

**STEPHENSON ACCEPTS**

AT SOLICITATION OF COMRADES  
ALLOWS NAME ON  
CITY BALLOT

Glendale, Cal.  
Mr. C. W. Dudley, et al.  
Fellow Citizens:  
I am in receipt of your letter of the 9th inst., a copy of which appeared in the "Glendale Evening News," of that day, requesting me, as an ex-service man, to allow my name to be placed on the ballot in the coming election for City Trustee. I also have since received a similar letter signed by about fifty of my comrades in the recent world war, who are now citizens of Glendale.

My first inclination upon receipt of these letters was to unqualifiedly refuse your request, although at the same time fully appreciating the great honor of your proposal and your kind words of confidence, for my only ambition is to remain a private citizen and to quietly pursue my profession. I never have sought or desired political preferment, nor do I now seek or desire it. However, I have always believed that it was the duty of every citizen to be ready for public service when called upon no matter what might be his or her personal desires. Therefore, after careful consideration of the subject I have decided to allow my name to be placed on the ballot at the coming election for City Trustee, with the understanding that if elected I shall take office free from any pre-election promises to any man or group of men; that I shall represent no clique, faction or section of the city over any other; but on the contrary, do everything in my power to work for a better, a more united and more progressive city.

Very respectfully,  
Dwight W. Stephenson.

**O. E. S. BANQUET**

GLENDALE CHAPTER ENTERTAINS FOR DISTRICT DEPUTY GRAND MATRON

Glendale Chapter of the Eastern Star was hostess Thursday evening at a delicious three-course dinner at which covers were laid for 115 members and guests. Mrs. Mae Eaton Junger of Highland Park, district deputy grand matron of this district, was the special guest of honor, other complimented guests being Mrs. Elizabeth Marshall, past grand matron of the State of California, who is the guest of Mrs. Daniel Campbell of this city; Miss Devore, District Deputy Grand Matron of Los Angeles; Mrs. Emily Truesdale and District Deputy Grand Matron of Los Angeles. Among the distinguished visitors were Mrs. Lulu Belle Taylor, Worthy Matron of Daylight Chapter, and president of the Matrons' Association of Los Angeles; Mrs. Charles Weddle, Past Matron of Hutchinson, Kansas, Chapter, and Miss Ann Stevens from the jurisdiction of Illinois. The special occasion for the banquet was the official visit of Mrs. Junger.

At 6:30 o'clock the banquet was served. The function was in charge of a special committee of which Mrs. Daniel Campbell was chairman, her assistants in arranging for the dinner and decorations being: Miss Cora Hickman, Mesdames Archer, Cassell, Pollock, Sanders, Roberts, Tower, Emery, Beamon, Betz, Bullis, Ryan, and Misses Borthick and Echols.

The following Past Worthy Patrons helped in the serving of the dinner: Messrs. Tower, Roberts, Emery, Campbell, Grumbling and Crofton, and they were assisted by Messrs. Sanders and Rattray and Dr. Eames.

The tables were beautifully decorated with yellow jasmine, freesias, jonquils and pansies and during the evening Mrs. Junger was presented with a handsome bouquet of jonquils on behalf of the Chapter by Mrs. Pollock. The Chapter also made her a gift of a half-dozen handsome sherbet glasses, which were presented by the Worthy Matron, Mrs. Sallie Braden, with a brief but neat speech to which Mrs. Junger made appropriate response. She was also the recipient of a pretty gift from Mrs. Naudain and her mother, Mrs. Vesper. A few other informal speeches were made by visitors from abroad. The regular session of the Chapter followed the dinner.

**FUNERAL OF HAROLD PREEMAN**

Funeral services for Harold Preeman will be held Monday afternoon at the Little Church of the Flowers in Forest Lawn Memorial Park at 3 o'clock. Dr. W. E. Edmonds officiating and Pulliam & Klefer having charge.

**FOR SWIMMING POOL**

WHIRLWIND CAMPAIGN FOR FUNDS BEGINS MONDAY AFTERNOON

Judge Lowe requests that this message be conveyed to the citizens of Glendale by the Evening News: "Monday afternoon at 3 o'clock a great troop of bright-eyed, rosy cheeked girls and boys will open the campaign to raise the necessary funds for constructing the new swimming pool and dressing rooms in the new park. Have your subscription ready and be as generous as you can, for this is a matter that concerns every citizen of Glendale, particularly the parents, and means much to the boys and girls. The Boy Scouts and the boys and girls of the grammar schools are to do all the canvassing, and it is planned to finish the work in two weeks."

**TWO NEW FAMILIES IN GLENDALE**

J. E. Daugherty and C. M. Meech have each bought a third interest in the Tropico Garage and of station, heretofore owned entirely by W. E. Anderson. Both have moved out to Glendale from Los Angeles with their wives and children, the Daughertys renting the Austin property at 611 Vine Street and the Meeches buying property at 816 Glendale Avenue. Both families drove out to Berkeley, Calif., from the old home in Webb City, Mo., and later moved to Los Angeles, from whence they came to Glendale Thursday.

**FELTONS WILL REMAIN IN GLENDALE**

S. W. Felton of 606 Vine Street, who went back to the old home, Cleveland, Okla., last September to look after business affairs, is expected to return in a few days. He owned a half interest in a newspaper plant there and was chief of police for several years, being on a leave of absence when he and his wife came out here in the early summer last year, for her health. He at once bought the home on Vine Street, but did not dispose of his interests or resign his office in Cleveland, intending to return there if his wife did not improve. But she is so much better that she wrote him her preference was to remain in Glendale, so here they will stay.

**DEATH OF DEWITT SHERIGER**

Dewitt Sheriger, who was terribly injured a week ago last Wednesday by calling across high tension wires while working in one of the substations of the Los Angeles Railway Company, died from his injuries two days later and was buried in Ontario Monday. He was well known in Glendale when attending Occidental College three years ago, as he lived with his brother, Max, then a student of Glendale Union High School, from which he graduated in 1917. Max and Dewitt both saw service overseas and the latter came home a sergeant. He and his younger brother, Max, were both very popular with Glendale young people. Max, who is now a student in the Colorado School of Mines in Denver, came to attend his brother's funeral.

**INFORMAL DANCE**

A greatly enjoyed but quite informal dancing party was given by Misses Eunice and Agnes Caldwell Friday evening at their home at 343 West Broadway, the young people who participated being: Misses Agnes Brown, Anna Merriken, Dorothy Hosking, Bernice Hosking, Hattie Orth, Irene Whitaker, Mildred Cole, Josephine Emery, the hostesses—Eunice and Agnes Caldwell; Messrs. Bob Burson, Waldo Yard, Wilford Cline, Wiley Whitman, George Baxter, Harry Merriken, Clarence Daley and Albert Hewitt. Light refreshments were served towards the close of the evening.

**DEATH OF M. J. FINCH**

M. J. Finch, who came to Glendale several months ago from Seattle, Wash., accompanied by his daughter, Mrs. M. R. Stone, and rented the house at 442 Vine Street in order to be close to his brothers, Pliny D. and Newton, died February 19, aged 72 years and 2 days. The body was taken back to the former family home, Hawarden, Iowa, by Mrs. Stone and her brother, E. L. Finch, of Santa Ana. Newton will remain in Glendale for a time with his brother, Pliny, who conducts a bungalow grocery at 435 South Pacific Avenue.

**PREMIERS REQUESTED TO RECONVENE**

MARSHAL FOCH ASKS COUNCIL TO MEET AND CONSIDER NEW GERMAN REVOLUTION

(Special Service to Glendale Evening News)

PARIS, March 13.—Marshal Foch today summoned a special meeting of the supreme council to consider the German revolution. Foch is head of the inter-allied military council and as such, presumably, has asked the council of premiers to reconvene to consider the situation created by the second German revolution and any military measures the allies may wish to discuss.

The council of premiers has not been in session for a week. It adjourned temporarily after discussing the treaty of peace with Turkey in the recent London conference. The council of foreign ministers however, remained in session and continued the consideration of international problems. While the word "summoned" was used in the cable, it is believed that Foch merely requested the premiers to reconvene, since his position would not empower him to call a meeting.

**GERMAN GOVERNMENT OVERTHROWN**

PRESIDENT EBERT FLEES FROM BERLIN AND DR. WOLFGANG KAPP ASSUMES CHANCELLORSHIP

(Special Service to Glendale Evening News)

BERLIN, March 13.—The government of President Ebert has been overthrown. Dr. Wolfgang Kapp, president of the Fatherland Party, has assumed the chancellorship. General Luttwitz is minister of defense. The revolution was peaceful. The government's fall followed the announcement yesterday that a revolutionary plot had been discovered.

The plot included monarchists and pan-Germanists and involved sections of the army. Gustav Noske, Minister of Defense, immediately ordered the arrest of Dr. Kapp and Justin Pazst, but it was too late. Former President Ebert is said to have fled from Berlin.

Monarchists are controlling all the public buildings including the telegraph offices, the advices stated. A proclamation signed by Kapp and Luttwitz stated:

"The former government has ceased to exist. Entire authority has passed into the hands of Chief Director Kapp of Koenigsburg. The new chancellor is forming a government of order, liberty and action."

The Prussian diet has been dissolved. Kapp is said to be a strong monarchist.

**STRIKE OF NEW YORK LONGSHOREMEN**

CRIPPLING OF PORTS FROM BOSTON TO GALVESTON IS PREDICTED IF WAGE INCREASES ARE REFUSED

(Special Service to Glendale Evening News)

NEW YORK, March 13.—More than six thousand longshoremen, stevedores and checkers employed by the coastwise steamship companies, struck here today. The men demand a wage increase of from 65c to \$1 an hour for straight time, and from \$1 to \$1.20 an hour for over time.

Union leaders today declared that a general strike will be called unless the employers show some indication of granting the men's demands within twenty-four hours. Thirty-two ships were tied up in the New York harbor today unable to move their cargoes. A complete tie-up of New York harbor and the crippling of all ports from Boston to Galveston was forecast if the companies persist in their refusal to grant the demands of the coastwise workers for increased wages.

**HOOVER SUSTAINS SIMS**

REAR ADMIRAL TESTIFIES HE WAS KEPT IN DARK REGARDING IMPORTANT NAVAL MOVEMENTS

(Special Service to Glendale Evening News)

WASHINGTON, March 13.—Rear Admiral Sims today declared that the Navy Department left him in the dark as to vital naval operations during the critical days of the war, thereby leading to delay and confusion and causing allied naval officials in Europe to lose confidence in the American naval head there.

Resuming his testimony before the Senate Naval Affairs Committee he declared that he first heard of at least a dozen important naval movements through British or French naval officials or through private letters from friends in America.

The sending of surplus anti-submarine craft to European waters would have greatly aided the allies at a "dangerous period" of the war, Herbert Hoover testified today, supporting the contentions of Sims as to the critical allied situation in the spring of 1917. The submarine sinkings were so great in this period as to endanger the outcome of the war, Hoover declared.

**AEROPLANES FOR JAPAN**

ORDERS ARE PLACED IN FRANCE FOR THREE HUNDRED AIR SHIPS

(Special Service to Glendale Evening News)

PARIS, March 13.—Japan has placed orders in France for 300 aeroplanes, it was learned today, officially.

**ENGLISH MUSIC**

THEME OF DELIGHTFUL PROGRAM OF TUESDAY AFTERNOON CLUB MUSIC SECTION

An unusually delightful meeting of the Music Section of the Tuesday Afternoon Club was held Friday afternoon at the home of Mrs. Calvin Whiting on North Kenwood Street, the program including a group of old English folk and Shakespearean songs—among them the "Willow Song," Barbara Allen, "A Lover and His Lass," which were beautifully interpreted by Mrs. Hazel Esmond White. She has the distinction of being first vice president of the State Federation of Music Clubs. There were fine piano numbers by Mrs. Roy Masters, which included two by Cyril Scott, "Lento" and "Song From the East," and two by Sir William Bennett, "The Lake," and "Passionata," which she played most beautifully.

The balance of the program consisted of a half-hour talk by Mrs. Mattison B. Jones, second vice president of the Federation of Music Clubs, the hostess being the corresponding secretary of the organization. Her theme was old and modern English music and her handling of it was the more interesting because illustrated by Victrola records and because of the outlines furnished the members to help them in following the evolution of English music as indicated by the speaker. She began with the composition of John Forsnetto, a monk in Reading Abbey, in the 13th century, the manuscript of which is now in the British Museum. It was composed during the Chaucerian period, and is (Continued on Page 8)

**GLENDALE MAN GREAT AUTHOR**

Mrs. Frederick O'Brien of 501 South Pacific Avenue has received word from her husband, who is in New York City conferring with his publishers, that he will be detained there for three or four weeks. Mr. O'Brien, whose book, "White Shadows in the South Seas," recently came out, will have another book published shortly. This will appear first as a series of six articles in the Century. He is also writing a special article for the same magazine on Ganguin, the French artist who died in the Marquesas Islands where Mr. O'Brien recently spent a year gathering material for his books and articles.

At a banquet given in Mr. O'Brien's honor recently by New York magazine and newspaper editors he was introduced by Rupert Brooke, probably the highest paid writer in this country who referred to Mr. O'Brien as the greatest writer of English in America today, saying he was proud to be living in the same decade.

**ST. PATRICK PARTY**

Miss Margaret Fife was hostess at a pretty St. Patrick's affair which took place at her home, 314 North Orange Street, Friday evening. The emblems of the good Irish saint featured the decorations, favors and refreshments. Jolly games were played in which Misses Lucille Allen and Margaret Wilson carried off the prizes. There were also piano numbers by Miss Hope Ireland. Refreshments of ice cream, cake and candy were served at the close of the evening, the guest list including: Misses Annie Fuelscher, Martha Eilers, Mabel Prindeville, Jeannette Helde-man, Elizabeth Edmonds, Josephine Farnham, Phyllis Baker, Mildred Thompson, Louise Hoyt, Margaret West, Carolyn Ayars, Inez Harrison, Alice Pratt, Hope Ireland, Lucille Allen, and Margaret Wilson.

**FUNERAL OF HIRAM OGDEN**

The funeral of Hiram Ogden, who died Friday morning at the home of his daughter, Mrs. Mary Ogden Ryan, 419 East Harvard, will be held Monday, 2 p. m., in the Jewel City Undertaking Company parlors, Rev. R. W. Mottern officiating. Interment will be in Evergreen cemetery, Boyie Heights, and services at the grave will be conducted by the Glendale Masonic Lodge.

**30-CENT AD SELLS HOUSE FOR CASH**

Mrs. B. Holmes of 130 South Jackson Street inserted a 30-cent advertisement offering her home for sale, in the Glendale Evening News. The following day she ordered the advertisement discontinued saying she had disposed of her house for cash that morning. Mrs. Holmes is convinced that News classified ad pay.

**MEXICO CONDITIONS**

GLENDALE RESIDENT TELLS OF ACQUAINTANCE WITH FRANCISCO VILLA

J. Todd McClammy and his three older sons, accompanied by a Mr. Snider of Burbank, took their hounds, a few days ago and went up to the vicinity of Chatsworth reservoir to hunt bobcats and coons. They got no game, but their machine mired down on the return trip and they worked at it from 9:30 p. m. till 4 a. m. in a pelting rain and then failed to move it. A three-pulley block and tackle was finally secured and the machine pulled out. Mr. McClammy has sent for his pack of blooded hounds that are on a ranch in New Mexico and will start with a party the first of the week for a big lion and wild cat hunt in the mountains around Santa Paula.

His hounds, of which he has 20 or more, are what is left of a great pack he got together in Chihuahua, Mexico, where he lived for many years, engaged in mining. He came to Glendale four years ago to regain his health, which was impaired by a severe attack of influenza. His long residence in Mexico gave him a clear insight into conditions in that part of the country. He declares that Villa, whom he knows intimately and has entertained in his home many times, while cruel and relentless in battle, is not the blood-thirsty monster he is often pictured to be. He is very severe on his own men who disobey him and has no mercy on traitors, but has never been guilty of massacres, as has been charged against him. He was entirely uneducated when he began his campaign against the government, but studied diligently while in the prison President Huerta consigned him to when he was captured the first time, so now can read and write quite well. He admires America and wants to be friendly to this country. Mr. McClammy declares, and seeks to restrain his followers from deprecations against American border towns, but unsuccessfully at times. These raids are participated in by both Villistas and Carranza followers, was the assertion, the two classes fraternizing at such times. General Felipe Angeles was the purest patriot Mexico ever had, Mr. McClammy thinks, and was a military genius, whose death was one of the greatest blows the country has suffered in years.

**BIG WHIST PARTY**

MRS. E. B. HALL ENTERTAINS FRIENDS FROM LOS ANGELES AND GLENDALE

Mrs. E. B. Hall entertained quite a large company at whist Friday evening at her pleasant home at 1232 South Mariposa Street. The emblems of St. Patrick and a green and white color scheme featured the floral and other decorations and the dainty refreshments served at the close of the evening. The guest list included many friends from Los Angeles, as well as from Glendale, those who enjoyed her hospitality being: Mrs. Elliot, Dr. Lewis, Mrs. Ruth Stone, Mrs. Bain, Mr. Holdner, Mrs. Tilden, Mr. Unefeldt, Mr. Preston, Mrs. Rich, Mr. Bush, Mrs. Latter, Mr. Ames, Mr. and Mrs. Harry Moll, Mr. Rooney, Mrs. King and Mr. Chandler of Los Angeles; Mr. and Mrs. Baha, Mr. Woodmansee, Mrs. Glasby, Mr. Gorton, Mrs. Boring, Mr. and Mrs. Alspach, Mr. and Mrs. Blomdahl, Mrs. Farnham, Mr. Cramer and Mrs. Phillips of Glendale. Mrs. Baha won the first prize for ladies and Mr. Rooney the gentlemen's trophy, consolation favors going to Mrs. Boring and Mr. Chandler.

**HOW RAINFALL IS GAUGED**

Many people have an idea that a gauge for registering the rainfall is a very complicated piece of machinery requiring a special location and a wide, clear space. A visit to the home of H. E. Bartlett at 347 North Brand Boulevard or T. W. Preston, 330 North Jackson, will serve to dispel this impression. There they will find that the gauge is simply a galvanized iron cylinder about 3 1/2 inches in diameter and 16 inches long with a cup in the top about 4 inches deep. Through a hole in the center of the bottom of this cup is dropped a close-fitting brass tube three-fourths of an inch in diameter, 12 inches long. The cylinder is stood up, perfectly level, in any clear space of a few yards diameter. The rain falls into the cup and thence runs down into the tube, which is so graduated that one-tenth of an inch of water therein means one-hundredth of an inch rainfall.

## BARTLETT & FRENCH

CHANDLER AND CLEVELAND  
MOTOR CARS

OFFICE AND SALESROOM  
201-203 S. BRAND BOULEVARD  
GLENDALE, CAL.

March 13, 1920

DEAR AUTO OWNER:

I am taking the liberty of calling your attention to the fact that BARTLETT & FRENCH have installed in their spacious building at Brand Blvd. and Harvard Street, Glendale, a fully equipped automobile accessory department, of which I am in charge.

This accessory store is modern and high class in every detail, and its aim is to give you the best and most courteous service to be had in Glendale or anywhere else in the San Fernando Valley territory.

I shall be on the job day and night, ready to supply you with anything for your car or for your personal comfort in motoring.

A down-to-date gasoline pump has been established at the curb in front of our building, also a day and night free air station. The best of oils and greases and a splendid line of tires, both cord and fabric, will be among the features of our stock.

If you should happen to ask for something which we do not have on hand at the moment, we promise to secure the article for you quickly and at the lowest current price, if it is obtainable at all. And we want you to understand that this sort of personal service will be as much of a pleasure to us as we trust it will be a convenience to you.

Come around to 201-203 S. Brand Blvd. for your next fill-up of gasoline, or your next quart of real Eastern motor oil, or for that extra tire you need, or for those bumpers you ought to have. Or come in just to look over our showcases and get acquainted--you'll be just as welcome as if you came to "stock up."

Very sincerely yours,

BARTLETT & FRENCH, Accessory Department

By RAY L. GALVIN, Manager

### No Other Light Car Offers So Much

Unusual power and control, quick pick-up and extraordinary acceleration to real speed, are features inherent in the Cleveland Six and features with which Cleveland owners are delighted.

Many a Cleveland Six owner has said, "It would be hard to tell you what a good car the Cleveland honestly is. It's wonderful."

The Cleveland is wonderful because it is a splendidly developed and finished product, not a car rushed into the market. Three years ago the plans for production of this car were far advanced. But, with war approaching, production and marketing were delayed though experimental and engineering work were continued and test cars kept on the road. When war ended, came the Cleveland. Built in a fine big factory, with all

conditions and equipment assuring the very best of manufacture, and built by men whose successful experience had been wholly in the production of fine cars, the Cleveland Six began rolling out to the world last August. Since then thousands have gone to delighted owners, and thousands more are going every month. There isn't any other light car that will give you so much of all that you wish, and at such a fair price.

Come let us show you what a car the Cleveland is

#### HUGE FUND FROM MOTOR CARS

Approved qualifications for driving and licensing the integrity of chauffeurs are two of the most important recommendations made to the governor of California by the State Motor Vehicle Department in its report for 1919.

Every car owner should demonstrate that he knows how to operate that car, says the Department, and boards of examiners as to this ability should be placed about the state for the purpose of observing such demonstrations. Employers should be protected from criminally inclined chauffeurs, it is stated, and each license issued to a chauffeur should carry the assurance that he is a bona fide operator and not a crook in disguise. This service on the part of the state should be cared for, it is pointed out, by the charge of a nominal fee.

The past year marked the high tide of automobile registrations and general automobile business transacted in California. The net num-

ber of automobiles operating on the highways of the state at the close of 1919 was 493,463 after deducting all transfers from a total of 542,278 licenses issued. This number places California in the position of the fourth state in the Union, being led only by New York, Ohio and Pennsylvania.

Los Angeles county showed the greatest net gain, with San Francisco second. Los Angeles county gained 33,735 in registrations while San Francisco gained 11,719 during the year.

From a yearly registration in California of 123,516 automobiles in 1914 this number has increased in six years by 418,762.—Touring Topics.

"Ladies," announced the president of an afternoon bridge club. "It has been moved and seconded that there shall be no conversation at the card tables. What shall we do with the motion?" "I suggest," said a sprightly member, "that we discuss it while we play."

#### BATTERY TROUBLES

\*\*\*\*\*

QUESTIONS ADDRESSED TO THIS DEPARTMENT WILL BE ANSWERED BY EXPERT

A column of questions and answers on electrical and battery systems of automobiles will be conducted in the automobile section of the Glendale Evening News each week. Readers of the News are invited to send in any questions on this subject, which will be answered in the following issue by A. S. Knox, Manager of the Autoelectric Service Company, local Exide Storage Battery distributors.

Mr. Knox has specialized in this class of work for several years and is thoroughly competent to answer any questions along this line clearly and intelligently.

Tell your battery troubles to Mr. Knox through the Evening News.

#### THE REAR AXLE

IN CLEVELAND SIX IS MECHANICALLY PERFECT SAY BARTLETT & FRENCH

An automobile is as good as its rear axle. A motor car may have the best motor in the world, but still it can not be a good car unless the rear axle is mechanically correct.

The rear axle is responsible for transmitting the power from the engine to rear driving wheels through the propeller and pinion shafts, gears and mechanism—all a part of the rear axle. In view of the vital significance of this part of an automobile, the designers of the CLEVELAND SIX took the greatest time and care in perfecting the rear axle of the CLEVELAND.

The result is a rear axle of exclusive CLEVELAND SIX design, of the floating type, having a left-hand spiral bevel pinion and a right-hand spiral bevel ring gear. The pinion and drive shafts are made of nickel chromium steel with a tensile strength of 135,000 pounds to the square inch, the diameter of the drive shaft is 1 1/2 inches at the wheel end, tapering down to 1 1/8 inches at the differential end. The wheels are keyed directly to the drive shaft and carry one external contracting brake on each wheel.

Any outside thrust upon the wheel when turning a corner is taken up through the drive shaft, and then through a spacer directly on to the other shaft—then to the taper roller bearing contained in the opposite end of the axle housing. The housing is of pressed steel, welded along horizontal lines. It will stand terrific road shocks and abuse.

According to Bartlett & French, local distributors for the CLEVELAND SIX, this rear axle mechanism contains 150 individual parts. These parts are machined and fitted to micrometer measurements so that the whole mechanism is compact, silent and of great strength, transmitting power from the engine to the driving wheels with the least possible friction or loss of power.

TIRES

#### NOT A COMPLETE SUCCESS

Edward was a timid boy. He tried hard to overcome his timidity, but with little success. One day his father came home and brought him an Indian suit. After Edward had it on his father told him that he would be brave now, for Indians always were. Edward went out in the front yard to show it to a neighbor playmate when the big collie dog from across the street came bounding across. The "Indian" came

rushing up on the front porch, crying, and sobbed out: "Take the suit back; it don't work on me."

#### HOW COULD HE!

## Essex a Real Economy Car

Essex has all of the light car's advantages of moderate price and saving of gasoline, oil and tires. But it is also a reliable car. Built by the makers of the world's record endurance car, the Hudson Super-Six, Essex staunchness reduces to a minimum the time lost in making adjustments and the cost of repairs.

Essex adjustable radiator shutters assure maximum motor efficiency and saving of gasoline in winter or summer. Danger of overheating is thus obviated and full motor service is obtained in even the coldest weather.

Essex is built to last. Therefore it has a high sale value after long, hard service.

Learn what true car economy means. See the Essex today.

## AUTO VIGILANTES

### NOVEL METHOD EVOLVED BY CLUB FOR SUPPRESSION OF ACCIDENTS

That the "auto vigilante" idea is to become popular throughout the southern part of the state in a widespread endeavor to stop the growing number of motor car accidents is indicated by the flood of inquiries being received by the Auto Club of Southern California from municipalities in regard to the organization of vigilance committees.

Public spirited citizens who band together for the purpose of curbing recklessness by their better motorists offer the best present solution to the problem of deaths and injuries received in a wholesale manner by Southern California residents, say club officials.

A committee of 200 automobile owners is being formed in Los Angeles by the police department and the Auto Club which will have full "patrol" powers and which can report traffic offenses to the police in such a way that action by the authorities will be taken at once.

Any member of this committee seeing a motorist disobeying the law will report that motorist's license number to the police, and the police will do the rest—which, it is alleged, will be "good and plenty." The idea originated with the Automobile Club and was at once adopted by the Los Angeles police department.

Like the "Vigilantes" of '49, the modern committee members will be fully "armed." Their ammunition will be the lead in their pencils and their artillery will be postcard blanks with spaces in which to write the nature of the traffic offense reported and the license number of the person committing the offense. These will be mailed to the police station from the mailbox nearest the scene of the law infringement.

This is the most novel method yet evolved for the suppression of auto accidents, according to local authorities, and that it will come into universal favor throughout Southern California is predicted by prominent automobile owners who for some time have been denouncing the re-

## Pay For What You Get

You don't always do it in some shops—but you **certainly** only pay for the time and materials you get when your car comes into our shop for repairs. Keep that in mind! It's worth remembering—these days! And also be reminded that only expert mechanics are permitted to work on your car.

## THE UNIVERSAL CAR

### Weak Links In a Strong Chain

That's just what imitation parts are when they become a part of your Ford car. They look strong enough, but the metal isn't there—the strong, durable Vanadium steel that goes into the Ford chassis and every Ford part. Ford parts are specially cast and heat-treated, each according to its use. Some require a hard, flint-like wearing surface, others need resiliency, and some need just "toughness."

Ford metallurgists have been studying those problems for sixteen years and know just how each unit should be made to endure a maximum of wear and tear. They know that best results can be obtained only by the use of special formulas for different parts, and that honest Ford parts wear from thirty-five to one hundred per cent longer than counterfeits.

We carry complete assortments of genuine Ford parts for both passenger cars and trucks. And our garages are equipped to give careful, prompt Ford service—from minor adjustments to complete overhauls. Drive in, it's better to be safe than sorry. Come to the Authorized Ford dealers for service.

cent carnival of traffic accidents resulting in an unprecedented loss of life. Members of the committee of 200 will be selected from among the business men of Los Angeles.

### SLEEPS AND RIDES IN SERVICE CAR

A blizzard was hurling its stinging snow against the showroom windows of the Ford Motor Company's branch in Fargo, N. D., when a stranger swayed from the walk and entered the door somewhat unsteadily. He greeted none, but choosing a spot near a model "T" touring car, lay down and quite evidently immediately went sound asleep. Efforts to arouse him were useless.

Official assistance arrived, but he accomplished very little. So, finally the sleeping stranger was bodily lifted into a Ford service car and taken to municipal lodgings. Where, once he awakens and listens to certain more or less formal declarations and other rather informal incidents, he will undoubtedly come to a fuller and greater appreciation of the universality of Ford service.

### MAKE AUTO STEALING DIFFICULT

Auto thieves are seeing their doom in the heavy jail sentences being passed out by Connecticut and other Eastern states which are ahead of California in this respect, say officials of the Auto Club.

Motor car stealing will cease to be a pleasant pastime here when this state passes laws commensurate with the crime of stealing a valuable automobile and then pleading innocent on the grounds of "harmless joy-riding," points out the club's legal department. The big motoring organization is going to the bat to make auto stealing more difficult for those engaged in the practice.

### DISCONTINUE STATE LICENSE SERVICE

Branch offices and the headquarters of the Automobile Club of Southern California have discontinued state license service to residents of the southern part of the state for this year. In the future all applications must be made direct to the State Motor Vehicle Department branch in Los Angeles, it is announced.

### SELLER SHOULD COLLECT FOR LICENSE

Motorists selling their cars this year should remember that the state license goes with the car and in order to be reimbursed for the fee paid they must collect same from the purchaser or the seller is out of luck. It would be well to inquire at the Auto Club for information on all the latest rulings of the state in regard to licenses this year.

### WANTED TO KNOW

A woman who was troubled with chronic nightmare and who frequently cried out in her sleep advertised for room and board "with a family who would not object to screaming in the night." Among the answers she received was one which asked: "How often would you require us to scream?"—Boston Transcript.

### MAYBE YOU'RE RICH

Some men are rich and don't know it—rich in health, rich in a large and happy family, rich in friends, rich in influence and standing in their communities, rich in the spirit of charity and brotherly love. These same men may be poor in this world's goods, but they're rich, just the same.—Crosman.

## FRUIT TREES GOOD INVESTMENT

The ordinary individual craves a certain amount of fruit in his diet. On the average farm fruit constitutes only about 6 per cent in value of all food consumed. This percentage could be increased to good advantage, making fruit a more important part of the diet, says the United States Department of Agriculture.

Many farmsteads include fruit trees and grape arbors as a part of the planting scheme around the dwelling. A small area of the farm devoted to apple trees, peach trees, berry plants, or other fruit suited to the region, is a good investment for any farmer. About two-thirds of the fruit consumed by the average farm family is produced on the home farm.

A faker who collected money at Hollywood for a directory that was never printed is described as about 52 years of age, six feet tall, and 180 pounds in weight. As he has disappeared, those details are not so important as how fast he can travel.

## FRESH RESERVATION FROM LODGE

PRESENTED BY LEADER IN SENATE BECAUSE OF THE PRESSURE FROM "BITTER ENDERS"

(Special Service to Glendale Evening News)

WASHINGTON, March 13.—Senator Lodge today presented in the Senate another modification of the reservation to article 10 of the league of nations under pressure from republican "bitter enders." The new phraseology provides that the United States not only will not interfere in controversies between other nations under the provisions of article 10 but will not interfere in any other controversies whether they are covered by article 10 or not.

### XVI CLUB MEETING

The last meeting of the XVI Club was held at the home of Miss Lillian Shropshire, 245 South Everett, and 12 members were present. The color scheme of the decorations was yellow and this was carried out in the refreshments, also. The evening was spent in games and conversation.

**WEATHER FORECAST:** Fair tonight. Unsettled Sunday and probable showers in the afternoon or at night.

## Personals

Mrs. H. M. Merrill of 340 North Cedar Street bought a new Maxwell touring car the first of this week.

Fred B. Koepke has taken out a building permit in the sum of \$1000 for repairs and alterations to his residence at 1021 San Rafael Avenue.

Mrs. R. A. Siple, who has been visiting her daughter, Mrs. Staples, for several days, returns today to her home—"Mile High Ranch," at Beaumont.

Miss Winifred Jones was confined to her bed for about a week by a severe cold. Though up and around the house she is not yet well enough to return to school at Redlands.

The Misses Margaret and Mildred O'Keefe of Los Angeles are spending the week-end with their aunt, Dr. Caroline Palne-Jackman, at 515 North Kenwood Street.

Dr. William A. Johnson of 126 North Isabel expects to leave for the East about the first of next month. He plans to visit New Orleans and Chicago and will take some post-graduate work while there.

Boy Scouts of Troop No. 2 left this morning about seven o'clock for a hike to Sister Elsie Mountain. They were accompanied by Scout Executive Kellogg and expect to reach the snow line.

John Kincaid, wife and two sons of Downey are coming to Glendale tomorrow to celebrate Mr. Kincaid's birthday with his sister, Mrs. Mary Shropshire, and family, of 245 South Everett Street.

Mrs. Anna Hewitt of the Glendale Shampoo Parlors has been confined to her room with illness for the past few days. Her friends are glad to know that she is now fully recovered and able to be at her work again.

Mrs. D. T. Keim and Mrs. Thomas of 342 West California Avenue, who have been confined to their home by illness, are very much better. Miss Zella Keim is taking a month's vacation in which she will be the guest of a number of friends in various parts of Southern California.

William Parker, brother of Chas. Parker, has come from Winnipeg for a month in Southern California. He will divide his time between Santa Monica, where his mother lives, and Glendale. He is an ex-service man and was in the fighting zone from 1915 until the war was over, being twice wounded.

Mrs. Eugene Merrill of Yakima, Wash., who has been spending the winter with her sister, Mrs. H. M. Merrill, of 340 North Cedar Street, has left for her home in the North. Her daughter, Edna, will remain in Glendale until she finishes a secretarial course at the Sawyer Secretarial School in Los Angeles.

Mrs. M. M. Hadsell and daughter, Alva, are visiting Mrs. Hadsell's parents, Mr. and Mrs. A. C. Oliver, of 1104 East Broadway. The visitors came from Hesperia, Cal., and after spending the week-end will return to their home. Mr. and Mrs. Oliver motoring as far as San Bernardino with them on the return trip.

Will E. Case, who worked in San Francisco for several months after he was mustered out of the army, is again a citizen of Glendale, living on West Elk Avenue, near San Fernando Road. He is working as a carpenter now, but will resume his old trade as a plumber as soon as he can take the state examination, about two months hence.

L. Richbart has taken out a building permit for the erection of a brick garage at 107 West Harvard, between the rear end of the Dodge Agency building and the Autoelectric shop. It will be used as a repair garage and service station. The estimated cost of the building is \$3000.

C. E. Blake who has recently been living at 923 North Louise Street, has sold his home place at 229 Jackson Street to Mrs. Elizabeth Holmes. He has purchased property at Hermosa Beach, where he will spend the summer and where he expects to conduct a real estate business. In the fall he will return to Glendale to live.

A. S. Chase of Riverdale Drive on Friday entertained at luncheon five old time friends and business associates from Duluth, Minn., all of whom, like himself, have been actively identified with the development of that city. The gentlemen enjoying his hospitality were: H. M. Peyton, A. L. Ordean, Alex W. Hartman, A. M. Marshall and George H. Crosby who, with their families, have been spending part of the winter in Pasadena.

Tomorrow all Christian church ministers are to exchange pulpits and talk about the campaign now on for raising funds for the new College of Christianity to be erected on Vermont Avenue, opposite the University of California Buildings. Rev. Clifford Cole of this city will exchange with Rev. Bruce Brown of South Park Church, who once held an evangelistic meeting in the Glendale church.

## A Rabbi

Samuel Sole, after thirty-two years' service, is going to give his whole time to writing life-insurance, after giving the matter 24 years' consideration. He says, "I am not going into this work for the monetary gain, but rather to instruct and lead those unseeing people who make no provision for their families. The most bitter moments of my life have been spent with widows and children left without future means, and unable to earn for themselves."

It has often been a source of wonder to me that ministers do not preach a sermon occasionally on this vital necessity of life-insurance. I know some of them who do this, but it should be practiced generally. Providing for one's own is PRACTICAL religion.

**W. B. Kirk**  
Protector of Homes

## EVANGELISTIC MEETINGS

—at the—  
**FIRST BAPTIST CHURCH**  
Corner of Wilson and Louise  
Commencing Sunday Morning, March 14

**Rev. H. E. Marshall**  
A Tested Evangelist, will preach every night, commencing at 7:30. Mr. Marshall will lead in the Service of Song. The public is cordially invited.

## Don't Miss This Great Lesson The Mystery

OF THE BLINDNESS OF THE JEWS

Why the Jews failed to see Jesus as the Christ will be made clear at the

Tomorrow Morning at 10

Mrs. T. J. Keleher of 528 North Louise Street was hostess at a small luncheon party given for Mrs. Andruy of New York, sister of Mrs. S. S. Klapper of North Louise, most of the guests being from Los Angeles. Corn flowers centered the table, a blue and gold color scheme being carried out in the smart table appointments, the place cards carrying a corn flower decoration. Thursday evening Mr. and Mrs. Keleher were dinner guests at the Alexandria of friends from New York, Mr. and Mrs. McWilliams, Mrs. Jones and her son, Kenneth Jones, who left this morning for Santa Barbara. The Kelehers entertained a party of friends at the last dinner dance at the Los Angeles Athletic Club.

## ENTERTAIN KANSAS FRIENDS

Mr. and Mrs. E. W. Lyon and daughter, Mildred, of 214 North Louise Street, entertained Friday in honor of Kansas friends who are spending the winter in Los Angeles. They are Mr. and Mrs. F. H. Lamberson, Mr. and Mrs. E. A. Richards, Mr. and Mrs. W. S. Crawford. All are from Lyons, Kas., and expect to return home about April 1. All are very much in love with Southern California. Mr. Lyon says, and he confidently expects them to become residents of Glendale before many years.

## TREES BLOOM IN RELAYS

E. H. Learned of the Grand View District is wrestling with an attack of mumps. His father, who is looking after things on the ranch during Gene's illness, told an Evening News reporter of an unusual occurrence among the apricot trees in their orchard. A few weeks ago, during a warm spell, portions of the trees came out in full bloom and now these blooms have developed into apricots larger than the end of a man's thumb, while other portions of the tree are in bloom.

## COME ON, FELLOWS

Dear Dick:

Since I wrote you last Glendale got a park, that is, a place to make a park. We planted trees there the other day. You ought to see it. Dad went with me to see it today and he about went crazy over the view he got from there. He said he hoped they would not name it so that it would seem to belong to some one part of the city only, but some general name, like "Grand View" or "Buena Vista." Dad likes the idea of a swimming pool in it. He says he will help because he says it is up to the older folks to furnish clean sports for the growing boys.

He says every boy, if he is not sick, is either trying to put something down that's up or something up that's down. You give him clean sports and he will be trying to put clean things up. You know Harry's dog that does so many tricks? Well, the other day Harry said he is going to sell him to some 'movies' who offered him \$25, and he would give that to the swimming pool committee. He told a lot of us boys together and about all of us said: "Gee! Harry, how can you?" But he stuck to it and said, "Didn't my big brother make a sacrifice in the Argonne and I don't intend to be any less of a man."

I bet Harry could raise money enough in just a little while. When he said, "Come on, fellows, it is up to each of us to do something." I believe we all felt like doing our best. Well, so long.

TOM BROWN.

## IRELANDS WELCOME SON AND FAMILY

C. F. Ireland, who came to Glendale with his wife from near Seattle, Wash., nearly a year ago and bought a home at 339 Oak Street, is qualifying as an expert poultryman on a small scale. He has a pen of R. I. Red hens, eight in number, that averaged six eggs a day since January 1, and laid 15 eggs in the past two days. He is rejoicing over the arrival of his son, A. E. Ireland, wife and two children who came last week from Seattle, where they had been summoned in December by the serious illness of Mrs. Ireland's mother. They had been living in San Luis Obispo for seven years previous to that, but have chosen Glendale as their home from now on.

## ANOTHER CLUB HOUSE SITE

Mrs. E. W. Kinney of West Elk Avenue reports the receipt of another proposition for a site for the proposed Tuesday Afternoon Club House. It was made by Mr. Gai of San Fernando Road and consists of property at the southwest corner of Harvard and Orange streets, in quite a popular apartment house district. Its dimensions are 160x140 feet, for which he will take the two club lots on Harvard Street and \$2500 in cash if the site meets with favor. Mrs. Kinney is the chairman of the committee appointed to investigate sites.

## PLEASED WITH GLENDALE HOME

Mr. and Mrs. George W. Kelsey who came to Glendale from Los Angeles about six months ago and bought property at 430 Burchett St., report that they are very well satisfied with their selection of a home which they are improving by planting fruit trees and other horticultural luxuries. Mrs. Kelsey says they have frequently been solicited to sell and could probably have done so at one hundred per cent advance, but have not been tempted to relinquish what they prize so much. They have lived in Southern California for ten years and when they decided to invest in a home made careful investigations before buying. They have no reason as yet to regret their choice of Glendale.

Mr. and Mrs. F. D. Davis and son, Don, of Escanaba, cousins of Mrs. E. H. Williford, were guests in her home on Friday. Mr. Davis was superintendent of schools for 37 years in Escanaba and Negaunee, and is now in business in Escanaba.

## Why Has the Glendale Laundry So Large a Patronage?

Because our system of collection and our delivery service make it possible for the housewife to have her laundry returned to her in the least possible time with the minimum of trouble and worry. Our care in marking makes an error in delivery or a lost garment very unusual.

Doesn't that mean something to you?

### DAVE LEWIS WITH ESSEX

NOTED RACING DRIVER NOW WORKING IN HUDSON FACTORY AT DETROIT

DETROIT, March 13.—"Dave" Lewis, the noted racing driver who holds every world's record from one to one hundred miles, has just signed a contract with Essex Motors, according to an announcement made this week.

Lewis is now at work in the experimental laboratory at the Hudson factory where the Essex is built. Whether he will appear at the wheel of an Essex in any contests this year is not known.

Lewis is one of the best known of the younger generation of racing drivers, his victories at Santa Monica, Tacoma, Oklahoma City and Sheepshead Bay having attracted much attention in the past few years.

His most recent achievement was his part in the setting of a new world's long distance record with an Essex stock chassis on the Cincinnati speedway by covering 3037 miles in fifty hours.

### BIG TOURING SEASON EXPECTED

This will be the biggest spring and summer touring period Southern California has ever seen, reports the touring bureau of the Automobile Club, after checking up the number of requests from Eastern automobile owners who express a desire to come West and find out for themselves if local highways are the best in the world.

More than 10,000 letters of inquiry have been answered, and these represent a "touring population" of approximately 150,000 individuals, as a large number of those driving to California bring a party of friends with them, according to Auto Club statistics.

### FEW FREE FROM ERRORS

### THEIR SURPRISING WAY

"I was never more disappointed in anybody in my life than I was in my cousins up to Kay Sea," admitted Gabe Gosnell of Grudge, who was just back from a visit to the Big Burg. "Why, with everything on earth going on and anything you could think of liable to happen at any moment, I'll be switched if they don't poke off to bed at between 9 and 10 o'clock every night of the world!"—Kansas City Star.

### UNCLE EBEN

"A real loafer," said Uncle Eben, "ain't satisfied to get along without work. He wants busy folks to quit their jobs to admire him."

### LITTLE THINGS

Life is made up of little things. It is but once in an age that occasion is offered for doing a great deed. True greatness consists in being great in little things.

The point of aim for our vigilance to hold in view is to dwell upon the brightest parts in every prospect, to call off the thoughts settling on disagreeable objects, and strive to be pleased with the present surrounding us.—Tucker.

### STUNG

"Fine day, isn't it?"  
"Sir, you have the advantage of me! I don't know you."  
"H-m! I fail to see the advantage."

### PHYSICAL WORLD AS SEEN BY SCIENCE

One of the most curious theories which has been advanced of late years is that the earth is a hollow shell, and that we live on the inside! The sun, moon, stars and various other planets are said to float about in space inside this hollow sphere. The physical world, according to this theory, is a shell composed of seven metallic, five mineral and five geologic strata, with an inner habitable surface, land and water. This inner surface is concave. The seven metallic layers are the seven noble metals—gold constituting the outermost rim of the shell. This shell or crust is several miles in thickness; beyond it is nothing, a vacuum. Such is the theory propounded by Cyrus R. Teed—better known as Koresh—and this theory constitutes the basis of the so-called "Cellular Cosmogony." The various astronomical facts, and the various optical phenomena which we know—such as a ship disappearing when it sails out to sea—are ingeniously twisted by the Koreshian philosophy to fit the theory. The earth, they believe, is about 25,000 miles in circumference, but instead of curving outward, it curves inward—that is, it is concave instead of convex.

### HOW "FLU" IS DEFEATED

The dwellers in Barrio Borinquen, an outlying district of Aguadilla, have apparently discovered an effective remedy for influenza. Treating it as a simple grippe attack they take orange-juice, and live on a vegetable diet. As a result out of 300 cases there has been but one fatality, and that was a case where poverty and abandonment played a principal part.

### ORDERING ONE'S LIFE

Take time to scrutinize your life. Try to define just why you are "run" and decide for yourself that if you are going to be ruled, as most of us are, it must be by something or somebody well worth the arduous sprinting we are all indulging in. If the goal toward which we are being steered is worth while, only then can we look back and feel that the race has been well run.

### THE BUSY DOLLAR

The dollar that goes to work is the successful dollar. The idle dollar is a failure.

The successful dollar brings back another dollar with it. It makes itself a dollar and something—two dollars—two dollars and something—a whole family of dollars.

The careless dollar goes off somewhere and is never seen again.

An Ohio man the other day lost a lifetime's savings—\$786. His dollars had gone off in the pockets of two fake stock promoters. He had not taught his dollars to keep good company.

Hundreds of years ago a man to whom a handful of dollars had been trusted buried them in a napkin. He got no increase—he did not even keep what he had. One might as well have nothing as keep an idle dollar.

Up and down the street you see the men who are successful—the men who make their dollars work for them. The successful dollar works for the successful man.

The dollar that works is only a dollar at first. Then it is a dollar and something—it keeps on growing itself; it attracts other dollars to it.

### UNNECESSARY DEATHS

Government reports show that in the last fifteen years more persons were killed in the United States while trespassing on the railroads than America lost from all causes in the nineteen months of the late war. We are shocked when a Titanic goes down, but in one year more persons are killed trespassing on the railroads than lost their lives in the Titanic disaster.

Here are the commonest causes:

Getting on and off moving trains.

Alighting from the wrong side of the train.

Standing on the platform of the car with a hand on the door when the train pulls into the station.

Walking along the track.

Crossing railroad tracks in automobiles or other vehicles, without looking in both directions.

These are mistakes to avoid. Any one of them may be fatal.

### READERS

There are four sorts of readers: hour glass readers, whose reading runs in and out and leaves nothing; sponge readers, who imbibe all but only to give it out again as they got it, and perhaps not so clear; jelly-bag readers, who keep the dogs and refuse, and let the pure run through; diamond readers, who cast aside all that is worthless and hold only gems.

### GOOD RULE FOR LIFE

We are ruined, not by what we really want, but by what we think we do; therefore, never go abroad in search of your wants; for if they be real wants they will come in search of you. He that buys what he does not want, will soon want what he cannot buy.—Colton.

### THE WISDOM OF WILLIAMS

Mr. Williams, a commuter, had been asked by his wife to purchase a blouse for her in New York.

"These are very pretty," said the shopgirl, as she displayed a number on the counter. "What color do you prefer?"

"It doesn't make any difference!" was the unexpected reply.

"Doesn't make any difference!" exclaimed the salesgirl. "Why, don't you think your wife would like a certain color?"

"No, it makes no difference what color I get, or what size. I shall have to come back tomorrow to have it changed."—Harper's Magazine.

### NOTICE OF HEARING OF PETITION FOR PROBATE OF WILL NO. 46102

In the Superior Court of the State of California, in and for the County of Los Angeles.

### MEAT PRICES HIGHER AND LOWER

A meat cutter of several years' experience in Glendale told an Evening News reporter yesterday that while cheaper cuts of beef had declined in price recently the better cuts are higher. Thus while a steer round can be bought today at the same wholesale price as a year ago, a loin, from which T-bone, porterhouse and sirloin steaks are cut is much higher, in fact more than double the price of a round. He says the general demand of customers, even those in poorer circumstances, for the high-priced cuts, tends to keep the prices up. The retailers' per cent of profit is really less than when meat was cheaper, and his expense of doing business is vastly increased. He declares that if people would quit buying high-priced cuts for a time the price of the whole beef carcass would decline. The same conditions are true as to lamb and pork prices, was the assertion, though not to as great an extent as in the case of beef.

### POTATO TRUST FORCES PRICES AWAY UP

The agitation for a war on the high price of potatoes is spreading all over California and to other states, and it is hoped by the promoters of the campaign to cause a complete cessation of the use of the favorite tuber. With prices now around \$7 a hundred, wholesale, and a threatened retail price of eight and possibly nine cents a pound, the cutting out of potatoes from the daily menu of all but the wealthy has become almost a necessity. A recent survey in Los Angeles conducted along strictly legal lines by the city market commissioner disclosed that there were more than five million pounds of potatoes held in storage there, a greater amount by a million and a quarter pounds than ever before in storage. Two men, a Japanese and an American, were named as the owners of these great holdings, the former having by far the larger amount. No blame is attached to retailers for the high prices, as they are selling on very small margins, but are forced to pay any price the wholesalers may demand. The leading stores have ceased to advertise potatoes.

### DIDN'T NEED A PATTERN

Mary, coming to visit Ruth, wore a pretty new dress and Ruth's mother, admiring the dress, remarked that she would like to get the pattern for Ruth, whereupon Mary replied: "Oh, auntie didn't have a pattern; she made this by heart."

### TO BE A WIRELESS OPERATOR

Before going into practice instruction it is important that the boys, who are to become the wireless men of the future, should appreciate the value of such work. Wireless transmission of messages, and of the human voices is becoming daily more common. In a few years the entire system of communications throughout the world may be transformed by wireless electricity, and it is important that boys should be able to take their part in it. The amateur wireless station is a great educator and gives the boys who equip and operate it an excellent education in the wonderful new science.

When the call came for wireless men for the great war the amateur operators were able to take a prominent part. Thousands of boys who had taught themselves how to build stations and run them were able to take important positions in wireless stations at sea and on shore. No other country had so vast an army of self-taught wireless operators to call on. Many of the boys who had taught themselves all they knew of the science rose to occupy important positions. It is not generally known that it was an amateur wireless man who was chosen to fly across the Atlantic on the NC-4 on her famous flight.—Boys' Life for February.

### STRONG SENSE OF HONESTY

Loton Horton, the milk magnate, was talking about the terrific New York milk strike.

"Oh, well," he said, apropos of an opponent's honesty—"oh, well, we're all honest when it pays to be. We're all more or less like the volunteer."

"The volunteer?" said the reporter.

"It's a story," Mr. Horton explained. "A movie actress, the prettiest movie actress in Los Angeles, was conducting a recruiting campaign at a bazaar, and she guaranteed to kiss every young man who would volunteer to fight for Uncle Sam."

"Well, there were lots of volunteers, of course, and the actress permitted each of them to kiss her, and they did so, while the crowd laughed and applauded, in a polite, gentlemanly manner."

"But one volunteer seemed to lose his head. He threw his arms about the lovely actress and kissed her with such abandon that she was almost suffocated, and had to push him away. Yes, she pushed him away, her eyes blazing, but he stalked off to the recruiting office without a word of apology."

"An hour later the fellow dashed into the hall again, seized the actress once more in his arms, and pressed his lips to hers in a kiss more passionate than before. Again she pushed him off."

"'You fresh chump,' she hissed, 'what do you mean? You had your kiss an hour ago!'"

"'But the recruiting office turned me down,' he said, 'and so, like an honest man, I had to give it back to you, didn't I?'"

### DEEDS AND WORDS

Deeds are greater than words. Deeds have such a life, mute but undeniable, and grow as living trees and fruit trees do; they people the vacancy of time and make it green and worthy. Why should the oak prove logically that it ought to grow, and will grow? Plant it, try it; what gifts of diligent judicious assimilation and secretion it has, of progress and resistance, of force to grow, will then declare themselves.—Carlyle.

### NOT NEW TO HER

Beatrice was invited to a birthday party and, womanlike, she wanted a new frock. Her mother, finding the child's party dress in good condition, refused to buy another. Her father, trying to console his little daughter, said: "Let me see the dress, Beatrice."

She brought it and he said: "Why, Beatrice, it is very pretty! I've never seen it before."

"Well," responded the child, "I've seen it often."

### SYMPATHETIC BROTHERS

The boys of the neighborhood were anticipating the times when they could go fishing. Everett, noticing his little sister standing inside the yard, watching them wistfully through the fence, and listening to their plans without joining the conversation, remarked in an aside to his companions: "Gee, it must be tough to be only a girl."

### APPROPRIATE LOOK

Robert had lost his little pet dog and felt bad about it. His father told him poor little Fido must be dead or he would return home. His mother sent him on an errand, when he met a woman friend of his mother's who asked him if he was ill, as he had little to say. "Oh, no," he said, "but my little dog is dead and I am wearing a black look."

### PRODUCTION WINS

Wealth does not come by the most diligent saving, but by the most diligent producing. Men and nations who pinch the pennies hardest are never the richest.

## Opportunity Seeks Men With Ready Cash

comes to us at last in "Pollyanna"

one of the great stories for which the amusement loving world has long awaited

From Eleanor H. Porter's Novel "Pollyanna"  
Published by the Page Company  
Screen Adaptation by Frances Marion  
Photographed by Charles Rosher

"Pollyanna" is the High Priestess of Optimism. She is not merely the discoverer, but the 33rd degree exploiter of the silver lining. The fairies who made sunshine from the cucumbers were insignificant beings to "Pollyanna." She is full of action, sparkle and pathos, and will help you to turn your sorrows, big or small, into gladness.

#### ENGLISH MUSIC

(Continued from Page 1)

such a splendid example of counterpoint that it is almost as modern as if written today, she declared. It was composed for six voices, two of which take the lead, and is in the form of what we used to call a round, and was written 150 years before the rise of the Flemish school of counterpoint. Its title is: "Summer is i cumen in." The ladies were intensely interested in this record which was, of course, quite unusual.

Mrs. Jones then took up folk dances, the Maypole and the Moorish dance which originated in the reign of Henry the Eighth. The Maypole dance was some times called in honor of the Merry Monarch, "Bless King Hal." The Moors brought the other dance into Spain and from there it was taken to England.

The Elizabethan period came next and the example chosen to represent it by Mrs. Jones was "Drink to me only with thine eyes." The words were written by Ben Jonson, but the composer of the melody is unknown. By some it has been credited to Mozart. The speaker referred to it as reminiscent of the drinking songs of the Cavaliers.

Next came the Puritan era when all folk dances were banned. Then, as Mrs. Jones explained, song books were torn up and music was stripped of her glory. Charles I was executed in this period and the State was torn by civil strife; but in 1660 when the "Merry Monarch" came in to his own, he established at Whitehall what he called Chapel Royals, conducted by a master whom he called "The Master of the Children." Captain Henry Cook was made Master of the Children. These children idolized the king and in time some of them became famous in musical history. One of them was Henry Purcell, who is considered by some critics to be England's greatest composer. It was during this period that Henry Carey—born in 1690, died in 1743—wrote "God Save the King." It was a great surprise to many of Mrs. Jones' auditors to know that the author of this great national anthem was also the composer of "Sally in Our Alley."

The next record was by Balfe, composer of the opera, "The Bohemian Girl," and of many beautiful songs. Mrs. Jones compared his art to that of Edward Elgar and Coleridge Taylor and in time some of them became famous in musical history. One of them was Henry Purcell, who is considered by some critics to be England's greatest composer. It was during this period that Henry Carey—born in 1690, died in 1743—wrote "God Save the King." It was a great surprise to many of Mrs. Jones' auditors to know that the author of this great national anthem was also the composer of "Sally in Our Alley."

Coleridge Taylor she described as an English negro, educated entirely in that country, his father being a native of Africa. She played the record of his "Deep River" melody, which was founded upon a plantation song of American negroes in the South, known as a "spiritual song," an outburst of religious enthusiasm. The chorus runs: "Deep River! Lord I want to go, to cross over to the camp ground." His most beautiful composition, she said, the one which placed him in the front rank of composers, was a choral setting of Hiawatha's wedding feast. She considered it quite significant that themes of the two greatest compositions of a great English composer should be suggested by the American negro and the American Indian. To her it was a proof that music is an international language.

Following the program delicious refreshments were served by the hostess.

#### WHEN WILL THE RISING TIDE OF PRICES TURN?

When, oh, when will there be a decided turn in the ever rising tide of prices? That is a question which is being anxiously asked by millions of people who regard with alarm the threatened arrival of a time when the cost of living shall have increased beyond their ability to meet it and when they shall no longer be in a position to provide themselves with things which are now deemed indispensable.

It had been hoped and thought that with the end of the war there would be a change for the better, and while only the uninstructed and oversanguine could have expected an early return to pre-war conditions, it did not seem unreasonable to suppose that the price level which had been reached when the armistice was concluded would not be passed and that a reactionary movement, however slight and however slow, would presently set in.

Every one knows how completely these anticipations have been disappointed. Instead of improving, the situation has steadily grown worse. In spite of all that the politicians have promised and of all the fussy activities of the fair price experts, it is costing more to live today than at any time since the war was at its height, and many are the Jeremiahs who, either from a spirit of pessimism or from some ulterior motive, continue to assure us that the worst is yet to come. Buy what you need now for next month or in six months hence it will be dearer, is the advice with which, from many directions, the consumer is greeted, and whether this advice is judicious or otherwise there is no doubt that the maintenance of an inordinate price level is promoted by the purchases which it incites.

Yet while the matter is not one upon which even the best informed can speak with an absolute confidence or an unassailable authority, there are some signs discernible which indicate that we are nearing the end of a long, long road, and that the advent of better days is approaching. Some encouragement in this connection may be found in the review of the situation which has just been made by the Federal Reserve Board. In analyzing the reports of its district agencies it states that all of them disclose the existence of an over-strained condition of credit. The price movement is still upward and a tendency toward speculation persists, but interest rates already high are generally rising, and the banks are becoming less liberal and more exacting in complying with the demands of their customers for accommodation.

At Boston it is noted that the shelves of the retail merchants are stocked to capacity, that buyers are curtailing or delaying their orders and are taking chances on deliveries which a few months ago would not have been risked. At Chicago it is the same story. There, also, the feeling is that a period of business depression is impending and that the time for a forced retrenchment whose ultimate inevitableness all intelligent and experienced observers have realized, is at hand. When stocks accumulate on the shelves of the retailer and when buyers hesitate about paying the prices the wholesalers ask, the beginning of the end is at hand.—Long Beach Telegram.

The funny writer often makes the fun to the reader by the awkwardness of his writings.

Never laugh at the faults of another unless you are willing to have the other laugh at your faults.

Extravagance is the using of unnecessary things. The use of that which is necessary is not extravagance.

## VICTIMS RESCUED

Kidney, liver, bladder and uric acid troubles are most dangerous because of their insidious attacks. **Heed the first warning they give that they need attention by taking GOLD MEDAL HAARLEM OIL CAPSULES.**

The world's standard remedy for these disorders, will often ward off these diseases and strengthen the body against further attacks. Three sizes, all druggists. Look for the name Gold Medal on every box and accept no imitation.

#### ANNOUNCEMENTS

**CONGREGATIONAL CHURCH**

Prayer meeting Wednesday, 7:30 to 8:15. School of Missions, 8:15 to

9. Social hour, 9 to 9:30. Everyone invited. This next week Dr. Shedd will be the speaker. Book, "Christian Americanism." March 19, 20, 21 is the great Christian Endeavor convention in Pasadena. Pray and go. Musical program: Morning—Quartet, "I Was Glad" (Dungan); Soprano Solo, "Day of Peace" (Bailey). Anna May Galloway; Gospel Solo, Mrs. Fannie Marple Retts. Evening—Quartet, "Be Thou Exalted, O God" (Danks); Contralto Solo, "There is a Land" (Crownshield). Mrs. Fannie Marple Retts; Gospel Duet, "Nailed to the Cross," W. H. Marple and C. C. Riggs.

**CENTRAL CHRISTIAN CHURCH**  
Rev. Bruce Brown of the South Park Christian Church, known as the White Temple, will speak at 10:30 a. m. The minister will preach at night on the topic, "What Lack I Yet?" A revival meeting will begin on Sunday the 21st, under the leadership of Evangelist Clayton C. Root, well known as a young preacher of great power.

**MINISTERS, NOTICE!**  
The entire committee for the Household Survey should be appointed tomorrow and will meet at the Lutheran Church, Wednesday morning at 9:30 sharp. **CLIFFORD A. COLE,** Surveyor.

**BIG C. E. CONVENTION!**  
March 19-21  
Central Christian Church, Pasadena. Eats, Music, Specialties, Fun. Speakers: Dr. Lincoln Ferris, Dr. R. L. Jarvis, Dr. Brougher, Stewart MacLennan, Wm. Shaw. Are you going? Sure! **COME ON! LET'S GO!**

**ST. PATRICK'S DAY MUSICALS**  
There is going to be a regular good time at the home of Capt. and Mrs. D. Ripley Jackson on the evening of St. Patrick's day when the Music Section of the Players' Club will give a musicale. You are invited. Admission 25c.

**J. C. SHERER**  
announces that he will be a candidate for re-election as **CITY CLERK** at the Municipal Election, April 12, 1920.

**CANDIDATE FOR CITY TRUSTEE**  
I hereby announce myself as a candidate for the office of trustee of the City of Glendale subject to the decision of the voters at the city election, Monday, April 12, 1919. **J. E. PETERS.**

**COOKED FOOD SALE**  
The ladies of the West Glendale M. E. Church will hold a home cooked food sale at 109 N. Brand Blvd., on Saturday the 13th. We invite your patronage.

**CARD OF THANKS**  
We wish to thank the many friends who so kindly remembered us with tokens of sympathy during our recent bereavement, the loss of our dear daughter and sister, Cora. **L. E. JONES AND FAMILY.**

**CERRITOS P.-T. A. DIRECTORS**  
A meeting of the Board of Directors of the Cerritos Avenue Parent-Teacher Association was held Friday afternoon at the home of Mrs. L. C. Richardson at 1856 South Brand Boulevard. Mrs. Percy J. Prialux was appointed to represent the association on the nominating committee of the Glendale P.-T. A. Federation. The Board recommended that the Cerritos Avenue Association support the candidacy of E. H. Hibben for the office of trustee to succeed himself on the Board of Trustees for City Schools. The president, Mrs. Eustace B. Moore, appointed a committee of three to make plans for a May Festival to be given by Cerritos Avenue P.-T. A. on the playgrounds of the Magnolia Avenue School.

**MEN LIVING IN DOUBLE HOUSE QUARREL—FIGHT**  
Roy Clouch, a sailor on the New Mexico, and John Guth, had a quarrel last night which resulted in the latter calling in a doctor. The two men and their wives live in a double house at 126 West Cypress Avenue. Clouch has a furlough every other day while the New Mexico is stationed at San Pedro and spends all of them with his wife. The evidence given in the trial this forenoon showed that Guth went to Clouch's part of the house soon after midnight and quarreled with him. Soon afterward Clouch invaded Guth's bedroom, caught him by the throat and struck him on the forehead, cutting a gash which required several stitches to close. Clouch pleaded guilty to assault and paid a fine of \$25. The men promised to avoid each other in the future.

#### LACK OF INTEREST IN ELECTIONS

"An analysis of the report from the office of the Registrar of Voters develops many interesting and unique sidelights," said an official closely in touch with the affairs of that office. "Some of these are not to the credit of the public spirit of our electors," he continued. "For instance—at the general election in 1918, there were cast 171,691 votes, this being approximately 56 per cent of the number of registered voters. This is a sad commentary on the duties of an elector, but at the same time this vote was very much greater in proportion than the vote cast at many of the elections held in the city of Los Angeles. At the last municipal election, when a mayor was to be elected and there was a considerable contest, only 37 per cent of the voters exercised the privilege of franchise. "From a viewpoint of registration and elections, certain comparisons between Los Angeles and San Francisco are most interesting. During the year 1918, there was held in the county and city of Los Angeles, a total of 37 elections, while in the city of San Francisco during the same year only four elections were held. The total registration in San Francisco city and county was less than 200,000, as compared to 306,304 in Los Angeles city and county, and even at that, at least 100,000 electors in this county failed to register. It is certainly important that all entitled to vote should register at once; not delay until the last moment, and above all things, not fail to register at all."
