Soviet May Accept Terms and Demand Full Recognition

Proposals of Allies Are Telegraphed From Genoa to Moscow Leaders; French and Belgians Are Drafting Their Reservation.

Genoa, May 4.—The Soviet representatives here announced that the terms of the Allies' note to Russia had been telegraphed to Moscow, says the Exchange Telegraph, which adds: "It is stated that possibly Premier Lenin will accept, demanding simultaneously full recognition."

Foreign Minister Tchitcherine of Soviet Russia said to-day the Russian reply to the Allies' memorandum would be delivered in a couple of days.

Paris, May 4.—Premier Poincare and M. Barthou, head of the French delegation at Genoa, have engaged in negotiations with Premier Theunis of Belgium as to the future attitude of the French and Belgian delegations at Genoa on Russian affairs, and an effort is being made to find a text for a reservation to the memorandum to Russia which the conference is likely to accept and which at the same time will satisfy the Belgians.

Until some way is found to satisfy the Belgian delegation, the French will refuse to sign the memorandum to Russia. This means that France will hold aloof from the conference on Russian affairs unless the sub-commission which framed the memorandum decides to withdraw it.

M. Barthou will leave Paris for Genoa to-morrow morning.

Announced at Genoa.
Genoa, May 4.—France's decision to support the opposition of Belgium to the private property clause of the memorandum sent the Russians was announced to-day by the French delegation here, on official information from Paris.

It was added that Vice-Premier Barthou, head of the delegation, would hasten his return to Genoa, arriving here Saturday.

This announcement is believed to mean that France and Belgium will not sign the Russian memorandum until the property clause is further amended in a manner satisfactory to Belgium.

Difficulties.
French representatives here conceded to-day that the more the property clause is amended to satisfy Belgium the less satisfactory it will become to the Soviet Government, and therefore, as the question of nationalized property is a fundamental one for the Soviet, further changes are likely to increase the difficulties of the negotiations.

Belgium desires more definite assurances that property taken over by the Soviet Government will be returned to its foreign owners and not incorporated in Russian companies.

Recognition.
Genoa, May 4.—The Havas Agency says it understands that during the conversations Premier Lloyd George of Great Britain and Foreign Minister Schanzer of Italy held during the past few days, the subject of Russian recognition was considered. The question discussed was whether, in case the Allies' memorandum should accept the Soviet Government as a Government on the Russian Affairs should not be asked to appoint a special commission to examine the possibility of recognizing forthwith the Soviet Government as a Government de jure.

Suggestions.
Genoa, May 4.—Soviet Russia's delegates are expected to accept in general the reconstruction programme framed by the powers, although interposing suggestions regarding its details.

RAILWAY RATE INQUIRY PLANNED

Resolution Moved in Commons by Minister

Ottawa, May 4.—(Canadian Press)—After preliminaries were disposed of in the House of Commons this afternoon, Hon. W. C. Kennedy, Minister of Railways and Canals, moved his resolution providing for the appointment of a select special committee to make inquiry into transportation costs with a view to arriving at some decision in regard to railway rates. The resolution sets forth that it has been disclosed by recent conferences between the Government and the chief executives of the railways that the latter do not think it advisable to reduce the rates on basic commodities immediately in view of expiration of the suspension of the Crow's Nest Pass agreement on July 6 next.

Mr. Kennedy said that when the Government assumed office there was a feeling that freight rates were unduly high. This feeling persisted to-day and it was held that the rates were such as to interfere with trade. The Government was anxious for an immediate reduction in rates. It was felt that a special committee would inquire into the effect of allowing the Crow's Nest Pass agreement to come into effect again. There was no desire on the part of the Government to interfere with the Board of Railway Commissioners so the committee would deal mostly with the rates set forth in the Crow's Nest Pass agreement and not with the general question of rates.

ASSERT TAX RATE IN VICTORIA LOW

City Hall Figures Show Rates in Other Cities

Victoria's tax rate this year will be a heavy increase over the rates of recent years but it will be below the rates of other Canadian cities. This assertion of the City Council is borne out by figures which have been collected by city officials and given out at the City Hall to-day.

These figures show the rates in typical cities for 1921 when Victoria's rate was 29 mills. This year Victoria's rate will be 32 mills on land and one-third of all improvements, but increases also are being put into effect in most western Canadian cities. The 1921 rates in the other cities from which information was gathered were:

Calgary, 46.675 mills on land and 46.675 mills on half of all improvements.

Regina, 43 mills on land and 43 mills on one-third of all improvements. (For separate school services the rate was 46.5 mills on land and one-third of all improvements.)

Winnipeg, 30 mills on land and 29 mills on two-thirds of all improvements.

Port Arthur, 31.66 mills on land and 31.66 mills on half of all improvements.

Edmonton, 39.99 mills on land and 39.99 mills on improvements.

Toronto, 42 mills on land and 23 mills on all improvements. (For separate school services the rate was 27 mills on land and improvements.)

Rates in western American cities are:

Seattle, 40.37 mills on half the value of land and a similar rate on half of all improvements.

Portland, 41.8 mills on three-quarters of the value of land and a similar rate on half of all improvements.

In addition to land and improvements taxes various service taxes are levied in some of the cities mentioned. Calgary levies a service tax, Edmonton levies a tax on income, Regina a service tax on dwellings.

Portland, 42 mills on land and 23 mills on all improvements. (For separate school services the rate was 27 mills on land and improvements.)

GERMAN-RUSSIAN TREATY NOT AGAINST VERSAILLES PACT

Paris, May 4.—The Allied Reparations Commission, it was officially announced this evening, has failed to find that the Rapallo treaty between Germany and Russia is a violation of the Treaty of Versailles.

200 Longshoremen Out on Strike in Montreal Arrested

Montreal, May 4.—Civic police raided a meeting of longshoremen this morning at union headquarters and placed approximately 200 under arrest. This action was an aftermath of Tuesday night's raid on the docks during which two policemen were seriously wounded.

Local longshoremen are not working because of a ten per cent. reduction in their wages imposed by the Shipping Federation, which has employed non-union labor.

A request that the militia reserves be called out to protect the harbor and to permit work to be carried on peacefully was wired to A. Johnston, Deputy Minister of Marine and Fisheries, by Thomas Robb, manager of the Shipping Federation of Canada, yesterday, and was endorsed "on behalf of the respective steamship lines trading in the port of Montreal."

MUST PAY UNION WAGE ON BRIDGE

Engineer Insists Builders Observe Specifications

Preston to Explain Bridge Costs to Public

Union wages must be paid on Johnson Street bridge work City Engineer F. M. Preston telegraphed this reminder to the Canadian Bridge Company, contractors for the bridge superstructure to-day, after he had been informed that one of the sub-contractors did not intend to pay union wages on their portion of the bridge job.

"Union wages are provided for in the bridge specifications and union wages, of course, must be paid," Mr. Preston explained to-day. "The City's contract is directly with the Canadian Bridge Company, so I have no objection to their doing so for them to make necessary arrangements with sub-contractors. Union wages certainly must be paid under these specifications."

Johnson Street bridge wages were discussed by the Trades and Labor Council last night, when members were informed that union wages were not being paid in some portions of the bridge work. The Council decided to take the matter up with the City authorities, but Mr. Preston's insistence that the bridge specifications must be strictly observed probably will remove the difficulty.

Mr. Preston announced to-day that, beginning Monday, he would be in his office from four to five every afternoon during the rest of the week to explain bridge costs to ratepayers who make no objection to them.

Signor Schanzer replied favorably to the proposal and, according to the spokesman, is awaiting a letter pledging the Turkish Government to grant concessions agreed upon.

Belfast, May 4.—Five civilians, including a nine-year-old girl, were wounded to-day during fighting incident to the raiding of the branch of a Belfast bank at Bunrara, County Donegal, by armed men. Free State troops arrived on the scene while the raid was in progress, but the raiders managed to escape in a lorry with considerable booty.

TRUCE RELEASING GOES INTO EFFECT

Two Factions of "Republican Army" to Meet To Negotiate on Unification Plans

Dublin, May 4.—A truce between the rival forces of the "Irish Republican Army" has been declared, it was announced this afternoon. The truce is operative from 4 o'clock this afternoon until 4 p.m. Monday, with a view to giving both sections of the army an immediate opportunity to discuss a basis for army unification.

The provisions of the truce are: Clause 1. All operations except training and ordinary army routine will cease.

Clause 2. All penetrative operations will cease.

Clause 3. Both sections will cooperate to maintain order and prevent acts of aggression against persons or property.

The document is signed by Owen O'Duffy and Liam Lynch, the Chiefs of Staff of the rival forces.

DEATH LIST IN IRELAND GREW

Belfast, May 4.—Numerous cases of prison and other outrages continued to be reported yesterday from various places. Two men were shot dead yesterday on Coal Island. The post-offices at Waterford and Clonmel were seized by armed civilians, enrolling a detachment in the postal service, but the train service from Dublin to the South was resumed.

TEN WOUNDED IN KILKENNY

Dublin, May 4.—Ten members of the regular "Irish Republican Army" forces were wounded during the two days' operations in Kilkenny, says an official statement issued from the Beggar's Bush headquarters. There were some casualties among their forces and 103 prisoners were taken.

NON-AGGRESSION PACT APPROVED

France Makes Reservations Under Her Treaties

Wishes Freedom to Move Against Germany

Paris, May 4.—The French Cabinet this afternoon approved the text of the proposed non-aggression pact, under consideration at Genoa, with the reservation that it must not be interpreted as withdrawing from France any rights she has under treaties.

The Ministers spent the entire morning session of the Cabinet in studying the text of the pact, originally proposed by Premier Lloyd George and brought to Paris by M. Barthou, head of the French delegation at Genoa.

It was deemed necessary to make reservations regarding the rights of France to make use of the prerogatives conferred by the Treaty of Versailles for the military occupation of German territory as a penalty for non-fulfillment of the treaty.

LOSS IN MANITOBA CAUSED BY FLOOD

No Deaths in Assiniboine River Reported

Brandon, Man., May 4.—Reports of horses, cattle and all kinds of debris going down the Assiniboine River were received here last night, but so far no loss of life has been reported in connection with the floods in the valley of the Assiniboine, which has assumed the aspect of an inland-dotted lake.

The flood conditions seem to prevail in the Assiniboine River only, as reports from Rapid City and Minnedosa state there has been practically no rise in the Little Saskatchewan.

The current in some parts is very swift and difficulty is being experienced in reaching some houses, as boats cannot be used. In one instance it was necessary for horses to swim a considerable distance to bring a party to safety.

Heavy loss to seeded fields is likely to result.

EARL FRENCH AGAIN VISITING UNITED STATES

New York, May 4.—Field Marshal Earl French, Commander-in-Chief of the British armies during the early part of the World War, arrived to-day on the American continent for his second visit to the United States—a purely personal visit, he explained, without a mission of any form. He was greeted at the pier by a group of British war veterans.

He exchanged rapid greetings in mid-ocean with Marshal Joffre, returning to France.

URGES GROWTH OF CANADIAN UNITY

Gouin Addresses Newspapers Association; Meighen Also Speaks

Montreal, May 4.—Sir Lomer Gouin, Minister of Justice, and Right Hon. Arthur Meighen, leader of the Opposition in the House of Commons, voiced their views on the powers and responsibilities of the press at the convention of the Canadian Daily Newspapers Association here last night. Sir Lomer urged upon his hearers the opportunity and duty of brushing away inter-provincial and inter-racial bickering and jealousies, while Mr. Meighen dwelt on the international situation and the power of the press to help straighten this out, and expressed the opinion that the press was not doing its best.

DESIRES BRITISH VIEW TO PREVAIL

Smuts Wishes Militarism Defeated at Genoa

Recoils From Idea of Two Armed Camps

Cape Town, May 3.—(Canadian Press Cable)—Premier Smuts of the Union of South Africa, in a statement to the Cape Times on the subject of the Genoa Conference, said he prayed for victory for Lloyd George for if that resulted from the conference was the Russo-German Treaty and the division of Europe into two armed camps, Europe would irrevocably split and Genoa would become a new and fatal milestone in European policy.

General Smuts said that if the faith of France and Russia in militarism should prevail, the desire of Britain, countries lately neutral and many late enemies for disarmament, which policy Britain was adopting on land and sea, would yet prove a fatal blunder and it would be far better for Britain to face realities at once and arm in her turn.

Unless the League of Nations could succeed in modifying the militarist policies of Poincare and Tchitcherine, disarmament must disappear throughout Europe and Armageddon would become the only goal of Western civilization.

INQUIRY INTO 1919 LEGISLATION

Commons Considers Immigration Act and Criminal Code

Ottawa, May 4.—(Canadian Press)—A special committee of the House of Commons will be constituted to consider the purpose of repealing the 1919 amendments to the Immigration Act and to that part of the Criminal Code relating to sedition were passed and were later the subject of criticism. Last year a bill was introduced for the purpose of repealing the amendments to the Immigration Act, but it was defeated in the Senate. This year Mr. Woodworth introduced bills for the purpose of repealing the amendments to both the Immigration Act and the Criminal Code, and these have now been referred to a special committee on the suggestion of the Prime Minister.

Speaking on this bill in the House of Commons yesterday afternoon, Mr. Woodworth said there were three pieces of legislation which were dovetailed into one another. These were the amendment to the Immigration Act, and amendment to the Criminal Code regarding sedition, both passed in 1919, and the Naturalization Act.

These three, read together, had the effect of depriving a large section of the people of trial by jury, and also of restoring a condition which went back to a date before Magna Charta. They made it impossible for a man who was declared undesirable to secure a domicile in Canada, thus depriving him of the right to appeal to the courts against deportation. As a native-born Canadian, Mr. Woodworth appealed to other Canadians by birth to assist him in removing this disability from British-born residents of Canada. His bills had this object in view.

S. W. Jacobs, Liberal, George B. Macdonald, Conservative, do not object to a man being declared undesirable. (Concluded on page 2)

BEATTY URGES IMMIGRATION SO EASY TO BE WELL AND STRONG

Head of C. P. R. Speaks at Annual Meeting Says Recovery Taking Place in Canada's Business

Montreal, May 4.—The annual meeting of shareholders of the Canadian Pacific Railway was held at the head office of the company here yesterday. Proceedings were of a purely formal nature. The usual large number of shareholders attended and displayed much interest in the speech of E. W. Beatty, the president.

The address was of an optimistic nature, and after laying down his belief in the adoption by the country of a wider immigration policy, he referred to conditions in the country itself, pointing to the general recovery which was taking place at present in both industry and business, and expressing his confidence in the future prosperity of Canada and readiness of the Canadian Pacific Railway to enter wholeheartedly into this development with the best of its ability.

Three directors of the company had completed their four-year term of office with the last fiscal year in the persons of Lord Shaughnessy, J. K. L. Ross and Sir Thomas Skinner, and stood for re-election. Upon the casting of the vote they were returned to office for another term.

Stock.
 A new by-law was carried for the approval of the meeting provided that holders of certificates for debenture stock carrying interest may, if the directors so determine, surrender their certificates in bearer form and be entitled to receive in return a certificate registered in the holder's name, bearing the same interest and paid at the same time, but without coupons. Shareholders of such certificates may any time surrender them in exchange for coupon bearing certificates.

Immigration.
 Discussing the immigration question, Mr. Beatty remarked: "In my opinion, Canada cannot afford to be without a definite and forward immigration policy much longer. While it is urged that the depression both in agriculture and in general industry, with consequent unemployment during the past winter, is a reason why active immigration measures should not be taken, it must not be forgotten that there are types of immigrants that can be readily obtained in this country without the possibility of adding to the burdens of the country. The immigration of young people of British stock can be accomplished without affecting in any material degree the existing situation respecting unemployment. The immigration of domestic servants in substantial numbers may reasonably be encouraged and the immigration of agriculturists from North Europe, Great Britain and United States, who can only be secured in limited numbers, should be actively prosecuted. In addition, the Government would, I think, be well warranted in framing a policy designed to perfect more general immigration of carefully selected types from countries, the people of which have heretofore come to this country and succeeded under certain conditions. It must not be forgotten that Canada's opportunities deserve widespread recognition, and that if adequate machinery is now begun to be set up, it will not be until 1923 that the results of the Government's activities will be felt. Unless we feel that conditions in this country are not to be improved for some considerable time to come, it would appear that the preliminary steps to obtain immigrants in substantial numbers should be taken without further delay."

Company's Work.
 "The Canadian Pacific for many years has been the most active colonization agency in Canada. Settlers to the number of 54,000 have been placed upon its lands alone and the cost of the company's activities in land settling, irrigation and colonization since its incorporation has been extremely large, amounting in the aggregate to approximately \$68,000,000, an amount in excess of the total expenditure of the Government for immigration during that period."

Freight Rates.
 In the part of his speech dealing with freight rates, Mr. Beatty said: "Reductions took place during the year in both rates of wages and in freight and passenger rates. The former, which became effective July 16 last, was equivalent to a reduction of 9.93 per cent on the then existing rates."

Earnings.
 Mr. Beatty, analyzing the annual report of the company, said: "It indicates in a vivid way the effect on the company's operations of the acute depression through which the business of the country passed during 1921, and it is a matter of gratification that, notwithstanding the decrease in net earnings of \$22,619,000, the economies which were effected resulted in somewhat increased net earnings and, of course, a slightly larger surplus after paying fixed charges and usual dividends on the preferred and common stocks."

FLOOD LOSSES IN ILLINOIS

Chicago, May 4.—More than \$250,000 will be required to make good the losses caused in Illinois by the recent floods, it was reported by Walter Davidson, manager of the Central Division of the Red Cross, on his return here to-day from Springfield.

Mr. Davidson reported that 200,000 acres still remain under water and that the winter wheat, alfalfa and potato crops have been destroyed and thousands of bushels of corn stored for stock feeding have either been lost or waterlogged. Six hundred families of tenant farmers, it is estimated, will need assistance.

BRITISH INCOME TAX CHANGES PLEASE FARMERS

London, May 4.—(Canadian Press Cable)—Agriculturalists have expressed satisfaction with the budget proposals. The concessions to farmers mean that nearly every farmer with rent not exceeding £300 yearly will either be exempt entirely from paying income tax, or he will have to pay only a small sum, when personal allowances for himself, his wife and children are to be considered.

The Committee on Agriculture is busying itself in an endeavor to secure further amelioration of the local assessments on agricultural land. Under the Act of 1898, the Treasury contributed half the local taxes on such land, the sum so collected, however, being fixed. Meantime the local taxes have risen so considerably that the Exchequer now contributes considerably less than half the total.

LOUIS F. SWIFT WAS FINED \$100

Chicago, May 4.—Louis F. Swift, Jr., son-of-the-wealthy packer, paid a fine of \$100 and costs when he was arraigned in court at Evanston yesterday on a charge of disorderly conduct growing out of an automobile collision March 28.

A charge of driving an automobile while intoxicated was not pressed.

BECAME "CONFUSED" AND SHOT WOMAN

New York, May 3.—Hundreds of office workers strolling through the corridors of the Metropolitan Life Building at noon yesterday saw a lovers' quarrel converted into a near tragedy.

Walter Michaelow, 51, a broker, and Mrs. Anna Carr, 31, strolled through the building engrossed in an argument. Suddenly Michaelow drew a pistol. Mrs. Carr screamed and the broker fired three shots. One lodged in her back, one in her arm and the third went wild.

Michaelow told the police he had purchased the pistol to end his own life because of his jealousy of Mrs. Carr. When she screamed, he declared he became "confused" and fired at her instead. The woman will recover.

TWO AVIATORS WERE KILLED

David City, Neb., May 4.—Paul Green, an aviator who formerly lived here, and his mechanic, Arthur Graves, were instantly killed yesterday when their plane fell 1,700 feet. Spectators say they saw a wing separate from the body of the machine and the plane go into a nose dive.

FORGERY CHARGE

Toledo, Ohio, May 4.—A few hours after A. B. Vincent, 32, had started his first day's work in Toledo yesterday he was arrested by detectives on a warrant charging him with forgery on a Los Angeles bank. Information from Los Angeles is that he deposited cheques amounting to \$1,100 and shortly after withdrew \$900. The cheques were worthless.

London, May 2.—(Canadian Press Cable)—Queen's Park, the famous Scottish amateur soccer team, which was one of this year's relegated clubs, is expected to resign from the league sooner than submit to the humiliation of playing in the Scottish Second League.

BROADER SCOPE WANTED.

Every individual who understands anything about tuberculosis and its ravages will support the various suggestions which a delegation of the Tubercular Veterans' Association placed before the Hon. J. D. MacLean yesterday afternoon.

pointment of a Commission would produce the results that a real awakening of public interest should assure through more extended operations of the Provincial Board of Health under Dr. H. E. Young.

What is wanted is a broader scope for the Board of Health and a larger grant from the Legislature by which Dr. Young could inaugurate a campaign that would comprehend the organization of public sentiment in favor of State care and control of its tubercular population.

In the meantime we would suggest to the Association that it exert as much energy as it can in its own behalf and so prepare the way for action when the local House meets in the Fall of the present year.

ANOTHER IRISH TRUCE.

Only a few months ago the British Government and Sinn Fein Ireland agreed to call a halt and put an end to fighting which had been going on ever since the rebellion of 1916.

The document signed by the chiefs of staff of the rival forces provides that all operations shall cease and that both sections shall co-operate to maintain order and prevent acts of aggression against persons or property.

Every individual who understands anything about tuberculosis and its ravages will support the various suggestions which a delegation of the Tubercular Veterans' Association placed before the Hon. J. D. MacLean yesterday afternoon.

NOTE AND COMMENT

In China a battle has been raging for the possession of Peking. In Ireland the two hostile elements of the former "Republican Army" have proclaimed a truce.

Major Blake, who proposes to undertake a flight around the world, has flown from London to Paris and back twice in a little over twelve hours.

Irishmen who are members of the former "republican" army have agreed not to fight one another. After this would anybody dare prophesy failure for the Genoa Conference?

Sir Robert Borden has explained to The London Times that the embargo against Canadian cattle is recognized in this country as a domestic concern and that Canada's interest in the controversy originally centred in an objection to a fiscal policy that was being carried out under the guise of a sanitary regulation.

SUNDAY OBSERVANCE.

To the Editor:—I have read the Times report of the Mayor's meeting on Sunday evening at the Methodist Church, and in conversation with several who were there I am told the report is accurate.

WALTER FOSTER.

Colquitz, P. O., May 3, 1922.

SUNDAY OBSERVANCE.

To the Editor:—Dear beloved brethren, I take for my text this evening the 20th verse of Exodus, the 8th verse: "Remember the Sabbath Day to keep it Holy: six days shalt thou labour and do all thy work but the seventh day is the Sabbath of the Lord thy God; in it thou shalt not do any work, thou nor thy son, nor thy daughter, thy manservant, nor thy maidservant, nor thy cattle, nor thy stranger that is within thy gates."

The resolution presented at this meeting, and which by the way was carried by a standing vote because the organist struck up the National Anthem, and everyone naturally stood up, reads partly as follows: "To resist the encroachment at present aiming at the overthrow of the Sabbath and the destruction of the institution that has proved to be essential to the well-being of any nation."

Why, then, are our Police Commissioners and clergy working to put others out of business, preventing them from earning a fair living, when they themselves countenance labor on the Sabbath in the cause of Christianity? This does not accord with my views of Christianity.

movement to open all stores on Sunday, and not only this but nearly all business hours are governed by city by-laws.

Another statement made at the meeting reads "Is there any reason why a man should be forced to work seven days a week?" and "Is it not for the purpose of the pocket money dollar? Why, I should like to know, does he conclude the men who operate and own stores in question work seven days a week, and these say it is necessary so to do in order to provide for their families and themselves, why should they be any objection. Will the churches and the Police Commissioners look after and provide for the men and families who will undoubtedly be affected if the L. D. A. is enforced?

CAPITALIZED LABOR.

To the Editor:—In a recent address to the Rotary Club Dr. Adam Shortt said "Millions of dollars are annually through disagreements between capital and labor."

There are four million organized workers in the United States, and forty-four million persons engaged in gainful occupations, according to the official report. Now it is common knowledge that the non-union workers rarely or ever go on strike, chiefly because he uses his own judgment and takes no orders from the waiting delegate. Thus it would appear that the four million organized workers, collectively, actually worked for \$3 a day less than the great and mighty unorganized, and paid dues, fines and assessments into the bargain.

CLOSING TEMPORARY MINISTRY

At the First Unitarian Church on Sunday morning Alexander Thomson will conclude his connection with the church by conducting the last service before leaving for an engagement in the United States.

LAYTON RETAINS TITLE.

At the meeting of the Margaret Rocke Robertson Chapter, I. O. D. Miss Tait was delegated to represent the Chapter on the Maternity Bag Committee and will also, with Miss Fowkes, decorate the soldiers' graves in Ross Bay Cemetery during the present month.

An excellent report of the Provincial annual meeting was given and the regent, Mrs. Gordon Smith, was appointed the Chapter's delegate to the National Chapter, I. O. D. E., which will meet in June at Vancouver. Four new members were received into the Chapter and one proposed.

GIRL GUIDE NOTES

The Fowl Bay Company all met at the home of the Victorian Order of Nurses on Saturday, when Miss Corbett, of the V. O. N., gave a most interesting talk on the best way to bath a baby. Miss Corbett had with her the little baby first weaned and demonstrated with a life-sized baby doll. At the beginning every Guide thought of something necessary for baby's bath and made a guessing game of their suggestions. Guide, Elsie Miles, was able, from practical knowledge, to obtain the proper heat of the bath and read a bath thermometer. Miss Corbett very graciously offered to give another afternoon sometime soon to demonstrate baby foods and the dressing of older children.

Meeting Postponed.—The recently announced organization meeting in Esquimalt has been postponed to Friday, May 12, in the Lamson Street School at 8 p. m. Miss Leighton, Commissioner for Victoria, will speak.

The meeting is being held under the active patronage of the Esquimalt Women's Institute, and lantern slides will be in charge of Miss Hunter, captain of the Fowl Bay company. Miss Gandy, Co-Chairman, will be the captain of the company. She saw active service as a V. A. D. during the Great War and has been interested in Guide work for some time. A good sized company should be easily formed, considering the exceedingly helpful things Guides learn and the many good times they enjoy.

James Bay Company.—The James Bay Company under Miss Cotton is busily engaged in working for badges and preparing a play to be given shortly. The proceeds will go towards the company's camping fund for their holiday camp on the Sooke River. There are now three patrols in the company, which numbers twenty-four.

Sooke Company.—Miss Cotton has also organized a very wide awake company at Sooke, numbering twenty-four. They are already working for second class badges. This company will join the Metchorin Company in June for a huge picnic and Guide field day.

STRAWBERRY VALE W. I.—Strawberry Vale Women's Institute met at the institute rooms on Tuesday afternoon with a very fair attendance of members. Plans were made for a concert to be held on May 17, under the capable direction of Mrs. Watkins, to add the building fund. A rummage sale is also under way for the end-of-the-month-theater to be announced later. All members and friends of the institute are asked to send articles of wearing apparel, boots, magazines, etc., to the rooms on Chandler Road, at an early date.

A very instructive talk on egg production, the raising of young chickens, and the care of poultry in general was given by Chief Instructor Terry, after which the meeting adjourned.

Cuticura Heals Itching Burning Pimples on Face

"My face was entirely covered with pimples which not only disfigured me but bothered me with itching and burning. They were large, hard and red, and after a while began to fester. They itched so that I had to scratch them which made the burning more intense. I used various salves and creams but they gave no relief. The trouble lasted for nearly three months until I heard of Cuticura Soap and Ointment. I sent for a free sample. In about a week a decided improvement was made so I bought more, and two cakes of Soap with one box of Ointment healed me." (Signed) Elmer V. Foss, 7 Ocean View Ave., East Lynn, Mass.

FOR CHILDREN THE SANDMAN STORY FOR TONIGHT

DANNY BEAVER HELPS MR. FOX

Mr. Fox was pretty angry with Mr. Coon and he wanted to get him out of his neighborhood. The reason was that Mr. Coon was interfering with Mr. Fox's poultry business, for unlike Mr. Fox, Mr. Coon does not use wisdom about visiting the farmyards and goes back night after night until the Farmer finds out that about all the places he planned to visit had traps or Mr. Dog and Mr. Man were on the look-out and he was getting pretty hungry as well as angry.

Made in two forms—a colorless, clear liquid (one drop does the trick) and an extra thin plaster, use whichever form you prefer; plasters or the liquid—the action is the same. Safe, gentle. MME. FAHEY TO SING "CASTA DIVA"

Lovely Aria From Bellini's Opera, Specially Arranged

"Casta Diva," the beautiful aria from Bellini's "Norma," which will be included on her programme at the Royal Victoria Theatre to-morrow evening, has been especially arranged for Madame Lugin Fahey by Carboni. It offers a rare opportunity for her to display her perfect legato and brilliant coloratura work.

Signor Carboni, who has been coaching Mme. Lugin Fahey in operatic roles, predicts a wonderful future for this singer, who has already won the hearts of thousands on the Pacific Coast and in the East.

That Toronto visit with its sister cities in appreciation of this charming singer is borne out by the following:

"A special number which is but rarely heard in these days was the 'Inflammatus' from Rossini's 'Stabat Mater' for the full choir, with Mme. Lugin Fahey as the soloist. The ensemble was very effective, while Mme. Fahey took her part with artistic finish, rising to a ringing climax on the high C.

"Mme. Lugin Fahey added to her numerous triumphs this season in a choice selection of solos. She gave an exceptionally appealing rendering of Debussy's 'Air de Lia' from his 'L'Enfant Prodigue,' to which she imparted affecting poignancy of expression. The aria is considered one of the composer's best creations. The singer won other laurels during the evening, but one may mention her brilliant vocalization in Ardit's 'Seran Rose,' in which her florid embellishments were free from that thinness of tone which is usually associated with coloratura selections; her impressive singing of Rachmaninoff's 'O, Thou Billowy Harvest Field,' and her taking treatment of Codina's 'Song of the Robin Woman.' Mme. Fahey had given a couple of encore numbers in order to satisfy her audience."

MRS. JOE NORTH MADE CLAIMANT IN INTERPLEADER ACTION

In a judgment handed down by Mr. Justice Gregory in the Supreme Court to-day Mrs. North is declared the claimant in the interpleader issue of North versus Siciliano, the latter being an executor in credit.

The interpleader is to determine the ownership of the goods and chattels of the North residence, seized by Sheriff Richardson, and the same with the judgment awarded against Commissioner North.

J. B. Clearhue acted for Mrs. North, with Frank Higgins, C. C., for former detective Samuel Siciliano.

LARGE THROGS ATTEND SOOKE FUNCTION

A long string of vehicles was seen on the road out to Sooke last evening. The Hudson's Bay Company Association had occasioned the invitation of the Sooke Athletic Association, and turned out two hundred strong to show their enthusiasm, and interest in the kind offer of the club.

A basket picnic was made of the affair, and together with the splendid sports programme given by the Sooke Athletic Club, the evening was a success. It was a decidedly successful evening for the hosts, as the throng that attended was the largest yet that they have ever entertained. The ladies' and gentlemen's basketball teams met in a keenly contested basketball game. This opened the programme, but dancing was indulged in later on in the evening, and the Hudson's Bay orchestra was certainly an indispensable feature of the programme.

At the close of the evening a hearty vote of thanks was offered to the Sooke Athletic Association for the delightful evening given them.

HOSPITALS FOR CRIPPLED CHILDREN

Five Such Institutions Now Building by Shriners

That hospitals for crippled children were being planned was stated by the Right Rev. Frederick W. Keator, Bishop of Olympia, and Past Illustrious Potentate of the Affi Temple, Tacoma, a member of the Imperial Court of the Mystic Shrine, to a gathering of the Gizeh Temple last night. Members of the Gizeh Temple in Victoria have been most active in their endeavor to have one of the hospitals established in this Province. Representatives from British Columbia are to attend the next session of the Imperial Council of the Mystic Shrine at San Francisco in June, where further representations along these lines are to be advanced.

Details of the hospital project were outlined by the speaker, Dr. Keator. His Lordship said that over one million dollars will be raised annually for this purpose. This is obtained from a levy on the members of the various groups on this continent.

Five such hospitals are now under construction, it was stated, at costs ranging upwards from \$150,000, with \$150,000 paid for the site of the first institution. Many centres are donating sites for this purpose. The hospitals are to be operated by boards of local councils.

Illustrious Potentate Dr. H. E. Young, of the Gizeh Temple, presided.

WHAT THE CLUBS ARE DOING

A Presentation.

President W. C. Shelly, of the Vancouver Rotary Club, handed over the reins of office Tuesday to R. M. Millar, when the officers for the ensuing term were installed by Rotarian Alex. McFarlane. Advantage was taken of the occasion by Mr. McFarlane to present Mr. Shelly on behalf of the club with a gold watch fob as a token of regard for his fellow members.

Encouraging reports of the various departments of the work were presented to the congregation, including those from the general church board, by Mr. Briggs; the Sunday school, by J. Collett; the Ladies' Aid, by Mrs. H. Ormiston; the Missionary Society, by Mrs. Hibberd; the Epworth League by Elwood McNeil; the Mission Band, by Mrs. J. Johnson, and the Trail Rangers, by Rev. W. C. Frank.

A bright musical programme and refreshments ended the evening's ceremonies and entertainment. Following the entertainment a presentation was made by the members of the choir to E. Musgrave, retiring choir master, consisting of an address and purse. Mr. Musgrave is leaving the city.

TOLD TO SHIP LIQUOR TO B. C.

Winnipeg-Ontario Liquor Inquiry in Toronto

Toronto, May 4.—James Haverson, K. C. before the Public Accounts Committee of the Legislature of Ontario yesterday, said that James Hales, of the Board of License Commissioners, had told him that if the United Shippers of Winnipeg would send their liquor to British Columbia, the prosecution of them would be dropped. Asked if he had seen the Attorney-General about the matter, Mr. Haverson said: "The Attorney-General was practically represented in Mr. Hales."

Later the Attorney-General had told Mr. Haverson: "You had your chance," meaning, according to Mr. Haverson's interpretation, "he was not going to hold out salvation to a man forever, and that if you had sent your liquor to British Columbia, with having drawn up the Ontario Temperance Act, said that when the Manitoba Government went into the liquor business, the United Shippers had a good deal of liquor which the Manitoba Government did not buy. This was shipped back to Ontario, and two caravans were sent at Rainy River. The License Board came to the conclusion that it was unwise to go on with the appeal at Fort Frances which had been dismissed by the county judge."

An interview. He and Hart Green, of Winnipeg, solicitor for the United Shippers, had a full interview with Mr. Hales. On January 3, Mr. Hales rang me up and said that he would be disposed, if we would take the liquor to British Columbia in one consignment, to drop the whole matter," said the witness.

Asked if Mr. Hales had told him to ship it to British Columbia, the witness said yes.

NORTHCLIFFE QUILTS LONDON NEWSPAPER PROPRIETORS' GROUP

London, May 4.—(Canadian Press Cable)—Lord Northcliffe, in resigning from the London Newspaper Proprietors' Association, declared that the association was of great value during the war in fighting the Press Bureau and press control, "but the situation now is quite different."

Lord Northcliffe said: "Capitalists have come into Fleet Street who have made fortunes in other industries, with no experience of newspapers at all, and it is unreasonable that they should take part in dictating conditions and wages of printers to books who have been associated with newspapers and printers all their lives."

Lord Northcliffe strongly objected to certain proposals for reductions of newspapers at all, and it is unreasonable that they should take part in dictating conditions and wages of printers to books who have been associated with newspapers and printers all their lives."

CHERRY SEASON IS BOOE IN CALIFORNIA

Butter Market Expected to Be Lifted Next Week

That cherries are ripe is the weak voice heard from the South, but Victoria is out of the line of deliveries yet. The consignment which was received in the Sound city was just one box, but it is sufficient to announce the opening of the early cherry season. Yacaville, California, has the pleasure of delivering the first consignment, and the quotation supplied with this extreme early arrival was \$19.00, or \$1.25 a pound, rather high, but wholesalers are elated at the hearing of the exceptionally early arrival of this luscious fruit.

An impregnable barrier has been set up by the butter market, and this barrier can be broken down until the middle of next week. The fact remains that the price is a high one for this time of the season and should have been on a low level a week ago.

Some of the best minor consignments to this western port, one store in town receiving seven crates, another, and considering themselves lucky. But it is the general belief around the retail district that butter due to make its regular trip about Wednesday of next week, when supplies from the Prairie Provinces and Eastern points are obtained.

Fluctuations on the retail market today were only nature's capriciousness. A market, many of the prices dropped off a point. Local asparagus was reduced five cents, but green peas reversed their trend and commenced to climb this morning, taking as a foothold further market assistance. Asparagus meted out an incline and is now asking 25 cents for two pounds. Hothouse rhubarb was one of the commodities to take a big drop this morning, the quotations of 40 cents being replaced by three pounds for 25 cents. The quotations have been revised as follows:

TO-DAY'S TRADING IN WINNIPEG MARKETS

Winnipeg, May 4.—The local wheat market was easier throughout today's session and closed lower for May, and down for July from yesterday's final quotation.

Trading in the May future is gradually becoming lighter, with the traders taking local wheat for the July future. Both futures opened lower. During most of the day May spread between 117 1/2 and 118 1/2, while July in the session it was steady around 141 1/2. July spread between 119 and 121 1/2, both steadily around 117 1/2 during the final hour.

The coarse grains were quiet and featureless, with prices generally easier all round.

Trading was very light in all cash grains.

Wheat premiums were higher to 10 cents lower. Cash coarse were extremely quiet.

Flour quotations totalled 488 cases, of which 237 were wheat.

WHAT MRS. PARLEE SAYS OF DODD'S KIDNEY PILLS.

Sussex, N.B. Woman Who Suffered From Many Forms of Kidney Trouble Sings the Praises of Dodd's Kidney Pills.

Sussex, N.B., May 3.—(Special)—Mrs. L. Parlee, who lives on Broad Street here, is another of that great army of Canadian women who are always ready to say a good word for Dodd's Kidney Pills. Every one of them has a reason.

"I have found Dodd's Kidney Pills of good value to me," Mrs. Parlee states. "I had typhoid and it left me with milk leg, I suffered also from cramps in the muscles, headache, headache and heart flutterings. My sleep was broken and unrefreshing. I was always tired and nervous and had dark circles under my eyes.

"I took two boxes of Dodd's Kidney Pills and they have done me a lot of good. I have found Dodd's Kidney Pills the best I ever used."

Mrs. Parlee's troubles came from the kidneys. Ask your neighbors of Dodd's Kidney Pills are not the most reliable of all kidney remedies. —(Adv't.)

C. P. R. Memorial Plaque Erected to Memory of Men Who Died in War

The above is a reproduction of the handsome bronze plaque which now adorns the Belleville Street steamship offices of the B. C. Coast Steamship Service. The memorial to those of the war 1914-18 was unveiled last Friday, when other memorials were similarly unveiled at all important points of the Canadian Pacific system. The inscription reads:

"This tablet commemorates those in the service of the Canadian Pacific Railway who, at the call of King and country, left all that was dear to them, endured hardship, faced danger, and finally passed out of sight of men by the path of duty and self-sacrifice, giving up their own lives that others might live in freedom. Let those who come after see to it that their names be not forgotten."

T. B. COMMISSION FOR B. C. IS URGED

Tubercular Veterans Ask for Better Conditions

The Tubercular Veterans' Association, represented by J. A. McPherson, E. Coles, P. A. Stock, E. A. Burton and E. Keen, and introduced by J. B. Clearhue, M.P.P., asked the Hon. J. D. MacLean, Provincial Secretary, yesterday afternoon for the appointment of a Provincial Tubercular Commission to educate the people on the tuberculosis menace.

They also asked for a free chest clinic under a specialist, strict enforcement of Provincial regulations against spitting in public places, and if it were going on at Tranquille it could be stopped, but the Government has not the necessary control over hospitals.

He said that present accommodation in hospitals for tubercular patients was inadequate, but it was a case of finance and despite efforts to arouse public opinion the public as a whole was not alive to the situation.

Laws against spitting are already in the Statute books, he pointed out, and if municipalities fail to enforce them pressure should be brought on municipal bodies.

Dr. MacLean said that the Provincial Government would support any representation to the Dominion Government for an extension of the period within which an ex-service man must develop tuberculosis in order to be cared for.

Mr. Rules Against T.B. Men.

He explained that there is no regulation against employment of any discharged tubercular patients in the civil service, but the trouble is that the public does not appreciate the fact that a patient educated to take proper measures would be safe in any office and there is as a result, a sentiment against employment of such men.

Dr. MacLean said that already appointment of a commission has been under consideration, the chief question being that of obtaining the proper type of men who are interested in the problem of improving conditions. The question of a clinic here has not been considered yet.

He said that it would not be possible to prevent people suffering from tuberculosis from coming into the Province until all provinces get together and adopt some uniform policy.

Canon Hinchliffe, M.P.P., was to have accompanied the delegation, but was detained in Vancouver.

cases do not develop for three, four or five years after discharge.

The Saskatchewan system of a commission marking favored suspects from advanced cases and of the lack of accommodation at Tranquille for friends visiting patients.

Criticism was made of the system at the Jubilee Hospital where no provision is made for segregating suspects from advanced cases and of the lack of accommodation at Tranquille for friends visiting patients.

Complaint was also made that tubercular patients have difficulty in obtaining employment and men found it useless to apply to employers when the labor market was flooded with able-bodied men.

Public Not Aroused.

Dr. MacLean said that he would have investigated the statement that at Tranquille visitors were permitted to sleep in beds which had been occupied by advanced cases. He said that he was certain that if there was accommodation medical men would not permit the admission of such advanced cases in hospitals. If it were going on at Tranquille it could be stopped, but the Government has not the necessary control over hospitals.

VICTORIA REAL ESTATE BOARD IS OPTIMISTIC

Conditions Presage Business Improvement

P. R. Brown Elected New President

Reporting a year's work of progress, of service to its members, and to the public, the Victoria Real Estate Board held its annual meeting in the Pemberton Building yesterday afternoon, with President Alfred Carmichael in the chair. Mr. Carmichael, in a brief statement to the Board, outlined what had been accomplished during the past term of his office.

The Board has played an important part in the affairs of the city, and has always taken a keen interest in all matters pertaining to lands, assessments and the general betterment of business generally.

The New President.

Percy R. Brown was elected president for the ensuing year, and on assuming office he thanked the members for the honor paid him. He expressed the conviction that through the efforts of the Board in maintaining a high standard of business in the realty market a steady development and a period of prosperity was assured, now that conditions indicated an improvement in the business world generally. Mr. Brown is probably the youngest chairman that has ever presided over a real estate organization in the city, and he was welcomed heartily upon his election to the presidency at the meeting.

Signs of Improvement.

A firmly established feeling of optimism was evidenced at the meeting, at which a considerable amount of business was dispatched. It was pointed out that quite an amount of building was going on in the city, and there were many hopeful signs of an improved condition of things generally.

Thirty-eight firms in the city are now represented on the Board.

National Meeting.

It was decided to send a strong Victoria delegation from the local Board to the National Association of Real Estate Boards' convention, which will be held in San Francisco, May 30-June 3, and it is hoped that Past-President Alfred Carmichael will win for Victoria the best five minute speeches on "My Own Home Town." It is probable that five members at least will attend the convention.

The Board passed a resolution expressing its appreciation of Dr. Short's splendid address at the recent luncheon held by the Board, in connection with the decision to hold another luncheon in the near future at which Alderman Leeming and Gillespie will be asked to speak on matters of administration affecting real estate.

"Various matters of an internal nature were discussed. The financial report showed that the organization was in a very favorable position." It was agreed that the new

scale of fees was conservative, reasonable, and very favorable to the public.

Goodlake and Webb were appointed auditors for the ensuing year.

"Awakening of Pacific."

F. Landsberg reported that the Publicity Bureau had been approached with a view to having 10,000 folders containing the address made in London by Agent-General F. C. Wade, K. C., on the subject: "British Columbia: The Awakening of the Pacific," printed and distributed. It was hoped that this would be possible owing to the great value of the paper, both from the standpoint of the information it contained and its publicity value affecting this section.

The Annual Report.

In his review of the work of the Board during the past year, Mr. Carmichael referred to the following:

Eight regular or special general meetings of the Board were held during the year, at which an average of nearly nineteen members were present. At these meetings the following subjects were discussed:

- (1) Scale of fees; a definite minimum scale was approved printed copies issued to all members.
 - (2) Customs of the profession; many doubtful points were cleared up.
 - (3) Rentals.
 - (4) Multiple listings.
 - (5) Mr. Lineham's proposals for encouraging tourist traffic.
- The new constitution was brought into operation and has proved satisfactory. A committee of members of your Board were appointed to deal with the following subjects:

- (1) Mill Bay ferry.
 - (2) The forms of municipal government.
 - (3) Improvements to roads.
 - (4) Tax relief.
 - (5) Sale of reverted lands.
- (Both of these latter committees waited upon the committees of the City Council.)

- (6) Exclusive contract forms. (This committee had a great deal of work and eventually produced forms which seemed to be satisfactory to the members.)
- (7) Multiple listing system. (This matter was considered at length, but as yet no decisive action has been taken with regard to putting the system into operation in Victoria.)
- (8) Amendments to the Real Estate Licensing Act. (This committee suggested several important amendments, but so far no legislative action has resulted. This is a matter which the profession should keep in mind and not allow to drop.)
- (9) Advertising the Real Estate Board in the daily papers. It was thought that in view of the very quiet conditions prevalent during 1921, the time was not ripe for spending money on this.

Three members of your Board were elected to the City Council in December, 1921, two of them, Mr. Leeming and Mr. Gillespie, for two-year periods and Mr. Lineham for one year. Mr. Lineham, very unfortunately, was advised to resign owing to ill-health. Messrs. Leeming and Gillespie are doing excellent work in the Council, and the Board can congratulate itself on having such strong and able representatives.

Your Board was asked to make a valuation of the property of the Board, and a work which might become very much enlarged as time goes on. This was done by Mr. J. C. M. Keith, architect, and Mr. Luney, D. H. Bale and others were present. The question of building costs was discussed, and the opinion of the experts

seemed to be that these costs were still too high.

Your executive committee held sixteen meetings during the year, all of which were well attended. Practically all the work mentioned above was initiated at these meetings and considered by them before being presented to the general membership.

Your membership at the beginning of the year was thirty-three. Six new members were admitted in the course of the year and one resigned, making a net gain of five and bringing the membership up to thirty-eight.

SEASONS AND MONTHS PORTRAYED IN BIRTHDAY SOCIAL

On Tuesday evening a very successful birthday social was held in the Esquimalt Methodist Church under the auspices of the Young People and Ladies' Aid Societies.

Miss A. Holt, dressed as "Father Time," conducted a very beautiful musical drill with girls, aged nine girls and her brother, these all having travelled from James Bay for the occasion. The costumes of the girls represented the seasons, two for each. Those in brown represented winter; those in pink, spring; those in yellow, summer; and those in red, autumn. Each pair of girls gave a short recitation after they had marched in to the accompaniment of the piano. They each carried a suitable basket of flowers which they presented to the Fairy Queen, who was seated beside Father Time. The songs rendered by two of the children and the marching and dancing of the girls gave a very beautiful finish to the whole scene. The audience was delighted and showed its appreciation by a loud and prolonged applause.

Other equally good items were as follows: Violin solo, Miss A. Eliot; duet, Misses M. Banyard and M. Hall; piano solo, Mr. J. Mutch; solo, Miss E. Mutch; solos, Miss K. Wallace; cornet solos, Mr. Wylie Biggs; solos, Mrs. G. H. Parsons; recitation, Capt. Kirkendall; of James Esos, two for each.

In the absence of the president of the Y. P. S., who was unfortunately indisposed, R. Scobie, vice-president, occupied the chair. At the close of the programme a vote of thanks was moved by Rev. B. Black, seconded by Mrs. F. Wright, of Upwood, Esquimalt. Then followed refreshments, served by the ladies at tables representing each month of the year, each person was offered the privilege of writing those who were born in the same month as themselves. The tables looked beautiful, January table with its snow, February with its Valentines, March with its St. Patrick, April with its Easter lilies and May with its blossoms, June with brides, July with its beach picnic, August with its games, September with its fruit, October with its Halloween, and November with

JUDGMENT IS RESERVED

At the conclusion of argument by counsel in the Esquimalt Police Court yesterday afternoon George J. Cook, charged with selling liquor contrary to the provisions of the Government Liquor Act, was remanded by Magistrate Jay until Friday for judgment.

In moving for an acquittal R. C. Lowe for the accused held that the evidence of the prosecution did not "hang together," and that the prosecution, being a private one, was peculiar in nature. The story of Cook, held counsel "was quite consistent with innocence."

E. V. Finland, for Chief Dawley, the informant, held that the accused should be convicted. The evidence of the special constable Horan, the mail Harry Prior, and others for the prosecution were direct evidence, he held, and could not be explained away.

SORES SPREAD ALL OVER FACES AND BODIES

Mrs. Howard Houlette, Washtenau, Sask., writes: "I wish to tell you of the benefit we have received by using your valuable medicine, Burdock Blood Bitters.

My children started to break out on their faces in small white pimples which kept getting larger each day. Pus would form under the scales and they would come off, and each time the sores would be larger; some were as large as a twenty-five cent piece, and would spread all over their bodies. I was nearly in despair and sent to the village for a bottle of good blood medicine. The druggist sent me a bottle of Burdock Blood Bitters which I commenced giving them at once.

In about ten days I saw an improvement and they grew steadily better each day, and in one month the sores had all disappeared.

All blood and skin diseases are caused by bad blood, and to get it pure and keep it pure you must remove every trace of the impure and morbid matter from the system by a blood cleansing medicine such as

ST. MARY'S SCOUTS HAVE GOOD TIME

The honor of being the only delegate from Victoria to the conference of Patrol Leaders held recently in Vancouver fell to Patrol Donald Adams, of the St. Mary's Troop. Patrol Leader Adams returned much impressed with the efficiency and sense of responsibility exhibited by the Vancouver leaders, as well as being full of praise for the cordial hospitality accorded him.

St. Mary's held their first week-end camp of this year at the ranch of Mr. Gregory in the Highland Lake district, six Scouts participating. The camp was a great success both from the point of scouting work, and from the enjoyment and nature of boating and fishing in Fork Lake, by the kindness of Mr. Gregory, and exploring the surrounding country.

Badges of distinction were won by the four recently, no less than four of the Tenderfoot Scouts gaining their second class badges, these being Scouts Harrison, Bonnell, Miller and Diment in conjunction with the Wolf Club Pack a "Bunfeed" was held at the headquarters on Chaucer Street, Oak Bay, last Saturday. The impromptu concert and singing which followed was entered into very heartily and the recitations, songs and music rendered by various members being much enjoyed.

A most successful card party was recently held by the Parents' Committee at the home of Mr. Ross Sutherland, while an excellent programme is being rendered by the V. D. S. at the concert in aid of the "Troop funds" which is to take place in St. Mary's Hall on the evening of May 9.
