H. H. ROWLEY DIES AFTER BRIEF ILLNESS

Manager of Union Bank Had Association With Banking Came of Prominent Banking Family in East

Seized with sudden illness while apparently in his usual good health on Monday evening, Harry H. Rowley, manager of the Victoria branch of the Union Bank of Canada, and member of a well-known banking family, was rushed to the Provincial Jubilee Hospital and operated upon. Despite every effort to save his life, his condition was found to be hopeless and he passed away shortly before midnight last night, after one day's illness, and conscious almost until the last.

Always a man of robust appearance and splendid health, the cause of his death came as a great shock to his friends who were unaware of his seizure. Profound regret was felt at his passing in banking and business circles and in those various fields of church and patriotic work with which Mr. Rowley had so closely identified himself.

Early Career

Harry Hercules Rowley was born in Yarmouth, Nova Scotia, on September 25, 1865, the son of the late Lieut.-Col. John W. H. Rowley and Miriam Rowley. Like his brothers, he was destined for a banking career and received his early financial education in the now defunct Bank of British North America.

His banking experience in British Columbia commenced in 1891, when he came from Winnipeg to Vancouver as teller in the Bank of British North America at a time when Vancouver had only three banks. In December, 1893, the Vancouver Clearing House was opened and Mr. Rowley was appointed manager, but acted in that capacity for a short time only. In February, 1894, he was appointed accountant of the Bank of B.N.A. in Victoria, remaining here for five years until in 1899 he was made manager of the branch at Rosedale. In 1900 Mr. Rowley left British Columbia for the East, where he transferred his allegiance to the Union Bank of Canada, serving in various capacities until returning in 1914 to Vancouver. After being for a year with the Vancouver branch of the Union Bank Mr. Rowley returned to the Victoria branch in 1915, retaining that position until his death. During the absence of W. H. Harrington, Mr. Rowley acted as acting chairman of the Victoria Clearing House.

His Brothers

His three brothers, two of whom survive him, also reached prominent positions in the banking profession. Lt.-Col. Chas. Walsh Rowley is a distinguished resident of Winnipeg, and superintendent of the Manitoba and Saskatchewan branches of the Canadian Bank of Commerce, and at the present time is holidaying in England. Another brother, Oswald Rowley, who until recently was superintendent of the Eastern branches of the Bank of B.N.A., but is now attached to the headquarters of the bank in Montreal. A third brother, the late William Horsely Rowley, was manager of the Merchants' Bank of Ottawa for some years before organizing the E. J. Eddy Co., of which he was president and treasurer from 1906 until his death. He was also a prominent member of the executive of the Canadian Manufacturers' Association.

Public Work Here

Despite the many demands made upon his time by his professional duties, Mr. Rowley found leisure to vote himself in various patriotic, church and patriotic work. A prominent member of the congregation of St. Mary's Church, Oak Bay, he was also treasurer of the St. Mary's E. C. Columba, both of which he served in February, 1920. He was also treasurer of the Christ Church Cathedral Buildings Limited, the organization created for the erection of the cathedral and subsidiary buildings.

TAXATION FACTS TO BE AMENDED

Commons to Discuss Questions of Administration

Ottawa, June 27.—Amendments to the Business Profits War Tax Act and the Income War Tax Act are to be introduced in the House by Hon. W. S. Fielding, Minister of Finance. The amendments deal largely with questions of administration.

Regarding the income tax, one amendment stipulates that the income of a taxpayer shall be deemed to be not less than the income from his chief occupation, and another that provision shall be made respecting the taxation of the incomes of consuls and officials of foreign countries or of Great Britain or of any of the self-governing nations of the Empire and of the pensions of any members of the military, naval or air force of His Majesty's allies.

WIRELESS BOND BETWEEN CANADA AND OLD COUNTRY

Ottawa, June 27.—A wireless message from the industrial group in the British House of Commons recalling the fact that the first long distance wireless telegraphic service had been established between Great Britain and Canada was read in the House of Commons by Speaker Lemieux today. The Speaker said he had replied by expressing the hope that the development of wireless would draw closer the bonds between Great Britain and Canada.

Delegates to International One Hundred Per Cent. Convention Here

Met by a large delegation of the local Hundred Per cent. Club, the visiting delegates from some fourteen Pacific Coast cities paraded the city yesterday, and posed for the official photograph. The International President, C. A. Robe, of Los Angeles, is shown as the seventh person in the third row, counting from the left.

George Kidd, President of B. C. Electric; A. T. Goward, Vice-President on Island

George Kidd has become President of the B. C. Electric Railway Company, with W. G. Murrin as Vice-President, and A. T. Goward as Vice-President in Victoria.

Announcement of these appointments, made to-day, are largely the result of Sir Ernest Harvey's recent visit to British Columbia, when he formed the opinion that the title of the company's executive officers should more clearly indicate their powers and responsibilities.

Mr. Kidd will continue his direction of the policy and financial control of the company's affairs, holding the power of attorney from the Board, and Mr. Murrin will continue his responsibilities as directing the operations of the company in Vancouver, with Mr. Goward in charge of the operations on the Island.

Mr. Murrin, who is at present in England, is expected to arrive in Vancouver in about two weeks' time.

TWO KILLED BY WIESBADEN BOMB

Front Wall of Railway Station Blown Out

German Effort to Resist the French

Wiesbaden, June 27.—Two of the twelve persons wounded yesterday by the explosion of a bomb in the waiting room of the railway station here died to-day. It is assumed the bomb explosion was resorted to in the effort to deter German civilians from patronizing trains controlled by the French.

The explosion blew out the front wall of that part of the station in which the waiting room is located.

EXHUMATION FOR DELOREME TRIAL

Bullet Marks in Body of Raoul Delorme Examined

To Determine Whether More Than One Assailant Fired

Montreal, June 27.—The body of Raoul Delorme is being exhumed to provide evidence at the trial of Rev. Adelard Delorme on a charge of having murdered Raoul, who was his half-brother. The remains have lain in the Delorme family vault in the Cote des Neiges Cemetery since interment, following the discovery of his death.

When the trial was resumed this forenoon, R. L. Calder, K.C., the prosecutor, stated he had asked the Attorney-General for permission to exhume the body.

Result of Questions.
The exhumation was made necessary by the line of questions put by the defense lawyers to Dr. Beron and Dr. McTaggart, which left the impression that Raoul may have been killed by shots from two different revolvers and by two people. Two bullets which entered the body were not located. Another autopsy will be held to locate these bullets and see if they are of the same calibre and fit the same gun as the two which were found and which have been exhibited in the case.

THREE ESKIMOS ARE TO BE TRIED

Quebec, June 27.—Arrangements for the trial of three Eskimos who were arrested last Fall on the charge of murdering a Newfoundland trapper named James have been completed, and it is announced that L. A. Rivet, K.C., Montreal, has been appointed judge. The Eskimos will be tried in the North before a jury of their own race.

NEW SOUTH WALES CROP PROSPECTS ARE IMPROVED

Sydney, N. S. W., June 27.—(Canadian Press Cable)—Beneficial rains have fallen throughout New South Wales, enhancing the prospects for a good wheat harvest. Already there are indications of a bumper harvest in the Riverina district and the other main wheat growing areas.

HUNDRED PER CENT CLUB MEN MEET

International Convention Gets Down to Work To-day

On Tour of Vicinity This Afternoon

With sixty delegates present, the fourth annual convention of Hundred Per cent. Clubs continued its business sessions this morning at the Chamber of Commerce rooms.

Suggestions advanced by the various clubs for improvements in the methods of securing and using "business leads" formed the principal subjects of debate, while the chief addresses of the morning were given by Major M. J. Crehan, of Vancouver, and T. D. Drake, of Seattle.

The recommendations approved of were left in the hands of the international directors when the convention rose for luncheon. They will be whipped into shape by the officers at a special session this afternoon.

The delegates were the guests of the Victoria Hundred Per Cent Club to luncheon at the Dominion Hotel at 1 o'clock, this being followed by an excursion of the general body of delegates to Butchart's Gardens, and an inspection of the Astrophysical Observatory.

This evening there will be a dinner at the Dominion Hotel.

Official Welcome
Premier Oliver and Mayor Hayward welcomed the conference to Victoria at the opening dinner at the Chamber of Commerce last night with Garnet Merryfield, president of the Victoria Club, presiding.

"You have a nucleus in your principle of 100 per cent that would bring about the universal brotherhood of man," the Premier said. "I hold in my hand the ambition was to be a hundred per cent Premier."

The Premier gave a special invitation to the delegates to visit the Parliament Buildings in the Province Museum, where "we have been for."

SIX SHOTS FIRED AT JUGO-SLAV PREMIER; MAN WAS ARRESTED

London, June 27.—A dispatch from Belgrade says six shots were fired at the Jugo-Slavian Premier, Nikola Pashitch, as he was leaving Parliament, but the Premier escaped unhurt. A man named Rajitch was arrested.

MORE LAVA THROWN FROM MOUNT ETNA

New and Violent Eruption To-day Is Reported

Fear Observatory on Mountain Has Been Destroyed

London, June 27.—A new and violent eruption broke out this morning near the summit on the south side of Mount Etna, plainly visible to the naked eye in Catania, says a Rome dispatch to the Central News. It is feared the observatory has been overwhelmed.

Professor Carrara reports the new flow of lava is progressing at the rate of a kilometre an hour.

STATES VIEWS ON ONTARIO ELECTION

New York Tribune Says It Is Swing From Radicalism

U. S. People Will Watch Ontario Liquor Decision

New York, June 27.—Under the heading, "Ontario Sees the Light," The Tribune devotes nearly a column this morning to a discussion of the result of the Ontario provincial general election, which it regards as "a complete swing of the pendulum from an extreme experiment in radicalism to the saner and broader tenets of the least experimental of all Canadian parties."

In the first post-war period the former movement in Ontario was the most conspicuously successful of all the "proffered political palliatives." The Tribune says, reviewing the strong position attained by the United Farmers, and adding that when Mr. Drury was called to the Premiership "the millennium was proclaimed with trumpets."

"Mr. Drury is an able man," the Tribune continues, "and was as good a Premier as his friends permitted him to be."

(Concluded on page 2.)

CANADA HONORS DR. F. G. BANTING

Commons Approves Life Annuity for Discoverer of Insulin

Premier King, Meighen and Forke Praise Work

Ottawa, June 27.—In recognition of his work in the discovery of insulin, the House of Commons today passed a resolution favoring the granting of a life annuity to Dr. F. G. Banting, of Toronto. The supplementary estimates include a vote of \$7,500 a year to enable Dr. Banting to devote his life to medical research.

The resolution was moved by Premier King and seconded by Right Hon. Arthur Meighen, leader of the Conservative Opposition.

The Premier felt this expression of appreciation would be in conformity with the wishes of the whole Canadian people. Dr. Banting was a citizen of whom all Canadians were justly proud.

Mr. Meighen felt it was impossible to estimate or exaggerate what insulin meant to the suffering and its contribution to happiness to human life.

Robert Forke, Progressive leader, referred to Dr. Banting as "a blessing to humanity and an honor to his country."

RAINS REDUCE MENACE OF FOREST FIRES IN QUEBEC

Quebec, June 27.—Rains over the most of this province have helped a great deal to quench the forest fires and from nearly all districts reports are most encouraging. G. C. Piche, Chief Forester, stated to-day.

ONTARIO CABINET LIST IS AWAITED

New Conservative Ministry to Take Control July 16

Sir A. Beck May Be Minister of Power

Toronto, June 27.—With a substantial majority assured the Conservatives in the next Legislature of Ontario and only one or two ridings still in doubt, the public attention is turned to speculate on who G. Howard Ferguson will select to form his Cabinet. Steps towards the change of administration have moved quickly, and with the Premier-elect announcing that his party will be ready to assume control July 16, it is evident that he has already pretty well decided on his Ministry.

Mr. Ferguson stated last night that Charles McCrea, barrister, member-elect for Sudbury, would be Minister of Mines.

Most of the Cabinet pickers are selecting W. F. Nickle as Provincial Treasurer, while Lieut.-Col. Price, of Parkdale (Toronto), is looked upon as probable Attorney-General.

G. S. Henry
There is much speculation as to whether George S. Henry will return to the portfolio he occupied in the Healey Government as Minister of Agriculture or be Minister of Public Works.

John S. Martin, of Port Dover, is being urged as Minister of Agriculture. T. J. Mahoney, of South Westport, head of the Niagara Fruit Growers' Association, is also suggested.

Sir Adam Beck
Sir Adam Beck is looked upon as a sure member of the new Cabinet. The only doubt seems to be whether he will be the Government's representative on the Hydro-Electric Commission, holding a Cabinet position without portfolio, or be Minister of Power, with the hydro-electric system definitely under Government control.

The suggestion that M. M. MacBride, Labor member-elect for South Brant, will be Minister of Labor, is interesting. He was one of the Independents in the last Legislature, but a strong supporter of the Conservatives on some of the more important issues.

Standing of Parties
The standing of the parties remains unchanged from last night. There are seventy-five Conservatives, seven Liberals, and one Independent.

(Concluded on page 2.)

QUEBEC RAILWAY ANNOUNCES CUT IN FREIGHT RATES

Montreal, June 27.—For the first time on record within recent years, a Canadian railway has voluntarily made a reduction in its freight rates. The Quebec and Montreal Southern Railway has issued circulars announcing a straight reduction of twenty-five per cent on all freight carried on its lines.

CZECHO-SLOVAK PRESIDENT SERIOUSLY ILL IN ALGERIA

Constantine, Algeria, June 27.—President Masaryk of Czecho-Slovakia was taken suddenly ill here while touring Northern Africa for his health. Because of his age, his condition is regarded as serious.

FEWER JAPANESE ARE TO COME TO CANADA, SAYS PREMIER KING

Tokio Government to Reduce Number As Result of Negotiations, Says Prime Minister, Who Hopes Question Need Not Be Brought Up In Parliament For Action.

Ottawa, June 27.—(Canadian Press)—As a result of negotiations which have been carried on between representatives of the Japanese Government and the Canadian Government, it is expected there will be a very substantial reduction in the number of Oriental immigrants coming to Canada during the next few months. If this reduction should not materialize, the question of further restricting this class of immigrants may be taken up at the next session of Parliament.

This was the reply of Premier King to A. W. Neill, Progressive, Comox-Alberni, in the House this morning, when Mr. Neill asked regarding the outcome of the negotiations between the two Governments. British Columbia wanted to know what it must expect, said Mr. Neill.

Mr. King replied that when the matter was first brought up by Mr. Neill it was pointed out by representatives of the Japanese Government that legislation of that kind might be misunderstood in Japan. The Japanese Government, while desiring to further the wishes of Canada, wished also to avoid unrest in Japan. The matter had therefore been dealt with by negotiation.

LIQUOR BOARD ORDER FORECASTS SAANICH AS GREAT VINEYARD

Island Wine From Loganberries Given Chance to Supplant Imported Stuff

5,000 Gallons to Be Distributed By Vendors at Around \$3 a Gallon

Arrangements were completed to-day between the Liquor Control Board and 300 growers of Saanich for the establishment of a wine industry here that will make the Saanich Peninsula as famous as some of the world-known valleys of France and the Rhineland.

The wine to be turned out from this district will be loganberry wine, which, as a result of tests conducted during the last two years by liquor department officials, is declared to be superior to most fine wines.

The first output under the Liquor Control Board arrangement will be 5,000 gallons. Work on the production of this wine will start as soon as the berries ripen. Producers will get about \$2 a gallon for their product. The wine will be retailed by the Liquor Board throughout the Province at as low as \$3 a gallon.

The Liquor Board to-day announced that it planned to put the B.C. wine on the market at a very small profit, so that it could be sold as the cheapest wine in the Province, and thus give a stimulus to the establishment of an important industry.

The first wine plant will be established at once at Keating, being an outgrowth of the present small test plant operated there by N. H. Lamont.

Growers headed by H. E. Tanner and Mr. Lamont, who have been conducting negotiations with the Liquor Board and the Department of Industries for the establishment of the wine industry, were enthusiastic to-day over the final achievement.

Growers explained that results of loganberry growing in Saanich have justified the great extension in the area of loganberry vineyards during the last eighteen months and that what has been done is only a beginning of what is coming.

Effects of Moderation.
Under the arrangements to-day, plans are already being made to supply the market of the whole West.

(Concluded on page 9.)

PORT ANGELES FERRY ARRIVES

Steamer Comanche Docked Here To-day Slightly Behind Schedule

Another travel link with the mainland was forged to-day with the arrival of the ferry steamer Comanche on her inaugural trip from Port Angeles.

Clearing from Port Angeles slightly behind schedule owing to difficulties experienced in loading automobiles incident to the opening of the new service, the Comanche was behind the scheduled hour when she docked at the Canadian Pacific wharves this afternoon. The vessel came alongside at 2 p. m., advanced time.

The proposed visit of a party of 75 members of the Port Angeles Commercial Club was abandoned at the last minute. The news of the change in the programme automatically cancelled the luncheon arranged by the Chamber of Commerce in honor of the "victory" arrival.

The Comanche is owned and operated by the Puget Sound Navigation Company. The schedule calls for the arrival of the vessel here three days a week from Port Angeles.

She is equipped with an elevator on the forward deck by which means the cars are lowered and stowed in the tween-decks and in the lower hold, which is 8 feet high. At least six cars can be stowed on the main deck.

CANADIAN CHINESE BILL IS PASSED

Senate Gives Immigration Regulation Measure Third Reading

Amendment Offered by Senator Willoughby Withdrawn

Ottawa, June 27.—The act respecting Chinese immigration, which had been the subject of consideration by a special committee, was amended and given third reading in the Senate last night.

An important amendment offered by Senator Willoughby, Moose Jaw, which would have permitted the wives and minor children of Chinese merchants in Canada to enter this country, was withdrawn.

Senator Willoughby claimed his amendment would meet the wishes of the Chinese authorities and believed it was in harmony with the Canadian Prime Minister's intentions.

Senator Crowe, Vancouver, strongly opposed the amendment, saying it would open the door for all Chinese entered as merchants had been found to be laborers. If this amendment was passed, he said, they might well become British Columbia to the Chinese.

Not Understood.
Senator Green declared the remainder of Canada did not understand the British Columbia situation. He said Canada could never assimilate the Chinese, and they would never become Canadians.

Senator Hostock pointed out that the proposed amendment would make it very easy for Chinese women and children to enter Canada.

Carefully Considered.
Senator Dandurand said the bill had been carefully considered by the committee, and this amendment was a distinct relaxation of the intended restrictions. He would support the contentions of the British Columbia members.

The amendment was withdrawn.

U. S. MAY SEIZE SHIPS WITH LIQUOR

Washington, June 27.—A new regulation prohibiting the bringing of liquor into United States waters after a certain advance date next month under penalty of seizure of liquor-carrying ships and arrest of their captains, is understood to have been virtually agreed upon to-day as a result of conferences among officials here.

200 ARE ARRESTED FOLLOWING AFFRAY AT PARMA, ITALY

Rome, June 27.—Several soldiers, including one Italian militiaman, were seriously wounded at Parma to-day when political agitators who desired to make an issue of the death of a laborer fired on the military guard escorting the funeral cortege to the cemetery. Two hundred persons have been arrested by the authorities.

CHARGED WITH THEFT OF GOLD

Clarence E. Carver, charged with the theft of \$150 in gold coin, the property of Edna Masters, elected trial by higher court, through his counsel, T. M. Miller, and was remanded in police court to-day until to-morrow for the preliminary hearing. A counter charge affecting other persons about the same matter will be heard in the Esquimalt Police Court to-morrow in connection with the case, stated C. L. Harrison for the Crown.

He was fined \$50 for being the inmate of an opium joint.

Lee Jack, Lee, and Ah Joe, charged with operating cars without chauffeurs' licenses were remanded until July 4, while the prosecution looks into the whole question with the Provincial authorities. Drivers for hire or for other owners are liable to the license, it was said.

Chang Sing was fined \$5 for in-discrete parking of his car in contravention of the rules in this respect.

LEO ANDERTON GETS COMOX OFFICE

Premier Oliver to-day announced the appointment of P. Leo Anderton, of Courtenay, as official administrator, county of Nanaimo, Comox electoral district.

Other appointments made to-day are:

Thomas Kirkland, of Atlin, to be J.P. for the Province.

William McDonald to be Dyking Commissioner for Dewdney district.

S. B. Hamilton, of Penticton, to be deputy registrar of the Supreme and County Courts at Penticton for the district of Yale, taking office July 1.

Thomas Shortreed, of Abbotsford, to have his jurisdiction as stipendiary magistrate extended over the municipality of Sumas.

At an agricultural show in Dublin, a pompous member of Parliament, who arrived late, found himself on the outskirts of a huge crowd. Being anxious to obtain a good view, and presuming that he was well known to the spectators, he tapped a man on the shoulder and ordered: "Make way there!"

"Garn! Who are ye pushin'?" was the unexpected reply.

"Do you know who I am, sir?" cried the indignant M. P. "I'm a representative of the people!"

"Yah!" growled the other; "but were the 'blowin' people themselves."—Tit-Bits.

Majority of 1,508

Oakville, Ont., June 25.—Latest returns from Halton show that George Hillmer, Conservative candidate, defeated Premier Drury by 1,508 votes.

STATES VIEWS ON ONTARIO ELECTION

(Continued from page 1.)

A Service

"Ontario has demonstrated to the world that there can be no such thing as a successful administration by bloc and thus has done the world a considerable service at a period when there was a need."

The Herald attributes the result in Ontario to a widespread opposition on the part of the majority of the people of the province to a drastic "dry" rule. The Conservatives, The Herald points out, argued it was time to have a fresh expression of popular opinion and refused to consider the prohibition question closed for all time. By their vote, the people of Ontario "have placed the new Assembly under a mandate to refer prohibition back to the people."

"That means another stirring wet and dry battle which the American people will watch with real interest."

Opportunity to Vote

Regarding the prohibition issue, The Times says:

"Ferguson said the liquor question ought to be decided by the people. If he acts on that principle the Ontario people will have an opportunity, as the Manitoba voters have just had, to show they are sick of fanatical prohibition."

The woman had seen the play before, and she was at great pains to explain the development of the plot to her neighbor.

Finally the man behind her leaned over and said, "Excuse me, madam, but the people on the stage are making such a noise that I cannot catch all you are saying!"—Tit-Bits.

ARRANGES TO SEND QUEEN TO SEATTLE

Mayor Shapes Plans for Miss Rolls's Visit During Celebration July 4

Arrangements for sending Miss Dora Rolls, Victoria's Maxtime Frolic Queen, to the July 4 celebration in Seattle—are being completed at the City Hall now by Mayor Reginald Hayward.

Money to pay for Miss Rolls' trip to Seattle will be voted by the City Council immediately, it was announced at the City Hall to-day. The Mayor Queen, it was stated, will take two attendants with her. She will select her attendants herself, and probably will choose girls who supported her at the Maxtime coronation here.

The gay coach in which the Queen traveled during the Maxtime Frolic here will be taken by the Victoria party to Seattle. The Queen will be taken about Seattle during the celebration in this coach.

Members of the City Council may go over to Seattle during the celebration to represent Victoria, it was stated at the City Hall.

TELEGRAPH BRIEFS

New York, June 27.—Two more foreign steamships, the Olympic and Chicago, arrived to-day with liquor supplies for their return voyage, under seals of the British and French Governments.

Chantilly, France, June 27.—Miss Molly Gourley, of England, will play Miss Pauline de Bellet, of France, at 36 holes to-morrow for the women's international golf title.

In the semi-finals to-day, Miss Gourley defeated Miss Fowler 3 up and 2 to play, and Miss de Bellet eliminated Mrs. Morrice, of England, 4 up and 2 to play.

San Francisco, June 27.—Rabbi Martin A. Meyer, 44, one of the best known Jewish clergymen in the West, was found dead in his study early to-day, supposedly a victim of heart complaint. He had retired to his study at midnight.

Ottawa, June 27.—At a meeting of the Redistribution Committee to-day, although the final steps were postponed to another meeting of the committee to-morrow, it is understood a decision was reached to recommend the laying over to be on this subject until next session.

Winnipeg, June 27.—Acquisition of some sixty of the largest type of passenger and freight engines as well as more than 2,000 new box cars which will be ready in time for grain hauling in September for the western division of the C. P. R. was announced by Charles Murphy, general manager, here to-day. The new rolling stock will be built at the Angus shops, Montreal.

Ottawa, June 27.—The special Senate Committee which has proposed amendments to the Criminal Code under consideration, submitted its report to-day. The committee, while dropping the clause in the bill which prohibited the publication of racing information, recommends a substitute clause which is designed to prohibit the importation of papers devoted exclusively to race-track betting. A new clause in the bill provides for appeal in criminal cases.

LOCAL CANDIDATES PASS DENTAL EXAMS

Fine Showing By Students in Vancouver; 90 Per Cent of Victorians Successful

Victoria dental students were exceptionally successful in the British Columbia College of Dental Surgeons' examinations held in Vancouver, June 18 to 23, inclusive. The following are a list of the successful candidates from Victoria, who constitute 90 per cent. of the candidates from this city: Doctors E. S. Adams, W. W. Bryce, H. M. Clark, C. B. Mess, S. F. Miles, F. P. Kenny and R. E. Nickells. Other candidates from the mainland who were successful in the examinations were: Doctors F. Allan, C. Coughlan, H. Gilcrest, F. Grant, G. McBeth, H. S. McMurray, L. H. Marshall, E. Rowan, W. D. Smith, R. Spencer, R. H. Wilson and Chas. Dawe.

The examinations, which are usually written over a ten-day schedule, were this year finished in six days. There were eleven written examinations in all. These were completed in two days. The practical examinations covered a period of four days. One oral examination on root canal treatments was finished shortly after the written tests.

THIN BEER PEEVES

Mail of Protest Goes Up as Brewers Are Accused of Weakening Product to Make Up Additional Taxes

London, June 27.—Any one apprehensive as to the spread of prohibition to Britain might well observe the alacrity whereby any proposal to weaken the strength of beer is opposed by the public. In the last budget the Government proposed to reduce the duty on beer by 24 shillings a barrel, the Government bearing 20 shillings of this loss, asking the brewers to bear the other four.

Now it is charged that certain brewers seek to compensate the loss by reducing the strength of the beer, and several newspapers have taken up the demand that saloonkeepers should inform the public of the exact strength of their beer as well as its price. Even if they should not be successful in this attempt, it must be said that beer in London would still stand lots of thinning before approaching the Volstead limits.

A Judge was crossing to Ireland from Holyhead one stormy night, when he knocked against a lawyer suffering severely from sea-sickness. "Can you do anything for me?" inquired the Judge.

"Yes," gasped the sufferer; "will your lordship overule this motion?"

PANAMA MEDICAL INSTITUTE PLANNED

American Medical Association Endorses \$5,000,000 Scheme

San Francisco, June 27.—The delegates to the annual convention of the American Medical Association here yesterday afternoon unanimously approved a plan submitted by Dr. Franklin Martin, Chicago, for a \$5,000,000 memorial institute in Panama for the late Dr. William Crawford Gorgas, former Surgeon-General of the United States army, who was credited with having dis-

covered the most effective methods of stamping out tropical diseases. At a general meeting of the convention last night, Dr. Ray Lyman Wilbur, head of Stanford University, California, was installed as president of the association. Thousands of delegates from all parts of the country spent yesterday at clinics, on sightseeing tours, on the golf links or attended sessions for the discussion of technical and scientific matters.

BOY WAS KILLED

New Hampton, Ia., June 27.—Yale Kramer, five years old, was instantly killed when a truck driven by his father, Ben Kramer, was struck by a passenger train here last night. Kramer was seriously injured and one of three other children who were injured is not expected to live. The wreckage was strewn for 100 feet along the right of way.

RADIUM USED NOW TO REMOVE BIRTHMARKS

San Francisco, June 27.—Birthmarks, notably those of the "strawberry" variety, are being eradicated through application of radium, Dr. Lawrence R. Tausig, of the University of California, told the American Radium Society yesterday afternoon at a meeting in connection with the American Medical Association's convention here. J. C. Brooks has been appointed secretary succeeding Secretary Ingraham, whose resignation after thirty-five years' service was regretfully announced by Sir Robert.

Dealing with immigration, Sir Robert said that in 1913 the number of immigrants to Canada was 492,432 and in 1922 it was 70,423. "This would seem to show that some dominions with millions of acres of unsettled lands, think the value of the immigrant an amount he should be judged by the number of dollars he has in his pocket, instead of by his intelligence and his physique and his capacity for putting both of them to good use."

"Unfortunately for Canada, not only has immigration been checked, but immigration to the United States has been on a large scale both from the East and from the West," said Sir Robert. "It is probably this fact, more than anything else, which is arousing the authorities to the necessity of an energetic policy."

Stores. Dealing with the stores, the Governor said: "The results of the Hudson's Bay stores have been unsatisfactory, but that is not surprising considering the adverse conditions in general conditions, not only in Canada but throughout the whole world."

The acreage sold was the smallest with two exceptions in twenty years, and the prospects depend on the harvest price of wheat, he said. Last year's harvest was abundant but, unfortunately, the price fell considerably, leaving no margin for the purchase of new land, and the company had to grant an indulgence with regard to interest and instalments. The prospects for the present crop were reported to be very encouraging. The farmers were promising a perspective which they lost during the period of high war prices and were returning to thrifty habits, he said. Sir Robert declared Canada must reduce its cost of living and taxation before prosperity could be restored. The townsite operations showed a deficit as compared with the two previous years.

Alberta Taxation. In Alberta, the Government had passed a bill taxing the holders of mineral rights irrespective of whether or not the land contained minerals. The bill provided relief to the small holders by throwing a burden on the company and similar holders, the company's quota amounting to \$40,000 annually. "In conjunction with the Canadian Pacific Railway and other companies," said Sir Robert, "we entered a strong protest and are co-operating for the repeal of the legislation." In every country in the world, he said, with almost the sole exception of the United States, industry was struggling for an adjustment of the situation caused by the colossal upheaval of the war. Such an adjustment was making slow and painful progress, but it would bring relief.

CHICAGO WOMAN BARRISTER ENDED LIFE BY HANGING

Chicago, June 27.—Miss Dorothy Brody, thirty-one years old, who was admitted to the bar three years ago, committed suicide by hanging herself last night at the home of Abraham Brody, a retired merchant and her father, police said. Miss Brody had recently returned from California, where she was employed as a legal adviser by a motion picture concern. Ill-health due to over-study is believed by her father to have been responsible for her act.

HOUSE AMENDING THE C. N. R. ACT

Only Securities Issued By Governor-in-Council to Be Issued

Ottawa, June 27.—A resolution was passed and a bill based thereon given first reading in the House last night to amend the Canadian National Railway Act of 1919 and to provide that no securities as defined in section 25 of the act should be issued save after approval by the Governor-in-Council.

The resolution, explained Hon. W. S. Fielding, Minister of Finance, restricted the powers under the Canadian National Railway Company Act. A number of companies forming part of the system had independent charters under which they were possessed of borrowing powers, he said. Some of these powers remained unused at the present time. It was considered desirable to provide that no securities should be issued under these powers save by consent of the Governor-in-Council, and also to give to the Governor-in-Council power to approve the issuance of such securities of considered desirability. He did not anticipate, said Mr. Fielding, that the powers would be used extensively, and it was possible they would not be used at all.

Meighen Spoke. Right Hon. Arthur Meighen said that under the act the Canadian National could not issue certificates as provided for. The Minister was simply preparing another bill which he could guarantee bonds of the railway company without coming to Parliament, said Mr. Meighen. Mr. Fielding declared when Mr. Meighen charged that there was some mysterious purpose behind the resolution he was allowing his intense partisanship to lead him astray.

POINTS TO NEED OF MORE SETTLERS

Kindersley Addresses Annual Meeting of Hudson's Bay Company

Anticipates Improved Business Conditions in Canada

London, June 27.—Signs were not wanting that the atmosphere of depression in Canada was lifting, due to the prospects of a good crop of wheat this year, declared Sir Robert Kindersley, Governor of the Hudson's Bay Company, addressing the annual meeting of the company here yesterday.

The report and the accounts were unanimously adopted. J. C. Brooks has been appointed secretary succeeding Secretary Ingraham, whose resignation after thirty-five years' service was regretfully announced by Sir Robert.

Immigration. Dealing with immigration, Sir Robert said that in 1913 the number of immigrants to Canada was 492,432 and in 1922 it was 70,423.

"This would seem to show that some dominions with millions of acres of unsettled lands, think the value of the immigrant an amount he should be judged by the number of dollars he has in his pocket, instead of by his intelligence and his physique and his capacity for putting both of them to good use."

"Unfortunately for Canada, not only has immigration been checked, but immigration to the United States has been on a large scale both from the East and from the West," said Sir Robert.

Stores. Dealing with the stores, the Governor said: "The results of the Hudson's Bay stores have been unsatisfactory, but that is not surprising considering the adverse conditions in general conditions, not only in Canada but throughout the whole world."

The acreage sold was the smallest with two exceptions in twenty years, and the prospects depend on the harvest price of wheat, he said. Last year's harvest was abundant but, unfortunately, the price fell considerably, leaving no margin for the purchase of new land, and the company had to grant an indulgence with regard to interest and instalments. The prospects for the present crop were reported to be very encouraging. The farmers were promising a perspective which they lost during the period of high war prices and were returning to thrifty habits, he said. Sir Robert declared Canada must reduce its cost of living and taxation before prosperity could be restored. The townsite operations showed a deficit as compared with the two previous years.

CHICAGO WOMAN BARRISTER ENDED LIFE BY HANGING

Chicago, June 27.—Miss Dorothy Brody, thirty-one years old, who was admitted to the bar three years ago, committed suicide by hanging herself last night at the home of Abraham Brody, a retired merchant and her father, police said. Miss Brody had recently returned from California, where she was employed as a legal adviser by a motion picture concern. Ill-health due to over-study is believed by her father to have been responsible for her act.

BANK BILL GIVEN FINAL READING

Measure Approved By the Senate of Canada

Two Amendments Offered at Last Defeated

Ottawa, June 27.—The Senate yesterday afternoon gave third reading to the bill to amend the Bank Act, after two amendments had been defeated.

Charter Renewals. One amendment moved by Senator Pope was to the effect that the bank charters should be renewed for but one year instead of ten, and the other, moved by Senator Laird, had for its object to prevent the Weyburn Security Bank from conducting a hall insurance agency.

Senator Pope said that "our banking system, while far as far as it went, was not the best in existence. The Federal Reserve bank system of the United States had given their people additional banking facilities to what we have, and we should have a similar system in Canada."

Senator Gillis thought enough consideration had not been given to this bill. The banks in the prairie provinces were too generous with their credit in prosperous times, but showed too little consideration when the people really needed assistance.

Senator Fowler declared the bank audit gave no security, and there was no fixed responsibility on the president and general manager. Efforts should be made to make the head office responsible, he said.

Conservative Views. Senator Hurff assured the members that the Progressives had no wild schemes to wreck the banks. They were really conservative in their desires.

Senator Dandurand said no more thorough inquiry had ever been made by Parliament, and every effort was being made by the Government to strengthen the Bank Act. In renewing the charters for ten years, "we are giving essential stability to these important institutions."

Any system of agricultural credit would be additional to the present banking system, and could be added at any time. The Minister of Finance had promised consideration of such a system.

The Pope amendment was defeated. Weyburn Bank. Senator Laird then moved his amendment, which had for its object to prevent the Weyburn Security Bank from conducting a hall insurance agency. The new Bank Act prevented banks from soliciting hall insurance companies, but an exception was made of the Weyburn Security Bank, he said. This was a special privilege which should not have been granted.

Senator Watson quoted a letter from the manager of the Weyburn Security Bank, in which he stated that 37 1/2 per cent of the bank's proceeds came from handling hall insurance. The amendment was defeated and the Bank Act received its third reading.

C. N. R. BRANCH LINE BILL PASSED

Commons Approves of Programme for Construction

Ottawa, June 27.—There was a division in the House yesterday afternoon on the third reading of the bill to provide for the construction of Canadian National branch lines when Right Hon. Arthur Meighen moved to amend it to require both money and guarantees for construction to be voted annually instead of for three years as provided in the bill. Mr. Meighen's amendment was defeated by 101 to 28. The bill then passed its third reading. By a vote of 56 to 57, the House defeated an amendment to give a six-months' hold to the Government bill empowering the Governor-in-Council to prohibit the export of pulpwood and subsequently the bill received third reading.

Iron and Steel. During discussion of the first amendment, Hon. W. S. Fielding expressed the belief that without the bounty there would have been no iron and steel industry developed.

L. W. Humphrey, Progressive, Kootenay, thought the bounty would be good business for Canada. Taxation necessary to provide the bounty would be offset by increased prosperity and revenue in British Columbia.

Robert Forke, Progressive leader, thought the psychological effect of continually telling the Canadian people that they could not get on without protection was making them think they could not. He did not believe this was the case, and expressed his support of the amendment.

E. J. McMurray, Liberal, Winnipeg North, spoke in favor of the bounty. He would provide work on the railways and feed one of the greatest markets for binder twine in the world, he claimed. Western Canada was at the present time in the hands of a binder twine monopoly, he said.

Supported by Meighen. Right Hon. Arthur Meighen said he would support the bill because it was an attempt, although a weak one, to encourage the binder twine industry. Although it was an industry particularly well suited to Canada, only ten per cent of the binder twine used in Canada was produced in this country. There were two or three binder twine factories here, but they were directed by a United States trust.

"Are not many protected industries also managed from the United States?" asked J. S. Woodsworth, Labor, Centre Winnipeg. "Not at all," replied Mr. Meighen. "There may be American capital in them but they are managed in Canada."

Adequate Supply. Hon. W. R. Matherwell, Minister of Agriculture, said it was a case of either assisting this industry or continuing forever to buy supplies of binder twine in foreign markets. In the latter case, Canada always ran the chance of not getting an adequate supply.

Mr. Meighen went into figures to show that binder twine in Canada had been dearer since it was placed on the free list than in the earlier days when protected. From '95 to '96, he said, the price ranged around six

BOUNTY BILLS GIVEN APPROVAL

Commons Votes Support to Copper and Hemp Industries

Ottawa, June 27.—Two amendments moved by A. R. McMaster, Independent, Brome, Quebec, in regard to the principle of granting bounties to encourage Canadian industries were defeated in the House of Commons yesterday afternoon.

Mr. McMaster held that any amount paid out by way of bounty should be considered as an advance and repayable on a certain fixed date. Any failure to meet repayment when due, he thought, should cause all subsequent payments to fall due immediately. Interest at six per cent could be charged upon all past due payments.

The first amendment, affecting the Government proposal to give a bounty on copper bars or rods, was defeated 77 to 42, and the bill was given third reading. Progressives with two exceptions, and Labor members voted for the amendment. T. G. McBride, Carleton, and L. W. Humphrey, Progressive, Kootenay, voted against the amendment. The second amendment affected the proposal to give bounties to manufacturers of hemp and was defeated 51 to 44. The bill was given third reading.

Iron and Steel. During discussion of the first amendment, Hon. W. S. Fielding expressed the belief that without the bounty there would have been no iron and steel industry developed.

L. W. Humphrey, Progressive, Kootenay, thought the bounty would be good business for Canada. Taxation necessary to provide the bounty would be offset by increased prosperity and revenue in British Columbia.

Robert Forke, Progressive leader, thought the psychological effect of continually telling the Canadian people that they could not get on without protection was making them think they could not. He did not believe this was the case, and expressed his support of the amendment.

E. J. McMurray, Liberal, Winnipeg North, spoke in favor of the bounty. He would provide work on the railways and feed one of the greatest markets for binder twine in the world, he claimed. Western Canada was at the present time in the hands of a binder twine monopoly, he said.

Supported by Meighen. Right Hon. Arthur Meighen said he would support the bill because it was an attempt, although a weak one, to encourage the binder twine industry. Although it was an industry particularly well suited to Canada, only ten per cent of the binder twine used in Canada was produced in this country. There were two or three binder twine factories here, but they were directed by a United States trust.

"Are not many protected industries also managed from the United States?" asked J. S. Woodsworth, Labor, Centre Winnipeg. "Not at all," replied Mr. Meighen. "There may be American capital in them but they are managed in Canada."

Adequate Supply. Hon. W. R. Matherwell, Minister of Agriculture, said it was a case of either assisting this industry or continuing forever to buy supplies of binder twine in foreign markets. In the latter case, Canada always ran the chance of not getting an adequate supply. Mr. Meighen went into figures to show that binder twine in Canada had been dearer since it was placed on the free list than in the earlier days when protected. From '95 to '96, he said, the price ranged around six

TWO BILLS APPROVED

Ottawa, June 27.—Two bills growing out of the Budget were called up in the House late last night and received third reading. The first contained the changes made in the tariff and passed without opposition, but the second, dealing with the sales tax and the tax on cheques, led to an extended discussion.

Hon. W. S. Fielding, Minister of Finance, explained that the main change made in the sales tax was that the tax on imports was to be dropped in cases where the imports were sold to licensed manufacturers who used them in the manufacture of products on which a sales tax was collected later.

FIRE DESTROYED PEKING PALACE

Peking, June 27.—Fire destroyed the palace of former Emperor Hsuan Tung in the Forbidden City yesterday notwithstanding the efforts of the native and foreign firemen to save it. Hsuan Tung, the deposed boy Emperor, had resided in the ancient palace since the establishment of the Chinese Republic. He receives a yearly allowance from the republic, with the right to maintain a royal establishment.

EUROPEAN TRADE UNIONISM IS EVINCING STRONGLY RADICAL TENDENCIES

Washington, June 27.—European trade unionism is evincing strongly radical tendencies, according to a review of labor conditions abroad issued today by the American Federation of Labor. One symptom was said to be an amalgamation of the International Transport Workers' Federation with an organization of similarly engaged workers in Russia. A second was said to be instigated by the refusal of British union delegates to a recent labor congress at Hamburg to vote for resolutions of rebuke of the Soviet Government for its prosecution of Socialists.

"European trade unionism is at present in no essential manner recovering from the onslaught of Communism," the report said. "It is, on the contrary, at the moment making some important surrenders, the consequences of which are not easy to see in their entirety at present."

"American labor not only will not join with any organization that seeks to compromise with the monstrosity of Bolshevism, but it will raise its voice in protest at every sign of compromise with that institution, no matter where that attempt may be made."

THE LATE MR. ROWLEY.

Commercial Victoria has lost an active member and every progressive movement in this community a warm supporter in the death of Mr. H. H. Rowley.

In the more general and public sense the late Mr. Rowley worked in a thoroughly ungrudging fashion for all causes which had for their object the welfare and development of this particular locality.

In his more intimate relationships with personal friends his unmistakably sterling character formed a striking background for a disposition and personality that radiated the true worth of the man.

THE PEOPLE'S BUSINESS.

It has always been our firm conviction that liquor should not in any way be mixed up with politics. Any government which deliberately takes sides on such an extremely controversial question is bound to realize its mistake sooner or later.

Manitoba's experience is very largely that of British Columbia. One important exception was the denial of importation for private use which a plebiscite of the people decided.

The propriety of a direct reference to the people in the case of such a demand as that made by the Moderation League, is now universally recognized.

After ample discussion and a vote which indicated that practically every elector concerned himself to reach a decision, a verdict has been rendered. A decisive majority has been registered in support of the plan for government control of liquor, which has been formulated by the Moderation League.

It is not strictly accurate to say that a vote like that of yesterday "settles" this question. What is settled—assuming that the judgment reached yesterday will not be affected by the further referendum on Beer and Wine proposed on July 11—is that the Moderation League proposition is going to be tried out for a period of not less than three years.

British Columbia is on trial in a similar fashion. With the advent of government control the bootlegger would go; abuses of which complaint was made under the old Prohibition Act would vanish into thin air; conditions would improve and justify the more liberal distribution

of liquor. In many respects there is less law evasion; privileged professions are not tempted to trifle with their consciences to satisfy that undetermined condition that is known as the "liberty of the subject"; but the Government is not without its competitors.

QUITE RIGHT.

"When I visited Canada I was surprised at the kind of men who succeeded. They were not agricultural laborers, but men who had not previously put a spade in the soil and who had no soil in which to put a spade when they were in this country.

Mr. Lloyd George gave expression to the foregoing in the House of Commons to-day. He is quite right. There never was and there never will be a class that might rightly call itself the professional pioneering class.

RECOGNIZING DR. BANTING'S WORK.

Canadians throughout the world will welcome the announcement that the Dominion Government intends to recognize in practical fashion the contribution to medical science which Dr. Banting has made.

By the terms of a resolution to be moved by the Prime Minister the Parliament of Canada will give some "expression of the nation's gratitude to one who has rendered such distinguished service to science and humanity"

This is the least that this Dominion can do. The discovery of insulin has been heralded throughout the world as a scientific triumph of the first magnitude. It definitely associates the name of a distinguished Canadian with a remedy for one of the most troublesome and distressing ills to which man falls heir.

DETAIL IT IN BLACK AND WHITE.

There is nothing like letting the intending settler know exactly where he can buy land in this Province and what it will cost. In issuing a concise directory along these lines the Land Settlement Board is taking a course that should bring reasonably rapid results.

NOTE AND COMMENT

There is something unique in a dispatch from London to-day. It declares that Mr. Robert Smillie's maiden speech was remarkable for its "studied brevity and moderation."

Forest fires in British Columbia are comparatively few to date; but it should be remembered that our timber loss last year was the trifling sum of \$23,000,000.

OUR CONTEMPORARIES

COMING TO THE RIGHT PLACE. Vancouver Province—Holland settlers are reported to be coming to Canada to escape heavy taxes.

Not West Farmer, Winnipeg—The average individual wants action or information on the wheat board proposition. He feels there has been plenty of time to get men to manage the Board.

Other People's Views

Letters addressed to the Editor and intended for publication must be short and legibly written. The longer an article the more communications must bear the name and address of the writer, but not for publication unless the writer wishes. The publication or rejection of articles is a matter entirely in the discretion of the Editor.

THE ACTUAL TEST

To the Editor:—We are told in St. John's Epistle to try, i.e., test, the spirits, whether they are of God.

With regard to Samuel's appearing to come out of the earth, it is sometimes noticed at seances that the spirit of ego, must not be confused with the temporary form assumed in order to make the spirit visible to mortal eyes.

POLITENESS

To the Editor:—We hear much of the lack of politeness in our everyday manners, I have much pleasure in calling the attention of yourself and the public to the following incidents:

I was traveling towards the City on the Gorge Bus which was rather crowded, it was therefore necessary for me to stand. Two young ladies (I would emphasize the latter term) were seated. It appeared to me that they were returning from a week's berry picking.

Secondly, a visitor to this City from Toronto, traveling on a Beacon Hill car, was both interested and delighted to see a prominent citizen of Victoria rise and give his seat to a colored lady who was no longer young.

A. TRAMP.

PULICE TO HAVE HELP IN PAYING Court of Appeal Will Sit During Portion of Long Vacation

Frank Pulice will have help in paying the bill of legal costs in connection with his successful litigation to secure his bequest under the Franklyn Rounly Will, the Court of Appeal ruled to-day.

Speaking on behalf of the Crown, Henry C. Hall, K.C., obtained leave to enter the appeal of Rex versus L. Simmonds and Rex versus Quaid Wing at the present sitting of the court.

The appeal of Kotyk versus the Ross Saskatchewan Lumber Company, the Inland Empire Paper Company and the Royal Bank of Canada opened with Alfred Ball for the appellant, the Royal Bank of Canada, and E. C. Mayers for the plaintiffs-respondent.

The appeal involves the question of service out of the jurisdiction of the lower courts and the argument hinged largely on that phase of the question this morning.

Best Wellington Coal Victoria Fuel Co., Ltd.

Street bridge, it was explained at the City Hall to-day. As Johnson Street will be the main highway artery from the business centre of the city to Victoria West, and Esquimalt, Council members feel that it should not be cut by a level railway crossing even though the spur line were to be used infrequently.

Paving of Johnson Street from the new harbor bridge westward will be started by paving contractors next week, it was announced at the City Hall to-day.

Balance of Seabrook Young's stock will be on sale at 638 Yates St., late Richardson's old store, Thursday morning.

SUCCEEDED IN MUSIC
Special to The Times.
Langford — Madame Beuchemin, teacher of music, of Dunford Road, Langford, has received the congratulations of the community on the success of her pupils in the recent McGill University examination in music. Those bringing honor to their teacher were Gloria Pettinell, who passed in Elementary Theory with distinction; Ella Fagan, Alna Wender and Hazel Doney.

Keen interest is being shown in the horse racing and sports to be a special feature of the fête to be held on the Recreation Grounds, Dunford Road, Langford, on the occasion of the official opening of the grounds. Kilkenny, the famous polo pony, will be on view, and sports are well organized for all ages. The event will take place on July 2, commencing at 2 p.m.

Olive Oil Shampoo Gives Soft Luster To Dull, Dry Hair

To be beautiful, your hair must have luster. Dull, dry hair simply detracts from the most charming face. Now specialists on hair beauty tell you to use a gentle shampoo of olive oil to have hair that is soft and glossy. They say that you must never wash your hair without olive oil. Do this and see new beauty come to dry, brittle hair. Get a bottle of **PALMOLIVE SHAMPOO** at any department or drug store. The most delightful of olive oil shampoos. Cleanses gently, and leaves the hair lovely, gleaming, soft and pliant as a baby's.

FORE!—Miss Dorothy Doyle who comes from Torredale, Pa., is one of the youngest entrants in the match for the Woman's Golf Championship. Although she is still in her teens she is touted as a coming champ.

Friday at 1 o'clock is the time set for the closing luncheon of the Victoria Bar Association, to be held in the dining room at David Spencer's, Ltd. This will be the last gathering of the Association prior to the long vacation. One or two short addresses will be made.

IN WOMAN'S DOMAIN

JUBILEE WOMEN'S AUXILIARY HAD SUCCESSFUL YEAR

Energetic Body Gave Much Material Assistance to Hospital

Mrs. Rhodes Again Made President

When the new wing of the Provincial Jubilee Hospital is finally completed and its walls, if they could speak, would bear eloquent testimony to the energy and initiative of the Women's Auxiliary, whose efforts for a considerable period past have been largely directed towards the fruition of the commendable and great undertaking. If there still remain any of the general public unacquainted with the aims and objects and accomplishments of this devoted band of women workers, the splendid reports given at yesterday's annual meeting would have proved illuminating in their record of quiet achievement.

Officers Re-Elected.
Mrs. Charles W. Rhodes, president, with all the officers and members of the executive were re-elected by acclamation for the ensuing year as follows: First vice-president, Mrs. B. M. Hassell; second vice-pres., Mrs. J. E. Umbach; third vice-pres., Mrs. Hermann Robertson; fourth vice-pres., Mrs. E. H. Griffiths; secretary, Mrs. Herbert Penderay; treasurer, Mrs. J. J. Collison; executive, Mrs. McIlreath, Mrs. G. R. Robson, Mrs. Angus McKeown, Mrs. Thomas Lee, Mrs. Seabrook Young, Mrs. R. H. Green, Mrs. R. F. Green, Mrs. R. A. Green, Mrs. E. M. Lawrence, Mrs. G. E. Scott, Mrs. Phillips, Miss Lettice, Miss J. W. Tolmie.

President's Address.
Mrs. Rhodes in her presidential address said in part: "There is a greater call for work ahead of us, for the new hospital building must be completed and funds are badly needed. But when you picture the building in active service surely everyone must feel that spur to do something and to do it now. Remember those beautiful lines, 'I shall pass through this world but once. Any good therefore that I can do, or any kindness that I can show to any human being, let me do it now. Let me not defer or neglect it, for I shall not pass this way again.'"
Mrs. Rhodes said in a beautiful tribute to the late Dr. Hasell and also referred with pleasure to the scholarship given in perpetuity by the relatives of the late President, Mr. R. S. Day. In closing she urged every individual member to put her shoulder to the wheel and help push the building project through.

Many Purchases Made.
The undertakings of the past year were reviewed in the report of the secretary, Mrs. Herbert Penderay. Supplies purchased for the hospital included 21 pairs of blankets, flannel, flannelette, pillow muslin, thread and other materials to the value of \$95, three sewing machines, and a motor, costing \$80. In addition \$400 has been banked in the maternity ward fund for the furnishing of a room in the new hospital building. Funds for the maternity services had been purchased to the value of \$1,526.26.

Mrs. Collison in her financial statement showed that receipts during the year were \$2,796.82, expenditures were \$2,921.95, leaving a balance at the bank of \$4,607.92. The Queen Victoria Maternity Ward account stood at \$7,429.08, of which \$6,000, together with the building fund amounting to \$2,389.85, had been handed over to the hospital directors for the new building. The maternity ward fund has been credited with securities to the value of \$6,000, which are to be realized on completion of the building and used for the maternity ward furnishing.

Much Sewing Accomplished.
Mrs. E. H. Griffiths and her sewing committee worked energetically during the six months which have elapsed since organization. The list of articles made included 48 men's T binders, 94 women's T binders, 62 baby gowns, 17 abdominal binders, 21 doctor's gowns, 12 hemstitched towels, and 24 many-tails binders, making a total of 381 pieces. Mrs. Griffiths made special mention of the kindness of Miss Tully in donating tea and sugar for the entire season, and to Mrs. Roberts of the hospital linen room for her ready assistance at all times.

Mrs. Hermann Robertson as convener of the collection committee stated that there were 452 members in good standing, of whom 144 still owe their dues for this year. Collections made during the year amounted to \$358.

Miss Jessie McKenzie, Superintendent of the Hospital, expressed her gratitude to the Auxiliary for its loyal and active support of the hospital. She suggested that members of the Auxiliary make a point of visiting various organizations in the city and acquainting them with the aims and objects of the Auxiliary in order to secure their sympathetic co-operation.

SOCIALLY PERSONAL AND

Major M. J. Creehan, of Vancouver, is spending a short time in Victoria.

Hinton, Gordon, Burns, Locke, Sergeant, Beach and Carl Gonnason.

TO DISCUSS JUVENILE COURT WITH COUNCIL

Mayor Hayward and members of the City Council will meet the delegation appointed by the Local Council of Women on the Juvenile Court question at the City Hall on Friday afternoon at 3 o'clock. Anyone interested in this matter is invited to attend.

OFTEN BRIDESMAID FOR HAPPY BRIDES

Mildred M. MacFarlane is on the job when it comes to helping other girls embark on their journeys o'er the oft tempestuous marital seas. She has assisted in the launching of nearly 200 nuptial barks. For she's been a bridesmaid at that many weddings and is quite unique in the province. So the judge calls in Miss MacFarlane.

She believes she's the world champion bridesmaid. Any others to dispute her claim?

You can make more and better JAM and JELLY

Why continue the old-fashioned, wasteful, long-boiling, tedious, expensive process of making your jams and jellies? You simply boil away your fruit.

Use the Certo one-minute boiling process. You will save all the delicious flavor of your fruit—and get 50% MORE jam and jelly which will keep perfectly and cost less.

Certo is pectin—the natural jelling element of fruit. Complete booklet of recipes with every bottle.

CERTO (Surgeill)

How to Make Raspberry or Blackberry Jam

Crush well about 2 quarts ripe berries in separate portions, so that each berry is thoroughly mashed. This allows fruit to quickly absorb sugar during the short boil. Measure 4 level cups (2 lbs.) into large kettle, add 7 level cups (3 lbs.) sugar and mixry well. Use hottest fire and stir constantly before and while boiling. Boil hard for one full minute, remove from fire and stir in half bottle (scant 1/4 cup) Certo. From that time jam is taken off fire, allow to stand not over 5 minutes, by the clock, before pouring. In the meantime, skim, and stir occasionally to cool slightly. Then pour quickly. If in open glasses, paraffin at once. If in jars, seal at once, and invert for 15 minutes to sterilize the tops.

GRAPES

Rich, ripe, healthful grapes, grown in the famous vineyards of Southern Europe—produce the cream of tartar from which Royal Baking Powder is made.

The most eminent authorities in the world say cream of tartar makes the best and most healthful baking powder.

YOUR HOME AND YOU
By HELEN KENDALL
The Over-Decorated Room

Do you love chintz—gay, flowered, cheery chintz—especially in a bedroom? I am sure you do. We women wait a long time for the chintz era to come, while our mothers and our grandmothers used heavy plush, brocade, chenille, Nottingham lace, and kindred gloomy materials for their curtains. Now that we have chintz, however, don't let's allow it to go to our heads. Too much chintz is as bad as too much perfume or too much jewelry—and in order to make any charming thing effective, it must be used sparingly. Not long ago I was shown into a guest-room which gave me a headache before I had gotten my hat off. My eyes began rolling about, my right hand reached out for a chair to steady me, and my tummy had a queer sort of seasick feeling. I was wallowing in a sea of chintz, and I felt as if I could hardly find my way about the room. I made a hasty sketch of one corner of it, so that our artist could show you how not to let chintz "get that way."

To begin with, there were looped-up chintz curtains at the windows, and these curtains collided with frilly chintz covers on the dressing table, the big over-stuffed chair and the lounging chair. The mirror over the dressing table was covered with the material and the candle shades were made of it! Across the room was

At the THEATRES

FAMOUS FEATURE "GRUMPY" OPENS AT PLAYHOUSE TO-NIGHT

To-night's offering at the Playhouse will be that delightful four-act comedy-drama "Grumpy." There must be many who remember meeting that interesting old gentleman on the occasion of his visit here some years ago, when that great actor, Mr. Cyril Maude, introduced him. Doubtless they will be glad to renew their acquaintance with him and to present him to those who had not the pleasure of meeting him before.

"Grumpy" contains all the necessary elements of a first-class play—drama, comedy, patter, wit and humor—all are to be found in it, and the whole is a splendid example of successful playwriting. Mr. Compton will play "Grumpy," and judging by the versatility he has displayed during his tenure of the Playhouse, it is safe to say that the part will receive an interesting and amusing rendering.

All the other members of the talented and popular Compton Comedy Company are cast in roles well suited

AMUSEMENTS TO-DAY

Playhouse—"Grumpy."
Capitol—"The Man Who Played God."
Dominion—"The Exciters."

Pantages—Vaudeville.
Royal—"Slander the Woman."

to them, and "Grumpy" should prove a big drawing card.

CAPITOL

George Arliss and the distinctive productions actors who made "The Man Who Played God," a United Artists Corporation release, now at the Capitol Theatre, went into high society with a vengeance for scenes in this next Arliss film feature.

"Only money need apply" might well have been the motto of the location searchers when they selected the spots for taking the exterior scenes for "The Man Who Played God."

The celebrated Holland Duell estate, overlooking the Hudson, above Yonkers, New York, was the site of the country club. This mansion, which has been the scene of the Hudson's exceptional and heretofore unknown touch of plebeian movie before, is a fresh treat by arranging for you had to be a member of the "Four Hundred" to gaze upon the noble expanse of water from this point.

Then the location pickers gave the actors a fresh treat by arranging for the Charles M. Schwab home for the exterior of the farewell reception to the great musician, the role played by Mr. Arliss.

Mr. Schwab happens to be head of

a certain Bethlehem Steel Corporation and his modest residence occupies almost a square block, fronting on the famous Riverside Drive, New York City. The Drive park is known about Manhattan as the first and foremost of the adjacent river, and the park inside and their charges, due to the fine shade trees and evergreen breezes from the adjacent river, that this day the Drive was deserted, and the railing around the Schwab mansion were decorated with juvenile messages supported by a reserve force of white-capped governesses.

Every turn of the camera had a baby's cry as accompaniment, and inunction for the entire show, Willie mingled with the stentorian shouts of Harmon Weight, the director, to the players.

CAPACITY HOUSE ATTENDS PANTAGES

Unusual Features Presented in Full Vaudeville Programme

Attracting a large audience, which responded to each new development in the vaudeville programme with vociferous applause as indication of their satisfaction with the programme, the Pantages last night probably presented the best show that has been on the circuit for some time, and the best that has been to Victoria, since the new show's inception.

The full vaudeville programme which was shown in former days was given at the Pantages presentation and so well was the entertainment patronized that the management is seriously contemplating the adoption of a full vaudeville programme with the usual Pantagescope.

A most pleasant surprise was given patrons on the appearance of the youthful entertainers who possess more than sufficient talent to offer a production that proved the most popular of the evening, if applause can be taken as any criterion.

The youthful entertainers were accorded many encores. They possess not only vocal talent but instrumental and terpsichorean talent, which provided one of the nicest one-act presentations of versatility that has been seen for some time.

It is almost unnecessary to relate the remarkable feats of the La France brothers, sufficient to say that one of them withstood the world's endurance test of standing on his head and performing more amusing and entertaining feats than one could imagine in such a predicament. He stood longer than any other person has ever stood on his head.

Another act somewhat similar, inasmuch as it selects as its entertainment the physical development and the feats that can be done through it, was Adonis in his equiptoe. He did many clever and tricky stunts, imitated by his dog, which won admiration from those present.

Mildred Aire made her presentation of symphony and color as colorful as anybody could conceive. The color and tone to the violin playing which her clever company was able to render alone justifies the admiration of the audience for their offering. But costumes, scenic art and other features also merit praise-worthy remarks.

Dan Downing and O'Rourke as cheerful pessimists outdemonstrated their wit and provided one of the most sparkling, witty intercourses that comedians have provided on the circuit for some time, "Fair Enough" was the comedy contained in the Pantagescope.

1003 Government St. Phone 514

ROYAL VICTORIA

A number of scenes in the Allen Holubar production, "Slander the Woman," now showing at the Royal Theatre, are laid in Montreal, the gay and cosmopolitan metropolis of the Dominion of Canada. Here each Winter, gather the elite from various sections of Canada and the United States to participate in the Winter sports and social activities.

With a large French-Canadian population, Montreal is undoubtedly one of the most picturesque cities in North America, and annually thousands of tourists visit this historic metropolis where Volstead amendments are unknown.

In "Slander the Woman," starring Dorothy Phillips, the city of Montreal is shown. And despite the fact that the locale of the production is Canada, not one Royal Northwestern Mounted Policeman is employed in any of the scenes.

When Maurice Goldwyn took the company making Goldwyn's production of "The Christian," coming to the Dominion Theatre next week, to England to make scenes in the natural settings he visited London for the first time in twenty years.

"I was with Mme. Rejane on my last previous visit," said Mr. Tourneur, "and at that time motion pictures had not even reached their infancy. However, looking at London in the light of what I have learned since, I think it is destined to become a very important centre for film production. The British Isles have great screen possibilities; the scenery is on a compact scale, all close at hand; the desert is only a few days' journey, and snow can be reached within twenty-four hours."

"Sir Hall Caine manifested a great deal of interest in the new filming of his book. It is not too much to say that we made full use of the scenic resources of England in building up the 'atmosphere' of our picture."

Although Mr. Tourneur made "The Christian" a great spectacle, with impressive settings and crowds of people, he did not lose sight of the intimate human values. Said he:

"It is not the big outlay, or the striving after ostentatious, spectacular effects, but the result of an intelligent effort that tells. The simplest picture may be more successful if it portrays the truth or the beauty of the story than a big production that lacks human appeal."

ESQUIMALT SCHOOL CHOIR IN RECITAL

An unusually interesting annual musical event is the concert given by the admirable juvenile choir, the Esquimalt School Choir, which is always held in the month of June.

Frederick Waddington, its keenly alert and efficient conductor, has again selected a high standard programme, and those assisting him on the occasion are Mrs. Jessie Longfield, G.M., contralto; Drury Pryce, violinist; and Ira Dilworth, solo pianist and accompanist for the evening.

Many compositions new to Victoria audiences will find a place in the numbers to be rendered by the choir being "A Spring Song" (Rubinstein), "Departure," in two-part harmony; a folk song, "The Wood Pigeon"

ACID STOMACH IS DANGEROUS

Sufferers From Indigestion or Stomach Trouble OUT THIS OUT

"Stomach trouble, dyspepsia, indigestion, sourness, gas, heartburn, food-fermentation, etc., are caused nine times in ten by chronic acid stomach," says a well-known authority.

Burning, itching, and alarming rate. The acid irritates and inflames the delicate stomach lining and often leads to gastritis, accompanied by dangerous stomach ulcers. Don't stop an acid stomach with pepsin or other stimulants that only give temporary relief from pain by driving the sour, fermenting food out of the stomach into the intestines.

Instead, neutralize or sweeten your acid stomach after meals with a little hot water and disordered Magnesia and not only will the pain vanish but your meals will digest naturally. There is nothing better than Disordered Magnesia to sweeten and settle an acid stomach. It soaks up the harmful excess acid much as a sponge or blotting paper might and your stomach acts and feels fine in just a few minutes. Disordered Magnesia can be obtained from any reliable druggist in either powder or tablet form. It is safe, reliable, easy and pleasant to use, is not a laxative and is not at all expensive. (Adv.)

BELLINGHAM READY FOR LOCAL PARTY

Official Welcome Planned for Great War Veterans From Victoria

Information received from Bellingham by the Great War Veterans' Association points to a cordial reception to the United States city Monday. The S.S. Adelaide has been chartered for the day, and both on the journey to Bellingham and on the arrival at Bellingham the programme for the day is crowded with promising features. The pipe band will accompany the party, and there will also be a dance orchestra arranged to play both on the outward and homeward journey.

The Mayor and Council members of the Chamber of Commerce, the American Legion, including delegations from Everett, Tacoma and Seattle and other points will take part in the official reception, and the city will be decorated in honor of the occasion.

Cars will meet the Victoria holiday makers at the boat for sight-seeing tours, but the outstanding feature on the day's programme is the big concert and dance in the auditorium.

A DESERVING LAD.

A little company was giving away toy balloons to children. They were beautifully colored balloons, and caught the kiddies' fancy. One little fellow asked if he might have two.

"Sorry," said the man in charge, "but we only give one balloon to each boy. Have you a brother at home?"

The youngster was truthful, but he did want a balloon.

"No," he replied regretfully; then added hopefully, "but my sister has, and I want one for him."

NEWS IN BRIEF

Grass fire at Beacon Hill and a beach fire off the Dallas Road occupied the attention of the fire department this morning. The damage was slight.

Saanich workmen who have been heaving down scores of trade signs lining the East Road have stirred up some trouble for the Council. The owners of one string of unauthorized signs succeeded last night in winning clemency, and will be allowed to replace his signs if the signs are better painted and located.

According to a report from George I. Warren, Commissioner of the Victoria and Island Publicity Bureau, from New Westminster, where he has been for the past two days, the illustrated lecture which took place in that city last evening, under the auspices of the Automobile Association, was a very great success. He was given a warm welcome, 200 persons attending.

At the funeral of Major-General R. G. E. Leckie in Vancouver yesterday afternoon Brig.-General R. P. Clark acted as honorary pallbearer and represented the Fifth Regiment, C.O.A., and the Army and Navy Veterans Association. Brig.-General Ross was represented by Col. Lorne Drum; Col. Urquhart represented the Sixteenth Canadian Scottish and Col. Peck, V.C., was also present.

The exhibition at the Lampson Street, Esquimalt, Public School, of manual training work, domestic science and crafts, as it is taught for the benefit of the school children, is in every way an entire success. Some of the manual training work is particularly fine, showing excellent progress made by the pupils in work on the lathe, F. Waddington, the manual training instructor, has good reason to be proud of his boys. The other examples of work done by the children, on display, are also excellent.

At the meeting of the Women's Progressive Conservative Club last evening held in the Balmoral Hotel several items of business were transacted. The report of the flannel dance was encouraging. Plans were made for a club picnic at a later date. The fortnightly educational meetings will be discontinued until September, but the regular business meeting will be held on the third Tuesday in each month, the next meeting taking place July 17. Mrs. Randall presided at the meeting.

The renovation fund of St. Mark's Church was substantially assisted as a result of the enjoyable concert given on Monday evening in the parish hall by Mrs. Hopkins and her juvenile minstrel party, assisted by a number of well-known musicians. The kiddies gave a splendid programme of musical and novelty numbers, followed by waltzes by J. Fullen, with E. Warren at the piano, and songs by Mrs. Hopkins, J. Heatherill and J. Fanthorpe. At the conclusion of the formal programme refreshments were served and dancing was enjoyed.

In accordance with the custom throughout the Empire, the I. O. D. E. will hold Alexandra Rose Day on Saturday in honor of Queen Alexandra. The I. O. D. E. will be in charge of the sale of the roses, and the proceeds will be devoted to child welfare and maternity work. Messrs. Melrose Co., Ltd. have generously granted the use of their store for headquarters for the day. Boxes and roses will be distributed at the headquarters on Friday afternoon from 3.30 until 6 o'clock, when canvassers and sellers are asked to obtain them.

Val F. E. Teylor, who has been for some months in communication with the Victoria and Island Publicity Bureau, has announced his intention of settling on the Island, probably in the Comox district, and making his home here. Mr. Teylor is a native of Leeds, England, and has for years been an active citizen there. He is an experienced farmer, having had training as a boy on a plantation in Florida. Further he has become an expert in the wholesale market, and his knowledge of the intricacies of the fruit selling and producing business stand him in good stead on this island. Mr. Teylor is accompanied here by his wife, being the daughter-in-law. His son is a practical farmer, having qualified from the Farriers' Company, London, and having obtained third prize in an open competition at the Royal Show, Cambridge, 1922. They arrived here directly from Leeds, several days ago.

CITY GROWING ANXIOUS ABOUT LIQUOR MONEY

City officials are growing anxious over delay in the city's share of Provincial liquor profits for the last six months. Announcement that the Provincial Government was distributing to British Columbia cities their share of liquor money was made some time ago, but the expected cheque has not reached the city hall yet.

The city wants its liquor money before the end of this week, it was made known at the city hall to-day. The cash is needed for current expenses, and to pay for the part of it for current salary payments, which are to be made before the end of the week.

City financial officials are urging the Provincial Department of Finance to speed up Victoria's liquor cheque so that it may be available before Saturday morning.

Hon. John Hart, Minister of Finance, to-day completed arrangements for the collection of the Provincial Government's five per cent on pari-mutuel betting at race tracks at Vancouver and Victoria.

Hon. Hart said the Government expected to take in \$20,000 this year from betting taxes, but this may be increased because of the greater length and activity of the racing season.

S. J. Herd was to-day appointed by Mr. Hart as special official to administer and check up the payment of these betting taxes.

LIQUOR BOARD ORDER FORECASTS SAANICH AS GREAT VINEYARD

(Continued from page 1.)

tern Canada with Victoria wine. Last week's moderation victory in Manitoba opened a big market there for B. C. wine which can undercut in price all European importations, it was explained. B. C. wine will also be put into other Provinces that may become wet.

The Canadian wine trade that can be worked up immediately by merely having the product will mean the flow of great wealth to this district, it was explained.

An expert wine maker is to be brought here at once by the Liquor Control Board to supervise the production and to guarantee the product.

Samples of last year's product were worked with by Liquor Board experts in the laboratory. They were of all sorts of blends. These tests were announced to-day as highly satisfactory, the wine showing up better than had ever been anticipated. It has been found superior to all the grape wines sold by the Board. It has a more pleasant taste, an unequalled color, 21 per cent alcohol and a higher kick in it with the result that smaller quantities of it are necessary for consumption.

The Saanich growers also had the question up before the Department of Industries.

Effect on Industries.

"While this department is not anxious to see the wine industry here, it has been forced to recognize that if the public want to buy wine, as they have decided by vote, the people might just as well buy local products as sending their money out of the Province for inferior drinks," said Major Don Martyn, Commissioner of Industries.

"The Department of Industries investigated the possibilities of this industry and has supplied the people with the necessary regulations and manufacturing conditions. Tests were made showing the wine made here to be of the highest quality and wonderful appearance."

Will Use Surplus.

"The establishment of the wine presses here means that the loganberry men will be able to use the surplus crop this year for which there has so far been no market. It will mean much to the industrial success of the country which depends on farming prosperity. As soon as the surplus crop is ready to market, it will yield \$100,000 a year to the Saanich growers who are in it now."

"Tests were made with this loganberry wine which showed that it produced a high-grade article which will find a ready market among connoisseurs in England at a good price."

"It is only one development of the work of the Department of Industries. It is really an offshoot of the work the department has been doing in the market for unfermented loganberry juice."

Liquor Officials' Views.

Liquor officials confirmed the announced tests of the Department of Industries, explaining that the loganberry is a natural wine berry, requiring no artificial aid to start the process of fermentation.

"For color, taste and 'kick' it is hard to touch loganberry wine," one official said.

The Kershaw company here last year put up 1,000 gallons of loganberry juice, and this year plans to increase the output considerably.

Winners of the liquor board article to take steps to popularize British Columbia cider as a substitute for ales and beers now sold, was also announced to-day, following the declaration of Okanagan fruit growers that they were willing to undertake the bottling of apple cider and peach and apricot ciders.

Possibilities of blackberry wine production here are also being considered.

ACCUSED ACQUITTED

The further adventures of Constable Bishop in a Chinese restaurant were unfolded in the city police court to-day. Recently that officer, when pressed for his explanation of the unwarranted presence of liquor in chop suey house, stated that the practice of carrying "mickeys" was prevalent. The matter was broached to-day when Chey Lee Toy was charged with unlawfully keeping liquor in the Hong Kong restaurant. The accused pleaded not guilty through counsel, A. Aikman, and the charge was dismissed.

OBITUARY RECORD

The death occurred on Monday morning at St. Joseph's Hospital of Wong Yong, aged 44 years. A native of China he had been a resident of this city for the past 14 years. The remains are being kept at the Thomson Funeral Home, 1625 Quadra Street, from where the funeral will take place to-morrow afternoon at 2.30 o'clock. Interment will be made in the Chinese Cemetery.

CONFERENCE ON FUEL AT OTTAWA NOW IS URGED

Ottawa, June 27.—A conference of coal operators and representatives of the transportation companies and of the Federal and various Provincial Governments to discuss methods of establishing an independent fuel supply for Canada is recommended in the final report of the House of Commons Committee on Mines and Minerals.

"How is it asked an Englishman of a Scots friend, 'that Scotsman on well in business while many Englishmen fall?'"

"Brains my boy," was the reply. "You should see me. Give me ten shillings and I'll get you some of the fish that my wife gets for me. Eat it and see how you get on."

"The Englishman returned with his ten shillings, and the fish was sent to him."

"Next day he met the Scotsman again. 'Well, how did you get on?'"

"Well, it was splendid fish. Give me 'Do you feel any different?'"

"No, I can't say I feel any different," said the Englishman; "but ten shillings was a lot for a piece of fish, wasn't it?"

"There you are!" said the Scotsman. "Your brain is beginning to work already!"—T. L. Bits.

Balance of Seabrook Young's stock will be on sale at 634 Yates St., late Richardson's old store, Thursday morning.

1087 THE PRO

C. N. R. PRESIDENT MAY VISIT CITY

No Answer Yet to Invitation to Sir Henry Thornton

No answer has yet been received by the Victoria Chamber of Commerce to its invitation sent to Sir Henry Thornton, who is in Vancouver at the present time, to visit this city for the purpose of presenting to the city certain local transportation problems and difficulties which have recently arisen. It is expected that the president of the Canadian National Railways may have time to visit this city.

Although the original plans of the Canadian National Railway executive did not include a visit to this city, yet the message may succeed in varying the president's itinerary.

TAX ON BETTING TO PROFIT B. C.

Hon. John Hart, Minister of Finance, to-day completed arrangements for the collection of the Provincial Government's five per cent on pari-mutuel betting at race tracks at Vancouver and Victoria.

Hon. Hart said the Government expected to take in \$20,000 this year from betting taxes, but this may be increased because of the greater length and activity of the racing season.

S. J. Herd was to-day appointed by Mr. Hart as special official to administer and check up the payment of these betting taxes.

GETS \$30,000 MORE FOR 'T. B.' TESTS

To extend the work of tubercular testing of cattle, Hon. E. D. Barrow, Minister of Agriculture, with Premier Oliver to-day put through a special warrant for \$30,000.

In the speech delivered by the Minister at the last session voted \$15,000 for this work on the understanding that the Dominion Government would take up the movement and that become a national instead of a provincial project. Now that this has not yet come around, the Province has had to go into it more thoroughly on its own account.

FARM PROSPECTS IN TASMANIA ARE DECLARED BRIGHT

Hobart, Tasmania, June 27.—(Canadian Press Cable via Reuters)—The favorable outlook and the good prices which have been maintained in the agricultural, pastoral and dairying industries were referred to in the speech delivered by Administrator Sir Herbert Nicholls at the opening of the Tasmanian Parliament yesterday.

The speech announced that the Government was considering a scheme to engage Barnardo boys in forestry work, and that the British Government would be asked to finance the scheme as part of the Imperial Settlement policy.

WIMBLEDON TENNIS TOURNAMENT RESUMED

French Player Beats Englishman in Fifth Campaign for Title

Wimbledon, Eng., June 27.—The sun shone faintly through the clouds as play was resumed this afternoon in the Wimbledon tournament, at which the world titles at lawn tennis are being decided. In the first match Miss Kathleen McKane, first rank in the British women players, defeated Miss Gardiner, of Cambridge, Mass., 6-1, 6-0.

Count de Gomar defeated D. Bevan, of England, 4-6, 6-2, 6-2, 6-3.

Miss W. Johnston defeated the left-handed veteran, E. D. Watson, of Northumberland, 6-1, 6-2, 9-7.

Miss Elizabeth Ryan defeated Mrs. G. B. Goode, 6-0, 6-1.

Miss W. Johnston, of New Jersey, defeated Miss L. C. Addie, 6-0, 6-4.

The American lawn tennis stars, striving for world's titles, came through again to-day. Miss W. Johnston, of New Jersey, defeated Miss L. C. Addie, 6-0, 6-4.

William M. Johnston, of San Francisco; Vincent Richards, Yonkers, N.Y.; and Francis T. Hunter, of New York, won their matches in the men's singles.

The American woman champion, Mrs. Molla B. Mallory, of New York, Miss Martha Bayard, of Silver Hills, N.J., and Miss Leslie Bancroft, Boston, advanced in the women's singles. Miss Katherine Gardiner, of Cambridge, Mass., was defeated.

PARIS PAPER COMMENTS ON FAILURE OF CANADIAN PRAIRIE WHEAT BOARD PLAN

Paris, June 27.—(Canadian Press Cable).—The Figaro, in an editorial to-day on the efforts being made to form a Canadian wheat board, says:

"A position of 450,000 francs a year goes abegging in Canada. Allocated a salary of \$6,000 is guaranteed by the Premiers of the western provinces of Canada who held a conference at Winnipeg recently, they could find no candidate willing to take the job of price controller for the 1923 wheat crop. In despair the Premiers decided to control nothing, so the crop will be freely sold and the provincial budgets will not have to make provision for a new and expensive official. Happy is Canada."

SIR H. SAMUEL, PALESTINE OFFICIAL, VISITING LONDON

London, June 27.—Sir Herbert Samuel, British High Commissioner in Palestine, is in London. He declined to make any statement.

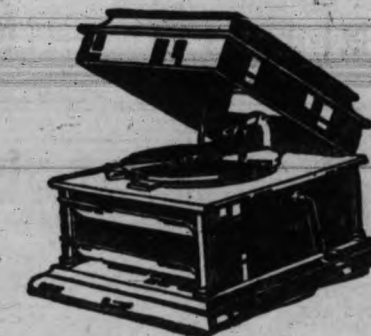

Sir Herbert arrived here last evening.

According to The Jewish World on June 19, Sir Herbert Samuel was proceeding to Egypt with the intention of asking that he be relieved from his post unless he received better support from the Government.

CUTICURA SOAP CLEARS THE SKIN AND KEEPS IT CLEAR

The Salvation Army will hold the annual picnic at Goldstream, July 2. Touring cars will leave the corner of Broad and Johnson Streets at 10 a.m. sharp. Tickets may be obtained any evening from the Hall on Broad Street. All are heartily invited.

Lighten Your Burdens

Lighten your burdens to feather weight and make your whole life fuller and brighter.

Let us show you the miracles of advertising.

A small, prosperous business is a great thing. It's pretty fine to go along with enough and some to spare. It's a comfortable feeling. BUT.

You never can tell exactly when a "live" competitor will jump in and make things fly. Jump in now and make things fly yourself.

Keep yourself so well advertised that even the most ambitious will hesitate a long time before trying to put one over on you.

A big, growing business that everybody KNOWS is a great thing. The miracle of it thrills you from head to toe.

Advertising performs the miracle of making a business GROW.

URGES CIVIC UNION AND HARMONY

President Indicates Policy of Clubs for Future

Clifford A. Rohe, International President of the Hundred Per Cent. Club, and a resident of Los Angeles, in which city he carries on his practice of attorney, does not term the present prosperous conditions in Los Angeles as a "boom," but just a steady progress, due to the result of wise civic organization and effort.

Mr. Rohe on his arrival in Victoria was very complimentary in his remarks concerning the possibilities of Victoria and other British Columbia cities, stating that all that was required was more advancement.

No Civic Conflict.

Union and harmony is the key to civic success, according to Mr. Rohe, who stated to The Times that, "there should be no inter-municipal conflicts. Amalgamation of the outside municipalities is the only way to build up a small town into a large city."

Will Expand Club.

In speaking of the Hundred Per Cent. Club Mr. Rohe stated, "it is a typical Western club, which has plenty of room for development, and will do so in the coming fiscal year. In Canada development will be pushed ever eastward until the Atlantic seaboard has been reached. All the large cities will be organized. No city under 100,000 population will be touched. Winnipeg, Toronto, Calgary, Edmonton and other large Canadian centres will be organized."

Has Good Club.

"You have a fine club here," stated Mr. Rohe as he stepped off the boat. Mr. Rohe had created his impression of the local club from the manner in which himself and the visiting party had been received in Seattle by the Victoria delegation sent over to greet them, and also the enthusiastic manner in which Major T. B. Monk, secretary of the local club, represented Victoria at the last convention held in Los Angeles.

Victoria is the smallest city on the Hundred Per Cent. Club's list, in fact it is under the organization's standard of population, but nevertheless a large membership has been enrolled, and compares favorably with many of the larger cities. Mr. Rohe stated that the Hundred Per Cent. Club was first organized in San Francisco in 1916, and had progressed rapidly since that time, the Victoria organization entering in 1920.

REV. DR. MACCAUGHEY ON CHURCH UNION

"It is a great movement," stated the Rev. Dr. Charles MacCaughey, pastor of the Centenary-Wilbur Church of Portland, on his arrival in the city to attend the annual Hundred Per Cent. Club convention, when asked by The Times what his opinion was in regard to the Church Union question in Canada.

"Those who are opposing this movement would do well to follow the actions of the majority," he stated. "It is the only way to get effective work out of the churches. The churches of the United States are also working on a system of union, but somewhat different to that being adopted by the Canadian churches."

Dr. MacCaughey said, "Non-competition is our agreement," the pastor explained. "It is a system whereby the churches work together in union with one another but still retain their individuality."

According to Dr. MacCaughey the system adopted in the United States is just as effective as the one now under discussion in Canada. Rev. Dr. MacCaughey is pastor of a congregation of over 1,100 people. He was associated with the Presbyterian church in Canada, having held a pastorate at Lindsay, Ontario, some years ago. J. McMillan Muir, who is the choirmaster and organist of his

church in Portland, is a Victorian and has many friends in this city.

The Centenary-Wilbur Methodist Church, of Portland, of which Dr. MacCaughey is pastor, has entered upon a social service programme under his direction. A big gymnasium, swimming pool, bowling alleys, free clinics, reading-rooms, and other requisites of a community plant are being built and will be available to the 1,100 members of that congregation.

The British Empire and the United States, standing together, can form the bulwark of civilization and human happiness, according to Edward P. Bailey, of Long Beach, California, vice-president of the Long Beach Hundred Per Cent. Club, who arrived here yesterday to attend the Hundred Per cent. convention.

"Civilization to-day is on the eve of a great change," said Dr. Bailey, who is well known all over the United States for his efforts on behalf of British interests in the United States during the war. "All conditions and traditions are in confusion. We are approaching a new era, and the world is coming of age. And in the throes of its new birth, it will realize the need of a new industrial conscience, a higher sense of social responsibility and a newer, truer and nobler stand of national integrity. Although the average person may not realize or understand the change that is coming, we all can, we all must help in the process, and this help will not be the power of hand, or the power of thought, but it will be the power of right thinking and of right living."

"The greatest conflict of the age is upon us, and it is not a conflict of the sword or gun, but a conflict of ideas. Our greatest possible work in these days of rehabilitation and reconstruction is to weave into a fabric of the present and the future those lofty sentiments and ideals with which we were inspired during the period of war service and sacrifice. I firmly believe Great Britain and the United States can be the unified bulwarks of a mighty power for civilization and the happiness of humanity, with national and individual freedom, and justice and equality for all mankind and for all time."

NO ACTION YET ON PRINCIPALSHIP

In Absence of Chairman Man-trop Decision Deferred

No definite action was taken by the Esquimalt School Board last evening regarding a notice terminating the engagement of Leonard Tait as principal of the Lamson Street School. Some members of the Board opposed the action taken recently, while on his behalf it is alleged the Board's notice was irregular.

field of sport. To that end he has entered heart and soul in the work of developing the ardor of his classes in lacrosse, soccer and other games. That Esquimalt produced two championship teams in lacrosse and soccer last night is worthy of notice. Nor are Mr. Tait's activities confined to the athletic education of his boys and girls alone. His study class is making progress in a similar way to his teams.

EXTEND THANKS.

At an executive meeting held on Monday evening of the Welsh Society of Victoria a resolution was passed thanking those who assisted the successful garden party held by the society on June 29. Mr. and Mrs. R. Griffiths, F. A. Pauline, M. P. P., The Times and Colonist, all those who contributed cash and articles that were placed on sale, all those who conducted stalls, etc.; also all persons who made purchases.

TO VOTE \$37,000 FOR LIFE SAVING

Commons Asked to Make Provision for Vancouver Island West Coast

Supplementary Estimates Laid Before Members

Ottawa, June 27.—A vote of \$37,000 to defray the cost of installing a wireless telephone service and maintaining a life-saving vessel on the West Coast of Vancouver Island is included in further supplementary estimates totalling \$14,711,351 tabled in the House of Commons yesterday afternoon by Hon. W. S. Fielding, Minister of Finance.

Principal among the items are: \$25,000 for expenditures in connection with trial shipments of chilled beef and fat cattle to Great Britain; \$500,000 further required for war pensions; \$7,500 annuity to Dr. F. G. Banting, discoverer of insulin; \$350,000 for construction on the Hudson Bay Railway, and \$30,000 refund to J. D. McArthur & Company in connection with the same project; \$350,000 Welland Canal extension (Port Colborne elevator); \$60,000 to provide defences between military pay with hold and other allowances received and full railway rates of pay for certain railway employees employed on the lines between Winnipeg and Fort William; \$50,000 for surveys and investigation of a railway from a point on the Canadian National Railway areas toward Peace River.

There is a vote of \$600,000 for Toronto Harbor improvements and one of \$192,200 for harbor improvements at Port William. Votes for public works chargeable to income in the various provinces total \$3,495,501.

For Fisheries

To assist in the conservation and development of deep-sea fishing, there is a vote of \$70,000, and one of \$57,996 for the new appeal boards under the Soldiers' Civil Re-establishment Act and the Board of Pensions Commissioners.

For Houses

A vote of \$4,000,000 is provided for loans to provinces to encourage the erection of dwelling houses and a further vote of \$150,000 for the British Empire Exhibition.

Other items are: Grant toward the expenses of the Canadian athletic team at the Olympic Games of 1924, \$15,000; expenses of the delegation to the Imperial Conference and the Imperial Economic Conference, \$350,000; Royal Commission to inquire into the grain trade, \$50,000; additional amount for the Canadian Exhibition in France, \$40,000; toward construction of grain elevators at Halifax and Edmonton, \$200,000 each; British and foreign news service under the Department of Trade and Commerce, \$21,323.34; grant to the Burrard Inlet Tunnel and Bridge Company toward construction of a bridge over the Second Narrows of Burrard Inlet, B.C. (amount not given).

Salaries Increased

Under these estimates the salaries of the following Deputy Ministers and department heads are increased from \$6,000 to \$8,000 per annum: W. W. Cory, Deputy Minister of the Interior; G. J. Desbarats, Acting Deputy Minister of National Defence; G. F. O'Halloran, Commissioner of Patents; P. C. T. O'Hara, Deputy Minister of Trade and Commerce; Sir Joseph Pope, Under-Secretary of State for External Affairs; J. B. Hunter, Deputy Minister of Public Works; Thomas Mulvey, Under-Secretary of State; F. A. Acland, Deputy Minister of Marine and Fisheries.

CHAMPIONS TOTTER IN COLLEGE TENNIS

Philadelphia, June 27.—Two champions and a former titleholder were eliminated yesterday in the third round single matches of the national intercollegiate tennis championship tournament at the Merion Cricket Club.

Lucien Williams, of Yale, 1922 intercollegiate champion; Phil Neer, of the Philadelphia College of Osteopathy; Fischer won the first set 7-5, but Neer evened the score by taking the second at the same count. In the third set Fischer played at his best and won 6-3.

Neer, who lost his title to Williams last season, lost to Carl H. Fischer, of the Philadelphia College of Osteopathy. Fischer won the first set 7-5, but Neer evened the score by taking the second at the same count. In the third set Fischer played at his best and won 6-3.

Jerome Lang, Columbia, New York State's intercollegiate titleholder, eliminated Jones, 5-7, 8-2, 6-4. Both the remaining members of the Oxford-Cambridge team, S. F. Hepburn and W. S. Watt, were eliminated. Hepburn was beaten by James Davies, of Leland Stanford, co-holder of the doubles title with Neer. The scores were 6-2, 6-3. Watt was defeated by Philip Bettens, of California, 7-5, 7-5.

Gerald Emerson, of Columbia, advanced to the fourth round today by winning from R. Lewis, of Princeton, 6-3, 3-6, 8-2. W. W. Ingraham, of Princeton, reached the fourth round, Ingraham defeating David Conrad, of California, 6-3, 6-4, while Howard won from Wallace Bates, another Pacific Coast star, 5-7, 6-3, 6-1.

LEW TENDLER STARTS TRAINING FOR FIGHT

Chicago, June 27.—Lew Tendler, Philadelphia lightweight, is to begin his first workout here today in his preparation for his bout with Sailor Freeman at Michigan City July 4. Tendler is matched to meet Benny Leonard in New York July 23.

TENNIS TOURNAMENT AT CHEMINAIS

Special to The Times. Cheminai.—The members of the Cheminai Tennis Club were hosts to the Ladiesmith club on Sunday afternoon, when a tournament was played, eight games to a set. Ladiesmith was represented by Mr. and Mrs. Morrison, Miss D. Bryant, Misses Bauld and Hill, and Messrs. Reid, Rogers and Barrett. Before supper, which was served to the visitors at the Cheminai Hotel, the games stood forty all. The ladies of the Cheminai club served supper to the home guests at the residence of Mrs. A. E. P. Stubbs. The game was resumed after supper, the final score being 5-6, Ladiesmith winning by 26 games.

Personal

Miss Peggy Inches of Duncan, was the week-end guest of Misses Doris and Hazel Gathcart, Cheminai. Miss Mildred Robinson spent the week-end at Gabriola Island. Mr. and Mrs. Colin McInnes, Genoa Bay, motored to Cheminai for the week-end. Miss Irene Murray has returned to her home at Cheminai after spending some time with relatives at Genoa Bay.

Garden Party

The Girl Guides, Brownies, and Boy Scouts of Cheminai were the guests of the Sister Agnes Keyser Chapter, I. O. O. E., on Saturday when they were entertained at a garden party at the home of Mrs. R. R. Hallied. Games were indulged in and a great deal of amusement obtained from an Aunt Sally. A delightful supper was served, strawberries and cream being a feature much appreciated by the guests.

New Export Route For Cattle From Western Canada to British Markets

The occasion was marked with a banquet given by the Quebec Harbor Commission, attended by C. Rice-Jones, Winnipeg, General Manager United Grain Growers, Ltd., steamship officials and members of Parliament.

In addition to the big saving in time, this short route to Quebec means a saving to the shipper of from twenty to thirty pounds in weight of each animal because of greater shrinkage via other longer routes.

During the summer several other shipments of livestock for British markets will be made by United Grain Growers over the Canadian National route for Quebec port.

SEEKING the fastest and most direct way to an Atlantic port, a new route for cattle from Western Canada to British markets was inaugurated with the departure, a few days ago, from Winnipeg to Quebec over the Canadian National Railway of a special train of 29 cars conveying approximately 600 head of cattle. The distance of 1,250 miles was made in the record time of 76 hours. The cattle, which were collected by United Grain Growers, under their cooperative export plan, embarked at Quebec on the S.S. "Manchester Division" and formed the first shipment to be made from this port.

MANY GOOD TENNIS PLAYERS DROP OUT

Proctor, Ford and Jackson Among Those Who Fail to Overcome Handicap

The feature of yesterday's playing at the Victoria lawn tennis in their annual handicap championships yesterday was the disposing of some of the club's best players. Entering the game with heavy handicaps such players as Proctor, Ford and Jackson were eliminated in the qualifying rounds. Three set matches were in vogue all day yesterday, and indications are that the finals will be particularly interesting to watch.

Island Championships

The annual open tournament at Duncan starts July 4, to July 7. Events are as follows: Men's singles (island) champ.; men's doubles, ladies' singles (island champ.), ladies' doubles and mixed doubles.

Players from outside clubs will not be required to play until Thursday, July 5.

Results of yesterday afternoon's games at the Willows are as follows:

Ladies' Singles
Mrs. V. H. Knox (-59) defeated Miss McNeil (-115), 4-6, 6-4, 6-3.
Miss Bullock-Webster (-15) defeated Miss King (scratch), 1-6, 6-4, 6-3.
Miss McVittie (-4-6) defeated Miss M. Cotton (-4-6), 6-4, 6-2.
Miss Wolfenden (-15) defeated Miss Hardie (-15), 6-1, 6-4.
Miss Hambly (-15) defeated Miss McBride (-4-6), 8-4, 4-6, 6-3.

Men's Singles
V. G. Ley (-3-6) defeated J. S. Proctor (-40), 6-2, 6-4.
J. Cunningham (-15) defeated T. H. Leeming (-3-6), 7-5, 7-5, 6-3.
W. Quayle (-15 3-6) defeated V. H. Knox (-5-6), 6-4, 6-0.

Ladies' Doubles
Mrs. Rickaby and Mrs. H. B. Mogg (-40) defeated Mrs. Syson and Miss Hambly (scratch), 6-1, 7-8, 6-0.
Mrs. Leeming and Miss Seon (-15) defeated Mrs. and Miss Hodkins (-15), 6-3, 4-6, 6-3.
Miss Mason and Miss M. Mason (scratch) defeated Mrs. Church and Miss Heyland (-15), 6-3, 7-5.
Mrs. G. Mogg and Miss M. Bullock-Webster (scratch) defeated Miss Lawson and Mrs. Unsworth (-40), 3-6, 6-4, 6-2.

Mixed Doubles
Miss E. V. Edwards and Rev. Hitchcox (-15-2) defeated Miss Craft and H. V. Littler (-15), 6-3, 4-6, 6-3.
Mrs. Hodgins and J. Cadzow (-15) defeated Miss Heyland and R. H. Edgill (-4-6), 6-3, 6-2.
Mrs. Lawson and Foulkes (-20) defeated Mrs. Syson and Loveland (-3-6), 8-10, 6-1, 6-1.
Mr. and Mrs. English (-15-2) defeated Miss Archibald and Meredith (-3-6), 6-8, 6-1, 6-1.

Men's Doubles
A. N. Robertson and J. Hutchinson (-30) defeated H. G. Garrett and A. S. Musgrave (-30 4-6), 6-3, 6-3.
T. H. Leeming and G. L. Foulkes (-3-6) defeated G. S. Ford and F. A. Jackson (scratch), 6-3, 2-6, 9-7.

Games arranged for to-day are as follows:
At 4.00—Mrs. Dermiston and Miss Leeming; Mrs. Rickaby and Mrs. H. B. Mogg.
At 5.15—Mrs. and Mr. McIntyre v. Miss K. Jackson and Christie; H. Verley and Rev. W. Carroll v. G. Cunningham and Ley.
Mrs. Seon and T. H. Leeming v. Mrs. Rickaby and H. S. Flett.
Mr. and Mrs. Musgrave v. Miss Church and R. Berill.

HOW TO SLEEP 3-IN-A-BED

YES, IT CAN BE DONE—but not like this.

The trouble is, most people go to bed with "something" on the mind—or ON THE STOMACH!

The answer is, no matter what the day has brought forth to upset your mind and digestive organs, take Beecham's Pills when you retire.

Though in no sense a "sleeping potion," this 80-years-famous household medicine so harmonizes the system that you can sleep in quiet and perfect rest, even in two feet of bed space.

Beecham's Pills are so efficient and harmless for children as for adults—sweetening the stomach, invigorating digestion and stirring liver and bowels to natural activity.

At All Druggists—1.

BUREAU TO HAVE MINERAL DISPLAY

To Attract Attention of Tourists to Island Mining Possibilities

The Victoria and Island Publicity Bureau is arranging a window display of those minerals which are not being mined and developed to any great extent on Vancouver Island, but which are nevertheless plentiful. The display will consist of samples of copper, ochre, bauxite, talc, lime, brick clay, mercury, manganese, magnetite and china clay. Although some of these minerals are being mined to a certain extent, they are not being developed as they might be, the bureau believes.

Undoubtedly there is vast opportunity for miners on the Island. The supply of the ores of the above mentioned minerals is almost limitless. The Publicity Bureau will have a very complete display in their large front window, in the very near future.

SHADOW PICTURES.

An interesting feature of the Antivivisection Society's entertainment on Friday next, will be the shadow pictures so cleverly portrayed by Mr. R. Boyd McGill. Mr. McGill is well known in business and artistic circles in this city and has had varied and interesting experience. He has served in the South African and the late war, and was at one time a medical student. His clever pictures of animals and celebrated persons are likely to prove a popular form of entertainment in Victoria. Through the kindness of W. B. Young, photographer, a strong light will be thrown upon the screen which will render the pictures very clear. Friday's entertainment is open to the public free of charge.

EXPERTS SAY JACK MISSES PUNCHES

Great Falls, Mont., June 27.—Jack Dempsey yesterday launched into the final six days of training for his heavyweight championship battle with Tommy Gibbons at Shelby July 4.

After a day's rest Dempsey resumed his boxing in his outdoor gym, stepping five lively rounds with a trio of light sparring partners in addition to punching the bag for three rounds and driving heavy swings into the leather dummy for a round. Everything considered, it was a highly satisfactory workout in the opinion of the champion's handlers.

Dempsey did not extend himself at any time and some of the experienced experts thought he missed his punches more frequently than in previous workouts. Dempsey, however, went into the ring under instructions to work lightly and not to rip and tear in his characteristic style.

RECORD CROWD AT LACROSSE BATTLE

(Continued from page 16.)

handed the whistles to the satisfaction of everybody. The next game will be played on Thursday night, when Sydney will meet the United Service at the Work Point ground.

SMOKE OGDEN'S CUT PLUG

15¢ per packet
80¢ a 1/2 lb tin

If you roll your own, ask for OGDEN'S FINE CUT (green label)

Finest Flavored Corn Flakes

Notice the tiny "bubbles" on the whole, unbroken flakes of Post Toasties. They're formed during the skilled toasting process through which these flakes pass. A process which coupled with the use of only the highest-quality corn, gives Post Toasties more of the real corn flavor than any other corn flakes.

Post Toasties are crisper, more full-bodied, more nourishing, more economical. 2 packages 25c.

LOOKS BUSY, EH? IT'S TYPICAL OIL TOWN.—Three Sands, near the center of Tonkawa Pool, is a typical Oklahoma oil town. It's one of the sort that sprang up almost overnight. A score or more derricks can be seen back of its one and only street. Three Sands, though it has a population of 5,000, can boast of no city officers, no municipal laws, no Chamber of Commerce, schools or churches.

MISS TEDDY BOYLE, Canadian girl who recently won a \$1,000 wager by hiking 1,500 miles from New York to Florida, is under arrest on a charge of criminal negligence, following an automobile accident in which her car figured.

FIGURES IN THE TRIAL OF FATHER DELORME—Top, left to right: Adelard Delorme, the accused Roman Catholic priest; the Palais de Justice, Montreal, where the trial is being held; Raoul Delorme, the murdered man, half brother of Father Delorme. Centre, left to right: A. R. Tingers and H. L. Calder, counsel for the prosecution; A. Tetrault, curator of Delorme's estate; C. H. Cahan and Alleyor Taschereau, counsel for the defense. Bottom, left to right: Ephrem Fillion and Gustave Monette, counsel for the curator.

NEW YORK'S SQUAD OF MOTORCYCLE POLICE, now includes the radio officers. This photo shows how they work.

A. K. MacLEAN, Liberal member for Halifax, has urged Parliament to invite the League of Nations to hold its next meeting in Canada.

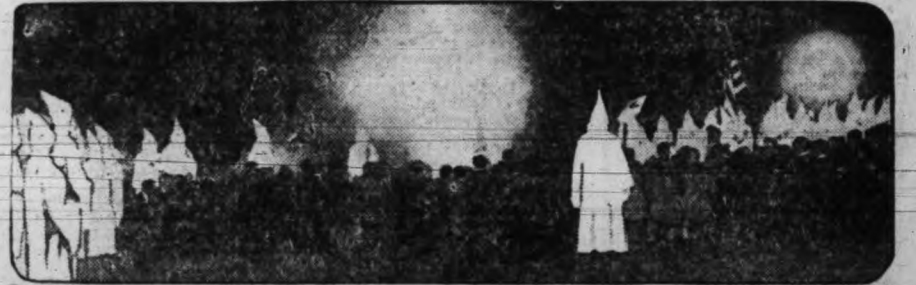

THIRTEEN-YEAR-OLD DOUGLAS FAIRBANK, JR., has started in the movies at a salary of \$1,000 a week, "with opportunity for advancement." You may have seen Doug's father—he's in the movies, too.

BRAINS—Miss Mabel Therese Bonney, has been given a degree by Sorbonne University, France. Prior to that she had been awarded a scholarship to the institution. She is a brilliant student, and has translated several French plays for production in New York.

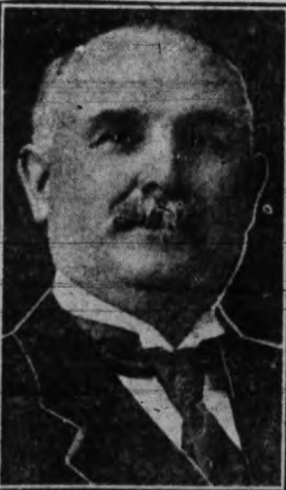

MYSTERY—The body of Helen Drachman, pretty Y. W. C. A. girl of Youngstown, O., was found under a culvert four miles outside that city. Several suspects have been grilled. Police are trying to trace significance of a note she wrote, "My heart is heavy with a sorrow that will not be relieved till death." She was stabbed five times with a giletto.

NEW JERSEY KU KLUX INITIATES 600—Above candidates are kneeling before the flaming cross and taking the oath of allegiance at the initiation at Clarke's Landing, N. J., when 600 new members were admitted to the Ku Klux Klan. Below is a woman officer of the Ladies of the Invisible Empire, unmasked, guarded by Royal Riders of the Red Robe.

JUMPING ON TO VICTORY—Here are Major W. H. Rucker and Red Fox taking the hurdles in the officers' event at the crack military horse show at Camp Lewis, Wash. Major Rucker, you may be sure, copped most of the prizes.

PAT BURNS, cattle king, of Calgary, is being boomed for a seat in the Senate.

THE DUKE OF MANCHESTER has arrived in Canada with his daughter, Lady Mary Montague, and is on his way to the Quebec gold fields.

HOW JUSTICE GOES TO HERSCHEL ISLAND—Allakomiak, an Eskimo, is being held for trial on a murder charge, and following a series of intrigues in the grim Arctic, a judicial posse is on its way to the barren wastes in an official capacity. 1. From left to right, standing: Judge Dubuc, Edmonton; T. L. Cory, Winnipeg, counsel for the defense; Inspector Fletcher, R. C. M. P., Herschel Island. Sitting: F. Lessard, secretary to Judge Dubuc, and Morning Glory, the aged Indian interpreter, who will act at the trials. 2. How the judicial party camps out in the north; a picture taken two years ago, when a similar party held court at Fort Smith. 3. Sergeant Thorne, of the R. C. M. P., Herschel Island, who has prepared the case against the accused.

NEW LOWS ON CHICAGO GRAIN

Chicago, Ills., June 27.—Wheat: The market to-day made a new low for the July on the crop as well as the deferred months. All the same the July went to a discount under September, which indicates the slow demand. Hedging pressure is increasing moderately and coincident with the general demand appears to be shrinking outside of some export buying which was of rather insignificant proportions for this time of the year.

Canadian Association of Advertising Agencies Meets

Reports presented at the annual meeting of the Canadian Association of Advertising Agencies, which was held at the King Edward Hotel, recently, showed that the organization has had a most successful year. During the previous twelve months the activities of the Association were extended by the establishment of a permanent office in Toronto.

CHEMICALS USED IN PRISON EXPERIMENTS

Doctor Says San Quentin Murder Proved Innocent

San Quentin, Cal., June 27.—Scopolamin, an alkaloid, was used in experiments on three inmates of San Quentin Prison here yesterday, as a result of which John L. Farrar, convicted of the murder of a Chinese in Sacramento, was proved innocent; Eugene O'Leary, a former service man sentenced from Sacramento on a grand larceny charge, provided the authorities information as to his identity, and John L. Johnson, a negro, admitted his guilt and confessed to participation in other crimes, according to the experiments. Dr. R. E. House, of Ferris, Texas, conducted the experiments before several prison officials and criminal investigators.

COMMUNISM IS CALLED MADNESS

British Labor Party Votes Against Affiliation

London, June 27. (Canadian Press Cable)—The feature of the discussion at the Labor conference which resulted in rejection of the Communist party's application for affiliation with the British Labor Party, which was opposed by the executive and supported by the Harrow Labor Party, was the speech of Frank Hodgges, who declared affiliation would be madness.

AUCTION SALE

Under and by virtue of a landlord's distress warrant and to me directed, I have distrained the goods and chattels in and upon the premises of G. Curtis, 790 Hillside Avenue, Victoria, consisting of Groceries, Candles, Soft Drinks, Tobacco, Brantford, Scales, Show Cases, Counter, Range etc. and will offer the same for sale at public auction on the premises on Friday next, June 29, at 10.30 a.m.

METER CHARGES IN SPANISH PROGRESS ONE MORE STEP

Council Passes Reduced Schedule of Domestic Water Meter Charges

Water meter rentals will be charged in Spanish shortly, the Municipal Council last night decided. A special meeting debated in committee the terms of the new waterworks by-law, and tentatively approved monthly charges as follows: Half inch connections, 15 cents; 3/4 inch, 25 cents; 1 inch, 40 cents; 1 1/2 inch, \$1.25; 2 inch, \$1.75; 3 inch, \$4; 4 inch, \$9; 6 inch, \$14.

Councillors J. L. Brooks and G. A. Vantreight were absent, and Councillors Macneil and Simpson, opponents of household meter rental charges unsuccessfully endeavored to hold up proceedings until a full council was present after they had been defeated upon an amendment to eliminate small households from the new impost.

Councillor Kirkham said he considered rentals necessary, and absorption of meter costs in general water revenues an injustice to water-frontage payers not water users.

Raises Minimum.

The Council also decided that the lowest charge to bulk users should not be less than ten cents per thousand gallons, with consumers of over 5,000 gallons qualifying. Councillor Macneil objected to extensions being made to the waterworks service at this time, considering the residents now benefited by service entitled to a delay, which would in five years recoup to the treasury the cost of the meters, about \$90,000, in savings on water charges paid to Victoria.

Reeve Watson agreed as to the simplicity and practicability of the remedy, but said he preferred that all reasonable extensions be made, even though small meter charge was necessitated to restore to the waterworks treasury the diverted extensions cost.

Councillor Robertson had hitherto opposed meter rentals to households, but now stated he considered reduction from 25 cents to 15 cents monthly a fair compromise. Councillor Lehman was satisfied as to the necessity of a charge being made.

At the conclusion of the reading in committee, Reeve Watson stressed the opportunity for further amendment which will be available at the final reading to be held shortly.

Important Savings.

A mass of data was presented to the councillors by Clerk Sewell, this evening, comparing for January-May of the present and last years. The most interesting fact brought out was that, although this year Gordon had had been a profitable customer, chiefly responsible for increasing earnings from \$15,612 to \$16,799, the amount paid Victoria by Spanish for bulk water had dropped from \$4,667 to \$3,400.

Administration and maintenance charges during the first five months of the present year, including cost of new connections, total \$3,237.59, against \$4,350.04 for the same period, 1922. Thus the profit accrued on operation for the five months, totals \$10,354.05, compared to \$8,440.50 for the first five months of 1922.

It is estimated that the sinking fund—interest charges for the ensuing year have increased by \$1,500 to \$44,118.44. Meter frontage collections of \$79,851.78 are \$1,490 lower in prospect, leaving a balance of \$24,037.56 to be raised by water revenue and meter rentals. Last year sinking fund and interest charges amounted to \$42,542.92, and water frontage collections amounted to \$25,480.21, leaving a balance of \$17,062.71.

Immediate action on the new pension bill is asked by the Tubercular Veterans' Association in the following telegram, dispatched to British Columbia Senators last night:

"Regret delay regarding pension and re-establishment questions affecting tubercular veterans. Present administration causing grave anxiety, distress and worry, causing many cases of relapse. Favorable enacted legislation before prorogation essential to relieve alarming situation. Realizing that justice lies in your hands would appreciate immediate action."

There will be a meeting on Friday evening at 7.45 in the rooms over Fairbanks-Morse, corner of Broad and Johnson Streets. The meeting is held on Friday, owing to Monday being a holiday. Urgent special business is to come up, so a large turnout of members is requested.

"The association here has received a telegram from G. B. McNeill, Dominion secretary, who says: "Alarmed at Senate action. Suspected determination to block legislation favorable to ex-Servicemen and dependents inspired by departmental officials. Ralston, Commission laborers, apparently wasted. Pension commissioners' and other evidence not favorable to us. Would suggest your branch wire every Senator you know, bringing pressure on this publicity by press, meetings, etc. Important issue hangs on thread."

TWO TRUSTEES CRITICIZE ACTION

Declare Chairman Acted Without School Board's Knowledge

Frut was found with the action of Trustee Mantrop, chairman of the Esquimalt School Board, last night at a meeting of the trustees in connection with Mr. Mantrop's arrangements for the leasing of the present Esquimalt High School for another school year. Trustee Mantrop was not present at the meeting and could not defend himself. He is away in the north. However, Trustees Mulcahy and Mrs. Isbister wanted to know who instructed the chairman to take a letter from the owner of the High School buildings, which communication would act as an agreement. This letter took the place of a formal lease, it was explained to the members of the board.

The board should have been consulted about this High School question six months ago, stated Mrs. Isbister. Apparently, she believed the building was not suitable for the students of the district. Trustee Mulcahy in his remarks showed agreement with Mrs. Isbister.

The board is not in the market for property on which to build a new school. Although it received an offer last night, members declined to accept it, with thanks. L. P. Macrae, who had been offered a position as teacher by the board, sent a letter of thanks, but declined to accept, stating that he had been previously engaged by the city for similar work.

The usual donation of \$50 to be used for the purpose of purchasing prizes for the pupils of the Lamson Street School was made through the board's decision.

SMILING FACES.

"When I see all these smiling faces before me," began the Great Man who was revisiting the school where he had learned his "a-b-c's." "It takes me back to the days of my childhood. Why is it, my dear children, that you are all so happy?"

The speaker paused for rhetorical effect. Instantly a grimy hand shot into the air.

"The boy, what is it?"

"The reason we're so happy," piped the boy, "is 'cause as long as you keep on talkin', we don't have to study our 'rithmetic.'" Everybody's Magazine.
