### SUFFRAGE MEETING.

The quarterly meeting of the Montgomery County Women's Suffrage party was held at the Hotel Hamilton, Norristown, Pa., May 10th. Suffrage business matters were attended to at the morning session, and after luncheon, we had the pleasure of listening to the following speakers: Mrs. L. L. Smith, Mrs. J. H. Brown, Mrs. C. E. Martin, Mrs. J. Orine, Mrs. Pearsall and Dr. Mohr. It was a great pleasure to hear these ladies and learn of the work accomplished by our sister districts. We are sure that all hearers were filled with new enthusiasm and eagerness to do their share for the Women's Suffrage party.

The Narberth delegation attending this meeting was Mesdames C. Verna, E. Towne, W. Dothard, A. Cole, E. Cockrill and J. Wisse.

The recent visit to Narberth of Mrs. Leonidas Beck, of Cynwyd, was of special interest to our suffrage workers, as Mrs. Beck is one of the most ardent supporters of the Women's Suffrage party.

Mrs. S. Muschamp called a special meeting at her residence Monday morning to discuss future suffrage plans, as it is hoped that nothing will be left undone in an effort to enlist every resident of Narberth in the Women's Suffrage party and that for which it stands.

## NARBERTH DEFEATS BON AIR, 8-7

### Charlie Humphreys Stars—Has Perfect Day at Bat

The Narberth champions defeated the Bon Air team on Bon Air's field in a very rugged and drawn out game. It was not until the last inning that the Narberth team won out, as the Bon Airites were in the lead by one run when successive hits by Vernon Fleck, Barker, Charlie Humphreys and Davis scored two runs which gave Narberth the game.

The Boroughites were forced to put a patched up line up owing to the absence of several regulars, but the subs were there in the right time.

Much to the delight of the loyal rooters, Vernon Fleck was in his old place at left field, and started the rally by a double to right field in the ninth inning.

The Bon Airs were the first to score, putting two runs over in the second inning on two hits and a couple of errors. They increased their runs two more in the next inning on a base on balls and three singles. Narberth scored one run in their half of the third inning when Bowen was safe on McMonigle's error. Walter Humphreys then doubled, advancing Bowen to third, who scored on Koon's sacrificed fly.

The game was anybody's first one being in the lead and then the other when the ninth inning came and Narberth was one run to the bad, when ex-Captain Fleck started the rally with a double, and Barker singled, scoring Fleck. Charlie Humphreys then poled his second single of the game, scoring Barker, while Humphreys himself was caught at the plate on Davis' single, while Ensinger ended the inning by fouling to the catcher.

The Bon Air tribe looked dangerous in their half of the ninth inning, when after two were out, McMonigle doubled and Kane singled, which was too short for McMonigle to score. Harrison then ended the game by flying out to Davis at short.

The new drug store conducted by Mr. W. B. Howard, on Haverford avenue, has been enlarged to double its former size by removing the partition which separated the former store from adjoining one. This will give Mr. Howard an opportunity to make a proper display of goods, as well as greater accommodations for his customers.

### BASE BALL PICKUPS.

The Grand Old Man Charlie Humphreys was hit three times at bat and had two singles—a perfect day with the stick.

Next week the Berwyn tribe will visit us at Coffee Pot Pot. Are you coming?

Glad to see Vernon Fleck back again.

Davis played short in grand fashion, considering the condition of the field.

The Narberth team is not hitting the ball safe, eight flies to the outfield.

Bon Air had their hitting clothes on. Some "Ump"!

Hard luck, Ardmore. Something soft for Dun & Co.

This publication is the official organ of the Narberth Civic Association, whose purpose is the promotion of the welfare of our town in every way possible. As such, we must decline to receive for publication communications that reflect on the character or motives of any of our governing bodies, or individuals. We want it clearly understood that this is not a medium for the airing of personal spite, nor for destructive criticism of Council, School Board or Board of Health. The gentlemen who serve Narberth in official capacities do so at a great sacrifice of time and convenience. No fair minded persons question their motives, nor seek to impugn their character. From time to time we receive communications couched in such intemperate language, and with so palpable a personal bias, that they are unfit for publication. It might as well be understood first as last that such communications will go into the waste basket unless accompanied by return postage.

The results of the informal vote on selection of site for the proposed new school building, given in this issue, are very interesting. The vote shows that many neglected their civic duty, but probably no greater proportion than in any election. The ballot, so greatly prized in other countries, is often very lightly regarded in this country. Even when matters of momentous interest are to be voted for, voters stay at home because it is raining, or because they want to go a-fishing.

The School Board did what it could to make voting easy. Full publicity to the plan was given in Our Town, circulars and ballots were sent out, and stamped, addressed envelopes sent to every family; yet only 353 votes were cast. It must be conceded that nothing could have been fairer than the plan of voting suggested by the board. Full particulars were given to the opponents of the board's favorite plan, to present the last argument through the columns of Our Town, and ample time to send out circulars in favor of a central location. No one can complain of not having had an opportunity to express a choice, and now that the vote has so decisively been in favor of the location of the new building on the hill, it becomes the duty of our voters to approve the loan at the regular election. To oppose it longer, after this opportunity, and this decided expression would be a serious mistake, and would, if the opposition were successful in defeating the loan, hold up the needed improvement indefinitely.—Associate Editor.

**BOARD OF MANAGERS OF THE COMMUNITY CLUB**

Chairman—Mrs. W. M. Cameron.  
Financial Manager—Mrs. William Curtis Pollock, Jr.  
Library Manager—Miss Fanny Loos.

School motto:  
Without halting, without rest,  
Lifting better up to best.

The Senior play was a great success. The class feels that this was because of the hearty co-operation which it received. The net proceeds were over one hundred dollars. This money is to be used for the benefit of the school.

The Senior class wishes to publicly thank Miss Maizie Simpson for her kindness to them in coaching the Senior dramatics.

The next and "last" great event at the school house in the entertainment line will be the "Nautical Knot," a musical comedy to be given by the High School girls on Friday night, May 26, at 8.15 o'clock. Prices of admission will be announced later. Those who were present at the time when "Snow White" was given will certainly enjoy this.

The Shand Athletic Field was formally opened on Friday afternoon, May 12, when the Narberth H. S. team played the Jenkintown H. S. team. Mr. Shand threw the first ball; the School Board and Faculty were well represented, and as for the student body, well, few were "missing." Narberth played a wonderful game, defeating Jenkintown by the score 7 to 2.

In spite of the "school question" which has been re-opened, plans for next year's work are going on without any interruption. We have every reason to believe that the Narberth schools are growing finer and better every year.

The Girls' Tennis team has taken a permanent place in the school athletics. A good schedule is being arranged and will be printed later. Meanwhile we play Swarthmore (at Swarthmore) Wednesday, and on Friday, Swarthmore at home. Everybody out!

Notice—The night of the Senior play, a class pin was found in Assembly Hall. The owner may obtain it upon application to any member of the Senior class.

The Narberth H. S. Base Ball team plays its next game on Friday, May 19, at Conshohocken. Good luck say we!

Notice—READ THE SCHOOL NOTES! They are written for YOUR benefit, for YOUR information!

**LAWN FETE.**

The Farther Lights Society of the Baptist Church will hold a lawn fete on the afternoon and evening of Friday, June 2, at the home of Mrs. William J. Jones, of South Narberth avenue.

**ANNUAL ELECTION.**

Annual election of officers of the Narberth Fire Company will be held in "Elm Hall" on Tuesday evening, May 30th, at 8 P. M.

All members expected to be present. Dues should be paid up in order to have privilege of voting.

If you are not a member, have your name presented at this meeting, dues \$3 per year.

Give your name and address to any member of the fire company, or mail to Box No. 2 Narberth.

**BUILD UP YOUR TOWN**

**Build Up Your Home**

Don't forget that this is a community of home makers and home keepers and that one of YOUR MOST IMPORTANT DUTIES is to keep it so.

You can aid materially by doing your shopping and marketing with the advertisers in this paper.

**COMMUNITY CLUB.**

It is earnestly requested that all members be present on Tuesday, May 23, promptly at three o'clock in the club room of the Y. M. C. A. It being the last meeting of the Community Club until fall, there will be business of importance brought before the members at three o'clock sharp. Mrs. W. M. Cameron will receive, assisted by Mrs. I. S. Hepler and Mrs. C. T. Moore.

Uncle Sam likes our flak all tattered and torn,  
For it stands for our nation true;  
And I think that you'll find, although it is torn,  
It is still Red, White and Blue.  
But the people, as by the post office pass,  
They stop and look at our flag and laugh;  
Just you look once again, then you'll think the same,  
Although it is tattered and torn,  
It is Red, White and Blue as sure as you're born.

H. M. Kernan.

**ARDMORE FORFEITS TO DUN AND WILL PROBABLY LOSE FRANCHISE.**

Narberth, Pa., May 13.—R. G. Dun & Co. gained a cheap victory in the form of a forfeit verdict, the manager of the Ardmore team failing to place his team on the field. The officials of the Main Line have expressed themselves, and doubtless the Ardmore contingent will lose their franchise.

**PRIZES FOR BEST KEPT PREMISES**

At a recent committee meeting of the directors of the Civic Association, it was proposed by one of the members to offer a series of prizes for the best kept premises in Narberth. Realizing the difficulty in covering the whole field at such a late day, the conclusion reached was to leave the matter with Mr. Wohlert, to make a start with district No. 6 to induce friendly rivalry and to encourage those interested in gardening. Consequently prizes were offered. It may be possible that these will be changed slightly, but not in any material way. It is proposed to give a trophy cup as a first prize and a bronze trophy cup as a second prize for each street; that is, a trophy cup for the south side of Montgomery avenue as a first prize, and as a second prize a bronzed finish trophy cup; Narberth avenue, East Side, first prize, a silver trophy cup; second prize, bronze trophy cup.

For yards with fronts of less than twenty feet, it is proposed to give the following prizes: First prize, \$5; second prize, \$3, and third prize, \$2. These prizes are offered for the best kept lots on Iona avenue in district No. 6, for Hampden avenue in district No. 6, and for the north side of Woodbine avenue between Montgomery and Hampden avenues for lots twenty feet or less wide.

A special prize of a trophy cup is also offered for the best kept corner lot with the most effective planting; in other words, the most attractive corner lot in district No. 6, all corner lots competing.

A special grand prize is also being offered for the most attractive and best kept premises in all Narberth. This will be a valuable solid silver cup and has to be won twice in succession.

The cups will be displayed in the window of the Merion Title & Trust Co., on Haverford avenue near the post office in Narberth.

The vice-presidents of the Narberth Civic Association, Messrs. A. C. Shand, John B. Williams and James Artman, offer the following prizes to the boys of our town: To boys not over 12 years of age for the best designed and built birdhouse, first prize \$5, second prize \$3 and third prize \$1; for boys over 12 years and on to 16 years, prizes as follows: First prize \$5, second prize \$3 and third prize \$1.

We have not heard much recently of the project to tunnel under the railroad at Essex avenue. What has become of the proposition?

**SOME SCIENTIST.**

The famous botanist was pacing slowly along the country road, his eyes, as usual, roaming from side to side for new plants to study. Suddenly an eager look swept across his features and he leaned over the low fence inclosing a cottage garden. He had found a plant he did not know.

What could it be? If only he had a specimen of it to study! At that moment a shock-headed lad strolled along the road and stopped to gaze open-mouthed at him.

"I say," called the botanist urgently. "See that plant there—that pale pink one in the corner? Do you know it?"

"Uhuh!" said the country boy briefly. "What's its name? Do you know what family it belongs to?"

The lad jerked a grubby thumb over his shoulder toward the little cottage as he spoke more briefly still: "Higginses!"

From a recent novel we extract the following passage:

"The notary was walking in his garden with both his hands behind his back and reading a newspaper!"

Hyman E. Markel, of Nashville, has invented a sound reproducing machine having a novel construction for bringing successively into operative position the cylinders arranged in series.

**BOYS AND PARENTS**

Camp Tohickon Illustrated—Monday, May 22, 8. P. M.—You Are Cordially Invited—Y. M. C. A.

"There are two traits that exist in the heart of every normal boy: First, his desire to get away from the conventionalities of his usual mode of living, and second, his intense desire to be with fellows of his own kind. This is boy nature in the early teens and demands gratification. The problem confronting parents is how to satisfy these desires and make them serve in the all 'round development of the boy's character, for when once satisfied, the appreciation of home grows upon him and the regard for parents increases."

"With the approach of spring, the call of the outdoor life comes with irresistible force and appeal. He wants to live in the open with his chums. Surely the town lots, nearby woods, artificial parks or even summer hotels cannot give him the best type of outdoor life. The summer camp well planned and carefully supervised, where boys can have this natural inherited desire gratified and be with the right kind of companions, solves the vacation problem for both parent and boy."

The Narberth Young Men's Christian Association is intimately connected with just such a camp or camps. Last season we sent about twenty boys to Camp Tohickon, on the Delaware, which is under the immediate supervision of the Philadelphia Central Y. M. C. A. We are also in a position to give information concerning the State Y. M. C. A. Camp at Inglenook on the Susquehanna and the Scout Camp on the Delaware. All these camps have splendid facilities offered for fun and training, and the cost per week is within the reach of all.

The boys are put on their honor. They live in the great out-of-doors amid ideal surroundings. They have as their leaders choice Christian men—high-minded, big-souled leaders who count their life experience a stewardship to be passed on to their younger comrades. Certainly you are interested. Phone Secretary Hampton, Narberth 694-W, and he will be pleased to call and explain all details.

There will be a meeting at the Y. M. C. A. Thursday evening, May 11, of all members of the Camp Club. Boys who attended Camp Tohickon last year, be sure to be on hand.

**Men! Men!! Men!!!**  
 While your boy is away at camp you will probably want to get a sample of the same type of recreation. We can give it to you and you'll have the time of your life. Where? Why at the Country Club of the Young Men's Christian Association of Philadelphia, at Dwight Farms, Downingtown, Pa. This is a well equipped resort with the attractions of a Country Club and the best features of camp life. Secretary Hampton will be glad to confer with any one who is contemplating such a vacation. Details will be published later.

**TEN MILLION ARE INVETERATE GUM CHEWERS.**

How many people in the United States chew gum? No accurate government statistics being available, a conservative estimate may place the number at 10,000,000, dividing them into two classes, the inveterate or habitual chewers and the occasional chewers. Under the latter class may be placed school children, who are not permitted to chew during study hours. According to the census of 1910, there were in the United States 27,750,599 persons between the ages of six and twenty years in the forty-eight States and the District of Columbia. Of this number, 17,300,204 attended school, at least occasionally, and may be classed as potentially occasional chewers, leaving a balance of 10,450,395 as potentially inveterate chewers of gum, all under the age of twenty years. Of course, all these may not have been gum chewers; equally, of course, inveterate gum chewers cannot be confined to persons under the age of twenty years. These figures may be taken, however, to show that the estimate of 10,000,000 chewers is very conservative.

The latest statistics published by the department of commerce show that during the year 1913 the United

States imported 13,401,316 pounds of chicle, valued at \$5,119,500. Now the word "chicle" to most people in this country might be Green, but it isn't. According to the pamphlets on Mexico, recently issued by the Pan-American Union at Washington, the word "chicle" is of Aztec origin, and is the name given to the sap of the sapote tree, botanically known as the sapota zapotilla. It is this sap which is the basis of practically all the chewing gum used in the United States.

The Aztecs in Mexico are said to have been the first gum chewers known on this, or, for that matter, any other, continent. The followers of Cortez reported that the Indians chewed a gum to quench thirst and relieve exhaustion. They obtained it from the sapote tree by tapping, and today the manner of gathering the sap is in close analogy to the process of gathering maple sugar in New England. The tree is indigenous in the northern countries of South America, Central America, and especially in Mexico, the last named furnishing about six-sevenths of the entire supply consumed annually in the United States.

The sapote tree is usually found in groups, frequently grows to a height of forty or fifty feet, is generally very straight and has long, clear length which makes it most desirable for timber. The wood is of a reddish mahogany color, is quite hard, heavy, compact in texture and fine grained. Door frames and sills of this remarkable wood have been unearthed in the prehistoric ruins of Uxmal and found to be in an excellent state of preservation. The wood is in demand by cabinet makers, who employ it in the manufacture of high grade furniture and household fittings.

The fruit, the sapodilla pear, was once very popular in Latin-American markets, but the constant demand for the gum and the constant tapping so reduced the size and quantity of the fruit that it has become almost a negligible product.

Throughout the rainy season, while the sap is up, the tapping is done by the "chicleros," whose only implements are a machete and piece of rope. The rope is fastened about the waist and slipped around the tree, leaving the chiclero's hands free to make the V-shaped incisions spirally round the tree. The sap runs along the incisions and is collected in cups at the base. It looks like milk at first, but soon turns to the consistency of treacle. It is collected and boiled in a rather primitive manner in large kettles, and when it has reached the proper consistency it is kneaded and the surplus moisture expressed. It is then molded into large loaves and is ready for shipment. When it reaches the factories in the United States it is mixed and boiled in large copper kettles to a required consistency, flavoring extracts, such as vanilla, peppermint or wintergreen are added with the required amount of sugar.

A recruiting sergeant one day met with his hands in his pockets, and standing in front of a house on which was the notice, "This Building to be Sold by Private Treaty." The sergeant approached the youth and asked him if he had ever thought of joining the army.

"Not me," was the reply. "What's the good? There no money in it."  
 "Is that so?" said the other. "How is it, then that Private Treaty has a house for sale?"  
 The youth looked puzzled and thoughtful, and presently the possibility of owning a house by joining the army grew into a certainty, and the country secured another recruit.
