

## Chairman Pattison Deplores Sensational Methods of Tennis Press Agent and gives Our Town Dignified Interview

SAYS ALL THE FACTS ABOUT COMING TENNIS ENTERTAINMENT ARE CORRECT AND THAT DATE WILL BE EITHER FEBRUARY 27 OR MARCH 5—HIS GENEROUS OFFER SHOWS THAT HE BELIEVES IN "SAFETY FIRST"—MR. DONNELLY SEES GEORGE M. COHAN.

"Smoke this after dinner," said Chairman Robert E. Pattison, of the Narberth Tennis Association's Entertainment Committee, as he handed one of his favorite combination "suspenders-belt-garter-Boh-Pattison Specials" to the Our Town reporter, and then the interview began in earnest.

"So you want to know the exact date of the next Tennis Entertainment?" said Mr. Pattison. "Well, I'm sorry, but I can't give you the exact date. But I can say that it will be either Friday evening, February 27, or the following Friday evening, March 5. A whole lot depends on the new scenery. The committee is divided on the question. Some are in favor of hiring Maxfield Parrish, while others are in favor of hiring a lawyer and going before Judge Trotter and appealing for a writ of certiorari, or beginning mandamus proceedings to compel Jim McKell to do the work!

"At all events, the safest thing for people to do is to tentatively set aside both dates. I think I'll be able to give you the definite date in time for next week's issue.

"In the meanwhile, you might put down in your note book that Mr. Donnelly spent the week-end with George Cohan doing over several of the skits and new songs, and that George—all us entertainers call him George—pronounced the stuff great and predicted a hilarious time for the Narberth folks on the evening of the affair.

"And before I forget it, I want to thank you for coming direct to me for your information about this entertainment. Understand, all that our press agent told your editor last week is cor-

rect—absolutely correct, but his methods are so sensational and vulgar—I refer of course to our press agent, and not to the editor of Our Town. Everybody that knows me, knows that I abhor and abominate anything that is noisy and boisterous. I want Our Town to keep this Tennis Entertainment conspicuously before the eyes of our citizens, because it is certainly going to be a ripsorter, with a laugh every minute of the evening, and it will be a downright shame if all the people of Narberth don't know about it and get an opportunity to buy tickets. But I do hope that hereafter Our Town will be dignified in its announcements. Our press agent is a truthful fellow, but inclined to be a bit over-exuberant in his enthusiasm. Why, even on a January day if the thermometer goes up to 38 or 40 he thinks spring is almost here and rushes to the nearest telephone and calls up Ponce Burkhardt or Perry Redifer or Walter Shaw and asks them if they don't think the 'upper court' will be dry enough to play on by Saturday.

"So make it strong, but not sensational, and come around next week, and I'll have an important announcement for you. This week, just tell the folks to keep both dates open—February 27 and March 5—and I'll do my best to ease their minds in next week's Our Town."

"Don't need anything in the line of suspenders, belts or garters?" added Chairman Pattison as the reporter was leaving; and being assured that the representative of the press was in no immediate danger, the chairman wished him good-by and the interview came to an end.

### NARBERTH THRIFT WEEK, FEBRUARY 2ND TO 7TH.

National Thrift was January 17th to 24th, but it is never too late to do good, and Our Town hopes that some of its readers may be able to check up and put into action new resolutions beginning February 1st.

January 1st is a time when most business men learn just where they stand in business.

How does the business man stand in the business of managing his home and home life and providing for his dependents?

#### Ten Commandments for Thrift Week

Following is the decalogue for thrift week recommended by Walter W. Head, of Omaha, Vice-President of the national bank section of the American Bankers' Association:

1. Make a budget.

2. Keep an intelligent record of expenditures.
3. Have a bank account.
4. Carry life insurance.
5. Make a will.
6. Own your own home eventually.
7. Pay your bills promptly.
8. Invest in war savings stamps and other government securities.
9. Spend less than you earn.
10. Share with others. Thrift without benevolence is a doubtful blessing.

Your property is more valuable than it was several years ago, and would cost more to replace. Have you increased your insurance? See a broker who makes a specialty of fire insurance or a real estate man who handles insurance.

Building and loan associations are a fine institution for saving and buying property. The Narberth Association meets on the first Thursday of each month.

## THE FIRESIDE

Real winter weather.

Lots of good sleighing and coasting last week—and slippery pavements, too.

Don't forget the turkey supper February 12th at Y. M. C. A. Tickets, 75 cents.

Austin E. Hartzell, son of the Narberth baker, made a flying trip to Pittsburgh, spending last Sunday and Monday in that city.

Have you gotten your tickets for the turkey supper for Endowment Fund for Holiday House, February 12th?

Mr. J. Q. Stretch announces the engagement of his daughter, Helen Baird, and Dr. Walter Troutman, of Williamsport, Pa.

Mr. and Mrs. George Merritt Davis and son Merritt, of No. 121 Woodside avenue, are spending some weeks in Florida, visiting Tampa, St. Petersburg, Lakeland and Palm Beach.

Dr. John A. Ryan, of Catholic University of America, Washington, D. C., will address the Maia Line Forum. Subject, "The Next Step in Industrial Democracy." The meeting place, Ardmore, in Woman's Club Building. Father Ryan is famous as a teacher, an author, and orator. February 1, at 3.30. Everybody is invited to attend.

There will be gay festivity at the fire house roof February 13th, and all Narberth's one-stepping public will be on hand. The Narberth Boys' Club, despite the "jynx," will stage their annual dance and will prove that it's a lucky night for the borough.

The orchestra that officiates when the Tennis Club turns out to "burn a shoe" will be on hand, and as Columbus said to the Eskimos, "On with the dance; let joy be unconcealable."

Final spring dance, American Legion, Friday evening, April 30.

## Free Delivery Service

THE POST OFFICE DEPARTMENT WILL CONSIDER GRANTING THE SERVICE.

The Postmaster has received a communication from the Post Office Department at Washington in which the statement is made that if Narberth conforms to certain requirements authorization for the establishment of the service will be considered. The requirements include annual gross revenue of not less than \$10,000.00, good continuous sidewalks, cross walks, street signs, street lights, house numbers and private mail receptacles and at least fifty per cent. of the territory be improved and the houses occupied.

The Department is averse to authorizing city delivery where the population is less than 3,000. The Department has been advised by the Postmaster that Narberth conforms to the requirements except for the private mail receptacles, and that there is no doubt these will be procured promptly by the patrons when the service is authorized.

## One Organization not Making Drive for Money

The Narberth Fire Company, who for many years has protected our properties from loss by fire are at the beginning of this year sending out its bills for annual dues, \$3.00 yearly.

The payment of \$3.00 annually to the Fire Company is not a donation or a charity; it is simply fire insurance, and at a very low rate at that.

Do you realize that if Narberth had no volunteer firemen our fire insurance rate would be 25% to 40% higher than at present, or the borough would have to maintain a paid fire company at a greatly increased expense? We have the volunteers, on the job all the time, and they must be supported.

Are you a good citizen, willing to do your share, or do you want the other fellows to fight the fire and pay the bills, too?

Our firemen risk their lives at every large fire and have to depend on their own relief association when they are injured. At a recent fire one of the men was injured and unable to do his day's work for several weeks. The accident cost the relief association \$100.

Where does the relief association get its money? From the active members themselves, the fellows who do the work. They pay dues every year for their own relief fund. Think of it! Why should you and I not help this good cause?

When you pay your dues this year make a separate check for the Narberth Firemen's Relief Association, just a dollar or two. It certainly will encourage the volunteers and give them a sense of protection.

Do you contribute to the Narberth Fire Company? If not—why not?

not been employed in enumerating Uncle Sam's nieces and nephews seems to be the submarine.

Aeroplanes have come in handy in enumerating the dwellers on the islands off the coast of Florida; yachts and rowboats have been used in the harbors of the country; native canoes have been in demand among the Hawaiian Islands; "flivvers" are being used everywhere; the tried and trusty mule team has carried the census takers out on the desert regions; and snowshoes have become the trusted aides of the census gatherers in the northern states and Alaska.

#### ENUMERATOR TURNS RESCUER.

In the central part of New York State, near Oswego, a few days ago an enumerator making his rounds on snowshoes arrived at an isolated farm dwelling only to find that an able-bodied man was needed more than a census gatherer, as the man of the family had been sick in bed for several days and the farm animals were suffering for lack of food and water. The census man, like any good neighbor would, stopped long enough to do the chores, dig out paths through the deep snow and put things in ship-shape order before continuing his journey.

To the Editor of Our Town:

As one who is interested in athletics and wishes a square deal for all concerned, I wish to answer C. M. J.

C. M. J. thinks that Mr. Ellis is not getting a square deal "up on the hill." In the first place, let me say that if Mr. Ellis had been capable of handling the sports of N. H. S., the entrance of Mr. Durbin as coach would never have been thought of.

Another thing that C. M. J. objects to is the compensation of Mr. Durbin's being taken from Mr. Ellis' salary. I think that C. M. J. will have to admit that it is rather wasteful extravagance to pay a man for something he does not do, and as one who knows a little of basketball and football and has seen Mr. Ellis in action, I do not think he was fit for his position.

I hope C. M. J. will delve a little deeper into a thing before he writes about it again, as his letter shows an entire lack of knowledge concerning this matter "up on the hill."

HYPERBOLA.

To the Editor of Our Town:

"R. H. D.'s" article as to the unselfish service rendered by the Narberth Fire Company is most timely. Certainly, those of us who are temperamentally self-opinionated and self-centered, satisfied and indifferent, cannot take exception to the eulogistic remarks occasioned and brought to mind by the fire whistle at 12 o'clock midnight on a certain Friday recently.

May I state, however, Mr. Editor, that the commendation extended to the active members of the Fire Company, although well deserved, would be more generally acknowledged if Mr. Noel and his co-workers should at once arrange for their departure, progression and return not to be signalized by the continuous clanging of the gong. A little reflection should convince them how very uncalled for at that time of night particularly is the manufacture of such a racket. Consideration should be had for those who may be ill and nervous, besides the disagreeable results to children and adults who are awakened perhaps from a sound slumber. The necessity for the ringing of the fire house bell is admitted, but the reason for the clamor which always accompanies the departure of the department is not obvious.

OBSERVER.

#### SCOUTS' TENTH ANNIVERSARY FEBRUARY 8, 1920.

February, though the shortest month, will be the greatest one for the celebration of birthdays.

Citizens all over the land will honor the natal days of Lincoln and Washington. And then half a million Boy Scouts will have a "party" to mark their tenth anniversary.

February 8 to 15 is the week when the Boy Scouts of America will celebrate.

It will bring to popular attention an organization that has been a help to the country in patriotic and social work. The Boy Scouts of America has made a record of practical aid.

The Boy Scout program was designed, not for military service, but for the

development of true American spirit, while developing the true American character in these sturdy embryo citizens.

It has made boys whose principles are correct and complete.

The boy can no longer be left to play without a purpose. The Scout program gives him a "gang" ready made, with plenty to do.

No boy should be left without leadership or without a real task to perform. His energy, if not utilized, will be worse than wasted.

When the Boy Scouts are needed they are on the job. Their service is not confined to extraordinary occasions. They are "good turn" men on every day of the week and every week of the year.

The observance of Boy Scout Week ought to interest the general public.

During this special season each Scout will have as his guest either his father or some man of his own choosing.

The idea is to make the father realize that the boy who has donned the uniform and is associated with the Scouts is something more than the kiddie with no ideas above the playground and playthings.

These manly young fellows have been given the tasks of men, though it has not deprived them of their youthfulness. They are still boys, but they are worthy of the comradeship of their elders, especially of their parents, who too often act as strangers instead of companions.

The wonderful series of nation-wide Scout service had their part in ending the war. The "consolidation" of this victory will come, as came the victory, through service to humanity. It seems that the Boy Scouts' job now is one of civic duty and loyalty; one of throwing aside class distinctions in America and living for the democracy for which Pershing's gallant men died. The Scout motto still is, "Be Prepared," but linked with it is their slogan, "Do a Good Turn Daily." Service prompts the little kindnesses that characterize Boy Scouts. It is up to them, however, to make the victory big and real and bring out its full possibilities through service to their community and their country in the bigger phases of citizenship.
