NOTE BY THE SECRETARIAT

Under Article 102 of the Charter of the United Nations every treaty and every international agreement entered into by any Member of the United Nations after the coming into force of the Charter shall, as soon as possible, be registered with the Secretariat and published by it. Furthermore, no party to a treaty or international agreement subject to registration which has not been registered may invoke that treaty or agreement before any organ of the United Nations. The General Assembly, by resolution 97 (I), established regulations to give effect to Article 102 of the Charter (see text of the regulations, vol. 859, p. VIII).

The terms "treaty" and "international agreement" have not been defined either in the Charter or in the regulations, and the Secretariat follows the principle that it acts in accordance with the position of the Member State submitting an instrument for registration that so far as that party is concerned the instrument is a treaty or an international agreement within the meaning of Article 102. Registration of an instrument submitted by a Member State, therefore, does not imply a judgement by the Secretariat on the nature of the instrument, the status of a party or any similar question. It is the understanding of the Secretariat that its action does not confer on the instrument the status of a treaty or an international agreement if it does not already have that status and does not confer on a party a status which it would not otherwise have.

Unless otherwise indicated, the translations of the original texts of treaties, etc., published in this *Series* have been made by the Secretariat of the United Nations.

NOTE DU SECRÉTARIAT

Aux termes de l'Article 102 de la Charte des Nations Unies, tout traité ou accord international conclu par un Membre des Nations Unies après l'entrée en vigueur de la Charte sera, le plus tôt possible, enregistré au Secrétariat et publié par lui. De plus, aucune partie à un traité ou accord international qui aurait dû être enregistré mais ne l'a pas été ne pourra invoquer ledit traité ou accord devant un organe des Nations Unies. Par sa résolution 97 (I), l'Assemblée générale a adopté un règlement destiné à mettre en application l'Article 102 de la Charte (voir texte du règlement, vol. 859, p. IX).

Le terme «traité» et l'expression «accord international» n'ont été définis ni dans la Charte ni dans le règlement, et le Secrétariat a pris comme principe de s'en tenir à la position adoptée à cet égard par l'Etat Membre qui a présenté l'instrument à l'enregistrement, à savoir que pour autant qu'il s'agit de cet Etat comme partie contractante l'instrument constitue un traité ou un accord international au sens de l'Article 102. Il s'ensuit que l'enregistrement d'un instrument présenté par un Etat Membre n'implique, de la part du Secrétariat, aucun jugement sur la nature de l'instrument, le statut d'une partie ou toute autre question similaire. Le Secrétariat considère donc que les actes qu'il pourrait être amené à accomplir ne confèrent pas à un instrument la qualité de «traité» ou d'«accord international» si cet instrument n'a pas déjà cette qualité, et qu'ils ne confèrent pas à une partie un statut que, par ailleurs, elle ne posséderait pas.

SCHEDULE XXIV - FINLAND

This schedule comprises the concessions Finland has agreed to in the Multilateral Trade Negotiations 1973-1979.

The concession rates specified in the schedule represent the rates at the final stage of the implementation of the tariff reductions on January 1, 1987.

A certain number of concessions will, however, be implemented in advance of the date mentioned in the paragraph above.

For textile products falling within CCCN-chapters 51-62 and steel products within CCCN-numbers 73.01-20 Finland reserves the right to commence the implementation of the concessions as from January 1, 1982.

Should concessions from other participants not be fully implemented, Finland reserves the right to act accordingly.

NOTE

Explanations of symbols used in the schedule :

- F Concession offered conforms to the formula tariff reduction
- G Concession offered is greater than a formula tariff reduction
- L Concession offered is less than a formula tariff reduction
- X Item on the exception list
- U Unbound rate which will be bound
- Z Unbound rate not to be bound
- A Agricultural product

SCHEDULE XXXII - AUSTRIA

This schedule is authentic only in the English language.

GENERAL NOTES

1. This schedule includes concessions Austria has agreed to in the Multilateral Trade Negotiations 1973-1979.
2. This schedule further includes all other actual GATT-concessions. The results of still pending negotiations under Article XXVIII will be reflected in the schedule after their completion. The respective concessions which will be withdrawn from the schedule are marked with "W".
3. (a) As a general rule two eighths of the total reduction to the final rate will be implemented on July 1, 1980; the remaining six eighths of the total reduction will be made effective in six equal annual stages beginning 1 January 1982.
(b) This schedule has been drawn up on 30 June 1979. Should after this date other participants in these negotiations withhold, withdraw or defer the staging or implementa-

tion of concessions for certain items, Austria reserves its rights to take appropriate action.

- (c) The implementation of the tariff reductions for items 28.20 B2, 32.05 A, 34.05 A and 38.19 C2b are, however, conditional on the entering into force for Austria and for its main trading partners of the Agreement on Implementation of Article VII of the General Agreement on Tariffs and Trade.

4. The tariff rates marked with "C" are conditional on the implementation and maintenance of certain commitments by certain of Austria's main trading partners. The tariff reductions will begin as soon as and will be maintained as long as these conditions are met.
5. In calculating the various stages of tariff reductions, fractions of ad valorem rates of more than 0,05 per cent ad valorem as well as fractions of specific rates of more than Schilling 0,05 shall be rounded up, in all other cases rounded off to the nearest decimal place.
