior to the departure of the body for the east.

Mrs. West, Dr. Brinstad said, "after eight years of suffering," has separated from her pastor husband and gone to Seattle with her little daughter to make her future home. Dr. West is at the home of Oakland friends, recuperating from a nervous breakdown, which followed Mrs. West's departure.

Dr. West, former pastor of Tacoma and Detroit churches, startled San Francisco a few weeks ago charging the city's beaches, parks and avenues were the scenes of nightly "petting parties," which were bringing "ruin to the younger generation." He made his charges after he had gone on a personal tour of inspection.

Thieves Raid Stores On Systematic Plan

LOS ANGELES, Jan. 25.—The business section of the town of Hines, nine miles north of Long Beach, was systematically robbed early today of several thousand dollars by burglars, who entered the main commercial establishment of the town and took all available loose cash, according to a report to the sheriff's office.

Banker Is Held On Embezzlement Charge

LOS ANGELES, Jan. 25.—Located at a downtown hotel, O. A. Tweed, cashier of a bank at Helena, Mont., was arrested by deputy sheriff here today for Helena officers. Tweed was the second officer of the Montana bank to be arrested here, George W. Casteel having been arrested several days ago. Both men are said to have been indicted in Helena for embezzlement.

W. P. FULLER PAINT CO. PURCHASES LOT FOR \$60,000

Baldwin Sisters Sell Realty And Fine Structure to Be Erected at Once

The W. P. Fuller Paint company of Los Angeles, a national organization with stores throughout the country, has bought the vacant lot at 219 North Brand boulevard from the Baldwin sisters for \$60,000 and will immediately erect a large office building from three to five stories in height, equal or superior to their beautiful Hollywood building, states General Manager Chas. R. Root of the organization.

The price paid was at the rate of \$1200 per front foot, the lot having a frontage of 50 feet and a depth of 155 to an alley. This is believed to establish a high-water mark for property value in this section.

Get Higher Offer

Miss Jeannette Baldwin, who, with her sisters, Ida and Myrtle Baldwin, owned the property, states that following acceptance of the Fuller company's offer, a bid of \$1500 per front foot was received, which would have enabled them to realize \$75,000 on this lot, had they not agreed to make the sale at the lower rate.

The deal was handled through G. Litchfield of Hollywood, a personal friend of Mr. Root. The property was not bought in any sense of the word for speculative purposes, it is announced by the W. P. Fuller Paint company, and, regardless of the fact that the lot could be immediately resold at a profit of \$15,000 or more, this company will build on it their Glendale headquarters, feeling that they have made a most valuable and permanent investment.

The lot lies on the west side of North Brand boulevard, just south of the Castle apartments, and is situated across the street from the vacant lot at 222 North Brand boulevard, where the new \$1,000,000 theatre is to rise.

The Baldwin sisters bought this lot last April for \$30,000, states Miss Jeannette Baldwin. They had previously bought it for \$2000 in 1912, and had sold it three months later for \$3000.

As an indication of the rapid rise of values along North Brand boulevard, Miss Baldwin states that in April of 1921 they sold for \$42,750 the southwest corner of North Brand boulevard and Wilson avenue, on which the Lawson building now stands. In one statement this same property brought \$85,000.

Credit to Glendale It is a very great pleasure to us that we have been instrumental in bringing to Glendale a branch of a corporation as great (Continued on Page 8)

PROSECUTION TO GRILL FILM STAR

Edna Purviance Summoned By District Attorney In Shooting Probe

LOS ANGELES, Jan. 25.—District Attorney Asa Keyes today called Edna Purviance, present in the apartment of Courtland S. Dines when he was shot New Year's night by Horace A. Greer, chauffeur for Mabel Normand, to appear at his office this afternoon at 3 o'clock for questioning on her testimony given at Greer's preliminary hearing.

At the same time Keyes announced he had called Miss Normand to appear before him tomorrow morning for the same purpose.

Ask \$6,500,000 Extra For Wounded Veterans

WASHINGTON, Jan. 25.—An additional appropriation of \$6,500,000 to complete the hospitalization plan for wounded veterans of the World war was favorably reported to the House today by the buildings and grounds committee.

Glendale Evening News
Entered as second-class matter
January 12, 1922, at the postoffice
at Glendale, Calif., under act of
Congress of March 3, 1879. Pub-
lished daily except Sunday.

Personal Mention
Mr. and Mrs. George B. Mont-
gomery moved yesterday from
235 W. Columbus avenue, to
1220 South Central avenue.

Mrs. A. W. Dennison of 640
East Harvard street, had the
pleasure of entertaining as her
guest yesterday, Mrs. Major Hall
of Los Angeles.

Mr. and Mrs. Hugo Orson and
family were the dinner guests
last Tuesday night of Mr. and
Mrs. George C. Daniels of 142
North Central avenue.

Miss Ethel R. B. Champion of
New York, who came to Glendale
to serve as judge in the recent
cat show, is a guest today of
Mrs. B. O. Holbrook of 426 West
Harvard street.

Dr. and Mrs. A. A. MacIntyre
and family of 306 North Central
avenue moved last Monday to 307
West California avenue to make
their home. Dr. MacIntyre will
maintain his office at the same
address.

F. S. Dixon of 324 South Ver-
dugo road, who has been seriously
ill at his home since Christmas is
very much improved and yesterday
for the first time during his illness
was able to be out part of the day.
His many friends will be glad to
learn of his improvement.

Mr. and Mrs. Harry C. Pfeifer
are new arrivals here, having pur-
chased the residence at 628 North
Central avenue, where they will
make their permanent home.
They came here about three weeks
ago from Fort Wayne, Indiana.
Mr. Pfeifer expects to build and
operate a large silk hosiery mill on
San Fernando road.

Mrs. E. D. Yard of 431 North
Maryland is having the pleasure
of entertaining her sister and
brother-in-law, Mr. and Mrs. R. H.
North, of Boston, who will spend
the winter in California. Mr. and
Mrs. Norton are annual visitors
in Glendale, and their many
friends will be glad to welcome
them again.

Mrs. R. W. Meeker, first vice-
president of the Reciprocity club
of Los Angeles, was one of the
hostesses at the bridge party
given today at the Seminole apart-
ments of Los Angeles. Mrs.
Meeker's guests from Glendale
were Mrs. William Ramsay and
Miss Leona McClain, and Mrs.
George Robinson of Lankershim.

Mr. and Mrs. O. M. Wogan of
1211 Hague court have recently
moved into their new home at
1215 South Boynton avenue.

Mr. and Mrs. F. W. Kille of 465
Oak street had the pleasure of en-
tertaining at 6 o'clock dinner
Thursday night, Mr. and Mrs. S.
M. Brown of Laclede, Mo., Mrs.
Kille's girlhood home.

Rev. and Mrs. Louis Tinning
and family were entertained at
dinner last night by Mr. and Mrs.
John Horach of 119 North Cedar
street. Today the Tinnings and
Dr. A. D. Smith and family re-
moved to Redlands and Riverside.

The California friends of Col.
Harvey Ferguson of Pana, Ill., will
be glad to hear that he is stop-
ping at the Alexandria hotel in
Los Angeles. He visited his cous-
in, Benjamin J. Cox, 514 East Ra-
leigh street, last Sunday. He leaves
January 30 for a trip around the
world.

DEATHS - FUNERALS
MRS. NELL STOFFT
The love and esteem in which
Mrs. Nell Stofft was held by her
many friends in Glendale and
other cities far and near, were
seen yesterday afternoon at her
funeral in the chapel of the Jewel
City Undertaking company when
the chapel was filled to capacity
by relatives and friends, and there
was a profusion of floral offerings
that has rarely been seen in Glen-
dale.

Mrs. Stofft, who was the wife of
W. W. Stofft, died Tuesday, Janu-
ary 22, 1924, at the family home,
457 Stocker street, after an ill-
ness of over six months.

Until her serious illness she was
in the best of health and was an
active member of the Mutual
Benefit Reading circle, the Glen-
dale Union High school Parent-
Teachers association and the Pres-
byterian church. Through her
loving devotion to her family and
earnest loyalty to the organiza-
tions to which she belonged, she
won countless friends.

Mrs. Stofft, who was born in
Friend, Nebraska, resided in Glen-
dale nine years. She is survived
by her husband, a daughter and
son Katherine and Frederick, a
mother, Mrs. Della Doudna, and a
cousin, C. H. Justice of Glendale.

Rev. W. E. Edmonds, pastor of
the Glendale Presbyterian church,
officiated at the services yester-
day. During the service Mrs.
Helen Graham Cole sang beauti-
fully, "Beautiful Isle of Somer-
where," and "Lead, Kindly
Light," favorite songs of the de-
ceased.

Among the large company pres-
ent were members of the Glendale
Union High school Parent-Teach-
ers association, attending in a
body; members of the Mutual
Benefit Reading circle; members
of the Glendale Presbyterian
church; and members of the De
Molay chapter, attending in a
body. Mrs. Stofft's son, Prode-
rick, is a member of the De Molay.
Pall bearers, all close friends of
the family, were H. M. Lennox,
Harry MacBain, F. M. Gray, F. M.
Peckham, Roy King of Glendale
and Claude Hicks of Pasadena.
Interment took place in Grand
View Memorial park.

SOCIAL EVENT
Parent-Teachers
The Glendale-Avenue Parent-
Teachers' association, of which
Mrs. O. A. Spradling is president,
held the regular monthly meeting
yesterday at the school, with a
good attendance of mothers out
to enjoy the varied program pre-
sented by the pupils of the school
and the interesting talk on birds
by Mrs. F. L. Wallace, of Pasade-
na, member of the Audubon
club. Mrs. Spradling was in
charge of the meeting.

The program opened with the
flag salute. Corinne Pittenger
played a violin solo, from Faust,
and selections by the boys' glee
club of the school, were "King of
the Outlaws" and "Yankee Doo-
dle." A piano solo, "Falling Wa-
ters," was played by Helen Lind-
rum, and Mrs. E. B. Moore sang a
soprano solo, "Friend of Mine."

Mrs. Wallace talked on the
subject of "Bird Study" and had
a display of water color sketches
of birds and bird life, with a num-
ber of curious nests, which were
used in illustration in a most in-
teresting way.

Mrs. Spradling presided at the
business meeting. A committee
of four, with Mrs. C. Seybold, as
chairman, was appointed to secure
estimates for the stage curtains
that are to be purchased for the
auditorium.

Announcement was made of a
tea to be given at the home of
Mrs. M. C. Newton, 1216 South
Boynton avenue, Thursday after-
noon, January 31, when the moth-
ers will tie a quilt that is to be
given to the general federation.
A twenty-five cent charge will be
made.

Miss Avis White of the school
faculty announced the A-8 class
party to be given this afternoon
and tonight at the school.

Mrs. E. B. Moore spoke briefly
on the proposed consolidation of
the two schools systems.

At the close of the program,
tea and wafers were served by the
courtesy committee, of which Mrs.
James is chairman.

Tenth Birthday
Mr. and Mrs. John Zahlbruck-
ner entertained last Monday af-
ternoon, at their home, 313 West
Lomita avenue, with a party in
the celebration of the tenth birth-
day anniversary of their daugh-
ter, Ella.

The many little guests enjoyed
the birthday luncheon, which was
served at an attractively deco-
rated table. Dainty favors, beau-
tiful flowers and a lovely birthday
cake and other appointments were
used.

The afternoon was devoted to
games, music and dancing, which
completed an enjoyable afternoon.

Those present were Virginia
Harrison, Phyllis Bitner, Grace
Carmack, Rella Johnson, Virginia
Brewer, Elizabeth Haviland, Mar-
jorie Wright, Ophelia Solaner,
Elaire Harrison, and the honor
guest, Ella Zahlbruckner.

Party For Son
Mr. and Mrs. William P. Bell
of 1443 Rock Glen avenue, en-
tertained with a dinner party
last Sunday night, complimenting
their son George, who returned
recently from several weeks' va-
cation at San Diego.

After dinner Miss Florina
Glenkameha, noted Hawaiian
dancer, furnished the evening's
entertainment, giving several
oriental dances.

Those present were Mr. and
Mrs. William Bell, Jr., Miss Ber-
nice Brown, George Field, and
James Harper of Los Angeles and
the host and hostess.

Seeking Members
Following the recent concert
of the Glendale Madrigal club
comes the announcement that ap-
plications for active memberships
will be received now for a period
of several weeks. Any Glendale
women singers interested in be-
coming active members are to
communicate with the president,
Mrs. Paul Hoffman at Glendale
374-W.

There is to be a meeting of the
club for rehearsal next Monday
afternoon at 1:30 o'clock at the
First Congregational church.

Big Exposition
Glendale Presbyterians are look-
ing forward to participating next
week in the big missionary expo-
sition, to be held from Monday to
Thursday in Pasadena.

Mrs. David Black, Mrs. George
McDill and Dr. James F. Winnard
attended the exposition now being
held in Los Angeles, and they are
very enthusiastic over next week's
affair.

The Glendale Presbyterian
church is to have the Mexico and
Japan booths, and the Tropic
Presbyterian church the Philip-
pine islands booth. On Monday
night, at 6 o'clock, there is to be
a banquet at the First Methodist
church in Pasadena, and later
there will be the pageant, "Amer-
ica's Hour," given at the First
Presbyterian church.

Glendaleans desiring to make
reservations for the banquet can
do so by calling Mrs. McDill or
Dr. Winnard.

At the missionary meeting yester-
day of the Tropic Presbyter-
ian women with Mrs. Frank Ash-
ton of 423 West Taylor street,
plans were made for taking part
in the Pasadena affair.

Mrs. Hebbard directed the study
on China, followed by the serving
of tea.

Guests at Studio
The Women's society of the
First Congregational church were
entertained yesterday afternoon
by Mrs. H. E. Cavanagh and her
mother, Mrs. Amy L. Huntley, at
the Cavanagh studio, 130 North
Orange street.

The afternoon proved an unusu-
ally enjoyable one and was very
well attended, with sixty members
present. The afternoon's program
was furnished by members of the
Cavanagh studio.

Miss Jeannette Schaffer of the
Dunning department of the studio
presented two of her students,
James Pendleton and Virginia
Neise, who rendered piano solos.
Miss Schaffer also gave an in-
structive talk on the Dunning sys-
tem, which was greatly appreciated.

Mrs. James Whittemore, pre-
sented Mrs. Neil Few, who gave
two dramatic readings, and Miss
Doris Barnett gave two vocal se-
lections.

The concluding number on the
program was given by Mrs. Cavan-
agh, who gave a delightful
group of songs.

After the program refreshments
were served and an informal so-
cial hour enjoyed.

Hosts At Dinner
The ninth wedding anniversary
of Mr. and Mrs. Charles Robert
McCarty of 120 East Acacia ave-
nue, was the inspiration for the
dinner dance with which they en-
tertained a group of friends on
Thursday night at the Egyptian
Village.

The dinner table was centered
with a low bowl of pink roses
and placecards and other table
appointments were carried out in
a pink and white color scheme.

Covers were laid for Mr. and
Mrs. P. R. Jensen, Mr. and Mrs.
John W. McClure, Miss Camilla
MacDonald and Harry F. Colman,
all of Los Angeles and the host
and hostess, Mr. and Mrs. Charles
Robert McCarty.

Bridge Luncheon
The Double Six bridge club
was entertained this week at the
beautiful new home of Mrs.
Thomas Rattigan, 505 West Cali-
fornia street.

Luncheon was served at 1
o'clock and the afternoon was
spent playing bridge. The scorers
were Mrs. O'Neil Farrel and Mrs.
J. McGowan.

Guests of the club for the af-
ternoon were Mesdames Flynn,
Owens, Shearer and Salzburg.

Mother's Birthday

The seventy-sixth birthday of one of whom it might truly be said "all delight to honor" was celebrated January 22, 1924, when Mrs. Emma Burket and Mr. and Mrs. Wm. A. Goss entertained with an elaborate turkey dinner at the home of the former, 516 West Harvard, honoring their mother, Mrs. R. D. Goss.

Mrs. Goss has been a resident of Glendale nearly nineteen years and during that time has endeavored to be all with whom she came in contact and on her birthday her many friends in every walk in life, church affiliations, P. E. O. circles, business men and women, took occasion to remember her with gifts and flowers.

The home was a perfect bower of blossoms and messages and gifts poured into the home of this one beloved by all.

At 6 o'clock dinner was served to immediate members of the family at a table made beautiful with pink sweet peas, violets and maidenhair fern in a pleasing arrangement in cut glass bowl and pedestal. Pink rosebud bon bon favors and a beautiful birthday cake decorated with pink sweet peas and ferns further carried out the pink and green color scheme.

Covers were laid for Mrs. Goss, the honored guest; Mr. and Mrs. Wm. A. Goss, Philip, William and Edith Goss, Mr. and Mrs. Dana Burket of El Segundo, Dr. and Mrs. Wm. A. Bryan and Bert Austin of Los Angeles, and Mrs. Emma Burket.

In the evening the following were entertained informally: Dr. and Mrs. A. L. Bryant and sons, Dean Hugh and Albert Bryant, Russell Tummell, Mr. and Mrs. H. D. Goss, Mrs. Julia Goss, Mr. and Mrs. Willis Dyer, Mrs. May Dickman.

Music was the diversion of the evening, Albert Bryant, Dana Burket and little Edith Goss giving vocal numbers.

So many messages and gifts were received that Mrs. Goss feels that it would be a physical impossibility to thank each one personally and takes this opportunity of thanking her many friends who have made this birthday a memorable one.

Wedding News

A wedding of interest took place Saturday, January 12, 1924, when Miss Anna Steiner of Los Angeles became the bride of Cecil C. Campbell of Glendale, the ceremony taking place at St. Patrick's church in Los Angeles, with Rev. James O'Callaghan officiating.

The church was very beautifully decorated with pink and white carnations.

The bride wore a lovely gown of blue chiffon crepe embroidered in silver and contrasting shades and wore a small hat. Her corsage bouquet was lilies of the valley and maiden hair fern. Attending her was her sister, Miss Josephine Steiner, who was gowned in blue satin Canton crepe and wore a picture hat. She carried white sweet peas.

Edward McNeill was best man. After the ceremony the bridal party, accompanied by Rev. James Lynch, assistant to Rev. Callaghan, motored to the new home of the couple in Glendale, where a wedding breakfast was served. Only immediate members of the families were present.

Present was Mrs. A. D. Campbell, mother of the groom, who has been an invalid for the past year, and it was one of the first occasions upon which she has been able to leave her home.

Mrs. Campbell is an active member of the Y. L. I. and Young Ladies' Sodality. Mr. Campbell is a son of Mr. and Mrs. A. D. Campbell of 315 Burchett street, and is connected with the Campbell Ornamental Iron Works, of which his father is owner. He is a prominent member of the Knights of Columbus and member of their traveling team. They will make their home in Glendale.

Plan Food Sale

Plans for a cooked food sale Saturday at the Campbell and Taylor store at 209 South Brand street, were made yesterday afternoon at the meeting of St. Mark's Guild in the Guild hall. Mrs. R. H. Brandt, who is in charge of the sale, announced that the sale will begin at 10 o'clock Saturday morning and continue all day.

In the absence yesterday of Mrs. W. J. Farber, president, Mrs. A. A. Bassett, first vice president, presided.

Pacific P-T. A.

Executive board members of the Pacific Avenue Parent-Teacher association held a business meeting Wednesday morning at the schoolhouse with the president of the association, Mrs. Dean S. Phillips, in charge. The meeting was held for the purpose of making plans for the annual fathers' night to be celebrated at the school house on the night of February 1. The program for this affair will be furnished by the pupils of the school.

At this time it was voted the Pacific Avenue Parent Teacher Association should be put on record as being against the Shick test for diphtheria. Arrangements were also made for the purchasing of dishes and trays for the school cafeteria.

BIRTHS

The following births are reported at the Glendale Sanitarium and Hospital:

Mr. and Mrs. E. B. Adams; 521 South Pacific avenue; daughter, January 24, 1924.

Mr. and Mrs. J. H. Thomas; 1205 Stanley avenue, son, January 24, 1924.

Study Shakespeare

Having reached the Elizabethan period in the year's program on the study of the drama, the Glendale chapter of the Delphians had for their study Thursday morning, at the home of Mrs. J. D. Zinke, 1611 North Pacific avenue, Shakespeare, the greatest dramatist of that time and of all times.

The chapter meeting was under the direction of the president, Mrs. P. O. Lucas, and the lesson of the day was presented by Mrs. Paul C. Mason, leader of the Lotus group.

Of interest were the descriptions given by Mrs. C. R. Colburn on "The Manuscripts of Shakespeare;" "The Globe Theatre in Shakespeare's Time," by Mrs. Geo. Long; and "Going to a Show in 1623," by Mrs. M. B. Russell.

The court scene from "The Merchant of Venice" was given with the following cast: Shylock, Mrs. R. K. Snow; Portia, Mrs. Chas. Marshall; The Duke, Mrs. Barton Manbert; Antonio, Mrs. J. D. Zinke; Bassanio, Mrs. H. W. Yarrick; Gratiano, Mrs. Roger Fitz.

A group of songs, "Sylvia," "Hark, Hark, the Lark," and "Ave Marie" (Schubert), from the play, were sung in a most pleasing manner by Mrs. Roger Fitz, accompanied by Miss Isabel Isgrig.

Mrs. Alma Danford, city librarian, an honorary member of the chapter, spoke most interestingly of "The Human Quality of Portia."

Section Meeting

A very enthusiastic and well attended meeting of the Maids' and Young Matrons' Section of the Tuesday Afternoon club was held yesterday afternoon at the clubhouse with the curator of the section, Mrs. C. G. Putnam, in charge.

During the business section, which was held at 2:15 o'clock, plans were completed for the dance to be given on February 12 and the following committees appointed: Dance committee—Mesdames Carroll, Newcomb, Dodds, Smith and Johnson; favors—Mesdames Putnam and Harvey; supper—Mesdames Olsen, Roake, Postle and Gans; serving—Mesdames McCurdy, Webb, Jones, Seibell, Roake, Campbell and Postle.

This was followed by a pleasing program arranged by Mrs. P. G. Postle. The program included dance recitations by Elizabeth Hoffman, "Cupid's Dream," and "When Daddy's Sick," the three pantologues by Katherine Jan Brunner, "We Haven't Said Our Prayers," "Inzy," and "Miss Caroline May Chline."

The address of the afternoon was given by Mrs. Hector Allott on "South Sea Islands from the Women's Point of View."

Mrs. H. G. Hoeddinghaus was hostess of the afternoon.

Valentine Dance

The Y. L. I. members held their regular meeting last night at the K. C. hall with a very large attendance. At this time plans were discussed for the Valentine dance to be given on Saturday night, February 9.

Other matters of importance to club members were also transacted.

The next meeting of the society will be held at the home of Miss Eve Brehme, 806 South Maryland avenue, and will be in the nature of a social gathering. All members are urged to make a special effort to be present at this time.

Entertains Club

The members of the Rodaire club were entertained last Wednesday night at the home of Mrs. Paul McCowan on South Pacific avenue.

The evening was devoted to sewing and an informal social time. At a late hour a course of refreshments was served.

Those present included: Miss Eve Brehme, Henrietta Meek, Zilda Jross, Mesdames James McGowan, F. M. Duffey, Ray Engle, Herman Psenner, and Robert Godard.

Reunion Affair

Dr. and Mrs. John Welborn of 1136 East Colorado street were hosts last night at a reunion of a group of friends from Syracuse, New York. The company included people from far and near, some being from Nome, Alaska, others from Wenatchee, Washington, and others from Van Nuys, Los Angeles and Glendale. Mr. and Mrs. W. A. Horn of Glendale were among the guests.

A midnight supper was served with covers laid for twenty-four. The table was pretty in a color scheme of blue and white, carried out by flowers and placecards.

Needlework Club

Mrs. J. C. Waite of 429 West Lomita avenue was hostess yesterday at a luncheon and meeting of the Navajo Needlework club. Luncheon was served at 1 o'clock on a table prettily decorated in shades of yellow. French marigolds were the flowers used.

Guests were Mesdames S. A. Kooner, M. C. Fuller, Frank Overton, Ed Hoover, J. D. Root, members of the club; and Mesdames T. S. Peirce and A. D. Walker, specially invited.

Guests of Club

There were sixteen girls from the Kress store entertained last night at the supper and program of the Girls' Christian Circle club at the Glendale Presbyterian church.

Mrs. Helen Graham Cole and Harry Marple sang for the company, and Billie Wheaton of Los Angeles also took part in the program, giving a saxophone solo. Miss Janet Booth of Glendale was the accompanist. Mrs. Neth gave a short talk.

SURPRISE PARTY ON ANNIVERSARY

H. S. Webb's Friends Gather To Celebrate Birthday of Popular Merchant

H. S. Webb was pleasantly surprised last night at his home, 303 North Louise street, by a group of thirty Glendale and out-of-town friends who had planned an affair in the celebration of his birthday anniversary. Mr. Webb had been detained at a business meeting, and upon his arrival home, was greeted by his many friends.

THEATRES

"Crooked Alley," a Universal attraction made from one of the celebrated "Boston Blackie" stories by Jack Boyle, shows at the Glendale theatre today and tomorrow, with Thomas Carrigan in the role of Blackie and Laura La Plante playing the part of "a daughter of Crooked Alley."

evening was devoted to music and dancing and a general good time. Those present included Mr. and Mrs. W. C. Kennedy of Pomona, Mr. and Mrs. Charles Colladay of Claremont, Mr. and Mrs. Mark Shaw of Hollywood, Mr. and Mrs. M. B. Sawyer, Mr. and Mrs. F. Sawyer, also of Hollywood, and Mrs. R. C. Buttoth of Pasadena; Mr. and Mrs. C. C. Cooper, Mrs. Lillian Smits, Judge Mason, Mrs. Charlotte Busby, George B. Karr, Mr. and Mrs. Jessie Rae, Mrs. Claude Pulliam, Miss Myrtle Pulliam, Mr. and Mrs. J. A. Legge, Ed Hewitt, Mr. and Mrs. Francis J. Henry, Mr. and Mrs. Paul Velkie, Philip Bradley, the honoree's mother and sister, Mrs. Frankie A. Webb, Mrs. Helen W. Sawyer and children, Henry and Barbara, all of Glendale.

Important Committee Post for Clubwoman

Glendale's interest in the biennial of the General Federation of Women's clubs in Los Angeles June 3 to 13 is deepened by the appointment yesterday of Mrs. A. H. Montgomery, first vice-president of the Tuesday Afternoon club, as chairman of listing under the committee on equipment. It will be Mrs. Montgomery's duty to list all the equipment used during the convention.

THE GLENDALE

"Thundering Dawn," now showing at the Gateway theatre, with J. Warren Kerrigan and Anna Q. Nilsson in the leading roles, is hailed as the most spectacular love drama in months, gripping, thrilling, a story unfolded amid the awe-inspiring furies of crashing storms and devastating tidal waves.

SOCIAL EVENTS

Special Guest

Mrs. La Belle Townsend, state organizer, was the special guest of chapter L, P. E. O., at the postponed meeting Thursday afternoon at the home of Mrs. A. L. Bryant, 534 North Maryland. The regular program was omitted and the afternoon was given over to inspection and special instruction by the organizer.

Form New Club

A new informal social club came into being yesterday afternoon, when Mrs. B. H. Fellows of 421 East Windsor road, opened her home to a group of friends, who organized the Progressive club.

Pupils to Graduate At Exercises Feb. 1

At the meeting last night of the Atwater Parent-Teachers association, it was announced that the graduation exercises are to be held February 1 at the Glendale Avenue Intermediate school. Mrs. E. V. Bacon, president, was in charge of the meeting, and introduced as the speaker of the evening Mr. Grey, superintendent of bank savings for the Los Angeles schools, who spoke on " thrift." Mr. Overholt, a faculty member, sang, and other entertainment was given by pupils.

THEATRES

"Thundering Dawn," now showing at the Gateway theatre, with J. Warren Kerrigan and Anna Q. Nilsson in the leading roles, is hailed as the most spectacular love drama in months, gripping, thrilling, a story unfolded amid the awe-inspiring furies of crashing storms and devastating tidal waves.

PHYSICIANS LAUD HARROWER OFFER

Local Scientist Pledges Laboratory to Aid in Fight on Disease

Dr. Henry R. Harrower last night outlined before forty-six physicians of Glendale and the San Fernando valley a plan of co-operation in handling diabetes and allied diseases, offering them for experimental purposes and research work the complete facilities of the Harrower Laboratory, 920 East Broadway.

The gathering, in the form of a dinner with Dr. Harrower as host, was held at the Egyptian Village, 133 North Brand boulevard. The doctors assembled at 7 o'clock and after breaking bread with this genial member of their profession, listened attentively to his account of medical conditions in Europe, where he recently spent a year in study and research, conferring with many noted specialists in England and on the continent.

Dr. Harrower traced recent developments in endocrinology and diabetes, particularly stressing the advanced methods employed in treatment of the latter. The Harrower Laboratory, he said, was equipped to offer physicians unique opportunities along this line, and he told his guests they were welcome to come and take advantage of original research work being conducted by the laboratory at the present time, and to conduct whatever individual researches and experiments they might desire, under model conditions and with the most advanced facilities.

Dr. Harrower's offer was enthusiastically received by the assembled physicians, and is seen to be the forerunner of a movement that will make Glendale the center of the scientific medical developments of the southwest.

H. G. Preston Winner Of Clock and Lamp

There are a good many happy people in Glendale today as a result of their success at last night's drawing under the management of the Japan Art & Tea company, more than one really valuable prize having been given away. The Italian marble statue, a combination clock and electric lamp, considered the biggest prize, was won by H. G. Preston, 131 South Brand boulevard. It had been given by the Japan Art & Tea company. A handsome lamp given by the Newton Electric company was won by J. M. Aldridge. A fine bull pup given by Finlay & Preston was won by Phillip Murphy of Los Angeles.

Announce Dates For Rimmer's Meetings

The Harry Rimmer meetings to be held at the Glendale Presbyterian church are to take place from March 2 to 16, it was announced this morning. Because of other engagements it was impossible for Mr. Rimmer to arrive in Glendale this week, as previously planned.

MAJOR OPERATION

A major surgical operation was performed last night at the Glendale Sanitarium and Hospital upon Mrs. Bernice Clancy of 2729 East Laverna street, Eagle Rock.

GLENDALE HABERDASHERY 134 South Brand Blvd. Correct Haberdashery

Enoch-Littleton Wedding Solemnized Amid Scenes Of Flower-Decked Beauty

All the beauty of an old fashioned garden was seen last night at the Christian church, where the marriage of Miss Bernice Littleton, daughter of Mr. and Mrs. C. A. Littleton of 512 West Lexington drive, to Calvin Enoch of Arizona, took place.

The gathering, in the form of a dinner with Dr. Harrower as host, was held at the Egyptian Village, 133 North Brand boulevard. The doctors assembled at 7 o'clock and after breaking bread with this genial member of their profession, listened attentively to his account of medical conditions in Europe, where he recently spent a year in study and research, conferring with many noted specialists in England and on the continent.

Dr. Harrower traced recent developments in endocrinology and diabetes, particularly stressing the advanced methods employed in treatment of the latter. The Harrower Laboratory, he said, was equipped to offer physicians unique opportunities along this line, and he told his guests they were welcome to come and take advantage of original research work being conducted by the laboratory at the present time, and to conduct whatever individual researches and experiments they might desire, under model conditions and with the most advanced facilities.

Dr. Harrower's offer was enthusiastically received by the assembled physicians, and is seen to be the forerunner of a movement that will make Glendale the center of the scientific medical developments of the southwest.

EX-SECRETARY IS BROKEN IN HEALTH

Doctor Refuses to Let Fall Give Testimony Until Condition Better

(Continued from Page 1) arrival, to be "serious." He leaned upon a cane, or upon an escort's arm, when he walked. He moved slowly and with apparent difficulty.

Only the sparkle and fire of his deeply set eyes remained of the older days in Washington, when, as senator and then secretary of the interior, he was a welcome and dominating figure in any company.

Fall Denies Loan Has Any Connection With Lease

WASHINGTON, Jan. 25.—Haggard of face and obviously broken in spirit by the succession of ugly charges that have been hurled at him in the last two weeks, ex-Secretary of the Interior Albert B. Fall struck at his accusers today with what he declared to be the "true story" of the famous \$100,000 loan.

"There was no connection whatever between the \$100,000 I received from Dohney and the lease obtained for naval reserve lands in California," Fall told International News Service. He referred to testimony of E. L. Dohney, president of the Pan-American Petroleum company before the senate public lands committee investigating naval reserve leases to private interests. The oil magnate declared he loaned Fall the \$100,000 on November 30, on a promissory note, and that no mention has been made since that time about payment of the loan.

"I loaned him (Fall) the money because he has been a warm personal friend of mine for thirty years and I was happy to do this favor for a friend, especially as I could easily spare the money," Dohney said.

The loan was made only shortly before Dohney got the lease for the 37,000 acres in the Elk Hills, California reserve. The money was sent to Fall in Washington from New York in cash, carried in a little black satchel by Dohney's son.

"Mr. Dohney loaned me the money because of the years of unbroken friendship between us," Fall added. "Besides it was in gratitude for the many things I, and no one else, had been able to do for him in Washington during the involvement of his Mexican properties by the war in that country."

"He never gave me the money on account of any oil leases." Fall also denied flatly that he borrowed any large sums other than the \$100,000 from Dohney. The impression was gained by some members of the committee from the oil man's testimony that there may have been a second \$100,000, inasmuch as Dohney said "the cost of buying the Harris ranch and improvements on his own ranch exceeded \$100,000." He declared Fall asserted the purpose of the loan was to purchase the adjoining ranch, not mentioning installations on the ex-secretary's own ranch which were said to have cost about \$80,000.

Postpone Appearance "I did not get any money from Harry F. Sinclair," Fall said. "I did not get any money from Edward McLean. One thing I regret in all this unhappy situation is that I said I did get money

CONSOLIDATION NOT DISCUSSED

Board of Education Holds Meeting But Merger Is Not Considered

The subject of the consolidation of the Board of Education and the High School Board of Trustees was not taken up at the regular meeting of the former held last night. The session was a very short one and but little business of a routine nature was transacted.

The roofs of the new Broadway and Doran street school buildings which were damaged during the heavy wind storm of six weeks ago, will be repaired at the expense of the board. The contractors will not be held liable as they had fulfilled their part of the contract. The damage was in no way due to their negligence.

The report of Dr. G. Kaemmerling, school health officer, was presented and read and it showed the health of the school children in Glendale to be very satisfactory.

Salary Question The matter of principals' salary was referred to the teachers' committee. Under the provisions of contracts signed September 1, a principal of a school having but twelve teachers does not receive as much salary as the principal of one having over that number. If the increase in teachers is made during the school year, it is a question as to whether the principal's salary should automatically be raised, or the contract signed on September 1, hold good.

The board accepted as complete the bungalows recently erected at the Grand View and Colorado street schools. Bids will be asked for on the house which stands on the property recently purchased by the board at Milford street and Columbus avenue.

Late in the evening Mr. and Mrs. Enoch left for a short trip. For traveling Mrs. Enoch wore a spring outfit in shades of brown. They will make their home in Arlington, where Mr. Enoch is in the employ of the Santa Fe railroad.

Shelby, Mont., Bidding For Another Battle

GREAT FALLS, Mont., Jan. 25.—Assertions some time ago that Shelby, Mont., scene of the disastrous Dempsey-Gibbons fourth of July championship bout last year, was dead, financially as well as pugilistically, were routed this morning when Bruce McNamer, secretary of the Shelby Chamber of Commerce, wired Tex Rickard another offer for a championship contest.

McNamer offered Rickard a guarantee of \$500,000 to stage the Dempsey-Gibbons fight in Shelby on July 4 next.

No answer has yet been received from the New York promoter.

Sister of Mrs. Hogue Is Called by Death

Friends of the family of Dr. Roy V. Hogue of 329 North Jackson street, will be sorry to learn of the death this morning, Friday, January 25, 1924, in Tucson, Ariz., of Mrs. Hogue's sister-in-law, Mrs. Maggie Allen, wife of William N. Allen.

The Allens formerly lived in Glendale, and it is probable that Mrs. Allen's body will be brought to Glendale for services and burial.

One crop of an apple tree, valued at \$5,000, in West Virginia, totaled 35 bushels.

RECOGNITION OF SOVIET FAVORED

New Labor Government of Great Britain Prepares To Take Action

(Continued from Page 1)
a \$50,000,000 naval base at Singapore before he would consent to act as ambassador. It is considered doubtful, however, that the cabinet will cancel plans for the Singapore works.

Great Britain's Action Not To Alter U. S. Policy

WASHINGTON, Jan. 25.—Recognition of the Russian soviet government by Great Britain will not affect the policy of the United States toward Russia, it was announced officially at the state department today.

Joint Presidents' Will Rule Russia In Future

LONDON, Jan. 25.—Soviet Russia will be ruled in the immediate future by a triumvirate composed of Leo Kamenev, third vice-president of the council of people's commissaires; M. Rykov, second vice-president, and M. Tsurups, commissaire for inspection of workers and peasants' councils, according to a Moscow dispatch to the Evening News today, quoting George Tchitcherin, people's commissaire for foreign affairs. They will be known as "joint presidents," succeeding Nicolai Lenine, who was president of the council of people's commissaires.

OLDEST TINSMITH DIES

TULARE, Jan. 25.—Charles M. Alexander, 98, reputed to be the oldest tinsmith in the state, died here after working at his trade for more than 50 years. He had no known relatives and was considered a recluse.

OPERATED UPON

Mrs. J. E. Brayman of 1110 South Glendale avenue underwent major surgery this morning at the Glendale Research hospital.

Campbell; "Liebestraum" (Liszt), Weitzman trio; Organist, Edward H. Fisher; Sentinel, S. Riley Lyons; Vocalist, Dr. Joseph Marple; "Trio in D Minor" (Mendelssohn), Weitzman trio; Proclamation, Master of Ceremonies, Frederick Addison Collins; sons, selected number, Dr. Joseph Marple; address, M. E. Comp., Mattison Boyd Jones; General Grand Master of the Second Vail of the M. E. General Grand Royal Arch Chapter of the U. S., a "Hymn of the Parsees" (Bantock), Keamoku A. Lewis.

The musical program was arranged through the courtesy of Keamoku A. Lewis and Dr. Joseph Marple.

List of Officers
The following officers were installed: Thomas Francis Carter, High Priest; Robt. T. Lawson, King; Alvin G. Low, Scribe; Wilbur McFadden, Treasurer; Benj. O. Hagen, Secretary; Alphonso L. Chandler, Chaplain; Clarence L. Suits, Captain Host; K. A. Lewis, Prin. Sojourner; Harry M. Bennett, Royal Arch Capt.; Arthur Genn, Master of Third Vail; Paul H. Cable, Master of Second Vail; Geo. A. Campbell, Master of First Vail; Edward H. Fisher, Organist; S. Riley Lyons, Sentinel; Joseph Marple, Vocalist.

Refreshments were served at the close of the program.

INSTALL OFFICERS OF I. O. O. F. LODGE

Past Noble Grand Hill Is Presented With Gift From Members

The installation of the newly-elected and appointive officers of the I. O. O. F. lodge, No. 338, which was held last night in the lodge rooms, was a very impressive ceremony and each member taking part in the installation work is to be complimented on the way in which the work was put on.

The lodge room was filled to its full capacity by visiting members of I. O. O. F. and local members.

George H. Fuller, district deputy grand master from Lancaster and his staff of officers, assisted as installing officers. The following officers-elect and appointive officers were formally installed: H. T. Stevens, noble grand; H. W. Hollenbeck, vice grand; Howard Stanley, recording secretary; Charles Stanley, financial secretary; Charles Pease, treasurer; Lee Murdock, trustee. Appointive officers: Willie Ertell, warden; Henry Ninemire, conductor; Ernest Rich, chaplain; George McBryde, right scene supporter, and Nels Johnson, left scene supporter; Lee Murdock, right supporter of the noble grand; Frank Stanley, left supporter of the noble grand; Carl Schwitters, right supporter of the vice grand; Harry Easton, left supporter of vice grand; Henry Patterson, inside guard, and H. W. Manning, outside guard.

Gift to Past Grand

Later in the evening, E. A. Hill, past noble grand, was presented with a beautiful past grand collar by the members of the local lodge.

After the installation an oyster supper was served by the members of the Rebekah lodge. The rest of the evening was devoted to an informal social time when the new robes which have just recently arrived were placed on display.

W. P. FULLER CO. WILL BUILD HERE

Buys Lot From Baldwin Sisters For \$60,000 and Will Start Structure

(Continued from Page 1)
and as successful as the W. P. Fuller Paint company," says Miss Jeannette Baldwin, speaking for her sisters as well. "We feel that the building this concern will erect will be a credit to the city and will materially add to the payroll and increase the amount of business done here.

MONTH'S BUILDING PERMITS \$707,403

Prospects for Million Dollar Total In January Appear Remote

Building permits will have to average slightly in excess of \$10,000 per day for the rest of the month if January, 1924, is to equal the record set by the corresponding month of 1923, when permits totaled over \$1,000,000.

With five and one-half business days left, approximately \$400,000 is needed to make January a million dollar month. Permits last night totaled \$707,403.

The following permits were granted:

Frank Brothers, 6 rooms and garage, 945 Raymond	4,000
Mrs. J. L. Taylor, 5 rooms and garage, 644 West Colorado	3,500
H. M. Starnes, 5 rooms and garage 752 West California	2,500
C. H. Garton, 4 rooms, 1114 East Allen	2,400
C. H. Garton, 4 rooms, 1118 East Allen	2,400
Harry C. Wilcox, 3 rooms, 128 Fifth	2,085
Sadie Beaird Horner, 3 rooms, rear, 1726-A Sycamore Canyon road	1,000
S. Beran, addition, 40 1/2 South Brand	500
William H. Fountain, 2 rooms, 125 West Acacia	250
Dr. Belhoff, addition, 1228 Mariposa	250
Mrs. M. N. Howard, garage, 703 East Colorado	250
Charles F. Reichers, garage, 426 Ivy	150
E. D. Ervin, garage, 633 North Kenwood	150
Q. E. Thompson, garage, 1212 Irving	100

TWO OPERATIONS

Mrs. Beulah Hubbard, 309 East Colorado street, and Master Jack Tate, of 1529 Ridgeway Drive, underwent minor surgical operations at the Glendale Sanitarium and Hospital this morning. Both are progressing favorably.

three numbers by the glee clubs, "Flag of Flags" by the boys; "When de Shadders Spread Around" by the girls, and "On Parade" by the two clubs combined. Miss Mildred E. Hughey will do the directing.

The "Barcarolle" from the "Tales of Hoffman" will be given by Dorris Cole and Doris Carver, with Susie Smith as accompanist.

Following Richardson D. White's address an instrumental quartet, composed of Fayette Wilson, first violin; Fletcher, second violin; Dorothy Hoskin, third violin, and Susie Smith, piano, will

Uprising of Filipino Fanatics Spreading

MENILA, Jan. 25.—The Colerums, a fanatic organization, have succeeded in reaching the Mindanao mainland from the island of Surigao and have cut communication between the towns of Placer and Mainit, where they are reported recruiting followers, burning and pillaging.

Governor-General Wood is ready to send more reinforcements to the constabulary and possibly regular scouts if the revolt spreads. Governor Wood's yacht is speeding 150 constabularymen to Surigao. The superintendent at Rizal, Philippine national hero, has come to life is gaining wide credence in many sections.

Pastor's Defense Dealt Blow by Alienists

CHICAGO, Jan. 25.—A blow was struck late yesterday at the defense of Dr. Carl D. Case, pastor of the fashionable First Baptist church of Oak Park, whose answer to the charges of Mrs. Charlotte Leland that they "had sinned four or five times" was that these were mental hallucinations. An alienist, testifying for Albert Leland, the husband, suing for divorce, said Mrs. Leland was sane and had no delusions.

BANDIT LEADER KILLED
BOMBAY, Jan. 25.—Ardali, leader of the bandit "murder gang," which has been terrorizing the Afghan frontier has been killed, according to word from Peshawar today.

UNDERGOES OPERATION
W. G. Heald of 308 East Lomita avenue underwent a major surgical operation last night at the Glendale Sanitarium and Hospital.

Paints Pitiful Picture Of Germans' Condition

DENVER, Jan. 25.—A pitiable plight of the residents of Germany, particularly in the congested district of the Ruhr was painted here by James H. Causey, Denver banker and philanthropist, who returned recently from an investigation of conditions in that country.

"Men, women and children drop on the streets from hunger weakness. Disease is rampant, because medicine cannot be procured. Forty-seven out of every 100 babies die between the ages of two and six years of tuberculosis as the result of undernourishment."

ROLPH IN BUSINESS
SAN FRANCISCO, Jan. 25.—Mayor James Rolph, Jr., of San Francisco will enter the insurance business, according to announcement made here of the filing of articles of incorporation at Sacramento of the James Rolph, Jr., W. B. Sweet & Co., Inc.

PLAN INITIATION OF NEW MEMBERS

Ritualistic Ceremony Will Be Conducted Tonight At Legion Meet

The first ritualistic initiation of new members to be conducted by the recently elected officers of Glendale Post, No. 127, American Legion, will be held tonight at the regular meeting at the Legion hall, 610 East Broadway.

Joseph A. Wilson, post commander, will be in charge, assisted by the other chair officers. All initiatory work has been dispensed with during holidays, consequently quite a large class will be presented tonight. In addition to the initiation, a successor to Dwight W. Stephenson, executive committeeman, will be elected. His resignation, due to the stress of personal matters needing his attention, was accepted at the last meeting of the post.

A further report will be made by the committee handling the legion exposition, to be staged by the Clarence A. Wortham show February 4, to 9, inclusive. Adjutant E. E. McWain, with Commander Wilson and Ivan Crocker attended the show at Huntington Park last night as the "nests of the work being done. Any Glendale boy over 12 years of age is eligible to membership, but an effort is being made to confine it as closely as possible to the sons, brothers, or boys otherwise related to Legionnaires.

An American Legion orchestra, composed of some of the leading musicians of Glendale is being organized, and regular practices are being held each week. It is not the intention of the members of the orchestra to enter the competitive field, but rather to furnish music for post initiations, banquets, and similar occasions.

Scout Troop Report

H. B. Lockwood, scoutmaster of Troop No. 4, of the Boy Scouts, known as the American Legion troop, reports very favorably on the work being done. Any Glendale boy over 12 years of age is eligible to membership, but an effort is being made to confine it as closely as possible to the sons, brothers, or boys otherwise related to Legionnaires.

TANKER IN TROUBLE

SAN FRANCISCO, Jan. 25.—According to advices to the chamber of commerce marine department here, the General Petroleum company's oil tanker Mojave, bound from San Pedro to Japan, has been forced to put in at Honolulu, due to engine trouble.

Feeling of Reverence Is Uppermost as Itinerary Leads Kirk to Bethlehem

Bearing a stamp urging one to attend the 1924 exposition in Palestine, a letter arrived at The Glendale Evening News office from W. B. Kirk. It was written in Jerusalem December 23, and in it Mr. Kirk anticipates spending Christmas eve in Bethlehem.

W. B. KIRK

He writes: "We are finally at the apex of our trip. While we have enjoyed every part of it, the culminating feature has always been the Holy Land, the country we have longed to see since our childhood, and the places which to us are more sacred than any other, because they were trod by the feet of Christ, who, to us, is the Son of God.

"So we have timed our journey so as to be here at the time which celebrated his birth, and tomorrow we expect to go to Bethlehem and spend the evening there as near as possible to the place where He was born.

"This is a great experience, and as I write you I do so with a feeling of reverence as if I were on holy ground. Not that I believe there is anything more holy in this ground than in any other, because I do not worship any material thing, but the history of this land, and especially of this city, puts them in a different place in our minds than that accorded any other part of the world.

"You must recognize that very few of the exact spots mentioned in the Scriptures can be absolutely pointed out today, because of the lapse of time, wars and destruction of all kinds, but the location of the larger things, the mountains, hills, lakes, brooks, sea and cities are surely correct, and many of the smaller spots are so well authenticated that it is much easier to believe they are correct than to be skeptical about them.

"Many of the facts which you can gather from your Bibles and concordances I will not go into in detail, but, as in my other letters, will make this as personal as possible, trying to take you with us in our experiences, as one of our number, relating what comes to one's observation as he goes about over the world.

Trip to Jerusalem
"We were glad to get away from Egypt, for reasons which I gave you, and on Monday evening the seventeenth, we took train in Cairo for Jerusalem. As there is no bridge across the Suez canal we had to ride in a day coach from 6:30 to 10 o'clock, when we reached the canal, had another inspection of our passports and baggage, (you remember we were warned by our

secretary of state that we might have to produce certificates of vaccination before being permitted to enter Palestine.)
"Everything was satisfactory and we crowded onto the flat ferry boat, which took us across to Kantara, a town on the opposite side. The boat was worked across by the old fashioned chain system, and the two Arabs on each side had hard work as the boat was filled to overflowing. Our berths were very comfortable, fully as much so as those in America, and so we rested as well as possible, on a train.
"Our weather in Egypt had been perfect, so we were surprised when we waked at Ludd, the point where our car was attached to the Joffa-Jerusalem train, to find it raining. From there to here we could see little but the bare hills as our engine puffed up the grade, since Jerusalem is, as you doubtless know, about 2700 feet high.
"Reach Holy City
"When we reached here half an hour late, at 10 o'clock a. m., the rain was pouring. We had met a young Englishman, who lives here, on the train, and he advised us to come to this hotel. (Continued on Page 2)

THREE STUDENTS TRY FOR PRIZE

Californian May Win Legion Contest for Essay on Immigration

Three California students are listed among the number who are eligible to win the second annual American Legion essay contest on the subject "Why America should Prohibit Immigration for Five Years."

They are Caroline Mille of Modesto; Robert Van Etten of Oakland and Genevieve Churchill of Kelseyville, Lake county, who have already been awarded a silver medal, a bronze medal, and a certificate of merit, respectively, in the competition with 300,000 school children who participated in the different states in the union.

The winners of the contest will be announced about February 1, according to the judges of the national competition, who have communicated with Morgan Keaton, California's state adjutant of the organization.

The winner of the first place in the national competition will receive a scholarship award of \$750 in cash to be applied at any school, college or institution of higher learning. Second in the contest is to receive \$500, and the third will be given \$250 for the same use.

Study Crime Figures

The percentage of crime in the United States committed by un-naturalized aliens, will be determined by the American Legion to substantiate claims that immigration be suspended over a period of five years, according to word received in California from National Commander John R. Quinn of this state.

This will be undertaken by the legion Americanism commission in each state department of the Veterans' organization. A survey will be made of all courts, prisons and penal institutions.

AGREE ON TAX APPEAL

WASHINGTON, Jan. 25.—The House ways and means committee yesterday tentatively agreed to repeal the tax on telegraph and telephone transmission and on leased lines, amounting to approximately \$30,000,000 a year, and also the percentage on candy, which has produced revenue of about \$11,000,000 annually.

NEWCOMER BUYS RESIDENCE HERE

John H. Klise Will Transfer Eastern Investment to Glendale

Among the latest newcomers to take up their permanent residence in Glendale are Mr. and Mrs. John H. Klise, formerly of Chicago, who have bought the H. S. McCormack home at 5341 Eagle-dale drive, of which they will take possession on February 1.

Mr. Klise was for eighteen years, connected with Morris & Co., the Chicago packers, in an executive capacity, holding the position of assistant secretary of the organization and carrying out an immense amount of the firm's confidential business. He spent almost two years in Brazil for the Wilson & Co. interests, installing an up-to-date accounting system for the firm's South American trade.

He will be associated here with H. S. McCormack and will transfer his investments to Glendale in the immediate future.

Mr. and Mrs. McCormack, who sold their home to Mr. Klise, have bought the Philip Parker residence at 641 North Brand boulevard and will move into it within a few days, when Mr. and Mrs. Parker will occupy their new-built home on Kenneth road.

De la Huerta Agrees to Demands Made by U. S.

WASHINGTON, Jan. 25.—The rebel leader, De la Huerta, has assured the United States that American oil operators in the Tampico district would not be molested. Operators in the southern Tampico fields, who had been forced to cease operations, will resume again at once. The mines placed in the entrances to harbors at Vera Cruz, Frontero, Puerto Mexico and other ports by the revolutionists are being removed, Consul Wood reported, in compliance with the American demand.

All the United States warships which were sent to Mexican waters to prevent interference with American commerce because of the revolutionary blockade of the port of Tampico will be withdrawn as soon as the salvaging of the wrecked cruiser Tacoma is completed, the state department announced.

Advancement Association in Favor of Plan to Place Sewer System in Parking

By C. A. GRIFFIN
Of The Evening News Staff.

Listening to a description of the new plan for saving the paving on Glendale avenue, from being cut up for installation of sewers, a plan perfected by the City Council and engineers and proposing the placing of sewers on Glendale avenue under the parking, constituted the chief business before the regular weekly meeting of the Glendale Advancement Association at the Harriet Mae Tea room Thursday noon.

Another matter that brought forth a spirited discussion, and may result in action having an important bearing upon the city's progress, was the matter of choosing ornamental light posts. S. C. Kinch, reporting for the Broadway and Glendale lighting committee, stated that the committee favored sectional steel lamp standards and lantern shaped globes. He said that the steel posts are more durable, that instead of being broken as concrete or cast iron posts are when subjected to a severe blow, they simply bend and can be easily and cheaply repaired.

Case of Damage
He told how a cast iron standard on Western avenue was struck by a car, broken off, and thrown through a plate glass window, resulting in \$300 damage, and how a similar accident to a sectional standard on Hollywood boulevard simply bent one section, causing a repair bill of \$5.50.

With regard to the type of globe, Mr. Kinch said that the committee decided the lantern style gives more light than the round or egg shaped globe, and is less expensive to install and maintain.

At this point in the proceedings Dr. Henry R. Harrower submitted his views on the selection of lighting standards. He remarked that manufacturers of this commodity were playing upon the committees in lighting districts all over the country, inducing them to buy what their committees didn't need at prices greater than the taxpayers should have to pay.

Trees More Valuable
He said that, in his opinion, trees are much more valuable to a town than lamp posts, and that the function of the latter should be confined to illumination. He mentioned the lamp standards on Orange Grove avenue as being typical of the less

elaborate kind, and deplored the tendency to what he called sensationalism in the selection of ornate standards, regardless of price. He recommended that the city council adopt a standardized pattern for use in all future lighting districts, and force the districts to conform to it.

Councilman Sam Davis greeted Dr. Harrower's words with enthusiastic agreement, and invited him to "come to the council next Tuesday and make that same speech." That the council should be able to tell the lighting committees what they could have, instead of the committees insisting that their people were paying the bills and had a right to what they wanted, was exactly the right notion, in Councilman Davis' belief.

REALTORS ADOPT MULTIPLE LIST

Members of Local Board to Extend Services to Realty Clients

What is regarded as the most important and forward looking move ever inaugurated by The Glendale Realty Board has been started this week by the adoption of the Multiple Listing System, with 114 firms in the organization endorsing the system and using it in the conduct of their business.

The Multiple Listing System is a co-operative service, working to the advantage of everyone concerned in real estate transactions. It is declared by officials of the board, and the rapid adoption of the system by boards all over the country is proof of its merits.

One phase of the service is the automatic listing of properties offered for sale. An owner lists real estate with any member of the board who has adopted this system, and he is assured that his property will be advertised and brought to the attention of every member in the organization, so that, instead of one firm and a few salesmen working on the deal, 114 firms and over 250 trained salesmen will be using their efforts to dispose of the property.

One Price Everywhere
The prospective purchaser can avail himself of all the service listings by visiting the office of any member, thus saving time and having the satisfaction of knowing that the price is right and there is but one price on the property, regardless of from whom he buys it.

The prospective purchaser can composed of men and women who have established themselves as persons of character and integrity worthy the emulation of any other honorable profession, and in adopting this service the "Golden Rule" and "Honest Dealings" have been strongly stressed.

The names of those members who are adopting the Multiple Listing System appear in the advertisement carried in today's Glendale Evening News.

RUNAWAY AUTO KILLS

LOS ANGELES, Jan. 25.—A runaway driverless automobile, hurtling down a hill in Aldama street yesterday, struck and killed Frank J. Roberts, then careened onward until it struck an obstruction and was wrecked, according to the police. R. Wilde, operator of the automobile, was detained.

A MOVEMENT OF GIGANTIC INTEREST TO EVERY PROPERTY OWNER

One Hundred Fourteen Firms have adopted this LISTING SERVICE that has been so successfully used in other leading cities of the country, and with their 250 additional live salesmen, constitutes a gigantic sales organization engaged in this master service.

- 1—IT ASSURES THE BEST OF SERVICE
- 2—IT PROTECTS BOTH BUYER AND SELLER
- 3—IT IS CO-OPERATIVE IN ALL ITS WORKINGS

A single listing insures the co-operation of 114 selling agencies and commands the attention and confidence of a multitude of buyers.

Any information in regard to the details of this service will be gladly given by any of the following members:

KIRK WRITES OF HOLY LAND VISIT

Faestine at Christmas Is Described By Travel Correspondent

(Continued from Page 1)

so we took a carriage here and, as the rain continued to pour, we stayed indoors for the rest of the day.

"I must say that Palestine, in size, climate and products, is nearer like southern California than is any other part of the world probably. Jerusalem being situated at an altitude, however, gets a little hotter in summer and has more rain and snow in the winter than we do. Their average rainfall is about 26 inches as compared to our 15 1/2, and they have snow sometimes. Two years ago they had three feet at one time!

"Our hotel is a small one run by an Englishman. The two larger hotels are run by foreigners and are reputed to be none too good, especially for the price charged. The sanitary conveniences at none of these hotels is all that could be desired, but we have lots to eat and it is good.

"Just before that rain the water was getting so low here that they expected to begin running water trains into the city, but that one of four inches, with more the following night, has relieved all anxiety and washed off every thing nicely, for our reception.

"Friday we received some forwarded mail, and I browsed about town a little, but clearing and the folks needed rest. Wednesday morning however, with a good guide, secured here at the hotel and accompanied by an elderly Scotch couple from New Zealand, we started out to see the city, going first to the Mosque of Omar on the site of Solomon's temple.

"With carriages we drove from our hotel, which is outside the old city, to the east, along the old wall, past the Damascus gate, down hill beyond which we could see the Mount of Olives. The mosque is at the southeast corner of the city and is always conspicuous when viewing the city from any point to the east. It has a very large dome over a building, octagonal or circular in form, and not of gigantic size, standing in the middle of a court paved with large square blocks of stone. I think the entire temple arch is about 1000 feet square.

Visit Ancient Mosque

"Having sandals applied to our feet, first seeing the gilded iron grille work, which is between marble pillars, built by the crusaders in the eleventh century. This mosque however, is only about 650 years old. Four of these pillars, of mottled red and white, are from the original temple of Solomon, so it is thought. Within the middle inclosure is the celebrated rock, on which it is thought Abraham was offering Isaac when the angel stayed his hand and since then has been trod by all the kings and priests of the temple.

"I believe that the temple which Christ knew was the third one on this site and according to Christ's prediction, it was destroyed by Titus in 70 A. D., along with the entire city. We went down a stairway underneath the rock, but I haven't time or space to describe all the things I would like to.

"To the south of the temple area is another smaller mosque called El Oksa, and beyond it the 'Stables of Solomon.' That afternoon we visited the house of Pilate, now a church and convent, occupied by the French Catholic sisters. The location of the judgment hall, where Pilate washed his hands, was shown. Going below the floor of the present palace we saw the original floor of the palace which was dug out from ten meters of rubbish. Its stones show carving of squares and circles where the Roman soldiers played games.

"We then went to the 'Church of the Holy Sepulchre,' where

City Council Minutes

Following are the minutes of the meeting of the Glendale City Council, as prepared by the city clerk:

Council assembled at 10:30 o'clock a. m., January 24, 1924. All members present. Minutes of January 17th read and approved.

Hearings

This being the time set for hearing to set aside as commercial district a portion of lot 9, Sinclair and Schierholz Tract, Sycamore Canon Road and Sinclair Avenue, Clerk reported no protests received and there were no protesters present. On motion of Councilman Davis, petition was denied. Vote by roll call: Ayes: Hall, Kimlin, Noes, none. Not voting: Kimlin, Robinson.

Commercial District

This being the time set for hearing to set aside as commercial district Lots 1 and 2 of Tract 4537, Pacific Avenue and Palm Drive, Clerk reported no protests received and there were no protesters present. On motion of Councilman Kimlin, seconded by Councilman Horn, City Attorney was instructed to draft the necessary amendment. Vote as follows: Ayes: Hall, Horn, Kimlin, Robinson. Noes: Davis.

Garfield Avenue

Petition signed by property owners, asking that Garfield Avenue from Mariposa to Adams street be improved with 5' macadam, curb sidewalk and water pipe, was read. Same having been referred to City Engineer for checking was returned showing 5 1/2%. On motion of Councilman Kimlin, seconded by Councilman Horn, duly carried, City Engineer and City Attorney were instructed to draft the necessary proceedings.

Thompson Avenue

Petition signed by property owners, asking that the East half of Thompson Avenue be improved with 3" macadam, concrete gutter, and a communication from Roy L. Kent in which he stated that the Roy L. Kent Company proposed to pay \$1,000.00 towards cost of said improvement, was read. Petition having been referred to the City Engineer for checking was returned showing 55% and a recommendation that proceedings be started providing the Roy L. Kent Company deposit the sum of \$1,000 with the City and that Resolution of Intention carry a statement that the City would pay this \$1,000.00 deposited towards cost of said improvement. On motion of Councilman Davis, seconded by Councilman Horn, recommendation of City Engineer was approved and it was so ordered that proceedings be started in accordance therewith.

Commercial District

Petition signed by property owners, asking that property at the Northeast corner of Sycamore Canon Road and California Avenue be set aside as commercial district was read. On motion of Councilman Davis, seconded by Councilman Horn, City Clerk was instructed to set the necessary date of hearing February 5th.

American Legion

Request from the American Legion for permit to operate a general show for nine (9) days and nights, February 4th to 12th inclusive on the triangle formed by Brand Boulevard, San Fernando Road and Cerritos Avenue, also 250 feet north of Brand Boulevard; to hold a parade, to use water for sprinkler wagon to care for grounds, to sell tickets for automobile races and that no permission be granted for stands to individuals within 3 or 4 blocks of the grounds, was read. On motion of Councilman Kimlin, seconded by Councilman Horn, application was granted subject to supervision and instruction of Police Department.

City Manager

A petition signed by tax payers and citizens, recommending the appointment of David Black as Christ is said to have been buried and near which he was supposed to have been crucified. These are now within the walls of the city, but at that time were without. To tell you about our visits there is a long story and so I will go on.

Another Kirk letter will appear at an early date in The Glendale Evening News.

City Manager was read and ordered filed.

Police Car

On motion of Councilman Horn, seconded by Councilman Hall, Chief of Police was ordered to turn in old Dodge Car on allowance of \$725.00 and purchase a new one for balance of \$360.00

San Fernando Road

Petition signed by property owners, asking that their names be added to the petition for the widening of San Fernando Boulevard from Los Feliz Road north to Los Angeles Street and petition signed by property owners, asking that their names be removed from protests against said improvement were read and ordered filed.

Extension of Time

On motion of Councilman Hall, seconded by Councilman Davis, duly carried, W. J. Curren was granted an extension of 30 days on his contract for the improvement of Windsor Road.

Sick Leave Pay

On motion of Councilman Kimlin, seconded by Councilman Davis, Joseph J. Claxton was allowed pay for 5 days on first period of the month of January, to cover sick leave absence.

Sidewalk and Fence

On motion of Councilman Kimlin, seconded by Councilman Horn, duly carried, City Engineer was ordered to investigate why proceedings had not been started or an effort made to replace sidewalk at the Northeast corner of Broadway and Glendale Avenue, and to report findings.

Council Meetings

On motion of Councilman Davis, seconded by Councilman Horn, duly carried, City Engineer was instructed to attend Council Meetings.

Refunds

On motion of Councilman Hall, seconded by Councilman Horn, Electrical Products Company was granted a refund in the sum of \$2.00 for duplicate permit issued. On motion of Councilman Kimlin, seconded by Councilman Davis, Mrs. John Younger was granted a refund in the sum of \$1.50 for duplicate plumbing permit issued.

Demands

On motion of Councilman Kimlin, seconded by Councilman Horn, duly carried, demand of Carolyn V. Wells for two days' pay in the health Department was referred to the Health Officer for recommendation and report.

On motion of Councilman Hall, seconded by Councilman Davis, Controller was authorized to issue warrants in favor of the Election Board serving January 8, 1924, in the sum of \$5.00 to each member and \$10.00 for rent of polling places.

On motion of Councilman Horn, seconded by Councilman Hall, salary demand of Mrs. Dorothy Barham, in the sum of \$72.00 for services in Police Judge's office, was allowed and ordered paid.

On motion of Councilman Kimlin, seconded by Councilman Horn, demand of The Glendale Evening News for advertising in the sum of \$100 was allowed and ordered paid.

Treasurer's Office

On motion of Councilman Kimlin, seconded by Councilman Horn, recommendation of City Controller that the City Treasurer's Office be allowed additional help at a salary of \$100.00 per month was approved and so ordered and Controller was instructed to file with Council his recommendation in writing.

Ordinance

The ordinance entitled, "An Ordinance amending Ordinance No. 629, passed January 12, 1922," and entitled, "An Ordinance of the City of Glendale establishing a Residential District, an Industrial District and Four Commercial Districts in said City; regulating and restricting the location and locations of and the maintenance and carrying on of industries, trades and businesses in said City; providing for a Residential, Industrial and Commercial District Map of said City; prescribing the penalty for the violation hereof; and repealing certain ordinances," by adding thereto a new section to be numbered Section 4xx," which was introduced January 17, 1924, was read. Moved by Councilman

Kimlin, seconded by Councilman Davis, that said ordinance be adopted. Vote as follows: Ayes: Kimlin, Noes: Hall, Horn, Davis, Robinson.

Ordinances Adopted

The ordinance entitled, "An Ordinance of the Council of the City of Glendale declaring its intention to order the widening of Park Avenue in said City," which was introduced January 17, 1924, was read, and on motion of Councilman Davis, seconded by Councilman Horn, said ordinance was adopted and numbered Ordinance No. 905.

The ordinance entitled, "An Ordinance of the Council of the City of Glendale declaring its intention to order the widening of Broadway in said City," which was introduced January 17, 1924, was read, and on motion of Councilman Davis, seconded by Councilman Kimlin, said ordinance was adopted and numbered Ordinance No. 906.

The ordinance entitled, "An ordinance amending Ordinance No. 529," passed January 12, 1922, and entitled, "An Ordinance of the City of Glendale establishing a Residential District, an Industrial District and four Commercial Districts in said City; regulating and restricting the location and locations of and the maintenance and carrying on of industries, trades and businesses in said City; providing for a Residential, Industrial and Commercial District Map of said City; prescribing the penalty for the violation hereof; and repealing certain ordinances," by adding thereto a new section to be numbered Section 4yy," which was introduced January 17, 1924, was read, and on motion of Councilman Kimlin, seconded by Councilman Horn, said ordinance was adopted and numbered Ordinance No. 907.

The ordinance entitled, "An Ordinance creating a First Class Residential District No. 19 in the City of Glendale and regulating the purposes for which buildings, structures or premises may be constructed or maintained therein," which was introduced January 17, 1924, was read, and on motion of Councilman Davis, seconded by Councilman Horn, said ordinance was adopted and numbered Ordinance No. 908.

The ordinance entitled, "An Ordinance amending Ordinance No. 529, passed January 12, 1922, and entitled, "An Ordinance of the City of Glendale establishing a Residential District, an Industrial District and four Commercial Districts in said City; regulating and restricting the location and locations of and the maintenance and carrying on of industries, trades and businesses in said City; providing for a Residential, Industrial and Commercial District Map of said City; prescribing the penalty for the violation hereof and repealing certain ordinances," by adding thereto a new section to be numbered Section 4ww," which was introduced January 10, 1924, was read, and on motion of Councilman Kimlin, seconded by Councilman Horn, said ordinance was adopted and numbered Ordinance No. 909 by the following vote: Ayes: Hall, Horn, Kimlin, Robinson. Noes: Davis.

Ordinances Offered

Councilman Kimlin introduced an ordinance entitled, "An Ordinance providing for the issuance of bonds of the City of Glendale in the sum of One Million Six Hundred Thousand Dollars (\$1,600,000.00), for the acquisition, construction and completion of a Municipal Sewer System for the collection and carrying off of sewage in and away from the City of Glendale," which was read and laid on the table.

Councilman Horn introduced an ordinance entitled, "An Ordinance amending Ordinance No. 306," passed June 25, 1923, and entitled, "An ordinance of the Council of the City of Glendale, fixing the salaries of the officials of said City, authorizing employment of certain employees and fixing the compensation or rates of pay therefor, and repealing all ordinances conflicting therewith," by amending Sections 7, 8, 10 and 53 and adding thereto a new section to be numbered Section 8 1/2," which was read and laid on the table.

Councilman Horn introduced an ordinance entitled, "An Ordinance creating First Class Residential District No. 20 in the City of Glendale, and regulating the purposes for which buildings, structures or premises may be constructed or maintained therein," which was read and laid on the table.

Councilman Kimlin introduced an ordinance entitled, "An ordinance amending a Section of Ordinance No. 522," adopted January 5, 1922, and entitled, "An Ordinance of the City of Glendale regulating the construction, alteration, repair, moving and demolition of buildings and structures, and the use thereof, providing for the issuing of permits for the same, and providing for the demolition of buildings and other structures dangerous to life or property," which was read and laid on the table.

Councilman Horn introduced an ordinance entitled, "An Ordinance amending Section 2, 9, 10 and 11 of Ordinance No. 445 entitled, "An Ordinance regulating the keeping, collection and disposal of garbage, rubbish and waste matter in the City of Glendale," passed May 26, 1921," which was read and laid on the table.

Resolution Adopted

Councilman Horn introduced a Resolution entitled, "A Resolution of the Council of the City of Glendale adopting certain diagrams on file in the office of the City Engineer of said City," exhibiting Raymond Avenue which was read, and on his motion seconded by Councilman Hall, the same was numbered Resolution No. 2264 and adopted.

Councilman Kimlin introduced a Resolution entitled, "A Resolution of the Council of the City of Glendale adopting certain plats, plans and profiles on file in the office of the City Engineer of said City," showing improvement to be made on Alpha Road from Verdugo Road to 2400 feet easterly, which

was read, and on his motion seconded by Councilman Horn, the same was numbered Resolution No. 2266 and adopted.

Councilman Davis introduced a Resolution entitled, "A Resolution of the Council of the City of Glendale declaring its intention to improve portions of Alpha Road, Oak Glen Road and Verdugo Road, within said City," which was read, and on his motion seconded by Councilman Kimlin, the same was numbered Resolution No. 2267 and adopted.

Councilman Kimlin introduced a Resolution entitled, "A Resolution of the Council of the City of Glendale appropriating revenue not included in the Annual Budget," which was read, and on his motion seconded by Councilman Horn, the same was numbered Resolution No. 2268 and adopted.

On motion of Councilman Horn, seconded by Councilman Horn, duly carried, meeting was adjourned.

Classy Jane Proves to Be Man from Asylum

SACRAMENTO, Jan. 25.—From the tips of her natty oxford to the crown of her auburn hair she exuded Class with a capital C. And on occasions when a careless flirt of her modish gown revealed an entrancing glimpse of bare knee above a rolled silk stocking the younger male room-ers in the Harvey House hatched up their ties and surreptitiously patted their recalcitrant locks.

As the queen was sitting through her second proposal, the police arrived. The lovely one, it developed, was John Reed Erskine, wanted in a state insane asylum.

Plan to Place New Sewers in Parking

(Continued from Page 1)

to prevent destroying the paving when the sewer is laid, and recommended that efforts to stop the paving be abandoned.

Plan to Save Street

Mayor Robinson and Councilman Davis joined in describing the proposed plan of laying two sewers along the avenue, one under the parking on each side, thus making it unnecessary to cut the street up either to lay the mains or to make service connections. Not one voice was raised in anything but approval of this obviously practical method of solving the difficulty, and after some further discussion of the plan, it was moved and carried that the committee's report be accepted and work of the paving contractor be furthered in every way possible.

Guard Encampment Camps Are Selected

SACRAMENTO, Jan. 25.—Adjutant General R. E. Mittelstaedt announces the camps selected for the annual encampments of the California National Guard this year as follows:

Encampment of 250th Coast Artillery will be held at Fort McArthur, San Diego, July 5-19.

Encampment of Field Artillery at Camp Lewis, Wash., June 14-23.

Encampment of 159th and 160th Infantry and 40th Signal Corps and 143rd Ambulance Division, Del Monte, August 2-16.

SCHOOLS WILL BE WELL DOCTORED

Physical Examinations for All Advocated by Two State Boards

SACRAMENTO, Jan. 25.—Inauguration of a new program providing that all California children be given thorough physical examinations before they are enrolled in the public schools, was announced here today by Dr. Herbert R. Stolz, state supervisor of physical education.

Under the new regulation, which carries the approval of the State Board of Education and the State Board of Health, each of the 50,000 boys and girls scheduled to begin school with the next semester will be examined by physicians, their defects noted and treatment prescribed to overcome their physical handicaps.

Defective teeth, malnutrition, diseased tonsils and defective eyesight are said to be the principal handicaps of California children. Dr. Stolz asserted, and more than 60 per cent of these originate before the child enters school at 6 or 7 years of age.

IRENE CASTLE BACK

VICTORIA, B. C., Jan. 25.—Irene Castle, accompanied by her third husband, Frederick McLaughlin, arrived here today after their honeymoon trip to the Orient. They have made a round trip on the liner President Grant.

SEELIG GROCERY ENTERS BURBANK

Store No. 200 Established; Opening of Warehouse To Be Celebrated

The Sam Seelig company with four local stores in Glendale announces the opening this week of Stores No. 200 and No. 201. This chain of grocery stores has grown from one store in 1913 to its present size.

At the same time the 200 mark is reached, the new six-story warehouse at 1925 East Vernon avenue, Los Angeles, is being thrown open to the public with a big reception and housewarming, January 30, to which everyone is invited.

Luncheon will be served and many interesting things in the feed line will be shown. The warehouse will be entirely at the disposal of visitors all day Wednesday, January 30, and the people of Glendale are cordially invited to come in and see the largest grocery warehouse in the country.

January 23 every employe with the Seelig company six months received a nice bonus check, in addition to the monthly bonuses which are paid the salesmen for special merit in handling their individual stores.

Queen Wilhelmina of Holland, and King Alfonso of Spain, have occupied their thrones longer than any other living monarchs.

IT'S ALL AFIRE WITH RADIANT HEAT

Jobber's Loss Is Your Gain in This Sale of the Hottest Heater Ever Invented

Thousands and Thousands Have Been Sold Throughout the U. S.—Never Before for Less Than \$25. We Have Nearly 500 in Glendale Homes Alone

You Can Buy All the Healthful Heat and Comfort You Will Ever Need for **\$12.60**

DELIVERED AND CONNECTED FOR 40c

So Perfect is the Combustion, So Intense the Heat, That a Copper Wire Melts in the Flame—and the Secret Is Two Air and Gas Mixers

The following is a quotation from the report of a test made by the United States Bureau of Mines:

"(1) The design of the air injector is good, and the amount of primary air per volume of gas was for all the gas rates tested, with air-control disc wide open, greater than 8 to 1.

"(2) The orifice is of the correct size—that is, not so large as to permit an excessive flow of gas.

"(3) The air-control disc (air shutter) is a bad and dangerous feature unless correctly operated by the user, and if good operation of the heater can be obtained without it, it should be omitted. Normal air tests showed that very dangerous quantities of carbon monoxide are liberated if the primary air supply is shut off. (Operates in Glendale without air shutter.)

Analysis of the products of combustion under all pressures:

Air shutter wide open—Carbon Monoxide 0.00.

Air shutter half closed—Carbon Monoxide 0.10.

Air shutter three-quarter closed—Carbon Monoxide 0.15.

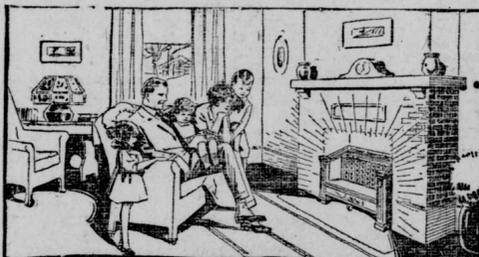

Air shutter closed—Carbon Monoxide 4.5.

Signed:—Gas Laboratory
Chemical Division
Pittsburg Experimental Station
United States Bureau of Mines, April 13, 1923."

Heater Generates NO Carbon-Monoxide

After subjecting the Ray-Glo heater to the severest of tests, under most abnormal conditions, D. J. Demorest, Industrial Analytical Chemist and Metallurgical Engineer at Ohio State University, has written his report in the letter published herewith. No higher praise, no greater recommendation, could possibly be given this scientifically designed gas heater than the FACTS disclosed by the tests of this unbiased expert. Read the facsimile of his letter carefully, that you may be firmly impressed that there is positively NO DANGER in the use of the famous Ray-Glo heaters.

A recent analysis in the open air produced these results: Nitrogen, 78%; Oxygen, 21%; Carbon-dioxide, 00.0075%. Total, 99.0075%. Balance of air consists of rare elements of little importance.

This is the Heater
Being used in many homes in Glendale for comfort in 2 rooms and more.

What a Famous Chemist Says About It

D. J. Demorest
METALLURGICAL ENGINEER
INDUSTRIAL ANALYTICAL CHEMIST

Lord Hall
The Ohio State University
Columbus

Dec. 22, 1922.

The J. H. Grayson Mfg. Company,
Athens, Ohio.

Gentlemen:

I have today tested your "Ray-Glo Fire" as follows—the stove was used in an open room with the gas burning at both high and low rates. Samples of the products of combustion were taken from points just at the top of the clay glowers and these samples were analyzed. The average of four such analyses is

Carbon-dioxide	5.97%	Carbon-monoxide	None
Oxygen	9.77%	Nitrogen	84.26%

showing that under these circumstances no carbon-monoxide is made.

The stove was then set up in a small closet 4 ft. x 5 ft. x 10 ft., and was allowed to burn at full rate with the door closed until tests showed that the percentage of carbon-dioxide was remaining constant in the closet. The cracks under the door permitted enough air to circulate to prevent the carbon-dioxide near the floor where the air intake of the mixer was, to rise higher than 2 per cent. The analysis of the air entering the burner was (average of 5 tests)

Carbon-dioxide	2.00%	Carbon-monoxide	None
Oxygen	19.10%	Nitrogen	78.90%

At the same time, the burnt gas at the top of the clay glowers was sampled and analyzed, giving the following—

Carbon-dioxide	6.00%	Carbon-monoxide	None
Oxygen	10.80%	Nitrogen	83.20%

It is hardly conceivable that anyone would use the stove under such unreasonable conditions as in a closed closet. Yet even here we found no trace of carbon-monoxide. Your Ray-Glo Fire is certainly well designed. Of course, even your excellent stove should be used only in a room with good ventilation.

Very truly yours,
D. J. DEMOREST.

No contractor, no dealer, ever bought these heaters so cheaply; because the price to you is less than cost of manufacture. If you are going to build or need more heat in the next two years, get one of these heaters. Just think, a

good bathroom heater costs more than this powerful 2-room burner. So real, so great a bargain is this, that we will contract for 1000 of these heaters at \$12.00 for next winter's trade. They can't be made for the price.

Warning—Should it Rain, 60 Per Cent of Our Winter Is Yet to Come

TODAY—Dry Law Booms Bottle Trade.

By ROLAND KREBS For International News Service.

CHICAGO, Jan. 25.—Tales of the fortunes made by bootleggers who were pre-prohibition bums now are very, very old stuff.

This is a new one. It's about a man who is accumulating a robust little bundle with the proper green complexion by legitimately helping make a cripple of the liquor laws.

Arrests were made where the raiders found liquor actually in the possession of a diner.

The Chicago police, yielding to one of those quaint urges which policemen have when one expects it of them, began raiding restaurants, cafes and cabarets very diligently some months ago.

Indeed, on one occasion there was a heap of flasks and quarts and fifths on the dance floor of one restaurant that faintly resembled Mont Blanc.

They had to content themselves with gathering up this pile of evidence, thereby saving the warden the trouble of tidying up.

Now, then, we come to the point, since there is a point. It's this. No one likes to throw away an expensive gold, silver or platinum flask encrusted with rubies and sapphires two and three times a week when raided, because this sort of kitchenware comes high.

CUPID PEEKS AS BEAUTY POSES

'Girl Of Thousand Proposals' Finally Weds

Mae Burns

Mae Burns, the "girl of a thousand proposals," has fallen a victim to Cupid's wiles at last.

On the Spur of the Moment

By ROY K. MOULTON

THE MODERN MAID I hold no brief against the flapper lady. I do not think she differs from the rest.

Her doings I do not consider shady. I do not think the old girls were the best.

Her cigarets and slang do not alarm me. I do not count the faults she must atone.

I'm sure the modern maid will never harm me. If I have sense and leave her well alone.

Girls have been girls along down through the ages. In spite of all the sour reformer's din.

The one against whom he now madly rages. Is just the old eternal feminine.

Every man in the world is crazy—plumb, balmy—whenever he goes to pick out a hat unless he takes his wife with him, and then he is crazier than ever.

The average man postpones the buying of his winter hat as long as he can. No matter what he buys, he knows it will not look as well as the old one did and that it will not suit anybody—including himself.

This one is not so new. A teacher in an East Side school room had been telling the class about the four seasons.

about it. Everybody does it. A man may wear a coonskin cap in October and nobody gives him a second look.

Because of the continued high cost of living men's fashions are to undergo a decided change this coming season.

Those western prisoners who were paroled to do farm work during the fall are probably glad to get back into that nice comfortable jail.

Those western prisoners who were paroled to do farm work during the fall are probably glad to get back into that nice comfortable jail.

Uncle Wiggily Bedtime Stories

UNCLE WIGGILY AND THE SAXOPHONE

Uncle Wiggily was reading the evening paper in his hollow stump bungalow. It was after supper and everything was calm, peaceful and happy.

All of a sudden, the rabbit gentleman saw something in the paper, and he cried: "I'll do it!"

"What in the world is the matter?" asked Nurse Jane, who was so surprised that she gave a jump and stuck her paw with the darned needle.

"Nothing of the sort!" laughed the bunny. "But it says in the paper that if I buy a saxophone I can learn to play it in six lessons."

"What's a saxophone?" Nurse Jane wanted to know. "Is it some sort of a game?"

"Not exactly," answered the bunny. "A saxophone is a sort of a horn. You play music on it in the band and for dancing and the like of that."

"And are you going to get one?" asked Nurse Jane, her whiskers sort of trembling.

"I am," answered the bunny. "And I am going to learn to play it in six lessons. I'll send for the saxophone at once and begin to practice. Won't it be lovely, Nurse Jane? I'll make music for you every night. You won't need to go to the movies now."

"Oh, I don't mind going to the movies!" laughed the muskrat lady. "In fact, I like them. Just how I am going to like a saxophone I can't tell until I hear it."

"Oh, you'll like it all right!" said Uncle Wiggily. "Positively you will!"

Nurse Jane said nothing, but she thought a lot. A few days after that, while Nurse Jane was out, Uncle Wiggily's saxophone came. The letter carrier dog brought it—a big bundle it was, too.

"I had no idea a saxophone was so large," said the bunny. "I thought it was like a tin whistle. Well, the larger it is the more music I can make for Nurse Jane. I'll begin now."

Uncle Wiggily blew into the big end of the saxophone, but no music came out.

"I guess I must blow on the other end," he said. And he did. And a loud sound came out. "That's better!" laughed the bunny.

"Just as the paper said—it is easy to learn to play the saxophone and delight your friends. I shall be able to play by the time Nurse Jane gets back from the store."

Uncle Wiggily blew and tooted on the saxophone, making loud noises, groaning noises, squeaking noises and wailing noises. All of a sudden when he was blowing a sad noise, he rushed Nurse Jane.

"Oh, Uncle Wiggily! Why don't you send for Dr. Possum?" she asked.

"Dr. Possum! Why do I want Dr. Possum?" inquired the bunny. "Why, I heard you groaning with pain," said the muskrat lady. "You were squealing and moaning as I came in." "Dr. Possum!"

"I was making those noises on my new saxophone," said the bunny. "I just got it and I am learning to play music."

"Oh, was that music?" laughed Nurse Jane. "You must excuse me for not knowing any better."

"Oh, that's all right," said Uncle Wiggily, easily. "Of course, I don't play very well yet, but—what's the matter, Nurse Jane?" he asked.

"Oh, nothing," replied the muskrat lady. "Nothing! Go on!" "I'll go on playing," said the bunny gentleman. "Soon you shall dance to my footing."

So the bunny played and tooted and made the saxophone groan and sob and weep and wail and moan and gurgle and sigh. At last Nurse Jane, who had been holding her paws over her ears, could stand it no longer.

"Oh, excuse me!" cried the muskrat lady. "I only meant to hit the saxophone, not you!" "Uncle Wiggily was so surprised he couldn't speak. He slipped and fell down. And just then in popped the Bob Cat, hungry for ears.

"I'll nibble you!" cried the bad chap. But just then Uncle Wiggily found the end of the saxophone in his mouth.

"Oh, dear!" cried the bunny. And he blew through the horn.

Nurse Jane could stand it no longer.

"A saxophone is good for something after all, isn't it, Nurse Jane?" he asked as the Bob Cat ran away.

"Oh, I suppose so," sighed the muskrat lady. And she stuffed cotton in her ears as the rabbit went on blowing. And if the apple sauce doesn't jump in the spoon holder while the sugar is swimming in the coffee, I'll tell you next about Uncle Wiggily and the flat iron.

Who's Who in the Day's News

SENATOR WILLIAM C. BRUCE William Cabell Bruce, Democratic senator from Maryland, is pointed out to capital visitors these days as the most talked of man in Congress.

stepping that boldly into the foreground. He says the tax problem is a non-partisan issue. He says the principle of the bonus is vicious and it is supported by a loud minority. He adds he had two sons in the war. He voted for Cummins as a vote against La Follette's faction.

Bruce is 63 but looks younger. He was born in Virginia and attended the University of Virginia, and his friends point with pride to the fact that while he was in school he won a medal for debating against such opposition as Woodrow Wilson. He has long been rated as one of the leading members of the Maryland bar and served as general counsel of the public service commission in his state—centering his efforts in regulating corporations.

He is an author of some note. "Benjamin Franklin—Revealed" being among his efforts. This book won him the Pulitzer prize of 1919 for the best serious book of that year.

Bruce takes pride in his ancestry, tracing it back to the Scottish hero, Robert Bruce.

5 Operations—15 years suffering with constipation—Kellogg's Bran restores health

Mr. Lansing's case is typical of thousands of others. He found permanent relief from constipation in Kellogg's Bran because it is ALL bran. Nothing but ALL bran can be 100 per cent effective. Read what he says:

Dear Sir: I have been afflicted with constipation for the past 15 years, and during that time I have been in four different hospitals and submitted to five different operations that were the result of constipation. I was getting so bad that every meal I ate soured on my stomach. Two months ago I was advised to eat your Kellogg's Bran. I tried it, and as I was trying everything I could hear of. From that day on I have never taken a physic. My stomach does not sour any more and my bowels

move regularly morning and evening. Yours sincerely, Frank Lansing, 1306 Jetties Ave., Marion, Ind.

For permanent relief, eat Kellogg's Bran regularly. Two tablespoons daily—in chronic cases, with every meal. It is guaranteed to bring results, or your grocer will return your money.

You will like the delicious nut-like flavor of Kellogg's Bran—so different from ordinary bran, which are unpalatable. Eat Kellogg's Bran with milk or cream. Sprinkle it over other cereals. Cook it with hot cereals. Try it in the recipes given on the package.

Kellogg's Bran, cooked and krumbed, is served by leading hotels and clubs in individual packages. Made in Battle Creek. Sold by all grocers.

"CAP" STUBBS—Cap Has Nothing to Say

Woman's Page

Diet and Health

By Lulu Hunt Peters, M.D.
Author of "Diet and Health, with Key to the Calories"

STRETCH YOUR STOMACH

When a statement or an expression becomes so common that it forms a little groove in our mind and slips off our tongue without any thought behind it, it is known as a bromide, and people who use these made-to-order expressions a great deal are also known as bromides, or bromidists. Gelett Burgess is the writer who made the bromides famous.

The statement "everybody eats too much" comes in this class, and the statement "thin people eat so much that it makes them thin to carry it around" also comes in this class.

Now everybody does not eat too much—no, indeed. Many do, but not all. Thin people do not eat too much. Thin people do not eat enough, 99 times out of 100, just as fat people eat too much 99 times out of 100.

Now it is my purpose to make those of you who are trying to gain, realize that you do not eat enough for your activities; otherwise you would have a little left to be stored away for the normal amount of fat which you should have.

But you say, "I don't like foods that are fattening, and when I have eaten a certain amount my stomach absolutely refuses to take more. What can I do?" This, my dear T. T., you have to stretch your stomach. You must make it understand that it has to take care of enough food of the right sort, so that you can gain. And just as surely as the F. F. F. got results by shrinking their stomachs, so you will get results by stretching yours.

The stomach is a muscular organ and can be trained just as any other muscle can be. And in training its muscles you will also train the digestive glands to pour out more and a better grade of secretions to handle the food.

There are other things—adequate amount of sleep, exercise, fresh air, rest, etc.—to be considered in this gaining of weight, and we will come to them later.

You will find that your stomach seems to get filled up very easily, so that it seems as though you could not eat another mouthful. But you can, and that is what you are going to do. When you think you have had all you can stand, you must continue a little longer; not too much at a time, but you must make your stomach know that it has got to do a little extra work each day, and when it realizes that you mean business it will respond and care for the food. You have to stand the local distress to get rid finally of the general distress.

Milk is one of the best foods. It is the only food that has the correct proportion of different food elements necessary to sus-

WILL EXPLORE ARABIAN WILDS

Daring Englishwoman to Conquer New World

Mrs. Rosita Forbes

There are few places Mrs. Rosita Forbes, daring Englishwoman and fair soldier of fortune, hasn't been. Fresh from bearding Raisuli, the far-famed Morocco outlaw, in his lair, she is in New York endeavoring to obtain financial sponsorship for an expedition she wants to make into southern Arabia, a place never before visited by a white woman.

Heart and Home Problems

By MRS. ELIZABETH THOMPSON

Dear Mrs. Thompson: If a young man writes to the parents of his sweetheart for their consent to the marriage and the parents are willing, how should the answer be written?

ONE OF YOUR READERS. The answer should express what the parents feel in their hearts. They should tell the young man that they are happy to welcome him into the family because of the love which exists between him and their daughter, and because they believe he will be a good and faithful husband.

Mae: A "beauty doctor" treats superfluous hair with the electric needle. Ask your physician to recommend some one.

DISSATISFIED WIFE. Dear Mrs. Thompson: I am a man of 24 years and have been married for two years. My wife and I have lived "to ourselves." But for the last two or three months she seems to be dissatisfied with me. She only stays at home one or two nights each week and the rest of the time she devotes to her old girl chums. I don't like this and would rather have her choose young married women to go places with.

Very often I come in from work at night tired and wearied, and instead of her meeting me with a smile she begins to dress to leave and tells me she saw one of her old friends that she used to love.

fondant (it is best to do this before it has become the texture of dough) and also work into it several tablespoons of grated cocoanut; form the mass into cones. Now make a sirup of three tablespoons of water and one cup of granulated sugar; boil till it is brittle when tried in cold water, and then drop the cones into this one by one, rolling them in extra cocoanut at once (the sirup makes the cocoanut-coating stick).

Tomorrow—Are You Interested In Your Housework. All inquiries addressed to Miss Kirkman in care of the "Efficient Housekeeping" department will be answered in these columns in their turn. This requires considerable time, however, owing to the great number received. So, if a personal or quicker reply is desired, a stamped and self-addressed envelope must be enclosed with the question. Be sure to use your full name, street number, and the name of your city and state.—The Editor.

BEAUTY CHATS

EDNA KENT FORBES

HOME MADE POWDERS

The making of powders at home is a subject that is always interesting to women. A great many kinds can be made at home, even a very simple scented face powder, and the cost is always much less than for the same quality purchased from a beauty shop.

A face powder, for instance, can be made by purchasing eight ounces of rice or potato starch and two of powdered orris root. Buy a small amount of any perfumed oil, oil of rose, oil of violet, anything which suits your fancy and rub this in the bottom of your powder bowl. Pour in the powder and stir occasionally. In a short time the powder will have taken up the perfume from the oil. If you make this powder in the summer time you can obtain a most delicious fresh scent by burying the petals of any favorite flower in the bowl with the powder. Fresh petals should be added every day for a week, and then the powder sifted free of the flowers through a piece of coarse cloth.

A cooling and soothing bath powder is made by mixing powdered corn starch such as is used for making pudding with sachet powder. Half an ounce or an ounce of sachet to an eight-ounce package of corn starch is all you need. This powder, by the way, is particularly good for invalids and should be rubbed all over the back after the bath. It will make the patient more comfortable and will help prevent bed sores.

You can always obtain a very fine face powder by asking your druggist for plain unscented rice powder which is much cheaper sold in bulk than when scented and done up in an expensive box. Most rice powder is nothing but powdered potato starch, but it does not in the least matter. If your skin is too dry or too oily so that no powder clings, add plain, unscented talcum, one quarter talcum to three-quarters of rice powder.

Bill:—Your lashes will grow again without doing anything to them. A girl of 15 years, height five feet two inches, should weigh about 110 pounds.

Mrs. M. R.:—The preparation you mention is a trade mixture in which there is likely a certain amount of henna. Henna is always the shade that the name implies, and it is this which is used for tinting the hair without injuring it.

Miss M. M. A.:—The shampoo you mention is all right to use when the hair is very oily but not for general use. A soap jelly made by shaving Castile soap and leaving it stand for hours in hot water makes a handy and effective shampoo suited to any scalp.

Copyright 1924, George Matthew Adams.

RECIPES FROM READERS

TOMORROW'S MENU

Breakfast: Bananas, Cereal, Scrambled Eggs, Rolls

Coffee

Luncheon: Baked Beans, Catsup, Wholewheat Bread, Lettuce Salad, Tea, Jelly

Dinner: Lamb Chops, Boiled Potatoes, Spinach, Date-Apple Salad

Mrs. W. W.: "There has been some mention in your column of dillberries. I wish to contribute the following recipe: I can dillberries (your Readers can keep this recipe till next summer) in this way: I buy them already picked off the stem, then wash them and pick them over carefully. I put them in a granite saucepan, adding about one quart of water to two quarts of the berries (they need not be covered by water in the pan), let them boil for six or eight minutes, or till well cooked, then in sterilized jars. I also can blackberries, raspberries and uckleberries in this simple way, or future use in pies. Sour cherries, too, may be put up in this manner. Make these fruits into pies as follows: turn them out of the can into a pan lined

with uncooked pastry (filling the pan three-quarters full of the fruit). Sweeten to taste (this will take about four tablespoons of sugar) then add one tablespoon of flour and a dash of nutmeg. Put a top crust over the fruit filling and bake as usual. These pies are delicious."

Mrs. A. H.: "Some time ago several of your Readers sent in recipes for potato-fondant candies. Here is mine: Potato Fondant: Boil one pared potato until soft enough to be mashed (you will need one-half cup of mashed potato.) Drain the boiled potato, dry in a cloth, then mash as fine as possible. Now measure and press the half-cupful through a wire sieve, then through a finer one. Sift together one tablespoon of dry cornstarch and one cup of confectioner's sugar and add this mixture to the mashed potato. Keep on adding confectioner's sugar until you have used at least two and one-half pounds of it—possibly three pounds will be required with one-half cup of the mashed potato before the fondant is firm enough to mold. Do not be surprised if at first the addition of sugar makes the mass very moist—almost wet. When the mixture has the texture of dough, you have added enough sugar. It is then ready to mix with some kind of flavoring as follows: "Cocoanut Steacles: Work one cup of dry cocoa-powder into the

BURBANK

DRAW PLANS FOR NEW S. P. STATION

Increase of Business Calls For Better Facilities For Traffic

With a staff of six employees now required to operate the Burbank station of the Southern Pacific railroad, it begins to look as though the time is near at hand when a new station will become a certainty.

This opinion, shared in by many residents of this city, was given weight by the appearance last week of F. E. Watson, general passenger agent for the company, with a set of plans that indicates the station, when built, will be comparable to that now under way in Glendale.

Local Agent McIntosh has looked over the plans and says they call for a larger and more comprehensive station than previous plans, with facilities for a greater working force, housing of other facilities being in commensurate proportion.

New Well Ordered
Upon recommendation of F. Cart Miller, city engineer, the \$2750 bid of the Peerless Pump company for a pump for a new city water well has been accepted, and the bid of \$2567.49 by the Byron Jackson company for a booster pump has also been accepted.

The well will be put down by the Southern California Well Drilling company, at a price of \$6.80 per foot for the first 150 feet, and \$6.55 per foot after that. Spenders may "hit 'er up" on San Fernando boulevard between Walnut and Grismer avenues, according to Attorney Tolland of the Automobile Club of Southern California, as the 20 mile speed limit in this district has been proved illegal. On the strength of proof furnished by this department, Mr. Tolland is able to say

L. C. L. PLAN FOR LOADS EXPLAINED

A. J. Vail, Union Pacific Man, Urges Shippers to Take Part in Scheme

All over the Union Pacific system, January 21 to 26 is "L. C. L. Week." In railroading, explains A. J. Vail, Glendale agent for this line, with headquarters at 301 North Glendale avenue, everything must be reduced to initials. Hence L. C. L. means "less than carload lots."

And less than carload lots is what freight should be everything else but, Mr. Vail goes on to explain. In other words, local merchants could get shipments from Chicago in ten days, if some way could be found to consolidate all the little packages into big packages, and the big into bigger, and so on, until the carload stage is reached.

After Record
"All over Southern California and elsewhere along the Union Pacific lines," says Mr. Vail, "local freight agents are vying with one another this week, to win the record for their respective communities. I am satisfied that if the merchants of Glendale knew what L. C. L. week really means to them, they would co-operate at once by ordering their shipments routed by the L. C. L. method."

"These shipments will be consolidated at Chicago, Omaha and other central points and will reach their destinations many days sooner than as though shipped in the regular way. In this respect, L. C. L. stands not only for 'less than carload lots' but also 'lowered cost of living.'"

Kings County Enforces Anti-Alien Land Law

HANFORD, Jan. 25.—The California Anti-Alien Land law will be rigidly enforced in Kings county, and white farmers should lend their co-operation in preventing violations of the act, District Attorney W. R. McKay told growers whom he had called into conference to warn against hiring Orientals.

District Attorney McKay said that the only legal way in which a farmer can employ Japanese now is by paying a daily wage.

that Burbank "speed cops" have been instructed to allow motorists a greater leeway in this section.

\$622,000 Asked for Lassen Park Highways

SACRAMENTO, Jan. 25.—Announcement was made here today by the Lassen Volcanic Park association that the revised estimate of the National Park Service calls for the expenditure of approximately \$622,000 for roads in Lassen park, instead of \$130,000 as first budgeted.

The association stated that this contemplated expenditure is to be made in the event bills now pending in Congress for the appropriation of \$7,500,000 for construction and improvement of roads within the national parks are enacted.

Bill Asks 600 Million For Good Roads in U. S.

WASHINGTON, Jan. 25.—Expenditures totaling \$600,000,000 for road building in the United States were proposed in a bill introduced in the House late yesterday by Representative Dougherty, Democrat, of South Carolina. The bill appropriates \$200,000,000 to be spent each year for three years, the states in which the roads are constructed to provide a like amount.

HINT FOR OREGON

WASHINGTON, Jan. 25.—Because of purchase of American war vessels from private concerns and their conversion into fighting vessels might be construed as a violation of the Washington arms conference, the government has notified the Oregon government of Mexico that it does not look favorably upon Oregon's contemplated purchase of four old destroyers from a Philadelphia concern.

More than an ordinary butter—the Better Butter

AUTOISTS GET AID OF OPTOMETRISTS

Dr. F. R. Gartley Tells About League for Conservation of Vision Work

Dr. F. R. Gartley, optometrist, 111 East Broadway, sends the following self-explanatory communication to The Glendale Evening News:

"Editor, The Evening News: The following might be of interest to the readers of The Glendale Evening News:

"A coroner's jury of San Francisco recently charged a motorist with manslaughter, following an automobile accident in which a pedestrian was killed. The motorist was charged with manslaughter not because he killed a pedestrian, but because the automobile driver had defective vision, inasmuch as he had to close one eye to see with the other.

"Furthermore, the coroner condemned the state motor vehicle department for issuing licenses without a physical test and he recommended to the governor of California that new laws be passed demanding such examinations.

"As a result of the foregoing, the California League for Conservation of Vision has doubled its efforts in the distribution of Motorists Protective Vision Cards. Will Issue Cards

"These cards, when filled out by the practitioner who is a member of the league, testify to the vision of the holder and in case of accident, would be sufficient proof that the accident was not due to subnormal eyesight on the part of the card owner.

"Leading optometrists of Glendale are co-operating with the league as they know how many hundreds of motorists drive with sub-normal eyesight without realizing the fact. They will issue cards bearing a record of the owner's vision.

"The appalling number of automobile accidents is the reason why the members of the League for the Conservation of Vision are willing to do their part in reducing the accidents due to defective vision.

"Yours respectfully,
"DR. F. R. GARTLEY."

Southern California

Pastors Hit Tia Juana

SANTA ANA, Jan. 25.—Pastors here have delivered a sledge-hammer blow at Tia Juana, passing a resolution that supports Representative Phil D. Swing in his plan for a treaty between the United States and Mexico, calling for the removal of such places "to a point at least fifty miles" from the international boundary line of the two countries.

Plans Big Film Houses

HOLLYWOOD, Jan. 25.—Two stupendous modern film palaces, each to cost upwards of \$1,000,000, will be built in Hollywood by Sid Grauman, who recently announced the relinquishing control of the three Los Angeles show-houses to the Famous Players-Lasky corporation. The architectural styles employed in the new theatres will be foreign, in the statement from Mr. Grauman's office. One will be exclusively for films and the other will have a stock company as well. The latter will have an art gallery and lounge room encircling the body of the theatre.

Secures Bootlegger List

SANTA BARBARA, Jan. 25.—Names of the residents of this city alleged to be on a bootlegger's list now in possession of the police department will not be made public, says Police Chief W. J. Wall. The list will, however, be used "for future reference," the chief declares, the belief being that the department now has at its disposal enough evidence to break up what is believed to be the city's organized liquor ring. In future, he states, jail sentences instead of fines will be the lot of Volstead law violators.

Y. M. C. A. Is Growing

ANAHEIM, Jan. 25.—A 500 per cent Y. M. C. A. attendance for 1923 over 1922 is reported by Warren Ashleigh, local secretary. Last year the attendance was 169. Now it is 823. The total attendance in 1922 was 3,500, he said, and was 19,114 for 1923.

Escapes Death in Crash

Approve Postoffice Site

ARCADIA, Jan. 25.—Postal authorities at the Golden State hospital of that city, suffering from injuries that miraculously are not serious. The truck was practically demolished.

Shriners Plan Club

ALHAMBRA, Jan. 25.—Many Shriners of the city are casting longing eyes in the direction of Kansas City, where next June the national convention of "the playground of Masonry" will be held. A number of local members are planning to make the trip overland. Within a short time a local Shriners' luncheon club will be organized, when plans for the long trek will begin to materialize.

Big Booze Raid

POMONA, Jan. 25.—Liquor and equipment valued at \$200,000 has been seized and a man giving his name as R. J. Mitchell is in the jail at Chino, six miles southeast of here, following the most sensational raid ever consummated in Southern California. The raid was conducted by H. E. Mogle of Chino, city marshal, and netted 8,000 gallons of whisky, 10,000 gallons of corn mash and three 250-gallon stills. When raided the three stills were going full blast.

Order Quiz of Police in Appel Bootleg Case

CHICAGO, Jan. 25.—The Chicago police department has ordered an investigation into the conduct of Captain Dennis Malloy, whom Mrs. Augusta Appel, mother of Lila Lee, motion picture actress, charges accepted \$40,000 in notes signed by the performer. Mrs. Appel contends the notes were to be used to set up her husband, Charles Appel, indicted in an alleged confidence game and now missing in the bootlegging business. Upon instructions from the state's attorney, a collection agency that held \$30,000 of the paper returned them to Mrs. Appel.

Canadian National Railway has 102,000 miles of telegraph wires and its grain elevators have a total capacity of 26,000,000 bushels.

EAGLE ROCK

BAKE CAKES FOR PRIZE CONTESTS

Housewives Prepare Dainties in Competition for Benefit of P.-T. A.

Eagle Rock kitchens are responding to the whack of the ladle in the cake bowl these days, as the good housewives of the community prepare to capture first prize in the cake-baking contest conducted annually by a Los Angeles paper for the benefit of the Parent-Teacher association.

Mrs. Harry Phinney won first prize in this event last year and those who sampled the delicious cake she baked for the local P.-T. A. party of January 3 will testify that she deserved it.

Cakes that do not win prizes nevertheless do a great deal of good, for they are sold and the proceeds used for supporting the Children's clinic and other child welfare organizations of the city.

Jellies, jams and other culinary products are very acceptable and full information regarding the fair may be had by calling Mrs. J. C. Reiter at Garfield 5330. January 25 and 26 are the day during which the event will be held.

Dr. Merrill on Health
"Back east the old settlers have a saying, 'A warm January makes a fat graveyard,'" says Dr. Albert H. Merrill, D. C., of Laroda avenue, "and owing to the fact that the maxim is not without foundation, it might be interesting to people to know why this should be.

"During cold weather we crave more heat-producing food than we desire when warmer temperatures prevail, and accordingly (especially during the winter holidays) consume large quantities of this kind of food. While the weather is cold these elements are more rapidly carbonized (burned) within the body to maintain normal body temperature. When the weather grows warmer it is more difficult for nature to dispose of fat meat, grease and sugars, but most people continue to eat meats and sweets about as freely as before. Hence the system becomes clogged with these heat-producing foods.

"A partial fast will relieve most of these cases. But if this fails, a person should not try drugging himself. A wiser course is to learn how to use food as medicine, and to become better informed in general regarding care of the body. A doctor's help is indeed necessary at times to aid us in getting well. But a doctor should in each case advise his patient how to live in order to keep well."

Church Takes New Permit
The Congregational church has been obliged to take out a new permit for its prospective building, owing to the fact that the ninety day time limit on the initial permit had expired.

The card party held at the Women's Twentieth Century clubhouse Monday night, January 21, proved a gratifying success, reports Mrs. B. F. Herson, who was in charge of arrangements. Many who were not members of the club attended. Light refreshments were served.

A. POPULATION IS NOW 1,045,800

Figure Based on Tax Returns Compiled by Collector Of U. S. Revenue

"On January 1, the population of the city of Los Angeles was approximately 1,045,800, compared with 806,310 on January 1, 1923," declared Rex B. Goodcell, collector of internal revenue, today.

Explaining that his estimate is based on the increase in the number of individual returns, collector Goodcell said that requests for forms received from new taxpayers indicated that 174,000 personal returns would be filed this year in the city of Los Angeles, as against 134,355 filed in 1923, an increase of 39,151. In 1923 the Los Angeles ratio of personal returns filed to the 1920 census was 7. Applying, however, a conservative ratio of 6 to the number of individual returns, would call for a population on January 1, 1924, of 1,045,800, compared with 806,310 on January 1, 1923.

Growth Indicated
The estimated increase of 39,151 in personal returns to be filed this year for 1923 incomes indicates a growth of 239,490 in the population of the city of Los Angeles during the last year.

Collector Goodcell called attention to the fact that the number of personal returns filed in the district in 1923 showed an increase over 1919 of 111 per cent and the 1924 finding is expected to register a gain of 153 per cent over the same year.

The increase in Los Angeles in 1923 was 62 per cent, which led every city in the United States.

Songs and Dances On Vaudeville Program

Old-time songs and dances will be featured in the novelty offering, "Melodies of Yesterday," on the Glendale theatre's vaudeville bill today and tomorrow. Smiles and stories will be offered by Randall and Marston.

Athletic comedy relief for the abundance of music will be offered by Jewell and Connors, while Frank Terry, an international comedian, has an interesting monologue. Worman and Mack are melody boys who are a great hit along the circuit.

The five standard acts of vaudeville will be seen in addition to the film program, reviewed elsewhere in today's paper.

13 YEARS FOR 'COUNT'

PORTLAND, Ore., Jan. 25.—Peter Mulberg, known as "Count" Mulberg to the society of Del Monte, Cal., has been sentenced to thirteen years in the federal prison at McNeil island for counterfeiting. John Lennon, 20, whom it is alleged Mulberg used as a tool, was given nine months in the county jail for the same offense.

Indian trappers, prior to setting out on a hunt, often visit the outposts and receive supplies without payment, on their promise to bring their catch of furs to the trader.

AWARD PRIZES IN ANNUAL DRAWING

T. Kuranaga Boosts 'Trade At Home' Plan In Speech At Auditorium

Several hundred hilarious Glendaleans attended T. Kuranaga's famous annual drawing in Hahn's auditorium last night, and a large number of those in attendance went home laden with one or more prizes, of which 200 were distributed.

T. Kuranaga, proprietor of the Japan Art & Tea company, and his annual drawing, are both leading Glendale institutions. In his best platform presence, radiating good humor, and in every way "the life of the party," Mr. Kuranaga conducted the drawing, standing on a stage crowded with prizes and assisted by several other Japanese and several children, who drew the tickets and passed out the prizes.

Boosts Local Merchants
Not only in his opening address, but at intervals throughout the drawing, Mr. Kuranaga urged his hearers to do more of their buying, or rather, all of their buying, from the Glendale merchants, declaring that prices are cheaper in the stores here than in those of Los Angeles, and that the service given by home town business men, and the dependence that can be placed in the integrity of neighbors, more than entitles them to support.

In addition to a large number of attractive objects given away to holders of lucky numbers by the Japan Art & Tea company, co-operation of forty-five other Glendale establishments had been obtained, each of which contributed a prize. This furnished a wide variety of prizes, and much amusement in the course of their distribution.

Security Benefit to Hold Open Meeting

Announcement is made of an open meeting of the Glendale council, No. 3596, Security Benefit association, Monday night, January 28, at 8 o'clock, in the Hahn auditorium at 109-A North Brand boulevard. Members and their friends will be welcomed.

The officers and drill team of Los Angeles council, No. 737, will have charge of the work. This council has a membership of 2400. Mrs. Merry, district deputy for Los Angeles, and Mrs. H. B. Mayer, district deputy for Glendale, will be present.

Plans are being made for a dancing party Monday night, February 11.

OLD STORY, NEW NAMES

MERCED, Jan. 25.—Alleging that she married him because he threatened to take his own life if she refused, Essie B. Hendricks, has filed suit here for a divorce from Jess J. Hendricks, whom she married less than a month ago.

YOUNG DRIVER GUILTY

SAN JOSE, Jan. 25.—George V. Oldham, 17-year-old Saratoga youth, charged with failing to stop and render aid after striking and fatally injuring J. J. Rector, an electric lineman, was found guilty in the superior court here.

'Bachelor' Girls Also May Be Held Taxable Articles

SACRAMENTO, Jan. 25.—State Printer Frank J. Smith, one of the few remaining bachelors in the state service, threw a bombshell into the camp of bachelor-tax proponents today when he announced that he will seek an amendment to the proposed tax measure to bring bachelor-girls under its provisions.

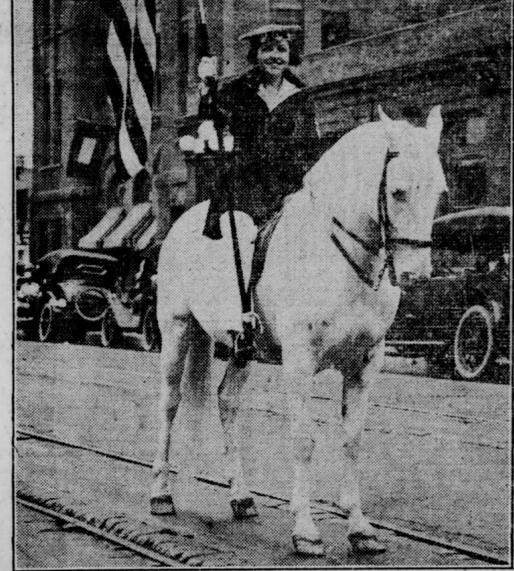

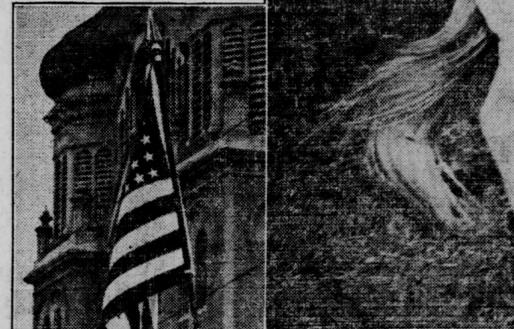

The mateless official described a bachelor girl as "a young woman over 28 years of age who has had one or more offers of marriage, but has of her own free will continued in the single state."

If the bachelor levy is favored by the next legislature Smith says he will also propose that the money collected under the tax be used in caring for orphans and abandoned children.

Issue Invitations To Elks Big Dance

Elks and their friends are expected to attend in large numbers the monthly midwinter dance scheduled for the Elks' clubrooms on Saturday night of this week. It will be an informal affair and the Brother Bills are extending invitations to many outside of the order. Gardner's Syncopators will furnish the music for the affair.

Colombia raises 1,900,000 bags of coffee a year.

The upper picture shows Miss Jessie Hallett mounted on White Beauty, in one of his characteristic poses. The lower picture shows her on the same mount, several years before, in one of the Liberty Bond parades held in Los Angeles during the war. But White Beauty has lost his beloved mistress who taught him so many of his clever tricks, and he is looking for some other young woman to ride him and care for him.

Some young woman who is a good rider and loves horses may have the use of White Beauty as long as he lives, providing only that she will pay his board at the Oakmont Saddle Stables, Montrose, whose proprietor is Mrs. J. R. Thorpe.

White Beauty is one of the finest "high schooled" horses in the state, capable of performing over 100 tricks and an excellent mount; but his life has passed under a shadow, for his devoted mistress, Miss Jessie Hallett, daughter of Mrs. A. D. Duncan of 3508 West Sixth street, Los Angeles, is dead, and he will never again ride before the camera at the Ince studios and will lead no more parades in Los Angeles, Glendale and elsewhere.

Just before she died, Miss Hallett made her mother promise that White Beauty would never be sold and would perform no more for the movies. Mrs. Duncan promised and has faithfully kept her word, though circuses have offered as high as \$2000 cash for the beautiful animal, which for the past few months has been boarded at the Oakmont Saddle Stables, where he now is.

Seeks New Mistress
But one cannot afford to board out a horse indefinitely, and so Mrs. Duncan has concluded that some young woman who will promise to care for White Beauty and feed him may be his mistress as long as he lives. Mrs. Duncan and Mrs. Thorpe both kept their saddle horses at the Westlake Stables, Los Angeles, for several years, and it was because of learning the excellent care Mrs. Thorpe gives her horses that she has entrusted to the Oakmont Saddle Stables this sacred charge of her dead daughter.

Sole Condition Is Payment of Board Bill For White Beauty

Welcome New Members at Local Rotary Club Meeting; Interchange of Many Ideas

Induction of new members into the Glendale Rotary club at yesterday's luncheon was a pretty ceremony carried out under the leadership of Rev. E. E. Ford, chairman of the education committee, who was called upon to introduce Dr. Warren Z. Newton and Paul E. Stillman, by President George B. Karr. Two others also will be accredited shortly as full fledged Rotarians.

J. Herbert Smith presented Dr. Newton with the Rotary code of ethics and William Hunter presented Paul Stillman with the same, all using very choice language in complimenting the work of the service organization in which they are fellow members.

Tells of Leader's Talk
Rotarian W. E. Hewitt, president of the Chamber of Commerce, spoke of the talk made by District Governor Paul Rieger at the Pasadena meeting Wednesday and gave a summary of the good work being accomplished by the clubs in this district as the district leader found them.

Jesse E. Smith, past president of the Chamber of Commerce, was present and paid a dollar for boasting of golf prowess. He also spoke in fact, everybody had a good time in giving expression to their thoughts, it seemed, and the meeting was ideal in the interchange of ideas.

Rev. Ford called members for their interpretation of the code of ethics adopted by Rotary International. C. A. Redmond, Union Pacific passenger agent here, said his was an opportunity of service all the while; Roy Kent, contractor, told of making business more efficient through service; Dr. Fay G. Stone, dentist, stated that an ethical business was founded on justice and morality; H. S. Webb, department store owner, declared a business must have ideals the same as an individual.

Offer Suggestions
J. I. Wernette, realtor, told of the benefits derived by his own profession adopting a code of ethics; George Bentley, lumberman, said that members should make known what is meant by true service; Ed Nisbe, clothier, advised all to cultivate a smile, warm the handshake; J. Herbert Smith, grocer, stated that Rotary had taught him there was something else in business besides profit; Dan Kelly, hardware dealer, said success could not be built on unfair methods.

C. H. Kirkman, stationer, insisted it was necessary to educate customers, particularly fraternal brothers, not to expect a discount; and Rufe Downing, nurseryman, expounded the Golden Rule for business dealings. Altogether it was a satisfactory summary of those things for which Rotary works.

Attorney Owen C. Emery passed out cigars in honor of his

ZANTIPPE EAGER TO GET FAT JOB

Candidate Beating It Back To Glendale to Land City Position

SOMEWHERE IN IOWA (Aboard the California Unlimited), Jan. 25.—I am hastening back to Glendale by handcar to enter the race for city manager, and I suggest that this office be filled by popular vote, knowing in that way I am bound to win, on my looks if for no other reason. I expect to arrive in the "fastest growing city" sometime before the rainy season sets in, but that will be time enough, the way it looks from here. The more candidates in the field, the merrier. I believe in splitting up the opposition vote.

I do not fear either Andy Gump or Hon. August September as rivals for this high-salaried position. If either one of them was elected he'd die of surprise and I would win on a new ballot, so I've got them coming or going.

As no election is legal or interesting without a little mudslinging, I feel I should expose these two candidates, and also Mr. Pismo of Pismo Beach, whom I understand is seeking the office, through confidential advices from my faithful darktown detective, Percy Pop-eye.

Scores Poes' Motives
As far as Andy Gump is concerned, anyone with half an eye can see behind his motives. For years he has been trying to promote that impractical invention of his, the combination hairbrush and mirror, and has stung more than one investor on the proposition. His secret aim in seeking the city managership is to get on the inside and then lure the Glendale city fathers into calling a bond election to finance his hairbrush ideas.

And as for Hon. August September, this move of his to secure the post of city manager is but the first step of a carefully laid plan by Tujung to annex Glendale.

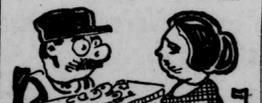

Our city is menaced by two high-jackers and I am rushing to its defense. I expect to be met at the station by the brass band, the copper band, the band-wagon, water-wagon and other musical instruments available or procurable by other means.

While I am willing to admit my rivals' shortcomings, I deem it beneath my dignity to mention my own good qualities, which, though they are few, are not far between. I will state, however, that I am the inventor of the North Pole, ice, perpetual motion and chewing gum, while my discoveries include the famous natural bridge across the Los Angeles river (now in the Los Angeles Museum of Unnatural History), the underground river from Big Bear to Verdugo Woodlands, and certain trivium discoveries such as Tujungia, typewriting and the non-water route to King Tut's tomb.

Thinks of Family
I believe that with these qualifications I will be able to invent or discover some way to support myself and family on the honorarium that goes with the office of city manager.

Years before, for and after the job.

P. S.—I forgot to expose Mr. Pismo of Pismo Beach, but on second thought I am afraid he is too delicate. He might die of exposure. There is in Glendale, however, a man who has a greater grievance against Mr. Pismo than myself. If this man wishes to step forward and expose the candidate, telling of his savage claims that chase the chickens un-

DOUBLE BENEFIT BILL FOR P-T. A.

Royal Players Will Present Special Dancing and Musical Numbers

Two big benefit performances for the Glendale Parent-Teacher Association Federation are scheduled at the Tuesday Afternoon club theatre tonight and Saturday afternoon of this week, when, in addition to "When a Man Marries," the Royal Stock company will offer a special bill of dancing and musical numbers.

Miss Ada Broadbent, premier danseuse and pupil of Theodore Kosloff, will be the feature of the program, presenting several of her characteristic dances. The Musical Fletchers will be among the vaudeville offerings. In addition Manager Royal has prepared a part of the program specially for the children.

Play Well Received
"When a Man Marries," the dramatic production now being presented by the Royal Stock company, was well received on the opening night and last night, and Mr. Royal expects that the remaining performances this week will be presented to capacity audiences.

The money raised by these benefit performances will go into the general fund of the Parent-Teacher Association Federation, states Mrs. Eustace B. Moore, president. This fund provides for certain educational activities conducted by the federation.

White Standards Need on California Farms

STOCKTON, Jan. 25.—Settlement of the rich delta lands of the San Joaquin river by white farmers will not be feasible until schools, churches, roads, bridges, and mail and telephone service are made possible in the opinion of delta landowners rendered to the Stockton chamber of commerce.

Twelve thousand Orientals at present on the lands are preparing to move following the supreme court decision holding crop contracts with Japanese to be illegal.

It was brought out that a profit of \$12 per acre was realized when the white owners hired help and farmed their acreage as compared with crop contracts with Japanese which resulted in a profit of \$55 per acre.

Seven Passenger Car Theft Is Reported

The Standard garage, 110 South Kenwood street, early this morning reported the theft of a Stearns-Knight seven-passenger touring car from in front of the garage between 11:45 and 12:15.

The car, tan colored, belonged to a visitor in the city and they were unable to give the license number.

W. C. Fraley, 505 North Adams street, reported the theft of a Moon motorcar from his car, while the machine was parked in front of the high school between 7 and 9 o'clock last night.

til they drop from exhaustion and are thus captured and served to unsuspecting tourists, who agree that the strength of their reputation is as the strength of ten—if, to conclude, this loyal Glendalian wishes to expose Mr. Pismo to the risk of his life, he may do so and I disavow all responsibility therefor.

PREDICT RECORD TOURIST TRAFFIC

Union Pacific Special Trains To Haul Thousands of Winter Visitors

Winter tourist traffic from the inter-mountain region this year will be the largest in the history of southern California. The large number of tourists from Idaho, Wyoming, Montana and Utah is due to the special excursions being run by the Union Pacific this winter. The Union Pacific has made exceptionally low rates to California, and hundreds of tourists are coming from that section to spend the winter in southern California.

The first of these excursionists arrived in Los Angeles Monday, coming by special train from Montana, with several hundred in the party. Most of these Montana visitors have declared their intention of spending the entire winter in California.

The second excursion will arrive by special train January 28, over the Union Pacific, bringing a solid trainload of winter tourists from Idaho.

The Union Pacific is also running a midwinter excursion from Utah, and will bring in several solid trainloads of winter tourists from that state, arriving in Los Angeles February 1. The Union Pacific is making a midwinter excursion rate of \$50 a round trip from all points in Utah, and the people of that state are taking advantage of these low rates.

Glad to Escape From Kansas Zero Weather

After three weeks spent in Salina, Kan., with the thermometer ranging from 0 to 6 below zero, D. J. Hanna said he was glad yesterday to get back to his Glendale home, 201 West Lexington drive. Conditions in all the farming districts of the middle west are in bad shape on account of low prices paid for farm products. Mr. Hanna said, but on the bright side of the account he added that everybody in Kansas seems united in the desire to elect Coolidge president.

The hog deer, smallest of the East Indian rusine deer, stands only two feet high at the withers.

Swapping Police Sergeant Having Heap of Fun Out Of \$25 Original Investment

Sergeant A. Kerns is a member of the Glendale police department.

It is not nice for officers to gamble, or engage in any occupation not becoming to their stalwart duty of maintaining law and order.

So it remains for them to intrigue their spare moments with such endeavors as would reflect credit on their intellect.

Undoubtedly that was the reason for Sergeant Kerns engaging in the pleasant pastime of "swapping."

When a boy at school he was quite a swapper, perhaps, as witness his most recent exploits.

For \$25 he bought a flivver—such as it was. It had shock absorbers, but poor tires. It had an engine, but many rattles.

The chariot of Henry, the Ford, did not appeal to the policeman who realized the value of the shock absorbers, as compared with the rest of the car.

In idle moments he removed the added spring equipment and sold what was left for \$25.

This original capital he invested in a "bug," as such a type of car is known. It was not satisfactory in that Sergeant Kerns, who is no small man, could ride on it, but not in it.

So it was that he traded the second motor vehicle (the license said it was such) as the first payment on a lot. The lot was very good, but another man wanted it.

Sergeant Kerns accepted a two-ton truck in payment for his equity in the lot yesterday.

Now he has the truck, a set of springs, and prospects for another swap.

Some day we may expect to write a paragraph, as follows: "A Kerns, swapping sergeant of the Glendale police department, has retired from active life, the owner of large second hand car business, which he built on the modest investment of \$25."

Such things have happened before.

TITLE AT STAKE IN LEAGUE GAME

Nelson and Rothgeb Teams To Decide Championship At Local Park

A battle to determine the championship of the Los Angeles industrial league will be staged at the White Sox park tomorrow afternoon between the N. O. Nelson and the Bayer Rothgeb aggregations.

"Silent" Pat O'Shea led the plumbers to the championship of the major industrial circuit, while the B. R. forces, under Usher Gignig, finished in front in the minor loop. The clash tomorrow will determine which of these teams is the class.

Included in the line-ups of both teams will be the names of several players who have starred in professional and amateur baseball. The Nelson troupe bested the Pacific Electric and the Pacific Pipe teams to win the pennant, which establishes their claim to being favorites when the fracas starts. The game will be called at 2:30.

Thousands of Bats Attack Man in Cave

RENO, Jan. 25.—An encounter with thousands of bats while in a mountain cave six miles east Morasky, Southern Pacific station agent at Inlay, his life, according to the story told by the returned railroad man.

Morasby says he suddenly came upon the entrance to the cave while walking in the mountains. He returned later and lowered himself into the mouth of the cave, and after walking down an inclined tunnel for seventy-five yards found himself in a large chamber.

Instantly he was attacked by countless infuriated bats. Morasky declares he owes his life to the fact that he wore a thick cap and heavy clothes and gloves. He finally reached the entrance with his clothes badly torn.

Chicago has 300,000 flats and apartment buildings, and 20,000 industrial plants, according to figures that were recently compiled.

CHURCH ROW IN CONSTANTINOPLE

Byzantine Prelate, Elected Successor to Miletois, Defies Athens Rule

By CONSTANTINE STEPHANOVE
For International News Service.
SOFIA, Jan. 25.—While a political crisis is holding the center of the stage in Greece a religious controversy that has stirred the Hellenic peoples tremendously is entering in Constantinople, the seat of the Pan-Greek religious hierarchy.

The controversy involves the choice of a successor to the former Patriarch Miletois, who was driven away from his post by Constantinople Greeks, who charged that he was unduly subservient to the rulers of the Church in Athens to the detriment of the interests of Greeks in Turkey. Miletois was practically expelled by the so-called Papa Eulimios, known as the "Father" of the Orthodox Greeks in Turkey.

The action of the Papa Eulimios faction was supported by the Turkish Government, which contended that the new Patriarch should be elected by Greeks dwelling within the Ottoman domain. The Athens faction still contends that the Patriarch Miletois was illegally deposed and has refused to recognize the action taken by the Turkish Greeks.

Elect Their Own

The Greeks in Turkey, claiming the right to elect their own Patriarch, elected Bishop Gregory, Metropolitan of Chalcedon, a typical Byzantine prelate. It is charged that his election was aided by imprisoning the members of the Holy Synod, thus depriving them of the privilege of voting.

The new Patriarch is Gregory the Seventh and is the 247th Patriarch in the history of the Byzantine Church. His election has been ceremoniously proclaimed both by the Turkish Government and by the organs of the Patriarchy. Gregory himself has asserted his authority and in a circular letter has declared he will exercise that authority "in conformity with the wishes of the Turkish Greeks."

He has refused to recognize the authority of any of the "Hellenic agents" in the service of the Athens Government.

"I am here to stay," Gregory declared. "Should Miletois refuse to quit Constantinople and the Holy Synod we will force him to do it. I am a revolutionary. I fear no one but God!"

Drives Out Opposition

Gregory translated his words into action and caused the Phanar to be occupied and the opposition members of the Holy Synod to be driven from the premises. Since December 9 Gregory has been virtually the religious dictator over the 3,000,000 Greeks in the Turkish dominions.

The dispute over the Constantinople Patriarchy is viewed with apprehension by Greeks in many parts of the world, who are anxious for the re-establishment of Hellenic unity. It is regarded as aggravating the troubles arising from the political situation in Athens and the division of the Greek peoples on religious grounds is greatly deplored.

FRENCHMEN LAUD AMERICAN HOTELS

Impressed by Large Scale on Which Everything in U. S. Operates

By HARRY FLORY
For International News Service.

PARIS, Jan. 25.—Paris hotel proprietors who attended the International Hotel Men's convention in the United States came back converted to the American skyscraper idea.

"I wouldn't object to skyscrapers being erected in Paris," Georges Barrier, newly elected president of the International Hotel Men's Alliance, reported.

M. Barrier made the reservation, however, that the skyscrapers should be built on the outskirts of the city, replacing some of the ancient fortifications, and not in the artistic center of Paris.

Only Seven Stories Now

At present the tallest building in Paris has only seven stories, although permits have been issued for the construction of two nine-story apartment houses.

The wife of one of the hotel men, proprietor of a small Paris establishment, was very much thrilled to learn that her husband was living on the eighteenth floor of a New York hotel.

"Yet you come here when I put you on the fifth floor here," she told two of her American guests. Her husband had failed to comment on the efficiency of American elevators.

The hotel men were particularly impressed by the bigness of the American idea and the huge scale of which American hotels are operated. In spite of the bigness of the hotels, however, they reported that the organization and efficiency of the service were always 100 per cent perfect, while lacking the intimate, personal touch which, they believe, is always evident in French hotels.

Sacrifice Beauty

"No city in America that we visited was as beautiful as Paris," declared Frederick Armbruster. "Everything is sacrificed for practicality, and furthermore everything is on too large a scale to allow us to put into effect many of the American ideas."

American ice water has a peculiar faculty of always tasting like French wine, declared one hotel man who cannot be identified. American food received neither

Youthful Vienna Band of Bandits Confess

VIENNA, Jan. 25.—Having terrorized certain parts of this city for some time, a gang of 28 juvenile criminals whose ages ranged from eight to fourteen years have at last been rounded up by the Vienna police.

This Pretty Girl Defies Age By Using Ordinary Buttermilk To Beautify Her Complexion

Tells Druggists not to take anyone's money unless this delightful new vanishing Cream quickly shows a decided improvement.

Buttermilk cream creates beauty almost like magic. The most wonderful thing about it is the fact that whilst it turns the dull, most lifeless complexion to radiant beauty and makes red or rough hands or arms snowy white, yet there is not the slightest sign of its use after application. It actually vanishes from sight and the most heated atmosphere will not produce the least shininess or greasiness of the skin.

No matter whether you are troubled with a poor complexion, wrinkles, puffiness around the eyes, freckles, crows' feet or lines around the mouth, ugly finger nails, or just a simple roughness of the face, hands or arms caused by wind or sun, you will find that any or all of these troubles will quickly disappear with the use of Howard's Buttermilk Cream.

To prove this to your complete satisfaction, get a small quantity today at your favorite toilet goods counter with the understanding that they will freely return the purchase money to any dissatisfied user.

Beautiful actresses say, "A short massage with Howard's Buttermilk Cream at night before retiring is all that is necessary."

STATE MINERALS YIELD IS RICH

270 Millions Income from Earth in California During Past Year

SACRAMENTO, Jan. 25.—California mineral production for the year 1923 is estimated by Lloyd L. Root, state mineralogist, to reach a value of \$270,472,000.

This estimate is an increase of over \$25,000,000 for the 1922 production, and is due principally to petroleum, which shows a new quantity record for 1923, nearly double the previous record figure of 1922 in number of barrels. Even with the lower prices prevailing, it is believed the 1923 product will show an increase approximating \$22,000,000 in excess of the 1922 record, which was \$173,000,000.

Second in the list is cement with 10,000,000 barrels valued at \$17,000,000; third is crushed rock, sand and gravel valued at \$12,000,000 and fourth is gold with a production estimated at \$13,250,000. Another important unit is brick and hollow building tile valued at \$9,000,000. Copper follows with a value of \$3,942,000 and silver is next with \$2,771,000 production.

Eight hundred ounces of platinum valued at \$100,000, quicksilver with 6,200 flasks worth \$49,000, natural gas to the volume of 115,000,000 cubic feet appraised at \$7,475,000; four thousand, two hundred tons of lead worth \$605,000 and 70,000 tons of magnesite rated at \$840,000 complete the more important units.

Granite, lime, marble, etc., were produced to the extent of \$1,500,000.

GETS STATE POSITION

SACRAMENTO, Jan. 25.—Fred Misplay, of Sacramento, has been certified by the State Civil Service commission for appointment as chief assistant state purchasing agent, it was announced today by David Reese, president of the commission.

Glendale-Eagle Rock Car Line's Opening Occasion For Lively Celebration

By "OLD TIMER"
Written for The Evening News

The rejoicing of the residents and business men of the eastern part of Glendale over the electrification of the Glendale avenue line will no doubt be as sincere but probably not as exuberant as over the completion of the two short miles of track constructed in 1909 between Glendale and Eagle Rock, thus giving the residents of the old part of Glendale direct connection with Los Angeles, which, subsequent to the removal of the Pacific Electric tracks from Broadway (then Fourth street), necessitated a walk to

This two mile bit of track later extended to Brand boulevard was a life saver not only as a matter of convenience to the public but no doubt preserved the business life of the eastern part of town until the Pacific Electric tracks were restored on Broadway between Brand boulevard and Glendale avenue.

To those accustomed to jumping into their autos at their door the disadvantage of living a mile more or less from a car line is not so obvious but in those days Glendale was simply a suburb and in every family some member was employed in Los Angeles.

First Car Is Run
For three years this condition existed, then after many delays the Eagle Rock railway, which was a private enterprise of E. D. Goode, was constructed and on March 13, 1909, the first car was run from Eagle Rock to Glendale.

The car was put on the track, having been brought out by the yellow car line, at 10:55 a. m. and crowds gathered to accompany the car into Glendale.

Boys and girls had decked their ponies with wreaths of California poppies and carriages and the few autos were similarly decorated. All day people had crowded the line eager to see the first car start and spent the time cheering the cholos who were finishing the last few yards of roadbed.

"At 1 o'clock the current was turned on for the first time and at 5:30 the car loaded with passengers from Eagle Rock, Glendale and Los Angeles started on its first journey over the line amid the wildest excitement," relates a

correspondent to one of the city papers.

Numerous and humorous were the delays in the car's progress. On East Colorado street, then a country road, coming up the hill from Eagle Rock a cut had been made for the road bed which was wide enough for the work trains, but when the passenger coach attempted to pass, it was found necessary, on account of the extra width of the steps, to stop the car while the cholos arain wielded pick and shovel. As the car stopped before the Bank of Glendale the demonstration overwhelmed Mr. Goode who was presented with a fine gift by the Eagle Rock clubwomen who were passengers on the car.

The car was loaded to the limit. Newspaper people were passengers among whom was the late Mrs. Geo. E. Williams, of The Glendale News.

Buildup Is Honored
On March 17, fifteen hundred people, the largest audience, it is claimed, that had ever assembled in Glendale previous to this time, gathered at the old skating rink on Glendale avenue to honor this pioneer roadbuilder. Mayor Thomas Watson, on behalf of citizens and business men, presented Mr. Goode with a diamond pin.

Speeches were made and a feast of tamales, doughnuts, olives, sandwiches and coffee was served.

Eagle Rock also honored Mr. Goode at a meeting in Gates hall and presented him with a ring, the seal of Eagle Rock with a

Rich State Carriages Rebuilt by Japanese

TOKIO, Jan. 25.—State carriages for the imperial family, valued at approximately 3,000,000 yen (\$1,500,000), must be replaced, as a result of the destruction in the September earthquake of vehicles there. Handsomely decorated coaches, among them the coach built for the prince regent and his bride to ride in directly following their marriage ceremony, and the one the present emperor rode in to his coronation ceremony in 1915, were demolished when the stables in the imperial palace compound fell in the earthquake of September 1, 1923. In all, eighty carriages in the imperial palace compounds were destroyed, as were thirteen at the Akasaka detached palace.

FIRE DESTROYS BANK

GREENWOOD, S. C., Jan. 25.—Fire yesterday destroyed the First National bank building, an adjacent drug store, and threatened an entire business block with destruction. Fire departments from Ashland, Hoveloek, Waverly and Lincoln assisted the local volunteers.

diamond set on each side of the Eagle.

On July 3, of the following year at 5:30 p. m. the first car to run over the new extension of the Eagle Rock-Glendale line between Glendale and Verdugo Park started from the corner of Fourth and Glendale avenue.

Charge 5 Cent Fare
It was filled with especially invited guests of the road numbering about forty. Three trips were made the same evening carrying guests of the management.

The regular schedule was started the next morning with a five cent fare to the park, and plans were rapidly matured to extend the line to La Crescenta, a distance of two and a half miles.

Sunday baseball games were the attraction at Verdugo Park and provided a large share of the patronage.

Montrose, in those days, did not exist, and the name Glendale-Montrose Railway is the development of the road under a new management under the new conditions of "the fastest growing city in America."

BLACKFEET INDIAN IS ARISTOCRATIC

He Makes More Progress Toward Self-Support Than Others

GREAT FALLS, Mont., Jan. 25.—Blackfeet Indians of Glacier National Park Reservation, Montana, have shown more progress toward self-support than any other tribe in the United States, according to the Department of Indian Affairs.

The Blackfeet Indians, in their wild life, were the aristocrats of the red race, living as they did in the shadows of the Rocky Mountains, where buffalo and deer always found the greenest pastures. This furnished the Blackfeet with the best food and clothing supply offered by nature any place upon the face of the earth.

Adverse weather conditions of recent years affected the Blackfeet in their civilized confines of reservation life, but they now have come back through their agricultural efforts and today raise the best of food for their own use. Under arrangements now in effect with the tribe, the Government has purchased 200 heifers, 500 sheep, 300 pigs and 100 chickens for distribution among the tribe.

Last fall five threshing machines were used to thresh the grain raised by the Indians on the Blackfeet Reservation. Two flour mills are in operation on the reservation—one of 25 barrels capacity at Heart Butte and another of 50 barrels capacity at Brown's Agency.

Recently there was completed a road from Glacier Park to Old Agency, known as the Birch Creek Road, six miles in length. The stretch is a unit of the National Park-to-Park Highway and was built by the Indians.

One London fog caused damage to fabrics and required extra laundry, the cost of all being \$5,000,000 to the city's residents, according to estimators.

OLD LOCOMOTIVE LIKES ITS PILOT

Veteran Engineer Retires and His Steam Steed Goes All to Pieces

GADSDEN, Ala., Jan. 25.—Was it sentiment—grief over the resignation of its old master—that caused Engine No. 170, on the Nashville, Chattanooga & St. Louis Railroad, to crack and crumble under the hand of a young and new master here the other day? This was the opinion of "Pap" Jolly, who for 31 years was the only hand which "170" knew and obeyed.

"Pap" Jolly, after 51 years with the Nashville, Chattanooga & St. Louis Railway company, retired the other day on a pension. He had driven "170" for 31 years, and a tear or two could be detected in his eye as he rubbed his hand over the smooth surface of the old engine and departed for his home and retirement.

The next day "170" left Gadsden under a new master, Sol Lane. Lane is considered a good driver, and all that; but old "170" never made the trip back under her own steam, but, broken and spent, was towed in the following night. Old "170" now has been sent back to the shops. She may be restored to service through several major operations, or she may be relegated to the scrap heap.

Most people thought that the old engine was worn and spent from old age. But those who have learned the ways of locomotives and who have watched "Pap" Jolly, as he pampered old "170" and catered to her every whim, thought differently. "Pap" bowed his head in silence as he learned the fate of his old engine and side partner for 31 years.

Natives of Timbuktu, when traveling through the desert in Africa, wear blue veils over nose and mouth to prevent being smothered by the clouds of sand, and to reduce thirst.

British Plan to Build Big Express Airplanes

LONDON, Jan. 25.—The British Air Ministry is to construct in the near future three giant air express-planes to form the nucleus of a fleet for a day and night service to Constantinople, it is reported.

The Canal Zone begins at a point three marine miles from mean low water mark in each ocean and extends for five miles on each side of the center line of the route of the Panama Canal.

'Short Order' Still Is Nabbed in Dry Raid

BARNESVILLE, Ohio, Jan. 25.—A "moonshine-while-you-wait" plant was confiscated by dry raiders here recently. The plant consisted of a coffee pot, coil and gas burner, which in half an hour would produce a pint of booze, it is claimed.

Three hundred and fifty steamships and 144 sailing vessels rated at over 100 tons burden were lost at sea last year.

WHITE SOX FACE CRUCIAL BATTLE

Must Beat San Pedro Team on Sunday to Remain in First Flight

If the White Sox expect to finish in the money in the Triple A league they will have to bump off San Pedro next Sunday, otherwise they will be classed as "also-rans." Despite the bright prospects of a winning team when the season started, the Sox have not been able to rout the opposition with any degree of success, and will be lucky to get their money.

"Rap" Callard, reliable slab expert and leader of the Sox with the stick, left this week for the north and will not appear in a Glendale uniform again this winter. Local fans hate to see Rap go, as he was very popular with the regular attendants, and played ball at all times.

With this depletion in the ranks the burden of pitching will fall on Arnold Crandall. Doc's southpaw brother has turned one or two good games for Mike Donlin this winter, but has not been a consistent winner by any means. His arm bothered him during the first part of the season, and although he claims to have worked the trouble out of his system, last Sunday the Giants hammered his offerings all over the lot, gathering a total of fifteen hits. Oscar Reichow, Angel boss, who has signed him for the 1924 season, has told him that he must not pitch after next Sunday, so Mike Donlin will have to look elsewhere for his hurriers.

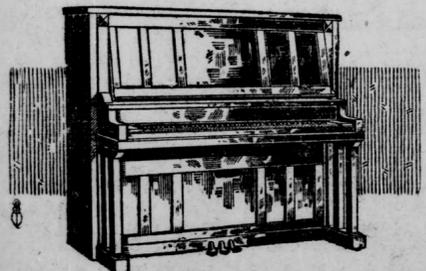

With the opening of the Coast League not so far away, the ranks of the White Sox will be thinned, as most of the team either will play in William's circuit this summer, or are the property of Coast league clubs and will be traded or farmed out. In connection with the departure of most of the Sox for their regular haunts, Frank Kerwin announces that the finest semi-pro players in Southern California signed up to play with Glendale this summer, regardless of the outcome of the application to the national commission for recognition for the new league.

Athletic Stars On K. C. Party Program

A big athletic program is scheduled to take place tonight at the Knights of Columbus clubhouse at 330 East Lomita avenue. The program is to begin at 8:30 o'clock and a record crowd is expected.

Included in the program will be piano numbers by Bud Minier, vaudeville star; monologues by Harry James; four boxing bouts featured by one between Al McCoy, ex-champion middleweight of the world, and Martin Grady, eastern heavyweight; vocal and piano numbers by Harry Girard; wrestling match, one fall, one-half hour limit, between Johnnie Spugneyer, former champion of the Nineteenth division, A. E. F., and the Masked Marvel; and monologue by Ed Foster.

Among the many banana trees in the Philippines is a maza-textilis which furnishes the Manila hemp (abaca) of commerce.

Sport Snap Shots

By JACK KEENE

Are good throwing outfielders disappearing from the big show—at least the National league? The official averages of the old circuit recently issued, would indicate this. The veteran Max Carey led the outer gardeners in assists and he was able to collect but 28. Only four others collected 20 or more. Arnold Stutz of the Cubs helped kill off 26 runners, Ross Young of the Giants and Bill Southworth with the Braves, got 22 assists apiece and Bernie Neis of the Dodgers had an even 20.

On an average basis Neis led the list as he played in but 111 games while the others played in over 150.

Incidentally Carey led the outfielders in putouts also, snagging 450 flies, as against 350 grabbed off by the well known Mr. Cy Williams of the Phillies.

John McGraw may not try to raise his own ball players but it must be said that he gives the youngsters the once over quite thoroughly and grabs off a star in the short-pant stage once in a while.

Waite Hoyt is the most shining example of McGraw's keen eye.

Jawn signed Waite when the kid was fifteen. Frankie Frisch was still in college at Fordham when McGraw saw in him a great infielder and grabbed him. Travis Jackson, sensation of the league at short and third last season, was but eighteen when the Giant leader found him. And now McGraw will give Frederick Lindstrom, a sixteen-year-old youth, a tryout next spring. Lindstrom, given a chance with Roger Bresnahan's Toledo Mudhens, started the American Association with his infielding.

Jealous of the fame Argentine has won in the boxing ring through the medium of Luis Firpo's shaggy head of hair and his wild swings which almost sent Jack Dempsey to the back row, Italy is sending its heavyweight hope to America to grab off a few headlines.

American ring fans have heard about Erminio Spalla, the cont in question, for some time. Now it is practically settled that he will come to America to meet Gene Tunney, light heavy star, February 1.

Reb Russell, whose spectacular batting took the National league by storm when he did a comeback with the Pirates, probably will not be seen in the big show next season. He has been released to Kansas City, and if he isn't sent there probably will return to Minneapolis, where he busted all the fences before being grabbed by the Pirates.

John Levi, the Arapahoe Indian who won fame and a place on some All-American team by his work on the gridiron with the Haskell Indian outfit last fall, may seek to emulate Jim Thorpe as an Olympic star. Levi is an all-around athlete, though probably not the wonder Thorpe was. He is a remarkably good shot-putter, runner and jumper. He has done well in the hurdle events. He may try for a place on America's squad.

Kid Gleason, veteran player and shrewd manager of the White Sox for several campaigns, is due to try a new baseball berth next season. Which recalls the fact that twenty-five years ago this month the "Kid" figured in the news. Chicago offered the Giants Bill Dahlen for the services of the peppery one.

The year of 1923 has run true to form in more ways than one. Take baseball, for instance. The magnates grumbled all year at what they termed Judge Landis' high-handed methods. And then the judge made them like it when, at the national meeting, they had a chance to say something. That's the way it will be next year, too, if we know Landis.

On the other hand, none of the ball players got the writing fever.

Battling Siki has ceased to be the only Senegalese attraction in the ring. Carcell Britt, billed as the Senegalese bantam champ, has followed his illustrious countryman to the U. S. and seeks battles which will prove stepping stones, he hopes, to a match with Joseph Lynch, off and on bantam king. According to Britt's manager, the lad fought 24 battles in France and Belgium before sailing for New York and won every one.

TRACK AGE HURLS DEFI AT CRITICS

Jolie Ray Will Race In Two Distance Events to Prove Fitness

By DAVIS J. WALSH
For International News Service.
NEW YORK, Jan. 25.—Among those who whisper behind the hand, an insinuation has been made that the men who hold the watches here are concerned that Jolie Ray, greatest of American distance runners has become passe and that the Olympic committee has about concluded that it must look elsewhere for a Yankee "hope" in the distance events at Paris. This impression is declared to have been prompted by the fact that Ray ran 1500 meters in the club-foot time of 4:08 and was all run out to beat Willie Goodwin in 4:26 for the mile in two races held to date during the local indoor season.

The gossip reached Ray's ears, an inevitable development, and the innuendo has stung. The result is that she has offered to beat the best distance men available in two races on one and the same evening and has named the Melrose games on Wednesday next as the occasion. The distances will be three-quarters of a mile and a mile and a half.

Lots of Competition
In view of the fact that probably the flower of American distance runners, barring the far west and Pacific coast, will go to the post in the two events, Ray's proposition is not without downright temerity. At three-quarter mile she has to run over the field composed of Erich Sundblad, Swedish champion; Floyd Hahn, who beat Ray from 20 yards only a week ago; Jimmy Connolly, intercollegiate champion; Enck, of Penn State; Wharton of Chicago, and Welters of Iowa, all of whom can step a half in 1:56 or better.

At the longer distance Jolie will step out with a new set of rivals, among whom will be Willie Goodwin, Ray Baker of Chicago, a great distance runner when right; R. M. Brown of Boston, former intercollegiate cross-country king; Hillman of Maine; Maudz of Syracuse; and Bertsch, of Buffalo, among others. This field would seem to lack the class of the other and it is a distance more to Ray's liking, yet his chances of success there depend greatly upon whether the race is held before or after the three-quarters special, and the time elapsing between the events.

Time Element Enters
It is the time element, in fact, that makes Ray's attempt difficult.

To run on successive evenings or two hours apart, and Jolie would figure to cake walk, if he is the Ray he was. If he ran within an hour, as probably they will, and against the respective fields, would make a victory nothing short of a seven-day wonder. It would be comparable only with Ted Meredith's feat in the quarter and half in the out-door collegiate meet.

In advancing his proposition to Melrose officials, Ray said something to the effect that he was racing himself into condition, would take a flight at the mile in the Illinois A. C. meet today, arrive in the east on Monday, take a first whirl at the garden track and call it an evening.

Gunpowder was in use at the battle of Crecy in 1346, but was known to Roger Bacon in 1279.

TOSSERS DIVIDE BILL WITH MOORS

130 Pounders Win, Pinweights Lose, in Games With Alhambra

By NEAL E. SOOY
Of The Evening News Staff.
One of the fastest and closest casaba battles ever staged was held on the Glendale Union High school court yesterday afternoon. The game was fought out between the Glendale and Alhambra 130-pounders, with the final count 15 to 13 in favor of Glendale.

Lovell was high point man with five points, Muff coming next with four. Stearman, Neel and Beman each rolled up a couple of markers. Lovell and McAllister played the best games, the former going through the Moors' defense time after time, while the latter was outstanding at guard. Muff played a good game at running guard. Neel and Beman both performed well at center. Stearman was handicapped by a bad thumb, but he stuck to the ball.

With two of the hardest games of the season tucked away safely under their belts, the midgets have a pretty clear field before them. Alhambra was considered about the strongest team in the league, and a pennant looms up if the baby dynamiters keep up the good work.

The line-ups: Glendale—Lovell (5) and Stearman (2), forwards; Neel (2), center; McAllister (capt.) and Muff (4), guards. Subs—Beman (2). Alhambra—Robertson (4) and Doty (capt.) (2), forwards; Anderson (2), center; Boyden and Manuel, guards. Subs—Hawthorn (1), Spencer, Sturgen (2), Roche (2), Pank.

Class C Team Loses
The Class C quintet was outclassed from start to finish in their fracas with the Moorish squad, going down to defeat 31 to 11. The pinweights were far too slow for their opponents, and the invaders had an easy time slipping through the defenses and dropping in baskets. None of the Red and Black five had any fight in them, this being one of the main reasons why the Blue and Gold triumphed.

The Alhambra center was the star of the walk-away, consistently outjumping the Glendale center and tossing in twelve points. Patten and Bice also showed up well, with ten and nine points, respectively. Smith and Mitchell were the best for the locals.

The line-ups: Glendale—Steele (2) and Smith (6), forwards; Mitchell (3), center; Lovell and Killinger, guards. Subs—Begg, Harris, Apsit. Alhambra—Patten (11) and Bice (9), forwards; Mills (12), center; Mata and Greenburg, guards. Subs—Nye, Burr.

Blood in Their Eyes
The heavyweights are out for revenge today and are determined to make up for their loss last Friday. When they take on Alhambra this afternoon on the latter's court, they meet a team that has established an enviable basketball record and Gold guards, considering the past three years the Moors have copied the league pennant and indications point to a cracker-jack quintet this season.

Hardey and Elliott will probably start at forwards, Hyatt at center, and Swaney and Zaun at guards. Hardey is a demon at shooting and should bother the Blue and Gold guards considerably. Elliott is an all-around casaba performer, and will play his usual sterling ball. Hyatt is about the only man on the team who really fights all the time, and this fact has placed him on with the regulars. Swaney is a good running guard in all respects, and with the aid of Zaun, his partner, should be able to make the Moors hop to it. Zaun is just beginning to show some real ability, but he looks good at present.

K. C. Bowlers Win In Two League Matches

While the K. C.'s No. 1 were taking two games out of three from the Modern Woodmen, not to be outdone, their brother team, the K. C.'s No. 2 performed the same trick against the Scouts in the Fraternal League matches on the Recreation alleys last night.

Fischer of the K. C.'s No. 1 was high man of the evening with 547 for the three games. Tonight the Masons roll the Odd Fellows and the American Legion, league leaders, meet the K. P's.

DEPALMA OUT TO REGAIN LAURELS

Italian Speed King Seeks to Reverse Decision In Race With Horey

With the new Ascot Speedway soaked with oil to kill the dust, Ralph DePalma, Italian speed king dethroned by Fred Horey, national dirt track champion, last Sunday, declares he will reverse the decision when the pair meet in the Frank Garbutt Stakes next Sunday.

Louis Disbrov former A. A. A. and I. M. C. A. dirt track champion who lost his crown to Horey two years ago, is on the way from Chicago to meet both Horey and DePalma next Sunday. Disbrov will drive his famous Simplex "Zip" with which he recently won the Canadian championship at Toronto. Fred Lickelider, winner of the Ascot Motor Derby last Sunday, is considered a favorable opponent of all three.

Motor Bikes to Race
In the three motorcycle races, Heppburn, Weishaar, Davis, Walker and Fredericks stand out as possible winners in one or more of the three events scheduled for the motor-bikes. There are six auto races on the auto program. Forty drivers are entered.

President George Bentel announced today that a chain of speedways, duplicates of New Ascot, will be constructed by himself

Japanese Athletes to Invade U. S. This Year

TOKIO, Jan. 25.—American sport followers will have an opportunity to enjoy two sports offerings from Japan this year. The Meiji University baseball team, champions in this country the last year, and Takeichi Harada, one of Japan's most promising tennis stars, will both be seen in American cities if tentative plans are carried out.

Meiji University has long desired to send its team to the United States, as the reception given the Meiji team there ten years ago on its American tour was considered an unusually enthusiastic one. The team will take sixteen men, including one director from the faculty. It will leave for the United States shortly after the March examinations and will have games in Honolulu en route. The team will remain in the United States seventy days and is hoping to get thirty games with various university nines throughout the country.

Harada, tennis star, is now a student of Keio University, but he will give up his work there and will enter Harvard, where he hopes to go in for journalism work. During the three years that he remains there he hopes to improve his game sufficiently to get into the Davis cup competition.

Scientists, by studying bugs, are aided in determining changes on the earth's surface that occurred thousands of years ago. Even money is the only thing one hears talked in California where the glories have seen both Sarazen and Havers in action for ten days.

AMERICAN CHAMP BATTLES BRITON

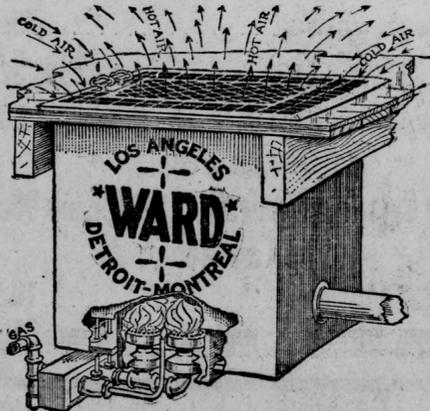

Sarazen and Havers Facing Stiff Golfing Test In 72-Hole Match

SAN FRANCISCO, Jan. 25.—A blue sky and warm sun greeted Gene Sarazen and Arthur Havers, the professional golf champions of America and Great Britain, when they drove from the first tee today in their 72-hole international match.

Sarazen and Havers will play 36 holes today over the Lake Merced golf and country club course and complete their match in Los Angeles at the Hillcrest club, Sunday. No golf event ever played on the Pacific coast has aroused the interest of this international match.

Course in Shape
The Lake Merced course, the most difficult in California, was in fine condition for the match. The club officials at Lake Merced and the Hillcrest course in Los Angeles have been pouring water upon fairways and greens in order to keep both in condition for this match. As many as ten great sprinklers were playing on one Hillcrest fairway today.

HEAT FOR WINTER A WARD SEALED 2-BURNER GAS FLOOR FURNACE

Supplies abundant heat for every nook and corner of your Bank, Club, School, Church or Cafe INSTANTLY

Will Heat 3 to 5 Rooms in a Jiffy

WARD FURNACES ARE SAFE. They have no odor, no carbon dioxide, take no air from the rooms, and burner combustion is taken from the outside. Thus you have only NATURAL, HEALTHFUL HEAT.

Its economy of gas will pay for itself in short order.

SUNLAND ADAMS NAMED AS PHONE CO'S HEAD

Improvement of System Is Under Way, Long Distance Lines Installed

At the annual meeting of the Sunland Telephone company, A. Adams, Jr., was elected president of the company; S. D. Percy, vice-president; B. Spates, secretary-treasurer; Bert Begue and Harry Griffith, together with the above, complete the directorate. Work of adjustment on the lines of the company, which included reduction of parties on party lines and installation of new service lines, has been in progress for several weeks. Three long distance lines to Los Angeles have been put in operation and two more are planned.

The complete list of officers for the Valley Center Improvement league is: A. D. Kirschman, president; George B. Shaffer, vice-president; E. W. Morgan, secretary; L. A. Wakefield, treasurer. Several new members have joined the league and progress is being made on some of the projects undertaken by this organization. The planting of trees, preferably Athel trees, along the highway from east of Tujunga to west of Sunland is one of the objectives of the members. One meeting is devoted to social activities less formal than the regular business meetings. Members who have birthdays in the current month are guests of honor on this night. At the January birthday meeting Mr. Shaffer, Mr. Faure and Mrs. Foster were the guests. Refreshments were served as an added attraction.

Improve Highway
The Valley Center Improvement league has been instrumental in getting improvement work on Walnut drive, the street that connects with the road into Big Tujunga canyon from the state highway. County crews have been busy grading and oiling this street and picnickers going to the canyon will find the surface much improved.

An open meeting was held by the Monte Vista Woman's club at the school auditorium Tuesday afternoon. Representatives from various clubs in the valley attended. A program was presented which included musical numbers, dancing and phases of early California history. Refreshments were served.

The Ladies' Aid society of the Sunland Baptist church has been making quilts to fill orders they have received. The last meeting was held at the home of Mrs. Frisbie. Canning season activities have again begun at the Sunland Olive cannery. The payroll amounts to \$800 per week and contains fifty names. Twenty men are employed and thirty women are required to do the sorting, grading and other light work incidental to the process. Canning season lasts about six months, the last of the work being done in June.

Honolulu Seeks Cure For Alligator Pear Fly

HONOLULU, Hawaii, Jan. 25.—A series of interesting experiments to determine whether refrigeration will rid alligator pears of the Mediterranean fruit fly pest and thus permit their shipment to the mainland and other markets are being conducted here by the United States agricultural experiment station. In the meantime local growers are watching the experiments with interest. They are of the belief that if refrigeration will kill the fruit fly and its egg, that the quarantine will be lifted and practically a new industry will thus be opened in Hawaii. Alligator pears are so plentiful here during the summer that in many parts of the islands they are fed to hogs to prevent waste.

Philadelphia Newspaper Of 1836 Shows History Keeps on Repeating Itself

Newspapers of the present day may differ in size and form and in their methods of handling news from their predecessors of a century ago, but the old papers reveal just the same human characteristics that are so evident in these times.

Witness the evidence borne by the first issue of the Public Ledger, of Philadelphia, dated March 25, 1836, a copy of which is owned by William Penderville, 122 South Cedar street, Glendale, and which he has had in his possession for many years.

As is usual in the launching of a new publication, the Public Ledger was issued to fill a long-felt want on the part of the populace for a paper that would give the news and that would yet be within the reach of the submerged tenth who could not afford to pay the high prices charged for the journals of that time. The advantage of the penny paper as an educational factor is shown, the Ledger's editorial claims, by the fact that these papers were to be found in the hands of almost every porter and drayman, and were also on the tables of every hotel, tavern and counting house in the region where they were published.

Competition Rife
Competition in business existed in those "good old days," also, as is shown by the advertisement of a hatter who warns prospective customers that he can supply them at prices that could not be equalled by "our more noisy competitors"; and the patent medicine advertisements of that period solemnly warn the readers to beware of the imitations of the real, "honest-to-goodness" specific that "has cured so many people."

Another point of similarity between the people of those days and the hectic present was the love for travel. The stage coaches, the canal boats, the railroads, were popular with those whose souls were filled with the wanderlust. One canal boat line was so popular that passages had to be booked two weeks in advance, if the travelers wanted to secure seats. The woodcuts of the original engines and trains that illustrate the advertisements show the stalwart engineer standing up on the back porch of the engine, feeding wood fuel; while the canal boat is being dragged

Italy to Show Art in South American Ports

ROME, Jan. 25.—With the object of demonstrating to Latin America Italy's progress in industry and the arts, the Mussolini government is sending a ship fitted out as a floating exhibition to the principal ports of South America early next year.

Since Premier Mussolini came into power he has persistently urged that Italian emigrants in other countries should be made to feel that they are still part of Italy, and the forthcoming cruise is regarded as the outcome of his endeavors.

The ship to be engaged on the cruise is the Italia, a large steamship owned by the Italian government. She has seventeen show or exhibition rooms, each containing exhibits of some special Italian industry, such as marbles, textiles, electrical works, automobiles, books and aeroplanes.

Wagon Moves House 32 Miles in a Day

PINEDALE, Jan. 25.—Until last week, Ignacio Ayza owned a two-room house in Tranquillity and a lot in Pinedale. Now Ayza, his family and his house are happily situated on his lot. Ayza just decided to live in Pinedale and having reached his decision went about accomplishing his purpose in the easiest way possible. He loaded his house on a farm wagon and covered the thirty-two miles in thirteen hours.

Florida Would Lure Burbank from Calif.

SANTA ROSA, Cal., Jan. 25.—If the Lakeland Chamber of Commerce, Lakeland, Fla., has its way, California will lose Luther Burbank, plant wizard. Lakeland has formally offered Burbank 200 acres of Pope county, Fla., choice land, a fine home and all buildings necessary to carry on his plant experimentation work if he will transfer his activities to the Southern state.

Burbank, however, does not plan to move.

Elimination of all "red tape" in the veterans' relief work carried on by the federal government is being recommended to the present congress. Three lawmakers in the senate have simplified the program so that the disabled or sick man or woman, formerly in the service, will get the care of a truly grateful nation. It would be splendid if such can come to pass.

But the writer is experienced with governmental efficiency. We can truthfully state that the person who undoes "red tape" at Washington has something of a job. We have actually done it, however, and we know how it can be done. But it will take men with backbone who are not afraid to bowl over the civil service, the war and navy department clerks, the mass of clerical inertia that hangs together to make things difficult for fear they will hang separately.

It is absolutely necessary to wreck organization, at times, in order to remedy it. It entails the strong-arming of near-great men to get near great men; yet anything is possible. And, once they start tape-cutting, things begin to happen.

The soviet government is taking unusual advantage of the death of Dictator Lenin to get favorable publicity. While we sympathize with the bereaved nation, at the same time Americans must realize that all news messages from within the red lines are censored. A correspondent naturally will write that which is passed out, or even allow his copy to be interfered in order to get the mere facts in the case to the world.

If we recollect rightly numerous correspondents have quit their posts in Russia rather than lose their reputations. The only first hand information to be had is from government sources, we are informed, while others who would give their views are effectively silenced.

STATE USES FUEL OIL

SACRAMENTO, Jan. 25.—Fuel oil contracts totaling \$232,789 for the State Harbor commission at San Francisco and the various State institutions during 1924, have been approved by the State Board of Control.

COMMENT That's All

Praise G. U. H. S. Pupils Memories of Happy Days Great Men Cut Red Tape Soviet's Sugar Coated Pill

Not so many years ago The Glendale Evening News office windows permitted a view of the Glendale Union High school campus. Morning and afternoons the troops of students passing by intrigued the eye. They were evidences of a throbbing institution. They were the pulse beat of youth in the streets of a growing city.

But mercantile establishments have been built across the paths, which were shortcuts to the house of knowledge. The old high school plant has been surrounded by other edifices and, like a mantle, there seemed to be a shroud over its activities. Even sight of the athletic field can only be had from Colorado street now.

Yet, from accounts brought in by the high school reporter and from other indications we knew all was well with Principal Moyses and his organization and the pupils in the school. They got a new plant over on Verdugo road and Broadway that soon will be ready to house a large part of the students—the older ones.

The high school has turned out larger classes of young people, who appeal to us as serious minded, forward in this world of affairs. They mix very nicely with the crowds of the street. Really, there behavior is commendatory. They have their own social interests, their student body officers, their weekly school paper, their games and other contests. Altogether, it is a very pretty mind's picture.

Now that the great majority of these young people are to be moved in another month to the new school, we are glad to know that some classes are going to be left in the old plant, as necessity compels. It will be good to see their cheery, hopeful faces in the mornings, as they eagerly go forth to the school rooms where hundreds have gone before.

The writer graduated from Glendale Union High school. And we have noted that its influence was such as keep many of its young people here at home, although some wandered away. In other words, it has built a living edifice among its alumni who recall many pleasant days of toil, happy evenings, victories won—oh, so many little things.

And, as we see the city building, we have to think of the high school as a machine, or a part of it. Under the guidance of Mr. Moyses, it has not been so, we believe. The influence of its teachers, in many instances, is to be seen here today in our professional men and women, in the homes, the shops and on the streets, yet so far as we know there is nothing to reflect discredit on Glendale high.

It is something not to be forgotten, folks.

Popular Indoor Sport For Gamblers, Report From Lone Star State

By J. SYDNEY HUGHES For International News Service. FORT WORTH, Tex., Jan. 25.—New York has its bucketshops, Chicago its Loop, and California its Hollywood, but Texas reveals in its dominions.

Wild visions of whirling roulette wheels, nimble-thumbed exponents of the stacked deck and echoing "hit me again" of the blackjack table are just that—wild visions.

Texas has gone in for dominoes. Not with the skeptical, half-hearted timidity of those who seek out the mysterious intricacies of the Mah Jongg enigma, nor the dubious exploitation of the bridge parlor, but with the copious, unstinted enthusiasm of a Mexican after his chili.

From the most luxurious drawing room of the millionaire stockman and oil magnate to the most miserable hovel of indomitable homesteaders there resounds the wholesome smack of wood on wood—the domino devotee in action.

Merchants report unprecedented demands for domino sets and an inability to maintain a substantial supply.

Install Domino Rooms. Smoke shops and clubs have installed "domino rooms," and with the advent of seasonal rains and the subsequent deserting of golf links the intensity of interest has been tripled.

Where its addicts formerly played at golf throughout a busy day at the office and at dominoes at night—dominoes now supplant for the entire day.

JAZZ ADDS ZEST TO MEALS, CLAIM

British Restaurateur Has Music and Colors of Lightest Nature

LONDON, Jan. 25.—American jazz is being used to increase English hunger. William J. Wilson, an American theatrical producer, has been engaged by the Lyons chain restaurants to supervise their orchestras in the hope that increased attractiveness of restaurant orchestras will increase English stomach capacity.

"Jazz increases hunger," Wilson declares, "and it is my work to pep the restaurant jazz up to a point where it will cause the English appetite to grow and flourish."

Wilson has introduced into the restaurants under his charge some daring innovations for England. He has an idea that color enhances jazz and has perfected a series of changing panels which make it possible for an orchestra to play Japanese music with a Japanese background, Elizabethan music with an Elizabethan background and American jazz with a background which is a riot of color. Among other innovations introduced by Wilson are revolving bandstands, "invisible" orchestras led by a beautiful female leader, and ghostly leaders for visible orchestras. The element of the theatre has been brought into restaurant music by Wilson.

Sir William Terry, organist at the Westminster cathedral, has taken issue with Wilson and denounces many of his schemes for brightening restaurant orchestras. "Why should a man check his mentality with his hat at the restaurant door?" Sir William asks. He opposes jazz in restaurants, but does congratulate the Lyons restaurants on their innovation of introducing operatic numbers in their musical programs.

ORDER 190,000 BOOKS
SACRAMENTO, Jan. 25.—The Spring order for text books from Los Angeles is the largest ever placed with the State Printery, according to Printer Frank J. Smith. The order calls for 190,000 books.

cently that it has gripped the club and home with such burning animation.

You Can Quickly Limber Up Sore, Stiff, Swollen Joints

Even Chronic Rheumatic Swellings in Knee, Elbow, Shoulder or Finger Joints Yield to the Mighty Power of JOINT-EASE.

It's here, right in town—and every live druggist has it. It's a low price remedy, to be sure, but that doesn't stop it from taking the kinks, lameness or torture out of your troubled joints.

Joint-Ease is the name, so called because it is compounded solely for the purpose of relieving all joint ailments. Just rub it on the tormented, lame joints and in just a few seconds it will penetrate to the bone and blessed comfort comes quickly.

It absorbs instantly and is clean and stainless that you can rub it on often and get there! results much more quickly, while the joint is inflamed and agony intense.

Being such a powerful counter-irritant, it cannot help bring speedy and helpful results in congestion, sore throat, chest cold, lumbago and neuralgia much quicker than almost any remedy you can buy.

But you must remember that it is for joint afflictions that it is mostly dispensed and its helpfulness will astonish you after a ordinary liniments and other treatments have failed.—Advertisement.

RS. TROTSKY AIDS
RIPPLED SOLDIERS

Establishes Schools in Russia to Rehabilitate Veterans for Gainful Trade

By ADELE PARKER
For International News Service.
MOSCOW, Jan. 25.—Natalie Trotsky, the wife of Russia's famous minister of war, is doing a harder job in Moscow than her distinguished husband's. Trotsky organized husky young Russians into units for war and defense, but Mrs. Trotsky organizes the aftermath of war, the maimed and crippled soldiers, into units of production. She is chairman of the All-Russian Committee for the Crippled Soldiers.

Mrs. Trotsky is a small and pretty person, stylishly dressed. She is a Ukrainian, born in Poland, and she possesses all the force and energy which mark the Russian. She has lived a life filled with adventure. An orphan at 8, a member of the "party" at 19, an emigre and married in Paris at 22, she has spent most of her life abroad. She has studied at the universities of Moscow, Geneva and Sorbonne. While in the gymnasium at Kharkov she was collecting money for political prisoners. She carried propaganda among the workers of the city, and in 1903 and 1904 brought illegal literature from abroad into Russia. She was a member of Plechanov's "Circle" in Geneva. At the outbreak of the revolution she returned to Russia.

Here, despite the fact that she is the mother of two boys, she has always taken an active part in public affairs. Unfolds Her Plans in her spick-and-span offices in the great military headquarters, at opposite the towers of the Kremlin. Mrs. Trotsky unfolded plans in a recent interview. "It has been up-hill work," said Mrs. Trotsky, "to bring the crippled soldiers back to habits of industry. The war experience had almost completely changed their point of view. Most of them believed Russia was a living because of their misfortunes, and many preferred to beg rather than to work. The first commission which examined the disabled soldiers recognized their incapacity for work. We are creating a new commission to make fresh examinations and to emphasize the abilities which remain."

"We have been at work for three years. During the first year we gave food, clothing and shelter to the maimed soldiers who came to the centers for help. As in every other nation which had war problems to face, we found these men often abused. We used to get money for railway tickets to take to the village; but later we found it wiser to purchase the tickets ourselves."

Organize Workshops "During the second year of our experiment we tried gathering the maimed soldiers into institutions, but during the past year we have been organizing workshops throughout Russia to give these men a chance to support themselves. Training has been difficult. In many cases institutional care was not necessary to put the soldiers on a working basis, and we established an institution for this purpose. A crippled body is a tragedy, but an idle life is worse."

Already 25,000 soldiers have been organized into cartels. There are workshops in Moscow, Petrograd, Gomel, Kharkov, Kiev, Omsk, Omsk and Nizhny Novgorod. Most of the cartels are all groups.

Mexican Fisheries Co.
Organized by Japanese

SACRAMENTO, Jan. 25.—The Mexican Fisheries company, a Japanese concern with headquarters at San Pedro, has taken out articles of incorporation with Secretary of State, Frank C. Jordan, was announced today. The Japanese corporation states a capital stock of \$100,000 and names the following directors: J. Ito, S. Keko, J. Ito, T. Takashi, S. N. Keda, A. Kawara, I. Oyama, all of Los Angeles.

HORSESHOE CHAMPS ENTER FLORIDA TOURNEY

Mid-Winter Tournament Draws Experts From All Over America

Horseshoe tossing has taken the country by storm. There are today over 1,000,000 followers of the sport in the United States. This shows the new home and courts of the Lake Worth Horseshoe Club, Florida, where the National Mid-Winter tournament of the American Horseshoe Pitchers' association will be held.

The insets show Mrs. Mayne Travers, of Columbus, Ohio, world's champion woman horseshoe ringer, who will defend her title at the forthcoming tournament, and George W. May, of Akron, world champion in men's division, who also will take on all comers. Out of 750 shoes pitched in official competition he has made 450 ringers and 184 double ringers.

LAKE WORTH, Fla., Jan. 25.—This little town, seven miles from Palm Beach, will entertain the biggest assemblage of horseshoe tossers that has ever met to try for honors in "barnyard golf," when the Annual Midwinter Tournament of the National Horseshoe Pitchers' association is pulled off here on February 18 to 23, inclusive. Favorite sons, champions and near champions, from far and wide are entered to pluck off some of the \$2,000 in cash prizes and \$1,000 in trophies. Horseshoe pitching has taken the country by storm during the last year. R. B. Howard, editor of the Horse Shoe World, estimates that there are now close to a million devotees of "barnyard golf" in the United States. Twelve of the finest day and night courts in the United States have been put in readiness for the big event. \$1,000 has been set aside for entertainment; 1,000 cocoanuts will be distributed to horseshoe pitchers and fans and a \$500 bonus to the national association.

George W. May, champion horseshoe pitcher of the world, will compete. Out of 750 shoes pitched he has made a record of 450 ringers and 134 double ringers, which is top-notch tossing. George is now limbering up at his home town at Akron, Ohio, and expects to be in his best championship form. Mrs. Mayne Travers, champion woman horseshoe pitcher of the world, is now in Florida and will be on hand to defend her well-earned honors. Among other stars who will compete are C. C. Davis, Ohio ex-champion; Frank Johnson, Iowa's star tosser; Harold Falor, boy champion of the world; Ralph Spencer, Blair Nunemaker, the 17-year-old wizard of Miami, and other near and ex-champions including Frank Johnson, Jr.; Witt Doyle, Heimbaugh, Wilkner, Loren May, Yokum, Faulkner and many others.

SOUTHWEST 'SONS'
TOSS SOMBREROS

Favorites Boomed as White House Possibilities In Next Election

KANSAS CITY, Jan. 25.—Political campaigns for 1924 with candidatorial booms for the highest offices in the nation are beginning to take form in the Southwest.

The Southwest is not making any claims of having any of their residents take up abode in the White House, but at least four names of its prominent politicians will receive more than a whispering mention about the convention halls of the two major parties when the delegates gather for their quadrennial meeting to select candidates to lead their parties in the next election.

While political bees have been buzzing in the aspirant bonnets of many and political gossipers have brought in the names of just as many, the following are expected to receive some backing in the Republican and Democratic conventions:

Governor Arthur M. Hyde, Republican, of Missouri, as a Vice-Presidential prospect.

Governor Jonathan M. Davis, Democrat, of Kansas; Governor Pat M. Neff, Democrat, of Texas, and former Governor Frederick D. Gardner, Democrat, of Missouri, as Presidential prospects in the ranks of their party.

The Hyde-for-Vice-President movement began shaping itself a few weeks ago, when his supporters got behind him and brought his name to the fore as a running mate for President Coolidge in the 1924 campaign. Hyde is said not to be opposing the urge.

Davis Gets Back The Democrats in Kansas are getting behind Governor Davis to enter the race for the Presidential nomination, and the Governor, in replying that while he was not aspiring for the office, declared in no uncertain terms that he will "listen to his friends' advice" in making his decision. His friends, of course, want him to make the race.

Governor Neff, of Texas, probably is the latest of Democratic political candidates in the Southwest to get his name out in the open. The State Central Committee recently endorsed Neff's name, and his friends declare the Executive's sombrero is about to be tossed into the big ring. A concerted move by a faction of Missouri Democrats has been well under way to back former Governor Gardner for President, but it is meeting with opposition by a faction in his party headed by Senator "Jim" Reed. Reed's opposition to Gardner has thrown the proverbial monkey wrench into the well-oiled harmony machine which the Democratic State Committee has mapped out at a recent meeting in St. Louis.

Welcomed "Peace" Missouri Democrats were jovial when they saw the dove of peace flying over the State, as the thorn of dissension had been ever present since 1920 to prick the sides of the Reed and anti-Reed factions whenever they attempted to get together.

Reed made his attack recently against the former Governor, criticizing him for his views on prohibition enforcement and the world court. The Senator is an avowed "wet" and a bitter opponent to foreign alignments, having made one of the firmest stands against Wilson's League of Nations in the Senate.

Friends of Gardner, who point out that he had toured the State last year in campaigning for Reed, are indignant over Reed's attack and declare they will not let the charges pass by unchallenged. Some of the Senator's friends were active in the Gardner boom, and these friends are said to be looking upon Reed's action unfavorably.

Anti-Reed forces declare they will fight for an instructed delegation from Missouri, and if Gardner

Beware of Bills
Raised From \$2 to \$20 'Floating' Here

The Glendale Merchants' Association has been informed that a \$2 bill is being raised to \$20 and successfully passed at stores. The \$2 bill has the picture of Jefferson on its face, while the real \$20 has Cleveland's countenance, with the words "President Cleveland" beneath the picture.

It is said that the bad money venders are working stores and keeping away from financial institutions, which immediately recognize the "raised" figures. Clerks are requested to watch for \$20 bills and see that they bear Cleveland's picture and the name below it.

Widow Wins Battle
for Share in \$80,000

SAN JOSE, Jan. 25.—A verdict in favor of Mrs. Laura Presho, contestant of the will of her late husband, Matthew Presho, who left practically his entire estate, valued at over \$80,000, to his brother, Thomas H. Presho, was returned by a jury in the court of Superior Judge P. F. Gosbey here. The jury found that the will had been executed by Matthew Presho through fraud and undue influence of Thomas H. Presho and that Matthew Presho was of unsound mind when the will was signed.

The English peasant, native of Asia, was naturalized in Great Britain before the Norman conquest.

is still in the race they will remain loyal to him.

G. O. P. Is Active

Kansas Republicans are anxious to get the State back into the Republican column and will start their campaign by launching a "boomerang" against the Democratic party on an issue the latter brought up during the administration of former Governor Henry J. Allen.

The Democrats charged Allen had refused to live in the State's executive mansion; that he had the Legislature appropriate money for the rental of another home and then turned the mansion over to his private secretary, rent free and with a State allowance of \$1,500 a year for upkeep, heat, water and light.

Governor Davis has permitted his private secretary's family to share the mansion with the Governor's family and the Republicans are charging the state is providing the same thing for which they were ridiculed during the Allen administration.

The Republicans are said to be gathering their data for a hot campaign and will use the "boomerang" as a chief issue.

Oklahoma "Torn Up" Oklahoma is torn politically through the turbulence it has undergone in the last several months and during which ex-Governor J. C. Walton, central figure of the strife, was deposed as Chief Executive of the State.

The issue there will be fought between forces of the Klan and the anti-Klan. The attention of politicians there will be directed on matters within the State, where the Klan issue and candidates from three parties are certain to offer sufficient campaign material to receive attention.

Former Governor Walton has announced he will enter the race for the seat in the United States Senate now occupied by Senator Robert L. Owen, who gained fame as the father of the Federal Reserve Bank system. Owen will seek the seat again, and among others who are known to be aspirants for the office are C. J. Wrightman, millionaire oilman, of Tulsa, and S. Prince Freeling, former Attorney-General of Oklahoma.

Besides the Democratic and Republican candidates, the people of Oklahoma will have a full ticket offered by a third party, according to an announcement by J. Luther Langston, manager of the League.

RAILBIRD TWITTER
ABOUT TANFORAN

Thomas Fortune Ryan Expresses Keen Interest in Spring Meeting

By COPELAND C. BURG
For International News Service.
SAN FRANCISCO, Jan. 25.—Railbirds hereabouts are on their toes waiting for the spring racing meeting announced for the Tanforan course at San Bruno, just outside of San Francisco. The Tanforan track was opened last November, raising the barrier on racing after a lapse of twelve years.

The Tanforan meet, although marked by no betting, proved a success and at its conclusion a spring session was announced. Tanforan boasts a million-dollar plant, including a handsome clubhouse, where millionaire supporters of the sport of kings hobnob. Thomas Fortune Ryan, New York sportsman, who gave his check for \$10,000 along with similar amounts from California millionaires, to bring about California's revival of racing, was a visitor here the other day. He expressed keen interest in the forthcoming spring meeting.

Osprey Shows Well One of the best horses in training in America is the word passed along on Osprey, now at Tia Juana track. Osprey carries the colors of John P. Mills, Long Beach oil magnate. Osprey, formerly owned by August Belmont, recently took the crushing impost of 125 pounds and won handily in six furlongs over Abadane and Quince Garden. The time was 1:12, the fastest yet at Tia Juana.

After a few days' programs the track at Culver City, near Los Angeles, closed. Horsemen at Culver who tried to enter their horses at Tia Juana, just across the California line, were disappointed, all of the stables there having been filled shortly after January 1 by arrivals from New Orleans.

Tia Juana Gossip Tangerine, with Jockey Legers up, got the nod from the judges the other day at Tia Juana after giving two contenders weight. The horse gave Cruzern twenty-eight pounds and Curland eighteen pounds. The distance was one mile and seventy yards and the time 1:44. Seth's Alibi carried joy recently in a race at Tia Juana. The mutuals paid the entrance price of \$40.20 to \$1 after Seth romped home ahead of a big field. The horse is owned by Mrs. F. R. Doyle and was ridden by her son, Jockey Bobbie Doyle.

Helium gas now available in the United States would be sufficient to fill the tanks of 300 airships the size of the Shenandoah.

BODY LIKE SOLAR SYSTEM, IS CLAIM

Made Up of Electrons, Each With Nucleus Like Sun, Say Scientists

WASHINGTON, Jan. 25.—The human body is made up of millions of infinitely small solar systems which operate virtually under the same laws of nature which regulate the revolutions of the earth and planets about the sun, according to eminent scientists at the United States Bureau of Standards.

If you should stick a pin in your finger it probably would penetrate the orbits of a half-dozen universes, all with their own little suns, planets, comets and moons revolving about a central nucleus.

Not only the human body but the structure of every animal, of every property of nature, placed under a magnifying glass of sufficient power, might yield up a picture and tell a story explaining that "master question" which inspired the words of the philosopher:

"There was a door to which I found no key, There was a veil through which I could not see: Some little talk"

Key to Progress
Dr. Paul D. Foote, chief of the atomic physics section of the Bureau of Standards, thinks that upon increasing knowledge of the properties of electrons, tiny particles of electricity revolving about a nucleus to make up the atom or miniature solar systems, will depend all future progress in chemistry.

"The electron is responsible for all reactions forming the basis of chemical industry," Dr. Foote said. Other scientists have ventured the bold assertion that solution of the great problem of creation may be solved once masters of thought know just what is the electron.

"The place of the sun is taken by the nucleus in likening the atom to a small solar system," Dr. Foote explained.

"The nucleus is itself very complicated in structure, and around this revolve electrons in orbits similar to those of planets." The nucleus of these tiny systems has a certain electrical charge, it was stated, charges which form an attraction by which a number of electrons can be held in orbits about it. There are scientific laws which regulate the number of electrons one nucleus can hold, depending upon its structure.

"If a large comet struck the earth, but not hard enough to knock it clear out of the solar system, it would move thereafter in a different orbit, and its years would be different," Dr. Foote said.

Resumes Position
"But if a wandering electron strikes another electron in an orbit of an atom, the electron, if not knocked completely out, will return to its original orbit. And in this return it radiates an amount of energy in the form of light, X-rays and other energy known to science."

It seems that these electrons in collision radiate energy of certain wave frequency. This radiated light may be measured by a spectroscope. By these measurements scientists believe the structure of the atom may be determined definitely.

The chemical properties of matter may be determined by the position of electrons and their number. A hydrogen atom has one electron, for instance; helium, two; lithium, three; copper, twenty-nine and radium eighty-eight.

From these observations of Dr. Foote, it takes no scientist to appreciate the continual reaction that is going on within the human body. It doesn't seem unreasonable that a severe pain in the stomach, after indulgence in rich foods at late hours, might be attributable to a serious collision of the many solar systems of the chemical properties of food.

"When one's system is all in a tangle, and gout and headaches and bad livers make life just one awful situation after another, future physicians may be able to shoot a first-class electrical current through the body, putting all these electrons and atoms and nuclei back in their regular orbits and hence getting one back to the proverbial "normality."

The Bureau of Standards hasn't gone this far yet, however.

Botulism in Beans Causes Woman's Death
REDDING, Jan. 25.—Botulism, due to imperfect canning of beans, was the cause of the death of Mrs. Francis Smith on December 23, according to Dr. Charles H. Halliday, epidemiologist for the State Board of Health, who spent the day with decedent's parents, Mr. and Mrs. Martin Nachriener.

The scientist said he found the family had put up beans in five gallon jars. The contents of four receptacles had been eaten without harm. When the fifth jar was opened, however, Mrs. Howard tasted the contents and found them unpalatable. She threw the contents to the chickens, 210 of which died shortly after. Mrs. Howard became affected with paralysis of the muscles controlling deglutition until for the last three days of her life she could not swallow anything.

Dr. Halliday said botulism is 100 per cent fatal.

SETS RIFLE RECORD

MANILA, Jan. 25.—Captain Esley of the Thirty-first Infantry today broke the rifle shooting record with a score of 343 out of a total of 350.

Paris Women Wonder Why They Can't Become Chefs; Cooks Tell Them Reasons

By ALICE LANGELIER
For International News Service.
PARIS, Jan. 25.—"Why are women never the big chiefs in the kitchen?" This is the subject of an interesting questionnaire recently published in "Nos Loisirs" by Charles d'Avron.

The author is astonished that the women, after having demanded the right to enter a number of professions formerly reserved for the men, have not profited by the shortage of domestics to become the chief "hash slingers" in many a French or foreign palace.

The answer is a simple one, according to Marie Verone, president of the French League for Woman Suffrage. In this trade, as in many others, one must earn his grade step by step and rise from scullion to chef by slow promotions. That is, he must become an apprentice, and this indispensable apprenticeship is forbidden to women, not by any law, but what is worse, by the workers themselves.

"It seems to me, continues Madame Verone, "that this is certainly our domain—the kitchen. What possible objection can one make when a woman steps into the kitchen?"

There is too great fatigue,

answer all the great chefs consulted upon this subject. Besides, a woman lacks the knowledge of one thousand and one little things she must know as well as the necessary authority to command and direct a whole regiment of kettles and casseroles. And then, too, adds Prosper Montaigne, there is the misfortune of having her fair skin burned by the continual fire of the great stove and reddened by wines which are constantly necessary to taste.

Suffragist in Reply
These are only concocted excuses, thinks the president of the Suffrage League, who declares that what is really done is to leave to the women all the lower vocations, which are very poorly paid in France. There are many modest establishments where the cooking is done by women, but they are forbidden to enter the great restaurants where their capacities, recognized and appreciated, might permit them to obtain a little success.

As for fatigue! The market-women carrying great baskets and sacks of vegetables; the street-sweepers and the newspaper sellers, mostly women, all lead a life that is infinitely more fatiguing.

ADMIRALTY USES WEATHER RECORDS

Settle Marine Investigations on Data Regarding Storms at Sea

WASHINGTON, Jan. 25.—One of the most important phases of the marine meteorological work of the Federal Weather Bureau is the furnishing of official weather data in admiralty proceedings, according to officials of the bureau. The records of the bureau form practically the only source of such information. In some cases applicants for information will tell the bureau what they are trying to prove; in others this is not known.

For the most part inquiries relate to storms and resulting damage to cargo, or delay in shipment. A few are in regard to missing ships. Of these latter the purpose sometimes is to establish the death of some member of the crew and the time at which it occurred.

Corroborates Stories
Where claims of severe weather are either made directly or implied it is generally found they are more or less corroborated by the information furnished, officials said.

"One case is recalled, however, where this was not true," said an official. "A suspected rum-runner, a British subject, who cleared

from Nassau for the French Island of Miquelon, near Newfoundland, ran aground at one of the inlets to Pimlico Sound, on the North Carolina coast. He claimed to have been driven off his course by storms, but the bureau's record failed to show any storm of sufficient intensity to substantiate the claim, so far as landmen could judge. The bureau was not advised as to the outcome of the trial which resulted from the seizure of the vessel, a small schooner."

Aids Government

In a recent case the bureau was able to be of great assistance to the Shipping Board in a salvage suit involving a large claim of not less than \$75,000. The case turned on the sort of weather that would have been experienced by a salvaged vessel had she remained longer on the beach of one of the Bahama Islands. The wrecking company, which evidently made exceptional speed in floating the vessel and getting her into port, claimed the extra amount on the ground of what might have happened during the time consumed by ordinary salvage operations. Therefore the matter of subsequent weather was an important one. On the basis of the manuscript maps of the North Atlantic Ocean prepared by the Weather Bureau, the Government won its case and was thus saved the necessity of paying the extra amount claimed by the salvors.

Traces of beings that inhabited the earth 25,000 years ago were found in Europe and indications are that they were of the cave-man type.

Why Is Chiropractic Startling the World Today?

All humanity seems to have been born with an eternal WHY on its tongue. Some of its questionings are answerable, some are not.

There is only one logical answer to the above question. Chiropractic leads today because of its complete recognition of, and its constant compliance with the eternal, unchangeable laws of nature. Any science which fails to co-operate with nature is doomed to failure.

The way of the transgressor is hard in a physical sense as well as a spiritual one and nature has no alternative in the exactation of penalty, ignorance of the law being no excuse.

The efficient Chiropractor today is a Health Specialist. He removes the obstruction in Nature's path, permitting the re-establishment of normal function in your tissue when you are ill, and then endeavors to instruct you how to cease to do that which makes you sick.
