THE BETTER ROLLINS OF 21-2

GENERAL OUTLINE OF NEW COURSES TO BE OFFERED NEXT YEAR

New things at Rollins in 1921-22 will be numerous. We are not seeking great numbers, but are working for better quality in everything, class work, teaching, student life, esprit de corps, athletics, health and ideals.

The Standardized Rollins
Rollins is being adjusted to meet the conditions of membership in the Association of Standard Colleges.

The endowment has already been brought up above the requirements, and required number of departments with degree heads will be secured next year.

Separation of the Academy from the College will go on. The plan now is to place all of the Academy boys in Lakeside and the Academy girls in Sparrell Cottage under an efficient matron.

However, these plans will be subject to conditions that may appear when the new year opens and we know the problems of the student body, its size and quality.

Science
More science is the great need of the age. The new world of the coming generations will be built up on science.

There will be a new department of science to co-operate with Prof. Hintz and give higher college courses. The outline of this work cannot now be stated, but the student may look for extended opportunities in this field.

Pre-professional Courses
The new catalogue will contain outlines for pre-professional courses for those planning to enter medicine or law. These courses enable the student to short-cut and get just the work which he needs for preparation for special professional work.

Domestic Science
This department will be entirely renovated and developed to a higher plane. It should have a large place in the modern education of women and will be patronized by the students from all classes.

History
There will be college courses in Medieval and Modern Contemporary History, the History of American Democracy, the History of the Spanish
(Continued on page 7)

MOONLIGHT ON THE WATERS

The beauty of Lake Virginia on a moonlight night will always remain in the memory of Rollins' students.

Y. W. C. A. CLOSES YEARS WORK SHOWING GRATIFYING RESULTS

SIX GIRLS ELECTED TO REPRESENT ROLLINS AT THE BLUE RIDGE CONVENTION THIS SUMMER

This year very gratifying results have been achieved by the Y. W. C. A., not only from the standpoint of greater interest being shown in the work, but in a sincere endeavor to make the presence of the organization a vital force in the building up of the school.

Perhaps one of the most significant achievements of the year will be the sending of the largest delegation of girls that has ever gone from Rollins to the annual student Y. W. C. A. conference at Blue Ridge, N. C., in June. The girls go to this conference for inspiration and training for carrying on the religious work of the campus. There they are brought into contact with several hundred wide-awake college girls, who are thinking seriously on the complex problems of the day.

REVIEW OF ATHLETIC ACCOMPLISHMENTS IN 1920-'21

STATE CHAMPIONSHIP IN BASEBALL AND UNCHALLENGED LEADERSHIP IN WATER SPORTS

Athletics for the school year 1920-1921 came to a glorious end on May 5, when the base ball team won the final game from Southern, and in doing so captured the Collegiate Championship which we have all thought so much about this spring.

In recalling athletic events of the year, it is impossible to remember all details, but it is possible to note their significance. The foot ball season has been reviewed several times and needs no further comment. We had very few games, and none with the other colleges, but some good material was developed for the future and, above all, a great many men had their enthusiasm aroused, and are anxious for another season to roll around. The basket ball season was not a howling success in terms of games won and lost, but the team did make a good impression on
(Continued on page five)

ROLLINS CALL TO STUDENTS

COME BACK NEXT FALL FULL OF PEP AND BE READY TO WORK FOR A BETTER ROLLINS

When Commencement rolls around the familiar question, "Are you coming back next year?" is heard from all parts of the campus. Although at this time of the year there are always a great many negatives heard, when college opens in the fall the ones who positively were not coming back are the first ones to reach the campus and the gladdest ones to be back. Of course, we want all of the Rollins students to come back next year, but we want them to have a serious purpose in coming back, not to return aimlessly from force of habit. Unless Rollins has vital interests for you (by vital interests we do not necessarily mean only a pair of azure eyes and an engaging smile) you need to dust your brains a bit to find out just what Rollins means to you. The college for any person to choose is the college which, all conditions and circumstances considered, can give the greatest number of the things for which one is searching in his college education, and a college in which one can develop all latent possibilities to the greatest extent. Just what does Rollins offer to you? The physical development during college days is of fundamental importance and Rollins is a regular garden spot for such development.

Water sports, outdoor and indoor sports of all kinds are all-year-round features. The Rollins faculty are the best and additions are to be made for next year. New, comprehensive courses are to be offered which will greatly aid in standardizing the college. In thinking over their assets along with the many others, one is sure to say, "Well, Rollins is surely a fine place. Of course I'm going back—this year—next year—and until I graduate." But unless you think that Rollins has something for you, individually, it must be that you have nothing for Rollins. College is not a one-sided proposition. One has to be willing to give his time, interest and energy in order to get the best out of college.

So think over what you have received from the college, think of what you have given to it as an active student, then sign up to
Continued on page 7

The Sandspur Bulletin:

- Faculty game forfeited to students with score of 5-5 end of ninth.
- Movies of Rollins Water Meet being shown throughout State.
- Final exams holding holding attention several at present.
- Last sailing canoe race being run off today, no odds given.
- Rollins Carnival a success and a good sum realized for the sweaters.
- Come back next year and "bring another with you."
- Homeward bound. So Long Rollins.

The Rollins Sandspur

Established in 1888 with the following editorial:

"Unassuming yet mighty, sharp and pointed, well-rounded yet many-sided, unobtrusively unobtrusive, yet as gritty and energetic as its name implies, victorious in single combat and therefore without a peer, wonderfully attractive and extensive in circulation; all these will be found upon investigation to be among the extraordinary qualities of The Sandspur."

THE NEW STAFF SPEAKS

Believe us, we are proud of the little honors given us recently. Take me, for instance. My mother always wanted me to be President of the United States, and Editor-in-Chief of The Rollins Sandspur is just about the same thing. The Sandspur has become one of the best college weeklies published. Different workers, such as Rex Beach, and, more recently, Fred Hanna, Hal Hill and Grab Ingram, have made it that. We are going to expect the assistance of every person in college in keeping it one of the best. It has got to be done. We promise to do our darndest. We thank you.

STEVE AND THE REST OF THE NEW STAFF

"WEARING THE UNIFORM"

When a man puts on the uniform of the army or navy he drops his own personality and becomes a unit in those bodies. The uniform enables him to enjoy privileges and receive honors won for it by army and navy men in deeds of heroism and sacrifice before he enlisted. And the uniform causes him to suffer certain other restrictions and penalties, because men of the service before him took advantage of the freedom granted them. * * * In like manner, when a boy or girl enters a college, he or she inherits all the glory in the traditions of his school, and assumes a responsibility to those who will follow through all the years of the future. He loses his individuality. When on the campus and among townpeople, neither Billy Jones, from Blingville, nor Algernon de Paycor, from Newport, are known according to their family's social standing. They are grouped together simply as "two of those college boys from Rollins." The honor and glory of their school, their classmates, the many who went before and the many who will come after, is in their keeping. He is accepted as a gentleman, and given privileges of one. It is a duty to the blue and gold not to take advantage of the freedom granted.

TILL WE MEET AGAIN

With this issue The Sandspur closes a most successful year. The old staff, in relinquishing control of the paper with the May 14th issue, completed a year unsurpassed in the paper's long life recording the work and play of the students of Rollins. They have set a mark that the new staff must fight hard to attain. The policy of the editors in 1921-22 will be to recognize that The Sandspur is the students' paper—owned and supported by them, and dedicated to their service. It will be to give an impartial recording of all events; to encourage scholarship; to give pleasure and to support everything that is for the good of Rollins. So long then, 'till September, and may your pleasures be many this summer.

Fraternity News

ALPHA ALPHA SCANDAL

We are very sorry that Brother Larry was called home on account of his accident, but we are sure he will be with us next year.

Co.'s twin brother suit has arrived. It kept crying so much that P. L. Woodell had to get his out of back. Now they both can holler.

Sh—? (Sneep! Look? Ask! Oh, now we know where Pat's pin is—It is on C. R. Although he got another, he—'s' said it from getting out, 's' had, eh?

There were two dark nights last week for two of the boys. Did you see them stars? Say, McCormack didn't have a look-in with them.

Hal's new nephew is coming along fine. His uncle had him out fishing the other day and Thursday they flubbed the fence to see the ball come in Orlando. He will be pledged as soon as he is big enough to pin the buttons to.

Alpha Alpha announces two new members: Wilbur E. Waddell, of Boston, Mass., and Thomas King of Hope, Ark.

PHI ALPHA FOAM

Phi Alpha wishes to announce as a new member, William Orrin Romberger of Texas. He claims Fort Worth.

Ed. C. Ed. W.

Bro. Ward has accepted the job of Editor-in-Chief of the 1922 Tomahawk, which is to be published by the Junior Class next year. At the present he is undecided whether to fill it with jokes or air.

Indian Rocks

Some one said that Ray's flyer got scared Saturday night, and tried to find him. Thereby hangs the tail, or rather the chain.

Tampa

Brothers Ingram, Hill, Greens, Hanna, Warner and Cheney journeyed down to Tampa last Thursday, to have a little get-together luncheon with the Phi Alpha Alumni of that city.

Slumber

"Red" Palmer claims second place in the contest for the hardest sleeper on the House Party. He admits himself outstayed by one of those Ohioans.

Goodby

The roughnecks of Phi Alpha wish everybody goodby and hope to see you all back next year. Yours for a bigger and better Rollins.

K. K. KICES

Edie and Dully were the joyful passengers of a Ford roadster last week-end, and stayed at Mailhead, coming up only for classes. Bacon—Hal has been enjoining in Tampa.

Lee and Liz gave a regular feed Wednesday night in their respective apartments. Solid sandwiches, potato chips, pickles, punch, candy, cakes, everything was part of what we had. We pity Lee and Liz when they get their grocery bill this month.

Felix Everhardt and Mery seem to have a great deal about tickets these days. Walter Park in Tryon, Tryon or Spartanburg, Spartanburg to Washington and on to Ohio. Oh, yes, and all points north!

What about Eva and Flo? Well, he hung and the short of it is—hat's all!

The McKays had a house party at their home in Tampa this week-end. Miss Edwards and Marion went, and we bet they had a good time.

We're all going home in a few days, but when we come back next year, you'll hear the K. E. Lion roar more than once.

SIGMA PHI NOTES

Charlotte Swain entertained her cousin, Miss Dorothy Halton of Spartanburg, over the week-end at Cloverleaf. Miss Halton attended the Sigma Phi dance on Saturday night.

Mary Koerke has just finished her tenth dress, or perhaps we should say "creation," as Mary is quite proficient in the art by now.

Miss Catherine Barnes spent the week-end in Cloverleaf, for a little variety and excitement.

Mr. Alexander Maxwell Sloan celebrated his sixteenth birthday at his home on Lake Ocoee, Saturday, from three to five. Catherine Barnes and Louise Hawkins were among the guests. A number of charming little toys were received by Maxwell.

Hazel Watts, assisted by Gertrude Davies, gave her Junior recital in Knowles Hall Friday. Sigma Phi is very proud of Hazel!

Ruth Waldron gave an organ recital in Knowles Hall Sunday afternoon, with Miss Frieda Siewert, soprano. A very beautiful program was given.

The Sigma Phi Sorority takes great pleasure in announcing two new members, Ester Martin Russell and Winifred Esther Stone.

The Rollins Conservatory regrets to announce the resignation of Miss Lotta Greenop, for the past three years head of the violin department. Her work as soloist and teacher has been greatly enjoyed by the college and the community, and of Miss Nickerson, for the past two years teacher of piano in the Orlando branch and here in Winter Park.

Miss Pedrick, also a teacher of piano in Orlando and here for the past three years, is resigning and plans to spend her winter in the north studying.

Miss Stewart is the other member of the faculty whose resignation takes place this June. She will be married soon after college closes to Mr. Charles Williams of Winnsboro, N. C. The rest of the Conservatory faculty will remain as it is, with the addition of a number whose names will be announced later.

Marie-Elise Johnson to Head Violin Department

The Rollins Conservatory is pleased to announce the engagement of Miss Marie-Elise Johnson, violinist, as head of the violin department to succeed Miss Lotta Greenop. Miss Johnson is a young American artist already well known in Florida for several years past, and is a pupil of Leopold Auer, the great teacher of Mischa Elman, Toscha Celdel, Hefetz, and many other violinists before the public today.

Marie-Elise Johnson began her study of the violin at the age of seven, under Stuples, a graduate of Leipzig, and made her first public appearance at the age of 19.

Moving to the Canal Zone, she entered the National School of Music at Panama City, where she studied for four years under Prof. Garay, a graduate of the Paris Conservatory. Miss Johnson, though scarcely more than

a child in years, was made concertmaster of the National Conservatory of Music, where she studied under Pier Adolpho Tirindelli, the famous Italian master. Going to New York she studied under Ovide Musin, the foremost representative of the Franco-Belgian school, and later, when Leopold Auer came to America, Miss Johnson began work with him, remaining with him until she went on concert tour last season.

"Miss Johnson's teaching experience began during her conservatory days at Cincinnati, then for four years she was head of the violin department of the Miami Conservatory of Music, and has since had a class of private pupils in New York."

Orlando Studio to Be Enlarged

The Rollins Conservatory Studio in Orlando will be greatly enlarged next year. As has been the custom for the past three years, several members of the Conservatory faculty will make their homes in Orlando. Miss Huns, head of the piano department, will spend a few days each week teaching in Orlando, as will Mrs. Hayward.

Miss Dyer, Director of the Conservatory, will have the Orlando branch under her personal direction and will teach the theoretical classes here as well as at the college. More detailed information will be made later in the year.

Miss Knowlton leaves on Tuesday night for Chicago, to spend a few days before going to Vancouver, here she is going to ring at the biennial convention of the National Federation at Macleod Castle. Miss Knowlton goes from there to Portland, Oregon, to give a recital and spend the remainder of the summer.

SANDSPUR ELECTION.

A nominating committee was organized by Walter Ingram, the current editor of The Sandspur, for the purpose of making nominations for the members of next year's staff. After several meetings of the committee, the annual meeting of the entire Sandspur staff was held on Wednesday evening, May 11, and next year's officers were elected. See editorial columns for new staff.

VACATION TIME

Chancellor and Mrs. Brooks and their three younger children are going to their camp in South Doreet, Vt., in the Green Mountains, in their car. They are looking forward to a delightful trip. Just for variety, Ross will arrive at the same destination by train, and Robert by boat!

Dean Sprague and family plan to start northward by auto soon after Commencement, going through Ocala, Fla., through Georgia to Blue Ridge, N. C., for a Social Workers' Conference. Thence they go through to Amherst, Mass., for the centenary celebration of Amherst College and the Semi-Centennial of the Massachusetts Agricultural College. During July, Dean Sprague will be occupied in getting new instructors for Rollins and in lecturing on conditions in Amherst through the summer.

Dr. Hoyt expects to leave Winter Park, June 11, and go with his daughter Ruth, via the Clyde Line, to New York, and on to Auburn, N. Y. Mrs. Hoyt will join them there. They will spend the summer on the old farm of an elevated plateau overlooking 60 miles of the Finger Lake region.

Miss Barrett will spend a few days with Mr. and Mrs. W. D. Froeman in Cincinnati on her way home, as well as two weeks with friends in Glen Ellyn, Ill., and a month on a private yacht on Lake Michigan. What time is left will be spent at Alpine, Kent county, Michigan, where her letters may be sent.

Mr. Hanns says that he will be working hard all summer, but how does this sound to you? "I expect to spend the vacation in New York, Massachusetts and the mountains of New Hampshire."

Mr. Greene will spend the summer doing preparation work for the college. Success to him!

Professor and Mrs. Corbin will spend the first few weeks of their vacation with friends and relatives in New York and New England. Among others whom they will visit are Mr. and Mrs. H. J. Wells of Kingston, Rhode Island, who with their family, spent the past winter in Winter Park. While in Kingston Professor Corbin will give a lecture on the contemporary drama before the literary club of the city. He and Mrs. Corbin will also go to Amherst for the reunion of Professor Corbin's class and the one hundredth anniversary of the college. They will then go to West Baldwin, Maine, for the rest of the summer, where Professor Corbin will busy himself with outdoor work and writing.

STUDENT ASSEMBLY HOUR IS GREAT SUCCESS

PLANS FOR NEXT YEAR OUTLINED BY FACULTY, STUDENT SPEAKERS GIVE IDEAS FOR A BETTER ROLLINS

On Tuesday morning of this week a special Assembly hour was held for the purpose of working for a better Rollins. The speakers, Chancellor Brooks, Dean Sprague, Coach Brewster, Miss Frances James and Warren Ingram, were unanimous in their belief that the college has taken a great stride forward in many respects this year, and that the firm foundation built by Chancellor Brooks this year is one of the greatest factors in a bigger, better Rollins. Dean Sprague, in outlining some of the new courses for next year, speaks of a business course leading to a college degree and new history and science courses known as pre-professional courses.

Warren Ingram, speaking for the student body, stressed the need for more permanent student body in order to develop the highest type of college spirit in the literary branches of college work, such as The Sandspur and the Delphi Society.

Miss James stressed the advantages of group play in college life as well as group work. In speaking of improving Rollins, she thought the best place was to begin at home—improve the student body, create a spirit of comradeship and so improve the school.

Coach Brewster took as his text the need of discipline, and the importance of accepting the rules with a cheerful spirit. He said that no student who could not "eat out the

Professor and Mrs. Brewster will spend a few days in Boston and then go to Mrs. Brewster's home in Brattleboro, Vt., for several weeks. Later they will go to Manchester, Vt., where Professor Brewster is connected with a well known golf club.

Mrs. Ohlinger and her daughters will spend a part of the summer in Andrews Institute, Cleveland, Ohio. Later the family will travel through the East.

Miss Gladwin goes for the summer to her charming cottage in the mountains of North Carolina, at Bat Cave.

Professor and Mrs. Drosch will spend a good part of the summer in Chicago, and other parts of the Middle West.

Miss Edwards will be in New York City for a while, then in New England for a few weeks. Later she will visit in Huntington, W. Va., spending the remainder of the summer in Milwaukee, Wis.

Miss Kerr plans to spend the summer at her home in Aurora, Indiana. (Continued on page eight)

kid staff" and abide by the rules of the institution had any right to be in college.

Mrs. Whitman gave her ideas and ideals for making Rollins the best institution in the whole state, after which Mayor Kessel closed the program with an earnest message to the students to develop self-restraint while in college, as college offers the best advantages to develop that necessary virtue.

ALL ABOARD FOR BLUE RIDGE!

Four girls went to Blue Ridge last year. Six are going this June. With increased effort Rollins should have a delegation of not less than 10 or possibly 12 girls there next spring. With that end in view, upon the opening of the new school year in September, it should be an assured fact. Let's go!

REVIEW OF THE 1620-21 ATHLETIC SEASON

Foot Ball and Basket Ball Seasons Not Brilliant, But Show Good Progress—Splendid Prospects for Next Year.

(Continued from page one)

its northern trip and against Southern. The gratifying feature was that the team was made up of "green" men who, through perseverance and hard work, developed into a smooth working machine. The base ball team made a name for itself all over the state, and was rated as one of the fastest amateur teams in Florida. It had a slump toward the latter part of the season, but managed to pull out of it enough to beat Southern in a hair-raising finish. Aquatics have proven to be one of the strong points of Rollins College, and water sports are found, perhaps more than any other sport, to put Rollins on the map. Everything takes a certain amount of time to develop but aquatics are now well advanced.

The prospects for next year are even more promising, and if nothing unexpected happens, Rollins should come close to winning championships in both basket ball and base ball. There is a lot of excellent material for basket ball, and one can always figure on the incoming classes. For base ball it will be necessary to develop some new men, but there are several now in school who could have made the team this year if they had stuck to it.

It is entirely up to the student body to get behind every team and back it to the limit, and also if there are men in school who have any ability at all they should be made to go out and show it. Fraternities should see to it that every member is out there working for the college. Rollins comes first, and only by doing your best for your college are you a credit to your fraternity. If you do not belong to a fraternity, get out and show what's in you and the frats will want you. The men have all worked hard and faithfully this year, and that is why we have had a good year. The same applies to the girls. Come back next year and bring good students with you, who have the same pep as you have, and start in the year with the determination to make it the biggest year Rollins ever had.

SPORT NOTES

Well, folks, the baseball season is over, and you can bet we aren't glad Baseball has ever deserved its name of being the greatest sport under the sun.

But what a season!—State Championship for old Rollins for the first time in years. Doesn't it sound good, though! We deserved it, even hit, and we have outclassed the other colleges ever. The bad thing was if it had come across with us, we could have added this to our list.

Here's hoping you have all noticed Jerry's progress with old Joe Tinker's Tigers. He won his first game against Daytona and gave the berries to the boys. His game is assured now, and let's wish him the best of luck.

Some time we had, though. They outplayed our team of the year before greatly, except in fielding, but they made up for that by their winning of the game. Five 100 hitters—two of them pitchers!

The worst blow to our athletics—well, not to the loss of Coach Foster. With a lot of green material, he has turned out first class teams in the three sports. He has coached, and he is popular with all the fellows. There are not many like him floating around the country nowadays, and his going means a big disaster to the teams for next year. Let's hope that our next coach can take up his good work where he left off.

A lot of credit for that last game can go to Del Mason, who came over at Coach's request and assisted him in the coaching department. He sure knows baseball, as he was in the big leagues for a time and one of the best pitchers that ever struck the International League. Besides he has given several State Championships to Rollins in former years.

The prospects for next year look great. First, let's look over football. Nearly all the old team will be back, and we are banking a lot on some new material from various high schools of the state. This year's team had a very hazy knowledge of football until coach soaked it into them, and so they will have the added advantage of being veterans. We

lose Boyle, however, and he was the most valuable man on the team. Some others lay claim that they may not come back, but you will see them floating around here next year the same as ever.

Basketball looks great, also. With all of this year's team coming back, with the exception of Smart, we will have a great start. And new material must be considered, as we have made a great hit with the basketball players up at Newberry and several claimed they would be down. There will also be all the subs back, including Romeo, who is going to be a terror on the basketball courts next year.

Baseball doesn't look so hopeful, as we lose our two pitchers—one to the State League, and the other (according to his statement) has pitched his last year of college ball. However, Cheney will probably be back, as he has had the same thing before. The appeal of the game is too strong. Much new material will help us put out a good team.

Alvin Taylor, Jerry's brother and former Rollins man, is doing himself proud in the big league with Brooklyn. When last caught three years, it's year and although still based upon by the leaguers as a youngster, is fast coming to the front. The New York Times and Sun news both had his name, "Zack" Taylor in the headlines. Zack's error in

one of the games with the Giants was regarded as costly, but not at all a mistake that any other big league catcher would not make.

And now—let every last one from Rollins boost her up and bring yourself and all the rest of the good athletes you can pick up to school next year, as we are out for the cleanup of the championships in the three major sports, and we will get it if every one works hard. Every one be on hand next September prepared for a big year and hard work.

Au Revoir.

SIGMA PHI GIVES LAST DANCE OF THE SEASON!

Lyman Gymnasium Scene of the Ball, Beautifully Decorated in Japanese Style

On Saturday night, May 21, the last dance of the season was held in the Lyman gymnasium, the Sigma Phi Sorority being the charming hostesses of the occasion. The gymnasium has never been more beautifully decorated, and much credit is due to Frances Hill and her faithful band of workers, who toiled early and late to create the dainty Japanese effects. The sorority is indebted to Dick Putter for his assistance in designing and making the graceful "troll," which greatly added to the beauty of each entrance; and a nod to Rex Holiday, for his untiring efforts in arranging lights and hanging numerous Japanese lanterns.

The punch bowl rested in a lovely hollow of green. Misses Brodman and Wells graciously presiding in Japanese costumes. Delightful refreshments were served later in the evening, consisting of cake and hot ice cream in the sorority colors of green and white.

That indispensable essence of every dance at Rollins, namely "jazz," was ably furnished by Jumpo Orchestra of Orlando, and right merrily did the dancers "trot" and "toddle," until the iron hours of midnight proclaimed the nearness of the Sabbath morn., and all reluctantly left for home.

THREE NEW COURSES IN ENGLISH COMPOSITION

It will be of special interest to the literary students of the college to know that three courses in Advanced Composition have been announced in the new catalogue. The first of these, a course in Argumentation and Debating, will be offered next year by Prof. Podmore. The second course, in Journalistic Writing, may be offered next year if a sufficiently large class can be organized. The third, a course in the Essay and Short Story, will probably not be offered until year after next. These

courses will be open to Sophomores, Juniors and Seniors who have had freshman English.

The course in Journalistic Writing, although not offered especially for The Sandspur staff, will be arranged in such a way that all members of the staff doing literary work who elect the course, will receive credit for what Sandspur work they do. It is a good opportunity to start a Sandspur training class for the following year, so all who care for the course should see the Dean about it at once.

SOME SPECIAL DOPE ON THE CAP AND GOWNERS

Inside Information of the Junior and Senior Members of the Senior Class

(Special to The Sandspur)

The Junior and senior members of the Senior Class are an interesting couple. One is the captain of a championship baseball team, and the other is one of those determined and nerve individuals who has the courage to go on with the Greek undertaker in the face of many hardships. Frederick Harris Ward is the young man, and Miss Elizabeth Douglas Meriwether is the pluck lady.

Miss Meriwether is considerably past the age when a person ordinarily graduates from college, but in spite of the fact that she has been several years the senior of her classmates, she has gone on, determined to be the ultimate sheepskin. Congratulations! Miss Meriwether graduated from the Rollins Academy several years ago, and after that studied in Chautauque and Boston, taking up the industrial arts. She has been a teacher of this branch of art at Rollins for several years. Besides this, Miss Meriwether is an efficient librarian, and has had several seasons of orchestra work. She is an honorary member of Kappa Epsilon.

Freddie Ward—well, you know all about Freddie. He is the lad who led the old nine to the state championship, and the fellow that managed the football team so efficiently. Besides this, Freddie has been the president of Pan-Hellenic and an all-around "regular" fellow on the campus. He is a member of Phi Alpha.

THE BETTER ROLLINS

(Continued from page 1)

American Republics, and the History of Civilizations.

Prof. Hoyt will head up this work, with the assistance of Prof. Dresch and Dean Sprague.

Freshmen and Sophomores will all be required to take history, as they ought to, in order that they may be prepared for the more advanced courses of Sociology and Philosophy in the later years. A knowledge of history distinguishes the college man or woman and we must provide this need in our curriculum.

Business and Commerce

New courses are planned in this department to bring the work up to college grade and to build up the course in Business, which may form a major for graduation in the future. This major in Business will be organized for men who want a college education, but who also intend to enter business careers.

Public Speaking

We trust that by 1922-23 all college students may be required to take some form of public speaking as a necessary training for the leadership which is expected in the world of college men and women. Classes in this subject will be open next year for election by everybody that may desire such work and the training will be a serious work with a great goal in view.

Physical Education

Physical training should be required of every student regardless of color, sex and of previous condition of health—it makes for better health, better business, better spirits and less grumbling about the food. The natural gymnastics of games and play should be preferred, but there may be a few old macks that will form an awkward squad for the

gymnasium.

Folk dancing is one of the best forms of play and physical development and the plans are laid for good instruction in that type of invigorating fun.

Along with physical training will come much needed lectures on and study of hygiene.

Church Attendance

Next to physical health should come moral health and church attendance or something equivalent will be required of all who are able to walk down town.

Perhaps a "three out of four" arrangement will be made up, giving everybody one Sabbath free each month.

ROLLINS' CALL TO STUDENTS

(Continued from page one)

come back next year ready to work for a better Rollins.

As for the new students, we are glad indeed to have them come. They will find a hearty welcome into college life. They will have many good times at Rollins, but we do not want students who come just for a good time, for they will be disappointed. There's plenty of work as well as plenty of play and we want all the new students to come ready to put their shoulders to the wheel, make their college life a success, and with the sound co-operation of all the old students, we will roll old Rollins along so fast that every one will know that "Rollins is Rollins All the Time." When you find a fine college the Rollins, follow The Sandspur motto and "Stick to It."

Y. W. C. A. WORK CLOSERS WITH GRATIFYING RESULTS

(Continued from page one)

The girls who will represent the local association this year are Frances James, president of the Y. W. C. A. for next year, Winifred Stone, Ada Brockmann, Helen and Margaret McKay, and Helen Julius. It goes without saying that such a splendid group of representative girls will gain much from the conference, and will lead in the furtherance of the Christian work on the campus next year.

A SHORTER SHORTHAND SYSTEM IN TEN EASY LESSONS

This course covers ten easy lessons which will enable the Student, Professor, Journalist, Doctor, Lawyer or any one seeking a professional career, to go thru life with 100 per cent efficiency

THIS COURSE

is short and inexpensive, and is given with a money back guarantee if not satisfied.

**Somewhat Different**

She: "And you really want to marry me?"

He (stiffly): "I beg your pardon, madam, I think I only suggested that we become engaged."

Religion

Dean: "Have you a doctor's certificate saying that you were sick?"

Garnier: "No, sir. I'm a Christian Scientist."—Widow.

Cutting Remark

"This is where I get the edge on him," said the barber as he put the razor on the patron's cheek.—Rx.

Mythology

"Who was Diana?"

"Goddess of the chase."

"I suppose that is why she is always pictured in her track suit."

Extra Duty

Rek: "Why do you call your girl Income Tax?"

Romeo: "Because I've been puzzling over her for a month and can't make her out."

Whose the Liar?

Girl (in back seat): "Now you stop."

Fella (driver): "Shut up, or I will."—Phenik.

Ain't It the Truth

Charlotte: "Gee, ain't it hard to part with—"

Charles W. (expectantly): "Yes, go on."

Charlotte (continuing): "A toothless comb?"—Barr.

Chief Bottle Washer

Pat: "I notice we have a new dish washer in our house."

Pratt: "Howzat?"

Pat: "I notice the difference in the fingerprints on my plate."

Definition

An optimist is a fella going up the lake with a girl, a canoe, a basket, a blanket, and a couple pillows.

A pessimist is the same man coming back.—Privola.

Music Hath Its Charms

She: "Why did you put on your hat?"

He whistled softly, Chilli Bean.—Lampoon.

Hold Me, Fold Me, Etc.

Girls are not buggars, but every time they go to a dark movie they expect a handout.

Light Headed

He saw her stepping from the car. And up to her he sped. May I not help you to alight? "I do not smoko she said,"

—Sun Dial.

Zorbaugh Sez—

Baseball isn't the only Springtime game that's played with the aid of a diamond.—Sun Dodger.

Invisible

Bell: "Why are you taking that magnifying glass to class?"

Ward: "Because we got our exam papers today and I want to see what I got."

His Moneys

Taylor: "Old Jones left a million." Markovitz: "When did he die." Taylor: "He didn't. He got his divorce."

A Co-Ed of Two Worlds

When Liz dines out she says with name: "Oh, won't you pass the butter, please?"

Home, when that stuff she wants to have, She says, "Maw, slide across the salve."—Sun Dial.

So's a Canoe

He: "Don't you think you could learn to love me?"

She: "Well, a little learning is a dangerous thing."

Parcel-Post

Prof.: "I know what I want to say, but I can't express it."

Red: "Tell me, Prof., and I'll tell the rest of the class."

Foxy Graf

Reedley: "Here's a snapshot of my girl at the beach."

Warner: "Snapshot? I'd call that an exposure!"

Never Too Late to Learn

Beautiful One: "Will you love me always?"

Frosh: "Why, I've loved you all the ways I know already."

L. U. Say

When a dog has fleas, he doesn't start drawing up an indictment against the Universe; he just scratches.

That's Patriotism

Each flea thinks he lives on the most wonderful dog in the world.

Sun Dodger

Clebs are not arrested for forgery even if they do resort to the pencil for raising their eyebrows.

Greek

Prof.: "Miss Darrow, what is the name of this chapter?"

Miss Darrow (rudely awakened): "Why-er-Kappa Epsilon."

For Land's-Sake

Robbins: "I owe a great debt to that lady."

Rhea: "Sort of guiding spirit, huh?"

Robbins: "No, my landlady."

Ouch!

Pitner: "Miss Knowiton is a great gossip."

Shree: "Yes, she has a good sense of rumor."

Sheet Changed

Evelyn: "Do you see any change in me?"

Layman: "No, why?"

Evelyn: "I just swallowed a dime."

When you've studied all night and you know your lessons all right, Who calls on you to recite? "Nobody!"

But when you come to school with your lessons undone, And you can't answer any questions under the sun, And you get great zeros—now Who starts the fun? "Everybody!"—Exchange.

Germany is anxious to bring her war criminals to trial, but she can't find enough innocent men to form a jury.—Exchange.

THE FACULTY DURING THE SUMMER

(Continued from page 4)

Mrs. Deal plans a delightful vacation at Daytona Beach.

Miss Perry says that she expects to spend most of her vacation in Utica, N. Y., but as she admits that her itinerary includes Washington, D. C., New York City, Northampton, Mass., and Amherst, Mass., as well as Pittsburgh, Pa., we feel that Utica is going to be treated rather shabbily in point of time!

Miss Meriwether expects to spend July and August at Chautauque, N. Y., where she will continue her study of Library Science.

Miss Eckerson will go to Palmer Lake, Colorado, where she will spend the summer with her brother, Dr. E. L. Eckerson.

Miss Harris expects to be at her home in Harrisburg, Virginia, most of the summer. She will return to Rollins in September.

A cross-eyed Judge was unfortunately enough to have three equally cross-eyed prisoners brought before him. As a consequence, the following conversation ensued:

Judge to first prisoner: "What's your name?"

Second prisoner, (answering): "John Jones."

Judge to second prisoner: "Shut up."

Third Prisoner: "I didn't say anything."—Exchange.

If you think this paper splendid, From beginning to end, Then we've won the goal we sought for, And perhaps we've won a friend.

If you think our paper rotten, And should be upon the shelf, Just get around and hustle And try to edit one yourself. —Exchange.

CHASE HALL NEWS

Congratulations to the Sigma Phi Sorority. That certainly was a most wonderful dance! Chase Hall fellows did their share in the dancing, too.

The fellows certainly are going to miss "Coach" next year. In the dorm we have found him just as good a sport as he is on the baseball or football field. Always on the level, the coach is a real man. We are all very sorry he is not going to return.

Have you asked any of the boys of Chase if they are coming back next year? If you do, I think most of them will say "yes."

If by chance you should see any of the Chase Hall Fruiters consoling Charles Ward in his gown, don't forget that his Sarasota side-kick recently solemnly pledged herself to a large and mightier man, forever and a day. "Yassum."

Zack Taylor and Sam Smith went to Daytona for a swim last Sunday. They report the "Smith and Taylor" railroad as still working wonderfully.

Tom Caldwell and Herb Thayer spent the week-end on a house party at the McKay's summer home near Tampa. They seem to have had quite an exciting time. Ask 'em about it.

The guys on the second floor would certainly appreciate it if Sam Smith would quit talking in his sleep at night. This is one reason why he can't keep a secret.

It has been decided for the better Rollins of 1921-22 that only college men shall room in Chase Hall. Academy men will be in Lakeside. The Academy men certainly hate to leave this beloved domicile, but they realize it is for the betterment of Rollins.
